ENGLISHMAN IN THE VAN IN BIG IRISH MOTOR RACE

S. F. Edge, Holder of the Bennett Cup, Well to the Front in First Lap of 300-Mile Dash.

CHAUFFEUR OF M. JARROTT THROWN AND CRUSHED

Ballyshannon, Irland, July 2. — The fourth annual race for the international cup offered by James Gordon Bennett was started at 7 o'clock this morning in fine weather. S. F. Edge, English holder of the cup, was the first starter.

The contestants were: S. F. Edge, R. De Knyff, A. Winton, Baron De Caters, C. Jarrott, M. Farman, P. Owen, Foxhall Keene, J. W. Stocks, Gabriel, L. P. Moers and Genatzy. The total distance of the course is 368 miles and 765 yards, and there are two loops, known as the major and the minor. The distance around the smaller loop is about 45 miles, and around them both 102½ miles. There is a dividing stretch of about 13 miles that must be covered six times in going three times around the combined loops. The small loop is covered first and then the racers go three times around the combined loops.

Long before dawn hundreds of police patrolled the usually quiet country roads, which early in the day were alive with a continuous stream of motor cars.

When the pilot car left shortly after 6 a.m. the thirty stands surrounding Ballyshannon were becoming crowded with gaily dressed men and women, many of whom had spent the night in tents which had been erected in all directions.

At 7 o'clock to a second, Major Lloyd, the starter, fired a pistol. Edge pressed the lever of his car, the vehicle sprang forward and the race began amid the cheers of the spectators. The Americans, Winton, Owen, Moers and Keene, all got off badly, and Winton, who had a lot of trouble with his car, lost several minutes before he was able to start.

The second lap found Edge first and the Americans, unless the leaders were knocked out, apparently with no chance of winning.

Great excitement was created by a report that Jarrott was killed.

Ballyshanon, July 2. — Jarrott's chauffeur was badly hurt in turning a corner. The car turned over and the chauffeur was crushed.

BULGARIA CALLS UPON THE POWERS

To Compel Turkey to Withdraw From Frontier.

AUSTRIA PROMISES TO ACT

Through Minister at Constantinople—Sultan's Soldiers Perpetrate Many Outrages.

Vienna, July 2.—It is announced here that Bulgaria has sent a circular to its representatives abroad and the ministers of the powers in Sofia calling attention to the attitude of Turkey, which, it declares, has not only failed to co-operate in carrying out the reform scheme, but is concentrating troops and artillery on the frontier where the Turkish soldiers, under the guise of searching for arms, are perpetrating all sorts of outrages on the Bulgarians in the hope of provoking an international conflict which, the note says, could only have disastrous results for Turkey and Bulgaria.

The note appeals to the powers to exert pressure at Constantinople to secure the withdrawal of the excessive Turkish forces now stationed on the frontier. The Bulgarian Government declines to be responsible should Turkey continue its unfriendly attitude.

In reply to the Bulgarian note, Count Gulowchowski, the Austrian foreign minister, has promised that the Austrian ambassador at Constantinople will make representations to the Porte with regard to the situation on the Bulgarian frontier and will require the Turkish Government to avoid doing anything which may induce Bulgaria to take preventive measures.

KILLED BY EXPRESS

A Girl Hit by the Limited Near Bothwell.

Bothwell, July 2. — A young girl, fifteen years of age, named Myrtle Lumley, was struck by No. 15, Grand Trunk International Limited, at nine o'clock, Tuesday evening, and instantly killed, near Bothwell station. She was on her way, home, accompanied by her sister and two escorts. A relative named E. Gilbert was also struck and thrown into the ditch, but only slightly injured. An eastbound train attracted their attention, and they stepped in front of the express, which was going at full speed.

UNEASINESS IN EASTERN EUROPE

Hungarian-Austrian Situation Approaches a Crisis.

BULGARIA MENACES THE TURK

Latter's Troops Occupy Strategic Positions—France and the Bagdad Railway.

Vienna, July 2.—The entire Austrian-Hungary monarchy is affected by the critical situation at Budapest and Vienna. It is no longer possible to separate the affairs of Hungary from those of Austria, or to hide the fact that the phase upon which the affairs of the dual realm have now entered are the most serious since 1867, perhaps since 1848. There is good authority to believe Premier Koerber (of Austria) has tendered the Cabinet's resignation, but the Emperor's decision is still withheld. The course of affairs in Hungary is such as to inspire even the optimists with disquietude. The extreme section of the independence party has apparently got the upper hand. The growing antagonism of Hungarians to Austria has unquestionably engendered a corresponding antagonism to Hungary in Austria, but hitherto there has been no sign that the various nationalities of Austria will combine to resist the Hungarian exactions.

Constantinople, July 2.—In consequence of the menacing attitude of Bulgaria the Turks have occupied three strategic positions in the districts of Kossovo, Monastir and Adrianople for bases of operations. The last German proposal for the division of interest in the Bagdad Railway was that the Germans and French should each have four per cent, the Turkish Government ten per cent and the Swiss banks ten per cent. The latter are really German institutions. M. Delcasse has refused to sanction the scheme.

TO WELCOME LOUBET

Home Fleet and Cruiser Squadron to Meet Him.

London, July 2.—The Times today says that when President Loubet arrives off Dover on Monday the home fleet and the cruiser squadron will form two lines on Dover Bay. The French cruiser Guichen, with the President and his suite on board, and escorted by two French torpedo boat destroyers, and the Medway flotilla of destroyers will pass between the lines of the warships to the pier where the President lands.

ENGLAND FOLLOWS SUIT

His Majesty Replies to King Peter's Notification.

Belgrade, July 2. — The King of England has replied in courteous terms to King Peter's notification of his accession to the throne, wishing him a prosperous reign, and hoping he will bring peace, order and justice to the country. King Edward's reply has caused great satisfaction here.

CHINA CONTEMPTUOUS

She Refuses Suggestion of Powers as to the Indemnity.

Pekin, July 2. — The bankers' commission has informed the ministers that the semi-annual installment of the Chinese indemnity has been paid in silver at Shanghai, and received under the usual protest on account of being tendered at a tael rate 22 cents below the current exchange. This has increased the dissatisfaction at China's contempt of the protocol and her repudiating of the advice given by the most competent foreigners here that she should sign the gold bonds and depend afterwards on the generosity of the powers for relief from the decline in silver. The throne announces that two cities in Yunnan Province have been recaptured from the rebels, and the rebel leader there has been beheaded.

RUBBING IT IN

Automobilist Who Lost His Machine Notified of Liabilities.

Paris, July 2.—A man living at Saint Mande had an automobile stolen. Two days later he received a letter informing him that the machine was at the pound and various indemnities to victims of accidents waited his attention. He wired to the mayor of the commune, explaining the situation, but that functionary replied: "Your name is on the machine, and justice must follow its course." So the unfortunate man, in addition to being robbed, must pay for damages committed by the thief.

PASSIVE RESISTANCE

Two English Preachers Refuse to Pay the School Tax.

London, July 2.—The first foreigners to join the "passive resistance movement against the Education Act are two American tax-payers, living at Wimbledon, Rev. R. W. Farquhar, formerly a pastor of Portland, Oregon, and E. P. Gaston, who at one time lived in Chicago. They have both refused to pay the education rate, and, consequently their household goods will be seized, and sold at auction to satisfy claims for a few shillings.

A NEW REPUBLIC

One Is To Be Established by Venezuelan Revolutionists.

New York, July 2.—News has been receivd from Trinidad that at a meeting held there by the principal Venezuelan rebel leaders, General Nicolas Rolendo was elected unanimously to succeed General Matos as chief of the revolution. It was also decided to found a new republic to be called The Republic of Guayana, comprising all the eastern section of Venezuela now in the hands of the rebels. This extends from the Gulf of Para to the River Chico and includes the rich Orinoco territory. The proposal is to make Gen. Rolando president of the new republic. It is said certain English capitalists are interested in this programme.

DISGRACE TO THE U. S.

An American Senator Defends the Southern Negro.

Chicago, July 2.—Retaliation against the Southern States that have disfranchised negroes, was urged last night by United States Senator Hopkins. Senator Hopkins was one of the speakers at a meeting called to condemn the Belleville, Ill., lynching.

"In my eighteen years of service in Congress it has been my pleasure to remark the ability of a score of negro congressmen, who represented at one time the States of Mississippi, Alabama and Louisiana," he said. "It is a shame and a disgrace to these states that there are no longer men of color in their congressional delegations. It is a shame to the nation that the hewers of wood, and drawers of water in these states are not represented by men of their own class, and until public sentiment shall be aroused and those states return negroes to Congress, it will continue to be a disgrace to the people of the United States."

BRITAIN WON'T INTERFERE

Declines to Forward Jewish Petition to the Czar.

London, July 2.—The Australian Jews sent a resolution to Sir Marcus Samuel, Lord Mayor of London, in regard to the Kishineff massacre. It was similar in tone to the communication from American Jews, which was forwarded to the Czar by the United States Government. Lord Mayor Samuel communicated the resolution to the British Foreign Office, which sent a reply, stating that the question referred to the internal affairs of Russia, and it was impossible for Great Britain to make any representations to that country on the subject.

A Red Hot Duel.

Rhine, Ga., July 2.—An impromptu duel at arms length has been fought on the streets here by Henry Lancaster and John D. McRanie. Pistols of heavy calibre were used. Each combatant emptied his piece. All five of Lancaster's bullets struck and McRanie will die. Lancaster was struck only once. Both men were prominent.

MINE EXPLOSION KILLS HUNDREDS

Terrible Disaster at the Hanna Coal Pits in Wyoming.

MEN BURNED AND SUFFOCATED

Many of the Entombed Miners Crazed by the Accident—Dead Will Approach 300.

Hanna, Wyo., July 2.—According to the best information obtainable, 235 men out of 282 who were in the mine were killed in the explosion on Tuesday. The majority of the victims are Finlanders and negroes. A small army of rescuers, spurred on by the frantic appeals of wives, mothers and children who gathered at the mine, worked with desperate energy all Tuesday night. They tell of pitiful scenes in the mine. Some of the survivers were driven insane and fought furiously against rescue. Dazed, listless survivors were found sitting on cars or lying on the floor, careless of whether they lived or died. Near the seventeenth level twenty bodies were found strewn over a pile of debris, which the men had striven to surmount before they were overcome by the deadly fumes. Some were seared and blackened by the flames. The eleven rescuers who penetrated this far were too weak to bring out a body. For hours the scene at the mouth of the level was heartrending. Mothers, wives, sweethearts and children huddled together, weeping and wringing their hands. The most frantic pushed to the edge of the gap and tried to force a way into the slope.

An expert who went to the seventeenth level says the mine cannot possibly be cleared for a month. It is feared that men in the lower levels were torn to pieces by the explosion, which hurled great timbers high over the town, and 1,700 feet beyond the mouth of the slope. The fire bosses, who had reported all safe before working time, met death while making a second inspection.

An order for 150 coffins in which to bury victims of the mine horror at Hanna, Wyoming, was received at Omaha.

CRAZED BY ACCIDENT.

It was some time after the explosion occurred that the first man was brought to the surface. He was followed by others, until 47 in all had been rescued. The rescuers were unable to penetrate further into the mines, as it was necessary to make another opening to permit fresh air to reach the lower levels.

Horses and scrapers were put at work hauling debris away from the shaft. The work is progressing slowly, owing to the narrow space in which the rescuers are compelled to operate. Late Tuesday night a party of rescuers reached four mules that were alive, and this caused renewed hope. It is a faint hope, however, for experienced mine bosses and miners say that when the imprisoned men are reached all will be found dead.

Some of the miners who escaped said they saw dead bodies in entry No. 17. They reported that many of the men were crazed by the explosion, and ran hither and thither in the mine. Many of these could have escaped, but they lay down, buried their faces in their hands and gave up the fight.

The mine was not fired, as was stated in the earlier reports, but the explosion was terrific, and completely shattered the timbers of the main shaft and numerous entrances, filling the workings with debris, and those of the miners who were not killed outright by the explosion were buried alive. The explosion was heard for many miles around, and attracted people from the adjoining settlements. Huge timbers and railroad iron were hurled 500 feet from the mouth of the shaft.

Many of those rescued were unconscious and had to be carried from the workings. Several are in a serious condition, but it is believed all will recover.

The Hanna mines are among the best on the Union Pacific system, being established in 1878. The town was named for Senator Mark Hanna, when he was a member of the Union Pacific Coal Company. Mine No. 1 is practically a new property. It has 26 entries, fifteen miles of workings, and a main incline shaft of one and a half miles in length. The mine has been recognized as a dangerous property for some time on account of the large amount of gas, but the system of ventilation has been so good that an accident was not anticipated.

Hanna, Wyo., July 2.—The startling information is received from an experienced miner, who penetrated the mine where an explosion occurred Tuesday, that the workings below the seventeenth level are a mass of flames, leaving litle hope of rescuing the entombed miners in that section. Efforts are now confined to preventing the flames from reaching the seventeenth and other levels above. Added to the horrors of the fire, which doubtless destroyed the underground workings, is the danger of another explosion, which may occur at any time. The situation is decidedly grave.

COREA AND JAPAN

Corea Pays for Steamer and Favors Japanese Banknotes.

Thus the political horizon at Seoul has been cleared.

NEW RAINMAKER

Its Inventor Guarantees Rain in Thirty-Six Hours.

London, July 2.—Dr. McCarthy, of Melbourne, asserts that he is able to produce rain by sending up continuously from three centers columns of gas made of certain chemicals. After a maximum of thirty-two hours rain is produced over a range of ninety miles at any altitude, in any sky, with the wind in any quarter.

Dr. McCarthy explains that the gas causes, in a different strata of the atmosphere, a vacuum, which is the center of a heat storm, with dense rain clouds. The rain which follows is of a tropical character, slight at first and then very heavy. His experiments have been conducted in an inclosure twelve by eight feet. The chemicals react, and must be changed in accordance with the altitudes.

The Russian Government must categorically refuse to receive, from any power, any petitions, representations or communications relative to its internal affairs.

THE MANITOBA SCANDAL

Winnipeg Free Press Repeats Corruption Charge.

Winnipeg, July 2.—The charge of criminal libed preferred against Mr. John W. Dafoe, editor of The Free Press, in connection with the charges recently made against Hon. D. H. McFadden, Provincial Secretary, by The Free Press, came up before Police Magistrate Baker. The case was enlarged until Tuesday, July 7, at 10 a.m. The information upon which the warrent was based was sworn out, not by Hon. D. H. McFadden, but by E. J. Elliott, Chief of Provincial Police. The Free Press in its issue of Monday repeats in black type the following charge: "Mr. Geo. H. Macdonell, Government contractor on the Boyne marsh, contributed $5,000 to the Conservative campaign fund about September, 1900. Simultaneously with this Mr. Macdonell was paid a large sum of money due him by the Government. Subsequently he failed to further contribute to these funds, although suggestion that he should do so were made to him. He got no more money from the Government, although he remained in charge of the contract for fourteen months longer, despite repeated appeals to the Government to pay the estimates to which he was entitled under his contract. Immediately after he surrendered his contract the moneys which had been withheld from him were paid to his successor."

THE GOVERNMENT TO BUILD A RAILROAD TO WINNIPEG

It Is Understood This Plan Has Been Determined Upon by the Cabinet.

G. T. P. BONDS FROM EDMONTON TO BE GUARANTEED

[Special Dispatch to the Toronto Globe.]

Ottawa, July 2.—The Cabinet were in session all day yesterday considering the form of aid to be granted to the Grand Trunk Pacific Railway, but adjourned without reaching a decision. The anticipated announcement will, therefore, not be made today. It will not,however, be much longer deferred. Members of Parliament who enjoy the confidence of the Government say that the building of a Government line to Winnipeg has been determined upon, and that the Grand Trunk Company have concurred in the proposition, provided they get a lease for a number of years, and financial assistance for the western portion of the line. The aid spoken of is a guarantee of bonds from Edmonton to the coast, varying in amount according to the difficulties of construction, but averaging about $30,-000 a mile. This, it is stated, is the proposition which was discussed in council. The report is, however, that a snag was struck when it came to fixing the conditions upon which running rights should be granted to other companies. This it is said, prevented the settlement of the matter as anticipated, and the expectation is that Mr. Hays will be in Ottawa again today to discuss the latest turn which affairs have taken.

The Governor-General has signed the order in council appointing Mr. H. J. Cloran to the Senate, vice the late Senator O'Brien. He will be sworn in when the Upper House reassembles.

The company asked power for five other extensions, but Mr. Blair argued against what he said was practically another transcontinental scheme.

DELIGHTFUL HOLIDAY EVENT

Miss Ella J. Routledge Becomes the Bride of Dr. J. H. Burt, of Erie, Pa.

A delightful holiday even occurred yesterday afternoon at the residence of Mrs. George Routledge, 795 Hellmuth avenue, city, when her eldest daughter, Ella J., was married to Dr. James H. Burt, V.S., of Erie, Pa. Rev. S. K. Birks, B.A., performed the ceremony in the presence of immediate relatives. After the ceremony, Dr. and Mrs. Burt, left on the 6:40 "flyer" for an extended tour, leaving Montreal via the steamer Parisian for England, where many friends of the groom reside, his mother being a resident of Cornwall. On returning, in a couple of months, they will make their home at Columbus, Ohio, where he completes a special professional course in the State University. The bride's wedding gown was white organdie and her going-away suit navy blue broadcloth, trimmed with white, and wearing a white hat to match. The party are accompanied by the best wishes and congratulations of a host of friends.

Belgian Train Wreck.

Brussels, July 2.—A serious front-end collision occurred yesterday at the railroad station at Shaerbeck, a suburb of this city. Rats Have Plague.

Marseilles, July 2.—When the steamship France, from Buenos Ayres, arrived yesterday it was found that some thirty rats had died of the bubonic plague.

DOUBLE-TRACKING ON G. T. R. BEGINS

Cramped Facilities of the Local Yards Will Be Relieved—Gangs Now Working.

The first step in the direction of double-tracking the main line of the Grand Trunk from Sarnia Tunnel to Hamilton has been taken, and the second step may be made very soon.

A gang of men were recently put to work laying the second track between the tunnel and Wyoming, and it is understood that in the very near future another gang will be double-tracking the road from London to Waubuno. Both of these moves will greatly facilitate the handling of the many trains that daily pass over the main line. The double-track from the tunnel to Wyoming may mean much in the operation of trains both ways. It will bring a relief to the tunnel yards so much needed in the busy season, and it will also avoid delays to west-bound traffic due to the hurrying of trains east. The way-freight has been held as long as three hours at Wyoming before an opportunity offered to run it to the tunnel. The second track from London to Waubuno, though it will be only a few miles, will relieve the local yards, now far too small to accommodate the trains.

The double-tracking of the road from Hamilton to Copetown is another move said to be fixed for a near date on the calendar. With these completed trainmen would not have to bear with delays which now sometimes cause them to talk in bunches.

THE HOLIDAY IN LONDON

Great Majority of People Stayed in the City.

Dominion Day did not mean an exceedingly great amount of travel this year, about London. The sultry weather drove many to seek the cool breezes of Lake Erie, upwards of 3,000 going to Port Stanley for the day. The other railway traffic, however, was not as heavy as usual.

While there were no special attractions at Springbank, quite a number sought the place as a resting spot. The crowd was easily handled by the Street Railway Company. Boating was indulged in by lovers of the paddle and the oar. The liveries were very busy.

It was to Queen's Park that most of the people went, that is those who did not remain at their own front door step. The street railway service was amply sufficient for the Queen's Park crowd. Altogether it was a well-enjoyed holiday.

RECEIPTS AT LOCAL CUSTOMS HOUSE SHOW BIG INCREASE

In Past Fiscal Year They Totaled $777,906.54.

This is an Advance of Nearly $60,000 Over Preceding Year.

If every customs port in Canada made as favorable a showing as London, the Dominion Government will have a heavy increase in receipts for the fiscal year which ended on June 30.

Reports compiled from the records of the local customs house show that during the twelve months just ended the collections amounted to $777,906 54, as against $719,986 31 for the preceding fiscal year of 1901-1902. The increase was $57,920 23, an average of nearly $5,-000 a month, and an evidence that business in London continues to be exceedingly prosperous.

In the entire year there were only four months showing decreases compared with the same months of the preceding year. The largest decrease was $6,100, while in the remaining eight months, one showed an increase of over $20,000 and two over $10,000 each. The smallest increase for any one month was greater than any of the decreases except that of $6,100. The increases and decreases were as follows:

LONE ENGINE RUSHED FROM HYDE PARK TO MT. BRYDGES

Driver and Firemen Jumped and Throttle Was Wide Open—Switched Into a Siding.

An engine running a distance of ten or eleven miles, at full speed, with neither driver nor fireman in the cab, was a spectacle that was witnessed on Tuesday morning by the residents along the line of the Grand Trunk from Hyde Park to Mount Brydges.

The locomotive that figured in the very peculiar escapade was one of the class that is gradually being replaced by the heavier, more powerful and more modern engines with six drivers. The engineer on it, when it pulled out of the London yards on Tuesday, as a pilot for the west end way freight, was a young driver, of this city, whose comparatively short railroad experience has been marked by rapid advancement, and who was generally looked upon as level-headed and reliable. His orders were to pilot the way freight up the heavy grade as far as Hyde Park, and after carrying them out he had his engine uncoupled from the second locomotive and ran ahead some distance.

Just whether he and his fireman lost their heads at this point, or not, will be decided by the investigation. At any rate, they both jumped from the engine, leaving the throttle open, and the last they saw of it, it was traveling west towards Komoka at a high rate of speed. It is said by some that the engine was defective, and got beyond control. Another story was to the effect that, at the sight of the way freight following closely behind him, he opened the throttle full to avoid a rear-end collision and jumped.

When the operator at Komoka learned what had happened he notified the dispatchers' office here. Komoka was called, and it was found that the unmanned engine had passed that place and gone down the Windsor line, its almost noiseless approach having been unnoticed until it was too late for the operator to take any steps to stop it. The operator at Mount Brydges was got on the wire in time to have the switch turned for the old branch line there, which is seldom used, except by freight trains. The engine appeared a few minutes later and came to a standstill not far from the station.

The only persons who were any the worse in consequence were the driver and his fireman and a call-boy who had gone out on the pilot for a ride. They were shaken up by their jump, but received no serious injuries. It was fortunate that the affair happened at an early hour—8 o'clock—for at that time there did not happen to be another train on the road between Hyde Park and Mount Brydges. There were none dangerously near the latter place, coming from the west, which meant that the engine would have had to continue its wild run until its steam was exhausted.

DOMINION DAY BANQUET

Lord Strathcona's Great Faith in Canada's Resources.

London, July 2. — At a meeting of fifty free trade Unionist members of the House of Commons yesterday afternoon, a resolution favoring an inquiry into Colonial Secretary Chamberlain's preferential tariff proposals, was adopted; but it was also declared that if they resulted in any departure from free trade it would be disastrous to the country.

A banquet in honor of Dominion Day was given at the Hotel Cecil last night. Lord Strathcona, High Commissioner for Canada, presided.

The Earl of Jersey proposed the toast of "The Dominion."

Lord Strathcona, in responding, said in a short time Canada alone would provide every pound of breadstuffs required at home. Canada was glad to give unsolicited preference to the mother country, and did not fear an inquiry into fiscal conditions.

Lord Goschen, Chancellor of the Exchequer in Lord Salisbury's administration, said insistence on Colonial Secretary Chamberlain's preferential tariff propostals would be bound to bring defeat.

A Purely Vegetable Corn Cure.

Putnam's Corn Extractor contains no acids, but is entirely vegetable in composition. Putnam's never stings or causes discomfort. It cures quickly, painlessly, permanently.

A Double Drowning

Toronto, July 2.—Woo Way, a Christian Chinaman, went out in a canoe at the center island yesterday afternoon with another Chinaman, Woo Fang, and upset. Woo Fang was rescued, but Woo Way was drowned.

E. Chapman, 23 years of age, was drowned off Victoria Park yesterday afternoon. He went in swimming when over-heated.

THE PLAIN TRUTH

We do not wish to appear extravagant in our claims for **Bu-Ju**, the Kidney Pill, but we desire only to emphasize **the truth** when we assert our honest and conscientious belief that **Bu-Ju** is the most valuable kidney remedy ever offered the public.

This conviction is the result of experience, the use of **Bu-Ju** having proved all and more than we have claimed for the remedy as a safe and certain cure for all forms of kidney and urinary disorders. A trial will convince any person of the absolute truth of this statement, and druggists will refund the price if it is not borne out.

Decline all substitutes and insist on getting **Bu-Ju.** In boxes of 50 pills, 50 cents, at all dealers.

The Vital Difference

between Laxatives and Purgatives cannot be too clearly understood. The former are GENTLE, the latter VIOLENT. A LAXATIVE assists the organs; a PURGATIVE takes the work out of nature's hands.

And every time that nature fails to perform its proper functions it is less disposed to perform them.

Purgatives, therefore, are at best a necessary evil, like an emetic to relieve the Stomach of undigested food.

IRON-OX

TABLETS

are an ideal Laxative, strengthening instead of debilitating.

CALEDONIAN GAMES AND SCOTCH PICNIC A SPLENDID SUCCESS

Continued from page 8.

away and as the rain was not slow in coming the crowd was not nearly as large as it otherwise would have been. Still the society had nothing to complain of in the matter of attendance, for such a crowd was indeed a large one.

It was an interested crowd. Of course the rain prevented the carrying out of the entire programme, but as it was an elaborate one, this fact did not mean that nothing was presented. As a matter of fact enough was presented to fully satisfy any audience. From 8 o'clock the audience was treated to a programme that it is not the opportunity of many in this country to see very often. To those with Scotch in them it was particularly pleasing.

It began with an overture of Scottish airs by the band of the Seventh Regiment, followed by the Highland Pipe Band and visiting pipers. The Musical Society orchestra also contributed music. By the time of the arrival of the St. Andrew's Highland Cadets with their own band it had begun to rain. The cadets repeated their triumph of the afternoon and were loudly applauded for their drill as well as for their band's playing.

First there was the work on the bounding wire by Precilito. This is the professional name of a London boy, Mr. Charles Smith, son of Mr. J. T. Smith, and his work gave great satisfaction. Wren, the whistler followed. This artist, in his peculiar way, rendered selections that were very pleasing.

The rain slackened and while the band were playing more selections, the committee decided that they should try the fireworks and see what might be done in this respect. The lights were turned out in the grandstand, and the works lighted. Some of them had not been injured to a very great extent by the rain and were seen to advantage. The majority, however, had unfortunately been dampened so much that the best effects could not be given, the designs suffering the most. During the progress of the proceedings a reflection in the west was noticed by observant boys, who foolishly gave a cry of fire. Fortunately little attention was paid to them, so that there was no panic. A small commotion, however, occurred, a number taking the trouble to leave their seats and go to the back to see what could be done.

On the conclusion of the fireworks, a bayonet contest was put on between George Stewart, champion of the world, and Sergt. Williams, both of the Forty-eighth Highlanders. In this and in a broadsword and in a sword vs. bayonet contest, they gave excellent exhibitions. Mr. Stewart won the three events. The rest of the programme was devoted to Scottish dances by the winners of the afternoon contests. Among the pipers were Messrs. Johnston, of Montreal, Murdoch Macdonald and Munro, of Hamilton. Little six-year-old Victor Riddell gave a Highland fling. Eugenie Lockhart and W. Templeton also dancing, while this part of the proceedings was made more interesting by the clever dancing of George Matheson, of Hamilton, who acted as judge of the afternoon sports. A pleasing part of the performance was that given by Miss Jeffery, of Toronto, who danced the sailor's hornpipe and Irish jig in costume. The dances included Highland flings, shaun trews, reels and sword dances. At 10 o'clock the Caledonian games were brought to a close.

A DOLLAR A DAY FOR MILITIAMEN

Col. Thompson Says Increased Pay Is Necessary

TO BEST INTERESTS OF FORCE

Control of Freight Rates by Railway Commission — Penalties for False Billing.

Ottawa, June 30.—Lieut.-Colonel Thompson tonight made an eloquent speech in favor of giving better pay to the militia force of the Dominion. He declared that the skeleton of a skeleton militia had been called out for annual drill this year, but that only a shadow of the skeleton of a skeleton paraded. He declared that the remedy lay in increased pay to the militia, and if an increase of 50 cents per day all round were given, it would involve an addition to the expenditure of less than $250,000 per year. As the cit battalions enjoy additional advantages compared with the county corps, he suggested as an alternative, if the increase was too great, that the pay of the rural battalions be increased to $1 per day, at which rate they would not cost more per man than the city militiamen.

Hon. Mr. Fielding intimated that Lieut.-Colonel Thompson would probably find some comfort in the supplementary etimates when they were brought down. Mr. Blair's railway bill was considered in committee today, the greater part of the clauses referring to tolls being disposed of.

On the clause giving the board power to control minimum as well as maximum rates of freight, Mr. Haggart thought that the railway companies should be allowed as low rates as they choose, so long as there is no discrimination.

Mr. Blair explained that without the provision that minimum tolls shall be filed with the board they could not know whether discrimination was taking place, and generally what reductions in freight rates were being made.

Mr. Kemp suggested that such a requirement might result in a railway not filing a special tariff for fear that their competitors might learn of the special rate. Mr. Blair explained that tariffs were filed for the information of the board only. In reply to Mr. Kemp, Mr. Blair said he thought the request that the express companies be brought under the operations of the bill had been met by the provision that the railway companies should extend like facilities to all express companies.

Upon the clauses which make the company and shipper both liable to penalties for false billing, Mr. Kemp inquired the object in imposing a double penalty on the shipper and putting him at the mercy of the railway company, who can fine him by charging 50 per cent more freight if the goods are falsely billed, in addition to the fine imposed by the act.

Hon. Mr. Blair pointed out that the penalties imposed under the act were for violation of the law, because the shipper was trying to deceive the railway company, and they were not imposed for the benefit of the railway company, but for the purpose of securing observance of the law. The fine did not go into the hands of the railways, but into the public treasury. The extra toll, however, did go to the company and was for the purpose of providing a protection against the improper billing of goods.

Hon. Mr. Blair suggested that if it was the opinion of the committee that the shipper should not be subject to pay extra toll as well as a fine, he had no objection to allow the clause to stand for further consideration. A number of other clauses were passed and the committee reported progress.

The estimates of the Marine and Fisheries Department were considered in Committee of Supply. The question of the sale of the steamer Bayfield was again discussed, and Mr. Prefontaine said that as the Opposition would not bring the matter up in the Public Accounts Committee, he had come to the conclusion that their criticism was all wind, and was for the purpose of filling up Hansard.

The proceedings for the last two hours were uninteresting. The House adjourned shortly after midnight until Thursday afternoon.

A Lady's Lunch

Has been rudely defined by some cynic as "slops and sweets." And after all there's more truth than poetry in the definition. Ice cream and cake may satisfy the palate, but they are far from satisfying to the stomach, which requires that food be nutritious first and nice afterward. By careless eating women pave the way for stomach "trouble," and its kindred miseries.

Dr. Pierce's Golden Medical Discovery is confidently commended as a cure for diseases of the stomach and other organs of digestion and nutrition. By curing diseases which prevent the assimilation of food it enables the body to be built up and strengthened in the only way known to nature — by food digested and assimilated.

"For twelve long months I suffered untold misery," writes Mrs. Mollie Colgate, of Randolph, Charlotte Co., Va. "No tongue could express the pain that I endured before I commenced taking Dr. Pierce's medicine. I was not able to do anything at all. Could not eat anything except bread and tea—or if I did the top of my head hurt so it seemed it would kill me; with all that I could do it would burn like fire. But now, since using your 'Golden Medical Discovery' and 'Favorite Prescription,' I can eat a little of almost anything I want, and can do a good day's work as well as anybody can. Am better than I have been for years."

Dr. Pierce's Pleasant Pellets cure sick headache.

THE TURF.

MILE RECORD BROKEN.

Chicago, July 1. — World's records were broken at Washington Park today. Alan-a-Dale, running without the lash of a whip, lowered the world's record for one mile to 1:37 3-5. He accomplished this in the first race of the day and handily beat Savable. In the fifth race Rag Tag set the mark for 7½ furlongs at 1:32 1-5. The track was never in better condition for record-breaking, but a stiff breeze blew up the home stretch. Alan-a-Dale, in the mile race, set the pace all the way. The fractional time of his race was: Quarter, :25 1-5; half, :48 3-5; three-quarters, 1:25 3-5; 1 mile, 1:37 3-5. His time is the best ever made over a circular track. The former record of 1:37 4-5 was made at Sheepshead Bay in 1901 by Brigadier. In that race Brigadier carried 112 pounds. Alan-a-Dale had up 110 pounds today, and was ridden by Jockey Crowhurst. The horse is owned by T. C. McDowell, of Lexington, Ky. The horse is by Halma Sudie McNairy, and is 4 years old. He broke down after winning the Kentucky Derby last year, and was retired for the season. The record broken by Rag Tag was formerly held by Dunois, who ran in 1:32¼ at Oakland.

Today's racing brought the downfall of McChesney, who was beaten in the Great Western handicap by John McGurk. Nothing but weight beat the gallant chestnut horse. He carried 134 pounds, and was conceding 28 pounds to the winner. After rating McChesney for the first mile, Jockey Dominick took him to the frant. An eighth of a mile out he looked like a certain winner, but tired under the heavy weight. John McGurk challenged him, and Dominick began to whip McChesney. The chestnut was done, and John McGurk won by a length. The time, 2:31 2-5, was a second and three-fifths faster than the time of the American Derby. Three favorites won. Summaries:

First race, 1 mile—Alan-a-Dale, 11 to 10, 1; Savable, 9 to 10, 2; Sioux Chief, 40 to 1, 3. Time, 1:37⅗.

Second race, 5 furlongs—Handsome Florrie, 13 to 5, 1; Nannie Hobot, 9 to 1, 2; Cognomen, 10 to 1, 3. Time, 1:00⅗.

Third race, the Great Western handicap, 1½ miles—John McGurk, 17 to 1, 1; McChesney, 3 to 5, 2; Little Scout, 9 to 1, 3. Time, 2:31⅖.

Fourth race, 6 furlongs—Irene Lindsey, 7 to 5, 1; L'Etrenne, 6 to 5, 2; Nellie Waddell, 50 to 1, 3. Time, 1:12⅘.

Fifth race, 7½ furlongs—Rag Tag, 6 to 1, 1; Orfio, 6 to 1, 2; Mary Glenn, 7 to 2, 3. Time, 1:32⅕.

Sixth race, 7½ furlongs—Stuyve, 5 to 2, 1; Antonius, 6 to 1, 2; Evelyn Byrd, 30 to 1, 3. Time, 1:32⅗.

American Railway Policy.

Up to June 30, 1902, the Dominion Government had given in railway subsidies $162,057,927; the Provincial Governments, $31,580,836, and the municipalities $16,465,604. By way of loans the Dominion has also given in aid of railways, $15,964,258, and the provinces $4,648,956. The land grants can only be roughly estimated, the C. P. R. alone receiving 25,000,000 acres. Canada has been far more generous towards railway enterprise, relatively, than the United States, in the matter of cash grants. Since 1850, the railroads west of the Mississippi River have received a cash bonus aggregating $65,000,000, more than 200,000,000 acres of land, and an additional sum approximating $35,000,000 paid in discharging interest on railroad bonds guaranteed by the Government. Every dollar received by the railroads has been repaid, and the subsidized roads are now paying annually in taxes more than $15,000,000, which in less than seven years amounts to the entire sum paid to the railroads by the Government. These land grants west of the Mississippi aggregate one-sixth of the entire public domain and about one-third of the arable lands, but at the time they were made there was not a railroad within 60 miles of the river, and the entire population west of it was only 1,481,000. Nearly one-half of the land, about 98,000,000 acres, has been sold to settlers by the railroads, which have induced more than 10,000,000 people to locate in the former western wilderness. The population of that territory is now 21,000,000, or nearly one-third of the population of the whole country.

Canadians will be struck with the fact that the United States railroads have paid back every cent of the bonus money advanced by the Government, whereas the cash grants to Canadian railroads have been free gifts. On the other hand, a larger proportion of the public domain has been alienated to railroads in the United States than in Canada. Strict comparisons are impossible, as pioneer railway construction in the Western States, with a great population in the east behind it, was not so hazardous an undertaking as a Canadian transcontinental line, backed by only four millions of people. There was never any doubt as to the future of the Western States; the Canadian Northwest twenty years ago was regarded with misgivings. The time has come when this country can afford to be less lavish, so to speak, in promoting transportation. In the matter of financial assistance the Dominion Government is approximating to the United States policy of taking security for moneys advanced. The guarantee of the Canadian Northern bonds is an instance. The Government will have a lien on the road for any moneys which, as the guarantor, it may have to pay to bondholders; but the probability is that it will not be called upon to pay a cent.

The Man Behind the Gun.

The organization of rifle clubs throughout the country is progressing rapidly. It is believed that in this movement will be found the solution of the main problem of the military defense of Canada. We notice the Y. M. C. A. of this city has enrolled a rifle club, which has been making very creditable scores. On the team are professional and business men, and a clergyman. It is a species of militarism as to which no man of peace need have any scruples. The military policy of this country is purely one of defense. Canadians will never be aggressors on this continent. Any aid given to the mother country in the old world will be voluntary and our military organization need take little account of such a contingency. If Canada puts herself in a condition of efficient self-defense, she will be doing her duty by the Empire. The South African war taught that a nation of good rifle-shots, without the framework of a regular army, with little training in the way of drill and with an easy discipline, can hold its own against tremendous odds. The Canadian militia department is trying to turn the lesson to advantage by encouraging the formation of rifle clubs, and it is to be hoped this policy will be still further developed. With a stiffening of regulars and militia a body of two hundred or three hundred thousand men, accustomed to the use of the rifle, would be a grand bulwark of defense. The great merit of the scheme is that it does not foster the spirit of militarism which is a curse to any country where it prevails. Canadians want no privileged class, no distinction whatever between the civil and the military. The rifle corps are composed of civilians in no way set apart from their fellow-citizens. In all probability no Canadian will ever have to shoulder a gun to repel an invader, but he is none the worse for knowing how to shoot straight. In addition the man who goes in for rifle practice derives a fund of pleasure and physical benefit from a bracing out-door exercise.

One Effect of Culture.

[Washington Star.]

"All dat education does foh some folks," said Uncle Eben, "is to learn 'em a few mo' words to talk foolishness wif."

A Fine Old Custom.

[Toronto Star.]

An English school boy, writing in an examination on the advantage of emigrating to Canada, said: "When a man has lost his charcter he should go to Canada, where he will not want one." This is what we get by dropping the fine old English custom of demanding certificates of character. It reminds one of the old story about the Irish girl, who had such a document, which, unfortunately, blew out of her hand one day in mid-ocean. A passenger—Irish, no doubt—wrote something to serve as a substitute, and the girl sought a position as housemaid in Montreal, showing the following recommendation: "Norah O'Brien had an excellent character when she left Irland, but she lost it coming across the sea."

"Public Opinion" or Official Cowardice?

[Chicago Tribune.]

The City of Wilmington and the State of Delaware have been disgraced by one of the most brutal negro lynchings in the history of this country. They are now even worse disgraced by their leading executive officials.

These men—the governor and the attorney-general of Delaware, the mayor of Wilmington and the judges of the courts—have decided to allow the murderers and rioters who burned a living human being at the stake to go scot free of punishment.

Their determination was reached during a conference, at which "it was agreed that in face of a united public sentiment in support of the lynching law and order would best be served by considering the entire incident as closed." This statement is reported as coming from an "authoritative source," which can mean only one of the officials present at the conference.

Evidently it is not a "united public sentiment," but a plain case of cowardice, that has led the officials to this determination. Law and order cannot "be served," nor can the incident be considered closed until the guilty men have been punished.

The governor, the mayor and the other officials must now be listed among the inciters of the riot. They are the worst anarchists of their state. They have betrayed the law, of which they are the sworn servants, and upon their heads will be the guilt when the next human life is sacrificed at lynchers' hands.

Lorna Doon.

[Cleveland Plaindealer.]

Readers of Lorna Doone, Mr. Blackmore's one great book, will be interested in the fact, brought out in a recent book on Exmor, that there was a real settlement of outlaws by the name of Doone in that country in the seventeenth century. The tradition of these lingered in Blackmore's time, and he gathered his information from "nurse tales," with which the children of the Exmoor yeomanry were still deliciously thrilled. The best of the story is that the Doone's lingered on in poverty and impotence, through the milder time of the eighteenth century until about 1800, when the last survivor went out with his grandchild to win a few pence by singing Christmas carols and both were found dead in the snow. That was a pitiful end for Mr. Blackmore's race of lusty outlaws.

JUST ONE MORE

Remarkable Cure of Dropsy in Montreal—Dodd's Kidney Pills Again.

Montreal, June 29. — One more remarkable cure of Dropsy by Dodd's Kidney Pills has been given to the public. George Robertson, 392 James street, this city, is the man cured and his case was a bad one—so bad that he had to be tapped. Speaking of his cure Mr. Robertson says:

"I was a total wreck before I started to use Dodd's Kidney Pills. When I got out of bed in the morning I could hardly put my foot to the floor they were swollen so much from Dropsy. My arms used to swell at times so that I could not put my coat on. Before I had taken two boxes of Dodd's Kidney Pills I felt greatly relieved. Seven boxes cured me completely. I don't know what it is to be sick since."

POPE GOES A-GARDENING

Takes a Long Drive in the Open and Is Not Fatigued.

Rome, July 2.—The best proof that there is nothing serious the matter with the Pope's health, is that he descended to the Vatican gardens Monday morning for the first time this year, and was driven about for an hour and a half. The Pontiff seemed to enjoy the open air immensely, and noticed the changes made in the gardens since last year. He was specially interested in the growth of the vines planted by himself and made inquiries regarding the prospects of the vineyards. When the Pope returned to his apartments, he was not in the least fatigued, and received several bishops, including Right Rev. John Rooney, Coadjutator Apostolic Vicar of Cape Town, Cape Colony.

He who dives to the bottom of pleasure brings up more gravel than pearls.

A CURE FOR COSTIVENESS.—Costiveness comes from the refusal of the excretory organs to perform their duties regularly from contributing causes, usually disordered digestion. Parmelee's Vegetable Pills, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

SUFFERING WOMEN.

Tired, Nervous, Aching, Trembling, Sleepless, Bloodless---Pe-ru-na Renovates, Regulates, Restores---Many Prominent Women Indorse Pe-ru-na.

AMERICA is the land of nervous women.

The great majority of nervous women are so because they are suffering from some form of female disease.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes:

"Peruna has certainly been a blessing in disguise to me, for when I first began taking it for troubles peculiar to the sex and a generally worn out system, I had little faith.

"For the past five years, I have rarely been without pain, but Peruna has changed all this, and in a very short time. I think I had only taken two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life. I give all credit where it is due, and that is to Peruna."—Emma Mitchell.

By far the greatest number of female troubles are caused directly by catarrh.

They are catarrh of the organ which is affected. These women despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is catarrh which is the source of their illness. In female complaint, 99 cases out of 100 are nothing but catarrh. Peruna cures catarrh wherever located.

Chronic invalids who have languished for years on sick beds with some form of female disease begin to improve at once after beginning Dr. Hartman's treatment.

Among the many prominent women who recommend Peruna are: Belva Lockwood, of Washington, D. C.; Mrs. Col. Hamilton, of Columbus, Ohio; Mrs. F. E. Warren, wife of U. S. Senator Warren, of Wyoming.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

London, July 2. — William Brown, a coachman's son, who married Mabel, Countess Russell, at the registry office in Porthmouth, last December, when he posed as a Bavarian nobleman, and who was arrested on the charge of making a false entry in the marriage register, has pleaded guilty of misdemeanor and has been sentenced to two days' imprisonment.

AS THE OIL RUBS IN, THE PAIN RUBS OUT.—Applied to the seat of a pain in any part of the body, the skin absorbs the soothing liniment under brisk friction, and the patient obtains almost instant relief. The results of the use of Dr. Thomas' Eclectric Oil have surprised many who are unacquainted with its qualities, and once known it will not be rejected. Try it.

Tortured with Pain.

Too Weak to Work.

ULCERS, BOILS AND PIMPLES ALL OVER HER BODY.

Such was the condition of Mrs. Samuel Deitz, Zurich, Ont.

She happily found relief from her terrible suffering by using

Burdock Blood Bitters.

A remedy without a rival for the cure of all diseases and troubles arising from bad blood. A record extending over a quarter of a century and thousands of testimonials will prove this. Mrs. Deitz writes: "Too weak to work, tortured with the pain of ulcers, boils and pimples all over my body, especially on my face. I had almost made up my mind to give up trying to have them cured. I was ashamed to have any person come to see me, my face was in such a terrible state. I tried everything I could think of but got worse and worse. I was then led to try Burdock Blood Bitters and was surprised at the wonderful change the first bottle made. Altogether I took seven bottles and am now completely cured and am in perfect health again. I feel that B.B.B. saved my life."

THE SHAW-WOOD ESTATE

Contest Over Estate to Have Private Hearing.

A dispatch from Toronto says: The heirs of the late R. Shaw-Wood, of London, appeared before Chief Justice Falconbridge today to contest the will, but the matter was adjourned to a private hearing, and is to be settled. The estate is about $350,000.

Both Were Killed.

Montreal, Q., June 30.—A carriage, driven by George Lamontagne, a hackman, in which was Mrs. Decarre, a French-Canadian lady, aged about 50, was struck by an incoming Grand Trunk train at the Cote street crossing last night. The rig was smashed to pieces and both the carter and the woman were killed.

Soldiers Kill Peasants.

Vietnna, June 30.—One thousand peasants at Kopreinitz, Croatia, where Friday's disturbances took place, on Saturday attacked the troops quartered there. The soldiers fired on the mob, killing five persons and wounding several others. A number of persons were arrested, and a battalion of infantry has been sent thither.

—The Grand Trunk city ticket office, at the "clock" corner, will be open this evening for the sale of Toronto excursion and other tickets.

JUST THE THING THAT'S WANTED. —A pill that acts upon the stomach and yet is so compounded that certain ingredients of it preserve their power to act upon the intestinal canals, so as to clear them of excreta, the retention of which cannot but be hurtful, was long looked for by the medical profession. It was found in Parmelee's Vegetable Pills, which are the result of much expert study, and are scientifically prepared as a laxative and alterative in one.

Sunshine Furnace.

REGULATED LIKE A WATCH.

"Sunshine" dampers are so ingeniously arranged and control the fire so perfectly that the consumption of fuel can be regulated almost as accurately as a watch—the operator knows just what time a certain quantity of coal will retain fire and the degree of heat it will produce.

All parts of "Sunshine" furnaces are mechanically correct—the castings are clean and extra heavy, while the steel used in the dome is of the finest quality and is specially made for the "Sunshine" furnace.

Every detailed feature in the "Sunshine" has its purpose, and all combine to produce the most heat from the fuel consumed and distribute it without waste.

THE MARKETS.

STOCK MARKETS.
NEW YORK.

H. C. Becher, broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, July 2—Noon.—A reactionary tendency is manifest in today's market, and prices have eased off during the forenoon session. Superficial at the best, the market was soft, with widening pressure here and there, but the undertone is relatively good. There has been much selling around the room and evidence of nervousness. Some short lines have been put out, but they are not indicative of the bear side. The opening was lower, there was momentary steadiness and the prices steadily declined, but without evidence of any serious break impending. In the decline L. and N. suffered severely, opening up with 1¼ points loss, and exhibiting naked weakness. What news there was seemed to be of an encouraging nature. Money was slightly easier. Towards noon the Waldorf following tried to rally the market, but met with little following. Sales to noon, 128,100 shares.

THE LOCAL MARKET.
WEEKLY REVIEW.

The markets held here during the past six days were about up to the average so far as attendance and supplies were concerned. Prices fluctuated very little from those paid in the previous week. Trade has been fairly brisk for the various lines of produce offered.

Grain—Oats comprised nearly all of the offerings in this line. Prices have advanced a little in the past couple of days and are now quoted at 94c to 95c per cwt. The grain dealers do not look for any great change in prices, unless the conditions of the new crop are unfavorable.

There has been considerably more hay offered than on the previous week, about 140 loads being on the stand on the various market days. Sales are fairly good, at $7 to $9 per ton. A couple of loads of new hay sold at $8 and $8 50 per ton. There is a moderate demand for the small supply of straw, at $2 50 per load, or $5 per ton.

Butter and eggs—Butter is extremely dull. All of the dealers report a large stock on hand, and a slow demand is consequence. Prices so far have remained steady, but there is an easier tone to the market. Eggs are fairly brisk, at 13c per doz by the crate and basket lots.

Potatoes are easier for old stock, and prices are expected to drop. Sales have been made at $1 60 to $1 65 per bag. A few lots of new potatoes sold at 40c to 50c per peck.

Fruits—Strawberries will be at their end within the next few days. Present prices are 5c to 6½c per box. Gooseberries are plentiful, at 5c per quart. black currants, 10 to 12½c per box. Apples are out of the market.

Poultry—Spring chickens comprise nearly all offered in this line. Prices run at 50c to 60c per pair for live birds, and 60c to 80c per pair dressed.

Dressed hogs—Owing to the warm weather there is very little movement in this line and prices are lower, at $7 per cwt for most of the hogs offered.

Live hogs—The price paid here last Monday was $5 40 per cwt. The market is now weak and the prices may be lower for next Monday's shipment. Small pigs sell at $5 to $6 per pair. A shipment of heavy sows and stags will be made from here on Monday next, for which 3½c to 3¾c per pound will be paid.

A shipment of sheep will also be made on the same day. The buyers are offering 3¼c and 3¾c per pound, live weight.

Wool sells at 7¼c per pound for unwashed.

London, Thursday, June 2.

There was a small attendance at the market and the supply of the products of the farm was in keeping with the small crowd. Consequently but very little can be said about the market. For what produce was offered there was quite a brick demand and prices were unchanged in most of the lines offered.

Grain—There were over 20 loads of oats offered and prices ruled at 94c to 95c per cental, nearly all the loads selling at 95c. A couple of loads of wheat sold at $1 20 per cental.

Twenty-two loads of hay were on the stand; four of the number were new hay, which sold at $6 to $8 per ton, and the old hay went at $7 to $8 50 per ton; the demand was fair; it is expected there will be very little old hay offered after this week, as the cutting of the new crop has commenced, and next week will see nearly all of the farmers engaged in harvesting it.

Butter and Eggs—There was very little doing in this line, the supply being small and the demand slow; prices were about as quoted.

Vegetables and Roots—Old potatoes are slower of sale, at $1 50 and $1 60 per bag; new potatoes are becoming more plentiful, at 40c to 50c per peck.

Poultry—Scarce, at prices quoted.

Dressed Hogs—The few offered sold at $7 and $7 25 per 100 pounds.

Butchers' Meats—A small supply and prices unchanged.

Wool—The few lots offered sold at 17c per pound for washed.

Fruits—Strawberries were in light supply at 5c to 8c per box; gooseberries were lower in price, at 4c to 5c per box; black currants at 10c per quart and box; red currants, 4c to 5c per box; cherries, 8c per quart.

Hides have advanced ½c per pound.

AMERICAN MARKETS.
CHICAGO.

H. C. Becher, broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Co. yesterday:

Chicago, July 1.—The market opened easy on further liquidation, influenced by rain in the spring wheat territory, while winter wheat harvesting conditions and indications of a free and early movement of new wheat. Prices were nervous and subject to quick changes and in the end showed less loss than might have been expected. Oklahoma and Kansas have reaped a heavy crop, but returns are disappointing from Missouri, Kentucky, Tennessee, Illinois, Indiana and Ohio. With this in view it will be safer to go short on the rallies for the time being. The Liverpool market was ½c to ¾c lower. Estimated receipts tomorrow, 25 cars. Corn—After a brief period of weakness at the opening prices were advanced sharply on relatively small purchases. The periodic weakness in wheat was felt in corn. Weather conditions were generally favorable for the crop and demand for shipment poor. While present weather conditions are favorable to growth the outlook for the late planted corn is very uncertain, it being particularly susceptible to hot weather. We favor purchases on the breaks of the September and May options. Estimated for tomorrow, 390 cars. Oats—The trade in oats was limited, with prices highest early in the session. The weakness in the other pits closed the market fractionally lower. The demand for local receipts and for shipment was only fair. While there are complaints of too dry weather from Illinois, the crop shows improvement in the Northwest. Estimated receipts for tomorrow, 180 cars. Provisions were lower early on the price of hogs at the yards, but reacted on buying of ribs by brokers, supposedly acting for packers, and heavy buying of short September lard by a commission house. Market quiet and trade dull the greater portion of the day, with business chiefly consigned to changing operations. Estimated hogs for tomorrow, 20,000 to 25,000.

C. P. R. GOT EXTRA TRAFFIC.

The C. P. R. got a good share of the extra traffic which was created by the gathering of the Toronto Old Boys, which commenced in the Queen City yesterday. It ran a special from Chicago, and another from Detroit, the trains being made up of Pullmans and passing through the city yesterday morning as sections of the regular train, No. 4 express, due here from the west at 4:30 o'clock. The Chicago train comprised twelve cars, and the Detroit train was about the same. The regular had additional cars, owing to the rush of the holiday traffic. The Chicago express, due from the east at 11:25 p.m., went through on Tuesday night in two sections, the extra section being necessary owing to the holiday business.

THE Y. W. C. A. LUNCHROOM.

The new lunchroom of the Public Library Building is proving a great convenience to the young women of this city who prefer getting their lunch down town to a long walk home for their usual dinner. The room is cool and airy, the lunch is daintily served, and the surprise is, how it can be done for the money, viz., eight tickets for one dollar to non-members, and ten tickets for one dollar to members. A number of gentlemen have expressed a desire to be admitted to the privileges, but the laws are as inexorable as those of the Medes and Persians. The enterprise was started by the Y. W. C. A. for the benefit of the young women of the city, and it has proved a success judging from the number who have availed themselves of its privileges and the general satisfaction with its management.

The bride carried white roses and the bridesmaid a bouquet of pink roses. The flower girl was little Blanche Buskard, a niece of the bride, and Mr. Franklin Day, a brother of the groom, was best man. Mr. Flint, of this city, played the wedding march.

The bride was the recipient of a large number of very handsome presents, many of which came from friends in distant places. BRICKLAYERS AND MASONS

Conference of Unions Brought to a Close.

Favors Affiliation With American Federation of Labor.

The conference of the Bricklayers' and Masons' Union concluded its business and adjourned yesterday. Past President Bro. Izzard, of Toronto, installed the newly-elected officers as follows:

President—J. T. Laing, No. 1, Hamilton, Ont.

Vice-President—E. Chamberlain, No. 19, Collingwood.

Secretary—H. Rymill, No. 5, London.

Treasurer—W. H. Yates, No. 1, Hamilton.

Brantford was chosen as the place for holding the next conference on Dec. 1, 1903.

The conference decided in favor of affiliation with the American Federation of Labor, but not in favor of the I. U. mortuary fund being established.

Delegate Kerr, as president of the Trades and Labor Council of Brantford, extended an invitation for Labor Day to all the local unions represented, as it is their intention to make it the largest Labor Day demonstration ever held in Canada.

President Laing, of Hamilton, congratulated the delegates on the success of their first conference, and the absence of strikes with any of the B. and M. I. unions.

An assessment of 20 cents is all that has been levied for the past eight years.

MANY ATTENDED SOCIAL

Garden Party at Delaware a Distinct Success,

Notwithstanding That Attendance Was Somewhat Lessened.

The Methodists of Delaware have, for the past fifteen years, held an annual garden party on the lawn of Mrs. Bodkin's beautiful residence there. It was held this year yesterday, and while not quite as largely attended as in some past years, was a ditinct success. The Caledonian games in this city had something to do with the decreased attendance and the rain, too, coming at the hour it did, kept many away who would otherwise have gone to it. It affected the programme only to this extent, that instead of it being carried out in the open air, it was given in the church. Rev. S. McVittie introduced the various numbers. The larger part of the programme was provided by the London Male Quartet—Messrs. Garthwaite, Moule, Glass and Marriott. Each of the members of this quartet is very favorably known in this city and the surrounding country for his individual ability as a singer, and their combined efforts are proportionately pleasing. Their singing last night delighted all who heard them. Mrs. Becket, soloist, of Detroit, and Miss Stella Livingstone, elocutionist, of Petrolea, also assisted very materially in the evening entertainment. Previous to it supper was served by the ladies of the church. Notwithstanding the counter attractions and the rain the church was far more than filled and all greatly enjoyed themselves.

LONDONERS LOST

Went Down Before Waterloo in the Tennis Matches.

The hardest kind of luck helped to lose the first game in the W. O. L. T. A. series for London at Waterloo yesterday. A series of mishaps attended the Londoners, but they put up hard fights. The scores were:

SINGLES.

Phelps, London, beat Somerville, Waterloo, 6—4, 11—9.

Laird, Waterloo, beat Stratton, London, 6—3, 6—2.

Seagram, Waterloo, beat Hunt, London, 6—4, 6—3.

Hendry, Waterloo, beat Gresley, London, 6—2, 6—1.

Kershaw, Waterloo, beat Bayly, London, 6—4, 6—1.

DOUBLES.

Gresley and Hunt, London, beat Kershaw and Hendry, Waterloo, 6—3, 5—7, 6—4.

Laird and Seagram, Waterloo, beat Stratton and Phelps, London, 1—6, 11—9, 6—4.

A high wind prevented real good tennis. It is interesting to notice that notwithstanding the intense heat, Phelps played no less than 67 games, Seagram 56 and Stratton and Laird 53.

A HOLIDAY VISITOR.

MR. JOHN FAIRGRIEVE.

Among the holiday visitors to London was Mr. John Fairgrieve, of Detroit. Mr. Fairgrieve did not come here to celebrate the First of July, but simply to participate in the Caledonian games. He is an old-time member of the St. Andrew's Society of this city, and before going to Detroit he took an active part in promoting every Caledonian gathering held here for many years. Since going to the land of Uncle Sam, he has continued his interest in Scottish affairs, and has been honored with the position of president of St. Andrew's Society there. Many of his old friends in this city were glad to see him once more, after an absence of several years.

BLEW THE SAFE OPEN

Burglars Worked in London on the Holiday.

Got Little Money for Their Trouble, But Destroyed the Safe.

Safe-smashers have been at work in London. All along the line from the east have come reports of safes being broken into, the last place visited being Stratford. Last night they were booked for London, but as they do not send their dates to the police, nor to the people to whom they give surprise parties, no one was ready for them here. The London Bolt and Hinge Company's offices, on Maitland street near the C. P. R., were chosen as a good quiet spot to celebrate Dominion Day, and this morning when the manager arrived he found that the safe had been blown open with nitroglycerine. The burglars had entered the factory through a window, breaking in the office door.

The culprits got little for their trouble, only about a dollar and a half in change being in the safe. They took several checks, but these being payable to the order of the firm, there is no chance of the men raising any money on the paper. While that part of the affair was not a serious one for the firm, they did lose something, for the safe was badly wrecked. It also scattered things about considerably in the office. The work was evidently that of experts, as indicated by the way the fuse had been laid. The police were notified this morning, and are trying to locate the men. As the police throughout the country are aware of their presence, it is likely that before long they will be rounded up.

THREE YEARS IN KINGSTON

John Head Sent to Penitentiary for His Crime.

Police Harvest Dominion Day Small—More Women in Court.

Three years in Kingston Penetentiary was the sentence passed upon John Head by Magistrate Love. The sister was remanded for a week and will be allowed to go on suspended sentence. In the meantime a shelter will be provided for her by Inspector Sanders, the girl being almost a juvenile.

There were only three intoxes. All three were discharged.

Another citizen of the carting-without-a-license habit appeared. He wanted to know if he really had to pay. Informed that he had, he took out a license.

In a second teamster case counsel argued that the defendant teamed from out of the city into the city. The magistrate held that he came within the reading of the bylaw and allowed a week in which to make an appeal.

A holiday visitor had a rather serious charge registered against him, that of resisting a policeman. P. C. Dan Thompson had arrested him. He pleaded guilty to this and to being disorderly, attributing his conduct to being intoxicated. The circumstances were such, the young man having never appeared there before, that the magistrate felt justified in not sentencing him to imprisonment. He paid $10 and costs.

Mrs. Ward stood up to the charge of keeping a disorderly house. The case was not pressed by the chief. Mr. Ward was present and promised to return to his wife, and the case was withdrawn. Miss Tribe told the court she would leave for her home, which is in another part of the country. She was dismissed.

One more of those frequent neighbors' rows was ventilated—but in the juvenile court, one of the defendants being a little girl. The complaint of abusive language was laid by Mrs. Feilds, Marshall street. It was not against Mrs. Maggie Lynch, as stated a few days ago, though that was the name on the information, but against the little girl and another neighbor. Six or seven girls and women were the interested parties today. Defendants were bound over to keep the peace.

HER EARNEST TROTH

They had a very jolly evening, and returned to the gamekeeper's lodge to sleep. During the evening they had sung "Auld Lang Syne," and registered a vow of friendship to James Frost, arranging to accompany him and his bride to London, and to make a pleasant trip of it by stopping a night with them to go to the theater.

The day came for Lucy to take leave of her dear mistress. The child seemed loath to part with dear Auntie Bethel, and everyone lamented Lucy's departure, and wondered how Lady Lufton would manage without her. Lucy, thanks to her mistress' generosity, took a rare outfit of fine linen and serviceable clothes, both for herself and the child. Lady Lufton, immediately they had left, gave orders for the lodge to be beautified by their return, which was supposed to be in about a month.

Quite a merry party settled in the second-class compartment of the London express; Lucy prettily blushing and nervous; her lover in high spirits and determined to be jovial. A pack of cards were produced and cold brandy and water and cigars, so that the men at least made merry, and to them the journey seemed short. Lucy, on the contrary, seemed anxious that it should end. It was pretty to see how timidly she received her lover's boisterous attentions, and with what modest grace she spoke of the coming marriage and marveled if her friends would think she had too soon tired of her widow's cap. Arrived in London, the detectives parted with the wedding pair with professions of good fellowship, drank to their health and happiness and arranged to see them at Lufton soon.

When they had seen the last of their new friends they were joined by David Frost and his old mother, and they set off on their new journey in good spirits. Arrived at Liverpool, Lucy went, as arranged, to her friends, and there was a quiet wedding, but the name of the bridegroom was David, not James, Frost, and the only bridesmaid was pretty little Beth, and the witnesses Dan and Mrs. Frost, who expressed herself, dear soul, as "feeling like a wiffle-woffle, all of a twitter," a fluttering complaint peculiar to old ladies, who can find no better way to portray nervousness.

* * * * *

Guests were dispersed at Lufton, only little madame and Dr. Pyne remained. They shared Bethel's confidence at last; for, with tears in her eyes one evening, she, in the gloaming, told her story to her old and tried friends. They were very sorry for Brinley, and managed to let him know so without exciting too much sensibility; then they begged to be allowed to accompany Bethel to Liverpool to see her off to her new home, and persuaded Brinley to be one of the party. He consented, so Lufton was shut up, leaving only the oldest servants in charge.

A letter informed the old lawyer that the latest will had been found, and that Lady Lufton, not liking the change in her position, and positively refusing to reside in the musty old dower-house, had decided to travel for a few months till the scandal, like an evil vapor, had dispersed.

So the little party journeyed on to town, did the shops, made each other presents, went for a last time to the theater together, and set off with heavy hearts to Liverpool, leaving Puck with a pocket full of money in a promising berth at a hotel, Brinley having decided that he was a great deal too inquisitive to be intrusted with the confidence of private individuals.

Arrived at Liverpool they put up at the Waterloo Hotel, found out some friends, and gave a supper party. When the time came for Bethel to join her husband and child, Brinley drew her apart with a haggard face and said:

"Bethel, do not quite forget old friends; this may be the last parting for us on this side of the grave; say something kind to me, dear, I feel very lonely now the time has come to part from you."

His kind eyes looked into hers so sadly that Bethel was moved to put up her sweet mouth, and say:

"Give me a kiss of peace, dear friend, and promise that when you want a change of scene you will come to us. It will be but a pleasure trip to one who loves the sea as you do."

They were alone now, and Brinley took her in his arms, and laying his pallid cheek against her dark head, said sadly:

"I have loved you, sweet, with the best love of my life, and when this pain at my heart deadens, I will come and see you in your new home; until then I shall never realize that you are another man's wife."

"You will come, and soon, too, Brin, with a dear, devoted wife beside you. Think what happiness and a sea voyage might do for Margery. I have heard that, next to being happy one's self, is to render another happy; so go, give your confidence to Margery, and bring a good woman to reign at Lufton, and disperse the shadows left by a less noble mistress."

Brinley shook his head and smiled sadly to find Bethel turned matchmaker, but sighed when she continued:

"Do not let a sweet life fade for want of a little love."

And in reply he laid his lips on hers to silence her, and said:

"After loving you, my queen, how shall another content me?"

And she said softly, "Wait and see."

Little madame was full of sincere grief, for Bethel was very dear to her good heart. Dr. Pyne smiled to see how the little woman lingered about his old friend, seeming so loath to part from her. He had grown to count this quaint, clever little wife of his his dearest treasure. The pure calm affection he entertained for her seemed, as compared with his hot passion for Bethel, as a heaven-sent solace to heal and strengthen a fever-wasted life. He was glad to know that he now valued her "far above rubies." He had counted Bethel as a queen-ruby in the summer-heat of his desire to have her as a wife.

Bethel was grieved to say farewell to these good friends, but her heart was with the lover of her early youth, the husband of her womanhood. Somehow, by becoming wholly his, she brought back her self-respect and hope of heaven. Dr. Pyne told her that when his friend Lufton came to spend his honeymoon in that sweet summer land in which she was to make her home, he and his dear wife would accompany them and experience a happy reunion. The promise gave Bethel and dear little madame great pleasure. It was so much easier to part then, hoping to meet again.

Ah, blessed hope, how dark this life would be without that radiant beacon-light to guide us past the shadows to that ever glorious to be!

That last evening together the friends spent very quietly, sitting hand in hand in the gloaming in silence, broken occasionally by little madame's sobs and her husband's soft soothing. Bethel sat by the window looking out on the busy street, her eyes resolutely turned away from Brinley's suffering looks. He was very cheerful, but somehow his cheerfulness was more saddening than the most evident sorrow.

TOP LINERS WERE BEATEN

St. Johns Fall Down to Rockets—Londons Easily Defeated by McClarys.

The St. Johns were taken down a peg by the Rockets yesterday morning at Tecumseh Park, when one of the largest crowds of the season went out to witness the game. In the afternoon McClarys defeated the Londons, and this exhibition was seen by a much larger crowd than the first one.

No one would have played the Rockets as favorites before the fifth inning. The St. Johns did smooth work up till that time and scored five runs on well-placed hits and several errors. In the fifth, however, Clark went to the bad and had his delivery met to the extent of eight hits. With several bad errors this counted 12 runs for the Rockets. Hosie was the principal in a pretty triple play in the seventh. The Rockets scored four runs in the eighth. The score:

THE SECOND GAME.

From the spectators' standpoint the second game, which commenced at 3:30 p.m., was almost all that could be desired, although plenty of costly flukes were made. Sheere was hit hard all through and he did not receive the usual good support generally given him by the Londons. On the other hand, McClarys were able to hold the Londons down to four runs. Gibson, for the McClarys, pitched a great game. He did not throw four balls in succession and struck nine men out. The score:

Chambers, D. Sinclair and B. Bingham (skip). In the double rink competition, Ridgetown was, London dropped out in the semi-finals, being defeated by Dresden. In the single rink competition, London and Aylmer were tie, and a thudershower prevented the tie being played off. LACROSSE.

TORONTO TEAM WON.

Toronto, July 1. — The 'Varsity lacrosse club this afternoon defeated the Oxford and Cambridge team by 7 to 2.

The Athletics of St. Catharines defeated the local Tecumsehs in a senior series C. L. A. game by 7 to 2.

TOUGH STRUGGLE AT MONTREAL.

Montreal, Ont., July 1. — There was a record-breaking crowd on the Shamrock lacrosse grounds today, about 12,000, to witness the first match between the Shamrocks and the Brantfords for the Minto cup. After a brilliant match the Shamrocks won by a score of 6 games to 5. After clever work on either side, Hendry scored in about four minutes. Kavanagh ran Dade down and sent the ball to the home, and after Hess stopped shots from Hoobin and P. Brennan, Hennessy scored the second game. The fourth game was short, in about four minutes J. Brennan tallying. The fifth lasted about three minutes and a half, and was fully as fast as the others, but the Shamrocks were mostly on the aggressive, and while P. Brennan ran in and checked Hess, J. Brennan drove in a score. The sixth went to Brantford. After a minute and a half attack by the Sharmocks, Brantford came in like a whirlwind, and Doyle, who had just come on again, put in a score. The seventh also went to Brantford inside of three minutes. It was a Shamrock attack, however.

MONTREAL LOST.

Cornwall, Ont., July 1. — Cornwall beat Montreal here today by a score of 4 goals to 2. It was a very exciting game and the article of lacrosse put up was good. Cornwall were superior at the home end. Cornwall had men ruled off on six occasions and Montreal once.

NORTH BAY VICTORIOUS.

North Bay, Ont., July 1. — The intermediate C. L. A. match played at Sturgeon Falls today between North Bay and Sturgeon Falls teams resulted in a victory for North Bay, the score being 3 to 0.

BEATEN BY ALMONTE.

Perth, Ont., July 1.—Perth Crescents suffered their first defeat this season in a league match played here this afternoon with Almonte. Score, 7 to 2. The game was free from roughness and was interesting throughout.

ENDED IN A FIGHT.

Thamesville, Ont., July 1. — The game in the junior series, C. L. A., here today between Chatham and Thamesville proved to be a pugilistic contest. The teams were evenly matched and the first quarter was a good exhibition of lacrosse. After this the game became very rough and slugging and free fighting on both sides did much to kill any future interest in the game here, the spectators being the cause of many mix-ups. Referee Knight was fair to both sides and his ruling off of the men was justifiable. The game at last came to an end, through slugging. About three-quarters were played. Score, 5 to 2, in favor of Chatham.

CAPS NOT IN SHAPE.

Ottawa, July 1. — By a score of 9 to 4 the Toronto lacrosse team outplayed the Capitals today, and convinced every onlooker that the Ottawa team in the present shape is badly out of the running for championship honors. The Capitals were easy for the Queen City lads, and would be playtoys for the Shamrocks. It was a grave disappointment to the home supporters, and steps will be taken to strengthen the team by throwing out Johnnie Powers, Carleton and some of the old-timers. The only men on the home who played anything approaching lacrosse were Robertson, Westwick and Starrs. The Capital defense seemed to wander all over the field, while the Torontos stuck to the flags.

YACHTING.

CONSTITUTION STILL BEHIND

Newport, July 1.—The three American cup yachts raced again today over a thirty-mile windward course, and once more the Reliance demonstrated her superiority over the Constitution and Columbia. The 1903 boat defeated the Constitution by 5 minutes 30 seconds, and the Columbia by 5 minutes 49 seconds. The latter was beaten 19 seconds by Mr. Belmont's craft, but is an easy winner over her on time allowance. The time of 3 hours, 4 minutes, 27 seconds, made by the Reliance betters the new cup course of 3:09:03 made on Monday by the new boat.

BOTH CURED OF KIDNEY TROUBLE BY

Doan's Kidney Pills.

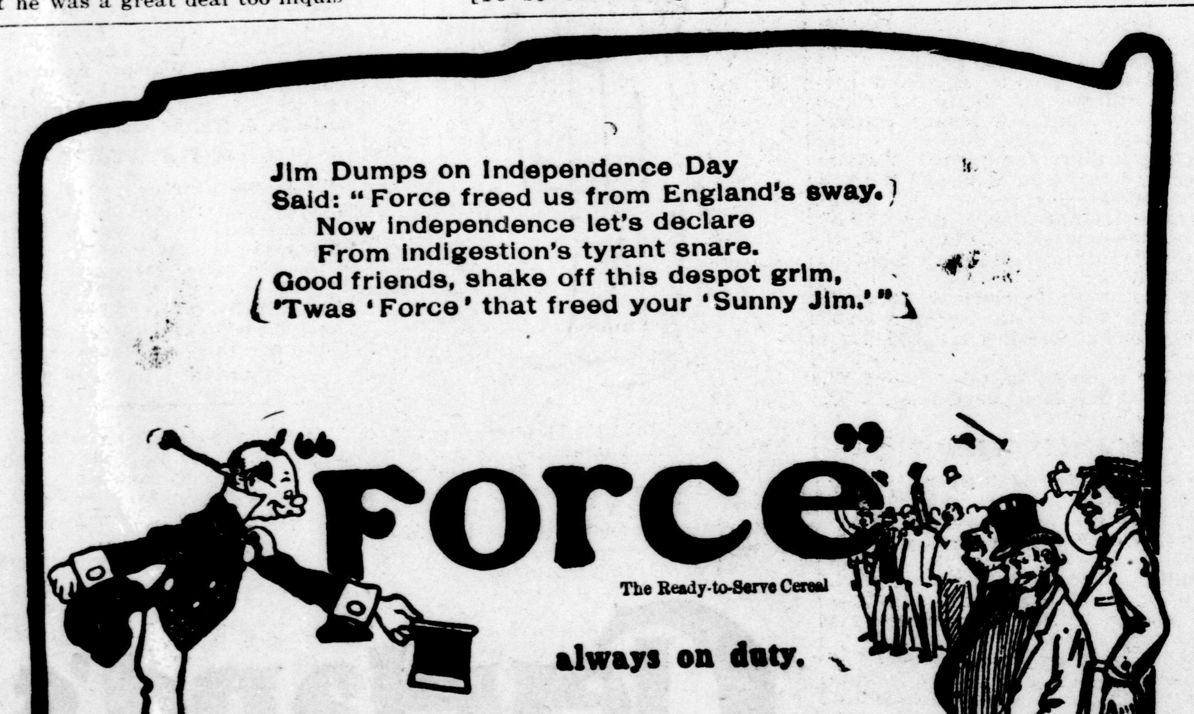

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

The First Sign of Kidney Trouble.

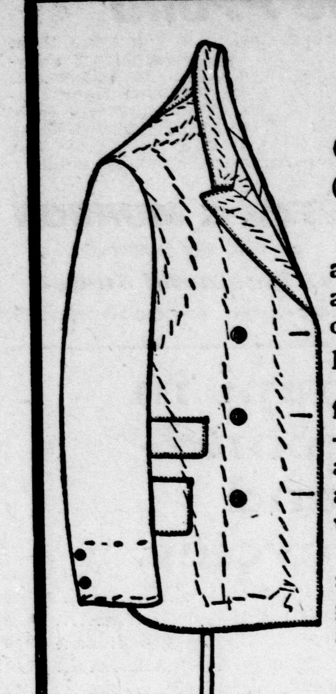

He says: "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. We got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidneys. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for $1.25 and may be procured at all dealers or from

Facts About Fit

SEMI-READY is made up to the "trying on" stage only.

The sleeves, shoulders, fronts and linings are "basted" so that a coat can be taken in, and let out before it is finished at any point where the fit requires.

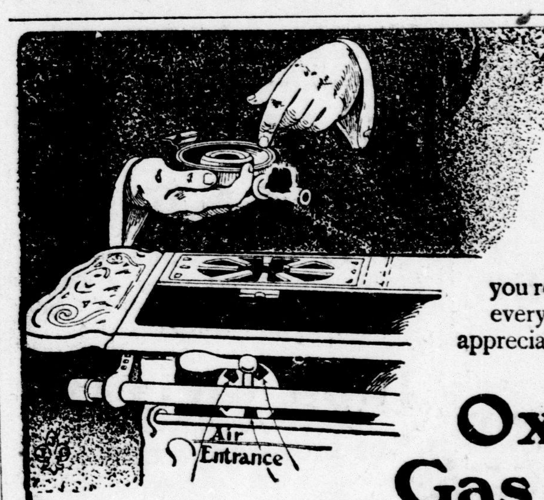

The whole garment is conformed to your individual shape—not merely to a part alone. If a collar is altered, the shoulder is also readjusted so that balance will be restored.

Whether you are portly, tall, stout or thin, you can rely upon getting exact fit in Semi-ready a few hours after your selection.

You can judge the pattern of the cloth and the expression of the coat—after it is made up, and before you pay a farthing.

A BUSY MONTH.

The firemen were busily engaged during June, answering eighteen alarms. Three of these were the work of alleged jokers, and another was due to a chimney blaze. The most serious fires were in the storehouses of Tanton & Son, the wholesale of MacMahen & Granger, both of which were situated on York street, within a block of each other. The total loss at the two places is supposed to have been in the neighborhood of $150,000. The damage to the warehouse of Tanton & Son was several thousand dollars, but the bulk of the loss occasioned by the fire was on the goods of persons stored there.

A SEVERE CASE OF LUMBAGO

Mr. James A. Searls, Norwich, Ont., Quickly and Permanently Cured by

Dr. Pitcher's Backache-Kidney Tablets.

Know what lumbago is?

Pain catches you right in the small of the back—makes stooping over or rising up excruciating agony.

Wrong kidney action is the cause of the trouble, and if you let Dr. Pitcher's Backache Kidney Tablets set the kidneys working right, you'll be quickly and permanently cured.

Mr. James A. Searls, the well and favorably known boot and shoe merchant of Norwick, Ont., made this statement: "During a recent sharp attack of lumbago, in which the pain was extremely severe, I took a bottle of Dr. Pitcher's Backache Kidney Tablets. They took the pain out of my back so quickly, and so far as I can see made a cure so permanent, that I consider them unequaled for that most prevalent and painful affliction. I am only too pleased to recommend them to other people who may be suffering as I was."

CALEDONIAN GAMES AND SCOTCH PICNIC
SPLENDID SUCCESS DESPITE THE RAIN

Magnificent Entertainment Provided by St. Andrew's Society Took Thousands of People Out to Queen's Park Both Afternoon and Evening.

SCOTCHMEN CAME FROM FAR AND NEAR TO WITNESS THE OLD GAMES

Competitors Were the Best in the Country—Many Came From the United States—Programme Lasted From Early Morning Till 10 at Night—Rain Interfered With Evening Performance, But Was Enjoyed by an Immense Crowd.

Queen's Park, yesterday afternoon and evening, was the scene of gatherings the like of which have not been witnessed in London for many years.

It is now close upon two decades since the Caledonian games were held in London, and it was with the object of reviving the old-time enthusiasm throughout the district that the St. Andrew's Society this year decided on the games which were held so successfully on the national holiday. In the olden days the city boasted of its Scottish organizations and their success in carrying out every undertaking. It was not an unusual thing, it is said, to see from 12,000 to 18,000 spectators gathered at the old exhibition grounds to witness the games. They would come from every part of the west, while the pipers, dancers and

DR. J. B. CAMPBELL,
Secretary of St. Andrew's Society.

brawny athletes were drawn thither by the big money which was yearly hung up. It invariably proved a great outing. But times changed. Differences arose, and for close upon twenty years London has been without a gathering strictly Caledonian.

SOME OLD BLOOD THERE.

Of the old blood there is now but very little left in St. Andrew's Society. Among the veterans are John W. Jones, the treasurer; Col. Macbeth, a past president; John Ferguson, and John Cameron. They were all there yesterday, each with a share of work, and they went at it with the old zeal of the early eighties. There is no questioning the success of the venture, even though the attendance was not as great as was hoped for. Eight thousand people passed through the gates in the afternoon, and in the face of a threatening sky, which proved to be the forerunner of a sharp wind and rain storm. Several thousands more found their way to the park in the evening. The crowds, in their summer attire, presented the appearance of a huge picnic party—and the day was to many

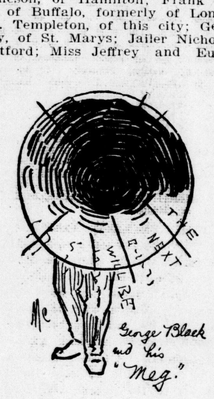

a regular picnic, for numerous parties went to the grounds in the morning with well-filled hampers, and spent a few hours in the cool park before the commencement of the games. It was inside the ring that the competitions were pulled off. The programme was one of the best ever arranged for London Caledonian games, and while the prize-money was big, the events were not few.

On the contrary, they were so plentiful that the first was called at 1:30 and the last was not pulled off until 7 o'clock.

A SWARM IN KILTS.

In the ring, before the stands, there was a regular swarm of men and girls in Highland costume—pipers and dancers—the best in Canada at the present time, and not a few of the veterans. Among them were "Willie" Johnston, of Montreal, admitted to be the leading piper and dancer in Canada; Wm. Munro and Murdoch McDonald, of Hamilton; N. McDonald, Toronto; Walter S. Sinclair, of Detroit; George A. Matheson, of Hamilton; Frank Wilson, of Buffalo, formerly of London; Wm. Templeton, of this city; George Gray, of St. Marys; Jailer Nichol, of Stratford; Miss Jeffrey and Eugene

Lockhart, of Toronto, besides numerous others from this city.

Of the athletes, there was but one of thet veteran class. He was Charles J. Currie, of Parkhill, who, with his brother, the late R. Currie, and Duncan McColl, made the town prominent as the home of three of the best athletes the country ever produced. Currie was not in condition, but for all that he could not stay away. Dan McLeod, the champion wrestler, of Hamilton, was another of the well-known men of muscle on the grounds.

There were deputations of Scotchmen from many places in the west. The Township of Westminster, noted for its large percentage of Scottish inhabitants, had a strong party. Jailer Nichol headed a deputation from Stratford; Dutton had its representatives, and even the Caledonian Society of Detroit was not without its delegation, including Messrs. Robert Rankin, Watson, Dr. McKenzie and John Fairgrieve, the latter an old resident of London, who for many years was a leading spirit in every Scottish undertaking. Right and left the day long, Mr. Fairgrieve was given the glad hand, and he finally came to the conclusion that it was the "brawliest day" he had ever spent.

CADETS OPEN PROGRAMME.

The St. Andrew's Highland Cadets, 60 strong, under Capt. Munro, were present during the day, and opened the programme with a royal salute, after which the band played the National Anthem. The band that attracted the most attention, naturally, was the organization led by Mr. Roselle Pococke, every member being attired in plaid trousers, cream serges and Glengarry caps. The Seventh Band was also in attendance and throughout the day it rendered selections, Scottish and otherwise.

The following are the results of the Highland competitions:

THE ATHLETIC EVENTS.

The athletic events included weight and shot-putting contests, jumping and racing, and the prizes were well-distributed. Currie only succeeded in taking one first prize. That he was not in condition was evident by his work in putting the 14-pound shot. His distance was under 39 feet, whereas his record mark was 51 feet 5 inches.

Bush, a Rochester sprinter, found it easy to land the first money in the events which he entered. He sprained his ankle in one of the short runs, and could not compete in the mile, open.

George Stewart, of the Forty-eighth Highlanders, Toronto, the world's champion with the sword and bayonet, was also a prominent figure in the contests.

Putting the 14-pound shot — 1 Harry Gill, Coldwater, 44 feet; 2 Jos O'Neil, Ridgetown, 40 feet 1½ inches; Charles J. Currie, Parkhill, 38 feet 5 inches.

Half mile foot race—1 J. McLeod, 2 G. Storey, 3 James Smith, Simcoe. Time, 2:10.

Vaulting with pole — 1 J. Bailey, Otterson, 8 feet 10 inches.

One mile foot race — 1 W. Ross; 2 John McLeod, 3 James Smith. Time, 4:50.

THE HORSE RACES.

There were two horse races on the programme. The trotting event was a one-two-three affair, with only three entries, as the summary will show:

Trotting race, 2 in 3 heats:

Sister Jane, W. F. Hepburn, St. Thomas	1	1	
Angey B., Dr. Hughson, Delaware	2	2	
Fred, C. C. Sellers, St. James	3	3	

Time, 2:34¼, 2:34¼.

There were seven starters in the running race—Logan Landerman, owned by C. F. Crystal, Goderich; Donnybrook, E. Kilbourne, Dorchester; Miss Patrick, Frank Sage, London; The Barns, R. Hueston, London; Ingabo, John Brierly, London Junction; Flossie G., John Kilbourne, Nilestown; and Dogtown, owned by Wm. Brown. The horses to qualify for the third heat, were Logan Landerman and Donny-

brook. The latter was ridden by a stable hand in the first heat, and won out, and in the second heat, with Johnny Malan, 13 years old, up, he was a very close second. The rider of Donnybrook, who had more of the appearance of a boy of 10, was the favorite with the crowd, and when he came to the front for the third heat, there were few who did not want to see him win. For a time it looked as if their desires would be gratified, for the little fellow kept to the front until he was within one hundred yards of the wire, when he was displaced by Logan Landerman, who kept a lead of less than a length to the wire. The time was 51 seconds.

Donnybrook was not content with circling the track in three heats, for at the end of the deciding mile, he continued to run, getting altogether out of the control of the little rider. Five or six times the horse went around the track, each time breaking into a hard gallop when he approached the stands, until finally he was so exhausted that a couple of stable hands succeeded in stopping him. The little rider was a trifle frightened, but was otherwise none the worse for the ride.

The race for grocers', butchers' and bakers' horses was declared off. There were three entries, but it was discovered that they were not according to the requirements.

TUG-OF WAR OFF.

One event in which a great deal of interest would have been aroused, but which was declared off for lack of entries, was the tug-of-war. The four railroad companies were expected to furnish teams of ten men each, and an open event, five men a side was also on the programme. The prize for the former being $20, and for the latter $50. The Zorra team of 1893, winners of the world's championship at Chicago, were present to referee the two of the railway teams, and also to participate in the open event, and when they appeared before the stands they received a warm welcome. The team included Bobby McIntosh, the anchor; Sandy Clark, Ira Ormiston, Willie Munro and Bobby McLeod.

The only other events on the programme were:

Bicycle race, one mile—1, John Adams, London; 2, W. Jones, London; 3, R. Jackson, Peterboro. Time, 2:50.

Two-hundred-yard race for Highland Cadets: medals presented by Vice-Presidents MacRobert and Gammage—1, John McLeod; 2, Thomas Purdom.

THE QUOITING.

From early in the morning up till the time of the rain commenced, the quoiting match proceeded. There were nine contestants and the playing was excellent, considering the fact that a strong wind was blowing all day. Mr. James Bell, who has many times been a winner, added another to his string of victories, capturing first prize. Mr. Frank Claus, of Shannonville, won second prize, and R. Errington, of Glanworth, took third. The other contestants were Messrs. Frank McVean, London; D. Wiley, London; B. Rowe, London; R. Walsh, London; Levi Young, Pt. Bruce, and John Talbot, London. J. Robertson, James S. Bell, and Mr. J. Talbot were the judges.

IN THE EVENING.

While the evening's portion of the celebration could not be called an unqualified success, it was a failure to neither the society nor the spectators. In the first place there was an attendance of upwards of 6,000 people, who witnessed the proceedings from the grand stand. The threatening aspect of the weather no doubt kept many
