(2) The accounts shall be laid before the Managers at the stated monthly meetings, and when payment is ordered, the orders shall be entered on the minutes by the Secretary.

V.—The Managers may appoint from time to time Committees from amongst themselves to attend to any special duties.

(1) As a rule such Committees shall consist of not less than three, and not less than two shall be considered a quorum to act.

(2) The Matron shall keep a book for entering all such things as she may consider necessary for the use of the Home, and submit it to the Executive Committee. When disbursements are ordered, a regular account of the same shall be kept for the information of the Managers and the Treasurer.

VIII.—The Managers deeming the point of admission of inmates into the Home to be a very important matter, decided that the following formalities shall regularly be observed.

(1) Applicants for admission into the Home are to state how long they have resided in the city, their residence, age, disease, and circumstances, also whether he or she has been attended by any medical man and whether any clergyman has visited.

(2) Thereafter two of the Managers shall visit the residence named (two ladies if the applicant be a woman, two gentlemen if the applicant be a man). They shall look at the surroundings of the applicant, ascertain what can be practically known of the person's circumstances, habits and general character; in short get all the available information about the case.

(3) They shall see the clergyman and the doctor, if either have been in attendance, hear what each has to say about the applicant, and report to the Board of Managers.

(4) That two of the medical staff of the Home shall visit each applicant for admission, and report to the Board of Managers the character of the disease, and if incurable; and from any applicant outside of Toronto, the equivalent testimonials shall be required.

(5) Each application for admission to the Home shall be presented at the regular meeting of the Board, and if entertained, after due investigation, shall be acted upon at the following regular meeting of the Board.

(8) All the inmates of the Home must distinctly understand that an admission confers no right of permanent residence in the Home and at any time the Managers have the power of dismissing an inmate for what they may deem a sufficient cause; of its sufficiency the Managers are to be the sole judges.

(9) Any inmate who shall leave the Home without consent of the Directors, thereby forfeits all claims for residence within it, and will not be re-admitted.

IX.—No person shall be admitted as a free patient into the Home until he or she shall have first executed such an instrument as may from time to time be approved by the Board, providing for the disposition of his or her property then owned, or which may subsequently be acquired by him or her, for the benefit of the Home.

The Secretary of the Board shall be Secretary of this Committee and the visitors for the week outgoing and incoming shall be *ex officio* members thereof. The minutes of each weekly meeting of the Executive Committee shall be

THE TWENTY-FOURTH ANNUAL REPORT
OF THE
TORONTO HOME FOR INCURABLES

FOR THE YEAR ENDING FEBRUARY 28th, 1898.

The Report of the Board of Management presented this year to the public marks the twenty-fourth year since the establishment of the institution in 1874.

The success of the work, under the blessing of Almighty God, has been as great during the twelve months past as in former years, and we cannot but be devoutly thankful for the great interest and sympathy which are unfailingly bestowed upon the Home.

The need for such a Home becomes every year, we believe, more apparent to the general public, and although subscriptions from this source are not very large in proportion to the demands of the charity, we will continue to trust that, with the growing prosperity of the city, our own and other charitable institutions may enjoy a more liberal recognition from our fellow citizens and co-workers.

We deeply regret the loss from our membership of Mrs Wilmot Cumberland, who for seventeen years, as Secretary and later as First Directress, rendered most faithful and efficient service to the Home, and who, even

during her last illness, was constantly interested in the work and in the welfare of the inmates. It is to such faithful friends, of whom there are several remaining on the Board, that the institution owes its success during the past twenty-four years.

Every year we are striving to make the building and grounds more home-like and attractive, and at the lowest possible expenditure in this as in all other departments of the work. About three years ago the members of the late Mr. George Goulding's Bible Class subscribed the sum of \$100.00 towards erecting a summer-house upon the grounds suitable for the patients. The Board has not been in a position heretofore to complete the sum necessary to defray the cost, but this year they hope to do so, at the same time trusting that other friends may follow the example set and help to erect a second one, whereby both men and women may be accommodated.

During the year there have been admitted thirty-nine patients, and in regard to these great care has been exercised to admit only those who are advanced in disease, and not such as can be cared for by their friends. We strongly urge that we cannot receive patients who are in a dying condition, both because it is cruel to disturb the last hours and hasten the end of these sufferers by removal, and also because of the discomfort it brings to our inmates. There have been thirty-five deaths, one dismissal, and five have left to live with friends. Two of these five have been re-admitted, as their ailments have returned to such an extent as to require constant nursing. These, however, have been regarded as exceptional cases. The number remaining in the Home on February 28th, 1898, was 122.

On December 18th the Home was honored by a visit from their Excellencies the Governor General and Countess of Aberdeen, who inspected every part of the building, speaking kind words to all, and expressing their appreciation of the good management and great cleanliness and order so apparent throughout. Their Excellencies very kindly sent on Christmas Day a card engraved with crest and motto to each patient as a souvenir of their visit.

We gratefully acknowledge the receipt since last March of the following legacies:—

From the Estate of Miss Leslie.....	\$1,556	31

" " Mr. Robt. Gilmer (40% of bequest)	100	00

Also a Mortgage from the same Estate of	1,600	00

The amount received for maintenance only has been \$17,396.43, the total expenditure having been \$14,608.32.

We are exceedingly thankful that income from sources upon which we chiefly depend has not failed us, and we tender our sincerest thanks to the Provincial Government and City Council for the continuance of their liberal grant, as with any reduction of these we could not make ends meet. We would also acknowledge subscriptions from citizens towards the maintenance, and invite all who have not hitherto done so to visit the Home and ascertain for themselves in what degree of cleanliness, order and comfort the building is kept. That such is the case reflects great credit upon the internal management under the supervision of Mrs. Craigie and Miss MacTavish.

We would express our appreciation of Dr. Matthews, whose term of office has just expired, and who, during his sixteen months' residence, has ably and conscientiously fulfilled his duties.

We are also greatly indebted to the Medical Staff and to Mr. Mortimer Clark, our Solicitor, for willing and gratuitous services.

To the city Press, the visiting Clergymen and to all who have shown interest in the Home and kindness to the inmates, we offer heartiest acknowledgment.

And may we all, to whom life at its longest is "but as a vapor that appeareth for a little," strive more and more, both by giving and working, to solace the short hours that remain to the sufferers cast upon our care.

24th ANNUAL MEDICAL REPORT

From 1st Day of March, 1897, to 1st Day of March, 1898.

To the President and Members of the Board of Management of the Toronto Home for Incurables:

LADIES AND GENTLEMEN,—I have the honor to present to you, on behalf of the Medical Staff, the following, being the 24th annual report:

The general condition of the inmates of the Home during the past year, apart from the infirmities for which they were admitted, has been very satisfactory, no cases of acute diseases and no cases of contagious diseases with the exception of four cases of erysipelas, having occurred. And, as erysipelas is very prone to attack the aged, the fact of four cases occurring among so many old and enfeebled people cannot be looked upon as evidence of a poor sanitary condition.

At the time of making the last report there were 124 patients in the Home, and 39 were admitted during the year.

There were 35 deaths, five patients left the Home to live with friends, two of whom were re-admitted, and one was dismissed for insubordination, leaving at the present time 122 in the Home suffering from the following diseases :

Of the 35 patients who died in the Home during the year, the average stay was two years and nine days; 18 had been resident less than one year. One died 16 days after admission, one in 11 days, one in seven days and two patients within a year have died four days after admission. In this connection it might be said that while there can be no better field for the exercise of Christian kindness and charity than taking patients into the Home, who are too poor or whose friends, if they have any, are too poor to provide necessary comforts, even if they have only four days to live, still moving cancer patients from a comfortable hospital at such a time is certainly open to the suspicion that their removal was prompted by a desire to lessen the death rate of the hospital rather than to benefit the patients or assist the Home, and should be discouraged.

The following table, No. 2, shows the disease of the 35 patients who died during the year, and table No. 3 shows the diseases of the 39 patients admitted during the year.

In conclusion, let me express the thanks of the Medical Staff to the management for their kind consideration, especially to Miss Martin, whose untiring efforts enable the physician, who examines patients for admission, to perform his duties with the least possible expenditure of time and trouble.

The cleanliness of the building and the general order of the Home are especially noticeable, and too much credit cannot be given to Mrs. Craigie for her discretion and conscientious devotion to duty. I wish also to express the appreciation of the Medical Staff to the House Surgeon, Dr. Matthews, and the Nursing Staff under Miss McTavish, for their skill and care in carrying out the instructions given by the visiting physicians.

All of which is respectfully submitted.
