FIFTY-EIGHTH ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

ST. GEORGE'S SOCIETY

OF TORONTO,

FOR THE YEAR 1892.

The Fifty-Eighth Annual Meeting of Members was held in St. George's Hall, Elm Street, on Friday the 3rd February, 1893, at 8 o'clock p.m., a large number of members being present.

The President took the chair and called on the Secretary to read the minutes of the last meeting of members, which were confirmed. The next order of business being the election of new members, the names of thirty-three were proposed who were declared elected.

The Secretary then read the Report of the Committee and the Treasurer read the duly audited accounts of receipts and disbursements for the past year, and a list of the assets of the Society on 31st Dec. 1892.

ANNUAL REPORT.

The Committee of Management have much pleasure in presenting to the members a report of the proceedings of the Society for the past year, and in being able to congratulate them upon the very satisfactory condition of the Society affairs, as evidenced by a large increase in the membership, by a substantial addition to the property of the Society, and of the funds at the disposal of the Committee for charitable purposes, as well as by the fact of the Society being in possession of their own premises, and being relieved from the payment of rent. The Treasurer's statement duly audited is also herewith submitted.

RECEIPTS.

The total receipts from all sources, inclusive of \$582.05 on hand at the beginning of the year, were \$7,663.87 of which \$4,000 were the proceeds of "Ye Olde Englyshe Fayre," and \$490 were Life Members' Subscriptions ; both of which sums are only applicable to the Society's permanent investments.

Among the receipts it is pleasant to notice that the sum of \$24.13 was received back from former recipients of relief, an example which may be commended to many others who it is believed are quite able, but who are not so mindful of their obligations. The receipts for ordinary members subscription were \$996. The Committee are pleased to be able to report that the total receipts for subscriptions and donations considerably exceed those of any previous year.

RELIEF.

During the year 1,190 applications for precuniary aid, advice, employment, or other assistance were-received, and

entered u attended t sum of \$8 for burial autumn th but since t from the urgent. J during our it would n authorities winter mon fering. In been assiste to charitab which no re Society's g adults and f

Of this sur the Society,

COMMITTEE'S REPORT.

entered upon the books, which were all investigated and attended to, as far as practicable, by the Committee, and the sum of \$863.33 was disbursed for relief, including advances for burials, railway passes, etc. During the summer and autumn there were few complaints of lack of employment, but since this severe winter set in, the demands for assistance from the destitute unemployed, have been numerous and urgent. The a nual recurrence of this absence of labour, during our long winters, suggest the question as to whether it would not be possible for our Provincial or Municipal authorities to provide some kind of work for men in the winter months, and thus prevent much destitution and suffering. In addition to pecuniary aid, many persons have been assisted by advice obtaining employment, or admission to charitable institutions, and in various other ways, of which no record is kept. Orders were given for burial in "the Society's ground, in St. James' Cemetery, of fourteen adults and four children.

81

FINANCIAL.

The Treasurer's Statement shows that the financial position of the Society continues to be satisfactory.

The balance on hand at the beginning of the year was	\$ 582 05 7,081 82
Making a total of	7,663 87 6,930 12
Leaving a balance on hand of	\$ 733 75

Of this sum 243.75 is available for the beneficial work of the Society, the remainder being life members' subscrip-

tions, which have been invested since the close of the year, as provided by the By-Laws.

The present value of the assets of the Society, a list o which is herewith presented, amount to \$16,201.69.

MEMBERSHIP.

There have been fifty-seven Life Members, and three hundred Ordinary Members elected during the year. A few of the Life Members, and several of the Ordinary Members have not yet paid their subscriptions, so as to be entered on the books, and a rather more than usual number of Ordinary Members, having left the city, or discontinued their subscriptions, were struck off the rolls.

The numbers at the present time are : Honorary Life Members, 10 ; Life Members, 410 ; Ordinary Members, 669. Total 1089.

So far as is known, seven life members have died during the year, viz :—Past President, Mr. S. B. Harman, a gentleman of high standing, and most estimable character, formerly Mayor of Toronto, and for many years the City's Treasurer; Past President, Mr. John Whitley, who several years ago, removed to Denver, Colorado, where he died ; Mr. J. E. Smith, a prominent gentleman in the City, having filled the position of Mayor, and for many years that of Alderman. Mr. Jas. French, a well-known and wealthy citizen ; Mr. W. G. Storm, an architect of high reputation ; Mr. T. Webb, an old member, and unobtrusive but worthy citizen ; and Mr. W. Hessin, who died suddenly, a generous donor to the funds of the Society. 9

Of the ordinary members, seven have died, viz: Mr. T. Best, a member of long standing; Mr. W. Blight, an old resident, well-known in Religious and Insurance circles; Mr. Alfred Patrick, a well-known gentleman, for many years Clerk of the House of Commons; Mr. J. Elliot, a large contractor; Mr. J. Chantler; Mr. T. Meredith, many years a member; and Mr. Jno. Stowe; all respected citizens.

ANNIVERSARIES, ENTERTAINMENTS, ETC.

As usual the first Anniversary service was held in St. James' Cathedral on Sunday afternoon, April 24th 1892. Owing to the sickness and consequent absence from the city of the Rev. H. J. Winterbourne, one of the Chaplains of the Society, the Rev'd. Rural Dean Septimus Jones was asked, and very kindly consented to preach on the occasion. The Rev'd Canon Cayley also took part in the service. Our Brethren, the Sons of England, joined us in goodly numbers' and the Church was well-filled. The second service was held in the Metropolitan Methodist Church, on the evening o the 16th of October; the sermon was preached by the Rev'd J. V. Smith, one of the Society's Chaplains, and was of a profitable and interesting character.

The musical portion of the services were conducted by Mr. W. E. Haslam at St. James', and Mr. F. H. Torrington at the Metropolitan, and were very efficient and satisfactory. The collections were about the

The collections were about the average, and together, added to the charitable funds of the Society, \$133.05. The Churches were again very kindly and courteously granted by the authorities.

ANNUAL DINNER.

On the following Monday evening the Annual Dinner was again held at the Walker House. In the absence of the President, Vice President D. T. Symons occupied the Chair. The Members of the Society and their friends, to the number of Eighty-nine, sat down to the dinner, and a very enjoyable evening was spent.

PICNIC.

The annual Picnic was this year again held at Victoria Park, on the 20th July. The attendance was not large, but a very pleasant time was spent by the members and their families who were present, and joined in the games and other amusements provided. Fortunately on this occasion we were favored with exceptionally fine weather.

OPENING OF ST. GEORGE'S HALL.

On the first of October, the Society took possession of their new premises in the St. George's Hall building, which conveniently furnish all the accomodation required for carrying on the work of the Society.

The formal opening of the new building took place at a meeting held on the evening of the 6th of October, when the proceedings were of a very interesting character. Addresses were delivered by the Presidents His Lordship the Bishop of Toronto, the Rev. J. V. Smith, Vice-President Drayton, Mr. P. F. Ridout, Alderman Saunders, The Mayor, The President of St. Andrews, and the Irish Protestant and Benevolent Societies, Past Presidents, W. T. Boyd, and E. B.

Osler, and other gentlemen. The main Hall of the Building will be at the disposal of the Society for a limited number of evenings in each year, for Lectures, Concerts, Social Entertainments etc.

YE OLDE ENGLYSHE FAYRE.

Early in the year at the instance of the Committee and Stewards, the ladies connected with the officers of the Society were invited to evince their interest in the work of the Society, by providing a fund sufficient to furnish the new St. George's Hall. This appeal to our ladies was not in vain. They decided to get up an "Olde Englyshe Fayre," which was held last November in the Pavilion, kindly granted by the City Council. Besides furnishing much innocent enjoyment, and many pleasing reminders of old-time amusements, to several thousands of visitors; this entertainment resulted in the addition of four thousand dollars to the funds of the Society, which after paying for the furniture used by the Society, was invested in the Stock of the Hall Company, and enabled it to appropriately furnish the Building. The Society owes a deep debt of gratitude to the ladies who took part in "Ye Olde Englyshe Fayre," and all those who assisted

CHRISTMAS DISTRIBUTION.

The established custom of making a bountiful provision for the deserving poor at Christmas, was this year duly observed; a special subscription being taken up for that

ce at a hen the ldresses ishop of rayton, or, The nt and d E. B.

fort. The applicants were received in the Main Hall, and proceeded in regular rotation down into the large Supperroom, where they were served, and then passed out through the front door.

The Collections by the Committee and Stewards amounted to \$995.50 and the expenditure to \$935.97.

Nine hundred and thirty-seven families, said to consist of four thousand nine hundred and twenty-seven individuals received a welcome supply of Provisions.

Fully seven thousand pounds of Beef, sixteen hundred four pound loaves of bread, nine hundred pounds of sugar, nine hundred quarter pounds of tea, and one hundred and seventy-five pounds of sweetmeats, were distributed, which undoubtedly afforded comfort and Christmas cheer to many who would otherwise have been unprovided for. After supplying all comers, including several families not English, fully one hundred loaves of bread, left over, were sent to the Boys' and Girls' Homes.

CONCLUSION.

In conclusion the Committee would press the urgent demands of the Society on the support of all who have the privilege to claim England as their fatherland, and more particularly on the present membership. It is believed that with a little effort every member could get at least one new member to join its ranks during this year, and the Committee hope that the effort will not be wanting.

All of which is respectfully submitted,

J. E. PELL, Secretary. J. HERBERT MASON, President.

PRESIDENT'S ADDRESS.

13

PRESIDENT'S ADDRESS.

GENTLEMEN, MEMBERS OF ST. GEORGE'S SOCIETY,

As this is our first Annual Meeting in our new hall, and as in all probability this is the last time I shall have the privilege of addressing my fellow-members in the capacity of President, I trust I may be permitted, before again retiring into private life, to address you at somewhat greater length than is usual in speaking to a motion for the adoption of the Annual Report of the committee. It is satisfactory for all who have at heart the welfare of our Society to know that a great many new members have joined the Society during the past year, a much larger number than in any previous year, and it is desirable that these new members, as well as those of older date, shall cultivate and maintain a warm active interest in the Society, more especially in promoting the carrying out of its laudable objects, and endeavouring to increase its membership. Too many of those who join continue their subscriptions for a year or two and then drop out; in many cases probably because they have not been brought to the meetings and become acquainted with, and interested in the Society's history, objects and work.

The St. George's Society of Toronto was organized in 1835, I believe on St. George's Day, and is consequently the oldest of the City National Societies; St. Andrews having been founded in the following year. Its objects, as set forth in its By-laws are : 1st—The promotion of mutual friendly intercourse between Englishmen and descendants of Englishmen residing in Toronto, Welshmen being also included ; and 2nd—Affording to persons of English or Welsh birth or

and perugh

nted

st of uals

dred agar, and which nany supglish, o the

e the more d that ne new mittee

ent.

descent, who may need it, advice, counsel and pecuniar as well as other assistance. The former of these objects is aided by having a monthly meeting of members. by an Annual celebration of the festival of our Patron Saint, generally by the members attending Divine Service, and also by dining together ; as well as by joining with their families in excursions, pic-nics, concerts, &c , &c. In the early days of the Society a large proportion of the members took part in these and other friendly gatherings, but owing to t⁺e growth of the city, both in extent and population, of late years it has been found that only a small fraction of the members take part in its social engagements.

With the increased facilities supplied by the newly erected St. George's Hall, it is hoped that this function of the Society will be successfully extended. But no one should be deterred from joining the Society, or cease to be a member or abate his interest in the Society, from inability or want of inclination to take part in these engagements. His name, influence and subscription may be beneficial to the Society in other ways. Members should, however, make a point of attending the Annual Meetings, and also if possible the meetings of members held on the first Friday in each month.

The principal business of the Society is to assist those of our fellow countrymen and countrywomen, who, less fortunate than ourselves, are in circumstances that compel them to apply for help, more especially those who have recently arrived and find themselves friendless and alone, in what is to them a strange land. During the winter months the claims of the sick, and aged, and unemployed, the helpless and bereaved, the poor and distressed of every description, of our nationality, give full employment to your Secretary and the members of the Committee, who hold weekly meetings fo destinati impostur vicious, tion is es in no cas cannot be

meet-

ings for that purpose, and these form the legitimate destination of the contributions of the members. To detect imposture, to avoid giving encouragement to the idle and vicious, a good system of visitation and thorough investigation is essentially necessary, and without this, relief should in no case be repeated. The moral leprosy of pauperism, cannot be too carefully guarded against.

Twenty and more years ago the Committee divided the city into visiting districts, and with more or less efficiency discharged this duty. Of late years it has largely devolved upon our venerable Secretary, whose activity, experience and other qualifications peculiarly fitted him for it. It is evident, however, from the experience of the past year, that, even with occasional assistance from members of the Committee, this cannot be expected in the future, more especially in the winter and in the more remote parts of the City. If members of the committee were chosen solely or chiefly with regard to their place of residence, and ability, both as to time and qualifications, to discharge visitation duties aright, and each member undertook a regular and systematic performance of these duties, and also to be present during the winter at the Friday evening meetings, no doubt this with the Secretary's assistance would suffice. But we all know that other considerations, sometimes very properly, influence the election of members of the committee and the time required is more than many can give. That some improved plan is necessary there can be little doubt, and I leave the subject to your consideration, and that of the incoming Committee.

So many sources of employment are cut off in the, winter that much distress is unavoidable. While holding that none but those known to be deserving should be relieved, at

least more than temporarily, I submit that when that fact is established, effectual relief should be given, with such wise and prudent liberality as the state of the funds perint. Judging from past experience the members of the Society may be relied upon to supply any additional money that may be required, should the ordinary funds fall short.

The year 1892 has been a remarkable one in the history of the Society, and will always stand out prominently in its annals. Not only has it witnessed an unprecedented increase in membership, in subscriptions and donations, and in invested funds, but in it the Society ceased to be a tenant in an inadequate private house, and became the occupant, rent free, of all that is necessary for its purposes in this beautiful new building. The erection of a St. George's Hall has been frequently the subject of discussion, from the time I first became connected with its active work-now some twenty-five years ago. It was not however till early in the year 1888, during the Presidency of Mr. James Spooner, that any action was taken. The Committee of that year recommended the purchase of a lot on Elm St., having a frontage d thirty feet by a depth of 107 feet, and the erection thereon of a building, at a cost including the land of ten thousand dollars, which it was proposed to raise by subscription. Donations amounting to about \$3000 were taken up, a lot 50 by 107 feet costing \$5000 was purchased and \$2500 paid Thus the enterprise remained till the close of 1889. thereon. the year Mr. W. E. Wellington was President. At that time, at the request of Mr. Wellington, I first attended a meeting when the subject was discussed, and was requested to advise the Society as to the best course to adopt. The position was certainly not a very inviting one. I found that the Society by its Trustees had given a mortgage bearing

interest at 6 per cent. per annum on its vacant lot, from which of course no income was derived, and that interest and taxes were fast eating up the remainder of the subscriptions. Taking till the next monthly meeting for consideration, I visited the location of the lot, obtained from architects plans and estimates for such buildings as would be suitable, and at the monthly meeting of January 1890, submitted the following propositions :-1st. To sell the lot. This no one wished to do. 2nd. To sell a portion of the lot say 15 feet, obtain further donations and erect a building as at/first proposed, which I found would cost at least \$7000. To carry out this scheme, without involving the Society in debt, which would have been unwise, the collection of several thousand dollars of additional subscriptions was necessary, and as the members had been already canvassed, this was considered impracticable. 3rd. To form a Joint Stock Company within the Society, or rather composed of members of the Society only to retain the whole lot of 50 feet, and erect an appropriate building thereon, providing offices for the Society, and residence for the Secretary, as well as a hall, lodge rooms, etc. for rental ; the Society to pay for the land and give the Company a lease thereof ; the Company in return to suitably provide the space requirements of the Society-no rent being payable on either side. It was also suggested that in the event of this device being adopted, all previous donors to the Building Fund should be permitted to convert their donations into stock in the Company. The third suggestion was unanimously approved and recommended to the Annual Meeting for adoption. This meeting, held in February, 1890, likewise endorsed the scheme and appointed a committee to carry it out. prospectus of the proposed Company was issued to the

members, many of whom 'entered heartily into the project, and gave a cordial response to the appeal of the Committee for subscriptions. More than \$10,000 of stock having been taken up, a meeting of subscribers was held on the 28th May. 1890. The St. George's Hall Company, of Toronto, limited, was organized, and a provisional Board of Directors was elected, who were authorised to apply for incorporation, under the laws of the Province of Ontario, and to proceed with the erection of the building. All architects who were members of the Society, were invited to submit plans for a building supplying the accommodation specified by the Committee, and four designs were sent in. After careful consideration and obtaining the advice kindly given by a distinguished architect-also a member of the Society-the plans prepared by Messrs. Edwards & Webster were accepted. With some important modifications the building in which we are now met, erected under their supervision, is in accordance with the plans then adopted, and, it is generally conceded, reflects the highest credit on their professional skill and good taste.

At the invitation of the Board of Directors and of the Society the corner stone was laid by Mrs. Mason, with all appropriate ceremony on the 2nd September, 1891, in the presence of many members and friends of the Society and on the 6th of October, 1892 the hall was formally opened. That portion of the building set apart for the exclusive use of the Society, supplies all necessary requirements for the meetings of the Committee, comfortably warmed and well ventilated waiting rooms for applicants for relief, and a conveniently arranged residence for the Secretary. Having the use for that purpose of the main hall and supper room, the Christma thousand pe hours, was comfort to a In order to

PRESIDENT'S ADDRESS.

the Christmas distribution, when from nine hundred to a thousand persons were supplied with provisions in a few hours, was carried out with much greater order, celerity and comfort to applicants than was practicable in previous years.

In order to secure the best class of tenants it was necessary to suitably furnish the building-as well as the offices of the Society. Early in the year a special meeting of the Committee and Stewards was called to consider a proposal, previously untried, to invite the aid and co-operation of the women connected with the families of members of the Society, in providing the funds to furnish the building. This proposal was approved. A meeting of ladies was called, when I had the honor of bringing the subject before them. Nothing could exceed the spontaneous heartiness with which the proposal was received and responded to. A numerous and influential committee was appointed and as the result of the skilful and unwearied labors of this committee, and of the ladies and gentlemen whose assistance they secured, an "Olde Englyshe Fayre" was held last November in the Pavilion, in which about three hundred ladies, gentlemen and children took part. This unique and beautiful entertainment, which was opened by the Lieutenant-Governor and Mrs. Kirkpatrick, will not soon be forgotten. It was an idealised reproduction of customs, costumes, language and street architecture of the England of olden time, and gave universal satisfaction for its graceful and artistic scenic effects. From a financial point of view it was also a marvellous and gratifying success, as shewn by our report. It is to be hoped that the interest thus aroused will not be suffered to become dormant, but that on many future occasions the potency of womens' work and influence

oject. nittee been May, nited, S Was ation. coceed were s for a y the careful a by a y-the ccepting in 0, 18 in nerally ssional

of the ith all in the ty and opened. we use for the nd well and a Having r room,

may be invoked to promote the interests and objects of the Society.

So, Gentlemen, not only have we the satisfaction of knowing that we have a St. George's Hall, as a permanent home for our Society, but that we have a well furnished building, national in character and design, which admirably answers the purpose it was intended for, one that with pardonable pride we may invite strangers to visit, and one which it is hoped will prove a bond of union, a rallying ground, for Englishmen and men of English descent for many generations. Had more land or more money, or both been at the disposal of the Directors, a more perfect and more spacious edifice might have been erected. The Directors believe they have made the best possible use of the space and the funds at their command. The beautiful hall in which we are now met, well representing a Baronial Hall of the olden time, and the various lodge and other rooms from which the rental income is to be derived, give unqualified satisfaction to the tenants and others who have visited them. The building and furniture have cost about \$25,000. It is finished and is nearly all paid for. But about \$2,500 is still required to complete the capital stock of the Hall Company, and I appeal to the members of the Society, those who have already subscribed as well as those who have not yet given in their names, to come forward and each as he feels able, take up the remaining shares, so that the hall may be entirely free from Taking stock is not making a gift, but is a perfectly debt. safe investment. We have already several good tenants, and there is a fair prospect of the building renting well, and earning a moderate dividend for the shareholders, of whom the Society itself is the largest.

PRESIDENT'S ADDRESS.

21

All this has not been accomplished, gentlemen, without much thought and labor as well as some anxiety, and as President I desire to bear grateful testimony to the devotion to this enterprise of the other members of the Board of Directors of the Company, and particularly to the members of the Building Committee, as well as to our indefatigable Secretary, Mr. Pell. Without the efficient help they have given both in time and money for they are liberal contributors, also—the foregoing results could not have been so successfully accomplished.

Brethren of St. George, I have already taken up much of your time, but I must crave your indulgence for a few minutes longer, while I refer more directly to the past and present position of the Society.

Twenty-one years ago I had the honor, as President, to submit the Report of the Committee for 1871. At that time the number of members was 429; the income for the year was \$2,231; the weekly relief granted amounted to \$964 to 1174 applicants ; the Christmas distribution to \$538 ; the total charity disbursed to \$1,503 ; the accumulated funds amounted to \$4268. In the nineteen years which elapsed between that date and January 1891, when you again honored me by electing me your President, the population of the city of Toronto had increased from about 50,000 to about 200,000 or nearly fourfold. Did the Society increase proportionately? Far from it. The number of members then was 791 ; the income for the previous year was \$3088 ; the weekly relief granted was \$625, to 962 applicants ; the Christmas distribution \$951 ; total charity disbursed \$1576 ; the accumulated funds, including donations for building fund, afterwards returned, \$14,161. It is rather a remarkable fact that while the total charitable disbursements in

f the

on of anent ished rably parone llying t for both t and The se of utiful ronial other , give have about about of the f the ell as s, to e refrom fectly nants, l, and whom

1871 and 1890 were nearly equal, in the former year about sixty-four per cent. was in weekly relief and about thirty-six per cent. at the Christmas distribution ; in the latter year only forty per cent. was in weekly relief and sixty per cent. was given at the Christmas distribution. I venture to. think that the old proportion is the better one. In 1871. 180 members sat down to the annual banquet, in 1890 117. in 1892 only 89. At the end of 1892, without counting the 33 members who have been elected to-night, the Society stands as follows :- Number of members 1089 ; Income for the year \$7052; Weekly relief granted \$863; Christmas \$931; Total charity distributed \$1794; distribution accumulated funds (after deducting \$2413, donations returned, previously estimated) \$16,200. The increase in membership during last year was phenomenal, and is largely the result of canvassing, but has also been materially assisted by the favorable publicity and prominence accorded to the Society and its affairs in the press and elsewhere, and to the warm interest in its prosperity shown by our ladies. It will be the duty, as it is also the privilege, of the existing membership, and especially of the officers you to-night elect. to see that these efforts are maintained and that that interest is not suffered to abate. The objects of the Society are such as should enlist, not the fitful and temporary, but the continued and earnest support of all Englishmen and Welshmen and their descendants, of whom there are thousands in Toronto who are not members of the Society, and have probably never been asked. As resident Canadians-loyal to Canada our home-can we do better than by advice and assistance aid those who come to our shores to become self-supporting, prosperous and permanent citizens ? Societies work.

better to our manent citizens? That is what our Society and the other National Societies aim to do, and it is humane as well as patriotic work.

In conclusion permit me to tender my sincere and heartfelt acknowledgments to the members of the Society for the marks of confidence I have received, in having been three times elected President, and for the encouraging support accorded to me, since three years ago I was induced to resume active work in connection with the Society. Especially am I grateful to my colleagues of the Committee and Stewards for loyal and efficient co-operation. In again retiring from official duty, I rejoice to know that the objects for which I was elected have been accomplished, that our building is finished, and that in numbers, financial position and influence for good, the St. George's Society of Toronto never held so strong, or a more enviable position than it does to-day.

I beg leave to move, seconded by Vice-President Drayton, that the report of the Committee of Management and the Treasurer's Statement be received and adopted, and be printed in the usual manner for distribution to the members.

At the suggestion of Past-President Boyd, sustained by several other memters, the words "together with the President's address" were unanimously ordered to be added to the resolution after the word "manner."

As thus amended the resolution was carried.

Among the resolutions adopted at the meeting was one unanimously electing the retiring President to the position of an Honorary Life Member.
