PRAYERS.

TO BE USED AT ALL MEETINGS OF THE SOCIETY, AND OF ITS SEVERAL ASSOCIATIONS.

PREVENT us, O Lord, in all our doings with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name; and finally, by Thy mercy, obtain everlasting life; through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men, and hatest nothing that thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Heretics; and take from them all ignorance, hardness of heart, and contempt of Thy Word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd. Prosper, O Lord, the labors of those Societies of the Church in the land of our Fathers, which thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper thou our handy work," for the sake, and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread, And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil: For thine is the kingdom, The power and the glory, For ever and ever. *Amen.*

CENTRAL BOARD.

STATED MEETING, JULY 9TH, 1856.

Resolved: That it be an instruction to the Treasurer, when transmitting the amount of any grant of money, made by this Society, to any Parish or Mission in the Diocese, to require a Receipt, signed jointly by the Incumbent of such Parish or Mission, and one or both of the Church-wardens.

STATED MEETING, OCTOBER 6TH, 1856.

Resolved: That in all cases where grants of money (other than personal) are made by the Church Society, it shall be the duty of the person to whom such grants shall be paid, to furnish within three months afterwards regular Vouchers of the expenditure of such sums, to be submitted to the Board.

CHURCH SOCIETY.

ANNUAL MEETING, JANUARY 12, 1859.

The Annual Meeting of the Church Society of the Diocese of Quebec, being its Seventeenth Anniversary, was held on the evening of Wednesday, January 12th, 1859, in the Lecture Hall, Anne Street, at 7 o'clock.

The Lord Bishop having taken the chair, prayers were said: after which the Acting Secretary was called upon to read the Report for the past year.

It was then

I. Moved by J. B. Forsyth, Esq., seconded by Rev. G. V. Housman, B. A., and

Resolved: That the Report now read be adopted, and printed under the direction of the Central Board.

II. Moved by Rev. A. Balfour, seconded by Dr. Blatherwick, and

Resolved: That this Meeting desires to record its devout thankfulness to Almighty God for the measure of success vouchsafed to the labors of the Society during the past year.

III. Moved by the Hon. G. Pemberton, seconded by Rev. A. W. Mountain, M. A., and

Resolved: That this Society feels bound to urge earnestly upon all the Members of the Church in this Diocese, the importance of making some permanent provision for her ministrations, by taking measures without delay for securing at least a moderate endowment for every Parish and Mission; and would specially direct their attention to the encouragement held out to such an undertaking in Art. 10 of the By-Laws.

IV. Moved by J. W. Dunscomb, Esq., seconded by Rev. R. Arnold, B. A., and

Resolved: That this Society, in renewing the expression of its sympathy and interest in the prosperity of the Sister Societies of Toronto, Montreal, Nova Scotia, Fredericton, Newfoundland and Huron, desires to give utterance to the lively feelings of satisfaction, with which it has heard of the recent formation of the Diocese of British Columbia.

ANNUAL REPORT FOR 1858.

In the providence of God, your Board are permitted to put forth their Seventeenth Annual Report. During the past year, the various objects of the Society have received their careful attention; and it affords them much satisfaction to be able to state, that, whilst by a recent arrangement the number of their Stated Meetings has been more than doubled, the attendance of Members has not been inferior to that of former years.

Through the liberality of the Lord Bishop, the Missionary operations of the Society are in course of extension.

To a proposal of the Bishop to devote out of his own private resources the sum of £200 per annum, for five years, towards the support of Stationary Missions, Your Board felt it their duty to respond by a promise to continue for a like period the payment of an equal sum. The Board have it therefore in their power to report, that the Mission of Danville, recently under the charge of the Travelling Missionary, has been opened as a distinct cure in connexion with the Society; that arrangements have been completed for opening another new Mission under very auspicious circumstances in the Baie des Chaleurs; and that, as soon as the people on the spot shall have done their part, a third Mission in connexion with the Society, will be established in the township of Durham. It is also in contemplation, as soon as circumstances permit, to establish an additional Mission in the County of Megantic.

But whilst your Board felt it incumbent upon them in this particular instance to suspend the standing Resolution, which precludes the Society from entering upon the extension of Missionary operations, until the salaries of all the Country Clergy shall have reached £150 per annum—they beg that it may be distinctly understood that, owing to an arrangement entered into with the Bishop, this measure has been effected

without increasing to any appreciable extent the Society's liabilities, the Board being more than ever convinced of the urgent necessity of adhering to the Resolution above mentioned: for they feel that they cannot express too strongly their apprehensions as to the future of the Church in this Diocese, so long as the stipends of the Rural Clergy are suffered to remain insufficient for the bare necessities of their position. Already has this painful cause obliged several of the Clergy to quit the Diocese, and seek elsewhere a sphere of usefulness; and it is the deliberate conviction of your Board, that unless measures be speedily adopted to rectify this pressing evil, the time is not far distant when many a Mission, which now enjoys the Ministrations of the Church, will have to mourn the loss of its Pastor.

How best to enforce, as of Divine obligation, the duty of every Mission to provide, according to its ability, for its own spiritual necessities, is a question which has repeatedly engaged the consideration of the Board. Every discussion of the subject has only tended to confirm the Board in the conviction, that any measure, to be truly effective and sufficiently comprehensive to meet the requirements of the Diocese, must proceed from the Church at large. But whilst it may be proper to leave the solution of this question to the collective wisdom of the Church in Synod assembled, meantime, your Board would respectfully suggest, that in every instance where a Mission shall be found to have failed in contributing the amount promised towards the support of the Missionary, immediate inquiries be made as to the cause of the non-fulfilment by the proper authorities.

It will be in the recollection of the Society, that last year a Memorial was forwarded to the Society for the Propagation of the Gospel, on the subject of a commutation of the present claims of the Church in this Diocese, on a basis similar to that adopted by the Provincial Government in the case of the Clergy Reserves, which, if acceded to, would secure in permanence to the Church, at least, a moiety of her present income. To this Memorial an answer was returned; but as it

was founded on a misconception of the wishes of the Board, the Memorial has again been referred to the consideration of the Venerable Society. Your Board cannot leave this subject without again placing on record the expression of their deep regret at the steps which the Society for the Propagation of the Gospel have thought it their duty to take for the gradual withdrawal of the aid hitherto afforded by them to this Diocese. They have no wish to repeat the unanswerable arguments, which have been from time to time addressed to that Venerable Body, but they feel confident that very many of the supporters of that Society would be found unwilling to give their assent to this measure, were they made familiar with the annual influx of poor emigrants from the Mother Country to this Province, who are wholly unable to provide for themselves the Ministrations of the Church. Your Board are further of opinion that if proper representation were publicly made in England as to the extreme poverty of the Church of England population here, as well as the peculiar position of our Church with regard to the richly endowed Church of Rome, large sums would flow into the Diocese from the sympathy of our Protestant brethren at home; and that other kindred institutions would be found ready to help us in this our day of need and emergency.

The former system of annual Gratuities having been found to work injuriously to the interests of the Society, the following alteration of the system, after considerable discussion, was adopted.—That every Clergyman, whose fixed income derived from salary from any Society, Endowments, and Pew-Rents, does not exceed \$500 per annum, shall be entitled on the 1st of January, in each year, to receive a gratuity equal to one half of the amount paid in by him to the hands of the Treasurer at Quebec during the preceding year, as proceeds of Collections, Subscriptions or Donations—where the salary does not exceed \$400, the gratuity shall equal three-fourths of the amount so paid in,—and where it is under \$300, it shall be lawful for the Central Board, to make the gratuity equal to the whole amount paid in, exclusive of collections or do-

nations for any special Fund of the Society—provided that such amount shall not be less, in the whole, than \$100, and that no Clergyman shall receive under this Resolution, except in the last mentioned case, more than \$200 per annum. The success of this measure, which can only be regarded as an experiment, has yet to be ascertained.

Painfully conscious of the almost insuperable obstacles at present existing to the self-maintenance of the Church in this Diocese, your Board would earnestly direct attention to the establishment of Endowments in the various Missions as a measure of vital importance to the future well-being of the Church.

The Parish of Three Rivers having raised, chiefly through the energetic exertions of the ladies of that place, the sum of £212 for the purpose of an endowment, your Board cheerfully responded to their appeal for assistance by voting, in aid of the Fund, the sum of £100.

To the Mission of Frampton, your Board have also promised the sum of £100, provided, that by the 1st of January next, the people shall have increased their present Endowment Fund by the sum of £40.

The Nicolet Endowment, which has been accumulating for many years, now yielding the sum of £50 per annum, it has afforded your Board much pleasure to commence a payment to the Incumbent of £25 per annum.

Since the last Report, the following Life Members have been added to the Society,—Mrs. Joseph Bell Forsyth; Miss Isabella Hamilton; and the Rev. Charles Hamilton.

The Board desire to record their sorrow at the loss sustained by the Society in the death of the Hon. John Stewart, who filled the Office of Vice-President, and was a warm and liberal supporter of the Church and her Institutions.

In the death of Robert Symes, Esq., the Society has also to lament the loss of another of their Life Members, for several years Treasurer of the Society, and, during the period of his residence in Quebec, an active and untiring friend of the sick and destitute.

Your Board cannot permit their Report to go forth to the Diocese without referring with sentiments of undiminished regret to the loss sustained by the Society in the return to the Mother Country, of the Rev. George Mackie, D.D. They beg therefore to subjoin the following Resolution, which was unanimously adopted by the Board at their Meeting, held April 14th, 1858.

Resolved, That this Board desires to record the expression of its sincere regret at the loss sustained by the Church, in the removal from this Diocese, of the Rev. Official Mackie, D.D., one of its Vice-Presidents; and to acknowledge the active part, and constant interest, which he took in its proceedings, as well as his liberal contributions to its Funds.

MISSIONARY LABOUR.

GROSSE ISLE.

The Rev. H. Roe, who was appointed by the Lord Bishop to discharge the duties of Chaplain at the Quarantine Station, thus writes:—

I went down to Grosse Isle on the 26th of June, the Rev. J. W. Jones having, by your Lordship's appointment acted as my substitute on the Island up to that date. The emigration, as has happily been the case for several years, proved to be of a very healthy character, and my duties for the greater part of the season were therefore very light. During the summer one hundred and eighty Protestants were admitted into the hospitals,—one hundred and forty six English and Scotch and thirty four Norwegians,—of whom twenty two died. As long as there were any patients in the hospitals, I visited them every day or several times a day if necessary; and on Sundays, I celebrated Divine Service in one of the wards. Whenever healthy emigrants were landed on the Island, I went among them, giving them what advice I could, for their future guidance in their new homes. On every such occasion, whether of a week day or Sunday, I invit-

ed the emigrants to a special public service, (or services if they were detained a sufficient length of time,) a privilege of which they invariably and most thankfully availed themselves.

I celebrated Divine Service in the Mission Church regularly every Sunday during the summer, for the residents on the Island, when there were no emigrants. I administered the Holy Communion twice in public, baptized two children, and married one couple.

I visited Crane Island three times on Sundays, celebrating Divine Service, and catechising the children. In one of these visits, I administered the Holy Communion, at their special request, to the members of the two Protestant families who reside there. Here I was received with that kindly and genial hospitality, for which the lady Seigneuresses are so well known.

I visited St. Thomas once for the purpose of celebrating Divine Service on a Sunday late in the season, the Rev. R. G. Plees having spent a Sunday there somewhat earlier. But, owing to the unpropitious state of the roads and weather, I did not reach St. Thomas (from Crane Island,) till late in the evening. My message of notice had miscarried. Several of the Protestants residing in the neighbourhood were absent, and the rest lived too far from the village to collect them at so late an hour, and in such weather. So my services were necessarily confined to the family of Mrs. Patton, whose guest I was.

I returned to Quebec, by your Lordship's direction, on the 1st of October. The hospitals were then quite empty, and no emigrants arrived subsequent to my departure.

From Mr. Roe's Missionary Journal the following extracts are presented:—

“A large proportion of the immigration that now passes into, or rather through Canada by the Port of Quebec, is from Norway, Sweden, Germany, but chiefly from Norway. Few, however, of these stop at Grosse

Isle. But one single Norwegian vessel was obliged to land her passengers on the island this summer. For this reason, I do not think it of any great importance that our Missionary at Grosse Isle should be able to speak Norse, German, &c. He can hold communication with these people with sufficient ease for all practical purposes, through an interpreter. The greatest inconvenience is felt in the case of sickness. It is painful to be obliged to speak always to a sick man through a third party. However, out of one hundred and eighty Protestants admitted into the hospital at Grosse Isle this summer, but twenty six adults were Norwegians (and a good many of these were healthy persons, admitted for the sake of waiting on their friends,) and of these but one died."

"A good work might be done among this people by the Missionary at Grosse Isle, if he were well supplied with copies of our Prayer Book in the Norse, and with tracts giving information about the Anglican Church in Canada, and especially in the United States whither most of the Norwegians go—explaining the essential oneness of our Church with the Church of Norway, and pointing out their exact agreement in all essential points of doctrine and of order. They are generally supplied with Bibles, their own liturgy, and other religious books, and so far as I could judge, are fond of reading them. I held two special services for the passengers of the one Norwegian vessel, who were landed and remained several days on the island. The first, on the day of their landing, was the ordinary Evening Service of the Church, most of which, though I had some help from an interpreter, was of course not understood by them. They were content to know that it was God's House, and that I was giving thanks for them and in their name to our common Father who is in Heaven, and they were grateful. But a few days after, when I had been a good deal among them, I arranged a special Service for them, and carefully explained it to them beforehand, so that they could join

in it intelligently. We began with one of their own Psalms, in which they all joined with all their hearts, (for all Norwegians sing,) men, women and children singing in unison. Their Psalms and Hymns are long, and they sing very slowly; but the effect is devotional. I then repeated the Creed and the Lord's Prayer, the interpreter repeating after me, All this they could distinctly follow. Then followed the rest of the Evening Prayer, after which they sang another Hymn, and all was closed with the Benediction. They were much pleased with the Service, and thankful for the pains taken to make it intelligible to them. When I came out of the Chapel, I found them all waiting for me at the door. One of them, who could speak a little English thanked me in the name of the rest, after which they all came forward, one by one, men, women and children, and shook me by the hand."

"One adult Norwegian only, a very respectable old man, died at Grosse Isle this summer. At his request, I administered the Holy Communion to himself and his wife. They both partook of it with the greatest devotion. I used the interpreter in my various visits to him, and in several parts of the Communion Office. He expressed his penitence and his Christian faith very earnestly, and resigned himself to death with the simplest submission to God's will. His wife and children left his remains in the Burial ground, and went on their way sorrowing. It was very affecting to witness the distress of the poor emigrants in parting with their loved ones, whose very graves they were to see no more."

TRAVELLING MISSIONARY.

Extracts from the Journal of the Rev. M. M. Fothergill, appointed by the Lord Bishop Travelling Missionary.

"In the course of the third week in November, 1857 I proceeded to

COATICOOK.

"This rising outpost has at different times been visited by the Missionaries of Compton and Hatley, and is now under the care of the latter. My congregation at first, numbered 12, gradually it increased to about 50. Before it was taken from under my charge, I had the happiness of presenting 25 persons for Confirmation. I need scarcely say that there is no Church; we used the District Schoolhouse, in which a good school was very ably conducted during the week by a Mr. Terrill. The roads to and from Coaticook are on the whole in a fair state. I made numerous visits, and held Divine Service 9 times."

BARNSTON CORNER.

"The frequent visits of a zealous Clergyman, one who would go in and out amongst the inhabitants would, I feel confident, be productive of much good in this place. The work would be hard at first, and not of a very encouraging character. There is a good Academy here. The village is distant 4 miles from Coaticook and about 7 from Hatley. I held Divine Service 11 times and twice at two of the neighbouring schoolhouses, known as the Kilburn and the Norton."

THE OUTLET.

"This village is situated on Lake Memphremagog. Many attempts have been made at various times to establish a Mission on the banks of this most beautiful and picturesque Lake, but hitherto they have all proved fruitless. The Missionary of Hatley, living at a distance of 14 miles, made periodical visits as long as there was the slightest encouragement. The people are much divided. I held Service 6 times, but found that periodical visits were insufficient for the difficult task of arousing the people from their apparent state of lethargy."

"On the banks of the same Lake is the village of

GEORGEVILLE.

"There is more encouragement here. I held Service 7 times. It is distant 10 miles from the Outlet. The country around is well settled. I also held Service 3 times at a neighbouring Schoolhouse, known as "Oliver's." On the whole, Missionary labors in the Lake district, afford small encouragement."

SWEENEY SETTLEMENT.

An outpost of the Rev. H. G. Burrage.

"Here I examined some children for Confirmation and held Divine Service once, at Mr. Burrage's request."

BARFORD.

"This township is newly settled. It is a rising place and sustains 5 District Schools. I was only able to hold Divine Service here once, but visited many of the inhabitants, and feel that much good might eventually be done for this district by the periodical visits of a Missionary."

HEREFORD.

"This too is a newly-settled township, and adjoins the States of Vermont and New Hampshire. The settlers are but few in number and much scattered. I believe half of the township is as yet unsurveyed—a wild forest. It is fifteen miles from Coaticook. The Missionary always meets on his arrival with a hearty welcome, and finds many of them striving to lead lives worthy of their Christian profession. This settlement should certainly receive the attention of the Church Society. Four persons were presented from this place to the Bishop for Confirmation at Coaticook. The settlement is divided into two parts distinguished by the names of Leat and Hall Streams. The Missionary should in this, as indeed in every other settlement, always take with him a supply of Prayer Books. I visited Leat Stream 7 times and held Service 10 times. Hall Stream was visited 5 times. I now pass through the latter settlement and come to

CLIFTON.

M. M. F. Taylor

"This is divided into East and West Clifton, by an unbroken forest. I saw but little of this part of the country. I had intended making periodical visits, but was prevented. I should advise occasional visits, if possible, for there are a few Church families."

BURY.

"I paid only one visit here, as there is little need of the services of the Travelling Missionary, the outposts being all within reach of the Incumbent and his Lay-readers. There is however a large tract of country lying on the Dudswell road, that much needs the care of a Missionary. Passing through the Mission of Eaton, a long journey of 33 miles, we come to

BROMPTON.

"The settlers here are scattered over a large extent of country. I held Service 3 times in a Schoolhouse. The Congregations were good, and I noticed many old Prayer books in use. Certainly this settlement deserves attention."

WINDSOR.

"I held Service here twice. This place also has long been without the Ministrations of the Church, and presents small encouragement. However, the Society may be assured that they will always find Mr. Wurtele ready to cooperate with them in any plan that may be suggested for the advancement of our Church in this District."

"Proceeding to the rear of Windsor, over a bad road of some eight miles, we arrive at

HARDWOOD HILL.

"The settlers here nearly all belong to the Old Country, and once were all members of the English Church, but not having had a Clergyman amongst them for nine

or ten years, many have deserted her pale. This outpost should receive the attention of the Society; it is a thriving place and the lands are well adapted for agricultural purposes. I paid three visits. It is possible at certain periods of the year to pass from it through the French Settlement to the Pinnacle, near Danville. I never went that way myself, but returned to Windsor and passed through Melbourne to

ELY.

Here I found many well-attached Church families, and met with much encouragement. It is a very thriving settlement, and should have regular services from the Travelling Missionary. Indeed of so much importance do I think the place that I had hoped that ere this it would have had a resident Pastor. I made 6 visits, and went to the South Durham Railway Station 4 times. The road leading to the latter is as yet very bad."

DANVILLE.

"As this and the neighbouring settlement of Troutbrook have lately been formed into a distinct cure and placed under my charge, I beg to refer you for any particulars regarding them to my Report of the Mission."

WARWICK.

"This also falls to the charge of the Missionary of Danville: it has been visited twice. The settlement is a new one and the settlers are principally French Canadians."

STANFOLD.

"Here there are very few belonging to our Church; with the members from Arthabaska and Somerset our Congregation mustered 25. I have made one visit and hope to give them another shortly."

"I need not make any report of Drummondville and Lower Durham, which places I visited twice, for I am

given to understand that they have once more a Clergyman residing among them."

"I have now made mention of all the places that came under my charge whilst acting as Travelling Missionary from November 1849, to October 1858. During this period, I baptized 67 children and 46 adults, thus making in all 113 members added to the Church."

"I cannot submit the Report to the Society without stating the impression my late office has left upon my mind, and which is decidedly one of encouragement and thankfulness for the signs manifested of a movement in the right direction with respect to matters of moral and religious obligation. In some places the movement is certainly slow, but as regards the District of St. Francis and especially that part of it now placed under my care, it may appropriately be said: "The harvest truly is great but the labourers are few."

"At the very least two more zealous labourers are required, one to itinerate between Hereford and Lake Memphremagog, the other below Sherbrooke, acting under the advice of the Reverend Dr. Falloon of Melbourne. We have therefore great need to pray the Lord of the harvest, that he would send forth labourers into His harvest."

From the 1st of October to the 20th of November, the office of Travelling Missionary was discharged by the Rev G. J. Magill since appointed to the Mission of Stoneham. The field of labor assigned to this gentleman was chiefly in the District of St. Francis which has been already described in Mr. Fothergill's Report. But the Society's Missionaries have always received instruction to afford occasional visits to the few Protestant families scattered here and there in the midst of the Roman Catholic population, such as have been already reported in the Journal of the Rev. H. Roe. Mr. Magill accordingly visited L'Islet, where a small congregation has lately been drawn together by the operations of the Grand Trunk Railway Company.

"Having received the Bishop's directions, I held Divine Service on the 3rd of November at L'Islet at the house of Mr. Betts. Fourteen persons were present. In the afternoon, no conveyance having arrived for me from St. Thomas, I held Service in the same place, at which 20 persons were present, of these, 4 came from Riviere Ouelle, a distance of 33 miles, one from St. Rochs, a distance of 20 miles. They all appeared to feel very acutely the want of the Church's Ministrations. Mr. Betts has, in some measure, supplied this want by reading every Sunday to those who choose to assemble in his house the Church Service and a sermon. They expressed an earnest wish for another visit, and their readiness to defray the Clergyman's expenses. I opened a list for the Church Society, and received subscriptions to the amount of \$19, and left a copy of it in the hands of Mr. Betts who undertook to obtain additional signatures."

DANVILLE.

On Sunday, the 7th of February, the Lord Bishop, attended by the Rev. Professor Thompson of Bishop's College, and the Rev. A. Balfour, Incumbent of Kingsey, who held temporary charge of Danville and parts adjacent, administered the rite of Confirmation at Danville to fourteen candidates. The Rev. Mr. Parker and the members of his congregation kindly and courteously tendered to his Lordship the use of their Church for the Services of the day.

The Rev. M. M. Fothergill writes as follows :

"This Mission was only established on the 1st of October last." 1857

"Much has been said in former Reports of the Church Society, as for instance in those of the Reverends Lloyd and Balfour with respect to the neighbourhood of Danville. It is, as they have stated, one of much promise, but yet much requires to be done before the Mission can be said to be in good working order. As yet we have

no Church, but at present meet in a small schoolhouse, and much inconvenience is experienced. Very liberal sums, however, are being subscribed to raise a House of Prayer, which, we hope, will be erected in the course of next summer. The Congregations have also liberally subscribed towards the Missionary's stipend, contributing the sum of £50 per annum. Service is held in several parts of the Mission, and I hope soon to be able to extend my labors as far as Warwick and Stanfold. The Congregations are very fair as regards numbers, and many join heartily in our beautiful Service. The Sunday school at Danville, established in October, is progressing very favorably, the exact number of children being, females 14, males 23, total 37. I purpose introducing into the Troutbrook school a better system, and establishing a dayschool at the foot of the Pinnacle, and if possible, one in the Golden neighbourhood."

The Board regret that they have not been furnished this year with Reports from the District Associations.

EDUCATION.

A reference to the List of Grants made by the Board to Schools in various parts of the Diocese, will show that the cause of Education, so far as their means permit, has not been neglected by the Society.

REV. G. PERCY, LL.D.

REPORT

OF CLERGY TRUST COMMITTEE, PRESENTED TO THE CHURCH SOCIETY OF THE DIOCESE OF QUEBEC, AT THEIR ANNUAL MEETING HELD JANUARY 12TH, 1859.

The Clergy Trust Committee beg leave respectfully to report :

That during the past year the Interest arising from the several investments has been regularly paid.

The following sums have been invested since the last Annual Meeting.

For Clergy Trust account, including the several endowments under their charge,	£1020
For Bishopric Endowment,	695

The cash balance on hand which has accrued during the last month, is now in course of being invested.

Since the last Annual Meeting, the following Endowment Funds have been by Trust-deeds legally placed under the control of your Committee.

The Frampton Mission,
The Three Rivers Rectory,
The Quebec Chapel.

The first, originating in a donation sent to the Lord Bishop of the Diocese, by a liberal friend, Robert Baxter, Esq., of Park Street, Westminster, England, has accumulated by being invested and by a donation from the Frampton Mission, and will shortly be increased by a grant of Four Hundred Dollars from the Church Society.

The second arises from the strenuous exertions of the Ladies of Three Rivers, who by their zeal and labour, (although the station is one of the smallest in the Diocese) have raised during the past year Eight Hundred and Forty-eight Dollars, an example worthy of imitation

by some of the larger Missions and Stations in the Diocese. To this sum the Church Society, by way of encouragement have added Four hundred Dollars.

The Quebec Chapel Endowment originally set on foot by J. B. Forsyth Esq., has been formed by the liberal donations of a few warm friends of the Church residing in Quebec and elsewhere, a list of whom is attached to this Report.

Your Committee take the liberty of stating that Two other Endowment Funds exist.—The Nicolet Endowment under the management of the Central Board and the Quebec Rectory Endowment, under the management of the Churchwardens of the Cathedral Congregation.

In conclusion, your Committee would earnestly draw the attention of those who wish to become Benefactors in the Church to the necessity of forming Endowment funds for all the Missions in the Diocese, so that the Clergy shall not be left to depend altogether on voluntary contributions, which at best are precarious and capricious. An opportunity is now offered to those who may be disposed to give a portion of the Talents committed to their charge: it will be as seed cast into good ground bringing forth a hundred fold.

Your Committee hope that at the end of another year, they will be able to report that other Endowments have been formed and that those now formed have been largely increased.

All which is respectfully submitted.

A. J. WOOLRYCHE,

Acting Secretary.

Chairman.
