Around Town.

SPRING IS COMING.—That harbinger of spring, the maple sugar man appeared in town last week.

THE FOUNDRIES.—The Enterprise Foundry started work on Thursday last.

Both foundries are now working with full gangs and on full time, C. Fawcett having started last week.

SCOTT ACT.—Four cases under the Scott Act came up before Justice Kilb yesterday.

Two were against Philip Souther, Port Elgin, for selling upon two occasions, and the others are the previously adjourned cases against Wm. Casey of Baie Verte.

MASONIC.—At a regular meeting of Lebanon Lodge, 128 F and A. M., held in Sackville on Feb. 8th, a resolution of condolence was passed and forwarded to the relatives of the late E. L. Ford.

Pastmaster of Lebanon Lodge, E. L. Ford, was also made at the same meeting of the brotherly kindness of the Masonic body at Maria, Texas, where Mr. Ford died, who took charge of the remains and had them entombed and forwarded to Sackville.

A CLOSE CALL.—Leonard Bigney, a young man employed by Allen Estabrooks, Esq., Cuckville, had a narrow escape from a serious burning, if not a painful death, last Thursday.

Having finished smoking he put his pipe, still lighted, in his pocket, and when about to enter the barn found himself ablaze, the fire in his pipe having caught in the lining of his jacket and set that garment on fire.

Had he been there the wind could have fanned the flame he would have in all probability suffered more than the loss of a coat.

PERSONAL.—Mr. Henry Knapp is home from McGill University where he has been prosecuting his studies. He will remain during the summer.

Mrs. George Botsford and the Misses Botsford have come to Boston to reside with Mrs. Botsford's sons, Harry and George.

The former is a civil engineer in the employ of the Boston corporation, and the latter with the furniture house of Atkinson & Son—Frederick Farmer.

FORCE OF HABIT.—We are slaves of habit, but one individual in Sackville has let habit get too strong a hold upon him.

During the past winter he has been making periodic excursions to the hay mow at the Brunswick House and carrying off enough hay each time to keep his horse for a day or two.

This was evidently too slow a process for one of his enterprises, and on Monday evening about nine o'clock he was seen going out the yard with a whole load.

The courts may have to pronounce upon the case.

EDUCATION OF THE BLIND.—A public meeting in the interest of the free education of the blind will be held in the Hall on Friday evening, April 1st.

A fine programme of music will be performed by the graduates and pupils of the school for the blind at Halifax.

The audience will be addressed by C. F. Fraser, Superintendent of the school, and several prominent citizens of Sackville. A large and enthusiastic meeting is expected.

THE BAND CONCERT.—The Concert given by the Band last Friday was largely attended and proved financially successful.

The members of the band joked well in their uniforms and the rendition of some of the numbers was generally admired.

The sword exercises by the corps was an interesting event as well as the fencing and single stick exhibition of Lieta Black and Markham (of St. John).

Miss Landers' reading "The Day of Judgement" was worthily appreciated. It was regretted by all that Mrs. Harrison was unable to be present to give her solo.

IN NEED OF HELP.—The attention of the Post was called yesterday to the case of Dominique Boudreau, Middle Sackville, who is very low with inflammation of the lungs, and is said to be without the ordinary necessities of life.

The overseers of the poor would do well to investigate.

IN DOUBT.—The Frederick correspondent of the Sun stands god-father to the following: Last Sunday evening, three members of the assembly, Messrs. Burchill, Hattington and Powell, by invitation addressed a gospel temperance meeting in the Woman's Christian Temperance Union hall in this city.

Rev. Mr. Hughes, the chairman, not knowing whether the temperance views of these gentlemen were sound or not, commenced his opening prayer as follows:

O Lord, this is presumably a gospel meeting. I do not know the gentlemen who are to speak. They may be calculated to give us sound gospel, and they may not. O Thou alone O Lord, knowest. I know them not, but such views as they have to offer I trust will be put forward with proper respect for the meeting and the day. Help them, O Lord.

W. C. T. U.—Mrs Mary Hunt of the United States National W. C. T. U. is expected to visit Sackville next week.

She will speak in Beethoven Hall probably on the evening of March 30th. Mrs. Hunt is the National Supt. of scientific temperance instruction in public schools and has had marked success in her work, having obtained laws providing for compulsory scientific temperance instruction in all but nine States of the Union.

She is a very able and eloquent speaker, and no one should fail to hear this woman who pleads with such persuasive power in legislative halls for scientific temperance education for the youth of our time.

Mrs. Hunt only visits the educational centers of the Maritime Provinces. Further particulars will appear in posters at an early date.

Local Matters.

Hon. Mr. Black has entered a bill at Halifax to define the boundaries of Amherst.

There is a hitch about the Spring-hill water works contract and the busy little town may have to start again in agitation for a new supply.

Mr. W. H. Ripley of Nappan made the first maple sugar in the county this year.

On the 7th and 8th of this month he made 30 lbs. from sap gathered on these days.

A 100 ton schooner will be launched early in the spring at Albert.

She is being built for Messrs. C. & J. Prescott, Dr. Murray, Capt. John Wilbur, J. E. Doyle and others.

The Deer Island Steamboat Co. have decided to purchase the steamer *Arctus*, which has plied about Moncton for some years.

With some changes the *Arctus* should make a good boat for the Island route.

Mrs. Skinner, wife of Rev. L. N. Skinner, of Shewinack, died on Monday.

The deceased was half-sister to Rev. R. Black, Amherst, and sister to Rev. Sam'l Black, editor of the Messenger and Visitor.

The office of the Joggins R. R. at Macaan was broken open the other night.

The safe door was forced and only a small amount found. About \$400 in envelopes ready for pay-day, which was hanging in a parcel near the safe was untouched.

Matthison & Co., of Centerville will finish sawing timber for the Cape Tormentine saw-mill this week.

They intend building another mill near J. H. Carter's, Centerville. Their workmen had to stop work for a few days lately owing to a freshet.—Herald.

Messrs Rhodes, Curry & Co. Amherst have finished the fittings for the new Bank of Nova Scotia.

Competent persons pronounce the work of the firm on the building as something unusually fine, both in architecture and finish.

They have been awarded the contract for finishing a branch of the same bank in Montreal.

A. W. Atkinson & Co. of Advocate have stretched the keel of a barge of about 500 tons register to be launched in the fall.

Capt. S. C. Knowlton, of the same place, has schooner of 105 net keel well under way. An outwards to launch her in May.

John Tucker committed suicide last week at Anagance by hanging himself.

He immigrated to this country about three years ago and was placed with people at Anagance by Mr. Gardner.

He was an active worker and worked at the mineral springs. The cause that led to his suicide is not known.

A company consisting of members of the Amherst Gun Club and other local sportsmen has been organized to leave from Hon. Judge Morse, all hunting, fishing and trapping privileges on all his marshes and lakes.

Should the company secure the lease they will take steps to prevent the shooting of wild fowl in the spring, and in other ways protect game from being slaughtered in the close season.

An Ottawa dispatch says: Tom Joseph, Chief of the Micmacs, is here today interviewing Premier Abbott regarding 3,500 acres of land sold to the government twelve years ago through Sir John A. Macdonald, then head of the Indian Department, for \$2 per acre.

Chief Joseph says that one thousand dollars were paid and he is endeavoring to get the remainder.

The rate to be levied on the town of Amherst for the current year has been fixed at \$1 on the \$100, that rate being fifteen cents higher than the one for last year.

The total assessment has increased by \$1,197 and the total assessable property has decreased \$48,768 since last year.

The present year's valuation of the assessable property in the town is \$1,775,877.

Comfort for the Troubled Souls.

MR. EDITOR.—Your readers have, no doubt, been deeply pained by the distressing news of the trouble through which your "puzzled" correspondent of last week has been passing in consequence of a recent baptism. This is a subject which has always been a source of serious trouble to some poor souls. Perhaps a word of comfort will aid in relieving the sufferer.

If the puzzled sinner will read more carefully the good old Bible, for whose welfare he seems to entertain so much anxiety, he will find that in New Testament times the people of Jerusalem and Judea actually did the same thing as those of Bayfield, in going a considerable distance to a place whence the conditions were favorable for the administration of the ordinance of baptism in the genuine primitive style.

Let him for his care, fully read Matt. 28:19, and John 3:28. Although the people had not then the advantages of iron rails and comfortable cars we do not learn that the Lord gave them wings, or if wings were given, the Evangelists have been very remiss in their duty of keeping a record of the miracle.

That some expense was incurred in those early journeys, as well as in the later ones, can scarcely be doubted; but it is hardly worth mentioning in comparison with what is often done for pretty millinery in connection with certain rites performed at home. Salvation is indeed given without "money and without price," but if your correspondent thinks the good book teaches us that we can serve the Master without a little sacrifice of time and means, he evidently needs to puzzle over its sacred contents a little longer.

COMFORTER.

Around Town.

KEY FOUND.—The person who left a key in the lock of the granary at the residence of the late Bedford Barnes, may obtain possession of the same by applying to Wm. Ogden, Esq. As the key in question does not fit the lock it is of little value but to the owner.

HAY.—Hay is reported to be selling in the Fredericton market at \$7 per ton.

At the auctions held in this vicinity during the past few weeks the selling price was \$14 per ton in small lots for a good article.

MATRIMONIAL.—The Post has received two amusing communications this week. The names are withheld.

MISS.—March 18, 1892.

Old maid keep the question. Old maids can be seen between Mr. and Mrs. — at most any hour in the night waiting for a middle aged man from Cape Breton to escort her home.

Mr. — is said to be a married man. He has a wife and family in Cape Breton. People say it is not his fault as it is an old maid year anyway. The only trouble is they don't close the curtains which lets their loving kisses be exposed to the public.

Wife Wanted.—To Whom It May Concern.

SACKVILLE, MARCH 12th, 91.

Miss. — Will you allow me to speak to you for a short time, as I wish to speak to you on an important business. I will be at the Salvation Army on Monday and Wednesday evenings, and if you will kindly grant me an interview, I will expect to meet you there by so doing you will oblige yours in friendship.

PROFESSIONAL.—A professional partnership has been formed between Dr. B. S. Thorne and J. O. Calkin, and Dr. Thorne's office, Lower Sackville.
