CALGARY LOST OUT IN 15 INNINGS GAME

The Best Baseball That the Fans Ever Saw in Edmonton—Geehan Walked in Run

Edmonton, May 16.—Edmonton and Calgary played fifteen strenuous innings to a tie today, until in the latter half of the 15th, Geehan, pitching for the Cow-punchers, lost the game to Edmonton by walking two men when the bases were full, forcing in the winning run. The game, which was the opening of the season in Edmonton, was the most spectacular ever played on the home diamond, and lasted three hours. Edmonton started off in the lead, scoring one in the first when Olson got a hit on an error and stole second, advancing on fielder's choice and scoring on Lussi's bingle. They scored again in the fourth when Lussi singled, stole second, got third on a wild pitch of Geehan, and scored on an error of the catcher.

Calgary got two in their lucky seventh when Smith and Flanagan scored. Smith made a three-bagger to left and scored on the pitcher's wild throw. Flanagan was forced to third when Stanley walked and scored on Geehan's fly. Edmonton made the winning run when Mills got first on fielder's choice, and stole second, and Olsen got first on an error. Baxter walked, filling the bases, and Lussi walked, forcing in the run.

The following is the box score:

Calgary	A. B. R. H. P. O. A. E.
Duggan, ss	4 0 1 2 2 0
Carney, lf	6 0 1 4 0 0
Clyde, c	4 0 0 3 0 1
Smith, 3b	5 1 2 1 3 0
Kellackey, rb	6 0 0 0 0 0
Tallant, cf	2 0 0 2 0 0
Flanagan, cf	4 1 0 0 0 0
Connors, 2b	6 0 0 3 7 2
Stanley, c	4 0 0 3 2 2
Geehan, p	3 0 0 1 0 0
Totals	45 7 6 43 18 7

Edmonton	A. B. R. H. P. O. A. E.
Mills, lf	7 1 0 2 0 0
Olsen, cf	7 1 1 3 0 0
Baxter, lb	6 0 0 13 1 0
Lussi, 2b	6 1 2 2 3 0
Moran, ss	6 0 0 1 2 0
Brennan, 3b	6 0 0 0 0 0
Gouchee, rf	5 0 0 2 0 0
Ward, c	6 0 1 3 1 1
Dellar, p	6 0 2 2 2 1
Totals	45 2 6 45 13 2

Edmonton on base—Geehan (Gouchee). Three base hits—Dellar. Two base hits—Lussi, Kellackey. Left on bases—Edmonton 10, Calgary 7. Stolen bases—Mills, Olson 2, Baxter 1, Lussi 1, Carney 2, Brennan 1. Sacrifice hits—Mills 1, Kellackey 1, Flanagan 1, Connors 1, Geehan 1.

Lethbridge Cannot Win

At Lethbridge—R. H. E. Lethbridge 0 0 0 0 0 10 5 2. Medicine Hat 2 0 2 0 0 0 0 0. Batteries—Fleh and Lynch; Nelson and Davidson. Umpire—Wheeler.

LOCAL BASEBALL NEWS

The Buffers and Athletics will clash in the Junior Baseball league at Victoria park tonight at 8:45 sharp. The batteries will be—

Beavers—McParland and McLaurin. Athletics—McKee and McLean.

The Y. M. C. A.'s and Swastika's will play at the East End grounds tonight at 8:45 sharp. Batteries—

Y. M. C. A.—Leeson and Carstairs. Swastika—Kenby and Dowd.

There is some good material in the Junior league this year and there will be a great race for the pennant, the teams being very evenly matched. The youngsters complain that there is not enough interest taken in the Junior league and they would like all interested to turn out and root for their club as they claim this would greatly encourage the players.

High River Wants Games
The High River Baseball club would like a game here for May 22 with a Calgary team. Correspondence, either by letter or phone invited immediately. Address—

WILL C. SMITH,
Secretary High River B.B.C.

Paddock is on the Way
President Sam Savage received a message from Vancouver that Paddock, the new Carney pitcher, left yesterday for Calgary, and will be here today. He will remain here until the season begins again on Saturday, and will probably be in the opening game then. Paddock is described as a high-class pitcher who does things rather leisurely. He is a good swatter and has had lots of experience in the outfield. He will probably work in the outfield when Carney needs a man there.

Good Game Between Intermediates
In a keenly contested game in the Intermediate league yesterday evening at Victoria park the Cubs defeated the White Sox by a score of 3 to 2.

The game was evenly contested throughout, the White Sox leading at the start. In the fourth, however, the score was tied and from that to the end the Cubs scored four more runs, while the White Sox only got one. The following is the score by innings:

Cubs	R. H. E.
100 110 215	3 4
White Sox	R. H. E.
110 000 016	2 5 5

Batteries—Callens, Gill, Strrett and Mussen; McLean and Cameron.

Hans Wagner Not Badly Hurt
Pittsburg, Pa., May 16.—Captain Fred Clarke of the Pittsburg team tonight issued a statement as to the cause and extent of Hans Wagner's injuries, which he said was warranted by many rumors and false reports in the matter. In the last game here with Brooklyn, said Clarke, "Wagner slid into third base and his shoulder came into contact with McIlwain's foot. The top of the shoulder was bruised and the hurt is a painful one. A slight cold aggravated the soreness and stiffened the muscles. Wagner wanted to try out, feeling he would not do himself justice, but I prevailed on him to remain at his post. Then he and Miller cooked up the exchange of positions to make Wagner's work lighter."

Zbyco Defeated Rollet
Buffalo, N. Y., May 16.—Zbyco won the first fall in his match here tonight in one hour and five minutes, and the second fall in 1:40 in his match with Dr. Rollet. Dr. Rollet was injured.

GUSTAV LJUNGSTROM—The Swede runner, who finished first in a 20-mile race at Toronto recently.

THE YOUNG CALLES WON SOCCER GAME FROM Y. M. C. A.

The Game Was Fair in Spots, But Not Up to Much.

In a rather tame game of soccer last night the Caledonia Intermediate team defeated the Y. M. C. A. eleven by a score of 1-0.

The game was a City Intermediate league fixture, and in spots the play was good, but for the greater portion of the game it was sloppy and the men handled the ball like novices.

In the first half the Y. M. C. A. did not shine in any particular way, while the Calles worked strenuously to score, only getting one shot in with telling results.

In the first half Stanley Jackson, the referee, gave the Calles a penalty and another in the second, but they could not score on them.

The only goal scored was from a scrum on a cross, by Spalding. The majority of the Y. M. C. A. team was the right back, who time and again made some great saves.

The Calles did not shine in any particular way, with perhaps the exception of Jimmy Hals, the goal keeper, who had one hard one to stop and did the necessary in great style.

The Calles time and again passed up good opportunities to score, and showed lack of team work.

Of the whole game there was only one class of play that can be commended on with favor and that was the tackling, both teams showing up well in this department.

The teams lined up as follows: Calles—Goal, F. Hals; backs, Mason and Cowe; halves, Miller, Johnson and Ogilvie; forwards, Epstein, Bennett, Havarrt, McLeod, and Spalding.

Y. M. C. A.—Hamilton, Kent, Neil, Willis, Avery, Ramsay, Davis, Neale, Brooks, Scammell and Andrews.

Hillhurst Team Tonight

The Hillhurst team to play against the City tonight at Mewata Park in the senior league game, will be selected from the following players:

Hookman, Ross, Cooper, Jenkins, A. Wakely, Ward, Allan, McKinney, Nuttall, S. Wakely, Stewart, McEwan, and Fullerton. All the above mentioned players are expected to be on the ground ready to kick off by seven o'clock sharp.

HORSE BREEDERS HOLDING IMPORTANT MEETING TODAY

A Great Loss of Young Colts This Spring Causes Meeting

There will be a meeting at Didsbury horse breeders of the districts between Aldridge and Red Deer. There has been a great loss of young colts this year, through premature birth, and the object of the meeting is to discuss the question and try to find out the cause and if possible a remedy.

Dr. Clark, M. P., Hon. Duncan Macpherson, minister of agriculture, the assistant veterinary surgeon from Lethbridge and a representative from the Alberta Horse Breeders' association will be present.

Dr. Clark recently consulted the Dominion government chief veterinary surgeon on the subject, and will give the result of his inquiries to the meeting.

It is said that similar conditions prevail in other parts of Alberta, and that the farmers of the province have suffered very severe losses this year. It appears to have been common with both range mares and those that were stabled and fed.

Lack of sufficient water in a dry season will cause the trouble, but this could not have affected those animals that were stabled and watered regularly. However, as a large attendance is expected at the meeting, the question will be discussed from many different standpoints, and it is hoped the real cause may be determined.

Governor Sanders of Louisiana says he will veto any bill passed by the legislature repealing the anti-race track betting law. Racing has been dead in Louisiana ever since this bill. It is called the Locke bill—was passed by the legislature.

Big Tim Sullivan, formerly one of the heaviest bettors at the race track, has retired from the business. Before going to Europe Tim had not seen a half dozen races.

RICKARD CHOSEN FOR THE BIG BATTLE

But It May Be Some One Else Yet. Mr. Johnson Was Vexed With Mr. Berger

San Francisco, Cal., May 16.—Tex Rickard, associated with Jack Gleason in the promotion of the Jeffries-Johnson fight, and who came into prominence four years ago when he engineered the Gans-Nelson fight at Goldfield, Nevada, was today elected to referee the fight between the two heavy weights on July 4th at Emeryville.

In accepting the place, however, the Nevada promoter made it clear that he would step aside if Jeffries and Johnson agreed on another man. This settlement came when it looked as if the meeting would end in another deadlock and after bitter words had passed between Johnson and Sam Berger, Jeffries' manager.

Johnson first suggested Rickard, but Berger refused to consider Johnson, saying he would not accept him on account of his inexperience.

The colored champion said he would stand on the three men he had mentioned, Jack Welsh, Eddie Graetz and Rickard.

Berger indignantly replied that he would have the meeting. "Then come a further clash between Berger and Johnson. Berger stood up, as if to leave.

"So you want Rickard, do you?" he queried of Johnson.

"Yes," came the reply.

"Well, all right," replied Berger, and the crowd broke into a cheer as it realized that one of the difficult points had been settled.

Rickard made the following statement: "To straighten out this affair I am willing to act, provided my name is agreeable to all concerned. I don't want to act and I hope before the fight takes place that Jeffries and Johnson will agree upon another man. If they come to terms I am perfectly willing to step down and out, but if they can't reach an other agreement I will not back down."

In spite of the agreement there is a feeling among those who attended the session that the last word has not been said and that the referee question must again be taken up.

It was rumored tonight that, to give the "I'll give up everything" in working order, Rickard was named until the contestants could think over it.

Some Heated Argument
Just before the compromise was reached Berger interjected that: "I'll give up and hit that black man," at the same time applying another epithet besides black.

This remark was carried to Johnson who warned Berger never to call him that name again.

Berger denied he had said anything of the kind, but Johnson's followers declared he did say that black man.

"You're just an educated dog," said Johnson to Berger. "Now, come out and fight if you want to. I'll give a thousand dollars if you will come right out with me and so three rounds."

They were finally quieted and the session was resumed. At the start of the meeting Berger again named the five men he wanted—Eddie Smith, Billy Roach, Charley Epton, Phil Wand and Johnny Hergen.

Johnson, however, named Graetz and said he would stick to them. He intimated further that he would allow no one, not even the promoters to do the selecting for him.

All sorts of suggestions were suggested. Berger said he would be willing to have the sporting editors of the five San Francisco newspapers name the referee, to act in conjunction with the two promoters.

Bout Takes Place Next Tuesday
All arrangements are now completed for the boxing contest between Rod Standon and Billy Lauder, which will take place on Tuesday morning next in an arena built on the heights back of Hillhurst.

The main event will start sharp at 11:15, while the first preliminary between Young Smith and Billy Reid, both well known in Calgary.

The big event will be staged within three minutes' walk of the end of the street car line in Hillhurst, just at the top of the stand to the right, being nearer the city by about half an hour's walk than the previous contest.

Lauder and Standon are working hard, each doing a lot of road work in the morning, and working out with the bag and sparring in the afternoon.

Lauder is in the pink of condition and has put up the fastest article of fistic display that has yet been seen in Calgary. As for Standon he has up to the present shown good in his work on the heavy side, and will give the Scotchman a hard run for his money.

Both Lauder and Standon extend an invitation to the public to watch them spar in the afternoon. Lauder will be found at the Hillhurst fire hall, and Standon at the east end fire hall.

The Rite
The following are last week's scores of the Calgary rifle club. Saturday was a very rough day, windy and very darty, but considering the weather, very good scores were put on. F. W. Empire Day Cup will be fired at 200, 500 and 600 yards. This competition is between all rifle clubs all over the province on British soil. Canada does not have as good a chance as Africa, Australia or East India, this being our worst shooting weather, the countries named having their fall or heat or shooting conditions. All members are requested to turn out and practice for this competition.

IT'S GREAT!

Notes of the Pugilists
Pat Moore of Philadelphia, has called off his bout with Frank Conley, at Vernon, Cal., on June 4. Moore is going to stay in the east and fight Jim Driscoll.

Johnson may enter the ring at 200 pounds. He now weighs about 218 and says he will remove those eighteen.

Corbett, when he arrives at Rowardennan, will likely ask for more heavyweights. Corbett wants to annex Al. Kauffman, Tony Ross, Jim Flynn and all the other unattached heavies in the game to give Jeff plenty of rough work.

Jack Jeffries is now boxing with his brother Jim. Jack is much heavier than the former champion.

Jeffries now weighs approximately 227 pounds.

The promoters of the Jeffries-Johnson fight are extending a special invitation to

THE CAUSE OF SECTIONALISM

The Lethbridge Herald repeats its arguments against the establishment of the Calgary University and goes even further in its hostility to the effort that Calgary is making to organize a university which is destined to do its part in educating the people of Alberta and developing the province.

It admits that the Herald favored Strathcona as the site of the provincial institution, glories in its choice as a matter of fact, and now insists that no institution is enough and under no circumstances should the Calgary University be given aid from the province, whatever work it may do.

Incredible as it may appear, the Herald is willing to go further. It believes that opposition to a Calgary institution should be perpetual and unqualified and oppose under all circumstances its very existence.

It is opposed to placing a university here even though an provincial grant were asked for, and supported entirely by Calgary people and doing an excellent work. It would take this course because it believes that such an institution would be the means of strengthening the discord unfortunately existing between the north and south.

The discord existing between the north and south which unfortunately exists was started and aggravated by the action of Premier Rutherford and dared to have carried out his policy of disintegration, discrimination and sectionalism, had he not known that he would be endorsed in his petty, paltry, sectional policy, by such as the Lethbridge Herald. That is the secret of the real north and south battle which the Herald regrets, but for which it, to a great extent, is responsible.

With such a policy warning its heart, it is perhaps hopeless to argue further with the Lethbridge paper. For there is one university in Alberta, placed in Strathcona, and any other however much needed or however competent, is one too many, particularly if placed in this city. And then the Herald grows sad and weeps because of the sins of sectionalism which so unfortunately afflict the people of Alberta.

It is to be hoped that the readers of the Lethbridge Herald will be able to see some distance further than this newspaper. The idea that this movement is the purpose of this movement, the provincial university is almost too wild to even consider. The people of Calgary have already subscribed to an endowment valued at over half a million, and will nearly double that in the next couple of months. Calgary people are not putting up any half million or million dollars for the fun of worrying any person or anything. That is entirely too much money for any such foolish purpose.

The people of Calgary believe that there is need of the establishment of a university in Calgary. It would be better to start it now.

THE TELEGRAPH TOLLS

Two matters of considerable importance to Western Canada came before the railway commission during the sessions there last week. The Winnipeg board of trade asked for an investigation into the rates upon telegraph messages in and out of Winnipeg. Evidence was shown that the rates were very much higher than in the east. Winnipeg was joined in its petition by Regina, Brandon, Saskatoon and Calgary.

It was shown that while the telegraph rates through Ontario and Quebec were not more than 25 cents for the minimum message that the rate from Winnipeg to Edmonton was 75 cents and from Winnipeg to Calgary 90 cents.

The commissioners announced that though they had no intention of authorizing an investigation into the entire telegraph rates, still some enquiry should be made into the matter. Of course the entire matter will be considered as well as Winnipeg, but the second matter was that of telegraph rates upon newspapers. There the discrimination was shown to be even greater. Recently at the order of the court telegraph companies re-arranged their telegraph tolls, placing them upon an entirely different basis. The C. P. R. put in a scale which was outrageous, arousing the opposition of both east and west.

The protest of the east was so vigorous that the company came down and replaced their first schedule with one which meant the same, practically, at the old rate which was satisfactory to the newspapers. But absolutely no change was made in the proposed rates on western papers.

The increase made upon the Albertan would be something like 300 per cent, and the other papers in Western Canada in proportion.

A comparison shows gross discrimination. For instance the Montreal Gazette or Toronto Globe under the proposed rates will pay for 48,000 words 12 1/2 a week. For 48,000 words the Al-

bertan would have to pay \$180.00 a week.

And there is this discrimination, though the company admitted that distance is not an essential feature in the cost of sending messages.

Representative newspapers in Western Canada waited upon the commission and filed memoranda of rates which they considered fair. They did not ask for an equally low rate with the papers of Ontario and Quebec, but agreed to an increase upon the newspapers (three of 125 per cent in Manitoba; 150 per cent in Saskatchewan; 175 per cent in Alberta, and 187 1/2 per cent in British Columbia.

This, too, is a very important matter, not only for the newspapers, but for the public as well, for a newspaper is more than a private matter. The commission seemed to regard the schedules of the newspapers as fair, but made no definite decision, which will be given in Ottawa in June next.

EDITORIAL NOTES

The Conservatives in the Commons have decided to double the force of party discipline. With every member wavering in a different direction or thereabouts, it requires a stronger force to keep guard.

This would be a very excellent week for the Alberta government to resign in. It is in the middle of May, and the government could pass away quietly with the fall of the comet.

U. S. Papers and The King

Having paid glowing tributes to King Edward, and having extended their best wishes to his successor, the expected reaction is now being expected by some members of the American press, and these United States newspapers are indulging in pessimistic prophecies as to the reign which now is in its infancy. The Detroit Journal believes that George would have been happier had he been left to follow his career as a sailor, with neither bride nor throne forced upon him, by circumstances over which he had no control. It thinks that the prospect of sovereignty embittered him.

The gay spirits, the good-humor that had characterized him on board ship, faded away, and he took on a sullen expression that betokened a sour disposition. Ceremonial, which he detested, had become the principal business of his life, with the certainty of very much more of it when he became king. Before his responsibilities came upon him George was a light-hearted youth who enjoyed life to the full, in a rather narrow line. Unless he has broadened, unless he has gained in vision and in understanding, unless, in short, he has broadened his mind, which his father undoubtedly failed to give him, there is cause for more or less pessimistic surmise, especially in the case of the strained personal situation which England is now confronting, with which England is now confronted. But there may have been a growth which will compensate, to a degree, at least, for the absence of those personal elements which King Edward peculiarly possessed. It is unlikely, in view of George's personality, that the British people can be expected to display toward him that affectionate loyalty, amounting almost to a spirit of comradeship, which they felt toward his father.

There are other United States newspapers which take a broader and more sensible view of King George's future. The New York Herald Tribune has reminded its readers that "as a sailor prince he was highly popular."

He was more than an ornamental sailor. He took his hard knocks with the rest of them, worked himself from station to station until he made full proof of his seamanship by commanding ships on world voyages. He is the only member of the royal family who has shown distinguished ability at sea. He is a born sailor, and comes to the throne at a time when, if ever, the land needs naval intelligence in the direction of her affairs. With a sailor king in Buckingham palace, the prospect of a sea struggle is somewhat changed in aspect.

He is of the type of plain business man, who shows nobility, whether at court, among members of royalty, or among the common people in their groveling before royalty. The fact that he is the terror of court officials, whose very meat and drink is ceremony, ought to be proof enough of that. He has the habit of speaking to the people the result of his observations, and of not allowing his speeches to be blue-penciled in advance.

The Springfield Republican thinks the new King so well prepared for sovereignty that there is no need of any temporary truce between the conflicting parties of the Old Land.

A postponement of the elections until next year seems both unnecessary and absurd. Political movements of great importance cannot be halted by a mere change in the personality of a monarch, as was shown when William IV. came to the throne in 1830. That monarch, in his first address to the Privy Council after his accession manifested his personal opposition to the reform bill, but the reform movement simply proceeded on its course. There was no reason then, and there is no reason now, why a prince coming to the throne in middle life, after years of preparation, should not face the problems of the time as they arise. George V. is not a youth of 18, with scarcely a year's experience in the duties of a constitutional monarch. He is 45 years old, and for nearly two decades he has been carefully trained for the royal office. It has been part of his preparation for a long period to study the political questions of the day, and he has often attended sessions of the Lords and Commons during recent months to hear important debates. The possibility of a sudden accession to the throne has been always before him. His truth is that he is far better prepared for the kingship than the majority of American chief magistrates have been for the presidency when they took the oath of office. Yet no one in this country ever suggested that party struggles should be postponed for three months or a year to afford all American presidents time to familiarize themselves with public questions.

There will probably be many views forthcoming as to the reign which is now commencing. Some of them will be as pessimistic as the suggestion when King Edward took the throne,

FIGURES THAT TELL STORIES

PRINCE EDWARD ISLAND

A writer on the prospects of Prince Edward Island says that if every farmer would plant five acres of apple orchards the exports of the younger generation would cease, the population would double within little more than a generation, and the wealth of the people would grow in much more rapid ratio. This is another way of saying that what the island needs is more intensive cultivation of its wonderfully fruitful soil. As a matter of fact development in this way is in progress. Also, summer resorts are multiplying and the beauty of "the Garden of the Gulf" is attracting many visitors, and means of communication with and within the island are being improved. One index of improvement is the increased business of the government railway, the only one by which the province is served. This progress is shown in the pictures.

The length of the road last year was 257.2 miles, as against 211 miles twenty years ago. With an increase of little more than 25 per cent in mileage, the earnings have increased more than 80 per cent. It is true that, as in other years, there was a deficit on operation, but it was smaller than the deficit of the year before. There was a slight increase of earnings over the previous year, which is the more notable because the earnings of the main Government Railway, the Intercolonial, showed a falling off of over half a million dollars. The freight carried on the P.E.I. Railway was 96,000 tons—the first year in its history when the freight ran over the 100,000-ton mark. The passengers carried numbered 32,738, a great number than in any previous year.

Could Not Sleep

DOCTOR SAID HEART AND NERVES WERE RESPONSIBLE.

There is many a man and woman tossing night after night upon a sleepless bed.

Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some of them have a nervous disturbance, or disease has so debilitated and irritated the nervous system, that it cannot be quieted and rest is impossible. Head aches, starting in the sleep, twitching of the muscles, restlessness, etc.

Milburn's Heart and Nerve Pills are a specific for all people troubled in this way. They have a soothing and calming effect on the nervous system.

Mrs. C. M. Stank, Rosemont, Ont., writes: "About two years ago I began to be troubled with a smothering sensation at night when I would lie down I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb I could not walk in the morning. I was responsible. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now sleep in peace and comfort. My head aches and can rest well. I can recommend them highly to all nervous and run-down women."

Price, 50 cents per box or 3 boxes for \$1.25, at all dealers or mailed direct. Receipt of price by The F. Milburn Co., Limited.

and no doubt they will be as completely refused. The gifts of kings, as of other men, are diverse. The Fifth George, is as likely to be weaker than the Seventh Edward in some respects as he is likely to be stronger in others. The British constitution is such as to enable him to exercise whatever may be his talents, in a certain degree, at the same time, in those departments to which he may be less adapted. And as the Republican points out, he has the advantage in a training for kingship which the heads of republics generally lack. To have a ruler thoroughly familiar with the ways of courts, and the intricacies of diplomacy, is an advantage which these democracies do not enjoy.

Latins May Become Rulers of America

(From the Los Angeles Examiner) It is stated in a recent issue of the Italian department of immigration and receives in Los Angeles, California, America will be a Latin country inside of a century. As the greatest exponent of baby raising, Italian mothers and fathers will easily take first prize.

The figures show that Italian mothers in the United States average 175 babies for every 1,000 women during 1909, while American women only average 120, twenty-one for every 1,000. The Spanish are second with 123 per thousand, showing that America at that rate will soon be Latinized. Following is the table of the race classified:

Table with 2 columns: Race, Babies per 1,000 women. 1,000 French women: 75 babies; 1,000 American women: 120 babies; 1,000 English women: 120 babies; 1,000 German women: 120 babies; 1,000 Spanish women: 123 babies; 1,000 Italian women: 175 babies.

According to the official census of June 1, 1909, there were in the United States 742,197 Italians.

Reflections of a Bachelor

(New York Press) The more children destiny gives a man the less manly it gives him to support them. Maybe nature makes a woman's figure, but her dressmakers do it all over again many times. The thing that is practically dead aims to make a woman believe herself is not to be able to find out where it started.

STRAIGHT TALK ON DANGER OF COLDS

Let your cold gain headway and you can't keep it from running into Catarrh. Catarrh never stays in the same place—it travels down into the lungs, then it's too late! Drive colds and catarrh right out of your system while you have the chance. Easily done by inhaling Catarrh-ozone, which instantly reaches the true source of the trouble, gets right where the living germs of catarrh are working.

CATARRHOZONE

A Convenient Inhaler Treatment is the Proper Remedy to Cure. You see, Catarrh-ozone is simply healing balms and rich, pure essences, which is able to penetrate the sore spots and remove that tender sensitive feeling from the nose and throat. Hawking and spitting cause, because the discharge is not cleared, the throat is irritated, headache is relieved, breath is purified. Every trace of catarrh, bronchitis and throat weakness is permanently cured.

Shun medicines that contain harmful drugs—use a safe remedy that is prescribed by doctors. That is used in hospitals, that is endorsed by physicians and Catarrh-ozone has cured. For winter use there's nothing half so good. Two months' treatment, large price \$1, and guaranteed. Small size, 50c. all reliable dealers or the Catarrh-ozone Co., Kingston, Ont. Beware of dangerous substitutes and imitations for Catarrh-ozone.

THE Washington-Alberta Realty Co.

A FEW SPECIALS

FARM LANDS

160 ACRES—1-2 mile from Chestermere Townsite, less than 1-4 mile from C. N. R. Prevailing prices in this district \$40 per acre. Our price, per acre \$26.50

430 ACRES—5 miles northeast of Calgary, 5 roomed house, barn, 2 wells, all fenced, 160 acres broken, ideal for garden plots or subdividing. Price per acre \$55.00

640 ACRES—6 miles southeast of Airdrie, 15 miles northeast Calgary, prevailing prices in this district are now \$25.00 per acre. Price per acre \$18.50

CITY PROPERTY

GARAGE—On 5th Avenue, on 2 lots, building 1 storey, 40 by 84 feet, let at \$65 per month. Price, easy terms \$8000. This pays 9 per cent on the investment, besides considerable advancement in value.

Owners of Bridgeland Lots PLEASE TAKE NOTICE

(1) That a few owners are offering Bridgeland lots at a price around \$400.00, which is altogether too low. Any Bridgeland lot that is 44 1/2 feet wide is worth \$1,000. Any owner selling below this is giving property away.

(2) Eighteen blocks of sewer and water go into Bridgeland this year. This will begin in two weeks. Now look. Lots twenty-five feet wide, with sewer and water, high and dry like Bridgeland lots in all other directions are selling at \$600 each, that is \$24.00 per foot, and at that price 44 1/2 feet are worth \$1068.

(3) Remember, 44 1/2 feet is just five and one-half feet short of two twenty-five foot lots. The average person simply thinks of Bridgeland lots as being like most others, viz: twenty-five feet wide, but building lots inside the mile circle are getting very scarce now and soon every one will learn to count the real value of every foot in these big lots. See that you get money for each foot. Bridgeland lots will bring \$1,000 each very soon.

(4) Hold your Bridgeland lots. Don't compare them at all with the speculative property from two to five miles out. You can get a loan any time on Bridgeland property. Hold on and get your price. You are absolutely sure to hold the property because very little will be needed for someone's house soon.

(5) There is still a very good chance that certain railroad development will double the price of every foot in Bridgeland. Better hold and get the benefit of this good chance.

(6) The City Engineer has definitely recommended two street railway lines to be laid practically all through and all around Bridgeland this year. Calgary does not have to wait for electric power for this. It has power now for the Bridgeland extension. Bridgeland cars will be first. Bridgeland lots are good to buy and good to hold. Don't sell till you get your price.

Invest Your Money in EAST CALGARY

CHEAP SECTION OF LAND

For a few days we can offer one of the finest sections of land in Southern Alberta, 12 miles from Claresholm, 15 from Staveland and 10 from Carmangay. The C.N.R. has surveyed to within one mile of this section. There are 80 acres in spring wheat and preparations are being made to break and fence an additional 100 acres; 70 acres of hay land and a slough of about 40 acres in one corner of the section, all the rest is good wheat land. There is a school just off one corner of this section and adjoining land to the south brought \$35 and \$38 an acre, and all land in this district is being held at from \$25 an acre up. This is a snap at \$25.00 an acre, and \$3,000 will handle.

Mr. J. E. Stauffer Says That the Crops in That District Are Looking Good. Joseph E. Stauffer, M. P. of Didsbury, was in the city yesterday on a business visit...

A PROHIBITION VOTE ORDERED

The Question of No Liquor, Local Option and High License up in Oklahoma. Guthrie, Ok., May 16.—The supreme court issued a peremptory writ of mandamus today compelling the secretary of state to file the initiative petitions for an election to amend the state constitution by striking out all its prohibition provisions...

MANY MEN OF MEANS AFTER ALBERTA SCHOOL LANDS

A Party of Montana Land-Seekers Passed Through the City Yesterday. A. Ayotte, Dominion government immigration agent for Montana, is in the city with a party of land-seekers from that state. They will go north today to attend the sale of school lands to be held at Camrose on Thursday, May 19.

THE BUFFALO ENJOYED A VERY DELIGHTFUL WINTER

The Buffalo Population is Increasing at an Enormous Rate. Howard Douglas of Banff, commissioner of Dominion Parks, spent yesterday in the city. Mr. Douglas will leave in a couple of weeks for Ravalli, Montana, to superintend the bringing of the remainder of the Pablo herd of buffalo to Alberta. There will be about 100 animals in the shipment, which will be placed in the buffalo park at Watrous. The car crop at the park, he says, is very good this spring, and the animals wintered in splendid condition. They have become quite contented with their partial captivity, and are comparatively domesticated.

ADDITIONAL LOCALS

Waiting your inspection—Coat Cases, Irish Lace, Ladies' Semi-Ready Embroidered Suits, Irish Linen Store, 802 Center Street. 335-922X. For Victoria Day, May 24, the Canadian Pacific Railway company announces a rate of fare and one-third for the round trip. Tickets will be on sale May 21 to 31 inclusive. Final return must be May 23, 1910.

MIRACULOUS POWER OF FRUIT JUICES

Valuable in Many Diseases. "Fruit-a-lives," the Famous Fruit Medicine, is Making Many Wonderful Cures. The whole world is beginning to realize the value of fruit in curing disease. To Canada belongs the honor of discovering the one method by which the juices of fresh, ripe fruit could be rendered so active medicinally to be an infallible cure even when drugs are failures.

TABER IS BUSY WITH COAL AND WITH THE FARMING

Everything in That District Looks Excceedingly Prosperous. H. F. Annable, land agent of Taber, is in the city on his way to attend the sale of school lands at Camrose on Thursday. Mr. Annable reports that Taber is forging ahead rapidly, and that the waterworks system will be completed in about six weeks. Building operations are brisk, and business is good. Crops are looking well, and the rain of last week brought them ahead very quickly. The mines are not shipping as much coal as a few months ago, but a large amount of development work is being done for the purpose of placing the mines in a position to supply a greatly increased demand next fall and winter. The influx of men with capital to purchase land in the district has been much greater this season so far than in any former year, and the outlook for the town and district is exceedingly bright.

No Change in Date of Inauguration

Washington, May 16.—The house today declined to give the necessary two-thirds vote in favor of a change of the date of inauguration of president and vice president of the United States from March 4th to the last Thursday in April.

Threatened Paralysis!

Tells How a Bad Case May be Detected and Cured. "Before I left Scotland," writes William Macintosh, of Glenvalle, E. O., "my health had suffered. The strain of moving and beginning life in a new country is very taxing to one concerned with a young family. After I came out my friends noticed a slight thickening, as they call it, in my speech. I might not have noticed this, but for my shyness over a singing sensation in my left limb and a slight confusion in thinking. No doctor was near and I just followed an advertisement and sent for six boxes of Ferrozone. It must have done me a lot of good from the first. I was busy seeding and forgot my troubles most of the time. This simply proved the curative power of Ferrozone. I continue to use it and before the snow flew I was a well, hearty, vigorous man—no sign of weakness or illness about me. When I consider that I had been on the verge of paralysis, I can see that I fully realize the health-bringing power of Ferrozone. If you have a weak spot anywhere—if you experience occasional spasms and twinges or rheumatism—if you feel worn out and lack desire to work—these are the surest indications your system needs to be strengthened by the use of two tablets at meal time; 50c per box for \$2.50, all dealers, or The Cattaraugus Co., Kingston, Canada.

DELEGATES GATHERING FOR BIG S. S. CONVENTION

Meeting of World's Sunday School Workers in Washington, May 19 to 27. New York, May 16.—One hundred and ten delegates to the sixth world's Sunday school convention at Washington were arrivals today on the steamship Celtic. The delegates are from Ireland, England, Scotland, Wales and Sweden. Among them was the Rev. Francis Connell of Scotland who is superintendent of a Sunday school in Stockport which is said to number seven thousand members and is the largest in the world. In charge of the party was the Rev. C. Bonner, secretary of the World's Sunday School Association. The delegates are to go from here to Philadelphia and then on to Washington in which they will be from the 19th of the month to the 27th. They will go from there to Niagara Falls, thence to Toronto and from the latter place to Boston. They will sail from Boston on June 7.

Mr. Aylesworth Speaks For Canada

London, May 16.—Interviewed on his arrival here, Mr. F. E. Aylesworth expressed the intensity of the shock of the news of the King's death in Canada, where there was a sense of personal loss. Mr. Aylesworth also emphasized the loyalty of the Canadian people.

LOCAL NEWS

Don't forget to attend Irwin's dance tonight, Sherman's hall, dancing from 9 till 12.

Kensington subdivision of Camrose, handled by Watson & Burgess, sold 175 lots first day of sale.

Mrs. E. G. Mason and children left for Montreal on No. 18 last night, where they will spend the summer with Mrs. James Johnston of St. Mark street.

City Treasurer Thomas Burns stated yesterday that all the outside men in the city employ would likely be paid on Wednesday avoiding the pay sheets could be made up by that date.

S. G. Freeze has been awarded the contract to supply the militia camp that meets here next month, with groceries, vegetables and bread. There will be nearly fifteen hundred men to be supplied.

Charles Haywood, a negro, who nearly died in the General hospital after fracturing his skull, became intoxicated yesterday and repeated the performance containing a severe cut on the side of the head. He has only been out of the hospital a short time.

Horace Wade, who has had six years experience on the Toronto police force, joined the Calgary force yesterday, replacing Plain Clothes Officer Wade, who resigned a few days ago. Wade carries a certificate of a first-class constable from the Toronto force and is highly recommended.

Hospital Tag Day The Women's Hospital Aid society have their plans all made for Tag Day on Citizens' Day at the Provincial fair, July 8. All tags will bear a red cross and the roses for the autos and horses will be red and white, the hospital colors.

Tags will be ten cents each, rosesets two for twenty-five cents. Citizens save your silver for Hospital Tag Day and promote the comfort and well being of the sick.

Gazing at the Stars Citizens of Calgary will have an opportunity tonight of studying the heavens, and perhaps catch a sight of Bailey's comet through a powerful telescope, which will be operated by an expert on a platform in front of the Y. M. C. A. building. The instrument is one of the best ever brought to Western Canada, and brings the moon and stars wonderfully close to the observer. It is really wonderful how little we ordinary mortals know of the great balls of light that shine in the heavens, and which we have seen so often that we pay no attention to them. To those who take this opportunity of seeing the "expanded heavens," it will be a wonder and delight.

SUIT COATS ARE SHORTER

The Newest Models Come in Twenty-Seven Inch Lengths.

New York, May 16.—Suits coats are constantly growing shorter, some of the newest models are only twenty-seven inches long, and it is predicted that before the end of the season they will be even shorter. This shortening probably is due to the new narrow handed skirts upon which fashion has placed its seal of approval.

One of the new dress fabrics is a silk and wool poplin, a beautiful material with a finish resembling suede. It is shown in various exquisite shades, in forty-three inches wide, and \$1.95 a yard. Another of these poplins has the added beauty of a more effect and is \$2.65 a yard.

Among the new importations there are many satin dresses and suit costumes that promise to become popular, since they are reported as being extremely fashionable in Paris.

A novelty in waists is in a very sheer marquisette material, with an under blouse of Persian net. An extremely pretty lingerie waist is of the finest white lawn made up in tiny frills. It has the low neck and the back cuff, finished off in embroidered scallops in delicate shades, as well as black or blue.

THE PAINTERS' STRIKE WILL SOON BE OVER

(Continued from page 1.)

Ravensley, of the Plasterers; E. Good, of the Plumbers, and C. Ramsay, of the Stonecutters. The election will take place in about two weeks time. The men receiving the three highest votes from those nominated will compose the Board.

Before the meeting concluded the question of reviving the Building Laborer's union was taken up. This union used to be one of the strongest, but when there was a dearth of building in Calgary a few years ago it died out until today it has practically ceased to exist. The secretary was asked to write the other unions in regard to this.

CARD OF THANKS

Mr. and Mrs. G. Brewer, 110 Twelfth avenue east, wish to express their sincere thanks for sympathy and kindness extended to them in the loss of their mother.

DIED

HUNTER—At Calgary, May sixteen, Stuart, the son of Mr. and Mrs. Albert Hunter, aged 10 years, died at 2 o'clock this afternoon at 2 o'clock from 1520 12th avenue west.

SANDERS—In Calgary, May 16, Chas. H. Sanders, aged 65 years, 7 months. Funeral will take place from his residence, 1510 4th street west, at 2 o'clock this afternoon. Burial will be taken to Montreal.

GERMANY CANNOT EDGE IN IN PERSIA

Complains That Britain and Russia Have Everything Sealed Up—Another Morocco Affair Threatened.

St. Petersburg, May 16.—Count Von Pourtales, the German ambassador at St. Petersburg, has made representations to the government in reference to the Anglo-Russian note, which demands that Persia shall not grant strategic road concessions to any negotiating a loan with a third power, thus impairing the security for earlier Anglo-Russian loans. It is learned at the foreign office that Russia and Great Britain will refuse to admit the political interests of a third power in Persia. The situation is regarded here as a possible prelude to another Moroccan affair, and the Russian newspapers strike an alarmist note.

SOME "SPIRITUALIST" TRICKS.

How They May be Worked Without "Spirits" on the Stage.

(London Chronicle)

The cause alike of entertainment of honesty and, perhaps, of science was promoted at the London Pavilion by a private exhibition of what are entitled "Doctor Wilmont's Spirit Pictures."

A frank and salutary "show" shortly to be presented before the general public. It is understood that "Doctor Wilmont" is something of a dual personality and not absolutely dissociated from a gentleman who is one of our most acute and ruthless experts in the exposure of so-called spiritualistic phenomena.

Like Mr. Masloigne in his famous challenge to the Davenport brothers, "Doctor Wilmont" attacks humbug by doing without any spiritualistic pretensions whatever, exactly the same things as those for which the aid of mystic agencies is claimed elsewhere.

Thus these "spirit pictures" are confessedly by way of a retort to certain American "mediums," who are said to produce at private seances pictures ostensibly painted by spirit hands and charged for at something like \$1,000 a piece. At the palace by an open conjuring trick on a well-lit stage and with no more suggestion of "spiritualism" than some cheaply produced demonstration. "Doctor Wilmont" produced some colored reproductions of a Grouse girl and of the Boleyn "Venus" that would have passed muster in a printshop and yet in the end no one could tell with any certainty how it was done.

All the time, too, several members of the audience were present on the stage, where the blank canvases were fixed face to face in a huge picture frame. Immediately behind this limelight burned the light shining through the pair of canvases gave the effect of a picture.

Slowly upon the limelight canvas grew the picture that had been decided upon—first faintly and vaguely, then in firm lineament and color—like secret writing warmed at the fire.

Then one of the canvases was taken out of the frame, and sure enough the picture was there, quite creditably copied in what seemed like chalk, and sufficiently materialized to be handed round to the audience. It should be mentioned that the Grouse girl had been chosen by the picking out of numbered tickets from a selection of forty-eight subjects offered by "Doctor Wilmont," while the Boleyn "Venus" was an "extra."

KEEP BABY'S SKIN CLEAR

By the Constant Use of CUTICURA SOAP

Assisted, when necessary, by Cuticura Ointment. These pure, sweet and gentle emollients preserve, purify and beautify the skin, scalp, hair and hands of infants and children, prevent minor eruptions becoming chronic, and soothe and dispel torturing, disfiguring rashes, itchings, irritations and chafings. Peace falls on distracted households when Cuticura enters.

MR. STAUFFER WILL SUPPORT MR. CUSHING

"If Called Upon to Form a Government I Shall Be One of His Supporters," Says Government Supporter.

"Boost Didsbury! Boost Didsbury! Tell the readers of the Albertan that the country from Crossfield to a few miles north of Didsbury and east and west of the C. & E. is the choicest part of Alberta," said Mr. J. B. Stauffer, M. P., when asked by the Albertan yesterday to express his views on the present political situation. "Tell them," he continued, "that the crops are looking good and are not suffering from lack of moisture and that from present appearances there will be a splendid harvest this year."

"But, Mr. Stauffer, what is your opinion of the evidence brought out in the commission in the investigation now going on?" asked the reporter.

"Well, now," he replied, "really, I would rather not say anything at present on the subject for publication."

"But won't you tell me who you expect will be the victor in the election?" asked the reporter.

"I am sure," he replied, "that the report of the commission is laid before the legislature," persisted the reporter, anxious for a story.

A smile flickered over the countenance of the genial member for D

ANOTHER SITE FOR A NEW LADIES' COLLEGE

E. W. Day Offers Block of Eighty Acres in Townsite Which Bears His Name.

Edmonton, May 16.—A second offer of a site for the proposed Ladies' College to be established in connection with the Presbytery of Alberta, has just been received by Dr. D. G. McQueen, the convener of the special committee having this matter in charge.

The offer comes to hand from E. W. Day, of Daysland, and the property in question comprises eighty acres of valuable property owned by the Central Alberta magnate adjoining the townsite which takes its name from him.

Mr. Day writes in presenting his offer that the property has a town park on one side and streets of the town on the other three.

This is the first time that the Presbytery has received a site for this proposed institution. The other is in Red Deer, where Mr. Jamieson offered a valuable block of land.

The college will be conducted by a joint stock company and will be an institution creditable to the denomination. The question of location will be taken up in the near future.

CORPORAL FITZGERALD PROMOTED TO INSPECTOR

Returns to Isolated Life Among Esquimos on Herschel Island.

Edmonton, Alta., May 16.—After a six months leave of absence spent at his home in the maritime provinces, Corporal Fitzgerald of the Royal North West Mounted Police, who has been isolated for six years on Herschel Island in the Arctic region in charge of the police detachment there, is returning this week to his lonely post among the Esquimos with the rank of inspector, to which he was promoted while in the east.

Fitzgerald is one of the oldest policemen in the force and has an intimate knowledge of the habits and customs of the Eskimos.

General Manager Chamberlain of the G. T. P. stated on his return from Prince Rupert that the steamer would reach Hazelton from Prince Rupert this year.

After a search lasting three days the mounted police located Pierre Audenault a student at St. Albert, believed to be insane. He will be removed to Brandon.

Miners Won Strike

Des Moines, Iowa, May 16.—Seventeen thousand Iowa mine workers resumed work in the mines today after a suspension of over six weeks as a result of concessions granted the miners. The operators have advanced the price of all coal mined in the thirteenth Iowa district two cents a ton.

TIMBER ALONG PROPOSED H. B. RAILWAY ROUTE

Department of Interior Having an Inspection Made of Forests

Ottawa, May 16.—In anticipation of the early construction of the Hudson's Bay railway, the forestry branch of the Department of the Interior has sent out this year four parties with instructions to make an inspection of the timber along the proposed route of the railway. The parties are composed of trained forest engineers, and experienced timbermen and fire rangers. They have already started their journeys into the wilds. Of the four parties, two will proceed

Happy Auspury for Australia

A message from the Australian parliament to the King, says:

"By a coincidence which we trust will prove a happy auspury for Australia, Your Majesty was proclaimed on the same date as that on which Your Majesty, as the Duke of

York, nine years ago, opened in person the parliament of this commonwealth, which thus entwined another strand among those crimson threads of kinship which unite the people of Great Britain and the dominions overseas."

The wreath presented by British Columbia will be comprised of magnolias, lilies and orchids.

Wonders Being Witnessed

(Strathcona)

To one who has seen the grounds a few weeks, the great taken place on the North end must be witnessed a mass of heavy poplar

uprooted under the the axe brigade and the brush breaker's

panse of freshly now requires only it into a beautiful

The line of close poplar growth and runs westerly from

by way of The Pass, the present terminus of the C.N.R. line toward Hudson Bay. One of these will start its inspection at the Pass, and proceed up the Nelson river. The other will make at once for Split Lake.

The other two parties will go in by way of Norway House, at the north end of Lake Winnipeg. One of these

will make its headquarters at Oxford House, and will proceed to inspect the timber around Herby's river, God's Lake, Fox river and other streams, reaching up as far as York Factory.

The other will make its way from Oxford House to Split Lake, inspecting the timber en route.

All the parties will, in addition to inspecting the timber, keep a sharp look-out for forest fires and will have authority to appoint and employ inspectors where they think necessary.

Two of these parties, and probably a third, will winter in the territory they traverse, and will be on the go ready to continue operations as spring.

Undoubtedly the Best Investment Today

IS

COSSAR SUBDIVISION

There is no question but this is the best east end acreage on the market today. If present surveys are followed, the G.T.P. and C.N.R. junction station will be located on this property. This will certainly be

The Heart of Calgary's Manufacturing Centre

in the near future, and has the possibility of being trackage property worth all kinds of money. This property is subdivided into four-acre blocks so arranged that each block contains forty full-sized lots, 25x124 feet, with 66-foot streets and 20-foot lanes.

Only \$500 Per Acre. One-third cash, bal. 6 and 12 months.

THE UNIVERSITY SITE IS TRANSFORMED

Wonders Being Worked in Clearing of Magnificent Location.

(Strathcona-Plaindealer)

To one who has not paid the university grounds a visit during the last six weeks, the great change that has taken place on the building site at the North end must come as a revelation. Here within the past month, has been witnessed a transformation. Acres of heavy popular growth have been uprooted under the steady advance of the axe brigade and the following of the brush breaker has left a broad expanse of freshly turned sod which now requires only levelling to convert it into a beautiful campus.

The line of clearance between the popular growth and the broken areas runs westerly from the northern ex-

trinity of the Art building to the Dormitory, thence diagonally to the northwest and the river bank. Thus is provided an unbroken and magnificent view of the river across the valley, the Capital buildings and Edmonton, from the big structures now under erection. Around the Arts and Dormitory buildings the woods have been thinned and cleared of brush, making a partial surrounding of attractive groves.

Under contract with the university the city streets department are engaged in grading Saskatchewan avenue across the university grounds which with the extensions and improvements now being planned, and being carried out by the city council along the up-town portion of the thoroughfare, will add materially in hastening the not distant day when this river view drive will be the grandest in the province, bar none for distance. Along this university por-

tion of the driveway will be erected this summer the four residences to accommodate a part of the faculty; these four buildings alone to cost over \$25,000.

Progress in Building. Not alone in activity by anxious are the numerous grouping and clearing gangs. About the several structures centre the builders and the steady progress being made insures the rearing of a real line of masonry by next fall. The foundation and basement work for Alberta College is practically completed and the bricklayers within a few days will be rushing the walls upward. Carpenters are now engaged in making the necessary door and window frames.

The Dormitory is drawing the bulk of attention from the university builders. It is evident that all efforts must be directed to have this huge structure ready for occupancy this

fall, so activity is being centered there. The cement work will be finished this week and the masons will be started as soon as possible. One carload of B. C. granite has already been delivered for this building and more is expected daily. One car of lumber and another of building machinery have also been delivered this week. Until the masons are through with the Dormitory walls it is not probable that much work will be done in this line on the Arts building, but afterward this structure will again receive exclusive attention.

In the nearby residential line the two handsome structures being built for Frymoyer Rutherford and Mr. Pierce are progressing steadily. The dwelling of the latter is now in the final stages of construction and is a credit alike to the owner, architect and builder. Several other residences will probably be started in the vicinity before many weeks pass.

TO STUDY THE ESKIMO AND COLLECT RELICS

Robert McLenehan Planning Trip to Herschel Island in Arctic Ocean.

Edmonton, May 16.—In search of ancient relics, Robert McLenehan, the well known Fort Resolution fur trader, is planning a trip to Herschel Island in the Arctic ocean. In this land of the Eskimo he will spend a winter, studying in the dim twilight of the region during that season of the year, the habits of the aboriginal natives, and collecting curios.

Fur trading is the business which Mr. McLenehan follows, but during his ten years in the north country he has given considerable time to the study of the natives with whom he has gone down the McKenzie to Fort McPherson on the Peel river near the mouth of the mighty McKenzie.

Dog-Ribs, Yellow-Knives and Chipewyans counting him as one of their first friends among the whites of the district of Great Slave Lake. Just before he left for Montreal last year a deputation of Indian chiefs and influential Indians waited upon him, requesting him to come back to them. Mr. McLenehan assured them that he would comply with their wishes, and would be with them again in the spring of 1910.

The first of next week Mr. McLenehan, who is a guest at the Cecil Hotel, will set out on his long trip to Fort Resolution on Great Slave Lake. His trip to Herschel Island will be made during the coming winter if conditions permit. It will not be the first time that the veteran fur trader has traversed the long lone trail to the Arctic. Several times he has gone down the McKenzie to Fort McPherson on the Peel river near the mouth of the mighty McKenzie.

Heavy Sentence for Black Hander

New York, May 18.—Antonio Misiani, who was convicted last week of an effort to extort \$15,000 from Caruso by means of threatening letters and the usual Black Hand methods, was today sentenced in the Brooklyn county court to not less than three years and eight months at hard labor in Sing Sing, not more than seven years and five months.

READ THE ALBERTAN "WANTS."

SOUTH AFRICAN SCRIP

An Investment in South African Scrip at the Present Time
Will Mean a Good Thing for You Financially

Scrip is practically at its lowest point at present. Why? Simply because the people do not realize the situation. If you will only stop and think what scrip means to the intending settler, then, you will perhaps see the reason.

With only some 2300 available scrips on the market and a weekly consumption of over 70, and 20 months in which to take them up, you will easily see how long the supply will last.

A pre-emption (160 acres) costs the homesteader \$3 an acre or \$480. A South African Scrip gives you 320 acres. Figure this at \$3 an acre and see the result, \$960. The conditions of settlement are practically identical. Then why should scrip only be at the present figure of \$800? It is worth every dollar that a pre-emption is worth. Therefore, it is only reasonable to suppose that an intending settler will take up a scrip in preference to a homestead or pre-emption at present because he still has the privilege of taking up a homestead. After his scrip is "proved up" then would follow his pre-emption, if he so desired.

Thousands of people are taking up land in Manitoba, Saskatchewan and Alberta every month. If these settlers can only be shown the advantage of the scrip to them they would all be taken up within the next two or three months.

Prices will steadily advance from now on. The supply is limited. This alone will force the price up to at least \$960 or \$3 an acre, the price of Government land. The average price for farm lands in the three provinces today is say \$10 an acre. Why should these 320 acre warrants not be worth \$3200? Split this in two, say \$1600. Is not the investment good?

Think this over and buy before it's too late for your present means.

Remember---There Are Thousands of Acres of Choice Land to Choose From

DON'T WAIT FOR THE OTHER FELLOW. DO IT NOW. INTENDING PURCHASERS OR SETTLERS WRITE OR WIRE.

NO WORK BEL BY THE

Statements Made Mission By the Parki

Edmonton, Alta., Mc Alberta and Great Wa is on its last legs, an its president, continuing hope now of building a new city, was the e drawn from the te the Royal Commission by Mr. J. F. McMillan, Edmonton branch of as far as Mr. McMillan is no construction of a few million dollars in the offices of the company salaries, but it that Clarke's only of them there is the right to a suit of the government can with him.

The A. & G. W. L. Walsh, construction, announced investigation that the A any was a myth. The construction company stance, but Mr. McMillan made a number which indicate that progeny of the parent also ready for the mor billian, is what make so far as the Canada tion company is con sidered cautious.

Darling No Longer

Mr. McMillan's ovise so recently as the fifth month H. S. Holt, a bank, with headquarter a capellation with Mr. Darling, in what make effect May 1, 1910. That the bank did not the contract was ma named Mancantelli, a but he only got \$2,400 of his job.

Change in Const

There was also ev that Foster, Walsh & railroad contracting, o ships, has seen fit to let of the contract, making the contract of gathered by the Can struction company, E. Welch & Stewart gav 25,000, bearing inter est of this note. Mr had been placed to R. Clarke, but he did the money was for. The contract was ma Mr. Johnston, he said er 7, 1909, he was sen a single share of the construction company. He received instructions and sent to West Construction also a note for the sa Mr. McMillan did not but he said he pres represent the bank in "Why was the bank asked Mr. Johnston. "I don't know, excep the banking for the the reply.

Then he went on a that was full of eve transaction occurred. From the second organ is reasons, "but Mr. & G. W. company, "is given to the Canada tion company.

He said to represent attend all meetings of said the witness, "but any. In a letter set Mr. Neil told me had formed a syndica of which he was the would guarantee all a construction company. ber 20, 1909, I received syndicate for \$500,000. I was instructed by the sa I did so, and plac to the credit of the Ca struction company. The agreement between the company and the Can struction company had note had yet been pai had never received t from which it seems I do not want when m 1910, he had paid \$64,000 of the \$7,400,000 of J. S. Moran & Co. of the Canada West, Co. between October 23 and Mr. Bennett began a tion and related re regarding these th "When was Mr. N asked. "I don't know. "Wasn't it after the o to Winnipeg?" "I can't fix the dat remember now. It finally returned to Win (Continued on
