Technical and Bibliographic Notes / Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

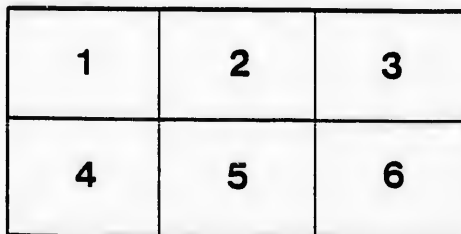

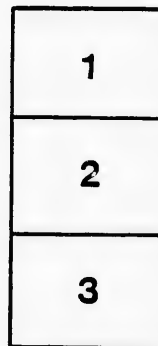

Department of Rare Books  
and Special Collections,  
McGill University, Montreal.

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Department of Rare Books  
and Special Collections,  
McGill University, Montreal.

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## TO OUR PATRONS.

---

WE embrace the opportunity afforded by the issue of our **NEW EDUCATIONAL CATALOGUE**, to tender our best thanks to our correspondents throughout Canada and the States, for the continuous and increasing patronage bestowed upon us. It shall be our earnest and constant endeavour to merit a continuance of past favours and confidence.

We ask our customers *to read* the following carefully before ordering.

**OUR TERMS ARE CASH.**—Convenience and experience leads us to make this an invariable rule. We are constantly receiving letters from total strangers, asking us to fill all sorts of orders, sending no money, giving no reference, and often not promising to remit. We think that very few Teachers contract bills without intending to pay them; but many have let their small amounts go unpaid, involving considerable loss. To sum up—

1. **When ordering anything** send with it the PUBLISHED price.

If not sure of the figure, send what you judge the amount.

If not correct, the next mail will bring your change or a bill for the balance.

2. **Send money** either by Registered Letter, Money Order or Express Order. Small amounts send in stamps, Canada or U. S.
3. **If there be unexplained delays** in receiving goods, write us at once, as errors can be corrected in proportion to the promptness with which they are discovered.

4. **Take it for granted** that we are as anxious to send you just what you want, as you are to get it, and if anything goes wrong do not draw hasty conclusions before first seeking a thorough investigation.

5. **Be very particular** to give your address correctly and in full; also to state if you are a *Teacher* or *Trustee*.

**Prices.**—We intend that it shall be for the interest of every Teacher and Trustee to order their books from us. We give them the best rates possible, remembering their calling. Our discounts are liberal, and are deducted on all orders from Teachers. Special rates quoted on application.

**Conveyance.**—If books are to be sent by mail, remit the postage. A number of books to one address as a rule are cheaper by Express. Goods are sent by Express C. O. D. if 10 per cent. of their value is remitted when ordering.

**Promptness.**—All goods in stock are sent the same day as order is received. When books have to be ordered, they are procured at shortest notice, and we advise customers in all such cases.

**Remember** that we keep *everything* in the Book and Stationery line, and write us for any information wanted. Recommend us to your friends.

**THE CAMBRIDGE BIBLE FOR SCHOOLS AND COLLEGES.**

GENERAL EDITOR: J. J. S. PEROWNE, D.D., DEAN OF PETERBOROUGH.

The want of an Annotated Edition of the BIBLE, in handy portions, suitable for school use, has long been felt. In order to provide Text-books for School and Exam-

ination purposes, the CAMBRIDGE UNIVERSITY PRESS has arranged to publish the several books of the BIBLE in separate portions, at a moderate price, with introductions and explanatory notes.

"The modesty of the general title of this series has, we believe, led many to misunderstand its character and underrate its value. The books are well suited for study in the upper forms of our best schools, but not the less are they adapted to the wants of all Bible students who are not specialists. We doubt, indeed, whether any of the numerous popular commentaries recently issued in this country will be found more serviceable for general use."—*Academy*.

The Official Report in the Blue Book on Needlework in Tottenham College says—"The Students have given "good practical lessons, their blackboard illustrations "were particularly well drawn, as was the case last "year."

The "Blackboard Illustrations" referred to in this report were got up from the rough sheets of the diagrams, under the supervision of Miss Hale, the designer of the above sheets. They have the following recommendations:—1. They are on a large scale, and suited for simultaneous class teaching. 2. The details of each process are separately shown. 3. They illustrate many points which cannot be shown by a frame. 4. They meet a difficulty which all teachers will acknowledge—viz.: that it is impossible to demonstrate everything on a blackboard.

The portable, convenient and cheap form in which these sheets are published makes them a desirable addition to every school.

**The Lord's Prayer.** Size 26 by 34 inches. Price 75c., on thick paper. A beautifully illuminated Wall Picture for the Schoolroom.

Various illuminated editions of the above have been issued from time to time; but for beauty of design, and ex-

- I.—On the Vegetable Kingdom. Set of 20 cards, \$7.
- II.—On the Animal Kingdom. Set of 14 cards, \$7.
- III.—On the Mineral Kingdom. Set of 14 cards, \$7.

The feature of these Lesson Cards which distinguishes them from others is, that instead of giving Pictures of what is presented, Specimens of the *Actual Objects* are attached.

\* \* For instance, in showing the Uses of the Cotton Plant, instead of this being illustrated by Pictures, an actual Leaf of the Plant is affixed to the Card; a real Cotton Pod with Seeds; some Cotton-Wool; with pieces of different Cloths made from it.

The size of each card is 20 by 13 inches, and each Set is enclosed in a Handsome Stained and Varnished Wooden Box.

**W. & A. K. Johnston's National School Board Series of Large Wall Maps.**

This well-known series possesses the following advantages:—From the great demand, they are constantly at press, and no Map is ever printed without being thoroughly revised. The series is the most extensive published, consisting of nearly 70 Maps, to which additions are constantly being made. They are mounted on Cloth and Rollers, Varnished, the best materials only being used. The whole series is of one uniform size, namely, 50 by 42 inches. *It is the cheapest ever published, considering the quality.* It is the *only series* accompanied by Hand-books written expressly for each Map. These are given *gratis* to purchasers.
