

GERMANY, STARVING, PLEADS FOR HELP FROM ALLIED NATIONS

Food Has Played a Great Part in Winning the War, as the Central Empires Were in Dire Straits.

WANT EARLY PEACE.

Allies May Have to Ship Great Quantities of Supplies to Central Europe to Prevent Actual Famine.

BRITAIN WILL ACT.

Government Pledged to Deal Fairly With Conquered Countries—Will Mean a Heavy Burden, But it Must Be Borne.

Ottawa, Nov. 13.—"Food has almost literally won the war. It is growing plainer and plainer that it is the final factor, which brought about the submission in turn of Bulgaria, Turkey, Austria-Hungary and Germany," says the chairman of the Canada Food Board. "Four statements from the best sources in today's news bring the facts out into sudden brightness."

"The German foreign secretary, Solf, pleads that peace negotiations should start at once, and informs the secretary of state of the United States that there is a pressing danger of famine among the people."

An Associated Press message from New York says: "Starvation faces the worn out empire; Germany today is begging not only for peace but for bread."

Mr. Andrew Bonar Law, chancellor of the exchequer, asking the House of Commons for a vote credit of \$3,500,000,000 says: "It might be necessary for the Allies to make an effort to bring food supplies to Europe, in which case the expenditure will be great, and it will be vital that the close international unity which the war has produced shall prevail while the ravages of war are being repaired."

THEY DON'T CARE IF HE NEVER COMES BACK

Ex-Emperor Charles Hopes That in His Enforced Absence the People of Austria May Find Peace.

Copenhagen, Nov. 13.—Emperor Charles on Monday, according to the Vienna correspondent bureau, issued the following proclamation: "Since my accession I have incessantly tried to rescue my peoples from this tremendous war. I have not delayed the re-establishment of constitutional rights or the opening of a way for the people to substantial national development."

"Filled with an unalterable love for my peoples I will not with my person be a hindrance to their free development. I acknowledge the decision taken by German-Austria to form a separate state."

"The people has by its deputies taken charge of the government. I relinquish every participation in the administration of the state. Likewise I have released the members of the Austrian government from their offices."

"May the German-Austrian people realize harmony from the new adjustment. The happiness of my peoples was my aim from the beginning. My warmest wishes are that an intent peace will be able to heal the wounds of this war."

Bulletin—London, Nov. 13.—The Allied fleet arrived off Constantinople today, having passed through the Dardanelles Tuesday, the admiralty announces.

British and Indian troops occupying the forts paraded as the ships passed.

SUBMARINES WERE AFRAID TO GO BACK
London, Nov. 14.—Five German submarines arrived at Landskrona, southern Sweden, Wednesday, and requested the naval authorities in intern them according to a despatch to the Exchange Telegraph from Copenhagen.

The submarine commanders said they did not dare return to Germany.

ARREST OF VON TIRPITZ IS THE DEMAND OF ONE SOCIALIST GROUP
Amsterdam, Nov. 13.—The independent Social democrats in the new German government have demanded the arrest of Admiral Von Tirpitz, former minister of the navy, Major General Keim, president of the fatherland party, Admiral Von Holtzendorff, former chief of the navy general staff, and others, and the establishment of a tribunal to try all persons primarily responsible for the continuation of the war and hindering peace.

This information is contained in a Berlin despatch to the Telegraph.

Germans Endeavored to Get Familiar With U. S. Soldiers Opposite.

NO ENCOURAGEMENT

WHOLE ARMY MOVING

Meanwhile Americans Retain Exactly the Positions They Held When Armistice Became Effective.

With the American Armies on the Meuse and Moselle, Nov. 13.—(4 p.m.) by the Associated Press.—Germany's army was moving slowly along its whole front toward the rear today. The American forces remain exactly where they were when the armistice went into effect.

So far as known at the American army headquarters no disposition has been displayed to block at any point that part of the agreement providing for the withdrawal of the German troops. It is realized that the reversing of the gears of the great broken German machine will not be simple. There would have been no surprise among the American officers had the German front remained almost unchanged, but already there appears to have been left immediately in front of the Americans little more than a fringe of soldiers. In some places even that line has been withdrawn so far that the army men on this side do not know its location.

The Germans reluctantly abandoned their efforts to continue fraternization where the lines still were in proximity, but threats to hold as prisoners anyone approaching the American lines practically stopped visits. Behind the American line the activity of the supply trains continued today, and the troops were busy with their duties to routine duty. There was an increasing number of leaves of absence, however, and the towns in the rear where troops are stationed were busier than at any time since the beginning of the war. The celebration that began on Monday night gathered momentum instead of showing signs of abating.

THE DAY OF GLORY HAS ARRIVED

Having Restrained Her Feelings for the Past Four Years, France Now Feels Like Breaking Loose for a Change.

Paris, Tuesday, Nov. 12.—"The day of glory has arrived," a line from the Marseillaise, is the text of editorial comment in the morning newspapers. Former Premier Viviani, in the Petit Journal says:

"France during four years has showed an example unique in the annals of the human race. Her calm has been magnificent. Who could have expected the apparent impassiveness of a nation known for the spontaneity of its enthusiasm of France known from the first that on the war was staked the end of the world for the Tentons or the end of the Latin world."

M. Capus, in the Figaro, says: "As to vanquished Germany, the future relations of the civilized world with her will depend on the manner in which she accepts defeat and punishment."

"Today," says the Matin, "the civilized world gives itself up unrestrainedly to superhuman joy at the triumph over the forces of barbarism. Tomorrow we must get to work and build a lasting edifice of a free and just humanity."

THINKS ARMISTICE CONDITIONS TERRIBLE
Basel, Tuesday, Nov. 12.—The Socialist Vorwarts of Berlin describes the German armistice conditions as "terrible" and adds:

"Since the old regime has collapsed the new government must accept the conditions and execute them loyally. The treaties have been signed and must be executed. It will be the task of the new government to conclude rapidly the best peace possible."

OTTAWA ACTS AT ONCE TO PREVENT CONFUSION IN INDUSTRIAL CIRCLES

Big Contracts Will be Awarded at Once for Railroad Supplies, Railway Extensions and Other Public Works to be Commenced as Soon as Possible and Carried Out as in Peace Times.

WILL NOT WAIT UNTIL PRICES GO DOWN

Department of Agriculture Will Inaugurate a Campaign for Greater Food Production and in This Way Utilize Surplus Labor—Trade Mission to Europe Will Endeavor to Secure Large Orders—Financial Conditions Are of Importance.

Ottawa, Nov. 13.—Conferences held during the day are expected to result in the placing of some large railway orders, both by the government and the railway companies. The situation in regard to rapid transition by the industries of iron and steel from war to peace orders, and data obtained as to the exact present situation in food production has already intimated the intention of placing orders for steel rails, ties and equipment for the national railways. The railway companies are now being urged to follow a similar policy, rather than to wait for a possible decline in prices of equipment. Furthermore, it is proposed to begin work as early as possible on any necessary railway extensions in the west. The conferences were attended by the Reconstruction and Development Committee of the cabinet, representatives of the railways and of the railway department, steel and iron manufacturers, the war trade board under the imperial munitions board.

With a view also to the absorption of labor, it is announced that plans for the development of a campaign of increased food production. The cessation of hostilities has in no wise as yet justified any relaxation of the necessity of assistance to their starving populations, coupled with the Balkan states, have aggravated the problem. These additional demands for food it is felt here preclude any possibility of early reduction in the cost of living and render measures of conservation as essential as before the armistice. The minister of agriculture, it is understood, has now under consideration plans which aim to result in the increased production, and at the same time absorb much of the labor which will be released within the next months. Concurrently with plans for the development of domestic trade, steps are being taken to provide greater facilities for the development of export trade. A counterpart to the Canadian trade mission in London is to be established at home.

Working in conjunction and in cooperation with manufacturers, the trade mission will endeavor to secure a share for Canada of the large orders which will have to be placed for materials needed in the reconstruction of devastated territories in Europe. In this connection, financial problems will be encountered. The intention of the government, it is understood is to endeavor to participate in Allied loans and thus to establish credits in Canada for the purchase of materials. It is possible that reconstruction demands will entail the floating eventually of another domestic loan, but this will depend on conditions not yet evident.

Decision has been reached to strengthen the Canadian mission in London with expert advice. These experts will proceed overseas shortly to join Lloyd Harris, chairman of the mission.

DR. J. H. RYAN OF SUSSEX IS DEAD

One of the Oldest Residents and Best Known Men in Kings County—Practiced Medicine There for Forty-Five Years.

Sussex, Nov. 13.—Dr. J. H. Ryan, of Studholm, died at his home here this morning. He had been ailing for the last four years. The deceased was 88 years of age, practiced medicine in Sussex for the past 45 years.

He was twice married, his first wife being Miss Agnes Hazen, daughter of the late Squire Chas. Hazen, of Sussex, and his second, Miss Vaughan, of St. Martins. He is survived by two daughters, Mrs. Jack Allen, of Los Angeles, California, and Elizabeth at home, and two sons, Herbert Hazen, Raymond, Washington, and Pte. Earl Frank Ryan, of the C. E. F. who was recently wounded and is now in hospital in England. The funeral will take place from his late residence on Friday morning at 10 o'clock.

H.M.S. AUDACIOUS SUNK OCT. 27, 1914

London, Nov. 13.—The admiralty tonight makes its first official announcement of the loss of the battleship Audacious, which sank after striking a mine off the North Irish coast, on October 27, 1914. The loss of the battleship officially was kept a secret at the urgent request of the commander in chief of the grand fleet.

THE AUDACIOUS CREW SAVED

Floated for Twelve Hours After Striking a Mine—Later Was Floated and Repaired.

London, Nov. 13.—News of the sinking of the Audacious was published in the United States shortly after the disaster. The British press printed an account of the warship's loss about two months later, but the government withheld confirmation. After striking the mine, the battleship remained afloat for twelve hours, during which practically the entire crew of 300 men was rescued by the White Star liner Olympic. Then a terrific explosion took place on the Audacious, and she sank. The ship was later reported raised and repaired.

THE GRAND FLEET OBSERVED IT TOO

Wonderful Demonstration Lasting Exactly An Hour When News of Peace Was Received.

London, Nov. 13.—(Canadian Press Despatch from Reuter's Limited)—A marvelous night scene was witnessed off the Scottish coast when the Grand Fleet celebrated the armistice. On a thirty-mile line, warships of every description were simultaneously illuminated. Myriads of searchlights played fantastically. Fireworks and star shells were lighted. The celebrations, after lasting an hour, ceased as suddenly as they began.

BRITAIN'S GREAT AID TO ALLIES

Loans Will Reach a Total of More Than Eight Billion Dollars—Can Easily Carry Her Own Burden.

London, Nov. 13.—Mr. Bonar Law stated that total loans to Britain's Allies totalled £1,465,000,000 sterling, and to the dominions £218,000,000. Altogether £2,683,000,000 had been lent to Russia, £425,000,000 to France, £345,000,000 to Italy, and £127,000,000 to the smaller states. Britain's debts abroad are not expected to exceed one billion pounds sterling. This, said Mr. Law, Britain can easily bear. Its future, however, depended upon the extent to which labor and capital could work together harmoniously.

English M. P. Asks When Women May Leave for Canada—One Thousand Men Have Died of Pneumonia, Four Hundred of Influenza.

London, Nov. 13, (Canadian Press Despatch from Reuters, Ltd.)—In the House of Commons Mr. Denman asked whether passports could now be granted to women desiring to go to Canada to be married. Right Hon. T. J. Macnamara replied that the whole question of restrictions upon travelling at sea would shortly be under the immediate consideration of the government department concerned.

DOMINIONS IN 'PEACE CABINET'

London, Nov. 13, (British Wireless Service)—The Times says that in addition to General Botha, the South African premier, the forthcoming meetings of the imperial cabinet preparatory to the peace conference, Canada will be represented by Sir Robt. Borden, prime minister, and a number of his colleagues and advisers; Australia by Premier Hughes, and Sir Joseph Cook, minister of the navy; New Zealand by her prime minister, Mr. Massey and Sir Joseph Wall, and Newfoundland by Premier Lloyd.

CHARLIE'S NOO AWAY

Former Emperor of Austria With His Family Has Arrived in Storage.

TICKET OF LEAVE

Is Required from Busy Bill Who Has Settled Down for a Quiet Life in Holland.

London, Nov. 13.—The British foreign office has received no information whatever of the rumors that the former German crown prince has been assassinated, according to the Exchange Telegraph Company. Bulletin—London, Nov. 13.—A despatch to the Daily Mail from Maan, Holland, says that among those who accompanied the former German emperor to the castle of Amerongen were Generals Von Pleshen, Von Gontard, Von Drankberg, Von Lintoff and Von Grimman.

The correspondent of the Daily Mail says he hears that the former emperor is not regarded as an officer because he has resigned his titles and offices. The other officers in the party were Colonel Count Von Moltke, Surgeon General Von Mieser, Major Von Hirschfeld, Marshal of the Court Von Plann and five captains.

After the arrival of the German party General Onnen of the Dutch army asked all the members to give parole.

Copenhagen, Nov. 13.—Former Emperor Charles and his family arrived yesterday at Eckartaa in an automobile, says a despatch from Vienna.

Eckartaa where there is a castle, is on the Danube River between Vienna and Preesburg. It is on the north bank of the river and about fifteen miles east of Vienna.

Copenhagen, Nov. 13.—The former German Crown Prince is with his troops at the front, according to a despatch from the semi-official Wolff Bureau of Berlin, received here.

U. S. CASUALTIES NOT OVER 100,000

This is the Estimate Now Offered for the Entire Campaign—71,390 Have Already Been Reported.

Washington, Nov. 13.—Officials here estimate that the total casualties of the American expeditionary forces in the war will not exceed 100,000, including the men killed in action, wounded, died of wounds, disease and accidents and the missing who never will be accounted for. Some of those who have been missing probably will be accounted for when the prisoners are returned from Germany. It was said today that it probably will be several weeks before the record of casualties can be completed.

An unofficial tabulation of published casualty lists including those of November 12, shows a grand total of 71,390 men. Careful estimates made to be based on knowledge of the battle conditions faced by the first and second armies in the days immediately preceding cessation of hostilities and officers to believe that all unpublished and unreported casualties will not exceed 30,000.

Estimates based on previous records fix the total marine casualties in France at less than 5,000.

BILL IS IN DUTCH.
London, Nov. 13.—A despatch to the Centre News from Amsterdam says that William Hohenzollern, the former German Emperor, took a walk this morning, accompanied by officers. Later he went motoring, followed by a car containing Dutch officials.

The correspondent says the emperor appears to have resigned himself to his new life.

Two enormous motor lorries arrived today with the Hohenzollern baggage, which consisted of a large number of trunks and cases.

W. E. PLAYFAIR WRITES

He Sees Much Important Work Ahead in Policing the Country and Getting the People on Right Road.

TRADE OPPORTUNITY

Climate and Soil Similar to Canada, and There is an Opening for the Development of a Great Business.

Vancouver, B.C., Nov. 13.—(By W. E. Playfair, Correspondent of the Canadian Press Limited)—With one unit of the Siberian expedition from Canada already established in Vladivostok, and the remainder of the force mobilized in this country, signing of an armistice with Germany naturally raises the question as to whether the Dominion will proceed with its plan of dispatching an expeditionary force to the Orient. Military men here say that the late developments in Europe will not materially affect the government policy with regard to the Siberian forces.

The first phase of the great war, that of destruction, appears to be over, but there remains the second phase, one of tremendous importance and difficulty—that of reconstruction. The Canadian forces in Siberia were engaged principally in reconstruction.

The present day situation in the great empire of Russia since the downfall of the Czar and more especially since the Bolshevik government established itself, has been compared to that existing in Mexico. Utter lack of a stable government renders Russia a menace to the security of the world for years to come, and it will be a necessary factor in achieving permanent peace to restore order and good government where today there is anarchy and widespread misery. The duty of the Allies will be to police Russia, including Siberia, bringing supplies needed to save the population from starvation and render an international police service until such time as Russia's credit again has been established on a firm basis.

With the military collapse of Germany, the danger of German domination of Russia has passed for the time, but there remains the menace of the Bolshevik radicals who have played a large part in reducing the country to its present straits. A so-called government that has repudiated Russia's foreign indebtedness running into many billions of dollars; allowed the transportation system of the country to fall into ruin and utterly failed to cope with the vital problem of the times is not considered a safe administration in Europe, or the world, at this moment.

With the collapse of Turkey, an crisis and Germany in rapid succession to the Allied governments, Allied troops will be enabled to enter Russia from a number of fronts and thus greatly facilitate the work of reconstruction. From the east, with Vladivostok as a base, the smaller but complete and highly organized Canadian forces will work in concert with the British, Czech-Slovak, American, French and Japanese contingents clearing up the country in Siberia, restoring order in the various districts in Siberia, and improving communications. European relief of suffering among the civilian population will be an important phase of the work, as the unrest among the peasantry, due to unsettled conditions of government, prevented the sowing of vast grain areas last season, and the food stocks in the country are reported to be very low.

From the strictly Canadian viewpoint, there is another factor in the situation that is of the greatest importance. Canadians are coming to know that Siberia, whose soil, climate and resources are astonishingly similar to those of Canada, holds great trade possibilities for this country. The government has recognized this fact in naming an economical commission under Colonel Dennis to accompany the military expedition. With the general readjustment that will follow the war, it is confidently expected that Canada will build up a trade of many millions a year through Vladivostok, with Siberia and Russia.

FRONTIER CLOSED TO TRAFFIC.
Berne, Switzerland, Nov. 12.—(Tuesday)—The Austro-German frontier is now closed to travellers, and traffic of all kinds, a despatch from Vienna says.

AMERICAN SENSATION HUNTERS ALREADY TRYING TO VISIT EUROPE

New York, Nov. 13.—Already American sightseers want to go to Europe. Allied steamship offices today were receiving hundreds of inquiries as to when the ban on passenger travel would be removed. The enquirers were told that the rigid war restrictions would remain in effect "until further notice," all Allied ships as well as American being still under government control. It was the opinion among steamship officials that the time for resumption of pre-war steamship travel on any extensive scale was "a long way off."

APPEAL COURT NOV. SESSION

Mr. A. George Blair of Ottawa Becomes King's Counsel and is Called to Inner Bar.

SEVERAL ATTORNEYS ARE ENROLLED

A Number of Interesting Common Motions Are Heard Before the Court.

Fredericton, Nov. 13.—The Supreme Court of Appeal assembled here today for the November sittings with Sir Douglas Hazen, Chief Justice of New Brunswick, and Chief Justice McKewen, of the King's Bench Division, and Judge Grimmer, presiding. Before proceeding with the hearing of causes, there was a formal enrolment of five new attorneys who had successfully passed the examinations, and upon motion of Hon. Attorney General Byrne, these were called to the bar and sworn as follows: Hugh H. McLean, Jr., H. Murray Ramsay, Arthur L. Dykeman, Wm. E. McMonagle and Clovis T. Richard.

The court heard several common motions upon which argument was proceeding at the hour for recess. Mr. D. Mullin, K. C., applied for a rule nisi for a certiorari to remove and a rule nisi to quash a conviction in the case of ex-parte Wm. Austin, of Stellarton, N. S., a machine repairer. In defendant's suit case, at St. John, while he was travelling home from Sherbrooke, Quebec, liquor was found by Inspector Garnett, and he obtained the conviction and a fine of \$100 and costs. The liquor was seized after the passenger had transferred to the C. P. R. train for Halifax. As the fine was with the alternative of imprisonment for two months, defendant made payment in court.

Mr. Mullin, among other points, contended that conveying liquor through the province from a place outside the province to another place is no tonic like Hood's Sarsaparilla. For a Time Like This, After Influenza, the Grip, When purified blood, rebuilt strength, and regulated bowels are essential. In the after-effects of influenza, the grip and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effect. It expels the poisons that have weakened and depleted the blood, causing pallor, anaemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.

Many people—it is really astonishing how many—need a fine, powerful cathartic in these trying times. We recommend Hood's Pills, used in the best families, and equally effective with delicate women or robust men.

RETREATING GERMAN TROOPS SLAUGHTERED THE CIVILIANS

Cold-Blooded Treachery in the Case of St. Souplet, Where Inhabitants Were Gathered into a Church and Murdered by Shellfire from the Retreating Army.

With the British-American Armies in the Field, Nov. 4. (Correspondent of the Associated Press.)—Instances of German mistreatment of the civil population of villages in France which have just been taken by the British-American armies are numerous, but perhaps none shows more cold, calculated heartlessness of the Hun than the following story that was related to the correspondent by one of the inhabitants of the little town of St. Souplet, near St. Quentin.

An attack by the British and American forces was impending. The Germans expected it and informed the population that if they gathered in the local church and put up a white sheet as a flag they would be spared by the

outside the province, was not an offence under the Intoxicating Liquors Act.

The court granted counsel time till the second Friday of term, to obtain a copy of the proceedings in the case from the convicting Magistrate, and the application to quash conviction will then be renewed.

Nashua Pulp and Paper Co. Mr. J. J. F. Winslow moved for a rule nisi for a certiorari and a rule nisi to quash an assessment upon the Nashua Pulp and Paper Co. by the Town of Marysville, the basis for which the town fixed at a valuation of \$30,000. He read the affidavit of Nathaniel Jones, manager of the defendant company, stating that the property assessed did not exceed in value \$2,000, of which \$1,000 would be on the mill site of the old building lately destroyed and the other on the block of land extending on the opposite side of the Nashua river from the bridge to the grove. And it being shown that the town had merely subtracted \$75,000 from a former valuation of \$105,000, which figure was obtained when the Partington Co. sold the tenements there to the Cotton Co's Limited, counsel was allowed to amend his application for the order on the ground that there was no valuation at all. The court granted the rule with the understanding that notice will be served on the Marysville assessors and Town Council, and it was made returnable on the second Friday of term.

When the court assembled this afternoon a commission appointing A. George Blair, of Ottawa, barrister, and son of the late Hon. A. G. Blair, as King's Counsel, was presented by Hon. Attorney-General Byrne, and read before the court, whereupon Mr. Blair was called to within the inner bar. Mr. Blair received the warm congratulations of the bench and bar.

Ex Parte Loses. In ex parte Mayes Case, physical at St. John, Mr. P. J. Hughes moved to quash an order made on review by Judge Armstrong of a judgment entered in the city court of St. John against an employee of the Christie Woodworking Co., Ltd., for the sum of \$58 for medical attendance, and in which Dr. Case obtained judgment in the St. John civil court. Court considers.

Ex parte Aubrey Johnston and Hampton Johnston, D. Mullin, K. C., for a rule nisi for a certiorari and a rule nisi to quash a conviction made September 18th by C. N. Vroom, under Intoxicating Liquors act, 1916, for selling liquor without a license, the defendants being druggists of St. Stephen. Mr. Mullin made a similar motion in four other cases, one for selling liquor and three for wrongly labelling bottles. The point made was that a fine had been imposed upon both partners instead of upon only one. Rule in all five cases absolute for certiorari and nisi to quash service on magistrate and informant, affidavits without exhibits to be served. Point returnable next session. The docket being taken up argument was heard in the crown case reserved, the King vs. Frank L. Akerey, in which rape and adultery were charged and which was tried before Mr. Justice Barry, at Gagetown, R. St. J. Preece and D. Mullin, K. C., for the defendant. Court adjourned until 10 a.m. on Thursday.

GOVERNMENT LETS CONTRACTS

Orders Placed for Two Hundred Thousand Tons of Steel Rails—Sydney Will be Kept Busy.

Ottawa, Nov. 13.—The government today let contracts for 200,000 tons of steel rails for Canadian government railways. Of this large order 125,000 tons are to be provided by the Dominion Steel Company and 75,000 for the Algoma Steel Company. This is the first of many steps which the government is taking in a vast immediate scheme of railway repair and re-equipment, involving the expenditure of a large amount in employment and thus providing a number of plants with business to

\$100,000,000 IS REQUIRED

Toronto, Nov. 13.—With only three more days of the Victory Loan campaign, Canada is still a hundred millions short of the \$500,000,000 she set out to attain, the total reported to date being \$390,765,200. The province of Ontario with \$198,894,400 subscribed has over fifty millions to get before the end of the week. The following are the totals for the other provinces, \$90,456,850 from Montreal being included in the figures for Quebec: British Columbia, \$18,784,750; Alberta, \$10,558,800; Saskatchewan \$9,462,850; Manitoba, \$25,605,950; Quebec, \$98,367,700; New Brunswick, \$3,500,000; Nova Scotia, \$19,229,450; Prince Edward Island, \$1,299,050. Carry on and keep their workmen employed during the period of reconstruction.

CANADA'S VICTORY LOAN 1918

There is not a man or woman in St. John who hasn't something to do with this matter. It was our fight that the men in France were fighting. It is our Victories they have been winning from day to day. We had very close personal interest in every move that was made on the great chess-board of the war.

NOW, ALL TOGETHER, so that St. John may go "OVER THE TOP" with honor!

The safest, most attractive investment for Canadians in the world today are Victory Bonds, secured by the whole country, bearing 5 1-2 per cent. interest and Canada's promise to repay the principal at maturity.

Victory Bonds are issued in four denominations, \$50, \$100, \$500 and \$1,000. Every one of us can buy according to our means. Twenty-five per cent. over our quota of \$5,000,000 will give us a crown on our Honor Flag. Let us have two crowns, or three!

The Victory Loan Button will show that you are a buyer of Victory Bonds 1918. Your name on the Honor Roll of your place of business will be an inspiration to others.

ONE YEAR AGO BOLSHEVIKI SEIZED CONTROL OF RUSSIA

Dr. Heinrich Lammasch is Distinguished Professor of Criminal Law, an Enemy of War and Advocate of International Arbitration.

London, Nov. 13.—This week marks the anniversary of the Bolshevik advent. When a year ago news of their rising was first heard the general prediction was it would be very short. But it has lasted a year, and the destinies of Russia depend on men who are notoriously in German pay and who crush every opposition with the barest means. A year with this regime—what has happened during this time? Deeds show it better than words.

A year ago the Bolshevik government, the government of Lenin, the Premier, and Trotsky, his Foreign Minister, of Ensign Krylenko as Minister of War and the Kronstadt laborer, Bibenko, as Minister of Marine, came into power after having carried Petrograd and Moscow in a hard and cruel fight. At the head of this new power stood a noted revolutionary of the extreme radical type, who had come to Russia, travelling through Germany, and who had been accused by General Brusiloff and by Kerensky

decided Russia's destiny, as if having the right to speak in Russia's name and conclude peace for her.

Stores Sold to Germany.

The liquidation of Russian military stores and the disposal of Russian tonnage in Finland followed. All of it was directly or indirectly sold to the Germans. The Allies were obliged to send ships and troops to protect and save the munitions stores in Archangel and at Vladivostok. Through all the time of their government the Bolsheviks had been guilty of the most ignominious acts against natives of Allied countries. The British Embassy was attacked and Captain Crombie murdered. Allied officials were arrested, and the embassies had to be moved to Vologod, and finally the representatives of the Allies were ordered to leave Russia, while Consul General Poole, the American representative, who had courageously remained at his post in Moscow, was arrested, and only released after the strongest representations.

This anti-Ally attitude of the Bolsheviks became more violent and pronounced after the start of the Czech-Slovak movement, to which the Allies pledged their aid, and which finally led to intervention on the Murman coast and in Vladivostok.

The assassination of the Czar and the subsequent murder of the Czar's wife and the reported and most probably true murder of the Czarina and her daughters only complete the list of abominable horrors the Bolsheviks have committed.

The Bolshevik handling of internal questions consisted in the confiscation of private banks and safe deposit vaults, of industrial enterprise and

factories, without any compensation. The searching of houses for valuables worth while taking was a part of the programme and was carried out without even an attempt at resistance by the frightened population, who knew already what it meant to be in the hands of an armed crowd, composed of soldiers and a mob of Bolsheviks who knew no half measures.

Murder, Pillage, Plunder.
The land question was solved by wholesale robberies recommended by the government. They were accompanied by murder, pillage and plunder and very often culminated in fierce battles among the plunderers, who could not find a more peaceful solution for the division of the booty.

Marriage was abolished and women over eighteen were declared public

property, with an obligation to accept a designated husband and a heavy punishment for refusing him.

Law courts ceased to exist and were replaced by courts where judgments were accessible to everybody. Considering the number of snobbish-bells in Russia and the very low degree of knowledge this institution became of little special interest.

Russia's commercial credit disappeared, the exchange dropped to an extraordinarily low mark, and Russia's trade came to a standstill; even her most optimistic and patient friends became discouraged.

LITTLE WILLIE WEPT.

Cried Like a Baby When Signing Abdication.

Washington, Nov. 13.—Emperor William's last words before affixing his signature to the abdication document were: "Let us not lose our faith in the future." The Crown Prince who was present, "cried like a baby" according to an official telegram from Amsterdam today, in which the scene of abdication was discussed. It says: "The Kaiser signed his letter of abdication in the presence of the Crown Prince and Hindenburg, and of all the officers of the general headquarters and of all his private servants. He appeared to be deeply moved. He signed, saying: 'May it be for the good of Germany. Let us not lose our faith in the future.'"

"The Crown Prince, who was crying like a baby, signed his letter of renunciation of the throne shortly afterward.

"The Emperor committed to Hin-

denberg the charge of making the facts known to the troops and the government.

"The Crown Prince left immediately for his general headquarters in order to take leave of his officers and to resign his command."

Prince Henry of Prussia is reported in a semi-official despatch from Amsterdam to have fled from Germany with his wife to Denmark. He is supposed to have taken out of Germany with him several million francs, a part of his private fortune.

Secret Service Men Find Ample Evidence of Activities Everywhere—Printing Plants in Montreal and Toronto Are Closed and Mails Are Watched, But Still the Literature Circulates.

Ottawa, Nov. 13.—Discovery by Secret Service men that an extensive well organized Bolshevik propaganda is being carried on in Canada, mostly among foreigners, and that during the past year it has made startling progress, has left to consideration here of the establishment of effective dominion machinery to enforce federal laws and preserve public safety.

During the past six months, government agents have discovered that certain anarchistic foreigners, masquerading as the social democratic party and camouflaging their real purpose with a politico-economic platform, have been printing and circulating literature of the most seditious, criminal and revolutionary character. A great deal of this literature has been intercepted in mails and as a consequence, Bolshevik printing presses in Toronto and Montreal have been seized. Despite this vigilance, however, as many as eighteen branches of the social democratic party have been formed during the past year.

London, Nov. 13.—Emperor Charles and his crowd are the last of the long list which have been falling in the Central Empires like ripe apples. With the publication of the armistice terms came the swift recognition by the Teuton royal families that their presence on the throne only damaged Germany's chances in the peace negotiations and those who were not forced to abdicate at the point of the red flag, decided to follow the emperor's example.

The most hopeful news from Germany is the agreement between the moderate and extreme Socialists, pinning down the latter to support the government, though the terms upon which this was agreed have a Bolshevik ring. It is revealed that the policies of Erbert's government are approaching with Russia. The Bolshevik ambassador Joffe has triumphantly re-entered Berlin, which pleases the German Bolsheviks. The moderates also desire to make Russia believe that the Allies are Russia's enemies while Germany is her friend. Some of the German and Russian Bolsheviks go so far as to talk of a common resistance of the western powers on the same lines as the former Bolshevik resistance to the Germans.

The most significant event is the decision of the German government to follow the Soviet system, adjoining

VERDICT ON DEATH OF ED. CAMPBELL

Death Result of Accidental Discharge of Rifle in Hands of Playmate Recommendation by Coroner's Jury.

"Mamma, it was only an accident," was the remark made by Edmund Campbell to his mother at the hospital where he had been taken after he had been shot, according to her testimony last night at the enquiry into young Campbell's death at the Police Court room before Coroner F. L. Kenney.

The jury brought in the following verdict:—

"We, the jury empaneled to enquire into the death of Edmund Campbell, find that he came to his death at the General Public Hospital on the 10th day of November last in the city of St. John, in the County of St. John, Province of New Brunswick, as the result of a rifle shot wound ac-

RUB RHEUMATIC PAIN RIGHT OUT

Don't suffer! Relief comes the moment you rub with "St. Jacobs Liniment"

What's rheumatism? Pain only! Stop drugging! Not one case in fifty requires internal treatment. Rub the misery right away! Apply soothing, penetrating "St. Jacobs Liniment" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism and sciatica relief which never disappoints and can not burn or discolor the skin.

Linger up! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic, pain, soreness, stiffness and swelling. Don't suffer! "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Dr. Hodson, superintendent of the General Public Hospital, was the first witness. He stated that the injured boy was admitted to the hospital on Saturday night, November 9th. On examination he found the boy suffering considerable pain. The injury presented a small perforated wound in the right side and in the back on the left side he found a small circular wound, evidence that the bullet had entered the right side, passed through both lungs, and coming out of the left side under the armpit.

Morton Mortensen next testified. He stated that he worked at Vanwart's grocery on Charlotte Street, and that his brother Ejner, Edmund Campbell and himself were in the barn at the time the shooting took place. He stated that he came up to the barn and saw the two boys standing there. Ejner had the rifle and witness tried to take it from him. Campbell was standing in front of the boys when witness was trying to get possession of the gun.

Witness stated that he noticed no cartridges in the gun before the shooting occurred. After Campbell was shot, witness assisted him downstairs. He stated that the gun went off while he and his brother were holding it. The witness admitted that his father had not known that the boys had the use of a gun.

Sergeant Roy K. Dalton of the O.A.S.G., testified next, stating that he saw Campbell in Vanwart's store after he was shot. He added that he was standing in the store when he saw Campbell being led into the store by the back entrance by Morton Mortensen. Witness then carried him into Vanwart's office and, on opening his clothes, he saw a wound on the left chest. He took the boy to Dick's drug store and laid him on a table in the back room. He attempted to get Dr. Bentley, but as he was out he telephoned for the ambulance. Witness then went to the American-Globe laundry to get the boy's mother, who he understood worked there, but as she was not there he returned to the store, and accompanied the boy to the hospital in the ambulance. Witness stated that Campbell told him at the hospital that Ejner had shot him.

The next to testify was Detective E. F. Biddiscombe. He stated that he assisted in the removal of the injured lad to the hospital. He examined the boy's coat and found that it was burned slightly, and he added that a gun held two or three feet away would produce such burns on discharge. Witness asked Campbell who shot him, and the boy told him that Ejner had. Campbell asked him if Ejner had been locked up, and upon being told that such was the case he replied "I hope you don't keep him there."

On going back to the store he asked Ejner how the accident happened and he understood him to say that Campbell had held the barrel and he held the gun by the rod, when it was discharged. Ejner took witness to the barn and dug a gun out of some straw on the floor. Witness found a box of shells on a shelf minus five or six cartridges, and on the floor he found an empty shell. Ejner told witness

that the gun belonged to him and he had had it for about three weeks. Witness stated that the rifle was a thirty-two long rimfire Stevens. In giving his opinion on the law concerning the carrying of firearms, he stated that as far as he knew the boy could have firearms in his possession, but could not shoot within the city limits and no dealer could sell firearms to boys under 14 years of age. Witness stated that Ejner told him that young Campbell had hold of the barrel of the gun and pulled the trigger himself and though told by the detective that such a procedure was impossible he adhered to his story.

Mrs. Catherine Campbell, mother of the dead boy, stated that the deceased was eleven years of age and that he was supposed to be on Vanwart's team with Morton while Ejner was sick. Witness stated she saw her son in the hospital on the night he was shot, and on being questioned he answered that it was only an accident. She visited the hospital next day and her son told her that he held

"I wonder what he thinks of me?"

Another wounded soldier!

Never have I noticed so many on the streets as there seems to be today.

I wonder why that chap gave me such a searching look? If he thinks I am a slacker he's wrong. I'm not able to fight; but I have done my duty. Here's my honor button on my coat to prove it.

I've bought ten Victory Bonds—put nearly all my savings into them. Not quite all—that hundred I have left must be kept to buy Christmas presents.

Christmas Presents?

I wonder if this would be the best way to spend that money.

Let's see; I could take that hundred dollars and pay it as a deposit on four \$100 bonds—then pay the other \$300 in instalments.

But that would leave me nothing to buy Christmas presents.

I have it!

This year I'll buy Victory Bonds as presents.

But would the wife like that? Would she like a Bond as well as the gift I was going to buy her?

Why she'd rather have a Bond, if she knew it might help one poor boy crippled like that lad there.

And the three children, every one of them, has been at me to buy a bond.

I could pay the other \$300 in instalments—by being a little more careful of my expenditures. And the wife will gladly help. I'll do it.

I'll take that hundred dollars to buy four more bonds. I wonder why I didn't think of that way before.

Let every Canadian do some serious thinking along these lines today.

You have only three days left to set yourself right with the boys who fought and suffered and toiled for you.

Today may be the biggest day in your life.

You've never known a day that compares with it in opportunity to serve your country, for this loan must be oversubscribed.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE LAST THREE DAYS.

It is a matter of intense personal interest to every man and woman in St. John who has not bought Victory Bonds to the limit of his or her respective ability, that only three days more remain in which to make this investment. Reports from headquarters indicate that in this city all classes of buyers are well represented, but that even better things than have been accomplished had been expected from those who may be described as skilled laborers. During the past three or four years wages in many lines have been advancing, money has been more plentiful than before, and there is an impression that a good deal has been saved in spite of the high cost of living. Those who have profited in this way should come to the personal realization that if their own present fortunate condition is to continue they must provide the Government of Canada with the means to maintain prosperity. This country is now preparing for the manufacture of peace merchandise and for material needed in the reconstruction of devastated countries. Products of every line will be required, immense armies, and millions of suffering civilian population must continue to be fed. Ocean tonnage will be required, railroad equipment and all classes of machinery and structural materials in great quantities for world-wide distribution. And in addition, in Canada as well, diversion of our industrial outputs to military purposes has greatly depleted our home stocks of peace merchandise. Empty shelves must be refilled and Canada must not only provide her share of goods required elsewhere, but must stock up at home.

Today—and it is a difficult job under the best circumstances to step from war to peace conditions—our Government must have the cash with which to carry on the work. The fact that peace is in sight does not mean a cessation of expenditure. It will in course of time lead to reduction, but there will be practically nothing of an immediate nature. Because of this there must be no slackening of effort to make this Victory Loan a tremendous success. Every worker, male or female, every business man, large or small, must come to realize that on the success or otherwise of the campaign now drawing to a close, will to a large extent depend his or her prosperity during the next few years. We are called upon to invest our money in the best security in the world, not to be spent for the benefit of others, but to be returned to us in the form of greater business, more constant labor and fair profits.

A CHANGE OF MIND.

Hon. W. F. Roberts, Minister of Health for the Province of New Brunswick, announced yesterday that he had empowered local boards of health to act independently in lifting the ban imposed by him because of the influenza epidemic. Hereafter each community will be governed by the decision of its own local organization which will act on the knowledge of conditions as they may exist in that particular community. A week ago, when this proposal was made to Hon. Dr. Roberts, he rejected it with scorn, and strongly maintained that as the ban had been imposed on the entire Province by himself as Minister of Health, so the ban would be lifted by him from the entire Province. That, he stated, was the only proper way to handle the affair.

What has made Dr. Roberts change his mind? Can it be possible that somebody else in the Government, with a little more authority than himself, has told him to do so and so? And if Dr. Roberts is right in his stand which he takes at present he must have been wrong a week ago. But a week ago he stated that he was right, and if so, today he is wrong. At any rate we all hope that the "flu" scare is about over, and that we may resume a more normal condition of living.

FUEL RELIEF.

The Toronto Mail and Empire is of the opinion that the cessation of hostilities will very materially relieve the existing fuel shortage. It points out that during the past couple of years many workers in mines and on railways have been diverted from these occupations and even more directly associated with the production of munitions and also for overseas service. A considerable number of these latter are still on this side of the water and may very promptly be released from further service to resume their former occupations, while the

gradual cessation of munitions production will release those who may return then to their original employment. In this way coal production will be increased and difficulties of transportation will to some extent be relieved. This does not necessarily mean that there will be any immediate reduction in the price of coal, for wages will, without doubt, continue high for some time to come, and freights will remain as at present until the existing conditions of traffic, both by rail and by water, have been overcome.

HE DIDN'T BUY.

Members of the Y.W.P.A., who are canvassing Victory Bonds, have some funny experiences. It is related that there appeared near the booth in the Western Union Building a certain very well known, very wealthy and very benevolent looking old gentleman, whose reputation however, is not that of a spendthrift. One of the ladies in charge, who was not acquainted with this visitor, immediately greeted him with: "Would you like to buy a Victory Bond?" He just looked at her for a moment and said quietly, "Go way." Back came the answer, quick as a flash, "Go way, yourself, and see how you like it."

It is a matter of historic record that some days after the rains had subsided, Admiral Noah, one of our justly famed navigators, so far relaxed as to abandon his preference for water and indulge in a mild, though somewhat spirited celebration. The world had again become safe for democracy, etc. And no one will criticize the GRAND FLEET—spell it in capitals always—for taking one hour off.

Member of British Parliament anxiously enquires whether women over there may now come to Canada to get married. Look out for a rum-pus. Plenty of women over here just now. Trouble is there are not enough men to go around. Must be something wrong when with all the Canadian boys in England the women are not able to meet their fates.

It is announced from Berlin that Major General Scheuch, former Minister of War under the autocracy will retain his post with the new government. Scheuch is life.

Ex-Emperor Charles, speaking from a distance, expresses the hope that an internal peace may heal the wounds of this war. A little late in coming. And besides Bonnie Charles' noo aw!

Federal Government proposes to start construction of branch lines needed in the West. Good stunt. But don't let Bill McKenzie or Dan Mann hear anything about it.

The local Victory Loan Committee want some cars with which to canvass the county. Here is a chance for a really worth while contribution to the all-important cause.

Socialist Vorwaerts of Berlin, thinks armistice terms are terrible. Bet a cent Belgian papers don't agree.

Cotton dropped two cents a pound yesterday. Now the Chinese may add that missing inch to their shirts.

A BIT OF VERSE

TO THE SOUL OF THE KAISER.
In this, thine hour of agony, when shame and doom fall fast, Do the shrieks of the slaughtered children pierce thy dark soul at last? Today though we shout to the leaden skies, yet our banners gay and red, Serve not, oh Kaiser, to warm the hearts of our loved and our faithful dead.

Of black, black deeds of carnage, of torment and of woe, Thy soul shall accuse thee, Kaiser, now the lights of life lie low, Now shuddering sleep denies thee and shrinks from thy staring eyes, And shades of the murdered myriads approach with piteous cries.

Where shalt thou bide thy head? Man who has roused the Beast? Ghastly Europe groans 'neath the spoils of thy red blood-feast, From every nook of the world the ghosts stare white in thy face— Where shalt thou bide thy head 'neath the hour of black disgrace?

Ha! One friend is left. One friend shall give thee aid, Look in his eyes, proud Kaiser, Shrink not. Be not afraid, Drink of the cup thou hast forced

on the world thou has plunged in despair— Death is thy friend, proud Kaiser, And does not death look fair?

To the brain that planned this war press thou the swift release, Let the heart that knew not pity taste of the dreadful peace— Dead in the world thou has cursed— dead in thy shameful prime— Let thy cold face plead for thee, Kaiser, to God and the World and Time.

A BIT OF FUN

While Digging Out.
War Correspondent Raymond Carroll was dining in a Paris restaurant with a novelist who had been to the front.

"I went to the front," the novelist said, "to write, while under fire, a full and graphic description of a battle."
"Did you succeed in your task?" Mr. Carroll asked.
"Well," said the novelist, "the fire got very hot and dangerous, and I had to dig out before I—before I—quite—"
"I see," said Mr. Carroll. "Instead of a full description of the battle you made a few running notes."

"I don't like that auctioneer's line of talk," declared the artist testily. "What's wrong?"
"Picture after picture of mine he puts up. And what does he say? 'Start it at \$10, good people. You can't go wrong. The frame is worth that.'—Kansas City Journal."

"Whose Debtors We Are." With generous hands they paid the price, Unconscious of the cost; But we must gauge the sacrifice By all that they have lost.

The joy of young, adventurous ways Of e'en and undimmed sight; The eager tramp through sunny days, The dreamless sleep of night.

No lavish love of future years, No passionate regret, No gift of sacrifice or tears, Can ever pay the debt.

SECOND DEATH IN TWO WEEKS

Ferryville Boy Killed in Action—Lady Student at St. Michael's is a Flu Victim.

Special to The Standard. Chatham, N.B., Nov. 13.—There were four new local cases of influenza today and a sailor was taken off the Warren P., one of the W. S. L. L. schooner in the coast trade. He belonged to Neguac. He is resting comfortably in the isolation hospital. The death of Miss Katie Fitzpatrick, eldest daughter of Mr. and Mrs. Thomas Fitzpatrick, of Napam, is reported today. The deceased young lady was a teacher in the public schools prior to the ban going on. This is the second death in this family from "flu" and pneumonia within two weeks, the other being a younger sister, who was also a school teacher. Mr. and Mrs. John Doyle of Ferryville received today from Ottawa the sad news that their son Howard had been killed in action. This is particularly sad now that peace has come. Several brothers and sisters survive. The death of Miss Lillian Cochran, a student of St. Michael's Academy, occurred late this evening of influenza. The deceased young lady belonged to Bath, N.B., and was fifteen years of age.

KENT AND WEST'LD ARE DOING WELL

Five Parishes in Kent Have Won Their Honor Flags—Moncton City is Creeping up to the Million Mark.

Moncton, Nov. 13.—Westmorland county has gone over the top in the Victory loan. As the parish of Dorchester also won an honor flag, two honor flags will now flow over the county building at Dorchester. Kent county also reports tonight having exceeded its objective and has won an honor flag. Five parishes in Kent have also won honor flags. Moncton city is within \$12,000 of the million mark.

LIFTING EMBARGO ON PICTURES

Ottawa, Nov. 13.—After a careful review of the Canadian situation in respect to prints and chronos, the war trade board has made a ruling that applications for licenses to import this class of goods will in future receive favorable consideration when coming from countries where the transportation of the goods is made by rail or where the question of the conservation of ocean tonnage does not arise. The pictures in question are not to include photographs, enlarged or otherwise, nor framed pictures, if the frames form a substantial portion of the value of the picture.

Little Benny's Note Book.

This morning ma and pop was lookin' over a lot of old clothes to decide which ones to keep and which ones to send to the Belgians, and I was in the next room and could hear them tawking, ma sayin', Now how about this green soot of Benny's that he refused to wear because he sed the other boys made fun of the color?
Well, its rather green, sed pop, and ma sed, But its almost new and be awt to be able to ware it for months yet, and if the other boys want to laff, let them laff and Benny can feel he is doing his bit by economizing in war time.
G, I thart, thats a heck of a way to do my bit. The soot being such a green one you mite of thart it was a advertisement for green paint, it was so green, being feare to look at and feare to ware. And tonite at supper I sed, Hay, ma, do you know that feare green soot I used to ware?
Wy, thats odd, your father and I were discussing it only this morning, sed ma, and I sed Well, I thart of a grate way to save money on account of the war.
Well, well, wat a peculiar coincidents, sed ma, and I sed, Yes mam, and ma sed, and yet people say coincidents dont happen, and I sed, Yes mam, I sold it to the junk man this morning and im goin to use the money for recess money, and now I dont haft to ask you for any recess money for a long time.
Well ill be horn swigled, sed pop, how mutch did he give you for it?
20 cents, I sed.
Goodniss grayhiss, sed ma.
And now, sed pop, the question is, wat it indeed an uncanny coincidents or a deep layed plot? However, perhaps id better not press the matter too far, because after all it was an extremely green soot and I had feelings myself wen I was a boy.
And we kepp on eating uppit, especially me, on account of it being chicken pot pie.

MONCTON MATRON RESIGNS POSITION

And Hospital Board Want to Know Why—C. G. R. Gets First of the Big New Locomotives.

Moncton, Nov. 13.—The case against William O'Connell, charged with inciting riot when the police station was stormed on Monday night, was before the court today, and the evidence of three policemen taken. The case continues on Friday.
Miss Adelaide McDonald, Matron of the Moncton Hospital, tendered her resignation tonight at a meeting of the hospital board. Her resignation was held in abeyance to ascertain the cause of the resignation, which came as a surprise to the board. Miss McDonald came to Moncton from Montreal in June last.
The C.G.R. has just received the first of thirty big passenger engines ordered recently from the Montreal Locomotive Works. The engines are the largest of the Pacific type used on any railway in Canada. Weight of engine is 415,000 lbs. The first to arrive is now being run on the Ocean Limited between Moncton and Truro. Numbers of the engines will run from 478 to 507.

BOYS ARE REPORTED.

Young boys at the corner of Britain and Sydney streets congregated in large numbers in the evenings and cause unusual noise and embarrassment to the residents of that section. Similar occurrences happen in another section of the city and both cases have been reported to the police who will endeavor to bring these cases into court, and the distributors will be meted just punishment.

PICTURE CENSORING.

While it does not seem as yet decided if the film exchanges will leave St. John or whether they will accept some of the tempting offers made to them to locate elsewhere, the present indications seem to be that the censoring of the pictures will continue to be done in this city as the office of the head of the N. B. Board of Censors is here.

CHARLOTTETOWN GOES OVER.

Special to The Standard. Charlottetown, P.E.I., Nov. 13.—Charlottetown has won the crown for its honor flag, and we expect another today. Our objective was six hundred thousand, but now we have eight hundred and fifty thousand dollars. C. H. J. Longworth, Chairman Provincial Committee.

A. T. LeBlanc, Shediac, is in the city, reaching here yesterday. He is here on business in connection with the Workmen's Compensation Board.

SYDNEY STREET FIGHT.
A fight ensued last evening on Sydney street, near Union, about 9:30 o'clock. One, a soldier, becoming angered at the remarks of a passerby, under the gentler influences, hit the happy one for a knockout. But apparently the mystified one had a come-back and promptly pitched in for a general row. It then looked like a free-for-all, but two burly police near the scene the fight ended abruptly and the crowd dispersed.

FORMER RESIDENT DIED ON MONDAY

Frederick W. Whelpley Succumbed from Pneumonia at His Home in Greenfield, Mass. — Was Prominent Steam Manufacturer.

Many friends in this city and the province will be grieved to learn of the death of a former resident, Frederick W. Whelpley, which occurred at his home on High street, Oct. 11th, following an illness of two weeks of influenza and pneumonia. Mr. Whelpley was born in Halifax, N. B., but soon moved to New Brunswick. After graduation from St. John Business College he engaged with his father in the manufacture of skates under the title of Whelpley Skate Co., with factories at Greenfield, N. B., and Keene, New Hampshire. In 1911 he came to the Wells Bros., Co., to take charge of the Wells self-opening die, which he developed, put on the market and perfected. When the Greenfield Tap and Die Corporation was formed, he then went into the engineering department as tool engineer. Mr. Whelpley was also vice-president of the Bicknell-Thomas Machine Company. He leaves, besides his widow, his mother, who made her home with him, his daughter, Doris, and son, Albert, a high school senior, who has been working afternoons and vacations in the drafting room.

Mr. Whelpley was a member of the Franklin Royal Arch Chapter of Masons and of the Greenfield Club. He was of a quiet, calm and hard working disposition. Everybody in the corporation liked him personally and admired his ability. It is felt that he was only at the beginning of what he might have accomplished. The funeral was held Saturday afternoon from the home of the deceased and was private. Burial was in Green River cemetery. In the death of Mr. Whelpley, Greenfield loses a highly respected citizen, for he was held in the highest esteem by his business associates as well as by the townspeople in general.

COFFEE AND COCOA CARGO HERE, THE FIRST LANDED IN CANADA

Along With 60,000 Salted Hides Cargo of Steamship Henrik Ibsen Valued at Over Two Million Dollars—Experiment Successful and Opens New Trade Between St. John and South America.

For the first time in the history of the coffee and cocoa business in this country, a cargo of the raw material from South America has been landed at a Canadian port, and that port is St. John. A few days ago the big 8,000 ton steamer Henrik Ibsen arrived in port with a cargo of coffee and cocoa beans imported by Thomas B. Greening & Co., of Toronto, and 60,000 wet salted hides and 6,000 bags of Quebracho extract for use in their tanneries, imported by Beardmore & Co., the largest tanners in the British Empire, with head office at Toronto and tanneries at Acton and Brockbridge, Ont. The value of the entire cargo is over two million dollars and it is believed the experiment has proven so successful that many cargoes of like nature will come here. In the past the great majority of the South American cargoes have been landed at New York and sent to upper Canadian cities by rail and all the raw coffee and cocoa has gone via that route, and the most of the hides imported have also followed the same road.

The embargo placed by the United States on shipments of cocoa and coffee did not allow of enough coming in to supply the demands of the country. Messrs. Greening & Co. cast about for some way to make good the deficiency and at last decided to import direct. They succeeded in obtaining a steamer and she was sent to Brazil to load the present cargo, and the balance of the space was taken up by Messrs. Beardmore & Co., who desired to enlarge their stock of hides and tanning material. J. C. Jamieson, who is representing Messrs. Greening & Co., in the city looking after the unloading of the cargo, stated last night to the Standard that there were between two and three million pounds of coffee beans and about four million pounds of cocoa beans and this has all been sold to roasters in all parts of Canada; some of it to the local dealers. One advantage which the Canadian dealers had obtained by this direct shipment was that they did not have

to pay the sharp advance which had recently been recorded on the New York market, where coffee had advanced from five to six cents per lb. in the last three weeks, and cocoa from three to four cents per pound. Direct shipments were a benefit to any country, and now that the lid had been broken so far as this South American trade was concerned, he hoped that the days of indirect importations had gone forever. Canada was fast building up a mercantile marine of her own, and some of the vessels might profitably be employed in this trade. A good start had been made and the industry should be encouraged.

H. Martin, who is looking after the interests of Messrs. Beardmore, stated that the cargo of hides and extract was valued at over one million dollars and was the largest cargo of its kind ever landed at this port. The experiment had proven very successful, and had demonstrated that direct cargoes of this nature could be handled with the best of satisfaction and he believed St. John had a great chance now to get in and capture a goodly share of the trade with South America. The coffee and cocoa were loaded at various Brazilian ports and the hides and extract were loaded at Buenos Ayres.

HOODLUMS ROB HOUSES.
The crowds of Tuesday evening's celebration did not even stop at the breaking of windows or doors, and the rifling of a few shops, but annoyed several residential sections of the city by entering the hallways of houses and carrying off doormats, umbrellas and other articles. In one case a baby-carriage was found by the marauders and promptly taken, which later was a source of amusement to two young fellows who utilized it in riding down the hill nearby. Having no device to steer the same it ran into the gutter, where on its third trip, and being overloaded, it ran into a pole and demolished one forward wheel and the basketry work superstructure.

SOLDIER BROTHERS MEET IN HOSPITAL

De Vere and Gordon Marshall of Harvey Corner, Both Wounded, Met in English Hospital First Time in Fifteen Years.

Mrs. Marshall Barbour, of Harvey Corner, Albert County, has received a letter from one of her two wounded sons in England and the letter bears tidings of a most remarkable instance, in as much that the two soldier brothers who had not seen each other in fifteen years met for the first time in the English hospital, recognized each other and the meeting was indeed a happy one.

The two soldiers did not know of each other having been wounded until they met in the hospital, as they had not received the letters sent to them by their mother, and they were being treated in different hospitals. When they said goodbye to each other at home fifteen years ago one was fifteen years of age and the other fourteen. Gordon Barbour, who went west, enlisted in the 52nd Regiment in Vancouver, B. C., two years and a half ago, while De Vere Barbour, the brother, went overseas with a forestry battalion one year and a half ago, and is the youngest of the family of six boys. Writing from the General Clearance Station Hospital, Palace Office, Buxton, England, on October 27th, De Vere Barbour sends the following letter to his mother who is justly proud of her boys:

Dear Mother, I don't know if I have written you since I came to this hospital or not but I have been here ten days and have thrown my crutches away and am now using a cane. I hope to nurse this lot of mine till the duration of the war. I had a great surprise Friday and it sure did me a lot of good as I was feeling pretty lonesome. The other boys should arrive in but Gordon. I would have known him anywhere as he puts me so much in mind of Reginald. We shook hands and looked at each other for a few minutes and came to the conclusion that one pair of boots would do the two of us as his left foot is on the bum and it is my right one. We are going to have some photos taken next week and will send you some. Don't it seem funny that we would meet here after all these years? Well, Mother, Gordon looks some different than when I saw him last but his spirit has not changed a bit and I don't think it will as long as he lives. News is pretty scarce so I guess I will say goodbye for this time. DE VERE.

REPLIES RECEIVED TO MESSAGES SENT
Board of Trade Hears from Halifax and Saskatoon Boards.

The secretary of the Board of Trade yesterday received the following replies to messages sent out on the proclamation of the signing of the armistice: From Halifax—"The Halifax board joins with you in rejoicing over victory won and with the hope that a new era of peace and greater prosperity is dawning." From Saskatoon, Sask—"In giving thanks with you and all Canada for victory which has crowned our arms, the Saskatoon Board of Trade believes that great opportunities are being opened up for national prosperity and commercial advancement."

PROCEEDINGS IN THE POLICE COURT
Case of Ejna Martinson, Charged With Shooting Edmund Campbell. Continued—Boy Charged With Attempt to Enter Store.

In the police court yesterday morning hearing was resumed in the case of Ejna Martinson, charged with doing grievous bodily harm to Edmund Campbell. The brother of the accused, Martin Martinson, gave evidence, stating that at 8:30 o'clock Saturday evening last he, with his brother, the accused, and the late Edmund Campbell went into Vanwart Bros' barn and while there his brother took the gun down from the wall, and witness endeavored to take it from him. In the scuffle the gun was discharged, and the contents hit the Campbell boy. This concluded the evidence, when the case was postponed until the afternoon. In the afternoon the case did not come up for want of a witness, but will be resumed this afternoon. A young lad, charged with attempting to break into the store of James McAulay, appeared in court yesterday to answer the charge. Deputy Sheriff Clifford gave evidence, as did Stanley Wetmore. The lad was remanded for further hearing. Stephen Bustin is appearing for the accused.

MUST CARRY PAPERS.
That all men carrying military papers must still keep them on their person, was the statement given to The Standard yesterday by A. W. Ewing, registrar under the Military Service Act. Mr. Ewing stated that until the Act was repealed men had to carry their papers and that they would still be liable to arrest if they were caught without them. Because of the fact that an armistice has been declared between the nations at war some men may have the impression that there is no need to carry the military papers, but, as Mr. Ewing has pointed out, the Military Service Act has to be repealed before it is safe to discard the papers.

WOUNDED AND GASED.
Yesterday's casualty list contained the name of P. L. Strong, of Dalhousie, wounded and gassed.

SARDINE PACKERS WENT OUT ON STRIKE

Request for Higher Wage Was Granted and Work Only Stopped Short Time Yesterday.

The packers of the Booth Fisheries Limited, St. John, West, yesterday went out on strike for an increase in wages. Former wages governing the packers were at the rate of 34 cents per case of 100 tins. The packers asked that a wage rate of 50 cents per case of 100 tins, including large or small fish be granted them. The company's officials flatly refused, at first, as the season was so near an end, but later they reconsidered their former decision, and granted the employees the rate asked on the smaller fish, but granted a raise of but one cent per case on the packing of the larger fish. The employees were satisfied, and are again at work. It is reported that a goodly number of sardines are daily arriving at the plant, and business is quite brisk.

DEAD PRELATE'S WISH GRANTED

Bishop of Angers, Who Wanted His Heart Buried in Reconquered Alsace, Will Have His Request Carried Out.

Paris, Monday, Nov. 11.—(Havas)—Senator Delahaye, in discussing Alsace-Lorraine in the senate today recalled the famous letter written by the late Monsignor Freppel, the Bishop of Angers, and the Bishop's wish before he died that his heart be interred in reconquered Alsace, France, said the senator, will now be able to send back to Charnay, the birthplace of Monsignor Freppel, the casket containing the dead prelate's heart. Monsignor Freppel, who was a well-known French bishop, died in 1891.

WILSON'S DAUGHTER IS VISITING FRANCE

Nancy, Nov. 13.—(Havas)—Miss Margaret Wilson, daughter of President Wilson, arrived here yesterday. She was received by the Prefect of the city and later visited the French and American hospitals. In the evening Miss Wilson sang at a concert given at the Young Men's Christian Association. Her songs were received with great enthusiasm, and she was the recipient of numerous bouquets. On leaving the city hall Miss Wilson was warmly acclaimed by the people.

CITY CORNET BAND FAIR OPENS TONIGHT

The mammoth fair of the City Cornet Band will open this evening in St. Andrew's rink, and promises to be one of the most elaborate and successful ever held by this popular organization. The attractions are both numerous and unique and will afford prime amusement and entertainment. The music lover will be given a treat as the band has a programme of selections chosen from the greatest composers. The amusement seeker will find an abundance of entertainment in the novel games and attractions, while others will be able to enjoy the feature attraction of the season and incidentally indulge in ice cream and all kinds of refreshments. The building is large and well ventilated and no Spanish flu germs will be allowed to linger within the spacious structure. And the boys of the Junior band have a surprise and treat in their chanty songs on the Ship Victory, and all the time will be chances to buy the tickets for the great drawing with two \$500 capital prizes. Help the band and the Navy League by big patronage in the great spacious, wholesome-air ed rink.

DODGERS DISTRIBUTED.

Commencing at 2 o'clock yesterday afternoon nearly fifteen thousand "A. B. C. of the Victory Loan" leaflets were delivered to householders and storekeepers by the Boy Scouts before 4 o'clock. This makes a total of nearly sixty thousand posters, leaflets, etc.

Supply the Working Capital Maintain Canada's Prosperity

Without the money supplied by the Victory Loan, Canada's farms would lose their profitable market: hundreds of our factories and shops would be closed. Canada is in the position today of a big business house with a rapidly growing trade. She is making money. But the success of her business depends entirely on her ability to procure working capital. She distributes millions in purchasing food, clothing and supplies for her splendid fighting men. She distributes other millions in paying for goods for Great Britain. For, at the moment, Great Britain, her best customer, cannot pay cash for her purchases in Canada. All classes of Canadian people and all trades benefit directly by this distribution of money—the farmer, the artisan, the manufacturer, lumberman, miner, fisherman and merchant. The working capital needed for this gigantic business can be obtained only by borrowing from the Canadian people through the Victory Loan 1918. On the success of this loan depends the continued prosperity of the whole country. Help Canada provide the working capital and benefit yourself by buying Victory Bonds to your utmost. Urge others to buy. Do everything in your power to "go over the top" with the Victory Loan 1918.

"WE WANT \$700,000 FROM DISTRICT BEFORE CLOSE" SAYS CHAIRMAN

This Amount Needed to go Over the Top—Should Have \$1,700,000 to Help Province Make Objective—Ten Thousand Dollar Subscription a Feature Yesterday—Good Open Air Meeting.

"We want \$700,000 from this district before the close of the campaign in order to go over the top, and we should have \$1,700,000 to help the province make its objective. We also need at least six cars each day for the balance of the campaign in order that the canvassers may get into the country and reach the people," Chairman Elkin of the central committee said.

The feature of yesterday was the subscription by the Boston Marine Insurance Co. of \$10,000. G. Heber Vroom, local agent for the company, called at headquarters and announced that the company had authorized him to take \$10,000 of the Victory Bonds and filled in the application then and there.

This is the second insurance company to subscribe through the local office the first being the Globe and Rutgers. H. H. McLellan, agent, who took the same amount, and in this way showed their appreciation of the business they had received from St. John citizens. The central committee felt highly gratified at this substantial recognition from the head offices of these companies, and they are wondering if others will follow suit.

Victoria Ward went over the top yesterday. Lansdowne won their fourth crown and Kings Ward one crown.

The commercial men and the young ladies of the Y.W.P.A. are running neck and neck in their contest, but the advantage for the present lies with the "knights of the grid." The girls claim, however, that they have a surprise or two up their sleeve and when the total returns are counted the boys will have to gracefully acknowledge themselves vanquished. The returns up to last night are: Girls, \$107,950; men, \$112,950.

Open Air Meeting.

"Come along. Buy a Bond. Buy a Bond. Buy a Bond."

This is the chorus of the solo so beautifully sung by Miss Blenda Thomson last evening as her share of the program in front of the Imperial Theatre. Miss Thomson was told that a \$100 bond had been bought as a direct result of her rendering of the solo "Do Your Bit" at one of the Victory Loan meetings, and she said that she felt that that alone was reward enough for singing in the open air.

De Witt Cairns gave a splendid rendering of "Heroes and Gentlemen." Miss Marybelle Cole accompanied Mr. Cairns, while Miss Farber played for Miss Thomson. A very fine trombone duet by George A. Buckle and Earl A. Emery of the Depot Battalion Band, "The Harbour Watch," was greatly enjoyed.

Stirring Addresses.

F. A. Dykeman was in charge of the program, and opened the meeting by a stirring appeal to those present not to let their thankfulness for the ending of the war evaporate in shouting and cheers, but to buy bonds as an outward sign of their desire to have the boys brought home and well looked after when they have returned. S. E. Elkin of the central committee, in a good address expressed his confidence that the required sum of \$700,000 would be raised by Saturday. He said that he believed we would get the crown on the flag. It would be a shame if the largest city in the province should fall down and ask his hearers to take this seriously and get a bond button. If it could only be brought to the hearts of the people so that they would realize how they would feel when the rest of the 50th came home, if those here had not done their part, people who have not even bought a Victory Bond will feel pretty small when the boys from all the regiments come home. Mr. Elkin urged the girls and women present to sit up before Saturday night any persons they know who had not yet purchased a bond.

For the honor of St. John, for the honor of the boys overseas, who will read in the paper of the trenches what St. John has done, we must go over the top. Let the governor general's flag be flying and let there be a crown on our flag.

Rev. H. A. Goodwin in a well worded and sincere appeal spoke especially to the small investors and explained how now that times were good it was the moment to provide for the future when depression may come. Many people have twice as much money to invest now as they ever had and now is the time to invest money in such splendid securities against the lean days which it is feared may follow.

Mr. Goodwin pointed out that the government would require the money for the needs of the soldiers for two years at least as the struggle was not

yet over. "If you are truly loyal," Mr. Goodwin ended by saying, "you will take out your bonds in hundreds and thousands and stand by the boys till the last of them returns home."

Steve Mathews by his persuasive powers influenced many investors to treat the "concrete trail." He rewarded those buying bonds by his deservedly popular recitations and gave away copies of his original poem, "Crazy Bill." He spoke of the artists who had given their time and talents to the entertainment of the audiences which assembled nightly, and said he felt sure that many persons would buy a bond if only to show appreciation of these sinners and musicians.

Excellent Results.

When the loach closed for the day the magnificent sum of \$12,250 had been subscribed and the committee feel that their efforts have been worth while.

For the province, four counties went over the top and each will fly a large flag, namely, Charlotte, Westmorland, Madawaska and Kent; the towns of Sussex and Newcastle, the parishes of Waterborough and Northfield and Canning, Queens County, made their objectives and sent for their flags. Wickham has won four crowns, the municipalities four, St. Stephen four, four, Bathurst and Cambridge, one each.

Charlotte county yesterday reported a subscription of \$100,000 from Gagnon Brothers, and this put them in line for the flag.

The amounts reported by the province exclusive of St. John are: Charlotte .. \$1,405,000 Carleton .. 620,000 York .. 1,014,000 Westmorland .. 1,384,000 Kings .. 565,000 Queens-Sunbury, east .. 160,000 Queens-Sunbury, west .. 55,000

NINE NEW CASES OF INFLUENZA WERE REPORTED

Eleven Houses Released from Quarantine Yesterday—Statement of Health Department on Lifting of the Ban.

Nine new cases of influenza were reported to the Board of Health yesterday and eleven houses were released from quarantine.

In regard to the lifting of the ban on public gatherings which took place at midnight last night the chief medical officer made the following statement to The Standard:

"In permitting the reopening of public places of assembly in general on the 14th, schools on the 15th, colleges and the Normal School on the 20th, throughout the province the Department of Health would not wish it to be understood that it regards the epidemic as completely over and done with. In probably very few parts of the province is this absolutely the case.

"Beyond doubt it will be many weeks before sporadic cases cease to appear and in some localities, mostly in the remoter settlements and some

isolated communities, it is yet in an epidemic state.

"To have retained the general closure, however, until practically all traces of the disease had disappeared would have entailed an amount of hardship inconvenience and loss which the department considers it would be unwise to impose. To guard the public as far as may be practicable, however, from any ill consequences of a premature reopening in localities still largely infected, it has advised the local authorities to use their discretion in the matter and not to reopen for a little time longer if in their judgment it would be wise to continue the closure.

"Everywhere the department would request the public to exercise the utmost caution and good sense in resuming their usual habits as regards public meetings of all sorts. No one should attend such gatherings until completely recovered from the influenza, that is to say, until all cough and discharges from the nose and throat have disappeared. It is also

of equal importance that no one at

though apparently well himself should mingle closely with the public while the disease remains in his family."

The Minister of Health, Hon. Dr. Roberts, pointed out that reports of new cases from all parts of the province had been gradually growing less and this showed conclusively that the disease was on the decline.

So far as the situation in the city was concerned he said there was a serious condition of affairs. In many homes there was to be found sickness and suffering and there no doubt would be many deaths. This condition would hold good for the next two weeks and perhaps longer, but the reports from the physicians showed that they were not making any more than half as many calls as a week ago, clearly demonstrating that the disease was on the decline.

The department had put the ban on early and had kept it on for the fifth week, one week longer than any other place in America, and he felt that the business men affected, while they were

not complaining, were suffering from the closing up of their places of business, and it was not fair to them to keep the ban in force any longer. In places where the epidemic was still raging the local authorities had the power to keep all the prohibited places closed, but so far as St. John was concerned he had not felt it would be wise to continue the closure any longer.

Dr. Melvin reports as follows: Moncton—11 cases, 5 deaths for November to the 11th.

Grand Manan—16 cases, no deaths. Parish of Beresford—2 cases.

Chatham—For the 11th and 12th, 8 new cases, 1 death.

Many friends will hear with regret of the death of Frederick E. Brown, of Guilford street, West St. John, which occurred yesterday afternoon from pneumonia. The deceased leaves a wife and three children. The funeral will be held at one o'clock Friday afternoon from his late residence, Interment in Cedar Hill cemetery.

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER, AND AFTERWARDS?

In a certain Holy Book you will find a description of the healing of ten men and how all but one forgot to return thanks for the great benefit received. Now it seems to me that the truest way for us to show our thankfulness for the end of the war is not to relax our patriotic effort, but if one channel seems to have closed up one building which we have been putting up brick by brick completed, to branch out and find other ways to go, other edifices to erect.

There are those who believe that "we shall rest," and while that is true, "and Faith we shall need it," follows naturally after that—still it is impossible to refrain from quoting the next lines, "Till the Master of all good workmen shall call us to work anew."

It has been contended from the first of the war that many societies formed under the impetus of the great necessity for war relief would automatically cease to exist as the reasons for their origin passed away. In the cases of many societies the war relief funds earned will continue to be needed for many years to come. Take the Red Cross for an example, it has been demonstrated that Peace as well as War has its disasters and its sudden emergencies, and that surgical supplies and women to dispense them must be always kept in readiness.

The Daughters of the Empire was founded long before this war, and thus had their organization all ready for military assistance as well as for their usual patriotic labors.

If the war has not broadened our outlook so that we see no one can live or die to themselves, we surely have lost one of the greatest lessons that sorrow and sadness can teach. Is it more patriotic to knit socks for the soldier than to sew for the poorly clad little child in a city slum (and we have slums in St. John). True, there is more excitement over the military work "the poor we have always with us," but that does not make the sewing or knitting any the less necessary. If there is less glamour then that means we will lose some of the thoughtless ones among our members, those who are all on fire at one time but drop by the wayside when the daily drudgery comes. Therefore it will be for the leaders and the steady faithful workers to point out what we can do, how we can help among work for girls, in our civic life, trying to bring about reforms where we can see they are sadly needed. In this way we will preserve the spirit of comradeship which we have gained by these long four years of close association, hold firmly fast the friends we have gained and endeavor to make the world a better place to live in.

It has always seemed to me that that grateful leper must have gone back afterwards and lived a truly wonderful life. If we are truly grateful it will show in lives of service, and it will be the united work of women which will count in the world, so troubled and unsettled with so many problems facing us to be solved.

We have societies, clubs, circles, associations, chapters, call them what you will. They have been a power in the land. Shall we let that power lapse? What do you think about it?

NINE NEW CASES REPORTED TO V.A.D.

Nurses Are Urgently Required for Influenza Patients—Whole Families Are Prostrated, and They Are Large Families, Too.

In spite of the clear cold weather of the last few days the influenza germ still continues on its way and many new cases are heard of at the V. A. D. Diet Kitchen or by Mrs. Kuhring as requests for nurses come to her.

"We are still having a great many cases of very sick people," Mrs. Kuhring told The Standard last evening, and "we are asking for more helpers. The first corps of nurses are worn out because of the impossibility of getting relief. Some of these nurses only volunteered for part time, but have had to stay on successive days working sometimes from eight in the morning till ten o'clock at night because of the appalling nature of the cases. Some of the nurses have had to leave because of illness in their own families or for other reasons, and their places have not been filled.

"It has been arranged by the executive that the families of those desiring assistance shall be personally visited and thus the V. A. D. will thoroughly understand the nature of the needs. Yesterday the official visitor of the department reported that she was able to cut off nine cases from the lists of those requiring cooked food from the Diet Kitchen because the number of families to be looked after remains the same. "There seems to be another little flurry of the epidemic," Mrs. Kuhring said, "and help is desperately needed. If people could see the tremendous pressure of work, if they could see for themselves the actual cases the help would be forthcoming. One family I know of has seven members all prostrated, in another family five, all are ill and there are not enough nurses to go around. Several of the nurses are absolutely tired out after their four weeks of steady nursing.

"There is a special call for a visiting helper to go to the homes and do relief work and it hoped some woman will come forward to do this." At the Diet Kitchen Mrs. Girvan states that they are still as busy as ever, yesterday being one of the best rest days they have had. Very many donations of food were sent in and \$50 in money which were most gratefully received.

The number of families to be cared for remains the same, but for the West Side it is reported that three or four may be left off the list today. Cars are needed or the use of a motor truck would be most acceptable.

Study the Internal Nerves

YOU prick your finger and know that it is the nerves which carry the painful sensation to the brain. You move your hand, and realize that the idea of movement started in your mind. But did you ever think that every beat of your heart and every breath of air taken into your lungs is dependent on a constant supply of nerve force?

It is the internal or sympathetic nerves which drive the machinery of the body, and from their derangement or exhausted condition arises weakness of the stomach, feeble action of the heart, or inactivity of liver and bowels.

When nerve force fails every organ of the body becomes more or less deranged. Indigestion, sleeplessness, headaches, irritability and nervousness are some of the first indications. You lose energy and ambition, find your work a drudgery, and grow weak and listless. As time goes on you become more and more helpless, until nervous prostration or collapse brings you

to the sick bed, and long months are often necessary for the restoration of the exhausted nervous system.

Even in this extreme condition Dr. Chase's Nerve Food will usually cure if its use is persisted in, but how much wiser it is to heed the warning in the early stages and keep the nerve force at high-water mark.

No restorative has ever proven its worth in so many thousands of cases as has Dr. Chase's Nerve Food. What it has done for others it will do for you under similar conditions. By forming new, rich blood it nourishes the starved and depleted nerves back to health and vigor, and thereby overcomes the cause of weakness and diseases of the nerves.

Dr. Chase's Nerve Food is in such great demand that you can obtain it wherever medicines are sold—50c a box, 6 for \$2.75. Portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

RED CROSS SOCIETY STILL TO CARRY ON

Lady Tilley, organizing president of the C. R. C. S. for New Brunswick, has received the following telegram from the General Red Cross Headquarters at Toronto:

"Executive committee in session congratulate officers, members and helpers of Red Cross Society on splendid work accomplished during war. Council meeting on Nov. 26 will discuss fully peace policy of society. Meanwhile, materials on hand should be used for refugee work which be-

comes increasingly urgent as Germans evacuate occupied lands. Reserve of supplies also needed in Canada for work in military hospitals. Have requested government to obtain for society earliest possible information as to arrangements for return and repatriation of prisoners."

So soon as definite information is received by the provincial branch, as to the work which the Red Cross Society is now to do, all branches will at once be notified. There will be much to do for the refugees in France and Belgium, and work along this line will very shortly be specifically stated.

WAGES AND RATES WILL REMAIN AS THEY ARE

U. S. Railroad Administration is Not Planning Any Changes at the Present Time.

Washington, Nov. 13.—The railroad administration plans no reduction in railroad employees' wages under peace conditions, and likewise no material lowering of freight and passenger rates, it was stated authoritatively today. Both are likely to remain at their present levels, although many readjustments, during the period of changing the nation from war to peace will be necessary.

Director General McAdoo has declared that he would lower rates as soon as it was determined revenues would be sufficient to pay wage increases and the higher cost of materials, supplies and other transportation elements. It was explained today, however, that the time when this would be possible is not yet in sight.

PARIS, NOV. 13. (HAVAS)—Leon Sibon, advocate general to the Paris Court of Appeals, has been appointed director of justice for the Provinces of Alsace and Lorraine.

MARCONI CO. LOSE CAN. CAR SUIT

Ottawa, Nov. 13.—Mr. Justice Audette has delivered judgment on the application of the Marconi Wireless Telegraph Company of Canada for an interim injunction against the Canadian Car and Foundry Company, restraining the defendants from installing wireless apparatus on ships built by them in Canada for the French government. He dismissed the application on the ground that the plaintiffs failed to show that what the defendants were doing would amount to irreparable injury to the plaintiffs or that it could not be rectified by them at the trial.

BASEBALL OUTLOOK IS STILL QUITE HAZY

Peoria, Ill., Nov. 13.—The baseball outlook for 1919, as viewed by the members of the National Association of Professional Baseball Leagues, in session here, is extremely hazy. Intimations were made by some of the members that no concerted action concerning schedules would be made by the association, but that each league would be left to settle its own particular problems.

TWENTY VESSELS FORM RECORD WEEK

Washington, Nov. 13.—Twenty vessels totalling 101,000 deadweight tons, were delivered to the United States Shipping Board from American shipyards during the first week of November. This is the greatest number of completed ships delivered in any week and brings the grand total of completed vessels to 507.

EVERYBODY LOAFS DOWN IN HAVANA

Havana, Nov. 13.—The general strike continues this morning. This being the first work day since the general strike was called, Havana for the first time feels the full effect of nearly everything being tied up except street cars. The cars are beginning to run more frequently. The street car company is using strike breakers under police protection.

WANT ALL FARMERS TO SUPPORT VICTORY LOAN

Ottawa, Nov. 13.—Hon. T. A. Creecher, minister of agriculture, today issued an urgent appeal to the agriculturists of Canada to give their full support to the Victory War Loan. The minister points to the immensity of the work yet to be done and the need for money to purchase foodstuffs to save millions of people in Europe from starvation.

EASING UP ON THE SUGAR RESTRICTIONS

Washington, Nov. 13.—Increase of the sugar allowance for households and public eating places from three to four pounds a person monthly, was ordered today by the Food Administration, effective immediately.

STOCKHOLM, NOV. 13. (By The Associated Press)—Russian Bolshevik forces are marching on Finland. They are not threatening the Finnish seaport of Viborg, 72 miles northwest of Petrograd.

PEACE PRODUCES WALL ST. SLUMP

Practically Everything in Sight Hit the Toboggan Yesterday—Some Losses Were Made up.

New York, Nov. 13.—Peace and its attendant problems and uncertainties loomed larger on the financial horizon today, the stock market undergoing another period of fluctuation which encompassed nearly all parts of the active list.

The decline was accelerated by further restrictions on the part of the attitude of conservative banking interests who encouraged general curtailment of speculative accounts despite the more hopeful view of leaders in the steel industry.

Speculative favorites were at low ebb prices in the later dealings, but rallied from fractions to 1 1/2 points on the support then accorded rails and shipping, and the further strength of Mexican Petroleum quotations of the year during the several reversals but these also rallied on the relaxation of pressure at the end.

United States Steel was again the pivotal feature, its extreme decline of 1 1/2 points to 97 3/8 being notably followed, however, by a rally in which two-thirds of the loss was recovered.

Rails yielded 1 to 4 1/2 points at their worst. Canadian Pacific displaying actual weakness for a time, but in this division losses were half way repaired. Southern Pacific and Reading Locomotive were again the only equipment to manifest consistent strength. Sales amounted to 760,000 shares.

Bonds followed the trend of the stock market, Liberty issues holding steady, while railway and industrial issues lost fractions to a point. Sales for value, aggregated \$10,250,000. Old United States bonds were unchanged on call.

TIME CHANGES ON C.G.R. BRANCH LINES

Affecting Trains on Albert and Sackville Sub-Divisions.
Effective Monday, November 11th, there will be changes in time schedules on the Sackville-Cape Tormentine and the Salisbury-Albert Sub-Divisions of the Canadian Government Railways.
The mixed train No. 344 will on and after that date leave Sackville at 6:00 p. m. and arrive at Tormentine at 10:10 p. m. No. 343 will leave Tormentine at 11:45 a. m. and arrive at Sackville at 4:30 p. m. No. 2 will leave Sackville as usual at 1:00 p. m. and No. 1 train will arrive at 12:05 noon.
On the Albert Sub-Division No. 356 train will leave Salisbury at 1:15 p. m. instead of 4:50 p. m. daily except Sunday, and No. 355 will leave Albert at 8:00 a. m. and arrive at Salisbury at 11:30 a. m.

WANT TO KNOW ALL ABOUT THE BREWERS

Washington, Nov. 13.—The Senate Judiciary Sub-committee named to investigate political activity of brewers and purchase of the Washington Times by Arthur Brisbane, through money furnished by the brewery interests decided today to extend the scope of the inquiry to include a general investigation into the activities of the brewery interests. The hearing will begin Tuesday.

CLOSING STOCK LETTER.

(McDougall & Cowans)
New York, Nov. 13.—In our letter of Saturday we referred to the stabilizing influences that have been set up in Washington in the formation of the cotton committee of the war industries board. Last week there were indications that these influences might be exerted to check declines as well as to prevent unwarranted advances.

Few, however, had anticipated that such radical measures would be taken as were evidently inspired by the excited selling movement of yesterday. The prohibition of selling for short account, however, effectively checked the selling this morning after the first rush of orders had been executed.

Selling orders had accumulated around the ring yesterday afternoon and there was also Southern selling here at the start resulting in excitement and an opening break of 100 to 150 points. This carried prices into new low ground for the season with December selling at 26c or 300 points below the high of yesterday.

The order against short selling then made its appearance and there were rallies of 100 to 145 points. If weakness there results in hedge selling in the South, remaining shorts may be able to secure cover on declines.

The Steel issues were sold in the early afternoon on rumors that the official prices of Steel products were to be lowered at today's conference of steel men with the war industries board in Washington. The war steel issues like BSB and CRU went off less than some others. Baldwin reacted more than two points from the high and similar declines went pretty well through the list. The Bond market also sold off.

The market hardened somewhat in late trading.
It came out about closing time that Washington conference had discussed principally prices and wages the Steel men were to get, favoring continued control of industry for the present. It was also agreed that wages should not be reduced before there had been a general readjustment of prices, including food, etc.

The Senate Finance Committee work on the war revenues bill is at a standstill pending receipt of a statement from the treasury department in regard to changes in the pending bill made desirable by the armistice.
Sales—\$759,100.

It will be necessary to keep the Provincial Hospital (Lancaster) closed to visitors until further notice. Inmates will be notified if any serious change occurs in the condition of patients.

TAKEN TO HOSPITAL.
Yesterday morning while passing the McAvity plant Joseph Thompson and Alexander Sabhard were struck by an automobile and severely injured. They were taken to the General Public Hospital for attention.

Y. M. C. A. NOTES.
The Y. M. C. A. will re-open today, and it is expected before the week-end all departments will be in full swing. The gymnasium classes start Saturday and the house bowling league will open its series next Tuesday.

THE COAL HANDLERS.
The coal handlers will suspend work this afternoon and there will be a meeting of the union at 2:30 o'clock to discuss the wage schedule for the coming season. The men are asking for seventy-five cents an hour by day and eighty-five cents by night.

SOME NEEDED REPAIRS.
The Y. M. C. A. has been making use of the time while the epidemic has been closed on account of the epidemic by getting needed repairs done to the building and apparatus. The interior of the building is also being painted. All the various departments of the Y. M. C. A. will be re-opened today and the building will come back again to its normal life of activity.

FINISHED CONFERENCES.
Hon. John A. Sullivan, solicitor for the city in the N. B. Power Co. matter, leaves tonight for Boston, having finished his conferences with the engineers and accountants who have been engaged by the city in estimating the physical value of the company's property. The expert investigation was completed yesterday and it will be some time before the reports are ready.

STUDENTS' RETURN TICKETS.
The C. P. R. district passenger agent has notified C. P. R. ticket agents throughout the province that teachers and students who bought return tickets on the closing of schools and colleges on account of the influenza epidemic, may on presentation of certificates certifying to their being such, exchange their return tickets for free return tickets.

ATTEMPT WAS FOILED.
An attempt was made to force an entrance into the premises of the National Drug and Chemical Company on Monday night by a band of young men and boys. Precautions had been taken by the firm, who had guards placed on the premises. Cold steel, pushed in the faces of the law-breakers, somewhat dampened their ardor, and after a short discussion, in which some of the commandments were broken, the party went along to any other.

CAN. FAIRBANKS MORSE TANK.
The British tank which appeared in Tuesday afternoon's parade and which was highly commended on, was the exhibit of the Canadian Fairbanks Morse Company on Prince William street and was designed by two of the company's employees, J. E. Cowan, Jr., manager of the auto accessory department, and Herman Thorne, one of the travellers. After taking part in the parade the tank was placed on the south side of the King Square in front of the Imperial Theatre where salesmen took advantage and from its top sold Victory Bonds.

TWO DIED SAME DAY.
Mrs. Albert T. Stewart of 15 Hanover street, died at her home Tuesday from influenza. Mrs. Stewart was only ill four days. Besides her husband she leaves three small children, which are all down with the epidemic, and four sisters residing in Winnipeg. In the afternoon her sister-in-law, Miss Maria Stewart, passed away. She was a daughter of Mrs. Levica and the late W. H. Stewart. Besides her mother she leaves two brothers, Albert and William, and one sister, Mrs. T. W. Handman.

WERE BENT ON TROUBLE.
Two men, bent on raising trouble, entered a local tobacconist's establishment about 7 o'clock last evening, and started an argument with the proprietor regarding prices of tobaccos, wholesale and retail. The argument led on to remarks which the proprietor resented, and a scrawl of but short duration ensued. In the end one of the trouble-makers found himself lying on the street, having been kicked out by the proprietor. His companion then started things, but fortunately help arrived on the scene and the other combatant was promptly kicked into the street.

THANKS FOR TRUCKS.
To Fraser Gregory who so kindly loaned the camouflaged motor truck and to Messrs. W. H. Thorne and Co., and C. A. Estey for the use of trucks the Y. W. P. A. wish to express their thanks.

RETURNED SOLDIER AND THE SLACKER

Invalided Hero from France Stands With Store Proprietor Against Mob—What He Said to Slacker Leader.

An incident which happened on Tuesday night between a returned invalided soldier and a "slacker" is well worthy of note. A crowd of rough necks, which included a number of boys, and which had for a leader a "slacker" of about twenty-five years of age, made a raid on a prominent business house. The mob crowded into the store and immediately demanded articles free of charge. A returned soldier who has been discharged from the army as being physically unfit for any further service as the result of terrible wounds received in France, happened along, and the old spirit of war was within him, although he could not stand the hardships that he experienced in France. He entered the store and took a stand behind the counter with the proprietor of the establishment.

The returned man pleaded with the mob to leave, and told them they were not acting right, but such pleadings were all in vain. Finally the "slacker" mob leader, who is strong enough to shoulder a dozen rifles, approached the proprietor of the store and threatened to give him a beating. The returned soldier interfered, with the result that the leader called out the hero's name, saying: "Say — I can and will also beat you." The returned man replied: "You might be able to beat me now, for Fritz fixed me in such a way in France that I am left in such a condition that I can't fight any person, but there is one thing when I was in good physical condition I volunteered for service and went over to fight for my country and you, while you remained at home and did not want to fight some person while you have a crowd to help you." These remarks were taken to heart by the majority of the mob, and about the same time a couple of other returned soldiers appeared on the scene and took their stand alongside their brother hero. The mob were served with some articles and then took leave of the place to proceed further along the street. The proprietor of the store estimated the damage to the property of a foreigner. The leader of the riotous mob is said to be known, and it is certainly just this class of person who so disgraces the city that should be dealt with in such a severe manner that it would prove an object lesson to the other hoodlums who acted so disgracefully with him.

THE FIRE BUGS WERE AT WORK LAST NIGHT

Small Boys Suspected of Being Responsible for Setting Fire to Vassie Building About Eleven O'clock.

Firebugs were at work last night and as a result considerable damage by smoke and fire was done in the wholesale dry goods establishment of Vassie and Company, Ltd., 20 King street. It was about 11:15 o'clock when a brisk fire was discovered in the rear of the basement in the yard off Church street. A still alarm was sent to the King Street East fire station and the chemical and No. 2 hose responded. The fire was burning brightly in a pile of wooden crates that had been piled up against one of the windows. The fire had burned through the wooden window shutters, broken the glass and then spread along the walls and ceiling as well as catching to a number of cases that were filed to the top with table oilcloth.

On the arrival of the apparatus on the spot an alarm was sent in from box six and the firemen quickly arrived on the scene. They were just in time to prevent a very serious conflagration as the fire was getting its way through the ceiling to the floor above, but a stream from the chemical and one from a hydrant soon had the blaze under control. The entire building was filled with dense smoke and it took some time to clear after the Salvage Corps men opened all windows and doors. While the damage amounts to considerable it could not be very well estimated last night. The incendiary work is supposed to be the work of small boys as five of them were seen looting around the corner of Church and Prince William streets not more than a half hour before the fire was discovered. When asked by a citizen what they were doing out so late they quickly moved away.

POST OFFICE STAFF RECEIVE SURPRISE

Ross D. Woodrow, Who Was Superannuated Some Time Ago After Forty Years Service, Returns to Work.

The Post Office staff received quite a surprise yesterday when Ross D. Woodrow, who was superannuated some time ago, appeared and took up his old duties in the registration department. Some six and a half months ago Mr. Woodrow, who has been for over forty years in the Post Office service, was granted six months leave of absence with full pay, and given his superannuation, the superannuation to date from November 1st. Yesterday word was received from Ottawa that this superannuation had been cancelled, and Mr. Woodrow was to return to work, and he is now back at his old desk, as chief clerk in the registered letter office.

CITIZENS ASKED TO PAY FOR DAMAGE DONE BY HOODLUM GANG

Mill Street Shoe Shine Proprietor Wants \$1,300—Mayor Regrets Actions of Mob—What Citizen Says Regarding Protection.

The law-abiding citizens of St. John feel that the fair name of the Loyalist city has been disgraced by the actions of a crowd of young men and boys, who instead of celebrating the event of signing of the armistice the proper manner, went forth in gangs and destroyed property and injured peaceful citizens.

Mayor Hayes yesterday expressed his disgust for such hoodlums, who took advantage of conditions and travelled about in mobs striking terror to other citizens and his Worship greatly regretted that such actions occurred. The majority of citizens, he said, had enjoyed themselves thoroughly during the two days of celebration, but did not abandon the dictates of common sense, and it seems at too best that the riotous acts of the city should be marred by the lawlessness of a certain element.

A citizen, speaking on the matter yesterday, said that it was all right for some people to talk about the lack of police protection, but there was no difference on Monday or Tuesday night as far as the gang of lawless persons were concerned that there was a few years ago during the time of the street car strike. Union men, he said, were not responsible for the acts of the mob on that or this occasion, but the police force a few years ago was just as helpless as was the squad of mounted soldiers who attempted to break up the mob, and when the Mayor of the city read the Riot Act he was jeered and insulting remarks were called out. Thousands of dollars' worth of damage was done at the time, and from all appearances the only way to break up such a gang as participated in these riots a few years ago, and this week, is to send a squad of armed soldiers at them.

The citizen is proper in his contention, for it was only recently that a mob stormed the headquarters and court house in Halifax and greatly damaged the premises, and the police force in that city were utterly powerless to prevent the actions. On Monday night a mob stormed the Pooles warehouse on Nelson St. and were not content with damaging the property, but fired revolver shots at the men who were working in the property. On Tuesday night the mob visited the warehouse again, but there was no violence from them, for instead of meeting a few civilians on guard they met a military picket with fixed bayonets and loaded rifles. It was then that they moved from Nelson street to another section of the city to do damage in two establishments which were not guarded. The proprietor of the shoe shine establishment on Mill street, through his solicitor, Judge H. O. McInerney, presented the city yesterday with a bill for \$1,300 for damage to his property and fixtures, and for the loss of goods taken from the store, the result of breaking and entering by a mob early yesterday morning. The matter has been referred to the city solicitor.

Many other establishments have suffered severe loss at the hands of the mob during Monday and Tuesday, and it is possible that these citizens will ask damage from the city because they claim that their premises have not been protected.

DYKEMAN'S SPECIAL UNDERWEAR SHOWING is of high quality, but not high priced. There is economy, too, in its long service. Such well known makes as "Modjeski," "Peerless," "Amfy Cut," "Collier's Cut," "Union Suits," and "Corona Mills."

EXTENSION OF TICKETS. Teachers, student teachers and students at collegiate institutions are notified that arrangements have been made by Honorable Premier Foster, representing the Board of Education, with the Canadian Pacific and Canadian Government Railways, to grant extension on return portions of round trip thirty day tickets held by bona fide teachers and scholars who have been detained beyond the limit on account of the prevailing influenza epidemic. It will be necessary for teachers and students when returning to re-open schools to present the return portion of ticket to the station agent with credentials that they are bona fide teachers or students, when a free ticket will be issued to each, good only for prompt passage.

RETURNED SOLDIERS, PATRIOTIC WOMEN AND OTHERS. We will pay you handsomely to distribute religious and patriotic literature in your community. Spare time may be used. Samples free. International Press, Toronto.

THE LIGHT THAT FAILED. About six o'clock last evening while the residents in a section of the South End were enjoying their evening repast all the electric lights went out, and the homes were in darkness. There was considerable groping around for oil lamps or candles and by the use of these old-timers supper was finished. A number of grocery and meat stores were also kept in darkness and it was some time before the power came on again.

SOME RECEIVED MILITARY NEWS

General MacDougall and Major Heron on Inspection Tour—The Siberian Contingent—Sgt. Maj. Leon Dead.

General MacDougall reached the city yesterday from Halifax, where he made an inspection of Military District No. 7. He left on the Montreal train last evening en route to Fredericton accompanied by Major Heron, G. O. C. of Military District No. 7, where they will make an inspection of the military hospitals and headquarters at the capital. From there they will proceed to Newcastle on a like mission.

General Macdonnell, general officer commanding Military District No. 7, reached the city on Monday at noon, in time to witness the parade and activities here. His brother, Senator Claude Macdonnell is improving.

The detail detachment of the Siberian Contingent, the 26th Rifles, will leave on the morning of the fifteenth inst. en route to Victoria to join their unit there. This number comprises those who were ill at the time of the departure of their unit for the west, and were left at the Depot Battalion, later reaching the city and now leave as mentioned above.

Word reached the city yesterday from the Depot Battalion, that Regimental Sergeant Major Leon, formerly of the Depot Battalion, and who later was transferred to the 26th Siberian contingent, succumbed recently in Victoria, where his unit is now stationed after a severe attack of influenza which later developed into pneumonia.

Friends both in civil and military life will regret to hear of the sad news, as the late officer was held in high esteem by all. He was a competent official whilst in the Depot Battalion, and his early demise is regretted deeply.

Major H. Donnelly, D. C. O., was admitted to the Military Hospital yesterday a sufferer of influenza.

Lieut. V. C. Kerrison, officer in charge of cooking arrangements for soldiers in Canada, completed his inspection yesterday of Military District No. 7. He reports mess and cooking equipment in this district in first class shape.

General Macdonnell, G. O. C., local headquarters, and Military District No. 7, paid a visit yesterday morning to the scene of the military building operations on Barrack Square. The work is well advanced and completion at this site is nearing completion, as the work is being rushed along before cold weather sets in.

AUTO WAS ROBBED ON KING SQUARE

Number of Valuable Articles Stolen from F. A. Dykeman's Car While at Victory Bond Meeting.

During one of the Victory Bond meetings in front of the Imperial Theatre a number of valuable articles were stolen from an automobile belonging to F. A. Dykeman. Mr. Dykeman who has worked so energetically as chairman of the war lecture is now wearing a pair of field glasses which he valued especially as they were given as a prize for a motorboat race across the bay from St. John to Digby, a couple of baseball gloves and several other articles which were kept in the car. Last evening the plate glass on the front of the car was broken and other damage done to the car.
