Dear Dr. Sproule: It is two months now since I finished your treatment, and I am sure the cure is permanent. I have given it a pretty hard trial. For I have worked hard and eaten hard, and have indulged in all the good things of the season. It is years since I have been able to do anything like that. My bloat is all gone and that horrible pain in my stomach is a thing of the past. I am astonished at the hearty meals I can eat after having been deprived of them for so many years. I can never thank you enough and shall always be glad to speak my word for you. Frelighsburg, Ont. Yours most gratefully, Mrs. H. C. Blinn.

on the corporate naws of Great BF tain. The cases under consideration were (f the Lon-don and Northwest American Mortgage Company, Limited, against Peter J. Gless and William P. Jewett, respectively. The detendants were owners of stock in the plaintifi concern, whose main office is in London, Eng. The corporation sub-sequently 1-came insolvent. When called upon to make good the amount of their stock, the defendants claimed that they were not members of the defandant corpora-tion, having assigned their stock. The cor-pution claimed to have no legal knowl-edge of the asignment, and, that if assign-ment had been attempted, the same was not in accordance with the laws of Great Brit-rin and the provisions of the corporate by-laws. The defendants claimed to have given notice of the assignment, according to the laws of the United States. The court holds that this being a British corporation, the assignments should have followe English custom and law. A de-clision for the company was thereupon given. Both cases will be appealed.
