HOCKEY VARSITY 1

ONE GOAL MARGIN FOR GRANITES IN FIRST GAME

Defeat Varsity 2 to 1 in First Game of Senior O.H.A. Finals—Whirlwind Hockey and Very Little to Choose Between the Teams.

Granites carry a one-goal lead into the second game of the Senior O.H.A. finals on Friday night. Varsity gave the Church street puck a game worthy of the senior finals. It was a exciting battle from bell to bell, and not decided until time was up. Granites opened up to 1-0 favorites, but the waging in the first half was fair an indication of the play as any one would want.

Granites played like stake horses. They made their chances count. Their shooting was superior to that of Varsity, and they were like ground lightning at the shooting opportunities to get to close quarters. There was nothing much wrong with the play of either team, but Granites seemed to have just a trifle more punch, and earned the odd goal. Varsity did what was expected of them. They checked like beavers and had a determined attack always swinging into line. Granites were kept keyed up to the way, and any slackening would have been disastrous.

Box Score Tells Story.

In another column will be found a summary of the work done by the goals and the two teams on the attack. It is the truest story of the game. It shows Granites' superiority in shooting, and only a slight margin in the scoring is necessary. Several of Varsity's chances could be termed as "ducks." Weak efforts that had to be counted as shots, but not enough force behind them to make them real dangerous.

Picking out stars would be an injustice. Every player gave all he had. Granites were luckier than their opponents, with the checking, but Varsity had plenty of system to their efforts to break up the attack and stick to it persistently, and that brought results.

Robt. Howison, Referee.

Summary.

First period—Varsity 1, Granites 0.
Second period—Varsity 0, Granites 1.
Third period—Varsity 0, Granites 1.

BOX SCORE OF FIRST GAME OF O. H. A. FINALS

Stops by Goalies.	1st.	2nd.	3rd.	Total.
Varsity	3	7	12	22
Granites	2	3	5	10

Shots Past Goal Post.	Varsity.	Granites.
Varsity	9	8
Granites	1	1

Penalties.			
Varsity	1	1	0
Granites	0	1	2

Granites had four more chances to score than Varsity. The above table will show that their shooting was much better than the students. Granites gave Varsity a 2-0 lead in the first half. They raised 19 times, Roach was called upon to stop 22 times, and Varsity slipped 23 chances past the net.

DE LA SALLE PROTEST

CORNWALL PLAYERS

Don't count De La Salle out of the game, but expect a hot battle. The team that defeated De La Salle on Monday night, were all born in living up to the name of De La Salle. Last night the Bond Street school forwarded a protest against the coronation of the O. H. A. on the grounds that three players of the Cornwall team were over age.

A hunt of the records at the parliament in Cornwall, Ont., revealed that Gallinger, the goalie, Kingsford, the forward line, were all born in the year 1909, and therefore, were one year over age when they played against De La Salle. Nothing could be unearthed about the three boys of Cornwall. The O. H. A. has no record on file, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

METROPOLITAN LEAGUE.

Aurora, Ont., March 1.—Metropolitan League game played at Aurora, Ont., on Monday night, March 1, between the Aurora and Newmarket teams. The game was a close one, Granites leading 1-0 at the end of the first half. The Aurora team played very well, but the Granites' defense was too strong for them. The game was a very interesting one, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

MERCANTILE LEAGUE STANDING.

Team	Won	Lost	Points
Granites	10	2	20
Varsity	8	4	16
St. Patrick's	6	6	12
St. Michael's	4	8	8
St. John's	2	10	4

FALCONS GO ON TOUR.

The first test was held on a long, brown brook at a site and stately apartment in a borrowed pair. Varsity, the aggressor in the early part of the second period. They attacked, and then they slipped on the ice. The game was a very interesting one, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

MCGILL WON THE ELIMINATION SERIES.

Quebec, March 1.—By Canadian Press.—The McGill hockey team, the champions of the Montreal city league, won the championship of the province in the Allan Cup elimination series here, tonight, when they defeated the Royal Rifles, the champions of the Quebec city league, by a score of 2 to 1.

The game was a very interesting one, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

ALASKA RACING

GIANTS HAVE FOUR CENTRE FIELDSERS

Including Spencer and Bennie Kauff—Players Arrive in South.

San Antonio, Tex., March 1.—The first squad of Giant fledglings—not to speak of Frank Fitch, who has all his plumage rolled into this city at 11 o'clock tonight. At St. Louis they had their additions to the party: Roy Grimes, the former Bridgeport player, who was Larry Doyle's alternate at the second base last season; Walter Hendon, the former catcher from Fort Wayne, Ind., and no less than three centre fielders, each with his avid eye fixed on the position once—and may be again—adorned by Benny Kauff.

They are sprouting outer gardeners included Eddie Brown from Ohio. No one was on the San Antonio team last year, and Lee King and Vernon Spencer, each of whom is more or less familiar with the landscape at the Polo Grounds.

All of the players, youngsters and veterans alike, look fit for the many fields which they will have to traverse. They are clear-eyed and pink-skinned, and they would search vainly for such a thing as an ounce of superfluous flesh on any of their faces.

They realize that competition for certain positions in Manager McGraw's batting order is going to be keener this spring than perhaps before. Each of them, however, appears convinced that he will be a survivor of the Antonio slaughter and that his name will be listed in a roll of honor on the outfield fence of the Polo Grounds in the coming summer.

FRIDAY NIGHT'S BOUT IN THE STAR THEATRE

There are two bouts at ten rounds each and a pair of first-class preliminaries at six rounds, to be shown at the Star Theatre on Friday night, Paeky Campbell and Peevee Adams, who in three bouts have fought two draws, appear in the main bout. In the other feature, which will also be of ten rounds' duration, Scotty Murray and Harry White of Lockport, N.Y., as opponent who has beaten Ridley, Con-Hey, Mondo and several boys of a similar class, and has a verdict over the local boys.

At six rounds, Trooper Barlow of the R.C.D. will have either Bennett of the Mohawk Club or Doyle of Hamilton pitted against him, while Phil Lerner and Tommy Hardy of Hamilton will provide the local side of the attraction. The first bout will be called at 11.15 p.m., and the plan can be seen at Moody's or the Star Theatre.

TORONTO CRIBbage LEAGUE.

The Toronto Cribbage League, in Division A, up to and including Feb. 25, is as follows:

Player	Won	Lost	Points
Adams Show	10	3	20
North End	9	5	18
A. Ponton	8	7	16
St. Albans	8	7	16
Murphy	7	8	14
W. J. Innes	7	8	14
M. O'Connell	6	9	12
C. O'Connell	5	10	10
S. O. E. A. W. A.	5	10	10

HOQUEY FALLS BEAT HALLEBYVILLE

Halleyville, March 1.—In a game played at Halleyville, Ont., on Monday night, the Hoquey Falls team defeated Halleyville High School when the students were beaten, 11 goals to 1. The game was a very interesting one, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

COLLINGWOOD BEAT OWEN SOUND.

Collingwood, Ont., March 1.—Collingwood defeated Owen Sound in the Junior All-Ontario game, played at Collingwood, tonight, by a score of 3 to 1. The game was a very interesting one, and it is likely that the matter is settled. If De La Salle can prove their protest, they will be back in the hunt again.

HOCKEY GOSSIP

In the games between the Hamilton Normal School and the Humboldt College of Toronto, the Normal School won the first, the junior game, by 20-11. The Normal School, by defeating the ground championship, by defeating the Normal School, by 20-11. The Normal School, by defeating the ground championship, by defeating the Normal School, by 20-11.

STOCKS AGAIN SLUMP ON HEAVY OFFERINGS

Disquieting Cables Bearing on European Situation and Discouraging Domestic Developments Cause Severe Impairment of Quoted Values.

New York, March 1.—Quoted values in the stock market experienced additional depression today, extensive offerings for both accounts being precipitated by various developments and incidents of a more or less discouraging character.

A heavy tone ruled at the outset, but this was intensified when cables from London indicated that the proposals submitted by Germany to the reparations commission had fallen far short of conservative expectations.

During the mid-session, announcement was made of the passing of the Kennecott Copper and Columbia Graphophone dividends. In neither case did this occasion any surprise, but the actual facts gave the shorts fresh ammunition for further attacks.

General Electric had a continually good undertone, with sales figures as high as 110%, but this was about the only industrial on the market for which there was any pressing investment demand.

There was a good demand for the long-date Victory bonds and these were steady to firm, but the other issues were unchanged.

LESS ACTIVE TRADING ON MONTREAL EXCHANGE

Montreal, March 1.—An outstanding feature of the local stock exchange was the sudden dropping of interest in Abitibi and Brompton, whose prices were respectively much below that daily for the past week or so.

Substantial gains were recorded by Penman, up two points, to 103; Sherwin-Williams preferred, up four, to 94; Washburn-Cotton, up two, to 45; and Canadian Car, up a point, to 31.

Paris, March 1.—Prices were heavy on the bourse today. Three per cent. rentes, 55 francs 40 centimes.

Glazebrook & Cronyn report exchange rates as follows: Buyers, Sellers, Counter.

TENSION IN EUROPE BULLISH ON WHEAT

Estimate of Large Farm Reserves Is, However, Counter-Acting Influence.

Chicago, March 1.—Uneasiness over political tension in Europe tended today to make wheat prices average higher.

With news at hand that allied military and naval forces were massing to coerce Germany and that the reparations conference at London had quickly thrown aside Germany's offer to plan the bulls in the wheat market.

Corn and oats were strengthened by assertions from the other hand.

Ottawa, March 1.—According to returns received at the Dominion bureau of statistics for the week ending February 18, 1921, the quantity of wheat in the Dominion...

Chicago, March 1.—The annual financial statement of the American Wool Company today showed net profits for the year ending December 31, 1920, of \$6,555,259.

Springfield, Mass., March 1.—The annual financial statement of the American Wool Company today showed net profits for the year ending December 31, 1920, of \$6,555,259.

Winnipeg, March 1.—The wheat future market was showing some activity today and prices were on the upward trend.

King Edward Hotel of Toronto Reports Best Year in History

Net Earnings Amounted to \$138,897, Equivalent to 14 Per Cent. on Common Stock. New Building Will be in Operation This Year.

The fourth Annual Meeting of the Shareholders of the King Edward Hotel Company, Limited, was held at Toronto on Tuesday, March 1st.

During the year the fixed inventory on hand increased from \$288,206.81 to \$247,733.01, and after providing for all liabilities the surplus carried forward has reached the sum of over \$100,000.

The following Board of Directors were elected:—F. A. Dudley, President; F. W. Rockwell, Vice-President; W. J. Cluff, W. A. Mackenzie, Geo. H. O'Neill, J. H. Spence, M. Johnson.

At the meeting of the Board of Directors held subsequent to the Annual Meeting Mr. F. A. Dudley was re-elected President, and Mr. Frederick W. Rockwell, Vice-President.

PROSPEROUS YEAR FOR KING EDWARD

Every Assurance That the New Annex Will Also Be Equally Profitable.

DIVIDEND DECLARED

Hundreds of Guests Cannot Be Accommodated, Says Manager at Luncheon.

The King Edward Hotel is now turning away between two and three hundred persons daily after filling all available space, according to a statement made by General Manager George O'Neill at the annual meeting of the shareholders yesterday.

A financial statement was also submitted, which indicated not only the prosperous condition of the present hotel business, but every assurance that the annex, to be opened this year, would be equally profitable to the shareholders. Dividends totaling 10 per cent were paid on the common stock in 1920, and at the meeting yesterday a dividend of five per cent for the half year, payable April 30, was declared.

Financial Statement. President Frank A. Dudley submitted a statement of the King Edward Hotel Co. containing the following information: Gross earnings, equivalent to 28 per cent on the outstanding common stock, net earnings, equivalent to 14 per cent on the common stock after payment of all operating expenses, salaries, taxes, interest, maintenance and depreciation.

After paying for all repairs and maintenance, the company set aside an additional reserve for depreciation no less a sum than \$56,827.75. The depreciation reserve, meanwhile, stands at \$127,075.00. After payment of dividends at the rate of ten per cent, the company increased its surplus by \$36,897.85. It now amounts to over \$100,000.

During the year all outstanding bills payable have been retired. During the year, the fixed inventory on hand increased from \$288,200.83 to \$334,733.01, and after providing for all liabilities, the surplus carried forward has reached the sum of over \$100,000.

The new building, which will contain 600 guest rooms, as well as stores, offices and public space, is rapidly nearing completion. It is estimated by the management that when the new building is in full operation, the net profits to the King Edward Hotel Company will be over \$400,000 per annum. On the completion of the building, Toronto will have one of the finest hotels on the American continent, the largest hotel in Canada and the highest hotel in the British Empire.

Retail business in Toronto will receive considerable impetus from the completion of the new building, as the city will then be able to accommodate large conventions and large numbers of tourists, who invariably are good contributors to the general prosperity of the city.

The only change in the board was the addition of the names of W. A. Mackenzie and W. J. Cluff to the directorate.

Shareholders Entertained. The shareholders were tendered a luncheon by the hotel company, which was presided over by Mr. O'Neill. All the speakers, Col. Noel Marshall, Allen Ross, Clarence McCull of Montreal, D'Arcy Martin, K.C. of Hamilton, and W. A. Mackenzie, paid tribute to Mr. O'Neill's management. Proper hotel accommodation, said Mr. Ross, was a matter that interested every business man of Toronto, because good accommodation was a factor in bringing business to the city.

In thanking the speakers for their words of praise, Mr. O'Neill joyfully replied that he would try to keep the dividend not below 10 per cent, and that he would pay a million meals last year, not counting the meals to the 500 employees. Construction of the new building was well ahead of the schedule and would be ready for the opening of the Exhibition in August, or part of it, at any rate. There were big conventions in the fall that would be absorbed by the new building, and a new building would be ready to handle its share of this business. There would be about 3,000 at the Typographic convention in October and 15,000 at the I.O.O.F. convention in September, and many other large gatherings of an international character thru the winter.

Another bright outlook for the success of the larger hotel was most promising.

WILL REORGANIZE COMPANY. Mr. G. T. Clark was appointed receiver of the Steel Radiation, Limited, at a meeting held yesterday afternoon. While the company is being reorganized business will be continued as usual.

UNITED STATES TRADE MATERIALLY DECLINES. Washington, March 1.—Exports from the United States to Canada during the month of January amounted to \$54,286,000, as compared with \$61,699,000 during the corresponding month, according to a trade review issued today by the United States department of commerce. Imports from Canada totaled \$34,247,000, as against \$39,206,000 in December, 1920.

Exports of \$110,892,000 to Great Britain, compared with \$138,850,000 the month before, and imports were \$17,437,000, compared with \$13,324,000.

The United States showed a sharp falling off in exports to the United Kingdom in January, as compared with December, and a reduction in the volume of trade with South America.

RETURNING FROM HONEYMOON. Backrest, Rumania, March 1.—Prince George and his bride, who was Princess Elizabeth of Rumania, expect to leave for Athens at the end of the week.

MONTREAL PROFESSOR SLAMS HYDRO RADIALS

Electrical Engineering Expert Bewilders Commission With Barrage of Fractions and Technical Terms — Thinks Ontario Lines Must Carry Seventy Per Cent. More Passengers Per Car Than American Concerns to Produce a Profit—He Is Not Yet Thru.

Anti-Hydro radial forces brought reinforcements from Montreal, the stronghold of the enemies of public ownership, in the person of an electrical engineering professor of McGill University, who literally took away the breath of the radial commission at Cosgoe Hall yesterday afternoon with a barrage of fractions and technical terms. So bewildering was his mathematical attack on the Hydro estimates that some of the commissioners were temporarily lulled to sleep, only to wake up and find the witness still pouring forth a disarming stream of figures at the rate of about two hundred words a minute. It has been customary for the commission to adjourn at 4:30 o'clock in the afternoon and when the court arrived yesterday counsel suggested to the chairman that they rise. Justice Sutherland remarked that they had better make up for lost time, and the witness, who had been making a statement of the witness that afternoon. He had misjudged Professor L. A. Herd, the witness, however, who in answer to a question ordinarily calling for a yes or no answer would send forth a five minutes' machine gun attack of decimal-point figures. Another ten minutes of this was enough for the chairman and he announced that the witness could continue this morning.

Attacks Toronto-Eastern.

Dr. Herd contended that as a chain was no stronger than its weakest link, the Hydro radial system was no stronger than the most vulnerable points in any of its lines, and that estimates showing a glowing prospect for a particular line should be toned down to meet weaker portions of other lines included in the system. He went over all the estimates and into details of the many factors that tend to increase or decrease the cost of operation.

The professor hotly attacked the Toronto and Eastern line, pointing out that this line would run for several miles along the waterfront, which was a non-residential section, and declaring that the Hydro expert had taken this into consideration in estimating the passenger business to be obtained per mile, and that would increase by about four miles the distance each passenger would have to be carried for the fare, which he estimated would mean an additional one cent per mile per passenger to be deducted from the revenue.

Another contention was that at least an average of 40 passengers per car would have to be carried to produce a revenue over operating expenses, whereas the 1920 figures showed only 22 passengers per car on the Toronto Suburban; 23 Niagara-St. Catharines line; 24 Niagara Central; 23 London and Port Stanley, and even less among American lines. While admitting that there were lines in the United States that carried a larger number of passengers per car than was estimated for the proposed Hydro lines, he attempted to ignore them by stating that they were in so much denser population than the Hydro lines that they should not be compared. When it came to comparing operating costs, however, it was a different matter and the cost of operating the proposed radials should be estimated on the high rate of the big passenger carrying lines across the border.

Thinks Estimates High.

Witness believed the estimated revenue for the Toronto and Eastern line was at least 30 per cent too high, and that all being in the one system other Hydro lines. At this point he got very excited, summed up his evidence as going to show that the Hydro lines would have to produce a profit, and wound up by declaring that he believed the citizens of Toronto would

NO. 124.

PERTIA SUCCEEDS WITH NOVEL PLEA

Had Bet on She Would Get Friend in Police Court Acquitted and Won.

Many strange pleas have been put forward in police and other courts, but never, to say the least, the one made by a young woman to Magistrate Ellis in yesterday's police court would be hard to beat. The young Pertia announced she appeared for A. B. Rosenberg, who was charged with encumbering Bay Street with his auto from 1:10 to 2:25. The defendant was able to present personally, she admitted, "but I have a bet on this thing. I bet a three-pound box of chocolates," was the surprising plea.

TWO STEAMERS TO CARRY ROTARIANS TO EDINBURGH

Chicago, March 1.—Two steamers have been chartered to carry 1200 members of Rotary Clubs from the United States and Canada, from the annual convention of the International Association at Edinburgh, Scotland, in June, it was announced today. The Rotarians will sail June 1.

become alarmed when this fact was brought before them. The professor was assured by Hydro counsel that however the people of Montreal might view with alarm the undertaking of a public ownership of a public utility, the citizens of Toronto were not easily alarmed at such a prospect. The witness went deeply into a bewildering array of decimal point figures with which he attempted to show that even relieved of taxation and given free electrical power, the radial lines across the border could not be expected to compare with the cost estimates given for the Hydro-Electric radials. Cheap power, in his opinion, would only make a difference of one cent per car mile in operating expenses.

Labor Costs Question.

The learned professor pointed out that the estimates of the operating costs of the Toronto-St. Catharines line were only given as 26.85 cents per car mile, while the Washington-Baltimore line operating costs were 32.4. This was a line that he had considered unfair to use as a comparison in passengers carried per car only to bring up for comparison on operating expenses.

Commissioner Bancroft, the labor representative on the commission, pointed out at this juncture that the labor costs were considerably higher in that section of the United States, which was in Ontario, and in the difference in operating expenses. Witness considered that Hydro estimates had been made to show a profit on account of huge anticipations for freight business and that they expected the freight carried to balance passenger deficits, which, by some peculiar form of reasoning, he contrived to show would be hoodwinking the public, who would be led to imagine the profits had been made from the passenger business.

REGISTRATIONS ON DOWN GRADE AGAIN

Further Improvement Is Notable in Local Unemployment Situation.

Another improvement in the unemployment situation was evidenced at yesterday, when the new registrations numbered but 127, compared to 170 on Monday and 215 a week ago. A big improvement was also experienced in the number of city jobs available, while the demand for farm help keeps on increasing.

Superintendent Miller, speaking to the World yesterday, said that the number of camps would probably not be opened up until the middle of the month, when the water should begin to run and logs could be floated. When this occurred it would mean a big demand for men for the lumber camps.

The mining camps, which depend for activity on water power being available, had been held up thru lack of rain. When the spring rains commenced, however, this would be remedied and the mines would also be calling for men.

The improvement reported in relief figures still continues, the application for relief at the Krausmann House yesterday being again under the 2,000 mark, including about thirty given meals tickets pending receipt of their first week's pay.

SEPARATE SCHOOL BOARD TO ISSUE DEBENTURES

At the regular meeting of the separate school board held at the administrative building, 477 Jarvis street, last night, the principal business was the endorsement of the recommendation of the finance committee that by-law No. 27 be passed authorizing the issuing of \$350,000 debentures to provide for uncompleted work on a number of schools.

After some discussion it was moved by Rev. Father McGrand, seconded by Trustee J. M. Landy, and carried, that the debentures be issued. Estimates for the year presented amounted to over \$471,000. A resolution of sympathy to the archaeological corporation on the death of Rev. Father James Walsh was passed, the chairman, Mr. D. A. Carey, paying special tribute to the genial and amiable character of the dead priest.

HONOR TABLET FOR EX-PUPILS OF ROSE AVE. SCHOOL

The above beautiful tablet was unveiled last week to honor the ex-pupils of this school who served overseas. It is framed in bronze, with the names appearing on three brass plates. The centre plate is reserved for those who still "sleep in Flanders fields." On the plate across the top is this beautiful dedication: "Honor and loving remembrance to those who died. Honor also and grateful tribute to those who, daring to die, survived."

SEES NO PESSIMISM IN TRADE OUTLOOK

Securing Business at the Expense of Foreigner, Capt. Edwards States.

That the trade commissioners were not trying to secure business for the United Kingdom at the expense of the empire, but at the expense of the foreigner, was the assertion made by Capt. Evan J. Edwards, senior trade commissioner in Canada and Newfoundland, in a very optimistic address on "Trade and the Empire," before the board of trade, yesterday afternoon.

Capt. Edwards did not share the pessimism exhibited by some during the darkest period of depression, but felt that he would be only too glad to employ outside men at the shipyards, and also that the fair wage clause was not being lived up to. To this the premier replied that these matters had already been dealt with by the cabinet. The inference it was that if government had finally disposed of this matter.

CITY HAS THOUSAND EXTRAS WORKING

Acting-Mayor Will Attend Labor Temple Meeting to Explain Situation.

Acting Mayor Maguire will attend the meeting of the unemployed this morning at nine o'clock in the Labor Temple, and will explain to the board of control and will explain to the city is doing towards providing work for the men out of jobs. The board held a conference yesterday with the heads of the various departments and according to the reports received the city is now giving employment to the unemployed men who, were it not for the serious labor situation would not be on the payroll.

The assessment commissioner and the city architect were invited to proceed at once with the demolition of the Grosvenor Street Presbyterian Church to clear the way for the extension of Terauley street. The work will give employment to quite a few men. The commissioner also was informed that the fact that the street being closed would be handed over to the transportation commission for the laying of the rails soon as the "clearing-up" deal has been completed.

FEEDING TWENTY THOUSAND.

The officers in charge of relief work reported that there has been a moderate falling off of applications for aid. The city has been feeding about 20,000 people, 2,000 single and 2,500 families, representing a population of about 15,000.

Lack of Parental Control Leads to Youthful Crime

In his charge to the grand jury at the opening of the court of general session yesterday, Judge Coatsworth deplored the fact that many young men, some of them mere boys, were arraigned before the court, which indicated a great lack of parental restraint.

"There seems to have been something lost in the boy's mind when the parents lose control, and once they lose control, they cannot get it back. Many of the cases are the result of loss of parental control, something we ought not to have in a well-ordered community."

GOVERNMENT DROPS SHIPYARD DISPUTE

Federal Cabinet Declines to Mix Again in Trouble Regarding Rates of Wages.

The federal cabinet has declined to mix again in the dispute between the Collingwood Shipbuilding Company and the United Association of Shipworkers, who have declined to work unless they are paid 90 cents an hour. At the request of a committee of the Trades and Labor Congress, acting Mayor Maguire last week sent a telegram to Premier Melghe asking for a conference with the cabinet, and it was arranged for a member of the board of control to accompany the labor delegation to Ottawa.

GENERAL ASSEMBLY MODERATOR NAMED

Quebec Pastor Choice of Toronto Presbytery—List of Commissioners.

Rev. Dr. A. T. Love of Quebec was yesterday selected by the members of the Toronto Presbytery as the nominee for moderator of the general assembly, which meets in St. James' Square Church in June.

OVERTURNING OLD ORDERS IN INDIA

Madras Council Elections Change Hoary Rules, Declares Missionary.

Rev. J. R. Stillwell of Toronto, who is one of the staff of Canadian Baptist missions in India, has sent a vivid report of political conditions in India. The portions of the report given out by the Toronto executive of the Baptist mission board says: "The Madras election for the new reform councils has overturned the hoary order of the ages. Hitherto the non-Brahmins have reigned supreme and untroubled. But in the Madras presidency elections the non-Brahmins were returned with a big majority. "Remember that the Madras presidency has a population equaling France, 40,000,000, and that it is a big province. "As the new ministers have to work in accord with the new councils, the governor called the leader of the non-Brahmins to advise him in the choice of ministers. There are three cabinet ministers and they are all non-Brahmins. He has made the Brahmins actually dizzy. An Indian minister is to have charge of education. There will be some changes, but no one can predict just what. "As advance will call for additional taxation, this will tend to make the minister look with favor on mission schools, which are meeting the educational needs of a large number at a fraction of the expenditure the government would have to make. "Rev. Mr. Stillwell speaks of 'a Jolt' given to the local authorities that they must admit low caste children to government aided schools. "They are being told," he says, "by the commissioner of labor that they must receive the children of the untouchables. In one village the people have warned that if they do not admit these children the whole school will be handed over to the untouchables."

PLAN BIG RALLY FOR SCOUTS OF ONTARIO

Make Preliminary Arrangements for Gathering of Boys at Exhibition.

Preliminary plans for the rally of Ontario Boy Scouts to be held in connection with this year's Canadian National Exhibition were discussed at yesterday's meeting of the executive committee of the Boy Scouts' Association for Ontario. Inter-troop and inter-city and district competitions of all kinds will be arranged and it was suggested that an exhibition of Boy Scout work along the line of the Toronto Boy Scout exhibition, held at the Church of the Epiphany this week, be provided for. A special committee, consisting of Messrs. C. B. McNaught and H. A. Laurence, will begin at once to gather further suggestions prior to the formulation of final plans. Three appointments of special interest were sanctioned by the committee. The first was the appointment of Scoutmaster Earle H. Davidson of the First Ottawa troop to the headquarters staff as field secretary for Ontario. The second was the appointment of Scoutmaster John T. Hornsby as commissioner for the newly-established Victoria-Haliburton district, and the third of Rev. H. A. Sims, late Scout commissioner of the Cobalt district, as commissioner for the cities of Fort William and Port Huron. Besides the provincial commissioner, W. K. George, who presided, the meeting was attended by Lieut.-Col. Wm. Hendrie of Hamilton, Chief Commissioner Dr. James W. Robertson, and Messrs. J. W. Mitchell, G. H. Ross, C. Q. Ellis, H. A. Laurence, A. B. Fisher, J. E. Ganong, C. B. McNaught, John A. Northway, J. F. M. Stewart, H. R. Tudhope, J. J. Vaughan and Frank C. Irwin.

TO FORFEIT LEGACY IF WILL CONTESTED

Toronto Widow Makes Many Legacies, and Divides Residue of Estate.

J. W. Carrick, barrister, has been granted probate of the will of Eliza Christina Howard, widow of John O'Brien Howard, who died January 20, leaving \$80,200. Six mortgages are valued at \$22,422; bonds, \$5,301; cash, \$449; household goods and personal effects, \$450; and stocks, \$21,878, including 50 shares Bell Telephone, \$3,000; 68 Dominion Bank, \$13,667; 20 Consumers' Gas, \$1,580; 50 Canada Life, \$11,400; 20 Bell Telephone, \$2,000. Charles G. Howard also receives two legacies of \$2,000 and \$2,000. James G. Howard receives legacies of \$5,000. Edwin J. Howard receives \$1,000 in trust to be paid on her 18th birthday. At the discretion of the executor this bequest is to be paid, half at that age or at 21 years. Alice Eliza Boyd, Manhattan Apartments; Edith Helen Hayes-Sheen and Florence N. Syer, daughters, each receive \$1,000. In case any of the daughters contest the will, their share is to be forfeited. The residue is divided as follows: one-fifth interest for life to Edith H. Hayes-Sheen, and at her death to pass to Evaline C. Howard, John A. and Jas. G. Howard, Alice E. Boyd, and Florence N. Syer, each also receives a fifth.

ATE IS EXPECT COMMONS ON AMEND

Suggested That Form on Liberal Plank Be Introduced

SPEECH BY L.

Ottawa, March 2.—The address draws rapidly and a vote on the Camp amendments is expected. Both sides have a fair chance and the majority for the Liberal plank of the Liberal and Farmers' other hand, the Farmers' undoubtedly "more free" than the one adopted by their 1919 convention. The platform declares, for free trade with England. It is also suggested that the tariff plank of the Liberal and Farmers' should be moved as a separate item to the address. It would embarras some of the Liberals and apply to the "acid test" of the issue. Hugh Guthrie in his speech, the probable result of the vote. He said that the house will pass after voting down the Campbell amendment. He said that the Liberal plank is "no man's land" and that it would vote against it. It was an even bet that the Liberal plank would be adopted. The Liberal plank is a protectionist and it is a plank of the Liberal and Farmers' which would vote for the amendment. The speech of the day was by Ernest Lapointe, member for East Quebec, who fought the opposition with the speech of the day. He said the union was not without foundation. Similar claim could not be made for the Liberal plank. He said that the Liberal plank is a plank of the Liberal and Farmers' which would vote for the amendment. It had been objected to administration, he said, the government without a leader. The speech of the day was by Ernest Lapointe, member for East Quebec, who fought the opposition with the speech of the day. He said the union was not without foundation. Similar claim could not be made for the Liberal plank. He said that the Liberal plank is a plank of the Liberal and Farmers' which would vote for the amendment.

WOMAN BADLY BURNED TRIES TO SAVE

Mrs. Annie O'Neill, aged 65, was badly burned yesterday while trying to get her clothing when a fire broke out in the Spadina avenue early this morning. She was taken to the police hospital in the police condition is regarded as serious. Damage to the building contents \$50. The owner and the occupant are the origin of the fire.

EXCURSION FARES ON RAILWAYS

Ottawa, March 2.—(Can. Press) A strong appeal for a return excursion fare on all railways for the coming season was made by a delegation of Maritime men, representing the various societies of the Maritime provinces, who waited on the Minister of Railways. The delegation was introduced by Hon. R. W. Gamble, M.P. The delegation had failed to secure that since the cut in excursion fares and special rates had fallen off, there had also been a great increase in the number of excursionists.
