French Premier Proposes Evacuation of Ruhr In October

ST. JOHN SEES CHEERFUL OUTLOOK

FRANCE YIELDS HER RIGHTS TO SEPARATE ACTION

In Return Asks Payment of First 26 Billion Francs From Germany.

SENSATION LIKELY

Delegates Today are Discussing Financial and Military Matters.

BY LLOYD ALLEN (United Press Staff Cor.)

London, July 29.—Under pressure from a British-American banking group, France has yielded her rights to separate action, and Premier Herriot proposes to offer military evacuation of the Ruhr on October 15, according to reliable information from unquestionable sources today.

This is regarded as the turning point in the inter-allied reparations conference, which now only awaits a formal offer from France to this effect before going ahead with the machinery of the experts' plan. The anticipated French proposal is being jealously guarded with the utmost secrecy in the meantime. The French delegation is still working on it, and it will not be ready until late tonight.

In return, France wants absolute authority to the first 26 billion gold francs collected as reparations under the Dawes-McKenna plan. If tonight's news offer made as baldly as it is put here, it will cause a sensation in the conference.

Debt Matters Discussed. The allies conferred today tackled important financial, economic and military problems rather than immediate questions strictly associated with putting into effect the experts' reparations plan.

French bankers arrived from Paris and were understood to have brought up the question of inter-allied debts. The French were reported anxious to know whether Britain's future policy contemplates a request for payment for France after an international loan has been floated for Germany.

A relatively small amount of this loan will be raised in France, the bankers said, because France is not concerned with Germany's industrial revival, believing Germany will recover rapidly enough without allied assistance.

May Last Weeks. With such diversified discussions as these in sight after it had been promised that the delegates would stick closely to consideration of the Dawes-McKenna reports, observers shrugged their shoulders and estimated the conference may last for several weeks.

Some Progress Made. London, July 29.—(By H. N. Moore, British United Press)—Despite the pessimism displayed in many circles, I understand that the plenary session of the allies held yesterday resulted in greater progress towards success than any previous sitting. The question of the German invitation was discussed and the German delegates are expected to arrive before the week-end.

The next plenary session will probably be held on Thursday, although considerable progress will have to be made before then. The question of sanctions which is being discussed by the reparations committee is believed also to be near an agreement.

Meikle Brothers Are Low Scorers. Yarmouth, N. S., July 29.—(By Canadian Press Staff Correspondent)—The Meikle brothers, Frank and Gerald, of the Brightwood Club, Dartmouth, were low men this morning in the first nine holes of the qualifying round for the amateur golf championship of the Maritimes. They both turned in cards for 40. Par for the course is 37. Ideal weather is again favoring the golfers today.

Court's Order, "Shoot Him," Going Too Far

Boston, July 29.—Michael Fruman of Chelsea was before the Municipal Court on charges of cruelty to his horse. Witnesses said he was working the broken-down animal far beyond its strength. "Take him out and shoot him," Judge Creed directed. Fruman, almost in a faint, protested that the court was going too far. "Why should I die?" he exclaimed. Then he was told it was the horse, not himself, that was to be killed, and he mopped his brow in relief.

U. S. AIRMEN WILL HOP OFF TOMORROW

Will Start For Orkneys in Spite of Weather—The Other Fliers.

Brough, Eng., July 29.—The United States round-the-world aviators will take off for Kirkwall at 5 o'clock tomorrow morning, according to present arrangements. (By United Press). Brough, Eng., July 29.—The U. S. airmen will push on tomorrow with their world flight even if the present inclement weather holds and they are forced to fly dangerously low over the sea on their way to the Orkneys, Lowell Smith, commanding the round-the-world expedition, said today. The airplanes are spick and span as when they started from Santa Monica. The British experts have been amazed to see the fliers, virtually all the daylight hours for the last 12 days, personally supervising the refitting and cleaning of the machines. The fliers and air crew seemed to have settled down and the airmen may be forced to fly at a low altitude, perhaps not above 500 feet, over the sea to the Orkneys. Argentine Leave Rome. Rome, July 29.—(German Press Cable)—Major Zanni, Argentine aviator, and his companion, Beltrame, hopped off this morning from the Centocelle airfield in continuation of their attempted world flight. They are following the route of the British flier MacLaren, who flew from here to Corfu and thence to Greece.

Struck Bad Storms

Geneva, July 29.—(United Press)—The Italian aviator, Locatelli, who is flying to join the American world fliers in their trip across the Atlantic, left the Bay of Ouchy for Strasbourg today. He expected to follow the course of the Rhine as far as Holland and then cross to England and join the Americans. Locatelli, who was missing some time, said he had encountered severe storms in the Gulf of Lyons and that his plane had weathered them satisfactorily. He also explained that he had delayed a day, upon arriving at Ouchy, to perfect the wireless installation on his machine.

Stewards' Cup Is Won By Compler

Goodwood, Eng., July 29.—L. Schaverin's Compler today won the Stewards' Cup of £1,000 and extras over six furlongs. Rath Duth was second and S. Joel's Ponderland third. Twenty-four horses ran.

Wire Briefs

Turin, July 29.—The 10-year-old Princess Maria, youngest daughter of the Italian sovereigns, is slightly ill with scarlet fever.

Cambridge, Mass., July 29.—Senator Henry Cabot Lodge was progressing well today. His doctor said that the senator had had a good night's rest.

Montreal, July 29.—The Canadian professional golf tournament was played at Beaconsfield today. L. Brown of Moncton was paired off with O. Brault of Ogdensburg.

Berlin, July 29.—(British United Press)—The opposition to Chancellor Marx is now reported to be considering the introduction of a new vote of lack of confidence when the Reichstag reassembles.

Doon, July 29.—(United Press)—Rumors that former Emperor Wilhelm had left his exile retreat here and was cruising aboard an Atlantic liner were refuted today by the presence of the ex-Kaiser in his usual haunts.

Toronto, July 29.—Sir Edmund Osler, president of the Dominion Bank, is seriously ill at his residence here. Sir Edmund, who is 79 years of age, suffered an attack of pneumonia several weeks ago, and its after-effects are raising anxiety.

Sydney, Australia, July 29.—Negotiations with Japan proceeded with a view to Australia obtaining reciprocal trade with Canada, New Zealand and South Africa, so Austin Chapman, Federal Minister for Trade and Customs, announced today.

IMPORTANCE OF CANADA AS EMPIRE UNIT IS STRESSED

Col. Hatch Says Canadians Not Properly Recognized in London.

AGITATORS FLAYED

Manufacturers' President Declares Hyde Park "Reds" Should be Stopped.

(Canadian Press Cable)

London, July 29.—Colonel A. F. Hatch, president of the Canadian Manufacturers' Association, speaking at a meeting of organized Chambers of Commerce of Canada, condemned the practice of allowing agitators to express revolutionary views at Hyde Park. "If this vicious propaganda is allowed," he said, "serious trouble is bound to occur. I believe I am right in saying that for Canada we want it stopped." Continuing, he said, "Canadians sometimes feel that they are not properly recognized here. There is a failure to recognize that Canada is a self-governing dominion. We never complain; we go ahead, believing that some day we will come into our own. American sentiment and customs are getting stronger in Canada. Notwithstanding this, Canadians are determined upon the fullest development within the Empire." F. C. Wade, agent-general for British Columbia, declared that unless we could accomplish something tangible it was about time we took down the sign, for while we talked Empire, we knew nothing about it we were not fit to be its trustees.

London, July 29.—(By H. N. Moore, British United Press)—A protest against the policy of allowing agitators to air their revolutionary beliefs in Hyde Park, which was made by Colonel Hatch, president of the Canadian Manufacturers' Association, is not likely to be taken seriously. The British regard the anarchists, communists and atheists who sprout their creeds in Hyde Park as a great English institution. It is not only an example of their speech, but it is also regarded by the authorities as a safety valve.

16-YEAR-OLD GIRL DROWNED AT NELSON

Mary Hickey Loses Life While Bathing—Friend Has Close Call.

Newcastle, July 29.—A gloom has been cast over the village of Nelson by the sad fatality there last evening in which Miss Mary Hickey, one of the most popular young ladies of that place, lost her life. She was bathing near Daley wharf, with Miss Roman, when she was carried beyond her depth by the tide and, despite every effort on her part and that of Miss Roman, she sank in about 39 feet of water.

Overcome by her efforts to save her friend, and over excitement, Miss Roman came within an ace of losing her own life, but managed to seize hold of the wharf, from which she was rescued in a fainting condition. Miss Hickey, who was 16 years of age, was a daughter of Andrew Hickey of Nelson.

The death of Mrs. Ellen Mackay, widow of George Mackay, occurred at her home here yesterday after an illness of several months. She was 55 years old and was twice married. By her first husband, the late Wm. Whalen, she leaves one son, Alan Whalen, and one daughter, Charlotte (Mrs. Edward Roach), Newcastle. The funeral took place this afternoon at St. Mary's church.

Tear Gas Clears Three Theatres

Oshington, July 29.—Police of Oshington, Port Chester and Stamford are mentioned in trying to find the microreants who let loose tear gas in the three movie theatres in those places, owned by John Ungarfeld. According to Chief of Police Frank Hisnory of Oshington, the gas was made of oil of mustard, chloroform and formaldehyde. Bottles of it were placed in each of the theatres under Ungarfeld's management on Friday night when the houses were crowded. The gas was of a very disagreeable odor and caused the eyes to smart and shed tears. All the patrons had to leave the theatres. According to the police Ungarfeld has had some differences with union musicians and no longer has a contract with the union.

GOVERNOR OF SAO PAULO RESUMES HIS GOVERNMENT

Rebel Leaders Flee and Quiet is Again Restored in the City. REVOLT IS OVER

After Three Weeks Fighting Revolutionists Quit for Lack of Support.

By U. G. KEENER (United Press Staff Correspondent). Rio De Janeiro, July 29.—Federal troops are rapidly restoring order in Sao Paulo today and normal conditions are being restored. Governor Carlos de Campos has returned and re-assumed his position as chief of the State Government. Martial law continues, however. The main column of the rebel troops which evacuated Sao Paulo city yesterday, appears to have escaped into the interior although this is not confirmed by today's official communique which merely says: "The revolutionary leaders have escaped but the Government has ordered their capture." It is assumed that the rebels are disbanding and fleeing toward the wild country of the interior of Matto Grosso.

QUOTA LAW BARS CANADIAN BRIDE

Saco, Me., Husband Returns After Honeymoon Without His Wife.

Saco, Me., July 29.—Archibald MacMillan, 25 years old, of this city, has returned home after a four weeks' honeymoon spent at Canadian resorts, but he is barred by a quota law from bringing his bride home.

ARCTIC EXPLORER ON HIS WAY SOUTH

Donald MacMillan Expected to Return to Maine in September.

Portland, Maine, July 29.—Donald MacMillan, Arctic explorer, with the schooner Bowdoin, has left winter quarters and has returned to the States to the south, according to a special despatch to the Portland Press-Herald received from the United States cruiser Milwaukee which is en route to Cape York, just northwest of Melville Bay Greenland. The message said the Bowdoin would return home as soon as the ice fields, obstructing her progress, broke up. MacMillan and his party left Wiscasset, Maine in June 1923. They are expected to return there in September.

MUST PAY KIDDIES MORE THAN MILLION

Oil Company Assessed \$1,026,004 on 240-Acre Tract in Oklahoma.

End, Okla., July 29.—A judgment of \$1,026,004.33 against the Sinclair Oil Company, the Garfield Oil Company and the Exchange Oil Company was awarded the six children of Mr. and Mrs. James A. Crews, deceased, by Judge J. B. Cullison in District Court here. The suit, which had been pending for nearly three years, was filed by Miss Laura Crews, guardian of the minor Crews children.

24 ARE SAVED

142 Are Believed Drowned in Wreck of Japanese Steamer.

(United Press). Tokio, July 29.—Twenty-four passengers from the Taire Maru, a 1,250-ton vessel belonging to the North Japan Steamship Company, were rescued by the steamer Koshu Maru after the former had gone on the rocks off Cape Notoro, Sakhalin, it was learned today. The remaining 142 passengers and sailors are believed dead, and heavy seas are running at the spot where the Taire Maru went down.

ENGLAND TO AUSTRALIA BY AIR IN TEN DAYS IS PLAN FOR NEAR FUTURE

Sir Keith Smith Says Crude Oil Will be Used in Dirigibles.

(By Canadian Press.) Vancouver, July 29.—England to Australia by crude oil burning Zepplin airship in 10 days is a commercial possibility within the next two years, according to Sir Keith Smith, famous Australian flier, who with his brother, Sir Ross Smith, was the first to accomplish the flight four years ago for which a prize of £10,000 was given by the Australian Government.

Rapid strides of invention has almost eliminated the dangers of flying, he said. Two big airships for the England-Australia and Australia-India service, now being built by Vickers, would use crude oil instead of inflammable fuel thus removing the greatest danger to flying by airplane.

"The commercial feasibility of the airship has been thoroughly established," remarked Sir Keith. "The big ships which are now being built will have a capacity of 100 passengers as well as whatever baggage they need. This is to be a cold business proposition with a view not only to shorten the time between the countries but to give the utmost of comfort and service."

CHANGES MIND; HE IS FINED \$20

Matheron at First Denied Interfering With Police in Arrest.

There is an old saying that "it is a girl's privilege to change her mind," but judging from the case of Matheron, it is a man's privilege to change his mind. Matheron was arrested on a warrant charging him with assaulting and interfering with a police officer in the legal discharge of his duty. He pleaded not guilty. Policeman Graham testified that on July 26 he was arresting a man for drunkenness when the defendant struck him twice, kicked him and said he should not take his friend. The defendant said he could not remember making any such statement and instead of interfering with a police officer had been endeavoring to assist him. He was remanded to jail in order to give the informant a chance to secure some witnesses and he was brought back into court. He then acknowledged that he was guilty. He was reprimanded and told that owing to the fact that he is the father of a family the case would be treated as an ordinary assault and a fine of \$20 would be struck.

Yesterday's Moncton Transcript reported—L. L. Pierce of St. John is at the Brunswick.—J. F. H. Teed, barrister, of St. John, is in the city on business.—Mrs. F. L. Stammers of St. John, who has been the guest of her sister, Mrs. A. E. Killam, Highfield street, returns to her home today.—C. Lynds, St. John, spent Sunday in the city.

JAIL AND FINE. Percy Amero was sentenced to six months in jail and fined \$80 or three months in jail by Magistrate Henderson in the police court this morning. He was arrested on a warrant in which two little girls were named, but when evidence was taken the charge was changed to one less serious. The mother of the two little girls was severely reprimanded by the Magistrate when he learned that they have not been going to church or attending Sunday school since they came here from Windsor, N. S., a year ago.

MISSED BOAT; WIFE ABOARD, PENNILESS

Montreal Man on Tug Chases Vessel in Vain For Five Miles.

New York, N. Y., July 29.—Norman Allingham, of Montreal, an official of the Royal Bank of Canada, missed the steamer on which he expected to sail for Buenos Aires Saturday because he did not know the steamer was to sail on daylight saving time. Mrs. Allingham who had boarded the steamer earlier, is now on the high seas and, according to her husband, she has neither her ticket nor any funds.

BRIDE, 73; GROOM, 70

Dying Wish of Woman's Former Husband is Carried Out.

(United Press.) Harrisburg, Pa., July 29.—Harry Wagner, 70, and Margaret Brindle, 73, were married at the county home today.

Back of this announcement is the story of 23 years of devotion and the fulfillment of a husband's dying request by his trusted friend.

Wagner lived at the Brindle residence in Harrisburg, where he was a partner in the business. He had been ill and the strain led to his death on July 1. His wife, who is an invalid, "care for her as I would." These were the last words imparted to Harry Wagner by his friend, Hiram Brindle. And today they were married.—Mrs. Brindle's request.

WOMAN REACHES TOP OF MT. ROBSON

Mrs. Munday, Vancouver, The First Lady to Accomplish Task.

(Special to The Times-Star.) Berg Lake Camp, via Mount Robson, B. C., July 29.—A woman has climbed the peak of Mount Robson, 13,068 feet in height. The honor of being the first woman to set foot on this peak goes to Mrs. W. A. D. Munday, of Vancouver, who reached the Alpine Club camp here yesterday. Six others were in the party. They were her husband, Miss Annette E. Buck of Brooklyn, N. Y.; A. Driennan, Calgary; J. T. Porter, of Saskatoon; J. Lambert, of the Geodetic Survey branch, Ottawa, and Conrad Klein and J. S. Ladana, guides.

FOREST FIRES AGAIN MENACE PROVINCE

Serious Blazes Near McGivney Jct. and McAdam are Reported.

(Special to The Times-Star.) Fredericton, July 29.—The fire hazard which has increased during the past few days because of high winds and high temperature produced fires as was expected. The Department of Lands and Mines has been informed of a serious forest fire on Crown lands near Sunbury Station, 80 miles east of McGivney Junction. This fire was caused by the C. N. R. and is being fought by the blaze began Monday and ran half a mile. It is still burning.

On Saturday a fire started at Fourth Lake near McAdam. Suspicion points to fishing parties as the cause. This fire is under control. It covered an old barn and scrub alder growth. This was on granted lands entirely and did little monetary damage.

The conditions are rapidly returning to what they were early in the summer when there burned in many districts. Extra precautions should be taken by all concerned.

He had been informed by the manager of the Canadian Bank of Commerce this morning that in consequence of his speech yesterday at the Rotary Club the bank would proceed at once to have its building painted.

On Dufferin Site. Many citizens visited the corner of King Square and Charlotte street this morning to see what was being done at the site of the Admiral's Beatty Hotel and they saw two drills busily at work boring holes in the rock. Only a few are employed as yet but the force will soon grow. It is expected that with the return of the E. G. M. Cape Co., from Montreal, the names of the various sub-contractors for the work will be given out and a larger crew of men will be put at work on the excavation of the site.

The Citizens' Committee are still at work checking up on the work of last week and it is expected they will have some additional subscriptions to report before the end of the week.

DEARER BREAD IS IN PROSPECT

An increase in the price of bread probably next week is foreshadowed by local bakers who give as the cause the rising price of flour. Asked if concerted action would be taken by bakers throughout the city, he replied that if one raised the others probably would follow. Other bakers interviewed reported the same situation. A one-cent advance is spoken of. A Canadian Press despatch from Saskatoon says: Bread retained here yesterday three loaves for 27 cents instead of three loaves for the usual 25 cents. The increase is due to the upward swing in the price of flour.

FIND TOMBS OLDER THAN THAT OF TUT

Archaeologists Discover the Burial Places of Chinese Princes in Tibet.

Moscow, July 28.—Tombs of Chinese princes, more ancient by 3,000 or 4,000 years than that of King Tutankhamen, have been discovered near Unga, Tibet. M. Kozlov, a noted Russian archaeologist, while making excavations of three burial places called "Kurgan" (Chinese nobility), found numerous well-preserved mummies which the inscriptions show are the bodies of former Chinese princes of the reigning dynasty of 5,000 or 7,000 years before Christ.

A large man-made grotto discovered 125 feet under the ground contained temples of oak and blackwood, filled with richly carved caskets and caskets of rare woods. The mummies, presumably preserved according to Egyptian methods, were wrapped in the finest silks, and the temple walls were hung with folds of silk of a forgotten art of manufacture.

300-YEAR-OLD BREWERY GOES

London Beer-making Place Dates From Time of Elizabeth.

London, July 29.—Another of London's historic relics is to disappear. It is the Hour Glass Brewery, which, having stood in Upper Thames street, near Cannon-street Station, for 300 years, is to make way for a new wharf, which is to be one of the largest on the river.

The site has had picturesque associations with the city since the Middle Ages, for the Black Prince had a royal residence here. The famous brewery itself dates from the time of Elizabeth, and is said to be the oldest in London. According to Stowe, it was built by one Pot, an apt name. Goldsmith sneaks of its beer as "black champagne." Shake and Pepps, and Dr. Johnson, all in turn, no doubt, quaffed its refreshing draughts.

In the Great Hall, formerly used for going on tacking. Malt was still lying on the floor of the old mill until a few months ago. The site has one other curious feature, a nameless church with but one entrance, and that through a public house, a modern building adjoining the ancient building.

IMPERSONATOR GETS IN TROUBLE

Manila, P. I., July 29.—Flirting with a policeman's wife in Cebu caused the downfall of Felix Flores, aged forty-three, and he is serving a sentence of 120 days in jail on a charge of vagrancy and failure to pay the government an annual cedula tax of two pesos for the last twenty-five years. Flores had been masquerading as a woman for a quarter of a century and was known as "Felisa the lavender" (lavender among the people of his neighborhood where he took in washing. All would have gone well with Flores had he not become involved in a flirtation with a policeman's wife. This aroused the suspicion in the mind of the police officer who started an investigation which resulted in the discovery that "Felisa's" long and beautiful hair was a skillfully constructed wig and that the wearer was a man. Women are not required to pay the annual cedula tax, which Flores had escaped for 25 years. The magistrate in sentencing Flores enjoined him from wearing skirts after his release from prison.

ST. JOHN, N. B., JULY 29, 1924

NEW ERA FOR ST. JOHN.

It is not too much to say that St. John has changed its point of view. Mayor Potts was not too optimistic in his utterances yesterday regarding the effect upon the popular mind of the signing of the contract for the new hotel, and his call to every citizen to be a booster is not only well-timed but justified.

Perhaps the most gratifying feature of the hotel campaign is the fact that the splendid new structure will be the result of community effort. There would have been no Admiral Beatty Hotel but for the fact that seventy citizens laid aside their own business to comb the city for more than a week, and that as a result more than four hundred citizens are now investors in the enterprise.

Wherever one went about the city yesterday afternoon there was a better feeling. The Admiral Beatty means much for St. John, and not least of the benefits derived is the encouragement given to all the people by the declaration of faith that lies in the purchase of stock in the enterprise by more than four hundred citizens. Every one of them, moreover, will have a new interest in boosting St. John as a tourist centre, and in making it a more prosperous city.

Mayor Potts, standing on the site of the new hotel yesterday, struck the right keynote when he intimated that the City Council would be disposed to set the pace for the citizens by loosening up and making possible more work and wages. His appeal to owners to make repairs on property, assured that this would not increase the assessment, ought to have good effect.

It is noted that in all the provinces the tendency now is to provide a sinking fund sufficient to retire a bond issue at maturity. In New Brunswick this system has been in vogue for some years.

The Financial Post review takes up each of the provinces separately and deals with its resources and finances. In its New Brunswick review it says the financing of this province is done on a conservative basis. One paragraph reads: "The people of the province have steadily developed their resources, often in the face of adverse circumstances, and have gained a reputation for stability and soundness. This is reflected in the favorable reception which their calls for loans receive at all times."

CONDITIONS ARE SOUND.

The tenth annual government and municipal review issued by the Financial Post of Toronto consists of sixteen pages of very valuable material relating to the financial position of the Dominion and the different provinces. It is shown, for example, that nearly seventy per cent. of the debt of Canada is internal, that the Dominion debt was reduced in the past year, and that Provincial and Municipal increases are normal.

Press Comment

AUTOMOBILES BY THE MILLION (New York Herald-Tribune) The automobile industry is a standing and an astounding reminder of our enormous buying power. It is announced that the industry has turned out 2,002,084 cars in the first six months of the current year—a total only slightly below that of last year—and it is expected that by the end of 1924 a new record will have been made for an industry which has been making almost nothing but records since its inception.

There is something faintly terrifying about a nation which will devote itself so wholeheartedly to transportation as all that. The difficulty with the motor is that it is as yet uncertain of its precise nature; there have been dark hints as to its complexity in the agricultural credit collapse, and one classical economist has even gone so far as to calculate, for a farming county in Illinois, that a net yield of \$10 an acre would still leave its inhabitants \$2,000,000 behind on their bills for automobile upkeep alone.

The automobile probably does have its drawbacks, and it has unquestionably plunged us into an economic social transformation that is only beginning. But the fact remains that a nation which can continue to soak up automobiles at the rate of two or three million a year is in anything but an unhealthy economic condition.

JUST HAD TO FIGHT.

(Bangor Commercial) The U. S. Agricultural Review, which keeps track of migrations and colonizations, calls attention to the plight of the Mennonites, who in large numbers, left their Canadian farms following the world war and went to the state of Chihuahua, Mexico, where they purchased extensive lands.

The Mennonites are pacifists. Their creed is opposed to being arms. In most countries where they have lived their lives and property have been defended by those who are not afraid to fight.

At any rate, these pacifists had no sooner acquired large farms and resided in peace than they were beset with bandits who raided their granaries and harassed the colonists.

The government was indifferent or unable to help them. Perhaps they looked about for men who had no creed against fighting to come to their aid. If so, they looked in vain. What did they do? They did exactly what any other set of pacifists would do in the circumstances—they took up arms against the aggressive enemy. They made themselves strong enough to resist the thieves and bandits. They are shooting to kill. They are pacifists no more in practise, whatever they may be in name.

NEW PERIL FOR BATHERS.

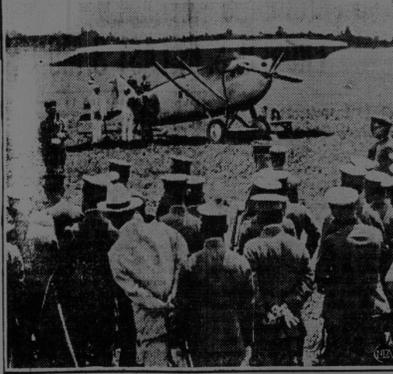

(New York Herald-Tribune) Arrest and punishment of some of the reckless swimmers who amuse themselves by seeing how near they can fly to the reef or to the surface and at that distance make a horizontal spurt of half a mile over the bathing throngs before ascending to repeat the stunt. A plane was seen flying over the beach, perhaps the one that Mr. Collins saw, went through these antics at Long Beach on Sunday. A net of mechanics or lost of contrivance might have cost a good many lives.

The Acting Mayor has appealed to Rear Admiral Plankett to prevent this sort of stunt flying by men under his command. Naval discipline should deal sternly with the risking of lives for the sake of entertaining spectators. There are perils enough in the ordinance against this kind of flying use itself. In that effort he will have the hearty approval.

PROTECTING FARMERS.

(Brandon Sun) There are appearing in various large metropolitan newspapers of the United States a series of full-page advertisements setting forth the merits of Kansas as a place in which to live and do business. These are paid for by a group of Kansas newspapers. They all especially stress the advantages which the state of Kansas offers to farmers. The other states are going to pay for costly publicity in the same way, Nebraska and Iowa. These states are compelled to pay to save themselves from loss and disruption due to the blue ruin stories told by political farmers and their duly elected representatives in Washington. The political misrepresentatives have painted such gloomy pictures of the distressed farmers for political effect that the farming farmers of their own consciences are facing depression caused by the exaggerated fiction at Washington. The working farmers are not at all helped by their congressmen and want the world to know they themselves are independent-minded and self-reliant citizens. There are now necessary these big efforts to undo the mischief wrought by demagogues and disturbers in painting the typical farmer as so stupid. To some extent there may be a lesson over here in these examples. Winnipeg papers please copy.

JAPANESE GET LATEST PLANES

Much has been said about the Japanese keeping up to the minute in military matters, and here is a picture showing officers inspecting newly arrived French planes of latest model. They are the all-metal monoplane variety, built for scouting and fighting. Facing the group is Lieut. Gen. Ozawa, who is explaining the new planes.

ODE TO SOLITUDE

Happy the man whose wish and care
A few paternal acres bound,
Content to breathe his native air
In his own ground.

Who, herds with milk, whose fields
With bread,
Whose flocks supply him with attire,
Whose trees in Summer yield him shade
In Winter, fear.

Blest, who can unconcernedly find
Hours, days, and years slide soft away
In health of body, peace of mind,
Quiet by day;

Sound sleep by night; study and ease,
Together mixed, sweet recreation;
And innocence, which most does please,
With meditation.

Thus let me live, unseem, untroubled;
Thus untroubled let me die;
Steal from the world, and not a stone
Tell where I lie.

—Alexander Pope.

LIGHTER VEIN.

The Tempter.
(Edinburgh Scotsman.)
A Scotchman had signed the pledge,
and the news spread quickly. One of his friends said to him:

"D'ye mean tae tell me, Jock, that ye're no goin' tae have another drink as long as ye live?"

"D'ye mean tae say that if ye were standin' in a lake filled wi' whisky right up tae ye knees ye would no be caught bendin'?"

"Well, if it was right up tae ye chin, and it's real Scotch whisky I'm talking about—would ye no sip it?"

"That was a pause. Then:
"Well, I'm no saying I would, mind, but I might make a wee ripple wi' my hand."

A Poser.
Effie, the little daughter of a clergyman, pranced into her father's study one evening while the reverend gentleman was preparing a lengthy sermon for the following Sabbath. She looked curiously at the manuscript for a moment, and then turned to her father.

"Papa," she began, seriously, "does God tell you what to write?"

"Certainly, dearie," replied the clergyman.

"Then why do you scratch so much of it out?" asked Effie.

Mrs. A.—"Poor dear Alice is always so frightfully busy."
Mrs. B.—"She wouldn't be if she minded her own business."
"When we were first married you said you loved the ground I walked on."
"Yes, but that was before your father sold the farm."

FORGE AHEAD FOR VOCATIONAL SCHOOL

The vocational committee is pushing forward the work which must be done before the new vocational school which Mr. Brodie had prepared some time ago. Mr. Brodie will incorporate the suggestions in sketch plans which he will submit at the next meeting of the committee on Friday of this week.

The sub-committee on sites presented a report and was asked to bring in some more definite statements. These facts will also be presented at the next meeting. Hon. H. A. McKeown, the chairman, presented and others present were Mrs. E. R. Taylor, Alexander Wilson, G. P. Hennessey, A. A. McIntyre, G. H. Green, A. Gordon Leavitt, secretary, and F. Nell Brodie.

FIFTEEN MILLION PEOPLE LIVE IN ZONED CITIES

More than 15,000,000 people in the United States live in zoned cities, towns and villages, according to information made public by the Division of Building and Housing of the Department of Commerce. Computations show that the homes of 27 per cent. of the total urban population of that country are located in zoned municipalities, and it follows that most of these homes are protected from intrusion of garages, stores, warehouses or manufacturing plants.

Zoning regulations provide, by a neighboring kind of agreement, that a city or town shall be divided into districts in which the uses for residential, apartment houses, for office buildings, and for manufacturing. Ample provision is made for normal growth of business and industrial districts, but the builder of a garage or factory is not allowed to erect it within a residential neighborhood regardless of the annoyance and money losses inflicted on surrounding home owners.

The Department's investigation shows that in 1922 zoning spread especially rapidly in small places. Fourteen towns with five to ten thousand inhabitants were zoned during the year, bringing the total zoned towns in this class to twenty-three. Twelve places with 5,000 inhabitants or less were added to the list in 1922, bringing the total in that class to seventeen. The percentage of large cities which have already zoned remains much greater, of course, and of the fifty largest cities in the country, twenty-two have zoning ordinances in effect.

In the entire country, 109 cities, towns and villages were zoned on January 1, 1923, as compared with 55 just one year before.

New York, the largest city in the country, has been zoned since 1916, and in contrast, the smallest zoned community had only 131 inhabitants according to the 1920 census. Eighty-one per cent. of the urban population of New York State lives in zoned municipalities. California ranks second among the states with 71 per cent. of her urban population zoned; Minnesota, third, with 58 per cent.; New Jersey, fourth, with 57 per cent.; and Utah, fifth, with 55 per cent.

The entire District of Columbia is zoned. In number of places zoned, New Jersey leads with 31; New York is second with 17; California, third, with 14; Illinois, fourth, with 10; Ohio, fifth, with 9; and Massachusetts and Wisconsin follow with six each.

GLACE BAY BOAT CARRIED LIQUOR

Glace Bay, July 28.—The Sidar First, a run-running motor boat owned by local parties, was seized by Captain Ryan, of the cutter Yagran, on Saturday night as she was about to land a quantity of whiskey at Glace Bay. The boat, which has made frequent trips to run row of late, was caught in the act of landing contraband goods in the harbor. Her skippers made a determined effort to escape and it was only after Captain Ryan had fired two rifle shots in the direction of the boat and threatened to put a third amidships that she surrendered. Both motor boat and cargo were taken in charge.

Convenience Outlets.

Next to the convenience of having electrical appliances in your home are those very serviceable Convenience Outlets, where you can "plug in" without disturbing the lights and fixtures. The Electric Cleaner is just one instance where the utility of an appliance lies largely in its availability and ease of attachment when wanted. The fact that your house is already wired need not deprive you of these handy outlets.

ACCEPTS BID FOR BUILDING REPAIR

Civic Hydro Commission Awards Contract to J. M. Belyea for \$7,658.

The contract for the remodeling of the Sun building was awarded to J. M. Belyea and it was decided to make an agreement with the New Brunswick Power Company for a single pole line in Lancaster and to have an exhibit at the Exhibition this fall, when the Civic Power Commission met yesterday afternoon.

A. M. Rowan presided in the absence of R. A. McAvity, the chairman. Others present were W. L. Harding, James Lewis, John Flood and F. S. A. McMillin. Roy A. Willet, accountant-secretary, read the letter from the Bank of Nova Scotia protesting against the proposition to pay for sidewalk restoration from monies held back on the Stephen Construction Company contract, claiming these had been assigned to the bank. He also read a letter from A. N. Carter, acting city solicitor, advising that it was within the province of the Commission to pay for these repairs from the monies held back. The letter from the bank was ordered filed.

The engineer presented the following report: "In connection with the Lancaster Highway Board paving, the present poles of both the N. B. Power Co. and the Power Commission have had to be changed temporarily. When the retaining wall has been completed a dual pole line in front of the Simms brush factory can be replaced by a single pole line, provided your Commission see fit to allow the N. B. Power Company perpetual rights on our poles for trolley wire span wires. I have taken this matter up with the representatives of the Lancaster Highway Board and the N. B. Power Company and would recommend that your Commission approve of a joint pole line at this particular location.

The secretary recommended that a space be taken in the exhibition and it is reported that he had been able to make arrangements with F. A. Dykeman to get his space provided the Commission would purchase his fixtures at \$100. It was decided to purchase the fixtures of Mr. Dykeman and place an exhibit at the fair.

TO AFFILIATE WITH HOSPITAL.

The Yarmouth, N. S. Hospital has asked for affiliation with the St. John County Hospital for the training of its nurses in the care of tubercular patients. Dr. H. A. Farris, superintendent of the County Hospital, said yesterday that the affiliation from a hospital outside the province is regarded as a well merited tribute to the efficiency of the training which the County Hospital can give. At present the General Public Hospital in St. John and the Soldiers' Memorial Hospital at Campbellton are enjoying the privileges of affiliation and three or four more of the New Brunswick hospitals are expected to become affiliated by Sept. 1.

SOUND TESTIMONIAL EVIDENCE

Showing the power of Lydia E. Pinkham's Vegetable Compound over the ills of women is constantly being published in this paper. The strongest recommendation an article can have is that borne by persons who use it. Once ill with ailments that caused suffering and despair, but now restored to the joys of health, from a grateful heart, multitudes of women write letters of appreciation to the Lydia E. Pinkham Medicine Co., of Coburg, Ont. Such evidence of the power of Lydia E. Pinkham's Vegetable Compound over the ills of women should induce every suffering woman to try it.

TO VISIT PLAYGROUNDS.

F. T. Lewis, president of the St. John Playgrounds' Association announced yesterday that the postponed visit to the recreation centres of the association would be made tomorrow afternoon. DEATHS

Thomas Brown. At Shirley, Mass., on July 16, Thomas Brown died suddenly. He leaves, besides his wife, two step-children, two brothers and one sister. He was the son of the late Francis and Margaret Brown, of West St. John. His step-children are Mrs. Harry Blemler, of Waterborough, Mass., and E. Manning Brown, of Somerville, Mass. His brothers are Kingston Brown, of Fort Langley, B. C., and Fraser Brown, of Roxbury, Mass. His sister, Miss Emma Brown, resides in West St. John. The funeral was held from his late residence in Shirley, interment being made in the Shirley cemetery.

Mrs. Lydia Davis.

The death of Mrs. Lydia Davis occurred on Monday at the home of P. E. Saunders, Bloomfield Station, after a short illness. Mrs. Davis is survived by three daughters, Mrs. Lena Carpenter, of Queenstown; Mrs. Stella Floyd, Winnipeg; and Miss Georgie Brown, Allston, Mass.; one son, Burpee, of Cambridge, Mass., and two brothers, Gilbert and Benjamin Merritt, of Queenstown.

AN AUTO CASE

Edmund G. Howard, Clifford Tufts and Leonard Adams were placed under arrest at 3:30 o'clock yesterday afternoon by Sergeant Detective Power and Detective Biddiscombe on the charge of stealing an automobile from William J. Fitzgerald, on the night of July 24. The car was later found damaged in a ditch on the Manawagonish Road. G. Earle Logan appeared for the defendants, and Frank Frauley appeared for the complainant when the case came up in the police court yesterday afternoon. At the request of Mr. Logan the case was adjourned until tomorrow afternoon at 2:30 o'clock, and the three men were allowed out on bail of \$1,000 each, and three sureties of \$500 each.

It is reported that the car had been left in Howard's garage and that Howard understood he could use the car if he wished; that he and his friends took the car out last Thursday night and unfortunately drove into a hole on the Manawagonish Road, that the car was damaged but was later brought to a garage in West St. John, and that Mr. Howard and his companions intended making all repairs.

Hostess to Orphans

Miss Alice Dillon gave a picnic for the boys of St. Patrick's Industrial School yesterday afternoon at Silver Falls. There were more than 80 who partook of the good things provided to eat and who enjoyed the races and fun. Four prizes were given. The refreshments provided by Miss Dillon were ice cream, cake and other goodies. Enough was left over to provide another treat today. Those who assisted her in entertaining the boys were Mrs. Timothy Collins, Mrs. D. Partell, of Halifax; Miss Annie Sharkey and Joseph McGrath. The donor of so much bounty was given a hearty cheer by the boys and thanked most heartily by all.

Newcastle, N. B., July 28—A man named Murphy from Chatham, who was arrested on Friday evening by Officer Hill on a charge of being drunk and resisting arrest succeeded in gaining his liberty from the lockup and it is reported boarded a train for Upper Canada. Murphy managed to secure his freedom by pulling up the floor in the cell and crawling out through the sewer entrance.

CULVERTS NEARLY FINISHED.

The work on culverts being carried on by the New Brunswick Contracting Company is progressing satisfactorily. The company has practically completed an eight-foot arch culvert at Baird's Brook at Upper Upham on the Barnesville-Sussex road and a bridge at Clinch's River on the St. John-St. Stephen road in also nearing completion. Today the company's workmen will commence an eight-foot arch culvert at Anagnance on the Moncton-St. John road. On Monday work will be begun on a ten-foot arch culvert at Four Mile Rock between Canterbury and Meductic on the Canterbury-Meductic road.

DIVED TO DEATH OVER SHIP'S SIDE

Montreal, July 28—"Stand by," said Charles Wilkinson, officer of the S. S. John J. Rammacher, to two shipmates as he dived for the deck of the S. S. Oakton into the waters of the harbor. His body never appeared again and although his companions repeatedly dived in, they were unable to locate him. Wilkinson came from Hull, Eng., and was 24 years of age.

New Kind of Girdle Reduces Waist and Hips —almost while you wait!

The instant you put on this new girdle—worn in place of your ordinary corset—the bulky fat on the waist and hips seems to vanish, the waistline lengthens and your body becomes erect and graceful, youthfully slender! And then with every step, with every breath, with every little motion it gently massages away the useless disfiguring fat and you look and feel many years younger!

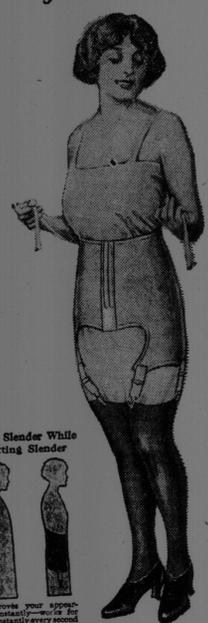

Lose Weight Every Day—And Look Well While Doing It!

New women can have the youthful, lovable-looking figure that present day fashions call for, without worrying about a clumsy waistline and bulking hips. For this new kind of girdle not merely instantly represses disfiguring useless fat, making your figure appear wonderfully slender, youthful and attractive—but actually massages away the fat, enabling you to lose weight every day, without any effort at all on your part!

And you need not make a single change in your present mode of living to secure these amazing results.

Produces Same Results As An Expert Masseuse

The Madame X Reducing Girdle is built upon scientific massage principles. It is made of the most resilient steam-cured Para rubber, especially designed for reducing purposes and is worn over the undergarment. Fits as snugly as a kid-glove—has garters attached—and is so constructed that it touches and gently massages every portion of the surface continually. The constant massage causes a more vigorous circulation of the blood not only through these parts, but throughout the entire body! Particularly around the abdomen and hips this gentle massage is so effective that it often brings about a remarkable reduction in weight in the first few days.

MRS. PORCUPINE AND THE ROLLER COASTER

"Hello, Mrs. Porcupine," called Nick. "How do you do, Mrs. Porcupine," said Mister Zip, the fairyman. "Welcome to Happy Go Lucky Park. We haven't seen you here much."

"Well, I'm glad of that," said Mrs. Porcupine in a relieved voice. "I do hope it won't rain, for I came without an umbrella and I'd hate to get my best hat spoiled."

"That's the roller coaster," said Nancy. "You pay 10 cents and get into one of those little cars and it takes you for a lovely ride on a track."

"Oh, dear me!" she cried. "My goodness! Mercy me!" she cried. "Oh, dear me!"

"What's that sign which said 'Hold your hats'?"

"Indeed, when the little car began to shoot around curves and whiz through tunnels and dip into hollows, and leap over bumps, it was all she could do to hold herself in. She grabbed the sides of the car with both hands and held on for dear life."

CHILDREN GAIN NORMAL HEIGHT

Two children from the Lady Byng camp at Fair Vale returned to the city on Sunday and four more will be brought back during the week, as all six have come up to normal weight. The total gain of the children up to Saturday was 65 pounds. The places of the children who have returned will be quickly filled as there is a long waiting list and if funds permitted the camp could be kept running until September, children being sent out in relays, remaining only until they came up to the normal weight.

The need of funds was causing some concern yesterday. Miss Melkjohn said that the Fair Vale Outing Association had arranged to give a Lady Byng camp benefit dance on Wednesday and that this effort was much appreciated. If all of the Outing Associations and Country Clubs would give one such entertainment this season and devote the proceeds to the Lady Byng camp the financial problem would vanish.

PARIS STYLES

Paris, July 29.—Although some extremely successful long-sleeved frocks have been well exploited this summer, the vogue of the transparent matching coat has rendered the sleeveless gown excessively attractive and popular. At the generality of representative gatherings, where one sees the best summery creations, it is usual to note the extra coat or cape in lace or chiffon, with bare arms gleaming beneath.

Such is, of course, an ideal toilette for really hot days—also if evenings turn chilly there is always the scarf of feathers or light fur. For furs never nowadays entirely disappear from the summer wardrobe. The dress-line is perfectly straight. Even a waist is sketched indicated, though the skilled dressmaker can cleverly accentuate the line of a good figure in the same way as she can conceal defects. It is noticeable that whatever vogues come and go, French fashion should be typical of superior art and handwork. The hundred and one machine-made garments as bought in the big stores are not really representative of the charm of Parisienne artistry.

COMPLAINS AGAINST BOYS.

Charles Mabee, foreman of the Union Ice Co., Ltd., lodged a complaint at police headquarters that boys were getting into the company's plant, throwing stones about and acting disorderly on Sunday afternoons there. Sell!

When you make your ad "Say What You Mean" you WILL sell.

"Call For Me At Eight," Said Mary—But—

He met her at a dance and since then his working hours have been filled with recollections of her bewitching eyes and youthful charm. And—miraculous to relate—she had consented to make a "date." "Call for me at eight," she had said, "next Friday night."

The street car had been slow and there had been the inevitable traffic jam. John was playing in hard luck because he did not own an automobile. At both business and romantic appointments, John found that he was frequently late, sometimes very late indeed.

It does not pay to trust to uncertain transportation. Good used cars may now be obtained at such low cost that few people need to do without the convenience of motor transportation because of the expense.

This year particularly the market is flooded with unusually high-grade used cars—at particularly low prices.

CONTRACT LET FOR SEWERAGE SYSTEM

East St. John Work Will Cost \$46,734—Water System Also.

The firm of Kane and Parker was awarded the contract for the construction of a sewerage system in East St. John, parish of Simonds, at a tender price of \$46,733.60, at a meeting of the Simonds Sewerage Board held in the office of J. King Kelley, K. C. county secretary, yesterday afternoon. Tenders were received from the following firms:

Broderick & Saab \$66,474.72
Stephen Construction Co. 47,216.75
B. Kane & Parker 46,733.60
Mooney & Sons, Ltd. 64,792.41
Stanley A. Williams 59,923.93
W. J. Swanton & Son 57,947.30
L. H. Zed & Co. 47,693.65
J. A. Grant & Co., Ltd. 62,112.44

The work will commence within ten days, and will be carried on simultaneously with the installation of the water system by the City of St. John in the parish, according to Councilor G. H. Simpson. The laying of the water pipes will cost in the vicinity of \$28,000 additional.

Lorne MacFarlane will be the inspector on the job.

The contract calls for the contractor to excavate, lay the sewerage pipes and put in back fill. The Water and Sewerage Department will then lay the water pipes and the contractors, Kane and Parker, will complete the back fill to the surface of the road.

ETHEL BARRYMORE IS GIVEN \$10,000

New York, July 29—Mrs. Ethel Barrymore Colt, under an order signed by Surrogate Foley, will receive \$10,000 to reimburse her for moneys she expended out of her own funds for the maintenance and education of her three children. The order also grants the application of the actress for an allowance of \$2,000 for each of her three children out of a \$50,000 trust fund created for them by their paternal grandfather, the late Colonel Samuel P. Colt, of Bristol, R. I., former president of the United States Trust Company.

Mrs. Colt obtained a divorce from Russell Griswold Colt a year ago. In her petition for reimbursement she said she receives no alimony under the decree of divorce and that the father of her children furnishes nothing toward their support and that the \$2,000 asked for each of her children was necessary for their proper education.

SEALED TENDERS addressed to the undersigned and endorsed tender for Cottages, Partridge Island, St. John, N. B., will be received until 12 o'clock noon (daylight time), Monday, August 11, 1924, for the construction of two cottages at the Quarantine Station, Partridge Island, St. John, N. B.

Plans and Specifications can be seen and forms of tender obtained at the office of the Chief Architect, Department of Public Works, Ottawa, the Clerk of Works, Dept. of Public Works, Halifax, N. S., and the Resident Architect, Dept. of Public Works, St. John, N. B.

Tenders will not be considered unless made on the forms supplied by the department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable in the order of the Minister of Public Works, equal to 10 p. c. of the amount of the tender. War Bonds or the Dominion of Canada and bonds of the Canadian National Railway Company or bonds and cheques if required to make up an odd amount.

By order of S. E. O'BRIEN, Secretary, Department of Public Works, Ottawa, July 25, 1924. 18888-29-4-8

HON. J. H. KING WAS GUEST AT BANQUET IN CHARLOTTETOWN

Liberal Executive Host to Federal Minister of Public Works

Charlottetown, P. E. I., July 28—Speaking at the banquet tendered him by the Liberal executives here tonight Hon. J. H. King, Minister of Public Works, dealt mainly with finance, transportation and immigration.

"The outstanding feature of the Government's record," he said, "is the manner in which it has been able to place the finances of the Dominion. Under the careful handling of Mr. Fielding, it has wiped out deficits which were an annual occurrence. This made it possible for a reduction in taxation of some \$25,000,000 and permitted reduction in tariff on the implements of production in the basic industries."

Other speakers were Hon. A. B. Copp, Secretary of State, Hon. John Sinclair, M. P., other federal members and A. C. Saunders, leader of Provincial Opposition.

DELORME INSANE, ALIENISTS STATE

Montreal, July 28—La Presse, French language newspaper of this city, says that a commission of alienists appointed by the Attorney General of the province, and that their report says that the priest is insane. It concludes that the only question now is whether Delorme will be taken to the asylum of St. Michel Archangel at Beauport, Que., or to the local asylum at St. Jean De Dieu.

SEES LITTLE DANGER OF WHEAT SCARCITY

The events of the year have shown again the amazing adaptability of demand to supply. With a crop of chief importing countries of Europe in 1923 almost 150,000,000 bushels below that of the previous year, imports increased only a little over 20,000,000 bushels.

National Bank of Commerce Discusses Figures of World Supply.

Little danger is seen as yet of a world wheat shortage by the National Bank of Commerce in New York. Its August issue of the Commerce Monthly states that even with a world crop now estimated at 10 per cent. below that of 1923, "there seems little ground for the fear that an actual shortage will develop during 1924-1925."

YANKEES REGAIN LEADING POSITION

Double Victory Over White Sox Yesterday—Ruth Gets 31st Homer.

New York, N. Y., July 29.—Nursing a grudge against the White Sox for cheating them out of Sunday's game and the American League leadership the Yankees visited vengeance upon their conquerors and ascended into first place on the wings of a double victory. Detroit held matters along by dropping its second straight to Philadelphia 7-4, and Washington respectfully retired to third position as a result of a defeat by Cleveland 2-1. New York's first win over Chicago by 8 to 5 due more to the White Sox ineffective hitting than the Yankees' superiority but the Hügemen left no doubt in the minds of their opponents as to the positive quality of their offensive in the night cap, which they clinched in the first inning by chasing 10 runs over the plate and ultimately won by 12 to 10. In that hectic opening session Babe Ruth doubled off Mangum and hit his 31st homer of the season off Cveengros.

After tying count in the ninth on R-berston's double, St. Louis lost a 10 round battle to Boston by 10 to 5. Because Chicago was too sportmanlike to win while New York was losing the Giants today still lead the National by seven games. McGraw's men were blanked 6 to 0 by Sothoron of the Cardinals. When their ninth-inning rally fell one run shy the Cubs were nosed out by Philadelphia 12 to 11 in a slugging battle. Cincinnati cut down Brooklyn's margin in the fight for fourth place by subduing the Robins 3 to 2. The Braves docilely took their daily drubbing, this time at the hand of the Pirates by a count of five to two.

SAYS COWS WERE BADLY TREATED

Dr. Alfred Joyce, veterinary surgeon, was called to Lorneville on Sunday afternoon to treat a cow belonging to J. Galbraith. The cow showed signs of having been severely beaten and otherwise injured with some sharp instrument. It was in a critical state and even after careful treatment by Dr. Joyce, it was reported last evening that the animal was no better. Several other cows were injured also, but the one in question was not only beaten but had perforations through to the stomach, which made it unlikely that the valuable animal will recover. There was no known cause for the terrible cruelty, except that the cows might have strayed into some strange pasture, but the owner did not think that anyone in Lorneville would maltreat his animals under such circumstances, but would drive them out and report the matter.

SAINTS PROTEST GAME LAST NIGHT

Arbitration Board will Meet Wednesday Night to Settle Matter.

St. Rose's have protested last night's game with the Portlands and a board of arbitration has been appointed to look into the matter at a meeting to be held Wednesday night at A. W. Corey's office. The protest came before a meeting of the City League executive last evening immediately following the game. It is based partly on the Portlands using "Eddie" Cox, the Trojans' catcher, and also Corrigan. According to an agreement at the first of the season, each team can use only three South End League players and the Saints declare the Portlands have exceeded that number. Corrigan has played in the South End for the Gunners owing to an injury sustained by Peckham while playing for the Portlands. This protest will be settled Wednesday night.

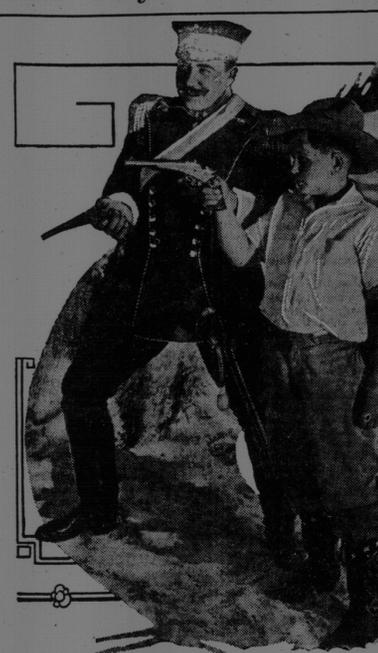

Screen "Comebacks" Far Easier Than Breaking In

(By A. H. Frederick.) Hollywood.—Consistent shibboleth of the movie world is this: "The screen needs new faces." Picture making today is as much a business, conducted on investment principles, as is the grocery or butchershop. No more than the proprietors of these does the producer invest heavily in some untired stock. That's why your potential luminaries go home again in vast droves, having got no farther than the barred passageways of the outer casting offices.

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

Noah Beery Jr. Hates Directors For Making Father Play Villain Roles

Hollywood, July 29.—It's tough being the son of a movie villain! Every kid likes to believe his dad can lick the world, but "Pidge" Beery, 10-year-old son of Noah Beery, sees his father pummeled, defeated and frequently killed in the humiliating presence of his pals at the neighborhood film theatre several times a month. "Pidge" has kept faith in his father, despite these ignominies, but he has no love for the script writers and directors who insist on giving the elder Beery the worst of it in almost every encounter. "I should say so," boasted the father. "You can shoot straighter than anybody, can't you Dad—straighter than the whole world?" "Sure!" admitted Noah, brazenly. "Then, why don't you shoot the other fellow first?" insisted "Pidge." "Because, my son, the director 'won't' let me." "Well, say, you can lick the director, can't you?" "Sure!" This make-believe seemed almost a matter of life and death to the lad whenever Beery is signed up for a new picture. Noah, Jr., studies the script as carefully as his dad. He doesn't understand the perversity of directors in always presenting his paternal hero as the villain. And always, with childish hope and ingenuity, he suggests changes in the scenario. "Say," he continued, "can't we figure out some way so you can lick the fellow—beat him up good?" "No, son, I guess I've got to let him kill me." "Clear dead?" "Clear dead!" "But, Dad—confidence undaunted—'if it was a real fight, now, and if you were really trying to lick him—say; you could lick him good, couldn't you, with the boys at the neighborhood theatre, while Beery marched soberly to the Paramount studio to be shot down by Freeman Wood in the presence of 'The Female,' Betty Compton, away reassured for his next session at the direction of Sam Wood.

Screen "Comebacks" Far Easier Than Breaking In

(By A. H. Frederick.) Hollywood.—Consistent shibboleth of the movie world is this: "The screen needs new faces." Picture making today is as much a business, conducted on investment principles, as is the grocery or butchershop. No more than the proprietors of these does the producer invest heavily in some untired stock. That's why your potential luminaries go home again in vast droves, having got no farther than the barred passageways of the outer casting offices. The moderating phase is an occasional gamble, such as in the case of Valentino. But the gambles are very occasional—and often disastrous. Returns to the screen are much easier. In this case there is the guarantee of screen personality, that indefinable subtlety which makes and holds friends ocularly, and a background of experience more reassuring than participation in the high school class play. With these the producer may get a moderate amount of sleep between shooting of the last scene and public judgment. Two such returns or "comebacks" are now in process of being made, both by former stars who have been absent from the screen for several years. And, both being under proven directorship, odds are heavy that two new names soon will be firmly established in current numbers of "Who's Who in Hollywood." Marguerite Snow, former wife of Director James Cruze, relieved from most onerous cares of motherhood by growth of her daughter past the toddler age, is preparing her debut in "Chalk Marks," a Frank E. Woods production. Miss Snow starred in many pictures, the last being "Lavender and Old Lace," in 1921, but is best remembered for the thrill she furnished us in the Million Dollar Mystery serial melodrama of a few years back. She returns, however, not to melodrama, but via a play of serious import and dramatic complications. Second of the comebacks is Virginia Lee Corbin, who takes this manner of answering in so far as she is concerned the oft-repeated question, "What becomes of the child stars?" Heerman and is based on a novel by Elizabeth Ellis. C. Gardner Sullivan made the adaptation. New Year's gift giving originated in ancient Rome. Life insurance business in the U. S. increased over 20 per cent. in 1923.

VIRGINIA LEE CORBIN, TODAY AND WHEN SHE BROKE IN ON THE SCREEN.

Having made two pictures for Goldwyn, "Mary the III" and "Free Love," Miss Corbin, yet to celebrate her 15th birthday, is appearing in "A Drama of the Night," a Paramount production being directed by James Cruze. Some few years ago, fans will remember, Miss Corbin was the star in the Fox series of fairy tales, acted entirely by children, and has since been on vaudeville circuit. Miss Corbin, the childhood promise of exceptional beauty not belied now that she has reached more mature age, appears older than actuality, and thus fits admirably into the part assigned her—neither flapper nor juvenile but that of a young, vivacious society girl.

Theatrical Manager Had \$570,000 Estate

New York, July 29.—An accounting of the estate of Alf Hayman, theatrical manager, filed in the Surrogate's Court, places the value at \$570,000. Mr. Hayman bequeathed the income from a trust fund of \$415,000 to Irene Coleman, not a relative, and also gave her power to dispose of the principal at her death. The accounting shows that Mrs. Rose Hayman, his widow, receives \$12,000 a year from the estate, and this payment will continue during her life under a separation agreement made with Mr. Hayman.

PRIZE PLAY SHOWN AT THE IMPERIAL

"Anna Christie" is Big Feature—Film of Orange Parade Exhibited.

Thomas H. Ince has broken every precedent in his latest production, a picturization of Eugene O'Neill's famous stage drama, "Anna Christie." Instead of the usual balanced cast of characters presented in a screen story, only one other woman appears in the film besides Blanche Sweet, who plays the title role. This is a First National release, now showing at the Imperial Theatre.

Ince has presented one of the most remarkable studies ever made on the screen of a woman—and a woman of the unconventional type. Sailors, dray men, street vendors, wharf front "rats," shuffling Chinamen, contumacious stokers from the picture-book mosaic of masculine life, against which the dramatic story of "Anna" is unfolded. Three principal characters are involved in this drama of a girl who fights all her life for life itself against masculine oppression. "Men—they're all alike—and, Gawd, how I hate them all," is the cry of "Anna," who has been the victim, first of her father's unwillingness to assume parental responsibility and look after his daughter's welfare; next of the brutality of four cousins of the north-west; then of men, men, until she comes to hate them with a deadly loathing. When finally a great love comes to her and she is forced to tell her father and her sweetheart the story of her past life—one of the most powerful situations ever worked out on the screen is presented.

"Marthy" is the other woman of the story, played capably by Eugenie Besserer. Anna sums her up when she says to her, "You're ME forty years from now." The principals of the cast, George Marion as Chris, the sentimental old "father," who blames everything on the sea—including his thirst, and William Russell as the boastful young Irish stoker, glorying in his strength and his prowess, are unforgettable personages.

The Imperial caught the fancy of the crowds of yesterday by again showing them some of the activities of their own city, this time the Orange celebration of the twelfth of this month—a long complete picture of the parade as it passed down King Square. It was a splendidly photographed movie and showed up the primary lodges, the Prentice Boys, the Royal Scarlet and Black Knights, the L. O. B. A., in fact all the sections of the parade with its 2,000 people.

The same programme is to be put on today with "The Weekly," including wonderfully fine views of the British fleet's visit to B. C. and parades of sailors. Tomorrow the bill is to be changed when the First National riot of fun, "Her Temporary Husband" will be the attraction. Cameron Geddes has been retained at the Imperial for another week and his singing yesterday continued to elicit rounds of hearty applause.

The white crab spider assumes the color of the flower in which it lives. The climbing perch is able to walk on land.

HUMOROUS PICTURE SHOWN AT UNIQUE

"A Perfect Crime," Comedy Drama, is Attraction Now Running.

Allan Dwan's newest comedy drama, "A Perfect Crime," which was shown at the Unique yesterday, reveals the desirability of indulging in that great American pastime, pretending to be what you aren't. The hero, Wally Griggs, is probably the greatest liar on record and with the aid of a little guile is transformed from a timid bank messenger to a dominant hunch whose latest hook on faked travels brings him a fortune and a girl.

The picture opens up a new avenue of escape and is told in Allan Dwan's best humorous vein. Wally Griggs, the hero of the story, is a groveling bank messenger, awkward and despised for his timidity. Quite suddenly he decides to rob the bank. It is important to him that his little sister have the advantages which the stolen money can give her.

So Wally makes elaborate plans for a robbery. He establishes another identity, removes his horn rim glasses, indulges in golf and fishing and forms an attachment with the president of the bank who is fascinated by his amazing stories of whiffpooft hunts in Africa. The president thinks it is an amusing joke that his new friend bears such a startling resemblance to poor old Wally Griggs! And then one day a package containing \$100,000 is given to Wally to deliver.

The ending is so rich in surprise that it would be unfair to reveal the climax. Suffice it to say that it is as exciting as it is full of quaint humor and that James Brown is as fascinating as Wally is dull. And of course there is a girl who scorns Wally but falls in love with Brown.

Monte Blue plays the hero role and does the best work of his career. Jacqueline Logan, a former Ziegfeld girl, plays opposite him and the supporting cast has been carefully chosen.

BOYS ARE RESCUED

David Corkey, Allan O'Brien and Frank Barry, three 15-year-old lads, had a narrow escape from drowning on Saturday afternoon last when the boat in which they were sailing from the Public Landing to Carter's Point was overturned by the wind. The boys clung to the bottom of their craft until rescued by Harrison Morgan and Harold Gregg. They were rowed home by Fred Morgan and the boat was picked up by Isaac Paul.

"I Hate All Men!" Says The Dissolute "ANNA CHRISTIE" At the IMPERIAL

"I wanted to marry you and fool you, but I couldn't. I couldn't marry you with you believing a lie. I wasn't no nurse girl the last two years. I lied when I wrote you. I ain't decent, but you drove me to it. Don't you see I've changed. Will you believe me when I tell you that the best love for you has made me clean? Like Heaven, you will. You're like all the rest. I tell you I hate all men!" EUGENE O'NEILL'S PULITZER PRIZE PLAY with Blanche Sweet, George Marion, William Russell, Eugenie Besserer. THIS IS THE LAST DAY Shows at 2:30-7:15-9:00. VISIT ENJOYED,
SAYS COMMANDER
OF CONSTANCE

Glad to Come to St. John Again—Calcutta Here Next Week.

Captain J. D. Campbell M.V.O., O.B.E., commander of H. M. S. Constance, expressed appreciation this morning for the kind treatment accorded the officers and men of the Constance during their six-day stay here. "We have enjoyed our stay here immensely," he said to a Times-Star reporter this morning, "and we look forward to coming again." While the stay had been a brief one, Captain Campbell said everything possible was done to make it a pleasant one. "We shall carry away with us," he said, "pleasant memories of our stop in St. John."

The various athletic activities indulged in by the men of the Constance during their stay here proved a welcome diversion from the routine of navy life. The crew on the Constance showed considerable versatility by placing teams in competition in local talent in soccer football, cricket and boxing. They lost out in the latter two and won in the football but in defeat showed themselves to be real sports. Their stay has been made memorable by the plucky action of Seaman Kite who saved a young newsie's life. This afternoon, several of the officers including Captain Campbell will play golf on the Riverside Club links, being guests of the Riverside members.

Tomorrow at 6 o'clock, the Constance will slip from her moorings and head down the harbor enroute for Bar Harbor, Maine. This morning was a busy one on board ship with the crew taking on coal, meat and provisions. Quite a tidy sum in payment for these necessities has been left here by the Constance. On Tuesday next, the Calcutta, carrying the vice-admiral in charge of the North Atlantic squadron, will arrive in port.

Officers Entertained. The officers of H. M. S. Constance were the guests last evening of the Dying Boys at the Bungalow, Pleasant Point. After supper a game of bridge was enjoyed. Army and navy choirs were sung. Two toasts were proposed, The King and The Navy. The toast to the King was responded to by Surgeon-Commander Sprague, Paymaster Peger and Lieutenant-Commander Lees. A piccolo solo by Lieut. Woodhall and a vocal solo by Lieut. Portal were much enjoyed.

ROTHESAY LEADS
BUT PRIZE GOES
TO FREDERICTON

Strathcona Trust Awards for Cadets—Albert School Victorious.

Although Rothestay Collegiate School again led the schools of the province in cadet corps and physical training inspection this year, the Strathcona Trust prize goes to Fredericton High School, according to an announcement here this morning by Lieut-Colonel A. B. Snow, district cadet officer. Rothestay Collegiate, being a private school, cannot take the prize, as one of the stipulations of the trust fund of \$500,000 given by the late Lord Strathcona is that the prizes must go to public schools. Rothestay scored an average of 98 per cent, and Fredericton about 95 per cent, according to Colonel Snow. This is the second year in succession Fredericton has won under Lieut. J. E. Page.

The trophy presented by Colonel Murray McLaren, C. M. G., D. S. O., in memory of the late Major W. C. Magee for competition among cadet corps in the city was won by Albert School. Fairville scored higher than Albert School, but not being in the city limits could not take the cup.

The standing of the various schools of the province that competed is as follows: First, Rothestay; second, Fredericton High; third, Chatham Grammar; fourth, Harkins Academy, Newcastle; fifth, Provincial Normal School, Fredericton; sixth, St. Thomas' College, private school; seventh, Boys' Industrial Home, St. John; eighth, Grand Falls; ninth, St. George High School; 10th, Aberdeen High, Moncton; 11th, Andover; 12th, Dorchester; 13th, Boys' Catholic Club, Chatham, private school; 14th, Fairville; 15th, Albert School, West St. John; 16th, Hartland; 17th, St. Andrew's Church, not a school; 18th, McAdam, N. B.; 19th, St. Peter's, St. John; 20th, West Side Corps; 21st, Digby; 22nd, King George, St. John; 23rd, Winter Street School, St. John; 24th, Mountain Road School, Chatham; 25th, Alexandra, St. John; 26th, Dufferin, St. John.

CITY MEDAL TO
BRAVE SAILOR
GIFT TONIGHT

Mayor Potts announced this morning that the city life saving medal would be presented at 9 o'clock this evening to Able Seaman Kite, who jumped into the waters at the harbor and rescued George Blois. The ceremony will take place on the cruiser Constance and the presentation will be made by His Worship.

FORESTRY CAR COMES HERE

The forestry exhibit car, at present showing at towns along the C. N. R. on the North Shore on its annual tour, will arrive in the city on Aug. 2. The tour commenced some weeks ago in Restigouche county and since that time has been confined chiefly to Northern New Brunswick. The car will arrive at Hampton on July 31, Rothestay Aug. 1, and this city on Aug. 2. Gerald B. Bell, of Ottawa, lecturer for the Canadian Forestry Association, under the auspices of which the car makes the tour, is in charge.

The Times-Star
Little Ads Make
Another Hit

The power of classified advertising in the Times-Star was demonstrated last evening to the satisfaction of Mrs. C. D. Butcher, who lost her home in the fire which occurred in last evening's issue of the Times-Star and within an hour Mrs. Butcher had her fire restored to her in congratulating the paper on the "bulletin" she had received. She considered this exceptional service to the public. Many others find it so.

LOCAL NEWS

TRAFFIC CASE. P. W. Dean was fined \$5 in the police court this morning for driving his automobile past a standing street car in Main street. He was informed that the usual fine was \$10, but owing to the circumstances he would be allowed to pay the minimum amount.

HARBOR REVENUE LARGER. That the revenue for July would be larger than for the same month of 1923 was stated this morning by the harbor master. He said the outlook for August was very good and among the vessels coming would be a steamer with coal for the Atlantic Sugar Refineries.

CIRCUIT COURT. The case of C. Ernest Hill, Inc. vs. William McHenry was continued this morning before Mr. Justice Barry of the Circuit Court. The last of the defendant's witnesses was examined and the plaintiff called two witnesses in rebuttal. The hearing went over until this afternoon. C. F. Inches is acting for the plaintiff, and Dr. W. B. Wallace, K. C., for the defendant.

CASE SETTLED. An assault case was heard before Stipendiary Magistrate Allingham in the Fairville police court this morning in which Mrs. Charles Williams was the complainant and Mrs. Hazen Cockburn the defendant. Arthur W. Carton appeared for the former and G. Earl Logan for the latter. The case was settled and the defendant was ordered to pay the costs.

PIND THIRD LEAK. The men of the Water Department have been busy yesterday and up to noon today repairing leaks in the old 24 inch water main from Spruce Lake. Yesterday the leaks in Robinson's and Linton's fields were repaired and last evening a leak was found in the Primecrest farm. Repairs were completed and the water turned back on noon.

YACHT IN SLIP. The yacht Nile, owned by A. M. Rowan, vice commodore of the R. N. Y. C. came down through the falls this morning and was tied up at Market Slip for some repairs. The jaws of the gate were broken in a slight accident that occurred on the recent cruise down the river from Fredericton. The yacht presented an attractive picture as it sailed into the slip this morning.

BIRTHDAY PARTY. A very enjoyable time was spent when the friends gathered at the home of Ruth Davidson, 175 Adelaide street, on Saturday afternoon to celebrate her 6th birthday. She received some very pretty and useful gifts. Those present were Ray and Laura Parks, Eugene Clark, Ella Appleby, Ella Mullen, Eldrid and Kenneth Sparks, Otis, Roy, Susie and Helen Davidson.

EIGHT FROM ST. JOHN. The biennial session of the Grand Council of the Maritime Provinces, Royal Assn. is to be held this year in Halifax, on August 6 and it is expected there will be a large attendance of representatives. The Supreme Council will be represented by Harold C. Knoepfel, supreme vice-regent, of New York, who will install the officers. The St. John representatives are George D. Martin, H. A. Porter, H. H. James, G. G. Wetmore, T. A. Ramsay, C. D. Strong, F. E. Wetmore and W. A. Coleman.

ALL SETTLED. Fred Neilson, who was given in charge yesterday by Captain McKenzie of the S. S. Severance on allegation of creating a disturbance on board the steamer, appeared in the police court this morning. He denied having created any disturbance and the captain was summoned to testify. He acknowledged that he had not witnessed the occurrence, but did know that the defendant, who is a steward on the steamer had disobeyed orders. He said he had no desire to have him sent to jail and was willing to take him back on the steamer if he would behave himself. Neilson promised to do this and was allowed his liberty.

TELLS OF TROUBLE. With his head swathed in bandages Randolph McKenzie, a colored cook from the Eastern Steamship, liner Prince Arthur, appeared in the police court this morning to testify against William McDonald, held in custody on a charge of wounding and doing grievous bodily harm to him some days ago. The complainant told of the circumstances leading up to the assault. E. J. Henneberry, who appeared for the defendant, asked that the case be postponed. This was granted on an understanding that it would be resumed whenever desired during the next three days. Evidence was previously given by the chief steward on the steamer and the police officers who made the arrest.

SOMEWHAT MIXED. That some of the people who wish to enjoy the scenery about St. John have a hazy idea of where to look for it, even though they live not so many miles away, was evidenced by the address on a letter received this morning by the secretary of the Board of Trade from Salem, Mass. The letter was addressed as follows: Chamber of Commerce St. John's Newfoundland Prince Edward Island

The writer said he wish to come this way by automobile and would like some information about the route to follow and the condition of the highways.

GUN IN HANDS OF
ST. JOHN BOY KILLS
HIS PLAYMATE

Gordon Ross Loses Life in Nova Scotia—Shooting at Bottles.

The accidental discharge of a revolver in the hands of a St. John boy named Flaherty yesterday, resulted in the death of Gordon Ross at the latter's home in Culloden, about six miles from Digby. A special despatch from Digby to The Times-Star today says:—Gordon, the 15-year-old son of Mr. and Mrs. Alex. Ross, of Culloden, was accidentally shot last evening, dying about two o'clock this morning. In company with a young nephew, named Flaherty, of St. John, he was shooting at empty bottles in the back yard of his home. He went towards the fence to put up some targets when the revolver in the hands of Flaherty was accidentally discharged and the bullet struck Ross in the head. Everything possible was done but he never recovered consciousness.

Besides his parents he leaves three brothers and seven sisters. The brothers are Captains Harry and Wiley, well known Gloucester shippers, and Roy. The sisters are Mrs. Monty Squire and Miss Gertrude Ross of Montreal, Miss Hazel and Frances, at home, Mrs. Charles Vanasse, Culloden; Mrs. J. Todd, Mt. Pleasant, and Sister Ruth in a convent in St. John. An inquest will likely be held today.

BRICK MAKING
IS RESUMED; 35
MEN AT WORK

Here's Another Sign of the Better Days in Store Here.

Work was provided for 35 men this morning by the starting of the plant of the Stephen Brick Company, and this number will be increased a little later, as orders begin to come in. The owners of the plant decided to anticipate the market to some extent in view of the spirit of optimism which has been aroused by the signing of the contract for the new hotel and in compliance with the request that there be a general loosening of the purse strings at this time.

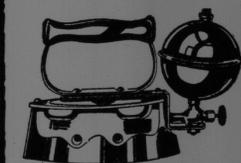

GOOD RESULTS AT
MILITARY SCHOOL

Excellent results were attained at the school for the practical portion of the militia staff course at St. John's, P. Q., according to Lt.-Col. H. C. Sparling, D. S. O., who returned from there and Ottawa yesterday. About 50 militia officers from the eastern military districts were present at the school which was commanded by Brigadier General C. J. Armstrong, officer commanding Military District No. 4. Each of the general staff officers of the eastern districts had charge of a syndicate of ten men, making different sections each day. The school lasted two weeks. Col. Sparling went on to Ottawa on the completion of the school. Other New Brunswick officers attending included Lt.-Col. E. C. Wrayton, Lt.-Col. Meserac, Major Cuntion, Major West and Major Wood.

As Hiram Sees It

"Well," said Mr. Hiram Hornaback to The Times reporter, "they you got into the band waggin' yet?"
"For what reason?" asked the reporter.
"To toot fer old St. John," said Hiram. "Ganto he big hotel—an' a coke plant—an' a court-house—an' a hospital, waggin' an' an' grain conveyors—an' school houses—an' more street paving—why out to the Settlers' what we're proud of you folks. You was goin' round with your heads down for a spell, an' now you're hitchin' your waggin to a star—as the poet says. They'll be more work fer men—an' more trade fer the stores—an' a bigger market fer what us farmers has to sell—an' more money fer the railroads—an' better times all round. An' more peopple'll be able to pay their taxes. Mayor Potts says to me yesterday, says he: 'Hiram, I'd rather be Mayor of St. John this year an' next than to be gov'nor of New Brunswick.' He ast me if at his table when the noo hotel is opened next year—an' he'll see my plate ain't empty. I guess we'll all want to be there this day. I'd s'pose I'll hev to borrow a dress suit—but I'll be there—yes, sir."

The Test of Hospitality

In no other place in the home is hospitality more rigidly put to the test than in the Dining Room. Here, beneath the critical eyes of guests, the service, the menu and the appointments reflect the taste of the hostess. The service is a matter of domestic supervision; the menu the result of housewifely skill, but the appointments—the furnishing of the room itself—speaks the innate character of the owner. The success with which we have met in this department of our store recently indicates that our wonderful stock and our advice and counsel to customers have been appreciated. Your visits will be welcome.
