TWO HAMILTON DEPUTATIONS

Wait on the Government at Toronto This Morning.

Board of Education Asks for a Technical College.

Lake Side Park Deputation Interviews Mr. Cochrane.

Toronto, Ont., Nov. 12--(Special)--Two deputations from Hamilton waited on the members of the Ontario Government this morning.

For North Pole

Chicago, Nov. 12--In charge of an expedition under the American flag, Captain Roald Amundsen, of Norway, will attempt in 1909 to reach the North Pole.

CARS COLLIDE.

Forty Passengers Hurt in Street Car Collision.

Seattle, Wash., Nov. 12--Forty men, women and children were injured, 28 seriously, in a street car accident, when two speeding cars crashed into each other in a dense fog.

ADMIRAL RECALLED.

Paris, Nov. 12--A special despatch from Wilhelmshaven, Prussia, announcing a report that Rear Admiral Siegel, the German naval attaché here, has been recalled, is printed here as an item of sensational news, presumably in connection with a recent discovery of treason in the French navy and espionage on the part of agents of a foreign power.

READY FOR FIGHT.

Madrid, Nov. 12--A special despatch from Melilla, Morocco, says that the camp of Roghi, the rebel leader in the Melilla district, has been reinforced by Kaid Hilali, and now contains 5,000 men, with abundant ammunition.

Every Day in the Year.

There are two meats that taste delicious every day in the year--our peated bacon and ham for breakfast during the summer months.

MAN HELD UP.

Buffalo Women Bandits Tries to Rob a Man.

Buffalo, Nov. 12--Women bandits are the latest for Buffalo. Following the hold-up and stabbing affray of Saturday night in which three negro women attempted to rob a man, there was another hold-up early yesterday morning in Mackinaw street, near Hamburg street, and the victim was Charles Schaefer, who claims to reside at the Broeze Hotel.

POLICE ANNOYED.

Ald. Wright's Remarks Call For Reply From Inspector.

"How do people expect us to catch thieves when they don't report the thefts to us?" said Inspector McMahon this morning. He was referring to Ald. A. J. Wright's remarks at last night's council meeting. The inspector stated this morning that the following crime reported to the police for allowing crime to run rampant and said that his wife had been robbed about 4 o'clock in the afternoon.

Absorbent Health Pipes.

Absorbent pipes are the cleanest and healthiest pipes to smoke. They absorb the nicotine and smoke dry. Health pipes with rubber stems are sold for 10 cents at peace's pipe store, 107 King street east.

The Man In Overalls

Success to Sealey. I am surprised that the Mayor or anybody else should take any stock in these sandusucker yarns. They just want to get them on a string.

But why should a man want to be shaved after 11 o'clock at night? I hope the Con. Club won't insist on nominating the new detective.

Let us hope that those chicken thieves will catch the chickenpox. Go! the ward system back. We can arrange the details afterwards.

E. D. Smith's principal aim when in Parliament was to get a high protective tariff put on everything the farmer and his wife had to buy so that the manufacturers might make more money at their expense.

The Times' object in this power discussion is to get the facts and save the city from making a ruinous bargain in the dark. The city's interests are ours.

The Government would do a good act were it to make the making of tickets at municipal elections illegal.

Then, again, why did Sir John turn his back upon West Hamilton and the great Northwest?

Why should the aldermen get into a panic every time a sorehead slanderers the sandusucker?

You can buy them on the sly easier now than you can a month hence. Try it.

There seems to be something doing down at the East End Y.M.C.A. The young men down there have quit holding up the street corners.

They Ptolemy that Ptolemy said anybody but Sealey.

Will the Mayor take that trip around the world by balloon or what?

Every time a new attack is made upon the City Engineer he seems to get a firmer hold on his job.

You would think most people would see by this time that my contemporary makes a hobby of jeering at the sandusucker so that it can have some fun with the aldermen.

Will the Dundas Star also declare that it is glad Sealey got the nomination?

Mr. Studholme's dream that Mr. J. Scott will run up against him in the sweet by and by will very likely come true.

Under the graded scale, what will the doctors charge a man who is out of a job?

The Tories may gerrymander the city, but they can't gerry the county.

I suppose a Toronto controller is a superior sort of a being to a Toronto alderman.

I thought the ornamental ministers in the Ontario Cabinet were glad to take the job for the honor. Now, here's the Spec. wanting to pay them for wearing the titles!

BORDEN AND LAKE

At Pittsburg Studying the Battlefield For Future Use.

Pittsburg, Pa., Nov. 12--As the guests of the U. S. War Department and of the National Park Commission, Sir Frederick Borden, Canadian Minister of Militia, and Lady Borden and General and Mrs. Lake, of Ottawa, are spending a few days here, Sir Frederick's visit to this place is not only for the purpose of studying the battlefield, but also to learn the manner in which the park is laid out, that the general plan may be utilized in laying out several military parks contemplated by the Canadian Government.

3,000 Bars

Of Shell Brand Castile soap have just been received by us direct from the manufacturer. This soap is too well known to need advertising. We will just say we are selling it at 20c per bar. We also carry a large assortment of toilet soaps, ranging from 5c per cake to 75c per cake. Parke & Parke, druggists.

DOES NOT BACK UP ABOUT SANDSUCKER

Ald. Farrar and Mayor Stewart Had a Warm Meeting About It This Morning.

To Settle Matters the Committee Will Go On With Investigation at Once.

Captain Bongard, the man behind the gun in the latest attack on the poor old sandusucker has offered through Alderman Farrar to go to the Beach with any independent expert, named by Mayor Stewart, open the pumps of the sucker and prove that they are useless.

The Mayor takes a determined stand on the question of the efficiency of the pumps. Even admitting for argument's sake that the flanges are worn out he says it must be quite evident that the suction is there when the sucker will lift stones as big as a man's head.

Ald. Farrar retorted that, with a sandusucker in first class shape, he would undertake to clean the basins out in two weeks.

"If the sucker was no good, as this man says, why was it that he did not say anything about it until he lost his job and then threaten to divulge it if he was not taken on again?" asked the Mayor.

"Because Myles Hunting told him not to talk to anyone," said Ald. Farrar. "I cannot swallow that cheshnut," replied the Mayor. "I went there as the Mayor of Hamilton, and he should have told me the truth."

The Mayor admits that there may be something in what is said about the weed cutter. The upshot of the conference was the agreement to begin the investigation immediately.

City Engineer Barrow says that Bongard told him time and again that the sucker was doing good work. "And no one can tell me that it was not," said Mr. Barrow. "For I was there and saw it myself."

City Clerk Kent has discovered that the poor old sucker has been much maligned. It is not a common ordinary sucker at all, he says. Its proper title is the Steam Dredge Hardy.

Ald. Farrar says that Captain Hemphill told him before he went away that the sandusucker was a failure from the first. He says Hemphill undertook to do certain private work for \$500, expecting to finish it in a week, and found that this was impossible.

ONE POUND LOAF OF BREAD; NO REDUCTION IN PRICE.

Prominent City Baker Makes a Statement Which Will Set People Thinking.

One pound loaf of bread, 5c. What will Hamilton's 65,000 bread eaters think when that price is announced by the local bakers?

Will it be announced? That is more than the Times can say just now, but one of the leading bakers of the city made the statement that those engaged in the business--or at least some of them--are now considering the advisability of making a standard one pound loaf and selling it at 5 cents. He further stated that he would undertake, if called upon, to show that five cents for a one pound loaf was not out of the way, considering the price of wheat, the increase of wages, the expensive plants required, and the demand of the people for fine bread. He added:

"If we bakers were to offer for sale what was considered good bread ten years ago the customers would turn up their noses at it."

Two years ago the standard loaf was two pounds, and the standard price 5 cents. For quite a long period four pound loaves could be bought at 8 cents, at a time when there was some rate cutting.

In Stratford a number of bakers yesterday announced that the size of loaf which has been the 20 ounces, and the price 5 cents. Some, however, have decided to fight the change and are advertising full pound-and-a-half loaves for 5 cents.

Woodstock also has a bread agitation on hand.

MULLEN WANTS HIS WIFE; SAYS SHE DESERTED HIM.

Will Be Given Divorce If She Does Not Turn Up In Thirty Days.

Detroit, Mich., Nov. 12--(Special)--Judge Mandell, of the Wayne Circuit Court, is making an effort to locate Mrs. William Mullen, formerly of Hamilton, Ont., and if possible get her story of the trouble between her and her husband. The couple were married in Hamilton in August, 1904, and on Monday afternoon Mullen appeared before Judge Mandell and asked that he be given a divorce from his wife, alleging that she deserted him. Mullen testified that a few days after he and his wife were married his wife became careless about remaining at home. Twenty days after the ceremony was performed that made them one, Mullen says, his wife mysteriously disappeared altogether, and he did not see her for several weeks. Then one day he was in Toronto and almost met her face to face on the street. She saw him almost as soon as he saw her, and, he says, although he was anxious to greet her, she did not have the same desire, and ran away from him as he approached her. He gave chase, but she turned a corner and disappeared, and he has not seen her since. Judge Mandell told Mullen that if his wife was not found in the thirty days, he could have his divorce, and be free to marry again, if he cared to take the chance.

SUNFIELD APPEAL HEARD BY THE COURT OF APPEAL.

J. G. Farmer Presented the Case This Morning and Judgment Was Reserved.

Toronto, Nov. 12--(Special)--Mr. J. G. Farmer, of Hamilton, applied this morning to the Court of Appeal for leave to appeal from the refusal of Chief Justice Falconbridge to state a case on the trial of Jake Sunfield, who is under sentence of death for the murder of Andrew Radzyk.

Mr. Farmer contended that the evidence of William Walsh, an employee of the International Harvester Company, should not have been admitted as to what purported to be the dying declaration of Radzyk. Walsh stated that after hearing a report of the shooting he went to Radzyk's house and saw him lying down. He said, "Hello, Andy, are you out?" and Radzyk replied, "No, cut, Jake shoot." Walsh wanted to call a doctor, but the dying man objected, saying, "No doctor, me die."

Do You Advertise? The Times is the Paper to Use. Goes into the Homes. Daily and Semi-Weekly

Money Well Employed

There are opportunities to put your surplus funds to profitable use without indulging in dangerous speculations.

OBITUARY.

The funeral of Arthur Moore took place this afternoon from the residence of his sister-in-law, Mrs. Charles Wilson, 286 Jackson street west. There was a large attendance. Rev. F. W. Hollin- gaker conducted the services, and the pall-bearers were personal friends of the deceased.

Mrs. Elizabeth Perrin, widow of James Perrin, passed away yesterday at the residence of her sister Mrs. J. Modlin, 58 Margaret street, in her 82nd year. She was born in England, but had been a resident of this city for over sixty years. One son, W. Perrin, survives. The funeral will take place on Wednesday afternoon at 3.30, from the residence of Mrs. Modlin, 58 Margaret street.

The funeral of Mrs. Louise Stephens took place this morning from St. Paul's Church to the Grand Trunk station. Rev. D. R. Drummond conducted the services and the pall-bearers were Col. Jodie, Capt. McLaren, Capt. Somerville, J. J. Morrison, T. C. Harrison and A. C. Rowe. The interment will be made at Hampton, New Brunswick.

Miss Florence Emma Turner, young- est daughter of Mr. and Mrs. James Turner, died rather suddenly last evening, after a brief illness. Deceased had not been in the best of health for some time past, but nothing serious was anticipated. Heart failure was the cause of death. Deceased was a member of St. Luke's Church, and took an active interest in its affairs. She was born in Wolverhampton, England, but she had resided in this city for a number of years. The funeral will take place on Wednesday afternoon from the residence of her parents, 144 Wood street east, to St. Luke's Church, thence to Hamilton Cemetery for interment.

The remains of Mrs. Margaret Holland were laid to rest yesterday afternoon, the funeral taking place from her late residence, 145 West avenue north, to St. Paul's A. M. E. Church, where Rev. F. L. Williams, assisted by Mr. I. F. F. St. John, conducted the last sad rites. The pall-bearers were W. H. and John Holland, M. Warner, William Bell, Garnet Holland and R. Hammond. There were many beautiful floral tributes.

The funeral of Mrs. Eliza Murphy took place from her late residence, corner of Wood and MacNab Sts., yesterday afternoon, and was largely attended. Rev. H. R. Pickup conducted the service and the pall-bearers were: J. Donahue, W. McInnis, C. Woolcott, J. Mitchell, M. Kennedy and J. Shinnett. Miss M. Hendry played "Nearer My God to Thee," as the last request of the deceased. The floral tributes included: Pillow, children; wreath, Mrs. Brown and family; cross, Mr. and Mrs. J. E. Mitchell and Maggie Kennedy; cycle, Mr. and Mrs. Whittle; crescent, Mr. and Mrs. R. Sullivan; basket, Bertha and Hannah Kennedy; sprays, Sister Clara, sister Annie, sister Kitty (London), Mr. and Mrs. J. Hopkins, E. McFargart, Miss Woolcott, Violet Stephens, Joseph Twinn, Mr. and Mrs. Hughes, Mrs. Doherty, J. C. Woolcott, Mr. and Mrs. Stevens, Chosen Friends, No. 234, Mr. and Mrs. J. LeBlanc, Lily Lomas, Mrs. McIntosh and family, Miss Griffith and Harry Fearman.

Toronto Live Stock.

Receipts of live stock at the Union Stock Yards were 57 carloads, composed of 1145 cattle, 590 sheep and 13 calves.

The quality of cattle was not as good as last week.

Trade was steady at about the same prices as a week ago.

Exporters—Exporters were slow of sale, drivers refusing in some instances to accept offers of the dealers, choosing rather to ship themselves to the English markets. Prices ranged at from \$4.25 to \$4.75, with a trifle more for one load. Export bulls sold at \$3 to \$3.75.

Butchers—Few real good butchers' cattle were offered, the choicest on the market being only two or three at that. Sold at \$4.60 to \$4.80; best loads sold at \$4.25 to \$4.50; medium butchers', \$3.50 to \$4; common, \$2.50 to \$3.25; canners, \$1 to \$2; cows, \$2.50 to \$3.50 per cwt. Feeders and Stockers—Steers, 900 to 1,000 lbs., sold at \$3 to \$3.45; bulls, \$2.25 to \$2.50 per cwt.

Hogs—Eight milkers and springers of good quality sold at \$40 to \$65 each, or an average of \$52.50 each. Veal Calves—Prices ranged at from \$3 to \$6 per cwt.

Sheep and Lambs—Export ewes sold at \$4.15 per cwt.; culls at \$2.75; lambs at \$3 per cwt.

Hogs—Prices are down. H. P. Kennedy quoted selects \$5.75, fed and watered, and \$5.50, f. o. b., at country points.

Guinea Limited, quoted selects at \$5.80, fed and watered, at \$5.60, f. o. b., cars, at country points.

Winnipeg Wheat Market.

Following are the closing quotations on Winnipeg grain futures to-day:

Wheat—Nov. 8 1/2 bid, Dec. \$1.03 1/2 bid, May \$1.11 1/2 bid.

Oats—Nov. 5 1/2 bid, Dec. 5 1/2 bid, May 5 1/2 bid.

Montreal Live Stock.

Montreal, Nov. 11.—About 1,200 head butchers' cattle, 183 calves, 690 sheep and lambs, and 729 fat hogs were offered for sale at the Point St. Charles stock yards this afternoon. A snow storm did not improve the conditions around the yards, and trade was slow, with no changes in the price of cattle, but shipping sheep are lower, while fat hogs are a little higher. Prime heaves sold at 4 to 4 1/2 per pound; pretty good cattle, 3 1/2 to near 4c; common stock, 1 1/2 to 2 1/2 per pound, with the lean canners at about 1c per pound. Calves sold at from \$2.50 to \$10 each, or 2 1/2 to 5c per pound. Sheep sold at 3 1/2 to 4c per pound; lambs at 5 1/2 to 5 3/4 per pound. Good lots fat hogs sold at about 6 1/2 per pound.

British Cattle Markets.

London, Nov. 11.—London cables are firmer at 10 to 12 1/2 per lb., dressed weight; refrigerator beef is quoted at 10c per lb.

Liverpool, cable to-day: United States steers, 11 to 12c; Canadians, 10 to 11c; ranchers, 9 1/2c; native cows, 9 to 9 1/2c; bulls, 9c. Trade is slow but firm.

GRAND TRUNK RAILWAY SYSTEM

Traffic earnings from November 1st to 7th:

1907	\$925,413
1906	884,204

Increase \$41,211

Pittsburg, Nov. 12.—Oil opened \$1.78.

COBALT NOTES

The reports on the Foster mine have been received with satisfaction in Cobalt, and the published reports on Trethewey are also considered locally as no more optimistic than the property deserves.

Surface prospecting is being stopped by Cobalt mine managers for this season, and at some properties the working forces are being reduced.

Reports compiled by the officials of the Temiskaming & Northern Ontario Railway show that the shipment of silver ore from the Cobalt camp amounted, in October last, to 1,234 tons weight. Of this quantity 172 1/2 tons were consigned to smelters in Canada, and 1,061 1/2 to reduction plants in the United States. In September the mines shipped 760 tons; to Canadian smelters were sent 135 tons; to England, for experimental purposes, 31 1/2 tons; to the United States, 595 1/2 tons.

In October, 1906, the shipments of Cobalt ore amounted to 1,068 1/2. In September of the same year they were 597 1/2. Secretary McGroin, of the Cobalt Lake Mining Company, yesterday received a report from the superintendent of the mine, saying that the nicolite vein, which has been struck in drifting, has been in part taken down. It is from 26 to 28 inches wide, and of solid metal, and it appears to be mostly malinite, with a small percentage of nicolite. The company has drifted along the vein for some distance, and enough ore is in sight to make up two carloads of ore if necessary, in a few days.

Toronto firms have been awarded the contract for the making of much of the machinery for the Nipissing concentrator.

(Received by A. E. Carpenter from Ennis & Stoppin.)

New York, Oct. 12.—The market during the morning developed irregularity, with good buying of the nicolite vein, which has been struck in drifting, has been in part taken down. It is from 26 to 28 inches wide, and of solid metal, and it appears to be mostly malinite, with a small percentage of nicolite. The company has drifted along the vein for some distance, and enough ore is in sight to make up two carloads of ore if necessary, in a few days.

Toronto firms have been awarded the contract for the making of much of the machinery for the Nipissing concentrator.

(Received by A. E. Carpenter from Ennis & Stoppin.)

NOON STOCK LETTLED.

(Received by A. E. Carpenter from Ennis & Stoppin.)

New York, Oct. 12.—(Special).—Ernest Thompson Seton is a guest at Rideau Hall. Seton has had a six-months' trip through the wilds of Northern Saskatchewan. Mr. Oliver had a talk with Mr. Seton this forenoon at Government House.

WANT BOARD.

Ottawa, Ont., Nov. 12.—(Special).—The employees of the Strathcona-Alberta Coal Co. are applying to the Labor Department for a board of conciliation in connection with the demand for an eight-hour day.

The Hebrew boys of this city have organized an association, to be known as the Hamilton Hebrew Boys' Club. A set of rules has been drawn up and adopted. The object is to promote good feeling among the members, and to have social gatherings, etc.

POTTS-BRENNEN.

Fashionable Wedding in East Hamilton This Afternoon.

A pretty house wedding took place this afternoon at the residence of Rev. James and Mrs. Thompson, 418 Main street east, the Brennens homestead, when Miss Edith Brennan, youngest daughter of the late Mr. and Mrs. M. Brennan, was united in marriage with Frank Hamilton Potts, son of the late Rev. Dr. Potts, of Toronto. Only the immediate relatives of the bride and groom were present during the ceremony, which was performed by Rev. James Thompson, brother-in-law of the bride, in the large drawing-room, which was beautifully decorated with pink chrysanthemums. The bride was attended by her nieces, Misses Edith and Isabel Ferguson, Miss Marjorie Brennan and Miss Mary Tompkins. Little Dorothy Bull, of Toronto, was a dainty flower girl, in a costume of lace. The bridesmaids were tastefully gowned in felle mat, trimmed with bands of satin, and each carried a shower bouquet of roses.

The bride wore a handsome costume of liberty satin, trimmed with Duchesse lace and orange blossoms, and carried a shower bouquet. The groom was attended by Mr. J. A. Norris, of Toronto, and Messrs. Hugh and George Brennan and Herbert Murton were ushers. The groom's gift to the bride was a magnificent necklace of pearls. To the bridesmaids he gave gold bracelets and to the groomsmen and attendants, pearl stick pins.

After the ceremony the wedding breakfast was served in the large dining room, which was also beautifully decorated. The usual toasts to the bride and groom were honored.

Although the wedding was a very quiet one, the fact that Miss Brennan was one of Hamilton's most charming young ladies was amply testified by the numerous and kindly expressions of tokens of regard from her friends here, as well as her many friends outside the city. Among the many beautiful presents received were: Sterling tea set from Mr. F. W. Brennan; a set of Crown Derby ware, from Mr. H. S. Brennan; a cheque from Herbert Brennan, a purse of gold from Rev. James and Mrs. Thompson; a magnificent tiger skin from Mr. and Mrs. P. Bull, of Toronto; a cabinet of silver which had been provided by the bride's mother, before her death; Persian rugs from Albert S. Brennan; and a beautiful electric dome from the Misses Potts, Toronto.

Mr. and Mrs. Potts will spend their honeymoon on the Atlantic coast, and on their return will reside in Glen Road, Rosedale.

Stocks and Bonds

THE HAMILTON TIMES

TUESDAY, NOV. 12, 1907.

ABOUT WATER RATES.

Ald. Clark last night said the public generally was satisfied with the present water rates, and Ald. A. J. Wright said the "poor man in Hamilton gets the cheapest water on the continent of America." The makers of these statements should consult popular opinion here, and acquaint themselves with the facts as to rates elsewhere. Their statements would probably not then be made. Our water rates to small users and on houses are very excessive—far higher than in most places. They are very much higher than in Toronto; in many cases twice as high as in Buffalo, Cleveland, or Toledo, and the difference between our house rates and Detroit's is still greater. We have before us the bills for a Hamilton house and a Detroit house, the former being at the rate of \$6.15 per \$1,000 of assessment, or 45 cents a foot frontage, and the latter \$1.37 per \$1,000 assessment, or 17 1/2 cents a foot frontage. The Hamilton water rate on household property is to say the least excessive to a degree that calls for readjustment.

STRAIGHT TALK WANTED.

The average man in the street is not an electrician, and the terms of the science are to him very confusing. Horsepower, volts, amperes, watts, kilowatt hours, peak loads, power curves, etc., are often used in the discussion of the Hydro-Electric power scheme by many with but very hazy ideas of what they signify. The Times produces in another part of this number a statement made by Mr. L. G. Reade, who represents an English firm of makers of producer gas engines, which have been found to give very cheap power, and one of which is now installed at the McClary works, London. His references to the peak load system, by which the Hydro power is to be sold, are worthy of study, and show the extent to which alluring figures, hedged about with such conditions, may prove disappointing in practice.

EDITORIAL NOTES.

Whisper it, Whitney; is there room on that seat for both Hanna and Doc Nesbitt?

Beattie Nesbitt won't stay buried, and some Tory politicians in Toronto are anxious.

Are you earning a living, or are you trying to win it in the bucket shops, lottery swindles, or limerick competitions?

The actual damage done by the British Columbia rioters to the property of Asiatics has been appraised at \$10,775, and it will be paid at once.

"King Theodore I." sounds well. And our neighbors do not snort and shy at the sound of the word "king" as they used to do a generation ago.

There is a belief that some of the mountain hold-ups were practical jokes. The practical joker should have his life insured. Some people shoot quickly.

Kingston Council has been asked to join in the petition to the Government for a uniform standard loaf of bread. The label is not popular down in Kingston.

There is a royal feast to-day at Windsor Castle which will not be without its effect in cementing international friendships. Long live King Edward! Hoch der Kaiser!

The Canadian Club of Brantford has decided to end the annual banquet with "lights out" at 10 o'clock. It is a good resolve. Such a reform is much needed in public gatherings.

Mr. Mackay estimates that Whitney's 3-cents-an-hour prison labor contract is equal to presenting to the favored contractor about \$28,000. And that is a very moderate estimate.

Dr. Beattie Nesbitt has resigned the magistrature of West Toronto, a position which paid him over \$9,000 a year, and is looked upon as a likely candidate for Toronto mayoralty.

The roller towel is now being held up as a breeder of disease, and its banishment is demanded from the Public Schools and other public places. The office towel still stands up in the corner.

Reading between the lines, it is not hard to discover that the Spectator is very far from pleased with the work of the Wentworth Liberal Convention and the unanimity and enthusiasm that marked it.

Bongard should not be allowed to go at that. Either too much or too little has been said, and somebody or other has made statements that do not square with truth. Get at the facts and the motives.

Toronto Council has given up the idea of submitting by-laws for pure water and sewage disposal. One of the reasons urged was that it might defeat the power by-law. Toronto aldermen evidently have it bad.

Our neighbor the Spec. talks a good deal about what E. D. Smith did in the House. But it wisely refrains from attempting to catalogue his achievements. They might be inscribed in large oval characters on the little finger nail.

Judge Winchester, of course, has the right to try the London bribery case without a jury. But it is a wonder that his Honor agreed to undertake this duty. —Mail and Empire.

Isn't that about equivalent to an intimation that if the outcome of the case does not suit the Mail and Empire, the Judge may expect to be abused and lampooned?

We expected it. Whitney used to rail at the Ontario Liberal Government for its expensiveness and the Spectator used to jeer at it as merely a big county council. As soon as Whitney came to power he boosted the salaries of himself and his ministers a few thousand, and enlarged the Cabinet by a few ornamental members "without portfolios." Now the Spectator urges that they too be paid!

The new Provincial factory inspector at Hamilton has, according to the Spectator, "been a hard-working and faithful office-bearer in the Conservative organization for many years, and the loss of his services will be felt by the party." How does that square with the Borden theory that politics should play no part in Civil Service appointments?—Ottawa Free Press.

Our Ottawa contemporary should be prepared to admit that the Spectator is the better interpreter of Mr. Borden's meaning, and it regards Borden's declaration as only for theatrical purposes, and not at all for practice.

Our Minister of Finance has shown his capabilities by plunging into more debt and borrowing from banks that needed the money for the regular channels of trade. The situation is dangerous.—Galt Reporter.

To relieve our contemporary's anxiety—for, of course, it would not simulate it—we may say that the net debt of Canada when the Tories left office was \$258,407,432. After eleven years of great progress, requiring vast expenditures in the interest of the country, the debt on October 31 last was \$251,506,732. Lay away your blue goggles, Bre'r Jeffray! The sun still shines and there's yet corn in Egypt, even if the Tory grafters are on the outside.

The publishers of the Peterboro Examiner and Peterboro Review have been committed for trial on a charge of advertising a lottery. It appears that the charge arose out of giving publicity to a watch raffle, or some such drawing. There are so many schemes of one kind

Corset Demonstration THE T. H. PRATT CO. LIMITED

well, injustice, not to mention anything else, to a minister in good standing in the church and a brother beloved. His Calmer View. (London Advertiser.) Sir Charles Tupper has been made an Imperial Privy Councillor, and no Canadian will begrudge him his new honor. Men like a bonny fighter, and his opponents will admit that Sir Charles was never lacking in courage. In recent years he has broadened and mellowed, and there have been fewer sauer voices than his on Imperial questions. He has seen almost eye to eye with Sir Wilfrid Laurier on the topics arising at the Colonial Conference.

Minister Charges Male Singers With Disturbing Service. Hazelton, Ind., Nov. 11.—Bais Cunningham, Overton Decker and Salvan Pearson, members of the Baptist Church choir at this place, were arrested to-day on affidavits filed by the Rev. Samuel Bettis, charged with disturbing religious services by chewing gum while seated in the choir. No formal charge was made against four young women in the choir who also chewed gum, but they were severely rebuked by the minister. Last night, in the middle of his sermon, Pastor Bettis stopped to talk to the choir of ten members. He scolded the three boys and four girls in it, who he said, had disturbed him by chewing gum. The preacher did not get much deeper into his sermon when the gum chewing was resumed as energetically as before. Again he stopped to say what he felt about gum chewers among the singers. The "gum chewing" portion of the choir ended up their song books and departed from the choir. The religious went to Princeton and filed affidavits against the male disturbers. It is said

that he was advised by local citizens not to proceed against the young women of the choir. SAME OLD STORY. Shot in Mistake for Deer, Peterboro' Man May Die. Peterboro, Nov. 11.—Lying in St. Joseph's Hospital in a serious condition is Wm. Cones, as the result of being shot in the side by his cousin, Roy Cones, who mistook him for a deer. The party were hunting in the vicinity of Deer Bay. Hearing twigs cracking and catching a glimpse of what he thought was a deer, Roy Cones fired. Wm. Cones received the bullet just below the left hip, the missile coming out near the right hip. BUTLER'S VICTIM RECOVERING. Paul Thebaud Conscious, But Unable to Tell of Tragedy. New York, Nov. 11.—Paul Thebaud, the seventeen-year-old boy who was shot and seriously injured at his father's country home near here yesterday, recovered consciousness to-day, but he is yet in no condition to be questioned regarding the crime. The physicians who are constantly by his bedside refuse to allow even the members of his family to see him, and say it may be several days before he will be in a condition to tell his story. Memoranda found in Bjorlin's trunk showed that up to a short time ago the butler owned stocks with a par value of \$12,000, but the stock certificates were not found, nor was there any record of what had become of them. Nothing was found that would serve to clear up the tragedy. All composers are not drinking men, in spite of the fact that music is written in bars.

HOW SHALL WE ELECT THEM?

Canadian Club Discusses Methods of Selecting Aldermen. Suggestion in Favor of Report From Municipal Expert.

Speakers Prefer Election at Large to Ward System.

There was a good attendance at the meeting of the Canadian Club last evening in the Conservatory of Music, when the question of election by wards or by the city at large was thoroughly discussed.

Mr. W. M. McClelland, President of the club, presided, and introduced the subject with a few remarks. He called upon Mr. Allan Studholme, M. P., to speak first. Mr. Studholme could not see why the city of Hamilton should need 21 aldermen to look after the affairs of this progressive city.

Mr. R. A. Robertson, President of the Board of Trade, said he was present as a private individual rather than a representative of the Board of Control. He thought that the Board of Control should be made a place of business, not a place for an exchange of personalities.

matter over, and letting it go at that. He favored a constructive platform as a working basis. Hamilton would do well to get an expert to come this city and spend three, or, if necessary, five months to look over the ground and point out the weak spots in our civic government.

TO INVESTIGATE BONGARD'S STORY.

THE COMMITTEE REFUSES TO SQUANDER MORE MONEY.

Though to Satisfy the Knockers—Ald Wright Talks of Libel Proceedings Against Newspaper.

After Chairman Clark had explained the details of the latest attack on the poor old sanducker to the Fire and Water Committee yesterday the members were inclined to treat it as a joke. They agreed to have an investigation, however, as long as no expense was incurred.

The Chairman explained to his colleagues that when Bongard had hinted he would say something that would not reflect creditably on the sanducker and officials he informed him he could not make the statements public too fast to please his own party.

Mr. R. A. Robertson, President of the Board of Trade, said he was present as a private individual rather than a representative of the Board of Control.

U. S. ACTORS Compelled to Pay Income Tax By British Government.

New York, Nov. 12.—According to a London despatch the American members of the company playing "Mrs. Wiggs of the Cabbage Patch," discovered last night that the British Government does not permit Americans to take money out of the country without paying an income tax.

All the members of the company received a notice from the tax collector that they were liable for their income tax for the six months they have been playing in London.

The rehearsal of the oratorio last evening was the most successful both from a musical standpoint and attendance. The director, Mr. George Robinson, expressed himself as much pleased with the performance.

FOR FORTIFICATIONS.

Washington, Nov. 12.—Estimates of appropriations aggregating \$23,461,911 are made by General Alexander MacKenzie, chief of engineers of the army, for fortification work during the fiscal year 1909.

WHAT THEY GOT.

Spokane, Wash., Nov. 12.—As a result of drying out dynamite which they stole, to secure the nitro-glycerine for sale, blowing, Albert S. Grant is dead, Alfred Moore is fatally injured, and Charles Moore is in the city jail with minor injuries.

JAPANESE EXPOSITION.

Washington, Nov. 11.—The Japanese Embassy was advised to-day that the National Exposition of 1912 at Tokio would be held between April 1 and October 31, thus covering both the chrysanthemum and cherry blossom seasons.

Mr. Garrow said the failure of municipal government seems to be a result of the ward system. There is a need for a simpler administration.

Mr. William Berry, a representative of the Trades and Labor Council, said he was sorry that no one had put in an argument in favor of the ward system, for that would have given him an opportunity of showing why it would be a failure.

MINISTERS UP IN ARMS.

Ottawa, Nov. 11.—The ministers of the cabinet are severely criticizing the methods adopted by the "Streets of Paris Bazaar" for raising funds.

Mr. C. R. McClelland was the last speaker of the evening, and he was the one who favored the ward system.

STEVE ADAMS.

HIS SECOND TRIAL FOR MURDER OF FRED TYLER.

Detective Told Him Bible Stories to Make Him Confess—Some Pertinent Questions—Another Witness Says He Confessed.

Rathfrum, Ohio, Nov. 12.—At the second trial of Steve Adams, for the murder of Fred Tyler, a claim jumper, Attorney Darrow, of the defence, following out the scheme used at the first trial, called James McParland, of the Pinkerton agency, for cross-examination.

"By whom?" asked Mr. Darrow. "By God, of course," said McParland. "You did not tell him that you would forgive him and that you would save his soul?" asked the lawyer.

ONLY EIGHTH.

Balloon Which Visited This Section Made Poor Showing.

Cortland F. Bishop, President of the Aero Club of America, yesterday announced the official distances made by the nine balloons which participated in the recent international race from St. Louis, in point of high average for distance and endurance the race European country.

Table with columns: Balloon and Country, Distance. Includes Pommern, Germany (872.253), L'Isle de France, France (866.867), Dusseldorf, Germany (797.352), etc.

These distances were obtained by the geological and coast surveys of the Government, computing the distance from the starting point to the point of landing.

PLUNGE DOWN AIRSHAFT.

Woman Loses Balance and Fall Headlong to Death.

Buffalo, Nov. 12.—While hanging out her washing over the area-way in a tenement block at No. 6 Fly street, Mrs. Elizabeth Grigario, wife of Michael Grigario, plunged headlong over the railing to her death yesterday afternoon.

The police at first suspected that the woman had met with foul play, and Patrolmen Stady and Hooley, of the Franklin street station, were detailed on the case.

Michael Arno, who lives in the block, stated to the police that he saw the woman when she lost her balance and fell down the shaft.

Another witness to the case was Mrs. Curillo, who lives on the second floor of the block. She verifies the story told by Arno.

The Italian quarter of the Canal street district was stirred by the accident. Hundreds congregated in front of the house and the windows inside were packed with sympathizers.

TORTURED AGED WOMAN.

Thieves Scorched Her Flesh With Burning Newspapers.

Rochester, Nov. 12.—Burglars on Friday night broke into the residence of Mrs. Stella Hauthner, an aged woman, who lives alone near the State Road, in the town of Perinton, and subjected her to terrible tortures in an effort to force her to reveal her savings.

MOTHER DIED OF GRIEF.

Her Two Girls Burned to Death and the Shock Killed Her.

Iquique, Chile, Nov. 11.—Two lives were lost in the fire that visited this port yesterday and destroyed a large portion of the poorer residential quarter. They were two little girls, and when the bodies were discovered by the distracted mother the unfortunate woman expired from the stress of her emotions.

A total of three thousand people are homeless as a result of the conflagration. They are being cared for by the authorities and the charitably-inclined citizens.

Three companies are doing a weather insurance business in Ontario.

RELIABLE SHOES

We realized that if we wished to weave the threads of a permanently successful business, we would have to sell goods that would give satisfaction and bring customers back for more of the same kind.

Our success is due to the fact that this business has been built on a basis of values, and that is the way it will always be maintained.

WELL TESTED WINTER TANS

The Hagar Shoes have been well tested and have stood the test in every way. We have tested all other Canadian made shoes, but none of them have come up to the Hagar standard.

This store is headquarters for first quality Rubbers. PUNCHED RUBBERS—All Rubbers and Overshoes having a small hole through them are DAMAGED goods, and have been thrown on the "rubbish heap" for sale to the highest bidder.

CHILDREN'S LEGGINGS—We have the nicest assortment of Children's Leggings ever shown in the city in Corduroy, Jersey and Astrachan, in brown, gray, red, white, black.

Women's Box Calf Shoes

We are offering a line of Women's Box Calf Goodyear Welt Double Sole Shoes at \$3.00. We know of no other firm offering the equal at this price.

J. D. CLIMIE 30 AND 32 KING ST. WEST

WILL MEET HERE.

Methodist Woman's Missionary Convention on Thursday.

On Thursday of this week the annual convention of the Hamilton District Woman's Missionary Society of the Methodist Church will be held in Barton street Methodist Church, this city, with sessions at 2:30 and 7:30.

WANTED TO GO BACK

And Stole a Valuable Overcoat From Belleville Man.

Belleville, Ont., Nov. 12.—(Special.)—The police last night arrested Michael Ryan, a man 40 years old, charged with stealing a valuable overcoat, the property of Charles Gorrie, manager of the Theatre House.

FINCH BROS., The Popular West End Shopping Place

What Impudence! (Brockville Times.)

A Hamilton man writes to one of the papers of that city to inquire if it is true that society in Canada consists wholly of women and girls, as he is led to believe from the fact that no men are ever mentioned in the "society column."

The truth is that the Hamilton and Montreal men are too clumsy to shine in the "society column." When they find themselves in a drawing-room with the ladies they get stage-fright and their feet feel ten times their natural size. They stumble over the little tables and things, and they don't know what to do with their hands. And they become tongue-tied and fidget nervously on the edges of their chairs, of wind up their watches. Finally they break away desperately and back out awkwardly with a stage smile on their countenances. They may be all right in some bachelor's den or at a stag party, but in society!

In marked and pleasing contrast to these gauche Hamiltonians and Montrealers is the Chesterfieldian grace of the Brockville man in "society." He fits perfectly at ease in refined circles, never upsets his teacup, and doesn't flounder about the room like a fish in a bird cage. He is also a brilliant conversationalist and can brill at a minute's notice anywhere. We trust that the Hamilton and Montreal ladies will resent the aspersions cast upon them by the uncouth barbarians of Hamilton and Montreal.

The Champion Rubber Tree. One and a half pounds of dry rubber a month will save the farmer from the ravages of a single sixteen year old Para tree in Ceylon. This tree, which has not much of a gift for its age, branches off beautifully about five feet from the ground and stands on gravelly soil. The system of tapping adopted was the usual full herringbone and it has been very lightly tapped every other day. The flow of latex during the tapping was so copious that it required the services of a special cooler, and an unusually large cup had to be placed to catch the extra latex during the night. The superintendent of this estate uses a special knife invented by himself; it is a safety blade and can be put into the hands of any ordinary laborer without danger to the tree.

MUSIC AND THE DRAMA

"The Time, the Place and the Girl," Boston, Chicago and New York's greatest musical and dramatic success, will be produced at the Grand to-night and to-morrow afternoon and evening.

The company is headed by the well-known comedian, Arthur Deagan, as Happy Johnny Hicks, assisted by such well-known artists as Violet McMillan, Harriet Burt, Mary Cecil, George Anderson, James Nowl, Escamillo Fernandez, William O'Day, George Eber, George Johnson, John C. Roe, Herbert Hornsby and a chorus of fifty from the LaSalle School.

"The Time, the Place and the Girl" is not a musical comedy, but a comedy with music, full of lively action, good, sound sentiment, and, what is more than either, a number of original and artistic character types. Though the music is an attractive feature of the production, the plot is so neatly and masterfully arranged it would be an interesting play, without the aid of melodies.

Savoy's Strong Bill.

The most wonderful troupe of foreign acrobats ever seen at the Savoy Theatre are at the theatre this week, and are known at Okabe's Japs. They caused a sensation at the opening performances yesterday. Their feats of strength and agility are astounding. The hand walking and single hand standing on a tall pyramid of two members of the troupe was never equalled here. The ground tumbling of the whole troupe was a revelation. There are seven males in the troupe and a tiny girl, the last being the comedy performer of the party. She is a daring little tumbler and received a good share of the generous applause. A feature of the act that appealed strongly to the ladies was the gorgeous setting. The drop and mat show beautiful designs, embroidered in gold on black silk

of assurances. But the mention of the service required soon brings a change over his professions, though he is quite at Everyman's service for a dinner or a murder or anything of that sort.

Bennett's Best Bill.

This week's bill at Bennett's Theatre is the best that has yet been presented at the new vaudeville theatre. There is not a weak act on the programme, which is saying a good deal. There were two very spectacular acts on the bill—the Bedouin Arabs and Ned Wayburn's side show. The Arabs—eight in number—gave a wonderful exhibition of ground tumbling and pyramid building. These dark-skinned sons of the desert worked with wonderful rapidity, and with their thrilling shouts made the act quite impressive. Some of the men possessed wonderful strength and staying power. One of them, who weighs not more than 130 pounds, formed the base of a pyramid, and he supported the other seven members of the troupe, who stood on his shoulders and clung to one another. Their performance was loudly applauded.

The other big act—Wayburn's Side Show—made the hit of the bill. There are ten young women and three men in the show, and there is something doing all the time the curtain is up. The side show is a real novelty in the ballet girl line, with a comedy combination of songs, dances and pretty music. The concluding scene of the piece is a scensory scene, in which the chorus appears in bathing suits of rubber. While they are doing a singing stunt their costumes are blown up. In a short time the comedy girls become big fat women, and they dance, while the audience laughs itself sore. Eddie Mack did some clever trick dancing and gave a circus "spiel," which brought down the house.

Mr. and Mrs. Gardiner Crane appeared in a very clever comedy sketch, "Am I Your Wife?" and established themselves as favorites for the week. Mr. Crane appeared in a dual role, and showed himself to be a clever character actor. Steeley and Edwards gave a good singing and talking act that pleased immensely. Miss Rae Cox, "a girl from New Orleans," made good. Her act was quite different from most singing acts, and her songs were out of the ordinary. The Atlas Comedy Four presented a pretty singing sketch, "The Wandering Italian." They sang well, and the act

SHERMAN Y. P. S.

Good Start for the Season—Officers Elected.

The Young People's Society of Sherman Avenue Presbyterian Church was re-organized for the season last night under auspicious circumstances, about 60 young people being present. The following officers were elected for the ensuing term:

President—Henry Keihl.
Vice-Presidents—Miss Ethel Lacy and Miss Violet Devine.
Secretary—Herbert Kay.
Treasurer—R. J. Devine, jun.
Organist—Miss Jessie Roy.

LEAGUE SOCIAL.

First Methodist Endeavorers Entertain Advanced Scholars.

First Methodist Church Epworth League gave a social last evening for the advanced classes of the Sunday school and friends, and a pleasant time was spent by the large number present. The pastor, Rev. R. J. Treleaven, presided. Vocal selections were sung by Miss Longhurst, Miss Evans and Miss Epps and Misses Nixon and Walker gave instrumental numbers. A feature of the evening was an acoustic contest which aroused much interest. Miss Jennie Harvey was the winner and Rev. Mr. Treleaven the judge. Refreshments were served and a very happy social time spent.

LOCAL LEGAL.

Appeals in Two Personal Injury Cases Heard.

The following Hamilton cases were argued at Osgoode Hall yesterday:

Condon vs. Hamilton Steel & Iron Company—J. W. Nesbitt, K. C., for defendants, appealed from judgment of Clute, J., in favor of plaintiff, on the findings of a jury at the trial at Hamilton for the recovery of \$1,350 and costs in an action for damages for personal injuries sustained by plaintiff while in the employment of defendants in their mills by reason of an alleged defect in a pair of tongs in use in the mills. The defendants contended that there was no evidence of negligence and that the case should have been withdrawn from the jury. A. M. Lewis (Hamilton), for plaintiff, contra. Reserved.

Findlay vs. Hamilton Cataract Power, Light & Traction Company—J. W. Nesbitt, K. C., and W. W. Osborne (Hamilton), for defendants, appealed from order of a Divisional Court setting aside findings of jury and judgment of Riddell, J., in favor of defendants, and directing a new trial of an action for damages for personal injuries sustained by plaintiff by reason of the negligence of defendants, as alleged on June 19th, 1906, a wire of defendants carrying an electrical current of high voltage, was found to be hanging down near a crossing. Plaintiff came in contact with the wire and received severe injuries. The jury found that plaintiff's injury was the result of the negligence of both plaintiff and defendants, and not of one only, the negligence found against defendants being "not being properly maintained," and against the plaintiff "by coming in contact with the wire." G. Lynch-Staunton, K. C., for the plaintiff, opposed appeal. Reserved.

DUNDAS NEWS.

Funeral of the Late Miss Smith Largely Attended.

Dundas, Nov. 12.—The funeral of Miss M. Smith took place at 2 p. m. yesterday from her late home, Mountain View farm, on Sydenham Mountain. The funeral was very large, there being about sixty carriages in line. The services were in charge of Rev. T. J. Mansell, assisted by Rev. Sanford Marshall, B. A., Berlin. The pallbearers were four brothers and two nephews: Inspector Smith, Hamilton; Dr. J. W. Smith, Dundas; D. E. Smith, B. A., Chicago, and George W. Cowan & Co., and Elmer Smith, of the T. Eaton Co., both of Toronto. Those from a distance present were Mr. B. Thomas and his son, Mitchell, Toronto; E. D. Smith, M. P., Winona; Isaac Smith, Fruitland.

Mrs. E. E. Stone, of Stoney City, Kan., has been a visitor with Mr. and Mrs. D. Maynard. There was an unusually large attendance at the Epworth League meeting last night. Miss Brackbill, who has spent ten years as a missionary in China, gave a very interesting address.

WEDS HIS OLD SWEETHEART. Both Had Been Married, but She Was a Widow and He a Widower.

Rechester, Nov. 11.—A romance which had its inception before the civil war and which was revealed forty years later, was revealed today when Johnson French returned from Hunt, a village in Livingston county, bringing with him his new bride, formerly Mrs. Adelaide L. Titus of Penn Yan. French was engaged to Mrs. Titus, then Miss Adelaide L. Waring, when he marched away with a Union regiment. He intended to be married to her when he returned. He was wounded in the field, however, and after a long illness was discharged and sent home. Believing that he would never recover, she released him from her promise. Two years later she was married to another. French survived his injuries, regained his health and less than two years later himself took a wife. During the forty years which intervened since the broken engagement neither saw the other until a few months ago. Then French was a widower and Miss Waring was a widow.

A WIRELESS TELEPHONE. It is Being Successfully Operated by German Company.

Berlin, Nov. 11.—A German company is now telephoning wirelessly from Nauzen to various places in Germany, fifty to sixty miles distant. One of the managers of the company said to-day that conversations had been conducted with extreme clearness and precision.

Hamilton's greatest good value store

THE RIGHT HOUSE

"HAMILTON'S FAVORITE SHOPPING PLACE."

Earliest with latest things fairest prices on all things

The great November underprice sales are continued with splendid bargains that are interesting everyone—come Beautiful new laces and dress accessories

SPECIAL importations, direct from European manufacturers, of attractive new things in laces, insertions, bands, motifs, galons and allovers in fashionable new weaves and shadings, including a wide variety of rich, heavy black silk laces in sets to match.

Laces, too, for evening and afternoon gowns, in great profusion. Values are quite extraordinary as a visit to the department this week will reveal.

Beautiful new allover laces

In new styles and patterns of Guipure, Oriental Net and Chiffon Allovers, very pretty shades of butter, ecru, ivory, cream, white and black, also color combinations. Many Laces and Insertions to match. These handsome allovers are suitable for blouses, whole gowns, trimmings, etc. 69c, 88c, \$1.00 up to \$6.50 yd.

Laces & insertions to match

A large variety of dainty new Filet and Point Venise patterns in Guipure and Oriental Net Laces and Insertions of 2 or 3 widths each, to match, along with all-overs. 15c, 25c, 35c, up to \$1.50 yard.

Guipure and net motifs

Medium to large sizes in detachable Motifs in Guipure and Oriental Lace and Princess Lace for dress and blouse trimming. These are very fashionable and effective. A splendid assortment from which to select, 45c, 52c, 75c, \$1.00 to \$6.50 yard.

Matched insertions

Very popular this fall for dress trimming, Guipure and Oriental Lace Insertions in narrow, medium and wide widths to match. Butter, ecru, ivory shades and black. Here you will find them in large assortment. 15c, 25c, 32c, 45c to \$1.75 yd.

Some beautiful lace robes moderately priced

EXQUISITE new Lace Robes in ivory, sky, pink, Rose du Barri and black are just arrived fresh from Paris' leading salons. Styles are most becoming in exquisite and charming new patterns of Brussels applique, escurial silk lace, Spanish lace and Paris novelty gowns. Semi-made, these gowns cost little to finish. Ask to see them at Lace Department. You will want one for evening and afternoon wear.

\$15.00, \$17.00, \$23.00, \$27.00, \$35.00, \$40.00, \$45.00, \$65.00.

THOMAS C. WATKINS.

Only four more days of great fur sale Every fur in stock at lowered prices

\$15.00 fur pieces at only \$10.95 each to-morrow

ANOTHER special offering of Stoles, Ruffs and Muffs, in rich Marmot, Russian Mink, Squirrel, Alaska Sable and Western Sable. Some have deep collars, others finished with heads and tails. MARY CECIL,

As Mary Kelly in "The Time, the Place and the Girl," at the Grand to-night and to-morrow.

velvet. The work was all done by hand and must have taken months to make. The entry robes of the party were exceedingly rich and harmonized with the settings.

The Meredith Sisters, old favorites, appeared in new songs and gowns, with beautiful new settings. As character change artists they have few equals, and their act is refined and clever. They sang as well as ever and were given a warm reception.

Howell and Scott are billed as real Hebrew comedians. Their act was one long scream. They got off a lot of real bright Yiddish matter, and pleased the audience exceedingly.

One of the best comedy hits on the bill was made by Leroy and Clayton, who presented a bright and humorous sketch, entitled "Hogan and the Hansom." The playlet tells of the troubles of a society leader, who became enamored with an actor. Both performers possess histrionic ability of no mean order and they made the most of the dialogue.

Philbrooks and Reynolds presented a German comedy entitled "Miss Steno, Stenographer," which was quite funny. The rest of the bill was up to the high standard of Klaw and Erlanger attractions, and was made up as follows: Ben Morse, a tramp comedian and eccentric bicycle rider; Grace Dean, singing comedienne; The Sidons, in a hobo sketch, and new motion pictures.

The theatre was filled at both performances yesterday.

"Everyman" Morality Play.

Here is the story of "Everyman," the old English Morality play, which is to be revived by the Ben Greet players at the Grand Saturday afternoon, Nov. 16. After a brief prologue spoken by the messenger, the action opens when the Deity, looking down upon the sinful earth, perceives how "Everyman" liveth after his own pleasure, as if ignoring the utter uncertainty of the tenure of the human life. He, therefore, calls upon Death, his "mighty messenger," to proceed against "Everyman" and summon him to undertake a pilgrimage which he in no wise may escape, and bid him to reckon with him without delay a sure reckoning. Death delivers his message to "Everyman," who tries in vain by pleas and bribes to turn the summoner away. Then, having received a hint that he should "prove his friends, if he can," to see whether any of them is so hardy as to accompany him on the journey which he must take, Everyman, left alone to his terror, begins to think of appealing to his old friend Fellowship, his comrade in many a day of sport and play, to go with him. Fellowship, accosted as he passes over the stage, is full

was one of the best musical numbers on the bill.

Shields and Rogers, cowboys from the woolly west, gave an exhibition of lariat throwing that would make Buffalo Bill or Pawnee Bill sit up and take notice. The somewhat novel act was well received.

A Real Thriller.

A fair-sized house witnessed the new thrilling melodrama, "Little Heroes of the Street," at the Grand last evening. The presenting company was a large one, and there were some fairly good people in it. The scenic effects were good.

FANCY SKATING

At the fancy skating competition at the Britannia Roller Rink last night, Miss Eva Bossey and Miss McAllister were chosen by the judges to compete in the final competition on Friday evening. The judges were Messrs. Kauffman, Bealer and McDonald. Two ladies will be selected each evening to go into the final. The management of the rink has arranged for special cars to be in waiting at the close of the evening sessions.

AN ESTATE DIVIDED.

The will of Margaret Henderson, Toronto, directs that the property of \$45,325.28 be divided into seven shares and distributed, one share each to William Henderson, Hamilton; John Henderson, Toronto; Margaret James, Toronto; Sarah Campbell, Buffalo, and Mary Piper Kelly, a daughter, and the last to be divided among the deceased's three grand-children.

NORMAL SCHOOL CONTRACTS

The Ontario Government has awarded to Purdy, Mansell & Company, of Toronto, the contracts for the heating, plumbing and ventilating of the new normal schools at Hamilton, Stratford, Peterboro' and North Bay. The contracts for the electric wiring in the same buildings go to Fred Armstrong & Company, Toronto. The aggregate amount of all the contracts is in the neighborhood of \$62,000.

Toronto Woman's Fatal Fall.

Toronto, Nov. 12.—While cleaning windows on the third story of a building at 150 York street yesterday, Ann Marratana Covuleina, a Roumanian woman, slipped and fell fifty feet to the sidewalk. Her head struck the cement and she was killed instantly. Dr. J. M. Cotton was called, but nothing could be done for her. The remains were removed to the morgue. The deceased was 46 years old. Her husband and family are in Roumania.

THE LABOR FEDERATION.

PRESIDENT GOMPERS' ANNUAL REPORT TO THAT BODY.

He Discusses the Labor Movement in Canada—Labor Knows No National Boundaries—Senator Loughheed's Bill—"No Reductions in Wages," the Watchword—Progress of the Federation.

Norfolk, Va., Nov. 12.—President Gompers, in his annual report to the American Federation of Labor, calls attention to the growth of the organization during the year, which, he says, has been one of the busiest in his lifetime.

Every effort will be made during the coming year to organize the unorganized all over the country. The effort begun last year by President Gompers to bring the Western Federation of Miners into the A. F. of L. will be renewed.

"No reductions in wages," is still the watchword. This policy, Mr. Gompers says, has had a good effect on industries; at no time has it had a greater effectiveness than during the recent weeks of financial stringency.

Mr. Gompers declares that the laws of supply and demand had a place in nature and in primitive conditions, but with the onward rush of science, man has made nature conform to his wants, and the original conception of supply and demand has been overcome.

He asks for the abolition of child labor; the organization of women workers, and for further spread of the eight-hour day. He remarks that the recent commercial telegraphers' strike was inopportune. He says that he advised the officers of the organization in advance of the impracticability of the strike.

Farmers in the Southern and Western States are organizing, pledging to give their patronage to the products of union labor. The law reducing the hours of labor for men working on the railroads is a step, but it is not satisfactory.

Referring to the labor movement in Canada, Mr. Gompers said: "It has been our purpose to aid and assist to the fullest extent of our ability our Canadian fellow-workmen. In the transaction of our affairs, we have regarded them as much as our movement is in part and parcel of theirs. Geographical lines have in no way interfered with the fullest development of fraternal relations.

Ignorant or prejudiced opposition to the beneficent work of the labor movement finds its counterpart in Canada, as it does elsewhere. In Canada an expression of that feeling was illustrated in a bill by Senator Loughheed, the purpose of which was to make it a criminal act for any person not a Canadian or a British subject to "incite workmen not to go out on strike in Canada."

Of course it is well known to those who participate in our movement and others who are not hostile that as a matter of fact our unions, our officers and our representatives do not "incite" workmen to go on strike either in the United States or Canada; that strikes

are entered into by workmen of their own volition after they themselves have determined upon this action, and when no other recourse is open.

The men of labor in Canada have as much right to conduct their own affairs as have any members of organized labor in the United States. It is not difficult, however, to discern that if such a law as Senator Loughheed's were possible of enactment, any aid which the labor men of Canada might ask of the United States trade unionists to go there and give would be construed as an act to "incite" other workmen in Canada to go out on strike. Organized labor of Canada, true to its own interests and to the welfare of all the people of the Dominion, as well as justice toward the labor movement of the United States, protested so emphatically that Senator Loughheed's bill was killed by an overwhelming majority in the Senate, and hence did not reach the House.

Secretary Morrison, in his report, says that the Federation has just completed the most successful year since its organization in 1881. The strike fund totals \$103,078.89. During the year 373 charters have been granted. There are now 72 central bodies for 1,723 federal unions. In the year there were 1,433 strikes, involving 130,271 men. The strikes cost \$9,990,859.34. Of this number 1,071 of the strikes were successful; 60 were compromised, and 124 lost. Of the men involved, 99,232 were benefited. The voting strength of the Federation has grown from 2,747 in 1897 to 16,419.

Treasurer Lennon reports that the total funds now in his hands are \$127,910.02.

LIBERALS ACTIVE EVERYWHERE

Meeting at St. Mary's To-night—Algonoma District in Leader's Tour.

The Liberal meeting which was announced for Port Rowan to-morrow night will be held instead at Port Dover, and the next night, Nov. 14th, there will be a meeting at Delhi. Both gatherings will be addressed by Hon. A. G. MacKay, M. P., Lieut.-Col. Atkinson, M. P., P., and Capt. Killmaster, Hon. Mr. Mackay will speak at St. Mary's to-night.

The Hon. A. G. MacKay, M.P.P., Mr. James Connee, M. P., and Mr. C. N. Smith, M. P., will address meetings at Port Arthur, Nov. 13th; Kenora, Nov. 19th; Rainy River, Nov. 21st; Fort Frances, Nov. 22nd, and Fort William, Nov. 23rd.

The other meetings arranged for the Hon. A. G. MacKay are: Goderich, the afternoon of Dec. 5th; Brussels, the evening of Dec. 6th; West Toronto, evening of Dec. 16th, and Bowmanville, in the evening of Dec. 17th.

Mr. Archibald Campbell, M. P., will attend the meeting to be held in St. Catharines on the evening of Nov. 16th, at which the Hon. A. G. MacKay is also announced to speak.

Waterworks for Chesley.

Chesley, Ont., Nov. 11.—A by-law was voted on here to-day and carried by 39 of a majority to expend \$38,000 on a system of waterworks. Only 225 votes were polled. Artesian wells will be the supply of water.

The Grand Trunk station and freight shed at Lonsborough were destroyed by fire on Monday.

PRICE OF ELECTRIC POWER PUT IN POPULAR TERMS.

Will the Hydro-Electric People Quote a Straight Rate Without Quibble?

Mr. L. G. Reade, who represents an English firm of gas producer engine manufacturers, and who has been much spoken of recently, has made a statement which must interest the public, now considering the Hydro-Electric scheme, and we reproduce it in part:

The highest efficiencies which have ever been obtained by any form of prime movers has been by gas engines, and as against the enormous expense of development and losses in long transmission and transformation of hydro-electric power when developed as a public utility, the cheapest known power in the world to-day is gas engines.

It was also stated by Mr. Beck that "you simply pay according to the highest peak load in any twenty minutes during the month."

"This is the most dangerous feature in the whole subject and the one least understood by the public.

"In other words you are to be charged for an amount of horse power for the entire month represented by the highest possible mark to which you go for only twenty minutes.

"There are forty-three thousand two hundred minutes in one month, therefore for 43,180 minutes you are paying for something which you don't get.

The Peak Load.

"For example, suppose that the twenty-minute peak (or top load) each month for twelve months should average say five thousand horse power, and suppose the commission names you a price of seventeen dollars and a half per annum per horse power (as recently intimated by Mr. Beck), what you really pay for and what you really get is this:

"Your load factor—that is your actual average horse power consumption (public or domestic lighting or power) will likely not average over fifty per cent. of the peak (or say 2,500 horse power). In this case you are paying just exactly twice \$17.50 or \$35 per annum per horse power for the actual power you consume. If your average horse power consumption is sixty per cent., then (based on \$17.50 peak rate) you are actually paying \$29; if seventy per cent., you are actually paying \$25, and so on.

Why Not Be Definite?

"Why all this indefiniteness of rates and bases upon which charge is to be made? The public doesn't understand it and never will understand it. Why shouldn't power be sold just as water, gas and every other public commodity is sold, at a fixed price per unit of quantity actually consumed and no more? "The whole subject of selling power as a public utility simply resolves itself to

this: A price per annum per horse power cannot be arrived at, and should not be attempted. It has got to be sold as all other utilities are, at a price per unit, measured through metres for actual quantities consumed. And there is not the slightest reason why any distinction should be made between the current, as used for lighting or used for power as a public utility, developed with public money and by public servants. It has no right to make one taxpayer pay more for what he gets than another. And in my humble opinion the people not only of London, but all over Ontario, should know definitely what price they must pay per unit of current actually consumed before they commit themselves to the erection of distribution stations.

If the commission is prepared to compete with unqualified guarantees which highly reputable English gas engine builders are ready to make, it must name a price of from one and a half to two cents per kilowatt hour for the actual quantity of current consumed without regard to "Peaks," "Load Factors," "Standbys," "Minims," or any other term which mystifies the consumer.

Plain Figures of Cost.

"At two cents per kilowatt (which means per 1,000 watts) your gas lamps for street lighting would cost you roughly \$36 per annum per lamp for current. At two cents per kilowatt hour your domestic lighting (16 candle power lamps) would cost only about one-twelfth of a cent per lamp per hour, which means that a residence equipped with say fifteen such lamps could let them all burn for five hours every night in the year and the lighting bill would be only \$35 or say \$3 per month.

At two cents per kilowatt hour the manufacturer would pay forty dollars for 3,000 actual horse power hours consumed, which, if considered on the peak load basis (as Mr. Beck puts it), would equal \$20 per annum per horse power; but he pays for nothing he doesn't get and he gets everything he pays for, and at two cents per kilowatt hour I can assure that a producer gas engine plant would yield a very satisfactory profit to its owners, whether it be a municipal or a private corporation.

A Challenge and an Offer.

"Now, I submit the question, 'Will the Hydro-Electric Commission make a flat price of two cents per kilowatt hour, for all purposes, with no ambiguous conditions in the contracts?'

"And as evidence of good faith I stand ready to install a producer gas engine plant anywhere in Ontario with an unqualified guarantee to produce current at one cent per kilowatt hour, including all operating costs, interest and depreciation."

POLICE CENSURED FOR CARNIVAL OF CRIME.

Ald. A. J. Wright Calls on Mayor, as Police Commissioner, to Take Action.

Pumps By-law Asking for \$50,000 Passed-- Waterworks By-law Referred Back Again.

Just before the City Council finished its two and a half hour session last night, Ald. A. J. Wright called the attention of Mayor Stewart, as one of the Police Commissioners, to the large number of hold-ups, petty robberies and crimes committed in the city during the past few months. Whether it was the inability of the officials to cope with it he was not prepared to say.

"I do not know whether it is the lack of activity in getting after the offenders," he said, "but I do think it is almost time something was done to wake up the police department. I call your attention to this because you are the Council's representative on the Board of Police Commissioners. We do not see half the reports of what does happen in the papers. I speak from experience. It is pretty raw business when your wife gets held up at 4 o'clock in the afternoon. It is going to be a nice state of affairs if this continues. It will mean that every man will have to carry a revolver in his hip pocket, and that is getting too much like the American Republic."

"While it may be very true that there are a good many hold-ups," replied the Mayor, "we have a very small staff of police to look after a city of 70,000. That is the answer the Chief will give. I am doing my best. He has asked for more men, and we have refused him."

"If we have not enough men or money I think it is time we procured them. There are a lot of new men on the force who might be utilized in getting information to round up these fellows. It is an expensive organization we are keeping up, and we should get better returns than we are getting," retorted Ald. Wright.

Ald. Bailey's Switch.

The Board of Works' request for permission to introduce a by-law for the construction of a siding from the Brantford & Hamilton Railway tracks on Main street, opposite the premises of Lake & Bailey, was granted.

Ald. McLaren, when the matter came up, wanted to know if it was not the custom when applications were made for licenses for them to come from the railway company. He desired to know if an application had been received from the Brantford & Hamilton Railway. At Ald. McLaren's request the opinion of the City Solicitor was heard.

Mr. Waddell said he knew of no application from the Brantford Railway, although he advised the solicitors for Lake & Bailey that an application would have to come from the company, so that it could enter into the agreement with the city.

Ald. McLaren asked that either the clause be allowed to stand until the railway made the application or moved that it be referred back. He said it was understood at the meeting of the Board of Works that the matter was to go before that committee again. This was the way Ald. Jutten understood it, too, although Chairman Sweeney said the idea was to give it one reading and then the solicitors could prepare the by-law.

Ald. Peregrine seconded Ald. McLaren's motion to refer the clause back.

There is a principle at stake in this," said Ald. Peregrine, who thought it was as well to divide the council at once.

The amendment was defeated on the following division:

Yeas (9)—Aldermen Kennedy, Lees, Kirkpatrick, Jutten, McLaren, Peregrine, Peables, Farrar, Anderson.

Nays (11)—Ald. A. J. Wright, Clark, Nicholson, Lewis, Gardner, H. G. Wright, Evans, Sweeney, Dickson, Allen.

Waterworks By-law Stands.

Ald. Dickson moved, seconded by Ald. Peables, that the waterworks by-law be referred back until after the new electric pumps were installed.

The by-law was a rather radical one, he said, and would change the entire system of tax collection in force for many years. Over and above the cost to run this department, \$100,000 was raised from this source of revenue.

Another thing Ald. Dickson said he could not understand was why certain people were picked out to pay 12 1/2 cents a thousand gallons. "Whether I use water for making beer, milk or washing it makes no difference," said the Chairman.

Ald. Dickson thought that even the 7 1/2-cent rate was excessive. The ordinary householder was paying far too much and if a rate was to be made on an assessment, why should it not be an equitable one? Ald. Dickson contended that the committee started at the wrong end by taking the stand that the large users were paying too much and that the ordinary users should be made to pay even more than they were paying to equal things up, instead of trying to afford them relief. The installation of the new electric pumps would mean a reduction from \$10,000 to \$12,000 in the cost of operating the department, and the matter should be carefully considered so the public could get the benefit instead of putting this money in the general fund.

The cost of operating the pumps at the Beach in 1905 was \$41,493, which meant that it cost 1.92 to pump a thousand gallons of water. Added to this the \$2,247 it cost for salaries, supplies and other incidentals, made the actual cost of pumping a thousand gallons 22 1/2 cents. The average rate per thousand gallons to pump the water in 1906 would have been 9.05. The ordinary householder paid from 40 to 50 cents a thousand gallons, and Ald. Dickson wanted to know where this difference was to be made up. He pointed out that the rate-payers were paying the capital cost of the general tax, so that there was no excuse to count this in estimating the cost of the water to the city.

Ald. Evans, in a long argument, argued with Chairman Dickson that the by-law should receive more careful consideration before being passed on. He contended that the poor man was being most unjustly taxed.

"The poor man in Hamilton gets the cheapest water on the continent of America," interrupted Ald. H. G. Wright.

Ald. Evans denied this. He said that

the ordinary householder paid twice as much as in Toronto. If extra funds had to be raised he advocated the straight tax, instead of hoodwinking the people by telling them they had a low assessment and making it up by excessive water rates.

Ald. H. G. Wright said that the poor man, getting his water for \$1.10 a quarter, was getting it cheaper than any place in the Dominion.

Chairman Clark thought the public generally were satisfied with the present rate. He argued that the independent boards should be charged for the water used, because they demanded their full pound of flesh, when the tax rate was struck.

Mayor Stewart took exception to the remarks made by the Mayor, that he was robbing the ratepayers by the water rates charged. In Toronto, he said, they collected four or five times as much in local improvements as Hamilton did. He advocated retaining the present system.

Ald. Peables said that the Mayor had boasted of the fact that Hamilton collected over \$100,000 on the waterworks system above expenses. This was something to be ashamed of, he thought. He asked if it was the intention when Hydro-Electric power was brought here to "soak" the people on the electric lights. There was as much justice in doing it on power as on water.

Ald. Peregrine and Ald. Farrar wanted the \$2 collected on baths struck off.

After the subject had been discussed for over an hour Ald. Lees decided the discussion was out of order, but the talkative aldermen kept on talking.

Ald. Sweeney moved in amendment, seconded by Ald. Baird, that the by-law be adopted, provided a uniform meter rate of 7 cents was made.

Ald. Sweeney later withdrew his amendment, and was given a severe raking over by Ald. Baird. "Stand by your guns!" thundered Ald. Baird. "Are you one of those weak-kneed aldermen who do the bidding of those higher up?"

Ald. Sweeney said he was acting on the Solicitor's advice.

"Don't be influenced by anyone," said Ald. Baird.

Ald. Dickson amended his motion and made it read to simply refer the matter back to the committee. This was carried, only five aldermen voting against it. They were Ald. Peregrine, McLaren, Kennedy, Lees and A. J. Wright.

Township Threatens Legal Action.

Although threatened with legal proceedings by the township of Barton, the Council adopted the new agreement recommended by the Sewers Committee, regulating connections made by township residents with city sewers. The agreement provides that before any connection can be made the applicant must sign the agreement; that he will pay the amount to be fixed by the city towards the construction, and also a rental; that he will not at any time oppose the construction of a sewer in front of the premises; and that he will comply with all other rules and regulations imposed by the city engineering department.

The letter written by Mr. W. A. H. Duff on behalf of the township was as follows:

"I am instructed by the township of Barton to draw the attention of your honorable body to section 5 of the proclamation of 13th March, 1903, and the agreement of 6th of March, 1903, entered into between the city of Hamilton and the township of Barton in reference to use of city sewers therein referred to, by residents of Barton. Under this proclamation the residents of Barton have the right to make connection with any of city sewers to which the agreement and proclamation refer, the connections to be made under city supervision and on payment of a reasonable rate for sewer connection, to be fixed by the City Council, subject to appeal to County Judge sole arbitrator. No doubt the proclamation and agreement were overlooked when the Sewers Committee passed and recommended their 15th report, which I understand is to come before your Council this evening for adoption, the sixth paragraph of which report is entirely inconsistent with said agreement and proclamation. And should the City Council in the face of this notice undertake to adopt and enforce the report of the Sewers Committee above mentioned, proceedings will be taken by the township of Barton to enforce the agreement above referred to between the city and township in all its terms, and to restrain the city from imposing any other conditions."

Good Roads By-law.

Before the Board of Works' report was adopted, Ald. Peables pointed out that there was a probable overdraft of \$7,000 or \$8,000 for work that was not provided for in the beginning of the year. He thought it was time something should be done, and wanted to know if there was any scheme in view to submit a local improvement by-law.

Chairman Sweeney said at the next meeting of the Board of Works he intended taking the matter up, and if the aldermen approved of it to submit a by-law for \$200,000 or \$300,000. Over half of the Board of Works' appropriation had been expended on permanent roads and sidewalks, and he thought it was time some action was taken to go into an extensive scheme of permanent roads and walks.

Mayor Stewart suggested that the whole Council should have an informal meeting to discuss the matter.

Ald. Farrar wanted to know what had become of the special committee appointed earlier in the year.

Ald. Evans thought this was the committee to deal with it, and the Council agreed.

The Traffic By-law.

The new traffic by-law to regulate driving and riding on the highways received its third reading. It is as follows:

Every person driving or riding a horse or riding on a bicycle or other vehicle, or running a motor vehicle along any street in the city shall, as far as practicable, drive or ride along the right side of the centre line of the street, and when turning into another street, wherever practicable, proceed from the right side of the

centre line of the street on which he is driving to the right side of the centre line of the street into which he is turning. No person driving or riding a horse or riding on a bicycle or other vehicle, or running a motor vehicle along any street in the city shall turn from the left side of such street into another street, but if on such left side he shall, if practicable, cross to the right side of the centre line of the street on which he is driving or riding before turning into another street.

Every person driving or riding a horse or other vehicle, or running a motor vehicle along any street in the city shall, in stopping or dismounting, drive close to the curb or gutter, so as to allow the free use of the street.

Nothing in the preceding sections shall prevent persons passing to the opposite side of the street for the purpose of stopping or dismounting or for any other necessary purpose, but in so doing they must use extra precaution so as not to get in the way of or endanger other persons riding or driving in the opposite direction.

The following portions of King street shall for the purposes of this by-law be deemed a street, namely:

(a) That part between James street and John street south of Gore Park and Gore Park extension;

(b) That part between James street and John street north of Gore Park and Gore Park extension;

(c) That part between John street and Catharine street south of the south rail of the Hamilton Street Railway; and

(d) That part between John street and Catharine street north of the south rail of the Hamilton Street Railway.

No person shall cross over or turn at the intersection of King and James streets while driving or riding a horse or riding on a bicycle or other vehicle, or running a motor vehicle, at a higher rate of speed than three miles an hour, or shall turn at the intersection of any other street while driving or riding at a higher rate of speed than four miles an hour.

Any person found guilty of a breach of this by-law shall be liable to the penalty imposed by revised by-law No. 68 of this municipality.

\$50,000 for Pumps.

The Fire and Water Committee at a special meeting held in the afternoon decided to recommend that a by-law for \$50,000 for electric pumps for the Beach pumping house be submitted to the rate-payers. The committee called for tenders on both Hydro-Electric and Cataract power.

Chairman Clark referred to the story told by Captain Bongard about the sand-sucker and the filtering basins and asked that the Fire and Water Committee be authorized to investigate it.

"As long as it costs no money," assented the Mayor joyfully.

The Council gave the new by-law regulating the sale and storage of oils and inflammable material in the city limits two readings and referred it back.

Ald. A. J. Wright called that in its present shape the by-law would prevent nearly all the hardware dealers from handling oils in large quantities.

The Council on motion of Ald. Dickson seconded by Ald. Bailey, moved that the Postmaster-General be asked to order the vesting of the Office keys, a Samaritan to the sick whom she visited, a friend to the worried, wounded and sick soldier; and finally, Queen Victoria's kindness to the poor and unfortunate, her unselfish sympathy, her deep concern for those who were the nation's shield in the wars which afflicted Britain during her reign; her popularity, her courtesy to those in the various walks of life, her pure and noble life, and her touching devotion to the memory of her Consort, Prince Albert. "Princess indeed!" all these have been witnessed. And it is a notable fact that her nobility of character was not surpassed by any of her predecessors; that the example of Queen Victoria and the Prince Consort in the practice of every domestic virtue, their stainless lives, their piety and careful education of the royal children had borne rich fruit in the stability of the throne, and has obtained for Great Britain's royal family the respect and admiration of the world.

FRUIT BETTER THAN DRUGS

MODERN WAY TO CURE DISEASE

Wonderful Results in Kidney, Liver and Skin Troubles.

Apple juice is the natural liver tonic and increases the flow of bile. The bile, secreted in the liver, is the only purgative common to the human system. Apple juice also stimulates and strengthens the kidneys. Orange juice beautifies the skin and complexion, and will cure all skin diseases. Prunes increase the digestive fluids, strengthen the stomach, and build up digestion.

The medicinal part of fruit is much less than one part in a hundred. That is, in one hundred pounds of apples there would not be a pound of the bitter substance that cures kidney and liver troubles.

An Ottawa physician discovered a method by which he combined the juices of apples, oranges, figs and prunes in such a way that an additional quantity of the bitter principle was added to the new compound. Then he further added rare tonics and internal antiseptics which greatly assist the intensified fruit juices in curing disease.

"Fruit-a-tives" is the name of this new discovery and thousands of people owe their good health to its virtues. For Constipation, Biliousness, Rheumatism, Neuralgia, and all diseases of the Stomach, Liver, Kidneys, Bowels and Skin, it is a certain and speedy cure. If your druggist does not handle "Fruit-a-tives," also will. Enclose price—50c a box; for \$2.50—we will send your order postpaid. Fruit-a-tives Limited, Ottawa, Ont.

A Princess Who Became a Queen.

The hour came. A maiden was no longer a Princess, but a Queen. Who was the maiden who came from a Princess' palace to Britain's throne? Victoria. She was a wise and gentle ruler. She consolidated her throne; captivated the affections of the multitude; won the respect of thoughtful men; was not only talented, but revealed a character rich in natural gifts, richer in a heart that responded with instant sympathy to the joy or sorrow of the humblest of her subjects; was a sincere Christian, a Samaritan to the sick whom she visited, a friend to the worried, wounded and sick soldier; and finally, Queen Victoria's kindness to the poor and unfortunate, her unselfish sympathy, her deep concern for those who were the nation's shield in the wars which afflicted Britain during her reign; her popularity, her courtesy to those in the various walks of life, her pure and noble life, and her touching devotion to the memory of her Consort, Prince Albert. "Princess indeed!" all these have been witnessed. And it is a notable fact that her nobility of character was not surpassed by any of her predecessors; that the example of Queen Victoria and the Prince Consort in the practice of every domestic virtue, their stainless lives, their piety and careful education of the royal children had borne rich fruit in the stability of the throne, and has obtained for Great Britain's royal family the respect and admiration of the world.

Victoria's court was pure; her life serene; God gave her peace; her land reposed; A thousand claims to reverence closed In her as mother, wife and Queen.

It was during the first year of Queen Victoria's reign that a mother had an audience with the good and noble Queen, and pleaded for the life of her son, a young officer in one of the regiments of the British army, who had been the subject of envy of some of the other officers of said regiment, because of his father's rank, and because he was the only son of a long and noble line. The mother, who was a widow, and who had no other children, begged the Queen to do what her father could not do. Queen Victoria listened to the mother's pleadings, and with the sympathy, love and graciousness which ever characterized her long reign and made her so beloved by all nations, she spared the life of the condemned boy. Her mother who pleaded for the life of her son, was no other than the sister of the writer's grandmother. The father of the young officer whose life the Queen spared at one time brought British troops to Quebec, Canada.

The writer is also proud to say that his father's great grandfather was Sir Thomas Thompson, paymaster in King George III's army, and his grandfather and grandfather's Bell's families help to make the history of Scotland; that some thirty years ago a monument was unveiled to the memory of William Bell, an ancestor, who was shot on the moors of Scotland at the close of the persecution of the Covenanters, and that the blood of the British flows in his veins.

Of course a complete account of the life and reign of Queen Victoria, the legislative measures and history of her time, would require volumes. Yet we may observe some of the leading features and chief events of her reign.

"Behold Queen Victoria's fame! The times come, and her reign showed that the woman also had come. Gratefully may every Briton point to that exalted fame which rising like a pinnacle of the Alps breaks through the firmament above to carry up the name of Victoria. Her name! An emblem of the highest and purest ideal of British power and growth. Her name! A glorious tradition in the annals of England. Who was the Queen whose fame had become such, even beyond the bounds of the British Empire, that no death in the history of the world created such immediate commotion as hers? Victoria. Of the earth, thy name went far unto the islands." Heaven is her home; earth and its records will keep her fame. For of all whom she meets and dwells with there, no one held a higher trust; no one has been more loyal to it; no one has left a work behind more grand.

To speak of her name recalls the growth of a great people; it was a part of the life of every statesman who led in the government of "the true kingdom"; part of the literature, the public life, the social system, the religious expansion, the imperial growth of that time. Her name! A light to those in the pathway of right living and thinking. But Queen Victoria was much more than

DR. BEATTIE NESBITT

HAS SENT IN HIS RESIGNATION AS REGISTRAR.

Letter Sent to Hon. J. J. Foy—Steps Down and Out of His Own Volition—Will He Run Both for Mayor and Member?

Toronto, Nov. 12.—Dr. Beattie Nesbitt is no longer Registrar of West Toronto. His resignation has gone in to the Government in the shape of a letter to Hon. J. J. Foy, and an official announcement will probably be made to-day.

When Dr. Nesbitt sought the election that a sinecure grants it was for the purpose of regaining health and strength, for he never intended to definitely leave public life. That object accomplished, the doctor is in the field again, eager for the fray, but the question is, in what direction is he going to turn his energies? That he would come out as a candidate for the Mayoralty was very strongly hinted at recently, but Dr. Nesbitt has given no public intimation of what he proposes to do.

Among local Conservatives there have been some who are persistent in their belief that he is successful or not in his campaign for the Mayoralty, supposing he enters the field. Dr. Beattie Nesbitt would also be a candidate for one of the new Toronto seats to be created by the redistribution bill next session.

A Soft, Velvety Skin

Is produced by using Jersey Balm. Thousands of bottles have been sold in Hamilton, and no toilet preparation has given such universal satisfaction, and whose skin and whitens the skin, prevents tan, freckles and pimples, and is a perfect cure for chapped hands, roughness of the skin, etc. Sold only at Gerrie's drug store, 32 James street north, Price, 25 cents.

BORN AFTER MOTHER'S DEATH.

Child is Normal and Has Every Prospect of Living.

Webster, Mass., Nov. 11.—An operation performed on Mrs. Adam Massick 19 minutes ago, and a healthy baby brought into existence, a healthy baby boy, who, the physician, Dr. J. O. Demeroux, predicts will live.

The child is in all respects normal. The fact that he is alive is regarded by the physician as remarkable. Mrs. Massick, who was 30 years of age, and whose husband is a mill employe, was ill three days with congestion of the lungs. She died at 9 o'clock. Dr. Demeroux said to-day: "In the last twenty years I have seen three other cases like this, but the children, while alive at birth, never lived more than 10 minutes afterward. This child gives excellent promise of living."

Make Your Own Prices.

Tell us what you want and we will make the best case. Our winter caps and sweaters 25 per cent off, double-breasted cardigans, \$1.00. The workman's place. M. Kennedy, 240 James north.

Killed by Falling Down Hatchway.

Ottawa, Nov. 11.—John W. Kearns, an employe of the Silicate Brick Company, was killed by falling from a hatchway as the result of injuries received when he fell down the hatchway of a barge on which he was working yesterday.

Then he further added rare tonics and internal antiseptics which greatly assist the intensified fruit juices in curing disease.

"Fruit-a-tives" is the name of this new discovery and thousands of people owe their good health to its virtues. For Constipation, Biliousness, Rheumatism, Neuralgia, and all diseases of the Stomach, Liver, Kidneys, Bowels and Skin, it is a certain and speedy cure. If your druggist does not handle "Fruit-a-tives," also will. Enclose price—50c a box; for \$2.50—we will send your order postpaid. Fruit-a-tives Limited, Ottawa, Ont.

A Princess Who Became a Queen.

The hour came. A maiden was no longer a Princess, but a Queen. Who was the maiden who came from a Princess' palace to Britain's throne? Victoria. She was a wise and gentle ruler. She consolidated her throne; captivated the affections of the multitude; won the respect of thoughtful men; was not only talented, but revealed a character rich in natural gifts, richer in a heart that responded with instant sympathy to the joy or sorrow of the humblest of her subjects; was a sincere Christian, a Samaritan to the sick whom she visited, a friend to the worried, wounded and sick soldier; and finally, Queen Victoria's kindness to the poor and unfortunate, her unselfish sympathy, her deep concern for those who were the nation's shield in the wars which afflicted Britain during her reign; her popularity, her courtesy to those in the various walks of life, her pure and noble life, and her touching devotion to the memory of her Consort, Prince Albert. "Princess indeed!" all these have been witnessed. And it is a notable fact that her nobility of character was not surpassed by any of her predecessors; that the example of Queen Victoria and the Prince Consort in the practice of every domestic virtue, their stainless lives, their piety and careful education of the royal children had borne rich fruit in the stability of the throne, and has obtained for Great Britain's royal family the respect and admiration of the world.

Victoria's court was pure; her life serene; God gave her peace; her land reposed; A thousand claims to reverence closed In her as mother, wife and Queen.

It was during the first year of Queen Victoria's reign that a mother had an audience with the good and noble Queen, and pleaded for the life of her son, a young officer in one of the regiments of the British army, who had been the subject of envy of some of the other officers of said regiment, because of his father's rank, and because he was the only son of a long and noble line. The mother, who was a widow, and who had no other children, begged the Queen to do what her father could not do. Queen Victoria listened to the mother's pleadings, and with the sympathy, love and graciousness which ever characterized her long reign and made her so beloved by all nations, she spared the life of the condemned boy. Her mother who pleaded for the life of her son, was no other than the sister of the writer's grandmother. The father of the young officer whose life the Queen spared at one time brought British troops to Quebec, Canada.

The writer is also proud to say that his father's great grandfather was Sir Thomas Thompson, paymaster in King George III's army, and his grandfather and grandfather's Bell's families help to make the history of Scotland; that some thirty years ago a monument was unveiled to the memory of William Bell, an ancestor, who was shot on the moors of Scotland at the close of the persecution of the Covenanters, and that the blood of the British flows in his veins.

Of course a complete account of the life and reign of Queen Victoria, the legislative measures and history of her time, would require volumes. Yet we may observe some of the leading features and chief events of her reign.

"Behold Queen Victoria's fame! The times come, and her reign showed that the woman also had come. Gratefully may every Briton point to that exalted fame which rising like a pinnacle of the Alps breaks through the firmament above to carry up the name of Victoria. Her name! An emblem of the highest and purest ideal of British power and growth. Her name!

TIMES SPORTING PAGE

ARGONAUTS ARE CONFIDENT.

Boatmen Think They Will Defeat the Tigers.

Montreal Paper Reviews the Interprovincial Teams—Ottawa Players Blamed for the Row Last Saturday—Wrestling at the White House in Washington.

Toronto, Nov. 12.—That memorable battle at Varsity oval last fall, when the Hamilton Tigers beat the Argos in the last three minutes of play, has been sticking in the crops of the oarsmen ever since, and a determined effort to dislodge it will be made here on Saturday, when the Canadian champions come for the final game of the year.

To give the great Tigers a beating would be balm for the loss of the Canadian championship. The oarsmen will line up the team which gave the coming Montreal champions a 9 to 7 battle here on Thanksgiving Day, while the Mountaineers will have as good a team as can be presented without Ben Simpson.

Gordon Southam, the sensation of the year, will be back in the game after being laid up with a wrenched ankle, Pete Flett, the dashing Argonaut, will be in harness again, and a great punting duel is looked for between this pair.

Coach Dr. Wood would rather beat Hamilton once than Montreal twice, and the Argos will be out every day this week in preparation for what promises to be the best local game of the season.

LAST SATURDAY'S BIG GAME.

Montreal Gazette: Montreal played a game that was a revelation to those who had disappointed in the battle with Hamilton. From the start the team had Ottawa on the defence most of the time, and in the last quarter the warriors from the capital were played off their feet.

Coach Dr. Wood would rather beat Hamilton once than Montreal twice, and the Argos will be out every day this week in preparation for what promises to be the best local game of the season.

FREE KICKS. A game that is attracting great attention is that to be played at Ann Arbor next Saturday between Pennsylvania and Michigan.

Windsor has some husky football teams which would make good material for the O. R. F. U., along with London, Strathroy, Petrolia and Sarnia, but the Windsorites play the American game with Detroit and other Michigan teams as their opponents.

The Yale-Princeton game on Saturday is attracting much attention. Thus far this season no team has been able to cross the Yale goal line, or in any manner to score against her, while Princeton has lost one game, and has had eleven points scored against her.

Globe: Some idea of the strength of the Hamilton Y. M. C. A. team in the O. R. F. U. junior series may be gained from the fact that St. Jerome's College, beaten at Hamilton on Saturday by 53 to 5, had not been scored on until that game, and had run up a total of 135 for themselves.

CRIBBAGE CLUB. Interesting Game at Liberal Club Quarters Last Night.

Last night was cribbage night at the Arcade, a goodly number of players assembling in the checker room for the weekly game. The sides were drawn, even and odd, again and a very close game was played, the even side winning by 21 to 19. The scores were:

Table with columns: Name, Score. Hill 5, Stevenson 5, Omand 5, Mansfield 2, Hazel 2, Allan 7, Hyslop 7, Tufford 7, Jarvis 2.

FOR TEDDY R. A Wrestling Bout at the White House Yesterday.

Washington, Nov. 12.—An exhibition of Japanese wrestling was given in the east wing of the White House yesterday before President Roosevelt, the Japanese Ambassador, and a number of friends of the President. The bout was directed by Kniemon Hitachiya, champion wrestler of Japan, who is on a tour of the United States.

INTER-PROVINCIAL STANDING. Montreal 5, Hamilton 3, Ottawa 2, Argonauts 1.

FOOTBALL VS. SMALLPOX. Chicago, Nov. 12.—Commissioner of Health Evans yesterday issued an order that all members of the football team of the University of Chicago be vaccinated at once because two of the students at the university have smallpox.

OTTAWA LOSES FERGUSON. Ottawa, Nov. 12.—Peter Ferguson, quarter-back of the Ottawa team, made his final appearance in Canadian football in the Montreal game on Saturday. He has decided to return to his old home in Scotland, having better prospects there than he has in Ottawa at present.

"BIG FOUR" TEAMS COMPARED. Montreal Herald: At last the dearest ambition of Montreal, so far as the gridiron is concerned, has been realized, and the Dominion football championship will this year float over the Mountain City.

BOUT AT BOSTON. Boston, Nov. 11.—"Cyclone" Thompson, of Illinois, and "Kid" Goodman, of Boston, fought a twelve round draw before the Cooper Athletic Club last night. Both men were evenly matched throughout.

Rowdy Medicos in Paris. Paris, Nov. 11.—The officials of the University of Paris have ordered the medical school to be closed until January 1st, on account of recent demonstrations of students against two provincial professors.

The Czar will not attend the opening of the third Duma at St. Petersburg on Thursday.

Running as an Exercise.

Where are the champion runners of twenty years ago. Nearly all are dead. How many of the champion jumpers of twenty years ago are alive, and if alive, could compete with the jumper of today? How about oarsmen? Such athletic sports seem to make life shorter, while, on the other hand, weight throwing, wrestling, etc., seem to prolong life.

Fireside Baseball Story.

It was during a game at Cleveland last year between the Bostons and the would-be champions. Bradley was on second base, Turner was on first, and the swatting wonder, Lajoie, was at the bat. Jimmy Collins wiggled big Willie Dineen, the pitcher, to pass Larry, but everyone knows that Dineen hates to give passes.

Canada News Via England.

Leeds, Eng. Nov. 12.—Some interesting news came to hand through Mr. John T. Myers, the late secretary of the Leeds Albion Cycling Club, whose many York friends will be pleased to hear of his well-being in Canada. He refers to a great twenty mile foot race for the Ward Marathon trophy, "in which," he says, "you will see your old Leeds athletic man, Harry Lawson, came in second. He ran a fine race, and was only just beaten by Tom Longboat."

Some Snap Shots at Sport and Sportsmen

Several Hamilton football fans have suggested an exhibition game here between the Tigers and the Oakdales, of Buffalo, the Buffalo champions. Manager Thompson does not look with favor on the proposal, however, as there is some doubt as to the amateur standing of the players is on the wane, since Montreal landed the championship, The Tigers, however, are confident of defeating their old rivals, the Argonauts, next Saturday. It is more than likely that Southam will again be in the line up.

SHORT ENDS.

Little Paragraphs of Sport from Far and Near. St. Louis, Mo., Nov. 12.—Frank Day, of St. Louis, to-day defeated Jos. Capron, of Galt, Ont., 50 to 46, in the sixth game of the national three-cushion billiard championship.

A. M. McKenzie. 3-10 Main St. E. Phone 452

SALLY PRESTON WON. KELVIN

Canadian Horse First Again at New York, at 16 to 5.

Aqueduct, N. Y., Nov. 12.—Dolly Spanker, the even money favorite with Glen Echo, easily won the Stony Brook Stakes at Aqueduct yesterday. The Canadian horse, Sally Preston, went over again at 16 to 5.

SADDLE AND SULKY. President T. H. Williams, of the Pacific Jockey Club, has sent notice to the Jockey Club of New York, that the entry of all the horses which raced at Norfolk, Va., would be refused at Oakland and all other tracks where the rules of the Pacific Jockey Club govern.

Silko, 2,000, by Moko, dam Silcon, owned by Joseph and Edward Madden, has been sold to George H. Ketchum, of Cleveland, for Louis Winans, of Brighton, England, who has also bought the trotting mare Jenny 2.10, from a Kalamazoo man. Silko won the Kentucky Futurity last year. His price was said to be \$10,000.

The entries for the Burns Handicap of \$10,000, a mile and a quarter, to be run at San Francisco Jan. 25th, include: Judge Nelson, W. H. Carey, Arimo, Mark Antony II., Madison, A. Muskoday, Pleak, Gigalight, Wing Ting, Colonel Jack, Joe Coyne, Red Leaf, True Wing, Neva Lee, Light Wool, Wexford, Peter Sterling, Jacomo, Edwin Gum, Monaco Maid, Geo. S. Davis and Hugh McGowan, a big representation of Canadian circuit horses.

MONTREAL FRANCHISE. What Will Happen Now That Fire Destroyed Stand?

Montreal, Nov. 12.—Considerable discussion has been going on here all day in regard to the probable effect of the burning of the grand stand at Atwater Park on the future of baseball in Montreal. Last season was a very unprofitable one for the club-owners, and they dropped over \$10,000, but only recently Mr. Farrell, of New York, stated that the franchise would stay here until he could put a winning team in the field.

MRS. EDDY HONORED. Leader of Christian Science and Her views With Disturbing Results.

Boston, Nov. 11.—Mrs. Mary Baker G. Eddy, the leader of the Christian Science denomination, has been awarded a diploma of honor by the international exposition of book and paper industries recently held in Paris, of the Christian Science Publishing Society, and is as follows: Paris, L'Octobre 23, 1907.

Dear Dr. McKenzie: It gives me sincere pleasure to inform you that, on my recent return, the highest award, and prize, was made to your exhibit by the international jury at this exposition.

A diploma of honor was awarded Mrs. Eddy as the founder of Christian Science. Very sincerely yours, W. H. Tolman, Commissioner American Section.

The exhibit spoken of in Dr. Tolman's letter was made up largely of Mrs. Eddy's writings.

WON WIFE WITH 3 BASE HIT. Ball Player Who Saved the Game on Homeyoun With Bride.

Worcester, Mass., Nov. 11.—Through a three base hit made while he was a member of a baseball team an acquaintance sprang up between Harold Heald of Dorchester and Miss Von Schoeppe, of Somerville, and now they are on their honeymoon.

In a game of ball a year ago at which the bride was an interested spectator Heald was at the bat at a critical point in the game. She called from the grand stand that if he made a hit he could wear her colors.

Heald grasped the bat with a firmer clutch and sent the ball sailing out for three bases.

TAKES OVER LAZARETTOS. Federal Government Has Accepted Administration of Leprosy.

Ottawa, Nov. 11.—The Government of the Dominion, under the Act of last session, has accepted the administration of leprosy throughout Canada. At the Tracadie, N. B., lazaretto there are 16 inmates, nine males and seven females. One death occurred last year. The use of chaulmoogra oil in the hospital has given satisfactory results, especially in the early stages of the disease and even in advanced cases it alleviates suffering and prolongs life.

FISHING BANK'S DEATH TOLL. Seven Vessels Lost and 123 St. Pierre Men Drowned.

Halifax, Nov. 11.—The average catch of St. Pierre fishing vessels in the season, which averaged 1,750 quintals for each of the seventy-one schooners, shows a marked increase over previous years and has restored business activity in that section of the French colony. One of the vessels sailing out of St. Pierre, seven of them were lost in which 123 souls were victims, the majority of whom left large families.

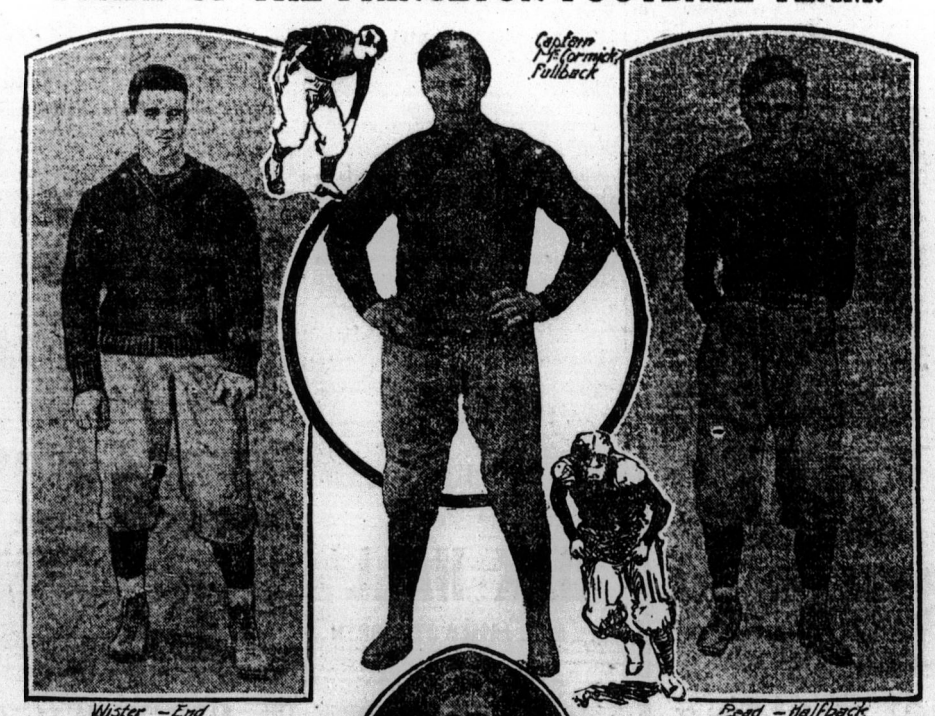

Largest ship owners, and, therefore, the takers of largest catch, were Morue Francaise Company, who had twenty vessels, whose total catch amounted to 30,968 quintals. Five of their vessels were lost with all on board.

The Madeine, with twenty men, was never heard of since leaving the French colony on her first trip.

The total catch of the French fleet is 120,000 quintals of fish worth nearly eight hundred thousand dollars.

A CANADIAN MAYORESS. St. Catharines, Nov. 9.—Mr. W. L. Hepton, the new Lord Mayor of the city of Leeds, England, who has just been elected by acclamation, is a gentleman well known in Canada, where he has travelled extensively in the interests of his firm, Hepton Bros., Limited. He is also well known in Muskoka, being the owner of Loon Island, on which he has erected one of the best summer houses in the district. He has a Canadian wife, born in St. Catharines, the eldest daughter of Mr. and Mrs. Robert McLaren, Bleak House.

STARS OF THE PRINCETON FOOTBALL TEAM.

Wister - End, Road - Halfback, and other players from the Princeton football team.

BOUT AT BOSTON.

Boston, Nov. 11.—"Cyclone" Thompson, of Illinois, and "Kid" Goodman, of Boston, fought a twelve round draw before the Cooper Athletic Club last night.

To cure a cold in one night—use Vapo-Cresoline. It has been used extensively during more than twenty-four years. All druggists.

WATER SUPPLY FOR BEACH.

Commissioners are Having Plans Prepared for Separate System.

Burlington May Negotiate with Hamilton to Supply Water.

Appeal Against Martin Estate Laid Over Until Saturday.

The Court of Revision yesterday afternoon postponed the Martin Malone appeal against the assessment on the Martin estate because proper notice had not been served on the trustees of the estate. The court will take the case up on Saturday morning at 10 o'clock and Mr. Malone announced that he would subpoena the trustees of the estate to appear and make a declaration as to Mrs. Martin's income. Mr. Malone also secured an order from the chairman asking T. H. A. Begue, Clerk of the Surrogate Court, to produce a copy of the will of the late Edward Martin, K. C., and any other papers in connection with the estate.

The Federal Life's appeal was referred to the assessment department to be adjusted on the basis of the ratio of the rental paid by the various tenants to the total assessment of \$150,000. The business assessments will be on tax assessments arrived at in this way.

Moore & Davis, on various property around the city on which the total assessment aggregated \$28,600, got a reduction of \$1,200.

John Brill, 86 Magill street, appealed against \$1,000 income and the court struck off the whole amount.

The Beach Commissioners evidently intend entering upon their extensive scheme of improvements on the sand strip without delay. They have requested City Engineer Barrow to prepare a plan for a system of water supply for the beach residents. Instead of getting the water from the city, as was expected, they are figuring on a separate system, using a small electric pump of sufficient capacity to meet the demand for domestic purposes and fire protection.

The idea suggested some time ago of Hamilton, when it got the new electric pumps installed, supplying surrounding places with water appears to be meeting with favor. Dundas is now negotiating with the city with a view to making an arrangement of this kind, and it is said Burlington will shortly ask for a conference on that subject.

The waterworks officials are very much annoyed at the waterworks by-law, on which so much time has been spent, being referred back again. They say it is impossible under every service meter to get a by-law that will not discriminate. About \$6,000 has been spent this year putting on metres, and they say that unless the by-law is passed this money is wasted.

The work of cleaning out the James street reservoir was begun at 5 o'clock this morning, and the pressure had dropped to 25 pounds by 9 o'clock. The Barton street reservoir is being used in the meantime.

Mr. Barrow says that Contractor Lyne began repairing the frame work on the sanducker this morning.

Alex. Milne was granted a permit this morning for a brick house on Mary street, between Wilson and Kelly street. It will be done by day labor.

The Parks Board will hold its regular meeting at 4 o'clock to-morrow afternoon.

The special committee to investigate the City Engineer's department with a view to reorganization will meet to-night, when it is expected that some definite course will be decided upon.

Dr. Roberts, Chairman Quinn and Mr. Thomas Crooks of the Board of Health had a conference last evening with General Manager Hawkins of the Cataraugus Power Company regarding the proposal to fill in Coal Oil Inlet. Mr. Hawkins promised to give them a written report shortly of the estimated cost and other information.

BARBERS DENY IT.

Masters Say None Has Applied to Get Card Back.

A meeting of the East End Master Barbers' Association was held last night, and all of the bosses who decided to ignore the order of the Journeymen Barbers' Union reported that they intended to continue keeping open after 11 o'clock on Saturday nights and on the mornings of holidays falling on Monday. One of the bosses said this morning that there was no truth in the statement published last night that three of the shops had applied to have the union cards again. He said further that there are union cards in four shops that have been kept open both Saturday nights and in one case the secretary of the union was told to call for the card. He said the union apparently was anxious to "back" only the leaders of the movement to keep open on Saturday nights.

Tyrrill's Xmas Furs and Jewellery.

Tyrrill's at Hotel Cecil evenings until Friday only this month, showing an extensive line of reliable furs, Xmas dresses, watches, rings, jewellery, umbrellas, etc., at moderate prices. Call or have Tyrrill or his agents call. Business confidential. Terms easy.

Physical culture never extends to carrying other people's burdens.

TEA TABLE GOSSIP.

—Mr. John Douglass, who underwent an operation yesterday, is progressing favorably.

—J. Rock was in Police Court this morning all by himself. He was fined \$2 for acting disorderly in a dance hall on King street east last night.

—Song recital by Miss Gwendolene Holliday, assisted by Mr. Maurice Poirer, violinist, and Mr. W. H. Hewlett in Conservatory concert hall, Thursday evening at 8.30.

—Major T. G. Walker and Mrs. Walker, of Bridgeburg, formerly of Ancaster, which Major Walker represented for years in the County Council, are in the city to-day.

—Mrs. Julie Wyman, the music teacher who committed suicide in New York, was well known in this city and sang considerably in public.

—Caron (Sask.) Enterprise: William Lorie, the manager of the Moons Jaw branch of the Bank of Hamilton, has been appointed assistant inspector, with headquarters at Winnipeg.

—Sportsmen who are returning from the shooting districts report that they have not been as successful this year as in the past. Birds are not as plentiful, and are very wild. Deer are also reported to be less numerous.

—Judge Snider gave judgment in the suit of Austin Carty vs. James Henry and H. M. Kinsman and W. H. Caverhill, of the Hamilton dental parlors, for \$65 and costs against Henry, but he dismissed the action against the other defendants.

—Centenary Literary Society held its regular meeting last evening, when an interesting discussion on the third act of Macbeth was led by Mr. E. S. Hogarth. Miss Annie Sutherland rendered most acceptably the song "My Ain Folk."

—Mr. Logliarino, Sherman avenue, who was injured by being thrown from his rig, which was struck by a Radial car at the Ferris street bridge the other day, is progressing favorably and will be able to leave the Hospital before long.

—Friends of Constable Bainbridge are urging him to make application for the position of detective, made vacant by the resignation of Detective Miller. Bainbridge has a good record, and was commended to the commissioners by the chief for his work in connection with the Pierson murder.

—Teacher, where is the postoffice? Scholars, opposite waugh's.

—Teacher, where is Sir John A. Macdonald's monument? Scholars, opposite waugh's.

—Teacher, where are they doing this week at waugh's?

—Scholars, having a hat sale, taking twenty per cent. off all the latest hats.

—Another noon meeting will be held in Silverman Avenue Presbyterian Church to-morrow, to which workmen and women are invited. Coffee will be served, free, to all who take their luncheons. The addresses will be given by Rev. J. A. Wilson, of St. Andrew's Presbyterian Church, and the Y. M. C. A. quartette will sing.

WHERE IS ZAMBOS?

Unconfirmed Rumor That He Had Died in Chicago.

The Olympia Restaurant, King street east, is closed and on the door a notice which says "Stock taking." James Zambos, a Greek, the nominal proprietor, has been missing for ten days, and many creditors are enquiring about him. The liabilities are about \$2,500, it is stated. His brother, John Zambos, who has been in charge of the store since a week ago Sunday, says he has had no word from the owner of the eating house, and he doesn't know where he is. There is a rumor among the Greek residents that Zambos was found dead in a hotel in Chicago last week, but it has not been verified.

The lease of the store is in the name of Mr. P. Christopher, who claims he has lost about \$1,500 in the deal.

HAS LOCKJAW

And Fred Mahon Has Little Chance of Recovery.

Fred Mahon, 113 John street south, lies dying in the City Hospital, the result of what was at first thought to be a slight accident, but which has developed into lockjaw with probably fatal effect. Mahon was employed on a vessel, and while working at Kingston, unloading a derrick slipped and injured his foot. Mahon was brought to Hamilton, and eight days after the injury, symptoms of lockjaw developed. On Sunday his condition became so serious that he was removed to the Hospital.

The patient's jaws became tightly locked, and last night he was seized with convulsions. He is resting easier to-day, but the physician attending him, Dr. Lafferty, says his chances for recovery are doubtful.

Mr. Mahon expected to receive captain's papers this year. He is a bright young man, and has many friends, who will regret his unfortunate fate.

ALLEGED SNATCHER.

Frank Anderson, who is well known to Hamilton sports as a road racer, was arrested at noon to-day by Constable Harry Sayers, while he was at work.

He is suspected of being the man who has been snatching purses on the mountain side on the Queen street steps. Mrs. Burgoyne is the complainant. Sayers has been on the track of Anderson for some time, and has been doing duty in plain clothes.

Teddy Bears.

The Teddy Bears have come to town—and they have made their headquarters at Stanley Mills & Co's. store. This store's big show window presents a merry scene just now. The Teddy Bears are having a picnic in the woods; some are fishing, some are playing games, some climbing trees, and the daddy of them all is carrying three little Teddies on his back.

Soon these little merry-makers will be picked up by Santa Claus for the good boys and girls of Hamilton, but in the meantime you must not miss seeing them.

Another feature of the Teddy Bears' visit is the Teddy Bear Limerick, which Stanley Mills & Co. are running this week. It costs nothing to compete, and there will be five money prizes given away. Take a try at it yourself, and be sure and see the window display

THE WEATHER.

FORECASTS.—Moderate to fresh westerly winds; fair and cold. Wednesday, southwest gales and showery.

WEATHER NOTES.

The area of high pressure has spread eastward and southward, and covers the larger portion of the continent, accompanied by a fairly low temperature. A disturbance is now coming in from the northward of Manitoba, and will probably move across the great lakes.

Washington, Nov. 12.—Forecasts: Eastern States and Northern New York: Partly cloudy in the north; unsettled weather, probably rain or snow in the south to-night or Wednesday; light to fresh north to northeast winds.

Western New York: Partly cloudy to-night and Wednesday.

LATE SPORTING NEWS

After the "Boys' Mutual Christian Club" meeting last night about 14 of the Harriers club ran a relay race to East Hamilton Association and back, making the distance in 24 minutes. The following boys took part and finished in this order:

E. Barclay and F. Crocker, first.
R. Anderson and W. Smith, second.
G. Cameron and A. Swanson, third.
I. Wilson and A. Church, fourth.
L. Smith and F. Crocker, fifth.
P. Dean and Guy Munson, sixth.
R. Bowron and W. Church, seventh.

Los Angeles, Cal., Nov. 12.—The City Council yesterday adopted a new ordinance which will regulate prize fighting in this city. It provides that contests are not to exceed ten rounds in length, prohibits the presence of a referee in the ring and forbids the use of any gloves lighter than six ounces.

RECOVERED THE COAT.

The local police have recovered a seal-skin coat which they say was stolen from a Toronto house by Louis Lawrence who was arrested in Burlington last week and taken to Brampton on a charge of breaking into the G. T. R. station there. He will probably go to Toronto on Saturday, and the Brampton authorities are through with him.

HAMILTON MAN.

SENTENCED TO FOUR AND A HALF YEARS IN SING-SING.

New York, Nov. 12.—(Special)—William Downing, a young man who said he was an iron worker and had never been convicted of a crime before, born in Hamilton, Ontario, where he had last been employed till eight months ago, in the Westinghouse Electric Works, was given a severe sentence yesterday by Judge Rosalsky in Part one of the Court of General Sessions for illegal voting. The Judge sentenced him to not more than four years and six months in Sing Sing prison for having, under the name of William Downing, of 18 Chatham square, and soon after voting under the name of Martin Hadin, in the sixth election district of the first assembly district. He said he had been drinking to excess on election day, and a friend, Martin Hadin, had asked him to go over and vote for him.

Judge Rosalsky was satisfied that Downing was a simple ordinary repeater and that he had been hired to vote illegally by some one "higher up" and had undoubtedly voted many times before finally arrested. He offered a very high fine for Downing if he would confess to how many times he actually voted and disclose the sum of money which he received and who the leader was who paid him and employed him to do the repeating. Downing seemed to have plenty of money, and he had an attorney, who intervened to move the court to deal leniently with the accused, but the judge would not relax unless he got a full confession as to the man higher up. This, under advice of Downing's counsel, was not given by the prisoner, and he left for Sing Sing this morning, without making any confession. It bids fair to be a celebrated case yet.

It's No Longer a Luxury
