Children's Aid Society

Annual Meeting on Tuesday Evening Well Attended and Interesting

The annual meeting of the Children's Aid Society of Kings County, held at the Council Chamber on Tuesday evening, was well attended and passed off most successfully.

Interest in the organization seems to be growing year by year as the work being done becomes more generally understood and appreciated. At the meeting on Tuesday evening there was a number present from out of town but not so many as should have been considering the fact that the operations of the Society are county wide.

After the reading and passing of the minutes of the last annual and special meetings, the president briefly reviewed the work of the past year, during which much has been done to improve conditions among the needy children of the county.

The report of the secretary-treasurer showed that during the year many sections of the county had contributed generously to the funds of the society, and after paying all expenses there was a small balance on hand.

Mr. H. Stairs, the energetic and zealous agent, gave a report of his work which was listened to with close attention by those present. The excellent service which Mr. Stairs is rendering the county was spoken of in appreciative terms by a number of the members and a committee was appointed to wait upon the Municipal Council at its next meeting and ask that a suitable salary be paid him in place of the pittance he now receives.

The officers for the past year were re-elected with the addition of Mrs. A. H. Patterson as vice-president for Hortonville and Grand Pre.

A committee of ladies was appointed to provide articles of clothing for the children at the detention homes.

Prof. McPhee, of the department of Education at Acadia, when called upon gave an interesting address along the line of the work of the Children's Aid Society and promised his assistance in any way possible during the coming year.

Considerable discussion took place concerning the need of a home for the mental and moral defective portion of our population and it was decided to get in communication with any organization having the work in hand with the purpose of urging the government to provide such an institution in Nova Scotia.

CHILDHOOD AILMENTS

The ailments of childhood—constipation, indigestion, colic, colds, etc.—can be quickly banished through the use of Baby's Own Tablets. They are a mild but thorough laxative which instantly regulate the bowels and sweeten the stomach. They are guaranteed to contain no harmful drugs and can be given to the youngest baby with perfect safety. Concerning them Mrs. Alcide Lepage, Ste. Beatrix, Que., writes:—"Baby's Own Tablets were of great help to my baby. They regulated her bowels and stomach and made her plump and well". The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Order your Christmas Greeting Cards before it is too late. See the splendid assortment of samples at THE ACADIAN store.

Our God and soldiers we alike adore
When at the brink of ruin, not before;
After deliverance, both alike required;
Our God forgotten, and our soldiers slighted.

School Board Meeting

At the regular meeting of the School Commissioners, Monday evening, Nov. 1, Prof. McPhee, of the University addressed the Board on the subject "Mental Survey of School Children as an Aid to a Rational Classification for Educational Purposes".

As the topic has in recent years been receiving the close attention of leading educators, the address was much appreciated by the Board.

Principal Ford presented his report of attendance.

The following letter from Inspector Robinson, was read and is under consideration by the Board:

Wolfville, Nov. 1st, 1920.
H. Y. Bishop, Esq.,
Secretary School Board,
Wolfville, N. S.

Dear Sir:—I am required to report to the Education Office violations of the School Law, or any conditions which fall to meet the requirements of the Law.

I wish to point out that your school violates the regulation concerning overcrowding. The Law places the extreme maximum number of pupils for one teacher at fifty pupils. You have four rooms in which the registration exceeds that number.

The registration in the primary room is eighty-seven, and with the normal number entering in the Spring, it will exceed one hundred. It is true that this department has two half day sessions, but this condition is not recognized in the Law. It has been found that pupils who have two short sessions each day—morning and afternoon—do better than those who attend the morning only. Such half-day schools are carried on in some cities where, owing to a sudden increase in the number of pupils, there is not sufficient accommodation. When the Education Office agreed to this half-day school in Wolfville, it was to tide over an emergency, and was not intended to be permanent.

I would point out further that at least twenty-five per cent. of the pupils in the primary room are over six years old. If any of these fail to grade at the end of the year it will be a serious matter, and the Board will be open to censure in not providing a full day's school for these pupils, as the Law requires.

A strict enforcement of the Law would deprive your town of its grants.

Please bring this to the notice of the Board, and kindly let me know what action the Board proposes to take in this matter.

Yours truly,
E. ROBINSON.

The strike of the British coal miners came to an end on Wednesday and the work was immediately resumed.

I. O. D. E.

The Sir Robert Borden Chapter, I. O. D. E. held its quarterly meeting in the Town Hall, November 2nd. The forty members present will remember this meeting as one of the most interesting and instructive ever held by the society. For in addition to the regular routine of business, which emphasizes the local interests and aims of a Primary Chapter, we were given a breadth of vision of the greatness of the Order with which we are affiliated and an insight into the aftermath of the Great War and the price paid by the people of Eastern Europe. A sacrifice of life and home almost beyond description and incomparable with conditions in this fair land of Canada.

In the regular business the Treasurer reported a balance on hand Sept. 15th of \$216.38; Receipts to date \$85.25; expenditures \$234.70; Balance on hand Nov. 2nd \$76.93.

Miss Cowie was received from a Halifax Chapter and Mrs. F. Primrose, Mrs. A. J. Brady, Mrs. L. E. Shaw, Mrs. G. R. Anderson and Mrs. R. A. Jodrey as new members. Mrs. W. H. Chase and Mrs. Halliburton Moore were welcomed as Life Members. These ladies with Miss Mary Black and Mrs. Beattie of the local chapter formed a loyal group and it was suggested that other members consider this as a means of assisting the Chapter.

In response to the appeal for the Children's Aid Society, twenty-five dollars was voted to show appreciation of the importance of the work carried on by the kindred society.

The members were reminded of the National disapproval of the Hearst publications.

The presentation of the flags to the public schools will be a part of the morning program on Armistice Day. The Educational Committee assisted by a number of the members will carry out this work.

The Chapter is holding a series of social teas with an admission of twenty-five cents to secure funds for school purposes. Mrs. C. S. Pich will be the hostess on Saturday, November 6th, at 4 p.m. All are cordially invited.

The Chapter has had the privilege of placing before the War Memorial Committee the application of Mr. C. B. Lumsden of Acadia University, for a Provincial Overseas Scholarship. Mr. Lumsden will compete for one of the four scholarships to be awarded next year for the Dominion.

The Regent represented the Chapter at the Provincial Convention held in Halifax, October 22, and gave a pleasing report of this important conference. In her synopsis of the speeches of the National Officers, she endeavored to bring to us a realization of the work already accomplished by the Order and the wonderful possibilities of the future, if in united service, Primary, Provincial, and National Chapters fulfil the aims, ideals and tasks placed before these organizations. A warm tribute was also paid to the hospitality and delightful entertainment provided by the Halifax ladies. The Chapter learned with satisfaction that the Regent, Mrs. Halliburton Moore, was by ballot elected as a Councillor of the Provincial Chapter and as Organizing Secretary for the Province.

Miss Gladys Vaughan, a guest of honor, held the intense interest of the members throughout an inspiring and instructive address in which she outlined clearly and comprehensively the work of the American Red Cross in Poland in which she has spent the past year. This work consisted largely in the relief of the war stricken districts by the distribution of food and clothing, the restoration to health, through care in hospitals staffed by American Red Cross nurses and doctors, and to the soldiers of Poland and help in devising a constructive program for the welfare of this new nation. Miss Vaughan spoke particularly of the work for the children as being productive of the most lasting

Continued on Page 4.

Splendid Recital

Given by Conservatory Faculty

A large and appreciative audience attended the recital given in College Hall last Friday evening by the following members of the Acadia Conservatory of Music and Fine Arts: Mr. Frank Marsh, Jr., pianist; Miss Pauline Tougtjee Nelson, violinist; Miss E. Marie Underhill, soprano; Miss Florence A. Holt, reader; and Miss Ruth C. Van der Pyl, accompanist. All the numbers on the program were much enjoyed and loudly encored. Miss Nelson is a talented violinist and her playing is always enjoyed. This was Miss Underhill's first appearance before a Wolfville audience and her two groups of songs showed that she possesses a voice of great strength and remarkable range. Miss Holt, another new comer thoroughly captivated the audience. Mr. Marsh's selections on the piano were much enjoyed but the audience found them far too short. As an accompanist Miss Van der Pyl left nothing to be desired, and her work in that respect added greatly to the success of the recital. The program was as follows:

Violin Soli:

- (a) Berceuse Tschetschulin
- (b) Oriental Cesar Cui
- (c) Serenade Perne

Miss Pauline Tourjee Nelson
Miss Van der Pyl at the piano

Vocal Soli:

- (a) Friend O' Mine Sanderson
- (b) The Stars Phillips

Miss E. Marie Underhill
Miss Van der Pyl at the piano

Reading:

- "Happiness" J. Hartley Manners
- Miss Florence A. Holt

Vocal Soli:

- (a) Chanson indue Rimsky-Korsakow
- (b) One fine Day (Machin Butterly)

Miss Underhill
Miss Van der Pyl at the piano

Piano Soli:

- (a) Nachstück Schumann
- (b) Prelude, op. no. 2 Rachmaninoff
- (c) Valcik Mokres

Mr. Frank E. Marsh, Jr.

God Save the King

The Hallow'en festivities on the part of the "small boy" included more evidence of vandalism than it is pleasant to witness. Everybody enjoys a joke, but when private or public property is needlessly destroyed the act ceases to be a joke. Some of Saturday night's doings were doubtless due to thoughtlessness on the part of the perpetrators, but nevertheless very much to be regretted.

The distinctive Red Rose flavor, aroma and rich, full strength is found in every Red Rose Sealed Carton.
Never sold in bulk.

Rich, Red Blood Necessary to Good Health

When the Blood Becomes Weak and Watery a Tonic is Needed to Build it Anew

Why are we being constantly told that good, health-giving blood must be bright red? What has the color to do with the quality? Just this—the oxygen in the air is the great supporter of all organic life.

You will see, therefore, that there are two prime requisites of health, pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed.

Pale anaemic people whose nerves are on edge, whose cheeks are pale, and who tire out easily, should try Dr. Williams' Pink Pills, and note the steady improvement that follows their use.

These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

"Your Teeth"

By Rea Proctor McGee, M. D., D. D. S. Editor ORAL HYGIENE.

SECOND STAGE OF THE DECAY OF THE TEETH

When that sharp little pain warns you that another tooth is going, it always seems "so sudden", so unreasonably sudden. The enamel is not sensitive but the dentine that forms the body of the tooth and fills all of the space between the enamel and the nerve, is full of thrills.

Where the enamel and the dentine meet, the tooth is more sensitive than at any other place except on the nerve; the teeth are particularly sensitive at the margin of the gum.

As the little bacteria of decay get further into the dentine, they send scouts out ahead along the fibres that extend from the nerve. That is why the dentist seems to do such a tremendous lot of drilling in a cavity. If he didn't go well beyond the farthest particle of decay, his filling would be a failure.

The decay spreads out underneath the enamel as the acid produced by the bacteria eats away the lime that forms the hard part of the tooth.

Food and mucus and a remarkable line of debris collect in the cavity. An ash can has nothing on a hollow tooth. This mess decomposes and then the owner of the tooth wonders why his friends take a backward step when he talks to them.

Even at this stage the tooth may be saved without the nerve being destroyed, but it is rapidly getting to the point where long and patient treatment will be required to keep it where the Lord intended it should be.

In the mouth are more than two hundred different kinds of bacteria. Most of them thrive upon decaying food. In addition to the pain and destruction these cavities cause, they mix this poisonous mass with every bite of food and help wreck the delicate machinery of digestion.

A new note has it that Ex-kaiser Bill Woimhellschollerin has presented a hospital in Amerongen as a memento of his stay there. It would have been more in his line if he had handed out a bunch of bombs, some poison gas and a few million anthrax germs.

W. C. T. U. Notes.

FRANCE'S NEW WAR

As we wandered that day on the battlefields and in the trenches occupied by the brave French soldiers, as we heard the tales of suffering, deprivation and death, we realized the profound significance of the words of the French Mother, who had lost her well beloved oldest son. "We mothers have given our best beloved to save the homeland; we gave it willingly, ungrudgingly; but now that France is saved from its one great enemy, you, the people, must come to our aid to help us save it from another more insidious, more dangerous enemy within its gates, the alcohol that is destroying our sons, our daughters, yea, our nation."
—Julia Dean in Union Signal.

UNCONSCIOUS IRONY

As a liner left the wharf at New York the free and enlightened American citizen heaved a sigh of relief. "I guess I'll have a highball," he said to the steward.
"I guess not, sir," replied the affable steward; "not yet."
"Why not?" said the U.S.A. man.
"This is a British ship, isn't it?"
"Yes, sir."
"Then why can't I have a drink?"
"We have not yet passed the Statue of Liberty, sir," replied the steward.
—London Post.

A GUARANTEE

The publishers of The Family Herald and Weekly Star of Montreal are doing the right thing with the public. Ninety per cent. of newspapers have already raised rates. The Family Herald publishers guarantee a full year's subscription at the old rate of \$1.50 a year to all who remit before December 1st, 1920. We learn that many old subscribers are renewing for two years in advance and thousands of new subscribers are being added. It is a great paper and the best value on the Continent.

Wonderful improvements have lately been made in The Family Herald. Members of the Imperial Press Conference, who lately visited Canada, say it has no equal in the British Empire. Canadians should appreciate such a paper at the price. After December 1st they may have to pay more.

An old tale—
Re-told by the Canada Life.

**A True Story—Told with New Meaning
The Wolf Who Made a Mistake**

A man called "Daddy" who works to keep the Wolf from the door

The Wolf who is always prowling around.

The Wolf tells Red Riding Hood that something dreadful has happened!

In due time the Wolf of poverty and distress, makes for the home

But he finds he has made a mistake—the Canada Life Monthly Income Protection stands between the Wolf and his designs.

A dreadful tale was told the little girl in this story. It was about her Daddy, upon whom everything depended.

So far all had been well, because he had worked to keep away a certain bad, hungry Wolf.

But now the Wolf made it plain that he was going to live at her home,—because Daddy's work was done.

There would be no more toys, no more new shoes and dresses—

Perhaps even food would be denied to her and her mother—

Very soon her childish hands would learn hard tasks,—her innocent mind would take up the cares of life.

♦ ♦ ♦ ♦

So this was the Wolf of poverty and distress,—the spectre of want that Daddy had worked so hard to keep from his home!

But this Wolf had made one mistake.

It was only too true that Daddy would return no more, but—

Faithful and loving, he had planned that each month a Canada Life cheque would come to that home, almost as if he had brought it himself.

In due time they learned how perfectly Daddy had guarded them and by his forethought shielded them from want and despair.

The Monthly Cheque That Never Fails

It is all so simple and effective!

Just a few dollars set aside and now, without delay, the Canada Life will guarantee to your home a regular monthly income.

In the Meantime

But in the meantime, what a relief to know that no matter what may happen the monthly cheque that never fails, issued regularly by the Canada Life will come to your home!

Just a Few Dollars Saving

You will be surprised to learn what a reasonable proposition can be made to you, how only a few dollars saved and set aside from your regular earnings can be multiplied into an income which will surely keep the Wolf from your door.

Ask for particulars of our new Monthly Income Policy.

ARMISTICE DAY

Armistice Day is to be observed in Wolfville. On Thursday morning of next week—the eleventh day of November—a date made ever memorable by the signing of the Armistice in 1918—the whole community, including the University, and irrespective of denomination, is invited to attend the Baptist church at 11 o'clock. The Boy Scouts, and the Tuxis and College bands combined, will assemble near the High School, where all the pupils, accompanied by the Principal and Teachers, will fall-in, and form a procession, by way of Acadia street, Gaspeau avenue and Main street, to the Baptist church. The service is designed to be very simple. The music will be under the direction of Dr. Spidle. A short oration, suitable to the children and the occasion, will be delivered by Prof. Whitelaw, who is a "returned man". The children are to be the central feature of this event, which is being arranged under the auspices of the Civic Club. All the churches and the organizations of the town are earnestly invited to co-operate to make this celebration worthy of the occasion, the College and the Town. It was hoped when the project was first mooted, that the Memorial Gymnasium or the Memorial Tablet, or both, might be ready by November 11th, in which event a more elaborate programme and a more imposing ceremony would be called for. These events will not be long delayed, and the Armistice Day Celebration is the earnest of greater events to follow, and that soon.

TOWN COUNCIL MEETING

At the regular monthly meeting of the Council on Wednesday evening, Mayor Fitch and all the members were present. No special business was transacted other than the payment of the usual monthly batch of bills. Mr. Trask, of the Trask Artesian Well Co., was present, and addressed the Council briefly with regard to the proposition to augment our water supply by boring a well or wells in the vicinity of the reservoir. Mr. Trask, who has had very wide experience, is of the opinion that there is a strong probability that a good supply of excellent water might be obtained by sinking a well from 200 to 300 feet at a cost of from \$1200 to \$1500. Such a well ought to give 25,000 gallons or more per day, and in the event of a greater supply being needed additional wells could be bored as needed. The Council decided to call a meeting of the citizens for next Monday evening to discuss the matter, notice of which will be found in another column.

I. O. D. E.

Continued from Page 1. results. A model orphanage was established at Bialystok, where the children besides being cared for, were given instruction in health and sanitation. Trained play ground workers taught these little wails to forget the five years of ceaseless hardship and war. Polish school teachers started them in the three R's. Miss Vaughan emphasized the very had effects the war has had in undermining the health of the people of Eastern Europe. Tuberculosis looms large as a resultant factor and typhus is an ever present menace. Diseases, which we are accustomed to dismiss lightly as "children's diseases" assume serious proportions, when attacking these frail undernourished children. Mrs. W. H. Chase in moving a hearty vote of thanks to Miss Vaughan voiced the warmest appreciation of this work and hope for the future of these children in Poland, and Mrs. W. M. Black in seconding the motion touched a note which received the approval of all present, when she expressed appreciation of the fact that one of Wolfville's daughters had shared in such a task.

The water department has engaged the services of Mr. Eiderkin, of Falmouth, to deepen and complete the construction of the new reservoir. The work is being done with a machine which does the work of thirty men and is every interesting.

The banks of the reservoir will be built higher thus keeping out any surface water, and its capacity very materially increased. The lecture by Rev. Dr. MacDonald on "Some Fundamental Principles of Citizenship", which is to be given at the Baptist Church this evening at 8 o'clock, should be heard by all.

CARD OF THANKS

Dear Editor,—Permit me through the columns of THE ACADIAN to extend my sincerest thanks to the people of Wolfville for the many acts of kindness extended to Mrs. Henshaw during her last illness, as well as for the numerous expressions of sympathy and kindly assistance tendered me at this very trying time, all of which is very much appreciated and will never be forgotten by me.

(Capt.) Herbert Henshaw.

HALIFAX MARRIAGE

GOULD—FORSYTHE

St. Patrick's Church, Halifax, was the scene of a pretty wedding on Monday, Oct. 11th, at 7 p.m., when Daisy Agnes, daughter of Mr. and Mrs. Frank Forsythe, of Halifax, was united in marriage to Mr. Barney O. Gould, of Moncton. The bridesmaid was Miss Beatrice Curry and the groomsmen, Mr. Frank Congden, both of Halifax. The bride was given away by her father. The ceremony was performed by Rev. Father Courtney. The bride looked charming in a tailored suit of blue serge with a beaver sailor hat and Hudson Seal stole, and carried a prayer book. The bridesmaid also looked nice wearing a blue suit. The groom's gift to the bride was a check and to the bridesmaid a set of pearl ear-rings and to the groomsmen an amethyst necktie pin. The bride received many useful and beautiful presents among them being a dinner set from Munnis and Staff, of which the bride was a valued member for some time, and a cabinet of silver from Russell and McCready, for whom the groom has worked for some time; also cut glass and silver. After the ceremony the happy couple left for Moncton, where a reception was held for them at the groom's home. After spending two weeks on their honeymoon, Mr. and Mrs. Gould returned to Halifax, to their home on Yale street.—Cor.

Public Meeting OF RATEPAYERS.

A PUBLIC MEETING of the rate-payers of the TOWN OF WOLFVILLE is hereby convened under the provisions of the Towns' Incorporation Act and will be held at Temperance Hall in the town of Wolfville on Monday, the 8th day of November, A. D. 1920, at 8 P. M., for the purpose of considering a proposition of the town council to provide the town with an artesian well or wells to augment the water supply of the town. And, if approved by the ratepayers, for the purpose also, of authorizing the council to apply to the Legislature at the next session, for power to borrow money for such purpose, not to exceed \$3,500, or such other amount as the ratepayers may determine.

Wolfville the 4th day of November A. D. 1920.

H. Y. BISHOP, Town Clerk

Coming Events

Notices under this heading are inserted at 2 cents a word. Each repeat, 1 cent a word; minimum charge, 30 cents. Contract rates on application.

The Daughters of the Empire are holding a series of social teas with an admission of 25 cents to secure funds for school purposes. The second tea will be at the home of Mrs. C. S. Fitch on Saturday, Nov. 6th, at 4 p.m. All are cordially invited.

The Annual Thank offering meeting of the W. M. S. will be held in St. Andrew's Presbyterian Church, Wednesday evening, Nov. 10th. Dr. Clark, of St. Matthew's Church, Halifax, is expected to be present and will give an address on Home Missions. Will all who have the Thankoffering envelopes please bring or send them to this meeting.

MEN'S LEAGUE OF THE BAPTIST CHURCH

A special service under the auspices of the Men's League will be held in the Baptist Church, Sunday evening next. The music will be in charge of a men's choir and a sermon appropriate to the occasion will be delivered.

In accordance with a Proclamation issued by the Lieut.-Governor on Nova Scotia, Sunday, Nov. 7th, is set aside as a special day for memorial services, this being the Sunday before Armistice Day.

CANADA APPLE LEADS

(From the London Daily Chronicle.)
The autumnal "apple war", which during recent years has taken the place of the Victorian contest about the "big gooseberry", seems to have set in early and with great severity, but neither the 20-ounce Kent apple nor the slightly larger Essex rival comes near the "record". A specimen of Gloria Mundi, a big Herefordshire cooking apple, which weighed 37 1-2 ounces, was sold seven years ago at Covent Gardens for sixteen guineas. But the "world's record" for large apples is still held by the variety of Spokane Beauty a specimen of which, weighing thirty-eight ounces, was exhibited at the first Canadian apple show in 1910. It was grown on rough land in British Columbia without special cultivation.

Nature's Remedy

APPENDICITIS

Warm Water Properly Applied Prevents Operations, and Has Cured Many Advanced Cases

Hundreds of operations for Appendicitis have been avoided by the "J. B. L. Cascade", and thousands of others who have had Stomach Trouble and Constipation for years have regained their health completely. Most troubles arise from poison accumulated in the Colon, which is absorbed into the system. Internal Bathing keeps the system clean, cures Constipation and the hundreds of ills which are directly traceable to it.

These letters from among thousands in our possession should convince you that Internal Bathing brings positive results. Mr. James McLaughlin, 91 Evanston street, Winnipeg, writes:

"I bought a 'J.B.L. Cascade' for the cure of a bad case of Appendicitis. My doctors told me I must have an operation at once. I had spent more than fifty dollars in doctor bills, but the Cascade completely removed in a few days every trace of soreness and pain. I eat and sleep well now, have regained my former weight, and am now in perfect health."

A Mother from R.R. No. 1, Leamington, Ont., writes: "About two weeks ago our eldest son took sick with Cramps in the Bowels so bad he could not move. Our doctor gave him hypodermic injections and ordered him to the Hospital to be operated on at once. Before doing so, however, I induced him to use the 'J. B. L. Cascade', and in less than a week he was up and around, and has been well ever since. It also cured me of severe Headaches and Constipation. I cannot praise the Cascade enough. It certainly is a wonderful invention."

If you have Constipation, Headaches, Appendicitis, or feel languid and not just right, don't drug yourself, bath internally. The "J. B. L. Cascade" is being shown and explained at A. V. Rand's, Druggist, Wolfville. Ask for booklet, or write Tyrrell's Hygienic Institute, 163 Coolege Street, Toronto.

Canada's annual income, based upon its estimated national wealth of \$20,000,000,000, would be \$3,500,000,000, or over \$400 for every man, woman and child in the Dominion. Canada thus ranks as one of the wealthiest countries in the world.

A pretty girl is often more ornamental than useful.

CANNING NOTES

The Canning Literary Club will resume its weekly meetings on Friday evening, November 5, the meetings to be held at the home of the members.

Mr. George Blenkhorne is visiting in New York the guest of his uncle, Dr. James Blenkhorne.

The Canning division, held an enjoyable Hallowe'en party on Thursday evening, after the regular meeting. The hall was prettily decorated for the occasion, and games and music enjoyed. After supper, all gathered around the fortune telling booths where Mrs. Payzant Cox, Miss Laura Eaton and Miss Ada Reynolds, in Witche's Costume, foretold the things that are to be.

At the regular meeting of the Canning Division, held in Slack's Hall, on Thursday evening the following officers were installed.

- W.P.—Bro. Ira Cox.
- W.A.—Sis. N. W. Eaton.
- Rec. S.—Sis. Ruth Mullett.
- A. Rec. Sec.—Bro. Lauris Meek.
- Fin. Sec.—Sis. Alice Eaton.
- Treas.—Sis. Laura Eaton.
- Chap.—Sis. L. Blenkhorne.
- Cond.—Bro. Edward Kinsman.
- Ass't Cond.—Bro. Harold Bennett.
- Ins. Sent.—Bro. Blair Hatfield.
- Out. Sent.—Sis. Meek.
- P.W.P.—Bro. Mullett.

In certain parts of Siberia butter is so plentiful that it is being used to lubricate motor vehicles.

1870 THE FATHERS OF CONFEDERATION were in their prime when Morse's Teas first won favor in Canadian homes. Today, when Canada takes her place among the nations, Morse's Teas are favored more than ever.

Another Royal Suggestion COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies
1/2 cup shortening
1/2 cup sugar
1/2 cup milk
2 eggs
1/2 teaspoon grated nutmeg
1 teaspoon vanilla extract or
grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough; roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes
4 tablespoons shortening
1 cup sugar
1 egg
1/2 cup milk
1 1/2 cups flour
3 teaspoons Royal Baking Powder
1/2 cup cocoa
1/2 teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well beaten egg; beat well and add milk slowly; add flour, baking powder, salt and cocoa; beat mixture; stir until smooth; add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

ROYAL BAKING POWDER

MADE IN CANADA

"Bake with Royal and be Sure"

Cream shortening; add sugar and well beaten egg; beat well and add milk slowly; add flour, baking powder, salt and cocoa; beat mixture; stir until smooth; add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes
4 tablespoons shortening
1 cup sugar
1/2 cup milk
1 egg
2 cups flour
3 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

COOK BOOK FREE

Just off the press and finer than ever before. This new Royal Cook Book containing 100 delightful recipes will be sent to you free if you will send your name and address to: ROYAL BAKING POWDER CO., 8 St. Lawrence Blvd., Montreal.

A Series of Talks on Music

By Prof. C. C. Laugher, Mus. Bac., Sarina.

NO. II.—THE HARP

The name "Harp" is attached to so many of its kind and all the instruments are plucked strings that it is advisable to mention some. The Irish harp is an instrument of the lyre family but having more strings and is only used to play simple melodies and to accompany another instrument. The harp-lute was an instrument of the guitar kind and an improvement was made by Edward Light, who produced this instrument with 12 gut strings, the finger-board having frets on it and a thumb key was fitted to each string, this key when depressed was to adjust the pitch similar to the modern harp and its pedals.

The harp is one of the most ancient and universal of stringed instruments, and possessed a larger number of strings than the lyre. The strings were plucked with the fingers. The triangular form of the present harp is very similar to that of the Egyptian and Assyrian harps depicted on the ancient monuments. The shape gives to us the idea of it being derived from the bow of an archer, for we find the farther back we go that these instruments are bow-like in shape.

We read that the paintings dated from the thirteenth century, B. C., have been discovered at the entrance of the tomb at Thebes, which depicts two priests one at each side of the portal, playing upon harps, these instruments are taller than the players.

We now come to the more modern times and find the harp now tuned in semitones and has a double row of strings.

The Welsh harp has three rows of strings and is sometimes called the triple harp, the gut strings numbering 98. The outer rows produced the natural tones and the centre row gave the sharps and flats.

The real modern harp has a double action invented by Sebastian Erard about 1810. The modern harp is a graceful orchestral instrument possessing a triangular outline. It has a straight slender pillar, a slanting sounding box and a curved neck connecting the two. Both pillar and sounding box rise from a circular base in which eight pedals are arranged in a semi-circle, the compass of this instrument is over six octaves. There is a limit to the technique on this instrument as the scales or passages of a chromatic order are almost impossible and even when practicable is ineffective. Simple chords and arpeggios are the most telling on this instrument. With but few exceptions, what music is suitable for the piano is suitable for the harp.

In the modern double action harp by means of the pedal the strings may be raised two semitones, affording great facility for modulations. The strings are arranged in diatonic scale and tuned in flats, the normal scale being E flat. Each lever or pedal controls two-sets of disc, from each disc project two pins, the strings pass between the pins, but in pressing the pedal half way down presses the pin against the string, thereby shortening it or making it one semitone higher, by pressing the pedal entirely down presses the second pin against the string shortening it yet another semitone. The seven pedals effect the strings but the eighth governs the damper. The voice of the harp possesses great sweetness, as the strings are not plucked sharply, but gives a sweeping motion, producing a ratel effect.

THE NOVA SCOTIA SANATORIUM CHRISTMAS TREAT

The management of the Nova Scotia Sanatorium again sends out its reminder to the good friends of this institution, everywhere, that Christmas is approaching. Now, before the rush of our personal celebration of the Season of Goodwill, do not fail to think of the brightness you can add to our institutional Christmas, which, with your help, we always make as home-like and happy as it can be made. Contributions of money or gifts may be sent to the Medical Superintendent, Nova Scotia Sanatorium, Kentville, and all will be duly and gratefully acknowledged. Those who prefer to send parcels to individual patients may procure the names on application.

We specially ask that you send general gifts for the Christmas Tree in time for us to receive them not later than December 15th, if possible, so that we may know what we have to buy, before the last-moment rush, when shops are "sold out".

Flowering Plants for the Greenhouse
We are glad to be able to tell our friends that we now have a Greenhouse, partly stocked, and that gifts of flowering plants to fill it up will be most acceptable.

Bamboo trees do not blossom till they are 30 years old.

Despatches from Ottawa state that the cost of living has taken a turn downward. Statistics are produced to prove the case. There are three grades of lies, said somebody, lies, d—lies and statistics.

Nova Scotia's coal output for the month of September totalled 51,468 tons. The steel output was 11,015 tons; coke, 8,005; pig iron 6,643. Some new development work in connection with coal collieries was undertaken during the month.

A merchant can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product.

This greasy imitation is the poorest one we have yet seen of the many that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S LINIMENT and you will get it.

It has been proposed that the name of the Presbyterian synod of the maritime provinces be changed to a more comprehensive title in view of the fact that the bounds of the synod include Newfoundland, Labrador, Bermuda and Trinidad. Two names have been proposed, the "Atlantic Synod" and the "Maritime Synod". The question goes to a vote of the presbyteries to report before next April, that the final action may be taken at the June Assembly.

The Price

is plainly marked on every KING COLE TEA package and the value at that price is guaranteed. This protects you against mistakes and ensures a satisfied customer.

Personal Paragraphs

Capt. H. A. Henshaw left for New York on Tuesday.

Miss Elma Smiley spent the week end with friends in Auburn.

Dr. C. E. A. deWitt accompanied the Acadia football team to Fredericton.

Mrs. G. H. Gillmore left on Friday last for Boston where she will spend the winter.

Mr. H. P. Davidson spent the week end in Waterville visiting his aunt, Mrs. K. B. Craig.

Rev. Simeon Spidle, Ph. D., occupied the pulpit of the Nictaux Baptist church on Sunday.

Mr. Fred Jones, of Halifax, spent a few days in town last week, the guest of Mr. C. A. Patriquin.

Mr. William Stairs left on Monday morning for Truro where he will take a course at the Agricultural College.

Rev. O. N. Chipman, of Port Williams, is in Toronto attending the meetings of the Canadian Baptist Foreign Mission Board.

Mrs. Frank Forsythe who has been visiting at the home of Mr. and Mrs. Ernest Coldwell, has returned to her home in Halifax.

Berwick Register—Mr. and Mrs. Cyril Hiltz and daughter Pauline left on Monday for Wolfville, where they purpose to spend the winter.

Mrs. Herbert Stairs was in Truro on Monday accompanying one of the wards of the Children's Aid Society to the Girl's Home at that place.

Dr. W. B. Besanson has been in town this week collecting for the Dartmouth Baptist Church which was destroyed in the Halifax explosion.

Messrs. Eldon and Vaughn Henshaw and Theodore Rand, who have been spending the Summer on board a steamer cruising in southern waters, arrived home on Tuesday.

Miss Annie Stuart, of Grand Pre, has been appointed representative for Nova Scotia for Child Welfare Work, under the supervision of the Department of Health at Ottawa. Her appointment was made at Ottawa last month.

DEATH OF ARTHUR C. STARR

The death of Mr. Arthur C. Starr, one of the best known residents of Kings county, took place at his home at Starr's Point, on Monday following an operation for appendicitis a few days before.

Mr. Starr was a son of Mr. R. W. Starr and was 59 years of age. He was a prominent fruit grower and a general favorite because of his jovial nature and free-handed hospitality.

He is survived by his wife, formerly Miss Fannie Collins, and one son, Cecil, of Halifax. Mr. Percy Starr, of Starr's Point, is a brother, and Mrs. H. D'Almain, of Greenwich, and Miss Gladys Starr, of Halifax, are sisters. The deceased is also survived by his aged father, now approaching his ninetieth year.

The funeral on Wednesday afternoon was with Masonic honors. Rev. R. F. Dixon conducted the service at the home, and the members of St. George's Lodge, of Wolfville, of which the deceased was a valued member, performed the beautiful ceremony of the order at the grave. The interment was at the Starr Cemetery at Starr's Point. The funeral was very largely attended.

DIED AT CANNING

Mrs. Stanley W. Spicer passed away Monday morning at her home in Canning, after a two years fight against lung trouble, which developed after an attack of influenza contracted in her late home at Brooklyn, New York. She leaves a husband, Dr. S. W. Spicer, two sons, Eugene and Whitney, two sisters, Mrs. J. W. Smith of Cumberland Co., and Mrs. W. R. Dickie, of Hillaton and one brother, John Sturk, a teacher in the West.

Mrs. Spicer a daughter of the late Mr. and Mrs. W. H. Sturk, was one of our most prized young women who lent herself to every good work, being Organist of the Methodist church and an Officer of the Sons of Temperance for a large part of her girlhood days. Her ability and pleasing personality winning the hearts of the community. Dr. Spicer who is the second living son of Capt. Geo. D. Spicer of Spencer's Island, recently bought the home at Canning built for the late W. H. Payzant and had become a resident. Dr. Jas. Blenkhorne, of Stoneham, Mass, an uncle of Mrs. Spicer, arrived here on Tuesday evening.

No one should miss hearing Dr. MacDonald's lecture on Citizenship at the Baptist church this evening. The lecture is held under the auspices of the Civic Club.
