Bulgarians Falling Back Before Entente Pressure—Attempts to Advance in Eastern Macedonia But Are Thrown Back by Serbs—Bulgars Evacuate Three Important Towns and Refreat Towards Balkan Foothills.

(Canadian Press.)

Paris, Sept. 2, 12:05 p.m.—The Bulgarians returned to the attack last night on the western end of the Macedonian front. The war office announced today that an assault delivered by them in the Vetrenik sec-

tor was repulsed by the Serbians. The announcement follows:

"On the Struma front and in the region of Lake Doiran, there was intermittent cannonading. Our artillery set fire to the railway station at Portiovica, north of Gievgeli. Between the Cerna River and the Vardar there was some hand grenade fighting.

"A night attack delivered by the Bulgarians in the sector of Vetrenik, was repulsed easily by Serbian troops." 7 900 800

"The Bulgars began a retirement from Sorovitch yesterday afternoon, and are falling back toward the defiles of Kirliderven and Banitza. Late last night detachments of Serbian cavalry arrived before Sorovitch. EVACUATED THREE POINTS

"The Bulgariaus, it is stated evacuated their positions at three important points of the line, namely, Tsaltsilar, Eleves and Pateli. Their retreat toward the low-lying spurs of hills toward the east and those bordering Florina and Monastir plain continues.

" 'Bulgarian outposts in the Kastoria region are being withdrawn toward the north,' a message which arrived a little prior to this states.

DEFEATED BY SERBS.

"The Bulgars are putting up a strong defence on Banitza hills, while sections of the forces are retiring on Groussagraz. In the plain of Florina yesterday at midday a Bulgar column, supported by artillery, delivered an attack on Gornichevo, in an endeavor to retake the place. The effort failed, after heavy losses being sustained. In a ravine near Gornichevo the Serbs discovered three Krupp guns, abandoned by Bulgars. "Everything points to retreat toward Monastir,

and this may quite possibly be soon turned into a rout."

Monday (Labor Day) Store Will Be Closed

GOING TO SCHOOL will soon be the morning greeting of the children, as they are hailed by their little friends. Going to school to learn.

In this store family we are "going to school" every day. True, not in the popular idea of a school, but a great "public school" nevertheless, where there are lessons to learn, and many, many different studies. New tasks are daily set before us, and as they are well done we win our promotions.

We shall never be "too old" to learn, for where those of this organization, young though they be, have reached the unenviable attitude—they cannot progress.

To go forward we must be openminded, open-hearted and ever-willing.

Manicuring, Ladies' Hairdressing

Our equipment for the special treatment of hair, scalp, face and nails is the most modern that could be installed. All the electric appliances (including the "Violet Ray" Generator) necessary for the perfect and most satisfactory scalp and face massage is in this complete equipment, and our prices are moderate.

The day will be a memorable one in the lives of the children.

The board of health is doing good work in compelling property owners with outdoor toilets to connect with sewers. So far more than one hundred have been connected this year, and more are coming.

The council has made it easy for the property owners, by charging the expense up to capital account, and collecting the amount through the taxes, covering a perfod of five years. It is direct charge against the property, but it gives the owner a chance to do the work at a small outlay at

Besides, I make them better and my customers buy more. So I don't know but that I get a hundred per cent on my investment."

Miss Harriett was as attractive as she was sensible. And it was no fault of hers or of the scores of beaux she had had in her teens that she had never married. She had just been needed. That was all. Now everyone was gone, and although she stayed on in the old home she found it neces sary to eke out the family nest egg by making goodies for the neighbors. No one guessed that capable, goodooking Miss Harriett was having an affair, not even the reciplent of her

"Yes, do come in, Carter. I mean ment, costs \$1; small size, 50c; trial blabitual lens-wearer.

Carter Aylesworth was the goat. Every picture has one. If the piece called for a poor devil jailed for twenty years by mistake, he was the man. If the pretty heroine had to hurry home at night from the factory to her dependent old grandfather, it was Carter Aylesworth who submitted to shawls, crutches and hotwater bags. If Indians aught and tortured a lone white man o be rescued later by a husky hero, Carter was the victim. If a family starved, he was right there in the limelight. He was confidence man, book agent, shyster, thief, Anything that was altogether and entirely wanting in glory.

"Poor ting!" Miss Harriet soliloquized at first. "Of all the mean things that man has to do! Why, he must

hate himself!" But as time went on with no improvement in the situations, she became indignant. "Why can't they give him a decent part sometimes? Couldn't he save a baby from a burning house, or vent his righteous wrath on the vilain about to murder somebody by hitting him with a club? It isn't fair for them to let that conceited young Farnsby have all the Monte Cristo parts. If they did play that, poor Mr. Aylesworth would be De Morcert or one of those dreadful men!"

You know what they say that pity s akin to. Yes—love came next.

The work which the Belgian Relief Commission is doing for humanity has never been equalled. For nearly two years now, from two to three million destitute Belgians have been fed, and horrible wholesale starvation averted. While the Relief Fund has only been sufficient to provide the barest necessities, these people, who have absolutely nothing else, have been saved by the three slices of bread and the pint of soup dealt out to each one daily.

Can it be kept up, on a steadily growing scale, till Belgium is free again?

That depends largely on Canada, and partly

The demands on the Fund are steadily growing, as more and more Belgian families reach the end of their resources. More money must be given to keep up even the slender rations now possible. But the end of the war does not seem so far off now, and if we can keep up and even increase our givings for a little while longer, we shall be able to save the heroic Belgian people for a new and regenerated Belgium.

1917 Announcement

E have no startling announcement to make for 1917. We are proud to say that the 1916 Gray Dort has exceeded even our expectations. We expected great things of this wonderful car. We KNEW the Gray Dort was the real car---no matter what price. Today hundreds of motorists are fellow enthusiasts with us in our admiration of this exceptional car. The Gray Dort has taken Canada by storm.

REFINEMENTS ADDED

The Same Tremendous Power and Strength-Greater Luxury of Comfort and Appearance.

EVEN GREATER VALUE

We couldn't improve on the wonderful Planche motor—that veritable giant of power in the Gray Dort. The sturdy, rugged heavy frame stood the severest tests. Mechanically the Gray Dort was, and is correct. In the searching investigation we did not find a Gray Dort owner who was not enthusiastically satisfied—even amazed—with the performance of his car.

We have added some final refinements

to the car-made it bigger and it is now the roomiest car at anywhere near the price. A larger windshield—an ammeter—dashlight—roberail and footrail -in every way the sturdiest and most mechanically perfect car is now the most refined and comfortable car.

Read the specifications. Remember that in three days motor experts bought up the entire 1916 output of this car.

Cool Weather Prevents Ripening and Cost Goes Up.

Tomatoes took a sudden jump on the cal market this morning. At the beginning of the week they sold for 20c a This morning they brought om 35c to 40c and, in some cases, 50c. The jump was caused by the scarcity of the ripe product. Several days of coo weather have prevented the tomatoes from ripening, and there are therefore few fit for market, although the crop it-

All the resolutions sent from London were adopted, and will be presented to the Government.

The most important was that to give the council full control of all spending bodies in the city. That this will pass the Legislature is doubted, as the Legislature seems to lean towards decentralization, not centralization of municipal authority.

W. R. Meredith of this city protested against the amendment to the act, permitting the council to publish the names of bakers who do not live up to the bread act. However, the association adopted the idea, and it, will probably be made into law, as the delegates were unanimous.

WALL STREET REVIEW.
[Canadian Press.]

New York, Sept. 2—(Weekly Financial Review).—The shadow of the railroad strike hung over the financial market this week, the outcome still being very much in doubt at the close of yesterday's session of the stock exchange. Quoted values, particularly as to rails, were held in check by the tense situation, but the undertone was surprisingly strong, with new records for Mercantile Marines, Inspiration Copper and Kelly-Springfield tire, one of the better-known automobile accessories. United States Steel again held undisputed sway over the industrial division, repeating last week's high record of 99%. Minor steel and iron shares benefited by the strength of the leading issue and coppers and other metals were substantially responsive to favorable trade conditions, as well as inograssed or extra dividend disvell as increased or extra dividend dis

The success of the new British two-year loan was without appreciable effect on rates to London, which held about steady. Features of the foreign exchange markets were the decline in marks or German remittances to 69%, the lowest quotation since the beginning of the war, and an advance of over 3 points to 34.60 in the rate of Petrograd. Business was maintained at recordbreaking pace and railroad tonnage was limited only by shortage of equipment. Grains and other foodstuffs are being rushed to market and the enormous bank exchanges and clearings at reserve centres are in themselves strong proof of the easy money situation.

ALL READY FOR BIG LABOR DAY PICNIC AT QUEEN'S PARK

Program Will Be Most Extensive in Many Years.

BABY SHOW A FEATURE

Three Tugs-of-War Planned and All Kinds of Races.

Full arrangements for the Labor Day picnic, to be held at Queen's Park on Monday afternoon at 2 o'clock, were made at a meeting of the committees last night. No parade is to be held this year, the money being expended tated, will exceed anything ever pro moted by the labor unions here for There will be four bands in Hussars band, the London pipe band, and as one of the special features, urpassed aggregation of musiclans will produce its music from extremely varied and unique musical instruments, assist-

ed by kazoos, etc. There will be a full program of sporting events, as well as several feature attractions. A boxing match between Mutt and Jeff is scheduled to be "fought to a finish." The Lewis aerial trio will present a number of novel The Baby Show.

All the babies are to be given a chance to capture a few honors. The two best baby boys under twelve months will carry off silver cups. The heaviest aby boy under twelve months will also be presented with one of the silver trophies. Baby girls will also have a chance, there being the same contests for them. Four silver cups will go to the four best twins on the grounds, and the best-looking mother with a bab e a prize-winner, as will the younge father with a baby under twelve months. All babies will be judged by heir physical condition and age. number of Scotch and Irish dance competitions will also be held.

The judges of the sports will be, Mr Taylor, J. McCormick, Mayor H. A evenson, Controller G. E. Rose, Ald I. B. Ashplant, Alex Ritchie, J. H. Saunders and F. Daly. The sports program includes three
