POST OFFICE SAVINGS BANKS.—We have received a paper issued by the government showing the progress and condition of the Post Office Savings Banks, from the commencement 1st of April, 1868, to the 30th June, 1872. It is gratifying to be able to state that there has been a steady increase in the number of depositors which now amount to 21,059. The balance due depositors on the 30th June is \$9,006,500.01. The proportion of the depositors to the population is in Ontario, 1 in 88, and in Quebec 1 in 786. The names of seven cities of the Dominion are given, viz., Quebec, Montreal, Ottawa, Kingston, London, Hamilton and Toronto, and taking these and comparing the proportion of depositors to the population, we find that Hamilton occupies the first place, having 1 depositor to 12, while Kingston comes next with 1 to 14, London next with 1 in 15, Toronto next with 1 in 18, Ottawa next with 1 in 84, Montreal next with 1 in 175, and Quebec brings up the rear with 1 in 528.

Base Ball Notes. The second week of August was a busy one on the ball fields of the metropolis. The contesting clubs have worked to do to play all their championship games before the close of the season, as will be seen by the record below, which includes the games won and lost in the championship arena up to date, as well as the number each club has yet to play of the regular series. The following clubs have practically withdrawn from the championship arena: Olympics, of Washington; Troy Club; Mansfield, Connecticut; and the Nationals, of Washington.

Club	Games won.	Games lost.	Games yet to be played.
Boston	22	5	31
Athletic	13	5	37
Montreal	11	10	35
Baltimore	7	13	35
Cleveland	3	10	39
Attleboro	3	14	43
Essexford	3	14	46

On Saturday the Boston nine defeated the Cleveland Club by a score of 15 to 7. The Mutual nine have gone to Philadelphia to play with the Athletics and Baltimore.

CRICKET. The cricketers of New York and Philadelphia are more active in view of the anticipated games with the English players, and a series of matches preliminary to the September meetings with the English eleven have been arranged. This week the Manhattan and St. George clubs will play at Hoboken, and next week the Germantown clubs will meet the St. George eleven. The Boston clubs are to have a match with the English eleven. A cricket match between the English eleven and twenty-two base-ball players may be played. It is asserted that a twenty-two can be raised from the ball clubs of Boston, New York, and Philadelphia, who will play as well as well as the twenty-two New York did against the professionals in 1868. Harry and Geo. Wright, Hatfield, McBride, Radcliffe, Rastall, and other noted base ball players are also excellent cricketers.

West Toronto Election. The election for West Toronto, which took place on Monday, passed off in the most orderly manner. The following was the state of the poll at the close: **CHAWFORD, M'LELLAN.** St George's Ward... 130 32 St Andrew's Ward... 367 237 St Patrick's Ward... 491 254 1,038 573 Majority for Crawford, 462.

NEWS ITEMS. Some oil men propose shortly sinking a test well at Camanche. Indications are reported good. Windsor commenced excavating for her water works on Monday last. The machinery is expected on the ground early in September. One of Cauchon's election ruffians, a lawyer to boot, has been fined \$20 and costs for presenting a pistol at one of Mr. Ross' canvasses. It is reported that Cap. Myles, late of the 13th Hussars, and a journalist, has been appointed Commander of the Mounted Police in Manitoba. Prince Bismarck recently celebrated his silver wedding at Varsin. One hundred and ninety-two congratulatory telegrams were received from distinguished persons in all parts of the world. A very fine specimen of the blue heron was shot near Kincardine on Thursday last. It measured five feet eleven inches from tip to tip of the wings, and when erect stood four feet high. Its beak is seven inches long. The bird is to be "taxidermised."

THIS MORNING'S DESPATCHES The Belfast Riots. The Troubles not Ended. The Geneva Arbitration. Fire in Lewiston. Opening of a New Railway.

London, Aug. 19.—The riots in Belfast are not yet thoroughly suppressed. The Mayor and the Magistrates of the city have issued a proclamation warning rioters to disperse under the severest penalties for continuance of disorderly conduct. Arrests thus far have been remarkably few. In the hospitals are many victims of the riots, a number of whom bear sword cuts and bullet wounds. A correspondent telegraphs from Belfast this morning that the fighting continued last night, and that stones fell in the streets like hail.

London, Aug. 19.—Despatches just received from Dublin dated to-day, convey later news from Belfast. Rioting still goes on. Four persons were killed on the streets this morning. The peaceably disposed citizens of Belfast are greatly dissatisfied at the want of vigor evinced by the authorities in suppressing the riots. Ruffians with pistols in their hands stalk through the city, and whole sections are given up to the rioters.

Washington, Aug. 19.—There is information from Geneva which warrants the assertion that since the exclusion of the claims for indirect damages the business before the Tribunal of Arbitration has been favorable to this Government, and that several awards for direct damages have already been agreed upon, the indication being that on conclusion of the adjudication a gross sum will be awarded to the United States, thereby avoiding a reference of the subject to a Board of Commissioners. It shall not be expected that particulars can now be officially given, as the proceedings of the Tribunal are conducted in secret and the information furnished to our Government is of the same character.

New York, Aug. 19.—Prince Augustin, of Saxo-Coburg, husband of the Princess Imperial Leopoldine, of Brazil, arrived ex steamer North America from Rio Janeiro.

Lewiston, Me., Aug. 20.—A fire broke out here yesterday in Flint's dry goods store seriously damaging the stock valued at \$12,000. The store was badly damaged on the first story.

Wolfboro, N. H., Aug. 20.—The Wolfboro Branch of the Eastern R. R. was opened yesterday, forming a connection with the railroad route between Wolfboro and Boston.

North Wentworth all Right. BAIN'S MAJORITY 111. Mr. Bain has been elected by a majority of 111. As soon as this was announced in Dundas, hearty cheers were given for the Queen, Mr. Bain, Mr. Ryland and the Reform successes of the day. By the time this had fairly concluded the announcement was received that a band and procession was on its way from Hamilton to escort the member elect to the city. By nine o'clock this was fairly formed and wended its way, accompanied by a large number of vehicles containing the staunch Reformers, who were met by Mr. Sexton, Colonel McGivern, Messrs. Magill and Irving, and other prominent Reformers. On reaching Hamilton there was a splendid ovation, when Mr. Ryland and others spoke. The following are the returns: **BAIN, MCKEON.** Dundas.....140 209 Flamboro East, maj.....106 Flamboro West.....270 283 Beverly, majority.....269 679 Majority for Bain 111.

South Wentworth Sound. RYLAND'S MAJORITY 208! Mr. Joseph Ryland has been returned for South Wentworth by 208 majority. At the close of the poll throughout the Riding the deputy returning officers drove with great haste to Byckman's Corners, where it was understood the official returns would be made out and announced. By seven o'clock fully 1200 people from various parts of the country had congregated at that point. The result of the polling in favor of Ryland being anticipated, loud hurrahs rent the air on the arrival of that gentleman, who was at once called to the platform of the hustings, and addressed the meeting amidst the cheers of his supporters. Mr. Sexton, M. P. P., and Mr. Robert Saunders, of Hamilton, followed in speeches congratulatory of the proud triumph achieved. The announcement of Sir Francis Hincks' defeat and the return of Mr. Bain for North Wentworth, was received with great cheering. The full returns having been made out, with the exception of two divisions of Saltfleet, the result was proclaimed, and then followed the loudest and most prolonged cheering for "Honest Joe" that ever fell to any man's lot to receive. The returns are as follows: **Rymal, Bethune.** Aeneaser.....506 185 Barton.....216 174 Glanford.....186 176 Binbrook.....131 61 Saltfleet.....1,039 831 Majority for Rymal.....208

Another Opposition Gain in Quebec. RMOUSKI, Aug. 19. M. Fiset, Opposition, has been elected for Rimouski over M. Sylvain, Ministerialist, by over 300 majority.

The Crops.

The following statements of the probable yield has been furnished by the several station masters on the line of the T. G. & B. Railway Company, to the general superintendent of the road:—**MOUNT FOREST.**—Fall wheat, 80 bushels per acre, good, not much sown; spring wheat, 25, large quantities sown; barley, 40, not much sown; oats, 50, good, large quantities sown; peas, 40, good, largely sown; turnips, 100, poor, large quantities sown; potatoes, 200, good, largely sown.

KENILWORTH.—Fall wheat, 35 to 40 bushels to the acre, good yield; spring wheat above the average; coarse grains unusually promising; potatoes, good crop; turnips, failure generally.

ARTHUR.—Crops have not looked as well for years back. Fall wheat, very little grown; spring wheat, better than it has been for years; coarse grain and green crops very good and above the average.

AMARANTH, WALDEMAR AND LUTHER.—Fall wheat, very little sown, but what there is of it is very good; spring wheat, 20 bushels per acre, looks well and will average this at least; barley, good crop, rather better than average; oats, 40, large quantities sown, very fair prospects; peas look well; hay, good crop, well sown; roots, good crops.

ORANGEVILLE.—Fall wheat, 15 bushels per acre, poor crop, more than half of it having been winter-killed; spring wheat, 20, fair crop; Oats, 30, promise well; peas, 15; turnips almost a total failure; potatoes, very fair crop.

ALTON.—Fall wheat, 18 bushels per acre, killed in spring, small crop; spring wheat, 16, light from want of rain; barley, 25, light; oats, 25, light; peas, 20; potatoes, average crop; turnips, poor. Crops generally very light this year.

CHARLESTON.—Fall wheat, complete failure, not worth cutting; spring wheat, 15 to 20, very light; oats 20 to 25, lighter than they were ever known; barley, 15, very light; peas, appear to be plentiful. Crops in general very light.

MONO ROAD.—Fall wheat, almost a total failure; roots, likely to be plentiful; crops generally very fair considering dry season, but not to compare with last year.

BOLTON.—Fall wheat 10 bushels per acre, a failure; spring wheat, 20 to 25; barley, 25, fair; peas and oats, very poor, barely enough oats for home consumption; potatoes fair, depending on rain.

KLEINBURG.—Fall wheat, 15 bushels per acre; spring wheat, 10; barley, 15; peas, 16; oats, 17, probably estimate may exceed these figures.

WOODBRIDGE.—Fall wheat, 20 bushels per acre, crop small and winter-killed; spring wheat, 22, not a great quantity sown this year, but if it does not touch it, it will reach this average; oats, 40, very good crop and largely sown; barley 30, good crop; peas, 20, middling, but not so good as last year; potatoes, rather small crop (bug and rust).

WESTON.—Fall wheat, 20 bushels per acre, very light; spring wheat, 20, fair; peas, 25, rather light; early oats, 45, good crop; barley, 40; very good in straw and light in grain; Turnips, 800, good crop.

THE CROPS.—Owing to the sectional showers this season in Ontario, says the Woodstock Review, it is a difficult matter to form any general estimate in regard to the crops. In some localities where very little rain has fallen, grain of all kinds fails to fill up properly, and as a consequence the crop is light; while in others more favored with moisture the average measure of productiveness has been attained. In this vicinity a few farmers have been blessed with crops of more than ordinary fulness; others less fortunate complain of possessing fields which owing to the drought, have yielded them no return, whilst with a great many their toil has brought them but indifferent results. The late opportune showers gave a fresh start to roots, and a large number of agriculturists, whose grain has been a source of disappointment, will find a slight solace in that portion of the earth's product yet to be ingathered ere the season's termination.

Mr. Henry Sandfield Macdonald has resigned in favour of Mr. John Hilliard Cameron, who has consented to run. The nomination takes place on Wednesday. It is believed that no outsider will have a ghost of a chance, and that Col. Bergin will be returned by an immense majority.

North Huron Election. Mr. Farrow has a majority of 115, with eight places to bear from.

Town Council.

The regular fortnightly meeting of the Town Council took place on Monday evening. Present: The Mayor in the Chair, Messrs. Robertson, Hogg, Massie, Howard, Bruce, Allan, Bell, Grove, Stevenson, Snider, Kennedy, Robert Mitchell, McMillan.

The Clerk announced that Mr. Denis Coffee had been duly elected to fill the vacancy in the East Ward, caused by the death of the late Councillor Stewart. Mr. Coffee took his seat.

The minutes of previous meeting were read and confirmed.

The Mayor announced that there was an unexpended balance of \$10 from the amount of \$50 voted by the Council for the Volunteer's entertainment on their return from annual drill.

The Clerk read a communication from Rev. R. Torrance, regarding the assessment for school purposes. The amount required is \$7,584. Referred to Finance Committee.

Mr. Stevenson read a petition from an indigent person named Alexander Ogg, aged 75 years. Referred to Relief Committee.

Mr. Stevenson commented somewhat strongly on the conduct of the Chairman of the Relief Committee, in not calling his Committee together and dealing with certain indigent persons who really required help, one of whom was paralyzed, and but for the generosity and hospitality of poor neighbours, would have died before this.

Mr. Bruce denied that he had been lax in his duties, either as Chairman or in dealing with indigent cases. Mr. Stevenson himself failed to put in an appearance once, when the Relief Committee was summoned on account of the delicacy of his health and the witness of the night.

The Council went into Committee of the Whole on the By-Law for watering the streets. Mr. Allan in the Chair. The rate ordered to be levied was 2 1/2 mills on the dollar to pay \$661.

The By-Law was then reported to the Council, read a third time, and passed.

Mr. Massie read the 4th Report of the Finance Committee.—Adopted.

REPORT OF FINANCE COMMITTEE. The liabilities to be provided for amount to \$35,926.03, and the revenue from all sources to \$11,107.67, leaving \$24,818.36 to be provided for by assessment, and they recommend that an assessment at the rate of one-and-a-half cents on the dollar, on all rateable property be levied, which on \$1,809,830 will yield \$27,099.45, leaving a balance of \$2,281.09 to be appropriated towards reducing the balance carried forward from last year.

JAMES MASSIE, Chairman. Mr. Mitchell read the 5th Report of the Road and Bridge Committee.—Adopted.

REPORT OF ROAD AND BRIDGE COMMITTEE. The tenders for a new bridge at Gow's Mill, procured on the plans and specifications, having shown that such a structure could not be built for less than \$1,400, and your committee, considering that the state of the Town's finances would not justify such an expenditure, cannot recommend that the work be proceeded with, but that they be empowered to have the wood-work of the present bridge removed, and the present abutments and piers repaired and raised about a foot higher than they now are, and that the lowest tender for carpenter work be accepted at the rate per foot of such tender, and that a new wooden super-structure be placed on said abutments and piers when so repaired and raised.

ROBERT MITCHELL, Chairman. On the motion for the adoption of the Road and Bridge Committee's Report, some discussion arose on queries by Messrs. Bell and Stevenson, as to the right of the Council to take the County Council's grant for such a structure as that proposed in the Report. It was pointed out that there were no conditions attached to the grant.

Mr. Allan read a Report from the Exhibition Committee recommending that the account from Mr. Geo. Tolton for \$20, for taking care of Exhibition Buildings, be granted.—Adopted.

The Council then went into Committee of the Whole on the question of Assessment. Mr. Bruce in the Chair. The Blanks were filled with 1 1/2 cents on the dollar in the entire rateable property of the Municipality, so as to give 3 mills on the dollar for the County rate, 4 mills for the school rate, and 8 mills for general purposes.

On resuming, the amounts were reported to the Council and adopted.

The following were appointed a Committee to co-operate with the Directors of the S. R. Agricultural Society in endeavoring to secure the holding of the Provincial Exhibition at Guelph for 1873. Messrs. Massie, Hogg, Allen, Stevenson, and Bell.

Mr. Coffee's name was placed on all Committees on which was that of the late Councillor Stewart.

The Council then adjourned.

Montreal Elections. The nomination for Montreal took place on Tuesday.

Mr. M. P. Ryan was elected by acclamation for Montreal West.

Hon. John Young and Mr. G. A. Drummond were nominated for the Centre Division.

Sir G. E. Cartier and Mr. M. Jetté were nominated for the Eastern Division.

Medical men say that Sir G. Cartier cannot live many months.

Hurrah for the Wentworths!

Splendid Victories for Rymal and Bain!!

The Reform victories on Monday have far exceeded the most sanguine hopes or anticipations of the Reformers in Ontario. The overwhelming defeat which has crushed out Sir Francis Hincks in South Brant, and the splendid victories which Messrs. Rymal and Bain have secured in the Wentworths, are sufficient to give the most enthusiastic Reformers. With regard to the Wentworths, the large majorities which both the Reform candidates gained have more than realized our expectations. Indeed from all the accounts we could gather up to Saturday night, we were led to believe that the contests in both Ridings would not only be very keen, but that the candidates on both sides were about equally matched, and not a few Reformers even expressed their fears that "honest Joe" and Mr. Bain would be hard put to it, and might be defeated. We were very loath to believe these reports, but they were so often repeated—even by our own friends—that we were reluctantly forced to give them credence. Fancy, then, our feelings of joy and satisfaction when the news flashed over the wires that Mr. Rymal had beaten Dr. Bethune by 208, and that Mr. Bain had beaten Mr. McKechnie by 111! Those who know Mr. Rymal best are well aware that it is not easy to rouse him. Naturally easy going and inclined to be indolent, we were afraid that he had over-estimated his strength, and was relying more on his popularity and past services than on any efforts he might make during the contest which has just closed. We are glad to say, however, that we were astray in our calculations. Mr. Rymal must have worked like a Trojan, and his many friends must have worked with equal spirit and determination, or they never could have gained such a splendid majority, the largest ever recorded for any candidate in the Riding. It serves to show also how popular Mr. Rymal is among his neighbours and fellow-farmers, and that they place a high value on his honesty and faithfulness as their representative. Not only does Mr. Rymal possess the wit and humour which have made him well-known throughout the Dominion, but he possesses much good sense, a keen insight which enables him to test public questions, and an excellent judgment by which his course as a public man is guided. All honour to South Wentworth for returning him to Parliament by such a large majority, and may he long continue to represent that good old Reform constituency.

Mr. Bain's victory in North Wentworth is equally significant. He had a very popular opponent in Mr. McKechnie, who as Mayor of Dundas commanded a large vote in that municipality. The Tories were quite confident they would elect Mr. McKechnie. Even that wandering political adventurer, Mr. Fahey, went down to Stony Battery, below Free- ton, in the vain hope that he could do the Tory candidate great service. But the electors went to questioning his own consistency, and wanted to have explanations why he now appeared the champion for a Tory, when only eighteen months before he went to the same place to assist in the election of a Reformer. So the poor fellow did Mr. McKechnie more harm than good. We are proud to say that North Wentworth elected Mr. Bain by such a large majority, and feel assured from what we have heard of him that he will be a very useful and reliable member of the Opposition.

THE GREATEST BLOW TO THE GOVERNMENT YET!

Defeat of Hincks in South Brant!

The Tories themselves are compelled to admit that the defeat of Sir Francis Hincks in South Brant is the greatest blow the Government have yet received. Holding a position only second to the Premier, Sir Francis risked much in trying his fortune in South Brant. He risked all and now he has lost all, and leaves the Riding under the weight of a most crushing defeat. The whole country knew that he was making desperate efforts to secure his election, that immense sums of money were being spent, and that a systematic course of bribery was being pursued. Even the Reformers in the Riding got frightened at such nefarious work. They were sure of a large majority, if that majority was not bought up. We are glad to say that although it was considerably reduced by such means it is still close to 800. Such a result may well satisfy the Reformers of South Brant and Ontario. To the former every credit is due for the noble efforts they made, and for the crowning victory they have achieved. Where will Sir Francis go to now? We doubt if any place in Ontario will afford a refuge to the defeated Finance Minister.

Glorious Victory in South Brant.

HINCKS COMPLETELY ROUTED.

Paterson's Majority 277.

The despatch to the Globe from Brantford says:

The contest in South Brant is ended and victory won. Most strenuous efforts were made by Sir Francis Hincks and his minions, and they appeared to be sure of success. On Sunday \$100 a piece was offered for two pigs by the Hincks men, but at 11 o'clock this morning it was no longer doubtful that Reform principles would prevail. Brantford town, from which Hincks expected 300 majority, was kept down all day to about 60, ending at 5 o'clock at 77. Most encouraging news was received from the country polling places at intervals during the day. Burford, Hincks' old township, went dead against him from the first. Oakland, always a Reform stronghold, held its own place. Other townships gave good Reform majorities. It is estimated that not less than \$20,000 changed hands for bribery, and \$100,000 for bets. Many lost \$800. About dark thirty or forty loaded waggons and carriages formed themselves into a procession and drove to the country to meet a procession from Burford. The Grand Trunk band accompanied them. The Burford people turned out, about two hundred in number, and all proceeded together to the town, the band playing "See the conquering hero comes," which had been practiced by order of Hincks in anticipation of his election. The town was all alive; the windows of the Committee Rooms, and many stores and private dwellings were splendidly illuminated. The procession drove through the principal streets, and then drove up on the Market Square. Mr. Plewes presided, and speeches were made by Mr. William Paterson, M. P. elect, Hon. E. B. Wood, and Mr. John McLean, of Galt. When Mr. Wood was speaking, some Tory rowdies endeavored to disturb him by groans and hisses, but the well-known voice was too much for their puny efforts. Fully 7,000 people were in the Market Square, including hundreds of ladies. The greatest enthusiasm prevailed, especially when returns from Wentworth were read. Mr. Hincks has not been visible to the naked eye since noon. Many ludicrous incidents occurred. Among others, Alfred Watts, Tory, who vacated for Hincks, and has worked hard for him, took a voter to his house on Sunday night, and slept with him. In the morning, when Mr. Watts went for a carriage, the voter slipped out and voted for Mr. Paterson. Bonfires were kindled in celebration of the victory. Cheers were given for the Queen, Mr. Paterson, Hon. Geo. Brown, and the Galt, Mr. Wood and Mr. Plewes. The Tories held a pow-wow in a bar-room from 10 to 12, and were addressed by Mr. W. D. Litch.

Table with 2 columns: Name, Majority. Rows include Paterson, Hincks, Burford majority, Oakland, Brantford township, Brantford town, and Majority for Paterson, 277.

ELECTION NEWS.

Hon. L. S. Huntington, Oppositionist was elected for Shefford by 402 of a majority. There is talk of J. H. Cameron trying his fortunes in Cardwell. Tom Ferguson is willing to retire in his favor, but Mr. Harris has not been switched off, and it is doubtful whether he will consent to retire.

Another Quebec county has been wrested from the Government in the case of Mr. Prevost, Opposition, who was elected on Saturday, by acclamation, for Two Mountains. Mr. Daoust, who represented the county in the last Parliament, was a follower of Sir George Carleton.

The London Tories have a pretty kettle of fish on their hands. They nominated a Mr. Meredith as the Tory candidate for the Local Parliament, and now they are waking up to the terrible consciousness that Mr. Meredith promises to give the Ontario Government a "fair trial." It would be fearful if London Tories should have to vote for a supporter of Blake & Co.

The Hamilton Times says:—"One of the members elect for the city of Hamilton (Mr. Witton) is now, to the great disgust of his fellow-working-men of the city, on a tour to the East, stumping for Sir John A. Macdonald. Thinking men, who voted for him as a workingman, and because he was a workingman, begin to see now that the whole game played by the Ministerialists upon the workingmen was in reality a sham, a humbug, and a great farce. With reference to Mr. Witton we must say, in his defence, that he was not elected upon his own merits, but by the expenditure of large sums by the supporters of the Government. Now, under these circumstances, Mr. Witton cannot feel that he is an independent man. He was purchased at a great price, and the political party with which he has identified himself want him to render services to the party commensurate with the price they paid to secure his election."

We have it from the St Thomas Home Journal, that at a meeting held in Aldborough West by the Tory candidate for West Elgin, Mr. J. H. Munroe, Mr. McKellar, was treated in a most ruffianly manner by that worthy. After Mr. McKellar had finished speaking, and was listening to another speaker, Mr. Munroe edged up to him and said: "McKellar that map is false"—pointing to a copy of Sandford Fleming's map showing the several surveys for the Intercolonial Railways; "No," Mr. McKellar replied, "the map is correct." "You're a liar! You're a liar!" was Mr. Munroe's response, repeated

with great vehemence and vindictiveness. Mr. McKellar, although a brave-hearted Highlander as lives, did not follow the example set by the Minister of Justice and slap the insulting ruffian's face. He only said, "Mr. Munroe, if that is your style of argument I don't want to have anything to say to you."

CHAPTER XIV. A HAPPY MOMENT—A VISIT TO SAD SCENES—SEPARATION.

One day when the wedded pair had gone away by themselves over the heights George sauntered down to the harbour to inspect the few boats lying there, and learn what prospect there was of one being had to take them to the Ayrshire side.

"Very warm weather, my friend?" he observed, as he seated himself beside him.

"Extraordinary warm, sir," responded the man, in a frank, respectful manner.

"No, sir; I believe they have gotten very few—no above a hunder or twa."

"You haven't been out yourself, then, this last night?"

"Why, me, sir? Ah, no! My fishin' days are past."

"Weel, I'm no maybe very and—theo sixty-five canna be ca'd young, sir—but, ye see, I'm sair fashed wi' pains, and my joints are owre stiff for gaun out at nights."

"Was this the boat you sailed in?" asked the youth, laying his hand on the side of the black, weather-beaten, old-fashioned craft which he called a cobbie.

"Deed was it, sir; and moony a storm has she carried me through. Mair a hantle than she slim things down in the harbour will ever weather."

"They are much smaller, I think," observed George, "and sharper in the bows."

"Oh, aye; they are, like moony a thing else in this world, new-fangled, and what they ca' smart. In a calm sea they'll dae weel enough, and wad maybe rae my auld cobbie afore the wind, but wad they be in a storm?—naething but a cockle-shells, that a heavy sea wad crack tae pieces. Gang and grip their timmers, sir, and then come back and see the odds atween them and this."

"I do not require to do that, my friend. I can easily see that your boat is of much stronger make—strong enough, I should think, to go into the open sea."

"Just so, sir. And it was the mooth o' the firth that she did gang tae for the maist part. Moony a time ootayont Ailsa Craig—just about as stormy a bit as on a' the coast. What wad this bit o' jimecrack things dae oot there, think ye, sir, wi' a heavy sea comin' in frae the Atlantic?"

"They could not stand it, I should think; though for the river and the lochs they must be more handier and more suitable than a boat of this heavy build."

"Weel, I winna say but that's true, though my cobbie and me kens Loch Fyne and Loch Long, and Loch Gill as weel as we dae this bay here."

"You have been here all your life, have ye?"

"No at Millport," was the reply. "I have been here just five years, past at Whitsunday; but for mair than forty year I lived on the ither side, ayont Port Crawford there."

"Ah!" exclaimed George, with sudden interest, "then you will know that part of the coast well?"

"Every rock in it, sir."
