GOVERNMENT NEGLIGENCE MAY HOLD UP COMPULSION DEBATE

CABINET BLUNDER SLOWS UP ACTION ON DRAFT MEASURE

Government Whips Failed To Have Quorum On Friday, and Bill Automatically Is Off the Order Paper.

(Special to The Advertiser.)

Ottawa, July 3.—The conscription bill is off the order paper of the House of Commons. Neglect of the Government in preserving a quorum, and the watchfulness of a Nationalist member, who is now opposing the Government, are responsible for this unusual circumstance. In spite of the importance that the Government attaches to the conscription measure, their whips allowed members to leave on Friday, in anticipation of the week-end holiday, in such numbers that a quorum could not be mustered at 10 o'clock Friday night.

Couldn't Get Quorum.

Mr. Boulay of Rimouski, who was elected to support the Government, was the member who called attention to the absence of the quorum. A canvass of the corridors and members' rooms failed to rally the 21 men needed to legalize parliamentary proceedings. There was nothing left for the Speaker to do but close the sitting. Under the rules this removes from the order paper the measure under discussion.

Government Criticised.

Now the Government will have to take measures to restore the bill to the order paper. By unanimous consent this can be done today, but if there is a single objection, the Government will have to give notice, and a day will be lost in the time required to put the measure through. There is a good deal of criticism of this latest piece of Government mismanagement in getting compulsory service enacted.

BOY SHOT BY COMRADE IN ACCIDENT AT BERRY PATCH

Harry Fillmore Struck by Bullet and Killed.

ARM STRUCK THE RIFLE

And Weapon Was Discharged by Chance, Instantly Killing Lad.

Harry Fillmore, 13 years of age, residing at 14 Edward street, was shot and killed by a playmate, H. Arbuckle, 5 Brighton street, while picking berries at the Cove about 11:50 o'clock today. Dr. Ferguson, the coroner, was called, but decided that the killing was accidental, and decided not to hold an inquest.

Took Rifle Along.

A party of boys, among them Fillmore and Arbuckle, were down the river. Young Arbuckle took a 22-calibre rifle from his home, unknown to his parents, and carried it with him. On their return, they found a strawberry patch near the creek at the Cove, and the youngster all tumbled down in the grass to get the berries. Arbuckle remained standing, holding the rifle in his hand. One of the boys in dropping down, hit the firearm, and it discharged. The bullet hit Fillmore behind the right ear. He lived but a few moments.

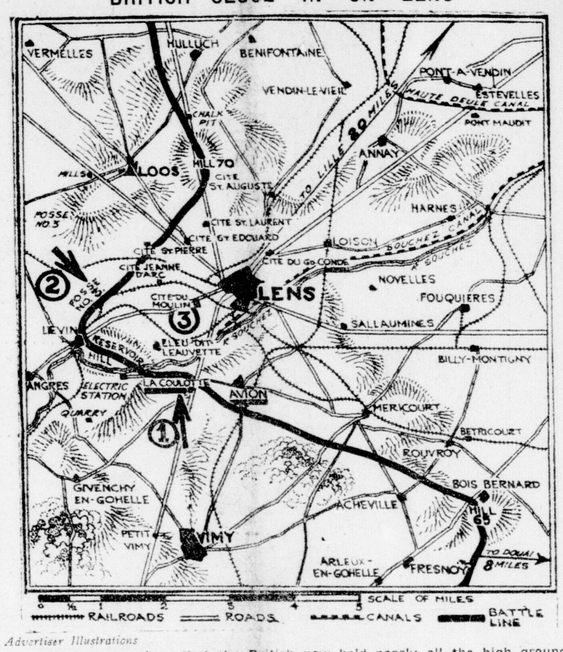

Inquest Not Necessary.

The boys ran for help, and some residents in the neighborhood called Dr. R. Ferguson. When he arrived the boy had been dead for some time. He questioned all the party, and they agreed on the cause of the accident.

He decided that an inquest was not necessary. Fillmore is a son of Thomas Fillmore, a baker at Parnell's.

Young Arbuckle is 12 years of age.

Berlin, July 3.—Via London.—Russian troops have broken forward across the heights on the western bank of the Stripa in Galicia, and succeeded in extending northward the gap they made in the Teutonic lines the previous day, army headquarters announced today.

The Russian progress was halted with the assistance of German reserves, the statement adds.

HELPLESS AGAINST BRITISH TROOPS

London, July 3—(By Reuter's Ottawa Agency).—Reuter's correspondent at the front gives extracts from a German letter found at Messines Ridge, dated from "a shell hole in hell." It depicts the feelings of the German troops:

"We have been fourteen days under a hellish fire day and night," states the writer. "We crouch together in holes awaiting our doom with the dead piled up here. All night we lie with gas masks on, as the British fire gas shells. Hundredweights of aerial torpedoes thrown at us make trench work impossible. So far our division, composed of three regiments, has lost 3,400 men in barely three months. We are quite helpless against the British. We cannot sit or lie down. These big British shells would break the heart of a lion. Our artillery dare not fire in the daytime, owing to the great activity of the British airplanes. We all hope to be taken prisoners, otherwise we shall go mad.

WHITES AGAIN PUT TORCH TO NEGROES' HOMES

Fresh Outbreak of Race War at East St. Louis.

East St. Louis, Ill., July 3.—Fires, which were started by rioters in three negro quarters at noon today, were fanned by a high wind and spread rapidly, getting beyond control. Troops and police have hurried to the scene, where rioters also were assembled.

GREAT SERVICE IN WESTMINSTER ABBEY FOR CANADA'S DEAD

Impressive Confederation Day Ceremonial at Empire's Heart.

London, July 3—(By Reuter's Ottawa Agency).—The Daily Mail says: "The fiftieth anniversary of the formation of the Dominion of Canada and the memory of the Canadians fallen in battle were honored yesterday by a great service in Westminster Abbey. In all the trials and sufferings of the war it has been a source of constant consolation and pride to the people of this country that the states of Greater Britain and their soldiers have shown such unflinching determination and valor in the struggle. We well know the bitter sacrifices which Canada has made. Ypres salient and Vimy Ridge have been watered with her best blood, as with ours. In death as through all the years of their state's existence, her sons have been at our side, and we are grateful to them."

NEST OF ANARCHISTS RAIDED BY COSSACKS AT RUSSIAN CAPITAL

Petrograd, July 3.—A force of Cossacks acting under orders from the provisional government raided the villa of Former Minister Durnovo, which since the revolution has been the headquarters of Maximilists and anarchists, many of whom were returned exiles. The Government has given orders to arrest criminals among the anarchists, and also persons who helped to release offenders detained in the Kresti Prison. When the Cossacks entered the yard several bombs were thrown by anarchists. The bombs, however, failed to explode. The Cossacks did not reply, but on entering the villa they found the body of a well known anarchist named Afin, whose comrades declared he had committed suicide. Arrests were made and the village is now in the hands of the troops.

NEW COSSACK LEADER.

Petrograd, July 3.—Gen. Kalidenez, who captured about 80,000 prisoners in a forward movement last year, and who is known as the breaker of the Lutz front, has been chosen hetman, or leader, of the Don Cossacks.

SAYS QUEBEC COULD EASILY RAISE 25,000

Sevigny Says Compulsion Bill Will Pass—Intends To Run Again.

Quebec, July 3.—The Hon. Albert Sevigny, minister of inland revenue, interviewed while in Quebec City yesterday said he will again be a candidate in Dorchester County, and that he will be elected. He forecasted that the vote in the House on the conscription bill will be taken by this week-end and passed by a huge majority.

Speaking of his statement that Quebec province could easily raise 25,000 men through conscription, Mr. Sevigny gave figures on the number of men each city, town and parish should be called upon to provide.

SUDDEN HEART ATTACK CAUSED DEATH OF TREE, FAMOUS ENGLISH ACTOR

London, July 3.—According to the morning newspapers, the sudden death of Sir Herbert Tree last night was not caused by a recent operation, but it was a case of collapse so sudden that he died in a few moments. Sir Herbert had discussed business affairs daily with Mr. Dana, his business manager, during the last few days. They were thus engaged for some time Monday afternoon, and when Dana left Sir Herbert was in a cheerful mood, as he expected to be able to leave his bed soon.

Sir Herbert had a slight accident on June 16. He slipped while descending a staircase and strained the ligaments of his right knee. He underwent an operation on June 21, which proved to be somewhat serious, but was expected to lead to his complete recovery.

The surgeons, however, insisted upon the cancellations of all Sir Herbert's engagements, so that he could enjoy complete seclusion and rest.

A friend who visited Sir Herbert yesterday found him, as he described it, "as well as ever." In the evening, however, he had a heart attack, and the end came quickly, the famous actor dying at 8 o'clock.

BERLINERS ARE DRIVEN TO THE SOUP KITCHENS

Copenhagen, July 3.—The food difficulties, particularly the disappearance of potatoes, have driven Berliners in masses to the municipal soup kitchens, where they hope to get better rations than at home. The management of the kitchens reports 21,000 new registrations. The kitchens, however, are badly supplied, and the fare is most scanty and monotonous. The potato ration this week is one pound, but it is admittedly only on paper.

AN IRISH REFERENDUM.

London, July 3.—Sir Horace Plunkett, in a letter urging William O'Brien to reconsider his decision not to participate in the approaching Irish convention, says that while he has no official authority for the statement, he has best reasons for believing that the findings of the convention will be submitted to a referendum if the convention scheme fails to meet with popular favor.

INQUIRY OPENED ON NIAGARA DISASTER; WARNING WAS SENT

Official Rushed Car To Scene, But Too Late To Stop Accident.

Niagara Falls, N. Y., July 3.—An inquiry into Sunday afternoon's trolley wreck in the Niagara Gorge, was begun here today by J. William O'Brien, assistant district attorney of Niagara County. Officials of the gorge route and members of the 74th Regiment of the National Guard, who were on the cantilever bridge close to the scene of the accident, have been subpoenaed.

Warning Was Phoned.

"That warning of the washout was given before the trolley car with its 50 odd passengers and crew plunged into the edge of the whirlpool rapids is now admitted. W. J. Creighton, an inspector for the Great Gorge Route, told the district attorney today that a telephone call giving the warning was received by William Piper, assistant superintendent of the line. A car was called immediately and rushed to the gorge, but it arrived too late to prevent the disaster. About the same time a car crew reported at the barns that the track weakened under their car as it passed the point where the washout occurred.

GEN. PERSHING'S TROOPS NICKNAMED "SAMMIES"

Washington, July 3—Gen. Pershing's fighting men in France have been nicknamed the "Sammies"—Uncle Sam's boys—and the title bids fair to stick.

It will take its place alongside of Tommies for the British, Poilus for the French and Bosches for the Germans.

In connection with temporary training behind the lines, the Sammies will learn more than they have previously been taught as to bomb and grenade attacks, the new British bayonet system, and similar developments of modern warfare.

CHAIRMAN AND CONTRACTOR TELL OF "GRAFT TEST" USED TO CATCH ARCHITECT NUTTER; LETTER ON DEAL IS PRODUCED

A. E. Silverwood Says He Directed Putherbough To Pay Five Per Cent "Commission" on Retaining Wall After Contractor Had Spoken of His Suspicions—Mr. Nutter Withdraws Resignation.

Arthur E. Nutter, associate architect of the Technical School, was relieved of his position at a special meeting of the advisory committee of the board of education held at noon today. His suspension is indefinite, and in the Interim Trustees A. E. Silverwood and A. A. Langford will consult City Solicitor T. G. Meredith to secure advice as to the best means of proceeding to get rid of Mr. Nutter permanently. The suggestion that a thorough investigation be held before a county judge was made, but the action of the committee will depend on the advice of City Solicitor Meredith.

SAID TO BE LOOKING FOR GRAFT.

Chairman Silverwood, of the committee, stated that as a great deal of publicity had been given the affair it was the duty of the committee to go thoroughly into the matter.

He reviewed what had transpired at the last meeting of the committee, when the facts were developed. There were suspicions carried to the committee that Architect Nutter was looking for graft.

Contractor Putherbough had mentioned this also, and Mr. Silverwood authorized him to lay a trap for Mr. Nutter, and get the evidence. Mr. Nutter asked for 5 per cent commission on a retaining wall. Mr. Silverwood told Mr. Putherbough to pay over the money, and report to the committee. Two tenders were received for the work, Mr. Putherbough being low. Mr. Putherbough sent a check for the amount, $40, and the check was cashed by Mr. Nutter.

CLAIMED IT WAS FOR PRIVATE WORK.

"I felt that we had to get Nutter off the job, and we tried to do so," said Mr. Silverwood. "At first he denied point blank that he had received any money, but finally admitted that he had received the check. His explanation was that it was for private work done for Mr. Putherbough. No immunity was promised Mr. Nutter, but the committee did not feel like hounding him to death. The members wanted to give him as much protection to his family as possible."

"Could this be construed as an extra, for which he might argue that he was paid by the contractor?" asked Thomas Treleaven.

CONTRACTORS SAID HE HAD TO BE "GREASED."

"No, not at all," answered Mr. Silverwood. "This was an extra, of course, but he would get a percentage from the board of education, not from the contractor. He was engaged by us, not by Mr. Putherbough. When his bill for this work was presented to us we would have passed it. I have found that there are many contractors in this city who refused to tender for work, and who said that they would not tender for any work in the future, with which Mr. Nutter was connected, as he had to be greased. The contractors have told me that, and I determined to get rid of Mr. Nutter. He could not remain as architect with me on the committee."

CONTRACTOR TELLS ABOUT 5 PER CENT.

Contractor Putherbough reviewed the situation and explained the matter. He had been asked by Mr. Nutter to tender for the retaining wall. When he asked Mr. Nutter for the plans he went to his office, and Mr. Nutter asked him to add 5 per cent for the architect. He stated that he had not received enough from the building, and he thought he should get more. On consultation with Mr. Silverwood he decided to send a check for the amount $40. His stenographer, in sending the check, had written a letter in which she said that the money was the amount agreed upon, "In the deal regarding the technical school." There were some other deals that he had heard about, in which Inter-Provincial Brick Company paid Mr. Nutter some money, but he had no proof of that.

DEAL WITH OTHER MATTERS ON PROOFS.

"We have treated Mr. Nutter fairly," said Mr. Silverwood. "He never made

FEARS FOR SAFETY OF TWO LONDONERS WHO WENT TO FALLS

Mr. Shaw and Mrs. Whibley Left With Motor Party and Have Not Returned.

Serious fears are entertained for the safety of Edward Shaw, superintendent of the cut sole department of the Murray Shoe Company, and Mrs. Whibley, of 394 Oxford street, who left the city with a wedding party for Niagara Falls and have not been heard from directly since that time.

The Londoners were expected today, but did not arrive, and as they were at the Falls when the gorge disaster occurred, friends immediately began inquiries.

The Londoners who went with relatives from Montreal, who came to the city on their wedding tour, sent a postcard back to the city on Sunday, which was delivered here this morning. The card was marked 8 p.m. and bore the postmark of Niagara Falls, Ont. As the accident occurred at 3:30 on Sunday afternoon, this might indicate the safety of the two Londoners. At the same time it is felt that the card might have been posted early in the day and not collected for some time.

LAW MAKES CONCESSION TO TOBACCO DEALERS

London, July 3.—Bonar Law's concession in halving the proposed increased tax on tobacco, announced by him yesterday, is the result of strong representations made by the trade against such a heavy increase, which meant an addition of 2 pence per ounce to the retail price. The chancellor of the exchequer also announced concessions of a similar nature in the tax on entertainment tickets, the proposed increase on which had caused heartburnings in the theatre and concert world.

It is expected that President Li Yuan Hung will resign tomorrow.

THE NEW EMPEROR'S EDICT.

Peking, July 1.—(Delayed).—The imperial emblem is everywhere displayed, marking the restoration of the Manchu monarchy. There has been no disorder. In a long edict the emperor, who was restored to the throne today, explains how, being youthful, he was forced to relinquish sovereign power to Yuan Shih Kai, late president of the Chinese Republic.

"The country, being threatened with disintegration and party strife, and the people appealing to him to take over its administration to save the people from suffering, the young emperor says he was compelled to take action. China's future government will be based on the following:

"The country shall be administered according to the constitutional laws promulgated by the late emperor.

"Expenses of the imperial household shall remain the same as those fixed by the republic.

"Blood princes shall not be allowed to interfere in politics.

"There shall be no difference between Manchu and Chinese. Marriage between them is allowed.

"The stamp tax and other petty taxes are abolished.

"The republican criminal civil code is abolished and that introduced the first year under Hsuan Tung's Government is reinstated.

"Political offenders are pardoned.

"The wearing of queues is optional."

A hundred Japanese have arrived to strengthen the legation guard. There is no news of President Li Yuan Hung's expected resignation.

Brusiloff's headquarters, coming on the heels of the arrival of the American vanguard, fills France's cup of joy to overflowing. The temporary wave of despondency and impatience which found an outward manifestation in two dozen interpellations of the Government in the Chambers of Deputies has vanished.

FOOD SUPPLIES GOT THROUGH NEUTRALS TO THE CENTRAL POWERS

New York, July 3.—The suggestion that food supplies from the United States have been taken through to the Central Powers is given added weight by a circular issued by the foreign department of the National City Bank, which shows that the export trade to Norway for the ten months ending with April, 1917, there was an increase of 800 per cent over that of 1913.

Exports of wheat to neutral Europe in the ten months were 39,000,000 bushels. Flour exports to neutral Europe in the same period were 2,650,000 barrels, against 1,428,000 in the same months of 1914.

GIRL WILL NOT TAKE DARE, HOES CORN TO GET ALONG; SOLDIER'S WIFE IN RACE

Advertiser's Great Prize Contest Brings Out Quality of People That This Thriving District Boasts Of—Contest Manager Is "In For" a Kitchen Cabinet — Contestant Soon to Wed.

The race for the $16,000 worth of prizes in The London Advertiser's prize contest is now on in real earnest. Every county in Western Ontario is represented by live, energetic people, who are determined to uphold the reputation of this region by "always being in the lead in doing things."

Hundreds of letters are received at the contest department every day, inclosing new subscriptions, requesting information and receipt books, and telling about individuals' work in the campaign.

"The $1.50-a-day girl" from Ridgetown is not letting the grass grow under her feet in canvassing for subscriptions. Here is how she got a new subscription:

Girl Hoes Corn.

"I have to work hard for my subscriptions. One subscriber said he'd give me a year's subscription if I'd hoe corn for two days. Well, I just took my hoe, and if you ever saw weeds fly it was me hoeing. I put in my two days, and secured his name on my list. He thought it a good way to get rid of me when he made the proposition. But nothing doing! I was game. So if any of the other candidates can beat that for effort, they have more ambition than I give them credit for. I sincerely thank the kind friend that gave me the two-years' subscription from Woodstock. If I had her address I would write and thank her most heartily. I'm forwarding you postal order for the subscriptions I have got."

A Soldier's Wife.

Another lady from Sarnia is appealing to her friends to assist her in winning the grand prize. She is not so particular about the automobile, but does want the $1,000 in cash to distribute among the patriotic organizations in her district. She styles herself as "Lambton's Soldier's Wife."

A Bride-To-Be.

One of the candidates in district No. 3 blushingly intimated to the contest manager Saturday that one of the big prizes would come in very handy to her some time the latter part of August. The contest manager in an unconscious moment made the remark that he would present each candidate who got married during the contest with a $50 Hoosier kitchen cabinet. Now, how many cabinets will he have to buy?

HAD MUCH TO DO WITH SETTLEMENT OF THE NORTHWEST

A. R. Roche Was First Husband of Mrs. H. A. Boomer.

BEFORE CONFEDERATION

Historic Record of the Early Settlement and Development of Assiniboia.

To the majority of readers of The Advertiser the fact is probably not known that the early settlement of the Canadian Northwest with Europeans, the acquiring of the northwest territory for the Dominion, and the organization of the territorial governments as a part of the Canadian governments was largely due to the agitation of A. R. Roche, the first husband of Mrs. Harriet A. Boomer of the city, in a series of articles signed "Assiniboia," and published in the Montreal Gazette some ten years before confederation.

Historic Account.

The following in regard to Mr. Roche and the agitation he started for the acquisition of the Hudson's Bay territory, appears in "The History of the Northwest," published some years ago in the Montreal Gazette:

A. R. Roche, then an officer of the crown lands department, wrote for these columns a series of long and very elaborate communications, setting forth the suitability and capabilities of the Canadian Northwest for European settlement. He described the climatology and physical features of those vast areas and produced evidence for every important statement made from the published writings of the Hudson Bay authorities. The Gazette strenuously maintained that these statements had an importance and promise for Canada not to be overlooked by the Government and Parliament. Mr. Roche's letters attracted much attention and were reproduced in the province of Ontario. The Toronto Globe took up the agitation and did persistent and splendid service. It must be said that at the commencement of the publication of these communications in the Gazette the influence of the Hudson Bay Company was strongly exerted to stop them.

Said It Was Myth.

"It was declared to the conductors of this paper that the whole story was a myth and that the country was not fit for European settlement. These representations from such a source might have been successful if Mr. Roche's statements had not been based on the authority of the Hudson's Bay Company's own officials, chapter and page being quoted for every statement made. It is needless to say that the unworthy attempt of that great corporation was insufficient to stop the agitation, although the same course was persisted in before a committee of the Imperial Parliament, after the Canadian Government had been moved to send a delegation to England on the subject, of which Mr. Roche was appointed secretary. All that followed is now well known, viz.: The acquiring of the northwest territory, the rapid commencement of settlement, and the organization of the territorial governments as part of the Canadian Confederation. Space will not permit that we follow this narrative of facts in detail. Our object is simply to show the beginning from which sprung our great development, which has interest not only to the Dominion of Canada, but the whole British Empire."

Closely Associated.

Mrs. Boomer has been closely associated with the history of the Northwest from its beginning, from the time as a girl in her early teens she went to the Red River Settlement from England with her mother, Mrs. Mills, who was appointed to take charge of a school there for the children of the officials of the Hudson Bay Company. Before she returned to England her sister had married the governor of the territory, under the Hudson Bay Company, Judge Johnston.

When Mrs. Boomer a few weeks ago attended the annual meeting of the National Council of Women in Winnipeg she stayed at the Fort Garry Hotel, built on the site of the former home of her sister, Lady Johnston. The extract quoted from "The History of the Northwest," suggests Mrs. Boomer's renewed association with the west, through her husband, Mr. Roche.

WORK STARTED ON BIG PLANT

Work has commenced on Beattie Bros. new foundry buildings at Chelsea Green, and will be rushed so that manufacturing may be commenced in the fall. The plans for the plant were prepared by Architect W. G. Murray, and it will be one of the most modern and extensive of its kind in the province. It is likely that further important additions will be made.

GANG OF YEGGS MAY HAVE BEEN HERE YESTERDAY

The yeggmen who recently robbed the Grand Trunk depots at Hensall and Centralia may have spent a short time in London late yesterday afternoon. A gang of five men was noticed at the depot of the London and Port Stanley Electric Railway, and suspicions were aroused. Soon after a passenger on his way to Port Stanley, A. Palmer, of Central avenue, missed a roll of $42, and it is supposed his pocket was picked. The five men were acting in such a manner that it was feared that they might attempt to rob the London and Port Stanley ticket office, where several thousand dollars was taken in. The management was communicated with, and the money was placed in a more safe place. In the meantime the gang of five had disappeared, and all efforts to locate them failed. Later in the evening a special Grand Trunk detective arrived in the city, and is working on the case. The gang who robbed the offices at Hensall and Centralia were supposed to have been at Hyde Park a couple of days ago.

HOW HE QUIT TOBACCO

This veteran, S. B. Lamphere, was addicted to the excessive use of tobacco for many years. He wanted to quit, but needed something to help him.

He learned of a free book that tells about the tobacco habit and how to conquer it quickly, easily and safely. In a recent letter he writes: "I have no desire for tobacco any more. I feel like a new man."

Anyone desiring a copy of this book on tobacco habt, smoking and chewing, can get it free, postpaid, by writing to Edward J. Woods, 549 P, Station E, New York City. You will be surprised and pleased. Look for quieter nerves, stronger heart, better digestion, improved eyesight, increased vigor, longer life and other advantages if you quit poisoning yourself.—Advt.

MILITARY PARADE WAS BIG FEATURE ON DOMINION DAY

Celebration Will Long Be Remembered in City.

VETERANS IN LINE TOO

Big Crowd of Citizens Witnessed the Inspection at Victoria Park.

Dominion Day was celebrated yesterday by a combination of events, both civil and military, that will long be remembered by the citizens of London, the fiftieth anniversary of the founding of the Dominion of Canada was commemorated with appropriate patriotic exercises, and to those who were fortunate enough to witness them the significance of the word "Canada" was brought home in such a thrilling manner that it will not easily be forgotten.

The parade of the military forces of the city including returned soldiers, veterans of the great war, and of previous campaigns, the militia men, and in fact practically every military unit in the city, the review of the units by the district headquarters' staff in Victoria Park, the patriotic addresses by Mayor Stevenson, Sir George Gibbons, and Canon Tucker, the decoration of the soldiers' monument with a wreath given by the Women's Canadian Club, and finally the stirring march-past at Kent street and Park avenue, all were but separate scenes in a patriotic pageant such as has been seldom seen in this city. Crowds lined the streets at vantage points along the route, and thousands of citizens thronged Victoria Park.

All Were There.

London has, indeed, seen longer parades, and military events in which many more men were taking part, but never has London seen a parade in which every branch of the service was represented, nor in which a better exhibition of military training was given, and cold-blooded was the man or woman who stood and watched these young Canadians, rank upon rank, march past the saluting base, without a thrill of pride at the fact that he or she was a Canadian.

The parade moved off from Carling Heights Camp sharply at the appointed hour, 9:30 o'clock, and proceeding by way of Oxford and Adelaide streets, was joined by the 7th Reserve Battalion at Adelaide and Princess avenue. The route then followed Adelaide street, Queen's avenue and Waterloo street to Dundas, where returned soldiers and the veterans of previous campaigns joined the parade. Continuing the parade moved along Dundas, Richmond, Dufferin avenue, and Wellington street, and into Victoria Park.

Parade Unique.

The parade was unique in this city, in that every branch of the service was represented, and the various kinds of equipment exhibited were well worth seeing, if only from an educative standpoint. Immediately behind Col. Shannon, officer commanding this district, who led the column, rode the district staff officers, who were followed by the band of the 1st Hussars, after which came the brigade staff officers.

Then occupying the place of honor, ahead of all other units in the column, came the returned soldiers, and with them marched the veterans of previous campaigns, who in spite of their long period of service in the battle of life, kept pace with their younger fellows proud of the fact that they were once more able to march to the strains of martial music, and show that though their bodies might not be strong enough to bear the brunt of the fight, their spirits burned with the old unquenchable fires of patriotism and love of country, the spirit that made them leap to their places in the ranks during times of danger years ago.

Service Company.

Next came the Service Company, Canadian Engineers, whose appearance on the streets of London marked the first time that a complete field company of engineers has been seen in this city. The four sections of the field company included signallers, Cyclists, tool carts, field kitchens, general service wagons and water carts.

After the engineers came a composite unit from the Central Training Depot at Carling Heights, composed of members of the 7th, 21st, 22nd, 25th, 32nd and 168th Regiments overseas companies, forestry companies, construction companies, cyclists platoons and the 1st Hussars Depot. The hussars though a mounted unit, marched as infantry.

Then followed the new band of No. 1 Special Service Company and the members of that unit, the band of the 7th Regiment and the members of London's regiment, and the Army Service Corps details. The display of equipment by the Army Service Corps was one never before witnessed in London, and included general service wagons, lorries, huge motor trucks and field kitchens.

The pipe band of the Army Medical Corps came next, leading the members of A. M. C. Training Depot No. 1, who were followed by the members of No. 1 Detachment, Canadian Ordinance Corps and the members of the camp sub-staff.

One of the features of the parade which attracted universal comment was the splendid condition of all horses, both draft and riding animals. The animals were in perfect shape, and reflected the greatest credit on Lieut. D. A. Stewart, principal veterinary officer of the district, who is one of the most efficient officers of the staff. Lieut. Stewart's work as veterinary officer of the district has won the greatest commendation from military officers and public alike.

Formed in Square.

On their arrival at the park the men were drawn up to form three sides of a hollow square, the main body facing the west and the other two sides facing north and south respectively. Then, as the band played patriotic airs, the men were inspected by Col. Shannon and his party, which included Mayor Stevenson.

The men were then drawn up surrounding the soldiers' monument, where Mayor Stevenson spoke briefly, reminding those present that the power and force of the great British Empire stood behind the military units there, who were enrolled for the freedom and democracy of the world, and urging that the children should know what that day stood for.

Sir George Gibbons, who made the presentation of the wreath on behalf of the Women's Canadian Club, mentioned the honor which he felt was his on being asked to decorate the monument to those who had fallen in the South African war, and stated that it was a wonderful thing that one of the men, General Smuts, who fought against the British then, should now be fighting for the British.

Time for Service.

"This is not the time for talking, but the time for service," said Sir George. "This happens to be my birthday, and my heart was filled with emotion when I saw these boys marching in here, as I thought of a day fifty years ago when, in a red coat, I drilled in this field, then surrounded by stumps. I am glad to see so many of the old veterans here today. I am glad to say that I was one of the first to enlist at the time of the Fenian raid, and was the first color-sergeant of No. 7 Company.

"Fifty years ago our fathers felt that a union of all the sections of this country would swamp local rivalries and jealousies. Our fathers builded well. Our material prosperity has been marvelous. Everybody loves Canada now; everybody is proud of Canada now. Great glory has come to our people in the last few months, since their sons at Ypres, Courcelette and Vimy Ridge have shown the spirit of true Canadian manhood.

"Canada, by voluntary enlistment, has given the largest proportion of her men of any country in the world, and whatever is necessary to support those who are already at the front will be done."

Turning to the men in khaki, he said: "We wish you Godspeed and a safe return, for Canada is greater and bigger and better because you are here, willing to serve her."

Canon Tucker declared that it was one of the most glorious days in the most glorious year of the history of this country, and recalled the first confederation day, when he was a boy at school. Montreal, then a city of 90,000, was now nearly a million, and Toronto, then a place of about 35,000, was now grown to huge proportions. Canada then extended from Sarnia to Gaspe, and the Maritime Provinces were almost like a foreign country. The people called themselves English, Scotch and Irish, but no one would care to call himself a Canadian. "Who would not be proud to call himself a Canadian today?" asked the speaker.

Canada now extended from the Atlantic to the Pacific, and the Government that rules over that vast domain was the freest and best on the face of the globe. Referring to the enfranchisement of Canadian women, he characterized it as the greatest and most beneficent revolution in the history of Canada.

Much was due to the fathers of confederation, Sir John A. Macdonald, Alexander MacKenzie, George Brown, Sir George Cartier, Edward Blake and Sir Charles Tupper, who believed in the future of Canada, and who worked not as Latins or Celts or Britons, not as French or English, but simply as Canadians. Much was also due to those who went forth at the call of freedom to lay down their lives in the present war. "They wrote the name of Canada in flaming letters at St. Julien, Courcelette and Vimy Ridge," he added, "and as long as English is spoken, they will be known as benefactors of the human race."

He urged those present to live lives worthy of their fathers who founded this country, and predicted that 50 years hence a monument high as the trees would stand to the memory of those who had gone forth, such as Lieut.-Col. Becher and Lieut.-Col. Leonard, and many others, to serve their country.

A large representation was present on behalf of the Women's Canadian Club, and included Mrs. Donald McLean, Mrs. A. T. Edwards, Miss F. McCall, Mrs. A. E. Cooper, Miss L. Rudd, Mrs. Bapty, Miss G. Bapty.

Following the addresses, the men were lined up and withdrawn from the park to perform the march-past, proceeding west along Central avenue and south along Park avenue. The saluting base was at Kent street and Park avenue, and as the men swung along in column of platoons" formation, Col. Shannon and his staff received the salute there. The parade then moved east on Queen's avenue to Richmond street, north along Richmond street, and returned to camp by way of Picadilly, Wellington and Oxford streets.

GRANDMOTHER, THE PIONEER PHYSICIAN

In the good old pioneer days of this country, when drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most widely used prepared medicines.

Such is Lydia E. Pinkham's Vegetable Compound, a botanic remedy, originally prepared by Lydia E. Pinkham of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.

SYRUP OF FIGS FOR CROSS, SICK, FEVERISH CHILD

Look, Mother! Is Tongue Coated, Breath Hot and Stomach Sour?

Harmless "Fruit Laxative" Best to Clean Tender Liver and Bowls.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish, and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages, and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

SOUTH DELAWARE, July 2.—The school picnic at No. 6 Delaware on Monday afternoon was a success. A baseball game was put on between the Southwold and Delaware teams, resulting in a score of 24 to 39 in favor of the Delaware team. After that a large number of keenly contested races was run off. The girls' races and boys' races were run in different sections, according to age. Young men's race, young ladies' race, married ladies' race, married men's race, wheelbarrow race, three-legged race, thread and needle race and boot and shoe race were all on the program.

After the races were over an old-fashioned spelling match was indulged, followed by a sumptuous lunch, served on the lawn.

Miss Robertson, teacher, is regarded as exceptional, and is bringing the school along with leaps and bounds. The trustees have engaged her for another year.

MITCHELL SUES SIR ADAM BECK OVER CONTRACT, ALLEGING SPITE

Chairman of Sanatorium Refused To Let Utilities Commissioner Have Work.

WROTE A HOT LETTER

Violently Attacks When Mr. Mitchell Protested For Rights as Citizen.

As a result of losing business amounting to $25,000, F. G. Mitchell, manager of the London Engine and Supplies Company, will commence an action against Sir Adam Beck for breach of contract, charging that the latter refused to permit business to come to Mr. Mitchell's firm on account of the personal opinion of Sir Adam toward Mr. Mitchell.

The firm of Eggett & Co., plumbers, was awarded a contract for plumbing and heating at the Byron Sanatorium. The job amounted to a large sum, and the tender of Eggett & Co., is reported to have been $2,000 below any other.

Went to Mr. Mitchell's Firm.

The Eggett company let the contract for supplies to the London Engine and Supplies Company, and the stock is said to have been secured prior to proceeding with the work.

About a month after the contract was let, Eggett & Co. received word that they could not have the work, and it was reported that Sir Adam's personal antipathy and resentment toward Mr. Mitchell was given as the reason.

Mr. Mitchell wrote a letter to Sir Adam Beck, asking the reason for the cancellation of the contract, and he received a reply in which it is reported that violent language was used, and Mr. Mitchell was informed that no firm with which he was connected would ever be given any business by Sir Adam Beck, who said Mr. Mitchell had been an opponent of Sir Adam's hydro electric policy, and for this reason was outside the pale of all Beck concerns, and would never get a cent's worth of business.

Contract Is Cancelled.

Mr. Mitchell wrote a letter of protest to this attack, and pressed his right as a citizen and a businessman to be treated fairly. The protest had no effect, and the contract was cancelled and given to another firm.

Mr. Mitchell at once placed the matter in the hands of his solicitors, Gibbons, Harper & Gibbons, and action was deferred until after the sanatorium campaign had been completed. It is said that the action will be against Sir Adam Beck personally, and that he will be held liable for the cancellation of the contract.

The loss to the firms involved will be stated, and a considerable amount of damages, at least $10,000, will be asked for. Mr. Mitchell has given instructions on behalf of his firm to have the case proceeded with immediately.

$75,000 IN CASH ONE DAY'S TAXES

Expected That $500,000 Will Be Paid On First Call.

More than $75,000 in cash was taken in on Saturday by the tax collector on the first instalment of taxes. In addition, there literally bushels of letters and checks which have not yet been totalled. This will require some days to look over and add up. The collectors are receiving taxes today, and it is expected that more than $50,000 will be received on this, the last day for paying the first instalment.

It is predicted that nearly $500,000 will be paid into the city treasurer on this levy.

CHALMERS PEOPLE PICNIC AT PARK

The annual Sunday school and congregational picnic of Chalmers Presbyterian Church was held on Monday, July 2nd to Springbank Park. London's Military Celebration of Golden Jubilee of Canada's Confederation

A group of Advertiser snaps of yesterday's military demonstration which marked the local observance of 50 years of Canadian confederacy. In the upper right hand corner is a snap caught as Col. L. W. Shannon, D.O.C., was taking the salute from the garrison as it marched past the saluting base at Kent street and Park avenue. Lieut.-Col. H. D. Smith, geneal staff officer, is mounted on the colonel's right. The right hand picture was taken at the decoration of the soldiers' monument and shows Col. Shannon, Mayor H. A. Stevenson, Sir George Gibbons and Canon Tucker of St. Paul's Cathedral, the speakers of the morning.

In the centre is a characteristic group of the thousands who witnessed the inspection of the troops in Victoria Park. The lower pictures show the "march past." On the right are the returned soldiers, whose appearance evoked such applause, while on the left is the signal section of the Canadian Engineers, members of which are undergoing their preliminary training here prior to their departure for the engineer training depot at Ottawa next week.

The grave ecclesiastics and Presbyterian elders are this afternoon indulging in a program of sports and group games, arranged by Revs. S. H. Eastman, the pastor of Port Stanley Church; Rev. W. R. BOTH WERE WOUNDED

Thirty Men From District Welcomed by Large Crowd at C. P. R.

In a party of 30 wounded and invalid soldiers who returned to the city via C. P. R. at noon today were two first contingent men, James E. Ballantyne, 665 Elias street, and W. C. Bezzo, Clinton, in addition to nine other Londoners.

Ballantyne enlisted with the 7th Field Company, C. M. R., on August 5, 1914, one day after Britain had declared war. He was among the first of the Canadians to reach France, and passed through some of the biggest battles in which the Canadians participated prior to his being wounded at the third battle of Ypres on June 21st last. He was shot in the leg during a charge on that date on German trenches. He was through the thickest of the fighting at Festubert, Loos, Langemarck and Givenchy, as well as the first and second battle of Ypres. He was met by a large party of relatives and friends, and was given a warm welcome as he stepped from the train.

Has Been Twice Wounded.

W. C. Bezzo, Clinton, the other first contingent member, enlisted in this city on August 6, 1914, and carries two gold stripes, indicating that he has been wounded twice.

At Givenchy, June, 1915, he was wounded during a charge, when struck in the leg by shrapnel. After a short time in the hospital he returned to the trenches and while assisting in an attack on a German trench on the Somme last September, was shot again the second time in the hand. The bullet took such a course that three fingers were partially severed. Although the fingers were saved he was unable to handle a rifle.

The other Londoners, who returned home were: A. J. Belcher, 576 William street, 70th Battalion, over age; J. Bennet, 114 Horton street, 142nd Battalion; J. Broadoridge, 175 Horton street, 70th Battalion, heart disease; J. Edwards, general delivery, 7th C. M. R., rheumatism; R. Greenside, 821 Queen's avenue; 142nd Battalion; F. Howill, 1203 Dundas street, 71st Battalion; R. H. Young, 249 Grey street, 18th Battalion; R. G. Macrae, 174 Maple street, 142nd Battalion, and J. H. Mudge, 16 Oak street, 70th Battalion.

Comes Home to Children.

G. D. Richardson, Ilderton, enlisted with the 18th Battalion, and after several months of service has been discharged and allowed to return home to look after a family of small children. He was wounded in the Boer war.

Martin, ingsville, 99th; W. Headlam, Windsor, 70th; Sidney Smith, Allenford, 18th; A. S. Young, Galt, 34th; T. White, St. Thomas, 18th; Frank Clerc, Guelph; James Clarke, Guelph, 71st; J. B. Friedman, Galt, 34th; J. G. Graham, New Hamburg; A. J. Balfour, Guelph, 71st; A. J. Crabe, St. Thomas, 70th, and G. F. Ferriss, Point Edward.

Twenty-two of those who returned will be assigned to permanent base duty. They will act in an instructional capacity in the majority of cases.

The men were met at the depot by a large crowd and taken in motor cars to military hospital.

GENEROUS GIVING TO AMERICAN RED CROSS BY MEMBERS OF SHRINE

Dr. A. Roy Routledge, acting potentate of Mocha Temple, Recorder W. H. Abbott and Delegate H. C. McBride returned last evening from Minneapolis and Detroit, where they had been attending Shrine functions. At Minneapolis, the annual session of the imperial council for North America was held. The Shriners voted $20,000 to the American Red Cross, $5,000 to the Martha Washington Society, and $30,000 to the residents of Minneapolis and St. Paul, who were not Shriners, but who contributed money to the entertainment of the Shriners, which had to be curtailed on account of the war.

Next year the Shrine will meet in Atlantic City. Whether or not it will be the usually splendid function or a business session depends altogether on the war.

RECRUITING POOR LAST HALF MONTH IN THIS DISTRICT

Only 222 Men Signed Up in No. 1 Military Area.

MANY COME FROM U. S.

The British Recruiting Mission Sends Large Share of Men Taken On in City.

Recruiting is continuing on the down grade, according to the returns for the half-month just past, which have been received at militia headquarters today, showing that only 222 men enlisted during that time in this district.

This is considerably less than the normal rate, which was usually about 300 men each fortnight before the announcement of the conscription measure. A large proportion of the men who have enlisted have as usual come from the United States, which makes the number actually from Western Ontario who joined still less. The Windsor Mobilization Centre, under command of Lieut.-Col. Welch, handled 132 men, and included in this number are all those who were secured in the county of Essex. The number secured by Major Balfour, whose returns were formerly made from Amherstburg, are now included in the returns of the Windsor Mobilization Centre.

84 Men Passed in City.

The London Mobilization Centre passed 84 men, of whom 22 were men sent here by the British Recruiting Mission in the United States. Six men passed through the Guelph Mobilization Centre, which has since been closed.

The individual units and recruiting offices secured men as follows: 7th Overseas Company, eleven men; Forestry Company, nine; 25th Overseas Company, nine; Major Nelson, Walkerton, eight; Capt. MacGillivray, Woodstock, seven; Stratford, Sarnia, and the 22nd Overseas Company, two each.

Notification has been issued by district headquarters to recruiting officers to the effect that recruits will in the future be accepted only for infantry and cyclists units as far as men fit for the first-line work (Class "A," medical categorization), and for railway construction and Army Medical Corps if the men are Class "B" (second class, medical categorizations).

Now Go to Infantry.

Any men accepted for the Canadian Mounted Rifles are to be instructed that they are going into an infantry unit. A few men, specially selected men, having mechanical skill and experience, may be accepted for the Canadian Engineers, according to the order.

This order is in keeping with the policy being adopted by the military authorities of concentrating their efforts to obtain men for the infantry, with a consequent cessation of recruiting for the other units. Recruiting for the artillery and forestry was stopped some time ago, and men accepted for the cavalry branch are now to be instructed that they are going to be trained as infantry.

BIG HOLIDAY CROWD VISITED PORT STANLEY

Port Stanley, July 3.—The holiday brought one of the largest crowds of picnickers to Port Stanley in history. It was a beautiful day, and was heartily enjoyed by the pleasure seekers. Both electric roads report a rushing business, and, with a few minor accidents occurred, and none of vital consequence.

CANADA BRILLIANT MEMBER OF EMPIRE, SAYS LLOYD GEORGE

Addresses Dominion Foresters On Confederation Day.

Dundee, Scotland, July 2—Via Reuter's Ottawa Agency.—Prior to leaving this city yesterday morning, Premier Lloyd George specially visited the timber-cutting operations which are now of such great importance to the nation in the prosecution of the war.

Lloyd George inspected the Canadian Forestry Company, 250 strong. In a short speech he said:

"It gives me great pleasure to have the opportunity of meeting this company of our gallant kinsmen from the great Dominion of Canada. I have seen something of this work, which is being done and can assure you you are doing a work of the greatest national importance. You bring us from Canada a skill in this work which we here had almost lost. We, in the past, paid too little attention to afforestation. You come and teach us one part of the work, namely, the cutting down of timber. We very often left the bringing down of trees to the action of wind and storm.

Means Big Saving.

"I remember when Sir Robert Borden was at the first imperial conference. He told us how you could help, and I tell you what it means. We are going to save six million tons of exports in timber, ore and food by utilizing our resources. That is a factor of the first importance in countering the efforts of the submarines. That's where you can specially help. You all know this is the great anniversary day in the history of Canada, one of the most brilliant members of the British Empire. Canada is a bulwark of freedom. Her sons have fought with magnificent courage in this great war. Their deeds of valor at Vimy Ridge and on many another battlefield are now a matter of history. They have shown Canada's might in the British Empire's strength. When the old country was assailed in its defence of freedom, the great Dominions were the first to make common cause with the old country. Together they have shown there is more in the might and muster of the British Empire than ever our enemies reckoned."

CITY TREASURER MAY SERVE AS COLLECTOR WITH EXTRA CLERK

It is expected that the work will be handed over to City Treasurer James S. Bell who will appoint an extra clerk to the tax office. This, it is thought, will mean efficient, as well as economical service. Charles Turner will be first assistant.

RECALLS MILITARY CELEBRATION HELD ON JULY 1ST, 1867

William Hayman One of British Regulars in Review.

FOUR MEMBERS IN CITY

David Sare, Charles Cassell and Patrick Howard the Other Survivors.

Some interesting sidelights on the events of the first confederation day, July the first, 1867, were given to The Advertiser today by William Hayman of this city, who recalled incidents of the military celebration that took place on that day with great vividness.

A field day for the troops was held, and all were drawn up on "Cricket Square," now Victoria Park, where a review and "march past" was followed by a sham fight. The skirmishing began at Cricket Square, and extended as far as the present Adelaide street, lasting from the middle of the morning until about 1 o'clock, when the men marched back along Dundas street to their homes.

With British Regulars.

Mr. Hayman, who was then a private in "B" company of the 53rd Regiment (British regulars) and now the 1st Shropshire King's Own Light Infantry), states that the lines under a cut that appeared in The Advertiser Saturday, were wrong, and that the 7th Regiment was not present on that occasion. The cut was taken from the booklet, "Illustrated London," where the men are described as the 7th Regiment.

Among the members of the 53rd Regiment who were present on that occasion were: David Sayre, Charles Cassell and Patrick Howard, all well-known residents of this city. The regiment was then quartered in the Exchange Barracks on Ridout street, where Nolan's cigar factory now stands.

City of 10,000 People.

There were only 10,000 or 11,000 inhabitants in the city at that time, according to Mr. Hayman. There were two Methodist churches, the Pall Mall street church and the Bible Christian Church, at this time.

MR. NORWOOD RETURNS FROM EAST TONIGHT

Rev. R. W. Norwood and Mrs. Norwood are returning home this evening from Philadelphia, where they have been for the past few days in regard to the unanimous invitation which Mr. Norwood has received to become rector of a large church in a wealthy suburb there at a stipend of $10,000. The rector of the Memorial Church and his wife went over by the express wishes and at the expense of the Philadelphia parish. No word has been received in this city from Mr. Norwood in regard to his decision, the only message which has reached his family being a telegram announcing his return today.

Owing to the inviting nature of the Philadelphia call, and because of the enlarged opportunities it will afford, it is almost a foregone conclusion on the part of Mr. Norwood's friends that he will leave London

BRILLIANT RUSSIAN HEARD ON THE VIOLIN AT MASONIC TEMPLE

An outstanding artistic event of a season of rare musical treats was the recital given last evening in the Masonic Temple by the distinguished Russian violinist, Karel Havlicek and assisting artists, under the auspices of Lord Kitchener Division, No. 23, St. John Ambulance Association, for the benefit of St. John Ambulance Brigade overseas.

The playing of Mr. Havlicek was marked by brilliancy of technique, tone quality of marked beauty, breadth of conception and warmth and colorfulness which revealed artistic temperament in abundance. Probably not before has a finer rendition been heard in London of the Mendelssohn concerto for violin, notwithstanding the fact that it is so frequently played by celebrated artists.

Other numbers, each given with finish and authority were a sonato in A by Handel; "Viennese Song" (Kreisler); "Lullaby" (Elman); "Moment Musical" (Schubert-Kreisler), and a "Mazurka de Concert," by Musin.

George Rasley, tenor, and Mercedes Edwards, pianist, rounded out the program by several acceptable numbers, the latter proving herself an accompanist of exceptional skill.

Mr. Rasley's voice is pure tenor of most pleasing quality and his numbers were rendered with intellectual appreciation and a sympathy which made them most appealing.

In addition to her accompaniment work, Miss Edwards was heard in Chopin's Polonaise Militaire, "On the Wings of Song," by Mendelssohn-Liszt; Valse in A flat, by Chopin, and "In Autumn," by Moszowski, played with style and distinction.

Mr. Havlicek and his assisting artists will again be heard this evening in the Masonic Temple, under the same auspices.

The audience of last evening was small, owing to the holiday, but there was no lack of enthusiastic appreciation, numbers who were present declaring their determination to again hear the trio this evening, when there will be an entire change of program.

DR. FIDLAR RETURNING TO RESUME HIS DUTIES

Dr. Edward Fidlar of the Institute of Public Health, who has been on leave of absence on overseas service during the past year, has arrived in England from Bombay, India, and there is a probability that he will return home in the near future and resume his duties here. Dr. Fidlar was on his way to Mesopotamia in the service of the Royal Army Medical Corps a year ago in June, when he was taken seriously ill, and sent on to Bombay, India. He felt sufficiently recovered for duty before his sick leave expired, and was given work there. The cause for which he enlisted was up in June.

SOLDIER'S SON IS ACCIDENT VICTIM

John, the second son of Pte. A. E. Johnston, now serving with the 168th Battalion, had a narrow escape from death Sunday morning at Dorchester, by falling from a tree onto a spiked fence and inflicting a deep cut on the throat, missing the jugular vein by the smallest margin. Dr. Banghart dressed the wound.

BARNHILL AND OAKLEY NOW ON DUTY WITH LONDON POLICE FORCE

Sergt.-Major John Barnhill and Sergt. James Oakley, both former members of the police force until they enlisted in the 6th Field Battery in August, 1914, resumed duty as patrolmen on Sunday last. The former started with the morning shift at 6:45 o'clock and Patrolman Aakley donned the blue uniform shortly after dinner, and started on his former beat for the first time in nearly three years. Both men are welcomed back by the members of the force.

CITY ENGINEER SEES BODIES TAKEN OUT OF NIAGARA WRECK

Car Lies Bottom Up and Number of Victims Is Mystery.

City Engineer Harry A. Brazier was in Niagara Falls on Sunday, when the Gorge Line car went over into the rapids. He saw the wreck within an hour of the time that it happened.

"The car is lying in the rapids, upside down," he said. "The bottom of the car is practically level with the water, with the exception of a slight elevation of possibly a foot on one end.

"It was a horrible thing, and it is a wonder any person escaped. I suppose those who did get out were thrown out as the car tumbled down the embankment. There is a great discrepancy as to the number killed and injured. It is stated that the car was packed, with people standing in the aisles. If this were the case, there must have been nearly a hundred persons on the car, and only 50 have been accounted for. I saw three bodies taken out, and that was quite enough for me."

TRAFFIC EXPERT FOR NEW YORK CITY HERE

E. H. Best, traffic commissioner for New York City, Jersey City and Hoboken, is spending a few days with his parents at 678 Colborne street.

Mr. Best is a former Londoner, and commenced his railroad and traffic career with the Canadian Pacific Railway in this city. Four years ago he organized the traffic department of the Rochester, N. Y., Chamber of Commerce, from where he went to Jersey City and Hoboken, N. J., to organize similar departments in the chambers of commerce in those cities. His work on the Jersey side of the Hudson in connection with railroad, steamship and lighterage matters in the interests of the Jersey cities resulted in his being offered entire charge of the organization and direct supervision of the activities of a traffic department and council for the chamber of commerce in the borough of Queens, which is the largest borough in New York. Mr. Best is now in entire charge of all the traffic interests of Jersey City, Hoboken and Queensborough. His interests cover from Bayonne to Weehawken on the Jersey side of the Hudson and from Ninth street to Flushing Bay on the East River.

Mrs. Best, formerly Miss Emma Walsh of Piccadilly street, with her family, accompanied Mr. Best.

NEED FOR MORE HORSES ONLY WEAKNESS OF FIRE BRIGADE ON INSPECTION

Fire brigade "rolling stock" was inspected at the noon hour on Dominion Day at the market square. Mayor Stevenson and several members of the city council looked the department over and said that it was good.

Fire Chief Aitken had the equipment lined up on King street at 11:30 o'clock and then went to the market square. Every piece of apparatus was in splendid condition, and all were manned to the fullest possible extent. The motor apparatus ran as smoothly as the day it was put in the department, and looked none the worse for its usage.

Mayor Stevenson complimented Fire Chief Aitken on the fine appearance of his men and on their excellent drill.

The necessity of securing either a motor aerial ladder or some new horses was evidenced. The late Fire Chief Clark's driver was hauling the big truck. Although well up in years the big black is still ready for his work.

"We need a motor truck," said Chief Aitken. "That would relieve four horses for the other equipment, and we would be in a good position to handle fires all over the city. We must have a motor or four new horses. I strongly favor the motor equipment."

ENGINEERS' PICNIC

The eighth annual picnic of London Lodge, No. 30, Canadian Association Stationary Engineers, held at Springbank Saturday, was largely attended and was most successful in every way. The results were as follows:

CARD OF THANKS.

Mrs. H. R. Nicholls and family wish to extend their thanks to the many friends and members of Court Stella, A. O. F., for their kindness and sympathy shown during their recent bereavement.

FIRST PRIZE IN EACH DISTRICT

$750

These eight automobiles cost The Advertiser $6,000. They are the 1918 model, and are now on exhibition at the Ontario Garage, Dundas Street, London.

POINTERS FOR CANDIDATES

The little list of pointers which follows is set forth for the guidance and welfare of the candidates who really are in earnest in their efforts for one of The Advertiser's nine automobiles or other prizes. We would advise you to clip out the list and paste it up where you can read it every night and morning and follow it to the "T."

A new subscriber to The Advertiser at $3.00 a year, will count 7,000 votes. A new subscriber to The Advertiser who pays two years in advance at $3.00 a year will count 15,000 votes. A new subscriber to The Advertiser who pays three years in advance at $3.00 a year will count 25,000 votes. A new subscriber to The Advertiser who pays four years in advance at $3.00 a year will count 40,000 votes. A new subscriber to The Advertiser who pays five years in advance at $3.00 a year, will count 50,000 votes.

Note—All daily papers in Canada are being forced to increase the price of subscription owing to the rapidly increasing cost of paper, therefore we ask our candidates not to solicit subscriptions to The Advertiser longer than three years.

One of the oldest daily papers in Canada raised its subscription price the 1st of May this year. Should the cost of paper go much higher, The Advertiser may be forced to increase its subscription price during 1918 or 1919.

A person who is now taking The Advertiser, and stops in order that the subscription may be taken out in the name of some other member of the family, will not count as a new subscriber.

Candidates should advise their friends when paying their subscription to The Advertiser to be sure and ask for the ballot.

The contest will close at midnight, Saturday, August 25.

Pay no attention to the other candidates. The time you spend thinking about others might lose you a new subscriber.

The 15,000 extra vote ballot is given (only) for the first new daily subscriber to The Advertiser for a year or more in length turned in.

Don't sit idly by and watch someone else walk off with a prize that could just as well have been yours, if you had made the proper effort to secure it.

Don't let a day pass by without securing some subscriptions and votes. Remember, it will take votes to win the prizes.

People who pay back subscriptions will be allowed votes just the same as those who pay in advance.

Should you get a new six months' subscription to The Advertiser today it will count you 2,500 votes, and some time before the contest closes if you secure another six months' subscription from this same person, you will be allowed the difference between the 2,500 votes and 7,000 votes. This will be known as a new yearly subscriber.

Candidates must give the subscriber the third portion of the receipt form.

Do not bother about the date a subscriber owes from. If the subscriber thinks he owes six months or a year, give him a receipt for the money and an official receipt showing his date will be mailed from The Advertiser office.

It is not necessary to send in coupons every day. Once a week or once every two weeks is enough. Make them up in parcels and tie securely with cord, and write your name plainly on the top ballot.

Send in all your new subscriptions at once, so that The Advertiser may be started at once.

Mark all subscriptions, old or new, on receipts.

Cash must accompany second portion of receipt form. Otherwise certificate of ballot will not be allowed.

Certificates of ballot will be mailed to each candidate by return mail.

Where a person is taking another paper, which is paid up for three, six or twelve months, a candidate may take their subscription to The Advertiser and date their subscription from the date the other paper expires.

Receipt books will be mailed immediately on request.

The subscription price of The Advertiser was raised to $3 per year on October 1, 1916.

If a person owes for The Advertiser, say, from October 1, 1915, to October 1, 32 from October 1, 1915, to October 1, 1916, and then $3 per year from October 1, 1916.

If you have friends living in Manitoba, Saskatchewan, Alberta, British Columbia or the Maritime Provinces, the United States or any other part of the world, you are at liberty to solicit their subscriptions to The Advertiser.

A separate receipt must be made out for each subscription taken, whether new or old.

Money may be sent to The Advertiser by check, postoffice order or money order.

Make all orders for money payable to The London Advertiser Company.

RUSSIA'S REPLY.

RUSSIA has answered to the appeal of her allies, and has struck once more, the result being more than encouraging. Not only does this initial success bring joy to Britain, France and their friends, but it almost certainly will be a powerful factor in restoring morale to the Russian forces in all theatres of war.

In Galicia the army of the new democracy has treated us to a real old-time victory; the fine advance and capture of 8,000 prisoners are worthy of a place alongside some of Brussiloff's best efforts, and it is additional satisfaction to read that most of the prisoners are Germans. The enemies along the Austrian front also felt the shock of a Russian attack when their trenches were raided successfully in spite of the betrayal of Russian deserters, doubtless working for Teuton pay. The Turks did not escape, having some of their positions wrested from them and 1,300 prisoners being taken.

All this, combined with activity in Rumania, makes a good day's work, and will be greeted with dismay in Berlin. The German capital has hoped for great relief since misunderstanding and internal troubles began to hamper Russia. The kaiser's diplomats and spies have been working overtime to prevent the new spirit in Russia from achieving its real goal. They have offered separate peace, an armistice, almost anything to break away this important unit of the Allied forces from its co-workers. The reply has been given, and given in the only way that the Teutons will understand as definite.

It would be unwise to expect too much of the new offensive. The main thing is that it has been undertaken and an excellent spirit shown. The muddle of the last few months has sapped the strength of the army considerably, and an organize advance like to that commanded by Gen. Haig is probably out of the question. The beginning has been made, and Russia, fighting Russia, has declared herself true to her friends.

REFORM OR PUNISHMENT.

AT NORTH BAY a 15-year-old boy has been sentenced to serve seven years in Kingston Penitentiary for a series of crimes, including theft, burglary and jail-breaking; the reading of books telling of the doings of the James boys and Dalton brothers being blamed for his downfall.

Is a prison sentence of seven years among the most notorious criminals of Eastern Canada the best means to counteract the influence of such literature? Has this boy not shown himself only too easily impressed by his surroundings? At such an early age, surely the aim of any court of justice ought to be to reform, not to punish, and it is an acknowledged fact that penitentiary life is not conducive to reform. It is not hard to believe that if this boy were placed in a home, and supplied with books which extolled the higher qualities of manhood, his outlook on life would change. He has been imitating the characters which were presented for his admiration; just following the lead given him by the printed matter. Why then should he not be induced to take a new lead? When freed at the age of 21 or 22 years, Kingston will seem almost like home to him, and with that feeling, what does the future hold for him?

CANADIANS' FINE WORK.

WHAT Canadian soldiers are doing on the firing line is well known to those at home, but of the activities of the hardy lumbermen who are cutting down the forests of old England to provide timber for the trenches, less is heard on this side of the water. Yet the work is just as important, and the achievements of the Canadians with cross-cut and axe are viewed with wonder by the people of the old country.

Even before the great loss of tonnage, due to German submarines, had made itself felt, the decision had been reached that Britain's woods and forests must fall a sacrifice to their country's need, and experts in the work were sought. Naturally, official eyes turned to Canada, and the call was made for men versed in wood craft. From Alberta and British Columbia, from Northern Ontario and Quebec, in fact from nearly all corners of the Dominion, volunteers responded. They were men who had spent years in bringing to earth the monarchs of Canadian woods, and what they did not know about the work was not worth learning.

Among the most noteworthy, perhaps, of those who left their homes in Canada to fight the Germans by providing timber and lumber, is Col. Walker of Calgary, a man of 71 years of age. He is one of the early Albertans, having cut all the lumber for Calgary's first buildings, and having had a large share in the municipal work of that city. He has long been connected with the military, and when war broke out his only son was unable to volunteer, owing to an accident. The colonel stepped forward to fill his place, and has proved of the greatest value to Britain.

Col. Walker's duties are numerous, and among them is that of traveling through the country advising the timber committee which woods and plantations to cut. His advice on this question is accepted as law, and unfailingly followed.

Other prominent Canadian members of the staff of No. 2 District in England, with headquarters in Cumberland, England, are Col. Smythe, commanding officers, M. P. for Algoma district, and his assistants, who include a government engineer, a bank manager, a lawyer and mill owners.

English people are struck with the evident feeling of camaraderie between officers and men of the foresters. There is little formality, but perfect discipline. That they have proved such a success and so popular in Britain says much for these good Canadians when it is remembered that they are removing forests which have been the pride of successive generations in the various districts, and that every fine tree that is felled is felt as a personal loss by the residents, who have grown up to look upon these woods as almost sacred spots.

MONEY IN REFUSE.

RUMOR credits an employee of the city's garbage department with making $5 a day by sorting out rags from the refuse taken to the incinerator, and selling them. This may or may not be an exaggeration, but, if it is not, it points out a way to the council of reducing expenses at the plant by a considerable sum per annum.

If one man can make $5 a day in the time he can take from his other duties, it may be presumed that at least two or three times this amount could be made by one stationed at the plant for the purpose of doing this sorting. Would it not pay the city to employ a man to devote his time to the work? He might be paid $2.50 a day all the year round, and there would still remain enough profits to pay the wages of one or two other employees.

In large cities the disposal of garbage has been made a paying proposition; in New York the contracts for the work net the city some $5,000,000 a year. Why should not smaller cities and towns endeavor to make this branch of public service self-supporting? There is undoubtedly much refuse burned that is of value, and if the amount is sufficient to make it worth saving, immediate steps should be taken in this direction.

A JUST DEMAND.

WRITING from Canadian Headquarters in France, after witnessing the untiring valor of the Canadian forces at Lens, the staff correspondent of the Canadian Press says: "All that Canada's heroes ask is that the nation whose colors they carry shall be worthy of them."

"All" they ask! It is a perfectly natural demand, but how much it entails. These men are offering their lives to defend the right, and to be worthy of them the nation must be ready to a man to follow this example. It is not yet worthy, otherwise there would be no need of conscription, no need of heavy taxation for war purposes, no need of any patriotic appeals. The men and the money would come in a flood from a people eager to equal its representatives overseas.

While graft and profiteering continue, the nation is not worthy; while there is a lack of generosity shown returned men or extravagance on the part of those at home, the nation is not worthy; while fields lie idle for lack of labor to till them and while party politics overshadow national welfare in some instances, the nation is not worthy of the sacrifices made by its heroes.

If worthiness on the part of the nation is the reward the soldiers seek, there is much to be done in the Dominion in order that they may not seek in vain.

The task laid upon us is almost too heavy and only by every individual realizing his responsibilities and duties and accepting them can it be accomplished. Nevertheless, the demand is just and there must be an effort made to fulfil it.

EDITORIAL NOTES.

Dead Man's Hill maintains its evil reputation.

Von Hindenburg's desire to oblige Russia with an armistice is really touching.

The Russian bear is again walking like a man and "hugging" the enemy hard.

China has again an emperor, or rather had one when this was written. It's not safe to predict many hours ahead on this subject.

Prophets say that John J. McGraw, head of the Giants' baseball team, will retire this year, but it's hard to believe that he could have a retiring disposition.

A minister classes a titled, hereditary aristocracy, along with the drink habit, as things that Canada does not want. He is right; evil results follow both.

Sergt. Basset, war correspondent, has been killed by an enemy bullet, which serves to prove that the correspondents do not shirk the risks run by the fighting men.

Saturday and Sunday were favorites for accidents: railway wrecks at Hamilton and Brantford, trolly-auto collision at Windsor, and the terrible tragedy at Niagara Falls.

CANADIAN LINE MOVES AHEAD 1,000 YARDS FOR MILE AND A HALF

South and West of Mericourt "No Man's Land" Taken.

OPPOSITION ALMOST NIL

British Advanced Posts Driven Back Slightly West of Lens.

BY STEWART LYON.
Canadian Press Staff Correspondent.

WITH THE CANADIAN HEADQUARTERS IN FRANCE, Monday, July 2.—Via London.—On the sector of the front to the west and south of Mericourt during the past two nights our outposts have been advanced almost a thousand yards along a front of over a mile and a half, practically without opposition from the enemy. There had been on this part of the plain a wide stretch of "No Man's Land" between the trench systems of the opposing armies. Encounters between patrols occasionally have taken place out there, but the territory was not effectively occupied either by the enemy or by ourselves.

To the west of Lens, in the sector north of the River Souchez, where there had been an almost continuous artillery duel since Thursday varied by infantry thrusts and counter-attacks, affairs have settled down a bit this afternoon. The cannonading has become less violent.

British Add to Laurels.

In a former dispatch I spoke of the splendid valor of the British troops engaged in these operations. Later information indicates that in the fierce house-to-house fighting which has been the chief feature of the advance they enhanced their already high reputation.

The Dominion Day sports were most successful. The weather was that of a cloudless July day. There were baseball and football champion games, tug-of-war and foot races between teams representing the various divisions. A pierrot show in the open drew a good audience. It was a flawless day, but for the absence of girls and ice cream.

BRITISH DRIVEN BACK WEST OF LENS CITY.

LONDON, July 2.—"As the result of hard fighting west of Lens yesterday and today our advanced posts have been driven back a short distance," says the official report from British headquarters in France, issued tonight. "There is nothing further to report, except considerable artillery activity by both sides at numerous points along the front."

Today's early official statement said: "We made a successful raid last night east of Hargicourt and captured seven prisoners. A number of Germans were killed.

"East of Loos a raiding party of the enemy reached our trenches, but was driven out quickly."

GERMANS ARE BOASTFUL.

BERLIN, Via London, July 2. — A semi-official statement discussing the recent British attack says the aim evidently of enveloping the Lens salient continues. Since the Germans rectified the front at the beginning of the Arras attack, the Lens salient has withstood all the hard British blows."

The Germans official war office statement says:

"Western Theatre.—Only in a few sectors between the sea and the Somme did the artillery battle increase. While reconnoitering advances of the British to the east of Nieuport, at Gavrelle and to the northwest of St. Quentin failed, some of our shock troops succeeded on the Yser lowlands, north of Dixmude, inflicting considerable losses on the enemy by a surprise attack and captured a large number of Belgian prisoners.

"Early this morning and again in the afternoon the British attacked to the west of Lens. At a few points they penetrated our line, but were repulsed everywhere by our upper Silician regiments in hand-to-hand engagements, in which over 175 prisoners and 17 machine guns were captured by us."

DUBLIN MASS MEETING CONDEMNS CONVENTION

DUBLIN, July 2.—A mass meeting was held yesterday in Phoenix Park under the auspices of the committee headed by the Bishop of Londonderry, to protest against a partition of Ireland and to condemn the nominated Irish convention. The Lord Mayor of Dublin refused to permit the use of Mansion House for the meeting.

The principal speakers at the meeting were Ulster priests, labor leaders from Dublin and representatives of William O'Brien's party from Cork. They spoke from four platforms to large crowds, composed mainly of persons out for a Sunday holiday. Many Sinn Fein flags and badges were displayed.

ALLEGED BLUNDERERS NOT TO BE PROMOTED

LONDON, July 2.—In the House of Commons today the Government leader, Andrew Bonar Law, gave the assurance that, pending the discussion of the Mesopotamian report, no person censured by the commission would be promoted to any higher position than he now holds.

He added that there was not at the present time, and never had been, any intention of transferring Lord Hardinge, the former viceroy of India, to the Paris embassy, or to any other diplomatic post.

WILLIAM H. MOODY DEAD.

HAVERHILL, Mass., July 2.—William H. Moody, former associate justice of the United States supreme court, died at his home here early this morning.

The condition of the former justice who, under President Roosevelt, filled two cabinet positions, those of secretary of the navy and attorney-general, had long been considered hopeless.

GREEK DESTROYER IS BLOWN UP IN MEDITERRANEAN

Twenty-nine Officers and Men Are Reported Lost.

Paris, July 2.—The Greek destroyer Doxa manned by French officers and crew, has been blown up in the Mediterranean. Twenty-nine men, including all the officers, were lost.

The official announcement of the loss of the Doxa says the destroyer sank as the result of a double explosion on June 28. The Doxa was then within one hundred yards of a merchant vessel which she was convoying.

4,000 GATHERED AT HILLSBORO BEACH PARK

Forest Farmers Association and School Picnics Draw Record Crowds.

FOREST, July 2.—It is estimated that about 4,000 people gathered at Hillsboro Beach. The main attraction was the second annual picnic of the Forest Farmers Association, but in addition several schools and Sunday schools also met for their annual outing. The day was about the finest for picnicking with which this vicinity has been favored this season.

Albert Hare, president of the Farmers' Association, with other officers, had arranged a good program of speeches for the day. John Farrell presided. Addresses were delivered by A. J. Morrison of Toronto, secretary of the United Farmers of Ontario, and local speakers, John Kennedy, Winnipeg, president of the Grain Growers' Grain Company, and R. H. Halbert, president of the U. F. O., other speakers, did not arrive until the 6:20 p.m. train, much to the disappointment of the large audience. The Excelsior band provided music.

A devotional meeting arranged by the Forest Ministerial Association, under the patronage of the Forest Council, was held here Sunday evening in commemoration of the 50th anniversary of the Dominion of Canada. The churches and the Salvation Army Hall were closed for the evening, and a union outdoor mass meeting was held at the fair grounds. There was a drizzling rain all day, but about 5 o'clock the clouds broke, making the weather ideal for the gathering. The grandstand, seating about 700, was filled, while on both sides autos and buggies with their occupants were lined up, making an audience of about 800. The music was led by the Excelsior band and the Salvation Army band. Rev. D. J. Cornish, rector of the Anglican Church, presided. Rev. John Murray, Congregationalist, offered the opening prayer, and Rev. H. Elmer Green, Baptist, read the Scripture lesson. Rev. J. R. Lavarie, Presbyterian, and Rev. A. E. Moorhouse, Methodist, were the speakers. Prayers for the King and the Allies, and thanksgiving for Canada's blessings, were offered by Mr. Cornish. A vocal trio with violin accompaniment was rendered by Capts. Johnston, Knight and Moffat of the Salvation Army. A collection amounting to about $63 was taken, to be devoted to Red Cross purposes.

TOBACCO TAX CUT IN TWO.

LONDON, July 2.—Discussing the finance bill in the House of Commons today, Andrew Bonar Law, chancellor of the exchequer, announced that from July 16 the increased tax on tobacco, instead of 22 pence, as proposed in the budget, would be only 11 pence.

MUCH GRAIN WASHED OUT.

WINGHAM, July 2.—Much grain has recently been washed out by the heavy rains. This will necessitate recultivation of the land, but the plowing will have to be delayed as, owing to the wet ground, it is impossible to work it now. Horses sink into it now worse than in the spring when the frost first went out of the ground.

RUSSIANS CAPTURE TEN THOUSAND IN ONE DAY'S FIGHTING

Three Lines of Austro-German Trenches Stormed in Galicia.

Petrograd, July 2.—Russian troops have captured Koniuchy, on the Galician front, together with 164 officers and 8,400 men, the war office announced today.

The Russians, in an advance to the Koniuchy stream, have captured seven heavy guns. Teuton prisoners continue to be brought in.

The brilliant Russian advance, the news of which has sent a wave of rejoicing through the entire country, was led by War Minister Kerensky in person.

For the last four days the war minister has been continuously at the front, spending every effort to urge the troops to advance. He finally rode to the front line trenches, and, placing himself at the head of the troops, gave the order to advance.

The spectacle of the popular war minister on the firing line accomplished what oratory had failed to do, and the Russian line swept forward into the German trenches.

Battle Cry To West.

The commander of the armies on the western front has issued an order of the day reading:

"Our army on the southwestern front has vanquished the enemy and broken his lines. A decisive battle has begun on which depends the fate of the liberty of the Russian people. Our brothers on the southwestern front are advancing victoriously. They expect assistance from us. We shall not be traitors; the enemy shall hear the thunder of our guns."

3,000 GATHER AT BIG GODERICH CELEBRATION.

GODERICH, July 2. — Delightful weather favored the Dominion Day celebration in Goderich, and there was a full day's program, opening with a procession headed by the town band, the town council in automobiles, the fire brigade and fire-fighting apparatus, decorated autos, decorated bicycles, Highland pipers and the Highland dancers who were to take part in the afternoon program. Liberal prizes were offered for the best decorated cars and bicycles, and the winners were as follows:

Decorated Cars—First, Pearl Fraser; second, Grace Pinder; third, Mrs. Frank Saunders; fourth, Mr. Reinhart; fifth, Harold Kalting.

Decorated Bicycles—First, Hilda Wallbank; second, Olive Craigie; third, Verne Humber.

Keenly-Contested Baby Show.

After the parade there was a keenly-contested baby show. Mrs. James Phalen's baby won the special prize offered by Mr. Haines of the British Exchange Hotel for the best-looking baby. Mrs. Wieland's baby was first in the 6-months and under class, and Mrs. Reg Sturdy's, second. In the 6 months to one year class, Mrs. H. B. Churchill's baby was first, and Mrs. Malcolm McLean's, second. A series of races for the boys and girls was also held on the square in the morning, and were well entered.

The afternoon program opened with a big procession to the Agricultural grounds, the school children marching down headed by the band, etc. There was a grand patriotic demonstration by the school children, consisting of drills and choruses, over two hundred children taking part in the choruses. Rev. A. L. G. Clark made a brief address. More than three thousand were on the grounds.

The horse races were the main feature of the afternoon, apart from the patriotic demonstration, and there was Highland dancing, a baseball match between the Victoria school and the collegiate institute. Victoria school defeated the collegiate, 14 to 7, and the "old-timers" trimmed the locals by 14 to 3.

Race Results.

The results of the horse races were:

VENICE BOMBED BY ENEMY FLIERS AND TRIEST PAYS FOR IT

Italian Seaplanes Take Immediate Reprisals.

BATTLING IN TRENTINO

Austrians Are Repulsed With Heavy Losses in Night Attack.

ROME, July 2.—Venice has again been attacked by Austrian airplanes, the war office announcement says. The Italians raided Triest in reprisal.

Austrian troops last night made unsuccessful assaults against the Italian positions between Lake Garda and the Ledro Valley, in the southwestern Trentino. The statement reads:

"A group of enemy airplanes raided Venice, Murano and Chioggia (the last two are towns near Venice), Friday night. Bombs were thrown on houses. There were no victims. Anti-aircraft batteries bombarded the airplanes vigorously, and there is reason to believe two raiders were hit.

"By way of immediate reprisal Italian seaplanes bombarded the industrial quarters of Triest.

Austrian Attacks Beaten.

"During Sunday night the enemy was particularly active between Lake Garda and the Ledro Valley. After violent artillery preparation an enemy detachment, numbering not less than two companies, attacked the line of our outposts between San Giovanni and Biacesa (south of Riva), but the attackers were stopped and driven back with considerable loss. At the same time other hostile parties attacked our outposts in the same sector north of Malga Giumella and northeast of Mezzolago, but they were stopped by the vigilance of our troops before reaching our lines. The artillery struggle continued active yesterday in the area between Lake Garda and the Adige.

Moving Troops Shelled.

"At several other points on the front, and particularly at the head of the Zebach and in the neighborhood of San Lucia Tolmino, we repeatedly and successfully shelled enemy troops assembled and in movement. On the Mrzli a big enemy mine was exploded without altering our position, and causing only slight damage.

"Albania—A well-executed attack by one of our armed Albanian bands on June 30 destroyed a small enemy post near Panaret, on the Upper Osum River. Some Austrian regulars were captured, and the attack caused great alarm within the enemy lines."

MAJESTIC.

At the Majestic Theatre again today Mme. Petrova appears in her first Lasky-Paramount picture, "The Undying Flame." In "The Undying Flame" one of the strangest facts of human experience is touched upon, and, in fact, forms the basis for the whole weird and mysterious story which has been cleverly woven around it. This is the very common sensation of having been in a place before or having performed exactly the same actions in relation to the same persons, whom perhaps one has never seen before. Who is there who has not experienced this baffling sensation? The Egyptians, thousands of years ago, worked out a theory to explain all this in their religion of the "transmigration of souls," which is nothing more or less than the passing of the soul or spirit from one form to another during the course of its progress through the centuries.

Thus an Egyptian in experiencing this feeling would merely say to himself: "I have known this person, or have been in this place in one of my previous incarnations"—and go about his business.

But in "The Undying Flame" we have a charmingly modern young English girl experiencing this sensation, and it puzzles her greatly until one day a happy accident brings a mystic scarab into her possession from the hands of a gypsy, who tells her that when the other half shall be found, she will know that her destiny is at last fulfilled.

HAZEL DALY OF "SKINNER" PLAYS ADVISES WIVES

"Honey of Bryant Washburn Feature Gives Views On Matrimony.

The role of Honey in Bryant Washburn's current Essanay comedy drama, "Skinner's Bubble," has an especial appeal to women, both old and young. It has been the author's aim, apparently, to portray, in Honey, the ideal wife. That he has succeeded is the verdict of Miss Hazel Daly, who enacts the part so delightfully.

"If I ever marry," declares Miss Daly, who is not yet out of her 'teens, "I shall endeavor to regard my husband and treat him just like Honey does William Manning Skinner.

"Honey thinks there is not another man in the world who is half so great as William Manning. In her eyes, the world could not get along without him. Anything and everything he does seems exactly right to her.

"To prove that this is the right attitude for a wife to regard her husband, the author of 'Skinner's Bubble' has made Honey's unfailing confidence in her timid spouse the means whereby he succeeds. Without it, he would have failed. Now, if that isn't reason enough for a woman to pay unquestioning loyalty to her husband, I would like to know a better one."

Miss Daly has made a great success of her acting in "Skinner's Bubble." She was seen in the same role in the first Skinner production, "Skinner's Dress Suit," Essanay's adaptation from the Saturday Evening Post story by Henry Irving Dodge.

PARLIAMENT HOUSE IS DEDICATED ON BI-CENTENNIAL DAY

Brilliant Ceremony Carried Out on Parliament Hill.

OTTAWA, July 2.—Half a century of progress, growth and development under the aegis of Canadian Confederation was commemorated with simple but appropriate ceremony on Parliament Hill today.

Simultaneously and as a befitting accompaniment of the historic occasion, the new and stately pile of the Parliament Buildings, now in course of construction, was formally dedicated, as a memorial to the Confederation fathers and to the valor of Canadians at the front.

Speeches by Leaders.

There were speeches by the Duke of Devonshire, Sir Robert Borden and Sir Wilfrid Laurier, patriotic choruses by a massed choir, with bank accompaniment, and a military march past. The speeches breathed sentiments of patriotism, with eulogies of the Canadian people, the achievements of the past, and the glory of future prospects. Reference was made to the country's splendidly effective part in the war.

The ceremony was both simple and impressive. The arrangements were made by Sir George Foster, head of the parliamentary committee connected with the semi-centennial celebration, and carried out under Col. S. M. Rogers, Col. Percy Sherwood and Col. E. J. Chambers.

When the Duke of Devonshire concluded his speech, he touched a button and a Union Jack rose, uncovering the memorial tablet of the occasion in what is to be the hall of fame.

LYNCH AND MOB LAW RULING AT E. ST. LOUIS; MANY NEGROES SLAIN

East St. Louis, Ill., July 3.—A night of rioting, during which at least twenty negroes are known to have been killed, approximately 300 persons injured, and more than 150 negro houses burned, was followed early today by comparative calm, after 1,500 Illinois National Guardsmen had taken charge of this city.

While the death list is known to be at least 20, unconfirmed reports place the number of dead as high as 250.

Negro Homes Burned.

Burning of negro homes began last night shortly before dark, and the mobs went from section to section setting fires. As the negroes ran from their cottages, rioters fired at them, and many fell back into the flames, and it is believed that a number were burned to death. Not only white men, but white women and girls composed the mobs which set upon the negroes, and in several cases beat them to death with clubs. White women and girls attacked colored women on the streets and in the street cars, pulled their hair out, tore off their clothes, and beat them with all sorts of weapons.

MRS. E. O. WILSON WAS AN INVALID FOR TWO YEARS

Had Given Up All Hope of Recovery—In Hospital For Five Months.

COULD GET NO RELIEF

Now Feeling as Well as She Ever Did and Has Gained Twenty-Five Pounds.

"For two years I spent all my time either in the hospital, in bed or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well-known in Atlanta, Ga., her husband having been employed by the Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys, and my joints ached all the time. For two years I had lived entirely in boiled milk toast and soft-boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months. But even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills—our drug bill alone amounted to $14 or $15 a month, and one doctor's bill amounted to $108.

"It looked like everything had failed to help me, and I had about given up all hope, when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on 11 bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody, and just the other day I walked downtown, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

When the Tanlac representative called at Mrs. Wilson's home at 85 Crew street, her husband was present, and added much to the grateful woman's testimonial. "Yes," he said, "it's simply wonderful the way this medicine acted, and no one is more thankful than I am for what it has done for her. She told me herself a few months ago that she didn't think she could live, and I thought the same thing, for I was told by two reputable doctors right here in Atlanta that she could not last another six months. It has certainly brought happiness into our little home. It saved Mrs. Wilson's life, and there is no doubt of it."

Tanlac is sold in London by Standard Drug Stores. b

NEARLY 20,000 SPENT HOLIDAY OUT OF THE CITY

Steam and Electric Railways Did Record Business.

Perfect weather for the jubilee Dominion Day caused the biggest exodus of Londoners of the season. It is estimated that over 12,000 people spent the day at Port Stanley, 5,000 at Springbank and about 2,500 visiting friends in the district. Over 7,000 people went to the lakeside on the city's electric line. They patronized the new cafeteria so liberally that in spite of a large stock of provisions laid in in anticipation of a rush of business, everything was sold out early in the afternoon, and the doors had to be closed. The big bath-house was a great centre of attraction also.

The steam railways did a record business, and on the through trains there was standing room only.

As far as London itself was concerned the holiday passed very quietly.

Only one accident was reported. James Conran of 169 Bruce street was struck by an auto driven by James Neff of Lobo at the corner of King and Wellington streets, and had two ribs fractured, and was badly shaken up. His bicycle went under the wheels of the auto. Conran was taken to his home, and was attended by Dr. Ferguson.

A little girl who was hit by an auto while running across the street on Horton street, near Ridout, escaped with a cut face. She was attended by Dr. Walter Thomson.

At Springbank Park a big crowd thoroughly enjoyed the holiday. The big park never looked prettier and many visitors who saw it for the first time were loud in their praises of it. A fast ball game was played between the Manhattans and the Acadians, resulting in a victory for the Manhattans by a score of 7 to 6.

Not a few anglers went out on the early cars, and spent the day at their favorite sport. Good strings were taken by many of the fishermen.

WEDDING BELLS

HOPKINS—RODWELL.

With the evergreens of Spruce Grove farm forming an effective background, the wedding took place on Wednesday, at 12 o'clock noon, under a white wedding bell and arch of bridal roses, wiegelia and ferns, of Katie L., only daughter of Mr. and Mrs. Edward T. Rodwell, Burgessville, and Floyd Hilton Hopkins, only son of Thomas E. Hopkins, Burgessville. Elder Wm. Fligg, London, performed the ceremony in the presence of about sixty guests. The lawn was a lovely sight with girl friends of the bride forming an aisle with festoons of white ribbon for the bridal party to pass through to the arch.

The bride, who was given in marriage by her father, looked charming in a gown of ivory georgette crepe with overdress of ninon and satin trimming. The tulle veil was caught with orange blossoms. She carried white roses with a shower of small roses and maidenhair fern. Miss Marie A. Corlers, cousin of the bride, played the wedding march, and during the signing of the register and luncheon. Luncheon was daintily served by girl friends, Misses Beulah Brooks, Jessie Walker, Myrtle Hopkins, Hattie de Montmoreney, Grace Woodrowe. Mr. Cameron was called on for a speech, and said that happily it was his wedding anniversary. It was also the bride's grandmother's, Mrs. James McCready, who was married June 27, 1868. Short speeches were given by John Vasbinder and Elder Fligg.

The groom's gift to the bride was living-room furniture of quartered oak, and to the pianist a dainty pin set with rubies. The gift of the groom's parents was a check for $1,000.

Guests were present from London, Hamilton, Avon, Beachville, Simcoe, South Middleton, Muir and Woodstock. After a pleasant afternoon the young couple left for a short motor trip. On their return they will be at home to their friends at Spring Brook Farm, Burgessville. The bride's going-away suit was navy chiffon taffeta, with steel trimming, which had been on her mother's wedding suit, and white lace hat.

VOICE OF THE PEOPLE

A TRIBUTE TO MR. NORWOOD.

To the Editor of The Advertiser:

From time to time adverse criticism re Mr. Norwood's sermons have been given publicity through the press. On the eve of his departure from London I feel the same courtesy will be given those who wish to testify to the inestimable benefit his sermons have brought to people who, like myself, had not hitherto been able to grasp the missing link we were in pursuit of, from so-called orthodox preaching. Nature study conveying much more light, particularly in spring when buds burst forth in beauty, an object lesson of reincarnation. To realize the worthwhileness of going through the crucible of life with a new conception of the Omnipotent God, of contradictory passages in the Bible hitherto unsolvable problems, made lucid and enriched by his vision, make one thank God to have been in the range of this brilliant meteor. Perhaps the advertising of books recently in connection with our church services, and to which only references were made misled outsiders. What matter the illustration so long as the ultimate goal be arrived at? Jesus taught by parables. If Mr. Norwood's sermons offend church ritual, may not that ritual be impeding the church's program, and account for scant congregations? Would that there were more of the Norwood type in the vineyard to illumine dark and troubled minds who got little out of ancient doctrines. Why need his brother clergy sneer at this man so tender and sympathetic in sorrow, who loves to live among his people as his Master did, and following His example lives to love. His intimate friends deplore his departure, but this inimitable comrade will ever be green in the memory of those who got unspeakable comfort from his message.

Bard of pure lyric, holder of brief divine,
Whose chanting gospel truths makes water wine,
Toil bravely on with song so grand and sweet,
Luring the wanderer to the Master's feet,
Chant songs of love beneath that other flag,
Banner now twined with Britain's honored rag.

For Acid Stomachs Use Magnesia

Quickly Stops Sour, Burning Feeling and Makes Digestion Painless.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisurated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus insure painless normal digestion. Care should be taken to get bisurated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda mints, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.

RICHMOND, July 2.—Richmond won both games from Baltimore here today, after five hours and a half of baseball. The opening game went fifteen innings, Enright's drive over the fence sending home the winning run. The score was 15 to 14, while that of the last game, seven innings, by agreement, was 2 to 1. Umpire Mullen's decisions aroused the fans and police aid was necessary to keep the crowd off the field. Scores:

OTTAWAS WERE EASY FOR THE FAST NATIONALS

OTTAWA, July 2.—Nationals continued their winning streak in the N. L. U. at Lansdowne Park this afternoon, when they defeated the Ottawas by a score of 16 to 7. In the first quarter Ottawas caught Nationals off their guard, played them to a standstill and ran in four goals before the Frenchmen steadied down, Ottawa leading by 4 to 1 when the opening session ended.

In the second Nationals cut loose with a brilliant display of lacrosse and run in goal after goal, leading at the half by 8 to 5. In the third they added six to Ottawa's two, and in the fourth they again outscored the home team. Play continued lightning fast at all stages and Nationals played whirlwind lacrosse, their home having much the better of the argument against the Ottawa defence. Laton, Pitre and Lamoureux were again the shining lights. Line-up:

OVER 3,000 SAW TECUMSEHS WIN IN HARD BATTLE

Defeated Montreal Shamrocks at Island by 12 to 8.

TORONTO, July 1.—Over 3,000 people saw the Shamrocks of Montreal go down to defeat in their National Lacrosse fixture at the Island on Saturday. It was a clean, hard-fought game, but the Tecumsehs, strengthened by the reappearance of Kalls and Fitzgerald, were just a little too good for the visitors.

Time after time goals were scored from close in, and the passing in and around the net was of the best. Almost immediately after game started Fitzgerald and Kalls showed that they were in the game, and just as useful as ever by scoring the first goal for the Indians. From that time on the locals were never headed. The end of the first quarter saw the score even, four all, but Kalls put the Torontos ahead again in the opening minutes of the second quarter. Fitzgerald was hurt and had to retire, while several penalties were handed out, and the end of the period found Tecumsehs with one man short, but they managed to still retain the lead, 6 to 5.

Querrie and Kinsman got into the game for the Indians and the third quarter was all Tecumsehs. They pressed hard, and gave Brennan lots to do. In the fourth quarter, Shamrocks made some changes, and started up a fast pace, displaying lots of speed, but it availed them little. Final score—Tecumsehs 12; Shamrocks 8.

Tecumsehs — Goal, Torpey; point, Wheathead; cover, Powers; defence, Green, McKenzie, Braden; centre, Rountree; home, Spellen, Fitzgerald, Warwick; outside, Kalls; inside, Barnett.

Shamrocks—Goal, Brennan; point, Blake; cover, Brady; defence, Farney, McAulin, Doran; centre, McCarthy; home, Penny, Hyland, J. Walsh; outside, Egan; inside, W. Walsh.

Referee—"Roddy" Finlayson, Montreal; Judge of Play, Len Smith, Toronto.

TECUMSEHS DEFAULT GAME AT CORNWALL

OTTAWA, July 2.—Tecumsehs of Montreal failed to fulfill their scheduled N. L. U. engagement here today against the Cornwall team, telegraphing the local club that they would have to default because at the time of entraining last night only seven players had turned up for the Cornwall trip. In some quarters it is thought to be an indication that Tecumsehs may retire from the N. L. U.

Urban Shocker and Caldwell Suspended

BOSTON, July 2.—Ray Caldwell, Yankee pitching star, is again on the club's suspended list. A ten-days' layoff was inflicted when he failed to appear at the club's headquarters or at the baseball park. He was fined $100.

Urban Shocker was given the same suspension and a $50 fine. Both men are charged with breaking training rules.

SAGINAW RACES HAD WISE ONES GUESSING; 2:14 TROT FEATURED

Track Was in Good Condition, But Wind Was High.

SAGNIAW, July 2.—One straight-heat affair and two split-heat events, which kept the wise ones trying to figure them, opened the summer racing season for the short-shippers at Saginaw today.

The track was in good condition, but a high wind quartering on the stretch did not let the horses make any fast time. The feature of the afternoon's card was the 2:14 trot for $1,000 stake, which Doris Watts took in straight heats, Josie B. and Farmer Spear being the contenders.

After getting only third and fourth place for the first two heats of the 2:27 trot, Allie Pilot stepped out and took the next three handily, with something in reserve. Sister Ella was favorite, and she looked to be right, taking the first two heats, with Mohoyma furnishing the opposition. With everything apparently sewed up, Shackett took Allie Pilot out in the third, and beat Sister Ella at the wire, and he repeated the next two heats.

The side-wheelers had their inning in the 2:17 pace, Cedar Lake Girl winning the race after Nellie Chimes had taken the first heat. Aristotle gave her a battle in the second and third, and Babe Tanner was right at his shoulder in the final heat.

At a meeting of the Saginaw Racing Association today it was decided to take over the dates given to Ann Arbor, and a second meeting, August 14-17, was announced.

TRIPP OF ELMWOODS WINS WARD TROPHY

Beats Seldon of Exeter 12 to 10 in Exciting Finals.

A. Tripp skipped the Elmwood rink that carried off the Ward trophy in the most successful Dominion Day tourney ever pulled off by the Elmwood Bowling Club. It was nip and tuck all the way through the final game, R. Seldon of Exeter, the runner-up, being tie with Tripp on the last end. However the London skip came through with two shots, and the handsome trophy will rest a year with the London South club.

Riley Youngs' Thistles went down before Tripp in the semi-finals, while Gillett of Aylmer succumbed to Seldon's trundlers.

The Thistles were forced to play the semi-finals without C. K. Bluett, who had to catch a train for Toronto, and therefore, had to forfeit a point every four ends. Gillett forfeited to Youngs, who took third prize.

It was a great day for bowling and a large gallery witnessed the play, which was exciting at all times.

INDIANS FALL SHORT OF BEATING CHICAGO SOX

CLEVELAND, July 2.—Chicago took the last game of the series from Cleveland, 4 to 3. Lack of control by Lambeth, following Boehling's ineffectiveness in the second inning, gave Chicago its four runs. Poor base running prevented Cleveland from tying the score in the sixth. The game was called in the seventh inning to let the Cleveland club catch a train for St. Louis. Score: R.H.E.

ST. LOUIS, July 2.—Tyrus Cobb got a double and a single today, making his record for hits in consecutive games thirty-one. Detroit rallied and won from St. Louis in the tenth. Vitt, Cobb and Veach singled. Vitt was caught napping, and was picked off second by Severeid. Heilman sent out a sacrifice fly, scoring Cobb, and Burns tripled, scoring Veach. The Centennials beat out the Brunswicks in a fast game of ball at Springbank yesterday morning by a score of 4 to 3. Powell and Ferguson both hit the ball on the nose in the last inning, breaking a tie. Both Mascara and Hanford twirled good ball, and received good support.

LABELS BEAT SAINTS IN ELEVEN INNINGS

Dinsmore's Bunch Stage a Rally in Eighth—Have Yet to Lose at Tecumseh Park.

It looked as if Dusty Bullock's mob of ball tossers was going to walk away with Ernie Dinsmore's Labels over at Tecumseh Park yesterday afternoon, but it was not to be, the cigar makers tying up the game in the eighth frame and winning out in the eleventh when Gregory sprinted home on Flint's healthy push down the third base line, the score was 9 to 8.

The game was a fairly good one to watch although both teams have played better ball here. The contest was also a free hitting affair, London prying 13 bingles off the delivery of Jack Billings, while Yankee Flint was pasted for 11 hits.

They Started Well.

The saints started in in the second inning to sew up the game, Bullock scoring from second on Maxwell's hit past third. It was in the third frame though that the Saints came through with the heavy artillery. Billings started out by poling a three bagger to centre. Forgue hit a hot one at Flint and Josh scored. Gadsby bunted and Blake threw wild to first. Gill came home on Delaney's swipe to right. Gadsby scored on Maxwell's out while Delaney came home on Goodman's single. Mitchell fanned ending the agony for the time being.

With the score 5—0 the Labels came along in the fourth and scored three runs. Armstrong got on, on a fielder's choice, and with two down Smith was safe on Delaney's error. Flint walked filling the bags. Armstrong came home when Delaney threw Phaelan's roller to Forgue. Smith and Flint both scored on Blake's single to left.

However, the fans were not destined to have much of a laugh as the Saints came right back with three more in the fifth when Bullock, Maxwell and Mitchell scored on a series of hits mixed up with a couple of errors by Chub Dinsmore. The Labels stayed with Mr. Billings and cut the lead down again in their half of the fifth on a couple of hits by Doherty and Dinsmore. The locals got another in the seventh when Dinsmore scored on Smith's single.

This is the Life.

It was the eighth frame that put the visitors on the rocks. Phaelan was safe on Delaney's error. He went to second on a passed ball and to third on Blake's out scoring on another passed ball.

Chub Dinsmore and his brother both walked while Gregory was also passed. Armstrong brought both brothers home on a two bagger but Gregory was nailed off third base. However, the score tied and all was well.

Both teams tried hard to break the tie and although Forgue won his bet when he stated that he would go out and get hit, he got no farther than third. There was nothing doing until the eleventh when Gregory came home as before mentioned.

All the London gang got hits, Ernie Dinsmore getting three and Tommy Phaelan two, while all grabbed a run with the exception of Blake. However he drove in a couple of runs which squares his account.

Every one of the Saints nailed one or more hits while Dodson and Goodman were the only players that did not score.

TWENTY-TWO RINKS IN GUELPH TOURNEY

Proceeds of Tournament Go to Red Cross Society.

GUELPH, July 2.—One of the chief attractions of the holiday in Guelph was the bowling tournament held on the local greens. It was purely a local affair, with entries from five different clubs, making a total of 22 rinks. The money collected for entry fees went to the Red Cross Society and the prizes were donated by members of the clubs. The tournament was not completed tonight, but some of the results were as follows:

HALF-MILE RECORD BROKEN AT GUELPH

GUELPH, July 2.—The half-mile record on the Guelph track was broken and some splendid races were put on here this afternoon, before several thousand people. It occurred in the free-for-all half mile championship and the record of 1:04½ was made by John R. Hal of St. Catharines. Previously the track record was 1:08. The 2:30 class brought out some splendid horses and a fine contest was the result.

Competitors for a championship auto race failing to show up, R. B. Robson gave a two and a half mile exhibition with a McLaughlin auto, covering the distance easily in 3:34. He also beat the half mile dirt track record by 2¾ seconds, doing the half mile in 29¼ seconds. Lampman, of Hamilton, who was expected to race, came in too late. The results:

SENSATIONAL FINISH IN TROPHY GAME AT WOODSTOCK

WOODSTOCK, July 2.—The most successful bowling tournament ever held in Oxford County wound up the first day's play with a sensational finish in the third round of the Wilson trophy, between the crack McDonald rink of Tillsonburg and Gardner of Woodstock. The score was 19—18 in favor of the Pandrieds, with one end to play on the east end. Gardner lay a shot, tieing the game, with one chance to win out. With the last bowl not a chance seemed in the way of the veteran local skip to win the game without going an extra end. The large gallery was on tip toe when Gardner played his bowl, and sneaked it in with the shot that put the Tillsonburg rink out of the running.

It was an exciting final to a great day of bowling.

DICKIE AND COWAN TIE AT SARNIA GOLF CLUB

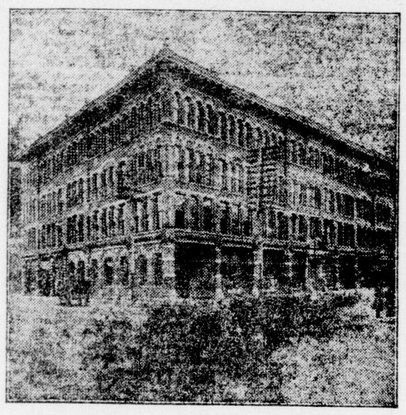

Sum of $125 Raised As Result of Holiday Tourney.

SARNIA, July 2.—Forty golfers participated in an eighteen-hole sealed handicap, which featured the patriotic day held by the local club today. At the conclusion of this prize contest Walter Dickie and John Cowan were even, with net scores of 77 each. They will play off the tie this week to decide the winners of the wool sweater and caddy bag for first and second prizes.

J. M. Hunt and W. A. Watson held lowest gross scores of 83 and 85. Ladies' mixed foursomes were held this afternoon. This morning's patriotic collection netted $60, and at the tea held under the auspices of the I. O. D. E., a similar sum was collected, or an estimated total of $125 for the day.

THRIFT

If you would put yourself in the independent class you must learn to save money, and there is no safer way to save than to buy a piece of property. Pay what you can down and meet future payments as they come due. This is saving by intelligent process. It is saving by compulsion, and there are thousands who cannot save anything unless there is an obligation staring them in the face, due on a certain date. Save while you love your work, and you'll have something to rest on when your work tires you.

OPPORTUNITY

We have a most desirable little home to offer on most favorable terms. It is situated on Dundas street east, and quite near to the many large industries. The lot is 26 feet front on Dundas by 165 feet deep. Has a good brick veneer 1½-story house, with three bedrooms and bathroom, a summer kitchen, and a barn in rear. This will make a most comfortable home for a man with a small family, and can be bought at an attractive price.

GOOD JUDGMENT

J. Pierpont Morgan once said: "The foundation of wealth is the first hundred dollars well invested." Can you have your money, your savings, better invested than in your own home, your very own, your home that saves you paying rent? Good judgment will tell you to inquire into this, look into it, and see for yourself that it is a good place to put your savings, where you will live without rent, and the growth of the city eastward will enhance the value of your property. Good judgment will tell you that your best interests are served by having a home of your own and this offers you the opportunity.

GENERAL CONDITIONS IN WESTERN CANADA ARE GOOD.

Manitoba, Saskatchewan and Alberta farmers were never in such good shape for the greater production they have been called upon to make.

The Canadian Board of Commerce Monthly Letter says: Two years of high prices for his products have enabled him, even with a normal crop, to liquidate a substantial proportion of his liabilities and at the same time to buy improved farm machinery. His prosperity is reflected in the demand for building materials, motor cars and other equipment. It is no doubt true that some extravagance is evidenced by the astonishing demand for motor cars, but it must be remembered that many of these cars will make for efficiency on the farm and economize both time and labor.

In Saskatchewan 21,000 licenses for motor cars were issued up to the beginning of May, and it is estimated by the department that the total would reach 30,000 before the end of the summer. In 1916 the number issued amounted to 15,000, and in 1915 to 9,000. This extraordinary increase has been accompanied by considerable activity in the business centres of the province. Two years ago empty dwellings were numerous in almost every city from the head of the lakes to the Pacific Coast. Rents were so low that in some cases high-priced property did not bring in sufficient revenue to pay taxes. Today houses are in general demand, rents are becoming normal and population is again increasing. This desirable change relieves anxiety with regard to the financial position of some municipalities and evidences general prosperity in the surrounding rural communities. Happily there does not appear to be any desire on the part of the business public to encourage real estate speculation. There has arisen, however, a very natural demand for land among successful farmers and the number of promising immigrants on the lookout for homesteads has also increased. Railways and land companies report more sales during the past two months than have taken place in the same length of time for many years. Altogether the outlook is promising and the high prices for farm products, on which the present prosperity depends, are likely to continue for some time after the war.

GROWTH OF PUBLIC UTILITIES IN THE UNITED STATES

The public utility business in the United States, including Street and Electric Railways, Central Electric Stations, Artificial Gas Plants, and Telephone Systems—but excluding Waterworks properties, comprise a business of substantially one-half the proportions of the steam railroad business, measured by capital and gross earnings. In 1912 there was invested in such properties as mentioned over $8,700,000,000 and their combined gross earnings that year were in excess of $1,345,000,000. The growth in public utilities has been truly remarkable, invested capital, exclusive of telephones, for which figures at 1902 are not available, increasing in the ten-year period 1902-1912 from $3,233,000,000 to $7,688,000,000, an increase of 137 per cent gross earnings, in the same period increased over $600,000,000 or 157 per cent and net earnings $243,000,000 or 165 per cent.

A CANADIAN WAR STOCK REVIVES

Canadian Car and Foundry common and preferred shares have had a revival recently, after a prolonged period of dullness, owing no doubt to the closing of a contract by the Canadian company for an order for $35,000,000 worth of railroad equipment, which is reported to be for use both in Canada and Russia. Canadian Car and Foundry's venture into the war munitions business early in the war was followed by a premature boom in its stocks, but this collapsed when it was discovered that the bulk of the order would have to be placed elsewhere, owing to the company's limited capacity, and also because of mistakes that had been made in estimates as to profits, costs of manufacture, etc. The new order should make for a restoration of the affairs of this company to a sounder basis of prosperity, but the severe market lessons of the past have been such that no resumption of a bull market need be looked for, but rather a moderate appreciation in prices as the importance of the new business unfolds itself to shareholders.—Financial World, N.Y.

MONTREAL BONDS GO BEGGING

That municipal and other bonds are not meeting with ready absorption during present conditions is evidenced by the inability of the City of Montreal to secure a single bid on May 20th, when an issue of $1,200,000 20-year 5's was offered and the Financial World (N.Y.) of recent issue, has the following criticism to make:

We recently called attention to the critical position this city was in and to the growing deficits that have appeared in the financial statement year after year. Regularly these deficits have been funded into long time securities and it was for this purpose that the last loan was advertised. No surprise was expressed at the failure among dealers in New York, who report that they have always had difficulty in getting an accurate debt statement from the city treasurer. The City of Montreal is in a peculiar position in this respect. There exists not only the direct debt of the city itself and of the annexed municipalities, but there is the debt of the Roman Catholic school commission, the Protestant school commission and innumerable separate school bonds. Ahead of all these securities, and in fact ahead of even the city's taxes themselves, come the Fabrique Loans or the borrowings of hundreds of small parishes located within the city limits, and operating under an old French law. If the city treasurer would give these matters the publicity they need, more interest would be taken by the New York market in Montreal.

$10,000,000 IN SIX MONTHS.

That the Japanese Mail Steamship Company, operating lines of steamers between the Orient and Seattle and England, made a profit of $10,000,000 in the six months ended April 30, was announced at a meeting of the directors in Tokio, according to a cablegram today by a San Francisco-Japanese newspaper.

Is it too much to hope that some day our own Canada steamship lines will have bottoms reaching foreign ports, carrying our Canadian flag. Great trading opportunities obtain in several countries where Canada stands most favorably among the people. We must wake up to our opportunities. Trade cannot be built up without shipping. Canada can build the ships if the money is forthcoming. Educate our own people to put their money in home investments, and there will be found money sufficient to cover industrial requirements. Our producing capabilities have not yet reached 25 per cent of what may be done.

FIRST CANADIAN ISSUE IN LONDON THIS YEAR

The first Canadian flotation in London this year has been made by the issue of an assessment on a portion of the shares of the Canada Land Corporation. With considerable difficulty permission of the British treasury has been obtained to raise $1,925,000 new capital in this way. Arrangements have been completed for the amalgamation of the South Alberta Land Company, Canadian Wheat Lands and the Alberta Land Company, three properties originally floated under Grenfell auspices, comprising 550,000 acres, and which, in 1914, passed into the hands of Sir William Plender, receiver for the debenture holders.

The new company is called the Canada Land Corporation. It has an authorized capital of £2,250,000 sterling and a debenture issue of £445,000 sterling and £695,000 of debentures in the old companies have been surrendered to take ordinary ones in the new company.

The only Canadian flotation in London last year was an issue of £1,000,000 20-year 6 per cent debentures of Canadian Vickers, Limited. This company is engaged in war work in its shipyards.—Monetary Times.

THE UNITED STATES SHARE IN THE WAR.

The opening "editorial" of the Annalist, of 26th March last—more than a week before the entry into the war of the United States, be it noted—was brief, excellent and to the point. It raised finance by a stroke of the pen, to a loftier level and a clearer air than it habitually breathes. As events have since shown moreover, it expressed with intelligent anticipation, the sentiment of the United States. We reproduce it:

"We are not going into war for conquest; let us not go into it for profit.

"Our share—There is talk of lending to the Allies a billion dollars to help them carry on their fight against Germany. Were it the Allies' fight this Government would not be called on to lend help to carry it on; it being our fight, as undoubtedly it is, we would be disgraced if we merely lent to others who are engaged in the struggle. Not in that way will America fight the cause of democracy against militaristic autocracy, which under the prompting of aggressive ambition has shown itself to be the enemy of the whole world. We should give, not lend, and give not money alone, but all that is needed, including men. Only by bearing our share of the burden can we hope to reap our share of the reward, which will be one other than the triumph of right over might, peace over war, human fellowship over wanton inhumanity."

SAVING MONEY VS. LIFE INSURANCE.

The man who says he can get a better return by depositing his money in a savings bank and letting it accumulate at compound interest, forgets that his savings will not accumulate if he dies, and that even if he lives compound interest will not accumulate on money that he does not save.

WALL STREET CONDITIONS

The usual half yearly halt in the volume of transactions on the exchange and natural recession in prices has developed, but great confidence obtains throughout the country in all lines of activity. Government requirements are making unprecedentedly heavy demands upon the financial organizations, but with increased demands for manufactured products, and encouraging crop conditions, profit taking on large holdings has had nothing more than strengthening effect on the market. The Government may commandeer, and doubtless will, much of the industrial profits, but even with this discount of what is developing into such unprecedented earnings there will remain more than a normal balance for distribution into business channels. The Liberty Bond subscription, contrary to expectation of many well equipped for making [illegible] prophecy, reached figures away beyond requirements, while voluntar[illegible]on to the Red Cross fund reached a billion dollars, evidencing not [illegible]eral prosperity of the country, but a feeling of warranted o[illegible] the people from coast to coast. Carefully selected purchase[illegible]sions need not occasion the buyer any worry and should [illegible]nable time, develop satisfactory profits.

CHAIRMAN AND CONTRACTOR

Continued From Page One.

a frank admission, although he virtually admitted that the charges were correct. There are rumors of other things, but we have no proof of them. Until we have we will not deal with them."

At this juncture Secretary McElheran read the resignation of Mr. Nutter, followed by another letter, as follows, withdrawing the resignation:

London, July 2, 1917.

Chairman and Members Industrial Advisory Committee.

Gentlemen,—At your last meeting an attack was made upon me in connection with my work as architect on the new technical art school. I had not the slightest inkling of what brought about this attack, and in the surprise and confusion of the moment I agreed to tender my resignation thinking it would assist in bringing about a proper revelation of the real fact, and knowing that if the real facts were ascertained that my conduct would not be open to criticism. An attempt, however, has been made to injure me professionally, and this resignation has been made to aid designing persons in their efforts to injure me. As you have not accepted my resignation up to now I hereby withdraw it, and leave you to take whatever action you deem wise. I am advised that I ought to do this in order to protect myself in the light of publicity given the matter through newspaper interviews and supposed news items. Yours truly,

ARTHUR E. NUTTER.

BUILDING MUST BE COMPLETED.

"We want this building completed, and that right away," said Arthur W. White. "We must look after the returned soldiers."

Mr. Putherbough related the reasons for the work being held up, declaring that he could not get sufficient brick. Two carloads were on the way, and would be here in a short time. With their arrival the work would be rushed. Mr. Nutter had ordered glazed brick for the interior, contrary to the specifications, or there would have been sufficient to complete the work.

Victor Blackwell, of Watt & Blackwell, informed the committee that his staff had compiled the plans, and assisted in preparing the specification, but that the work of supervising had been done by Mr. Nutter. He did not spend much time on the job, as the thing smelled so badly that he did not care to get mixed up with it.

CHAIRMAN ASKS FOR SUSPENSION.

Chairman Thomas Rowe, of the board of education, suggested that Mr. Nutter be suspended, that Watt & Blackwell be put in full charge of the work at once, in order to rush the building to completion, and that City Solicitor Meredith be instructed to take such steps as he considered necessary to clear the situation up.

This was adopted on the motion of Harry Hayman and Ray Lawson.

"What about an investigation?" asked Mr. Silverwood.

"We should give Mr. Nutter every chance to vindicate himself, if he thinks he can," said Arthur W. White.

Trustees Silverwood and Langford will take this phase of the matter up with Mr. Meredith this afternoon.

STIRS UP ROW WITH SECRETARY.

Prior to the meeting, Mr. Nutter went to Secretary McElheran at the city hall and asked to have his resignation. His method of procedure did not meet with the approval of Mr. McElheran, and there were wigs on the green.

"You have no right to that resignation at all," said Mr. McElheran. "That is the property of the advisory committee, and if you do not hand it over I will call the police."

"It makes no difference to me," said Mr. Nutter. "I am going to withdraw it, and I don't care whether I get the resignation proper, or inform the committee that I have withdrawn it."

Secretary McElheran was very wrath at the action of Mr. Nutter in pocketing the original resignation, but the matter was settled by Mr. Nutter tendering in writing his withdrawal of the resignation.

"That speaks for itself," said Mr. Nutter. "I am acting under legal advice. It is now up to the committee to take such action as is considered necessary."

Mr. Nutter positively refused to say anything further on the case, nor would his lawyer, J. M. McEvoy, make a statement.

BIG ISLAND SURPLUS

Newfoundland Revenues Greater Than Expenditures by Million Dollars.

St. John's, Nfld., July 3.—The greatest surplus of revenue over expenditures ever obtained by the colony of Newfoundland is shown in preliminary statements for the fiscal year, which ended on June 30. Revenue from all sources was approximately $5,000,000, nearly a million dollars in excess of expenditures.

This is double the surplus of the previous fiscal year. The increase is due to the enhanced value of fishery and other products of the island, the high prices received having enabled the people to import exceptionally large stocks of goods of all kinds on which heavy duties were paid. It is understood that the surplus will be applied toward paying the cost of the colony's participation in the war.

SUMMER HOTEL BURNED.

Portland, Me., July 3.—The Ottawa House, a summer hotel in Cushing's Island in this harbor, was burned last night. The hotel, which was a four-story wooden structure, had not been opened for the season, and was occupied only by servants. Its guests have been usually Canadians for the most part. The loss is estimated at $50,000.

TEN KNOWN DEAD IN NIAGARA GORGE WRECK; COMPANY WAS WARNED

NIAGARA FALLS, N.Y., July 2.—The death list of the trolley wreck on the Gorge Route on Sunday afternoon was unchanged today. There are ten known dead, three persons are missing and probably dead, and there are from six to sixteen unknown missing. There is great disagreement over the number of passengers on the wrecked car. Meanwhile the cash register of the car has not been produced.

There is still disagreement over a warning given the Gorge Route before the accident regarding the falling in of the tracks. It is admitted now that such warning that the roadbed was being washed out was telephoned, but the line officials claim that they acted as quickly as possible. The men who telephoned the warning say that from fifteen to twenty minutes' warning was given—enough to have saved the car, even though no official thought of shutting off the power.

FOUR BADLY INJURED WHEN AUTO DITCHED

Glencoe, July 2.—Through their car turning turtle on the Longwoods road, a few miles south of Glencoe, Monday afternoon, Joe Glover, George Denger, Lorne Hassan and Harold Marlott, all of Chatham, were seriously injured. Glover is so badly hurt he may not recover. The others are in Chatham Hospital.

DON'T MIX ENOUGH

Quebec Too Provincial, Say Anti-Compulsion Speaker.

Drummondville, Que., July 3.—A protest against provincialism in the training of French-Canadians was delivered here on Sunday by Napoleon Garceau, a local lawyer, in the course of an anti-conscription meeting.

Mr. Garceau said:

"We have not been taught all that could have been taught us, and that our country was not the Province of Quebec only, but the whole of Canada. In the past we have been in the habit of living isolated, and not mixing with others. We have been a little too much of "Quebecers," and on this fiftieth anniversary of confederation it is for us to take a lesson to remember that we are Canadians at home in Quebec or in Ontario, as much at home in Toronto as the people of Toronto are at home here."

Mr. Garceau said the people of Ontario were too provincial also.

IN THE POLICE COURT

Magistrate Graydon faced over a score of entries on the police blotter when he ascended the bench at the Carling street edifice this morning.

Of this number eight were plain drunks, two others charged under section 41 of the Ontario temperance act with drinking on the public highway, nine bicyclists who rode on the sidewalk, and a young woman on remand.

Thomas Dody and Frank Cahill were arrested on Saturday afternoon last near the C. P. R. bridge, and charged with having liquor on premises other than a private dwelling. After hearing the evidence, the magistrate dismissed the case, as the police had failed to present evidence sufficient to establish a conviction. Patrolman Brammer testified he had seen Doty carrying a package about the size of a bottle of whiskey, and had afterwards found a quart bottle near the scene, which he produced in court.

As there was some doubt as to the nature of the fluid in the bottle, Major Osborne was requested by R. J. Fisher, acting for the prosecution to sample the contents and then go on the witness-stand and give expert testimony.

"It's whiskey, but I have tasted better," said the major.

Each of the eight charged with intoxication pleaded guilty, and were fined $10 and costs or 10 days in jail in each instance.

The common alibi was that the reason for getting drunk was to celebrate the 50th anniversary of confederation. Two of the number, soldiers, of Russian nationality, pleaded guilty, but explained that it was not their own whiskey that produced the desired result, and considered that the offence was less serious because of this fact.

"It doesn't make any difference whose whiskey it was as long as it made you drunk," commented the magistrate.

Nine young men contributed $1 apiece because of their preference for the sidewalk instead of the road as a bicycle path.

Mabel Bolton who appeared on remand on a charge of vagrancy, was returned to jail for another week, during which time arrangements will be completed for her deportation to the United States.

IVAN HUNTER JOINS ROYAL FLYING CORPS

Ivan Hunter, for several years connected with The Advertiser composing room, and son of William A. Hunter of The Advertiser Job Printing Company, has enlisted with the R. F. C. He starts training soon at Toronto.

Mr. Hunter is well known locally as an athlete and an all-round ball player, and if he shows as much speed traveling in the air as he does on the ground, there will be some fast flying done somewhere in France in a few months.

PRESENT MINISTER WITH MOTOR CAR

Congregation of Talbot Street Church Makes Real Gift To Rev. H. H. Bingham.

Rev. H. H. Bingham, pastor of Talbot Street Baptist Church, had a genuine surprise package left at his door Saturday evening, such a big one he couldn't get it up the walk or through any entrance which the parsonage afforded.

At first he couldn't really believe it actually was meant for him. It seemed too good to be true to have a man drive up with a handsome automobile, up to date to the last word in equipment, and offer it as a gift.

An accompanying letter, however, cleared up the mystery and revealed the fact that it had been prompted by the generous appreciation of the congregation of the Talbot Street Church of the services of the pastor. The letter was as follows:

"The members and adherents of the Talbot Street Baptist Church have felt for a long time that you should have more assistance in your laborious pastoral work that rests upon your shoulders from week to week, and they have deemed it the best possible assistance to provide you with an automobile for your use and the use of your family as you desire. Hope it will be a help to you in your work as well as a means of recreation.

"Signed on behalf of the congregation.

"NATHANIEL MILLS."

At the morning service on Sunday Mr. Bingham expressed his deep appreciation of the act of the members of his congregation and assured them the automobile would prove of inestimable assistance to him.

RETURNED SOLDIERS ACT AS PALLBEARERS FOR COMRADE'S WIFE

The funeral of Mrs. May Weston, who was killed on Saturday morning in the east end yards of the Grand Trunk, when she was crushed by a freight car, was held this afternoon at 2:30 o'clock from her residence on Bathurst street to Mount Pleasant Cemetery. The services at 2 o'clock were conducted by Rev. H. D. Moyer of the Hyatt Avenue Methodist Church.

The pall-bearers were all returned soldiers, among whom were Sergt. Roy McLeod, Pte. H. Olney and Pte. C. Clark, who all served with Lance-Corp. Jack Weston, Mrs. Weston's husband, who is at present in France with the A. S. C., and Sergt. Jack Rawlings.

An application has been made to Ottawa for the return of Lance-Corp. Weston to Canada, to look after his two small children, 6 and 4 years of age. His mother is looking after the kiddies at present.

PRAISE FOR MEN IN MONDAY PARADE

Officers at militia headquarters today expressed themselves as quite well pleased with the showing made by the men on the Dominion Day parade Monday morning. "I was well satisfied, indeed," said Col. Shannon, officer commanding the district. "The parade was carried out succesfully and the showing made was good."

Lieut.-Col. Smith, general staff officer, was also pleased. "It was a very good parade, and the showing was very creditable indeed," he said. "It was an exceedingly creditable showing." Lieut.-Col. Brown, assistant adjutant general, stated, "and although only a short notice was given them, they did a lot of work on their wagons, horses, saddles and equipment in order to have them in good shape."

In today's camp orders the following words of appreciation appear, showing that the men's efforts were not unappreciated:

Appreciation of Dominion Day Parade.

"The D. O. C. desires to express his appreciation and thanks to all ranks for the excellent way in which they responded to the call for a Dominion Day parade. The success of the march out yesterday was due directly to the enthusiasm and good work of those officers, N. C. O.'s and men, who first saw that their horses, saddles, vehicles and personal equipment, or whatever part they were personally responsible for, were as clean as possible, and, secondly, that they did their best in every movement to show their keenness and kill as soldiers. Every officer, N. C. O. and man has a right to be proud of the parade yesterday. Their work was well done, and stands to the credit of all who took part in it."

Father Corcoran at St. Mary's Church, and the service was largely attended. Interment took place at St. Peter's Cemetery, Rev. Father Richardson conducting the service at the grave.

The pallbearers were Peter Ryan, James and Patrick Phelan, Charles Fallon, Steven Fitzgerald and Dave Bullard.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

As is generally the case after holidays, the local market was brisk in buying, but a slim line of produce was offered. Strawberries were much in demand, selling at 18 to 20 cents retail and 16 to 18 cents, wholesale, but were fairly scarce. Radishes were plentiful at the unchanged price of two bunches for 5c. Vegetables on the whole remained steady, but the supply was not up to the mark. Potatoes remained firm at 75c to 80c a peck, but few were offered.

Dressed hogs were little in demand at $19. Live hogs and fat sows sold at $15 and $12 respectively, which is slightly cheaper.

The supply of fruit was not large, but was of a good quality, apples, gooseberries and strawberries, being the extent of the fruit market's variation.

WALL STREET.

New York July 3—Wall Street 10:30 a.m.—Leaders were under further pressure at the opening of today's market, the movements also embracing many special and minor issues. United States Steel was the only stock to change hands in more than ordinary amounts, 4,000 shares being offered at an extreme loss of half a point. Atlantic, Gulf and West Indies, Studebaker and Central Leather yielded large fractions to over a point. Rails were rather mixed, fractional recessions in coalers and Louisville and Nashville being balanced by equal advances in Pacifics and Baltimore and Ohio. The market became more iregular before the end of the first half hour.

Noon.—The activity of the morning was accompanied by a succession of rallies and fresh declines. Many important stocks fell to lowest quotations of the current movement. Chief among these were United States Steel Bethlehem Steel Crucible Steel and Lackawanna Steel, Union and Southern Pacifics, Reading and Baltimore and Ohio, the prominent metals and American Sugar. From surface indications the setback was mainly caused by short selling and lack of public interest. Baldwin Locomotive, Republic Iron and Mexican Petroleum were almost the only strong features. Pronounced improvement was shown under lead of equipments and coppers. Bonds were irregular.

1:30 p.m.—Stocks became unsettled again in the early afternoon, when the motor group reacted 2 points, Studebaker being the weakest issue. Representative shares, including rails, forfeited the greater part of their midday rally.

LORD DERBY DECLARES MORAL EFFECT OF U. S. ACTIVITY FAR-REACHING

"Promptitude of Kinsmen Across Atlantic Moves Us Deeply."

LONDON, July 2.—Lord Derby, secretary of war, in a statement to the Associated Press, today said:

"The arrival in France of the troops of the United States to take their place by the side of the French, Belgian and British troops, is an event of the first importance. The moral effect of this reinforcement will be far-reaching, as the accession of a great army, of which this is the vanguard, enthusiastic for the restoration of peace and liberty throughout the world, will be welcome to all fighting for the sacred cause on French and Belgian soil.

"The promptitude with which our kinsmen across the Atlantic have given effect to their pledges of co-operation is no surprise to us, who know their energy and resourcefulness. But it is an earnest of their determination to hasten the victory which will reward our united efforts, and therefore, moves us deeply."

QUERRIE EXPLAINS

Toronto, July 2.—In a letter to the Toronto press, C. L. Querrie, secretary of the Tecumseh lacrosse club, explains that the reason Tecumsehs defaulted the game at Cornwall was that they could not secure enough players. Only six men had attended practice regularly and were ready to go to Cornwall. He concludes:

"This is the first time in their long career that the Tecumseh lacrosse club ever forfeited a game, and it will be many years before the players will ever have another chance to figure in big league lacrosse. I am absolutely through, and my only regret in a long career as a lacrosse player is that I was forced to cancel a game and leave Cornwall without a game on the holiday."

FLOOD AT WROXETER.

Wingham, July 3.—Yesterday afternoon the dam at Wroxeter gave way owing to the extra water running in from fields and creeks. The water came down the river in a rush, and in spite of the dam boards and standards being lifted it could not clear quick enough causing floods on the flats and in cellars.

A WET QUEBEC.

The Quebec observatory says that during the 30 days of June, rain fell on 22 days, leaving only 8 days of fine weather. During these 22 days 8.6 inches of rain fell, which is exceedingly heavy, being five inches more than the average fall.

OVER 500 ORANGEMEN PARADED TO CHURCH SUNDAY AFTERNOON

Pastor Tells of Part Brethren Are Taking in War.

Five hundred Orangemen from L. O. L. District No. 1 attended divine service at 3 o'clock Sunday afternoon at the Wellington Street Methodist Church. St. Thomas sent up a large representation and other lodges from the city made up the parade to the church. The line of march was formed on the market square and headed by the Oneida Indian brass band moved up Dundas to Wellington, thence to the church.

Hackett Lodge fife and drum band headed the members from this and other local lodges.

Had the weather been more favorable in the early part of the day the gathering would have undoubtedly been much larger.

At the church Rev. W. J. Ashton, the pastor, delivered a sermon dealing with the origin, teachings, principles and objects of Orangeism.

Fight for Liberty.

Taking his text from Ephesians vi, 10, the pastor first of all spoke of the great war and the fight for liberty and freedom from a tyranny that threatened the entire civilized world.

"Orangemen are not members of the order merely to wear colors, celebrate the Battle of the Boyne or attend church parades, but are bound by great principles and their obligations of loyalty to the British crown," said Mr. Ashton.

That the Orangemen were fulfilling their obligations of loyalty had been amply demonstrated in the large numbers that had enlisted for active service in defence of King and country.

Many Give Lives.

Thousands of Orangemen had paid the supreme sacrifice in a fight that Orangemen knew was being waged for the betterment of mankind.

With reference to the origin of the order he traced its inception back to the time of James II., a Roman Catholic sovereign, who showed no regard for British law. Those who opposed him he had beheaded, or disposed of in other ways.

When Parliament charged him with violating the test act he prorogued the House for two years. The people tolerated him for some time, believing that he would change in his methods, but in 1688, when a son was born, the people feared a succession of Roman Catholic kings and invited William of Orange to rule. James fled to France and William was declared king.

"History testifies that William, the Protestant king, preserved civil and religious freedom," said the pastor.

Orangemen's Vow.

Touching upon the obligations of the order, he stated that Orangemen were bound to perpetuate loyalty to the British crown and freedom of religious worship.

All Orangemen, he said, should observe the Lord's Day and attend public worship, raise their children in the Protestant faith and diligently read the scriptures in order to fulfill the obligation each had taken.

SPIRITUAL FOOD AS GREAT A NECESSITY AS ANY OTHER NEED

Rev. W. E. Pescott Preaches Inaugural Sermon at Dundas Centre.

Taking for his test, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God," Rev. W. E. Pescott, B.A., deeply impressed the necessity of spiritual as well as mental and corporal food in his inaugural sermon at Dundas Centre Methodist Church Sunday.

"Straight thinking is the mother of straight acting," declared Mr. Pescott in his opening remarks, "and when we want anything, we do not get it by drifting about, but by holding it before our vision as a goal to be reached, and then we bend every energy toward its realization. The question is then, what are the things we desire to obtain from our fellowship together? Are they practically obtainable, or are they beyond the possibility of attainment?"

Results Count.

Continuing, he said that money, honor or position gained was not the important thing, but the question, "to what have we grown in the midst of all the experiences that go to make up our lives?" was the important thing, and he then asked what food would they be required to feed upon to reach the end for which they were made.

There were three types or kinds of character, roughly speaking, open to us all. The indian needed only food, clothing and shelter to satisfy his desires. These things would not satisfy Herbert Spencer, or men of his type, but they required mental food, books, knowledge and science as well. Again, the things that satisfied the Indian, and even the things that satisfied Herbert Spencer, would not satisfy Jesus of Nazareth.

People might live on the lowest plane of humanity, might live for the body, like the Indian, or for the mental nature, like Herbert Spencer, or they might live like Jesus Christ, for "every word that proceedeth out of the mouth of God."

Live for Bodies.

"If most people do not live absolutely for their bodies," added the speaker, "they live chiefly for their bodies. They say, 'What shall I eat?'; Wherewith shall I be clothed and sheltered? Clothes, food, houses, lands, yachts, automobiles and many other things that minister to the comfort of the body are the important things with them. They are all right, and there is nothing wrong with them, but when they become the supreme things in a man's life, he is not realizing the things for which God made him."

Truth was the right food for the mind, and in addition there was the esthetic nature, the love of the beautiful, but man was not made for the love of the beautiful alone. There were also the moral qualities, justice, mercy, sympathy and others, but above all those was the realm, which for want of a better word, he would fall back on an old-fashioned word, religion. People who sang hymns, said creeds and went to church, were not always religious. Religion was the recognition, not that he had a soul or spirit, but that he was a soul or spirit; that he belonged to the Eternal Spirit; that he had a claim upon Him, and that He had a claim upon him. If they were to lose all liberties, money, friends, homes, families, there would still be hope, if they could stand up and say: "All is lost save a consciousness of the relation with the Almighty."

Qualities of Man.

"What makes a man?" asked the speaker. "Other animals have the power to stand upright, to think and to love, but a man is a man by virtue of something in him that no other animal has. It is by virtue of the sense of imperfection that makes a man repent, the desire to go higher, the sense of mortality, and the knowledge that he will live a divine life later in heaven, which qualities no other animal has.

"Take this message as my first message to you," he added in conclusion: "'Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God.'"

NEW PASTOR APPEALS FOR CO-OPERATION OF ALL AT FIRST CHURCH

Heart-to-Heart Talk by Rev. R. G. Peever to Congregation.

Instead of preaching a sermon on Sunday morning, the occasion of his first appearance in the pulpit of the First Methodist Church as pastor, Rev. R. G. Peever gave an earnest heart-to-heart talk upon the new relationship entered upon of himself with the congregation, revealing his own attitude without reservation, and appealing for whole-hearted co-operation on the part of everyone, from the youngest to the oldest, in the building up of the church and the kingdom of God through the church and its organizations.

"I am not unaware," he said, "that I have come to you in the midst of troublous times in the world's history. One hundred and twenty-five young men went from my church in Peterboro, and the middle of July my own son will have been in France a year. I know myself the need of strength and the shadow that rests upon the congregations. God grant that I may be able to comfort and help you.

Will "Carry On."

"In the next place, I am not unaware that we are still here to do business, to 'carry on.' Of one thing I will assure you, my pastorate will not be a gloomy one, and I want each member to brighten his or her own corner. The challenge to the preacher today is not to increase the shadows, but to encourage, to give inspiration and happiness. I am here to do a great work, and to build up the kingdom of God and to extend its dominion and to mobilize all the latent resources of the congregation to this end. Like Nehemiah, I want all the boys and girls, the young men and women, everyone, to stand behind me, and the walls will go up."

Solomon's prayer to God for wisdom and knowledge, in order to justly guide and judge the people of Israel, and God's promise that with wisdom would come riches, power and all good things, was chosen as the basis of the address and the title given to the narrative, "The King's Prayer and God's Promise."

In New Situations.

"Many of us, at some time," said the new pastor, "find ourselves in new situations where we are called upon to discharge new duties, to formulate new policies and to give leadership. When Solomon found himself in this position, as the new king of Israel, his first motive was 'wisdom.'

"The position of Solomon and the people of Israel was not unlike, I think, the position in which we find ourselves today. A consideration of it, therefore, seems especially appropriate. I find myself your pastor and minister in this place, upon your invitation given many months ago and approved by the highest courts of the church. I am a strange minister to a strange people. It must be my duty and privilege to discharge my responsibilities, to formulate a policy of service under God for my people, and to give leadership. What should be the question and the prayer of my heart? The prayer of Solomon and his desire toward God. My supreme motive, I think, is that God will give me wisdom and knowledge, that, wise and under-

you as a people in such a way that you will realize I am a messenger sent from God, that I may give steadiness to those who need it, comfort to those who are in sorrow, and interpret the message for the building up of the kingdom of God."

Need of Wisdom.

Among reasons given by Mr. Peever for his deep feeling of need of wisdom and understanding in entering upon his new pastorate were the following:

"I have been chosen to be pastor to a great historic church. No man can ever be as big as his duty if he fails to appreciate its bigness. I have come to a mother church of Methodism, of splendid history, traditions and personnel.

"In the second place, I am not unmindful of the oustanding and godly men who have ministered in this church for nearly a century past. It must be my privilege and duty to be true to the record of their lives.

The New Pastor's Request.

"My request to you is the one made by Paul when he was introducing his successor, a young man named Timothy, to the Corinthians on a similar occasion, to this: 'Receive Timothy without fear, for he worketh the work of the Lord, as I also.' I appeal to you to receive me in confidence, friendship and affection, for I, too, have come to do the work of the Lord. My predecessors have laid the foundation, and I have come simply to build and to carry on the work.

"Let us as a family (and I speak for the parsonage), feel evidences of your thoughtfulness and kindness. I need these. I came pretty near being an Irishman. My father was born in County Kerry and my mother in Tipperary, and I only missed by being born on this side of the water. In the relation between pastor and people, there is the place for the hearth as well as for the altar. The altar is sanctified by social fellowship. I am to be with you and abide with you as a sent messenger of God, as a minister and friend.

"I am here as an under-shepherd, to gather into the fold of Christ, not as a mere official or ecclesiastical priest."

Close Relations.

Continuing, Mr. Peever referred to the closeness of the relationship between a minister and his people, owing to the fact that he is honored and privileged to enter their homes on all occasions, of joy and of sorrow.

In conclusion, the speaker dwelt upon the immediate and first duty of the new relationship upon the part of both pastor and people, namely, that of dedicating and consecrating themselves to the service of God.

Referring again to Solomon and the people of Israel, Mr. Peever reminded, "The first act of the new King and his people was to consecrate themselves to God. It was after the act of consecration that the vision of God and the dream of service came to Solomon, which enabled him to go out and organize Israel and make her stronger than ever before. God grant unto us wisdom and understanding, and enable us to so consecrate ourselves and our service that we may carry on the good work and do our part in establishing the kingdom of God through this church and its organizations."

Welcomes Soldiers.

Mr. Peever expressed his special pleasure at seeing the men in khaki in the congregation, and the hope that their numbers might increase. He also spoke especially of the children. "I love the children and they always get to love me," he said, adding: "The greatest compliment I had before leaving Peterboro was that of a small boy. A couple of weeks before I came away, his mother was explaining to him that Mr. Peever was severing his connection with George Street Church and its Sunday school in a couple of weeks." He said: "Then I hope George Street Church goes bust." I didn't agree with him about the church, but I did appreciate his affection and loyalty."

Rev. D. Rogers, assistant pastor assisted in the services, and introduced Mr. Peever.

Notwithstanding the wet weather, there was a large congregation in attendance in the forenoon to greet the new minister. An opportunity to judge of his preaching ability was afforded in the forcible and eloquent sermon on "Canada, Confederation and the Empire," which he delivered at the evening service.

MEMORIAL SERVICE AT ST. ANDREW'S FOR YOUNG LIEUTENANTS

Spirit of Self-Sacrifice Is Praised by Rev. D. C. MacGregor.

The tablet to the late Atholl Archibald McLean, son of A. D. McLean, manager of the Bank of Commerce, and Mrs. McLean, was unveiled at the evening service at St. Andrew's Presbyterian Church Sunday evening. The service was memorial in character, in honor of Lieut. James Macpherson Macarthur, who was killed at Vimy Ridge on April 19. The tablet was unveiled at the anniversary of Lieut. McLean's death. He was killed at the Somme on July 1, 1916.

Rev. D. C. Macgregor, the pastor, preached an eloquent sermon on "The Way of the Trenches." The anniversary of confederation was a fit occasion on which to pay honor to Canada's noble dead, he said. The same spirit that actuated the men in the trenches should be the spirit that actuates men in peace and prosperous times. Were this to be the case, Canada's future was assured. The way of the trenches was like the way of the cross. Both demanded self-denial, self-sacrifice and self-obliteration. Life was death to these young men. They wanted to reach the possibilities of life, but they heard the call of civilization, and counting their lives not dear unto themselves, went generously and joyously to death.

Too Much Materialism.

"If our employers of labor, our businessmen, our politicians, could but catch their spirit," declared the preacher. "We spend too much time thinking what short hours we can work, what wages we can get, how we can increase our dividends. May God deliver us from this spirit, and help us to catch the spirit of our soldier dead, and the boys who yet remain in the trenches."

He spoke of the life of Lieut. Macarthur, his devotion to duty, his courage, his kindliness and his self-obliteration.

Following the sermon the tablet was unveiled. Mr. Macgregor dedicated the tablet, speaking of the love the men had for Lieut. McLean, and their devotion to him. He loved his home, but the claims of duty came first. He was the first to enlist in his battalion, in the first contingent, and went fearlessly along the way to duty, and sacrifice.

Tablet Unveiled.

The tablet was unveiled by Capt. Cartmer, and the quartet of the church sang, "Peace Be to the Heroes." Sergt. Nanfan sounded the "Last Post," and the congregation was dismissed by the "Solemn March," played expressively by Charles E. Wheeler, the organist.

The morning service was of a patriotic nature, Mr. Macgregor preaching an impressive sermon on "Our National Jubilee."

In the afternoon at the Sunday school, Postmaster Dr. Peter McDonald gave an address on "Canada, and Fifty Years of Blessings," dealing with Canada's growth during the past half century. John Lochead spoke on "What we may do for Canada and the Empire," and sounded a lofty note of patriotism.

FAVORS CONSCRIPTION FOR FRENCH CANADA AND URGES LENIENCY

Will Recognize Their Duty Later, Thinks Rev. Dr. Silcox.

"The Jubilee of Confederation" was Rev. Dr. Silcox's subject at the First Congregational Church Sunday evening.

"God has given us this great territory, a natural base for the building of a great and free self-governing nation," he said. "It should give us serious thought and concern to see if the foundations have been properly laid."

Dr. Silcox forcibly emphasized the truth that a nation is as dear to God as individuals are, and that it is just as true that high ideals of character are as obligatory on individuals for the performance of state duties as for the performance of religious duties.

"The nation is a divine institution," he said. "The affairs of the nation are as sacred as those of the church. In fact more so, for the nation is all of us, and the church is only some of us. National duties are religious duties. Patriotism and piety should never be dissociated. Men of clean hands and clean hearts are as necessary for the performance of state duties as for those of the church. A great boodling minister in the pulpit of a church is no more hideously ugly in God's sight than a greedy, boodling legislator in the parliament or cabinet of a nation.

"It is the duty of all Christian citizens to go to the ballot box on election day and vote into office men of character and capacity as though they heard Christ say, 'This do in remembrance of me.'"

Dr. Silcox strongly indorsed the conscription movement, also conciliation towards Quebec. He thoroughly indorsed conscription because it is the duty of Canada to mobilize her entire strength of men and money, of intelligence and ability, and centre all on the prosecution of this war until all victory is gained by the Allies banded in battle to make democracy safe for the world.

"We are not fighting for England, nor for Canada, but for humanity, for civilization, for the establishment of a righteous democracy over the earth," he said. "At first I opposed conscription, but from the standpoint of national defence I am for conscription. The privileges of citizenship involve the duties and obligation of citizenship. As for the labor agitation against conscription, I am sorry this has occurred. If the churches and colleges had acted as some of the labor party agitators are acting where would Canada be today? Our churches have given their best men. Our colleges and universities are emptied of their best to help win this great struggle and it's the duty of every man to line up and do his part.

"As for Quebec, let us be lenient towards the French-Canadian. He reads French papers. He speaks the French language. He was here long before we were. He has a deep love for Canada. He will see his duty later. He has not yet got into the sweep of this great world struggle. He reads chiefly the local papers. When he gets his world vision he will come into the struggle as the United States has done, and will do his part."

The purpose of money is chiefly to add to human enjoyment of the best things in life—merely to hoard money makes a miser of that unfortunate person, whom everyone pities. Just a little money is used in the purchase of an Edison Instrument adds many times its cost in added enjoyment and enrichment of life. May we make a demonstration of this Wonderful Instrument? W. Sir Thomas White, Minister of Finance.

IS it nothing to you tha. men from all round you have sacrificed home and salary, safety and life, to defend your home as well as their own?

Is it nothing to you that their wives and families tremblingly scan each casualty list, and pale at the step of the postman or telegraph messenger?

Can you see others giving their dearest, without feeling that you ***must do something*** yourself? Do you wonder what to do?

You can at least save—and lend your savings to the nation. Canada needs every dollar her loyal sons and daughters can spare, to meet the growing expenses of the struggle.

Every dollar you invest in Canadian War Savings Certificates helps the nation to deal generously with those who are defending you.

Certificates in denominations of $25, $50 and $100, repayable in three years, may be purchased at any Bank or Money Order Post Office at $21.50, $43 and $86 respectively. This means over 5% interest—making them a profitable as well as a patriotic investment. 13
