CAMPBELLTON, N. B.

BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored sample, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in our power to give prompt despatch.

Manufacturers of STORE FRONTS, STORE CHURCH FITTINGS, Wholesale and Retail Dealers in PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING, and SIDINGS, NEPONSET PAPERS and ROOFINGS, SHEET LEAD, ZINC, PLAIN, FANCY, ART and PLATE GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.

RESTIGOUCHE & BON. S. S. ASSOCIATION MEET

Report of Proceedings of Meetings Held Here Last Week.—Encouraging Reports

Campbellton, N. B., July 13th and 14th, 1916.
The Annual Convention of Restigouche and Bonaventure Sunday School Association met in the Baptist Church, Campbellton, on above date.
Convention was opened at 2 o'clock p. m. with devotional exercises led by Rev. G. M. Young. Singing "O God of Bethel" and the whole meeting while standing, repeated the "Lord's Prayer" in concert. Singing, "Come Holy Spirit," Prayer by leader and Rev's Camp and Purdie. Hymn, "My faith looks up to thee." Reading, a few verses from Acts 13th Chap., after which he spoke to us for a few minutes. "Carry the message home, to your home, to your school. The need of self-renunciation, Willingness of Co-operation. God Bless the Convention."
Then the President took the chair and business was taken up.
Minutes of last session of last year were read and approved.
Committees were appointed as follows:—
Nominating:—Messrs. J. M. McLean, J. O. Shearer, Martin Smearer, Mrs. D. J. Bruce, Miss Mabel Keith.
Rev's W. Camp, J. E. Purdie and H. Miller.
Credentialed:—Mr. Percy Carter, Miss Myrtle Matthews, Mrs. John Dickie.
We then had reports of schools by delegates.
Campbellton Presbyterian by Mr. John J. Leach.
Have started Mission study this year.
Campbellton Baptist have started Cradle Roll and graded lessons.
Campbellton Methodist have organized Adult Bible Class and taken up Mission study.
Campbellton Anglican, a very good report.
Athol, Tide Head, Flat Lands Union no report.
Flat Lands Presbyterian open all the year, a fair work, small school.
Dawsonville and Glenora, no report and Glenora closed.
Richardsville have started I. B. R. A. this year and taken up Missions.
Dalhousie have started I. B. R. A. this year. Average attendance 60.
Charlo has about 63 on roll. Average attendance 28.
Upper Charlo, attendance about 35 or 40. Opened in April.
Black Lands open eight months in the year.
New Mills, a small school. Average attendance 12. Open all the year.
Black Point. A large attendance. Summerside and Heron Island, no report.
River Louise, opened April 1st, very good school.
Jacquet River, an interesting school. A large Bible Class and 5 others.
Archibald Settlement, 46 enrolled. Average attendance 30. Open all the year.
Matapedia, enrollment of 47. Broadlands and Kemp Road school closed at present.
Point a la Garde, a very small school, about 12 enrolled.
Escuminac North, Aboyné, Escuminac Flats, New Richmond Centre, Black Cape No. 1 and McRae school Black Cape, no reports.
New Richmond. Open all the year. Average attendance 15 or 18.
New Richmond West, newly opened last Sabbath of May. 65 on roll. Average attendance 45. Grand Casapedia and Caplin, no reports.
New Carlisle, going along in much the same way. Have started a Mother Class this year. 2 had joined the church and 6 had enlisted.
Paspebiac doing very well.
Shigawake, Port Daniel, Upsalquit, Marne Settlement, no report.
Dalhousie Jct., no report, but Mr. W. A. Ross said there was a good school.
Eel River had a good school, but it was closed just now on account of the illness of the superintendent.
Rev. W. A. Ross said that the reports showed that the schools were going ahead, and that they were showing a good missionary spirit.
We had hymn "Lord I hear of showers of blessing and offering for

NORTH SHORE BATT. MAKING PROGRESS

Work at Rifle Range Surprises Military Men.—More Men Needed

Valcartier Camp, P. Q., July 19th, 1916.
To Editor, Campbellton Graphic, Campbellton, N. B.
Dear Editor:—
No doubt the North Shore people will be pleased to hear of the rapid strides being made by the 132nd Battalion, which is now considered to be one of the Best Battalions in Valcartier.
The Battalion went to the Range on Tuesday last and astonished the members of the Military circles here by fine shooting and the small number of men who did not pass. The Battalion leaves Camp every morning and spends the whole day on the Plateau drilling, lectures, etc., preparing themselves for Overseas service, under the able tuition of the Brigadier, Colonel McLean and Brigade Major H. Stetham.
The men are in the pink of condition and seem to be well satisfied with the life.
We require about 150 more men to fill up the Battalion and take the place of any men who are medically unfit. Now is the chance for any young men who wish to go overseas at an early date and to be members of one of the crack Battalions of New Brunswick.
The 132nd Battalion was not advertised very much during the winter, hence the surprise of the Military circles of Canada at the smartness and alertness of the Battalion.
It is understood that the people of the North Shore are presenting the Battalion with Colours, about the first week in August. The boys hope that

TWO FATALITIES ON THE RIVER

Leonard Gauthier and Joseph Moren Drowned Tuesday Evening

Tuesday was an exceedingly warm day and as a consequence many boys and young men went to the river to bathe.
At Duncan's Point, in the rear of the salmon shed a large number of boys had been bathing during the afternoon. After the supper hour also some boys were enjoying a cool plunge. Among them was Leonard Gauthier. He stayed in the water after the others had come out to dress.
About 7.30 one of the other boys noticed young Gauthier being carried out by the swift current, and a young man named Demeau made an attempt to save him, but was not successful and Gauthier sank in deep water.
The body was recovered about a half hour later.
About the same time another drowning accident took place at the Athol mill boom.
Joseph Moren and another man named Poirier were enjoying a cool dip when Moren, who could not swim, got into deep water. Poirier, who also could not swim, went to his rescue, and both were in a serious condition when Mr. John Iott saw them and went to the rescue. He pulled Poirier out in an unconscious state, but could not get Moren. It took some hard work to revive Poirier.
Moren's body was recovered a little later and was forwarded to his home at Lance A'Gascon this morning by Undertaker Graham.
A good number will visit them in Camp on this occasion.
Yours truly, SOLDIER.

COUNCIL PAYS \$20,000 SCHOOL BONDS

Were Returned July 1st.—Estimates of Proposed Water & Sewerage Extension

A meeting of the Town Council was held in the Council Chamber, Friday evening. His Worship Mayor Andrew Quinn, Harquail, Goss, Alexander and Miller.
A check for \$1435.99 as the town's share of the Liquor Licenses for 1915-16 was acknowledged.
The following Board of Health accounts were passed:—
Graphic \$13.50
A. McG. McDonald 25.70
Account of S. W. Dimock for Rent of Opera House and piano player for reception to returned soldiers, \$8.00 was ordered paid.

Campbellton Garage 47.45
His Honor Judge McLatchey addressed the Council on reference to the registration act.
After discussion a committee consisting of Counc. Harquail, Alexander and Pichette were appointed to devise ways and means of obtaining a list of persons as required by the Registration Act, and if necessary employ enumerators to do the work.
The matter of rent of town offices was up for discussion and the clerk was instructed to communicate with Mrs. Murray and ascertain her intention in reference to the matter.
Coun. Alexander reported on proposed Water and Sewerage work as follows:—
Ramsay St. sewer \$694.10
Park St. water 281.20
Gerrard Street, sewer 44.00
Aaran St., water and sewer 2231.39
New feed for water, Lansdowne to Andrew 1300.00
On motion the action of the Town Treasurer in paying off \$20,000 school bonds which matured July 1st, 1916, was ratified.
On motion it was resolved that water main be extended through school property from Lansdowne to Central street and that water and sewerage be put in on Aaran street, and that the Council ask permission of the school board to cross the school property.
The electric light committee were authorized to procure a man to take Manager Farrer's place until he is able to resume his duties.
Council then adjourned.

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SNYDERBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

COL. McAVITY SPEAKS OF THE KILLED

Men of Noble 26th Made Name For Regiment.—Loss of Officers Great

Lt. Col. McAvity, O. C. of the 26th Battalion is home on sick leave. At St. John he spoke of the Battalion as follows:—
"My men made the 26th what it is today. They have given it the glorious name it bears," he said when asked about his battalion. "I did nothing," he added in an offhand manner, "I simply transferred the orders which I received from headquarters, 'although there are times out there when you have to use common horse sense and do the best you can,' he added with a smile.

"No man could have received better support from his officers, N.C.O.'s and men than I received from the boys of the 26th. They carried out every order where it was possible for flesh and blood to maintain its position.
"The regiment sustained a tremendous loss in the death of Major W. H. Belyea. He was second in command and not only an efficient and popular officer but most successful in his work and was considered by brigade headquarters one of the finest officers in the whole brigade.
"Lieut. Ferguson, No. 1 should say Capt. Ferguson, for he was in orders to be a captain when he was killed," said Lieut.-Colonel McAvity was another of our fine officers. He was a personal friend of many of the men of the battalion and his death was keenly felt. He was machine gun officer and was another man who was considered one of the most intrepid and had been the most successful in his work of any man in the brigade.
"Lieut. Nesbit and Lieut. Lawson were also killed. They were both good officers and we could ill afford to lose them," he added.

"Our losses were great all along but we fought it out the best we could, no man can do better," he said.
"The Germans are good fighters, and the people in Canada should not discount that fact," he said when asked about the enemy. "They are well trained and fight with great determination."
For mean devices, for "sheer cursedness" and devilish schemes, he said, the Prussians had all the rest of the German army beaten.
"What kind of troops were we up against?" he was asked.
"I think while we were in the trenches we were opposed to almost every branch of the German army," he answered.

"Our first position was a very trying one. It was low and the trenches were constantly full of water. For three months we had to stand up in that water in the trenches and often crawl on our stomachs when the German fire had smashed up our trenches."
On Sunday the 16th day of July inst., Mr. Robert Smith, one of Campbellton's old and respected residents passed peacefully away in his 69th year. Mr. Smith, who was born on Ramsay Street, spent the greater part of his days in town. He was a man of sterling qualities. He leaves to mourn his loss a wife, daughter of the deceased Walter and Nancy Glover of Kempton, P. Q., and one brother Hugh of Glen Levis, N. B., with a number of other relatives. Interment on Tuesday the 18th inst., at the Rural Cemetery Campbellton. Funeral services at his home and grave, conducted by the Rev. Hugh Miller, Presbyterian Minister of Campbellton, of which body Mr. Smith was a member.

And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord henceforth. Yea, saith the Lord, they shall rest from their labours; and their works do follow them.

SUNDAY SCHOOL PICNIC
Twelve cars crowded with merry young and old folks left Campbellton Tuesday morning at 9:30 o'clock for the usual picnic grounds at New Mills. The day was an ideal one and was enjoyed by everyone. The ladies of the New Mills Red Cross sold refreshments on the grounds and cleared a handsome sum for Red Cross purposes. The day was spent with boating, bathing and sports, a large number being in the water during the afternoon. One of the most interesting spots was the new government salmon pond, where over three hundred salmon are being kept for breeding purposes. The salmon range in size from ten to forty pounds and can be distinctly seen swimming about in the clear water, frequently coming to the surface with a rush, jumping clear out of the water and falling back with a splash. Hundred of spectators watched the antics of these sportive fish. The picnic train left the grounds at 7 o'clock, and it was a tired but happy crowd after a most pleasant day at the seashore, without an incident to mar its pleasure.

Here is the latest story from Sandhurst Military College: Overnight the cadets conspired. When next morning the sergeant gave the order "Number off from the right!" the voices rang out, "One, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen." Quick as lightning the sergeant continued with "All court cards fall out and report to the major."

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

HATTIE WARREN
Port Robinson, Ont., July 18, 1916.
"We have used 'Fruit-a-tives' in our house for over three years and have always found them a good remedy. Our little girl, Hattie, who has been suffering from Kidney Disease. The doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally we decided to try 'Fruit-a-tives' and began showing improvement. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

WILLIAM WARREN.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

NEWSPAPER PRICES

The Parrboro Leader announced Friday that the paper would suspend publication for a time at least. The Leader has been a bright little paper and we will miss it from our list of exchanges. However, the newspaper business is becoming more difficult every day. In the west many small papers have gone out of business during the last year or two; the larger papers have been obliged to reduce their size, and several morning papers have suspended publication. The other day we received notice that the publishers of the Weekly Mail and Empire of Toronto, an old established publication had decided to quit.
Other papers are increasing their subscription price in order to stay in the game. We notice this course has been followed recently by a Campbellton and a New Glasgow paper.
In Ontario the smaller publishers are getting together and it looks as if the majority of weekly papers would soon advance their subscription rates to \$1.50. The time is coming when all \$1 a year papers must follow suit or go out of business. Newspaper in cost is more than ever. So difficult has the situation become that it is impossible to make a contract with any of the wholesalers, and unless the publishers place his order many weeks ahead he may find himself out of paper entirely. Ink, type and gasoline and practically every other commodity used by the printer has increased in price from 25 to 100 per cent. The publisher cannot continue to pay and stay in the business. The load must be shifted to some extent at least, upon the consumer, which in the case of all newspapers means the subscribers and the advertisers.—Ex.

"Henry, how do you like my new hat?"
"Well, dear, to tell you the truth—'Stop there! If you're going to talk that way about it, Henry, I don't want to know.'"

Amos: I don't care much for that piece of the orchestra is playing now. Mariel: Why, that's futuristic music! Amos: Oh, is that? Why don't they play it some time in the future, then?

Leoret—You look worried, old chap. Yaddah—Yes, I'm afraid my wife is sick. She stayed at home all yesterday afternoon.

Local Druggist Repairs What Famous Surgeons Cannot Touch

Shattered nerves are beyond the reach of the Surgeon's knife. What will repair them? Dozens of people right here in your home town will bear testimony to this fact that Zoetic—the health tonic—has set them on their feet again. This famous combination of glycer-phosphates—the actual element of the human body—Cod Liver Oil and delicious tonic wine, supply the very elements that worn out nerves require. In a quiet way the action of Zoetic is truly marvellous. Without a trace of narcotic it induces sound sleep. And following that, better and better digestion. And following that a final and complete rebuilding of the nervous system drained of vitality. Two weeks' faithful use of it will convince you. Because you have been so often misled, expecting much and receiving little, we offer outright to refund the purchase price of Zoetic if at the end of two weeks you cannot report real progress toward better health. Start trying it to-day. Sold by Thomas Wran, Distributing Agent.

LIVING SUBS BLOCKADE THE ATLANTIC COAST

U. S. Government Finds Its Fleet Incapable of Beating the Sharks

New York, July 17.—Sharks are the undisputed masters of the Atlantic coast. The Federal Government today abandoned its proposal campaign of extermination by the coast guard along the New Jersey branches.
The enemy were simply too numerous. The Government's marine experts acknowledge that the coast is in a state of blockade by living submarines.

Bathers must look out for their own safety. Torpedo-net barriers are being installed wherever there are bathing houses on ocean or bay.
The largest specimen to be captured since the scare began was a 15-foot hammerhead shark hooked by the sailors of the battleship Texas while on her way to Newport, R.I. It took eight sailors to haul him on board.

Long Island Sound has been invaded, and three sharks of man-eating size were harpooned and brought ashore near a crowd of bathers at Greenport, L.I., to-day. Two measured over two feet and the other over seven feet long. They had companions, but these disappeared when the harpooners sailed out in a dory.

STILL LEADS WORLD IN SHIPBUILDING

Although Hampered by War Drain Great Britain Hold Record for Merchantmen.

Washington, July 18.—Great Britain although hampered by the drain of war and a big naval construction programme, still leads the world in building merchantmen, according to a statement issued today by the U. S. Bureau of Navigation. Her ship yards have under actual construction now 423 steel merchant ships of 1,423,333 tonnage, and would have more but for the fact that private yards are engaged in building war vessels.

The entire world in 1915 launched 743 merchant ships of 1,201,638 tonnage. Of these eighty-four of 177,460 tonnage were launched in the United States.

WORLD PEACE MERE DREAM IF NO POWER TO ENFORCE

Sir George Foster Thinks Nations Could Easily Form Peace Arbitrator

London, July 18.—Sir George Foster, in replying to a delegation of the League To Abolish War, says that no more resolutions will ever effect a compact adequate to the repression of war, but that there must be behind such a resolution for world peace an adequate force to compel obedience thereto.
It would seem, he says, that if Britain, France, Russia, the United States and Japan were to come to a solemn binding agreement not to make war or to allow war to be made, and there would be an adequate force supplied in the least objectionable way. The moral forces of the world should be exercised toward that or a similar end.

SERIOUS FLOODS IN SOUTH CAROLINA

Many Deaths and Losses of Property Sustained in Five American States

Raleigh, N. C., July 18.—North Carolina, South Carolina, Virginia, West Virginia, and Tennessee, are in the throes of serious floods, much loss of life and damage to property amounting to about \$15,000 having been sustained, so far as is known at present. The number of persons known drowned are thirteen and ten others are missing. The floods raised incessantly for 48 hours but are now receding. Railroad and telegraphic communications are still interrupted and some sections are still isolated which might increase the toll of deaths.

WESTMORLAND HAS OPPOSITION TICKET

The Opposition forces in Westmorland, who recently defeated Hon. P. G. Mahoney, Minister of Public Works, are now ready for the provincial election. At a large and enthusiastic convention at Moncton on Wednesday a ticket composed of Hon. F. J. Sweeney, C. M. Leger, Dr. E. A. Smith, and Fred Magee, was unanimously nominated. At the same convention Hon. C. W. Robinson was nominated as the Opposition candidate for the city of Moncton. In the recent by-election in Westmorland the Opposition forces, with two governments arrayed against them, defeated the Minister of Public Works. Having achieved such a notable victory in a by-election, it ought not to be a very serious matter for them to elect their whole ticket whenever the provincial elections are called on, says the Fredericton Mail.

It Is This Twist
Plus the Alaska patented interlocking construction, as shown in the border, plus the strong parallel tension of the sturdy helical springs at each end, makes the

ALASKA Twisted Link SPRING

(WITH THE GUARANTEED NON-RUSTING ENAMEL FINISH)
so much superior in buoyant comfort and durability to any other wire spring—has none—though practically the same in price. Because of its reinforced adjustable center springs it will in any bed and house of its non-rusting enamel finish it will not damage bedding. It is true--the Ford car is best adapted to Quebec roads

Over the rough roads, through the sandy country highways, up the steep Quebec hills past the laboring heavier cars, the Ford goes easily, speedily, without fear or hesitation.

It is so strong—so light! The Ford engine has more power per pound weight of car than any other automobile engine made.

More Fords are being bought in Quebec this year than all other makes of cars put together—unquestionable proof that the Ford has given the greatest satisfaction for service over Quebec roads.

The demand for Fords is so great that production capacity has been strained to the utmost. If you want a Ford this season you should get your order in immediately—a day's delay may bring disappointment.

Local Items of Interest

News Notes of Town and Country Happenings Gathered by Graphic Reporters.

TRANSFERRED
T. Harold McNair, who has been station agent at Bathurst for some time has been transferred to the Campbellton office.

MAKING BRICKS
The new brickyard of the Maritime Automobile Company is now ready to manufacture bricks. An up-to-date brick plant has been installed.

DOING NICELY
Mr. H. G. V. Farrer, who met with an unfortunate accident last week is making satisfactory progress. The broken limb is doing nicely and no complications have arisen.

GONE TO ALASKA
Miss Hazel Winter of Fredericton, supervisor of the New Brunswick Women's Institute, left Friday evening on a trip to Alaska, having been one of the winners in a recent newspaper contest.

PROFESSIONAL
Dr. A. Pierce Crockett, eye, ear, nose and throat specialist of St. John, will be at the St. Louis Hotel, Campbellton, FRIDAY, JULY 28TH, where he may be consulted professionally. July 20-22.

NEW COMPANY AT CARAQUET
Messrs. Michael Frechette, of Montreal, Theotime LeBouthillier, Pierre P. Morais, Seraphin Leger and Joseph A. Blanchard, of Caraquet, N.B., have been incorporated as the Les Pecheries de Caraquet, Limited, to carry on a general fish business. The capital stock of the company is \$35,000 and the head office at Caraquet.

FOR BELGIAN RELIEF
The Governor-General, through Lt. Gov. Wood, requests that the schools of New Brunswick co-operate in a general movement throughout Canada to raise funds for Belgian relief, the proposal being that school concerts and entertainments be held everywhere on November 15th, King Albert's birthday, for this purpose. The proposal was given favorable consideration at the Teachers Institute held at St. John recently.

SERIOUS ACCIDENT
An accident occurred at Bathurst Friday morning, which will in all probability result in a fatality. While William Hodgins of that town was on the arm of the dredge Invader he in some manner lost his balance and fell to the iron turntable, about 35 feet below. He was picked up in an unconscious state and taken to the hospital. Examination revealed the fact that one leg was broken in two places, the other leg and hip were broken, one arm broken, and internal injuries. No hope was held out for his recovery. He was about 50 years of age and has a wife and four children.

LEST WE FORGET
Our merchants are again reminded that the Graphic office is fully equipped to print all kinds of loose leaf and monthly account forms. We also supply counter check books of various styles at lowest prices. Let us have your next order.

You cannot get such excellence elsewhere because Liggett's Chocolates are sold exclusively by Rexall Drug Stores. Thos. Wran.

WARM WEATHER
The weather for the past week has been very reasonable, and crops throughout the county are feeling the benefit.

NEW WATER TROUGH
A new concrete water basin has been placed at the old well near Harquail's factory, replacing the old barrel. This will be very convenient for teamsters.

INSPECTING PREMISES
Milk Inspector A. McG. McDonald is making an inspection of premises of persons supplying milk to customers in Campbellton. So far all premises have been found in good condition.

COLORS FOR 132ND
The Daughters of the Empire intend presenting regimental colors to the 132nd Battalion, and subscription lists have been opened at each of the local banks. The ladies will be glad to have liberal contributions to this fund.—Chatham Commercial.

STRAWBERRY FESTIVAL AND BASKET SOCIAL
The Ladies of the Catholic Church at Shives Athol will hold a Strawberry Festival and Basket Social on the church grounds on Monday, July 24th. Proceeds in aid of new church. All welcome.

HAYING COMMENCED
A few of our farmers have this week commenced haying, but many more should have made a start. Many fields of clover were ripe to cut last week. It is a mistake our farmers make of allowing their hay to become over ripe before cutting. The hay crop is an unusually heavy one this year.

SUGAR GOING UP
According to advices received here by local wholesalers sugar prices are due for another increase. The raw product has jumped to prices in New York and a further advance in all the brands is expected at any time now. At present sugar is selling at \$8.60 per barrel, retail, and \$8.55 per bag—Globe.

BELGIAN ROYAL CONCERT CO.
A good sized audience greeted the above company in the Opera House Friday evening, and to state the audience was delighted is putting it mildly. Seldom, if ever, have we been favored with such artists as appeared Friday evening. The applause was generous and generously responded to by the company. A good sum was realized for the Belgian sufferers.

WORD OF LT. FRANK LOCKHART
In speaking at St. John, Col. McAvity said:—"Just before I left London, I received word that Lieutenant Frank Lockhart is wounded and is now a prisoner in Germany" was another statement which Colonel McAvity made. Lieutenant Lockhart was a short time ago reported killed and this news that he is a prisoner in Germany will be received with rejoicing by his friends."

WANTED

CARD OF THANKS
Mrs. Sarah Smith wishes to thank her friends for the kindness extended to her in her sad bereavement.

FERGUSON-NICHOL

A wedding of interest took place Wednesday evening, July 12th, at nine o'clock at the home of the brides parents, Mr. and Mrs. Wm. Nichol, Glen Lewis, N. B., when their eldest daughter, Leah Mae was united in marriage to Frederick A. Ferguson, Flat Lands. The bride was given away by her father. Miss Marguerite MacMillan of New Mills played the wedding march. The ceremony was performed by the Rev. Mr. Miller, Campbellton, under an artistically arranged arch of greenery and daisies.

The bride looked exceptionally pretty in a gown of white chiffon over ivory satin with pearl trimmings and wore a bridal veil and orange blossoms and carried a bouquet of brides roses. Miss Jean Coughle of St. John was bridesmaid and was gowned in pink crepe de chene with shadow lace and leghorn hat with trimming to match and carried an arm bouquet of pink carnations. The groom was supported by J. Clifford MacDonald of Campbellton. Little Mary Rets MacDonald made a delightful flower girl.

Following the ceremony luncheon was served to about one hundred and fifty guests and at 1.30 a. m., Mr. and Mrs. Ferguson left by auto for Campbellton to take the train for Quebec and other friends. The bride travelled in a navy blue silk suit with black and white hat.

The groom's present to the bride was a sunburst of pearls, to the bridesmaid a pearl brooch, to the groomsmen a diamond tie pin, and to the flower girl pearl beads.

Both the bride and groom are well known here. The bride is a graduate of the Victoria Hospital, Fredericton and the groom a prominent lumber man.

After their return Mr. and Mrs. Ferguson will reside in Campbellton.

SOLDIERS PICTURE

Every week the Graphic receives pictures of our brave boys who have been killed or wounded at the front, which friends wish reproduced in our columns. As the cost of engraving these pictures is slightly over two dollars each, we request friends sending the photos to send \$2.00 to pay for this work.—Adv.-tf

ALMOST TOTAL ECLIPSE

The almost total eclipse of the moon Friday night was a beautiful sight. The sky was cloudless and the atmosphere clear. The amount of the moon's disc darkened was much greater than that of January 19. The moon entered the penumbral shadow about 18 minutes after ten o'clock, but as this partial shadow still contained a great deal of light, no darkening of the moon's light was really perceptible until the moon actually entered the completely dark shadow, which it did about an hour later at 11.19. The middle of the eclipse occurred at 12.12 and the moon left the shadow at thirteen minutes past one. Eight-tenths of the entire surface of the moon was invisible during the height of the eclipse.

Campbellton, N. B., July 20, 1916.

IS PATRIOTISM Waning?
During the past week several of our
soldier boys have returned from the
trenches, war scarred and sick. They
have arrived unheralded and practical-
ly unwelcomed.

Why is this?
Are Campbelltonians not as proud
of their returned heroes as other towns.
In the press of the Maritime Provinces
we read of demonstrations in
honor of their war heroes, why do we
not have some mark of appreciation to
those who have done their bit and in
many cases ours as well.

Last week one of our boys who was
wounded while serving with England's
air scouts arrived home and outside
his family and a few friends, there
were none to give him a hearty wel-
come. Never a cheer to show that we
appreciate his work. No music to
gladden him upon his arrival back to
friends.

Surely we are not devoid of all pa-
triotic feeling in this respect.
Order out the band. Let the citizens
generally know, so that a fitting wel-
come may be given.

FOR PUBLIC HEALTH
There is a law on the statute books
which provides that all fruits, meats,
etc., displayed for sale must be so cov-

SUNBURN.
BLISTERS
SORE FEET.

Let it give YOU ease
and comfort.
Druggists and Stores everywhere
Zam-Buk

SIR DOUGLAS HAIG, Commander in Chief of British Forces, France.

ered that the dust from the streets or
the flies cannot come in contact there-
with.

Such a law is certainly not in evi-
dence in Campbellton.
Storekeepers display strawberries
and other fruit on the sidewalks in
front of their stores without the least
covering; meat and fish markets dis-
play meat and fish outside their stores,
and all are open to the dust of the
streets, and flies from nearby refuse
heaps alight thereon and spread fever
and other dangerous germs.

It should not be necessary for the
Board of Health to advise our mer-
chants in this matter, their own intelli-
gence should be sufficient to show them
the necessity of preserving in every
way, the public health.

Let us at least have clean and whole-
some things to eat.

A weedy and neglected roadside
soon means a dirty farm. If the Muni-
cipality neglects to look after the
weeds on the road—as most of them
do—each farmer should see that those
adjacent to his own property are cut.

ALLOWED TO GO

The German, who last week was de-
tained here was on Friday allowed to
proceed on his way to Montreal.

RETURNING HEROES

Wounded and sick soldiers have
passed through here on their way to
Quebec, and many looked weary and
worn after their long trying journey.

POLICE COURT

Things have been exceedingly quiet
in police court circles during the past
week. One young man was fined
three dollars and costs for driving his
auto without lights. Another was ar-
rested for stealing a spark coil from
L. Gaudreau's boat. He was remand-
ed. Two drunks were before His Hon-
or. They were fined \$3.00 and \$5.00
and costs.

MRS. WM. NAPIER

Citizens yesterday learned with re-
gret of the death of Mrs. Wm. Napier,
which occurred Tuesday night at the
residence of Mr. W. J. Appleton, An-
drew St. The deceased lady had reach-
ed the ripe old age of 74, and enjoyed
the friendship and esteem of a host of
friends all of whom will deeply regret
her passing away. The late Mrs. Napier
was the widow of the late William
Napier of Bathurst whose death occur-
ed in 1880. She is survived by one
son, Mr. F. W. Napier, manager of the
Shives Lumber Co., of this town, to
whom the sincere sympathy of the
community is extended in the loss of
his most estimable and highly respect-
ed mother.

The funeral will take place from the
residence of Mr. W. J. Appleton, Fri-
day morning at 9.30 o'clock to the L.
C. R. depot, and the remains will be
taken to Bathurst on the Limited,
where they will be laid to rest beside
those of her late husband. At Bath-
urst the funeral will take place direct-
ly upon the arrival of the Limited.

"I've brought back those eggs you
gave me this morning," said the new
bride, as she began to take the articles
in question from her basket. "They
are duck eggs."
"Duck eggs!" sneered the grocery
boss. "You're mistaken, ma'am. I
don't never sell no duck eggs."
"But I tested them," triumphed the
matrimonial novice. "I dropped them
into water and they floated."

REV. A. F. THOMSON DEAD

Will be Remembered in Connection
With Bathurst School Question

Rev. A. F. Thomson, a well known
Presbyterian clergyman, died at his
home in Truro, N. S., on Tuesday, af-
ter a lingering illness. He was a na-
tive of Antigonish and was seventy-
four years of age.

The deceased was pastor of the
Presbyterian church at Bathurst for
twelve years, and acquired some fame
throughout New Brunswick on ac-
count of his connection with the Bath-
urst school question. The body was
taken to Bathurst for interment.

CANADIAN ARMY

OVER 350,000 MARK
Ottawa, July 19.—Over 350,000 out
of the total authorized establishment
of half a million, have so far enlisted
in Canada. Enrolments in the past
fortnight, up to July 15, numbered
4,749.

"They say you can't square the cir-
cle."

"Well, you can do it after a fashion,"
said the mathematician, "just as when
you go out for a walk you circle the
square."

**Don't Endure
Itching Skin**

We urge all skin sufferers who have
sought relief in vain, to try this liquid
wash, the D. D. D. Prescription for Ecz-
zema. All skin diseases yield instant-
ly to its soothing oils. Its ingredients,
oil of wintergreen, thymol and glycer-
ine, have been used by doctors for
years in the cure of the skin. The liq-
uid form carries these healing ingredi-
ents down through the pores to the
root of the disease.

Come to us and we will tell you more
about this remarkable remedy. Your
money back unless the first bottle re-
lieves you. D. D. D. Soap keeps your
skin healthy. Ask about it.

LT. CECIL MERSEREAU HOME

Lt. Cecil Mersereau arrived this
morning, having had a remarkable
quick trip from Liverpool to Halifax
on the S. S. Olympia, only 4½ days.
At Halifax he was sent forward, with-
out any delay, by special train, and
met the Maritime Express at New-
castle. He looks well, and his scars
rather increase than lessen his good
luck, but he is still somewhat weak.
He says the British organization for
looking after the wounded is marvel-
ous in its perfect working, and the care
and attention given to the wounded
are wonderful. Nothing is omitted,
nothing left undone, that might con-
tribute to their comfort. Lieut. Merser-
eau has leave of absence till Dec. 27th.

EXPECTED HOME SOON

Lt. G. A. Mowat, who is in England
wounded, expects to leave for home
about the last of August. It has been
found necessary to perform an opera-
tion upon his wounded leg, which will
delay his leaving somewhat.

WELCOMED HOME

Lt. Robt. K. Shives of the Royal
Flying Corps, who was wounded some
time ago, arrived home last Friday on
sick leave, and is being warmly wel-
comed by his friends. He expects to
return to France to resume his duties
as soon as he is fit.

TEACHERS WANTED

One second class female teacher and
one third class teacher, to teach both
French and English for District No. 1,
Parish of Colborne, County of Resti-
gouche. For further particulars apply
to ALEX. S. ARSENAULT,
Secy. to Trustees,
July 20-4-pd. Upper Charles, N. B.

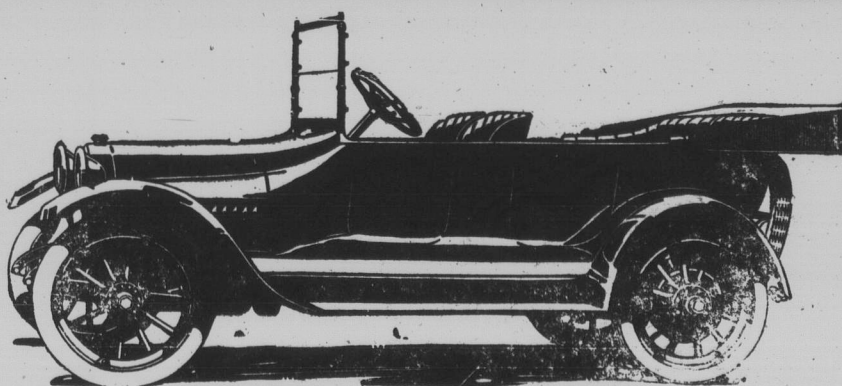

Patient—But, doctor, you are not
asking \$5 for merely taking a cinder
out of my eye?
Specialist—Er—no. My charge is
for removing a foreign substance from
the cornea.

DIED AT QUEBEC

The death took place on Tuesday of
Mrs. William Gunn of Quebec, widow
of Professor Gunn, Master of Langui-
ages, and one of the best known teach-
ers of Morrin College. The deceased
was a daughter of the late Hon. Mr.
Vail, a former Minister of Militia, and
a sister of the late Sheriff Vail, of
Bathurst, N. B.

"Why is it we don't hear any more
complaints about defective life-pres-
ervers on ships?"
"Nobody has time to put them on."

**The GREATEST Values
ever produced in Canada**

These new SERIES 17 Studebaker cars are without any ex-
ceptions, the GREATEST automobile values that have ever
been produced in Canada. Made in Canada in the GREAT
Studebaker plants at Walkerville, they represent the enor-
mous resources and unexcelled manufacturing facilities of
one of the world's largest makers of motor cars. And dollar
for dollar of the prices, they give more real, actual, tangible
Value than any other models on the Canadian market.

The 40-horse power, 7-passenger FOUR at \$1225 absolutely
dominates the 4-cylinder market in power, size and quality.
And the 50-horse power, 7-passenger SIX at \$1450 offers
value that cannot be equaled in any other Six within hun-
dreds of dollars of its price.

We urge you to see these wonderful new SERIES 17 Stude-
bakers before deciding on any car.

F. F. DALLEY CO. OF CANADA, LTD., HAMILTON, CANADA

RESTIGOUCHE & BON. S. S. ASSOCIATION MEET

(Continued from page 1)

Then came President's address. He spoke from the words in John "Of these whom Thou hast given me, I have lost none". If parents would apply the text. We say we are too busy to go to the Sabbath school, we are not any busier than the ones that do go. To the teachers, that we have lost none that we have brought them all into the fold. It can only be done by consecration and self-surrender. We can only accomplish anything by surrendering to Christ when they get hardened in sin. If this is the all-important thing, is the Sabbath School able to do it. No other organization is able to do it so well. Point your scholars to Christ.

We then had a solo by Mr. Percy Carter and offering for the work. After which Rev. Mr. Nichols gave an address on "How to make the home a positive factor in the S. School work."

He said he was particularly pleased to be in Campbellton, as he had often wished to see how we had risen from the ashes, and also that as an Anglican he could join with his Methodist, Baptist and Presbyterian brethren.

The Home is the key to the whole work. Do parents realize that the child is a gift from God. The greatest songs of the race are around the child, the greatest promises of the race are to the child. Some one has said it took Jesus to discover the child. The parent is responsible for the teaching and training of the child. To restrain to control, to direct. A child left to himself brings his mother to shame. The home is God's first and holiest school. Parents will work hard to give their children a secular education, why is it so hard to get them to help in the Sunday School. We want good attendance, good teaching, good behavior and good lesson preparation and the keystone of the whole is the home. Session closed with hymn "Lord speak to me that I may speak" and benediction by Rev. George Anderson.

The third session began on Friday morning at 9 o'clock with devotional exercises led by Rev. Mr. Brown. Singing, Reading, 15th Chap. of St. John, and prayer by Rev. Mr. Kinley, Purdie and brown. Singing, "Take time to be holy."

Then business was taken up. Minutes of last session were read and approved. Reports of departmental superintendents as follows: Elementary, by Mrs. Purdie. Had written 35 letters and had only received 13 replies. 5 take up Supplemental lessons and six (6) use blackboards.

Home Department, no report. Missionary, Supl. Miss Keith, had very good report.

L. B. R. A. Supt. had sent out 34 letters and received 13 replies. There was a class of 243. Now double it before next convention.

Teacher training by Rev. Hugh Miller. He said the report of the class had been excellent, but the number small, and only 2 had taken the whole book.

We then had the following report of County Sec. Treas:—

Report of Secretary.

Dear Fellow Workers:

In submitting my report for the year just closed, I wish at the outset to express my regret that the reports for this year are not as complete as I would like to have them, making it almost impossible to make comparisons. While I must admit that cold figures do not always show the real advancement of the work, yet at the same time they are valuable—for comparison, as a means of showing our strength or weakness and a challenge to put forth more faithful efforts in the year to come. A number of the schools merely gave the total enrollment, while others gave the figures for only some of the departments. If the organization of classes according to the ages specified on the report cards were followed more carefully the gathering of statistics would be very much simplified. This is in direct line with the teaching we have received at all our Conventions, and we have surely reached the time when we can adopt it to our schools in general. Our Provincial Association and even the great International Association are looking to us for complete and accurate returns and we should endeavor to supply them. No school is too small to observe this matter carefully. I would therefore ask that when report cards are sent out again next year that all endeavor to have them filled in properly, especially with regard to enrollment of scholars.

In spite of the incompleteness of the reports to hand, I am pleased to be able to state that there is good grounds

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrh of the deafness, and that is by a constitutional remedy. Catarrh of the deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.

F. J. CHENEY & CO., Toledo, O.

for believing that faithful work is being done. From the 48 schools in the two counties have come replies from 25, showing a total of 1682 scholars, 358 in Cradle Roll Dept., and 179 in Home Dept., or a total enrollment of 2019. Last year 29 schools reported a total of 1662, compared with 1582 for this year, 233 in Cradle Roll compared with 358 for this year and 185 in Home Dept., compared to 179 this year, or a total enrollment last year of 2140, compared to 2019 this year. So that allowing for the difference in schools reporting this year it is very probable there has been some increase. It is altogether likely that when full returns are in from all schools there will be found quite a substantial gain. To this end I would ask that the delegates here present when they return to their homes will see that a report from their school has been forwarded.

The Missionary findings of the schools reporting amounted to \$325.86, a slight decrease from last year, which was perhaps the largest on record. A great many of the schools report missionary offerings once a month, while some others report offerings every Sunday.

A number of the schools report some of their scholars pledged against intemperance, two schools, Oak Bay Mills and Black Bay reporting the entire school as having signed the pledge. I may point out there is quite a large increase in the Sunday School temperance army over last year, 155.

In looking at the figures given for those having joined the church, I regret to say that they fall below those reported last year, the figures being for last year 39 and for this year 21. We have heard much about this part of our work already in this convention as the all important aim of our efforts.

In this connection that not one school has reported the observance of Devotion Day which is of supreme importance in gathering the fruits of our labors. This is something that should be intelligently and prayerfully considered and planned and ought to be the means of getting the teacher into close contact with the scholar to the end that he may be brought into the fold of Christ and his church.

I wish to express my thanks for the kindly assistance I have received during the year and especially to those Parish Vice-Presidents who so thoughtfully offered their services in securing reports from schools and otherwise.

In closing let me just remind the workers of one of Paul's words "Be steadfast, immovable, always abounding in the work of the Lord." If we could get the spirit of that word "abounding" into our hearts and minds from this convention, I feel that it would not have been held in vain and we would go to our homes with a new thrill and delight in the work of the Sunday School.

It was moved by Rev. F. L. Jobb that the report be received and the thanks of this Convention tendered to Mr. Reid for his painstaking work. This was seconded by Rev. W. Camp and carried.

We then had hymn "Sinners Jesus will receive."

An address by Rev. F. L. Jobb on "The real work of the Sabbath School." The work of the Sabbath school is so complex that we may lose sight of the real work of the school. In these days Organization and Equipment are so much talked of that we are in danger of forgetting the Spirit. We need the fire of devotion to Jesus Christ. A true Sabbath school is the church of Jesus Christ engaged in a systematic of God's word. Good education, a pleasing appearance, tact, are all pleasing in a teacher, but one thing is essential, a living faith in Jesus Christ. The Lord Jesus Christ will never call anyone to lead the boys and girls who has not surrendered to Christ. The teacher's great work is to bring the boys and girls to a confession of Jesus Christ.

The preacher's message is much the same, but often comes to those hardened in sin, but the teacher has the receptive minds of the young, and if we only knew how they would respond to our teaching, and how easily the great majority of them can be led, would we not be more faithful. We can improve on the Masters methods, and he used the personal word and the personal touch. Try and try again to bring our boys and girls to Christ and we will be blessed.

We then had singing, "I am thine O Lord" and offering. Then report of Nominating Committee:—

President—Mr. D. G. Stewart, Dalhousie.

Vice-President—Mr. Martin Smea-

er, Archibald Settlement. Secy. Treas.—Mr. John T. Reid, Campbellton.

Recording Secy.—M. E. Gerrard, Campbellton. Superintendent Elementary Division Mrs. J. C. Ferguson, Mrs. J. E. Purdie, Campbellton.

Secondary—Rev. G. M. Young, Rev. Mr. Brown, Campbellton. Adult—Rev. Hugh Miller, Campbellton; Mrs. J. R. Millar, Matapedia.

Home Dept.—Miss Jessie Currie, Campbellton; Mrs. E. J. Rattee, New Richmond. Teacher Training—Rev. W. Camp, Campbellton; Mrs. J. M. Sutherland, New Carlisle.

Missionary—Miss Mabel Keith, Campbellton; Mrs. Harry Fair, Point a la Pique. I. B. R. A.—Mrs. D. J. Bruce, Campbellton; Mrs. Jas. Heron, New Carlisle. Executive committee to be all clergymen in the counties not already appointed to office, and the following: Mr. Alex. Pratt, Matapedia; Harry Scott, Paspébie; Robt. Hardy, New Richmond; M. A. Kelly and J. M. McLean, Campbellton. This report was received and adopted.

We then had an address by Rev. W. Camp on "The Teacher."

You may have organization and equipment, but the key is the teacher. Three things needed, Preparation, Devotion and Success. Every teacher should have some course of study. Every teacher should begin early in the week on the lesson, and pray and study, study and pray. A teacher must be willing to pay the price, give up, pay the price in study. The teacher stands in the front rank of service and success comes not accidentally, but through work. Know your scholar. Win their confidence and love, make it your unceasing work to bring them to Christ.

Mr. Martin Smeaer then addressed the Convention for a few minutes. To teachers in small schools he would say, Go on—take courage. Jesus says He will be with us. Session closed with hymn "To the work", and prayer by Mr. D. G. Stewart.

Fourth and last session of Convention opened at 2:30 o'clock with devotional exercises led by Mr. D. Bright. Singing, hymns "Shall we gather at the river" and "I will sing of my Redeemer" and prayer by leader and reading, "The foolish virgins."

We are apt to get drowsy and need to be stirred up. Familiarity helps us to get drowsy. We get used to the alarm clock and after a while it does not wake us. St. Peter gave the key by putting you in remembrance. Stir up the gift that is in thee. Be strong, ask, seek, knock, watch therefore. Singing "I've found a friend."

Business was then taken up. Minutes of last session were read and approved. Nominating Committee reported the following names as delegates to Provincial Convention in Chatham. Messrs. Thos. Young, Oak Bay; Martin Smeaer, Archibald Settlement; M. A. Kelly, Campbellton; Mrs. D. D. McNair and Mrs. Wm. Metzler, Campbellton.

Resolutions Committee report was as follows:—We recommend the following:—

1st—That the thanks of this Convention be tendered to the Pastor and officers of the Baptist Church for the use of their Church.

2nd—To the speakers for their helpful and inspiring addresses.

3rd—To the various committees for their excellent service in connection with the preliminary work of convention.

4th—To the Secy. Treas. and the recording secretary for their painstaking work of their respective offices.

5th—To the citizens of Campbellton for the hospitality extended to the delegates and others.

Mr. Reid moved the adoption of this report and spoke particularly of the work of Mr. Percy Carter, chairman of the billing committee. The motion was carried.

Credential Committee reported the total number of delegates and friends registering as 82.

The adoption of this report was moved by Rev. J. E. Purdie, 2nd by M. E. Gerrard. Carried.

Then the subject of Missions was taken up. Miss Mabel Keith had a very excellent paper on the subject.

This was followed by an address by Rev. W. A. Ross. There should be no impression with expression. The children should have something to do through which to express themselves.

Then an address by Rev. Mr. Nichols.

The Missionary spirit is vital to the life of the school. Giving as a blessing not as a duty. The spirit of Christ is the spirit of missions. He was pleased to be with us and if he had given any help in any way, he had received more than he gave. He had been struck with the spiritual tone of the Convention. We then had a solo by Rev. Thos. Roy and offering. Mr. Ross asked if it was agreeable that this offering should go to Y. M. C. A. work at the front, and it amounted to \$12.96.

Sung a verse of "What a friend we have in Jesus."

The next place of meeting was spoken of, but as there was no invitation, it was left to the Executive.

Rev. G. M. Young then took charge of the closing and he gave us four pegs to hang the things learned at the Convention on.

1st—Put it down.
2nd—Drive it in.
3rd—Work it out.
4th—Pass it on.

Then we sang a verse of hymn "O love that will not let me go."

Then a few minutes were given for parting words. Rev. W. A. Ross, Mr. D. G. Stewart, Rev. Mr. Camp, Mr. J. O. Sherar, Miss Dawson, Rev. J. E. Purdie, Mrs. Wm. Fair, Mrs. Wm. Gaudin, Mrs. J. E. Purdie and Mr. Robt. Hardy spoke a few words and a very pleasing and profitable convention came to a close with hymn "Take my life and let it be, Consecrated Lord to Thee" and benediction by Rev. J. E. Purdie.

M. E. GERRARD, Secy.

Buy a Ford, not because it is cheaper, but a better car

Mark well the sterling construction of the Ford car.

The testing department of the Conservatoire National des Arts et Metiers of the French Republic made a highly scientific comparison between Ford constructive material and the material used in another very noted and expensive car. In every test the Ford material proved superior.

The service given by Ford cars in Quebec has fully substantiated the results obtained by these French scientists.

Buy a Ford, not only because its first cost is less, not alone because its maintenance cost is less, but because its quality of service is greater,—because it gives more mileage per dollar invested than any other make of car you can buy.

And if you want your Ford this summer, buy it today to ensure prompt delivery.

"Maggie" said the inexperienced young thing to the cook, "the biscuits were a sight. If you can't do better next time I will have to discharge you."

"Yes, will you?" "I'll have you know, miss, that I've been working out for two years, an' I've worked for eighty-nine of the best families in town, an' I ain't ever bin discharged yet. I'm 'avin' this afternoon fer a better place."

THE MATTER OF A NAME

by EARL REED SILVERS

Two days before the Junior Promenade "Shrimp" Black received by mail a delicious box of home-made fudge. Enclosed in the box was a small piece of lavender paper, on which was written the words: "I'll see you at the dance. Gertrude."

Shrimp frowned. He knew a good many girls, but for the life of him he couldn't think of a single Gertrude among them. The package was postmarked White Plains, N.Y., but this made the mystery only more baffling. He didn't know a single person in White Plains. However, he ate the candy with relish, and resolved to ask the first name of every girl with whom he danced.

At the house party preceding the "Prom" he examined the fair guests with unusual interest, wondering if by any possibility the one who had sent him the candy was among them. Seated directly opposite him at the supper table was the prettiest girl he had ever seen. In Shrimp's estimation, she over-shadowed all the others about as a white rose would overshadow a bunch of dandelions. His heart went out to her, and he resolved to do his level best to give her a good time during the week-end. He was glad that his own partner had disappointed him at the last moment—it would leave him free to devote himself to the stranger. So directly after supper he presented himself for introduction.

"This is Miss Huntley of White Plains," the chaperon announced. Shrimp's heart stood still. The blood raced at double speed through his six feet, two inches of manhood.

"I'm delighted to meet you," he stammered. "I didn't know anyone was coming here from White Plains."

She smiled up at him. "Why not from White Plains?" she asked. Shrimp couldn't quite decide whether there was a twinkle in her eyes or not.

"Oh, no reason at all," he assured her. Then he added: "I know a girl at White Plains. Her name is Gertrude."

"I don't suppose I've met her." There was a hint of mischief in Miss Huntley's voice. "Is she to be here to-night?"

"She—she rather expected to come," he admitted, uneasily.

"What's her last name?" Shrimp was certain now that she was laughing at him.

"I don't know."

"What? You don't know?" Shrimp smiled slightly at her too evident amusement. "Strange, isn't it?"

"I should say it was. How do you explain it?"

"I'll tell you all about it," he announced, "if you'll tell me your first name."

But Shrimp was doomed to disappointment, for at the psychological moment Bill Scudder, his room-mate appeared on the scene.

"If you want to get to the dance on time," he advised Miss Huntley, "you'd better start getting dressed now."

"All right," she answered. "I'll hurry." And, flashing a bright smile at Shrimp, she was gone.

"I always thought Bill Scudder was a good fellow," Shrimp soliloquized, "but now I'm a little doubtful." His glance followed his room-mate, who had gone to the spacious porch of the fraternity house. "I might ask him what her name is," he thought suddenly. "But no," he concluded, "I'll make her tell me herself. I have a smacking feeling that she's the Gertrude who sent the candy."

According to the established custom of room-mates, Shrimp and Bill Scudder exchanged the second dance.

"I believe we were talking about names when we were interrupted," Miss Huntley began, as soon as they whirled off together to the tune of "Evelyn."

"You were going to tell me about that Gertrude, from White Plains?"

"I was," Shrimp answered, "but I've concluded not to do it until you tell me your name."

"We'll compromise," she threw back her head and smiled up at him. "You tell me the story first, and then maybe I'll solve the mystery."

"Two days ago," Shrimp began, "I received a box of candy from White Plains. In it was a note from a girl named Gertrude, perhaps."

"No, I haven't any old flames," he shook his head positively.

"What did the girl say in the note?" "That she'd see me at the dance."

"And you haven't seen her yet?" "I don't know," Shrimp's eyes questioned her. "What do you think?"

"Oh! I think you'll meet her, all right," she hummed softly. "This is a wonderful dance, isn't it?"

The music stopped, and Shrimp led his partner to the porch of the gymnasium.

"You haven't told me your name," he reminded her.

"Did I promise to tell you?" There was a teasing light in her eyes. "You just bet you did. You promised to tell me your first name."

"Well!" She hesitated, and the music for the next dance floated out to them. "My first name is Doris."

"Oh!" Shrimp's face registered disappointment. "Honest Indian?"

"Honest and true," she looked at him with mock seriousness. "Are you dreadfully disappointed?"

"Yes," Shrimp spoke dejectedly. "I had set my heart on your being Gertrude."

"And you thought I had sent you the candy?"

"I had begun to hope so."

"Well, I'm sorry," she smiled.

"You don't look so!"

GASPE

The Orpheum Theatre showed some excellent films this week, but the real attraction was to be found in the singing during the intermission, as the proprietor had secured the valuable services of a good light opera singer, who rendered the various songs in perfect union with the piano. The audience was delighted with this attractive and delightful extra to the usual programme, and we sincerely hope the same singer will be persuaded to sing and act at every new performance.

Dr. and Mrs. Garrow, also Misses Muriel Garrow and A. Waters, arrived in town last week on their summer trip.

—CALEM—

NEW CARLISLE
Miss Rena Caldwell and Miss Florence Sherar, after attending the S. S. Convention at Campbellton on the 15th and 14th, took the Limited and will visit the Valcartier camp, where their brothers, Lieut. O. Sherar and C. Caldwell are training, and possibly the latter may return with them for a few days vacation.

J. O. Sherar and wife, Mrs. H. Caldwell, Mrs. F. Cooke and daughter Frankie and Miss Gertrude Caldwell returned by train Saturday, after attending the Convention at Campbellton.

Pte. Ernest Astles of the 189th Battalion, Valcartier, Que., arrived on Saturday, the 15th, to spend a few days at his home here.

DOUGLASTOWN
The weather is now very pleasant, after a heavy fall of rain during the past week.

Mr. and Mrs. Ambrose Gaul left on the 6th inst. for Palm Beach, where they will open up their summer cottage.

Misses Lily and Maude Kennedy are spending their summer vacation at their home here.

Mr. and Mrs. E. Condon are receiving congratulations from friends on the arrival of a baby boy at their home on the 4th inst.

"GRETIA"
Bill Scudder, glancing through the open door, saw them.

"This is my dance, Gertrude," he called.

"So it is! Good-bye, Mr. Black," she chuckled as she noted "Shrimp's" look of amazement. "I'll see you at the nineteenth dance," she added.

"Well, what do you know about that?" "Shrimp" watched until Scudder and the girl had disappeared. "Someone is having a lot of fun with me," he told himself.

He waited impatiently for the nineteenth dance to come around. Occasionally his eyes met those of Miss Huntley. In his was a question; in hers, mocking amusement. But, finally, the evening wore away and he found himself dancing with her again.

"Will you please tell me what your first name really is?" he asked.

She looked at him soberly. "On my honor," she answered, "my first name is Doris."

"Then why did Bill call you Gertrude?"

"That's a secret," she smiled mischievously.

Shrimp was silent for a time. "You surely are having a good time teasing me," he said.

"Won't you please have a little heart?"

"What do you want to know?" she asked.

"Why did Bill call you Gertrude?" "Because that's what all my friends call me," she hesitated a moment. "My name is Doris Gertrude Huntley."

"Oh!" Shrimp's face cleared. "And you are the girl who sent me the candy?"

"Yes. It was Bill's idea; he wanted to tease you."

"Well, the old coddler!" Shrimp was silent for a moment, evidently debating the wisdom of his next move, but finally he decided to plunge. "I ought to pay you back for that candy," he suggested.

"Yes, you ought."

"Don't you think it would be a good idea for me to give you a box in return?"

"Fine!"

"If I sent it," Shrimp continued, "it might get lost."

"Maybe you'd better bring it personally."

Shrimp's eyes beamed.

"Next Tuesday night," he said, "I'll take it to you in White Plains." She nodded. "And," he added, after a pause, "I'm glad your name is Gertrude."

When Bill Scudder came for the final dance he found them smiling into each other's eyes. He did not seem to be either shocked or surprised.

Reckless Orders are sold and guaranteed by Rexall Drug Stores, as an effective and mild laxative, 15c and 22c. Thos. Wran.

Jenkins—My stenographer can write one hundred and fifty words a minute. Thompson—So can mine—but she doesn't seem to care what the words are.

First Stoker (weary)—I'd like to find the merchant who invented boilers. Second Stoker (also weary)—Boilers. Thompson—I'm lookin' for the blightest 'er 'founded out that coal would burn.

Della—So Matthew is to marry Miss Corbridge? He's much too young for her, don't you think? Emily—Oh, he'll age rapidly enough after he's married.

Get your NEW CLUBS
to-day—and be ready for the 15th.

Sportsmen who use black powder shells know that every promise made for "New Club" shells is more than lived up to. It's a comfort to know that—in the field.

NEW CLUB—a handsome yellow fellow that looks good and acts better.

For a straight, swift punch, with no guess work, you'll certainly find New Clubs make good. Use them with your trusty Remington UMC Gun, and it will be a ghost, not a bird, that gets away from you.

The excellent, smokeless "speed shells," use "Arrow" and "Star" Club. The "Remington" smokeless is an all-around favorite for either field or trap work.

Go to the dealer who shows this Remington UMC sign—satisfaction and every arm and ammunition need filled—RIGHT.

BRITISH EXPENSES

\$36,000,000 DAILY

London, July 17.—British expenditures have now reached a total of more than \$36,000,000 daily, according to a statement made by Reginald McKenna, Chancellor of the Exchequer, in the House of Commons to-day.

THE LOWEST YET

Cultivated strawberries were disposed of in crate lots here this morning at five cents per box. This is the lowest price in a period of twenty-five years. Strawberries are a good crop this season and the berries are of exceptional quality.—Fredericton Mail, July 18.

OH! SUCH A HEADACHE!

Nearly everyone has experienced the terrible, tearing headache at times. Overworked stomach—sluggish liver does it. Cheer up! Here's the real relief—Chamberlain's Stomach and Liver Tablets. They get the stomach and bowels right. All druggists, 25¢, or by mail from 9 Chambers' Medicine Co., Toronto.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

HOME-SEEKERS' EXCURSIONS VIA C. G. RAILWAYS

To Manitoba and the Canadian North West.—Choice of Routes.—The Clay Belt Country.

Second class excursion return tickets will be sold every Wednesday until October 25th, to Winnipeg, Regina, Saskatoon, Calgary, Edmonton, and numerous other points in the Canadian North West. These tickets will be good for return within two months from date of issue. Full particulars can be obtained from any ticket agent of the Canadian Government railways.

Holder of these tickets have the choice of different routes. They can travel via Quebec and Canadian Government Railways to Winnipeg—the route of the Western National Express, or by the new "Transcontinental Line" via Toronto, North Bay, Cochrane, Ontario and Canadian Government Railways to Winnipeg.

Home-seekers' tickets reading via Quebec will be good for stop-over at Doucet, Que., Hearst, Ont. and intermediate Canadian Government Railways stations, while tickets routed via Transcontinental Line will permit stop over at Cochrane, Ont., Hearst, Ont., and intermediate stations, with the additional privilege of purchasing side trip tickets if desired at Cochrane for points on Canadian Government Railways east of Cochrane for points including Doucet, Que., at special low fare.

The above arrangements will permit passenger to inspect splendid new farming country in Quebec and the famous "Clay Belt" of New Ontario—a rich farming territory opened up by the new line of the Canadian Government Railways.

MORE RUSSIAN TROOPS ARE LANDED IN FRANCE

Paris, July 17.—A contingent of Russian troops disembarked to-day at Brest, France.

The Russian troops will be sent to camp from Brest, and later to the front.

This is the sixth contingent of Russian troops, the arrival of which in France has been reported.

Between April 20 and May 5 there arrived at Marseilles five bodies of Russian soldiers, after a land and sea journey of about 17,500 miles from Moscow, where they were assembled, to Port Dalny, Manchuria, and thence by water via the Suez Canal. The number of men in the first five contingents has not been given officially, but is believed to be about 25,000. These troops were quartered at camp de Mailly, near Troyes, several weeks, and then sent to the front. The official French communication of last night showed that Russian troops were in trenches in Champagne.

It was said in Paris several weeks ago that the sending of the first contingents was largely in the nature of an experiment, and that they might be followed by more substantial numbers.

WILL FOREGO THEIR AUGUST HOLIDAYS

London, July 18.—Organized labor of England responded to-day to the Government's appeal to postpone the August holidays so that the British offensive may be carried on with no shortage of ammunition. At a conference of representatives of trades unions it was decided unanimously to recommend that the government's suggestion be adopted.

SIR ROGER CASEMENT LOST HIS APPEAL

London, July 18.—Without hearing the attorneys for the Crown, the Court of Criminal Appeal to-day dismissed Sir Roger Casement's appeal from the verdict of the lower court which found him guilty of treason for which Viscount Reading, the Lord Chief Justice, sentenced him to death.

ONE FRENCHMAN IN THIRTY VILLAGES

Paris, July 17.—Only one French inhabitant was found in thirty villages retaken by the French and the British in their offensive in the Somme region. He was a farmer who had hid in a cellar at Belloy when the Germans, on June 25, ordered every French civilian into the interior in anticipation of an allied attack.

A wild-eyed disheveled looking woman rushed into the local police station. "My husband has been threatening to drown himself for some time," she cried, hysterically, "and he's been missing now for two days. I want you to have the canal dragged."

"Anything peculiar about him by which he can be recognized, supposing we find a body?" inquired the inspector.

The woman hesitated for a minute or two. Then a look of relief slowly overspread her face.

"Why, yes," she exclaimed at last; "he's dead!"

HELIGOLAND—The Isle of Mystery

The war had been in progress a year when Germany celebrated the twenty-fifth anniversary of the receipt of the "glorious little island from Lord Salisbury in exchange for certain lands and right in East Africa. In those days our relations with Germany were excellent, for it was only in the previous year, 1889, that the Kaiser's secret ambition had been stirred by a sight of the assembled British Fleet at Spithead.

The possibility of Germany ever becoming a naval power of importance never entered the heads of the Government of the day; they parted with Heligoland without troubling to mention the matter to the Lords of the Admiralty.

The value of the island, whether to Germany or to us, has been a constant source of debate in British naval circles ever since the Kaiser discovered that for Germany "the future lies on the water," and in these critical days the urgency of the subject is intensified by the efforts that are frequently made to forecast what will happen to Heligoland during or after the war.

Since it first came into their possession the German military cliques have made a spoils child of Heligoland. Twenty-six years ago it might well have been likened to an island health resort, its contented population depending for its livelihood partly upon fishing, but mainly upon catering for the thousands of holiday-makers that visited it in "the season." When the mailed fist closed over it the Germans stopped neither for fishing nor the holiday-making, but they brought the Prussian atmosphere that soon made itself felt.

Making a Fortress.

Advance parties of military engineers came across from Cuxhaven, measuring and sketching, boring and blasting, to gauge the defensive possibilities of their latest possession. There followed hordes of working parties, and bit by bit the hardworked potato fields of the Oberland disappeared, and vast caverns driven into the bowels of the earth took their place.

These were to be the emplacements for the great guns. Wide subterranean passages were burrowed to connect them one with another, and with a central distributing station for ammunition, where there is reputed to be stored a supply of shells and shell sufficient to feed the guns during a three years' siege. Rails are laid along the underground passages, and electrically driven trolleys can deliver the charges and the projectiles much faster than they can be used.

German guns, constructed on the "built-up" system, hoop after hoop of steel being shrunk on to the central barrel, are admittedly longer lived than for instance, the wire-wound guns of our own fleet, though the latter have superiorities in other directions that quite out-weigh this defect; but even a German gun could not last

Everjet Elastic Paint
An Ideal Farm Paint
Around the farm or home, wherever you have surfaces exposed to wind, wear and weather, you can save money and the trouble of re-painting things, by using Everjet Elastic Paint.

Carbon points are the most durable of all and Everjet is the best carbon paint ever made. It is the ideal roof paint. Stops rain, snow and ice, and keeps the roof in perfect condition. It is also a perfect paint for metal surfaces. It is the ideal paint for the exterior of the house and the interior of the barn. It is the ideal paint for the exterior of the car and the interior of the car. It is the ideal paint for the exterior of the boat and the interior of the boat. It is the ideal paint for the exterior of the fence and the interior of the fence. It is the ideal paint for the exterior of the gate and the interior of the gate. It is the ideal paint for the exterior of the well and the interior of the well. It is the ideal paint for the exterior of the pump and the interior of the pump. It is the ideal paint for the exterior of the tank and the interior of the tank. It is the ideal paint for the exterior of the pipe and the interior of the pipe. It is the ideal paint for the exterior of the valve and the interior of the valve. It is the ideal paint for the exterior of the fitting and the interior of the fitting. It is the ideal paint for the exterior of the joint and the interior of the joint. It is the ideal paint for the exterior of the seal and the interior of the seal. It is the ideal paint for the exterior of the gasket and the interior of the gasket. It is the ideal paint for the exterior of the washer and the interior of the washer. It is the ideal paint for the exterior of the nut and the interior of the nut. It is the ideal paint for the exterior of the bolt and the interior of the bolt. It is the ideal paint for the exterior of the screw and the interior of the screw. It is the ideal paint for the exterior of the pin and the interior of the pin. It is the ideal paint for the exterior of the nail and the interior of the nail. It is the ideal paint for the exterior of the wire and the interior of the wire. It is the ideal paint for the exterior of the rope and the interior of the rope. It is the ideal paint for the exterior of the cable and the interior of the cable. It is the ideal paint for the exterior of the hose and the interior of the hose. It is the ideal paint for the exterior of the pipe and the interior of the pipe. It is the ideal paint for the exterior of the valve and the interior of the valve. It is the ideal paint for the exterior of the fitting and the interior of the fitting. It is the ideal paint for the exterior of the joint and the interior of the joint. It is the ideal paint for the exterior of the seal and the interior of the seal. It is the ideal paint for the exterior of the gasket and the interior of the gasket. It is the ideal paint for the exterior of the washer and the interior of the washer. It is the ideal paint for the exterior of the nut and the interior of the nut. It is the ideal paint for the exterior of the bolt and the interior of the bolt. It is the ideal paint for the exterior of the screw and the interior of the screw. It is the ideal paint for the exterior of the pin and the interior of the pin. It is the ideal paint for the exterior of the nail and the interior of the nail. It is the ideal paint for the exterior of the wire and the interior of the wire.
