Austria Enforced the Veto That Defeated Rampolla

Emperor Joseph Sent Sensational Dispatch to the Conclave.

Insisting Upon the Elimination of Rampolla as Papal Candidate.

The French Cardinals Said to Have Been Greatly Irritated by Austria's Act.

New York, Aug. 6.-A special cable dispatch from Rome to the Tribune says that it is learned from an authoritative source that the muchtalked-of right of veto in the conclave -by many considered no longer a right' because it had fallen into disuse-was actually enforced by Austria last Sun-

The greater part of the Sacred College was much irritated, especially the French cardinals, who declared that they would not recognize the veto, but a night's rest brought better councils, and the conclave decided that in the present position of the church in France, the Holy See could not fail to give need to the protest. It was thought that the Austrian Emperor's dispatch might have been the result of the joint wishes of the triple alliance. This did not, however, allay the irritation of France, which found itself powerless.

Lewisburg, Tenn., Aug. 6. - A negro preacher named John Milliken was killed and another fatally wounded by a band of whitecappers Monday night. When the mob made its appearance at Milliken's home, the preacher made his exit through a back door. He was brought down by a volley, dying almost instantly. John Hunter, a sonin-law of Millikin, was made to accompany the mob on a fruitless search for another negro, and in an attempt to escape was fatally shot in the back. No cause is assigned for the killing, as both Milliken and Hunter bore good

For the past year she had suffered

from an illness which told upon her

health. This malady recently de-

veloped into heart trouble, as a result

of which her death occurred. Mrs.

Dr. Brodbeck explains that there is practically no friction on the rails after the car is once in motion. In an ordinary railroad coach the high speed is possible only by increasing the veight of the cars so that they will stay on the track. Otherwise, would jump from the rails. The rails rom the aerial car keep it horizontal, und it has twin wheels, one set on top and the other under the rail, which makes it absolutely impossible The shield around the car also plays an important part in the speed. POISON

Enters the human body with everything we cat or drink. Sometimes the poison is not very powerful, but if any foreign matter be allowed to accumulate in the system, the health will suffer. There are special organs to take care of all the little poisons which would give trouble if not attended to. These are

The Kidneys.

The function of the kidneys is to throw off uric acid and unwholesome matter which escapes the intestines. To do this properly, they must be kept healthy and strong. The great regulator and invigorator is

Bu-Ju The Kidney Pill.

It is because it combines all the experience of the medical profession regarding the causes and cure of kidney ailments, and because it is compounded with all the latest skill obtainable. Those who use Bu-Ju at once when the kidneys begin to act sluggish have a remedy which is made especially for the kidneys. Delays are dangerous. Do not let the poisons accumulate. Do not waste time and money on worthless substitutes. Get the up-to-date preventative and remedy. It is sold by all druggists in boxes of 50 pills at 50 cents. Manufactured by

Becher, broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier Carington today: New York, Aug. 6-Noon.-There wer elements of demoralization in the fir minutes of trading this morning, an t is not too much to assert that the suspension of any important house would have produced panic conditions rather than have helped the market. Lon stocks came out, pressure was marked and liquidation of hypothecated secur-ties helped to instil fears into traders hearts. The fact that all clearing hou sheets went through helped sentimen and the market steadied, though eviden ing no material strength. Short covering was a favoring factor, but stocks generally were well taken during the second hour. Stocks could be sold at any tim The opening was irregular, then came severe drive that carried prices dow. The Gould stocks were under pressur and Missouri Pacific broke so sharp that it excited rumors of a concerted a tack.
