VERDUN WINS GRAND PRIX

PARIS, June 27.—Baron Maurice de Rothschild's chestnut colt Verdun, with Barat up, won the Grand Prix de Paris today over the Longchamps course in a driving finish, with Mm. N. G. Chermette's Robel, second and Edmond Blanc's Union, third. The value of the stake was \$74,155 and the distance of the race one mile and seven furlongs.

The classic event was contested over a sodden track in a drenching rain in the presence of 300,000 people, among whom were thousands of Americans who came here from England and all parts of Europe to witness the race for the French blue ribbon.

W. K. Vanderbilt, who with his bay colt Northeast won the Grand Prix last year, was represented in the stake today by Negroff and Oversight, the favorites in the betting with Lord Sticks' William IV, which finished third in the English Derby, heavily backed by the English contingent, as second choice, and Union, a popular French entry, third choice.

NOTICE

Change of Day: Steamer Sincennes will leave Indian Head Wednesday, June 29, for Coles Island and intermediate landings at 3 o'clock p. m. in order to take an excursion from Coles Island to Fredericton on Dominion Day, returning from Coles Island Friday on her regular trip to St. John. D. H. NASEB, Agent.

Last night's service at the Congregational Church—Pastor, Rev. S. W. Anthon—was improved by the addition of a fine orchestra. The service was conducted jointly by the pastor and the Rev. K. S. McLean, of Boston. The sermon was delivered by Mr. McLean. The address was given in a measure and impressive voice, which attracted the attentive congregation in no small degree.

Early yesterday morning the misbehaving main near the Marsh bridge went bad again and for upwards of two hours the city was without water. The break occurred at one forty-five o'clock, the main bursting and the heavy pressure that was being put upon it. Chief Engineer Murdoch was immediately notified and was on the scene of the accident directing the work of repairs. By shutting off the stop cocks along Brussels street it was found possible to supply the city with a working head of water, but this even did not attain its normal standing until close into midnight. Last night when the old pressure of two hundred and eight feet was realized. For the preceding twenty-four hours the average head was only one hundred and fifty feet and throughout the day little above one hundred and seventy was registered.

MARATHONS GIVE INDIANS DRUBBING

AFTERNOON GAME

Marathons, 13, Quoddy, 0.

There was a large crowd of spectators on the athletic grounds on Saturday afternoon to witness the Marathons put up some excellent baseball and shut out the Indians to the tune of 13 to nothing. Only one error was made by the Greeks and that was almost excusable, as the left fielder took a chance at a hard fly with one hand. Sweet pitched for the Greeks and was in great form, as the Indians only made one lone single during the entire game. The Indians put up a more ragged exhibition, totalling up no less than 27 errors. McNeill, the red-jacket pitcher, however, had nine strikeouts, but his support was very bad.

EVENING GAME

Marathons, 14, Quoddy, 1.

About four hundred spectators witnessed the Marathons put it all over the Indians Saturday evening, when they won a six-inning game by a score of 14 to 1. Heavy hitting on the part of McNeill, and errors by the red-jackets were the causes of the home team having such an advantage over the Maine boys. Dr. Malcolm had his batting clothes on and in three innings made two home runs and a single, which made a total of nine bases for the three hits. He also had a home run and a three-bagger in the afternoon, which totals for the day's play five hits for a total of sixteen bases. Trecein pitched for the Greeks in the evening and was found for six hits, while double that number was obtained off Stanley Danna, the Indian pitcher.

FAST MILERS MEET

NEW YORK, June 27.—H. A. Wilson, England's champion miler, and Mike Driscoll, of Yonkers, N. Y., were the scratch men in a one mile handicap run today at the Cork Men's games at Ulmer Park. The event was won by Matt Gels, of this city, from the forty yard mark. The scratch men finished inches apart in fourth and fifth positions, Driscoll having the advantage. His time was 4:37.

A NEW AMERICAN RECORD

NEW YORK, June 27.—During the games of the Kerry Football team at Celtic Park today, Daniel Shearn, of the Irish American A. C., established a new American record of 49 feet, 6 1/2 inches for the running hop, skip and jump, of two hops and jump. The previous American record was 49 feet, 4 inches, made by J. B. Connolly, of Boston, at Columbia Oval, September 18, 1906.

The world's record is 50 feet, 2 inches, made by Daniel Shanahan, at Limerick, Ireland, August 8, 1883.

VAGABOND TAKES THE FIRST RACE

Considerable interest was taken in the first yacht race of the season held Saturday afternoon by the R. K. Y. Club at Millidgeville.

Four yachts started, Vagabond, Fel Yuen, Savitar and Edith. The race was captured by Vagabond.

Promptly at 3 o'clock the yachts got away with a good southerly breeze. A very exciting finish for second place between the Savitar and Fel Yuen was a feature of the race, the second being the Indians to the tune of 1:41. The following is the correct time: Vagabond, 1 h. 41 min., 45 sec.; Fel Yuen, 1 h. 51 min., 20 sec.; Savitar, 1 h. 59 min., 30 sec.; Edith, 1 h. 54 min., 43 sec.

The Fel Yuen was disqualified for having fouled the Millidgeville on the second round of the course, giving Edith third position.

The judges for the day were: J. H. Kimball, Peter Sinclair and E. H. Herrington.

LEACH CROSS KNOCKED OUT BY DIK HYLAND

SAN FRANCISCO, June 26.—"Fighting Dick" Hyland knocked out Leach Cross of New York in the forty-first round of a scheduled round bout at the Colma Arena this afternoon. The fight was one of the most sensational of modern prize history and was characterized by the gameness and recuperative powers of the New York pugilist. He was knocked out by a right hand to the jaw and eastward took the count of three. From the twelfth to the twenty-fifth round fought practically on the defense, Leach Cross was sent to the floor, where he remained for the count of nine.

Round after round the going was hard. He displayed gameness that seemed literally superhuman. In the twentieth round Cross took the count of nine three times. Then in the forty-first round Hyland put in a punch which sent Cross through the ropes and into the laps of the newspaper men. Cross was pushed back into the ring, only to be sent to the carpet once more for the count of nine. Hyland changed his tactics. Bringing his right back he shot it out with all the remaining strength at his command. The blow landed in the pit of Cross' stomach and the latter crumpled up like a leaf. There he lay unconscious, where he was counted out, after which his seconds carried the prostrate form to the dressing room.

INDIAN AGAIN DOWNS SHRUBB

TORONTO, Ont., June 27.—Twelve thousand people saw Longboat repeat his New York victory over Shrubbs at the Island Saturday. Shrubbs set a fine pace at first, and ran fifteen miles in good style, but then began to falter, slowed down to a walk, and the Indian took the lead, and finished in two hours, two minutes and ten seconds for twenty miles. Shrubbs was an eighth of a mile ahead at the fifteenth mile, and at one time in the race he led by a quarter of a mile. He blamed his defeat on his injured leg.

The lacrosse game for the Minto cup at New Westminster, Saturday, between the Tecumseths and the home team resulted in a victory for New Westminster by six goals to four. There was a big crowd of spectators.

BOSTON WINS TWO FROM THE PHILLIES

Rids Itself of Streak of Ill Luck—Victory for Americans

BOSTON, June 28.—(National)—The home team today tied itself at least temporarily of its streak of ill luck and won two games from Philadelphia by good batting; the first by a score of 7 to 2, by hitting very hot; the second 7 to 3. Home runs in the first two innings of the first contest practically decided it, one by Becker going into the right field bleachers, the first time the feat has ever been performed. The visitors were three pitchers in the second game. Mattern pitched strongly for Boston. Autrey received a painful injury to his right eye by being struck by a ball.

OPENING IS BIG SUCCESS

Westfield's Handsome New Pavilion

DANCE HELD

Afternoon Given Over to Racing—Chinook Victorious

The pretty suburb of Westfield was full of life and color on Saturday when the opening of the new pavilion, Westfield's Handsome New Pavilion, was celebrated by a dance and a large number of people. A large number attended from the city and neighboring places. There was not a hitch in the proceedings and the large number enjoyed themselves to the full.

Saturday was an ideal day for boating. It was beautifully clear overhead and there was a fresh breeze nearly all the time. In fact the afternoon was a charming one from every standpoint. The Chinook, owned and sailed by Church Bros., captured first position in the race, showing considerable speed.

In full view of the assembled spectators the boats were called for the starting point at the pavilion. They were given the gun at 1:38. The start was a pretty one and was witnessed with intense interest. Although not much change had taken place it was soon noticed that the contest for premier honors was between the Chinook, Wabano and Mona. Gradually the former boat began to draw away from the others and soon had several yards on the good. Going to Belyea's the Chinook increased her lead, but lost about two and a half minutes on the home stretch. The finish was made at 4:48 o'clock. The order was, as follows:

Chinook—Church Bros. Wabano—K. E. MacDonald. Mona—John Frodsham. Lolita—E. G. Rothwell. Lillian—R. B. Emerson.

At the finish the Chinook had about a minute and forty seconds upon the nearest arrival, the Wabano. The Mona was about two minutes and twenty seconds behind the Chinook. The course was from starting line to the pavilion, easterly to a buoy anchored a short distance from the shore, westerly to a buoy at Belyea's Point Light, thence easterly to a buoy at the start, thence westerly to a buoy at the pavilion, (leave to starboard), thence northerly to buoy or boat at Belyea's Point Light, thence westerly to the finishing line at the pavilion.

The course for the day's race was announced by hoisting on a flag staff at the pavilion a white flag with number of course. This flag was hoisted about twenty minutes before the start. At 3:30 o'clock and was continued until after midnight. The pavilion is a handsome one and a valuable addition to the equipment of the Westfield Outing Club.

ST. JOHN ELEVEN DEFEAT BANKERS

Later, Though Handicapped by Recent Losses; Put up Good Game

Saturday afternoon the St. John Cricket Club defeated the Bankers in the second game of the series for the Horn cup by a score of 89 to 68. The latter, though handicapped by recent losses owing to transfer, put up a good game. They were particularly quick to take advantage of fly balls, but were slow in handling grounders, in which the St. John players excelled. A spectacular one-hand catch by Cousins was a feature of the game.

The game, the seventh in succession the locals have won, was a pitchers' battle between Murray and Rucker. In the sixth, with two out, New York made two tallies on hits by McCormack, Murray and Harr and a wild throw by Bergen. Murray's error gave Brooklyn a run in the fourth inning. Downey's error helped the locals to two of their runs, a gift, a sacrifice, a steal and two hits adding to the pair. Steinfield's fielding was easily the feature. CRIGER LOSES CHANCE

DETROIT, June 28.—(American)—Criger lost a chance for a certain double play and possible triple play in the fourth, and on this slip the result turned. Detroit, batting in four runs after the mistake. Detroit had the bases full, none out, when O'Leary hit sharply to Jones, the latter threw back late to first and finally got only Crawford, who had been on third and who should have been forced originally. Waddell was hit hard, but Bailey booted the home team. Works had St. Louis baffled until the ninth.

DR. WORKMAN'S CASE.

Dr. George C. Workman has entered an incidental action for libel against the Wesleyan Theological College. The principal action taken by Dr. Workman against the college was started about the last of April and was a claim for \$5,000 damages arising from a report prepared and published by the college with reference to the plaintiff and his teachings. In its defence the college adopted the plea of justification and in doing so repeated the statement made in the original report. This repetition, Dr. Workman contends, is further libel, and on it he bases his second action for \$5,000 damages.

During the past few years, Dr. Workman's name has been prominent in Methodist circles. He is a man of undoubted ability, but apparently estimates himself not in accord with the teachings of the Methodist church. Dr. Workman for a time occupied a position on the staff of Victoria College in Toronto, but it was found that he was not wholly desirable and could not be regarded as satisfactory to the college authorities. Complaints were frequently heard, and finally an inquiry took place of which the result was Dr. Workman's resignation. Following this he has not held a position, nor had any private means, but through the assistance of numerous Toronto friends, who from time to time found suitable opportunities for him, he got along in a fairly comfortable manner.

When the vacancy occurred in 1904 in the Wesleyan College at Montreal Dr. Workman's name was among those mentioned for the position. In view of what had happened in Toronto, the Wesleyan College board hesitated about appointing him, and finally declined to do so. Dr. Workman's Toronto friends who were exerting themselves in his belief, expressed the opinion that the experience he had been through in Toronto would be of benefit to him, and that he would be able to separate in even the slightest degree from the accepted doctrines of the church. The influence brought to bear was so strong that the objections at first raised to his appointment were overcome and he was selected to act as Professor of Hebrew and Old Testament, and to take charge of the department. For a time all went well, but a year or two ago rumors began to be heard of declarations not wholly in accord with the views of the college board. An enquiry revealed the fact that numbers of students had inclined to criticize the instruction they had received. An investigation was ordered which created widespread interest, and in May, 1908, Dr. Workman was dismissed. Later a report was issued containing the statement of the affair which report Dr. Workman bases his action.

As a plea in the first suit the defendants claim that the report referred to by Dr. Workman was never published by the college corporation as alleged, and that if any copies of the report went into general circulation it was without their consent or knowledge. The answer then declares that Dr. Workman did, as a matter of fact, approve of and allow his name to become publicly associated with thoughts substantially different from those recognized as the doctrine or standards of the Methodist Church.

It shall be noted that the Moncton golf links and interrupted the competition. To the uninitiated a mosquito man put up as intelligent a game as many humans who play.

Sometimes we growl when the mercury in January touches four or five below zero. But St. John, although experiencing an exceptionally warm spell, is enjoying the essence of comfort in comparison with conditions in the eastern states. Nearly two hundred prostrations and thirteen deaths in one week in Boston proves that after all our northern climate has its compensations.

There is no clergyman in the St. John district more deservedly popular than Rev. J. J. O'Donovan, nor one whose efforts have resulted in more pronounced success. His friends, and they are innumerable, all join with the members of his congregation in extending hearty congratulations on the completion of twenty-five years of priest-hood.

Admiral Doreford's opinion regarding the part the overseas dominions should play in naval matters coincides with the policy favored by the Laurier Government. A Canadian fleet in co-operation with the British navy, is the plan he advocates. It is the policy to which Canada will give attention.

PATRIOTIC PREPARATIONS.

Here is money, my boy, to go down to the store. Buy wafers of crackers to buy. And rockets and pinwheels and maybe balloons. For to-morrow's the Fourth of July. And the crackers will burst overhead. And fall in a glorious fountain of fire. Or stars of blue, yellow, and red.

You can get some torpedoes to add to the din. And perhaps a top-plato, as well. With plenty of cartridges, blanks, to be used. The smoke and the racket to swell. And do not forget on your way to stop in.

At the drug-store and get a supply of straws, court-plaster, ointment, and lint. For to-morrow's the Fourth of July.

HELENE—A MIRACLE. Far out upon the desert vast, Sand-stained, wind-swept, Where hope had died and fear had passed.

And Helene had never wept, Athirst I stood and gasped for breath, Heart-sore and weary unto death.

Across the waste to cruel skies, Sun-dried and lean, I strained my head and heavy eyes To see the green.

When clearly in some strange, new light A glorious rose blushed on my sight. Like water to the crackling tongue, Its fragrance fresh, Came to the spirit awestrung, And to the flesh.

And to the flesh, To see the green, To see the green, To see the green, To see the green.

TO HIS WIFE. Perhaps the wife whose remains lie beneath the following epitaph would be pleased at the sentiment, could she read it once, could she read it twice, she would probably look for the broomstick and her husband:

"Thou hast gone before me To thy last, long sleep; Tears cannot restore thee— Therefore I weep." By her husband.

A CASE FOR SYMPATHY. Two matrons of a certain Western city, whose respective matrimonial ventures did not in the first instance prove altogether satisfactory, met at a woman's club one day, when the first matron remarked:

"Hattie, I met your 'ex,' dear old Tom, the day before yesterday. We talked much of you, and he said 'is that so?'"

"Did he seem sorry when you told him of my second marriage?" "Indeed, he did, and said so most frankly!"

"Honest! He said he was extremely sorry, though, he added, he didn't know the man personally."

A FUNNY STORY. "I've got a story to tell you, I don't think I ever told it to you before."

"It's really funny?" "Yes, indeed it is."

"Then you haven't told it to me before?"

A GIRL'S WAY. It was a sweltering summer afternoon. Algernon sat in the hammock and Claire occupied a wicker chair. She was very pretty, and Algernon was hopelessly in love with her. He was almost in despair as he sat looking at her playing with his hair, and he knew it.

"Oh, Claire," he pleaded, "why are you so cold?" "I am not, Algie," she protested. "You are, Claire," he insisted. "And I say just as positively that I am not."

"Claire, Claire," he cried, "how can you say that when you know you have treated me like—"

"Oh," she interrupted, fanning herself lazily, "manly!" "When were we talking about the weather, Algie?"

RELIEF. "It's terribly hot where I'm sitting." "Then, go over and sit between Jack and Ada; there's a coolness between them."

THE MAIN CONSIDERATION. At the siege of Fredericksburg, when the Confederates were enduring even more than their usual pangs of hunger, one of the Southern skirmishing parties made a sudden raid on an unsuspecting Federal brigade. After some interchange of firing, the assailants rushed upon their disconcerted enemy. One exclaimed "Johnny" hurriedly emptied the knapsack of a prostrate soldier, and straightening up, regardless of blades and bullets, waved his booty above his head.

THE CAPTIVE SULTAN.

Abdul Hamid, the ex-Sultan of Turkey, is slowly becoming more accustomed to his surroundings and reconciled to his captivity. He has cast off his morose demeanor, no longer gives way to outbursts of anger, and conducts himself in a quiet and retiring manner. Repeatedly he expresses his satisfaction at being kept at Salonica, requests his quarters that he may be allowed to remain at the Villa Allati, and prays that he may be permitted to live there and his days "like a good old man." For whatever may be the opinion of his former subjects, the ex-Sultan remains undiminished.

"Why do my people say and write such bad things about me, and attempt to blacken my character?" he frequently demands. "Why do they revile everything that I do, and never mention all the good things I have done for my country? After all, I had things to do, and my work was not done by me, they were the work of my councillors. Every man I had round me was but—absolutely but—I had no opportunity of choosing my advisers."

LOVER OF SHRIMPS. Very early in the morning Abdul repaired to a small ante-room overlooking a small portion of the main road. Here he takes up his position, with the exception of his first occupation if to give orders to Emil Bey for his day's food. These orders are handed to an agent of the municipality, who is detailed out to do the necessary marketing. The cuisine is in the hands of one of Abdul's old cooks, who is specially brought for the purpose of preparing the monarch's favorite delicacy is shrimp, which just now are in season in Salonica. He is now being accorded the greatest liberty, which he is allowed, if he so desires, to walk in the garden at will. He has the advantage of an extension of liberty, preferring to remain cooped up in his little ante-room.

He sleeps badly, and often paces the floor of his bedroom the whole night through. For this reason every night he takes a brief stroll. He takes little pleasure in the society of his wives, and seldom sees them, with the exception of the mother of his son, Hamid Effendi, who is in almost attendance upon him. His sole recreation is to read the newspapers, which are liberally supplied, and are read to him by his favorite wife. He takes the greatest possible interest in passing events both at home and abroad, but outside of this he has no occupation and pastime of any kind.

Of late, however, he has had a desire to employ himself with amateur carpentering, and in accordance with a request from a Parisian factory, he has been ordered from a Parisian factory.

A QUESTION OF TASTE. Various interesting conversations have been the outcome of Abdul Hamid's newspaper reading. He has been in the habit of reading the "Inventor" of his brother as Sultan amid the acclamations of the populace, and he has been heard to remark:

"Why is it," he demanded, "that the people like my brother when they hate me? Because, he was told, 'he is like what you do not.' A grunt of assent followed. He has a considerable aversion to the Constantinople Journal 'Yeni Gazete.' Frequently he gives vent to his indignation in the following manner: "One day he was complaining to Felicity Bey, his chief eunuch, of his occupation. "When I have nothing to read," he said, "I have no other occupation. I have no other occupation. I have no other occupation."

AMATEUR DETECTIVES. AFTER \$200 REWARD. American Liner Won Ocean Race—Philippine Bandits Cause Trouble—Dynamite Explosion in Chicago.

CONCORD, N. H., June 28.—Although amateur detectives bestirred themselves somewhat today to earn the \$200 reward offered for the capture of Joseph Gowen and William E. Chapman, the two prisoners who escaped Saturday from the state hospital for the insane here, the state and city officials took no active part in the search. No trace of the fugitives was found.

LONDON, June 28.—The American liner steamer New York won the ocean race between the nine liners which started from New York on June 15, when she beat the Lapland and the America, which were within sight of each other throughout her entire voyage. They passed Edinboro' within ninety minutes of each other. The other steamers were the Baltic, Minnehaha, Barbados, König Albert, Germania and Furness.

MANTILLA, June 28.—Successful operations against Jikiri's band of Moro bandits have been conducted during the last few days by Captains Blyant, Rhodes and Anderson, commanding detachments of the sixth cavalry, that are co-operating with the mosquito fleet under Captain Singer. Thirty-one of the band have been killed, and during the last thirty days, but Jikiri himself always manages to escape.

CHEGAGO, Ill., June 28.—An explosion, supposed to have been caused by dynamite, did considerable property damage in the business quarter tonight, injuring three persons severely and wrecking stores and windows for a block near the city hall, at Clark and Washington streets.

NEW-HEAVEN, Conn., June 27.—Among those receiving general two-year honors in the Sheffield Scientific School at Yale, were Tatsuang Chang, of Kashing, Cheungking, China, and Zai Zeng, of Shanghai, China, according to an announcement made today.

The Rhodes scholarship in chemistry in the scientific school was awarded to J. A. Amherst, Danbury, Conn., and the Penfold prize in mineralogy to N. A. Shepard, New Haven.

WESTFIELD, N. J., June 28.—An inquiry into the death of Frederick L. Robinson was held at Westfield Saturday afternoon and resulted in a verdict of accidental drowning. The jury recommended an adequate provision in the management of pleasure yachts. Messrs. Stone and Rootes and others on the Fel Yuen showed that they had endeavored to render assistance in the efforts to rescue the deceased and were exonerated from any blame in connection with the accident.

Louis G. Sinclair gave evidence that the boat in which Rootes and Stone were run into his salmon boat twice, and the last time he heard of a splash, and saw Robinson in the water. Witness tried to save Robinson but could not.

George Jenkins, clerk in the customs, was on the shore at the time of the accident and told of calling out instructions to those on the boat as to what to do, but his instructions were not heeded. He rowed out to the place where the boat was wrecked, but was too late to see Robinson.

Geo. A. Law gave evidence along the lines of preceding witness. Claude F. Cassidy told of witnessing the accident after the Fel Yuen had proceeded about five hundred yards and down river five hundred yards and cleared, and that Robinson with a boat hook in his hand appeared to be picking something out of the water and fell ashore while the yacht cleared the salmon boat's tender. Cassidy took the Fel Yuen's tender to render assistance.

Harold H. Stone and Charles O. Morris, who were on the Fel Yuen, gave evidence that Robinson was in the water, and that they were unable to do anything to help him. They were in the water for some time, but were unable to do anything to help him.

CHAS. ELLIOTT told of hiring the Fel Yuen to Rootes and Stone. He was in perfect condition with exception of the cushions which were burned badly.

The jury recommend that better provision be made on pleasure yachts for the protection of life and that one who preserver be placed on the yachts for every occasion.

Dr. Inch Makes Suitable Reply—Pastor Speaks Feelingly

Dr. Inch made a most feeling and appropriate reply. He reviewed his identity with the church service, taking up his living here, and expressed the heartfelt wish that the church would continue to grow and prosper in the future as it had in the past.

Rev. Mr. Connell, the pastor of the church, who appeared much affected, spoke feelingly and told how much Dr. Inch's valuable service to the denomination here would be missed. In conclusion all the congregation joined in singing the hymn, "Blest be the Tie that Binds Us."

OTTAWA CHINK STABS A YOUTH

OTTAWA, June 27.—There was a fracas here tonight, during which a Chinaman stabbed a young boy named O'Connell. Three or four costialis standing at the corner of O'Connell and Slater streets were being pelted with sand and gravel by some lads, when one of the Chinamen suddenly dashed towards them, and drawing a knife stabbed O'Connell in the neck. The wound is slight. The Chinaman blew a whistle and fifty of his compatriots were immediately on the spot. A crowd of several hundred was gathered, and the Chinaman was immediately surrounded. The forger, who did the stabbing, meanwhile decamped, and the others, noting the temper of the crowd, scattered in every direction.

But he got into bad company at the chop suey joints. White people go to them and think they are seeing Chinatown. He got to know a lot of white girls and since then he is no use. He took to gambling and has done nothing else for a living since. He came to New York and did the same thing, was with white girls all the time. HOUSES ON HIGH LEVELS THE CITY WILL BE WITH- WATER FOR NEXT FEW DAYS

Repairs at Marsh Bridge Barely Completed When Concrete Pipe on Section 2 Burst—City Will Be Dependent for Water on Supply from Little River

That all persons residing on the high level of the city will be without water for the next few days, is the sad news announced by the Water and Sewerage Department this morning.

Considerable trouble has been caused during the past few days by the break in the water main at Marsh Bridge. This, however, has now been repaired but it was barely completed when the pipe on section 2 burst and the water supply from the Loch Lomond main has been cut off. A large section of the bottom of it has fallen out. This has completely cut off the whole Loch Lomond supply and until repairs are completed the whole city will be dependent on the wild source of supply at Little River.

CHINAMEN WILL BE GIVEN A CHANGE TO EXPLAIN ILL LUCK PURSUES WELLMAN EXPEDITION

Why They Did Not See Trunk Containing Body Being Moved—Chinese Detective Engaged on the Case.

NEW YORK, June 28.—The North East expedition, which was started by the body of Etate Siegel was removed from the rooms occupied by Leon Ling in Eighth Avenue and by him taken to New York, has clouded the testimony originally given to the District Attorney by the proprietor of the Chop Suey restaurant above which the body was found.

On May 23, Johnson went with his fellow-watcher, Paul Bjoerqvist on a hunting expedition over the pack ice. The ice was moving, and Johnson fell through a crevice into the sea. Bjoerqvist held out a long stick for Johnson to grasp, but he was unconscious. Bjoerqvist then ran back to the camp and secured a rope, but when he returned Johnson's body had disappeared.

A strong gale from the west sprang up on Christmas Day, 1908, and lasted for eight days. Bjoerqvist, who has spent many winters in Spitzbergen and has been with various secret societies of Chinatown that their members are bending every effort to the end of finding Leon and turning him over to the police. SAYS G.T.P. MAY BUILD DOWN THE VALLEY

Want Better Connection With This Port Than Chipmaw Affords

Central Section Will Soon be Ready—Expected to Revitalize Lumber Industry of Province—Great Boom in Railway Construction.

A St. John man who is making somewhat of a name for himself as a railway contractor, says that the G. T. P. may build down the valley of the lower provinces and in Maine, predicts great activity in railway operations during the next several years.

Talking with the Star this morning, he said: "You can take it for granted that a railway will be commenced within the next year by the Grand Trunk Pacific Company if by no other. It would be unsafe to say whether the connection will start from Edmundton and come through Madawaska, Victoria, Carleton Place, York, Sunbury, Queens, Kings and into St. John or whether the extension will connect at McDevine's Junction and extend to a point on the Nashua in York County, connecting with Dr. Moore's York and Carleton county railway and thence to St. John. One or the other of these routes no doubt will be taken up within a year by the Grand Trunk Pacific people, although there are some persons who cling to the idea that the G. T. P. will find connection with St. John via Chipmaw."

ALBERT OBJECTS TO TRAINS ON SUNDAY

Resolution Passed at Annual Meeting of Lord's Day Alliance Branch

HOPEWELL HILL, via Albert, N. B., June 28.—The annual meeting of the Albert branch of the Lord's Day Alliance was held in the Baptist Church here this evening. Rev. W. A. Stelling, president, occupied the chair. Considering the outside attractions the attendance was most creditable and the speaker, Rev. W. G. Hanna, P. A., of Toronto, the Eastern associate secretary, evidently realized that he was addressing an intelligent and appreciative audience.

His address demonstrated beyond a doubt that the Lord's Day Alliance of Canada was an important factor in securing the rest day for all toilers in our country and that other nations were adopting such parts of our Lord's Day act as were applicable to their peculiar conditions.

At the close a hearty vote of thanks was accorded the speaker and his next visit will be looked forward to with much pleasure.

The following resolution, moved by Rev. W. J. Kirby, seconded by Alex. Rogers, was passed and heartily endorsed: That the Albert branch of the Lord's Day Alliance desires to express its strong disapproval of the proposal of the C. P. R. to run a Sunday train into the Maritime Provinces and is opposed to the proposal. It is called to mark down the respect for the Sabbath and destroy the peace and quietude of the Lord's Day, and to express its protest against the proposal to do all they can to prevent the running of Sunday passenger trains.

At the close a hearty vote of thanks was accorded the speaker and his next visit will be looked forward to with much pleasure.

FAMILY TROUBLES LEAD TO A TRIPLE TRAGEDY

George Gurney Shot His Father and Sister, Then Threw the Pistol on Himself.

QUINCY, Ills., June 28.—George Gurney shot and killed his father, Dr. George Gurney, aged seventy-nine years, wounded his sister-in-law, Mrs. Geneva Gurney, 37, and then killed himself by sending a bullet into the right ear yesterday. Mrs. Gurney was shot in the right cheek and the back of the neck. Mrs. Gurney and her brother-in-law recently came from New Orleans where he was a foreman for a firm of contractors.

George Gurney called Mrs. Gurney to his room saying that he was not feeling well. She offered a few words of sympathy whereupon he drew a magazine revolver from under the bed and fired at her twice. Dr. Gurney attempted to go to her aid and was shot down. Then the son killed himself.

Ill health and worry over the death of a daughter and his separation from his wife, who lives in Oklahoma as supposed, have affected the slayer's mind.

Discovers Reptile in Yard and Attacks it With Stick

WILKES-BARRE, Pa., June 28.—After a battle lasting half an hour with a seven foot six inch blacksnake, 14-year-old Jennie Jenkins of Edwarsville, killed the reptile.

She discovered the snake in the yard of the family's cottage at Harvey's lake and attacked it with a stick. The snake fought back, and the girl for a long time had difficulty in avoiding it, and at the end of half an hour had so crippled it that she was able to end the fight.

A few hours later some neighbors and Miss Jenkins found the dead snake's mate and killed it also. It was six feet eight inches long.

This morning Edward Murphy, of Pond street, and Thomas Minehan, of Elm street, were riding bicycles and collided on the corner of Foundry Lane and Paradise Row. Minehan got off easily, while Murphy's face and the wheel were broken, but not seriously.

Residents in the west end this morning saw a blaze and thought there was a fire in the city. There were numerous inquiries and it was finally ascertained that the blaze was only a pile of brush being burned on Mr. McDevitt's farm in Crouville.

NO SUNDAY TRAINS TO RUN TO BOSTON

General Superintendent Downie, of the C. P. R., stated this morning that all details had been completed for the running of an express train Montreal on Sunday next. The trains will be operated on Sundays during July and August. The company regrets the running of trains on the Sabbath as imperative, in order to accommodate the travelling public.

There had been rumors concerning a Sunday express from Boston to St. John. In fact Hon. Charles E. Boothby, of the Maine Central road, was in conference here with leading C. P. R. officials with a view to having connection made on Sundays. Mr. Downie stated that there would be no trains from Boston on the Sabbath, so far as the Canadian Pacific was concerned.

ROTHESAY RESIDENTS ARE VERY INDIGNANT

Over Announcement That C. P. R. Expresses Will Not Stop at That Station in Future—Will Probably Send Protest

A howl of rage went up from the pretty suburban village of Rothersey this morning, when the residents learned that in future the C. P. R. through express will not stop at that station except for passengers for or from points west of St. John.

The change, which goes into effect today was sprung without warning and with no chance for protest on the part of those interested. These two trains pass Rothersey at times which make them very convenient for the suburbanites and in the past they have used them regularly. Not only do they come at hours when trains are wanted but they are quicker and more comfortable than the accommodation suburban trains. Great indignation was expressed by residents of Rothersey this morning when the news of the change was learned and it is understood that steps will be taken to lay the protest in a formal manner before the management of the road.

RIVER BOAT OWNERS PLEASED WITH OUTLOOK

Have Had Better Season Than Usual So Far and Look for Still Better Results—Lamb, Salmon and Barries Coming Down This Week

The river boat report having had an unusually good season so far. Although neither freight nor passenger traffic is heavy at this time of the year the steamer men have been getting rather more business than usual. The outlook for the rest of the season is bright and it is expected that there will be fairly heavy shipments of both wild and cultivated fish this week.

Spring lamb is also being received at Indiantown. River salmon are also being brought down and owing to the increased price of harbor salmon they are being picked up eagerly by the Indiantown merchants.

The committee in charge of the work here, Mr. McCarthy has now been paid a further sum of \$1,500, and there is now every probability that the work will be completed and placed in position this autumn.

There are a number of subscribers who have not yet paid, and no doubt there are others who may desire to help on the work. The honorary treasurer, J. R. Armstrong, Ritchie building, will be glad to receive cash for subscriptions already made, as well as further contributions.
