LIVING TOO BASTILY

CANADIAN WOMEN BREAK DOWN

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each

woman in twenty-five but that suriers with some derangement of the female organism, and this is the secret of so

many unhappy homes.

No woman can be amiable, lighthearted and happy, a joy to her husband and children, and periorm the duties incumbent upon her, when she is suffer-incumbent upon her, when she is suffer-incumbent upon her, when she is suffer-incumbent upon her, when she is sufferness, sleeplessness, bearing-down pains, displacements, spinal weakness or disea-

sed organs. Irritability and snappy retorts take the place of pleasantness, and all sun-shine is driven out of the home, and lives are wrecked by woman's great enemy—female trouble. Read this letter:

"I suffered for four years with what the doctors called inflammation of the fallopian tubes, which is a most distressing female disease, undermining the constitution and sapping the life forces. If you had seen me a year ago when I had begun taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion and general emaciated condition, and compared that person with me as I am to-day, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine which restored me to new life and health in five months. My friends all marvel at the change it has made in me, but none can appreciate it better Dear Mrs. Pinkham:in me, but none can appreciate it better than I can myself." Miss Irene Hapgood, 1022 Sandwich St., Windsor, Ont.

At the first indication of ill health, painful or irregular periods, pain in the side, headache, backache, bearing-down pains, nervousness, or the "blues," at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

Reviewing the developments in the license inquiry at Toronto, Mr. Thompson claimed that the Government had fallen far short of its announced intention to remove license affairs from the sphere of politics. Another matter on which anti-election promises had not been kept was that of railway taxation and bonuses. The Conservative Opposition had declared for the Pettypiece bill, and two-cent fares on Governmentaided railways, but had failed to hold to those principles.

There is plenty of indisputable evidence to prove that Consumption has been cured even after the symptoms were well defined and the lungs actually involved.

On the other hand, there has always been a point beyond which the disease has been considered incurable. Until a comparatively recent date this point had a place at a very early stage of the malady, but modern scientific discovery and common-sense methods of treatment have gradually moved the hopeless point further and further back, until now the Consumptive is not "given up" until the very last stage of the disease is reached.

Nothing in recent years has done so much to improve the chances of Consumptives as the advent of

In fact, it is claimed that, with plenty of fresh air, sunlight and comfortable surroundings, FERROL has pushed the hopeless point to the limit, that is to say, where these fail the chances of cure are very slim

FERROL does not kill the germs of Consumption (anything that will do that will kill the patient), but FERROL does the work by repairing the waste tissue, enriching the blood, toning the nerves, in short, by building up the whole system and thus enabling nature to expel the disease.

The only possible chance of curing Consumption is by proper nutrition, and FERROL is the only perfect nutrient, because it combines in palatable and easily digested form the very essentials of life-Oil, Iron and Phosphorus.

We feel some diffidence in claiming that FERROL will cure Consumption, lest we be misunderstood, but we have not the slightest hesitation in stating that it is an infallible cure for BRONCHITIS, CHRONIC COUGHS. CROUP, WHOOPING COUGH, CHRONIC RHEUMATISM, NEURALGIA, NERVOUS EXHAUSTION, SCROFULA

ZAM-BUK, the great herbal balm, has just worked such a sensational cure in Montreal that it has set the city talking. Mr. T. M. Marsh, of 101 Delorimier Avenue,

is the grateful subject of this cure. He says:—
"For 25 years I had eczema in my hands. It started in red blotches, which itched and burned so that I felt I could almost scratch the parts away. Then after the itching came the pain and the soreness. Great open wounds formed and set up terrible agony. I went to a doctor when first the trouble started. He did me no good and I tried another. He also failed, and I tried a third, and then a fourth. My case baffled them all, and I paid my money for no good. Then I tried embrocations, and

battled them all, and I paid my money for no good. Then I tried embrocations, and salves, and liniments, and creams, and preparations recommended by druggists and by friends alike. It was no good. The eczema continued, and I never believed I could be cured. Fancy suffering in that way for 25 years! For the past two years the pain and irritation were so bad that I was obliged to wear gloves day and night. "Zam-Buk was brought to my attention and I tried a little. To my amazement it did me good. I bought another box, and it did still more good. I tried another, and to my intense delight this herbal balm did what I had been hoping for for 25 years—it cured me. My hands are now healed, and I have put away the gloves which, for two years, had been indispensable day and night. I have been well-known in Montreal and Eastern Ontario for over 30 years, and my case is one which hundreds of people know of. I am glad to make the facts known in the interests of other sufferers who may not yet know how superior and how wonderful Zam-Buk is."

WHAT ZAM-BUK CURES, AND WHY.

ZAM-BUK can do what other ointments fail, because it is free from all

ZAM-BUK can do what other ointments fail, because it is free from all animal fats and oils and from all mineral matter. It stands alone in its peculiar composition, being made entirely from herbal saps, essences and juices. Even its color—green—is due to Nature's own coloring, as in the leaves of the forest and the herbs of the field.

ZAM-BUK heals all skin diseases—eczema, scaly sores, ulcers, ringworm, poisoned wounds, barber's rash, pustules, face blemishes due to blood poison, chapped hands, cold cracks, etc. It heals cuts and lacerations, stops bleeding, cures piles, eases fistula, reduces enlarged veins. It cures burns and scalds, and it is an excellent "first aid" remedy. It is highly antiseptic.

All Druggists and Stores sell at 50 cents a box, or from ZAM-BUK CO., TORONTO, for price. Note free sample offer herewith. 6 boxes for \$2.50.

A WOMAN'S BACK WAS NOT MADE TO ACHE

Thousands of Women suffer Untold Misery Every Day with Aching Backs That Really have no Business to Ache.

Under ordinary conditions it ought to be strong and ready to bear the burdens of life.

It is hard to do housework with an ach-

ing back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause. But they can't help it. If more work is

put on them than they can stand it is not to be wondered that they get out of order. Backache is simply a warning from the kidneys and should be attended to im-mediately so as to avoid years of terrible sufferering from Kidney trouble.

Doan's Kidney Pills will cure you in the same way as they have

The Toronto Telegram comments as follows:

The defection of Peterboro from the amateur ranks does not come as any rude shock. It has been understood for some time back that some of their players were imbued with commercial instincts, and that they were looking for some encouragement to cross the bourne from which no amateur e'er returns-at least not since the C. A. A. U. has come forward to the penitent form. However, if Peterboro thought they were going to deal any knockout blow to the O. H. A. by their action, they have just one more think on the table. It's themselves they have knocked out.

Now that Ottawas are down and out, they talk of donning Victoria A. Sheere 169 133 142-444 shirts and winning the Federal League championship. This would, of course, entitle them to challenge for the Stanley cup, giving them a trip west and another walloping as well. But doesn't it show hockey in beautiful shape in the east? It's as professional as baseball, but has been made that way by a lot of incompetents, who knew not what they did and failed to provide rules that would regulate a professional game. And yet it has been said that the wise men come out of the east.

August Hermann, chairman of the national board, is now working out a plan for the proposed fund for the protection of old ball players in distress The members of both leagues seem favorable to the idea. President Bar Johnson says that a fund of several hundred thousand dollars can be raised in a year, as the lovers of the sport will take enthusiastically to the proposi tion. At the big baseball banquet in Philadelphia last Thursday night Man ager Mack said it would be a simple matter for all the clubs to name one day each year for a benefit game. President Johnson says that the American League would start the ball rolling when the proper time came with a check for \$25,000. It will now be up to August Herrmann to produce the plans to

The Toronto club has several members who seem to be in dire need of a pension—or something else—and it is likely that the new fund has been EAST END BALL LEAGUE WILL founded solely for "Hogtown's" benefit.

No longer will the smiling face of Lou Drill, the Tigers' gallant backstop, be seen behind a baseball mask. Nay, likewise nit. Mr. Drill has discovered an easier method of scooping in good American shekels. Lou is now a lawyer, and reports say that the dough is fairly coming into the exbaseball player's strong-box in large, juicy bunches. "There are more ways to have five teams in the league the and shot off a match at 25 blue rocks with than one to skin the public."

We know that the Gans-Nelson fight is the only big drawing card in follows: sight, and that Gans is not in a financial position to let it go by. "We will stay here two or three days and then go down to Mexico to

give Bat a chance to boil out and take a good rest. He has seen too many people, and we are going where mortals are scarce. When the rest cure is Judd and Ald. T. Gillean. over we will begin to talk business with Gans and the fight promoters."

It is very evident that Bob Edgren, sporting editor and cartoonist of the New York World, has but little time for Battling Nelson and his windy manager, Nolan. He says: "So Battling Nelson is home again. No doubt Bat will tell us how he 'killed 'em dead' in old England-i. e., bored 'em to death with a 'monologue.'

"If he didn't, Bill Nolan nearly talked them to death, so the effect was about the same. From all accounts in the English papers, Bill offered to have Nelson fight everybody in sight, talked grandiloquently of tens of thousands of pounds and with extreme agility sidestepped all offers of fights with side bets attached. Nelson was challenged, among others, by one Tileing Lost After Hard Race Stratford and Lindsay Play at Practically the Same Team Summers, a 126-pound boy, and Summers backers offered to bet £1,000 (\$5,-000) on their man. It is a significant fact that immediately afterward Nolan put Nelson aboard a steamer and slipped away for America as quickly

"Nolan wouldn't bet a dollar on Nelson in a fight with any good man, English or American, in England. And the plain reason is that he knows Nelson would lose."

WEEKLY REVIEW.

Trade was brisk at the markets held ere the past six days. The amount of produce offered was up to the average for this time of the year. Pfices paid in the various lines were about the same as in the previous week, with the excep-

Grain-Oats are in good demand, at \$1 10 to \$1 13 per cwt. Wheat is steady, at 70c per bu. Barley is in demand, at \$1 03 to

05 per cwt. Hay and Straw-There has been a slight improvement in the quality of the hay offered during the past week; the demand good and prices are firm, at \$12 to \$13 50 per ton; from present indications there is no prospect that there will be a 3,916 boxes. decline in the price of hay, as the number of farmers who have any quantity to sell s very small; there are quite a number farmers who have to buy hay, which would indicate that there is a genuine shortage. Straw is in fair demand, at 6 50 and occasionally \$7 per ton.

Butter and Eggs-There is a good demand for butter, and the market is firm: sales are made at '24e to 25e for choice crocks, and 25c to 26c for pound rolls. There has been a considerable drop in the price of eggs since last week; sales are made at 23c to 24c per dozen wholesale; one large load was sold at the close of Tuesday's market at 21c per dozen; the ospects are that prices will be lower. Potatoes-Sales are moderately brisk, at 15c to 80c per bag wholesale.

Apples-The demand is fairly brisk and rices are a little firm, at 70c to \$1 per bag, and \$1 75 to \$2 50 per barrel, the lat-

Poultry-The supply is exceedingly light; old fowl are scarce, the dealers being unable to get a sufficient quantity to supply their wants; they are paying 10c per lb live weight; chickens are scarce, at 10c per 1b alive and 12c to 121/2c dressed; by the pair, 80c to \$1 alive, and 90c to \$1 25 dressed: ducks sell at 10c per lb alive and 12c dressed; turkeys, 13c to 14c per 1b dressed and 11c alive.

Dressed Hogs-Prices are steady, at \$9 per cwt for most of those offered; the demand is fairly brisk.

Live Hogs-The market is weaker, and prices may be a trifle lower for next Monday's shipment; it is expected that about \$6 60 will be paid; small pigs are selling at \$6 to \$7 50 per pair for pigs 6 to 10

Butchers' Meats-Beef is in fair demand at \$5 50 to \$7 per ewt by the carcase; veal sells at \$8 to \$9 per cwt; lamb is scarce at 12c to 13c per lb; mutton is in good

BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacquet River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her and advised me to try a bottle. I did so, and what a happy change am completely cured, and I shall ever sing the praises of B.B.B."
