THE UNIONVILLE FAIR.

A Large Number of Entries and a Col-
ossal Exhibit.

AN IMMENSE CROWD, AND EVERYTHING
PROFITOUS EXCEPTING THE
WEATHER.

Wednesday last was the opening day
of the Unionville Fair. At an early
hour the exhibitors began to arrive,
each bringing some product of the
fair, the dairy or the workshop, or
specimens of the skillful handiwork of
the ladies: All day long the process
continued, supplemented by those
from long distances, who were allow-
ed to bring in their exhibits on the
morning of the second day, until one
of the finest exhibitions ever gathered
together at Unionville was spread out
to the admiring gaze of those who
were fortunate enough to have a look
over the collection. During Wednes-
day night the rain began to fall in
torrents, which was kept up at inter-
vals until noon on Thursday. At 11
a. m. the directors got together and
decided to hold the fair over until
Saturday forenoon. Telegrams were
at once sent to all the surrounding
towns and villages and a number of
bills were struck off, announcing the
postponement. On the afternoon of
Thursday, however, the weather cleared
up, and there was a fair attendance.

The judges on horses were called at
1 p. m., and at once proceeded to
judge mares and colts, of which there
were a large number on exhibition.
The names of the successful prize
takers will be found in another
column. Several heavy showers fell
during Thursday evening, making the
roads very muddy; but about 10 a. m.
on Friday morning it brightened up
and gave promise of a fair day. By
11 a. m. the cattle, swine and poultry
were in their places, and were a really
fine exhibit.

A hasty run through the buildings
and grounds convinced us that the
display, taken as a whole, had never
been surpassed at Unionville. Enter-
ing the main hall from the front, we
found the Ladies Work, Domestic
Manufactures, and Art Departments
in charge of T. C. Brown, who has
held the position of superintendent of
those classes for the past five years.
He assured us that the display in his
department was (with the exception
of paintings) the largest ever got
together here. The superintendent of
the Grain, Roots, Vegetables, and
Dairy products was at his post, and he
too added his testimony to the fact
that in his department the exhibit
was the largest and best ever under
his charge; and he has been superin-
tendent for the past five years. One
exhibit in the vegetable department,
which deserves special mention, was
that made by Wm. Neilson, the gen-
eral president of the society. We at-
tempted to count the different vari-
eties shown by him, for the special
prize offered by Mr. Robt. Crawford,
of Toronto, for the best collection of
garden vegetables; but as we gave up in
despair. We were, however, informed
by Mr. Neilson, that his exhibit
consisted of over 600 varieties.
Fruit of all kinds was exhibited in
abundance, and in quality and quanti-
ty, was in advance of any previous
year's show. Melons, onions, &c.,
were good in quality and quantity.
In the north wing there was a splendid
exhibit of sewing machines, the High
Arm Davis being represented by Jos.
L. Gallagher, of Farmersville, who
had some 8 or 9 machines on exhibi-
tion. Against the wall were some
very fine specimens of decorative work
done on the Davis machine. A little
farther down this side of the building
R. D. Janson, exhibited a fine bed
room set of furniture and a writing
desk. The style of work was good,
but the quality of the wood drew forth
exclamations of admiration from all
who saw it. The whole of the exhibit

was made from ash, grown on the
farm of James Herbison, of Caintown.
The whole lot was purchased during
the fair by A. E. Donovan, of this
town. S. Pritchard had a fine display
of standard works from the well-known
publishers, J. S. Robertson, of Toron-
to. Next in order came the display of
Domestic sewing machines, presided
over by N. H. Becher, of Toledo.
The Domestic is well and favorably
known to thousands in Canada, and
in fact all over the world. In the
centre of the main hall the flower
stand was well filled by Mesdames
Kerr, Mott, and Brown, making a
fine collection. We had almost for-
gotten to mention that O. H. Brees,
one of the principals of the Brockville
Business College, was on hand with
some fine samples of his pen work.

In the small hall Messrs F. L.
Moore and J. Kendrick, made a mag-
nificent display of honey. The dis-
play of butter and cheese was the
smallest for years, about the only
competition being for the specials of-
fered by Fields, Culbert, and Fitzsimons.

Passing down to the cattle stalls,
we found that the Holsteins were the
favorites this year, as over 60 animals
of this breed were on the grounds.
Jas. Bissell & Sons, and A. Bissell &
Son showed 11 head; J. R. McNish,
& John Collins, of Mallorytown, and
a number of other exhibitors. Hol-
steins, Ayrshires, Durhams, Jerseys,
and grades were shown in fair num-
bers and excellent quality. Hugh M.
Morrison, of Spring Valley, exhibited
7 head of Durhams and 16 head of
sheep on the grounds. The cattle
were all registered pedigreed animals,
and one splendid five-year-old cow
drew marked attention. Thos. David-
son, Spring Valley, had 4 head, and
James Simpson, 3 head, of very super-
ior animals.

The show of sheep was good. W.
H. McNish, E. C. Booth, and Byron
Blancher, each having large flocks on
exhibition. The swine were fairly re-
presented, while the poultry building
was fairly filled with a choice collec-
tion of fowls.

Implementers were in greater profes-
sion than on former years, there being
mowers, reapers, horse rakes, ploughs,
harrows, rollers, &c., on the grounds.
The new all steel frame binder shown
by the Massey Manufacturing Co., of
Toronto, drew especial attention, and
was decidedly the favorite amongst
the farmers present. The company
was represented by J. Birnie, general
agent, and Thos. Burney, binder
ville. The new all steel frame, and is
a marvel of simplicity, strength, and
durability. The driving wheel, and
all the boxes are adjusted to their
places, so that by simply removing one
the box can be slipped out when
worn, and replaced by another. A
relief rake is a peculiarity of this
machine, and is useful in keeping
short grain and stubs from clogging
the heel of the knife, as well as help-
ing to keep the butt of the sheaf
square before passing to the binder.
The twine box is a light tin receptacle,
capable of holding enough twine to
last half a day. This company also
furnish a neat, handy little truck on
which the machine can be loaded in
5 minutes, when it can be readily
moved from field to field, passing
through gateways 6 feet wide without
difficulty. The tilting device is the
best we have ever seen on any machi-
ne, as it can be readily dropped in-
stantaneously to cut from 10 inches
to 1 inch. The butter is under com-
plete control of the driver, and the
grain table is shifted 18 inches in an
instant. This company also had on
exhibition a sharp rake Toronto
mower, and a Massey harvester.
Fred & Wood, Smith's Falls, showed
their self-binder, new model mower,
and Daisy reaper, and Joel Janson
showed the Milwaukee light binder
which they claim is the only really
two horse binder in the market. Geo.
P. McNish, Lyn, exhibited a large
number of ploughs, land roller, culti-
vators, and cemetery railing. Conolly
Bros. had a fine lot of pumps and
ploughs on the grounds. On the west
side of the main building was placed
one of the finest displays of carriages
ever shown in this section. W. N.
Rogers, representing the Gananoque
Carriage Co., had 13 carriages, 5
cutters, 2 lumber wagons. Their new
style cutter, called "solid comfort," is
likely to be the leading cutter of the
next season. Mr. Rogers reports
having sold 7 buggies and 2 cutters,
and expressed himself as highly pleas-
ed with the treatment he received
from the managers of the fair. Cy-
rus Cole, of Low's Corners, back of
Brockville, exhibited 7 carriages, in-
cluding a canopy top village cart. He
secured first prize on top buggy, first
on open buggy, second on platform
wagon, and first on dog cart. His
first prize covered buggy was sold to
Geo. Johnston, of Farmersville. (Just
here we wish to digress to say that we
think our manufacturers are behind
the times in not competing at our
county fair, as manufacturers from a
distance take their wares there and
capture the orders which might be
retained here if a reasonable effort was
made to retain them.)

Lewis and Wardrobe's tented show
was on the grounds during the fair,
and drew a fair share of patronage.
"Cheap John," and "Albion," and
the usual number of babies on the
block were present, and when they all
got in working order the din was
simply indescribable. The Toledo
band discoursed sweet music in which
they were ably assisted by the fine
band of the L. & W. Show.

The hundreds who were fed by
mine host, John Forth, bore willing
testimony to the excellent arrange-
ments and the abundance of every-
thing necessary to satiate the appeti-
te of the most fastidious epicurean;
and we firmly believe that the pre-
diction of our Glen Bell correspondent,
that not a drop of spirituous
liquors would be sold by our model
hotel keeper, was fully verified.

Considerable grumbling was in-
dulged in by some of the exhibitors in
having to leave their articles and
animals until Saturday noon; but as
the directors had announced that the
fair would continue on Saturday until
12 o'clock, they did not feel justified
in changing their decision. However,
we think that when exhibitors saw
that the arrangements could not be
changed, they quietly acquiesced, and
that few were loudest in condemnation
of having to come back Saturday, was
found on the grounds early that
morning, remained until the close and
expressed himself as highly pleased
with the arrangements.

The total number of entries for the
exhibition was 2,486; gate receipts,
\$602.00; receipts from new members,
\$180.00; and from shows, games, &c.,
about \$40.00. Who can say that the
Unionville Fair of 1886 was not a
grand success?

Following is a partial list of the
successful exhibitors, which will be
continued in succeeding issues. The

FARMERSVILLE DRIVING PACE.

The Programme Successfully Carried Out,
and Everybody Satisfied.

The second day's races opened up
with delightful weather. There was a
large attendance of sporting men, and
an unusually large turnout of ladies
graced the proceedings with their
presence. First in order came the
2:40 RACE—\$120.00.

divided \$70, \$35, \$15—which was
postponed from the first day's races on
account of darkness, Nettletop having
made two first heats. The judges
taking the stand, at once called the
horses to their places. After some
little scoring, the word was given to
go to a good start, and Laura C., taking
the lead, drew herself out of the rack
in a speedy manner. Nettletop fol-
lowed a good second; but from what
we could see Maud E. was making it
too lively for her. The heat was fin-
ished with a fine exhibition of speed,
and as the horses passed under the
wire Laura C. stood a good first; Maud
E., second, and Nettletop third. The
next two heats were trotted off in due
time, giving first place and the race to
Laura C.; Maud E. second; Nettletop
third. Johnnie B., Blacksmith Maid
and J. B. were withdrawn from this
race. Six heats in all were trotted;
time, 2:39, 2:38, 2:38, 2:37, 2:37, 2:37.

2:36. The second day's programme
was then taken up, beginning with the

THREE MINUTE RACE—\$100.

divided \$55, \$30, \$15. The race was
taken by Blacksmith Maid, a three
straight heats, with Maxwell second,
Newcomer third, Maud E. fourth and
Donnybrook fifth. Time, 2:47, 2:46, 2-
45. Then came the

FREE-FOR-ALL RACE—\$100.

divided \$100, \$40, \$20. Hurricane
was placed at the pole, Purity second,
Star third, and Neighbors Up fourth,
while Harry B., as his driver remark-
ed, had the pole on the outside. The
scoring was very tedious, on account of
Hurricane not coming up to the start
as rapidly as the other horses. After
the patience of both judges and spec-
tators had been nearly worn out, a
good start was effected. Hurricane
took the lead and kept it easily, with
Harry B. a good second and Purity
close behind, making at times during
the heat fine bursts of speed for second
place. From the first it was practical-
ly no race, so far as the other positions
of the horses were concerned. Hurri-
cane had it all his own way, and
finished the heat fully half a dozen
lengths or more ahead. The race was
trotted in five heats, the fourth and
fifth taking place on the following day,
darkness having caused a postponement.
Hurricane took the race; Harry B.
second, Purity third, Star
fourth, and Neighbors Up fifth. Time,
2:38, 2:36, 2:36, 2:36, 2:35.

NOTES.

During the second day, an interest-
ing game of lac

READ THIS CAREFULLY.

With a view of increasing the circulation of the *Recorder*, we have decided to offer the paper for the balance of this year, to New Subscribers for only 25 cents, in advance. We ask all our readers to assist us in this endeavor to increase our circulation. To each of our present subscribers we will remit 25 cents and order the paper to be sent to some friend, our circulation would be increased to a good paying basis. Will you assist us in this? We mail a few Sample Copies this week to members of Agricultural Societies, and beg to say that a full report of all the directors' meetings of the Unionville Fair will appear in these columns and also the reports of the judges on growing crops, as well as a list of the judges appointed for the fall exhibition. The list of special prizes offered in competition at Unionville will also appear, and after the exhibition the prize list will be published in full. Full reports of the exhibitions (and very probably the prize lists) of the Delta, Frankville, Lyndhurst, Lombardy, and Elgin fairs will be published in a supplement. To those interested in agricultural matters, the above offer is alone worth double the price asked for the paper. Our circulation is increasing as fast as we could expect, and we ask all our friends to assist us in making a Big Push to increase our circulation and influence. On our part we promise to do all in our power to give our patrons a live, readable little paper.

LOCAL NEWS.

All the Current Events of Farmersville and Vicinity Correctly Reported.

Personal Mention.
J. M. Bishop, of the Brockville Times staff, gave us a call yesterday.

Our local artist, C. C. Slack, having arrived home from Toronto, whither he went to gratify his taste for the fine arts, is now more enthusiastic than ever about pictures.

Fairs.
Phil. Wiltse has a very fine display of furs, in Coon, Astrachan, and Persian Lamb, on exhibition in front of his store. The display would do credit to any county town.

Appointment.
We are pleased to learn that M. J. Connolly, of Caintown, has been appointed Clerk of the Mallorytown Division Court.

Another Victory.
Our boys feel jolly over the defeat of the whole baseball fraternity of the back country, at the Harlem picnic, but especially over the clean sweep they made of the Bushrangers, of Motion. The score stood 26 for our boys to four for the Bushrangers, with four innings to play.

Business Education.
Brockville Business College has gained the front rank among the Colleges of Canada. Nearly two hundred students have been in attendance during the past year. The course offered at this college is most thorough and complete and will afford young persons just the preparation necessary to enter upon any business calling. The rates at this school for board, books and tuition are cheaper than at any other business college. Write for their circular.

Restoration.
The restoration of the first number of the *Recorder*, by the Methodist Church, is the restoration of the Dukean *Recorder*, the purpose of making a copy of the same, by Mrs. Duvevan, who has done so ably filled the post of organist in the Methodist Church. The following address was read by Mrs. I. Algure:—
Mrs. A. E. Donovan:

Dear Madam: We, a few of your friends of the Methodist Church, Farmersville, approach you to give expression to the feelings of affection and esteem which we have for you personally, and to assure you of our best wishes; and we pray our Heavenly Father to grant that your welfare may abound in purest joys, that your home may be pervaded by the sweetest influences of our Holy Religion, and that heaven's choicest blessings may always rest upon yourself and husband. We also assure you that we appreciate very highly your musical talents, and that we have been much pleased and profited by their exercise. As a slight token of gratitude for your valuable and gratuitous services as organist of our Church, we desire you to accept the accompanying pieces of silver.

Farmersville, September, 1886.

Mrs. Arza Parish made the presentation, which consisted of several handsome pieces of silver. A. E. Donovan, on behalf of his wife, made an appropriate acknowledgment of the gift, and thanked the company for the sentiments expressed in the address. After a pleasant evening, beguiled with sparkling conversation and delightful music, the party broke up.

Baseball.
A game of baseball was played on the High School grounds here on Saturday last, between the second nines of Frankville and Farmersville. Our boys knew nothing about the Frankville boys wanting to play until they arrived here, but a match was soon arranged. After a short but spirited contest, the score stood 62 for Farmersville to 29 for Frankville, when the tallmen fagged right out and the game came to a sudden termination.

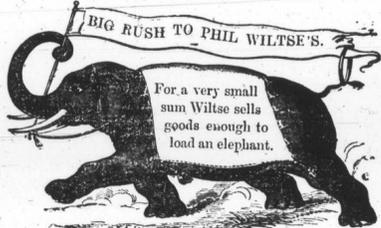

Dismissed.
Ann Coby had B. Cadwell summoned before Police Magistrate Deacon on Tuesday last, for alleged assault. After hearing the evidence, His Honor dismissed the case.

Delta Fair.
As we go to press the Delta Fair is in progress. Yesterday, the opening day, was fine, but cold. Although the attendance was small, the exhibits were larger in most of the classes than last year. A full report will appear in our next.

Our Mineral Springs.
During the past few weeks, Mr. Algure, the proprietor of the land on which the mineral springs are situated, has thoroughly cleaned out the springs several times; and as soon as the water is settled and clear enough, he proposes to send a quantity to Toronto for proper analysis. During Mr. Algure's visit to Massena Springs, he became convinced that the waters of the springs here possessed medicinal properties equally as good as the Massena springs, and if the report of the analyst is favorable, he will next season fit up the springs and place their true medicinal properties before the public, with the view of building up their reputation as a place of public resort. With a beautiful and healthy location, with Lake Charleston in close proximity, and with railroad facilities which will render travel to and from convenient and expeditious, we see no reason why Farmersville should not take a foremost place among the inland summer resorts of the continent. We shall have more to say on this subject in a future issue.

The Railway.
The Brockville Recorder of Friday last says:—A meeting of the board of directors of the Brockville & Westport railway was held here yesterday when the offer of an English company, made through Mr. E. M. Cole, to purchase the bonds of the road was accepted, provided the purchasers advance \$100,000 by October 1st. Mr. Smellie and Mr. Clarkson Jones, of Toronto, president of the board, accordingly left for New York yesterday to execute a power of attorney for issuing the bonds. Before starting Mr. Jones advanced his personal cheque for \$5,000 to be used in having the work go on at once and stated further that he would have advanced \$20,000 had he been apprised of the true state of affairs. Mr. Smellie will be back on Monday and will at once start out over the line to complete the purchase of right of way.
