## Footings Gained By The Germans on Kemmel Hill

### Heavy Fighting Continues There, Enemy In Superior Numbers—French Counter Attack To Drive Enemy From Hill

London, April 26—A footing has been obtained on Kemmel Hill by the Germans in their attacks on the northern battle front. The war office so announced today. The fighting is still continuing in this region.

The allied forces were engaged all day yesterday with greatly superior enemy forces along the front from Bellefleur to Hollebeke (a distance of about ten miles) and finally were compelled to give ground.

German posts which were holding out southeast of Villers-Bretonneux on the front south of the Somme after its capture by the British, were cleared up. FRENCH COUNTER-ATTACK

With the British Army in France, April 26—(By the Associated Press)—The French this morning are counter-attacking at Mount Kemmel in an attempt to reclaim the positions taken by the Germans. Yesterday's fighting was of a desperate nature, and the enemy gains were only at a frightful cost.

Paris, April 26—Heavy artillery fighting south of the Somme is reported by the war office.

Berlin, April 25—(via London, April 26)—The supplementary official statement from the German war office this evening reads:—"The army of General Von Arnim is engaged in a battle of Kemmel heights."

In Kemmel Lost? In the Kemmel heights, where the French hold a critical position, is not so satisfactory. Mention of Vierstraet seems to suggest the withdrawal of French troops there, which would include the retirement from the last positions at Messing, Bistrie, near Wytchate. The possibility of the loss of the Ypres salient is forecasted if Kemmel should be lost.

British Statement. London, April 26—The British official statement says:—"On the Bellefleur-Hollebeke front, after severe fighting lasting throughout the day against a greatly superior force, the Allied troops were compelled to give ground, and the enemy obtained a footing on Kemmel Hill. Fighting still continues in the neighborhood of Dronoutre, Kemmel and Vierstraet."

"We carried out a successful minor operation during the night west of Meriville and captured fifty prisoners and three machine guns. The hostile artillery has been active along our front from the Lys River to Givency."

French Report. Paris, April 26—The French official statement follows:—"South of the Somme violent artillery fighting continued during the course of the night. We carried out raids at different points on the front, especially in the region east of Lassigny, between the Miette and the Aisne, near Besonvaux in the region of Eparges, in Lorraine, and in the Vosges. We took prisoners. Everywhere else the night was calm."

"South of the Somme hostile posts which were holding out southeast of Villers-Bretonneux have been cleared by our troops. The enemy's artillery has been active also in this region with gas shells. "On the remainder of the British front there was nothing to report."

German Lightly Equipped. With the French Army in France, April 26—(By the Associated Press)—The enemy infantry battalions are now coming into the fight with the lightest possible equipment. The most of them do not even carry hand grenades, while most of their bomb throwing apparatus has been left behind owing to difficulty in carrying it forward.

After the preliminary bombardment, they appear to rely chiefly on their rifles, but are well furnished with light portable machine guns, which can be shouldered and for which great quantities of ammunition are carried by extra men. Large numbers of heavy machine guns follow closely in the rear to ward off counter-attacks.

STRIKE TWO BLOWS SIMULTANEOUSLY. London, April 26—(Via Reuter's Ottawa Agency)—The battle now in progress shows the Germans maintaining the plan of striking in two directions simultaneously, their immediate objective being the Channel ports and Amiens. Thanks to a magnificent counter-attack by the Australians and English regiments yesterday they received a severe repulse in the southern area. The English troops engaged were the Berkshires, Northampton, Durhams and Yorkshires, reinforced by young troops recently raised in England, and which recently gallantly held Villers against an inferno of gas shelling until overwhelmed by an assault of five divisions of the enemy.

The Germans seized and established a permanent hold on the village, which they packed with machine guns. Consequently it was necessary that yesterday's counter-attack should be a surprise and it was accordingly decided to make a night attack with bombs, gas and machine guns with artillery preparation.

Hours of grim fighting followed, all the more so because the artillery on both sides was silent as the combatants became inextricably mixed before the Germans were finally driven out, and this important position, dominating Amiens, was restored to British hands. The enemy may return to the assault on the village, but he is now in an awkward salient, formed by the confluence of the Somme, the Aisne and the Avre and he may soon find himself in a slaughter house position.

Hangar is also important, but it has changed hands so often that the enemy's hold there may be considered precarious. It is possible, however, that the real key position will develop to the south of Ypres and mention of fighting northeast of Bellefleur may indicate such a development.

AN APRIL SHOWER. Miss Maud Curran was tendered a novel shower on Wednesday evening at the home of Mr. and Mrs. H. T. Quinn, 249 Carmarthen street. Miss Curran is to be a principal in an interesting event to take place in the near future. The evening was spent in games and music.

Amsterdam, April 26—Vice-Admiral Schroeder commander of Zebrugge, according to reports reaching here, will be deprived of his command for being taken by surprise by the British on Tuesday.

German newspapers generally take the hint from Berlin and represent the enterprise as having been a failure. Some, however, admit that the attack was made with great boldness.

London, April 25—(Reuter's Amsterdam correspondent sends a telegram received from Berlin says that the Kaiser on Tuesday visited Zebrugge, "the scene of the frustrated English raid." It goes on to minimize the extent of damage done by the British.

On Board H. M. S. Vendictive in Dover Harbor, April 25—A correspondent of the Associated Press visited the battered cruiser Vendictive today as the guest of Captain Alfred F. B. Carpenter, who commanded her in the Zebrugge expedition.

Captain Carpenter received the correspondent with his arm in a sling from a shell splinter wound. He said: "Our chief purpose in the expedition was to distract the attention of the battery of eleven inch guns which occupied a commanding position at the top of the mole. As there was nothing for us to do up to we merely dropped anchor there while the Daffodil kept us against the mole with her nose against the opposite side of our ship. In the fairly heavy sea two of our three gangways were smashed, but the third held and 500 men swarmed up this to the mole. This gangway was two feet wide and three feet long. "The Vendictive's bow was pointed towards the shore so the bridge got the full effect of enemy fire from the shore batteries. A considerable proportion of our casualties were caused by splinters from these upper works.

"Shells killed ten occupants of the pilot house and a lieutenant and eight others doing fine work with machine guns. Meanwhile the Daffodil continued to push us against the wall as if no battle was on and if the Daffodil failed to do this none of the members of the landing party would have been able to return to the ship.

"Twenty-five minutes after the Vendictive had reached the wall the first block ship passed by and the other two followed in leisurely fashion. One of the block ships stayed outside of the canal, but the two others got two or three hundred yards inside where they were successfully sunk across the entrance.

"One difficulty we had in preparing this expedition was that there had to be open practice of what we contemplated doing for fear the enemy might get informed we were going. "Fifteen minutes after the Vendictive arrived outside the mole our submarine exploded under the viaduct connecting the mole with the mainland. When the explosion occurred the viaduct and Germans on it were blown up together. The crew of the submarine escaped in a dinghy.

"Early in the fighting a German shell knocked out our bow tizer which had been getting in some good shots on a big German seaplane stationed on the mole half a mile away. This shell killed all the members of the gun crew. Many men were also killed by a German shell which hit the mole close to our ship and scattered fragments of steel and stone among the marines assembling on the deck around the gangway.

"The German fire was very hot all the time we lay alongside the mole. At times the German guns reached as high as forty shots a minute. During the hottest part of the fighting I left my station in the flame house and went all around the ship to see how things were going. The spirit of the men was excellent. All they wanted was 'are we winning?'"

"Half an hour after the block ship was in, we received the signal to withdraw. The Vendictive's siren was blown and the men returned from all parts of the mole and thronged down the gangway."

## BRITISH TOOK THE ENEMY BY SURPRISE AND TROUNCED THEM

### Brilliant Counter-Attack Won Back Village of Villers-Bretonneux

#### TERRIFIC BATTLE OF TANKS

### Ours Outfought the Germans' and Latter Fled From Battlefield—Other British Fighting Monsters Worked Fearful Havoc in Ranks of Hun Infantry

With the British Army in France, April 26—(By the Associated Press)—The operations to the south against the battlement and a long, fierce struggle in the north have fallen to the lot of the Allied arms. The latest information from the south is that Villers-Bretonneux has apparently been retaken as a result of a brilliant British counter-attack, and a large portion of the original positions north and south of it reclaimed. German dead are heaped about the unhappy town and some 700 prisoners are in British camps.

In the north, Mount Kemmel has been attacked desperately by a great force of German troops especially trained for mountain warfare. This is another move in the German scheme to get control of the high ground between the Aisne and the Somme. This programme has as its object the forcing of the Allies to pull back their lines to the north still farther.

The first drive against Villers-Bretonneux was made with two divisions and this was thrown back. The Germans immediately put two fresh divisions into line and again surged forward. Five tanks were sent to the north through the valley leading through the southern part of the town and these engines were followed by large forces of infantry.

By noon the Germans had swung a salient about 6,000 yards and 4,000 yards deep about Villers-Bretonneux and were holding the town strongly. They continued to do until 10 o'clock last night, when they were repulsed by a counter-attack. There should have been a moon to assist the British, but the sky was heavily overcast and a dense mist hung over the region.

According to prisoners the enemy had no anticipation of further trouble from the British last night and were sitting snugly in their new position when the storm broke. The British gunners put down a sharp barrage and the British infantry drove forward. The attack was made from the southwest and northwest on Villers-Bretonneux and these two forces drove in towards the eastern part of the town in a converging movement. As a result the British bottled up the town.

Bayonet Fighting. The British infantry fought the town and heavy hand-to-hand fighting ensued, the bayonet being used freely. Six hundred prisoners were taken here alone and a great number of the enemy were killed. The town was virtually cleared, and today only a few scattered pockets of Germans are in the place. Some of them are still dug in along the Villers-Bretonneux-Marcle railway embankment with machine guns, and these are causing some trouble, but their ultimate extermination or capture is certain.

In the Bois d'Agneux, just west of Villers-Bretonneux, one German officer and forty men had got a footing yesterday and they hung on until this morning, although they were completely cut off. They surrendered today.

In a counter-attack a large part of the old British positions about Villers-Bretonneux were regained. Today the Germans who still remained in the bottle could not get out, and their comrades were unable to get through the narrow neck to assist them. Saturday night, increasing northeast winds,

London, April 26—The dominion government acting upon the advice of the department of justice has declined to interfere with the operation of the following Ontario measures:

The act respecting the appointment of a commission for the Ottawa separate schools; the act respecting the Catholic separate schools of Ottawa, the act to amend the mining act in respect to taxation of mines, and the act to amend the water powers regulation act, all passed in the session of 1917.

WAR NOTES. The Australian navy was represented in the raid on Zebrugge by one officer and eleven men. All returned safely.

London, April 26—Baron Rhondda, the Daily Mail says it understands, has resigned the office of British food controller, which he has held for ten months. He has been absent from his post for some weeks owing to illness. John R. Clynes, parliamentary secretary for the food ministry, has been in charge temporarily.

SEVENTY-FIVE NAMES IN AMERICAN CASUALTY LIST. Washington, April 26—The casualty list today contained seventy-five names, divided as follows:

Killed in action, nine; died of wounds, five; died of disease, three; wounded severely, thirty-three; wounded slightly, twenty-two.

In addition to seven officers named as wounded, Lieut. Julien N. Dow, previously reported killed in action, was reported a prisoner in Germany and suffering from a severe wound.

Premier Borden to New York. Ottawa, April 26—Sir Robert Borden left for New York yesterday afternoon. It is generally understood that his trip has been undertaken in view of negotiations with respect to questions of finance. Sir Thomas White will also be there.

French Get Hun Airplane. Meaux, France, April 26—A German airplane which landed here after, it is believed, it had been detected and taken under fire as it was flying toward Paris last night, is a biplane of the type known as the "A. E. G." fitted with two 260 horse-power engines, giving the machine a maximum speed of 90 miles an hour. The pilot appears to have lost his way.

## Four Collieries In Cape Breton Down Over Labor Troubles

Sydney, N. S., April 26—Four collieries are practically closed down, hundreds of men are idle, the production of 2,000 tons of coal a day is being lost to the country, because of labor troubles at the Nova Scotia Steel and Coal Company's fields at Sydney Mines. While no actual strike was declared, the men today announced a "holiday" to discuss their grievances with the result that not a wheel turned at Princess, Florence, Scotia or Jubilee pits. The meeting was held this morning and adjourned until tomorrow, which is taken to mean that another "holiday" will follow. Wage grievances of men at the wash plant are the main cause of the present trouble.

The men of No. 12 colliery of the Dominion Coal Company, New Waterford, also quit work yesterday because of labor troubles, but these were adjusted and that mine is working again today.

## LABOR AND THE WAR

### Special Report to Commons—The Needs of the Farm and Railways

Ottawa, April 26—The common agricultural committee this morning received the report of a special sub-committee on the labor situation, and more particularly the employment in non-essential industries.

The report stated that, owing to the long open spring, there is no great need of men for seeding, but that there is a great need of women help. For the harvest season from Aug. 1 to Nov. 15, probably 80,000 men would be required.

Ontario members of the committee disputed the statement that there was no serious shortage of men for seeding purposes in eastern Canada. Frank Glass questioned the good judgment of the government in taking more experienced men from the farms. In England, he said, it had been found necessary to bring men from the trenches to increase production.

Suggestions were made that the man power census should be taken immediately, and steps should then be taken to equalize farm labor in all the provinces.

It was finally decided to receive the report of the sub-committee which was instructed to elaborate its report more particularly in regard to non-essential industries and to prepare a list of industries in which women may be employed to replace men of military age.

Other statements made in the report were that amendments to the Military Service Act would seriously affect the railways which employ 100,000 men and women between the ages of twenty and twenty-three years who will be called out. From 3,000 to 5,000 men would be required for maintenance of way service. The opinion was expressed that for all essential industries, including agriculture and mining, from 50,000 to 75,000 men will be required.

## DECLINES TO INTERFERE IN OTTAWA SCHOOL MATTER

Ottawa, April 26—The dominion government acting upon the advice of the department of justice has declined to interfere with the operation of the following Ontario measures:

The act respecting the appointment of a commission for the Ottawa separate schools; the act respecting the Catholic separate schools of Ottawa, the act to amend the mining act in respect to taxation of mines, and the act to amend the water powers regulation act, all passed in the session of 1917.

## Busy Morning For The Legislators

### ONE OF THE BIG GUNS DESTROYED

Paris, April 26—One of the three German long range guns which has been bombarding Paris has been destroyed according to Deputy Charles Lehoucq of the department of the Seine. He said he had talked with the general commanding the sector near Crepy-En-Laonnois, where the big guns are stationed. The enemy, he declared, is constructing new emplacements.

The long range bombardment of Paris was resumed during last night. Up to 6 o'clock, as far as could be ascertained, nobody has been hurt and the damage done was not appreciable.

## "EXTREMELY GRATIFYING" REPORTS FROM QUEBEC

Ottawa, April 26—Reports described as "extremely gratifying" have been received by the director of military service from the Province of Quebec. Since the announcement of the government's intention to cancel exemption of Class 1 men between the ages of twenty and twenty-two inclusive, large numbers of young men in the province have signified their willingness to serve without waiting for the necessary call.

"Our reports indicate," said Lieut. Col. Machin, director of military service, today, "that a large number of young men in the Province of Quebec are voluntarily joining ahead of time. Among them are sons of many prominent men. With such a splendid lead, it may well be anticipated that others will follow."

## CALL TO MEN OF 21 IN STATES

New York, April 26—House adopts resolution calling out men "who have reached the age of 21 since June 5, 1917." St. Paul directors again defer action on dividends. President Bryan explained that matter would not be considered until the road's contract with the government had been signed, which he hoped would be in time for submission to stockholders at annual meeting on May 18.

McAdoo says income and excess profit taxes now expected to bring about \$8,000,000,000 into treasury.

## SPEEDING UP SALE OF LIBERTY BONDS

Washington, April 26—Subscription to the third Liberty loan which will bring the total well above \$2,000,000,000, or two-thirds of the minimum was the goal of the Liberty day drive under way today throughout the United States.

The day was a holiday by presidential proclamation, and virtually everywhere efforts were being made to speed up the sale of bonds by demonstrations.

## IN WALL STREET

New York, April 26—Trading in stocks today was limited to the forenoon session in recognition of "Liberty Day." The market gave further proof of underlying firmness, however, although interest centred mainly in speculative issues at advances of 1 to 3/4 points. Peoples Gas, United Railways and Philadelphia Company also added to recent gains, the latter rising four points. Ralls were again agitated with moderate strength in Reading and Pacific. U. S. Steel made an extreme gain of a point on steady accumulation. Superior Steel rose 3-3/4, but Gulf Steel reacted six points. The closing was strong. Sales approximated 200,000 shares.

Stocks in control of pools were again prominent at the opening of today's market, recovering a considerable part of yesterday's irregular setback. Samatra tobacco and Distillers made initial gains of one to two points with International Paper, Baldwin Locomotive, Reading, Philadelphia Company and Peoples Gas. There was a fair inquiry for U. S. Steel, United States Rubber, General Motors and Central Leather. Gulf States Steel forfeited two points of its recent substantial advance. Liberty bonds were firm.

## SMALLPOX CASES

Four cases smallpox have been discovered within last twenty-four hours. Last night on the Halifax-Jamaica steamship service by renewal of license to the Norwegian steamers.

Rev. T. S. Boyle of Windsor, N. S., presided yesterday at the opening convention of the Canadian Fraternal Association in Hamilton, Ont. Delegates in attendance represented prominent fraternal societies of Canada and the United States.

## LYNCH, SINN FEINER, IS TO BE DEPORTED.

Dublin, April 26—Diarmid Lynch, Sinn Fein food controller, who has just completed a term of two months' imprisonment for seizing and slaughtering pigs in Ireland, will be deported. Lynch, who is an American, probably will be placed on an American-bound ship. He took a prominent part in the rebellion in 1916, and was sentenced to ten years' penal servitude at that time, but later was released.

## RETURNED MEN LEAVE FOR FARMS

Toronto, April 26—Twenty-six more returned soldiers left for northern Ontario last night, under arrangement between the military authorities and the provincial government, and will enter upon farming in the clay belt.

Newspit. New York, April 26—Canada was asked to restrict and the United States urged to place an immediate embargo on the export of newspaper paper in a resolution adopted by the American Newspaper Association yesterday.

As to price fixing the report of the paper commission declared "that the government does not contemplate any radical action."

On Wednesday three German airplanes were brought down on the western front. Two Britishers are missing.

Prorogation of The House Tomorrow. Agreement Relative to New Wing of East St. John Hospital Confirmed; Some Lumber Matters; Mr. Le Blanc Takes Exception.

Fredericton, April 26—In an effort to complete the work of the session today so that the House may be prorogued on Saturday the members of the legislature spent a busy morning in committee of the whole and succeeded in disposing of a large number of bills.

One of special interest in St. John was that confirming an agreement between the commissioners of the East St. John County Hospital and the Military Hospitals Commission regarding the erection and operation of a new wing to the hospital to care for returned soldiers suffering from tuberculosis. This was recommended without change.

In order to do away with the opportunity for violations of the law prohibiting the export of pulp wood from crown lands, the committee recommended a bill to repeal an amendment to the original bill. The amendment had permitted the operators to pool their cut from crown and private lands and export a quantity equal to their cut on private land regardless of which source it was from. This had led to abuses.

A large number of bills on which the House was agreed were passed without discussion.

The longest discussion of the morning occurred over a matter relating to a committee of police authorities of Shediac and Moncton in the enforcement of the liquor laws. Hon. Dr. Smith appealed for home rule for Shediac and the House still was discussing the matter when recess was taken at one o'clock.

Hon. Mr. Vesiot drew the attention of the House to the fact that agents for builders of wooden vessels were going about the country representing that they had legal authority to take any timber which persons did not want to sell. He knew of no authority for their conduct, and he thought the public should be warned.

At the opening of the session, Mr. LeBlanc found it necessary to take exception to headlines in the St. John Standard which, he said, had misrepresented his position regarding the Currie investigation, a position which he then explained. He said that he had been made sure that definite charges were laid. Since they were he favored the most thorough investigation.

DEPOT BATTALION MAKES FINE SHOWING IN A ROUTE MARCH. The depot battalion headed by Lieut-Colonel J. L. McAvity, was seen this morning in a marching order. The soldiers, headed by the battalion band, left the barracks at 2:15, marched up Charlotte street, down King to North End as far as St. Peter's church and returned to the city. They swung along in true military fashion and their marching won for them many complimentary remarks. The parade was one of the days when the old 26th battalion was here. Many of the officers which led their platoons and companies today had been platoon and companies in the trenches in France.

CONDENSED NEWS. Business firms in Jamaica are urging continuation of the Halifax-Jamaica steamship service by renewal of license to the Norwegian steamers.

Rev. T. S. Boyle of Windsor, N. S., presided yesterday at the opening convention of the Canadian Fraternal Association in Hamilton, Ont. Delegates in attendance represented prominent fraternal societies of Canada and the United States.

An aerial line between Nice, Paris and London is to be established soon.

The work of raising the American liner St. Paul is progressing rapidly. The ship had no cargo aboard.

LYNCH, SINN FEINER, IS TO BE DEPORTED. HELP!

Might we ask the advertisers in the Times-Star to let us have their ad. copy not later than 6 o'clock the night before the day on which insertion is desired?

The crush of advertising, which the Times has been carrying the last few months, makes a call for HELP on the part of the business office an urgent necessity.

It's hardly necessary to state the value to YOU of this feature, the larger the paper is, the more the advertiser for you.

It also means that your advertisement will receive the best attention as regards typographic treatment; will be dressed in the way your PUBLIC SALESMAN should be dressed.

The unfortunate fact that quite frequently advertisements have to be omitted from the Times on account of late copy, prompts this S. O. S. call, and really your own best interests would demand that it be heeded.

LESS FAVORABLE FOR GERMAN PLAN THAN AT ANY TIME SINCE DRIVE BEGAN IN MARCH

On the French Front in France, April 25—(Thursday, by the A. P.)—The more they advance along the road towards Amiens the more perilous becomes the salient the Germans are forming in the Somme region, especially in view of the fact that the Allied reserves are virtually intact, and the Allied armies are now commanded by a single chief.

The present moment is less favorable to the German plans than when they started their advance on March 21. A weak point existed between the French and British armies. Now there is no sensitive part of the line, since the Allied command has given the opportunity to make the most practical use of the Allied troops.

From March 21 until today the Germans have employed approximately 180 divisions, of which thirty have been withdrawn to refill the ranks and have then been sent into the battle for the second time, making the total of divisions in action 160.

SIGNS OF EYE STRAIN

Eye-strain is muscular strain. A network of tiny muscles enables the eye to contract or expand, let in focus or little light, and to focus that light.

A defect in the shape of the eye may cause these muscles to be overworked and to be under constant strain. This will cause tired, weary, aching eyes, headache, nervousness and exhaustion.

Property ground glasses, such as you secure at Sharpe's, end eye-strain and the trouble it causes.

Give Your Eyes the Consideration Due Them.

Seeing is by far the most important sense of the human body, and is the one most frequently neglected. If your power of speech were impaired, or your hearing below normal, you would not hesitate about consulting a specialist—and yet good eyesight is the easiest to restore if taken in time.

If you do not know what it is that is troubling your eyes, or if you are in doubt as to your seeing power, our services as eye-sight specialists are here at your disposal.

Accompanied an Exhausted Condition of the Nervous System—He is Restored and Aged Mother Greatly Benefited by the Food Cure.

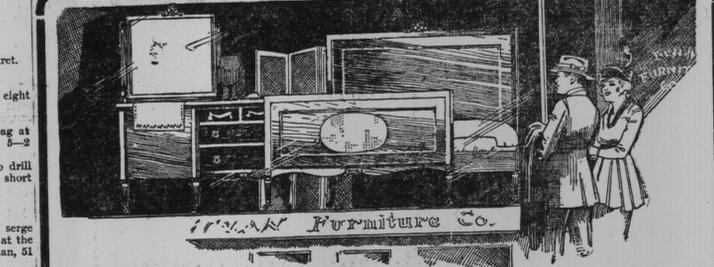

Lequille, N. S., Apr. 25—Nervous trouble is not confined to any age, and often people who look well are miserable on account of a feeble condition of the nerves.

When Mr. Morse had been cured of Nervous Dyspepsia by the use of Dr. Chase's Nerve Food he prevailed upon his aged mother to try out this great restorative treatment. Her experience was equally happy, and so the good word is passed along to others to put this food cure to the test.

Mr. Judson H. Morse, Lequille, N. S., writes—"I am glad to be able to say of Chase's Nerve Food, because I have found it so very good for me and my nerves. I came by my nervous trouble much by inheritance and through my work. I was a nervous wreck, but the doctor and time put me on my feet again. I got along quite well until five years ago. I got a gripe and put through an awful winter last summer, but a friend offered me some of Dr. Chase's Nerve Food Pills to try, and I found them to help me at once, so I have taken still find them good. Mother is in her 90th year, and has suffered a lot with neuralgia of the stomach and bowels, but I prevailed upon her to try the Nerve Food, and it helped her even in her advanced years. The doctor called my trouble Nervous Dyspepsia. I know of many who have taken the Nerve Food with good results. Mother thinks your treatment excellent also."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of six boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

MAYOR SEEKS INFORMATION

During the session of the legislature yesterday Hon. Mr. Byrne said he wished to draw attention to section 8 sub-section 1 relating to the N. B. Power Company.

It had been brought to his attention that in consideration of the company's action in extending their lines across the highway bridge to West St. John, the government of that day had agreed to promote certain legislation to extend the franchise rights of the company.

A copy of that agreement was on file, but no legislation had been introduced, although bonds had been sold on the strength of that agreement.

With reference to this suggestion of Hon. Mr. Byrne, Mayor Hayes said this suggested that he thought the citizens were entitled to some information and that he proposed writing today to ask for a copy of the agreement.

UNDER THE M. S. A. Ottawa, April 26—The following is a summary of the work performed by the M. S. A. up to yesterday:

Investigations made, 79,493; apprehensions of persons suspected of desertion, 8,750; men found to be within the terms of the proclamation calling out the first class and liable for service under the M. S. A., 1,000.

BRITISH TOOK ENEMY BY SURPRISE AND TROUNCED THEM

Clash of Tanks. During yesterday's fighting the Germans one time got as far as Cuchy, southwest of Villers-Bretonneux, and this represented their greatest advance.

The tanks furnished the most dramatic chapter of the story. These tanks, which the Germans employed for the first time, were bulky affairs with heavy armor and guns.

The British tanks, which were thrown into the action to offset the German monsters, furnished the first tank engagement in history. The main clash between the tanks came when the German engines attacked two smaller British tanks. As might be expected one of the British machines was disabled.

The other was being hard pressed by four or five of the big enemy tanks when one of the larger British tanks came rushing up and engaged the Germans. It was a battle royal. The British tank finally got several shots home on one of the Germans, and put it out of action. This disconcerted the others and they fled.

Some of the most telling work was done by the tanks near Crecy. Here numbers of small, fast British tanks attacked a large concentration of enemy infantry. Before the Germans were able to escape the swiftly moving monsters were amongst them firing heavily into the dense ranks. Many infantrymen were caught beneath the machines and crushed. The slaughter was fearful, and the tanks returned with their sides crimsoned.

TRAVEL TALK ON THE YOSEMITE

Mrs. E. Atherton Smith Delights Audience at Art Club—The Famed Santa Fe Route

At the Art Club last evening W. S. Fisher remarked that it was one of the merits of Mrs. E. Atherton Smith that when she went on tour she always brought back with her some of the beauty and charm, the quaintness and the living interest of the places visited, for the pleasure and enjoyment of her fellow-citizens.

The truth of the remark was emphasized by Mrs. Smith's wonderfully interesting and entertaining travel-talk on a visit to the famous Yosemite Valley in California. With the aid of the reflector, operated by C. H. Flewelling, she set out with her audience from Kansas City by the Santa Fe route, showed scenes of absorbing interest in New Mexico and Arizona, passed on to the famed Mariposa Groves, and then to Yosemite. The wonderfully picturesque scenery, the arid stretches, the towering mountains, the villages of the Pueblo Indians, the reminders of Spanish occupations, the modern tourist life, the beautiful vegetation, the orange groves, the palatial homes, and finally the imposing grandeur of Yosemite were revealed to the audience, and with the helpful guidance of the gifted speaker the whole panorama became instinct with life and human interest.

Mrs. Smith has in the past taken audiences with her across the continent, and across the ocean to Britain, Belgium or Switzerland, and a piano duet by Mrs. Barnes and Mrs. Gunn. The audience completely filled the rooms of the Art Club, for whose benefit the talk was given. Mrs. Fisher noted the fact that the club has had a very successful year, and offered a plea for a more general interest in its valuable work.

PROBATE COURT. In the matter of the estate of Mrs. Georgina Dunbrack, the will was proved in common form, and letters testamentary granted to Frank E. Holman, Geo. S. Shaw is executor.

In the matter of the estate of George Runciman, the will was proved as a sole will, and letters of administration with the will annexed, granted to Jessie Runciman, C. H. Ferguson is executor.

THE ROYAL COMMISSION.

The prompt action of the Foster government in asking authority to appoint a royal commission to investigate the charges made against Mr. Speaker Currie, and the premier's invitation to any individual who has charges to make against any member of the house or any official to come forward and make them, is in line with the government policy.

Why Germany Will Be Defeated

The failure, so far, of Germany's fanatical onslaught to either cleave apart the French and British armies or to take the Channel ports ranks it as only another "bath of blood" for German arms. **THE LOBSTER INDUSTRY**

Decline and Cause Discussed By Prof. A. P. Knight

An Industry Worth Today \$5,500,000 is in Great Danger—Expert Tells Why This is and Outlines Means by Which Lobsters of Canada May be Conserved and Made Lasting Benefit

Halifax, April 24—An attendance of about eighty assembled for the weekly luncheon of the Rotary Club in the Green Lantern yesterday, when the members and guests heard an interesting address by an expert on a matter of vital importance to Nova Scotia—the lobster industry. The chair was occupied by K. H. Smith, resident engineer at Halifax of the Dominion Water Power Branch. The speaker was Dr. A. P. Knight, professor of biology at Queen's University, Kingston, who has devoted the greater part of his leisure for many years, during the summer months, to a study of the lobster and other fish interests of Canada—and he has done this gratuitously, without cost to the country.

Professor Knight said he was engaged in a campaign to secure a place for the study of the lobster industry in our educational system. And in the course of his lecture, he said that the salmon catch of Canada was worth \$10,000,000 and the lobster catch of the eastern portion, \$5,500,000. Going back for twenty years, he showed how great has been the decline in the lobster catch and how much the decrease in size of lobsters taken.

This decline he ascribed to several causes. First, he discussed this under the head of "destructive activities." Over fishing, which has resulted in the total disappearance of nearly all lobsters from 16 to 18 inches in length, and a great reduction of those from 12 to 14 inches; the "flushing" of eggs off the mothers and the coming of sea lobsters contrary to law; permitting fishing to be done between June 1 and October 1 when mother lobsters are hatching their eggs, casting their shells and laying their eggs. Lobsters should be protected during the breeding season just as game birds and game fish are. Another cause of the decline is the coming of immense numbers of young lobsters, not half grown and ranging from five to eight inches in length. Still another cause of the decline is the destruction of vast numbers of eggs in the older hatcheries for the past twenty-five years and in the newer hatcheries in the past ten years.

Professor Knight, taking up another aspect of his subject, discussed it under the heading of "conservative activities," showing that in spite of the decline in the lobster, the supply can be conserved for all time if we do certain things. First, he said, there had to be the immediate closing of our so-called hatcheries. Secondly, through preserving a sufficient number of young lobsters now destroy in our canneries, until they are from thirteen to eighteen inches long when their egg fertility is at its maximum. A female lobster, Professor Knight said, seven or eight inches long, will produce only about 3,000 to 4,000 eggs, a full grown lobster will produce 60,000 eggs. Thirdly, through the rigid protection of all spawning lobsters. It had been the law since the year 1878 but had been violated generally until the last few years.

The fourth way of conserving the lobster, Professor Knight said, was through the enforcing of one universal open season and one universal close season. At present we have ten different seasons not one of which has been fixed for the protection of the lobster but only for the convenience of the packers and the fishermen. The lobster can be conserved also through regulating the annual catch, so as to keep it below the natural annual increase in the number of commercial lobsters.

A sixth way for securing its conservation is by setting apart certain bays as sanctuaries or breeding places in which no fishing shall be permitted except when such places become overstocked.

Lastly Professor Knight suggested that there should be an exchange of ideas between the scientific workers of the biological board of Canada on the one hand and the canneries and fishermen on the other, with a view of preserving for the benefit of the people of this country the lobster industry of Canada.

**CLOSING SESSION OF THE W. A.**

Bishop Richardson, speaking at the closing session of the fifteenth annual meeting of the Fredericton Diocesan branch of the Women's Auxiliary in St. John's (Stone) church yesterday afternoon, appealed to the assembled ladies that as they went to their various homes they would carry with them a message of the need for food conservation. His lordship said that England was on her knees and the sooner Canadians got on their knees the better.

It was reported that the Pickett memorial fund has reached \$6,000. The sum of \$10,000 is aimed at. This money will go towards supplying a trained nurse to look after country rectors and families in case of sickness.

Mrs. Richardson extended an invitation to the W. A. to hold their meeting in Fredericton next year.

The following officers were elected for the ensuing year: Honorary president, Mrs. Richardson; president, Mrs. Walker; first vice-president, Mrs. Geo. F. Smith; second vice-president, Mrs. L. R.

**BOB, THE FAMOUS BOXING KANGAROO, WITH THE GORDON BROTHERS, ONE OF THE FEATURES OF THE OPERA HOUSE VAUDEVILLE PROGRAMME**

Have you ever seen a real live kangaroo, those funny looking animals that come from Australia, all hind legs and tail? Probably you never have had an opportunity to get real close to one, for there are only a few in captivity on this side of the water. However, there is one at the Opera House this week, and a well trained one at that, taking part in a feature presented by the well known Gordon Brothers, the lightning bag punchers and strong men. "Bob" is

the kangaroo's name and he is said to be a real star performer.

Other good features on the programme include Fred and Annie Pelot, in a comedy acrobatic and juggling novelty, "Fun at the Inn," Scott and Carroll, blackface comedy, song and talk; Bidwell and Elco, comedy singing and instrumental offering; Vim, Beauty and Health, Physical Culture Marvels; and the usual chapter of the serial drama, The Mystery Ship.

This splendid programme opens tonight with the usual two performances. Tomorrow (Saturday) usual two shows in the afternoon and evening. Popular prices.

**WILL PLACE ORDERS FOR 100,000 FREIGHT CARS**

Orders for 100,000 freight and coal cars, containing a large proportion of wood in order to save steel for ship-building and other war purposes, will be placed probably this week by the railroad administration in the United States, with about fifteen prominent car manufacturers. The contracts will total about \$800,000,000, representing profits to manufacturers of probably five or six per cent, about half of the rate first demanded by them in negotiations with John Skilton Williams, director of purchases of the railroad administration.

Quantity delivery of the cars will begin in about four months, and all probably will be completed in six months, when more will be ordered. Within two weeks Mr. Williams expects to order start of the two thousand new locomotives which the railroads will need this year.

These contracts represent the biggest rolling stock order ever placed and the first of any size arranged since the government took over management of the railroads last December. The freight cars will be manufactured according to new standard designs, two types of box cars, two of gondolas, and two of drop-bottom cars, ranging between fifty and sixty capacity.

Many car plants now are reported running below capacity, because of the withholding of orders since government operation started.

The new orders will be distributed among most big concerns east of the Mississippi and to several in Seattle, Portland and other western cities.

In the wool case before His Honor Judge Barry yesterday, the jury again disagreed, standing eight to four for conviction. J. A. Barry, U. J. Sweeney, and E. J. Homberry appeared for the defendants and William M. Ryan for the crown.

**RECENT DEATHS**

The death of Abner Long occurred at his home near Aposhqui on Wednesday after a week's illness.

James McCue passed away at his home in Little Beach on April 11 at the age of seventy-nine years.

Etta Young, wife of George E. Taylor, died at her home in Hartland, N. B., on Wednesday.

The death of Robert Nelson, eighty-five years of age, occurred at the home of Nelson Dadds in St. George on Wednesday, April 17.

The death of Elizabeth Morrison, thirteen-year-old daughter of Mr. and Mrs. Alvin Morrison, of Newcastle, occurred on Sunday.

**NO CLUB LICENSES IN OTTAWA CO. OR HULL.**  
Quebec Provincial Government Abolishes Them From May 1.

Ottawa, April 26—After May 1 the Quebec provincial government has decided that no club liquor licenses of any description shall be issued in the county of Ottawa or in the city of Hull. This means that on May 1 this year the Country Club, Rivermead and Royal Ottawa Golf clubs, Aylmer road, and the Canadian and Outaouais clubs in Hull, will be unable to obtain a renewal of their liquor licenses. The Rivermead Club had already decided not to ask for a renewal.

News of this drastic action was brought to the city by Joseph Caron, member of the Quebec house for the county of Ottawa, who has just returned after interviewing the premier, Sir Lomer Gouin, at the request of the Hull city council.

At a recent meeting of the city council adopted a resolution praying that the Quebec government do away with all the clubs in the district, and asked Mr. Caron to go to Quebec to place the resolution before Sir Lomer and his cabinet.

"What will you have for breakfast?"  
"What's the use of guessing? You go and bring me what the law allows for today."

**WOMEN AS WAITERS.**

(Westminster Gazette.)

Are women waiters more frank than men in the way of letting their customers into the secrets of their employers? I have wondered, since I heard a smart waitress at a restaurant giving advice to a diner as to the dishes he should choose. She was frankness itself. "Salmon? Let's see, how much is it? No—it's not worth that—very small portions. You'll get more value for your money if you have so-and-so!" And so it went

on, right through the menu. The old-fashioned waiter would suggest to an accustomed diner that such-and-such was very good today, thus delicately hinting that it would be wise to choose it; but I doubt whether he ever indulged in such appalling frankness as to the relation between price and value. None the less, there may be wisdom in the

woman's way. Above all, diners like to feel that their attendant is taking a personal interest in their meal; and it is flattering to them to think that the waiter is putting their interests before those of the establishment—whether she is really doing so or not.

The programme at the Thursday night reception for soldiers at St. David's church consisted of: Vocal solos, Miss

Climo, Mrs. Osborne, Corp. Baker; cornet solo, Gunner Bowering; instrumental duet, Gunner Bowering and Corp. Bowering; comic song, Petty Officer Wilcox; reading, Petty Officer Dossor; accompanist, Miss Edith Doherty.

His Ma—Johnny, take your thumb out of your soup.

ANNIVERSARY OF BATTLE OF YPRES day by the first Canadian division has since been repeated by all Canadian divisions. The Canadians have shown their superiority over the enemy at all times and under all circumstances. Today the enemy is in our midst. In-sidiously he is issuing his propaganda to depress us and show that Germany cannot be beaten. But we know that Germany is already beaten, provided our people at home stand firm. Our men in the field know that they are good for three or four Germans a piece in fighting qualities; they have supreme confidence in the final result. But the front line has now moved back from the trenches to the civilian population—to the workers responsible for turning out the sinews of war and producing food for Britain and her allies. Germany knows this, and is doing her utmost to make the world believe she is unbeatable. The men in the front line fear only the people at home. A Doubtful Asset to Germany. The loss of Russia to the Allies is a doubtful asset to Germany; until she can organize it for industrial and agricultural purposes it is a huge liability, taking hundreds of thousands of troops and police to organize and control it. On the other hand, Russia's place has been taken by the immensely wealthy and powerful democracy of the United States, whose influence on the western front is already being felt. It is for us to have patience; to hold fast to the faith that is within us for the day is rapidly approaching when we will have the absolute mastery of the air, and then the end of Germany is in sight. With her artillery blinded, her troops raked with the machine gun fire of our squadrons of the air, her munition works splintered, her ammunition dumps and railways blown up, her towns devastated by avalanches of bombs, the war will be brought home to the German people. They will then and only then, realize what war is, and what invasion means, and they are not made of the stuff that can "stick it." It is for us to back up our faith and our ideals, for democracy is now on trial. Is it to be "Right is Might" or "Might is Right?" The First Canadian Division made a new landmark in Canadian history; they brought unperishable glory to Canada; they died for an ideal. Yet those who died are not dead. Today their voices call to us above the turmoil and din of the world, and they demand of us that we do not turn our backs and forget the great sacrifice which they made for us, but fight until peace, based upon justice, shall reign upon the earth. Owing to the removal of the \$4,000 a year subsidy, the steamer Connors Bros. will be removed from her route along the coast to St. George after four more trips. Her owners will continue to run her in a private way from Black's Harbor to St. John. Friends of Robert Mays, recently returned from overseas, gathered at the home of Mrs. H. Martin, 59 St. James street, last evening, and tendered him a reception.

GOOD CROPS IN NOVA SCOTIA Prospect Bright in Sister Provinces This Year, Says Principal Cumming, Secretary of Agriculture The Halifax Herald says it has the authority of the secretary for agriculture in Nova Scotia, Principal M. Cumming, of the College of Agriculture, Truro, in saying that conditions are not deplorable but rather the reverse. "It is often an unfortunate occurrence in Nova Scotia," said Principal Cumming, "to have warm days in early April which start vegetation. Then come chilly days with frosts and occasional snow and everything is set back. It is far better to have the cold days early in April than late in April. The grass was well protected last winter with a heavy coating of snow, better protection than it has had for many winters. There is always a small amount of fertility comes with the snow. It is my opinion that this season, so far, has found conditions favorable for good crops." "Will there be increased production in Nova Scotia this year?" was a question asked Principal Cumming and he replied without hesitation that in his opinion there certainly would be. He believes that the farmers of Nova Scotia will make a big and successful effort to meet the ideal set by the Canada Food Board, i. e., one extra acre cultivated on every small farm and from five to ten extra acres on every large farm. Here are a few of the reasons Principal Cumming gives for his belief that there will be increased production in Nova Scotia: (1) One hundred and fifty two-furrow plows have been purchased under the provincial government's plan of a 25 per cent. bonus on all such plows purchased before May 1. During the next ten days it is expected that the number will exceed two hundred. (2) Fourteen Ford tractors are already on the way to Nova Scotia and these have all been purchased to go on Nova Scotia farms. Other farmers are consid-

## LOCAL NEWS

**A QUIET DAY.**  
The court shed road nil at the police court this morning and it was a slack day all around in police circles.

**ARBOR DAY.**  
School Inspector W. M. McLean has appointed May 10 as Arbor Day in School District No. 6.

**WINS PRIZE.**  
In a drawing in connection with a baby bonnet the prize was won by Miss Margaret Power with No. 75.

**CHIEF HAS THEM.**  
The Canada Food Bulletin No. 14, containing the new food regulations and the anti-looter law, as well as other matters of interest to every Canadian, has been received by Chief of Police Simpson. There a few copies for distribution.

**ANOTHER MILL STARTING.**  
Stetson, Cutler & Company's large saw mill at Pleasant Point will commence operations tomorrow morning. This makes the third mill to resume operations this season. Murray & Gregor's mill in Marble Cove and Stetson, Cutler & Company's mill at Indiantown have been in operation for some time.

**THE EXEMPTED MEN.**  
A statement that it may be well along in the summer before the previously exempted men of twenty to twenty-two years will be summoned is declared by headquarters here to be incorrect. Orders have gone out to send in 120 instead of sixty names, and a list is pointed out that even if only 100 a day report it will not be well along in the summer before the previously exempted men are required.

**THE RIVER STEAMERS.**  
The steamer Hampton, which is to go on the Belleisle route to Hatfield's Point is at present on Hilary's blocks having her hull repaired and painted. She will be ready for service on the river in a few days. The steamer Premier, which is to be placed on the Grand Lake route, is also on the blocks undergoing repairs and having her hull painted. She will commence running early next week.

**PRESENTATION TO SOLDIER.**  
Last evening friends of Gunner Alvin S. Currie of No. 9 Siege Battalion called at his home in Baywater and tendered him a surprise party. During the evening Captain Worden, on behalf of those gathered there, presented to Currie a military wrist watch. The time was pleasantly spent with games and music and refreshments were served, after which the gathering dispersed with the singing of the national anthem.

**MARRIED IN WEST.**  
Miss Jessie May Forbes, daughter of Mrs. George C. Forbes of Gardner's Creek, N. B., and Walter J. Grigsby of Nysomo, Cal., were united in the holy bonds of matrimony at 6.30 o'clock on Tuesday evening, April 9, at the residence of the officiating clergyman, Rev. J. A. Sutherland, San Jose, Cal. Immediately after the ceremony Mr. and Mrs. Grigsby left by automobile on a honeymoon trip, after which they were to take up their residence in Nysomo.

**WEDDING ANNIVERSARY.**  
Friends of Mr. and Mrs. Albert C. Ellingwood assembled at their home, 174 Adelaide street, last evening and tendered them a surprise party in honor of their twenty-third wedding anniversary. During the evening Private Roy Morell, on behalf of those present, presented to Mr. and Mrs. Ellingwood a beautiful leather rocker. The evening was spent in games and music, after which refreshments were served. The party dispersed at an early hour in the morning after wishing Mr. and Mrs. Ellingwood many more years of happiness.

**A COMPLETE SURPRISE.**  
Last evening about 8.30 o'clock while the rector of St. Mary's church was holding a meeting, the members of the Pathfinders Club along with girl associates assembled in the school room. After everything was arranged the rector, Rev. R. Taylor McKim, was requested to come to the school room. When he arrived those assembled noticed the amazed look on his face. All the stood and sang the national anthem and Harold Alexander made an eloquent presentation of a handsome travelling suit case on behalf of the Boys' Club. The rector responded. Miss Marjorie Lane, in a few well chosen words, presented to Miss Gilchrist a beautiful cut glass picture. After this the evening was spent in games and later came a pass around, after which the national anthem was sung and the benediction pronounced by the rector.

## A PLEASING RECITAL

Mrs. Arthur Johnson held a recital last evening in her studio in Main street. Her advanced pupils, numbering twenty-five, took part in the programme. All displayed careful training and the numbers were appreciated by the large audience present. The solos were exceptionally good and credit to the pupils and Mrs. Johnson. The programme was: Piano duet, Miss Lunn and Mr. Beaman; flute solo, Mr. Johnson; piano selection, Jessie Odell; piano solo, Vera Dawson; mandolin solo, Vera Dixon; violin and flute, Lombard and Johnson; trio, Emma Chown, Mary Kirk and Master Chown; piano solo, Miss Lunn; piano selection, Marion Searle; violin solo, Master Lombard; piano solo, Miss Regan; vocal solo, Mr. Beaman; piano duet, Miss Dixon and Mrs. Johnson; mandolin selection, Vera Dixon; violin solo, Master Chown; Reading, Mrs. Sprague. God Save the King.

## NEW SUGAR ORDERS

Ottawa, April 26—The Canada Food Board today issued an order strictly limiting holdings of sugar by persons other than cane sugar manufacturers, providing for seizure and forfeiture of sugar held in excess of the quantities prescribed under the order, and making a violation of the order an offense subject to penalties which shall not be less than \$100, and may run as high as \$1,000 or to imprisonment for a period up to three months, or both fine and imprisonment.

**Five Men Burned to Death.**  
Brooklyn, Mass., April 26—Five men were burned to death in a fire which destroyed the bakery of H. Blewett & Son, and the home of Mrs. Eugene Blewett here early today.

## GENERAL MacDONNELL MAY HAVE SUMMER LEAVE OF ABSENCE

Lieut.-Col. A. H. Powell Likely To Be Acting General Officer Commanding This District

Lieut.-Col. A. H. Powell will in all probability be acting general officer commanding military district No. 7 during the expected absence of Brigadier-General MacDonnell, C.M.G., D.S.O. This is a report that is now current in military circles. General MacDonnell has not enjoyed a leave of absence except in case of illness since he returned from the western front, and it is understood that he will receive the permission of the military authorities to take a well-earned rest during the summer, possibly extending over a period of three months. Military men say that in the event of this change taking place, this military district could not be left in better hands. The Baptist church is the only Fairville adjutant-general and quartermaster-general of Military District No. 6. When New Brunswick was made a separate command Colonel Powell was transferred here from Halifax and made assistant adjutant-general. At Valcartier camp he was the acting A. A. G., which position he held until the camp was broken up. When New Brunswick was formed into a separate district he was appointed the A. A. G., which position at present holds.

## FAIRVILLE SEES GOOD ATHLETIC EXHIBITION

Last evening the young people of Fairville Baptist Church gave their annual physical exhibition in the vestry, before a large gathering. The programme was a success from start to finish. The Baptist church is the only Fairville church undertaking gymnasium work, and the present efficiency of their organization is largely due to the efforts of Rev. P. H. Hayward, former pastor. At an appropriate moment last evening a telegram was read from Rev. Hayward expressing his regrets at not being present and sending his best wishes.

From the grand march by all the performers, including the clowns who kept the audience in a roar, the programme went off without a hitch. Several numbers were contributed by Y. M. C. A. members from St. John, and A. M. Gregg, boys' secretary, and S. S. Marshall, physical instructor, were both present. Fairville performers had been carefully coached by Messrs. Thorne and Dunmer of the St. John Y. M. C. A. and their efforts on behalf of the young people have been much appreciated by the church.

The following programme and list of performers follow—  
Grand march—All  
Setting up drill—Mr. Dammer, leader, Boys—Percy Kerrigan, Harvey Beveridge, Cowan Lodge, Wm. Stinson, Percy Sherwood, Leonard Reid, William Harris, Jack Sime, Jack Boyd, Paul Gillespie, Albert Fox, Stanley Ross, Morris Knaprick, Sherry Knorr.

Games—Boys.  
Indian club swinging—Miss Cox.  
Dance of the Jumping Jacks—Y. M. C. A. men.  
Wand drill by senior girls.  
Fyrants—Boys. (Same boys as setting up drill).  
Dance—"The Sailors Hornpipe"—Alex Gibbs.  
Living statuary—Messrs. Thorne and Dunmer, Y. M. C. A.  
Reading telegram from Rev. Mr. Hayward.  
Presentation to Miss Cox.  
God Save the King.  
Carey Black acted as chairman during the remembrance prayer to Miss Cox. The first part was due to the efforts of Miss M. McAllister, organist of the church, who was responsible for the talent and all the vocal numbers. The whole affair reflected credit on the young people and those who trained them so carefully for the exhibition.

## FAIRVILLE CONCERT A MARKED SUCCESS

The hall of the Church of the Good Shepherd, Fairville, was crowded last evening when a high class concert was well given. The first part was due to the efforts of Miss M. McAllister, organist of the church, who was responsible for the talent and all the vocal numbers. The whole affair reflected credit on the young people and those who trained them so carefully for the exhibition.

Dear Mary:  
I have your letter telling me how pained you are because Mrs. W— called and seemed to be so critical. You should not blame her. She showed the proper spirit in coming to see you. I'm going to be frank and say that you should be prepared to entertain those who visit you. Mrs. W— lives in a beautiful home and could not help noticing things. You just go right at Tom and tell him you must have some new furniture and rugs.  
Hastily—HELEN  
P. S. You'll hunt no further for furniture and rugs if you go first to
