## CONGREGATIONAL SOCIAL HELD IN CHATHAM

The first congregational social of the Chatham Presbyterian Church was held Thursday evening in the Masonic Hall building when the following programme was carried out with Mr. R. A. LeGie presiding.

Orchestra, composed of Elwood Shields, Piano, Isaac Rosenberg, Violin, Carvossa Walsh, traps.

Piano Duet, Miss Margaret Weldon, Miss Margaret Kerr.

Song, Rev. David Williamson. Piano Selections. Scottish Songs and Story, Rev. David Williamson.

Lecture, Among the Head Hunters of the South Sea Islands, Rev. R. M. Stevenson.

The Land of the Leaf, Rev. David Williamson.

Mrs. D. Henderson, was accompanist.

Delicious refreshments were served by the ladies and the evening programme came to a close with the singing of "Should Auld Acquaintance be Forgotten" and God Save the King.

Landry and James B. Dever, both dismissed for cause. In 1924, J. A. Greenham, Newcastle, N. B.

TO BE COMMISSIONER FOR THE PROVINCE OF STATUTE IN PLACE OF HENRY A. D. BOLTON OF FREDERICTON.

TO BE COMMISSIONER FOR THE PROVINCE OF STATUTE IN PLACE OF HENRY A. D. BOLTON OF FREDERICTON.

TO BE COMMISSIONER FOR THE PROVINCE OF STATUTE IN PLACE OF HENRY A. D. BOLTON OF FREDERICTON.

## FIELD COMMISSIONER BOY SCOUTS HERE

Mr. Harry Lister, Field Commissioner of the Boy Scouts Association has been in town for the past several days in the interests of the Boy Scouts and Girl Guides organizations. On Monday evening he organized a troop of St. Mary's Church. The work of organization took place in St. Mary's Academy and was largely attended by both boys and interested adults.

Father Leveque was chosen as Scoutmaster and Major Barry, Capt. Lege and Joseph Campbell Asst. Scoutmasters. This afternoon a troop of Cubs will be formed with Miss Bessie Creamer as Leader.

Before coming to Newcastle, Mr. Lister formed a strong group at Chatham on Friday evening, with Mr. Deacon as Scoutmaster and Messrs. G. Coytes and Cluney Reid as Assistant Scoutmasters.

Last Sunday afternoon the Field Commissioner addressed the St. Andrew's Sunday School and also the Sunday School pupils of St. James Presbyterian Church Congregation.

Tonight the Commissioner is meeting with the Girl Guides and Boy Scouts organizations in St. Mary's Academy, at which meeting all boys and girls, who are not already members of either organization and their adult friends are cordially invited to be present. At this general meeting the Commissioner will give an address and also demonstrate guiding and scouting in a practical way. It is hoped this meeting will be largely attended.

It is also proposed that if the leaders of the Boy Scout troops already organized, together with any other citizens who desire it, Mr. Lister will remain in town and give a series of lectures for three nights, beginning Wednesday of this week. This series of lectures will embrace a short course, made up of interesting addresses and demonstrations of the different phases of scouting, particularly with references to tenderfoot scouting, and such an opportunity should be taken advantage of.

From here the Commissioner will go to Chatham.

## PRESBYTERIAN SERVICES

### AT RED BANK

The Rev. David Williamson, preached to a large gathering of Presbyterians in the Orange Hall, Red Bank on Sunday afternoon. This is the same Mr. Williamson who preaches in Derby and Millerton and it is hoped he will remain a long time in this vicinity.

He put forth a great plea for young men and women, saying Canada needed men and women as it never did before. The church was calling for young men and women of calibre.

The Rev. gentleman will preach in Cassells on Wednesday evening of each week, providing he can get over from Millerton.

## AFFAIRS OF LIQUOR COMMISSION

Report by Richard Sullivan and Associates.

Hon. Mr. Tilley said on Thursday that shortly after the present Government took over office, it was decided to make an investigation of the affairs of the Provincial Liquor Commission and for this purpose, Richard J. Sullivan, Saint John, was appointed to make a report. This report is to the effect that the gross value of merchandise in the Government warehouse at Fredericton is \$257,940.36; that the assortment is poorly balanced and lacking in a marked degree the necessary higher brands; and that there is an overstock of domestic brands. The report says that loss sustained in extra freight by transporting goods from tidewater to the capital would be over \$7,000 and that if this warehouse was in Saint John, instead of Fredericton, this amount would be saved by the province. Several recommendations are made, including that of selecting a member of the board of commissioners, a man of practical experience, and having the requisite technical knowledge "and thus avoid a repetition of conditions as they exist today." Also the following: "We would recommend that after some fixed date the commission cease selling draught liquors except wine and alcohol for the reason that compounding and blending is practiced."

"We would also recommend that all bottled goods have a special label attached or fixed by the commission as a guarantee of quality and as preventative against smuggled goods. Our impression is that smuggling is extensively carried on and is seriously affecting the revenue of the province and every effort should be made to have this illegal business stamped."

The estate of the late W. B. Snowball, Chatham, has been admitted to probate Thursday, at \$118,000. The widow and deceased's two oldest sons, Harry Snowball, Vancouver, B. C., and Laurie Snowball, Port Hope, Ont., are appointed executrix and executors. Practically the entire estate is left to the immediate family of the deceased, the only public bequest being \$1,000 to St. Luke's church, of the United Church of Canada, here. The estate consists largely of personal property and is made up mostly of stock holdings in the J. B. Snowball Company, Ltd., and also, in the N. B. Telephone Co. Life insurance amounted to \$13,671.

## SNOWBALL ESTATE OF \$118,000

Life Insurance Amounted to \$13,671.

The text of the cable which comes from the Secretary of State for Dominion Affairs, is as follows: "His Majesty the King has commanded me to convey to your Excellency his sincere thanks for your message of condolence and to express his appreciation of the warm sympathy of the ministers and people of Canada in his bereavement."

## REV. DR. STEVENSON DECLINED CALL

The Presbytery of Miramichi was in session at Campbellton last week, Rev. F. G. McIntosh, intimated moderation in a call from the congregations of Newcastle and Chatham to Rev. Dr. Stevenson, accompanied with a guarantee of \$3000 salary and stated that the call was hearty and unanimous. Mr. Wm. Carruthers supported the call and testified to the unanimity of the Presbyterian people in Newcastle and Chatham in their desire to secure the ministerial services of Dr. Stevenson. The action of Mr. McIntosh was approved, the call sustained, and handed to Dr. Stevenson, who stated that while he appreciated the honor of receiving this invitation, he felt it his duty having committed himself to another congregation calling, to decline this call to Newcastle and Chatham. Sympathy was expressed with those congregations, and they were encouraged to "try again."

## Mons. Doucett Ill Vicar-General of Chatham Diocese Suffering From Pneumonia.

Rt. Rev. Monsignor Doucett, Vicar General of the Diocese of Chatham, is critically ill at his home at Grand Anse with pneumonia. The venerable prelate was taken ill following his return from attending the Tribunal at Halifax recently in honor of St. John Eudes. His condition, while still serious, shows signs of slight improvement.

A few years ago Monsignor Doucett celebrated the fiftieth anniversary of his ordination to the priesthood. He is one of the oldest priests in the province.

## His Majesty Sends Thanks to Canada

The thanks of His Majesty the King for the expression of sympathy in the death of Queen Alexandra sent by the Governor-General on behalf of the people of Canada are expressed in the following telegram.

The text of the cable which comes from the Secretary of State for Dominion Affairs, is as follows:

"His Majesty the King has commanded me to convey to your Excellency his sincere thanks for your message of condolence and to express his appreciation of the warm sympathy of the ministers and people of Canada in his bereavement."

## HELD RECEPTION

On Thursday afternoon, Mrs. W. Harold Davidson, received for the first time since her marriage.

The bride wore a pretty gown of pale blue with silver trimmings, and carried pink roses. She was assisted in receiving her guests by her mother-in-law, Mrs. James Davidson, who wore blue velvet with silver trimmings. The room where the guests were received was beautifully decorated with roses and chrysanthemums. The dining room table was centered with roses. Mrs. Dr. Bell and Mrs. Percy Burchill paired, and those who served were Mrs. Osborne Brown, Mrs. Cantley, Pictou, N. S.; Mrs. G. McKnight, Mrs. H. Ritchie, Mrs. A. V. Tracy-Gould, Miss Nell Craggan and Mrs. David Ritchie. Miss Gertrude Davidson ushered. Miss Elizabeth Tracy-Gould opened the door, and looked very pretty in a dress of pink silk.

## PROV. GOVT. MAKE APPOINTMENTS

Among appointments made last week by the Government were as follows: W. L. ... of ... for the ... of ... resigned.

To be members of the Liquor Commission for New Brunswick in place of Hon. J. Fletcher Tweeddale resigned and Martin McGeer: Frederick C. Marcell, St. Stephen; and Arthur E. O'Leary, Richibucto.

To be Inspector of the Motor Vehicle Act in place of ... resigned: ... To be Commissioner for the Revision of Statute in place of ... resigned.

**Your Health**

It is a rare day in your experience when nobody says, "I am so nervous" No doctor ever kept his office hours without being told a long tale by somebody about nervousness.

I have before me as I write, a letter from "A Daily Reader" in Milwaukee, asking "what causes nervousness and what must one do to overcome it?" She wants an article on this subject.

There are almost as many causes for nervousness as there are apples on a tree. Almost every such cause is a thing neglected, or a wrong thing done.

Loss of sleep, indigestion, worry, headache, eye strain, rheumatism, heart disease, Bright's disease, diabetes, undernourishment, discontent, self-abuse, overwork—almost all the uncomfortable things in the world may produce nervousness.

Nervousness is not a disease. It is a symptom. It is merely a sign of something wrong with you. It is Nature's way of warning you that you are not living as you should.

I am practical enough to know and to admit that it isn't easy and, indeed, it is not always possible to get rid of nervousness. It isn't easy to do it, because it is difficult to remove some of the causes of nervousness. It is utterly impossible sometimes to get rid of the exciting cause.

Fortunately for the distressed, a careful study of the individual is likely to determine what is wrong and then it is a simple matter to make correction of the evil.

I cannot hope to deal today with all the causes of nervousness. But I wish to tell you something about sleeplessness as a common cause that it deserves particular consideration.

You cannot feel right, or think or act right if you can't sleep. When you find the cause of sleeplessness and remove it, you will go far toward getting rid of nervousness.

The most common reason for not sleeping well, is some disturbance of the digestive organs. Constipation, intestinal fermentation, gas formation in the stomach, overeating, eating quantities of indigestible food, and failure of digestion because of shallow breath and lack of exercise—in this, you will usually find the cause of sleeplessness and, at the same time, the cause of the nervousness.

The mental condition is important but, in my opinion, the mental condition is more likely to be the product of physical causes, rather than vice versa. There is no doubt however, that worry, unhappiness, discontent and all forms of mind consciousness are responsible for the

**Parker House To be Demolished**

Boston, Mass., Nov. 24—The historic Parker House, birthplace of the famous "Parker House Roll" and since 1854, one of Boston's most celebrated hosteleries, has served its last breakfast. When the last guest had departed yesterday steps were taken for the demolition of the building to make way for a modern structure of 700 rooms.

The name of Charles Dickens is prominent on the list of celebrated persons who at one time, or another made the Parker House, their home. Dickens spent a winter there, and recently the Dickens Fellowship in Boston paid a farewell to the rooms which he occupied and which have been kept since as a literary shrine.

**Here and There**

During 1924 the 1,800 bee-keepers of Manitoba marketed 1,302,000 pounds of honey, valued at \$195,000, according to official returns by the Provincial Apiarist.

Prof. J. A. Allen, Provincial Geologist of Alberta, declares in an official statement that sixty-two billion tons of coal, half of which is recoverable, lie beneath the surface of Alberta soil.

Seymour Backus, Vice-President of the Backus-Brooks Company, of Winnipeg, states that the largest producing pulp mill in the world will be in operation at Kenora, Ont., before the end of 1925.

It is estimated that Vancouver will ship approximately 25,000,000 bushels of grain of the 1924 crop. Shipments already total 21,188,000 bushels. Commitments for almost 1,000,000 additional bushels have been made.

The special train operated by the Canadian Pacific Railway and known as The Trans-Canada Limited, which makes the journey across the entire country in eighty-eight hours, recently commenced its season, the seventh since its inception.

According to a bulletin issued by the Bureau of Statistics Alberta's foreign population is in excess of 180,000 with approximately 100,000 American included in the total. About 5,000 Americans reside in Calgary.

When Their Majesties King George, and Queen Mary paid their official visit to the British Empire Exhibition at Wembley shortly after the reopening, they boarded the miniature Canadian Pacific train and made a trip around "Treasure Island" and expressed great interest in all they saw.

An effort will be made this year to transplant Swiss mountain roses in the Canadian Rockies. These roses, which were brought from Switzerland by Dr. Huebscher, late Swiss Consul at Montreal, are extremely hardy and only thrive above elevations of 3,000 feet. They will be planted in the gardens at Lake Louise and Banff.

The first trip of the Canadian Pacific S.S. Princess Kathleen from Vancouver to Seattle via Victoria was recently made under most successful conditions. The people of Seattle are so enthusiastic over the increased coastwise service that they have tendered an address of thanks to Captain Troup, manager of the Canadian Pacific Coastal service.

There is every possibility that the Provincial Government of British Columbia may this year complete the construction of the scenic highway connecting Golden on the main line of the Canadian Pacific Railway with the summer resorts of Banff and Lake Louise. When this link, much of which was built during the past two seasons, is completed it will make one magnificent triangle through the heart of the Canadian Rockies.

Building permits issued in Canada during the first quarter of 1925 were 10.3% and 1.3% greater than in the first three months of 1924 and 1923, respectively. There were also 5.3% greater than in the first quarter of 1922, 25.5% higher than in 1921 and 2.3% above the 1920 total. The aggregate value of building permits issued for the first quarter of 1925 was \$14,000,000, compared with \$13,500,000 for 1924 and \$12,500,000 for 1923.

**Pimples and Eczema Disappear**  
The Skin Made Soft and Smooth by Using  
**DR. CHASE'S OINTMENT**

**Potato Bugs Hibernates In The Winter**

The Colorado beetle or potato bug, is a most persistent insect. It is able to hibernate in August, September or early in October, and is ready for business in the spring. In Ottawa, as told by the Entomological Branch in Bulletin 52 of the Dominion Department of Agriculture on "The Colorado Potato Beetle in Canada," tests have been made as to length of life of the creature and under what circumstances it will retain vitality. In wintering cage test with beetles in New Brunswick several lots were forced into liberation at an early date by confining them in wire cages on the soil with only enough food for one day. All had burrowed within three days after the food had gone. From three lots put in the cages August 30 and Sept. 5, 205 beetles of 600 emerged the following spring. Out of 200 put in September 10th, 42 emerged and out of 3,320 put in the cages on Sept. 13 and later only 360 emerged in the spring. This would seem to indicate as the bulletin says, that the earlier the pests hibernate in the autumn the better they survive. The beetles commonly go into the soil immediately below the place where they last fed. In a damp, cold clay loam they have been found within six inches of the surface and none at all below 3 inches, while in a loose, sandy soil only a few hundred feet away none were found at less than 14 inches and some at 17 inches. In a dense gravel-loam soil, only an occasional beetle was turned out when the pough was cutting 5 inches deep, but a number could be found by digging 3 inches more in the bottom of the furrow.

**Stopping The Paper**

On the average of at least once a week the editorial mail contains an epistle from an individual with a hobby or a grievance. Part of the time these epistles emit wrath about something that has been printed in the newspaper; part of the time about something that hasn't been printed. But they have an unvarying conclusion which is a threat to "stop the paper."

Of course every editor respects who her they chance to be readers of his particular paper or not; if he didn't he couldn't expect his fellow men to respect his opinions. But the editor who undertook to vary the policy of his newspaper to suit every complaint, would soon find himself in the poor house or the padded cell division of the lunatic asylum. For this reason an editor with a mind of his own and a certain amount of work to perform every day is obliged to keep a special corner of his waste basket ready for the communications of heated individuals who feel the impulse to "stop the paper."

People have been "stopping papers" for a great many years, but for some inexplicable reason newspapers continue to be published.

The answer probably is that where one individual with narrow conceptions and hidebound prejudices takes offense at some truthful article several hundred more are inclined to applaud it. Another reason why editors are more or less contemptuous of the "stop-the-paper" bulldozers is that the great bulk of

Canadian citizens respect a newspaper which is frank and courageous, even when they disagree with its policies, while they have only disgust for one which trims its sails to catch every passing breeze. This is a free country, and nothing is freer than the privilege of taking a newspaper or leaving it alone. Editors would be the last of all persons to wish it otherwise. But the dear reader who imagines that "stopping the paper" also stops the presses is the victim of a childish illusion. He hurts himself far more than he hurts the offending editor or newspaper.

**Croup and Whooping Cough**

Guard your children from the dangers of winter weather. Check their first cough with Buckley's "Modified" Mixture. Pleasant to take and brings instant relief.

Buckley's Mixture "Strong" or "Modified" acts like a flash on Croup and Whooping Cough or any affection of throat, chest and lungs. Keep a bottle handy. Wonderful at night. A dose stops coughing.

**Tide of Christmas Traffic Flows East**

Ever since that time, some years ago now, when the West was discovered by the East as the most likely place to amass a fortune in the briefest possible time, and the simple words, "Go West, young man!" were the best advice a parent could give a son, well, ever since that time, the young man who heeded the advice has been coming back East at least once a year, and that once is generally Christmas.

and if he has brought friend wife, there are the shops to visit, though many a man has found this a costly pastime, more so perhaps, than poker or the races. However, from every angle, the season in the East is rich and pleasant. That side of the continent is a magnet for holiday seekers and it is at that particular time that the ancient provinces reclaim their sons, if only for the briefest of visits. This year it will have visitors galore.

Here and There

Wishing farewell and bon voyage to the celebrated writer of the Scarlet Pimpernel, a bouquet of scarlet pimpernels was presented to Baroness Orczy, when she embarked with her husband, Mr. Montagu Barstow, on the SS. Montclare of the Canadian Pacific line, for England. The presentation was made on behalf of the company by Capt. Geo. Webster and President E. W. Beatty's card was attached. Baroness Orczy came out to Canada to assimilate local colour for a new book, which will be eagerly awaited here.

Motor tourists from the United States brought \$150,000,000 in revenue to Canada in 1923, according to estimates of government officials. This sum is equal to a quarter of the value of the Dominion's wheat crop and approximates the value of the annual mining output of Ontario, Quebec and British Columbia combined. More than 2,000,000 American automobiles, it is estimated, have crossed into Canada this fall. They carried in the neighbourhood of 9,000,000 persons, or a number equal to the total population of Canada.

C. B. Foster, passenger traffic manager of the Canadian Pacific, states that the success of the crop in the West this year will make money more free and is bound to stimulate travel between Canada and the Old Country. To handle the expected increased volume of traffic, his company, he states, will run special trains early in December connecting directly with the company's Atlantic liners, sailing from the winter port of Saint John, N.B. These liners sail on dates that are calculated to get passengers home to any point in the British Isles or the near continent in plenty of time for Christmas.

Taking the North American moose over to Europe with a view to acclimating it in Northern Europe is in part the aim of Heinrich Carl, Count Schimmelmann, one of the largest land owners in Denmark. The Count and Countess were taken to the Cairns river district, where they spent three weeks. During this time they walked an average of fifteen miles a day for twenty days, covering three hundred miles on foot, not reckoning the distance they traversed in canoe. They went to the woods of Northern Quebec for another shot at the elusive moose before sailing for home on the Canadian Pacific liner Montclair.

A recent epidemic of motor accidents, five of which occurred in one night, though luckily none of them proved to be fatal, elicited the following editorial comment from the Montreal Star: "That five drivers of automobiles should drive their cars into moving trains within a period of one hour is a record in Canada which seems to indicate that the location of level crossings is either well-known or clearly indicated at a distance that gives some time for the driver to stop. At many such crossings bells automatically ring as trains are approaching. At others, however, gates are set down. Some are open—these almost entirely in the country districts. But despite all safeguards, warnings, signals, and precautions, accidents continue to happen at level crossings with an alarming frequency. In some incidents, however, it almost looks as though the drivers were determined to defy all attempts to ensure caution." The paper calls for consideration of driving boards in cases like the above.

Back from an extended tour of inspection over the company's vast system, E. W. Beatty, chairman and president of the Canadian Pacific Railway, found a very marked improvement in the West as compared with the East which had existed when he last went across the country. He thought the spirit of the people was much more optimistic and with very good reason since he considered it safe to say that 300,000,000 bushels was not too high an estimate for the total Canadian wheat yield this year. He noticed throughout the country a sustained interest in immigration and a more general realization that therein lay the soundest remedy for most of Canada's difficulties.

Here and There

In the last fiscal year 3,843 homestead entries were granted in the Prairie Provinces, aggregating an approximate area of 614,880 acres, while, in addition, 710 soldier grants of 113,600 acres, make up a grand total of 728,480 acres so settled.

In 1915 Canada exported no wheat to China. In 1918 she sent only eight bushels to Japan. In 1924 China imported over 5,000,000 bushels of Canadian wheat and over 1,500,000 barrels of flour, while Japan took 7,000,000 bushels of wheat and 110,000 barrels of flour. It is predicted these figures will be well beaten for the current year.

The Grand Challenge Cup, emblematic of the First Aid Championship of the entire system of the Canadian Pacific Railway, will be competed for at the Place Viger Hotel, Montreal, November 15. The champions in a knock-out competition among Eastern and Western teams respectively, will fight it out for the trophy.

Plans are already being laid to make the 1925 Eastern International Dog sled Derby an even greater success than in any previous year, and it is reported that the prize money will be considerably increased next winter, with the object of attracting more teams and mushers from the West and the United States.

Fire Prevention Week, October 8-10, was observed throughout the Dominion, and to mark the sense of the importance of the occasion Mr. Grant Hall, vice-president of the Canadian Pacific Railway, broadcast an appeal by wire to every officer and employee of the system "to cooperate as in the past and set a good example by thoroughly cleaning up all premises."

Canada's great outlook, says a recent issue of the London Outlook, is that she wants more people, but of the right type, namely, steady agricultural workers with enterprise, initiative and endurance. Enthusiastic letters from emigrants under the joint scheme of settling 3,000 families in Canada are bound to have their healthy effect on relatives and friends dissatisfied with their lot in England.

E. F. L. Sturdes, general Passenger Agent for the Orient of the C.P.R., with headquarters at Hong Kong, has been appointed Assistant General Passenger Agent of the system at Montreal. His duties commenced here in October. He was relieved of his other work owing to ill-health, but the climate of Canada soon restored him to physical well-being. He has a long record of service with the C.P.R., dating back to his first appointment at Saint John in 1894.

Sixty bushels of wheat at every tick of the clock is the rate at which the Canadian Pacific Railway have carried the grain into the elevators this season. To keep up this impressive record it is necessary to move one car-load of grain out of Winnipeg at every one minute and twenty-three seconds of the hour. Grain delivered at the head of the lake by the Canadian Pacific in September alone would fill a fleet of 200 ships, each with a cargo of 300,000 bushels.

The hope of the low tariff forces in Canada today lies mainly in the selection of a genuine liberal possessed of courage and ability as leader of the Liberal party. Under such

**NEW LIBERAL LEADER NEEDED SAYS PROGRESSIVE ORGAN**

Grain Growers' Guide Declares That With a Few Exceptions the Progressives Have no Confidence in Mackenzie King.

(The Grain Growers Guide)

When Parliament meets on Dec 10th, or shortly after, it will be under conditions unprecedented in Canadian political history. The premier and over half his cabinet will be missing. Eight ministers went down to defeat in the election, while two others are sheltered in the Senate. The Liberal party will face Parliament without its leader, with cut a majority, and without a programme. The Government simply awaits the decision of the Progressives to decide whether it can carry on or must hand over the reins to Mr. Meighen.

With its leader missing, its front rank shattered and its numbers depleted, the government will be faced with the triumphant high tariff Conservative group. Mr. Meighen with his leadership now unquestioned, with his stalwarts nearly all in line, and with confidence born of the present victory, will be in a strong position. The Conservatives are anxious to take over the government and call another election next mid-summer or earlier, believing that they will get clear and unmistakable mandate to carry on their high tariff policy.

Courageous action and the adoption of a definite liberal programme is the only course which will rescue the low tariff forces from the confused position in which they find themselves. The decision of the electors was clearly in favor of a low tariff policy. Time and the fortunes of political warfare have given the Liberal party probably its greatest opportunity to carry out a genuine liberal policy. It has been purged of many of its most influential protectionists, who never had a place in a Liberal party.

Financial and journalistic barons Montreal threw all their weight against the government and met with humiliating defeat at the hands of the electors. The big interests provided the Conservative party with a huge campaign fund which also failed to provide a high tariff majority. Furthermore, on October 29, the electors kindly relieved the Liberal party of its leader and a number of its weakest ministers. Today, the Liberal party probably owes less to the financial and commercial barons than ever before, and is in a better position under able and courageous leadership to carry on for the benefit of Canada.

The Liberal party can only carry on the government with practically unanimous assistance and support of the Progressives. Yet, with a few possible exceptions, the Progressives have no confidence in Mr. Mackenzie King. This lack of confidence is not confined to the Progressives, however. Very few western Liberals, if they at all represent the voters' spirit, have confidence in the leadership of the premier. Even among the eastern Liberals during the past four years, there has been more criticism of Mr. King's leadership than ever prevailed under the leadership of any other Canadian premier. The defeat of the Liberal party was due in a great measure to the wavering, vacillating and wobbling course pursued by the premier than to any other single factor. Under such leadership there is little hope for genuine liberalism.

The hope of the low tariff forces in Canada today lies mainly in the selection of a genuine liberal possessed of courage and ability as leader of the Liberal party. Under such

**PREVENTION**

Medical science acknowledges that cod-liver oil is invaluable to prevent rickets, weak-bones or other forms of malnutrition.

**Scott's Emulsion**

of pure, nourishing cod-liver oil, abounds in the vitamins that nearly every child needs regularly. Scott's Emulsion is important nourishment to help overcome faulty nutrition.

Scott & Bowne, Toronto, Ont. 25-41

**No Change Made By The Recount In P. E. Island**

The recount of the ballots cast in Queens in the recent federal election was concluded before Judge Stewart after a four days' session of the special court convened for that purpose. No change has been made in the standing of the candidates: the election of R. H. Jenkins, Liberal and John A. Messervey, Conservative, as previously announced, having been corroborated. The recount standing of the candidates was Jenkins, Liberal, 8,173; Sinclair, Liberal, 7,414; Messervey, Conservative, 7,445; McKinnon Cons., 7,404. Hon. J. E. Sinclair who demanded the recount, received an additional 14 votes over what he was given on the official declaration day.

**Sinking of M-1 Starts Criticism**

The British Admiralty is being criticized in many quarters in connection with the loss of the submarine M-1, more particularly because of its delay in making known its belief the submarine was in collision with the Swedish steamer Vidai.

A letter published in the newspapers from a former member of the crew of the missing boat tells of a mishap suffered on a previous cruise when her diving machinery went wrong and she nearly went to the bottom. Questions on the subject are to be asked in Parliament. Naval experts wish to know how it happened the M-1 rose in the track of merchant vessels which were outside the area of naval operations, and why were diving operations continued at a spot 15 miles from Start Point, when the disaster now is known to have occurred there. It is being asked whether the custom of the Admiralty is to allow merchant ships to sail through the manoeuvre course.

leadership, if the Liberal party will pursue clearcut definite liberal policies, with reasonable adherence to its pre-election pledges, it is assured of Progressive support. The Progressives, in the prairie provinces at least, were elected in support of such a policy, and they will be fully in accord with the viewpoint of the prairie electors in assisting the government to carry out such a policy. The door of opportunity seems wide open to the Liberal party. It may either go ahead and administer the affairs of this country for the welfare of the common people, if it possesses the necessary leadership and courage, or if it prefers to be all things to all men it may wander in the wilderness for many years to come.

**Bright Future For Canada's Minerals**

In the Report of the Department of Mines for the year ending March 31, 1925, Dr. Charles Camsell, Deputy Minister of Mines, makes some very pertinent remarks regarding Canada's growing mineral industry. Dr. Camsell points out that though the value of the mineral production for the year 1924 was slightly below that of 1923, "the mining industry cannot be described as being in anything but a healthy condition. It has a capital investment over \$500,000,000 and employs directly about 60,000 men. It consequently occupies third place among the primary Canadian industries and is exceeded only by agriculture and forest products. While it has shown during the last forty years an extraordinary steady growth with only minor fluctuations the possibilities of mineral production for the future are of greater interest. Three factors taken together give an indication of what this future is likely to be, namely:

- "(1) Past performance of the industry.
- "(2) The great extent of our unprospected country.
- "(3) Increasing world demand for minerals.

"During this thirty-year period from 1894 to 1924 the curve of mineral production shows an average annual increase of about \$6,300,000 a year. Allowing for a normal increase in population with a consequent increase in consumption, and taking into consideration the fact that a very large proportion of our country estimated at about 80 per cent., is as yet absolutely unprospected, it is only reasonable to expect this rate of increase will be continued for some years to come.

"There is, however, the third factor, namely, the increasing world demand for minerals, that is likely to accelerate greatly the rate of increase in production. No one who has studied the world production and consumption of minerals can fail to be impressed with the force of the circumstances which are carelessly increasing the world's mineral consumption and which are compelling the older highly developed countries of the world, through the exhaustion of their own natural resources, to look to the newer countries to supply their deficiencies. These circumstances will undoubtedly lead to the quicker and more thorough development of Canada's resources.

"Especially among the western nations world consumption of minerals has increased at a far more rapid rate than the growth of population. According to the best estimates the population of the world during the last forty or forty-five years has grown by about 30 per cent. Within the same period coal production has risen by about 300 per cent., pig-iron output by nearly 300 per cent., copper production by over 1,000 per cent., and petroleum by more than 2,000 per cent. A similar rate of growth is apparent in most other industrial minerals, indicating the extraordinary drain that modern civilization imposes on mineral resources.

"These factors are the basis of a well-founded optimism regarding the future of Canada's mineral producing industry."

**DEED FORMS**

We have in stock: Deed Forms, Teacher's Agreements, School District Tax Books, Dog Tax Books, Assessment Lists, Road Tax Books, and County Rates.

**Did You Ever Stop To Think?**

THAT no town can afford to slacken its efforts to add to prestige already attained.

THAT towns do not stand still. They are either moving forward or slipping backward.

THAT it is easy for a town to move backward,

THAT no town will ever move forward until its citizens make the proper effort to help it on its way. Co-operation with a definite point in view will do wonders. Now is the time to start the ball rolling.

THAT constructive co-operation will make development more rapid. The sooner a town gets started, the sooner it will view the actual development.

THAT new industries will not find a town unless that town keeps busy in letting the world know of its advantages and resources.

THAT certain fault finders often give the impression that a Board of Trade is an organization for the promotion of its members' business—nothing could be farther from the truth.

Boards of Trade are composed of people from all walks of life and have but one aim; and that is, the advancement of the home town's industrial, economic, civic and social life.

**I. O. D. E. CALENDAR FOR NEXT YEAR**

Excellent in Design and Execution; First in Field.

Apparently first in the field, the Imperial Order Daughters of the Empire is distributing the 1926 calendar. The I. O. D. E. calendar, has through the interest taken in it by the order as a whole, assumed the nature of an annual event. The calendar this year is simple in design, with the British flag in color on each leaflet; beneath it is a carefully selected quotation and at the bottom of the page, also in color, appears the emblem of the Order. The words that appear on the January leaflet are an earnest of the elections that follow and is chosen from a speech by Lord Kitchener: "Be invariably courteous, considerate and kind. Do your duty bravely. Fear God. Honor the King."

Other selections are from the writings or speeches of Sir Henry Newbolt, Sir John A. MacDonald, Joseph Howe, Bliss Carman, Marjorie Pickthall, Edmund Burke, Sir Cecil Spring-Rice, John Macrae, W. M. Lett, Sir Walter Scott and Lord Tennyson. All important national anniversaries and many of other days especially connected with the Great War are marked in color, altogether this calendar, which is of good size, is well adapted to the needs of the citizen generally, and has just the touch of inspiration that makes a calendar a well-spring of joy.

**A Job For You \$6 to \$10 Daily**

50 MEN WANTED. No previous experience necessary. Write for 40 page Free Book, which explains how you can earn while learning to work in city and town shops as Auto Mechanics, Engineer, Electrical Battery, or Welding Expert, Chauffeur, Salesman, etc. Also Bricklaying, Plastering, Mechanical Electricity and Barbering. Miramichi Presbyterian Officers 1925-26

The Miramichi Presbyterian was reorganized at Campbellton on November 9th, by Mrs. L. A. Moore, President of the W. M. S. (E. D.) and the following officers were appointed to hold office until June 1926, when the annual meeting will be held.

- President—Mrs. A. J. McLean, Jacquet River.
- 1st. Vice Pres.—Mrs. R. Dutch, New Mills.
- 2nd. Vice Pres.—Mrs. D. Henderson, Chatham.
- 3rd. Vice Pres.—Mrs. H. Olson, Rexton.
- 4th. Vice Pres.—Mrs. (Rev.) J. Quigley, Campbellton.
- 5th Vice Pres.—Mrs. Wm. Ferguson, Newcastle.
- Secretary—Mrs. J. C. Comacker, Dalhousie.
- Treasurer—Miss A. B. Cameron, Dalhousie.
- Sec'y. Y. P. Work—Mrs. G. A. Rogers, Bathurst.
- H. M. Sec'y.—Mrs. (Rev.) A. Craise, Bass River.
- Sec'y. Literature & Reports—Miss Margaret Shaw, Box 194 Campbellton.

Injury To Trade By Rummage Sales

Hamilton, Nov. 23rd.—Rummage sales might be a very good means for churches and societies to realize funds but they are hurting the merchants of the city who contribute a large share of taxes. This was the claim put forward this afternoon at the Board of Control meeting by a deputation of merchants from Ottawa street and Kenilworth Avenue, headed by H. M. Savage, and a petition signed by many was also submitted. It was argued that these sales were gathering in more receipts than the merchants and that no taxes were paid for them. It was stated that some of these sales did more business in a single day than a store keeper did in one week.

New Strength For Weak Stomachs

Indigestion Disappears When the Blood is Enriched.

The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pains and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders that follow the use of Dr. Williams' Pink Pills. The appetite revives; food can be taken without discomfort and the burden and pains of indigestion are dispelled. The following statement from Mr. Donald L. Latier, Lakeville, N. S.; proves the value of these pills in cases of this kind. He says:—"A couple of years ago I had a bad attack of indigestion. I had little or no appetite, and what I did eat did not agree with me and caused me much pain. As a result of this trouble my general health broke down, and I finally had to give up my work. I had taken doctor's medicine but it did not give me any relief. Then a friend advised me to give Dr. Williams' Pink Pills a trial, and I got six boxes. Before I had completed the third box I found that they were helping me and by the time I had taken the six boxes every symptom of indigestion had disappeared; my general health had improved and I have since been in the very best of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

KING LOWERED IN ESTIMATION OF THE PEOPLE

Vancouver, Nov. 25.—Criticism of Premier MacKenzie King for retaining office after his Richmond Hill speech was voiced by Hon. W. J. Bowser, former Premier of British Columbia in addressing the annual meeting of the Vancouver Conservative Association here.

"MacKenzie King is today much lower in the estimation of the Canadian people than he was on October 29," Mr. Bowser said. "Not only has he failed to carry out his Richmond Hill declaration, but he has avoided two clear precedences—that case of Sir William Hearst, in Ontario, in 1919, who was in the same position, with the second largest group and resigned and the case of Premier Baldwin, who, in 1923 although he had the largest group in the British parliament, had resigned because he did not have a majority."

Mr. Bowser added: "We will soon have a new Premier, Rt. Hon. Arthur Meighen, and, I believe, he will appeal to the country for endorsement before July"

PRESBYTERIANS ASK FOR INJUNCTION

An appearance has been filed on behalf of the defendants at the Registrar's office, Fredericton, by the firm of Robinson & Rand, of Moncton, in the case of the Chancery Division of the Supreme Court of New Brunswick in which members of the St. James Presbyterian Church congregation of Newcastle are plaintiffs and the minister and other officers of that church are defendants.

The writ, which is now on file, shows the names of the plaintiffs who have initiated the action, as well as those who are named in the suit and it also reveals in the general endorsement of claim that the plaintiffs are asking among other things for "an injunction to restrain the defendants from occupying, using and enjoying the said Church and church buildings, lands and premises, emoluments, rents and profits, trust funds and other assets of the said Saint James Presbyterian Church."

It is not yet known how soon the case will reach trial, but it is understood that there is to be no delay in the matter.

The parties to the suit are set forth in the writ as follows: John Ferguson, James G. Balsley, William A. McMaster and Walter J. Sutherland, as well for all persons having the same interest, to wit: All communicants, pew holders and adherents of Saint James Presbyterian Church at Newcastle not concurring in or agreeing to Church Union under the acts hereinafter mentioned as for themselves. Plaintiffs; and Lachlan H. MacLean, then Moderator of Sessions and Minister of the Saint James Presbyterian Church in Newcastle, G. Gilmour Stothart then Clerk of Sessions and Treasurer of the Board of Trustees of the said Church, James M. Troy then chairman of said Board of Trustees of said Church, Allan A. MacTavish then Member of Sessions and Secretary of the Board of Trustees of said Church, John Russell then Financial Secretary of the Board of Trustees of said Church, James Stables then Chairman of Church and Graveyard Committee of said Church, David Match then Chairman of the Lands Committee of said Church as well as personally as in their respective official capacities, defendants.

The writ is endorsed as served by Sheriff W. A. Skidd, of Northumberland County on November 21st.

The General Endorsement of Claim reads as follows:  
1. The setting aside of a certain alleged vote taken on or about the twenty-ninth day of June, A. D. 1925 in reference to Saint James Presbyterian Church, Newcastle and purporting to have been taken under the provisions of Chapter 59 of the Acts of the Legislative Assembly of New Brunswick, 1924.

2. The setting aside of a certain other alleged vote taken between the twenty-fifth day of July and the twelfth day of August, A. D., 1925, in reference to the said Saint James Presbyterian Church, Newcastle, and purporting to have been taken under the provisions of Chapter 100 of the Statutes of Canada, 1924.

3. A declaration as to the rights of the Plaintiffs in the property and assets of the said Saint James Presbyterian Church, Newcastle.

4. The prevention of waste thereto and the protection of the said property.

5. Having an account taken of all the property and assets, receipts and expenditures during the last six years.

And for a mandamus commanding the defendants to suffer and permit the plaintiffs to see and enjoy the Church and Church buildings, lands and premises, emoluments, rents and profits, trust funds and other assets of the said Saint James Presbyterian Church.

And for an injunction to restrain the defendants from occupying, using and enjoying the said Church and

Here and There

British Columbia's whaling industry produces about 400 tons of whale bone meal and 900 tons of meat and blood for fertilizing purposes annually. This is exported mostly to the United States.

According to G. F. Tomsett, superintendent of the Saskatchewan Branch of the Employment Service of Canada, about 43,000 harvest hands were brought into Saskatchewan and distributed over the province to harvest and thresh the 1925 crop.

J. Stapleton, of Regina, ordered two springer spaniel puppies from a dog agent in Liverpool on October 9th. Thirty days later they were delivered to him after a voyage and journey totalling 4,500 miles, the shipment going at the rate of 150 miles a day. This constitutes a record for speed.

Constituting a record for Canada and probably for the world, 3,447,624 bushels of all grains were marketed on the lines of the Canadian Pacific Railway in Western Canada on November 19. The nearest approach to this figure was the 3,406,000 bushels marketed on October 18, 1915, in the year of one of the greatest crops the Dominion has ever harvested.

Reports received at Canadian Pacific Railway headquarters this week show that four more accidents occurred in cases where motorists drove their cars into trains already in the process of crossing levels. This brings the total of accidents of this kind up to thirty for the year. In all four cases the automobiles were damaged while the motorists escaped with minor injuries.

Eighty-seven black foxes, valued at about \$100,000, shipped in 44 crates, arrived at Montreal last week from Buffalo. Twenty-five of the animals were prize-winners at the Black Fox Exhibition which concluded last week, and were on consignment to the Borestone Mountain Fox Ranch at Onawa, Maine.

The Far East has heard about Canadian apples. The Canadian Pacific liner Empress of Asia carried 8,000 boxes of apples when clearing out of Vancouver last week. General trade conditions between Canada and the Far East are quite healthy as there was also on board the vessel 800 tons of Canadian flour, 100 automobiles and 160 tons of Alberta beef.

With each succeeding year Great Britain is relying more upon British colonies for agricultural supplies. In the seven months of 1925 ending July, Canada supplied Great Britain with 4,927,266 pounds of butter, compared with 154,224 pounds for the same period of 1924, and 40,458,544 pounds of cheese, compared to 20,153,504 pounds for the same period of last year.

Two bears, six coyotes and fifteen chipmunks were shipped to England on the Canadian Pacific liner Montclare last week from the Toronto Zoo to the London Zoo. In exchange, the Curator of these gardens has been asked to supply Toronto with Caropsis, Bean, Magellan and bar-headed geese; shell ducks; a female Comb Duck; two Rheas (ostriches); four Jays; two young leopards; and a Barbary Sheep. A stiff order.

Six champion juvenile swine breeders, winners in Manitoba, Saskatchewan and Alberta, have been awarded medals and trophies by the Canadian Pacific Railway and are now the guests of the said Saint James Presbyterian Church, Newcastle, and purporting to have been taken under the provisions of Chapter 100 of the Statutes of Canada, 1924.

YOUR KIND ATTENTION  
Have you paid your subscription to "The Union Advocate"? If not please do it today, while you have it in mind; or you may forget about it again. It is so easy to forget about the little things.

Church buildings, lands and premises, emoluments, rents and profits, trust funds and other assets of the said Saint James Presbyterian Church.

And for means profits.  
And for such other relief as to the Court may seem just and equitable in the premises.

A. A. DAVIDSON,  
Plaintiff's Solicitor.

Moirs Will Obtain Additional Capital

"Moirs Limited, manufacturers of chocolates, biscuits and candies, in Halifax, is being reorganized and new Halifax and Montreal capital is being brought into the business. The reorganization will involve the issue of \$1,000,000 worth of bonds and the issue of \$1,500,000 worth of common stock. The Royal Securities Corporation of Montreal are looking after the financial reorganization."

Ex-Kaiser To Get Enormous Wealth

Former Kaiser Wilhelm is about to become the richest woodchopper in the world and one of the richest men in Europe—all through the generosity of the Prussian government. A contract has been drawn by the government and approved by Wilhelm whereby he would receive 30,000,000 marks, approximately \$7,200,000 in cash and immense properties in settlement of his claims for Hohenzollern property sequestered after the revolution. About the only things to which he had been accustomed that the former Kaiser would have to do without if the contract were consummated would be an army and navy. There would be money enough for all gold lace uniforms, couriers and pomp of the palmyest days before 1918.

DOMINICAN SISTERS ENDORSE IT

Send Letter Praising Father John's Medicine For Body Building.

The Dominican Sisters at Lowell, Massachusetts, write, We have used Father John's Medicine in our home for many years and it has always had the best results for colds, coughs and as a body builder. We think we could not get along without it."

(Signed) The Dominican Sisters.  
In over 100 institutions and hospitals, Father John's Medicine is regularly used and greatly valued. It is safe for children as well as older people. No drugs.

Rev. R. M. Stevenson Accepts Call Moncton Presbyterians

A special meeting of the Saint John Presbytery of the Presbyterian Church of Canada sustained a call to Rev. A. G. W. Black, formerly of Fort Kent, Me., from St. Paul Church Woodstock. His induction takes place on December 9th. Another call came from Moncton in favor of Rev. R. M. Stevenson, of Stornoway, in the Presbytery of Lewis, Scotland. This call was largely signed and carried a stipend of \$2,500 with one months vacation. Mr. Stevenson has also accepted and his induction will take place on Dec 10th.

**FRANK WHITE,** NEWCASTLE, N. B. PHONE 233

**Doctor Swallows 32 Deadly Parasites For Sake Of Study**

Mission Medical Man Endangers Life that Humanity Might be Aided.

Baltimore, Nov. 25—Dr. C. H. Barlow, a medical missionary in China, risked his life for humanity's sake by swallowing thirty-two deadly parasites, as he was about to sail from China, as the only way to get them to the Johns Hopkins laboratory here. The story is told in an article just published under the caption, "Life Cycle of the Human Intestinal Fluke," in the American Journal of Hygiene of the Johns Hopkins School of Hygiene and Public Health.

It details the results of fourteen years of Dr. Barlow's life, devoted unselfishly to the eradication of fasciolopsiasis, a disease prevalent in China, which has claimed millions of victims, especially in the densely populated Shantung district.

The parasites, or flukes, responsible for the disease are flat creatures, sometimes more than an inch in size and of a bright red color. After a year's research in China as far as his meagre laboratory equipment would permit, Dr. Barlow decided to push them further by coming to Hopkins.

The problem of getting living parasites from China to Baltimore, was a difficult one, but Dr. Barlow solved it. Taking thirty-two flukes from the body of a patient, he washed them in distilled water and drank them. He then boarded the steamer for America. He told no one what he had done until he arrived at Hopkins.

Since 1911, Dr. Barlow had been fighting the disease in the Shantung district, which covers an area of about 1,600 square miles, populated by between a million and a million and a half people, heavily infected with fasciolopsiasis. In several villages every resident was suffering with the disease.

In 1923 Dr. Barlow deliberately infected himself with the disease by swallowing 132 cysts containing the parasite in an undeveloped state. Four months of illness followed. During this time Dr. Barlow reported to the U. S. Army and Navy, and China as far as his meagre laboratory equipment would permit. Dr. Barlow now is at Ningpo, China, where he is trying to interest the Chinese in the control measures necessary to stamp out the disease.

**PERSONALS**

Mr. E. A. Mullin was a visitor to Fredericton last week.

Mr. J. D. Creaghan was a visitor to Moncton on Thursday.

Mr. John J. Coughlan of St. John was in town last week on business.

Miss M. A. Quigley, who has been visiting friends in Saint John has returned home.

Mrs. Thurber of Millerton is visiting her daughter, Mrs. Montgomery, Banff, Alberta.

Mr. Chas. Robinson of St. John is in town, the guest of his sister Miss Bella Robinson.

Friends of Mr. James Murphy will regret to learn that he is dangerously ill at his home.

Mr. Walter J. Sutherland has accepted a clerical position with Messrs. Leroy White & Son.

Mr. and Mrs. Fraser W. Harris and family have moved into their new residence on Jane Street.

Miss Cliff of Upper Derby left last week for Campbellton, where she will spend the winter months with relatives.

Mrs. W. J. Dunn, who spent a two months visit with relatives on the Miramichi, returned to her home in White Plains, New York on Tuesday.

Colonel Sparling, Major Vince and A. C. Carter, of St. John were in town last week in connection with militia business.

Miss Mary Coughlan, who was called to her home in Nelson by the serious illness of her father returned to Montreal on Friday to continue her studies.

Mr. George E. Sutherland of Cassilis returned Friday from St. John, where he was in attendance at a meeting of officials of the Dominion Fish Hatchery Service.

Miss Helen Black was hostess at a delightful party at her home on last Friday evening, dancing, games and music were indulged in, dainty refreshments were served during the evening and a most enjoyable time was had by those present.

**Mothers Who Have Used Baby's Own Tablets**

Always Strongly Recommend Them to Other Mothers.

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else—actual experience teaches her that there is no other medicine to equal them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That is why Mrs. Craighton White, North Noel Road, N. S. writes the following:—"I have a baby seventeen months old and have given him nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and make the sickly baby well and happy again. Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**CONDITIONS UNFAVORABLE.**

The recent wet weather has made it rather difficult for lumbermen to carry on their operations in the woods, the low lands are flooded, and toting under such conditions is an exceedingly tough job. The cold spell this week brought about a slight improvement, but lumbermen are hoping that there will be more cold weather before there is a snow-

**WEDDINGS**

**CHAPLIN—McKENZIE**  
The marriage of Mr. Eugene Chaplin, manager of the Newcastle Opera House, to Miss Katie McKenzie, daughter of Mr. and Mrs. Charles McKenzie of Blackville was solemnized in St. Mary's Church; Newcastle, on Monday morning, Nov. 30th, at 6.30 o'clock. The ceremony was performed by Rev. P. W. Dixon. The happy couple left on the Maritime Express for St. John, where they will spend a short honeymoon. On their return they will reside in Newcastle. Their many friends here wish them many years of happiness.

**JARDINE—HAYES**  
At the Derby United Church Parsonage on November 25th, by the Rev. Robert M. Brodie, Lindsey G. Jardine, son of Mr. and Mrs. Frank Jardine, Quarryville, to Mary Hayes, daughter of Mr. and Mrs. George Hayes, Renous. Among those present being Mrs. (Rev.) M. Brodie, Mrs. Jane McEachern and Miss Olive Brodie. The happy couple will reside at Quarryville. Their many friends wish them success and much happiness in their new experience.

**WALLACE—MULLINS**  
The wedding of Mrs. Hannah Mullen of Newcastle to Mr. Edward Wallace, was solemnized by Rev. P. W. Dixon on Wednesday, Nov. 18th, at 3 o'clock p. m. Mrs. Mary McCarron, sister of the bride was bridesmaid and the bride was given away by Mr. Harry Grant. After the ceremony the bridal party motored to Chatham, where supper was served. They will reside in Newcastle.

**O'SHAUGHNESSY—KINGSTON**  
A wedding of much interest was solemnized in St. Thomas Church, Redbank, at eight o'clock Tuesday morning, when Rev. F. C. Ryan, the pastor united in marriage Miss Margaret A. Kingston, daughter of Mr. and Mrs. Paul Kingston, of Wayerton, and Patrick O'Shaughnessy only son of Mrs. and the late Michael O'Shaughnessy of Chaplin Road. The ceremony was followed by nuptial mass.

The bride looked very pretty in a navy suit of poret twill with hat to correspond and was given in marriage by her father. She had as her bridesmaid Miss Maisie Murdoch, of Loggieville, who wore a navy blue suit and blue hat, John Ryan of Chaplain Road assisted the groom. The bridal party, with near relatives afterwards motored to the Miramichi Hotel, Newcastle, where a dainty wedding breakfast was served.

The young couple left on the south-bound Limited on a short honeymoon which will be spent in Burlington, Vermont, New York and other American cities.

The bride is a graduate of the Boston City Hospital and the groom has his degree of B. Sc. in Civil Engineering from McGill University. Both are deservedly popular and have a host of friends, who extend congratulations and best wishes for their future happiness. On their return, they will reside in Chaplin Road.

**OBITUARY**

**JAMES R. GOODFELLOW**  
The death of James Russell Goodfellow, one of the oldest and most highly respected residents of the Miramichi occurred at his home, South Esk, on Monday morning, after a lingering illness, he being bedfast for the past four weeks. Deceased was 62 years of age and was a life long resident of South Esk.

He is survived by his wife (nee Miss Sarah McTavish of North Esk) four sons, Fred of Derby Junction, Walter, Earl and Ernest at home; and three daughters, Mrs. Earl Sprague (Mabel), of Coates Mills, Kent Co., Mrs. David Gilmour (Jessie) of Rumford, Maine, and Ida at home. Also surviving are four brothers John A., Edward and David of South Esk and William of Iron River, Michigan; and four sisters, Mrs. John D. Goodfellow of South Esk, Mrs. Justus McKay of North Esk, Mrs. Wm. Ford of Whitney and Mrs. Alfred Hay of Lower Newcastle. Sincere sympathy is extended to the bereaved family.

The funeral was held on Wednesday afternoon at one o'clock. Services at the house and grave were conducted by Rev. Wm. Girdwood of Redbank, the hymns sung being, The Sands of Time are Sinking, Asleep in Jesus and Face to Face. The pallbearers were Donald, Major and Ben McTavish, Harold Jordan, Alfred Hay and Thomas Lorraine and interment was in St. Phillip's cemetery, Whitney.

The floral tributes included: "Pillow—The Family."  
Spray—Mr. and Mrs. Fred Goodfellow.  
Spray—Mr. and Mrs. Donald McTavish.  
Circle—Mr. and Mrs. John A. Goodfellow.  
Circle—Mr. and Mrs. Thomas Lorraine.

**JOHN W. MATCHETT**  
John W. Matchett, son of Daniel Matchett passed away at his home at Redbank, N. B., on Monday Nov. 16th after an illness of two weeks, at the age of 17 years. The young man was taken ill in a lumber camp with a heavy cold, and having to travel home, pneumonia developed, followed by inflammation of the bowels. He leaves to mourn his loss his parents, seven sisters and three brothers, to whom sincere sympathy is extended. The sisters are: Mrs. Daniel Foran and Mrs. John Foran of Halcomb, Mrs. J. D. Blackmore, Cassilis; Mrs. Walter Matchett, Sunny Corner; Mrs. Hubert McAllister, Littleton; Mrs. Everett J. Kenny, Redbank and Miss Lillian at home. The brothers are: Howard of Sillikers; Joseph and George at home. The funeral took place Wednesday morning to St. Thomas Church, Redbank where Requiem Mass was celebrated by Rev. Father Ryan. The pallbearers were: James Foran, Gerald Foran, Norman Matchett, Jeremiah O'Shea, Walter Matchett and Hugh Matchett. "May his soul rest in peace."

**Germany Ratifies Locarno Treaties**

Chancellor Luther and Foreign Minister Stresemann reaped victory Friday in their fight for parliamentary ratification of the Locarno treaties and German entry into the League of Nations.

By a final vote of 261 to 174, the Reichstag adopted the bill legalizing the security pact drawn up at Locarno and the supplementary treaties with France, Belgium, Poland and Czecho-Slovakia. Approval also was given to the arrangement where by Germany is to apply for membership in the league.

Parliamentary sanction came after a stubborn partisan battle lasting six weeks. The outcome was never real-ly in doubt but the Chancellor and Foreign Secretary were confronted with implacable opposition in the party of reactionaries.

The security pact and the treaties were ratified by a separate vote, 300 to 174, while the question of joining the league was affirmed 278 to 183.

## Reports About Appointments

Rumors as to the Liquor Commission.

A Fredericton resident is reported to have been appointed chief prohibition inspector, according to talk in Government circles. Arthur O'Leary, formerly chief game-warden and a candidate for that position again, but without success, as it is said Mr. Gagnon is to be retained, has been appointed a member of the liquor commission and the second member is Frank Murchie, St. Stephen, according to reports generally current. The salaries of each member of the commission is mentioned at \$2,400. The office man will not be filled at present, rumor has it.

George Ingram, prominent North End Conservative worker in both provincial and federal elections, is mentioned in connection with the Saint John district inspectorship. Mr. Ingram was spoken of as a possible appointee to the position of provincial tax inspector.

**"BUY AT HOME"**

## Little Danger of Cold Summer, Says Prof. H. H. Clayton

The folks who have been worried by recent predictions of weather prophets that there will be no summer in 1926 can take their bathing suits out of the moth balls next spring as usual. The summerless year of 1816, when farmers picked ice lettuce right out of the beds and shoveled snow to get to the Fourth of July celebration, will not return according to Professor Helm Clayton, weather expert and meteorologist of the Smithsonian Institute.

"Weather is a matter of research in figures which have been recorded for nearly 200 years," he says, "and a study of the influences affecting each change. It is impossible to say that weather history shall repeat itself. Records show that it does not repeat and that sustained progress in temperature is a criterion of what we are to expect, rather than one year."

"There are no accurate measurements of the Gulf Stream and its influence on our climate here. It is very probable that it has a great effect, but whether it is shifting to warm our shores we cannot judge unless accurate measurements of the rate of change can be made."

Professor Clayton added that he was very glad to assure farmers and persons worried about the prospects of next summer that as far as he could judge, and he has years of experience and is regarded as one of the foremost weather men in the world, that next summer would not be colder, but that it might be a little warmer, Professor Clayton has great faith in the figures which show that the climate is growing warmer and not colder.

## Alcohol Seized At Moncton

240 Cases, Consigned to Montreal from Buctouche.

A seizure of 240 cases of alcohol was made Wednesday afternoon in the C. N. R. yards, Moncton, by the Collector of Customs and Excise, J. Girouard and his officers. The liquor was consigned to Montreal from Buctouche. The name of the owner of the alcohol was not given, and so far no arrests have been made in connection with the seizure. Contained in the 240 cases was 2,000 gallons of alcohol which was brought to this city accompanied by customs officers and placed in cold storage, where it will remain pending word from the officials at Ottawa.

## YOUR KIND ATTENTION

Have you paid your subscription to "The Union Advocate"? It was due on the 1st of this month. If you have not paid it, please do so today, while you have it in mind, or you may forget about it again. It is so easy to forget about the little things.

## Little Permanent Work This Fall

Considerable damage was done to the roads of the province by the heavy rains over the week end, it was announced in St. John by Hon. D. A. Stewart, of Campbellton, Minister of Public Works for N. W. Brunswick, while he was in the city on his way to Fredericton. There would not be any permanent repairs made to most of the roads this fall, the Minister said, because of the lateness of the season.

The road at Eel River Bar had been damaged to the extent of a few hundreds of dollars just after completion of the repairs effected since the storm of about a month ago. Crews of men were still working on the cribs there, Mr. Stewart declared.

He said that most of the road work for the season had been completed although some of the contracts were still unfinished. Among these was one between Upsalquitch and White's Brook, Restigouche county, where the contractors had about completed the grading work for the season and would carry on with the rest of the job in the spring. Another, near St. Leonards, was due to be finished this week.

## \$50,000,000 WAGERED ON RACE TRACKS

A total of \$49,867,765 was wagered at the 33 race tracks in Canada during the year 1925 according to figures tabulated by the Department of Agriculture.

Compared with last year there is a decrease of \$2,732,868 in the total amount wagered on three more tracks than there were in 1924. Some of the principal figures for 1925 and 1924 respectively are as follows: Number at meetings 55 and 54; number racing days 344 and 354; gate receipts \$1,718,523.99 and \$1,869,947.22; pari mutuel receipts retained, \$3,359,707.93 and \$3,496,890.78; total gate and pari mutuel receipts, \$5,078,231.92 and \$5,366,835; prize money, \$1,925,758 and \$2,023,665; cost of supervision \$18,380.10 and \$18,976.15.

Ontario's total betting at the tracks this year was \$33,638,545 as compared with \$36,392,027 last year; Quebec's \$6,964,663, as against \$6,946,102; Prairie Provinces' \$5,884,818, as against \$2,865,184; British Columbia's \$3,479,730 as against \$6,379,730.

There were 133 racing days in Ontario this year the difference being accounted for by the fact that the Niagara Falls Club held one instead of two meets this year; Quebec had 89 as against 90; the Prairie Provinces 94, as against 84; and British Columbia 44, as against 70. The decrease in British Columbia was attributable to the new law in that province limiting the number of racing days per association to 10, as compared with 14 previously.

For the first time in the history of horse racing there was used this year at Goswood Park, Victoria, B. C., the Australian totalisator, an automatic wage computer. At the first meet there this season, this system did not work well but at the second, according to department officials, it made no errors. Also the Australian system of dividing the pool on the basis of 80 per cent. to the winner, 25 per cent. to the second horse and 15 per cent. to the third, was used for the first time, but it so reduced the winning prices that this method was abandoned.

## Why Railway Wrecks Occur in France

Oculist Says Workers Are Partially Color Blind.

Paris, Nov. 26.—A report of the Academy of Sciences says railway wrecks are due mostly to ill health or physical or deficiency of railroad employes. M. Schall, oculist of the Alsace-Lorraine Railway, reported that ten out of every one hundred railway men in France are color blind, so far as green and red are concerned.

The report of the academy urges all railroad companies to compel employes to undergo frequently thorough medical examinations.

# Tempting muffins

Hot muffins, fresh from the oven—a treat the family can't resist. Dainty tea biscuits so light and tender they melt in your mouth.

But they must be *always* good. You can depend on Quaker Flour because it never varies in quality and *always* bakes the same. Hourly milling tests and daily baking at the mills ensure an unfailing standard to Quaker Flour.

For every baking purpose Quaker Flour is best. Your absolute baking satisfaction is guaranteed by our money-back offer.

# Quaker Flour

Always the Same—Always the Best

A product of The Quaker Mills, Peterborough and Guelph, Ontario.

# Winning New Customers

This ever-present task of the business man is one that Advertising can most efficiently perform.

Advertising in the **ADVOCATE** would carry any message you desire into every home in this community. It would spread the "news" about new merchandise, special sales or new store policies quickly and thoroughly.

Take a friendly interest in telling the "buyers" of this town what you have for sale that is of service to them and you will win new customers constantly.

## PROGRESSIVE MERCHANTS ADVERTISE

Here and There

Lumber industries of British Columbia are sending spruce to Boston and New York, fir to Florida and Cuba, new markets created within the last few months.

The demand for Canadian flour is increasing rapidly in the Orient. This year 347,760 barrels of flour were exported from Medicine Hat mostly for the East.

The Canadian Pacific Rockies are not "shot up" yet. Following a 30-day hunting trip, Mr. and Mrs. Kollock, of Los Angeles, told of deer that walked right up to camp; bears that prowled all around in numbers; rams and mountain sheep in abundance; lakes full of trout caught with every throw of the line.

Despite alleged trade depression and "blue ruin" talk, during the week ending October 31, 1925, 67 new companies were formed with authorized capital of \$151,658,000, as compared with 90 companies with \$112,614,875 capital the previous week and with 37 companies with \$7,568,000 capital, the corresponding week of last year.

During the 96 hours from Monday, November 9, to Thursday, November 12, the Canadian Pacific Railway loaded a car of grain every 56 seconds, the total being 6,150 cars. On Wednesday 1,805 cars were loaded and on Thursday 1,818, while the record for the year and for many years past was reached on Friday, November 13, when 1,994 cars were loaded.

Involving the use of 3 1/2 million tons of crushed rock, or about 70,000 carloads, approximately 1,000 miles along the Canadian Pacific Railway, Eastern Lines, have been ballasted with rock to date.

The Canadian Pacific Railway has announced the offer of three free scholarships to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

Taking steps in the United States toward a greater recognition of clean sportmanship and the need of conservation of fish, game and forest resources, Ozark Ripley, of Tennessee, editor of Field and Stream, Outdoor Life, Outing, announced at Montreal recently that catching game fish with worms had been banned in practically all states of the republic.

Sugar beet production in Canada is increasing on a phenomenal scale while the value of refined beet sugar has increased about 100 per cent. In 1924, 31,111 acres were planted to sugar beets yielding 285,177 tons of beets, from which 85,770,709 pounds of sugar was refined with a value of \$6,192,645.

NOTICE To Our Subscribers We are revising our mailing list and all subscribers in arrears are respectfully asked to pay the amounts due on their paper. Look at your address label and if it does not read 1925 you owe us something and we would be pleased to have your remittance at once.

Campbellton Will Have Modern Rink

Campbellton, N. B., Nov 24—According to hockey officials here, Campbellton will not only have a strong hockey aggregation to represent them in the coming season but will also have one of the most up-to-date hockey rinks in the Maritime Provinces in which to carry on Canada's most popular winter sport.

Here and There

Major-General Sir Fabian Ware, vice-chairman of the Imperial War Graves Commission, who has been visiting in Canada during October, has been recalled to England much earlier than he expected.

Robert L. Rice, Jr., of Boston, and J. Y. Cole, of Harvard, took big chances when they attempted to travel by canoe from Rouyn to Angliers at the end of October. Although they started in beautiful Indian summer weather they ran within a few hours into a bad storm which filled their canoe with half melted snow and almost froze them into unconsciousness.

Bob Shawkey, New York Yankee veteran pitcher, who organized the party of major league baseball players now hunting big game in New Brunswick, shot a moose with antlers spreading 56 inches and having 28 points, according to word received at Fredericton, N.B.

The romance of a world cruise culminated in New York City recently when Dorothy Holmes O'Ryan, daughter of Major-General and Mrs. John F. O'Ryan, of New York, married Darwin Curtis, of Chicago. The couple met for the first time a year ago on board the Canadian Pacific liner Empress of France which was then making a tour of the world.

EAT AN APPLE A DAY

The old doggerel, that commended the eating of an apple a day if a man desired to keep the doctor away, has been revived in many forms this year when on all sides the eating of apples is being generally commended.

Those who look back to the days when they got an apple for a cent have forgotten the fact that the apple was not as highly cultivated as the apple of today, and that transportation, all the many things that account for the higher cost of food-stuffs had not been invented.

STIFFNESS Apply Minard's every day and rub it in well with the finger tips. It penetrates and heals. Removes inflammation. A remedy for every pain. MINARD'S LINIMENT

Tax Dosen't Stop Christmas Trees

The new duty of ten per cent on Christmas trees entering the United States has not stopped the activities of buyers for the New York and Boston markets in New Brunswick. Thousands of young evergreen trees are now being shipped out of this province in carload lots from various stations, especially in York Sunbury and Charlotte counties which are located conveniently to the border.

Provincial Bye Election in St. Stephen Milltown

December the 10th is the date set by the Provincial Government for the bye-election in the St. Stephen-Milltown constituency to fill the vacancy caused recently by the death of J. M. Flewelling.

Popular Bank Manager Transferred

Announcement has been made by the Bank of Nova Scotia of a change in management at three branches in this province, Moncton, Sussex and Saint John, Mr. W. J. Jardine, for

the past seven years manager of the Bank in Moncton will go to Sussex to replace the present manager there who goes to Saint John. Mr. Cook, the present incumbent at Saint John will succeed Mr. Jardine. The changes, it is understood will take place December first.

Handsome Cup for C. P. Liner Making World Cruise

At Southampton, the Canadian Pacific liner Empress of France was presented with a silver cup 27 inches high weighing 187 ounces on Friday, October 30 by C. S. Quartermaine on behalf of the Round the World Cruising Party on this ship during the winter 1924-25. The cup is a copy of the Gold Entente Cordiale Cup presented to France by His Majesty King Edward VII and was given as a token of their appreciation for the splendid time the passengers enjoyed on their long cruise.

# Local and General News.

Don't forget Phone Number 210

### SHOP EARLY

Only three and a half weeks until Christmas. Better start that Christmas shopping this week.

### RIVER FROZEN OVER

The Miramichi river opposite Newcastle was frozen over last Friday morning.

### NEW GROCERY

Mr. William Stables has opened a Grocery business in the MacMillan building on the Public Square, formerly occupied by P. N. Brown.

### SIGNS OF WINTER.

A number of large flocks of wild geese, on their way south have passed over the town recently. A good sign that winter is about with us.

### DIPHTHERIA IN TOWN.

Mr. John Brander's residence on Pleasant Street is quarantined for a case of diphtheria. The patient's case is of a mild type and satisfactory recovery is being made.

### PRESBYTERIAN SERVICE

Next Sabbath, Presbyterian Service will be held in St. Andrew's Sunday School Building, Pleasant street, at 7 o'clock in the evening. All are cordially welcomed.

### BATHURST HOCKEY

**TEAM IN PRACTICE**  
The Bathurst hockey team has begun practice under the direction of John Barberie. It is their intention to devote three nights a week to training and local fans are looking forward to a busy season in this line of sport with a stronger lineup than last year.

### SMELT FISHING.

The smelt fishing season opens today, Dec. 1st. It is said that prospects for good fishing are excellent. The fishermen are already with their nets and gear and it is said that the quality of fish is good and the price will start at 8 cents. Last year's fishing was a failure and the fishermen and buyers are looking forward to a good season this year.

### THE RED CROSS JUNIOR

Christmas joy radiates from the December issue of the Red Cross Junior, published in Toronto. An Austrian conception of Santa Claus reprinted through the courtesy of the Austrian Red Cross Junior illustrates the cover and shows how the birds and the bunnies and the stars all make friends with the good old Saint of the children. The words and music of a quaint Christmas carol, Christmas stories and songs with stories and pictures of the lands to which the Juniors themselves belong, with a delightful acting version of Dickens' Christmas Carol are among the contents of this magazine, which is rapidly winning a place among Canadian juvenile literature.

### Treat Colds Externally

For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub briskly over throat and chest and cover with warm flannel.  
Vicks acts in two ways—both direct and indirect. It is absorbed and inhaled as a vapor. A quick relief for the cold symptoms of all the family.

**VICKS VAPORUB**  
SOLD EVERYWHERE

### RIVERS HIGH

The recent rains have made all the rivers and streams very high for this season of the year; and as there has been little frost, they are practically all clear of ice.

### LUCKY NUMBER.

Number 535 won the \$10.00 in gold, given away last Saturday evening, as a door prize at the Opera House for the week. Mr. James E. O'Brien of Newcastle was the lucky man.

When you need groceries Phone 210-t. f.

### COMING TO OPERA HOUSE

Charlie Chaplin in "The Gold Rush" starting Wednesday, December 9th. It took the best comedian in the world two years to make this picture. It is Charlie's best and no one should fail to see it.

### W. M. S. MONTHLY MEETING

The W.M.S. of St. James' Presbyterian church congregation held their regular monthly meeting last Wednesday evening at the home of Mrs. Allan J. Ferguson. There was a large attendance of members and arrangements for the winter's work were completed.

### HAD NARROW ESCAPE FROM DROWNING.

Little Jack Murphy the five year old son of Mr. and Mrs. Martin Murphy had a narrow escape from drowning on Sunday afternoon. While playing in Ritchie's boom the ice gave away and the little fellow went under. Had it not been for Mary Craig and Jackie Copp who were the first to witness the accident and went to his assistance, the little fellow no doubt would have been drowned.

### BIG GAME SEASON CLOSED.

The big game season in the Province of New Brunswick closed last night. The season has been an excellent one in point of both quantity and quality of the game secured by hunters. In the matter of receipts from game licenses L. A. Gagnon, Chief Game Warden is of the opinion that the total will not come up to the estimate for this season but will be as large as that of 1924. As the big game season covers portions of two fiscal years it is difficult to state the total receipts for the season but statistics probably will be prepared early in the new year.

### CELEBRATED 40TH WEDDING ANNIVERSARY

The home of Mr. and Mrs. Walter Morell was the scene of a pleasant event on Monday evening, when a number of their friends, laden with gifts, called to celebrate the fortieth anniversary of their wedding and also Mrs. Morell's sixtieth birthday. A good time was had by all present dancing, games and music being the amusements in which both young and old joined. Luncheon was served during the evening and the gathering broke up in the wee sma' hours, after wishing Mr. and Mrs. Morell many more years of happiness.

### CHATHAM HOCKEY OFFICERS

The annual meeting of the Chatham Hockey Club was held, Wednesday, W. H. S. Ritchie was elected president, and J. Arthur Legate was re-elected secretary-treasurer.  
J. A. Legate was chosen a delegate to attend the meeting of the Maritime Amateur Hockey Association to be held at Truro, on Dec. 4. A new executive committee composed of W. A. Brody, E. A. Jackson and A. J. Vespe, was named to handle the affairs of the club during the coming hockey season. W. A. Brody was appointed manager and coach of the team. Last year's lineup is practically intact.

### MOOSE CALLING.

It is said that a largely signed petition will be presented at the next meeting of the provincial Legislature asking that moose-calling by hunters should be made illegal.

### PUBLIC MEETING TONIGHT.

Adjutant Ellery of Toronto, The Life Saving Guard Organizer will conduct a public meeting at the Salvation Army tonight. Everybody welcome. 48—Pd.

### HEAVY SNOW STORM.

Campbellton witnessed its first real snowstorm of the season Friday night, when the town was covered with about 11 inches of snow, compelling everyone to abandon all wheel vehicles and take to sleds.

### ST. ANDREW'S NIGHT.

Last night was St. Andrew's night and was celebrated in Chatham by the Highland Society of New Brunswick at Miramichi in the Exhibition Building, by the holding of a banquet, which was largely attended and much enjoyed.

### POST OFFICE NEW DOOR

The new door in the Post Office, which was started some considerable time before the Federal election, is at last about completed. It has taken a long time to finish, but will be appreciated by Post Office Officials and citizens, especially during the Christmas Holiday rush.

### HEAVY FIRE LOSS AT MONCTON

Fire that caused a loss of between \$75,000 and \$100,000 broke out in Moncton Sunday night about 10.30 o'clock, in the two storey wooden block known as the Commercial Hotel block, situated on Main Street just west of the Post Office, which completely destroyed the structure.

### A COLD SNAP.

The Miramichi district is at present experiencing the coldest snap of this season. Sunday night's first sealed the river with ice and Monday's cold weather assisted in making it still firmer. In all probability the river is now closed for the winter season, unless warmer weather occurs and care should be taken for some time to avoid accidents, which usually occur at this season of the year. The fishermen are pleased that the river is sealed as today the smelt fishing season opens and they will be assisted materially in their work.

### SERVICE AT MILLERTON.

A very appreciative congregation gathered at "Grace Presbyterian Church", Millerton last Sunday evening to hear Rev. David Williamson preach most acceptably from "Matthew" 11th Chap. Verse 28, the theme of his discourse being "Rest". The music was exceptionally good, Mrs. James Carter and Rev. Mr. Williamson singing the duet "Some Happy Day." Next Sabbath evening service will be held in Ferguson Presbyterian Church and special music will be rendered.

### FRASER COMPANIES, LIMITED

It is understood that earnings of the company for the period ended September are, substantially in excess of those for the same period last year. The Company's liquid position is reported to be excellent. Construction of the fine paper mill at Madawaska, Maine; has been completed, and one machine is now in operation. The second machine is expected to be in commercial operation from Jan. 1. In view of the satisfactory position of the sulphite paper business in the United States market, the operations of the Madawaska mill are expected to be most profitable. The recent increase in selling price and improvement in demand for bleached and easy bleaching sulphite pulp—the company's chief products—are being reflected in increased earnings.

## SAVE MONEY

# COLEMAN QUICK-LIGHT GAS LAMP and LANTERN

Gives 300 Candle power of pure Soft Light—Make and use their own gas from Common Motor Gasoline—Burns 94% Air—Light with ordinary Matches—Easy to Keep Clean.

Cost-to-use less than 2 Cents a Night

INSPECTED! TESTED! GUARANTEED!  
(WILL LAST A LIFE TIME)

Lamps \$11.50 & \$13.00—Lanterns \$10.00

It makes a handsome and useful present and will always be appreciated

## LARGE SHIPMENT OF BLACK FOXES TO FRANCE AND U. S.

Half a million dollars worth of silver black foxes to the number of 699 have passed through Montreal destined to widely scattered points between Boulogne and Le Harve, France on the one hand and the State of Oregon on the other, the intermediate points of destination being various points in Ontario and Western Canada, also the states of Idaho, Utah, Colorado, New York, Montana, Minnesota and Michigan. 560 crates were utilized to house the animals during their travels, these crates being handled by the Canadian National Express in five of the special all steel cars of the Canadian National Railways. Shipments of this nature, special care has to be taken as regards food, watering, and accommodation to ensure the arrival of the valuable animals in the best of condition. What presages a new era in the silver black fox industry in Europe is seen in the two special shipments of foxes to Le Harve and Boulogne, France respectively, one of which breaks all previous records in numbers shipped to European points comprising 121 crates containing a total of 269 animals. They are from the world famous fox ranches of Prince Edward Island and are destined for Le Harve. This special cargo of foxes arrived in Montreal yesterday morning in special all steel cars of the Canadian National Railways attached to the Ocean Limited, and were in special care of Mr. Love, who will accompany them to their destination.

There is also something akin to the unusual in the second overseas consignment to Boulogne, France, in so far as they come from fox ranches in the province of Manitoba whereas in the past the majority of shipments of foxes originated from Prince Edward Island. It is a singular fact that the fox breeders of Europe have a very definite leaning towards the silver-black strain. This is doubtless due to the fact that it is well nigh impossible to imitate the silver black fox pelt for the reason that the hairs which give the silvery appearance are not black until their entire length, but are black on ends then the silvery band and then black again, changing into a mouse color as the hairs approach the skin.

## Paid a Dollar to Applaud the Liberal Premier

Montreal, Nov. 28—An affidavit signed by Dieudonne Filion, in which he declares he was given one dollar on the understanding that he applaud Premier Taschereau when the premier spoke at Lachute last Wednesday afternoon, was read at a meeting last night at St. Anne De Bellevue, by Alfred Duranleau, M. L. A. for Laurier Division, who spoke in that town in favor of Anatole Carignan Conservative candidate in Jacques Cartier Division. The affidavit was made before J. F. Lavigne, a commissioner of the Superior Court of the district of Terrebonne. In the document Filion describes himself as a waiter, residing in Montreal, and an elector of the county of Argenteuil. Mr. Duranleau read the affidavit as a reply to the charges made by

## Big Rise of Radio Is Shown

1925 Business of \$500,000,000 Contrasts With \$6,000,000 in 1920.  
Chicago, Nov. 8—Radio has climbed in a little more than five years from the hobby of a few scientists with a total annual business of less than \$6,000,000 to a business in 1925 of more than \$500,000,000 a growth almost of unparalleled in American history. Manufacturers estimate for 1925 indicate a sale of 3,000,000 radio sets and 20,000,000 tubes. This year's volume of radio business, according to Major Herbert H. Frost of Chicago President of the Radio Manufacturers' Association, will exceed last year's by \$200,000,000. Besides the completed sets, sales of \$150,000,000 in parts and accessories indicate a considerable volume of home-made sets. The industry now employs about 300,000 persons in the 1,200 plants and 40,000 dealers' stores, nearly all of which have come into existence in the last five years. Schools, churches and newspapers have seized upon this new medium of reaching the homes until one-third of the broadcasting stations which supply the entertainment for the millions of sets are operated by these three groups. There are now 584 stations more or less active, and 108 of these are operated by educational institutions, 47 by churches and 39 by newspapers. Premier Taschereau that the village of Brownsburg had been invested with Conservative money to "buy the electors."
