COUNTY NEWS.

INTERESTING LETTERS FROM COTE
STATE OF CORRECTFORDERTS.

A Bradgest of News and Gesstp.—Personal
Rational States of the Date of the State of the St

Vote for Taylor who has promptly attended to the business of every con regardless of his political views.

On the 5th of November last the was a general election in the United States and the sole issue between the parties there, as in Canada at present, was the trade question. The result was a most astounding victory for the Democratic party which was pledged to tariff reform. The position of the Samuel Statiord who has been out of the strongest men in this section is wearing away with old age.

ELBE MILLS.

Monday, March 2.—A fine baby girl at Mr. Geo, Green's.

A photograph of our school house, pupils and teacher was taken last week by a traveling artist.

On Wednesday morning last a portion of the railway bridge over the mill pond here was raised nearly a foot by the ice and the train had to return to Athens.

And our blacksmith has gone, bed, baggage, household goods and all, and she places that have known him for the place to tariff reform.

account of its standing numerically, says he was upset completely on dis

parture, higher prices in dry. goods and groceries.

Visitors during the past week:

Mr. and Mrs. T. Wittse of Kingston, Mr. and Mrs. T. Wittse of Kingston, Mr. and Mrs. C. Chamberlain of Delta and Miss Lillie Moore of Gananoque.

The Praying Band are expected here from Newboro to assist in the revival now being carried on.

The snow storm of last night was welcomed by many, as, notwithstand the long and steady winter we have and cannot be diverted out of the water in our (river) rising nearly a foot in twenty four hours.

Monday, March 2.—Mr. Mack Alford was arraigned before Squire Shaver on Tuesday on a charge of larceny preferred by Miss Ward of Singleton's Corners. But the fair Mary Lize" not appearing against him, Mack was discharged.

Strateg Dec of Standard, accepting one Company. Members seeking and under the mass believe and so we are prepared to accept all the min his earnest regret for an accidental error.

Advices of Feb. 23rd say that a large meteor passed over Madison this morning, about 4.15 o'clock. Those who saw it described it as appearing the sting against him of the mass between the age of a full moon. It burst with a loud report, scattering pieces in all outreport, scattering pieces in all outreport scattering pieces in a light one scattering pieces in a light one scattering pieces in a light one scattering pieces in al amazement, but the sky was clear, and the morning star glowed with its usual brightness. It was also seen by

CHAPTER VIII.

THE NIGHT AND THE MORN My stonishmen, that from his post on on the threshold of the studio, he should have noticed the change at all, presented my speaking for a moment and when I would have acknowledged my indebtuess to his criticism, be continued:

"I have been wondering—it would be a

be."

For a long time we rode on in silence.
Had I known the teror of his shoughts I was the door; I went into the onter might better have comprehended the meaning of his next expression, spoken mere to himself than to me. As it was, I only realized that in an undertone he repeated that lod watchword: "I is supe to the world because of one of one of the way to the world because of one of one of the world because of one of one of the world because of one of one of the world because of the world because of the world because of one of the world because of the world because of one of the world because of the world because of one of the world because of the world because

preparing companion pieces of the size of the one which you have just completed? Call them, for instance. The Night and The Morning. The one which you have, with very slight changes in the color-time and touch of actness in expression, would make a remarkably beautiful Night, while I should judge from the little shotch which you made me upon the Rhice (I was look, ing at it yesterday) that Minné face would be worderfully expressive of the light, and the trach and the beauty of Morning. It was Looking at it yesterday) that Minné face would be worderfully expressive of the light, and the trach and the beauty of Morning. It was a "Night" in sury feature and southment, and improvement is surely no necessity; but it will do no harm to think it over for a day or two before you piedge yourself, to give this work at once to the public. I am sure that it would enhance the beauty, and the value of both to prepare such a companion piece. Call that The Morning and this The Night."

For the first time is my life I understood not only my father's work, not mine; his serious, was pather, were o arme, that if had done have in the color in the color than the sale of both to prepare such a companion piece. Call that The Morning and this The Morning and this The Morning and this The Morning and this The meant by the m. Like the song of the Lore.

AN AWFUL DISASER.

shows, one, in some respects there is little doubt that they are the greatest in the world. Though inner Labrader is so indequately known, we are aware that his a wast table hand whose lignife are quite clearly defined. In the situthenest the decorat from the table hand is quite sudden, and almost immediately after leaving the plateau a level is reached that it very little above that of the son. The Grand falls are the place where the Grand river tumbles over the edge of this table land, and almost the whole of the great drop is effected in this one descent. Perfected Hind gives the being the close of the plateau at 240 fast. It has been estimated that the region at the first the bills is only 200 feet above on level, and that, therefore, the waters of Grand Ever, have a perpendicular descent. Perfected the fourth of the great drop is effected in this one days of this plateau as 240 fast. It has been estimated that the region as the foot of the falls is only 200 feet above on level, and that, therefore, the waters of Grand Ever, have a perpendicular descent of about two thousand feet.—Goldthussite's Geographical Haparine.

A Columbus, O., despatch inys: A horrible tragedy occurred on High streets at 150 p. m. to day, in which twelve or fifteen shots were fired. It resulted from newspaper articles in the Sunday papers. W. J. Elliott, of the Sunday Gapited, and A. G. O. brzs, of the Sunday World, are understood to have done mean of the shooting. A bystander named Haghes was their treet was crowded with people incident to a parade, and the jum for equarts is so great that particulars cannot be secured. A number of people are reported slightly wonded. Elliott is under arrest and is not be to be the control of the secure great that particulars cannot be accural. A number of people are reported slightly wounded. Effect is under access and is said to have encaped injury. The trouble grew out of an exchange of acticles of a semastional character in which the men standard cach other and their families.

Others was shot through the heart and has since died. The Effects are under arrest, and threats are openly made against W. J. Effects. His brother, who is the Columbus accest of the Free Renterment. W. J. Editors. Day because of the Free Employment Bureau of the State, was shot in one arm and the hock. The stories of the shooting are coefficing. W. J. Elliott claims that Octors fired the shot which killed Hughes. P. C. Sullivan, a bystander, was shot in the arm. Two or three others received slight wounds.

ore of the channel bridg the money to build it. Wh

were two young general except gos anything in the world except gos and got married, receiving \$200,000 to \$300,000 in bridel gifts and going away our a wodding trip to return here to a house provided by the bride's mother that represents an additional expenditure of \$250,000.

Of course with this the young eith has received, or will receive, a sufficient fortune to maintain this establishment, as her hand will mean another instalment of \$440,000 will mean another instalment of \$440,000 will mean another facts and this will mean another instalment of \$440,000 will
