**DR. THOMAS' ELECTRIC OIL.**

Fix its appearance and the name in your mind, and don't be persuaded to take any Electric or Electron Oil in place of it, as they are base imitations.

In the year 1871, Dr. S. N. Thomas, of Phelps, N. Y., made arrangements with the undersigned to introduce his ELECTRIC OIL into Canada. From the first it met with success, and in a very short time orders for it came pouring in from all parts of the country, and at the present time it has the largest sale of any medicine sold in the Dominion.

One proof of the remarkable success it has met with, is the attempt of several

**LAND SHARKS**

to sell imitation oils on the strength of its popularity. If it were not a medicine of merit it would not be imitated. Men do not commit forgeries on defunct banks, nor do they counterfeit base coin; it is the genuine they imitate. And so it is here; if Dr. Thomas' Electric Oil was not an article as good as represented, it would not have the popularity it has, and if it were not popular it would not be imitated. But thanks to a sense of fairness existing among the drug and medicine dealers, and a desire on their part to preserve their good name from the stigma of "dealers in counterfeit or imitation goods," those LAND PIRATES have not had any encouragement, and their trash has gone begging on the market.

They put up their preparation in wrappers similar to Dr. Thomas' Electric Oil, and call it Electric or Electron Oil, and try to palm it off as the genuine. Some have even a smell not unlike Dr. Thomas' Oil, but in everything else they are dead failures.

**Beware of these Similar Named Articles.**

If their originators had any faith in the healing properties of their medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Electric*. We, therefore, ask the public when purchasing to see that the name,

**DR. THOMAS'**

ELECTRIC OIL, is on the front of the wrapper and the back are the names of

*Northrop & Lyman, C.*

# DR. THOMAS' ELECTRIC OIL.

Worth Its Weight in Gold.

THE people of this country have spoken: They declare by their patronage of DR. THOMAS' ELECTRIC OIL, that they believe it to be an article of genuine merit. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as pleasing to its proprietors as it must be convincing to those who read in the public prints those evidences of its popularity and genuine worth. Never was there a remedy which received ampler or more satisfactory endorsement; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it *not only relieves but eradicates* the most obstinate Coughs, Sore Throat of a malignant type, Catarrh of long standing, Rheumatism, Neuralgia, Stiffness and Lameness of Back, Muscles and Joints, Piles and Kidney troubles, external hurts and sores, and other bodily troubles, as well as many of the disorders peculiar to Horses and Cattle. That it cures *in every instance* is not pretended, but that, if systematically used, and the malady susceptible of being remedied *it will remedy it*, is a fact amply established.

**ENTERING THE SYSTEM** through the pores, when applied externally to relieve pain and inflammation, DR. THOMAS' ELECTRIC OIL relaxes and soothes the stiffened, swollen and irritated Ligaments, or Rheumatic Joints, and promptly checks the pain. Taken internally, it remedies disorders of the Respiratory Organs, Bowels, Liver and Kidneys.

This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis.

Ease by day and repose by night are enjoyed by those who are wise enough to apply DR. THOMAS' ELECTRIC OIL to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

Those of the gentler sex who have experienced the pain and annoyance caused by Everted Nipples and Inflamed Breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what DR. THOMAS' ELECTRIC OIL does.

**WHEN A CHILD** is suddenly attacked and threatened with suffocation by croup, DR. THOMAS' ELECTRIC OIL is precisely the medicine for the emergency, since it is prompt as well as efficient. Every household should be provided with it, as it is a quick antidote for pain, as well as a specific for the above and other complaints.

Just think of it—you can relieve the twinges of Rheumatism, or the most painful attack of Neuralgia—you can check a Cough, and heal bruised or broken skin, with a bottle of *Dr. Thomas' Electric Oil*, costing only 25 cents.

**HOW IT SELLS.**—Mr. J. D. Burk, Amherstburg, writes: "Ship order for Dr. Thomas' Electric Oil at once. It is the best selling medicine we keep, and I am entirely out."

Mr. James Aylesworth, Tamworth, Ont., writes: "In my experience of over twenty-five years, I have not known a more popular remedy, or one that has stuck better."

Mr. D. Sullivan, Malcolm, Ont., writes: "I have been selling Dr. Thomas' Electric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have ever sold. I consider it the only patent medicine that cures more than it is recommended to cure."

## A DETECTIVE'S LEAP.

Mr. Thomas Flynn, Chief Detective Grand Trunk Railroad, says: "Business called me a short time ago to a village near Kingston. While the train was in motion I jumped off; in so doing I alighted on the sloping part of the ballast, where the track had been raised, with such force as to severely sprain my knee. I was driven to Kingston, and had to be assisted to my room. I immediately procured a bottle of Dr. Thomas' Electric Oil, and although my leg was so badly swollen that I could not bend my knee, after three applications of this Oil I was out of bed and walked to the station. This was on Saturday afternoon, and on Monday I was able to attend to my business as usual. I also used this wonderful Oil for Sore Throat, and it cured it."

**CATARRH.**—A prominent minister of the city of Toronto had Catarrh for a long time and went through a thorough course of medicine by skilful city physicians, but the disease was so deeply rooted that they were unable to cure it. A druggist advised him to try Dr. Thomas' Electric Oil which he did, by putting a few drops on cotton batting and placing it in the nostril. He faithfully persevered with this treatment, when, to his own and his physician's astonishment, he was cured. We don't think there is any medicine that is as efficacious for this disease as Dr. Thomas' Electric Oil.

All men acknowledge health to be the chief blessing of life. For what is wealth without health, or what enjoyment can we have with a broken down constitution? But essential as health is to our happiness, few show a proper concern for the preservation of it. There is hardly any pleasure or profit for which people will not hazard their health, and it is often bartered for the most sordid enjoyments. Frail and thoughtless mortals are surrounded by innumerable dangers, which make it much more strange that they escape so long, than that they almost all perish suddenly at last.

The seeds of disease are planted in our constitution by nature, death waits in ambush along the path we tread, and at any moment we may be called away.

Disease cannot at all times be avoided, but nothing is more certain than that many valuable lives have been lost for want of due care. The smallest causes when neglected often produce the greatest effects.

We shall now endeavour to point out the principal diseases to which all are liable, and show how they may be cured. We shall commence with the vital fluid that flows through our veins.

## THE BLOOD

In an average sized man is about 25 lbs., and by the action of the heart this is passed through the entire length and breadth of the body once in every two or three minutes. Out of this vital fluid every tissue in the body assimilates material for supplying the waste that is constantly going on. It is also the principal source of animal heat. To any intelligent person, with these facts before him, it can readily be understood that it is impossible to have health while the great River of Life is turbid, impure or impoverished. Let this fluid become turbid, and immediately the circulation is checked in the minute passages and capil-

lary network of the skin, and the part is diseased, and you have what is generally called

## SKIN DISEASE,

such as Ulcers, Barber's Itch, Rashes, Bolls, Pimples, Eruptions, Erysipelas, Tetter, Ringworm, Itch, Salt Rheum, Scalp Eruptions, &c., &c.

If troubled with any of these painful and annoying diseases, do not think that you can be cured solely by outward applications. No eruption can form upon the surface without the co-existence of a certain morbid condition of the system; good ointments will assist but cannot cure until the cause of their appearance is removed. It is here where NORTHROP & LYMAN'S VEGETABLE DISCOVERY comes to the rescue, and by its searching and cleansing properties removes all obstructions and causes the unsightly eruptions to disappear. Give this medicine according to the directions, and continue the use of it for some time after the disease has disappeared. In cases of old sores or obstinate eruptions, the application of Kellogg's Healing Ointment will hasten their removal. When the

## Blood Is Impoverished

Several diseases follow, such as Nervous Prostration, Debility, Emaciation, Weakness, hands and feet cold, a susceptibility to colds, and a depressed, woe-begone feeling. The slightest exertion is followed by a sense of lassitude and weakness. What are these diseases but silent evidences that the blood has become thin and watery; get new blood into the body, and immediately the colour returns to the cheek and strength to the whole body.

For the restoration of this impaired state of things, nothing equals NORTHROP & LYMAN'S VEGETABLE DISCOVERY; being composed of the most efficacious alteratives known, it speedily restores, nourishes and enriches the blood, while its tonic properties brace the whole system in a manner surprising to the most sanguine. It has no equal in bringing out the latent vigour of the constitution, to develop its stamina, and call its vitality into full play.

**A PLEASURE.**—Mr. G. C. Betts, Haldane Hill, says: "It is always a pleasure to recommend Northrop & Lyman's Vegetable Discovery as a Blood Purifier, and for Dyspepsia. For these disorders it really has no equal. I have thoroughly tested it. After having tried many medicines, from which I did not derive any benefit, this valuable medicine was effectual in curing me. My wife can also testify to its virtues."

Mrs. B. Forbes, Detroit, had a running sore on her leg for a long time; commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for Ague or any low Fever.

The year 5648 of the Jewish Era commences at sunset on September 18th.  
 The year 1306 of the Mohammedan Era, or the Era of the Hegira begins on the 19th of September.  
 The 51st year of Queen Victoria's reign begins June 20th, 1887.  
 The 112th year of the Independence of the United States begins July 4th, 1887.  
 The first day of January, 1887 is the 2,410,273rd day since the commencement of the Julian period

ECLIPSES.

In the year 1887 there will be four eclipses, two of the sun and two of the moon.

I. A partial eclipse of the moon, 1887, February 8th, visible in Canada.

Moon enters Penumbra Feb. 8th,	2.43 a.m.
Moon enters Shadow .. ..	3.56 a.m.
Middle of Eclipse .. ..	5.04 a.m.
Moon leaves Shadow .. ..	6.12 a.m.
Moon leaves Penumbra .. ..	7.24 a.m.

Magnitude of the eclipse = 0.44 (moon's diameter = 1.)

II. An annular eclipse of the sun, February 22nd, visible only in S. America and S. Pacific ocean and part of Australia.

III. A partial eclipse of the moon, August 3rd, invisible in Canada.

IV. A total eclipse of the sun, August 18th, visible in Europe, Northern Asia and the N. Pacific ocean.

Venus will be an evening star to Sept. 21st, then a morning star.

Jupiter will be a morning star to April 20th, an evening star to November 8th and a morning star the remainder of the year.

Saturn will be an evening star from January 9 to July 18th, then a morning star.

THE SEASONS.

Sun enters Aries—Spring begins,	.. .. .	March 20th, 10 p.m.
Sun enters Cancer—Summer begins	.. .. .	June 21st, 6 p.m.
Sun enters Libra—Autumn begins	.. .. .	Sept. 23rd, 9 a.m.
Sun enters Capricornus—Winter begins	.. .. .	Dec. 22nd, 3 a.m.

## DYSPEPSIA, INDIGESTION.

While the Digestive Organs are vigorous and healthy, and wholesome food is taken in sufficient quantities, the Digestive Functions are hale and strong; the Blood usually rich and vivid; and nature supplied with the proper materials for her reproductive and building up processes; but, when the Digestive Functions, from neglect or abuse, become debilitated, the reverse of this, with one cause of Impure Blood, is the consequence; the Blood, becoming Impoverished, loses its vitality, and is hence subject to a variety of impurities from the natural decay of the several parts of the body, &c., which Lively Blood naturally throws off. Sometimes the Blood thus becomes loaded with those Impurities, which react upon the stomach, producing Dyspepsia; and, at other times, with those which exert their influence on various other parts, establishing almost innumerable diseases. Dyspepsia, when present, is nearly always accompanied by disordered functions of the Liver. On the whole, Healthy Digestion is among the most important functions of the human economy, and cannot be too highly esteemed, or too much regarded.

As to the merits of Northrop & Lyman's Vegetable Discovery in this disease, in restoring comfort and health, all we can say is, it has proved a tenfold greater blessing than any other medicine ever laid before the public. It possesses every property that is needed for the thorough and permanent cure of even the worst cases of Dyspepsia. You will take it faithfully, according to directions; and, you will say, it acts differently and works differently to any other medicine. Let the food taken in Dyspepsia, as in other chronic and debilitating diseases, be hearty and nourishing, in quantity and quality that agree with the stomach.

### Disease of the Kidneys and Bladder.

The functions of the Kidneys being so governed by the condition of the blood, all can readily understand how Impurities existing in that fluid, of a character that exert a poisonous influence on the Kidneys in passing through them, establish derangements and very serious diseases of those organs, and from a similar irritating cause the Bladder is very apt to suffer.

As you already understand the mode of action of Northrop and Lyman's Vegetable Discovery, in Purifying the Blood and cleansing the system of disease, you will not be surprised that so many have been fully restored from disease of the Kidneys and Bladder, where other remedies had failed, and the patient pronounced incurable. If used faithfully according to directions, in these diseases,

the Vegetable Discovery will more than meet your expectations. Sometimes, especially in cases of long standing, it takes several bottles to effect a cure.

## SCROFULA.

You are now offered, in Northrop & Lyman's Vegetable Discovery, more than was ever expected for effectually cleansing the Blood, and entire system of all Scrofulous, and other poisons and impurities. Since its discovery, it is the acknowledged remedy for the radical cure of Scrofula, and every kind of unhealthy humour in the Blood; and its effects are surprising to all. In this disease, sufficient doses of the Vegetable Discovery to insure from one to two moderately free and healthy evacuations of the bowels in the day, is sufficient; but at all events, you will not establish more than two, and will always avoid purging.

## LIVER COMPLAINT.

The liver is the secreting organ or gland by which the bile is formed, and on account of the relation it bears to the blood is more or less affected by the purity or impurity of that fluid. It can, therefore, be readily understood how easily one is affected by the condition of the other.

If your skin is sallow or of a yellow colour, pain in the right side or shoulder, torpidity, easily exhausted, weight or pain about the liver, or jaundice (a disease which arises directly from obstructions caused by disorders from the liver), you have the

### Symptoms of Liver Complaint,

a disease from which very few are entirely free. Northrop & Lyman's Vegetable Discovery claims to permeate, strengthen, clear up and invigorate all the ducts, passages and blood-vessels of the liver, and restore the organ to a perfectly healthy condition. It should be resorted to by those troubled with liver complaint.

## GENERAL DEBILITY.

In man's complaint, the good effects of Northrop & Lyman's Vegetable Discovery are realized immediately after commencing to take it. As Debility denotes deficiency or impoverishment of the Blood, and as the Vegetable Discovery acts directly upon the Blood, and upon the functions which govern the blood, there is no remedy that will restore the health from debility like the Vegetable Discovery. It is nourishing and strengthening; Purifies and Enriches the Blood, regulates the Bowels, quiets the Nervous System, acts directly upon the Secretions, and arouses the whole system to action. It has never failed in this complaint. It can be proved by trying it; and the result will be, you will recommend it to others, as they have done before you, which is the best proof of this valuable remedy.

**LADY INVALIDS.**—In commending **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** to the notice of the sex, as an invigorant; a regulator, and nerve, it is desired especially to call the attention of feeble and sickly wives, and mothers, to its peculiar aptitude to their condition. The wife, about to become a mother, will find it a sustaining cordial, an elixir that will sustain her strength and cheer her spirits, while it relieves the irritation of the stomach, and other uncomfortable and discouraging sensations, which are usually the concomitants of pregnancy. To the nursing mother this fine **Vegetable Restorative** is a precious boon. It will stimulate her appetite, assist digestion, regulate the bowels, and keep her system in a vigorous condition, thereby promoting the health of her infant, as well as conducing to her own comfort. If she has a delicate daughter, whose indisposition is of a character that requires a renovating and regulating medicine, there is no tonic, and corrective, that presents such high claims to her confidence as **NORTHROP & LYMAN'S VEGETABLE DISCOVERY**. It can be conscientiously recommended to ladies of all ages, from early womanhood to "three score years and ten," as a safe and efficient remedy for the ailments and infirmities which so few of them escape.

**SEVEN YEARS OF SUFFERING.**—A lady in Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery I suffered from a complaint very prevalent with our sex. I was unable to walk any distance or stand on my feet for more than a few minutes at a time, without feeling exhausted; but now, I am thankful to say, I can walk two miles without feeling the least inconvenience. For female complaints it has no equal."

**THE DAYS OF CHILDHOOD.**—In infancy the foundation of a good and robust constitution is generally laid. It is, therefore, of importance that parents look well after the ills that are incidental to childhood. Medical men give nearly all their energies and skill to the adult and his diseases, to prolong the days of the man used up in the battle of life, while the most important branch of medical science is completely ignored. Youth is the season for mirth and cheerfulness, and if your children, especially girls, are grave, moping and melancholy they are not in the enjoyment of good health. We do not pretend to say that Northrop & Lyman's Vegetable Discovery is a panacea for all the ills of childhood, but we do say that it has been used with the most astonishing results by children that had become listless, weary and woe-begone, especially by those attending school. It is purely vegetable, and will not injure the youngest child. Give it a trial.

Sold by all medicine dealers at \$1 per bottle.

**NORTHROP & LYMAN CO.,**  
Toronto, Proprietors.

**WEAKNESS OF HEART AND STOMACH.**

—Mrs. S. E. Cook, Oxford Station, says that both she and her mother have used the Vegetable Discovery for weakness of the stomach, and that it completely restored them, which no other medicine would do. Her father has also used it with good results for weakness of the heart. She says she never used any medicine that did her so much good in so short a time, and in such small doses, and she pronounces it as certainly the best medicine for purifying the blood.

**INFLAMMATION OF THE EYES CURED.**

—Mr. Jacob D. Miller, Newbury, writes: "I was troubled with Inflammation of the Eyes, so that during nearly the whole of the summer of 1882 I could not work; I took several bottles of Northrop & Lyman's Vegetable Discovery, and it gives me great pleasure to inform you that it cured me of my affliction. It is an excellent medicine for Costiveness."

**CONSTIPATION AND RHEUMATISM.**

—Mr. E. M. Procuier, Springvale, writes: "For nearly two years I have been troubled with Constipation and Rheumatism. The pains in my legs and shoulder often were such that I could scarcely get about to transact business. About two weeks ago I commenced taking Northrop & Lyman's Vegetable Discovery, and find it doing me a great deal of good. The Rheumatism is leaving my system, and I am feeling better every way."

**FOR YEARS.**

—Mrs. H. Hall, Navarino, N.Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, pain in my right shoulder, constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."

**NOTICED AT ONCE.**

—Mrs. L. Squire, Ontario Steam Dye Works, Toronto, says: "For about 30 years I have doctored for Liver Complaint and Dyspepsia, without getting any cure. I then tried Northrop & Lyman's Vegetable Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately on the Liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

"What ails your eye, Joe?" "I told a man he lied," said Joe.

When a band of young men start out to paint their town red, they always use fast colours.

A Pittsburgh man has been fined \$50 for keeping a cow. The cow belonged to a neighbour.

Which is the most enduring trade? A cobbler's, because it is ever-lasting, and the soul is at the bottom of it all.

GEOGRAPHY.—Old Spankem. "Now, boys, who can tell me where pearls are found?"

Youthful wit "I can sir: in divers places."

The loveliest faces are to be seen by moonlight, when one sees half with the eye and half with the fancy.

A teacher asked a boy who was the meekest man? "Moses, sir," was the answer. "Very well, my boy; and now, who was the meekest woman?" "Please, sir, there never was any meekest woman."

The first fishery seizure was the one in which Jonah figured.

Some men never get fighting mad. They draw the line at a safe place.

"What overall material will last the longest?" asked a workman of a tailor. "Sod," said the tailor, "mlv."

Time is money, they say. And we have often observed that it takes a good deal of money to have a good time.

Little Lily—"Don't you think, doctor, that I look just like my mamma?" Mother—"Hush, child: don't be vain."

An exchange asks, "How shall we prevent mice from gnawing bark off fruit trees?" Kill the mice, of course. A dead mouse never gnaws bark.

A new novel soon to appear will be entitled "A Superior Woman." We all know her. She married some other fellow. They always do.

STOMACH. says that both Vegetable Dis- and that it other medi- used it with art: She says did her so in such small mainly the best

## DARLEY'S CONDITION POWDERS

AND  
Arabian Heave Remedy,  
FOR THE CURE OF

**Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.**

**T**HIS is the only reliable internal remedy for all complaints incident to Horses and Cattle: Bots, Yellow Water, Purging, Surfeit, Mange, Colic, Colds, Coughs, Hide-bound, Loss of Appetite, and all derangements of the Kidneys and Digestive organs. Also, for Heaves and Broken Wind. It has restored to perfect soundness thousands of horses supposed to be broken down and almost worthless, all traces of disease having been completely removed, and afterwards having been sold from \$50 to \$100 more than they would have previously brought. It cleanses the breathing apparatus, equalizes the circulation of the blood, improves the appetite, corrects all derangements of the digestive organs, softens and loosens the skin, and gives to the coat a sleek and shining appearance.

It first acts gently upon the bowels, and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood, and enabling all the organs to do their work without overtaking any.

For Hide-bound it is a complete success. In a very short time the disease will disappear under its operation, and a sleek and shining coat will follow.

For Heaves, Coughs, Colds, and all diseases which affect the wind of Horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

As a Spring and Fall Medicine it is safe and thorough, and will not injure a horse whether sick or well, and can be given at all times without interfering with his work.

**NORTROP & LYMAN CO., Toronto, Proprietors.**

Price 25 cents.

## HOLLOWAY'S CORN CURE!

A Sure Cure, a Speedy Cure,  
and a Cheap Cure!

One of the most annoying troubles that a person can have is corns. It is one that deprives us of what pleasure there is in walking, or even wearing a neat boot. Only when resting, and with our slippers on, can we obtain ease and comfort.

Corns are caused generally by wearing ill-fitting boots or shoes. If our boots are too large or too small, they will, by their uneven pressure, induce the growth of an excrescence, or thickened scarf skin, which gradually sinks into the mucous network, and then into the true skin, which is the organ of touch.

There are several kinds of corns, and some are very difficult to remove, but none of them can withstand **HOLLOWAY'S CORN CURE**.

This never-failing medicine removes them without any inconvenience to the sufferer, as can be testified by those who have used it. The following testimonials are evidence of what it has done, and will do again if used according to directions.

### ANNIHILATING CORNS.

Mr. Thomas Sabin, of Eglington, says: "I have used **HOLLOWAY'S CORN CURE** with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extingisher, leaving the skin smooth and clear from the least appearance of the corns."

Mr. J. W. Brown, Chicago, Ill., writes: "Where can I get some of **HOLLOWAY'S CORN CURE**? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try **HOLLOWAY'S CORN CURE**. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it."

Mr. Joseph Wallace, Louisville, writes: "I suffered with corns for 40 years; for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of **HOLLOWAY'S CORN CURE**. After applying it for a few days only, I removed the corns, root and branch."

Mr. John Atkinson, Cheapside, writes: "**HOLLOWAY'S CORN CURE** removed half a dozen warts from my hands."

**NORTROP & LYMAN CO., Toronto, Proprietors.**

Price 25 cents per bottle.

Since the general diffusion of knowledge among the female sex, even the bride of a year knows that lodges do not hold sessions after 12 p.m.

Girls in search of material for crazy quilts should apply to the railroad companies. They throw away thousands of old ties every year.

In former times a man occasionally fell among thieves. Nowadays the thieves are more enterprising; they don't wait for a man to fall; they knock him down.

A tradesman, who had failed in the city of Bangor, wrote on his front door: "Payment suspended for thirty days." A friend reading this, said: "You have not dated the notice." "No," said he, "I do not intend to do so; it would run out if I did."

A Pennsylvania plumber has joined a theatrical company. His specialty will be preparing the bills.

If 'gainst trouble you'd be proof,  
And avoid all complications,  
Remember this one thing—  
Steer clear of your relations.

Being remonstrated with for wearing a bustle, a Burlington girl silenced her critic by saying: "Well, we girls, like everybody else, must have something to fall back on."

A Missouri aspirant to matrimony advertises that he will give three mules to any maiden who will wed him, which gives rise to the question: "What respectable woman would want such a four-in-hand?"

Toronto, Pro-

# BICKLE'S ANTI-CONSUMPTIVE SYRUP

Is undoubtedly the most effective medicine  
now in use for

**Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, &c.**

It never fails to afford prompt and permanent relief. It removes all soreness, and heals the diseased parts. It immediately soothes the most troublesome cough, and by promoting expectoration, removes the mucus which stops up the air tubes which causes difficulty in breathing thereby gives relief to that depressing tightness experienced in the chest. If you have a cough or cold do not neglect it; many, without a trace of that hereditary disease have drifted into a consumptive's grave by neglecting what was only a slight cold. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared.

There are cases of consumption so far advanced that Bickle's Anti-Consumptive Syrup will not cure but none so bad that it will not give relief.

*In recent cases it may be said never to fail.*

This medicine operates by promoting a **Free and Easy Expectoration**, which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state, by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of Breath, and affections of the Chest, attended with weakness of the digestive organs, or with general debility, seems to vanish under its use.

It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

**FOR CHILDREN.**—When Children are affected with Colds, Coughs, Inflammation of the Lungs, Croup, Quinsy, and Sore Throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their child,

and themselves from much anxiety, trouble and expense, let them procure a bottle of BICKLE'S ANTI-CONSUMPTIVE SYRUP, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

**IT IS NECESSARY**, in order to be benefited by this medicine, to take it steadily after commencing to use it. Some have taken it once a day, then twice, then not any for two or three days; such cannot rationally expect to receive much benefit from it; but if taken regularly, it will, in all cases for which it is recommended, be eminently beneficial, and generally effect a complete cure.

**EXCELSIOR.**—Mr. Wm. Robinson, Teeterville, writes us: "I have sold Bickle's Anti-Consumptive Syrup for twenty years and I recommend it in every case for Coughs, Colds, Hoarseness, &c. It is the best article I have ever known and has a better reputation than any other medicine in this locality."

**THE BEST.**—Mr. L. W. Senisac, Stanbridge Station, P. Q., writes: "We have used Bickle's Syrup for Coughs and Colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

Mr. E. B. Stewart, Ruthven, writes: "The people think Bickle's Syrup the best medicine in the world."

**VERGE OF CONSUMPTION.**—Mr. A. W. Levy, Mitchell, writes: "I think BICKLE'S ANTI-CONSUMPTIVE SYRUP the best preparation on the market for Coughs and severe Colds. About six years ago I caught a severe cold which settled on my Lungs, and for three months I had a Cough. I had a physician attending me, but gradually grew worse until I was on the verge of Consumption, and had given up hopes of being cured, when I was induced to try BICKLE'S SYRUP. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for Severe Colds and Consumption."

Miss N. Hornbrook, Toronto, writes: "I consider Bickle's Anti-Consumptive Syrup an excellent medicine for Coughs and Colds. For a long time I was troubled with a very annoying cough, but Bickle's Syrup cured me."

**THE ONLY RELIEF.**—Miss C. Cameron, Toronto, says: "I contracted a Cold and through neglect it finally resulted in Catarrh of the Stomach, from which I suffered for two or three years have used 'Bickle's Syrup' for it, and find it the only medicine that gives me any relief."

Some people are willing to be good if they are well paid for it. Others prefer to be good for nothing.

Actual occurrence: Little girl at breakfast table—Mamma, this is very old butter; I have found a grey hair in it.

Marriage wonderfully improves some women's beauty. Many a woman was never able to boast a pair of lovely black eyes until after she had been married a year or two.

A Brooklyn clergyman says that liquors may soon be sold in skating rinks and then "the result will be disastrous." We should say so. It is hard enough for a sober man to stand up.

"Intelligent!" said the man of his setter dog. "He knows a heap, sir. Why, once he took a dislike to a man and went and induced the man to kick him so I would lick the man! Fact, sir!"

A man may successfully paint the town red, but when afterwards he has a brush with a policeman he loses colour.

Almost every young lady is public-spirited enough to be willing to have her father's house used as a Court house.

A man without any bones is being exhibited in New Jersey. Everybody looks anxiously around to see if his wife is in the room.

"There are good and bad points about this coffee," said the boarder in a judicial tone. "The good point is that there is no chicory in it; the bad, that there is no coffee in it."

"Have you," asked the judge of a recently convicted man, "anything to offer the court before sentence is passed?" "No, your Honour," replied the prisoner, "my lawyer took my last cent."

**SPEECH RESTORED.**—Mr. John C. Depew, Glanford, writes: "I became sick about ten years ago, with inflammation of the Lungs, and ever since that period I have been afflicted with pain and misery, attended with a most distressing Cough, so that I was able to attend to my business only occasionally, and then with the greatest of pain. About twelve months ago I became worse, and had to keep my bed—I got so bad that my cough was truly distressing, and I was so weak that I could not whisper; I gave myself up for dead, and my family and doctors gave up all hopes of me. I had taken every sort of medicine I had ever heard of for Chest and Lung Complaints, and had taken everything advised by Medical Men, but all to no purpose—nothing relieved me. At this critical time my son went to your store and you recommended him to try Bickle's Anti-Consumptive Syrup. He brought home a bottle, and I took it according to the directions; and the first bottle relieved me wonderfully, so that my Cough nearly ceased, and I could speak so as to be heard, and began to gain strength; and the second bottle effectually relieved me."

**IMPOSSIBLE TO LIVE.**—Mr. Sylvester Phelps, Beamsville, writes: "I consider it a duty I owe to you and the public to testify to the efficacy of Bickle's Anti-Consumptive Syrup. I was very sickly for two years, and very much troubled with a distressing Cough. I grew worse and worse, until I was reduced very weak, and was troubled with palpitation of the heart. My appetite had become so bad that I could scarcely eat anything, and I tried everything I heard of, and could get no relief. The doctor and my friends gave me up. The opinion of medical men who sounded my lungs with an instrument was that my lungs were so affected that it was impossible for me to live. In this distressed state I called at your store, and was recommended to try Bickle's Anti-Consumptive Syrup. I bought a bottle of it and took it, and it effectually cured me, so that I am now as hearty and can labor as well as ever I could."

**WHAT BICKLE'S ANTI-CONSUMPTIVE SYRUP DID.**—Mrs. M. A. Jones, Bartonville, writes: "About four years ago I was taken with a severe pain in the left side and right shoulder, and distress in the stomach, which induced general weakness; and lately I had great sickness on the stomach. I could keep nothing on my stomach. The pains increased so in my side and shoulder, and also in my stomach, that they became almost unbearable. I had also a severe Cough. Last fall I became much worse—my appetite was gone, and the spasms were so severe that it tortured me while they lasted. I took medicine of a physician, but it did not cure

me. About last December I thought I should die—I was reduced to great weakness, and the pain was so intense I gave myself up for dead. At that time I saw in your Almanac a certificate of cure of Mr. Depew, and I thought I would try Bickle's Anti-Consumptive Syrup also. I bought a bottle and it seemed to help me, and I tried another, which helped me very much. I continued to take it, and it cured me entirely. It is now five months since I had any pain, or the least appearance of the complaints I had suffered so much from. I am now in as good health, and as strong, and able to work as hard as ever I was in my life. I think the public ought to be made acquainted with the great virtue of your Anti-Consumptive Syrup."

Mr. G. C. Betts, Haldane Hill, writes: "I have sold a great variety of Cough Medicines, and have sold, and used in my family, Bickle's Anti-Consumptive Syrup, and I do not hesitate or exaggerate when I say it is the best Cough Medicine I have either used or sold. Its effects are noticed immediately."

**SO RAPIDLY** does lung irritation spread and deepen, that often in a few weeks a simple Cough culminates in tubercular consumption. Give heed to a cough—there is always danger in delay; get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing Consumption and all Lung Diseases.

**NORTHPROP & LYMAN CO.,**

Proprietors, Toronto.

Price 25 cents and \$1.00 per bottle.

**IF YOU ARE DESPONDENT,**

low-spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

**DISTRESSING SENSATIONS.**—Rev. J. B. Hull, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food fermented on my stomach, causing heartburn, and gas to accumulate, so that after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."

Why is the meat in a sandwich like the middle class in society? Because it lies between the upper-crust and the under-bred.

"But I tell you the man has no incentive."  
"And I tell you that he has. He's got a wife and three children, and if that ain't incentive enough to keep any ordinary man scratching, I don't know what is."

Two fashionably-dressed young ladies were walking down street, one on either side of a young gentleman, extremely swell in attire and equally meagre in proportions. A street gamin grinned at them, then remarked dryly, much to the discomfiture of the dude: "Ain't much ham in that sandwich."

You should never give advice. If the person to whom you offer it is wise, he doesn't need it; if he isn't he won't take it.

It was a small boy visiting his relatives lately, who was asked about his school, his progress in his classes, etc. "I can't thpel worth a thent," said the youngster, "and tho I have to thay at the foot; but (very proudly) I've got the biggest feet in the clath!"

That was a cautious old tramp who, upon being asked whether he would have a drink of whisky, as he was beginning a job of sawing wood, or would he have it when he had finished it, answered: "Well, mum, I think I'll take it now. There has been a pile of sudden deaths lately."

# Northrop & Lyman's Quinine Wine

*The best Appetizer and Tonic known.*

It will be found unrivalled for such diseases as  
Fever and Ague, Intermittent and Billous  
Fever, Dyspepsia, Nervous Affections,  
Convalescence from Exhausting  
Diseases, and Functional De-  
rangement of the Stomach.

This article is prepared from the pure Sulphate of Quinine, combined with fine slerry wine and choice aromatics, and is made an agreeable and pleasant invigorator to the whole system. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for General debility, this combination will be found superior to all other preparations.

It imparts to the stomach tone and energy, and fortifies the system against infectious diseases and exposure to change of climate. It is pleasant and contains *Nothing Injurious to the Most Delicate Constitution.*

The properties of Quinine are a febrifuge tonic and antiperiodic. Small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system.

The peculiar operation of this medicine in GENERAL DEBILITY, and as an APPETIZER, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character.

After its administration the general system becomes mere or less influenced, the pulse being fuller and more rapid, and a gentle stimulus imparted to the various organs of the body.

**NERVOUS PERSONS** after using it for a short time will find their appetite improved, their spirits become more cheerful; sleepless nights, twitching of the muscles and trembling of the limbs, will all disappear, and they will feel and know that every fibre and tissue of their body is being braced and renovated.

## Persons of a Weak Constitution

May take it without the least difficulty, as it contains **NOTHING INJURIOUS** to the most delicate constitutions.

## READ THE FOLLOWING :

Mr. E. Robinson, Windham Centre, writes :  
"For about ten years I have been troubled with Headache, or Brow Ague as some people call it, a pain across my forehead accompanied with Bili-  
ousness. Have tried nearly all the medicines

sold in this country, but received no relief or benefit from them. Finally I commenced using Northrop & Lyman's Quinine Wine, and before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year.

Messrs. T. Elliott & Co., Cookstown, write :  
"We are sold out of your Quinine Wine. It is very highly spoken of by our customers who have used it," etc.

Mr. E. T. MULLIGAN, Toronto, writes : "In gratitude to you for what your most valuable medicine, 'Quinine Wine,' has done for my wife, I wish to express my best wishes, and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for her food, I procured a bottle of your Quinine Wine, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished, I am," etc.

Mrs. JOSEPH SPENCER, Toronto, writes : "Having been a sufferer from general debility and weakness, so peculiar to persons of a nervous temperament, I was induced to try your Quinine Wine. After taking the first bottle, it had such a decided effect that my system began to rebuild, and my appetite was so much improved that I decided to continue the medicine; and I have no hesitation in saying that after I used the second bottle I was quite restored to my natural health. I feel as if I cannot find words to express my feelings to you for what your medicine has done. I have also recommended it to my friends troubled in like manner, and in every instance it has met with the same results. I wish your medicine every prosperity."

Mr. A. C. VANBUSKIRK, Kingston, N.S., writes :  
"Send me three dozen of your Quinine Wine at once. I have only one bottle in stock. It is a wonderful medicine."

Mrs. WILLIAM SHELTON, 32 Stafford St., Toronto, writes : "I beg leave to acknowledge the good I have received from the use of your most valuable medicine, Quinine Wine. For the past two or three years I have been subject to weakness and loss of appetite, and being recommended by a lady friend to try your Quinine Wine, I procured a bottle from my druggist, and it gives me the utmost pleasure in informing you that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all sufferers from like diseases."

Mr. William Frank, Peterboro', writes : "I was troubled with a corn for thirty years. I had it operated upon by four different corn doctors, but it was only by the use of HOLLOWAY'S CORN CURS that a cure was effected."

Mr. Cobb has married Miss Webb. The New York evening Post says: "He knew that they were meant to be joined as soon as he spied her."

"Tis in June the maiden's fancy  
Lightly turns to pink ice cream,  
And her lover's shining quarters  
Vanish like a lovely dream.

Early to bed and early to rise makes a man healthy, wealthy and wise, but early to Ryes and tardy to bed makes a man's nose turn a cardinal red.

It is said that a bee can draw twenty times the weight of its body. But it is not by a pull that a bee gets the best of its victim; it's his push.

The man who sighs, "How soon we are forgotten!" has only to leave a hotel without paying his bill, to find how sadly mistaken he is.

An old sailor was observed to be always hanging about the door of a church when a marriage was taking place. He explained that he liked to see the tide going out.

The crocus and the daffodil  
Do now appear in sight;  
While the two lips in the parlour bloom  
On every Sunday night.

A receipt for lemon pie vaguely adds "Then sit on a hot stove and stir constantly." Just as if anybody could sit on a hot stove without stirring constantly.

"Man has not half the courage of a woman," shouts a female orator. No, indeed; no one ever saw a great big, overgrown woman running from a little bit of a man with a rolling pin in his hand.

# DR. J. D. KELLOGG'S DYSENTERY CORDIAL

A SURE CURE FOR  
Dysentery, Diarrhoea, Cholera, Griping  
Pains in the Bowels, Summer Com-  
plaints, Children Teething,  
Sea Sickness, Etc.

VERY many persons die annually from cholera and kindred summer complaints who might have been saved if proper remedies had been used. Some persons have periodical attacks of Cholera or Dysentery, and have always to use discretion in their diet or the dreadful attacks will come on.

Thousands of children are carried off annually by summer complaints, which are so quick in their action, that the cold hand of death is upon the victims before we are aware that danger is near. The strongest man has to reel under its iron grasp, and the young and delicate soon fall a prey to its havoc.

**IF ATTACKED** do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure. Those who have used it pronounce in the strongest terms in its favour. They say it acts promptly and thoroughly subdues the pain and disease. No one need fear Cholera if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it on the first appearance of that dreadful scourge.

Mr. E. D. Newton, Toronto, writes: I have used Dr. J. D. Kellogg's Dysentery Cordial and found it the best medicine I ever used for Diarrhoea.

Mrs. Stack, Toronto, writes: I have much pleasure in saying that four doses of Dr. J. D. Kellogg's Cordial cured me of a very severe attack of Cholera Morbus. I never saw anything act so quick in subduing the pain and stopping the purging.

Mr. Geo. Smedley, Toronto, says Dr. Kellogg's Dysentery Cordial cured him of Cholera Morbus.

Mr. J. J. Doyle, Sackville St., Toronto, writes: I am pleased to testify to the excellence of Dr. J. D. Kellogg's Dysentery Cordial, and would not be without it. I was very ill with cramps and could not get anything to relieve me until I was advised to use the Cordial, which gave me instant relief.

Sold by all Medicine dealers. Price 25 cents.  
**NORTHROP & LYMAN CO., Toronto,**  
Proprietors.

## THE GREAT BLOOD PURIFIER.

The various properties of Northrop & Lyman's Vegetable Discovery for Renovating and Invigorating the whole Digestive Organism, and Purifying and Enriching the Blood, overcoming Congestion, etc., in any part of the body, along with its action on the Nervous System, and its power of restoring to healthy action the functions of the Liver, Kidneys, Bowels, Skin, and Lungs, may be said to be the leading features of the Compound. We may here add, that to those antidote properties, possessing that peculiar power of Cleansing the Blood of those Impurities which produce Congestion and Disease of Internal Organs, are due in great measure the remarkably restorative operation of the Vegetable Discovery in diseases peculiar to females.

### A Man's Life Saved.

I would not be doing justice to the afflicted if I withheld a statement of my experience with Jaundice, and how I was completely cured by using **NORTHROP & LYMAN'S VEGETABLE DISCOVERY**. No one can tell what I suffered for nine weeks, one-third of which I was confined to my bed, with the best medical skill I could obtain in the city trying to remove my affliction, but without even giving me temporary relief. My body was so sore that it was painful for me to walk. I could not bear my clothes tight around me, my bowels only operated when taking purgative medicines, my appetite was gone, nothing would remain on my stomach, and my eyes and body were as yellow as a guinea. When I ventured on the street I was stared at or turned from with a repulsive feeling by the passer-by. The doctors said there was no cure for me. I made up my mind to die, as **LIFE HAD LOST ALL ITS CHARMS**. One day a friend called to see me and advised me to try Northrop & Lyman's Vegetable Discovery. I thought if the doctors could not cure me what is the use of trying the Discovery; but after deliberating for a time I concluded to give it a trial; so I procured a bottle and commenced taking it three times a day. **JUDGE OF MY SURPRISE** at the expiration of the third day to find my appetite returning. Despair gave place to hope, and I persevered in following the directions and taking hot baths two or three times a week until I had used the fifth bottle. I then had no further need for the medicine that had **SAVED MY LIFE**—that had restored me to health—as I was radically cured. The natural colour had replaced the dingy yellow; I could eat three meals a day, in fact the trouble was to get enough to eat. When I commenced taking the Discovery my weight was only 132½ lbs., when I finished the fifth bottle it was 172½ lbs., or an increase of about 40 lb. per day, and I never felt better in my life. No one can tell how thankful I am for what this wonderful medicine has done for me. It has rooted out of my system every vestige of the worst type of Jaundice, and I don't believe there is a case of Jaundice, Liver Complaint or Dyspepsia that it will not cure.

(Signed), W. LEE, Toronto.

An Irish editor says he sees no earthly reason why women should not be allowed to become medical men.

The difference between a person in his first childhood and his second childhood is this: in his first childhood he cuts his teeth; in his second childhood his teeth cut him.

Lady to small boy—"Then you never had educational advantages?" "No, mum; not that I know of. I've had airy-sipilas. If what you say is worse nor that, I don't wanter ketch it."

A writer says that "travel elevates the people." It certainly does, if the boiler on the vessel on which they are travelling explodes. But it is mighty unhealthy.

"Wood is the thing, after all," as the man with an oak leg said when the dog bit it.

"It takes a superior woman to be an old maid," says Miss Sedgewick. But a very inferior man can make them change their minds without half trying.

Girls who wish to have small, pretty-shaped mouths should repeat at frequent intervals during the day, "Fanny Finch fried floundering fish for Frances Forbes' father."

Disraeli wrote that man was a substantive and woman was an adjective. We don't doubt the gentleman's word, but if woman is an adjective she is one of that variety which can't be compared.

# DR. J. D. KELLOGG'S HEALING OINTMENT.

**A** SURE and certain remedy for the healing of every variety of Sore, from a simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Bolls, Bed Sores, Fistulas, etc., and all affections of the SKIN known by the names of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

This Ointment is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. It stands pre-eminently at the head of all the External Medicines for healing, as it never drives the disease inward to Take Effect on the Internal Organs.

**PILES.**—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying Kellogg's Healing Ointment only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use Northrop & Lyman's Vegetable Discovery to remove the cause of the affliction and the Healing Ointment to remove the disease. You thus effect a complete and permanent cure.

Its properties, when applied to sores, go directly to the diseased part, attract the virus to the surface, and heal the sore from the bottom. It is simply asked that the afflicted will TRY ONE BOX, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing

## Scrofula and Its Sores,

with the assistance of the Vegetable Discovery, it is without a parallel. We say, with the assistance of the Vegetable Discovery, for to attempt to heal a Scrofulous or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System, it is safe to say there is no known medicine that will do it so effectually as Northrop & Lyman's Vegetable Discovery.

**FOR THE TOILET.**—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face; Sunburn, Irritation of the Skin after being exposed to the wind, Chapped or Sore Hands, and in fact for all sores that require a cooling and healing Ointment.

For Dandruff, Irritation or Eruption of the Scalp, and all diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.

Mr. W. S. Lewis, Brierwood, Manitoba, writes: "For over five years I suffered with Scabs on my Head; tried several doctors in England and Manitoba, but got no relief. One box of Dr. Kellogg's Healing Ointment completely and permanently healed them."

NORTHROP & LYMAN CO.,  
Toronto, Proprietors.

Price 25 cents per box.

# DR. KELLOGG'S Catarrh Snuff.

## FOR CATARRH, COLD IN THE HEAD, HEADACHE, ETC.

In changeable climates there is no complaint so prevalent as Catarrh, or Cold in the Head as it is commonly called. The cause is, generally, exposure to draughts, or damp atmosphere. Common Catarrh is an inflammatory state of the mucous membrane of the head or chest; Chronic Catarrh is usually the result of a neglected Cold, or Common Catarrh, and is exceedingly troublesome, as the unpleasant discharges frequently find their way into the stomach and cause derangement of the whole system. The smell is impaired, and sometimes destroyed; appetite bad; and general emaciation frequently occurs. Remedies without number have been recommended for Catarrh, but none have been found more efficacious than Dr. Kellogg's Catarrh Snuff, the old and well-known specific for Catarrh. It gives immediate relief to the dull, heavy pains caused by Cold in the Head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

Mr. Paul Thibodeau, Cavendish Road, P.E.I., writes: "I have had Catarrh for twelve years, and fifty cents' worth of Kellogg's Snuff did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

A Brooklyn man has run away from his wife for the fourth time, leaving a note stating that this is positively his farewell tour.

Woman was never made to whistle, and when she tries, it makes her whole countenance look as if it had declared a war.

A writer makes his living by his marks, a pedestrian by his steps, a soldier by his arms, a singer by his notes, a gambler by his chips, a prize-fighter by his blows, while a fiddler scrapes for his living.

"Tis strange," muttered a young man, as he staggered home from a supper party, "how evil communications corrupt good manners. I've been surrounded by tumblers all the evening, and now I'm a tumbler myself."

Two farmers had a dispute about the boundary lines of their farms. Their dispute is now settled, and so are the lawyers—on their farms.

The English language contains over 38,000 words, and yet when a man wishes to stop a street car he cannot think of anything better to say than "Hi!"

"What is a weather report?" asked a small boy who was reading a paper. "I don't know precisely, but I suppose that thunder is one kind of weather report," responded his parent.

A wag says that in journeying lately he was put into a stage sleigh with a dozen persons of whom he did not know a single one. Turning a corner shortly after, however, the sleigh was upset, "and then," said he, "I found them all out."

**W**ORMS are parasitical animals which infest the intestinal canal of the human family. There are five different kinds. The most troublesome are known as the Ascarides, or thread-worm, and are from one-eighth to one and a-half inches long. They infest the lower intestines, causing irritation about the rectum. The Lumbric is a long, round worm, generally from two to six inches long, but sometimes much longer; they infest the small intestines, and occasionally the stomach. The Trichuris is a long, hair-tailed, thread-worm, to be found in the cœcum. The Tænia, or Tape-worm, of which there are two kinds, occupy the whole tract of the intestines, and are sometimes thirty to forty feet in length.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons—the rich and poor, the proud and humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

The usual symptoms of worms in children are, indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

## MOTHER GRAVES' WORM EXTERMINATOR

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact, so pleasant that it will have to be placed beyond their reach or they will empty the bottle.

This medicine does not require the help of any purgative medicine to complete the cure. It effectually destroys the worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

Mr. L. A. Purdy, of Brighton, says: "His little daughter was very much afflicted with pin-worms, but a few doses of Mother Graves' Worm Exterminator destroyed them."

Mr. Geo. Burke, Quebec, writes: "I have used Mother Graves' Worm Exterminator and found it the best thing I ever used for worms."

Prepared by NORTHROP & LYMAN CO., Toronto, Ont. Price 25 cents.

## NORTHROP & LYMAN'S

# Beef, Iron and Wine

### UNEQUALLED AS A TONIC.

It is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of Impaired Nutrition of the Blood, and in all the various forms of General Debility.

**IF YOUR STOMACH** is weak use Northrop & Lyman's BEEF, IRON AND WINE, to tone and strengthen it.

**IF YOUR APPETITE** is poor, and you are weak and languid, use this BEEF, IRON AND WINE to improve the appetite and restore to the system its exhausted powers, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system.

Price \$1 per bottle. Prepared by

NORTHROP & LYMAN CO., Toronto.

Woman may indeed have a sphere that is boundless, but she strikes an impassable barrier when she comes to a barbed-wire fence.

The dairy-maid pensively milked the goat, and pouting, she paused to mutter—  
 "I wish, you brute, you would turn to milk,"  
 And the animal turned to butt her.

Atmospherical knowledge is not thoroughly distributed to our schools. A boy being asked, "What is mist?" vaguely responded "an umbrella."

Teacher—"Miss Sinnico, please parse the sentence, 'Adolphus married Caroline.'" Miss S.—  
 "Well, 'Adolphus' is a noun, because it is the name of a thing; 'married' is a conjunction, because it joins Adolphus and Caroline, and 'Caroline' is a verb, 'cause it governs the noun."

Life asks: "Did you ever see a salad dressing?"  
 Oh, yes, and a turkey stuffing, too.

"Bring you some snuff, Mrs. Toodles, he ejaculated, as he paused with his hand on the latch.  
 "No, no, Mrs. Toodles, the times are too hard for such extravagances; you must tickle your nose with a straw."

A young lawyer being very assiduous in his attentions to a young lady, a wit observed that he never heard of making love by attorney. "Very true," replied the other, "but you should remember that all Cupid's votaries are solicitors."

"Shon," said a dutchman, "you may say what you please 'pout pad neighbours; I have had to worst neighbours as never vas. Mine pigs and mine hens come home mit dere ears split, and todder day two of them come home missing."

**Are Anti-Bilious, and a Specific for the Cure of Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Piles, and will Purify the Blood, Regulate the Secretions, Remove all Bilious Matter, and Prevent Ague.**

In his **NEW VEGETABLE PILLS**, Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man.

These Pills are entirely vegetable, being composed of some of the most valuable remedies found in our own country, and of a newly-discovered plant, found only in Spain, the medicinal properties of which are the most remarkable known, each component part performing its specific action upon the different diseased organs of the body. As **PARMELEE'S NEW VEGETABLE PILLS** contain **Mandrake and Dandelion**, they cure **Liver and Kidney Complaints** with unerring certainty—see *directions*. Being an alterative, they Purify the Blood and carry off all morbid accumulations from the system. By their tonic and stimulating effect creating a healthy flow of the gastric juice—cure **Dyspepsia**, improve the appetite, and give tone to the digestive organs.

Fever and Ague and all Bilious derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body.

Mr. J. L. Price, Shoals, Martin Co., Ind., writes: "I have tried a sample box of Parmelee's Pills and find them the best medicine for Fever and Ague I have ever used."

### OUT OF SORTS:

*Symptoms.*—Headache, loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute diseases. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctors' bills. For this complaint take from

two to three of Parmelee's New Vegetable Pills on going to bed, and one or two for three nights in succession.

In fact, so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body.

For Irritation of the Eyes, Eruptions of the Skin, Rough or Pimpley Face, take from one to two pills regularly for a short time, which will reduce the inflammation and give a smooth and healthy appearance to the skin.

For *Delicate and Debilitated Constitutions* these pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

### Nervous Debility and Diseases of the Liver and Kidneys Cured.

Miss Emma L. Beach, Syracuse, writes: "Physicians called my complaint General Nervous Debility and Disease of the Liver and Kidneys. I tried various kinds of medicine for more than a year, without getting any relief. Most of the time I was not able to leave my room. My friends thought I had *Consumption*. I was advised to try Parmelee's New Vegetable Pills. I commenced by taking half a pill every night regularly for a week. My appetite began to improve, and I was stronger. I continued to take half a pill, every, or every other night for six weeks. They restored me to perfect health."

### Unequaled for the Liver.

Mr. D. Rolf, Alfont, Madison Co., Ind., writes: "I purchased some of Parmelee's New Vegetable Pills of your agent at Mantua Station, Portage Co., Ohio, and I have not found their equal for cleansing the Liver."

Mr. C. C. Bradley, Syracuse, says: "I have received great benefit from the use of Parmelee's Pills. I regard them as an excellent family medicine. I am naturally Bilious, and a small dose now and then keeps me in very good health."

### Dyspepsia and Indigestion.

Mrs. Celeste Coon, Syracuse, N. Y., writes: "For years I could not eat many kinds of food without producing a burning excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least."

Mr. Thomas Ballard, Syracuse, N. Y., writes: "I have been afflicted for nearly a year with that most-to-be-dreaded disease Dyspepsia, and at times almost worn out with pain and want of sleep, and after trying almost everything recommended, I tried one box of Parmelee's Valuable Pills. I am

A young man who recently took to himself a wife, says he didn't find it half so hard to get married as he did to get the furniture.

A clergyman consoling a young widow on the death of her husband, remarked, that she could not find his equal. "I don't know about that," remarked the sobbing fair one, "but I'll try."

"Is Miss Blinking at home?" asked Mr. Sanders of an Irish girl who answered the ring at the door. "Yes, I blave she is, Sir." "Is she engaged?" "An' is it engaged you say? Faith, an' I can't tell ye, Sir; but she kissed Mr. Vincent last evening as if she had not seen the like of him, an' it's engaged I b'love they are, Sir."

"Doctor, examine my tongue," said a giddy woman, "and tell me what it needs." "Rest," replied the doctor.

A gentleman said to the minister, "When do you expect to see Deacon S. again?" "Never," said the reverend gentleman, solemnly, "The deacon is in heaven."

An old soldier came home one day intoxicated, when his wife began to scold him. "What's the use of talking to a man when he's drunk?" said the soldier, and his wife thought him about right, so she said nothing more to him until the next day, when he got off by saying: "There, there, n'y dean, dinna rake up auld offences."

now nearly well, and believe they will cure me. I would not be without them for any money.

### Colic and Kidney Difficulty.

Mr. J. W. Wilder, J. P., Lafargeville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find your Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used."

Mr. T. J. Humes, Columbus, Ohio, writes: "I have been afflicted for some time with Kidney and Liver Complaint, and find Parmelee's Pills the best medicine for these diseases."

### A Great Reputation.

Messrs. C. W. Snow & Co., Syracuse, N. Y., write: "Please send us ten gross of Pills. We are selling more of Parmelee's Pills than any other Pill we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint."

Mr. James S. Plumb, Syracuse, writes: "Please send us one gross of Parmelee's Pills. They have a greater sale with us than any pill we sell."

Mrs. Eveline Osborn, Auburn, N. Y., says: "I have been afflicted with Rheumatism since Christmas, and have tried a great many kinds of medicine, but none helped me so much as Parmelee's Pills."

### The Best Pills.

Mr. William Vandervoort, Sydney Crossing, Ont., writes: "We have been using Parmelee's Pills, and find them by far the best pills we ever used."

Mr. D. Carswell, Carswell P. O., Ont., writes: "I have tried Parmelee's Pills, and find them an excellent medicine, and one that will sell well."

Mr. E. A. Cairncross, Shakespeare, writes: "I consider Parmelee's Pills an excellent remedy for Biliousness and derangement of the Liver, having used them myself for some time."

These Pills do not cause pain or griping, and should be used when a cathartic is required. They are Gelatine Coated, and rolled in the Flour of Licorice to preserve their purity, and give them a pleasant, agreeable taste.

Dr. Parmelee's New Vegetable Pills differ from all others now before the public in their composition and effect upon the system. Based upon the most scientific principles, and made from Roots, Herbs, and solid Extracts, which have specific virtues truly wonderful in their action upon the Liver and Kidneys, such as Mandrake and Dandelion, found in this country; while others, equally as potent in regulating the secretions and purifying the blood, etc., are found only in Spain and other countries. Thus we see that Nature in her wise providence has provided a valuable catalogue of plants all over the land, specific in their very nature for the cure of certain diseases. In this scientific combination it is found that PARMELEE'S PILLS possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In this lies the great secret of Parmelee's New Vegetable Pills.

**NORTHROP & LYMAN CO., Toronto, Ont.**

Proprietors for Canada,

Price 25 cents per box.

DR. J. D. KELLOGG'S

# EYE WATER.

For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surfaces, and Gangrene

Of all our organs of sense the Eye is the most important and the most complicated organ, and its diseases are in the same proportion the most interesting and the most frequent. Many of these diseases, by carelessness or improper treatment, frequently terminate in blindness, whereas, by a very little skill or attention at first, this calamity might have been avoided.

Dr. J. D. Kellogg's Eye Water will be found an unerring remedy for the cure of all diseases of the Eye. It has given better satisfaction than any other preparations sold on the market. It is not a medicine that gives temporary relief only; it cures permanently, by counteracting the disease, and by its soothing and healing properties soon restores the organ to its natural healthy condition.

The most aggravated case of Inflammation is soon subdued; soreness and itching is allayed; the sight is strengthened, and a uniform healthy action is induced. If your eyes are inflamed, sore, or the sight beginning to grow dim, get a bottle of Dr. J. D. KELLOGG'S EYE WATER and give it a trial, and you will never regret the investment.

Mr. James Hendry, Stewart's Bay, Ont., writes: "I received Dr. Kellogg's Eye Water, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with suffering from sore eyes, etc."

Notice the name, "Dr. J. D. Kellogg's Eye Water," prepared only by Northrop & Lyman Co., Toronto. Sold by all medicine dealers, 25 cents per bottle.

A visitor in Dublin was asked by a car driver if he wanted a car. 'No,' said he; 'I am able to walk. 'May your honour long be able but seldom willing,' was the witty rejoinder.

"Will there be a hop to-night?" asked a summer sojourner of another who had loved the stock market "not wisely but too well." "Don't know about the hop, but there will be a skip if I can get my trunk out," was the reply.

"Now," said the bridegroom, to the bride when they returned from the honeymoon trip, "let us have a clear understanding before we settle down to married life; are you to be president or vice-president of this concern?" "I want to be neither president nor vice-president," she answered: "I will be content with a subordinate position." "What is that?" "Controller of the currency."

An Irishman, seeing a vessel very heavily laden and scarcely above the water's edge, exclaimed: 'Upon my soul, if the river was but a little higher, the ship would go to the bottom.'

People who think a base ball catcher must be mad to play in hot weather are not surprised to see the wire muzzle that is put on his face, while a man near by has a club in hand ready to strike.

A fashion magazine asks, "What will the coming woman wear?" She may wear out the patience of the man who foots her millinery and dressmaking bill; but perhaps that is not the correct answer.

Why was it, as an old woman in a scarlet cloak was crossing a field in which a goat was browsing, that a most wonderful metamorphosis took place? Because the goat turned to butter, and the antique party to a scarlet runner!

# DR. THOMAS' ECLECTRIC OIL

A SURE AND CERTAIN REMEDY.

**T**HIS celebrated chemical compound is the result of an extensive experience with regard to the curative powers of all the known medical agents, and of a theoretical and practical knowledge of the various chemical affinities brought into play in their combinations. By careful investigation and laborious research, the ingredients—having been selected with special reference to their different virtues and peculiar powers—are so combined as to form a perfectly homogeneous compound, possessing, through its wonderful efficacy and manifold healing influences, an adaptedness to a wide circle of disease.

Advertising itself wherever it goes by its wondrous and gratifying effects which it produces, this sterling medicinal preparation, Dr. Thomas' Eclectic Oil, is winning "golden opinions" in all parts of the Dominion.

Among the pains and aches cured with marvelous rapidity by Dr. Thomas' Eclectic Oil, is Ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

**A NEGLECTED COUGH** brings on Consumption—the most fatal and prevalent of all the physical ills that flesh is heir to. To check the malady in its early stage, before the deadly tubercles develop themselves in the lungs, use Dr. Thomas' Eclectic Oil, which also annihilates Bronchitis, Asthma, Catarrh, Piles, and kidney Troubles, Soreness of the Muscles or Joints, and all External Hurts.

**CROUP.**—Mr Thos. H. Porter, Lower Ireland, P.Q., writes: "My son, 18 months old, had Croup so bad that nothing gave him relief until a neighbour brought me some of Dr. Thomas' Eclectic Oil which I gave him, and in six hours he was cured. It is the best medicine I ever used, and I would not be without a bottle of it in my house."

Mr. W. B. Hill, Cobourg, says: "I have used it for Croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

Mr. W. H. Dorland, Ash, writes: "One of my boys awoke me from sleep a few nights ago saying,

'I can't get my breath.' I got up and put some Dr. Thomas' Eclectic Oil on sugar, which I gave to him, and in fifteen minutes he was better. I believe it to be the best medicine sold for Croup."

**ASTHMA.**—Mr. E. Birdsall, Canboro, writes: "For nearly four years I was troubled with Asthma so bad that for three or four nights at a time I would get little or no sleep, and would have to sit propped up with pillows. I tried three or four doctors, but without success, and no medicine seemed to do me any good, until finally I tried Dr. Thomas' Eclectic Oil by taking half a teaspoonful on sugar whenever I felt the choking sensation. It always gave me relief, and before I had used it six weeks I was completely cured, and have had no attacks since, now nearly two years."

**DEAFNESS.**—Mr. S. E. Crandell, Port Perry, writes "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other, after trying various remedies and consulting several doctors without obtaining any relief I was advised to try Dr. Thomas' Eclectic Oil. I warmed the Oil and poured a little of it into the ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

**LUMBAGO.**—Mr. W. W. Stephen, Meaford Ont. writes: "Dr. Thomas' Eclectic Oil has gained a reputation in Meaford and surrounding country surpassing any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago, that I know of, will alone place it in the front rank of remedial agents."

Mr. B. N. Munro, Toronto, writes: "A short time since I was completely disabled by a severe attack of Lumbago; one application of Dr. Thomas' Eclectic Oil brought immediate relief, a second and third application effected a cure."

**IT CURES PILES.**—Mr. Parquetus Boileau, Ottawa, says: "I was radically cured of piles, from which I had been suffering for over two months, by the use of Thomas' Eclectic Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

Mr. Thos. Brunt, Tyendinaga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Eclectic Oil for Bleeding Piles. I was troubled with them for nearly fifteen years, and had tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from this distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

"Pat, remember you owe me a shilling." Pat—"I will never forget it, your honor, and may your honor live in health till I pay you."  
 A donkey is the embodiment of truth. He is a stubborn thing, and facts are stubborn things. Hence he is the aforesaid embodiment.  
 Among the Zulus the mother-in-law cannot face the son-in-law, but must hide, or pretend to do so, whenever she sees him. In this country the custom is reversed; it is the son-in-law who does the do'ging.  
 Nautical—Husband (jokingly)—"Oh, I'm the mainstay of the family." Wife—"Yes, and the jibboom and the— and the—"  
 Small boy (from experience)—"And the spanker, too, mamma." (Applause.)

Country aunt—"I must be terrible hard work dancing at a full dress ball." City niece (dressed for the ball)—"It is very fatiguing." Country aunt—"I thought so, seeing as you're almost stripped to the waist for it."  
 "I have been unfortunate in love matters," said a well-known bass singer at the Paris opera, the other day. "My first sweetheart entered a convent, death robbed me of the second, and the third—is my wife."  
 "Well, how did you like the sermon, Sunday?" asked one lady of another. "The sermon?" "Yes, you were at the church, weren't you?" "Yes, certainly." "Well, then, how did you like the sermon?" "I didn't hear any sermon; I belong to the choir," was the self-satisfied rejoinder.

We are told that it is the sickly, the debilitated, the sedentary and the studious who at an early age are visited with gray hair. But we don't think this is strictly correct. Let any one stand on the principal streets in a large city and they will be surprised at the number of persons prematurely gray. And if we look carefully into their private life we will find a large proportion enjoying excellent health. They are not of the sedentary class for they can be seen almost any day in the open air; neither are they of that class known as the studious. It is undeniably true that you will find gray hair on adults of all ages, temperaments and conditions of life. While we cannot for a certainty tell why, we can, however, tell how to change the undesirable shade to its natural color. This can be done by the use of the CANADIAN HAIR DYE, a preparation that has always given perfect satisfaction.

This celebrated Dye is unequalled for changing both red and gray hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hair among their whiskers, and for touching up the beard and moustache to any shade or color.

It is over twenty years since the Canadian Hair Dye was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined, this, we think, is conclusive evidence that it has given satisfaction.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

Prepared only by NORTHROP & LYMAN CO., Toronto. Price, 50 cents per bottle.

**NO HEADACHE NOW.**—Mr. Thos. Bell, of Messrs. Scott, Bell & Co., proprietors of the Wingham Furniture Factory, writes: "For over one year I was not free one day from Headache. I tried every medicine I thought would give me relief, but did not derive any benefit from their use. I then procured a bottle of Northrop & Lyman's Vegetable Discovery, and began taking it according to directions when I soon found the headache leaving me. I am now completely cured, and I cannot recommend this medicine too highly. I would not be without a bottle of it even if it should cost me three times its present price."

## COPLAND'S Sweet Castor Oil

EQUALLY SUITABLE FOR CHILDREN AND ADULTS.

Endorsed by over 600 Doctors in Canada.

Castor Oil is a mild and speedy cathartic, and is therefore particularly adapted for the diseases of children; and were it not for its nauseous and disagreeable taste, it would be a favorite medicine in the household. Knowing the value of this medicine, and the difficulty to administer it—to young children especially—was the inducement to Mr. T. Copland, late of Hamilton, to undertake long researches and experiments which resulted in the discovery of a way whereby ordinary Castor Oil can be sweetened and rendered palatable, and without in the least reducing its strength or changing its medical properties. He called his preparation "Copland's Sweet Castor Oil;" and the secret for manufacturing this compound is only known to the inventor and the undersigned, who purchased the trade mark and right to manufacture from him. Only the finest quality of Castor Oil is used in its manufacture, and those who have used it cannot be induced to use the ordinary Castor Oil again. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water;" another: "We had to hide the bottle or they would have finished it right off;" another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your Sweet Castor Oil; it is a splendid thing, sure to take the place of all the common oil."

Sold by all Medicine Dealers. Price 25 cents.

### THE BEST MEDICINE.

Mr. John Blackwell, of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from Dyspepsia and weak stomach, and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle; and now I find my appetite so much restored; and stomach strengthened, that I can partake of a hearty meal without any of the unpleasantness I formerly experienced. I consider it the best medicine in the market for the stomach and system generally."

## HANDY PACKAGE DYES.

Have never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

Do not be persuaded to try Dyes that are advertised to color large quantities of goods: the colors made from such soon change, and the goods become worthless. This is especially so with colors on cotton. Our Special Colors for Cotton will be found far superior to all others, not only in the large amounts they will color, but in the fastness and brilliancy of the colors, making them indispensable to all wishing to dye cotton goods for carpets or other permanent use.

These Dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the Handy Package Dyes.

They are just what you want for coloring carpet-rags, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats, and other grain, after coloring them with the Handy Package Dyes.

They are a boon to the economical woman who wishes her children to look fresh and neat.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by the use of the Handy Package Dyes.

**REMARKS ON COLORS.**—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate, or Drab, will make a Brown; on Yellow, an Orange; on Blue, a Purple; on Violet, a Wine.

Green will color nicely over Gray, Drab, Slate, Bismarck, and Blue, making Dark Greens or Olives.

Blue over Green will make a Peacock color; over Reds a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black, making on Green a Bronze, on Red a Carnet, on Purple and Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue, and Brown, making Wine, Plum, etc.

All the dark colors will cover over lighter colors, making various shades of the darker colors used.

Manufactured by THE HANDY PACKAGE DYE COMPANY, Adams Centre, N. Y., and Toronto, Ont.

NORTHROP & LYMAN CO., Toronto, Agents for Canada.

## COLORING RECIPES.

**SCARLET** (very superior).—3 oz. cochineal, 3 oz. cream tartar, and 4 oz. solution of tin; powder the cochineal and rub through a bag into blood-warm water sufficient to cover the yarn. When it is a little warm put in the cream tartar, and simmer; then add your solution of tin; your yarn must be wet with clean water; steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will color 3 lbs.

**WINE COLOR.**—1 lb. wool,  $\frac{1}{2}$  lb. red powder, 1 oz. madder compound. Soak the powdered wood in warm water all night, mix the madder compound with about  $\frac{1}{2}$  a pint of water (in a glass), and add it to the rest; rinse the wool in warm water and put it in the dye; boil about  $\frac{1}{2}$  an hour; take out the wool and rinse it in cold water. A color almost as fine may be had by using a  $\frac{1}{2}$  lb. of alum, and boiling in the same way.

**GREEN.**—For 5 lbs. goods use 5 lbs. fustic and 18 oz. alum. Soak in water until the strength is extracted, put in the goods until of a good yellow color, remove the chips and add extract of indigo in small quantities at a time until the color is satisfactory.

**PINK.**—For every 3 lbs. yarn or cloth take  $3\frac{1}{2}$  quarts water, or enough to cover the article you wish to color, 2 oz. cochineal, and  $\frac{1}{2}$  oz. cream tartar; steep the cochineal in warm water 2 hours, or until the strength is entirely extracted, and add the cream tartar; then wet the cloth in clear water, wring it out and put it in the dye; bring it to a scalding heat, let it remain in a few moments, and it will be finished.

**BLACK ON WOOL, SILK OR COTTON.**—For 1 lb. of cloth it will require 1 oz. extract of logwood and  $\frac{1}{2}$  oz. blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place, add the blue vitriol, and when dissolved and the water skimmed carefully, put in the material to be colored, and let it remain  $\frac{1}{2}$  an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitriol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth, keeping the dye in the same temperature, and let it remain  $\frac{1}{2}$  an hour, airing it frequently; then take it out and drain it; add the vitriol water to the dye, and put it in again; let it remain 15 minutes, airing as before. Cleanse it well. For cotton, add a little common glue.

**CRIMSON.**—Use 1 lb. lac dye, together with 2 oz. madder compound, to every 2 lbs. cloth or yarn. Soak the lac dye over night in a brass or copper kettle, then add the compound and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the color. If dark, let it remain some hours; if not, 1 hour; then rinse in soft water without soap.

**BROWN.**—For 1 lb. wool take a  $\frac{1}{2}$  lb. alum and 2 oz. cream tartar, and boil for  $\frac{1}{2}$  an hour. Take  $\frac{1}{2}$  lb. red powder,  $\frac{1}{2}$  lb. of fustic, and 2 oz. of logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water, and boil with the woods for about  $\frac{1}{2}$  an hour. If a dark brown is wanted, add about a teaspoonful of coppers.

**MADDER RED.**—Take 1 lb. madder for every 2 lbs.

yarn or cloth; soak the madder in a brass or copper kettle 1 night in warm water, enough to cover the yarn you wish to color; next morning put in 2 oz. madder compound for every lb. madder which you have soaked, then wet your yarn or cloth in clean water and ring it out in clear water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take about  $\frac{1}{2}$  an hour; keep it at this heat  $\frac{1}{2}$  an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made, rinse the cloth immediately in cold water; it will then be finished.

**YELLOW.**—1 lb. of wool or cloth,  $\frac{1}{2}$  lb. fustic,  $\frac{1}{2}$  lb. alum, put all into an earthen vessel, and pour on sufficient hot water to cover the wool and keep it warm all night; give it  $\frac{1}{2}$  an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be had by using turmeric powder instead of fustic, and proceeding in the same manner.

**CHEAP BROWN FOR WOOL OR COTTON.**—For 10 lbs. goods,  $\frac{1}{2}$  lb. japonica, 1 oz. blue vitriol, 2 oz. bichromate of potash; put the japonica into 4 gallons of soft water, boil until dissolved, add the blue vitriol, and stir well; put in the goods, and keep at boiling point for two hours; wring out and put into the solution made with the potash, let it remain for  $\frac{1}{2}$  an hour, then wash in soap-suds.

**PURPLE.**—For 10 lbs. of goods use  $\frac{1}{2}$  lb. alum, 1 teacup muriate of tin, pulverized cochineal  $\frac{1}{2}$  lb., cream of tartar  $\frac{1}{2}$  lb. Boil the alum, tin and cream of tartar for 20 minutes, add the cochineal and boil 5 minutes; immerse the goods 2 hours, remove and enter them in a new dye, composed of Brazil wood,  $\frac{1}{2}$  lb.; logwood,  $1\frac{1}{2}$  lbs.; alum, 1 lb.; muriate of tin, 2 cupsful, adding a little extract of indigo.

**ORANGE.**—For 10 lbs. goods use sugar of lead  $\frac{1}{2}$  lb., boil 15 minutes; when a little cool enter the goods and dip for 2 hours, wring out, make a fresh dye with bichromate of potash, 1 lb.; madder,  $\frac{1}{2}$  lb.; immerse until the desired shade. The shade may be varied by dipping in lime water.

**LIGHT SILVER DRAB.**—For 5 lbs. goods, use  $1\frac{1}{2}$  oz. logwood, alum,  $1\frac{1}{2}$  oz. Boil well, enter the goods, and dip for 1 hour. Grade the color to any desired shade by using equal parts of logwood and alum.

**LILAC (for silk).**—For 1 lb. silk use archil,  $1\frac{1}{2}$  lbs. Mix it well with the liquor, make it boil  $\frac{1}{2}$  of an hour, dip the silk quickly, then let it cool, and wash in soft or river water.

**BLUE.**—A splendid blue may be produced in an hour by the following process: For 1 lb. wool or cloth take  $2\frac{1}{2}$  oz. alum, and  $1\frac{1}{2}$  oz. cream tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil it a short time, taking care to keep it stirred; remove the cloth, and rinse in clear cold water and hang it up to dry.

**SALMON.**—Take 1 lb. wool, a  $\frac{1}{2}$  lb. annatto, and  $\frac{1}{2}$  lb. soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap, rinse the wool in warm water, put it into the annatto mixture, and boil about  $\frac{1}{2}$  an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

**ORANGE (on cotton).**—For 1 lb. take 2 oz. sugar of lead and  $1\frac{1}{2}$  oz. bichromate of potash. Dissolve each separately in just enough boiling water to cover the cotton, and dip it alternately from one

to the other three times, or until the desired shade is obtained.

**BLUE (on cotton).**—For 1 lb. take 2 oz. copperas, dissolved in sufficient boiling water, put the cotton in, and let it soak 1 hour. Dissolve  $\frac{1}{2}$  oz. prussiate potash in same quantity of fresh boiling water, and add  $\frac{1}{2}$  oz. sulphuric acid (by weight), then dip the cotton alternately from one to the other three times, or until the desired change is obtained, and rinse well with cold water.

**GREEN (on cotton).**—Dip the cotton colored blue in the orange dye.

**PINK (on cotton).**—For 5 lbs. take 2 lbs. nicewood and 4 oz. solution of tin; put the cotton in and let it remain until the shade suits.

**Dove and Slate Colors of all Shades** are made by boiling in an iron vessel a teacupful of black tea with a teaspoonful of copperas and sufficient water. Dilute this until you get the shade wanted.

All fancy colors should be colored in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

This remedy is one of the best known for relieving and curing that dreadful disease, Asthma. Where other remedies have been tried, and where doctors have prescribed, without success, this Remedy has given immediate relief. It will relieve the difficulty experienced in breathing, and that distressing tightness of the chest so well known to Asthmatics. The patient will thus be enabled to obtain a much-needed rest by being able to sleep naturally and comfortably, and without being forced to sleep in an upright position. This Remedy has also been found valuable in cases of Hay Fever, Bronchitis, Catarrh, Cold in the Head, etc.

Whooping Cough has been cured by the use of Dr. Kellogg's Asthma Remedy. Some bad cases have been cured by burning a small quantity of it in the room for two or three nights, after the little sufferers had retired.

**WHAT IT HAS DONE.**—Mr. J. O'Donnell, North Onslow, writes: "Two sample boxes of Dr. Kellogg's Asthma Remedy did one of my cus-

tomers more good than all the doctors he ever had attending him."

Mrs. E. Skinner, Mansonville, writes: "My husband has been troubled for five years with Asthma, and during that time has never found anything that would give him such immediate relief as Dr. J. D. Kellogg's Asthma Remedy."

Mr. R. Brown, P.M., B'rothton, N.S., writes: "I gave a sample box of Kellogg's Asthma Remedy to a friend to try, and it relieved him to the astonishment of all."

Mr. James Olendenen, Markham, writes: "I have suffered twelve years with Asthma, often being so affected that my life was despaired of. I used nearly every Asthma Remedy I could buy, with no permanent relief until I tried Kellogg's Asthma Remedy, which has now nearly cured me. I have now no bad attacks, and believe I would not be alive to-day if I had not used Dr. Kellogg's Asthma Remedy."

Mr. James Kerr, Paisley, says: "Your cure can not be too highly recommended."

Dr. Nash, Forest, writes: "I would strongly recommend it to all afflicted with this miserable disease."

Mrs. L. Jackson, Deseronto, says: "I can honestly recommend it to all Asthmatics."

Sold by all Medicine Dealers. Small boxes, 25 cents; large boxes, \$1.

## DR. A. TRASK'S Magnetic Ointment

### THE GREAT HEALER OF ALL INFLAMMATION.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine, which can vie with or excel the intricate properties of this Ointment.

The worst Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness, and all external and internal affections characterized by INFLAMMATION, yield to its influence as if by magic. Wherever there is inflammation try this Ointment, and you will never be without it.

It never fails to restore the natural functions of the skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve, and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvellous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels, and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled; while for Sores or Injuries attended with Inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is SPEEDY, and, containing no minerals, its application is safe, producing immediate relief.

**Caution.**—There are several parties endeavoring to sell a Magnetic Ointment, which is palmed off as the genuine article. Beware of such, and only take Dr. A. Trask's Magnetic Ointment, and see that the name is blown on the bottle.

Sold by all Dealers in Medicine.

## TWO GREAT MEDICINES.

"UNION IS STRENGTH."

Miss M. J. Richards, Belleville, writes: "Nearly three years ago I was taken with a pain in my shoulder so that I could not raise my arm. It rapidly grew worse, until a severe running sore broke out. For two years I tried a great many physicians in Belleville and Toronto, and nearly everything that I thought would help it, but got no relief. After being in bed for two months, an intimate friend thought, if I used Northrop & Lyman's Vegetable Discovery to Purify the Blood, and applied Dr. Thomas' Electric Oil on the arm, it might do me good. I must confess I did not have much faith in being cured, as I had tried so many things, and did not get any relief from them, but my friend persisted, and I commenced taking the Discovery and rubbing the sore with Dr. Thomas' Electric Oil, and in less than two months my arm was completely healed and as strong as it ever was, while my health never was better."

# NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

## What Is It?

It is a compound extracted from the richest medicinal barks, roots and herbs. It is the production of many years' study, research and investigation. It possesses properties, purely vegetable, chemically and scientifically combined. It is **Nature's Remedy**. It is perfectly harmless and free from any bad effect upon the system. It is nourishing and strengthening; it acts directly upon the Blood, and every part throughout the entire body. It quiets the nervous system; it gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep, as has been proved by many an aged person. It is the **Great Blood Purifier**. It is a soothing remedy for our children. It relieves and cures all Diseases of the Blood. Give it a fair trial for your complaint, and then you will say to your friends, neighbors, and acquaintances: "Try it; it has cured me."

**REMARKABLE CURE OF DROPSY AND DYSPESIA.**—Mr. Samuel T. Casey, Belleville, writes: "In the Spring of 1884 I began to be troubled with Dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my family physician, but received no benefit. By this time my trouble assumed the form of Dropsy. I was unable to use any food whatever except boiled milk and bread; my limbs were swollen to twice their natural size; all hopes of my recovery were given up; and I quite expected death within a few weeks. Northrop & Lyman's Vegetable Discovery having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now seventy-nine years of age I can enjoy my meals as well as ever, and my general health is good. I am well known in this section of Canada, having lived here fifty-seven years; and you have liberty to use my name in recommendation of your Vegetable Discovery, which has done such wonders in my case."

Mr. W. Thayer, Wright, P.Q., had **Dyspepsia for 20 years**. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking, Northrop & Lyman's Vegetable Discovery. The pains have left, and he rejoices in the enjoyment of excellent health; in fact he is quite a new man.

**TOO MUCH FOR IT.**—Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

Mr. Henry Marshall, Reeve of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia."

**PERSONAL OBSERVATION.**—Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery for Dyspepsia, Impure Blood, Pimples on the face, Biliousness and Constipation—such cases having come under my personal observation."

Six bottles Vegetable Discovery cured Miss McMullen, Glengarry, of Headache and Severe Pains in the Back of fifteen years' standing, the effects of a fall.

**BAD CASES.**—Mr. C. E. Williams, Druggist, Wingham, says; "Your Vegetable Discovery is selling well, and I know of bad cases of Dyspepsia that it has completely cured."

Mr. Alex. Robinson, of Exeter, writes; "I have used four bottles of Northrop & Lyman's Vegetable Discovery, and have been cured of Dyspepsia that troubled me for over ten years. Part of that time I had it very bad, and was at considerable expense trying to get relief; but this excellent remedy was the first and only relief I received."

**A VALUABLE MEDICINE.**—Mr. R. C. Winlow, Toronto, writes; "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with indigestion. I tried a bottle of it after suffering for some ten years, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every Dyspeptic well knows, unpleasant fulness after each meal."

**BILIOUS FEVER.**—Mr. C. E. Biggins, Beamsville, writes; "A customer, who had a bottle of Northrop & Lyman's Vegetable Discovery, says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of Bilious Fever and was afraid he was in for another when I recommended this valuable medicine with such happy results."

People Who Read, and Reflect, after reading, upon the many published testimonials regarding Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, can scarcely fail to perceive that evidence so positive and concurrent could not be adduced in behalf of a remedy of doubtful efficacy.

**CANNOT BE BEAT:**

Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of Croup, Fresh Cuts and Sprains. My little boy has had attacks of Croup several times, and one dose of Dr. Thomas' Electric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle of it in my house."

**FULLY REALIZED.**

James Cullen, Pool's Island, N.F., writes: "I have been watching the progress of Dr. Thomas' Electric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of bronchitis and soreness of nose; while not a few of my 'rheumatic neighbors' (one old lady in particular), pronounce it to be the best article its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such I shall be only too happy to have my name connected with your prosperous child."

**EXCELLENT QUALITIES.**

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes: "I am requested by several friends to order another parcel of Dr. Thomas' Electric Oil. The last lot I got from you, having been tested in several cases of Rheumatism, has given relief when doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery."

**REMARKABLE CURES.**

F. Burrows, of Wilkesport, writes: that he was cured of a very dangerous case of Inflammation of the Lungs solely by the use of five bottles of Dr. Thomas' Electric Oil.

Mr. R. C. Bruce, Druggist, Tara, says: "I have no medicine on my shelves that sells faster or gives better satisfaction than Dr. Thomas' Electric Oil, and the sale is constantly increasing, the past year being the largest I have ever had. One of my customers was cured of Catarrh by using three bottles. Another was raised out of bed, where

he had been laid up a long time with a Lame Back, by using two bottles. I have lots of customers who would not be without it overnight."

**IT NEVER FAILS.**

Mr. W. J. Corbett, Creemore, writes: "A few days ago a customer of mine came in with a Sore Throat, and his neck swelled to almost twice its usual size. In reply to my question as to what he was going to do for it, he said, 'I always use Dr. Thomas' Electric Oil;' I at once supplied him with a bottle and he took a dose then and there, and applied some externally; strange to relate, he felt relief before leaving the store, and stranger still, before night the swelling was almost entirely gone. I supplied Dr. Thomas' Electric Oil to a large number of parents during an epidemic of Diphtheria, and every one of them saved their children, while a number that I know of lost theirs after using other remedies. These facts speak for themselves, and the consequence is that Dr. Thomas' Electric Oil is in constant demand all the year round."

**HORSES AND CATTLE.**

The noblest of the brute creation, when suffering from a cut, abrasion, or sore, derives as much benefit as his master in a like predicament, from the healing, soothing action of Dr. Thomas' Electric Oil. Lameness, swelling, and stiffness of the joints are relieved by it.

It cures Horn Distemper and Garget in cows; a few applications cure cracked teats; for the last named it is especially good. For Horn Distemper put half a teaspoonful in each ear, and pour a little back of the horns.

Mr. S. S. Nash, Crediton, writes: "Frequent applications of Dr. Thomas' Electric Oil, and daily rubbing, completely removed a callous lump on the leg of a valuable horse of mine."

Mr. W. R. Lazier, Bailiff, etc., Solleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for Bruises, Scratches, Wind Puffs, and Cuts, and in every case it gave the best satisfaction. We use it as a household remedy for Colds, Burns, etc., and it is a perfect panacea. It will remove Warts by paring them down and applying it occasionally."

P. M. Markell, West Jeddore, N.S., writes: "I wish to inform you of the wonderful qualities of Dr. Thomas' Electric Oil. I had a horse so lame that it could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

Mrs. O'Hearn, River Street, Toronto, used Dr. Thomas' Electric Oil for her cows for cracked and sore teats; she thinks there is nothing like it. She also used it when her horses had the epizootic, with the best results.

FOR BEAUTIFYING AND PRESERVING

THE COMPLEXION.

Removing Tan, Sunburn, Freckles,  
and all Roughness  
of the Skin.

HOW to be beautiful, and consequently powerful, is a question that has engrossed the female mind in all ages. Beautiful women have controlled the fate of dynasties and the lives of men from the earliest days to the present time.

It has been said that beauty is only skin deep. If that is a fact, we can easily make our skin beautiful. Ladies who leave the city for the summer need not carry immense sunshades with them to protect their complexion. Let them take and use a bottle of the **PERSIAN BEAUTIFIER**.

Ladies who remain much indoors during the winter months find that the skin becomes rough by the slightest exposure to the air. This can be avoided by the use of the **PERSIAN BEAUTIFIER**.

This preparation not only removes roughness, but imparts a beautiful tint to a sallow complexion,

and gives a pearly appearance to a fair skin. It cools the skin, and gives that healthy appearance so attractive in our well-known beauties.

A lady writes: "I think every one likes boating, and nearly every one suffers when they indulge in that enjoyment, especially if the sun is pouring forth its strongest rays. Our pretty faces are spoiled with tan and sunburn, and coming home our admirers are not quite so attentive as they were. But, many thanks to Northrop & Lyman Co., we can soon be ourselves again. The **PERSIAN BEAUTIFIER** will remove all the tan, sunburn and freckles we received at our last boating party. It excels every other beautifier, and has a sweet cooling sensation when applied. It leaves a pretty pearly pink, and is not injurious to the skin."

A young lady from Nevada writes: "Send me two bottles of Persian Beautifier at once, per express, as I must have it at any cost. I used a bottle while in Canada on a visit last summer, and I don't think there is anything equal to it!"

**NORTHROP & LYMAN CO.,**

Price 50 cents.

PROPRIETORS, TORONTO.

The Expert Well-known Retired  
Manufacturer.

Mr. Joab Seales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, Sour Stomach and Lame Back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."
