WHO IS TRYING TO FORCE IT?

All the Facts in the Situation—And
Some Rumors Put
to Rest.

I. There is the Canadian Pacific
Railway, an assured fact from
Halifax to Vancouver.

II. There is the Canadian Northern,
from Port Arthur on Lake Superior and
in the Province of Ontario to the east
bound of Manitoba, across that province
and then on a considerable distance
immediately to the west. It is operating
to-day thirteen hundred miles, and a large
additional mileage under construction.

III. There is the Grand Trunk,
which grinds Old Ontario, has an
extensive mileage in Quebec and all
the way to Montreal, Quebec,
Portland.

GOES INTO WEST
BIDDING FOR THE C.N.R.

Additional Transcontinental Project
Complicated—G.T.R. May Not
Get Other Line.

New York, Nov. 26.—The Commercial
has the following from Toronto:
Closely following the announcement
that the Grand Trunk will build a
transcontinental line to the Pacific thru
the Canadian Northwest comes another
announcement, a sensational railroad an-
nouncement to-day, that J. J. Hill's
Great Northern will enter the Canadian
West and compete with the Canadian
Pacific.

There has been agreement between
the two railroads under which Hill's
road undertook to keep out of the Canadian
Northwest, and the Grand Trunk
Canadian Northwest, and the Canadian Pa-
cific to keep out of Montana and Du-
rota.

Great Northern Alliance.
It was announced here to-day that
the Great Northern, the coming spring,
would be in a position to receive freight
between Eastern Canada and Canadian
Northwest points, as the result of an
arrangement with the Canadian North-
ern, which is to meet the Great North-
ern at the international boundary at
Emerson.

This makes it appear as if the Grand
Trunk will not get the Canadian North-
ern, or at least, as if Hill is bidding
for it, if indeed he does not own it.

Canadian Pacific Nervous.
With two transcontinental railroads
operating already in the Canadian west,
one of which is running thru to the
coast and the other having over 1000
miles in operation, and the Grand Trunk
going into that district, and Hill bid-
ding for business in the West, holders
of Canadian Pacific stocks are getting
a little anxious.

The stock dropped a point to-day, it
is believed, now the dividend will be in-
creased to 6 per cent, the coming year.

SOME REAPED BENEFIT.
Laundries and Small Merchants
Said to Have Done Well.

London, Nov. 26.—To-day's further
decline in the price of silver fixed a
new low record in the history of the
world. It was commented upon in
banking circles as the decline in the
business among exporters and mer-
chants of this city doing business with
China and other points in the Far
East. To bankers, however, the most
significant news of the day was the
cable advices to the effect that the
Siamese government had instructed
the mint to cease immediately the free
coinage of silver. Coincident, also,
with this development, was the decline
of silver at Bombay to a level
several points below London.

An interesting feature of the drop
in silver was the advantage reaped by
laundries and small merchants of the
downtown district, thru being able
to purchase silver bills at so low a
rate. They flocked downtown to-day,
cash in hand, sending heavy remitt-
ances to friends at home, and their
shops are surprised at the large sums
allowed for the amount turned in.

"FATHER PAT'S" MEMORIAL.
Ambulance Purchased by Subscrip-
tion Arrives in Rossland, B.C.

Rossland, B. C., Nov. 26.—The am-
bulance purchased with a portion of
the funds subscribed to acquire a
memorial for the late "Father Pat"
Jewin was received here to-day. It is
a handsome and substantial vehicle,
and has been turned over to the mu-
nicipality by the committee in charge.
The balance of the fund, some \$600,
will be used to erect a fountain in the
spring. Subscriptions for the fund
were received from every part of Am-
erica and from England, Scotland,
Ireland, France and South Africa.

Recognition of the Union at the
Bottom of Strike Out
West.

Vancouver, B. C., Nov. 26.—The op-
erators, the linemen and the repairers
of the New Westminster and Burrard
Inlet Telephone Co. went on strike at
5 o'clock this afternoon, and telephone
service thruout the city is temporarily
suspended.

Trouble has been brewing between
the management and the employes for
some time, the question of the recog-
nition of the union being at the bot-
tom of the dispute.

The company claims that the sus-
pension is only temporary, and that
they will soon have new employes
from the East.

FINED FOR VIOLENT TALK.
"Thrashing Count" Pays 1000 Marks
for Speeches Against Jews.

Berlin, Nov. 26.—Count Pueckler,
who is known as the "thrashing
count" because of his violent temper,
has been fined 1000 marks for making
violent speeches and inciting others to
violence against the Jews. When the
fine had been paid, the Attorney-Gen-
eral immediately moved that the count
be re-arrested, pending his further
trial, next Saturday, on a charge of
abusing the Berlin court, which re-
cently convicted him of like actions
against the Jews.

LOTITA WILL WALK.

Dr. Lorenz Satisfied With His Opera-
tion on Armour Girl.

Chicago, Nov. 26.—Dr. Adolph Lorenz
returned here yesterday from his
trip to the Pacific Coast. In the after-
noon he went to the residence of J.
Ogden Armour to look after his little
patient, Lotita Armour. The scientist
said he found her in excellent condi-
tion and her ultimate complete recov-
ery is assured. The plaster cast was
not removed, as it was said there was
no inflammation. Until nature has
built a new hip joint the cast will be
kept in place, and upon its removal,
three or four months from now, Lotita
will walk. That is Dr. Lorenz's confi-
dent belief. Dr. Lorenz will remain
in Chicago until next week, when he
will go to New York. On Friday even-
ing he will be the guest of the faculty
of Northwestern University, where he
will be honored by the conferring of a
high honorary degree.

TYING UP SHIPPING.
Stokers in Marseilles Strike for
More Wages.

Marseilles, France, Nov. 26.—The
stokers here have struck for an in-
crease of wages, and the movement
is spreading to all the port
laborers, thus tying up the shipping.
Nine steamers which should have sail-
ed for the ports here today, have been
held up.

As a result of the strike of the stok-
ers, mail service from this port is
completely interrupted. No acts of
violence, however, have been com-
mitted, and it is hoped that the
wages dispute will be settled
soon.

JANITOR BURNS HIS BUILDING
Then Commits Suicide by Hanging,
in Odessa, Russia.

Odessa, Russia, Nov. 26.—The
watchman of the Rich Museum, at-
tached to the University of Odessa, to-
day set fire to the building, and then
committed suicide by hanging himself
from a beam of the roof. It was
believed that he was insane.

POTATO FOR THE KING.
Shipped from a Vermont Farm and
Weighs Several Pounds.

Troy, N.Y., Nov. 26.—A unique ex-
press package destined for a dis-
tinguished personage was an object
of curiosity at the depot Tuesday night.
It consisted of an enormous potato,
weighing several pounds. It was in a
box and consigned "to His Majesty,
the King of England, House of Parlia-
ment, London, England," and was
shipped by N. P. Hulst of Pavlet, Vt.,
who raised it on his farm. It was on
the way to New York and will be ship-
ped from that port to England. The
expressage was prepaid.

KING'S CRITIC RESIGNS.
U.S. Consul at Callao Told His Re-
tirement Was Welcomed.

Washington, Nov. 26.—Charles V.
Berliak, Consul at Callao, Peru, has
tendered his resignation, and while the
alleged cause is that the climate does
not suit him, another reason is gener-
ally assigned. It is said that Mr. Ber-
liak, while visiting a British club in
Callao, abused King Edward when a
toast was proposed to the ruler. As a
result it is said that he received an
intimation that his resignation would
be accepted by the State Department.

BOYCOTT IS WIPED OUT
BY A VOTE OF 3 TO 1

Trades Assembly of Schenectady
Rescinds the Order That Could
Not Be Enforced.

Schenectady, Nov. 26.—In one of the
most exciting meetings in its history,
the Trades Assembly to-night declar-
ed off the boycott against the Schene-
ctady Railway Company. The vote in
favor of rescinding was three to one,
and the meeting lasted nearly three
hours. When the meeting was called to
order a motion to rescind the order
taken two weeks ago to-night, declar-
ing the boycott, was made, and a long
discussion followed, during which heat-
ed words were freely used.

A viva voce vote was taken and
President Jackson announced that the
resolution was lost. There was an out-
cry at this, the advocates of rescinding
stating that they were in the majority,
and another vote was taken. This
time President Jackson was unable to
decide which prevailed, and a roll call
was ordered. It was then seen that
those who favored lifting the boycott
outnumbered their opponents three to
one, and without counting the vote
President Jackson announced that the
resolution to rescind was carried. The
announcement was greeted with cheers.

President Greenleaf, Organizer
O'Neill of the Albany Division
of the Amalgamated Association of
Street Railway Employees were present
and stated that if the boycott were
maintained the Albany division would
give all the aid in its power, but that
majority of the delegates were so
anxious to remove the boycott that
the offer of help from Albany was
not accepted. Representatives of
nearly all the unions present said that
their organizations would not with-
draw from the Trades Assembly.

MESSAGE OF ROOSEVELT
FOR RIGHTS OF PEOPLE

Will Ask Congress to Aid Him in
Amending the Sherman
Law.

New York, Nov. 26.—The Washing-
ton correspondent of The Press says
in speaking of the President's message:
He has insisted that anti-trust legisla-
tion shall claim the immediate atten-
tion of Congress, that the wishes of
the great body of the people may be re-
spected, and adequate legislation enacted
to permit thorough Federal control and
supervision of the gigantic combinations
of capital which have been formed
in restraint of trade.

"The wishes of Congress so to amend
the Sherman Anti-Trust law—which
was enacted by the Republican party
and is considered to-day the best sta-
tute of its kind in existence—that
over-capitalization may be avoided,
competition fostered rather than de-
stroyed and publicly assured. With
such modifications of existing laws
the President will give the assurance
that his administration, under the
supervision of Attorney-General Knox,
will not tolerate with any corporation
which respects the public and obeys
the laws, but will drive to the wall
all those which by evasions of the law or
its defiance seek to control the prices
of food products and other necessities
of life."

BOOKER T. WASHINGTON
BLACK MAN'S CHAMPION

Great Colored Educator Relates Story
of His Life to a Toronto
Audience.

HE SEES HOPE FOR HIS RACE

Man Who Dined With Roosevelt
Presented With Union Jack and
Painting by Admirers.

Dr. Booker T. Washington appeared
before his first Canadian audience last
night. To say that the brilliant colored
educator was cordially received is ex-
pressing it mildly. Massey Hall was
crowded with as representative a set
of people as Toronto usually contributes
to famous speakers. While many were
unconsciously attracted because of
curiosity, no doubt as many more were
present to hear what the well-known
philanthropic character and southern
worker had to say on the subject of the
industrial and intellectual advance-
ment of his race.

While the problem of the race was the
subject of Dr. Washington's discourse,
he discussed the subject from a practical
standpoint, and it is violating no
confidence to say that if there is a
human being who knows the subject,
as it relates to the negro of the South-
ern States, it is he. Born a slave, his
lines cast in the "black belt" of that
period of the States' history when the
country was convulsed with the worst
questions provoked by internecine strife,
he has lived to rise to fame's apex, and
to allay the popular prejudice of the
South, as well as the mistaken impres-
sions of the North, each equally harm-
ful to the advance of the negro. A
pen picture of the man is interesting,
and the story of his desperate and ap-
parently hopeless struggle to rise from
the meanest servitude and the most ab-
ject poverty is strangely entertaining.
The pity of his tale is sufficient to win
the sympathy of any audience, but the
perseverance with which he overcame all
obstacles and mounted the heights is
the feature of his story which commands
the greatest sympathy and prompts the
audience to applaud.

In fact, he recited no embellish-
ment to make it pathetic, and no oratory
to make it impressive. It was
the simplicity of his speech, his plain
style, his directness, his earnestness,
his unpretentiousness, and his un-
flinching determination to overcome
all obstacles and reach the heights of
his race, that won the sympathy of all
who heard him.

A May of Hope.
While employed in the bowels of the
earth, digging coal, this black boy
heard two miners talking of a strange
institution, a school that had been
established somewhere in the South,
at which a negro could secure an edu-
cation by working for it. He crept
forward on his hands and knees to over-
hear the conversation. Then he started
in the general direction of the school,
which was a thousand miles away.
When he reached the school, he found
it was a school for the colored people,
and he was admitted. He had no
money, but he had a strong desire to
acquire knowledge. Prior to the
close of the year it was a crime to
teach a negro to read and write in all
the Southern States.

A Thinker and an Orator.
Booker T. Washington is a man of 45,
with broad shoulders and erect bear-
ing. He has the distinct Ethiopian
features.

Transportation Company, Capt. George
Wood of Kingston, is some days over-
due from Port Arthur. An inquiry has
been received from the company's head
office, requesting all boats bound up or
for her. Captain Wood is expected to
arrive here in a few days, or per-
haps, wrecked, but up to the present
nothing definite is known.

NEW FANS OPEN TO-DAY

Many Horses From the North at the Track for Crescent City Jockey Club's Meeting.

BIG PROGRAM FOR OPENING DAY

Sanctuary at Benning and Latona and the Racing Card for Thursday. New Orleans, Nov. 26.—Horses, jockeys, bookmakers and followers of the turf in general continue to arrive in droves from different sections of the country for the winter meeting of the Crescent City Jockey Club, which will inaugurate to-morrow. There are close on to 1000 horses quartered at the fair grounds, among them being some of the best horses in the country. The increase in the overnight stakes from \$300 to \$400 is directly responsible for the presence of so many good horses.

Benckert Won at Benning

Washington, Nov. 26.—Prospects for a clear afternoon drew a goodly crowd of witnesses to day's races at Benning. Although the track was in a sloppy condition, players of form did better than in previous times. Four favorites and two second choices came in first. The only upset of the day was in the fifth event. Trump, the odd-on favorite, got a bang when he was overtaken and Black Dick, the winner. The closing event brought together the best lot of the day and proved a good race. The favorite, first away, but was cut out on the first turn, where Smart set foot up the racing, followed by Himself, but after straightening for home Bonnett, with an impost of 120 pounds, fairly ran away from the others and won in a hard drive from Smart. Summary:

Rich Blood is the Essential to Health, Strength, Vitality and Even Life Itself.

The complexion tells the quality of the blood and acts as a thermometer of the health. A pale, sallow skin and thin lips and gums are unquestionable evidence that the blood is thin, watery and vitiated. Poor, watery blood fails to supply the nervous system with proper nourishment, and day by day the system breaks down and disease finds an easy way into the body.

He Has Made His Mark. Mr. Kemp was introduced as the man who had already made his mark in the House of Commons. He congratulated the newly-elected officers of the association on their election and then, speaking of the political situation, said the Conservatives had nothing to feel ashamed of in the re-election at the election trials, while the Liberals, on the contrary, and every one else, had been given away by the Conservatives.

Question of Freight Rates. As for Dominion affairs, Mr. Kemp said one of the important things that would probably be considered at the next session of the House was the question of freight rates. As it was the railways which were supreme in matters in which they were interested, and he had often thought that the Government should be more carefully watched. These propositions, Mr. Kemp said, should be brought before the House in respect to the question of freight rates, but many other questions that came before the Railway Committee of the Privy Council and the proposed to appoint a commission to examine many of the duties of that committee, and he was not sure whether that would be a good thing or not.

WILL NOT BE THERE. Mr. Kemp said he had the utmost confidence in the property of the Dominion and that he would be in Toronto for three or four trans-continental railway lines. However, more information should be obtained and the railway companies of Canada should be kept open. The two big railway companies of Canada, the C.P.R. and the N.W.R., had made Montreal their terminus and had to go to the province. If the C.N.R. built a trans-continental line he had hopes that they would do more for Toronto than the other two lines had done and he hoped that they would build one for they had shown themselves able to economically construct a railway without receiving any large amount of public aid that the C.P.R. did.

THE PARTY OF PROGRESS. Dr. Yung M.L.A. was given a rousing reception. The Conservative party, he said, was the party of progress and had no fear of the country that the other party, which had no constructive mission in it, in Ontario the Conservatives were not losing ground, he maintained, and if they had their just rights restored they would hold the reins of power. He was asked, should he give a fair representation in the Local House. It should have at least eight members there.

WILD LEAP FOR LIFE. Girl Drops 20 Feet and Lands on Roof 2-ft. Square, Unhurt. White Plains, N. Y., Nov. 26.—Lulu Cox, 13 years old, had a remarkable escape from death to-day. At 7 o'clock a.m. there was a small fire in the home of her father, Frank L. Cox. Firemen were called and the noise they made awakened Lulu, who was asleep in a third-story room. She opened a window and climbed to the roof. She was barefooted and started only in her nightgown.

PHILADELPHIA WOMAN HAS A CLOSE CALL FROM PAINFUL DEATH. Philadelphia, Nov. 26.—Mrs. Harry F. Ackershausen, wife of a liquor dealer at 2385 Ridge-avenue, is critically ill from eating of a box of poisoned cream on Sunday night. A narcotic had been injected into several of the candies, while, in others, small pins had been placed.

WHERE WAS MRS. NATION. From Kansas City Journal. The Solomon Tribune is glad that during last week "the weather was such that it forbade the ladies from coming downtown," and then explains the situation by saying that the town was on a drunk and raising the successful ticket recalled that "was as a repeal of the Kansas constitution so far as it affects the liquor situation."

HE'S STILL CURED. Ademar Cablers Used Dodd's Dyspepsia Tablets Three Days Ago and Has Had No Indigestion Since. These days of hurry and excitement are bound to make indigestion felt in the stomach. I found relief almost as soon as I started taking Dodd's Dyspepsia Tablets. I am still cured.

THE BLACK MAN, THE RED AND THE WHITE

At Massey Hall last night, the unique spectacle was presented of a black man and a red man together on a platform facing an audience of white men. Mr. Booker T. Washington was the speaker of the evening, and Dr. Cronhyatchka officiated as his chairman. The former is probably the ablest champion on this continent of a down-trodden but ever increasing race, while the latter is no doubt the best known representative to-day of the once proud but now fast disappearing American Indian. It is, moreover, notable that the speaker of the evening addressed those whose ancestors dispossessed the red man of his country, and who by force imported the black man to this continent.

Mr. Washington, who possesses, in full the physical peculiarities of his race, is decidedly a man of parts. His remarkable career and the splendid work he has done for the uplifting of his people has made this clear long before he appeared in Toronto, and his address of last night emphasized the fact. A man of pleasing address and an orator of no mean powers, he at the outset secured the sympathy of his hearers, and by means of a certain manly, fervid earnestness he carried them with him to the end of his address.

As Zola saw in the gospel of work the salvation of the French, so Booker T. Washington sees in religious and industrial education and intelligent labor the final deliverance of the Southern American negro. In his world famous Tuskegee Institute he is teaching his black brothers and sisters to put brain, skill and dignity into the work which their hands find to do, and those educated at this school are going out and day by day disseminating these same doctrines among the nine million blacks of the South. And Mr. Washington shows that great results have already been obtained. In different parts of the South which comprise of independent, self-supporting negro farmers are to be found, and in the State of Georgia alone, the blacks own and pay taxes upon \$15,000,000 worth of property. In short, by slow degrees, the black man is learning to help himself, getting on his feet, buying land of his own, and establishing a bank account of his own, and, by so doing, he has in great measure won the respect of his white fellow-citizens. The orator sees in the continuance of this educative and uplifting movement the solution of the Southern race problem, the means by which the two peoples will ultimately be brought to live together in amity. As he tersely put it, once the black man is well enough off to lend money to the white man, the white man who borrows that money will not prevent the black man who loans it from going to the polls.

A curious side-light was thrown on the question which the speaker dealt with, by the presence and evident attitude of a Southern American gentleman in the audience. This party, who hails from Kentucky, and is widely-travelled and, generally speaking, liberal-minded, listened with a very apparent lack of sympathy to the colored orator's remarks. The big audience responded readily to the eloquent black man's efforts, went into roars of laughter at his well-told anecdotes, and sympathetically followed him in the more serious portions of his address. But the gentleman sat unmoved. He would not laugh with Mr. Washington, nor could he bring himself to applaud his eloquent periods. In conversation with the World afterwards, this gentleman said that, he appreciated Mr. Washington's ability, he could not forget that he was a "nigger." It is this very ingrained prejudice among the whites of the South that the black has to overcome, and he has a big task before him. We believe, however, that Mr. Washington is working on the right lines, and we say "all honor to him, and god-speed him."

RELIGION IN NEW YORK

New York Sun. According to a census taken by the Church News Association, the average attendance at the 396 Catholic and Protestant churches and chapels of the Manhattan borough of New York, on the first three Sundays in the present month, was 451,631 adult persons, a total population of 1,361,162, of whom 448,488 are adults, that is, nearly one million, or two-thirds of the adult population, did not go to church.

The percentage of stay-at-homes must have been even greater, for the average attendance at the 396 Catholic and Protestant churches and chapels of the Manhattan borough of New York, on the first three Sundays in the present month, was 451,631 adult persons, a total population of 1,361,162, of whom 448,488 are adults, that is, nearly one million, or two-thirds of the adult population, did not go to church.

CHANGE OF CLIMATE

Not Necessary in Order to Cure Catarrh. The popular idea that the cure for catarrh is a change of climate is a mistake, because catarrh is found in all climates, in all sections of the country, and even in a change of climate, the benefit for a time the catarrh will certainly return.

Catarrh may be readily cured in any climate, but the only way to do it is to destroy the cause of the disease, the germ which enters the system and acts through the stomach upon the blood and system generally.

A new discovery which is meeting with remarkable success in curing catarrh of the head, throat and bronchitis, is also catarrh of the stomach, is sold by druggists under the name of Stuart's Catarrh Tablets.

These tablets, which are pleasant and harmless to take, owe their efficacy to the active medicinal principles of Blood Root Gum and a new specific called Gualac, which, together with valuable antiseptics, are combined in convenient, palatable tablet form, and are valuable for children as well as for adults.

Mr. A. R. Fernbach of Columbus, Ohio, says: "I suffered so many winters with Catarrh that I took it as a matter of course, and that nothing would be done to cure a change of climate, my business affairs would not permit me to take. My nostrils were almost always closed up; I had to breathe through the mouth, thusing an inflamed, irritated throat. I thought of eating breakfast often nauseated up, and the catarrh gradually getting into my stomach took away my appetite and digested."

My druggist advised me to try a fifty-cent box of Stuart's Catarrh Tablets, because he said he had seen a number of who had been cured of Catarrh by the use of these tablets, and that he would be only too glad to recommend them to me. I took his advice, and after several boxes, with results that surprised and delighted me. I always keep a box of Stuart's Catarrh Tablets in the house, and the whole family use them freely on the first appearance of a cough or cold in the head.

With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off colds and colds, and with older people I have known cases where the hearing had been seriously impaired by chronic catarrh cured entirely by these new remedy.

difference of habit must be borne in mind. Taking all the churches together, only 81 per cent. of the attendance was of men, and in the Catholic churches alone, only 22 per cent. In the Episcopal churches, 45 per cent. In the Baptist, it was 42 per cent. In the Methodist, 45 per cent. Christian Science also appeals to women more numerously than to men, 62 per cent. of the attendance at its temples being of women.

Moody, the evangelist, estimated that the whole population of the United States less than 30 per cent. are regular attendants at religious services. Catholic or Protestant, and more than one-half never go to any church service at all. Sam Jones has only recently lamented that in Paducah, Kentucky, with a population of 22,000, on "beautiful Sunday mornings" shows only from 1200 to 1000 in the churches.

CENTRE BRUCE

Editor World: It seems in doubt according to report, whether the protest against Col. Clarke, M.L.A. for Centre Bruce, will be proceeded with. Wise Mr. Ross! If you are as politically sagacious as you are credited with being, Mr. Ross, you will leave Col. Clarke undisturbed in his rightful seat in Centre Bruce, for I think I may promise you that in the name of the Conservatives of Centre Bruce, if you bring on another election in this riding, I will stand that I am early in the season for snow, we will give your candidate such a snowing under that he will think he has struck the ice or the age of this venerable earth. Centre Bruce has been Liberal for years, but it has now become Conservative, and the Conservative government of which you are the head, Mr. Ross. Furthermore, I will not be very humorous, but you will require to spell "fight" day and night to hold yourself in power much longer. You are a past master at humbug, which interpreted means political dishonesty, but even to this extent, you are a good one.

Moody, the evangelist, estimated that the whole population of the United States less than 30 per cent. are regular attendants at religious services. Catholic or Protestant, and more than one-half never go to any church service at all. Sam Jones has only recently lamented that in Paducah, Kentucky, with a population of 22,000, on "beautiful Sunday mornings" shows only from 1200 to 1000 in the churches.

CENTRE BRUCE

Editor World: It seems in doubt according to report, whether the protest against Col. Clarke, M.L.A. for Centre Bruce, will be proceeded with. Wise Mr. Ross! If you are as politically sagacious as you are credited with being, Mr. Ross, you will leave Col. Clarke undisturbed in his rightful seat in Centre Bruce, for I think I may promise you that in the name of the Conservatives of Centre Bruce, if you bring on another election in this riding, I will stand that I am early in the season for snow, we will give your candidate such a snowing under that he will think he has struck the ice or the age of this venerable earth. Centre Bruce has been Liberal for years, but it has now become Conservative, and the Conservative government of which you are the head, Mr. Ross. Furthermore, I will not be very humorous, but you will require to spell "fight" day and night to hold yourself in power much longer. You are a past master at humbug, which interpreted means political dishonesty, but even to this extent, you are a good one.

AT THE THEATRES

Princess, "The Show Girl," girls, fun and frolic, in a new play, "The Grand," "Shan Rhu," as only Joe Murphy, "The Scout's Revenge," thrilling melodrama. Shea's vaudeville of an excellent kind. Star, Watson's American Burlesquers.

Speaking of the drama, "A Modern Magdalen" which will be presented at the Princess on Monday and Tuesday in evening of next week, with Wednesday matinee, The New York Journal says: "No such play has been seen in any form for the purpose of giving a young man in America, and gives a production complete in every detail."

The Anselm Bingham Musical Stock Company comprises such artists as Josephine Laing and W. J. Ferguson, supported by Frank, Harry Lillford, Bernard McGuire, George, Walter, and Victor Johnson, Katherine Fisher, Marion Johnson, and others. The sale opens this morning.

One of the most even-running shows of the season is that given at Shea's this week. It is a new and very novel set of novel acts, every one a feature. The Elmore, the Holcomb and Chickadee of the bill next week. This pair are about as funny as anything in vaudeville.

"Spotless Town," which comes to the Grand next week is one of the latest additions to the bill. It is a very popular play, and is simply a series of farces, and is a very novel and interesting production. It is a very popular play, and is simply a series of farces, and is a very novel and interesting production.

The Majestic Theatre, Boston, soon to be opened, embodies some original and interesting features. The theatre has been built to resemble in shape a sailing ship, and the ceiling of the auditorium is a perfect model of a sailing ship.

Septimus Winner, who wrote that world-famous "The Swan Song," is dead at his home in Philadelphia. He was born in 1825. He was an expert musician.

"Old Limerick Town" is proving the most successful play on the stage at Channing O'Leary has just produced.

Alberto Jones, the Spanish pianist, who will appear to-morrow night with Miss Zola, has been taken to the hospital to receive treatment for a severe attack of catarrh of the stomach.

Donald M. Barton, who is to appear at Association Hall next Tuesday, Dec. 2, is a well-known actor. He has been introduced to the public as his first performance in the play "The Limerick Town."

Hon. George E. Foster Will Speak. The next meeting of the Canadian Temperance League will be held at Bathurst-street Methodist Church to-morrow evening in the hall of the League.

AN ALL-CANADIAN COMPANY To Be Formed to Develop Water Power at Niagara Falls. "Our organization is not complete, and as yet there is no information of a definite character that can be given to the public," said Frederic Nicholls, managing director of the Canadian Niagara Power Company. The World yesterday regarding the movement for the formation of a new company for the purpose of further developing the power at Niagara Falls, in which he is interested. The person generally supposed to be the promoter for the most part of Toronto capitalists, who entered into the scheme for the power would be developed in this country. It is intended to have all the power that the new company generated, disposed of to Canadians. William Mackenzie, president of the Toronto Railway, is among the applicants for the power privileges. He said that by the plans of the new company carried out, together with the Hon. Edward Blake, M.P., will be filled by Joseph Devlin, M.P., one of the younger members of the Irish party and one of its ablest orators. Mr. Devlin's illness makes it impossible for him to attend. Mr. Devlin has taken a prominent part in the organization of the present movement. He is Belfast man. The speeches on Monday evening next will begin at 7:30 o'clock sharp, and ticket-holders are advised to be on hand early.

Planning to Back the Treaty. Washington, Nov. 26. — The indications are that the administration will have another rejected reciprocity treaty on its hands at the opening of the coming session of Congress. Senator Lodge and other New England Senators are outspoken in their opposition to the treaty recently negotiated by Secretary Hay, with Prime Minister Bond of Newfoundland. This treaty, they claim, would work to the injury of the fishing interests of Newfoundland.

O'Hara-Corby. Belleville, Nov. 26. — A fashionable woman, looked forward to with great interest, took place in St. Thomas' Church, this city, to-day, the principal being Miss Helen R. Corby, daughter of Mr. H. Corby, ex-M.P., and Mr. Francis C. O'Hara, nephew and private secretary to Sir Richard Cartwright. Rev. G. E. Beamish, rector of St. Thomas', performed the ceremony.

Killed While Giving an Alarm. Warren, Mich., Nov. 26. — Clint E. Osborne, assistant postmaster, and proprietor of the general store in this village, was shot dead early to-day by one of a gang of four robbers who had entered the Warren Bank and blown open the safe. He was telephoning to give the alarm.

Bishop of Killaloe Sees Pope. Rome, Nov. 26. — The Pope to-day received the Bishop of Killaloe, Ireland. The bishop expressed himself as rejoiced at the daily marks of filial affection from Irishmen all over the world.

Hock Released. Ottawa, Nov. 26. — J. B. Hock of Toronto, sentenced to six weeks' imprisonment for sending immoral literature thru the mails, was to-day ordered to be released.

COLLECTS HUMAN BRAINS

Gruesome Line of Study Pursued by Prof. Wilder of Cornell.

TORONTO TO SUPPLY A SPECIMEN

Dr. Goldwin Smith Donates His Grey Matter to the Collection.

The information about Toronto's distinguished citizen, Dr. Goldwin Smith, donating his brains to Cornell University when he is thru using the organ, is attracting much attention among the newspapers of the States. For 25 years Prof. Wilder of Cornell has been making a study of human brains. He has a unique collection in this form. The Toronto citizen's brain will in time be placed among these exhibits, which include the grey matter of many learned men. The donor may know in advance just how his brain will be treated.

Every university has what a commercial traveler would call "side lines," and this brain collection of Dr. Wilder at Ithaca is one of the most important and peculiar of any of the special works of research engaged in at institutions of learning. It is a most serious work, and many persons who know Prof. Wilder in a general way regard it as one of his idiosyncrasies.

The secrets of the human brain—any other brain of considerable development, for that matter—have never yet been found out entirely. Psychological experiments have revealed much as to the operation of the human brain under various emotions, and the knife of the anatomist has laid bare many of the secrets of its structure, but the full story is yet to be revealed. The comparative study of the brain by anatomists is going on steadily, and as new curves and cavities and fissures and convolutions present themselves the puzzle becomes more involved, also many points are being cleared up gradually.

This brain study has absorbed a large part of the spare time of Prof. Wilder for twenty-five years. He has made many important discoveries and has adopted a terminology of his own to a large extent. His unceasing study has brought him fame in his profession and has added largely to the sum of scientific information. His purpose, in a general way, is to establish a standard fissural American brain. He has not yet succeeded, but he keeps at his work, and it is for that reason that he has devoted a large amount of time to inducing persons of various degrees of intelligence to leave their brains to Cornell.

Having Fun With Wilder. A lot of fun has been poked at Dr. Wilder because of the methods he has adopted. He has desired especially to secure the brains of educated persons whose work in life has been well known thus giving a guide to some extent to the peculiarities of those who made an impression on the world when they were alive.

It is an easy matter to obtain large numbers of human brains from medical colleges, but little or nothing is known of the personal traits of those who once owned them. If the brains of well known educated persons could be obtained, it has been thought that by weighing them, measuring them, plotting their convolutions and cavities, some light might be thrown upon mental processes that has not yet been secured, and possibly some of the secrets still hidden could be learned to the advantage of mental science.

The New York alumni of Cornell were once much amused on going to their annual dinner to find circulars at every plate asking them to sign papers willing their brains to the collection. Dr. Wilder has been keeping.

Treated With Respect. Prof. Wilder's brain collection is not confined to those of human beings. The brain of every kind of animal that can be secured without difficulty is there and a comparative study is made with the human brain in this way. Dr. Wilder has also made special efforts to secure the brains of what are known as alcoholic persons, so as to study the effect of drink upon the human mind. He has a large collection of the brains of criminals and it is for that reason that he would like the brains of persons of high intelligence to be studied in comparison.

A RENOVATED HUSBAND

A Thankful Letter from a Wife Who Reformed a Dissipated Husband With Tasteless Samaria Prescription.

She Says: "To-day He is a Perfect Man."

"I do not know how to express my gratitude to the Samaria prescription which you sent me some weeks ago. It has produced astonishing effects on my husband. My pen cannot express the feeling of gratitude for another treatment of a friend's husband, whose case is quite similar to my own husband's case."—Madame A. Villeneuve.

EARNINGS OF U.S. RAILWAYS.

The Passenger Lines Took in \$472,450,105 Last Year.

Washington, Nov. 26.—The preliminary report of the Inter-State Commerce Commission on the income account of railways in the United States for the year ended June 30 last contains returns of railway companies operating 195,945 miles of line, or probably 98 per cent of the total railway mileage of the United States. The passenger earnings of these railways were \$472,450,105, including the other earnings from operation of the gross earnings amounted to \$1,711,754,200, or \$8780 per mile of line, and operating expenses to \$1,106,137,405, or \$5645 per mile of line, showing that net earnings were \$695,616,795, or \$3500 per mile. The net earnings were \$51,805,421 greater than during the previous year.

THE APPLE MARKET.

Woodstock, Nov. 26.—Not for several years has there been such an abundance of apples as this year, but the quality has been inferior, with the prices low in proportion. This in a nutshell decided the situation in the apple market during the past season. Without Western Ontario the yield has been fully 20 per cent greater than last year. As is always the case the quality is not so good as in smaller yields. This deficiency was decreased by the greater abundance of the apple scab, caused by the oyster shell beetle, which has been very prevalent. It increased this year, and also caused much mildew in many places apple crops were injured by it.

The market has been very satisfactory for the fruit, but the buyers have found it difficult to get their apples in quantity. The price of the bulk of the crop per week were shipped abroad from Canada, while the exports during the past season have reached as high as 140,000 barrels per week. The prices have, of course, risen per barrel, but last week they had to give \$2.

A local buyer stated this morning that wherever the growers were in the habit of spraying and manuring, they always expected to find perfect fruit and were seldom disappointed. The great proportion of the growers do not realize the importance of these precautions. The results are better and of course the market is better also. He also advocated more extensively the use of trees.

Our Neighbors' Thanksgiving. Travelers on the Erie Railroad to-day will have a princely repast, if only they may judge by the menu card issued today. These cards are very delicately printed, and the viands set forth will provide a sumptuous feast of rare excellence. Between New York and Chicago the Erie Railway has recently put on a service of superior excellence. Passengers from Toronto can connect with the Erie at Buffalo.

Not a New Discovery.

The announcement that a discovery of iron ore has been made in the Whymore district, north of Sudbury, created no excitement in this continent. The newly discovered range of iron will, it is said, probably develop into one of the most important of this continent. The officials at the Parliament Buildings flew and have news for the last three years that iron existed in that district, and has been mined by United States capitalists.

Jim Dumps is more thankful when Thanksgiving Day comes round again.

For all the Dumps, well trained on "Force," Eat unstrained each ample course, Till, filled with good things to the brim, "Give thanks for 'Force,'" says "Sunny Jim."

"Force" makes a thankful digestion. Sweet, crisp flakes of wheat and malt. Three Generations Eat "Force."

The writer is one of three generations who start breakfast with "Force." It is an open question whether the children, grand-children or myself could get along without it. "Josiah M. Gibbons."

KING LEOPOLD'S WEALTH.

Belgian Monarch Very Thrifty in Acquiring Property.

London, Nov. 26.—King Leopold's negotiations with the Chinese government to secure from it concessions are not for the benefit of the nation over which he rules, but for that of his private and personal fortune, and it may be questioned to what extent he is justified in using the Belgian minister at Peking, who is paid and maintained by the Belgian government at the expense of the Belgian taxpayers, for his private business. King Leopold has obtained from the Chinese government an immense tract of territory situated on the right bank of the Yangtze at Hankow. This is his private estate, and the Belgian minister at Peking, acting in his behalf, is looking for an opportunity of extending the property in every direction. It is hardly necessary to point out that with the development of international trade on the Yangtze this land will become immensely valuable.

King Leopold is also not merely the principal stockholder, but likewise the manager of the Franco-Belgian Company, which is constructing the railroad from Hankow to Peking. It is one of the objects of the company in question are at Brussels.

DISTINCTION IN MILITARY TITLES.

Exact Relation of Foreign Colonels in the British Service.

London, Nov. 26.—The simultaneous presence in England of two foreign monarchs, namely, the Kaiser and the King of Portugal, and the fact that they should each of them be colonel-in-chief of a British regiment, has served to call attention to the distinction that exists between a colonel-in-chief and a colonel. The latter is the actual commander of a regiment, and is usually a lieutenant-colonel, at any rate where the cavalry is concerned. With regard to the former, it is usually held by a general officer, who, in most cases, has seen some service with the regiment, and is usually a colonel of some special service pension, in addition to his regular pay as a general officer. The colonel-in-chief receives no pay whatsoever. He is a purely honorary position, and is usually held by a general officer who, in most cases, has seen some service with the regiment, and is usually a colonel of some special service pension, in addition to his regular pay as a general officer.

FACIS BE NEUTRUM.

Voting Day—Voters and Other Features of the Measure.

Voting—Thursday, Dec. 4. Question on ballot—Are you in favor of the bringing into force of the Liquor Act of 1902? Number of votes in the affirmative 412,222, and in the negative 154,682. A majority of total votes polled.

When effective—May 1, 1904, if necessary vote is polled by provincial electors.

Those entitled to vote—Lists to be used are those of the last provincial election, an exception being made in the case of persons who have since that time may have ceased to be residents of the province.

Meaning of Liquor Act of 1902.—It prohibits the sale of liquor in the province, except by licensed druggists, but does not prohibit the manufacture and export, or sale by manufacturer to licensed druggists.

Other prohibitions—Jan. 3, 1904, for prohibition 192,450, against 110,720.

Dominion Plebiscite, Sept. 29, 1898.—For prohibition 275,300, against 204,692. In Ontario, for 154,408, against 115,284.

John M. Loves Dead. John M. Loves, 80 Bismarck-avenue, died early Wednesday morning, aged 72 years. He was a resident of Toronto, having come from the town of Whitby in 1882.

John M. Loves. In Toronto, Ontario, a manufacturing business in coffee and spices. He leaves a wife, one daughter and two sons—Charles in Canada, and Rev. George M., Congregational minister in Hamilton. He was an uncle of R. James Gibbons, business manager of The New York News. The funeral takes place on Friday afternoon at 2:30 to York, Florida, and will be under the direction of the Brethren. The deceased was a prominent Mason in his early years.

Polo Ponies at Auction. The great sale of trained polo ponies and saddle horses consigned by Mr. W. R. Dobble and Mr. Henry Riviere will be held at Grand's, corner Simcoe and Nelson-streets, at 2:30 p.m. to-morrow (Friday). There will be a public exhibition of the ponies in the sale ring at 8:30 to-night. Intending purchasers or those interested in riding are cordially invited to attend. Catalogue containing full descriptions may be had on application. A number of the members of the Polo Club were at the Repository yesterday and after a thorough trial of every pony pronounced them an exceptional collection. There is no doubt they will compare favorably with some of the celebrated ponies of the crack clubs of the United States and England.

Worth Remembering. The fact should not be lost sight of that the New York City Subway, the longest track line, and the only line with a depot at C.P.R. office, New York City, has now for the last three years that iron existed in that district, and has been mined by United States capitalists.

Freight Cars Off the Track. Two heavy freight cars went off the track at the foot of Bathurst-street yesterday morning and interfered with traffic for quite a while. The cars on the C.P.R. were delayed principally.

Bank of Commerce Branch. Sydney, C.B., Nov. 26.—The Canadian Bank of Commerce will establish a branch here. P. C. Stephenson will be manager.

Lifelong Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

SURGICAL OPERATIONS

Many of Them Unnecessary. Mrs. Pinkham's Advice and Medicine Have Saved Many Women From the Surgeon's Knife.

Hospitals in our great cities are sad places to visit. Three-fourths of the patients lying on those white beds are women and girls.

Why should this be the case? Because they have neglected themselves. Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! These poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from the hospital. Read the letter here published with the full consent of the writer, and see how she escaped the knife by a faithful reliance on Mrs. Pinkham's advice and treatment by her medicines.

If in doubt write to Mrs. Pinkham at Lynn, Mass., for free advice; her experience covers twenty years.

Here is Proof, Undeniable Proof, That Many Operations May Be Avoided.

"DEAR MRS. PINKHAM:—As I am a great sufferer of female trouble I thought I would write to you to see if you thought there was any positive help for me. I am very sore through my bowels, especially over the womb, and on the left side low down I will be taken with a dull sore pain, and in an evening doctor and nurse, spent a great deal of money and received no benefit. The doctor says I will have to go through an operation and have the left ovary removed. If you can help me let me hear from you soon."—Mrs. M. G. Simey, Ipswich, Wis. (Nov. 12, 1900).

"DEAR MRS. PINKHAM:—When I wrote to you last fall in regard to my health, death would have been a welcome visitor to me, but I followed your advice and am now well. I had tried everything I could hear of, went to several doctors and near spent a great deal of money and received no benefit. At the time I wrote you I was saving up money to go to Chicago to have an operation upon the womb and ovaries which the doctor said unless I had I would die, but thanks to your remedies, I avoided this. I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound, two of your Blood Purifier, and used four packages of Sassafras, and am a well woman. I advise every woman suffering as I did to take Lydia E. Pinkham's remedies."—Mrs. M. G. Simey, Ipswich, Wis. (March 20, 1901).

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, Mass., which will hold said money for the best testimonial letters are not genuine, or were published before obtaining the writer's special permission.

TURKS RE-ARMING.

Order Ninety-Six Guns From Krupp, Possibly C.O.D.

Constantinople, Nov. 26.—Sixteen batteries of quick-firing field guns, numbering 96 guns in all, have been ordered from the Krupp Works as the commencement of the re-arming of the Turkish artillery. The War Ministry is also authorized to purchase 220,000 and near spent a great deal of money and received no benefit.

For Widow and Children.

The benefit concert to be given next Saturday evening, Nov. 29, at Dingman's Hall, corner Broadway-avenue and Queen-street, for the widow and seven children of the late John Rowe, who dropped dead while doing duty at the C.P.R. crossing, Queen-street, promises to be one of a high order, as the following well-known artists have consented to take part: Miss Eva Pearl Weagar, Miss Nellie Dowling, Mrs. James A. McGee, Toronto Mandolin Club, Jessie Irving Halliday, Bob Wilson, Harvey Lloyd, W. G. Blackgrove, Miss H. Taylor, John Donahue, Kerrison and Conlan, Wilson Demmy and Charles Musgrave, accompanists. The concert will start sharp at 8 o'clock.

They Are Carefully Prepared.—Pills which displace themselves in the stomach cannot cause the least pain or effect upon the intestines, and to overcome constipation the medicine administered must influence the action of these canals. Extracts from Vegetable Pills are so made, under the supervision of experts, that the substances in them intended to operate on the intestines are retained until they pass through the stomach to the bowels.

Bulgarians Tricky. Salonica, Nov. 26.—Bulgarians are doing their utmost to provoke animosity in Macedonia towards Turkey, with view of inducing revolutionary action in the spring.

JUST A COLD SETTLED IN THE KIDNEYS, BUT IT TURNED TO DROPSY.

IT WAS CURED BY DOAN'S KIDNEY PILLS.

Read of This Wonderful Cure. It May Do You or Your Friends Some Good to Know About It.

Miss Agnes Creelman, Upper Smithfield, N.S., writes:—About 18 months ago I caught cold. It settled in my kidneys, and finally turned into Dropsy. My face, limbs, and feet were very much bloated, and I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try DOAN'S KIDNEY PILLS, and before I had used half a box I could notice an improvement, and the one box completely cured me. I have never been troubled with it since, thanks to DOAN'S KIDNEY PILLS.

UP FROM HIS SICK BED

Uriah Wilson, M.P., Says Sir Richard Owen Spent \$20,000 in Lennox.

NO CORRUPTION HAS BEEN SHOWN

Balance of \$200 Still of Conservative Funds That Will Be Disposed of.

Napanea, Nov. 26.—(Special)—The second day of the Lennox election trial has closed with the skirts of the local Conservatives still clean.

Despite Mr. Watson's strenuous efforts to uncover some track of the Conservative machines in the Lennox campaign, their Lordships are still of the opinion that no corrupt practices have been shown.

Uriah Wilson, M.P., for Lennox, left a check for the defence. He entered a firm denial to parts of the evidence of the Liberal witness Wiskin, given yesterday, to the effect that Mr. Carson, M.L.A., had given him \$1,500, for looking after a hall at Bathurst, where a political meeting was held.

Wiskin swore that he was present at the time that the money was paid and that it was a legitimate expenditure and that the lights were all on.

Referring to Mr. Wilson's contribution of \$100 to the Conservative campaign fund, which amounted to \$700, Mr. Watson queried: "Is that \$700 pretty well all for Lennox campaign fund?"

Mr. Wilson replied: "Well, it cost Sir Richard Cartwright \$20,000 the first time, and I have since then."

G. Carcassell, M.L.A., the respondent, was on the witness stand most of the morning. He swore that he gave \$1,500 to Sir Richard Cartwright for services rendered in connection with the hall, and not \$1,500, as stated.

Mr. Carcassell had previously asked for one dollar in consideration of loss of time incurred by voting and attending the hall.

Mr. Carcassell: "Not one dollar."

Mr. Watson: "I am surprised to hear that Mr. Carcassell's hands were clean."
