## FINE DAY FOR FIRST GAME

### Thousands All Night At Gates of The Ball Grounds

WOMEN IN LINE, TOO

Possible Line up of the Teams—Both Sides Agree That There is Great Struggle Ahead—The Betting

(Canadian Press)  
New York, Oct. 8.—A brilliant day dawned for the first game of the world's baseball series this afternoon between the New York Nationals and the Boston Americans. Indications at eight o'clock were that the weather would remain fair and grow warmer. Thousands were in line waiting for the gates to open at eight o'clock.

Neither of the rival managers was prepared to announce his batting order early today, for everything depended upon the selections for box work just before the game.

Should Boston send in their left hander, Ray Collins, to the mound instead of "Doc" Wood, Manager McGraw, of the Giants, will likely switch Snodgrass from centre to left field and replace Outfielder Devore, who is weak against "smooth-paws," with Becker. Thus the uncertainty over the pitching selections indicated some jockeying of batting orders, just before the umpire in chief cries "play ball" at two o'clock this afternoon.

The probable batting order of the teams, however, follows:  
Boston—Hooper, 1; Verkes, 2; Speaker, 3; Lewis, 4; Gardner, 5; Stahl, 6; Wagner, 7; Cady or Carrigan, 8; Wood, 9.  
New York—Devore, 1; Doyle, 2; Snodgrass, 3; Murray, 4; Merkle, 5; Sizoo, 6; Meyer, 7; Fletcher, 8; Mathewson, 9.

(United-Press, Evans, Rigler, and O'Laughlin.)  
**All Night in Line**  
The early comers began to gather at the gates of the Branch stadium near midnight. By one o'clock the line was not only open but the gates were open. Near midnight this line had grown to 500 persons. Many of them had brought along their own boxes upon which to take an evening's sitting. It grew cold toward morning and the crowd angled close to the high board fence along English avenue, to escape a biting west wind.

A woman appeared in line just after midnight and was observed. She was long without feminine companions. By sunrise a score of women were found in the shivering trail along the fence. They sat down toward the "L" station at 15th street. Fifty policemen were on hand to maintain order, but they had nothing to do but to keep warm.

Club officials estimated that there were 4,000 people at the gates at eight o'clock. This early throng was formed in a line four abreast and when the gates were flung open there was a rush for the reserved stations in the lower grand stand and "bleachers" set back of the outfield. About 30,000 seats were on sale today, and reserved seats having previously been disposed of.

**Giants Confident**  
The Giants are confident of the outcome of the series. The home players expect to win, but at the same time they expect to be fought until the last man is put on the field. "No one among our boys holds the Red Sox cheap," remarked "Chief" Meyers, the Indian catcher of the Giants, who was one of the first players to report at the clubhouse this morning. Soon after the "Chief" came Mathewson, Merkle and the other players, for there were spikes to be sharpened and bats and uniforms to be inspected. Few of the players were recognized in their street clothes, as they worked their way through the jam at the entrance.

"We naturally expect to win," said Captain Larry Doyle, the Giants' second baseman.  
Manager John J. McGraw of the Giants, long in managerial ability but short on prophesy, was loquacious enough to say that the Giants were prepared to make a hard fight. Then McGraw trotted into the clubhouse and not another word on the possible outcome, could anyone get out of him. McGraw has looked the Red Sox over and studied the fine points of their play, but the New York players said this morning that it was doubtful if McGraw had laid out any plan of battle in advance. They knew him as a man who depends on snap judgment on the field and who places no dependence on premature plans of campaign.

**Gardner Likely to Play**  
The Red Sox are in fine fettle. Beyond the injury to Larry Gardner, no ailment was reported to Manager Stahl by his men when they turned out this morning. Gardner will hold down his old position at third base, unless his injured finger gives him trouble. Clyde Engle will take his place should Gardner be compelled to retire. Engle is a good player, but has not got Gardner's fielding or hitting ability. Manager Stahl of the Red Sox had primed Joe Wood, his star pitcher, for duty today, but there were reports that Stahl might send in Ray Collins.

"I think our season's records will justify me in saying this much about the series," the Giants' manager said, "and that is that there will not be one game that our opponents will not have to knock us down to get."  
The Red Sox spent the night in an up-town Broadway hotel, far away from the crowd and noise.  
**The Betting**  
Thousands of dollars have been wagered on the outcome of the series. Boston was the favorite at 10 to 8, and 10 to 9. Betting this morning found plenty of Boston money in sight. Bets at 6 to 5 that Boston would win if Joe Wood pitched today were popular with the visitors, and of course there were many fresh bets.

## LIGHT VOTE BEING POLLED

### Those at Polls Say it Looks Like Defeat of Early Closing Bye-Law

The prospects for the success of the first attempt to secure civic legislation by the use of the initiative did not seem bright, from what could be learned from the polling places today, as it appeared that the majority of those who voted were opposed to the early closing movement. The polls opened this morning at eight o'clock but when they did open the returning officers were not overwhelmed with business. During the morning the voting was very light and while there was a little spurt at the noon hour, the total vote cast will be a very small proportion of the number of qualified voters. The result of the vote reflected the general lack of interest in the matter.

Those who were interested at all, however, were most decidedly so and the exchange of opinions regarding the merits of the proposed law or its lack of merit were sometimes quite vigorous. Carriages were used by the workers on both sides to bring out the vote although not on a very large scale and both sides had representatives at the polls.

A canvass of some of the polling places at eleven o'clock showed an average vote in each of about 45 ballots and at one o'clock it was scarcely double that amount. In Queens ward about 120 votes out of a thousand or so were cast at one o'clock. There were various estimates as to the result of the vote but there was no one who expected it to pass. In the eastern end of the city the vote was said to be about two to one against the early closing movement. In one booth an official said that forty-six votes had been cast and forty of these voters had been spoken in their opposition to the measure. In the North End, where the movement originated, the contest seemed more equal but even in that section the supporters were not very optimistic.

The polls close at four o'clock this afternoon and the ballot boxes will be returned to City Hall. The official announcement of the result will not be made until tomorrow morning.

## THE BREAKWATER

### Mayor Frink Lays Matter Before The Commissioners

The correspondence regarding the breakwater in Courtenay Bay was laid before the commissioners at noon today by the mayor. His Worship submitted a letter which he had received several months ago from Hon. J. D. Hazen when the matter was first taken up, and in which the minister pointed out the difficulties in the way of the change. His worship has more recently written to Mr. Hazen replying the matter, and laying before him the matters which are pressing for change from work on the present site.

He was reported to Manager Stahl by his men when they turned out this morning. Gardner will hold down his old position at third base, unless his injured finger gives him trouble. Clyde Engle will take his place should Gardner be compelled to retire. Engle is a good player, but has not got Gardner's fielding or hitting ability. ## TORY TRUCK TO DECEIVE QUEBEC

### Fake Notice Calling Meeting of "Wilfrid Laurier" Orange Lodge is Published in Toronto

(Canadian Press)  
Toronto, Oct. 8.—The tour of Ontario completed, Sir Wilfrid Laurier arrived in Toronto today to attend the annual meeting of the Ontario Reform Association in the Temple building and deliver an address. Five hundred invitations have been issued.  
Sir Wilfrid considered his tour last night at Toronto where he was assisted by Hon. George P. Graham and Hon. McKenzie King. Hon. Mr. Graham in his address said that recently a fake notice of an Orange lodge meeting appeared in a Toronto newspaper. It contained the customary out of King William crossing the Boyce and purported to summon a meeting of the "Wilfrid Laurier Lodge," being signed by Mr. Graham and McKenzie King.

"These papers," said Mr. Graham, "have already been sent by Borden's agents to Quebec, to be reproduced in the French Canadian papers, to prove that Sir Wilfrid has deserted his religion and that Orange lodges in Ontario are being called after him."

## DEATH ATTENDS UPON CAROUSAL

### Two Dead, Three May Die in Quebec Town — Doctors' Strange Drink a Feature

St. Malo, Que., Oct. 8.—Two men are dead and three dying as the result of a prolonged carousal in the home of a doctor and of a mysterious drink which the physician is alleged to have mixed for his party.  
Joseph Desrocher, A. Desrocher, Pierre, Joseph Ouellet and Oudrin had been drinking heavily and carousing their party before they were sent to break up a drink of which the doctor made up. It was then, according to the reports, that the doctor made up a drink of which the doctor made up. It was then, according to the reports, that the doctor made up a drink of which the doctor made up.

## JOE WOODS' RECORD NEVER EQUALLED

New York, Oct. 8.—When Joe Wood, Boston's star pitcher, turned in a season's record of thirty-four victories in five defeats for an average of 87.5 last week, he set a pitching mark which has never been reached in modern times. Reulbach of the Chicago Nationals came the nearest to his record in 1908. In his long career, Mathewson has collected 313 victories, against 143 defeats, an average of 68.6.

## FINED FOR SPEEDING; DOES IT AGAIN AND LIFE IS THE PENALTY

Brantford, Ont., Oct. 8.—Chas Bennett, a wealthy oil operator, who has been, for some time, residing at the Belmont, accompanied by Charles Herod, proprietor of the Herod garage, drove his automobile into a freight train at a terrific speed early this morning. Bennett was thrown head first against a freight car and was instantly killed. His head struck the freight so violently that it crashed right through the wood.

## OLD GIANT DEAD ON EVE OF BATTLE FOR THE CHAMPIONSHIP

**Railway Workshops Burn**  
Waterloo, Ont., Oct. 8.—The workshops of the Central Vermont railway were destroyed by fire early today. Firemen succeeded in keeping the fire from spreading to a chair factory and sawmill adjoining. Very little rolling stock was damaged, but the machinery and tools in the main building were destroyed with a loss which will probably reach \$10,000.

## MONTENEGRO BEGINS WAR?

### Declaration Delivered to Turkey and Fighting is Reported

Little State Seems to Have Forestalled Action of Powers Which Was Taken This Morning to Prevent Hostilities and Matter is More Complicated

Cettinje, Montenegro, Oct. 8.—Montenegro declared war on Turkey this morning. The declaration of war was delivered to the Porte by the Montenegrin charge d'affaires early today. Heavy fighting is in progress along the frontier.

London, Oct. 8.—It is officially announced in Constantinople that diplomatic relations between Turkey and Montenegro have been broken off, according to a news agency despatch from the Turkish capital. The market appeared to await the result of the action taken by the powers. Consols did not change, but American stocks were from 18 to 14 below parity.

**Powerful Notified Bulgaria**  
Sofia, Bulgaria, Oct. 8.—The Austrian and Russian ministers made joint representations to the Bulgarian government on behalf of the powers at noon today. They informed the Bulgarian government of the warlike attitude of the Balkan states, and urged upon them a prompt cessation of the military concentration. They advised the government to leave to the cabinets of the great powers the task of assuring Macedonian reforms.

Constantinople, Oct. 8.—Turkish troops have been placed on board all the Greek vessels in Turkish waters which have been seized by the Ottoman government. The Greek legation here has ordered the masters of the vessels to land the crews. Cettinje, Montenegro, Oct. 8.—M. Planinc, the Montenegrin charge d'affaires at Constantinople, has been ordered to leave there today. The Turkish charge d'affaires here has been handed his passport by the Montenegrin government.

**May Have Blocked Powers' Efforts**  
London, Oct. 7.—The declaration of war on Turkey reported from Cettinje to have been made today by the little kingdom of Montenegro forestalled the action of the European powers in favor of peace by only a few hours.

The ambassadors at Constantinople and the ministers at the capitals of Bulgaria, Serbia, Greece and Montenegro, had been instructed to make representations to the powers of their governments this morning, and a despatch from Belgrade confirms that their programme has been carried out. It is feared generally in diplomatic quarters here that the action in which Montenegro has participated, and the fighting reported to have taken place between Turkish and Montenegrin troops on the frontier, will jeopardize the whole situation and tend to frustrate the efforts of diplomacy. It is thought likely that the other Balkan states may decide to follow the lead of Montenegro.

The situation of the Christians in Albania and Macedonia and the demand of the Balkan states that those provinces should be granted autonomous government, are the main causes of the crisis. Some hundreds of thousands of Turkish reserves, it is believed, have been concentrated rapidly at strategic points along the frontier. At the same time, the Balkan armies have been gathering in great numbers, and it is calculated that nearly a million men are face to face.

Despatches from Constantinople say that military patrols were going round the city, and that the military authorities, too, had placed troops on board a large number of Greek vessels which they had seized in Turkish waters and it is understood that these are to be used for the transport of troops.

**WORK ON \$1,000,000 HOTEL THIS FALL**

Jeremiah Donovan's farm of 230 acres on the Marsh road is under option to Allison & Thomas. The option will expire in December and if the property is not sold otherwise before then it is their intention to place it on the market in building lots. Wm. Donovan has sold to Hon. Wm. Duzley the right of way from the railway track at Coldbrook through his property on the Marsh Road.

Gagtown people are looking for a boom in real estate on account of the activity of the New Brunswick & British Colonization Company which has purchased thirty acres of land and several buildings in and around Gagtown.

### Believed Thefts of Last Three Months Reach \$1,000,000

New York, Oct. 8.—The failure of the police to locate either the thieves or the loot in a recent big jewelry theft has led to the formation of a private detective agency, which has sent out an urgent warning to pawnbrokers of the city to be on their guard against the possibility of a burglary. The agency is offering a reward for information leading to the recovery of the stolen jewelry or the apprehension of the thieves.

You'd drink more cocoa if you knew how good it is for you and how good it ought to taste.

Ordinary cocoa prepared in the ordinary way cannot give you the faintest idea of the real deliciousness of the finest cocoa.

To get the full delicious flavor you must use the right kind of cocoa and make it in the right way.

Lowney's, properly prepared, will show you how cocoa ought to taste.

The full, rich flavor of Lowney's Cocoa, produced at our factory in Montreal, is due to this: (1) the finest-flavored, most costly cocoa beans from the tropics are used; (2) the beans are skillfully roasted to bring out all their rich flavor; (3) beans from different countries are combined in proportions that make a delicious blend.

That is why you get a rich fullness of flavor in Lowney's not found in ordinary cocoa.

**The Best Way to Make Cocoa**  
Mix two even tablespoons of Lowney's Cocoa with two cups of water. Add one-eighth of a teaspoonful of salt.  
(A little salt helps to bring out the true cocoa flavor.)  
Over this mixture pour gradually two cups of boiling water, and stir with the back of a spoon until it is a smooth paste. Then boil 5 minutes.  
(The boiling is another step in developing out the perfect flavor of Lowney's. It should be continued the full 5 minutes.)  
Finally, add two cups of scalded milk and beat with an egg-beater until frothy.  
(Do not add the milk if you do not wish to form a cream top to the cocoa. Simply heat it.)  
These directions, carefully followed, will give you four steaming cups of the most delicious cocoa you ever tasted.

Lowney's Cocoa is sold by grocers. In tins—10c to 50c sizes.

Costly Luxuries By RUTH CAMERON

A MAN whom I used to know recently committed suicide. No, it was not a case of unrequited love. Nothing so romantic as that. It was simply a case of unpaid bills.

This man had had a good and fairly good prospect. There was no reason on earth why he shouldn't have lived to a ripe old age in enjoyment of all these blessings, if it hadn't been that early in life he drifted into the habit of spending just a little more money than he had. Instead of being his creditor on his earnings powers, he based them on his wishing powers. Marriage only made him worse. Agencies which had loaned him money to establish a business were constantly harassing him every mail brought him dunning letters, he borrowed from Peter to pay Paul, he passed sleepless nights, trying to find a way out, he agonized over his condition, and yet all the time—such is the psychology of the spender—he went on living beyond his means.

Finally things came to a crisis, and driven half crazy by it all, he killed himself, leaving his wife with a good insurance and a broken heart.

We often see people who seem to have more of the good things of life than we do, and sometimes we envy them. It is a foolish envy. Believe me, anyone who lives beyond his means, pays heavily in coin of anxiety and a troubled mind for all the pleasure he may get out of his luxuries.

For every man who is driven to suicide by extravagant living I don't doubt that there are a hundred who live on the brink of it.

It is said by those who have good reason to know, that a great many of the people who own automobiles are constantly on the very edge of financial ruin. Their homes, their salaries and their peace of mind are all heavily mortgaged to maintain the wretched things. Decidedly the savages who start on the automobile "devil wagon" spoke better than they know.

And decidedly we torturers, who plod along stout and enviably watch the hares in their automobiles, are really much more likely to win out in the race for happiness than we realize.

When a young couple starts out spending money in a haphazard way without attempting to reckon just how much per week they can afford to spend for each item, they start on the road to trouble. Loan sharks and charge accounts make such conditions possible, and I think anyone with limited means should avoid the latter as carefully as the former. Even checking accounts, unless one is very strong minded, have a tendency to make one careless about spending money. It seems so much more real, when you part with an actual five dollar bill than it does just to sign one's name to a scrap of paper, especially when one has a plentiful supply of such scraps in one's check book.

Spending money is the easiest and most pleasant thing in the world—except when you don't have it. Even then it may be pleasant at first but sooner or later it will spoil your whole life.

**IN AID OF PLAYGROUNDS**  
Ladies Discuss Plans for Raising Funds — Alice in Wonderland Thought Of

Determined efforts are being made by a large number of representative ladies of St. John to raise funds for the Playgrounds Association and it is likely that a highly interesting and entertaining performance will be given soon, or that some other means will be adopted in the interests of the playgrounds for which there is such a crying need.

Several ladies who were called together by Walter C. Allison met at the home of Mrs. F. E. Sayre last evening to meet Miss D. Hope Leonard, of New York, regarding a possible production of that great favorite of the children, Alice in Wonderland, in the Opera House six nights and a matinee, beginning November 4.

The ladies present besides Mrs. Sayre were Mrs. C. H. Eason, Mrs. J. A. Jones, Mrs. Murray McLaren, Mrs. W. E. Foster, Mrs. Stewart Skinner, Mrs. George Fleming, Mrs. J. Royce Thomson, Mrs. Geo. L. Wetmore, Mrs. M. B. Edwards, Mrs. Daniel Mullin, Mrs. D. Chisholm and Mrs. W. C. Matthews. Others who were unable to be present but who will lend the movement every assistance are Mrs. J. H. Frank, Mrs. George J. Smith, Mrs. Percy W. Thomson, Mrs. W. S. Allison, Mrs. John McAvity.

While it is not at all certain that the performance referred to will take place, the matter is under serious consideration and if it is decided upon, 300 of the best talent of the young people of the city will be seen and the performance will undoubtedly be the most elaborate of its kind attempted here since Parola was given several years ago. Alice in Wonderland was produced in Portland (Me.) recently under the patronage of the governor of the state and it is believed that it will be given here, it is hoped that the lieutenant-governor of the province will lend his patronage.

An early meeting of the ladies will likely take place tomorrow evening at 7.30 o'clock in the dining hall of Keith's suite.

**AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER**

**THE OPERA HOUSE.**  
The Amoral of Kitty, a three-act farce comedy, was presented in the Opera House last night. The audience was large, and appeared to enjoy the performance. There are eight performers in the company, and each played the parts allotted with a certain amount of success. The principal fun making role was entrusted to Hal Johnson, a female impersonator, who made an excellent part. The play was well acted, although at times his acting was very much overdone. The scenes of the play are said to be the most interesting and there is just enough plot to make continuity.

R. J. Bentley as Colonel Bell, and A. Ross as Benjamin Moore supplied much of the comedy of the play, and the other members of the cast also assisted admirably. Several songs are sung, including Wedding Bells, Tum, Tum, Tiddle, Another Rag and others. The box office demands are not high and this must be considered in judging the production. The musicals will be repeated tonight, and on Wednesday and Thursday nights, with a Wednesday matinee.

**THE NICKEL.**  
With five pictures, two vocal numbers, and the usual good orchestra music, the Nickel opened the week in interesting style, and a great crowd attended. The program has begun with an interesting picture from far off Moorland, showing the life of a nomad people of the native lands. Several scenes are shown, and a War Time Romance is an entertaining story of the civil war in the United States. The picture is marked by plenty of action and stirring incidents. The principal character number is a love tale, "The Heart of the Mermaid," in which popular Viagraph players are seen. The story is set in delightful scenic surroundings and is full of absorbing interest. Then there are two comedies which send everyone away smiling.

In the musical portion of the program, Miss Tess Miller has a dainty selection, "You Don't," and sings it artistically. She won hearty applause. Miss Margaret Breck and Floyd M. Baxter made a marked impression in their musical numbers, and had to return to the stage several times to bow their acknowledgements of applause. In all it was a very pleasing bill.

**Bridgetown Notes**  
Bridgetown, N. S., Oct. 7.—I. D. Shaff, a former Bridgetown resident, now of Vancouver, has engaged several local men to work in Coggilliam, where he is president of a large company lately incorporated there.

The horticultural exhibition held here last week was a grand success in spite of the rain that kept intending visitors away. Miss Carrie Currie, of Wolfville Seminary, spent the week-end in town with friends.

**HOLD UP NEAR FAIRVILLE.**  
John Collins, a Fairville merchant who resides at South Bay, was held up while on his way home with his wife and family on Sunday night last. They were driving from Fairville. When they were almost in front of Dr. Walker's house two men jumped to the road and caught hold of the horse's head. One man attempted to drag Mr. Collins out of the wagon, but the horse made a sudden start and succeeded in breaking away from the men. Mr. Collins drove on until he came to a neighbor's house, where stopped and organized a party to wear back to look for the hold-up men. No trace of them could be found however.

**THE FIRST GRAY HAIR SIGN OF AGE**

Easy Way to Preserve Natural Color of the Hair and Make it Grow

A harmless remedy made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wythe's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you a money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

**IT ENDS PAIN!**

Have you a sore place? Have you any skin disease, old sore or obstinate wound, that has defied all efforts at healing? If so, apply Zam-Buk and prove its merits.

**A Woman's Message to Women.**

Mrs. James Elsworth, 902 Selkirk Ave., Winnipeg, Man., says:—"Four and a half years ago ulcers started on my left ankle, and spread until the top of my foot and limb, to the knee, was well-nigh covered. I used ointment after ointment, until everything I knew of had been tried, but I received little or no benefit. I was laid up in bed for a long time, and had no rest or sleep, night after night, from the acute pain and irritation.

"I consulted doctors, until I had taken treatment from at least five. After using their ointments and preparations until I was positive I could get no cure, I almost gave up in despair. I was next persuaded to try a course of treatment supplied by a company operating in this city, paying as much as fifteen dollars and a half in one week for ointments, which proved of no use whatever.

"One day a sample of Zam-Buk was left at the house. This seemed to soothe the pain almost instantly, and encouraged me to get a supply from the druggist and give it a fair trial. Zam-Buk had a wonderful effect in a very short time. The irritation and the pain were quickly relieved, and gradually the ulcers were cleansed of all poisonous matter. The discharging then ceased, and the ulcers began to show signs of healing. I kept on using Zam-Buk until every ulcer had been completely healed."

**TEST IT FREE.**

Zam-Buk cures piles, ulcers, abscesses, blood-poison, burns, sores, eczema, cuts, scalp soreness, all skin injuries and diseases. 50c. box all druggists and stores.

THE WAR IN THE BALKANS
Montenegro, which this morning's cablegrams say has declared war on Turkey, has a population considerably less than that of the city of Toronto.

Bulgaria, which will be involved, has an army of 375,000 men, Greece has a smaller force, and Serbia about 150,000. Rumania has about 175,000; but in time of war all of these countries can expand their army, and together they represent a formidable fighting strength.

Father McCormick was born in St. John on July 25, 1871 and was ordained some twelve years ago by Cardinal Gibbons and has since been stationed in Brooklyn, and Quebec. There was a large gathering at the reception to the new rector and all passed most successfully. The children's choir first sang with Mrs. Wm. Harrington as soloist. Then Rev. Father Borgmann spoke briefly, welcoming the new rector. Alfred Dever delivered an address of welcome on behalf of the congregation speaking of Father McCormick and the high regard in which he was held by the people. In closing Mr. Dever referred to the work done by the former rector and promised the hearty cooperation of the congregation in any work which the new rector might undertake. Father McCormick in responding said he felt it a great honor to be chosen rector of the parish of St. Peter's, and would endeavor to continue the good work of his predecessors. Rev. Father Simon then delivered an address. Rev. Father Kelta also spoke, after which the reception was brought to a close. FORTUNATE: "This is the third time you have been here for food," said the woman at the kitchen door to the tramp. "Are you always out of work?" "Yes," replied the tramp. "I guess I was born under a lucky star."

RECORD OF A GREAT MEDICINE

Doctors Could Not Help Mrs. Templeton—Regained Health through Lydia E. Pinkham's Compound. Hooper, Nebraska. "I am very glad to tell how Lydia E. Pinkham's Vegetable Compound has helped me. For five years I suffered from female troubles so I was scarcely able to do my work. I took doctors' medicines and used local treatments but was not helped. I had such awful bearing down pains and my back was so weak I could hardly walk and could not ride. I often had to sit up nights to sleep and my friends thought I could not live long. At my request my husband got me a bottle of Lydia E. Pinkham's Vegetable Compound and I commenced to take it. By the time I had taken the seventh bottle my health had returned and I began doing my washing and was a well woman. At one time for three weeks I did all the work for eighteen months with no signs of my old trouble returning. Many have taken your medicine after seeing what it did for me. I would not take \$100 and be where I was. You have my permission to use my name if it will aid anyone."—Mrs. SUSIE TEMPLETON, Hooper, Nebraska.

LOCAL NEWS

THE PULP MILL G. C. Outler was unable to make his inspection of the city's pulp mill property at Mispee this morning but will go out this afternoon and hopes to be able to take the matter up with the commissioners tomorrow when he will be in a better position to discuss the value of the property.

NAVES-FORBES. Last evening at 173 Waterloo street at the home of the officiating clergyman Frederick Naves and Miss Margaret Forbes were united in marriage by Rev. M. F. McCutcheon, Mr. and Mrs. Naves both belong to St. John and will take up their residence here.

THE MERRY-GO-ROUND MAN. Manager Parker, who ran the Ferris wheel and the merry-go-round at the St. John exhibition, is in the city today after playing the fairs at Halifax, Sydney and St. John's. He is a great rover and has travelled in this business as far as San Francisco. Mr. Parker says that for attractiveness, attendance and business the St. John exhibition was the best in the maritime provinces this year.

FATHER O'NEIL LEAVES. Rev. A. B. O'Neil, C. S. C., left St. John at noon today for his home at Notre Dame, Indiana, Montezuma, Montreal and Columbus, Ohio.

When he will pay a brief visit to his religious brethren at St. Laurent and Cole de Neiges, and then proceed to Columbus, where he is booked for a lecture on the 29th inst. Father O'Neil said before leaving the city that he had thoroughly enjoyed every day of his four months' sojourn in his native province and that while his walking record during that period was considerably below his average, his farwell sermon in St. George on Sunday last was his thirtieth for the summer.

ALLOW NO DRINKING AT COURTENAY BAY WORKS

Two Cases Deal With—Actions of Young Men and Girls on Marsh Road Draw Comment

"The action of a gang of young men and also of several girls, on the Marsh Road last Sunday, were simply disgraceful, and they could be termed nothing less than savage," said Magistrate Ridd in the police court this morning, in dealing with two prisoners charged with being drunk on the Courtenay Bay works. "The language and actions of them were awful, and a stop will have to be made of this sort of thing at once. People passing along on their way to and from Courtenay Bay were forced to step off the sidewalk and onto the road to get clear of this gang, some of them under the influence of liquor. It is a shame that in this city of St. John should have to be disgraced by a gang of rowdies like this, especially in the vicinity of the construction work at East St. John. The county police and also the city police will be instructed to put a stop to this, and if it continues, the guilty parties will find themselves in the police court. We are going to put a stop to all liquor selling and drinking at Courtenay Bay, and those who are arrested will have to suffer."

Two laborers, charged with being drunk pleaded guilty and were fined \$8 or two months in jail. Superintendent Puffer of the Courtenay Construction Company was in court to prosecute the men, and said he was determined not to allow any drinking around the works. "I want to state to the court, said Mr. Puffer, that we intend to have order kept at East St. John, and if we can assist the police in any way to keep order, we will only be too glad to do so. One other prisoner charged with drunkenness, pleaded guilty and was remanded. Arthur Brandie, charged with scattering waste paper in Charlotte street was fined \$2.

ALONG THE RIVER

There are three dredges at work in the St. John river at Fredericton. There are still some logs floating past Fredericton, and activity still prevails at the rating grounds below. Farmers were busy making hay on the islands above Oak Point yesterday. The recent fine days have been of great benefit. The wharf at Sandy Point, where the river enters Grand Bay, is nearing completion. The number of summer cottages along that shore has been increasing, and with a wharf at the point it will be even more popular. The traveller along the river sees here and there green fields of oats, a remnant of the wet and late season. Farmers who send produce to market should be sure they use strong barrels. While the Elaine was taking on freight at an up-river wharf yesterday the bottom fell out of a potato barrel and more than half the contents rolled down the sloping wharf into the river. At another wharf the bottom fell out of a barrel of turnips, and some were lost in the same way. The men were handling the barrels carefully enough, but the bottoms were not well fastened. Queenstown and Cosar's Stock Farm are the only places along the river that have a sign to tell the stranger the name of the locality. Mr. Cosar has a very large printed announcement about his farm and what it produces, easily read from the steamer's deck. He realizes the benefit of advertising. Only two of the old style of woodboats were to be seen along the whole river from Fredericton to St. John yesterday, and they were not carrying wood. The old style of craft is practically down and out. One young man at Upper Gagetown bagged eleven wild ducks last week, and others are said to have had good luck in the same line of sport. Evidence of the growing interest in orchards is seen here and there along the river, in an occasional new plantation, but what most impresses the observer are the neglected opportunities for orchard planting. At several points along the river between Gagetown and Fredericton, and above latter city progress is being made with Valley Railway construction, and the observer can get some idea of the magnitude of the work. Here and there long hills are seen, and steam shovels eating into the cuttings, with large crews of men at work. As a result of the general activity in construction work in the province and the harvest excursions to the west the farmers along the river have had great difficulty this fall in securing help. One farmer said he had never found it so difficult to get a man when he wanted one.

KILLEN BRINGS HOME TWO BOYS

Charged in Connection With Recent Thefts WERE IN TEWKESBURY

Breaks Into J. H. Hamilton's and J. V. Russell's—Phillips Fighting Extradition in His Own Case

One of the most important captures made by the local police for some time was that of yesterday afternoon when Detective P. F. Killen arrested Lawrence McCarthy, aged sixteen, and Oscar Beckwith, aged fourteen, in Tewkesbury, a suburb of Boston, on the charge of having broken and entered the store of John H. Hamilton, in Wall street, and also that of J. V. Russell in Main street. From the Hamilton store the boys are charged with stealing about \$400, and from the Russell store about \$100. The breaks were made on the night of September 1 and it is believed that the perpetrators made their escape to the states the next day. Both breaks were very daring, and looked to be the work of experienced crooks. The young fellows under arrest were formerly employed in one of the cotton mills. Soon after the break suspicion was fixed on them, but they were not to be found in the city. The police have been diligently at work on the matter, and a few days ago Chief Clark learned of their whereabouts. Detective Killen happened to be in the states in connection with another case, and Chief Clark wired him about the two boys. The detective immediately went and placed them under arrest, and brought them to the city this morning. Both young fellows were well dressed, but had practically no money on them at the time they were taken into custody. According to the detective they had not been working.

When searched four photo cards, a knife and three neckties were taken off McCarthy, and two photo cards, one post card, a watch fob, ten keys on a ring, two account books, one pocket-book, eighteen cents, a jackknife and a ring off Beckwith. Detective Killen also visited Marlboro, Mass., where Herman G. Phillips, wanted for the charge of theft, is in custody. Phillips is charged with stealing a post office money order from the office mill. Soon after the break suspicion was fixed on him, but he was not to be found in the city. The police have been diligently at work on the matter, and a few days ago Chief Clark learned of their whereabouts. Detective Killen happened to be in the states in connection with another case, and Chief Clark wired him about the two boys. The detective immediately went and placed them under arrest, and brought them to the city this morning. Both young fellows were well dressed, but had practically no money on them at the time they were taken into custody. According to the detective they had not been working.

FRED. TEMPLE'S SON IS NOW EXPELLED IN FLAG INCIDENT

Former St. John Boy Refused To Change His Mind and Swear Allegiance to United States Flag

New York despatches a few days ago told of Leofric Temple, son of Fred L. Temple, formerly of St. John, refusing to announce allegiance to the United States flag during exercises at the Cedar Grove, N. J., high school which he attended. The boy said he had acted under his father's instructions. A despatch today says: "When the exercises were over, the N. J., public high school opened yesterday morning, Leofric Temple, the seventeen-year-old son of Frederick L. Temple, was present. The school board of the village had decided in a regard to the boy's refusal to announce his allegiance to the American flag, and as the boy refused to reconsider, under his father's orders, he was expelled. "One of the members of the board of education said last night: 'This Temple boy has caused us trouble before. About a year ago he publicly insulted the flag, and we were obliged to expel him. Now we cannot have exceptions of this sort in the school which, after all, is a government institution. If he is not an American he should go to a private school and pay for his tuition or go back to Canada or England, but if we made an exception in his favor, I suppose that any anarchist might refuse to salute the flag. He can be reinstated if he reconsiders his decision, otherwise he is expelled.' Young Temple precipitated the trouble by putting his hands in his pockets on last Monday morning, when the other pupils saluted the flag and repeated a formal pledge of allegiance to it. Principal Hutchinson asked him why he did it. 'I am acting under the instructions of my father,' answered the boy. 'He told me under no circumstances to pledge allegiance to the American flag, and I propose to obey him.'"

"How soon a man forgets he was a boy"

said a customer who brought his son into our Boys' Clothing store yesterday and gave the lad his choice of our Autumn Suits for boys. "I suppose," said the man, "I am as considerate as most parents—I hope a little more so. But it never occurred to me that my son might be ashamed of the old suit he was wearing until I read your advertisement of a few days ago. So I brought him in after school."

That boy had his choice of as fine an assortment of Norfolk and double-breasted suits in fancy fabrics as was ever assembled under one roof.
