IT is well for the retail merchant to be on as intimate terms as possible with his customers; but there are some things which it is not politic to talk about to them. Department stores is one of them. If a customer broaches the subject the merchant perhaps cannot always ignore it, but he should not be the one to launch it. There are too many, however, who do. The less that is said about the department stores the better. Every remark anent them, whether it be in condemnation or not, is so much free advertising for them. This no merchant would willingly do. The more they are talked about, the better these department stores like it. Of course, when a customer contends that he can buy such and such an article at Blank's department store for so much, it is well for the ordinary merchant to be fortified with an explanation, and the best way he can fortify himself for such an occasion is to study closely the methods of these abnormal developments in trade. But it is most unwise to bemoan, in the presence of customers, the evil that is being wrought by the department store: it is implying that there is a place where goods are sold cheaper than the ordinary merchant sells them; and customers will not be slow to compre-

hend it as such. The duty of the merchant is to devote all his energies to his own business—to buy as well as possible, to sell at as near a fair profit as possible, to save his discounts, to advertise judiciously, to originate new ideas that will attract attention. In a word, to get up and hustle. That is the only way to combat the influence of the department stores.

\* \* \*

At Monday night's meeting of the Toronto Retail Grocers' Association a communication was received from the secretary of the Produce and Fruit Exchange in which it was stated that the members had unanimously decided not to sell, at the wharves and stations the present season, fruit to consumers. It is to be hoped they will persevere in their intention. In requesting them to do this the Grocers' Association was only asking what was natural and for what they were in justice entitled to. There has been too much indiscriminate selling of fruit at the wharves and stations in the past. The householder who wanted a basket of peaches, or any other kind of fruit, experienced no difficulty in getting his wants satisfied at the landing points. The unfairness of this lies in the fact that the wholesaler in such instances sells to the customer the retailer anticipates when he is making his purchases. The unanimity with which the members of the Exchange agreed to discontinue this practice argues well for its success. It will not, however, be wise for the grocers and other retailers handling fruit to be too exacting at all times in regard to this matter. In the height of the fruit season there are days when the market is glutted with fruit, some of which would spoil if left over for a day. Under such circumstances it would be arbitrary to be too exacting as to whom the wholesalers should or should not sell the surplus. A little of the spirit of "live and let live" is good for retailers as well as

wholesalers; and as this quality seems to have an existence in both interests just now, harmony may be expected to reign between the wholesale and retail fruit men the ensuing season.

\* \* \*  
The prospects for the consummation of the idea for a fast Atlantic service between Canada and Great Britain, such as is now being projected by Mr. Huddart and endorsed by the Dominion Government, are not bright. Nearly every business man who has given the subject any consideration conceives that the present service is in need of improvement as far as speed is concerned; but that the country is going to the expense of giving a subsidy that would induce the creation of a fleet of ocean greyhounds of the speed of a Campania, a Lucania, or a City of Paris, they are not altogether agreed. Much to be desired as is a twenty knot service, the general opinion is that a seventeen knot service would be more in keeping with the length of our purse and the requirements of the country. At any rate the English capitalists, whose co-operation Mr. Huddart is seeking, are showing little or no intention of complying in spite of the \$750,000 subsidy which the Government of the Dominion offers. At least this is what is asserted by Lord Mountstephen; and he would not make such a declaration unless he had good grounds for so doing. His interest in the C. P. R. is too great for that. Canadian steamship lines will eventually play a more important part in Atlantic ocean traffic than they do at present. The geographical situation of the country decrees it. But we cannot get into the van at a bound. We will have to advance at a rate in keeping with our possibilities. But some day when other conditions now wanting are present, Canada will have ocean greyhounds competent to hold their own with those running from United States ports; and then the Canadian routes will be more attractive than United States routes to passengers to and from Europe in respect to shortness of voyage as they now are in picturesqueness, although the deficiency in the one respect does not now make up for the excellency in the other.

# TARIFF CHANGES.

## A COMPARISON OF THE OLD AND THE NEW TARIFFS.

THE new Tariff bill was concurred in by the House of Commons, Friday, and read a first time, it having finally passed the Committee of the Whole, May 29. No further changes of any importance are now likely to be made. The new tariff as it relates to groceries and the principal items in retail stores, together with a comparison of the old tariff, is as follows:

**WON'T SELL TO CONSUMERS.**

**V**ICE-PRESIDENT ROBERTS, in the absence of President Donald, occupied the chair at the regular meeting of the Toronto Retail Grocers' Association, Monday night, in St. George's Hall.

General Secretary Corrie, reported that he had five new members to propose, but, when changing his coat before leaving home, he had omitted taking the list of names from the pocket of the discarded coat.

Honorary Secretary Mills: It is a bad thing to change your coat during election time. (Laughter.)

When the matter of the excursion was taken up, the chairman ventured the information that a brass band had been engaged for the occasion to Niagara Falls, July 25. After leaving the boat at Queenston, the excursionists would take electric railway for the Falls. Special arrangements had been made whereby those who desired to do so might go to Buffalo.

Mr. Mills reported that, as instructed, he had written to the secretary of the Produce and Fruit Exchange in reference to complaint made by one of the members of having been placed on the delinquent list wrongfully; also in regard to selling direct to consumers. In reply, J. W. Brownlow, the secretary of the Exchange, wrote that the matter of selling to those other than dealers had received the attention of the Exchange May 19th, when it was decided unanimously "that no member would sell during the coming season goods of any description at any wharf, station, or on track, to any but the legitimate trade; or, in other words, our Exchange refuses to supply any private consumers or strangers until they know they are either grocers or fruit dealers." The other matter, Mr. Brownlow wrote, would be considered at the next meeting.

The letter was ordered to be filed, and the recording secretary was instructed to write the wholesale fruit dealers who were not members of the Exchange re selling to consumers.

The recording secretary reported that he had also written to the chairman of the Property Committee re licenses, but he had received no reply. The secretary, on motion of Messrs. White and A. R. Williamson, was instructed to again write the chairman.

Mr. Mearn, of Mearn, McLean and Sinclair, solicitor for the association, announced that collections had much improved lately. During the past month about 90 per cent. of the accounts handed in by members of the association had been collected. Collections were now comparatively easy, and therefore it was advisable that the members should send in their accounts for collection as soon as possible.

On motion of A. R. Williamson and J. S. Bond, a vote of thanks was tendered Mr. Mearn for, as the mover expressed it, "giv-

ing us a word of encouragement and telling us that he is going to collect all our bad debts." (Laughter.)

The matter of manufacturers and jobbers supplying department stores with articles appertaining to the grocery trade was introduced by Secretary Corrie, and was debated by Messrs. Williams, Bond, Mills, Johnston, White, McCulloch and others, during which the general principle of department stores and the evil they were doing to the grocery trade was dealt with.

"There is just this thing about it," said Mr. Williamson, "when our customers see prices at which these department stores are selling goods they think we have been fleecing them."

In reply to a question, Solicitor Mearns said there were sessions of the Division Courts every week, the eastern court sitting Tuesday and the western Thursday. The interval between time of service on a debtor and the hearing of the case must be at least eleven days. "For instance," he explained, "if a merchant served a debtor to-day in the eastern court the case would not be heard till two weeks from to-morrow."

**S. DAVIS' BIG CATCH.**

Sam Davis, of S. Davis & Sons, is not only well known as a good fellow, but also as a sportsman. He and a party of friends from New York, and his friend, Mr. Swain, of Montreal, are at present enjoying a few weeks' fishing at his camp on the Restigouche, near Metapedia station, and apparently are having good sport. As a result of Mr. Davis' prowess a big salmon, 3½ feet in length, yesterday ornamented a large block of ice, as clear as the water in which it formerly sported, in front of Dufresne & Mongenais' store. The fish tipped the scales at 41 pounds, a weight above the average, and was the admiration of many passers-by on St. James street. Mr. Davis had sent it as a present to J. M. Dufresne, but he decided to give the public a chance of viewing the beauty.—Montreal Gazette.

**THE RICE QUESTION SETTLED.**

The sale of 1,500 bags of imported rice virtually settles the late controversy, John Pinder having sold the lot at \$3 15, the brand being Standard B. It is understood that Mr. Pinder will leave rice alone in future (that is, the importation of rice), but whether or not the terms of the above sale included a written agreement to that effect is not stated. Had Mr. Pinder attempted to sell the rice to the trade here it would have resulted in loss, as the manufacturers were bound to cut prices below whatever he offered to sell at. So that in selling out to the big concern he acted wisely. But, Mr. Pinder! if you dare to bring out any more rice on your own responsibility—well, we would be sorry to even intimate what might happen. B brand has been reduced from \$3.60 to \$3.45, the latter being the combine rate.—Trade Bulletin, Montreal.

WHOLESALE AGENTS.

25 Front St. East. TORONTO.

**PRIZE ESSAY COMPETITION.****PROVISIONS AND FRESH FRUIT.****HOW BEST TO HANDLE THEM.**

Now is the time for those who contemplate doing so, but have not yet done so, to begin to write for THE GROCER'S essay competition on the above subject. Business is quiet at the moment, but it is not likely to remain so long, and now is the time therefore to undertake such a task as writing an essay. To-morrow may be too late.

Remember the subject is:

**"PROVISIONS AND FRESH FRUIT; HOW BEST TO HANDLE THEM."**

First prize will be \$15; second, \$10; and third, \$5.

The rules of the competition shall be as follows:

1. Competitors must be devoting their whole time to the retail grocery or general trade, either as proprietors or clerks, and must be subscribers to this journal.
2. No essay must exceed 2500 words nor be less than 1,500. Neatness will not be regarded, beyond the point that the essay must be readable, and the paper written on one side only. The sheets must be fastened together and numbered.
3. The essay must be original.
4. Each essay must be signed by a *nom de plume*, and both the proper name and the *nom de plume* of the writer written on a slip and placed in a sealed envelope, which envelope must be addressed, THE CANADIAN GROCER, to Front street east, Toronto, and across the corner have the words "*nom de plume*." This envelope must be enclosed in another, so that no postmark will appear upon the former.
5. All essays must be sent to this office not later than JULY FIRST, and awards will be announced as soon after as possible, and the prize essays will then be published in order.
6. As the competition is to encourage thought among merchants and clerks, professional writers will be excluded.
7. The judging will be done by disinterested merchants. The names of these merchants will be announced at the same time as the award.
8. Additional prizes—The five essayists who rank in order after the prize men shall each receive THE CANADIAN GROCER for one year. This will make eight prizes in all.
9. All prize essays shall be the exclusive property of THE GROCER.

### SUGAR IN EUROPE.

**D**EAR GROCER,—I have read with interest your article headed "Sugar in Europe" in your issue of June 1st, and venture to think that had you given it as much thought as you have prominence you would have added comments of your own which would perhaps have been of service to your readers. Will you allow me space to point out to you and your readers where I think such articles as the above are misleading to the average casual reader.

This article makes a great point of the world's visible supply of sugar being 330,000 tons now in excess of that held at the same time last year; and every trade journal I pick up, and most daily journals which report trade matters, point out this fact and have kept pointing it out for many months past.

Now I do not attempt to dispute the fact. It is true; but to the average man who does not think, it is to my mind very misleading, and I wish to draw his attention to one other side of the question, which if he bases his judgment on statistics, it is well for him to bear in mind, viz., that the invisible supply of sugar is to-day enormously less than it was a year ago, and still further less than it was a few years ago, for the reason that owing to hard times and the consequent difficulty of carrying a full stock, also owing to the continued fall in prices, the grocers, confectioners, and dealers in sugar, have so much less than an average supply. There is no means of ascertaining how much less this is, and we can only guess at it, whereas the other—the visible supply—is put before our eyes in printers' ink every day in the week. I have endeavored to make an estimate but have not so far been able to obtain reliable data as to the number of dealers in sugar, therefore I have to guess, and I figure for this country and the United States only. I judge that for every 1,000 of the population, there are four retail dealers in sugar, and that every one of them to-day carries on an average seven barrels less than usual at this time of the year. If this be true, courting the 70,000,000 population of the United States and Canada—as seven barrels of sugar average about a ton—the invisible stock of these two countries is 280,000 tons less than usual. This omits altogether the stocks carried by wholesalers, which I know from experience are much less than usual, and this calculation only applies to these two countries. Let every reader make his own estimate; mine may be much too high (although several reliable travelers tell me ten barrels per man is nearer). Call it four barrels and what does it mean? It means that whenever trade revives and confidence is restored, and dealers choose to enlarge their stocks, the increase in the visible will vanish like snow under a warm sun, and that the parties who now write such discouraging articles about sugar, will, as prices rise, vie

with one another in predicting still higher prices, and probably say there will not be enough to go round.

Another phase is this: Consumption in the United States has dropped under hard times from 67 lbs. per head in 1891 to 63 lbs. in 1893, and I believe that so far during the first six months of 1894, it will not average 60; with the advent of better times it may rise again. Also the average amount carried in every household is less than usual at this time of year, and even this is a not unimportant factor.

Mr. GROCER, I am not in this attempting to bull sugar, nor do I say that prices will at once rise; every one of your readers who has a head can watch the signs of the times, but I have never seen this side of the question advanced, and I deem it unwise in a dealer to overlook it.

H. LAMBE.

### A CANADIAN ABROAD.

**D**EAR GROCER,—THE GROCER to hand this morning; also received a copy last week. Many thanks for same. I have been moving about pretty much all the time since we arrived in England, but have found time to peruse your interesting paper and find it equal to a good newsy letter.

I was in London last week and found the usual rush and jam there. Did not hear anyone complain of hard times there. Went to St. Paul's, Westminster Abbey, Hyde Park, Kew Gardens, Hampton Court, and other places of interest, and found everything very beautiful. The only drawback has been the rain and cold weather. It has been cold and wet almost every day this month. Met a Toronto gentleman coming out of Westminster Abbey the other day (W. R. Brock), and also met a gentleman from Walkerton (Mr. Stovel) at Easton station, London, the day we arrived there from Liverpool. Met several people on the boat from Toronto and elsewhere in Canada. When you stumble against people you know, so far away from home, it begins to make you think the world must be very small after all.

I had occasion to call at the Bank of Montreal in London with a friend from New York that wanted to do a little business with them, and we found the officials there most courteous and obliging.

I am glad to notice by the advertisements that most of our old friends in the trade are still doing business at their old stands, W. B. & B. included.

Hope 1894 will prove a satisfactory and profitable year with all the trade, both wholesale and retail. The farmers here are complaining bitterly of the low price of produce, and say the balance is on the wrong side more frequently than the other way. There

was a large agricultural show held at Exeter, Devon, last week, and was glad to notice Toronto well represented by the Massey-Harris Co. I also noticed a few of Gurney's stoves being used to warm the Exeter Cathedral, and they had the fires going there too last Sunday, May 27, and yet they talk about Canada being a cold country. Wish we had a little of Canadian sunshine here instead of so much rain.

### LONDON RETAIL GROCERS.

**T**HE London Retail Grocers' Association held its regular meeting on June 6, with a good attendance, and the president, W. H. Ferguson, in the chair.

The principal business of the meeting consisted in confirming the report of the Picnic Striking Committee, and the result of the sale of the S. Fuge bankrupt stock.

The Striking Committee reported that the different committees had been drafted necessary for getting up and conducting the picnic, and the prospects are good for a picnic that will, if possible, excel past records.

W. H. Ferguson reported on behalf of the committee who had charge of S. Fuge bankrupt stock sale, that the stock had all been resold to members of the association who desired to purchase, and that he had not heard of any cause for complaint or dissatisfaction. After paying all expenses the tea cost the members 55c. on the dollar—not a bad investment, notwithstanding that some outsiders had intimated that the association had an elephant on its hands when it bought the stock in. He did not consider tea at 55c. on the dollar bad stock to handle. He reported that there was a balance on hand in cash of some \$32.

It was suggested that this balance be handed over to the association, but it was finally decided to leave the disposal of the cash on hand over until next meeting.

The meeting adjourned to meet again on July 4th.

# MARKETS AND MARKET NOTES

## TORONTO MARKETS.

TORONTO, June 14th, 1894.

### GROCERIES.

THE only thing in the market that has attracted special attention during the week has been sugar, which has taken a firmer tendency on account of advances in New York. Business is if anything more satisfactory than a week ago, but it is not by any means brisk yet, purchases being largely of a hand-to-mouth character. Sugar is selling a little better, and in some quarters an improved demand is heard for currants, while prunes on the other hand are not as much wanted as they were. Enquiries and orders are coming in for new season's Japan teas, but shipments have not yet arrived, owing to delay by floods.

### CANNED GOODS.

Demand continues fairly good for canned vegetables. There has been no change in prices, tomatoes being quoted at 85c., corn at 85 to 87½c., and peas at 80 to 85c. Canned fruits are in fair request and we quote: Peaches, \$3 to \$3.25 for 3's, \$2 to \$2.25 for 2's; raspberries, \$1.65 to \$1.80; strawberries, \$1.90 to \$2.10; apples, 3's, \$1 to \$1.10, gallons \$2.75, and preserved fancy quarters at \$1.35 to \$1.40. An improved demand has developed for salmon since the warmer weather set in. The jobbing price for No. 1 salmon is still \$1.25 to \$1.35 for tall tins and \$1.50 to \$1.60 for flat tins. The demand for lobster is fairly good, this being of course the salad season. We quote: Tall tins, \$1.85 to \$2; flat tins, \$2.40 to \$2.50.

### COFFEES.

Stocks of Rio coffee on spot are small, but shipments are on the way. Demand, however, is light, as is usual at this season. Latest advices, however, recommend the buying of July and August futures. We quote green, in bags, as follows: Rio, 21 to 22c.; East Indian, 27 to 30c.; South American, 21 to 23c.; Santos, 21½ to 22½c.; Java, 30 to 32c.; Mocha, 27 to 28c.; Maracaibo, 21 to 23c.; Jamaica, 21 to 22c.

### NUTS.

Business continues dull, with prices as follows: The following are the quotations: Brazil nuts, 11 to 11½c. a pound; Sicily shelled almonds, 25 to 26c. a pound; Terragona almonds, 12½ to 13c.; peanuts, 9 to 10c. for roasted and 7 to 8½c. for green; cocoanuts, \$4.50 to \$5 per sack; Grenoble walnuts, 12½ to 15c.; Marbot walnuts, 12 to 13c.; Bordeaux walnuts, 11 to 12c.; filberts, 9¾ to 10¼c. for sacks and 10½ to 11c. for small lots; pecans, 12½c.

### RICE.

Demand is reported to be more active this week, but otherwise the market is much as before. We quote: "B," 3¼ to 3¾c.; Montreal Japan, 5 to 5¼c.; imported Japan, 5¼ to 6¼c.

### SPICES.

There is a fair trade doing at former quotations. We quote: Pure black pepper, 12c.; pure white, 18 to 25c.; pure Jamaica ginger, 28 to 30c.; cloves, 25 to 30c.; pure mixed spice, 23 to 25c.

### SUGAR.

The market is stronger in sympathy with the firmer conditions in New York. Business is also a little brisker, but it is principally in carload lots, demand for small lots still being quiet. Ruling prices are still \$4.35 to \$4.40 for granulated, and 3½ to 3¾c. for yellows.

### SYRUP.

There is not much doing and prices are unchanged. We quote: Dark, 25c.; medium, 28 to 30c.; bright, 35c. to 40c.; very bright, 45 to 50c.

### MOLASSES.

Dull and featureless. Ruling prices are: New Orleans, barrels, 28 to 30c.; half-barrels, 32½ to 34c.; Barbadoes, barrels, 32 to 35c.; half-barrels, 38 to 40c.

### TEAS.

There is not much that is interesting to note in connection with the tea market. The shipments of new season's Japan teas which should have arrived a week ago are not here, the trains having been delayed by the floods. The enquiry for these teas is fair at 30 to 35c. Other kinds of teas are somewhat neglected.

### DRIED FRUITS.

Valencia raisins are getting still scarcer with prices firm and demand fair. We quote as follows: Off stalk, 5½ to 5¾c.; fine off-stalk, 5¾ to 6c.; layers, 7 to 7½c. Prunes are very scarce, but no one is inclined to bring in more just now on account of the warm weather, which has also caused an easing off in the demand. We quote "D" at 5½c. and "B" at 7½ to 8c.; bags, 3¾c.; casks, 4½ to 5c. Currants are in little better demand, but the turnover is not however large. We quote as follows: Provincials, 3¾ to 4c. in brls. and half brls.; Filatras, 4 to 4½c. in brls., and 4¼ to 4¾c. in half barrels; Patras, 5 to 5½c. in barrels, 5¼ to 5¾c. in half brls., 4¾ to 6¾c. in cases; Vostizzas, 6½ to 7½c. in cases, 6¾ to 7¾c. in half cases; Panariti, 9 to 10c. Figs are dull and easy with quotations nominal. Small boxes, 7½ to 8c.; 5 lb. boxes, 7½ to 8c.; 10 lb. boxes, 8c.; 28-lb. boxes choice Eleme, 8½c.; 6-crown, 12½c.; 7-crown,

13½c.; bags, 28-lb., 6½ to 7c.; taps, 4 to 4½c.; natural, 5½ to 6c. Dates quiet and easy, at 4¼ to 5c.; selected Hallowee dates 8½ to 9c.

### BUTTER AND CHEESE.

Holders and buyers are apart. The former are wanting 14c. outside, while the views of the latter are not within 1 to 1½c. of that figure. There is no export demand, but there is a fair trade doing locally. Receipts are principally tub butter, large rolls being pretty well out of the market. Creamery butter of all kinds is dull. We quote jobbing prices as follows: Dairy—Choice tubs, 14 to 14½c.; medium, 13c.; low grade, 11½ to 12½c.; large rolls, 13c.; pound rolls, 14 to 15c. Creamery—Tubs, fresh, 18c.; pound prints, 19c.

New cheese is in fair demand locally, but prices are easier, purchases being possible at 8¾c. outside. Old cheese is about out of the market. We quote new at 9¾c., and old nominally 12c.

### HOGS AND PROVISIONS.

Business has been fairly good. Stocks are getting reduced in some lines, notably in backs and small hams, and jobbers are trying to get little better prices, in some instances succeeding in doing so. Dressed hogs have been in good supply, considering the season, and prices are easier at \$5.75 to \$6.25.

BACON—Long clear, 7½ to 7¾c.; smoked backs, 10 to 10½c.; breakfast bacon, 11 to 11½c.; rolls, 8½ to 8¾c.

HAMS—10½c. for smoked, and at 9½c. for pickled.

LARD—Pure Canadian 8¾c. in tubs, 9c. in pails and 8½c. in tierces. Compound, 7½ to 7¾c.

BARREL PORK—Canadian heavy mess \$16.50 to \$17, Canadian short-cut \$16.50 to \$17.00, shoulder mess \$14.50, clear mess \$15.

### GREEN FRUIT.

There is a large and increasing demand for lemons owing to the hot weather. The

cheaper kinds of lemons are out of the market, and prices are firmer in consequence. Oranges are in fairly good demand; all arriving have to be repacked. Florida oranges are out of the market. Bananas are in good demand, but prices have an easier tendency. Pineapples are a little scarcer, with demand good and prices firmer. Tomatoes are plentiful and easier, with demand good. There is a big demand for strawberries, and receipts of both domestic and foreign are good. We quote: Oranges, Valencias, \$6.50 to \$7 for 420's; Cal. navels, \$3.50 to \$4.25 per box; Cal. seedlings, \$2.50 to \$3; Messinas, half boxes, \$1.75 to \$2.15; boxes, \$3.25 to \$3.75. Lemons—360's, \$1.75 to \$2.50; 300's, \$2.25 to \$3.75. Bananas, \$1.25 to \$2. Pineapples, 7 to 13c. Strawberries, Canadian, 12½ to 15c.; Baltimore, 10 to 14c. per basket. California cherries, \$1.75 to \$2 per box; Baltimore cucumbers, \$3.50 per crate; in barrels, 30 to 50c. per doz. Baltimore cabbages, \$1.75 to \$2 per crate. Tomatoes, Florida, \$2 to \$3 per six basket crate; Mississippi, \$2.75 to \$3 per four basket crate. California dried fruit—Peaches, 16 to 17c. per lb.

#### COUNTRY PRODUCE.

**BEANS**—Some sales of hand picked have been made during the week at \$1.35, and the medium article is quoted at \$1.20 to \$1.25 per bushel.

**DRIED APPLES**—There have been a few going out at 6½ to 7c. per lb., but there are not many to be had, nor are many wanted.

**EVAPORATED APPLES**—Nominal at 11c.

**EGGS**—Big buyers are picking up eggs in the country and holding them in expectation of getting better prices when the new tariff goes into force in the United States. In consequence of this jobbers find that it is not so easy to buy as it was. Prices on spot are much as before, namely 9 to 9½c.

**POTATOES**—Are scarce and higher with sales at \$1.25 on track in car load lots; wagon loads are quoted at \$1.25, and small lots at \$1.30 to \$1.40, according to quality. Shipments of new Tennessee potatoes are on the way, and they will sell at \$5.50 to \$6 per barrel.

**EGYPTIAN ONIONS**—Demand is fair only, but as holders who were selling at low figures are cleaned out, prices are firmer at \$2 to \$2.25 per bag.

**MAPLE PRODUCTS**—Market dull and quotations nominal. We quote: Syrup, wine gallon tins, 65 to 70c.; 5 gallon packages, 60 to 75c.; sugar, 1 lb. cakes, 7½ to 8c.; small cakes, 9½ to 10c.

**HOPS**—Market is still dull. We hear of sales of eight bales of Canadian at 12½c. for '93's; old, 3½ to 5½c. for ordinary and 6½c. for the better class. Package hops, 20c. per lb.

#### FISH.

The fish trade is picking up a little this week. Prices are also somewhat firmer than before. We quote: Skinned and boned

codfish, 6½c.; shore herring, \$4 per brl.; boneless fish, 3½ to 4c.; boneless cod, 5 to 8c.; Lake Erie herring, \$1.75 to \$2 per 100; blueback herring 4c.; blue pickerel, 4 to 5c. lb.; yel. ditto, 7 to 8c. per lb.; salmon trout, 6c.; white fish, 6½ to 7c.; pike, 5c. lb.; perch, \$1.50 per 100; haddock and cod, 5½c. per lb.; steak cod, 5 to 6c.; large halibut, 10c.; brook trout, 25c. per lb.

#### SALT.

Local jobbing trade in salt is better than it has been for some time. Outside trade is also reported good. Several large shipments are reported to have been made during the week. Prices unchanged at last week's quotations: Dairy, \$1.50 car lots; brls., 93c.; coarse sacks, 58c.; fine sacks, 70c.; American rock, \$10 per ton.

#### SEEDS.

There is still considerable demand for corn and other late sowing varieties of grain, partially caused by re-sowing where the late rains have been destructive. Prices are unchanged. Ensilage corn, 60 to 65c. per bush.; choice Hungarian seed, \$1.75 per 100 lbs.; millet, \$1.50 per 100 lbs.; peas, white marrowfats, 75c. per bush.; buckwheat, 70 to 75c.; flax seed, \$2.75 to \$2.90.

#### HIDES, SKINS, WOOL AND TALLOW.

**HIDES**—Are a little quiet. Prices paid by dealers are: No. 1 cows, 3c.; No. 2, 2c.; No. 3, 1c. Steers are 1c. in advance of above prices. Cured, 3½ to 3¾c.

**SKINS**—There is practically nothing doing in calf or sheep skins. Pelts are coming in a little at 10c. per lb. Prices are about the same. Sheepskins, 85 to 90c.; lambskins, 20c.; calf, 4 to 6c. per lb. for 1's and 2's.

**WOOL**—Is becoming more plentiful on the streets, although nothing special is reported from the mills. Dealers are paying 16 to 16½c. for mercantile combing, and 18c. for clothing. Unwashed is running at 9 and 10c. per lb.

**TALLOW**—Remains quiet at 2c. for rough. Dealers are paying 5½c. and selling at 6c.

#### PETROLEUM.

Trade is quiet in coal oils. Paint and lubricating oils are moving slowly at unchanged prices. We quote: 5 to 10 barrel lots, imperial gallon, Toronto—Canadian, 12 to 12½c.; carbon safety, 15½ to 16c.; Canadian water white, 16 to 17c.; American water white, 18 to 19c.; photogene 20c.

The Petrolia Advertiser, in its weekly report, says: "Crude, 93c. per brl.; refined, 5¾ to 6¼c. in bulk, or 8½ to 9c. in car lots f.o.b. here. The last transactions on 'Change left crude at 93c. per barrel. Yesterday, how-

ever, 93½c. was offered without any takers, and it is probable that we shall see crude in the neighborhood of a dollar before the end of the month. Refined is unchanged."

#### MARKET NOTES.

Gillard & Co. find the demand for their high grade raisins strong.

Another consignment of Kurma tea arrived on Friday for Davidson & Hay.

Gillard & Co., of Hamilton, have secured the agency for French's Botanic Root Beer.

Davidson & Hay report a rapidly increasing sale for Loveday's Royal starch.

Gillard & Co. report an increasing demand for their brand of black tea, "the 400," which they say is their finest.

Aikenhead & Sloan report salmon trout of firm quality at 8c. These were erroneously reported in last week's notes to be running at 7c.

Davidson & Hay received this week shipments of Albert sardines, ¼'s and ½'s, and J. T. Morton's macaroni and vermicelli in 1-lb. packages.

Genuine Vostizza currants are scarce. James Turner & Co. claim to be the only large holders of such goods, and report a good trade doing in them.

The Toronto Salt Works report a fast sale for their Windsor brand; in fact they have had to put on an extra delivery wagon in order to keep up with the numerous orders.

James Turner & Co. sold a large line of their choice layer Valencia raisins, and refused a further order for another round lot, preferring to keep same for their friends.

"The Windsor Salt Co. are finding ready sale for their produce," said a representative of the Toronto Salt Works. "Although they are comparatively a new firm, yet their brands are becoming popular on the market."

Aikenhead & Sloan are receiving several enquiries of late regarding their cold storage department. Owing to the warm weather this department is rapidly filling up. Their advertisement deals this week with that particular branch of their business.

Walter Baker & Co. have issued a new price list of cocoas and chocolates, which makes important changes due to the alteration in the duty from 4c. per lb. to 20 per cent. The new list will be found in the "Prices Current." They have been making a steady increase in their sales, and are now

Clemes Bros. are in receipt of a shipment of new Tennessee potatoes.

Wm. Paterson & Son report a brisk demand for their high-grade domestic pickles.

Dawson & Co. are in receipt of a shipment of California cherries and apricots, green.

Lucas, Steele & Bristol, report steady sales for lime juice, cordial and rennet wine.

Sloan & Crowther have secured the control of the sale of "Blue Label Catsup" for the Toronto market.

M. Masuret & Co. request the attention of the trade to their special brand of new Eagle Japan and Ceylon tea.

Sloan & Crowther report an active demand for Ewen & Co.'s canned salmon and "Little Chief" high grade corn.

Advices from the Gaspé, New Brunswick and Nova Scotian coasts, state that the lobster catch promises to be unusually large this season.

The opening of market for new Pingsuey teas has been cabled, and the cost laid down here is equal to about the figures of last year.—N. Y. Journal of Commerce.

Mr. Wilson reports that his pure malt vinegar, which he is making on the English principle, is giving great satisfaction, repeat orders having already been booked.

James Turner & Co. are offering fine samples of Japan tea. Goods should have been here long ago, but are at Donald, in the Mountains, awaiting floods to subside.

Young Hyson teas at 17 to 18c. are scarce, but Lucas, Steele & Bristol still have some. They report that their Red Label Hillwattee tea is increasing in demand every day.

fish in the world, their factories being more than double the size of those of any of their competitors. Orders may be booked through Frank Magor & Co., Montreal.

M. Masuret & Co. have experienced quite a demand for their canned goods during the last few weeks. They have some layers, selected, and fine off-stalk raisins in stock yet.

H. P. Eckardt & Co. have been appointed agents in Toronto for the fish delicacies put up by A. & M. Smith, of Leith, Aberdeen and the Shetland Islands, and have now a large consignment in stock.

Ramsay & Aitkens have removed their offices from the Board of Trade building to their warehouse in Mincing lane, formerly occupied by the Cowan Chocolate and Coffee Co.

P. C. Larkin & Co. report of the establishment of agencies during the last week for "Salada" Ceylon Tea at Markham, Stouffville, Sunderland, Unionville, Cannington, Newmarket, Barrie, Bradford, Pen-tanguishine, Midland. If the agents find the results equal in other towns to Toronto, they have a valuable property in the control of "Salada."

**MONTREAL MARKETS.**

MONTREAL, June 14, 1894.

**GROCERIES.**

**T**HERE has been some improvement to note in the grocery market during the week, but it has not been of a very radical character, and in the aggregate the volume of business might easily be larger. Sugar has shown rather more firmness under the strength in raws, and an agreement arrived at on molasses has put a stop to the cutting that was going on. A rather better demand has been to note for teas, and the wash-outs in the West have delayed the arrival of new crop Japans. There is an absolute scarcity of dried raisins and prunes, there being none at all in first hands, while the jobbers' stocks are confined to a very small quantity of ordinary off-stalk. Great difficulty is being experienced, therefore, in supplying customers' wants; in fact, they have to do without in many cases. Coffees and spices are steady, and canned goods do not furnish any new feature. The hot weather has led to a better demand for green fruit, while in other respects there is nothing to report.

**SUGARS.**

Strength in raw sugar in New York and London has been one of the leading features of the sugar position, prices advancing materially on the raw product. This has led to a somewhat firmer feeling on the raw article, but up to the time of writing no quotable change in spot prices on the refined article can be given, though they are firmly held. Demand has been somewhat better also, and a fair volume of trade has been

noted during the week. Last week some shading on round lots of granulated was noted, but it is doubtful if there has been any since, and we quote 4½c. as a firm basis. Yellows also have met a good enquiry at 3½ to 3¾c. as to quality at the factory.

**SYRUPS.**

Syrup has ruled quiet, there being only a small jobbing demand, and business on the whole is dull with prices steady at 2 to 2½c. for bright goods and 1¼ to 1½c. for dark.

**MOLASSES.**

In consequence of an agreement between one large operator and the jobbing firms molasses has a firmer feeling. It has done away with the recent cutting in prices on spot, and prices now are steady at 29c. for car loads and 30c. for single barrels, while the wholesale figure for round quantities is 28c. Demand has been good and the market has ruled fairly active.

**TEA.**

Tea has shown some improvement since our last report, more activity being to note, quite a fair quantity of business having been accomplished both on city and country account. The washouts in the west have delayed the arrivals of new Japan teas and none are yet to hand. Japans on spot have changed hands at 14c. up to 23c., and blacks 16 to 21c., a choice lot of Congous selling up to 28½c.

**COFFEE.**

There has been a fair trade in coffees, the market showing some improvement since our last report in the matter of demand. Prices are steady also. Sales of round lots of Maracaibo have transpired at 18¼c. We quote: Java 24 to 28c.; Mocha, 25 to 28c.; Maracaibo, 18½ to 21c.; Jamaica, 19 to 21c., and Rio, 18 to 21c.

**SPICES.**

Spices continue quiet and steady. We quote: Black pepper 6 to 7½c.; white pepper, 10 to 12½c.; cloves, 7½ to 9c.; cassia, 9 to 10c.; nutmegs, 60 to 90c., and Jamaica ginger, 15 to 18c.

**RICE.**

There is no change in rice, prices for which are steady. Demand has been fair during the week and a fairly good business transacted. We quote: Standard, \$3.50 to \$3.75; Japan, \$3.75 to \$4.25, and Patna, \$4.25 to \$4.75.

**DRIED FRUIT.**

This market has constituted itself one of the most interesting features of the grocery situation. This is owing to the fact that the market is absolutely bare of one or two of the leading lines, jobbers being unable to fill their wants at any price. Stocks of Valencia raisins are practically nil, everything remaining having been cleaned up during the past week. There are no supplies at all in first hands, and the jobbers themselves only have a small supply of ordinary off-stalk which they want for their own customers,

and are jobbing out at 5 to 5½c. There are no fine off-stalk, selected, or layers to be had at all. There are none in New York either to speak of, and what there is in England is small. Currants continue much the same. They are the only dried fruit of which there is any supply immediately available. The demand is quiet, and prices range from 3½ to 4½c. according to quantity and quality. Demand for prunes is good, but the market is absolutely bare of them, and to lay any fresh supplies down would cost 5¼ to 5½c. nett. Spot prices, therefore, cannot be quoted, as there is nothing to base a quotation upon.

**NUTS.**

This market has not furnished any new feature. Business is quiet and prices steady. We quote: Almonds at 11½ to 12c.; shelled do., 23 to 29c.; shelled walnuts, 18 to 21c.; Grenoble walnuts 11½c.; filberts, 8c.; pecans, 7½ to 8c., Brazils 9 to 10c., and peanuts, 7 to 9c.

**CANNED GOODS.**

There is nothing very special in the canned goods market as a whole, business ruling quiet. A scarcity of 3-lb. tinned apples is one of the features, however, and they are hard to get. There is a moderate demand for canned corn and fish at former prices. We quote: Lobsters, \$6 to \$6.50 per case; sardines, \$8.50 to \$9.50; salmon, \$1.15 to \$1.30 per doz.; tomatoes, 80 to 85c. per doz.; peaches, \$2 to \$2.10 per doz.; corn, 85 to 90c. per doz., and marrowfat peas, 85 to 90c. per doz.

**GREEN FRUIT.**

The green fruit market has improved somewhat in consequence of the warmer weather this week. The specially new feature is the first receipts of Canadian straw berries and cherries, which have met a fair demand, the former at 16 to 18c. per box and the latter at 90c. per basket. Oranges have exhibited a better feeling at \$1.50 to \$2 per half box and \$3 to \$4 per box. Lemons show improvement at \$2 to \$4 per box. Bananas are quiet at \$1 to \$2 per bunch. Pines are very scarce and firm at 15 to 20c.

**COUNTRY PRODUCE.**

The demand for eggs in small lots continues fair, and the market is steady on the basis of 8 to 9c. per dozen. Offerings of maple syrup are small, and market rules firm at 55 to 60c. per tin, and 5 to 5½c. in the wood. Honey rules quiet at 5 to 7c. per lb. for strained and 12c. for comb stock. Beans are in fair demand, round lots changing hands at \$1.10 to \$1.30 per bushel of 60 lbs. Potatoes furnish a fair amount of business at 60c. per bag in car lots, and 70 to 75c. in a jobbing way.

**PROVISIONS.**

The demand for pork continues slow, which is no doubt due to the high prices ruling, and in consequence of which buyers are only taking sufficient to fill actual wants. Lard is dull and about steady. The prospects are if the warm weather continues that the demand for smoked meats will improve considerably. We quote: Canadian short cut, heavy, \$18 to \$18.50; do., light, \$17 to \$17.50; hams, city cured, per lb., 9½ to 11c.; lard, Canadian, in pails, 9½ to 10c.; bacon, per lb., 10 to 12c.; lard, common refined, per lb., 7¼ to 7½c.

**BUTTER.**  
 The butter market remains much the same so far as actual turnover of goods is concerned. It is mainly confined to jobbing business, though, as we have noted, shippers have been nibbling a trifle, and some small quantities of creamery have gone across on the basis of 18c. These are more as samples than anything else. It is understood on pretty good authority that there has been some pretty good sized contracts entered into by these buyers for the creamery make of the first half of June. The basis for them has varied, 18c. having been paid both for stock laid down and in the country. What the exact quantity is we could not learn, but in any event it will have the effect of stiffening the market; in fact, it has already done so to a certain extent. In New York also speculative purchasing is having the same effect. Fine new creamery, 18 to 18 1/2c.; fine new Townships, 15 to 16c.; fine new Western, 14 to 15c.

**CHEESE.**  
 There is little change in the cheese market so far as spot business was concerned. Any dealing that transpires is of a shopping character. We know of actual sales of Western goods at 9 1/2 to 9 3/4c., so that it is a fair average to quote. The tone, however, is easy as far as indications regarding the future go. We understand that there has been considerable business over the cable for July delivery on the basis of 43s. 6d. This, of course, is pure speculation, and how the operators will come out is a matter of conjecture. It is understood, however, that shippers have orders on hand for a considerable quantity of June cheese, provided it can be had at a certain price, but for these orders to be filled present prices will have to be shaded; it will be noted by appended report that the country markets shaded off a trifle. The dealing at St. Hyacinthe was on the basis of 8 3/8 to 9c. Finest Ontario colored, 9 1/2 to 9 3/4c.; do., white, 9 1/2 to 9 3/4c.; finest Quebec, colored, 8 3/8 to 9c.; do., white, 8 3/8 to 9c.; under grades, 8 1/4c.; cable, 47s.

**MONTREAL TRADE NOTES.**  
 A cargo of 1,000 puncheons of molasses was received on Saturday last by John Pinder & Co.  
 Caverhill, Hughes & Co. report 3-lb. tins of canned apples very scarce, and that prices rule very firm in consequence.  
 There is a firmer tendency in canned salmon owing to the floods sweeping out a number of canneries in British Columbia.  
 Cable advices from Denia state that no supplies of raisins will be available there until the new crop arrives, which is some time from now.  
 The wholesales have entered into another agreement to observe a uniform scale of prices in the sale of molasses, which will be governed by quantity.

# FLOUR AND FEED

**T**HE excessively hot weather that we have had of late will have, as usual, a bad effect on the sale of family flour. The average housekeeper, however her tastes may incline, will take to "bakers' bread" in preference to keeping up such a fire as is necessary to bake.

One effect of the very low prices of wheat and flour—and one that could scarcely have been looked for—is that dealers and millers are carrying much smaller stocks than was their custom some years ago, when prices were much higher—double as high as they are now. It is a case of "tired out." Disappointment long continued, and oft repeated, has produced a distaste for carrying stocks and an indifference as to present phenomenally low prices. Should anything occur that would create a general desire to increase stocks to old time figures, the enormous general demand would create a boom, and the fever that always sets in on a strong advancing market would change the aspect of values in a way that would be astonishing.

Officials of the German army and navy after exhaustive experiments have decided against the use of peanut flour for the troops and sailors or as horse food. No immediate health injuring symptoms were noticed, but the men showed an unconquerable dislike to the food.

In Bulgaria wheat is threshed in a primitive manner on the bare ground, but it is remarked that among three different samples of hard wheat there was not a single broken grain. The flour, says an exchange, receives high praise. Though rather dark, each sample on being rolled between the forefinger and thumb has that gritty feel which millers so highly value. Each flour is described as of extraordinary strength. These samples do not appear to have received any elaborate dressing; but modern milling has made its way into Bulgaria, and that principality now possesses flour mills fitted with machinery of an advanced type. The enterprise which has brought these mills into existence appears, moreover, to have already met with its reward.

As the seventeen year locusts are expected to play an engagement this summer, the Government has billed their appearance in an official bulletin. The entomologist of the Department of Agriculture says that the damage done by these insects is generally quite immaterial, the injury becoming serious only when the insects are exceptionally abundant.

## THE MARKETS.

### TORONTO.

The change during the week has been confined to an advance in oats. Flour remains the same. A speculative bulge in wheat on Friday exploded on Saturday evening, when the U. S. Government report was made public, but has begun again, owing to bad weather in Europe.

**FLOUR**—We quote as follows: Manitoba wheat patents, \$3.65 to \$3.80; strong bakers', \$3.45 to \$3.55; winter wheat patents, \$3.45 to \$3.60; Ontario family, \$2.95 to \$3.25; straight rollers, \$2.85 to \$3.05.

**MILLFEED**—City mills selling bran at \$15, and shorts at \$16.

**MEAL**—Oatmeal is firmer in sympathy with oats, but demand is light. We quote \$4.30 in bags and \$4.40 in barrels; corn meal (common) \$3.10; Gold Dust, \$3.25 to \$3.30.

**OATS**—Demand is of a local character, and prices are firmer at 38 to 39c. on track. Stocks in millers' hands are not heavy.

### MONTREAL.

The flour market was active and very firm, in fact business was improved to such an extent that millers are looking ahead. The demand to-day was good both on local and western account, and sales of car lots were made freely at firm prices. There was also some enquiry from abroad and several sales were made, including one lot of 500 barrels of Manitoba strong bakers'. Winter wheat, \$3.60 to \$3.70; Manitoba patents, best brands, \$3.50 to \$3.60; straight rollers, \$3; extra, \$2.75 to \$2.90; superfine, \$2.50 to \$2.65; Manitoba strong bakers', \$3.40 to

\$3.50; Manitoba strong bakers', best brands, \$3.45 to \$3.50.

The demand for all kinds of feed continues good and the market rules active and firm. Bran and shorts are still very scarce, and millers state they cannot fill the orders coming forward. Bran, \$18 to \$19; shorts, \$20; Moullie, \$20 to \$22.

There was no change in oatmeal. The demand was fair and prices ruled steady. Standard, brls., \$4.30 to \$4.35; granulated, brls., \$4.30 to \$4.35; rolled oats, brls., \$4.30 to \$4.35; pot barley, per brl., \$3.90; split peas, per brl., \$3.40.

### ST. JOHN, N.B.

There was some little stir in flour owing to sharp advance in wheat, and the millers, or rather some of them, advancing prices, but as the larger part of the advance is again off it is a question if flour will be at all higher. Oatmeal has had an advance of 10c., but oats are again easy and it is doubtful if advance continues. Maritoba flour, \$4.25 to \$4.35; best Ontario, \$3.50 to \$3.60; medium, \$3.35 to \$3.50; standard oatmeal, \$4.35 to \$4.45; roller, \$4.50 to \$4.55; cornmeal, \$2.60 to \$2.65; granulated, \$3.50 to \$3.60; middlings on track, \$22.50; bran, \$21; cotton seed meal, \$30; oats for local supply show firmer prices, N.B., 41 to 43c.; P.E.I. and Ont., 45 to 46c. on cars; beans, h.p., \$1.55 to \$1.60; prime, \$1.45 to \$1.50; split peas, \$3.65 to \$3.85; round peas, \$3.65 to \$3.75; pot barley, \$3.85 to \$4; hay on track, \$12 to \$12.50; American timothy seed, \$2.50 to \$2.60; Canadian \$2.60 to \$2.75; red clover, 11½ to 12c.; alsike, 13½ to 15c.

**FINLAY MACDONALD DEAD.**

**F**INLAY Macdonald, city traveler for the Morse Soap Co., Toronto, is dead. Death came sudden and unexpected. Deceased was taken ill Saturday night last, with biliousness apparently, vomiting a great deal. A physician was called, and on Tuesday morning Mr. Macdonald seemed so much better that the doctor said that he might be allowed to sit up for awhile the afternoon of that day. About 1 p.m., however, he took a turn for the worse, apparently being attacked with convulsions. He never rallied, and about 5 p.m. was a dead man. Deceased

His remains were interred Thursday last, and were followed to their last resting place, Mount Pleasant Cemetery, by a large concourse of sorrowing friends.

THE LATE FINLAY MACDONALD.

was about 49 years of age at the time of his death, and was well known in trade, religious and society circles. He had been with the Morse Soap Co. as city traveler for about five years, previous to that having represented Taylor, Scott & Co. in a similar capacity. He was of unusually robust physique; had always taken good care of himself, and athletic exercises had given him far more muscular strength than is enjoyed by the average man. Anyone almost would have taken a lease upon his life. But his life was suddenly closed, and surprise and sorrow is felt by all his friends, and their number is legion. Finlay Macdonald's cheery welcome and warm grasp will be missed, but his memory will live green in the hearts of all who knew him.

towns as Detroit, Buffalo, etc. Mr. Monsell has long been connected with the hop trade, and the Seattle Hop Co. is fortunate in securing his services.

E. McCoy, one of Lucas, Steele & Bristol's hustlers, has been quite ill, but is now much better, and expects to resume his trip next week.

Norman Croker, representing Joseph Tetley & Co., is making a trip through the Lower Provinces. Tetley's teas are finding favor with the Lower Province people, who, says David Brown, know a good tea when they taste it.

### MONTREAL MARKETS—Continued.

steamer with a good sized cargo is expected to arrive at Vancouver on Thursday of this week.

Demand for canned fruits in a jobbing way has been somewhat better this week. L. Chaput, Sons & Co. note sorting orders for strawberries, etc., in this connection.

There are no fine off-stalk layers or selected Valencias to be had here, and the best offer over the cable has been 16s. 6d., cost freight and insurance laid down, or equal to an actual cost of 4¾c. net. Future supplies, therefore, mean higher prices.

Speculative cable offers are being made on next season's crop of Bosnia prunes of 15s. cost freight and insurance in bond in New York. This means a higher opening figure than last year if it carries out.

Two carloads, the first receipts of Canadian cherries on this market, were sold on Monday last at 90c. per basket; also two carloads of new Canadian strawberries at 16 to 18c.

The scarcity of prunes is marked, there being none here. A carload lot which was offered from New York was all sold to arrive on the basis of 5¼ to 5½c. actual cost laid down to jobbers, before the car had actually left New York.

### ST. JOHN, N.B., MARKETS.

ST. JOHN, N.B., June 14, 1894.

THE trade during the past week has been quiet, except that during its close the sharp advance in wheat causing some of the millers to advance price of flour, had the effect of causing a quickening in that line. An auction sale of Barbadoes molasses has been a feature of the week, particulars of which will be found under its proper head. In Halifax the Custom receipts for May were \$71,667, a decrease of \$2,703 from May of last year. In St. John the receipts were \$66,514, a decrease of \$6,029. In lumber the outlook continues poor. There is nothing of interest in the American market, and the English market is but little better, though there are fair quantities going forward. During the past week seventeen square-rigged vessels loaded deals at West Bay. The shipment of potatoes continues large. During May 10,087 bushels were shipped from Canning, N.S., to the United States.

SPICE—The demand is only to fill actual wants. Prices are as last week. Cream of tartar, 17½ to 18½c. brls., 20 to 25c. boxes; nutmegs, 60 to 90c.; cassia, 18 to 20c.; cloves, whole, 15 to 20c.; ground, 20 to 25c.; ginger, 18 to 22c.; bicarb. soda, \$2.30 to \$2.38; sal. soda, 1 to 1½c.

Are the Concentrated Flavoring of natural fruits, in a dry form, used the same as Leaven or other Dry Seasonings.

These goods DO NOT loose strength in COOKING or by EXPOSURE, like LIQUID EXTRACTS—consequently more can be sold on account of giving better satisfaction to the consumer.

SALT—There is a fair demand; stocks of coarse are large, prices are firm. Coarse salt, 48 to 50c.; fine \$1.10 to \$1.15; Canadian fine in bags, \$3.15 per barrel of 5-lb. bags; 10-lb. bags in barrels, \$3.10; 20-lb. wood boxes, 20c.; 10-lb., 12c.

TOBACCO—Prices are firm at last week's quotations. McDonald's brands are quoted: Crown, 43c.; Pilot, 45c.; Index, 43c.; Napoleon, 49c. McAlpin's Beaver, 62c.; Tecumseh, 65c.; Jubilee, 59c.; Gold Shield, 48c.; Woodcock, 53c.; Army and Navy, 45c.

OILS—Prices are off in burning oils ½c. Demand is light, but in lubricating it is better. Best American burning oil, 18½c.; best Canadian, 17½c.; second grade, 13¼c. These prices are net; no charge for barrels. Linseed oil raw, 56 to 59c.; boiled, 59 to 62c.; turpentine, 45 to 47c.; cod oil, 30 to 32c.; seal oil, steam refined, 45 to 48c.; pale, 40 to 43c.; olive oil, commercial, 95c. to \$1.05; castor oil, 7 to 7½c.; extra lard oil, 65 to 70c.; No. 1 lard oil, 60 to 65c.

CANNED GOODS—Prices are as last week. Demand fair. New lobsters are now in the market. American peaches are being freely offered. Corn, 90c.; peas, 90c.; tomatoes, 95c. to \$1; salmon, \$1.35 to \$1.45; lobsters, \$1.75 to \$2; oysters, 2's, \$2.25; 1's, \$1.15 to \$1.25; corned beef, 2 lb. tins, \$2.60 to \$2.70; 1 lb. tins, \$1.60 to \$1.70; gallon apples, \$2.40 to \$2.50.

DRIED FRUIT AND NUTS—London layers are somewhat easier, while Valencia layers are in demand but are not in supply. Evaporated and dried apples are practically out of

the market, but particularly the former. Demand for nuts is small. Sultana raisins, 7 to 7½c.; Valencias, 5 to 5¼c.; layers, 6 to 6½c.; London layers, \$2.10 to \$2.20; loose muscatels, 6¼ to 6½c.; prunes, 5½ to 6½c.; currants, brls., 3½ to 4c.; cases, 4 to 5c.; dried apples, 6¾ to 7c.; dates, 5 to 6c.; figs, 10 to 12c.; Egyptian onions, 2¾ to 3c. per lb.; Bermuda, \$2 to \$2.25 per crate; French walnuts, 11 to 12c.; Grenobles, 13 to 15c.; almonds, 13 to 14c.; Brazil, 11 to 12c.; filberts, 9½ to 10c.; pecans, 12 to 13c.; peanuts, roasted, 10 to 11c.

GREEN FRUIT—Demand is very large though weather continues cold. California oranges have followed the Florida fruit and are not now quoted. Apples, \$4.50; cranberries, \$12.50; in water, \$7.10; case oranges, \$7 to \$8; blood oranges, ½ boxes, \$3; bananas, \$2 to \$2.50; lemons, \$3 to \$4; pineapples, \$2 to \$2.75 per doz.

DAIRY PRODUCTS—A cheese board has been formed by the larger number of New Brunswick factories; the first public sale will be June 19. The output is expected to be very large this season, and, as in Ontario, this is judged the best way in which to handle them. H. B. White and J. Hunter White are the agents of the Board. Prices are easy. In butter the market is very slow. Large rolls are impossible to sell. The New Brunswick creameries are putting out a splendid article, but hold their prices too much above Ontario and Quebec creameries to do a large business. Eggs are in good demand at advancing

figures. Cheese, 11 to 11½c. Creamery rolls, 22c.; tubs, 21c.; dairy rolls, 19 to 20c.; tubs, 17 to 18c. Eggs, 9½ to 10c.

MOLASSES—Never before has Barbadoes sold as low here, an auction of some 400 packages, a cargo that had just arrived, selling some lots as low as 23½c., though the bulk was bought in at 24½c. cash. This is about 3 cents below the market. Barbadoes, 27 to 28c. for new; old, 26 to 27c.; Fancy Porto Rico, 43c.; choice, 35c.; No. 2, 28 to 29c.; Antigua, 27 to 28c.; St. Croix, 27 to 28c.

SUGAR—There is no change. Granulated, \$4.30 to \$4.40; white C., 3¼ to 4c.; bright yellow, 3½ to 3¾c.; yellow, 3¾ to 3½c.; dark yellow, 3¼ to 3¾c.; Barbadoes, 3¼ to 4c.; Paris lump, 6 to 6¼c.; pulverized, 6 to 6¼c.

FISH—In large cod prices are somewhat easier as are lake. Medium cod are firm, and so are smoked herring. Salmon are lower. Herring for bait are very scarce. Large cod, \$3.80 to \$4.00; medium, \$3.75 to \$3.85; haddock, \$2; pollock, \$1.60 to \$1.70; salmon, 13 to 14c.; lobsters, large, \$6 per 100; small, \$2; medium smoked herring, 12c.; lengthwise, 11c.

PROVISIONS—Prices are easier at last week's quotations. Clear mess pork, \$18.50 to \$19; P.E.I. mess, \$16.25 to \$16.50; prime mess, \$14 to \$14.50; plate beef, \$13.50 to \$14; extra plate, \$14 to \$14.50; pure lard, 10 to 11½c.; compound, 8½ to 10c.; cottolene, 9¾ to 10¼c.

BUSINESS NOTES.

D GUNN, FLAVELLE & CO. report a firmer feeling on eggs, owing to the prospects of the American duty being removed.

Wm. Hannah & Co. carried a heavy stock of potatoes at Orangeville during the recent advance in price, and are well pleased with the result.

D. Gunn, Flavelle & Co. report a fair trade in tub butter, but prices low.

Currants are very cheap and show excellent value. Lucas, Steele & Bristol offer some attractive values in cases and half cases.

The present supply of potatoes in Ontario is very limited, numerous enquiries coming to Toronto dealers for prices on car lots delivered to outside points where there usually is plenty.

Fancy baskets, harmonicas, stationery, scribblers, pens, pencils, note papers and envelopes. M. Masuret & Co. keep a complete line of these goods. Briar and fancy pipes—they have the largest assortment in western Ontario.

London retail grocers have decided to celebrate the fourth anniversary of the As-

sociation by holding a picnic in Queen's Park on July 25th. Invitations are being sent out to the wholesale trade, and manufacturers connected with the trade, to join them in a pleasant day's outing.

Frank Magor & Co., Montreal, report enquiries from Owen Sound in the West to Halifax in the East for sample tins of Robinson's Patent Barley and Patent Groats. These goods are becoming favorably known throughout Canada.

Messrs. Chas. Southwell & Co., of London, England, have made three shipments of their celebrated marmalades, jams and jellies this spring, which speaks volumes for the quality of their goods, this being practically their first season. Frank Magor & Co., Montreal, are the agents.

Patterson's camp coffee, in 5 oz. bottles, to be retailed at 25c., supplies a long-felt want, giving a chance to a coffee drinker who loves coffee without sugar and milk, while other coffees now being sold all contain sugar and milk; besides, 25c. for a 5 oz. bottle of good coffee is cheap. Order a case from James Turner & Co. for your camping trade.

### A WELL-KNOWN TEA FIRM.

The accompanying cut shows the warehouse and offices of T. B. Escott & Co., of London. Fire did considerable damage to the building a couple of months ago, but all this has been repaired, and the firm is now ready for business. The offices and warehouse are now almost as attractive as paint and ingenuity could devise. After the fire the damaged stock was sold out at a sacri-

cost of lead packing, to which it is claimed to be superior, for when a lead package creases it cracks, thus allowing the air to get in and impair the flavor. "As the Mogul Tea," write Escott & Co., who are the agents for Canada, "is of such excellent strength and flavor, we predict a large sale. Stores pushing the sale of Grand Mogul Tea, can rest assured that no pedlar or persons other than grocers can have the handling of it."

ifice, and the stock that is now on hand is not only new but low in price. The result of this to the customers of the firm is obvious.

T. B. Escott & Co. was the first firm in Canada to place bulk blend tea on the market in tin lined chests, and tea is a specialty with them. Ceylon-China, Royal English Breakfast and Congou, and Epicure, are among the well-known blends of the firm.

It is now, however, placing a new line of tea on the market. It is named the "Grand Mogul," and is put up in pound and half-pound packages, but in form different from any other tea on the Canadian market. The wrapper is air tight and only one-quarter the

**A LARGE ESTABLISHMENT.**

**T**HE GROCER is indebted to Walter R. Wonham & Sons, Montreal, the Canadian agents of Marshall & Co., Spring Garden Works, Aberdeen, Scotland, for some interesting information descriptive of the works of this well-known firm of preserved provision manufacturers, fish curers and export fish merchants. This notable and old established firm, who are contractors and manufacturers to the admiralty, has won a great reputation in the lines of business mentioned above, and has built up an immense industry at Aberdeen. The concern has been in active operation for the past thirty years, always under the same proprietary, and its headquarters comprise a large and handsome granite building of two storeys, with a frontage of 250 feet. On entering a visitor will note the handsomely appointed suite of general and private offices, and passing on come to the works themselves in the large yard at the rear. Here there are cleaning, kippering, boiling and cooking departments, besides packing, labelling and examining rooms, in which the tins of various preserved provisions are packed, labelled and carefully inspected before being placed with the marketable stock. The greatest care is exercised in the various processes of manufacture here carried on, and the fish used is of the best quality in all cases. Connected with their works Messrs. Marshall have blocking and stamping shops fitted with the best class of machinery for making the tins required in the business, all these receptacles being produced on the premises. There is also a spacious warehouse for the storing of goods, and the stock held in it is sufficiently large to enable the firm to execute with great promptitude all urgent orders. It is perhaps needless to mention that the excellent reputation of these goods is widely known and has always been maintained. The house has long been noted for the superior qualities of the goods manufactured, and has taken a leading position for its specialties of tinned fish of different kinds in all the markets of the world. A very large business is also carried on by the firm in their extensive salt herring curing establishment at Point Low, in the immediate proximity of their tinning manufactory, where in the summer herring season many thousands of barrels of salt herrings are cured for exportation to the German and other markets where their brand has long held a high place and commands the highest market value. The Spring Garden Works cover nearly two acres of ground, and afford regular employment to upwards of 250 hands. An extensive and far reaching home and export trade is controlled, the firm being represented by agents in the principal towns in the United Kingdom, and maintaining a valuable connection among the best class of purveyors in London and the provinces for ship stores and home use. The entire business is personally directed by the heads of the house, who ensure its continuous progress and prosperity by their careful and capable administration of its affairs.

## DRY GOODS.

### TORONTO MARKET.

**W.** R. BROCK & Co. are offering special value in men's and boys' flannelette shirts. Their "Corker," to retail at 50c., is a marvel of cheapness.

Some taking summer novelties are shown by John Macdonald & Co., the goods having just passed the Customs. Soap novelties are shown in the form of pears, apples, etc. Miniature tablets of soap are shown in such sizes that a fresh cake can be placed in the soap-dish for every fresh guest. These can be procured in the range of delicate scents, such as rose, lily of the valley, jockey club, musk, lavender, essboquet, windsor, heliotrope, etc. Perfumes are put up in large bottles suitable for being used as water bottles or other dressing table requisites after the perfume is exhausted. In spite of the size of these they can be retailed at 25 cents. Bay rum is put up in much the same way, with nozzled corks. Smelling salts are also put up in neat bottles. In belts the celebrated Peterscham fabric is shown in full range of colors and buckles. Garter clasps are something new and novel. Fans are shown in two different novelties, designated Fantasma and Lady Windermere. These are new and taking.

A job line of printed plushes, which retail in the regular way at from 40 to 50 cents, are being quoted by W. R. Brock &

Co. so that they can be retailed at 20 to 25 cents. A range of printed linen duck to sell at 25 cents forms splendid material for blouses, etc.

Trade on the whole is quiet though better than for a couple of weeks. Summer goods are moving in retail hands, owing to the warmer weather of this week, and letter orders for this class of goods are correspondingly increased.

### MONTREAL MARKET.

Stocks generally, both in wholesale and retail hands, are in better shape and of smaller compass than they have been for years past at the same time of the year.

Payments generally since our last review of the position here have been somewhat backward, but it is a notable fact that the way paper was met on the 4th of June was a genuine surprise to many in the trade. From the course of events during the three weeks previous to the 4th, most people expected poor returns, but in many cases a welcome change was reported. Basing our assumption on the statements of several of the larger general houses, it seems fair to assume that from 70 to 75 per cent. of the paper was met. Individual houses reported in one or two instances a much higher percentage than this, but the above may be taken as a fair approximate estimate of the position in Montreal.

Among the representatives of Montreal houses who have got back from their buying

trip to Great Britain and the continent are: Jas. Slessor (Jas. Johnston & Co.); Jno. Black (Robert Linton & Co.); Thos. Brophy (Brophy, Cains & Co.); C. Bremner (Hodgson, Summer & Co.); A. McPherson (Loonsdale, Reid & Co.), and Leshe Gault (Gault Bros). Messrs. Fraser (S. Greenshields, Son & Co.) and Maccougall (Gault Bros), have not yet returned home but are expected before the end of the month.

The millinery houses will start their stock-taking about the 15th of the current month.

Most of the general houses got through with their stock-taking during the first week. S. Greenshields, Son & Co., Gault Bros., Jas. Johnston & Co., Brophy, Cains & Co., and Robt. Linton & Co., are among the large general firms who have got through with this important operation.

At the latest fashionable wedding in England, that of Mr. Asquith to Miss Tennant, the bride's sister wore a handsome costume of facouve shaded silk. Brophy, Cains & Co. have received samples of similar goods, which they are now selling for delivery in July.

## ROYAL DANDELION COFFEE

We find it necessary to state that the great celebrity our Royal Dandelion Coffee has attained has induced various imitations. MUST NOT WEIGH THE PAPER.

An attempt is being made throughout certain sections of Europe to prohibit grocers from weighing in the paper wrapper in retailing sugar and other commodities, says an exchange. Stringent orders have been issued against this practice by the prefect of police at St. Petersburg, and officers are instructed to arrest all who are caught disobeying the order. Having learned that the paper envelope of a 26-pound sugar loaf weighs almost a pound, the prefect has come to the conclusion that both wholesale and retail grocers defraud the public of a large sum of money every year by the practice which has now been forbidden. There may possibly be some little excuse for such a position where a 26 pound sugar loaf is being sold at retail, but as such cases are rare, the majority of sales being in pound packages or even less amounts, the action, so far as the retail grocer is concerned, is decidedly uncalled for, if not unjust. In the majority of cases the paper bag in which the sugar is sold costs as much as the grocer gets for it when he weighs it in with the sugar, besides which he is entitled to some allowance for down weight on which almost all customers will insist. The matter, so far as the retail grocer is concerned, is decidedly petty, and the authorities could be much better engaged than in such an unreasonable persecution of the retail grocery trade. It is to be hoped that the crusade will not be transplanted to the United States at least until a number of the far weightier trade abuses have been remedied by the law.
