THE AUDIT IN ORFORD

A. F. Falls Has Completed A Government Inspection Of The Books

FEW THINGS CLEARED UP

The following extracts from the special Government inspection, examination and audit of the accounts of the municipal corporation of the Township of Orford by Accountant A. F. Falls, will be of interest to many of our readers:

With regard to drainage accounts, the report states:—
The present Treasurer, who was auditor of the Township for some years previous to his appointment in 1903, stated under oath, that he had not included the drainage accounts in the annual audit report, because the Assets and Liabilities, because he could not tell whether they were an Asset or a Liability, owing to the way records were kept.

The fact that practically all the drainage construction and costs of the drainage suits have come out of the general funds of the Township, will no doubt be a surprise to the ratepayers in general, as well as to some of those who have occupied the positions of Reeve and members of the Council. This is very clear, however, when it is known that for all the drainage work constructed since Jan. 1, 1900, debentures have only been issued to provide money for the construction of five drains; and only one instance, that of the Cornwall Drain, By-law 318, has the amount levied against Township roads been included in the debentures sold.

McGREGOR CREEK AND BULLER DRAINS.

These drains originated in the Township of Howard. Lands and roads in Orford Township were assessed to contribute to the cost of construction. At the request of the ratepayers, Orford resisted the levies as being excessive. The matter was arbitrated, and finally referred to the Referee. The litigation covered a long period, during which time all costs incurred were paid out of the general funds of the Township.

Angus G. Landers, Reeve of Orford in 1901, gave the following evidence under oath:

"Referee's report was made in 1901 which I was Reeve; it contained no direction as to how to contribute to the drain, and believe the drain should pay all costs the Township was not able to recover from Howard. Howard never made a demand for the money till 1905. I talked the matter over with George Meyer, Reeve of 1905. He asked my opinion about it. I told him that, owing to the nature of the case, the long time it had been pending, and the sum we had recovered from Howard had gone to the credit of General Funds, it would be as well to pay the balance of costs out of General Funds as a great deal of the costs paid out were unnecessary to the real case at issue. It would be hard to define what were really the costs. A number of witnesses were taken at Chatham and kept there for days and not heard at all. I was speaking then as a ratepayer."

George Reyecraft, Reeve in 1905, swears as follows:—
"McGregor Creek and Buller Drain By-laws were passed in 1906. I have discussed the question of costs incurred on suits, but do not know that I said anything to the Councilors or Clerk. I am of the opinion that the General Funds should stand all the costs, as it was a test case, the uplands being assessed for benefit of the low. I am a ratepayer on the drain in both Orford and Howard. I am of the opinion that legally the drain should bear all the costs, and believe that the ratepayers signed a petition to the Council that they would stand all costs of the suit."

R. A. Spence, Reeve for 1906, swears as follows:—
"The Clerk H. Watson, urged that no law costs be added to the By-laws for McGregor Creek and Buller when filling in the amounts, and he filled simply the amount awarded by Referee to be paid over to Howard by Orford, adding \$24.00 to one, and \$35.00 to the other for cost of getting up the By-laws. My opinion was that the ratepayers should pay the costs on these and all other drains. In 1905, I discussed the matter with the then Reeve, George Reyecraft, and he thought the drains should pay the costs."
Henry Watson, Clerk, sworn, stated:

"I furnished the figures myself from the award, adding \$24.00 to one, and \$35.00 on the other. These charges were to cover cost of preparing and passing By-laws. Council did not instruct me to collect only amount of Referee award. There is no doubt that the Council was aware of the costs that had been incurred

ONE TRUSTEE THREATENED TO CLOSE UP THE SCHOOLS

An Unpleasant State of Affairs in Connection with School Board Finances -- Trustees may Issue Personal Notes

A very disturbing state of affairs has been discovered in connection with the estimates for the Public School Board's account for the current year, as a result of which it is said that an order has been issued that no more supplies must be purchased at either of the Public Schools, unless the members of the Board are first consulted. It looks at present as if the School Board will be behind about \$1,000 on the year's accounts, and this money will either have to be raised or the personal notes of the trustees themselves, or the schools will have to be closed, as the Council has not the power to advance any more money, the estimates of the Board being now registered and unalterable. On the other hand, if the schools are closed, the teachers can come on the trustees personally for their salaries, as they are engaged by the year, and must be paid.

This uncomfortable state of affairs was brought out yesterday afternoon at the joint meeting of the Finance committees of the Council and the School Board held in Harrison Hall. There were present at the meeting Alds. Scullard, Stone, Austin, and Trustees Dr. McKeough, Braekin and Somerville.

At the beginning of the year the School Board put in estimates for \$19,000 for building, and \$21,000 for expenses, making a total estimate of \$40,000. They have kept within their estimates for current expenses, but it is claimed that the building account has over-run the amount set aside. This has been caused by unexpected improvements to the city schools and, it is claimed, also by the increases made in the salaries of the teachers this year.

It is understood that the matter was discovered as a result of the investigation into the account of Blight & Fielder for a sidewalk in front of the Central School. The School Board thought that the Council was going to pay it, but they found that the Council had paid it and charged it up to the account of the Board.

It was found by a rough estimate

that after the accounts for the building were paid, the Board is short about \$1,000. The accounts have been paid, and, as a result, the estimates for expenses of maintenance are short that amount. At the meeting the members of the Board asked the aldermen if a further appropriation could be made, as they felt sure that they would not be able to get along with the money they had left. This was pronounced impossible, even if the aldermen were willing to do so, and if the money got too low before the year is out, the Board will either have to close up the schools, or get the money on their own personal notes, and then have their notes honored by the Board of Education next year. This same procedure was adopted one year in connection with the High School Board, who found themselves in a similar box.

It is said that this announcement was not received with any degree of satisfaction or feeling of acquiescence on the part of the trustees, and one of those present is said to have made the statement that he would close up the schools before he would give his personal note to advance money. This is the situation as it stands.

Ald. Stone in speaking of the matter this afternoon to a Planet representative, said that the School Board had got themselves in this fix through the improvements to the Central school, and through raising the salaries all at once.

"Take the case of Hamilton," said he. "There they did not raise the salaries all at once. They gave increases of \$50 now and more to come next year, and thus spreading the expense over a number of years. In Chatham, all the expenses has to be borne for increases during the present year, and as a result the School Board finds that their money is going faster than they thought it would. The improvements to the school buildings, too, has been very heavy this year, and it has to be paid right away."

It is thought that the Board will think the matter over seriously, and that they will consent to give their personal notes before they close up the schools. The fact that the teachers can sue the trustees personally for their salaries whether school keeps or not, may have some influence upon them in arriving at this decision.

MILITIA IS CALLED FOR

Mayor Of Hamilton Calls Out The Toronto Dragoons TO PROTECT THE CARS

Hamilton, Nov. 20.—To-night will see the Toronto Dragoons quartered in Hamilton.

Yesterday afternoon when the company notified Mayor Biggar that it would operate its cars last night the mayor asked it not to do so as he thought it would only invite trouble and the police were not strong enough to give adequate protection. The company was at first obdurate and the mayor summoned two justices of the peace, Magistrate Jeffs and W. C. Moore, as the statute provides that the mayor and two justices of the peace may call out the militia. Sheriff Middleton was also present at the conference, which was held behind locked doors.

Agreed to Send For Dragoons. It is understood, however, that they agreed to send for the dragoons. The company finally backed up, however, and consented not to operate after midnight until to-day, and on their understanding the call for the militia was delayed until to-day, it is said.

Another conference has been called for to-day, and it is thought that if the call for the dragoons has not already been sent in, they will be sent to-day, so that the soldiers will be here in time to protect the cars and keep order to-night. It was decided that mounted troops would have a better effect in keeping order than infantry.

Car Windows Shattered. Although the cars were taken into the barns before dark yesterday, there were two serious disturbances and car windows were shattered with iron balls, stones and bricks. The most serious trouble occurred at 4 o'clock yesterday afternoon, at the corner of Barton street and Sanford avenue. A large crowd collected to hoot at a car and a brick was hurled through a window.

Two ladies who were riding in the car were painfully injured. One of the victims is a teacher at the school near the Jockey Club. She was struck in the face by the brick and the flying glass. Another lady was also wounded by glass. The special detectives on the car were unable to detect the culprit.

Yesterday at noon a car was derailed at the corner of Barton street and Sherman avenue. The windows were all shattered by iron balls and stones, but no one was hurt.

At the meeting of the board of health last evening the sanitary inspectors were given instructions not to use the cars during the strike.

Destruction of Windsor Hotel At Regina, With Fatalities.
Regina, Nov. 20.—The Windsor Hotel fire has caused the death of at least three persons and probably the fatal injury of two more, with loss of \$50,000 and \$35,000 insurance. The deaths were:

M. Musseter, manager Regina planning mills.
L. Musseter, assistant manager Regina planning mills.
Robert Johnson, well borer.

The injured: David Walker, day porter; he may die.
Henry Jones, brother of the second cook; his injuries are probably fatal.
J. W. McInnes of Regina Standard staff, received dangerous cut.

The hotel register was not saved and there may be more fatalities. The Musseter brothers are supposed to have been suffocated in their sleep and buried in the ruins.

Robert Johnson, well borer, escaped, but turned back into the hotel, thinking he heard a woman's cry, and was not seen again. Walker and Jones jumped from the third story.

There were 65 guests in the hotel at the time, and these lost all their belongings, while many escaped in only their night clothes. The fire appears to have started in a bedroom on the second floor.

MEN AND THE CHURCH.

In view of the recent discussion held by the Macaulay Club on the question of "Why men do not go to Church," the following editorial from the Ottawa Citizen will no doubt be of interest:

"The voluminous correspondence and editorial discussion, in the Toronto press on the subject of church attendance in that city have served to emphasize the fact that many men do not enter the church, that, indeed, there is a dearth of them. The Catholic Register calls attention to the admissions made, but says they do not apply to the Catholic church. It points to what it terms a 'grand contradiction' given by the members of that communion 'when the pavements of our streets resounded during the early morning hours of last week to the tramp of thousands of men, who from east, west and centre made their way to the five o'clock or eight o'clock mass at the several churches where the 'renewals' were taking place. These men had also been at church the night before and their presence in the morning meant a short night's rest and much inconvenience, and yet they were there in large numbers—yes, an army of them—for somewhere in the neighborhood of five thousand must have made the 'renewal.' Now this exodus from many houses in the grey morning did not go unobserved, and while the motive was not always understood, the example has not been without effect, and doubtless many who before believed that men did not go to church are now convinced of the contrary by the evidence brought so vividly before them. As to the influence that produced such a great outpouring, what could it be other than the great Credo, a belief that religion is something more than a passing phase of our daily life and that its effects are not alone for time but are eternal. Faith, Hope and Charity were all borne testimony to by the Catholic men of Toronto during the past week, and in addition to the individual and aggregate good to those who participated, there is doubtless much indirect outpouring of grace to the city at large by the fine tribute to faith given last week by the men of St. Paul's, St. Mary's and St. Helen's parishes."

"The Roman Catholic church wherever established can present similar evidence of the devotion of the men to their church duties. On similar occasions in Ottawa are to be seen large numbers of men from the various walks of life wending their way to the altar of their faith and engaging with fervor in their religious devotions. If the Protestant churches have lost their hold of the men, it cannot be truthfully alleged that the Roman Catholic has."

OLD BOYS' RE-UNION.

The Brockville Times is out with a suggestion that an Old Ballot-Switchers' Re-union be held in that town some time next summer. "It would be a novelty," it suggests, "and would help to keep alive the 'esprit de corps' of the Switchers' Brigade. President Pritchett might deliver an address, possibly, while O'Gorman, Lewis or some of the leading lights of the fraternity might read a paper on Conservative Scrutinizers That I have fed, The A.B.C. of Ballot Switching, or The Seats of the Mighty and How to Patch Them Up (words by Henry Mann). Then the program might be varied by minor selections from lesser lights from this locality or from London and West Elgin.

O, Promise Me! would catch an encore without doubt, while a sketch entitled The Sign of the Cross would bring down the house— not necessarily the House of Commons, however.

A few years ago the Government had inquirers all over the country investigating charges against postmasters, some of them receiving not more than \$10 a year salary accused of attending political convention or sitting on a platform at a political meeting or expressing a political opinion at a cross roads conversation. Now Ministers themselves call out regular salaried officials to do their campaign work in direct opposition to their own pledges and to a resolution of Parliament which they supported.

Speaking of pledges, readers may remember the speeches which used to be made about the cost of napkins, cutlery and other small articles bought for Rideau Hall. A few thousand dollars expended in improvements on the Governor General's residence formerly threw the Liberal opposition into dangerous hysterics. The expenditure on Rideau Hall in the last ten years has been about double that of the previous ten. Now, the announcement is made that the Government is about to build a \$100,000 addition to the premises.

AUDIT IN ORFORD TP.

Continued from Page 1.

When passing the By-law in 1903. There were discussions over it, and they thought that the Referee would have instructed otherwise if he had thought they were justified in collecting costs from parties interested on the drain. The question of costs was not discussed in 1901 that I know of. I do not think the question of By-laws was discussed nor figures to be inserted in 1905. My reason, that law and other costs should not be collected from ratepayers on the drain, is because the Referee did not specially state that costs were to be charged to the ratepayers. I had memorandum of some of the expenditures, and know there was a large sum paid out on them. The orders, charged to McGregor Creek and Buller drains, were all passed in Council at the time the orders were issued, and were properly chargeable to the McGregor Creek and Buller Drains account, for services performed or expenditures mentioned.

The minutes of the Council show that the litigation was at the instance of the ratepayers on the drain, who guaranteed to become responsible pro rata for costs incurred. On Dec. 31, 1905, the McGregor Creek and Buller Drains account was overdrawn \$2,390.88, after crediting it with \$135.73 recovered from Howard. This does not include any interest whatsoever. The Referee's decision relieved the ratepayers by reducing the original Engineer's report by \$2,075.50. Yet to date they have not been levied with one dollar of the money paid out by the Township from its General Funds to obtain that result. The By-laws passed this year are merely to provide the amount due the Township of Howard.

Under Section 77, Chapter 226 R. S. O., there must be amended By-laws passed to reimburse the General Funds for amount paid out for the benefit of these drains. J. C. McDonald received on Jan. 12, 1889, order from the Township \$4.00 in payment of non resident taxes for 1887 for S. No. 7. This date—like that of \$6.40 on the same date, of Section 3 and 4—has been entered in the Cash Book of this Section. The amount, \$4.00, and interest is an asset of the Section, and should be collected from J. C. McDonald, of Ridgeway, Ont.

Some small supplies have been furnished the Section by Trustees, Goodbrand and W. J. Reyeract, while they were Trustees. This is contrary to the Act.

ACCOUNTS OF TREASURERS.

John S. Foster—No journal was ever kept. The ledger opened in 1901, when a special examination was made of the accounts of the Township, soon fell into disuse, except as a memorandum of the disbursements under the different heads. There never was an account with the Collector, charging him with the amount in the tax roll, and crediting the various accounts with the appropriations. It was absolutely impossible for the Treasurer to tell the standing of any of the accounts of the divisions or drains, in the manner in which his books were kept. The reason why a proper ledger and journal was not kept, is that the remuneration was not sufficient.

A proper Municipal cash book has been kept since 1898. It has been regularly audited and certified. An error in the addition of \$100.00 in 1901 was not detected by John D. Gillis and A. R. McDonald, the auditors of that year. A corresponding mistake was made in their report in the recapitulation of the total disbursements of roads and bridges, of \$100.00; this made their statement agree with the Treasurer's books. This amount is charged J. S. Foster, as he took credit for paying out \$100 more than he should have.

John D. Gillis—He knew what the remuneration was when he accepted the office. It is not to be wondered at that the affairs of the Township were muddled, when it is known that the present Treasurer, who had been Treasurer for years before 1888, had audited the Township accounts frequently since 1888 to 1903, and is now holding the office of Treasurer again since 1903, stated under oath:

"I audited the books of the Township for years. I never brought forward the balances in drain accounts from year to year. The drain accounts were not included, as assets or liabilities in audits. There was nothing to go by, could not tell if they were an asset or a liability. Did not mention the fact in any of our written reports." The funds of the Township were not all deposited in the Bank, and although the Treasurer states he balanced the cash at intervals, the omis-

The Clerk was very active in procuring the passage of the by-law. The way the \$75 was handled by the Clerk personally, instead of through the hands of the Township Treasurer, and the Council passing the accounts in the usual way, is so improper and irregular, that the matter called for special investigation. The Clerk's sworn evidence on the subject is as follows:

"The Lake Erie By-law in Nov. 1898, was submitted to the ratepayers, the Railway to pay expenses. I know they paid me for submitting with it. There was money deposited in Traders' Bank, Ridgeway, \$75, to meet expenses of by-law, and by letter of Reeve, was placed to my credit, to pay costs of election expenses. I paid all the expenses of the by-law, none of the money belonged to the Township, nor was paid into it. I do not know how much I got personally. I cannot say I got much over \$75, and anything I got was compensation for services in endeavoring to have the by-law passed."

How is it possible to harmonize the above sworn evidence with the declaration of office of a Clerk of a Municipality? The paid officer of one corporation, accepting remuneration from another, whose interests cannot possibly work in union, cannot be more properly described by any other than the vulgar word, "Graft."

The Tile drainage book in use, is one designed by the Clerk; the way it is kept written up, and the records it contains, reflects credit on that officer. My criticism of the Clerk may appear to be harsh, but the facts are, that the affairs of the Township were fairly well conducted by him twenty years ago, and the careless and neglected manner in which he has performed his work in recent years, cannot be attributed to his ignorance or inability to properly perform the duties of the office of Clerk.

On Oct. 18, 1888, the Treasury Department of the Ontario Government, wrote Hy. Watson, Clerk, in reply to his letter of the 15th, enclosing a statement showing the number of payments yet to be made on debentures of each year's issue at five per cent, showing what payments and parts of payments (the last to mature in every instance) would be cancelled by the reduction of interest. This statement could not have

been understood by the Clerk. Instead of continuing to collect \$8.00 from the ratepayers on every \$100.00 borrowed at five per cent, he placed \$7.36 on the roll for all, regardless of the rate at which the debentures were issued. The Township has paid the \$8.00 coupons yearly out of the general funds for many years.

The drainage by-laws have not been registered for many years. The omission by the Clerk to properly draw up and record by-laws, setting forth the annual appropriations for the years 1904 and 1905, and other omissions re attributed by him to ill health.

The following payments have been made to Police Trustees, during the term of office: 1902 C. Crichton.....\$ 4.37 1902 W. Reyeract, Commissioner 44.27 1903 C. Crichton..... 3.61 1903 W. Reyeract, Commissioner 53.80 1904 John Hardy..... 26.87 1904 Geo. Gosnell, Commissioner 45.90 1905 A. J. Stone, Commissioner 45.00

From the above it will be seen that the Commissioner who has a general order on the funds received from the Township, as well as that collected on the pathmasters' list, has been in receipt of over ten per cent of the net amount received from the Township, exclusive of statute labor. Not a dollar of the \$4,567.03 drawn drain accounts is available till such time as proper By-laws are assessed and debentures sold. Already too much interest has been lost by the Township on these items.

The direct financial benefit of this Audit to the Township is given in Schedule XV., showing the items, which amount to the large sum of \$8,493.38, none of which was previously included in the Assets of the Township, in the Auditor's report to Dec. 31, 1905.

The Bonds of ex-officials held by the Clerk have not been commented on. These had better be referred to the Township Solicitor. I desire to call the attention of the Council to the fact that the affairs of the Township during the year 1906 have been conducted in a similar manner to that of past years, and that owing to the irregularities in the methods of carrying on the business and financing the drainage and other expenditures; that unless the books are annually audited by some competent person, they will again become muddled and a great deal of benefits derived from the expense of

this audit will be lost to the Township. It is a source of regret that I cannot compliment the officials of the Township on the manner in which the business of the Municipality has been conducted.

Gin Pills Help You As Nothing Else Will

ONTARIO PROOF

GIN PILLS cure all Kidney ills from simple backache to diabetes pain in the small of the back and through the hips—swollen feet and hands—burning urine—constant desire to urinate—dizziness—headaches—spots before the eyes—with loss of appetite, sleeplessness and nervousness—disapper under the healing, soothing power of GIN PILLS. Men and women who have any kidney or bladder trouble are throwing away their one chance of health and happiness by not writing for a free sample.

OWEN SOUND, ONT., March 10th, 1905. Having used a sample box of GIN PILLS, and finding them give the great relief, I sent my father-in-law, A. McDermaid, of Keady, a box. He having for years been used up with kidney and bladder trouble, and unable to get relief from the urinary remedies used, the GIN PILLS gave him relief before half the box was used. He is now entirely cured, and I believe GIN PILLS a great cure. JAMES LODGE.

Do as Mr. Lodge did. Simply write us for a free sample box of GIN PILLS and try them at our expense. If you feel better in every way, and know that GIN PILLS are doing you good, surely you will continue using them until cured. This is why we will send you a free sample box if you write and tell us in what paper you saw this offer. GIN PILLS are sold by druggists everywhere, 50c a box, or 6 for \$2.50. BOMB IN THE BASILICA

Explodes in Mighty St Peters Cathedral Rome

BOMB THROWER ESCAPES

Rome, Nov. 19.—A bomb was exploded in St. Peter's yesterday. The edifice was crowded and an indescribable scene of confusion followed. There were no fatalities.

Yesterday was the anniversary of the dedication of the basilica to St. Peter, and it was beautifully decorated for the occasion. Holy relics were exposed, and a large number of the faithful attended the services.

The last mass had just been concluded when the explosion occurred, and only one canon, who had not quite finished, remained at the altar of St. Petronilla.

Tremendous Roar. As the canon turned to bless the communicants, there was a tremendous roar, which echoed throughout the lofty arches of the immense dome like a thunder clap. At the same time a dense smoke spread throughout this portion of the basilica and a strong odor of gunpowder filled the air. Confusion and panic at once seized the people.

Chairs were overturned, making the confusion more serious. Men and women fled, stumbling in all directions, and the screams of children and cries of anguish were heard on all sides, and for a few moments it seemed as if nothing could obviate a grave disaster.

The vast size of the church, however, gave room for the crowd to scatter, and at the end of a few moments the people were surging toward the doors, excited and nervous, but orderly.

No One Hurt.

As soon as the smoke cleared away a hasty examination showed that nobody had been hurt in the crush, and, furthermore, that no one had been wounded by the explosion. Calm was gradually restored and people returned to view the extent of the damage.

It is discovered that the bomb had been placed under a scaffolding which had been erected to facilitate repairs to the roof exactly over the celebrated tomb of Clement XIII., by Canova.

Pope Hears Report. The Pope was engaged in his regular noon hours devotions when the bomb went off. He heard a muffled sound, which surprised, but did not alarm him. Monsignor Misciattelli, sub prefect of the apostolic palace, and Monsignor Blasi, major dome of the Vatican, at once hurriedly entered the pontiff's chamber. They were so pale that the Pope immediately asked: "What has happened?"

"Do not be alarmed, Holy Father," was the answer. "A bomb has exploded in the basilica, but fortunately there are no deaths to deplore, and no one has been wounded." The pontiff asked anxiously if the church had been injured. On being reassured he fell on his knees, saying he must implore mercy for the misguided perpetrator of the deed.

A three days' service of praise will be celebrated in all the churches in expiation of this offence to religion.

Third Outrage. This bomb explosion makes the third anarchist outrage in Italy in four days, the other two being the murder of Prof. Rossi in Naples Saturday, and the explosion of a bomb in front of the cafe Arago in this city on Nov. 14.

Standard Oil Co. Issues Reassuring Statement to Stockholders.

New York, Nov. 19.—Directors of the Standard Oil Co. decided to issue to stockholders yesterday, along with the dividend notices, a brief statement setting forth that the management firmly believes it has acted honestly and legally and reassuring stockholders that, in the opinion of the board, there is no cause for alarm.

The whole matter having now been taken before a legal tribunal, the Standard Oil Co. has no reply at this time to make to the charges, nor is it intended to do anything that could be construed as discourteous to the administration.

The company's full answer, it is said, will be made at the proper time and place.

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias dioica) which is one of the chief ingredients of the "Favorite Prescription": "It is a valuable invigorant... makes for normal activity of the entire reproductive system... its constituents have a medicinal value which more fully answers the above purposes than any other drug with which I am acquainted."

Dr. Fyfe further says: "The following are among the leading indications for Helonias: Pain or aching in the back with leucorrhoea; abnormal condition of the reproductive organs; mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (bleeding); due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanied by abnormal condition of the reproductive organs and aemic (thin blood) habit; dragging sensation in the lower part of the abdomen."

If more or less of the above symptoms are present, no invigorant woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the other ingredients of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Dr. Finley, M.D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhs of the uterus it is invaluable. It is useful."

Prof. John M. Scudder, M.D., late of Cincinnati, says of Golden Seal root: "In relation to the general effects on the system it is no medicine in use about which there is such general uncertainty of opinion. It is a tonic and is used in all debilitated states."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SENATOR VIDAL DEAD.

Was Prominent in Church Work in Sarnia For Years, and He Was An Active Prohibitionist.

Sarnia, Nov. 19.—Hon. Alexander Vidal, a member of the Canadian Senate since 1873, died at his home here yesterday afternoon. He had been falling during the past two months. The funeral will take place on Wednesday.

Hon. Alexander Vidal was born in Berkshire, England, Aug. 4, 1819, being the eldest surviving son of Captain B. E. Vidal, R.N. The Vidal family came originally from Spain, removing to England in the seventeenth century. He was educated at the Royal Mathematical School, Christ's Hospital, London, accompanying his father to Canada in 1834, settling in Sarnia, Ont., the following year. Married, December, 1847, "Cathy," eldest daughter of Captain W. E. Wright, R.N., of Moore, Lambton County. He practiced the profession of civil engineering from 1843 to 1862, and was manager of the Sarnia branch of the Bank of Upper Canada from 1862 till the failure of that institution in 1866. He held the same position in the service of the Bank of Montreal from that time until 1875, when he resigned.

His Political Career. At the first general election following Confederation in 1867, he was an unsuccessful candidate against the Hon. Alex. Mackenzie for the House of Commons; again in 1873 he was defeated. He represented the St. Clair division in the legislative council from September, 1863, until the union. He became a Senator at the call of Sir John A. Macdonald, Jan. 15, 1873. He was a man who took a general interest in the affairs of his community. He had been lieutenant-colonel in the Canadian militia, county treasurer of Lambton, president of the Y.M.C.A. at Sarnia in 1878. The temperance cause claimed a great deal of his energies in late years, and he was a central figure in the Dominion alliance for the total suppression of the liquor traffic, of which organization he was a past president. Senator Vidal was a member of the Church of England till 1843, when he joined the Presbyterian Church, and has represented the Sarnia Church in the general assembly.

He is survived by four sons and two daughters.

TOO GOOD TO LIVE.

Moscow Police Prefect Too Humane For Good of Cause.

Moscow, Nov. 19.—The social revolutionists Saturday issued a proclamation, saying that they regretted the failure of the recent attempt of the General Rhenbot, prefect of police of Moscow, and announcing that their efforts will be persisted in until successful.

The police assert that many letters and documents found during searches of houses show clearly that the chief reason that the attempt to assassinate General Rhenbot was his popularity with the Moscow workmen, due to his just and humane attitude on the labor question, which was considered by the revolutionists as a great hindrance to the proletarian movement.

\$500 FINE OR JAIL.

What Violation of Bait Act Costs Two Fishermen.

St. John's, Nfld., Nov. 19.—Two colonial fishermen, Du Bois and Crane, who shipped aboard the American herring vessel Ralph Hall Nov. 8 outside the three-mile limit, were tried Friday before a magistrate at Bay Islands.

The men were charged with having on Nov. 19, in violation of the Bait Act, put herring on board the Ralph Hall. They were convicted and fined \$500 each, with an alternative of serving three months in prison. Counsel for Du Bois and Crane gave bond for the men and an appeal will be taken to the Supreme Court, before which the case will be argued next month.

The Colonial Government expects this prosecution will result in stopping Newfoundlanders shipping on board American vessels and will therefore nullify the modus vivendi.

POTASH TABLETS EXPLODE.

Peculiar Accident to Son of Prominent Nova Scotia Lawyer.

Fredericton, N.B., Nov. 19.—A peculiar accident happened in the home of W. T. Fenety, a prominent lawyer, when his little son was rendered unconscious, had his face and arms frightfully cut, and received severe bruises over the body, by an explosion of potash lozenges, and some pieces of sulphur.

The lad found them in a medicine chest, placed them in an earthen dish and started to pound them to powder with a hammer. Several lozenges were in the dish, and the explosion was terrific.

Doctors are working to save the boy's eyesight, but the lad is in a bad condition.

It will come direct to San Francisco, arriving in either March or April, after making a brief stop at Honolulu.

To Settle Coal Strike. Ottawa, Nov. 19.—Mackenzie King, deputy Minister of Labor, left Saturday night for Lethbridge, to endeavor to settle the coal strike there. There is a great scarcity of coal and application has been made to the Dominion Government to give a rebate on the duty on coal brought in from the United States.

BLEANS WIN A MINISTER'S PRAISE

Blens win praise from all quarters because of their sterling merit and the wonderful cures. Purely vegetable, free from all trace of alcohol, made in the finest laboratories in the world, suitable to the most delicate constitution, mild in operation yet searching out and removing the causes of disease—that is why your friends speak so highly of them. Ask any one who has tried them. Better still, write for a free sample box and prove them yourself. Conditions below.

A WIFE'S EXPERIENCE. Mrs. A. M. Jeff of Franklin, says: "Liver and stomach disorders reduced me to a terrible plight. I had dizzy fits, and feelings of fainting weakness. Food caused pain so acute that I actually pined myself to prevent it. My tongue was coated, my head ached, there was always a bad taste in my mouth. I was constipated and felt dull, weak and miserable. My condition became so serious that my husband feared my days were numbered. Then Bleans were introduced, and from the first they worked like a charm. They corrected the liver and stomach—the root causes of my illness. The pain after food ceased, food was digested, the acute constipation was removed and the bowels became natural in their operation. Then the headaches, bad taste in the mouth and the dizzy spells left me and in a few weeks Bleans restored me to health. So wonderful was their effect on me that our friends and family were led to write to the company and tell them what great benefit you have derived. Bleans cure—Headache, biliousness, indigestion, female ailments, and irregularities, piles, rheumatism, blood impurities, eruptions, and they cleanse the whole system. All druggists sell 30 cents a box, or from the Bleans Co., Toronto, upon receipt of price 4 boxes for \$2.50."

FREE BOX. Send this coupon and 1c. stamp to Bleans Co., Toronto, and trial box will be mailed you.

JUDGE WOODS PASSES AWAY AFTER LONG AND USEFUL LIFE

He Was Well Known As A Good Man And A Good Citizen—He Lived An Exemplary Life And His Demise will be Deeply Mourned

GRAPHIC SKETCH OF HIS VERY EVENTFUL CAREER

Judge Woods, probably the best known, and certainly one of the most highly respected men in this western district, passed peacefully away at Hotel Sanita this morning, after an extended illness.

THE LATE JUDGE WOODS

time when the circuit was 150 miles in length, and two weeks were required for the work in 1850 he came to Kent and at once took his place among those interested in the advancement and development of this section.

Robert Stuart Woods was the son of Mr. and Mrs. James Woods, of Montreal. He was born in Sandwich, Essex, in 1819, and was educated in the District Grammar Schools, under Rev. David Robertson, and the late Rev. James Johnson, until he was 17 years of age.

In 1849 the late Judge Woods was united in marriage to Emma Elizabeth, first and last, and was proud of the fact that his allegiance to his party had never wavered, even while his personal relations with the leaders of the opposition had ever been most cordial.

A STRANGE VISITOR Yesterday morning the city was flooded with curious and mysterious looking tracts of some religious sect. The tracts are replete with luridly colored pictures of hideous unknown beasts of ferocious aspect. Each of the pictured beasts is possessed of many horns, with glaring eye-balls, and are sitting together in a beastly looking heap. The heart of the late Birnam would have indeed been made glad had he been able to discover and put in captivity such original looking specimens of animal life. Readers of the pamphlet were also treated to a life-sized photo of His Sanctity Majesty, whom the "artist" depicts as a many-headed and uncomfortable creature with one foot and a very long tail. The Prince of Darkness is engaged in the rather harmless pastime of acquiring mouthfuls of homemade fire into a pool of water, while a number of angels are shown playing on harps. Undoubtedly the fiend is envious, for he appears to be quite busy making a variety of ugly faces with his many heads. Another picture is of a statue of a very pompous and self-satisfied looking man, which stands upon a pedestal while the populace do a worshipful stomp all around the immediate vicinity. This the book tells us is Napoleon, whom the people are going to fall down and worship presently when they have nothing else to do. The book contains twenty "prophecies" of wars and other dire horrors to come between the years 1906 and 1931, which its writer claims is based on extracts from the Bible, yesterday the agent who is distributing the tracts throughout the city, made a number of speeches on the main street, in which he corroborated the statements made in his book. Altogether, the book makes very interesting reading from an essential standpoint, though it is difficult to say what effect such literature will have upon weak-minded or credulous people into whose hands it may fall.

Young Man Gets In Trouble Over Postal Cheque—Wallaceburg News (From Our Own Correspondent.) Wallaceburg, Nov. 20.—Mrs. Campbell, of Marine City, daughter of Mr. Poole, of this place, was taken back to her home a few days ago. Her father sent a postal order to Revell in Dunkirk, N. Y., to pay his daughter's railroad fare. It reached there after he and Mrs. Campbell left for St. Thomas, so the Chief of Police in Dunkirk was notified and the order was found opened in the boarding house and seized. The authorities have written to Washington and have also written Mr. Poole that the money will be refunded. It is thought that Revell intended keeping the amount. Joe Scott left for Marine City about four o'clock Friday morning. Some of his friends were sorry to hear of his departure. Mrs. S. C. Davis has returned home from a visit with friends in Chatham. Mrs. D. P. McDonald leaves Wednesday to spend the winter with her daughter, Mrs. T. DeWitt Turner, of Albion, Mich. Mr. E. H. Morse was a Chatham visitor yesterday. Mrs. A. D. Brander handled the Temperance topic in an excellent at the E. Y. P. U. last evening. Geo. Pierce received a parcel of wood Saturday, and still the demand is greater than the supply. Miss Ferguson, of Chatham, was in town on Saturday in the interest of her musical class which she has formed here. Mr. Fothergill, of Strathroy, will give an address at the Wednesday evening prayer meeting in the Baptist Church. Frank Roberts will open a meat market in the store lately occupied by Doyle Bros. The W. C. T. U. will meet at the home of Mrs. J. Husband on Thursday afternoon, when a report of the Ontario W. C. T. U. convention will be given.

To begin with, no picture looks its best when hung directly opposite to a window, as then the light falls on it flat and hard; therefore, the least important should be kept for this position.

Next, pictures and prints should not be hung too close to each other, for not only do the colors clash in the first case, but the different designs of the frames produce an equally discordant effect.

HYOMEI CURES CATARRH

Costs Nothing Unless It Gives Relief—Sold Under Guarantee.

In many instances Hyomei has cured catarrh when the patient has suffered from childhood. Quite a few people in Chatham who have been unable for years to get a good night's sleep on account of the disagreeable tickling and dropping at the back of the throat, have obtained quick relief from a few treatments with Hyomei, and the continued use has made a complete and lasting cure.

There is no stomach dosing when one uses Hyomei. Simply breathe its medicated fumes through the pocket inhaler that comes with every outfit, and all catarrhal germs will be killed and the mucous membrane will be healed.

A complete Hyomei outfit costs but \$1, sufficient for at least two weeks' treatment, making it one of the most economical methods of curing catarrh. If the outfit does not complete a cure, extra bottles of Hyomei, if needed, can be bought for 50 cents. Remember that there is no risk in buying Hyomei. It costs nothing unless it cures.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge. The R. T. Booth Company, Buffalo, N. Y.

SUPPOSE

And you say that you wanted to marry me?
Yes, I do.
Well, then, you must ask my mother first.
But suppose she accepts me?

Better Than Spanking

Spanking does not cure children of bad-wetting. There is a constitutional cause for this trouble. Mrs. Sumner, Box W. 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

ANOTHER DISASTER

Steamship Collision Between The Dix And The Jeanie

48 LIVES ARE LOST

Seattle, Wash., Nov. 20.—The steamer Dix, Capt. P. Leron, bound from Seattle to Port-Blakeley with passengers, sank two miles north of Alki Point, shortly after 7 o'clock Sunday night, after having collided with the steamship Jeanie, Capt. F. H. Mason, of the Alaska Coast Co.

Forty-three passengers and members of the crew of the Dix are missing, and thirty-six were saved. The Dix is a total wreck. The Jeanie was not injured in the least. The master of the Dix was saved. The collision occurred while the Sound was almost as smooth as a mill pond, and after the boats had been steaming within sight of each other for a quarter of an hour.

The Jeanie was backing when she collided with the Dix, and the impact was very slight. The Dix was struck abaft of amidships on the starboard side. She listed heavily to port for a brief period, righted herself, then sank stern first.

No Time For Lifeboats.

There was hardly time to launch life rafts or boats before she was almost entirely submerged. Passengers jumped from the decks into the water; women screamed and officers and men called orders that could hardly be heard above the din. The passengers from the Dix who could swim made their way to the sides of the Jeanie and were dragged aboard. The Jeanie was not moved until after all who had reached her had been hauled aboard. Then she cruised about picking up several who managed to stay above water. It was after 10 o'clock before the Jeanie left the scene of the catastrophe and steamed to the Virginia street dock with her thirty-nine survivors.

Along Converging Lines.

The Jeanie of the Alaska Coast Co. had finished unloading at the Great Northern docks at Smith's Cove, and had started for Tacoma shortly before 7 o'clock, just about the same time the Dix left the Flyer dock for Port Blakeley.

There were no passengers on the Jeanie. The Dix was making the last trip of the night and was well-filled with passengers.

When within about two miles north of Alki Point the two vessels met, within a short distance of each other, steaming along converging lines.

Capt. Mason's Story.

"I got away from Smith's Cove a little before 7 o'clock, and laid a course for Tacoma," said Capt. Mason. "I was not on deck and did not see the Dix until she was within a short distance of the Jeanie, and signalled to her. Soon she came up astern of me and started directly across my bows."

"I signalled to the engineer for full speed astern, but he could not get the Dix out of my way in time. The Jeanie was backing a little when we struck her well abaft of amidships. The shock did not seem enough to have injured an ordinary launch. The Dix listed heavily to starboard, righted herself and sank stern first."

Capt. Leron's Account.

Capt. P. Leron, master of the steamer Dix, told the story of the collision after arriving at Seattle. He was shaking with the cold, his eyes still dilated with the horror of his experience.

"I don't know how it happened," he said. "Charles Dennison, mate of the boat, was at the wheel. We were just about two miles due north of Alki Point, and running at the usual speed of 12 knots, clear night, and the water was like millpond. I had seen the lights of a steamer on our starboard quarter some time before, but had not paid any attention to them. I went below to collect the fares. The boat was crowded. There were seventy passengers, and it was quite a task to get all the fares. I had been on that run for thirteen years and knew almost everybody aboard."

Trapped In Cabin.

"When the ladies' cabin I heard the bell signal to stop. I knew something must be wrong, and hurried forward. Just as I got on deck I saw the bow of a vessel loom up on the starboard side, and almost instantly she struck us. The sibboom crashed through the Dix just aft of amidships, and heeled her over like a top. She lay there for a minute or two with the water rushing in and all over. I was thrown against the deck-house. For an instant the breath was knocked out of me, and I was almost paralyzed. The steamer lay on her port beam for what seemed like two minutes, and then keeled back to starboard. There was another rush of water, cries and screams of men, women and children. From below came awful sounds. Many of the passengers were penned there and could not possibly escape. The Dix's bow began to lift and her stern went slowly down until the bow was standing straight half out of the water. For an instant I clung to the railing. The sight filled me with horror. Lights were still burning and I could see people inside the cabin.

Indescribable Despair.

"The expressions on their faces were of indescribable despair. They fought desperately to gain the deck, and their shouting and cries were awful.

"People on deck slid off into the water, went down shrieking and desperately clutching at the water or at the Jeanie, which still loomed only a few yards away."

"Some of the passengers who had been on deck at the time of the collision, jumped to the rigging of the Jeanie's bowsprit, and in this way clambered up to safety. When the Dix began to go down I leaped into the water and managed to keep myself afloat. All round were floating heads and we watched the Jeanie as she slowly came towards us and dropped boats which moved here and there picking up men in every direc-

PHILLIPS WAS FOUND GUILTY

He Secured A Horse From Westman Bros. Under False Pretenses

HIS WIFE BREAKS DOWN

Joel Phillips, the man charged with obtaining a horse under false pretenses from Westman Bros., was found guilty at yesterday afternoon's adjourned session of Police Court. Sentence was reserved till Wednesday. Phillips' wife was present while the evidence was being taken, and when she heard her husband pronounced guilty, she broke down and wept bitterly. When the prisoner was taken from the dock, she followed him to the cells beneath, still weeping.

Phillips, according to his own evidence, is an illiterate, and often gets the worse of liquor. He claimed that he was drunk at the time that the deal was made. Phillips has been in Police Court before, and the last time he got off on suspended sentence. The Magistrate reminded him of this and said that it should have proved a lesson to him. Phillips made all kinds of allegations on the occasion of his previous hearing. He said that he was drunk when he made the deal, and that he had been legally advised to answer to things that were not true.

It seems that Phillips saw a horse belonging to Westman Bros. which he thought he would like to own. He had not the ready cash, so he offered as security a mortgage on another horse in his possession. It was afterwards found that this latter horse had been mortgaged to J. W. White for nearly all the animal was worth.

Judge Houston gave the man quite a severe lecture, reminding him that if the Crown desired, there was another charge—that of perjury, which could be brought against him. The prisoner never had his suspended sentence removed.

HE WAS ROUGH.

Two youthful and very penitent looking faces next adorned the prisoner's dock. The faces were the property of Wm. Bavin, of London, and Jimmy Burns, of this city, respectively. Both were up charged with attempting to do bodily injury to fellow-men.

Jimmy Burns' offence was that of trying to wipe up the C. P. R. deot platform with Constable Broad's clothes, while the latter was on the inside of the said wearables. But Jimmy didn't remember anything about his rather indiscreet behaviour, and he told the Judge so. He pleaded not guilty.

Constable Broad was present, however, to remind Jimmy of just how the little performance occurred. Burns was cutting up at the C. P. R. depot, some time ago, in a manner unbecoming to the eyes of this conscientious limb of the law. Mr. Broad decided to take the young man down. There was, however, a surprise party, awaiting Mr. Broad. Burns got nasty and wanted to fight the constable. They clinched, and Broad finally put his man down. Burns told him that if he was let up, he would go quietly to the Police Station. When he was allowed to stand on his feet and while the officer was engaged in re-arranging the young man's clothes, which had become soiled during the scuffle, Burns showed his appreciation by handing the officer an upper cut, knocking him to the platform. He then proceeded to kick Mr. Broad's ribs in. With one rib broken in the melée, the officer finally succeeded in getting the best of his man and marched him off to the cooler, where Burns had time for reflection. The reflection, however, didn't seem to brighten Jimmy's memory, and even after Mr. Broad's evidence had been taken he told the Magistrate that he had no recollection of the affair.

Burns was found guilty and will be sentenced next Monday.

DREW A KNIFE.

Wm. Bavin, of London, alias Cowan, had a similar charge preferred against him. While under the influence of too much rum, Bavin drew a knife on Thomas Taylor, of Chatham Township.

Bavin was also affected with a bad memory when Judge Houston com-
