BAPTIST CONVENTION.—The Eastern N.

School teachers and school children bulky and hard-to-be-comprehended Canadian History now in use in our schools is to be done away with. The Board of Education should have taken this step long ago, for the use of such a book was only calculated to help the publisher, it being of very little practical jority, to fill the vacancy caused by the value as a text-book. At the Westmorland Teachers' Institute held at Shediac on Thursday, Chief Superintendent Crocket stated that some changes had others adopted, viz: Campbell's Geo-graphy, Archer's smaller Canadian His-tive of good, while it will prove a great ng company, on notes, made by his cluding many teachers. The lecturer spoke of the great benefits to be derived isiness transactions, and that his from the teaching of the three R's, as well as industrial drawing, etc. Domestic economy was also touched upon,

the practical teaching of which would ternal management of the household. He said the girls could be taught cutting, sewing and knitting, while the boys might be taught the importance and dis-tinction of colour and many other useful

CORRECTION.

the Assessment of Rates and Taxes, in that respect was this: that while the valuators seemed to incline, in a general way, to the very correct principle that the burden of taxation should be placed upon the shoulders of those best fitted to hear it, with the Assessors the reverse seemed to have been the rule. The assessors seemed to incline to the opinion that the burden should bear more heavily upon those who by long usage had become accustomed to bearing it. They seem also to bave had a lurking idea that the incomes of wealthy individuals, merchants, business men, and all Government officials, except indeed the poorly paid public School Teachers, should be exempt from taxation; while they seem to have considered it no part of their duty to exempt the property of widows etc., in the sum of five hundred dollars as required by law, so that some of the aggrieved parties have had to appeal to the Council for redress. In justice to the present Board of Assessors I should say that they have done much to remedy this state of affairs but I am bound to add that they have not gone far enough. respect was this; that while the valuators proofs that dynamite was imported 600 suits MEN'S & BOY'S Clothing, should say that they have done much to remedy this state of affairs but I am bound to add that they have not gone far enough.

Apart from all that, I demanded a County Valuation on the ground that the total valuation of property in the parish of Blackville has greatly declined, that consequently this parish is largely over assessed and pays more than a due share of the County assessment.

She for some years devoted herself to pions and charitable works. She founded and liberally endowed the mission church of St. John the Baptist, with whose existence the Church of England Synod has had some trouble, because of the alleged infringements on the rights of another church parish.

County assessment.

I did not state as a matter of fact that

Avard McKenzie, a young man, was I did not state as a matter of fact that the assessors of Blackville were "too often guided by their personal feelings in making their assessment." What I really did say was that assessors in general should be sworn, since unrestrained by an oath, they might feel themselves at liberty to be swayed by their personal feelings. Coun. Campbell's sneer at the Parish of Blackville, therefore is to be a tributed to his insolence.

As to Coun. Fish saying that "the Council As to Coun. Fish saying that "the Council

was requested to put my remarks in writing, but it does not state that I did so. For the public information I may say that I prepared a resolution, which was duly moved and seconded but which was laid over till

January next. In parliamentary phrase my "bill was given the six months hoist." With regard to the report of Mr. Morrisson' attack upon me, I wish to remark that I did not say that other hands had applied the hook after Mr. Parker had applied the calipers, but that the reduction approaching 10 per cent. was made by the buyers as I was informed by the seller, who had a con-

opposed it for the reasons given and also because I believed he was beneath the censure of any public assembly having sufficient respect for itself.

MICHAEL WHALEN.

Having sold Peruvian Syrup for many years, and knowing that its use has been attended with great success in cases of Dyspepsia, General Description of the System, and diseases originating in a bad state of the blood, I am satisfied that it is a Apply to

John Russell, Trustees, Blackville, 12th July, 1884. P. S. In proof and justification of the

above remarks bearing on the qualifications of Assessors of Rates, I should state that on application to the Sec.-Treasurer, I find that no returns of their having taken the oaths of office have been fyled in his office, except in the cases of the assessors for the Parishes of Nelson and Rogersville.

The Forestry Exhibition.

Says the Edinburgh Express of the

As an instance of the benefits arising from the Forestry Exhibition it may be mentioned that when the Province of New Brunswick were being opened at the building a few days

| Description of the content of the con since, the workmen noticed that they had more trouble in drawing the nails had more trouble in drawing the name than usual. On inquiry they found that the wood used for the purpose of boxing the goods was that which is Drill in Camp.

Members of the Battery wishing to furnish the same must make application on or before in New Branswick to a great extent as a waste wood. Owing to its abundance, hemlock can be furnished here at a much cheaper rate than spruce. This tree has hitherto been cut down in New Brunswick for the bark alone, which is peried in the early summer, dried and hauled to manufactories, where the tannin which it contains is extracted. This is exported, while hundreds of thousands of the trees are 190 Bbls. ENGLISH PORTLAND CEMENT. left lying in the forest to rot. There are two kinds of Lemlock, the coarse barked and the white. The wood of the former is apt to be shaky, while that of the latter is generally sound that of the latter is generally sound and firm. From the tenacity with which it holds nails it is exceedingly well adapted to the construction of boxes which are required to contain heavy articles. It can also be used for nearly all of the other purposes for which spruce deals are used.

.....

The Coming Crisis.

London, July 10 .- Sir Charles Dilke addressed the liberals here today regarding the action taken last night by the house of lords on the franchise II. He believed the country wished the tranchise bill presented repeatedly to the lords until they passed it. He felt there was no doubt about the Gladstone, he said, would call a meet intend (D. V.) holding their Gladstone, he said, would call a meeting of the party in the foreign office morrow when Mr. Gladstone will make a statement on the subject. Sir. would be beneficial in its effect upon the other great measures. The cou-servatives in the lords were divided in leaders and policy, and showed June 26-Bk. St. Julien, 1049, Fritz, Mared whether they would follow Lord Salisbury in a second or third rejection of the franchise bill. If the lords 30-Bk. Mary Durker, 880, Petersen, Sydney, ballast, Geo. > With a General Assortment of Cordage kept Constantly on Hand.

Liverymen, Everybody in want of First Class

I beg leave to announce that I intend to still carry on my business in the town of Newcastle at my old stand, where I intend to keep everything in connection with the HARNESS AND COLLAR business, feeling sure that my past record will bear my out in asking you to still continue your liberal patronage, and by paying strict and prompt personal attention to all orders left, I hope to keep in future as in the past the confidence you have placed in me. As the great demand for my CELEBRATED COLLARS makes it impossible for me to keep any great quantity on hand, I shall always be ready and willing to take the measure of your horses, and make collars to suit them, when a GOOD FIT will always be guaranteed or no pay. It is impossible for horses to be gailed in these Collars, as the greatest pains is taken to make them work with ease and comfort to the animal, the proof of which is in the fact of having made and sold two thousand of them in Mirami hi and surrounding districts, and never having any of them returned for hurting the shoulders of any horse that wore them. Everyone is made by myself, and are warranted no imported trash, but genuine hand made, wool faced, long straw Collars.

ALWAYS IN STOCK WHIPS, W HIP THOOS, CURRY COMBS, BRUSHES, Mane Combs, Horse Cards, Interfering Boots, Harness Oil, Neat's Foot Oil, Harness Soap, Axle Oil and Grease, Sweat Pads, Saddle Pads, Silver Polish, Whip Sockets, Harness Snaps, Cart Harness and Back Chains, Horse Blankets and Sircingles.

Will get anything not in stock for any person when required.
RIDING SADDLES, MARTINGALES and BRIDLES imported to order. All orders mptly attended to.

Harness and Collars repaired with neatness and despatch, and at moderate prices.

M. O. THOMPSON. FIRE PROOF ROOFING 5th June, 1884. THE SPARHAM LATELY RECEIVED: CARS GRANULATED FINE and COARSE and Extra C. SUGARS. Fire Proof Roofing Cement Co. 4 grades; 300 Half-chests Oolong ard Congou Tea; MONTREAL AND BOSTON, are the Manufacturers and Sole Proprietors of

Sparham's Patent Mineral 100 dozen Worcestershire Sauce, Harvey Sauce, Lazenby's Pickles and Mush-room Ketchup; 14 Gross Ess. Lemon, Peppermint & For Roofing, Sheeting, General Painting, Btc. The Most Durable, Serviceable, Cheapest, Strongest and Lightest Roofing in the known world. Vanilla;
100 tins Colman's Mustard, 4 and 7 lb.
