The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

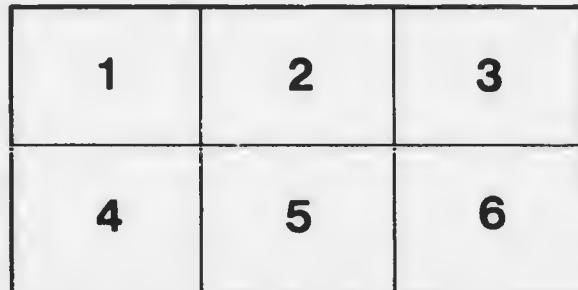

Douglas Library  
Queen's University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

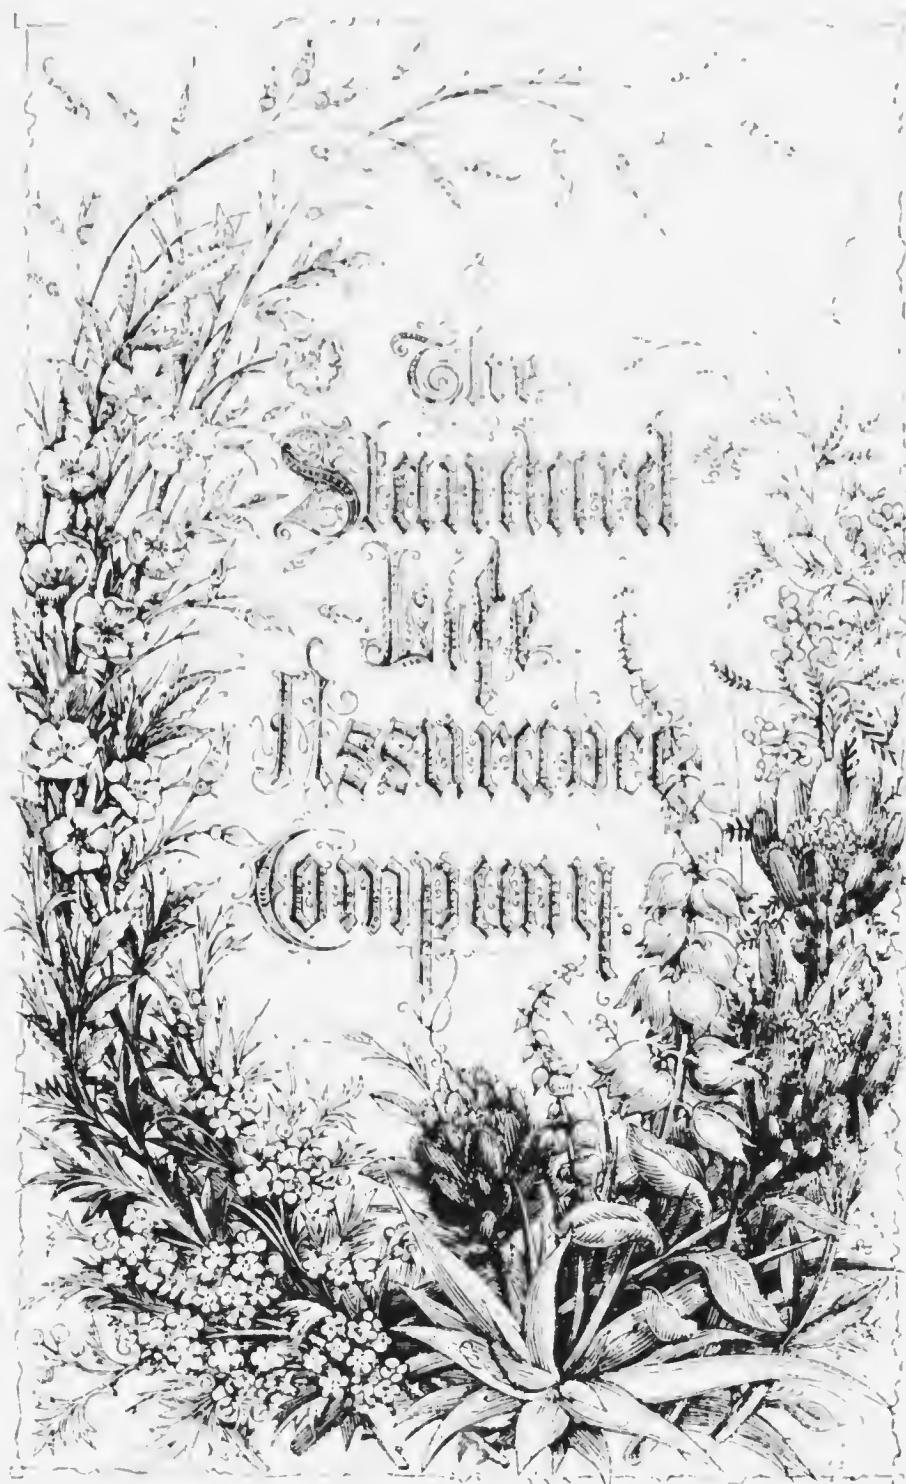

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier piet et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second piet, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## THE STANDARD LIFE ASSURANCE COMPANY.

THIS COMPANY was established in 1825, and is one of the largest and most successful of the Life Assurance Institutions of Great Britain. Its Income exceeds £700,000 per annum; and its Accumulated and Invested Funds amount to upwards of **Four Millions Sterling**. Its Profits have been very large, and Persons assured have derived very valuable benefits from their connection with the Company. The STANDARD has also acquired a marked character for liberal management, being the first institution which relieved Policies of Assurance from restrictive and unnecessary conditions, and gave such contracts increased value and stability in other ways.

In 1846 the Directors of the STANDARD LIFE ASSURANCE COMPANY, being impressed with the conviction that Life Assurance in India and the Colonies might be safely undertaken at rates commensurate with the risk, turned their attention

## **6 Standard Life Assurance Company.**

---

to the extension of their business to these quarters ; and after long and careful inquiry, resolved to establish a new Company, having for its particular object Colonial and Foreign Business.

The COLONIAL LIFE ASSURANCE COMPANY was then established, and for twenty years maintained a large business in India and the Colonies, conferring important benefits on many persons whose families would have been left in poverty and distress had they not had the advantage of Life Assurance brought home to them. Its progress was most satisfactory in every respect. It realised large Profits, in which the Policyholders participated, and it secured a large and influential connection.

In 1865 the Directors of the STANDARD LIFE ASSURANCE COMPANY and the Directors of the COLONIAL COMPANY considered it would be for the interest of all connected with these Companies—seeing that the Direction and the Management were composed very nearly of the same persons—to form an amalgamation between them ; and the junction was completed on 19th March 1866.

The joint institution will henceforth be carried on under the title of

### **The Standard Life Assurance Company.**

In the course of its career the COLONIAL LIFE ASSURANCE COMPANY introduced new and important features into Life Assurance practice, by publishing rates calculated for Foreign residence, and

by establishing Agencies abroad, thus affording increased facilities to persons whose views or occupations might lead them to travel or reside in other countries. By its means also the benefits of Life Assurance were extended to India, and to the Colonies of Great Britain generally, on such beneficial terms, and under such liberal conditions as improved knowledge and the circumstances of the times authorised and required.

The STANDARD LIFE ASSURANCE COMPANY will carry out its Colonial and Foreign Business under the same liberal conditions which characterised the COLONIAL COMPANY, with the same staff of Officers and Agents; and the Directors of the Company will make it their study to maintain for the united Company the high and honourable name which has hitherto characterised both Institutions under their separate management.

#### **THE RATES OF THE COMPANY,**

which have been calculated on data derived from the most authentic sources, will be found moderate, and, looking to the facilities and advantages afforded, they are undoubtedly more advantageous and less expensive than those of any other Office transacting the same class of business.

#### **DIVISION OF PROFITS.**

The first Division of the COLONIAL COMPANY'S Profits took place as at 25th May 1854, the second

at 25th May 1859, and the third at 25th May 1864, when large additions were made to all Policies effected in the Participation Scheme of the Company. An additional Bonus was also added to Policies at 15th November 1865, so as to alter the future periods of Division of Profits to correspond with those of the STANDARD COMPANY.

The additions to Policies of larger or smaller amount are in the same proportion.

Those who did not wish to add the amount of the Bonus to the Sum Assured were permitted to take the value of the addition in a present sum, or to apply its value to the reduction of the Annual Premium for five years.

*For Example.*

1. A person resident in Class A, aged thirty, assured his life in 1847 for £1000, and the Bonus Additions to the Policy amounted in 1864 to £210. Those additions may be surrendered for a present cash payment of £126 : 16 : 10 ; or by surrendering £291 : 12 : 4 of the amount, he will be relieved of payment of his Premium for five years, the Company being liable, should he die during that period, to pay to his Heirs the original Sum Assured, and the balance of the Bonus Additions not surrendered—viz. £18 : 7 : 8. This Policy will be entitled to future additions at the end of each period of five years the party survives.
2. A person resident in India, aged forty-five, effected an assurance on his life in 1850 for £1000, and the Bonus Additions to the Policy amounted in 1864 to £250. Those Additions may be surrendered for a present cash payment of £150 : 4 : 2 ; or they may be applied to reduce the Annual Premium for the next five years, making the Premium £28 instead of £61 : 15s., being an annual reduction of £33 : 15s. This Policy will be entitled to future additions at the end of each period of five years the party survives.

Policies entitled to participate in Profits will participate proportionately hereafter in the Profits of the united Companies.

The next Investigation and Division of Profits will be made at 15th November 1870, and quinquennially thereafter.

## TO Standard Life Assurance Company.

### GENERAL REGULATIONS & CONDITIONS.

These have been framed with much care, with the view of making the Company's Policies available securities of the most perfect kind, and of allowing as much freedom to the Policyholder as may safely be granted. The Directors invite particular attention to the following :—

**Claims paid at home or abroad.**

**Policies with Profits** purchased at any time after payment of one year's Premium, and Policies without Profits for the whole term of life, after three years' Premiums have been paid.

**Age and Interest** admitted on the Company's Policies in all cases where proof is given satisfactory to the Directors.

**Thirty days of grace** allowed for payment of Premiums ; and in the event of death taking place during the currency of those days, before payment of the Premium, the Policy will be as valid and effectual as if it had been paid.

**Assurances forfeited** may be revived within thirteen months from the date at which the Premium became due, under certain conditions.

**In the case of Policies of five years' duration,** upon which no debt exists, payment of Premium, with a fine, may be made at any time within one year after the days of grace expire ; and should the assured die during that period, the claim is binding on the Company, under deduction of Premium unpaid and fine.

*Standard Life Assurance Company.* II

**No Policy of five years' duration** shall be liable to any ground of challenge whatever connected with the original documents on which the Assurance was granted, but the sum assured shall, subject to the payment of premiums, and extra premiums, if any, be payable in terms of the Policy, after proof of death to the satisfaction of the Directors.

**Medical Fees** paid by the Company.

**Volunteers.**—Persons assured are permitted, without payment of Extra Premium, to join Militia, Yeomanry, or Volunteer Corps, and to perform any military duties required of them in peace or war, in defence of their country.

**Loans advanced** on Mortgage of Policies, to the extent of the office value.

**Naval and Military Men** can effect Assurances at an equal annual rate of Premium covering the risk of any Service or of any Climate, and not varying with particular Service or Climate, as in ordinary cases. These rates are fixed according to the circumstances of each case.

**Mercantile Marine.**—Risks of this nature generally undertaken at moderate rates.

**Whole-World Licence.**—The STANDARD COMPANY are ready to grant Policies covering the risk of a person proceeding to any part of the world at an after-period, provided the Directors are satisfied that the person has no present prospect or intention of leaving the Country in which he is residing.

**Claims settled in Montreal**—giving to this Company all the advantages of a local office, with the benefits of an extended business and connection otherwise.

**THE GENERAL MANAGEMENT OF THE COMPANY.**

The Directors afford the fullest advantages to their Policyholders both at home and abroad ; and for the purpose of giving increased facilities in the Company's transactions, the Directors have formed Local Boards of Management and Branch Offices in India and the Colonies, where Assurances may be effected, Premiums paid, and claims settled.

**A N A C T**

**To Secure to Wives and Children the benefit of Assurances on the Lives of their Husbands and Parents.**

WHEREAS it is expedient to permit persons to insure their lives for the benefit of their wives and children : Therefore, Her Majesty, by and with the advice and consent of the Legislative Council and Assembly of Canada, enacts as follows :

1. It shall be lawful for any person to insure his life for the whole term thereof, or for any definite period, for the benefit of his wife, or of his wife and children, or of his wife and some or one of his children, or of his children only, or some or one of them, and to apportion the amount of the insurance money as he may deem proper where the insurance is effected for the benefit of more than one.

2. The said insurance may be effected either in the name of the person whose life is insured, or in the name of his wife, or of any other person (with the assent of such other person) as trustee ; and the premium of any policy of insurance hereafter effected under this Act, shall be payable during the whole of the said person's life, or during any lesser period, by annual, half-yearly, quarterly, or monthly payments.

## **14 Standard Life Assurance Company.**

3. It shall be lawful, within one year after the passing of this Act, for any person by writing indorsed upon or attached to any policy of insurance on his life, which may have been effected and issued before the passing of this Act, to declare that such policy and insurance shall be for the benefit of his wife, or of his wife and children, or of his wife, or some or one of his children, or of his children only, or some or one of them, and to apportion the amount of the insurance money as he may deem proper, when the insurance is declared to be for the benefit of more than one.

4. When no apportionment is made in any policy or declaration as aforesaid, all parties interested in the said insurance shall be held to share equally in the same, and when it is stated in such policy or declaration that the insurance is for the benefit of the wife and children generally, or of the children generally, without specifying their names, then the word "children" shall be held to mean all the children of the person whose life is insured living at the time of his death, whether by any other marriage or not.

5. Upon the death of the person whose life is insured, the insurance money due upon the policy shall be payable according to the terms of the policy, or of the declaration as aforesaid, as the case may be, free from the claims of any creditor or creditors whomsoever.

6. Nothing contained in this Act shall be held or construed to restrict or interfere with the right of any person to effect or assign a policy for the benefit of his wife or children as at present allowed by law, nor shall it affect any assignment of any existing policy made before the passing of this Act, nor any action or proceeding pending at the time of the passing of this Act in any court of law or equity.
