Co-ordination And Correlation Of All Imperial Resources

Report of Dominions Royal Commission Urges Action to Make the Empire Self-Sustaining During War Time

London, March 2.—Co-ordination and correlation of all the resources of the British Empire is the purpose of the Dominions Royal Commission, now closing the fifth year of its existence, and the final report of which inter-relating the features of all the dominions and the United Kingdom is now being prepared...

MAY BE ANOTHER WINTER OF WAR

General Maurice Says a Lot Of Fighting Still in Germany

THE MOVEMENT IN WEST

Director of Military Operations for Imperial General Staff Discusses Retirement of German on the Somme

London, Mar. 2.—The war may easily extend over another winter as far as pure military factors are concerned, according to a statement by General Fredrick B. Maurice, director of military operations for the imperial general staff, in an interview given to the Associated Press.

Russian Report

Petrograd, March 2.—The Russian official statement issued today reads: The Russian front, scouting operations, reconnaissance and reciprocal fighting is proceeding.

THORNE LOUVE CONCERT

Thorne, N. B., March 2.—A concert last evening in their hall in Thorne, N. B., was given by the Thorne Louve Concert Society.

OFF FOR A WEEK

In the matter of the Bullock fire investigation, adjournment was asked today for another week.

The torpedoed Canadian steamer Laconia, a sister ship of the Fenelon, was on the Boston-Liverpool route before the war. She was of 18,150 tons, 625 feet long, 72 feet beam and was splendidly equipped for second cabin traffic. Two American women perished in an open boat after the submarine's attack.

FIFTY YEARS PRACTICING AS DENTIST

Confers Pay Tributes to Dr. A. F. McAvenny on Interesting Anniversary

Dr. A. F. McAvenny yesterday celebrated his fiftieth anniversary as a practitioner of dentistry and during the day congratulatory messages were received from a host of friends.

NEWS NOT GOOD

Further Word About Soldier Son of Mr. and Mrs. W. L. Williams

In reply to a cable which was sent following the receipt of a telegram some days ago, William L. Williams this morning received two dispatches relating to the condition of his son, Pte. E. Edward Williams.

PROHIBITIONISTS JUBILANT OVER 'BONE DRY' MEASURES

Washington, March 2.—Prohibitionists were jubilant yesterday over the passage of the bill to make the national capital dry and the action of the conference on the postoffice appropriation bill in agreeing on a report which includes the Reed amendment forbidding importation of liquor into prohibition states, even for personal use.

GIVEN GRUDGINGLY

Berne, March 2.—A Vienna dispatch says that Austria has agreed to lend Turkey 240,000,000 crowns for an unannounced period.

HOTEL BURNED

Gardner, Mass., March 2.—The Windsor House, a three-story brick hotel, was burned last night; loss estimated at \$75,000.

PRIVATE FRED. GEORGE HAS GIVEN HIS LIFE

Had Been Long Time at the Front With a Famous New Brunswick Battalion

Private Fred George of this city, the eldest son of a widowed mother, has given his life at the call of his country. He enlisted in a famous New Brunswick infantry battalion when it was organized two years ago and had been continuous service with his unit, being one of the very few of the original members who continued in the ranks at the front until recently without suffering from wounds or sickness.

MAIL SERVICE IN CHAOTIC STATE

New York, March 2.—To remedy in a measure the present chaotic condition of the mail service between the United States and Canada, the postmaster general of New York has suggested to the postmaster-general that foreign mail be forwarded in units daily registered in the office of the postmaster general.

PAINTERS' WAGES

The request of the Painters' Union for an eight hour day at forty-five cents an hour has been accepted and this morning the majority of the men went back to work. They had been offered forty cents but held out for forty-five.

FERRY DEPARTMENT RETURNS

The records for the ferry traffic for February and the comparison with the corresponding month last year are as follows:

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis.—The pressure remains abnormally high over the continent with a continuance of fairly cold weather in Canada.

Fair and Cold

Maritime.—Moderate westerly winds, fair and cold today and on Saturday.

New England forecast.—Cloudy to light, moderate variable winds.

KAISER IS ILL

Severe Chill Keeps Him Indoors and the Doctors Advise Caution

London, March 2.—The German emperor is suffering from a severe chill, according to a Berlin report received by the Exchange Telegraph Company by the way of Amsterdam. It is said that he is compelled to remain indoors and receives the ministers and communicates with his lieutenants.

ST. JOHN MAN OF THE 65TH HERE FROM OVERSEAS

Sergeant William Johnson of Calgary, formerly of St. John a member of the 65th Battalion, arrived in the city on Wednesday morning and is the guest of W. G. Roberts of the C. G. R.

THE ROCHESTER AT BORDEAUX

Paris, March 2.—The American freighter Rochester has been greeted at Bordeaux with the same enthusiasm as was shown in the case of the Odessa.

THE 165TH

The 165th battalion was inspected this morning in platoon and company drill by Major A. J. Jones, chief staff officer of Military District No. 6, who was assisted by Lieut.-Col. Mersereau, recently attached to the staff of the New Brunswick command.

M. BOURQUE OF FOX CREEK, N. B., IS KILLED IN ACTION

Moncton, March 2.—Marcellin Bourque, formerly of Fox Creek, has been killed in action. He had been living in western Canada since 1901 and went overseas as a member of a western battalion in last November.

GERARD THROUGH THE DANGER ZONE

London, March 2.—A Spanish steamer received from the wireless despatch received from Bremen's G. G. Gerard, former American ambassador to Germany, and his party are passengers, says "Fisheries", 3.30, Wednesday.

SWISS ARE HIT BY BRITISH BAY

Berne, Switzerland, March 2.—Great Britain's bay in importations is expected to affect very seriously the Swiss lace industry. A large number of manufacturers at St. Gall announce suspension of operations or a great diminution of output. Many employees have been served with legal notice of discharge.

BURIED TODAY

The funeral of John McKenna took place this afternoon from Brennan's undertaking parlour. Services were conducted by Rev. Walter P. Dunham and interment was made in Greenwood.

NEWS OF MORE PLOTS FOMENTED IN STATES

Attempt to Make Trouble in India and to Embroil America With Other Governments—Situation in Washington Today

New York, Mar. 2.—A Herald despatch from Washington says: Continuing the exposure of German intrigues in the United States to foment warfare and embroil the United States with foreign governments, the Herald today received from official sources information of revolutionary plots and expeditions attempted by German officials and agents in this country against India.

The British government has executed a death sentence against at least ten of the conspirators from the United States. In other instances would-be instigators of insurrection in this country have been mysteriously murdered just at the time their testimony seemed available.

Washington, March 2.—Passing of the first shock of yesterday's authenticated disclosure that Germany plotted to invade Mexico and Japan to war against the United States found government agencies today more closely united in spirit against threatened danger and awaiting with keen interest official statements from Mexico and Japan defining their attitudes. Officials confidently looked for expressions of friendship from both and consequent collapse of the German intrigue.

Nevertheless, preparations were hurried all along for whatever may confront the nation. The bill authorizing President Wilson to arm ships and providing a bond issue of \$100,000,000 passed by the house late last night by a vote of 408 to 18 after ten hours of an enthusiastic debate, was in the senate's hands and action was expected late today or tonight.

The despatch says that the patient's condition does not cause anxiety but that his doctors insist on great caution.

They reached here with only the clothes they stood in and will, under the custom of the sea, be supported by the British consul until it is possible to send them home. They owe their release before the remainder of the Americans who were on the Varrovalde to the fact that, as physicians or veterinarians, they ranked as officers and were confined in the officers' camp at Karlsruhe. The horse tenders and sailors who comprise the bulk of the American captives are still held in "quarantine" at the prison camp (for enlisted men) at Dulmen.

The four men left the camp at Karlsruhe on February 27 and were put aboard direct under escort to Warnemunde wharf, after being subjected to the usual frontier search, they were put aboard the Danish ferry and left to shift for themselves. The Danish police took charge of them upon their arrival in Denmark, and provided railroad transportation to Copenhagen.

Mr. Eichholz said that a few days ago a small experimental apparatus in his home on Neville Island sank a small "dumby" submarine in the Ohio river five miles away. The destroyed model was built of steel. It had been submerged to a depth of ten feet.

All submarines, while under water, are propelled by electric storage batteries which throw off a gas that pervades the hull. This gas, Eichholz says, he detonates by the wireless current and destruction follows. The apparatus will be submitted to the government at once.

BLOW SUBMARINES UP BY WIRELESS

Engineer in Said to Have Invented Device That Does Its Work

New York, March 2.—A special despatch to the World from Pittsburgh, Pa., says: Theodore Eichholz, a young engineer and architect of this city, has invented a wireless device that may be used to destroy submarines by causing an explosion of gases that are always present for a diver's storage tank.

Mr. Eichholz said that a few days ago a small experimental apparatus in his home on Neville Island sank a small "dumby" submarine in the Ohio river five miles away. The destroyed model was built of steel. It had been submerged to a depth of ten feet.

GERARD THROUGH THE DANGER ZONE

London, March 2.—A Spanish steamer received from the wireless despatch received from Bremen's G. G. Gerard, former American ambassador to Germany, and his party are passengers, says "Fisheries", 3.30, Wednesday.

SWISS ARE HIT BY BRITISH BAY

Berne, Switzerland, March 2.—Great Britain's bay in importations is expected to affect very seriously the Swiss lace industry. A large number of manufacturers at St. Gall announce suspension of operations or a great diminution of output. Many employees have been served with legal notice of discharge.

BURIED TODAY

The funeral of John McKenna took place this afternoon from Brennan's undertaking parlour. Services were conducted by Rev. Walter P. Dunham and interment was made in Greenwood.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

MORE THAN EVER FRIEND OF ALLIES

Senator Hale of Maine Home From Battle Front. Saw Premiers. Talked With Lloyd-George and Briand—Brings Encouraging News From Eng. and France—Confirms News of Capture of Submarines.

New York, March 2.—United States Senator Frederick Hale of Maine, who has been in the Allies' trenches in France, and was under German fire at Ypres, arrived home on the mercatoric Inland. He went abroad early in January, spent a week in London conferring with British statesmen, then went across to France, accompanied by Lord Murray, a former Liberal whip of the House of Commons, and spent a week in France. For two days he was a guest at the French headquarters and was given every opportunity to see what was going on.

In London he talked with Lloyd George, Asquith, Lord Northcliffe, Lord Bryce and other notable British leaders. In France he had interviews with Briand, the editor of Figaro and Berthelot, and other French statesmen, and was given every opportunity to see what was going on.

His sympathies were with the Allies from the start. He returns after seeing and hearing what is going on, convinced more firmly than ever that the Allies' cause is just and deserves the support of the American people.

In his talk with Lloyd George, he says that the latter told him that he was anxious for the United States to get into the war, and he was equally anxious to have the United States in at peace conference when the war is over.

"When I left this country to investigate conditions in England and France, I expected to find quite a peace party in both countries," said Mr. Hale, "but in fact, I found a peace party in France, but there is a feeble demand for peace in England. English political leaders, however, disregard it and are determined to fight the war to a finish. France is enthusiastic and united in the war. The spirit of the French people is splendid and does justice to that noble race."

In England I got the impression that the British public has set his jaws and nothing will pull him off until the war is victorious, and only the Allies' France is equally determined."

Lloyd George, he understands, would welcome active participation by the United States even if this country did not actually send troops abroad to help the Allies. The moral effect of such action, English leaders of public opinion think, would have a tremendous effect on the conduct of the war.

This country, he reported, Lloyd George saying, could be of tremendous advantage to the Allies in contributing credit, food and supplies to the Allies' cause, which would be even of greater benefit than contributing to the armed forces against Germany. America, Lloyd George remarked, could do much toward conveying vessels to and from America.

Lloyd George also told Mr. Hale that he would be glad if every member of the United States congress would go over to England and France and get into touch with the situation, thus arriving at a better understanding of the great conflict, expressing the opinion that if members of congress would do this the Allies could count on American support and friendship in the war.

"While I found no real suffering for food in England," said Mr. Hale, "nor in France either, I found that in both countries they are conserving their food supplies. For example, in England they are limited to two courses for breakfast and luncheon and three courses for dinner. To be sure, food prices are high in England and France, but in many cases not any higher, if indeed, as high as they are in this country."

"France, I was told, is short of coal, but this is being remedied by French supplies from the English coalmine."

He also said that the English felt sure that at last they were in a position to curtail U-boat damage, and from now on he was told the public could get away for some real surprises for the Germans. He corroborated the story that many German U-boats had been captured and are secretly held tied up in English ports. He did not personally see the Deutschland or the Bremen, which rumor says are in British hands.

To Bring Unit Up To Strength

May Go Overseas Soon — N. B. Officers Honored — Seven Recruits a Sterday

The 16th Field Ambulance, C. E. F., under the command of Lieut.-Colonel G. G. Corbet, is likely to proceed overseas in the near future. The unit has a total strength of 146 men and needs a total of 192 to complete its complement. It is reported that this unit will be part of the 8th Canadian division which will likely be sent to France in the spring.

Captain Disbrow of Dalhousie, who returned from England some time ago owing to ill-health, has been attached to the military hospital in St. James street. He reported for duty yesterday.

In the second list of Canadians who have been brought to the notice of the military authorities for valuable services rendered during the war, appears the names of Captain Rev. J. H. MacDonald and Captain H. C. Mercier, of New Brunswick.

It is said that a special construction company will arrive in the city in the near future and take up quarters here. The new unit comes from Regina.

Seven recruits were secured in the city yesterday: Robert J. McNichol, St. John; Canadian Engineers; William J. Lacey, St. John; 21st Battalion; George C. Miller, Joggins, N. S.; Machine Gun Draft; Michael Miller, St. John; Army Service Corps; William Copeland, St. John; Edmund Michael, Caracquet, 16th Battalion; E. A. Bailly, Westport, No. 9 Siege Battery.

Several officers and men of the 16th and 200th Battalions will take special

courses in bayonet fighting and musketry at Halifax beginning March 5. The officers and men from the 16th are: Major Gallant, Lieutenants A. J. Cyr, E. A. Legere and J. A. Blanchard; Sergeants A. LeBlanc, H. LeBlanc, H. Bourreau, E. Legere, L. Chaisson, Corporal E. LeBlanc, Lance-Sergeant T. Germain, N. S. Association, Company Sergeant-Major A. N. Roy, and Lance-Corporal L. Belliveau.

The officers and men from the 200th Battalion to take the course are: Major C. J. Morgan, Lieutenants F. H. McEahan, H. A. Seely and A. C. Baldwin, and Sergeant W. L. Delaney, Lance-Corporal L. Stickle, Privates W. R. Barlow, H. O. Peters, C. McAleese, Sergeant E. D. McLean, Lance-Corporal D. Downes, M. Shaw, C. Watson, G. E. Lawrie and A. Buchanan.

SUNDAY SCHOOL CONVENTION TO MEET IN WOODSTOCK

At a meeting of the executive of the New Brunswick Sunday School Association yesterday, E. R. Machum presiding, the invitation to hold the provincial convention in Woodstock next November was accepted. Rev. J. W. Brown, Ph. D. of Middle Sackville, was elected to superintend the adult department work. The summer school for Sunday school workers to be held next August may be postponed a week to accommodate the convention. The observation of "Association Sunday" was considered, and action deferred.

Chatham District Meeting.

The Chatham (North Shore) Methodist district meeting met in Chatham this week. Considerable attention was devoted to the missionary work of the church. It was decided to seek a ten per cent increase in missionary contributions and to organize missionary departments in the Sunday schools.

The Tooth-Paste with a Real Purpose.

Minty's Tooth Paste produces a definite salubrious result—its real purpose is to thoroughly cleanse and sensitize the mouth and eliminate the cause of tooth decay.

Minty's Tooth Paste

"Cleans the Teeth and Sterilizes the Mouth and Gums."

Two visits a year to your dentist and the twice daily use of Minty's Tooth Paste insure sound teeth and perfect mouth health.

The flavor is delightful—the action completely satisfactory—the effect lasting—the cost 25 cents a tube.

Ask your druggist about our "Money-back" guarantee.

Sun Rises... 7.04 Sun Sets... 6.08
Time used is Atlantic standard.

John Waters was taken into custody at Passages yesterday by Detective Duncan, charged with the theft of a horse and wagon, the property of John Gynn and valued at \$150. The police say that the rig has been sold but the horse has been recovered.

Half a dozen offenders, who have been sentenced to short terms in the county jail, were given an opportunity on Wednesday to do something for their country. They immediately volunteered to become members of a crew of a steamer in port and were allowed their freedom.

The largest registration of pupils recorded in many years was announced last evening at the quarterly meeting of the Sunday school teachers of the German street Baptist church. The average attendance for the quarter ending last Sunday was 281 out of a total enrollment of 492. Several other reports were submitted and all were satisfactory.

A concert and pie social given Wednesday evening by the Ladies' Auxiliary of the Methodist church at Sea Dog Cove, Summersville, netted \$38.10. The amount will be used for church purposes. Those taking part were Miss Eva Spencer, Jean Hughes, H. Hughes, William Hughes, Edie Puddington, Mabel Miller, Mrs. McColgan, W. Spencer, William Gamble, Thomas Birkin, Joseph Steep and Albert Steep.

"The High Cost of Living" was out at the carnival last evening in the Victoria rink. There were about 600 people on skates and in costume. Miss Iliada Corkum costume to typify the high cost of living, all tagged with the staggering prices of things we eat, carried off the first ladies' prize; Miss Golder, as a Grecian girl, won the second and the third went to Miss Lillian Canning as Miss Columbia. The ladies' combination prize went to Miss Stella Wyman and Miss Gladys Woods, as Soldier-Girls. Albert Babineau won the first in the gentlemen's prizes, as Charlatan; Louis McDougall, second, as a Southern judge, and Percy Kerman third, as a pug. Messrs. Joyce, Garnett and Wetmore won the combination prize depicting a logging scene in New Brunswick.

Lecture on Serbia

A very interesting lecture on Serbia was given in the Natural History Society Museum yesterday afternoon by Mrs. Edmond Raymond, under the auspices of the ladies' association of the society.

The lecture was well illustrated with upwards of 100 reflectoscope pictures, some of which were original photographs taken by Dr. Travis during her stay in the Balkans.

Capt. Burns to Shore Post.

Captain A. W. Burns of the government steamer Lansdowne, has retired from the command of that vessel and has been given a position in the department of marine and fisheries as assistant ship's husband and surveyor of stores for the port of St. John. Captain Burns was born in Digby, N. S., and followed the sea from boyhood. In 1890 he was appointed chief officer on the Lansdowne and in 1900, on the death of Captain Bisset, was appointed to command the steamer. Captain Nelson A. Withers succeeds Captain Burns as commander of the Lansdowne.

Suffered From Severe Headaches FOR TWO YEARS

Headaches are many and varying; but when the head starts to ache you may be sure there is some chief cause. The stomach may be wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that unless the cause is removed some harmful disease is liable to assert itself.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches and has proved itself to be a remedy that cures where others fail.

Dr. E. L. Abbott, of New York, writes: "I am only too glad to be able to state that I derived wonderful benefit from Burdock Blood Bitters. I suffered from severe headaches for two years. I was treated by several doctors, but to no avail. I had used many other remedies, but I had heard of B.B.B., and I at once procured two bottles and in a short time I was completely cured. I am, and always will be, grateful for what Burdock Blood Bitters has done for me. I am glad to recommend it to all who suffer from headaches."

B.B.B. is the oldest and best known blood medicine on the market today, having been manufactured for the last forty years by The T. Millburn Co., Limited, Toronto, Ont.

Strongly Recommended

"This is no respecter of persons," says Dr. E. L. Abbott, "and I have found that anti-kamnia tablets are equally as effective for women as they are for men. Therefore, in any disease where pain or fever exist either separately or together, anti-kamnia tablets have their place. For instance, I have used them with most gratifying results in the treatment of all kinds of influenza, migraines, colic, grippe, and its after effects; as a sedative in indigestion, gastritis, dyspepsia, hysteria and neuritis; in all nervous and hysterical conditions, and in some acute and chronic insurptions, ear-rhinitis, and gonorrhoea. I can say that Red Cross Tablets will quickly give you the desired relief. Obtainable in every quantity desired. Ask for A-K Tablets."

INQUEST INTO THE DEATH OF J. T. GUS G. CHEESEMAN

That the accident on the morning of Feb. 22 at Fairville, which resulted in the death of C. P. R. Engineer Julius G. Cheeseman, was caused by five freight cars not being properly secured on the siding, due to defective brakes and lack of experience of the brakeman in charge, was the substance of the verdict of the coroner's jury which, in the court house last evening, listened to the evidence of witnesses of the accident. The hearing was conducted by Dr. W. F. Roberts, coroner, the jury consisting of B. Fowler, foreman, and J. Irvine, F. McLean, F. H. Probate, Geo. Currie, W. L. Walsh and P. S. Cosgrove.

Those who testified at the inquest were: Conductor Michael M. Sullivan, brakeman Walter F. O'Leary, Dr. J. H. Allingham, Dr. F. L. Kenney, Edward Kane, locomotive engineer; Francis J. Quilley, fireman; Andrew A. Lyon, fireman, and David H. Ryan, assistant superintendent of the C. P. R., New Brunswick division.

A POISONOUS PROPAGANDA

"If the English-speaking electorate submit quietly to the humiliation, the Acadians and their church will soon be in absolute control of the government and the affairs of the province."

The English and Acadians have dwelt in amity ever since New Brunswick became a province. The Acadians have proved themselves good citizens. They have been thrifty and law-abiding. They have established educational institutions and developed the very desirable faculty of minding their own business.

The Standard and Gleason are not at present calling attention to the fact that in the recent Dorchester, Quebec, by-election the literature circulated in support of Hon. Albert Bourgeois, included a fiery signed article by Mr. Henri Robitaille, denouncing Sir Wilfrid Laurier as the first to send Canadian troops abroad to aid Britain in her wars.

VERY FOOLISH TACTICS

The Murray government press appears to be foolish enough to believe that it can create dissension in the opposition ranks. That is because it measures the opposition by the government standard and assumes that everybody is after something for himself.

Frederick Mall—"It is most regrettable that at a time like this, when thousands of New Brunswick boys—both French speaking and English-speaking—are fighting for the liberty of the world on the soil of France, that an effort should be made by the hiring press of a beaten and discredited party to raise the race cry against men of French blood, who have long made their homes in this province."

The Standard says that "twenty members of the opposition will take their seats as the direct result of 'working the country to the hilt' by the intelligents of the Acadian people will not be forgotten. They are not any more really 'worked' than are those who answer the crack of the Standard's whip when it wants to raise the race and religion cry."

The Win-the-war Convention to be held in St. John next Tuesday is to be a non-partisan effort to unite with other provinces to bring the best minds of the country to bear upon the great war problems and after-war problems, and to formulate plans for their solution. The need of decisive national action is imperative, and partnership must go by the board.

AWAKE AT LAST

The world is realizing more and more fully the extent of the German menace of 1914; and the fact that the action taken by Britain practically saved civilization. It is also clear that if Germany had not made a miscalculation, and had been content to wait a few years longer before striking the blow for world-domination, the danger to the world would have been indefinitely increased.

UNDER PROHIBITION KINGSTON NEEDS ONLY HALF AS MANY POLICEMEN Kingston, Mar. 2—Kingston's police force is to be reduced as a result of the new Ontario liquor law, which has so decreased the work of the constables that the force could almost be cut in two. It happens that today two police men resigned, and their places will not be filled. Mayor Hughes will ask the Police Commission to cut off four more constables, and save the city \$3,000.

BRITISH WANT Submarine News

Secrecy Said to Have Bad Effect on Both Optimists and Pessimists - Minister of Psychology Required?

London, Mar. 2—Wanted—A Ministry of Psychology!

If the War Cabinet paid sufficient attention to the psychology of the nation it would realize that the publication of consistent and persistent British losses from submarines, unrelieved by any tidings of the toll that is being taken of the enemy's submarines, has a depressing tendency. The people want information as to the approximate number of new submarines of the type which are now operating which have been sunk since the real beginning of the new U-boat campaign—and they want it now.

The present practice of withholding information on this point works double harm.

On the one hand, there are the people who say that the figures of the enemy's submarine losses are not being published because there are none to publish. It would be but bare justice to the navy to stop the growth of this kind of idea.

On the other hand, there are people who understate the submarine menace, country or by some other nation.

FOR RELIEF OF THE ARMENIANS AND PEOPLE OF SYRIA

As a result of the annual meeting of the American Committee for Armenia and Syrian Relief, a nation-wide campaign is being organized for the collection of enough funds to raise the individual allowance for the support of refugees in Western Asia from a cent and a half to ten cents a day for each refugee.

To do this it will be necessary to raise five million dollars a month. This is the only war-stricken land where the people are not aided by their own government or by some other nation.

Believes She Was Saved From Stroke of Paralysis

All One Side Was Cold and Powerless When She Began Using Dr. Chase's Nerve Food

A dead nerve cell can never be replaced. In this way it is different to other cells of the human body. But feeble, wasted nerve cells can be re-energized, and their lives hope.

In this fact is also a warning to take note of such symptoms as sleeplessness and loss of energy and ambition, and restore the vitality to the nervous system before some form of helplessness results.

Nervous prostration, locomotor ataxia and paralysis are the natural results of neglecting to keep the nerves in healthful condition. The use of Dr. Chase's Nerve Food when you suspect there is something wrong, will soon restore vitality to the nervous system, and thereby prevent serious developments.

Mrs. Merritt Nichols, R. R. No. 3, Dandak, Ont., writes: "I take pleasure in writing to tell you the great benefit I

I have derived from the use of Dr. Chase's Nerve Food. I was so nervous I could not sleep, and found it hard to get my work done at all, but, having no help at the time, had to do the best I could. Finally my left arm became powerless and cold, and this compelled me to get worse until my whole side was affected, head and all. I decided to try Dr. Chase's Nerve Food, and the first box helped me so much that I used several, and believe that this treatment saved me from having a paralytic stroke. It has built me up wonderfully, and I can recommend it most heartily, believing that if more Nerve Food were used there would be much less sickness."

Dr. Chase's Nerve Food cures in nature's way by nourishing the feeble, wasted nerves back to health and vigor. Fifty cents a box, all dealers, or Edman's Sons, Bates & Co., Limited, Toronto.

Sufferers From Kidney Ailments

Should Remember This

Dr. Kilmer's Swamp-Root has been a part of my stock ever since I bought this store, and during the five years that I have been selling it I have never heard anything but words of praise from my customers who have tested its value in the different conditions for which it is intended. It is a very good seller and certainly must do what is claimed for it or the sales would not repeat.

Very truly yours, A. W. KIMBALL, Derby, Vermont.

May 22, 1916.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the St. John Daily Telegraph and Times. Regular 50c. and \$1.25 size bottles for sale at all drug stores in Canada.

WOMEN! MOTHERS! DAUGHTERS!

You who are pale, haggard, nervous, irritable, who are suffering from indigestion, who are unable to get your blood purified, who are suffering from iron deficiency, who are suffering from anemia, who are suffering from weakness, who are suffering from nervousness, who are suffering from depression, who are suffering from all these things, take Dr. King's Kidney Pills. They will increase your strength and give you a new lease on life. They will give you a new lease on life. They will give you a new lease on life.

Dr. King's Kidney Pills. They will increase your strength and give you a new lease on life. They will give you a new lease on life. They will give you a new lease on life.

Want Wage Increase

Yesterday the painters' union "went out" and demanded an increase from 87 1/2 cents an hour to 45 cents an hour. Owing to the tremendous rise in the prices of oil, colored paints, fine colors, white lead and brushes the cost of painting already has increased greatly. The master painters showed the men where this big increase in wages would be of injury to themselves as the householders would boycott them if they demanded such an increase. A compromise may be reached and 40 cents an hour may be asked.

A SIGN OF PROSPERITY

The judicious use of good Jewelry is an indication of prosperity and the better the quality the more dignified the design and the greater prestige does it carry.

JEWELRY

of just this character predominates throughout our entire display, which embraces both the latest novelties and conventional patterns.

THE TORY PARTY IN CANADA IS "GOING UNDER"

(Halifax Recorder)

The tory party in Canada is "going under" about as rapidly as even its worst enemies could wish it to go during the past two years in parliament. During that time there have been six provincial elections as well as a number of individual contests. In the case of the latter, the one noticeable thing is this, that neither in the federal nor provincial field have the tories maintained or increased their majorities in a single instance. When they did not lose the constituency—which happened in less than half the cases—they only held it by a reduced majority, so vastly reduced in some cases as to be tantamount to a defeat. The most remarkable example of such a defeat was in the north-west, Toronto where a tory majority of 4,000 but two years previously was wiped out and the Liberal was elected by nearly seven hundred.

The provincial elections show a most extraordinary movement towards Liberalism. In Prince Edward Island late in 1914, the battle of the ballots saw the Liberal membership of two rise to thirteen in a house of 80 members. In Alberta in 1914, thirty-four Liberals and seven Tories were elected, since which time four more Liberals have been returned in various by-elections. In 1916 there occurred a memorable election in Quebec in which seventy-six Liberals and five Tories were sent to the assembly. In the New Brunswick—reports which show that the tide is still at full flood. In a house of forty-eight members the Liberals elected twenty-seven to twenty-one for the Tories, a net Liberal gain of twenty-four seats, a most extraordinary performance. During the period referred to in a single instance increased or obtained their majorities in the few constituencies held. This is an extraordinary run of success for a party which has been in power for nearly twenty years. In the New Brunswick—reports which show that the tide is still at full flood. In a house of forty-eight members the Liberals elected twenty-seven to twenty-one for the Tories, a net Liberal gain of twenty-four seats, a most extraordinary performance. During the period referred to in a single instance increased or obtained their majorities in the few constituencies held. This is an extraordinary run of success for a party which has been in power for nearly twenty years.

HOW TO GET STRONG

A Simple Remedy

Whatever the cause, we want to say to every person who needs strength, you need Vinol as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass.

"I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation, and Vinol restored my strength. My grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healy, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator—due to the beef and cod liver peptones, iron and manganese peptones, glycerophosphates all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it.

The Ross Drug Co. Limited, Watson's Drug Store, St. John, N.B., T. H. Wilson, Fairville, N.B. Also the best drugists in all New Brunswick towns.

at her residence. She was sixty-eight years old.

Thomas W. Humphrey, of St. Stephen, died yesterday morning from heart trouble. His wife, three daughters and one son survive.

Suffer With Heart For Ten Years

Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The smothering and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use these pills. I had suffered for ten years with my heart, and it was only after using Milburn's Heart and Nerve Pills that I was able to do my work."

The T. Milburn Co. Limited, Toronto, Ont.

RECENT DEATHS

Joseph Morrow.

Just eight days after the death of his wife, Joseph Morrow passed away last night at the home of his daughter, Mrs. Dennis Connolly, 487 Chealey street, following a brief illness of pneumonia, which leaves to mourn the bereaved, Mrs. Morrow, William, of this city, and Urban, at home; also two daughters, Mrs. Dennis Connolly and Mrs. John Cummings.

Mrs. W. H. Woodberry, of Beverly, Mass., died yesterday at the home of her brother, James O. Patton, Mount Middleton, Kings county.

The death of Mrs. H. A. Thomas, of Fredericton, occurred yesterday morning.

Manchester Robertson Allison, Limited

MR. PINDER REBUKED.

(Fredericton Mail)

Mr. Pinder received a well merited rebuke last night as he sat in the lobby of the Barker House. He was asked his opinion concerning the defeat of the Murray administration, and at once replied that it was due to the "Blankety-blank Frenchman."

A bystander who overheard the remark took him to task at once.

"Would you call Hon. D. V. Landry a blankety-blank Frenchman?" he was asked. "Would you dare to refer to senior Bourque as a blankety-blank Frenchman?"

The bystander went on to inform Mr. Pinder that his own record in public affairs did not fit him for the role of critic of any section of the province. Mr. Pinder appeared to be rather subdued after the rebuke had been administered.

Fansels of Premier Clarke.

R. E. Armstrong returned to the city last night after attending the funeral of Hon. George J. Clarke, former premier of the province, whose body was interred at St. Andrew's yesterday afternoon. The funeral, he describes as most impressive. About fifty members of St. Stephen's Masonic Lodge of St. Stephen accompanied the body to St. Andrew's.

Yankees Have Hard Work Out At Training Camp

In Addition to Baseball Practice They Are to Have Military Drill

Macon, Ga., Feb. 27.—Between military and baseball training the Yankees and their bosses put in a full day's work. Captain Huston made progress in his pet scheme of military drill for ball players and the Yankees are likely to be the first team to bring that project to fulfillment.

Manager Donovan, with more fine weather to urge him on, lengthened the baseball practice and had his outfit out morning and afternoon. Work for the pitchers and two batting staves formed the biggest part of the day's baseball, although practice for the outfielders filled in and kept the wheels turning.

At Watters, the young catcher, was among those who labored. He was just in from California and is the nineteenth player on hand. He is small and factious, and earned a severe reprimand from Richmond, and who lives on a farm near here, furnished the soil long enough to motor over and sign a contract. Then he returned to continue farming until the end of the week. Bankston was a .325 batter in the International League last year, and is a sprinter.

All of the pitchers did their bit, but in addition to the usual early season employment of the arm there was a special assignment in perfecting control, in which Mogridge, Cullop, Love and Ross, all southerners, and Enright and Percy, right handed youngsters, took turns on the mound, and were caught and coached by Alexander and Duke Farrell.

Morning and afternoon batting drills were ordered. The participants in these were Gillooley, Malise, Hendryx, Alexander, Walters, Shaw and Shawkey, in that order.

Captain Huston sent the following word to Major Derry, U.S.A., at Governor's Island: "Sergeant Gibson, on recruiting duty here, says he has an efficient force which will readily permit him to give two hours or so each day to drilling our baseball club, and he is anxious to do the work for us. If you can have him made available to drill us, it will quickly start the movement here and will make it easier to get a commencement at our camps."

After attending to this, Captain Huston scoured around to see what arms he could dig up for the ball players' drill.

CAUTION!

WARNING—THE COLLECTOR—Dust Sweeping Powder Co., who manufacture their goods under four different patents granted by the Canadian Patent Office, for the highest grade sweeping powder on the market, warns the public against worthless imitations. Mr. Frazee believes there will be no trouble with the latter two. George Foster, who announced at the end of last season that he was through with the game for good, but who changed his mind and thought he would give it another whirl, kicked out the amount of salary provided for in his contract and became a hold-out.

At a meeting of the Canadian Imperial League last evening in the new rooms in the Walker Building, Dr. James Manning, presiding, a resolution was passed that a memorandum be sent to the minister of militia setting forth that some form of compulsory service is now necessary and should be adopted.

Harold Janvrin Signs Contract Star Utility Man of Champion Red Sox Comes to Terms With President Frazee (By Edward F. Martin in the Boston Globe)

Harold Janvrin has signed his contract for 1917 with the Red Sox. He put his signature to the document at the Dexter Building today after a long conference with President Frazee, in which Manager Barry figured at times.

Janvrin was not a bit unreasonable and that after a little figuring with a pencil and paper reaching an agreement was easy. It is believed that Frazee raised the figures for Janvrin, not much, but enough to satisfy the conscientious Roxburyite.

The club has decided to take Pitcher Dick McCabe to the training camp. He was carried for two years by Carrigan, and last year was let out at various times to Buffalo, Hartford and Lynn, a lame arm keeping him from showing anything. He will now get another chance, and hopes to profit from it.

CHEW King George's CHEWING TOBACCO AND ENJOY THE LINGERING FLAVOR CHOICE RICH SAPPY TOBACCO SEASONED AND SWEETENED JUST RIGHT SOLD EVERYWHERE 10 CENTS A PLUG The Rock City Tobacco Co. Limited

WILL ISSUE BADGES TO THOSE ENTITLED Ottawa, Mar. 2.—The following memorandum has been issued by the Minister of Militia:

"As a number of enquiries have appeared from time to time with reference to badges for discharged soldiers and men who have applied for service and been rejected for various reasons, in which it has been intimated that these badges were to be issued or sold by private organizations or concerns, it is considered desirable to point out that an order-in-council has been prepared and will shortly be promulgated, dealing with this whole subject.

no persons other than those to whom badges have been duly issued shall wear any such badge, and it will be illegal to manufacture, sell, purchase or wear any other badge purporting to be for such purposes as provided for in the order-in-council. Heavy penalties will be provided for infringements of the order.

THE STORY OF AN OVERCOAT

A daring piece of thievery was committed in a home in Peters street on last Saturday night. About nine o'clock a short, ragged person with a peaked cap pulled over one eye, slipped into a vestibule, stole noisily up stairs to the front hall of the up-stairs flat, and made a grab for an overcoat that was hanging over a banister. As he was making his way down again he was noticed by one of the household who, thinking that it was one of the members of the family, let the incident pass without thought. Then becoming suspicious the incident was investigated and the man was seen making his way down Peters to Waterloo with an overcoat under his arm. The coat that usually hung on the banister was then missed. The matter was reported to the city detectives, who searched the vicinity, but no trace of the coat or the man was to be found. He had made a successful getaway. But, fearing lest he would be eventually discovered the coat was returned but not to its former resting place. It was found early the next morning in the alley way adjoining the house neatly folded. A new pair of gloves was missing.

AT THE CARNIVAL
At last evening's carnival the winner of the gentlemen's third prize was Percy Kerrigan, who impersonated a page.

LOCAL NEWS

NORTH END PROPERTY SOLD
A two-family dwelling in Clarendon street, owned by H. R. Fairweather, has been sold to Henry Footbrock through C. B. D'Arcy, real estate broker.

COUNCIL MEETINGS
As there was no quorum for the common council committee yesterday afternoon, the committee will meet on Monday afternoon.

WAS POSTPONED
The examination of the Home Nursing Class, which was to have been conducted last evening by Dr. Emery, Major Bishop and Dr. Kenney, was postponed out of respect for the memory of Dr. Hogan, the able and kindly instructor of the class.

"KHAKEE CLUB" ENTERTAINED
Members of the "Khakee Club" and their friends were entertained last evening by Mrs. Fred McMullin and Mrs. A. G. Brown at the home of Mrs. McMullin, Bridge street. The evening spent pleasantly with music, games and dancing.

MR. WINCHESTER'S CASE
Albert Winchester, reinstated by the common council as superintendent of streets on Tuesday, last evening resumed his duties. Commissioner Fisher said this morning that Mr. Winchester is not on duty and had nothing to add in explanation of the situation.

THE CATCH BASINS
The catch basins around the city streets are freezing up almost as fast as the department of water and sewerage can thaw them out. The flow of surface water at noon times freezes as it flows into the basin and makes the catch-basins being kept busy day and night on the work of keeping them clear.

NOT COMING HERE
The military officials a few days ago received word that a special construction battalion from Regina would make their quarters here for a few days. It was learned this morning that the unit will not come to St. John, but will proceed to Halifax. No further particulars were received.

INTEREST IN REPORT OF SHIPBUILDING PLANT ON THE MIRAMICHI

The Times' report of plans to erect a large steel ship-building plant on the Miramichi created much interest in this city. Shipping men seem unanimous in the opinion that it would be a good place for such an industry, as iron ore is available and also owing to the fact that there is a good opportunity of getting an abundance of coal for smelter purposes.

That the men behind the movement mean business is evident. It is said on good authority that stock was offered to local capitalists and that Montreal capitalists are interested.

The site of the proposed plant is said to be an adequate one for such an industry, and if plans materialize, it is said that it will be one of the most modern ship-building plants in America.

A CASE ABOUT DOGS

"Pigs is pigs and ducks is ducks," but it was a case of dogs is dogs in the police court this morning. Harned for keeping several ferocious animals called dogs in her premises in Erie street. Policeman Henriksen made the report. He and Jacob Spragg, a coal dealer in Brunswick street, gave evidence on the case. The defendant had several canine individuals which were not of first-class winners and were annoying to passers-by by running out in threatening manner barking savagely and making all kinds of actions as if to bite. In some cases, it was said, the dogs had attacked people.

The defendant said that the dogs were very playful and that they would not bite. This might have carried weight had not she made known to the court that one of the pet names applied to one of the mongrels was "Dynamite." One of the court officials suggested that this was not a very safe name for a dog. With this remark the case was laughingly disposed of and the magistrate said that the defendant would have to satisfy the police and muzzle the whole canine tribe.

POLICE COURT

As a result of a raid in a house in Brussels street about six o'clock last evening, William Cook and his wife and Della Coveny were arraigned in the police court this morning. The two former on the charges of keeping a disorderly house and the latter with being an inmate. They denied the charge.

Detective Barrett said that while he was at supper last evening his attention was called from his part of the house across the hall, where the defendants live. There was loud talk, with swearing and a general commotion. He went in and told all hands to keep quiet. He was forced, he said, to telephone to Detective Briggs and the two, after useless attempts to restore order, were forced to arrest all hands. There had been drinking, he said. Detective Briggs gave a like evidence as did Deputy-Sheriff Clifford. He had a message to the house and on the way out he heard general commotion across the hall.

Two children were found in the house, one three months old and the other about four years. Neither belonged to the people who occupied the house. They said that they were getting \$4 a week for keeping each child. The magistrate said that this was a bad business. He sent the woman Coveny, to the House of the Good Shepherds for nine months. She said that she had three children, all of whom were in the Good Shepherd's Home at present. She had been in court before.

Owing to the good word spoken on behalf of the Cook family by David Watson, for whom the defendant works, and some others, Cook and his wife were allowed to go.

Mr. Watson said that he had known Cook worked for him for five years and during the last two years he was working steadily with him. He was a hard worker and the witness said that he had confidence in him.

The two children are now in the care of the Children's Aid Society.

Six other prisoners were all charged with drunkenness. They pleaded guilty and were fined \$8 or two months in jail.

CITY SHOCKED BY NEWS OF DEATH OF DR. HOGAN

Brilliant Young Physician Succumbs to Pneumonia After Illness of Few Days

Though a paragraph in the Times yesterday announced the very serious illness of Dr. Francis J. Hogan of North End, news of his death, which occurred about six o'clock last evening, came as a shock to the city. He had been in vigorous health but a few days before, attending to the demands of his practice when he

DR. FRANCIS J. HOGAN

Dr. Hogan was stricken with pneumonia. Even so late as Tuesday of this week he was out. Doctor Hogan, though but nine years a physician, already had won a high place in the profession and in the esteem of the community. He was a son of Mrs. Julia Hogan and the late Michael Hogan and was but thirty-five years old. After attending the city schools he took his B.A. degree at St. Francis Xavier University and then went to Harvard where he made an excellent course in medicine, graduating in 1908. He opened an office in the North End, had developed a large practice and was looked upon as one bound to all a high place in his profession. He was brilliant, careful, genial and kindly in manner and he numbered friends everywhere, and readily retained their friendship. He was a member of St. John Council, Knights of Columbus and held office in the medical societies. Dr. Hogan also gave of his time and skill freely to the Children's Aid Society and he also was a lecturer in the home nursing and first aid work.

Socially he was very popular and he also was gifted musically. He had a most pleasing voice, while in Boston had trained under a prominent teacher and became one of the best baritone singers the city has known.

Dr. Hogan is survived by his wife, who was Miss Mary Magrath of Portland, Me.; his mother, and three sisters, Mrs. D. C. Deardon of Douglas avenue; Mrs. F. E. Corbett of Miss Marston. The deep sympathy of a large circle of friends goes out to them in their great loss.

On opening his court, at a coroner's inquest last evening, Dr. W. F. Roberts made reference to the death of Dr. Hogan. The medical profession of St. John, he said, has a cloud hanging over them in view of the sudden death of Dr. Hogan who was secretary of the local society. Dr. Hogan, he said, was a gentleman of large heart and high education and had based upon a career, which bore promise of being a most successful one and he felt that if he could do public duty in the late Dr. Hogan, in any way, he should do so not only from the standpoint of the profession but also from a personal and intimate friendship with the deceased. Dr. Roberts spoke feelingly of the loss the community had sustained in the death of Dr. Hogan. He was a brilliant man, he said, and gave every promise of rising to high position in the profession.

THE P. TATO EXCHANGE MATTER

The next step in the proceedings against the New Brunswick Potato Exchange, Hon. B. F. Smith, its president, and the other prominent potato producers and dealers who are members, is being awaited with interest. The attorney-general has given the formal permission requested by the acting commissioner re the cost of living, and there is now no further bar to action. As the proceedings are being taken through the dominion labor department, it is not likely that the provincial authorities will be required to take a hand in the matter, which will be looked after through federal channels.

The charges include the formation of the exchange for the purpose of controlling and enhancing prices, acting in restraint of trade and competition and not giving proper returns to the department. Members of the exchange continue to deny that there has been anything illegal in the conduct of the business, or that they have had anything to do with raising the prices of potatoes.
