

# The Acadian

Vol. XXXIX. No. 25.

WOLFVILLE, NOVA SCOTIA, FRIDAY, MARCH 12, 1920.

\$1.50, payable in advance.

## Cottage Hospital For Western Kings

MOVEMENT WAS SUCCESSFULLY LAUNCHED AT BERWICK MEETING

Berwick, March 5—With a great deal of enthusiasm and hopefulness the Cottage Memorial Hospital for Western Kings was fairly launched at a banquet given by the ladies belonging to the Local Council of Women in the school room of Wesley Church, Wednesday evening. About fifty citizens of the town, and delegates from Wards 4, 8, 10, 11, 12, 13, sat down to a repast that had been prepared. After it had been partaken of, the gathering was called to order. A. E. McMahon was appointed chairman, and explained the nature of the business, and P. L. Morse was elected Secretary. Rev. C. H. Johnson gave an outline of the project. He said that the Association being formed would be known as Western Kings Memorial Hospital Association. This motion was put to vote and carried unanimously; so was the second resolution, to have the names of those who fell in the war on marble tablets, with the names engraved with gold letters. The membership is to consist of those who wished to become life members, and there would be members for one year. The hospital will be erected in a central point in the western part of the county.

The following members were elected as a provisional executive: Hon. Pres., S. B. Chute; Pres., J. H. Morse; Vice-President, J. N. Chute; Secretary, Rev. C. H. Johnson; Treas., Mrs. Howard Patterson; and ten ladies and gentlemen were also added. Other minor business was also transacted. Collectors from the different wards were appointed, and March 15 was elected as the day to commence the big drive for an institution which had been needed for a long time. The meeting adjourned in great spirits at the work that had been accomplished during the evening, and looking forward to having the Association incorporated by Act of Parliament at this coming session. It is hoped that the people in the Western part of the County will do all they can to boost such a benevolent project along.

The death of Mrs. A. W. Stabb, a former resident of Wolfville, took place suddenly at Windsor on Wednesday of last week. The deceased was formerly Miss Ada Vaux, daughter of the late Cuthbert and Mrs. Vaux of Halifax, and was a resident of Wolfville for some time previous as well as after her marriage. She is survived by her husband and two sons. Death followed a short illness from grippe which left her heart in a weakened condition. Many Wolfville friends learned with sorrow of her demise.

The old Palmeto property, just east of the office of this paper on Main street, which was recently purchased by Mr. E. C. Young, is about to undergo important changes. The house will be moved back and an addition built in front for a store in which Mr. Young intends to carry on business as soon as it is ready. The work of preparing the foundation was begun on Wednesday. The change will make quite an improvement in the appearance of the street.

## Roads and Rainy Days

Ever live on a farm? Know anything about farms and farm life? If you have, you know the answer to this question:

When does a live and industrious farmer prefer to run into town to attend to business there? In stormy weather of course.

The wise farmer takes advantage of good weather to keep his farm going on a paying basis.

He isn't a loafer. He makes capital out of fair weather. He knows that sunshine is worth as much to him as his acres, his tools and his knowledge of the farming science. He will no more waste sunshine than he will waste fertilizer, grain or money.

This is true because the modern farmer is a first-class business man.

He does on a rainy day those things he can do then as well as on a bright day, in order that he may have the bright day for the big and important job of making his farm produce its share of the world's necessities.

And on a rainy day he can go to the city to do his buying, market his produce, and do any manner of business which he has been putting off during good weather. That is, he can do so provided the roads permit.

What saving would it net the farmer could he have roads upon which he could travel with equal ease rain or shine?

For each trip such roads would be worth a day's wages for himself and his team—that is clear enough.

Supposing it happened ten times in a year, the wage saving would easily amount to \$50 for the ten days. We think it would reach \$100. Surely, one should not be able to hire a good farmer and team for less than \$10 per day.

And think what he would save above that, in better crops, fertilized land and general personal supervision of the important affairs of the up-to-date-farm.

Ten days of a good farmer's time, in good weather, saved to be devoted to his farming business, might easily run into hundreds of dollars.

## Dentistry in the Schools

The School Board of Kitchener, Ont., will establish a system of School Dental Inspection and Treatment.

Inspector Broderick, Victoria county, Ontario, said that dental inspection in Victoria would hereafter be free.

A survey of the dental work required for the children of the London, Ont., public schools is in progress. Over six hundred have been examined up to last report.

In the spring of 1916, 100 bushels of six-rowed barley were imported into Alberta from Idaho,

where the variety had been grown and improved on for a number of years and was the highest yielding barley in the State up to that time. Grown on 25 acre fields at Tilley and Bassano without irrigation, it yielded 75 bushels to the acre in 1916. Plots were sown from samples of this seed at the Dominion Experimental Farms at Lacombe and Lethbridge last year with respective yields of 114 bushels and 109 bushels. The superintendents of the stations have renamed this variety "Bark's Barley."

## The Social Service Council

There was a good attendance at the meeting called on Friday evening last at the Council Chamber, to organize a Social Service Council for Wolfville and surrounding districts. Mr. L. E. Shaw, the provisional president, was in the chair. A number of those present gave favorable endorsement to the formation of a Council, including a spirited address by Rev. Dr. MacDonald.

Other speakers were Dr. Elliott, representing the Civic League, Miss Annie M. Stuart, representing the Woman's Institute of Grand Pre, Mrs. Burpee L. Bishop, of Greenwich, Dr. I. B. Oakes, Mrs. Laura Haliburton Moore, Rev. G. W. Miller, B. O. Davidson, C. A. Patriquin, Dr. McKenna.

A nominating committee was appointed to select officers for the Council, and their report was adopted with the following:—

Pres.—Miss Annie M. Stuart  
Vice-pres.—Mr. C. A. Patriquin  
Sec'y.—Rev. J. H. MacDonald  
Treas.—Miss Eleanor Wood.

An executive was formed composed of the officers and representatives of the various organizations in town.

## Hockey at New Glasgow

The best exhibition of hockey seen this year in New Glasgow, was given in the Arena Rink last Friday evening, when the teams of St. Francis Xavier and Acadia University, crossed swords for the Inter-Collegiate championship of the Maritime Provinces. St. F. X. won, but not by any means was it a one-sided contest, as the score of eight to three would suggest. From start to finish it was clean, fast hockey, and each team played full strength. Throughout there was no penalties inflicted, nor was there any call for them.

The huge rink held a record crowd of enthusiastic fans, and they got their money's worth in real exciting sport.

In the first period the team from Antigonish tallied three goals, while Beardsley netted the rubber for one count for Acadia. In the second period the St. F. X. team again scored three goals. For Acadia, Rogers and Tingley beat out the goal tender for a goal each, and the period ended St. Francis Xavier 6, Acadia 3.

In the final dash the leading team was able to twice bag the net, while the Valley college boys failed to supplement their score, the game terminating St. Francis Xavier 8, Acadia 3.

During the entire playing the goal tenders had a busy session. The puck was not permitted to linger long in any end, and only repeated good stops by Steeves and McKenna frequently turned the tide of victory. It was not a star's game, each of the men on both sides played their position and took every advantage of an opportunity whenever there was an opening.

It is a good thing that the great American people are beginning to realize some of the inadequacies of their form of government which will have to be radically revised before it can compare with the British. Here is what Elihu Root said to an applauding audience in New York on Feb. 20 in regard to President Wilson's regime: "A Government with a Louis Napoleon at one end and a plebiscite at the other, with naught but subservience between them, is not a free republic. It is autocracy by consent."

## Scouts Meet at Kentville

Dr. Robertson, the chief Scout Commissioner for Canada, addressed an appreciative audience of boys and girls and people who are interested in Boy's Welfare Work in the Nicklet Theatre, Kentville, on Tuesday evening of this week. In the unavoidable absence of the Mayor, Mr. Newcombe took the chair. He paid a deserved tribute to the distinguished visitor and to the splendid work accomplished by Mr. Percy Brown.

There was a great task yet to be done and the necessary means must soon be secured to ensure the success of the movement in Kings county. He apologized for Kentville's tardiness to fall into line. But even Kentville was now moving in the right direction and by the present rule of progress he was encouraged to expect a great success in Kentville in the near future.

Mr. Percy Brown, who had rather drive through a blinding blizzard ten miles to talk to a bunch of boys than stand up to address a public audience of adults for ten seconds, briefly outlined and reviewed the activities under his direction since his appointment some 9 or 10 months ago. It is a record to be proud of and the audience appreciated greatly the account he gave of his stewardship. He paid Port Williams the deserved compliment of having the best hall for their Boy Scouts of any place in the province and as if to emphasize the importance of it, he asked the Port Williams contingent to stand, and a fine Troop they appeared accompanied by the Rev. Mr. Chipman and Mr. M. K. McKinnon. Canning, Waterville, Berwick and South Berwick, as well as Wolfville and Kentville, were also well represented. The Rev. Mr. Hockins, of the Aylesford Circuit, was reported to be sick and a number of his Troop, which explained their absence.

Dr. Robertson gave a delightful address on the spirit of Scouting, dwelling on the importance of giving the boys the true conception of honor, and of laws in terms which impelled them to want to do what they are asked to do. He recorded his experiences in his many travels in the truly Scout fashion. He also said he looked forward to another visit in the summer when he would probably see them again in camp.

The lantern slides showing the activities of the Wolfville Scouts were very interesting.

Both Rev. Dr. Archibald and Rev. Mr. Miller spoke encouragingly of the work in Kings County. Mr. Stairs, too, was present and a strong representation of the Tuxis Boys.

Pits at Beausejour, Man., contain an unlimited supply of sand which can be used in the manufacture of window glass. A sample was recently analysed at Pilkington's factory in England and was found to be of good quality which could successfully be used in the manufacture of window glass.

Holland will not give up the ex-Kaiser, but will guard him. Many a well guarded prisoner in exile has escaped to again give trouble to the world. German opinion is the one safeguard worth while, and it begins to look as if Germany is really in agreement with the rest of the world that the Hohenzolerns are not wanted.

## Compulsory Attendance at Schools

Attention of parents and guardians of children of school age (6 to 16) is called to the following extracts from the "Compulsory Attendance Act" in force in all incorporated towns:

Except as is herein otherwise provided, every child shall attend some school during school hours on every day on which such school is open, unless such child is excused from such attendance by the Board, upon the presentation to the Board of satisfactory evidence, showing that such child is prevented from attendance upon school, or application to study, by mental, physical, or other good and sufficient reason.

Every parent or person in charge of any child shall cause such child to attend some school as provided in the next preceding section, and failing to comply with this section shall be liable to a penalty not exceeding twenty dollars, and in default of payment imprisonment for a period not exceeding one month.

Any truant or absentee child found wandering about the streets or other places of resort may be arrested without warrant by any person appointed as a truant officer.

No child under the age of sixteen years shall be employed by any person to labour in any business whatever or street trade, nor accompany any person engaged in any street trade during the hours from nine o'clock in the morning until half-past three in the afternoon, of any school day, unless such child delivers to the employer or has in his possession a certificate signed by the principal that such child has passed a satisfactory examination in grade seven of common school work.

Every person who employs any child or any person engaged in any street trade who permits a child to accompany him contrary to the provisions of this section shall for each offence be liable to a penalty not exceeding ten dollars and more than one month, and in default of payment to imprisonment for not more than one month.

These regulations will be strictly enforced by the Wolfville School Board. By order.

H. Y. BISHOP, Clerk.

## Keep Off The Streets

Last year the Nova Scotia House of Assembly passed a bill entitled "An Act to regulate the Load of Vehicles Operated on the Highways" which provides that—  
"No person shall operate a motor vehicle that is subject to the provisions of the Motor Vehicle Act 1918, on any of the highways of the Province, after the 20th day of March, and before the first day of May following, without the permission of the Superintendent of Highways first had and obtained."  
"Any person who contravenes any of the provisions of this Act or any permit granted under the authority thereof, shall incur a penalty of not more than one hundred dollars."

"In this Act "highways" shall include traction engine, trailer and motor vehicle."

The Act also provides that maximum weight of loads moved on wheels, rollers or otherwise over the highways shall not exceed four and one-half tons or be driven at a speed greater than six miles an hour.

The Act further provides that no vehicle while passing over a bridge shall proceed at a speed exceeding six miles an hour.

Public opinion is solidly behind the Great War Veterans, the Army and Navy Veterans and other organizations making efforts to have the Hearst papers banned from Canada. In Toronto the Newsboys' Union decided against handling the New York American. Hearst is both pro-German and anti-British and there is no reason why any self-respecting Canadian should countenance and support his trouble making publications.

**Notes and Comments**

If each man, woman and child in Great Britain had to pay an equal share of their country's war debt, the personal liability would be \$786 each.

A new microphone to collect sounds and convey them to the ears of partly deaf persons by almost invisible wires is so compact that it can be worn under a man's necktie.

It is said that not a kernel of best Mocha coffee ever gets west of Constantinople. The coffee known to the English and American trade as Mocha comes from parts of Africa, the East Indies, and even from Brazil.

A new method of diagnosing typhoid fever in 10 minutes at the bedside has been discovered by Prof. Bass of New Orleans. The present method, usually takes 12 to 24 hours. The new method permits an earlier check of the disease.

The largest organ in the world will be installed in the cathedral now nearing completion in Liverpool. This mammoth amongst musical instruments will have no fewer than 10,567 pipes and 215 stops, each actuated by its separate draw-stop knob.

Aeroplane service has been established in French Guiana between Cayenne and St. Laurent for the purpose of transporting gold from the mines. The French Government is aiding the enterprise, and lines are planned to ether mining regions that are almost inaccessible by ordinary means of communication.

A Quebec postmaster was fined \$190 and costs the other day for handing back a letter dropped in the office. Judge Cannon pointed out that the laws were very severe on this matter and that as soon as a properly stamped letter is deposited with the postal authorities it no longer belongs to anyone, even the sender, but to the person it is addressed to.

A vacancy in a Professorial chair at Queen's University, Kingston, has been filled by calling a distinguished man. The Rev. Joseph McFadyen, Principal of Hislop College, Nagpur, India, is now filling the chair of New Testament literature and Exegesis. He excelled as a student of Glasgow College, and his coming to Queen's University will be of great value to Canada. The last two Principals of this Canadian University were Nova Scotians. The one who now fills the post is Rev. Bruce Taylor.

**English Teachers For Canada**

Last year two ladies, Miss Potts and Miss Girdloy, spent several months in Canada, studying the possibilities of English girls obtaining positions in Canada as teachers. They presented a very thoroughly prepared report to the British government upon their return home.

Recently as a result of this report a small party of English women arrived at St. John en route to Saskatchewan, to take up teaching in that province. It is expected other young ladies will follow, who will help supply the demand for teachers in both Saskatchewan and Alberta.

**A Constipation Cure**

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mother Seigel's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine, at druggists.

**Be Young in Body, Mind and Looks Despite Your Years**

Many a man, even in his middle forties, has a vague feeling that he is "getting old" and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of.

**PHOSPHONOL**

THE GREAT GENERAL TONIC

It enriches the blood—gently stimulates heart, liver and kidneys to normal activity—brings back your pep, punch and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy.

Phosphonol is a distinctive preparation, scientifically correct in its combination of medicinal ingredients, and there's nothing more invigorating, more strengthening or more rebuilding. Specially beneficial for invalids, convalescents and run-down people of all conditions. Get a box from your druggist to-day—to-morrow you will feel better for it.

Price \$3.00 a box, or 2 for \$5.00. The Scobell Drug Co., St. Catharines, Ont.

**Autos are Changing Trade Conditions**

Almost every Canadian farmer owns a car, says an exchange, and instead of making his purchases in the nearest village he now goes to a trade centre, where he sells his produce and buys what he needs. Four hundred farmers in Ontario were recently asked to state how far they travelled in their cars to merchandise. The replies showed an average of thirty-four miles. Only 25 per cent. of the men bought their clothing in their home village and 23 per cent. of the women. These farmers were all comfortably off and were well able to buy whatever they required.

The farmer is now the biggest and wealthiest purchasing agent in Canada. Figures show that they are buying automobiles in thousands, and this means that every year will see increasing numbers of prospective buyers throughout the rural districts in a position to reach trade centres within thirty-five miles of their homes.

SINCE 1876  
**SHILOH**  
30 DROPS COUGHS  
Merely a Suggestion

Bridget—Do come and look at the beautiful sunset out at the kitchen winder, ma'am.

Mistress—That's nothing, Bridget, you ought to see it rise some morning.

Ma, you promised not to punish me if I told the truth.

Yes, and I won't.

Then I must tell you that I lied to you this morning.

**The Vanishing School Teacher**

The United States, like some parts of our own Dominion, is confronted by a very serious situation in the growing scarcity of teachers—especially male teachers—for the common schools. Quite recently the newspapers of New York reported that there were not enough teachers by five thousand to sit at the desks provided for them in the school houses of the state. In other states teachers are quite as scarce, and where large towns are rare and where the rural school abounds they are even scarcer. The chief reason given is the low salaries paid to teachers. "Now-a-days anyone who has the brains to be a teacher can make an excellent living at some other occupation and naturally prefers prosperity to penury and school teaching. Men, except the few who feel irresistibly called to the profession, have long since ceased to consider teaching as a life work. And now that a wide field of well-paid service is open to women, they, too, are beginning to abandon the vocation that they used to claim proudly as especially their own." Not only, says the paper from which we quote, does the profession of teaching stand in danger; "what is more serious is that the community itself stands in danger. Hundreds of rural schools are closed this winter because there are no teachers to be had. The limited supply is all drained off to the larger centres. If the situation continues and grows worse, those schools will close permanently. Children in the country will have to go uneducated or, at best, scantily educated. That means that families of ambition and substance will not stay in the country, where they will not sacrifice the future of their children. The drift to the cities will gather volume and speed. Only the shiftless and the indifferent will remain in the country, and that can mean nothing except national decay." The school problem may not be so exaggerated in Canada as in some parts of the United States, but conditions here are certainly very similar. Men are turning away from the teaching profession. Few young ladies think of it as more than a temporary stepping-stone to something better. If the efficiency of our schools is not to be suffered to decline, the teaching profession must be raised to a higher plane. "The teacher must be so convinced of the value and dignity of his service that he will not lightly abandon it for some occupation that offers more ease or excitement or money. And on the other hand the public must stop being niggardly. It must tax itself more heavily for school than it has been in the habit of doing; and it must pay salaries that do not degrade the teacher in the eye of the community. Whatever else a town must skimp, let it not skimp its schools."

**Pale, Wan Cheeks Sign of Anaemia**

TO HAVE GOOD COLOR AND HEALTH THE BLOOD MUST BE KEPT RED AND PURE

Many women who had good color and bright eyes in their girlhood grow pale and colorless and lose much of their charm when they become wives and mothers. Why is it? When the fading color in the cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step and a tendency to tire easily, the cause is to be sought in the state of the blood. Many causes may contribute to the condition of the blood known as anaemia. Care of the home, overwork, lack of outdoor exercise, insufficient rest and sleep, improper diet, are a few of them. The important thing is to restore the blood, to build it up so that the color will return to the cheeks and lips, brightness to the eyes, and lightness to the step. To do this, nothing can equal Dr. Williams' Pink Pills. They begin at once to increase the red corpuscles in the blood, and this new blood carries strength and health to every part of the body. The appetite improves, digestion becomes perfect, and energy and ambition return. Proof is given in the statement of Mrs. Alex. Archambo, Cornwall, Ont., who says:—"Two years ago my health began to fail. I was suffering from headaches, pains in the back and sides, and a constant tired out feeling. I had used a lot of medicine, but instead of it helping me I seemed to be growing weaker. My friends urged me to try Dr. Williams' Pink Pills, and while I felt disheartened at my experience with other medicines, I decided to do so. To my great joy I soon found the pills were helping me, and their continued use for a time fully restored my health. I feel that I would be ungrateful if I did not give my experience with Dr. Williams' Pink Pills, in the hope that it may point the way to health to some other poor sufferer."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The age limit for child workers in Japanese factories is to be set at 15 years.

**A Series of Talks on Music**

C. C. LAUGHLER, MUS. BAC., BOWMANVILLE, Ont.

**No. X. FORM IN MUSIC**

One of the most interesting subjects in the Theory of Music is Form. Form is the plan or design upon which a composer builds his ideas. Think of a builder just building and having in mind no particular shape, does not even know how many rooms to have, and he is building just the same, the result will be no form, no order. A composer must work on his composition according to the plan he has in mind. We must also analyse the form of a composition in the same way that you investigate the size of a house or building. Just for a moment, think of a piano composition, just a short piece it may have two parts, if so, we call it binary form; again it may have three separate parts known as ternary form. Each part is more or less complete in itself just the same as each room of the house may be complete in itself and the two or three rooms will form a complete, compact little house. While speaking of a house, let us continue on this subject; each room of the house must have a doorway or door through which to pass from room to room, the door is termed in music a Cadence or Close, partial, tempory or final. A period in music is like unto a sentence and in length usually about eight measures, again this period may be divided into phrases, it is well to remember a phrase as the guiding principle of all compositions. A section is considered a musical thought, usually consisting of two measures, and again this may be divided. The smallest sub-division or musical germ is called "The Motive," which at times consists only of two or three notes.

Various kinds of Form is used, such as Vocal Form, Instrumental Form with Vocal Form. Again Instrumental Form may be divided, or separated something like this:—Canon "Contrapunta Composition"; Fugue "Subject," a large Composition for Solo Instrument.

As building structures vary in size such as, small dwelling house, a large house, the Mansion, and the Castle; so do the composition structure vary in size. Let us study a simple March, the kind we hear every day. We will analyse it first; we have four measures, introduction which usually suggests the kind of make up of the March, following the introduction we are led into the first part of Main portion, then into the second part, also important, same size but different Melody and Harmony, then we return to the Main part again; next to this we have the Trio, a different structure, a different tone of key, we do not dwell there long but return to the Main portion and wind up right there. How much like the small Dwelling is this March; note the likeness: first the Hall (introduction,) then the

Living Room, (main portion) in the Kitchen with its different make-up; again we return to the Main Living Room in order to pass to the Parlor (trio) we again return to the Living Room (main theme) and wind up right there with a Finale or Coda (satisfaction.)

**MASTER SINGERS**

Early in the 14th Century there was an organization called the Minnesingers, a band of musicians make up for the common people. A little later another organization was founded calling themselves "The Master-singers." This association being much more particular as to membership, also forming rules in music, regarding the observing of these rules as the all important thing in music. They arranged tournaments and their schools were conducted with great pride and solemnity.

These organizations originated in Germany but soon spread to other countries; and was soon in general formation.

**DEVELOPMENT**

Form in Instrumental music and Harmony soon developed with the improvement of the Organ and Keyed Instruments. The Choral "hymn tune"; the Motet "sacred part-singing without accompaniment."

Each great Master made some improvement to Form, according to their gifts particularly those of the eighteenth century, such as Bach who invented different Forms and was afterwards known as the Father of Modern Music, who tempered and tuned the scale, so that all keys sounded equally well. Bach was also well known for his Gavvottes. Gilbert who wrote the words to the Opera House "Pinafore" and the "Mikado" got off a pan, at the expense of a gushing, but ignorant young lady, who asked Mr. Gilbert if Mr. Bach had been writing any more of his charming Gavvottes lately. Mr. Gilbert replied, no madam, Mr. Bach no longer composes, he de-composes.

Oratorio Form was generally enlarged by Handel, his works show Grandeur and Solemnity combined with Melodic simplicity.

The greatest Form in Instrumental music is "Sonata" and invented by (papa) Haydn; he also invented the String Quartette and the Symphony. Haydn is known as the Father of Modern Instrumental Music and of Musical humor. The greatest tone-poet that ever lived was Beethoven, he enlarged upon the symphonies, sonatas and string quartettes, that Haydn had invented, and these became Beethoven's greatest masterpieces. Soon these Forms, particularly Orchestration and Opera were re-moulded by Wagner who formed a new species of Orchestration, creating a unity of ensemble, making his work unique, Wagner was known as a peculiar man in some respects, particularly his expensive way of stimulating his imagination. If his compositions of works were to be great and bright, he would dress in satin and have much perfume and flowers around him; if his work was to be dark and gloomy he would have everything draped in black.

In this chapter I have endeavoured to explain in a simplified manner the architecture of Form in Music; although compositions are many and varied, yet all are built up with regard to the rules and methods laid down. Read the following verses on a child's view of music:—

**"LEARNING TO PLAY"**

Composers must be funny men  
At least that's what I say

Minard's Liniment Cures Colds, etc.

The young leaves—the tender leaves—those full of flavor and richness—are selected for Red Rose Tea. The strength, flavor and freshness of these choice, delicate leaves is fully preserved for your enjoyment by the sealed Red Rose package which keeps out odors, dust and moisture.

The Red Rose name guarantees satisfaction.

Red Rose Coffee is as generously good as Red Rose Tea

Because they write down notes and notes

For us poor things to play.

Now don't you think it would be nice

If they would never try

To write their music in a book?

You know sometimes it's dry!

To play it just exactly right

Is very hard for me—

If I could only play it wrong

How easy it would be!

But still I'll try to do my best

And learn each tiny note

And never make a single slip

But play just what they wrote;

For they're the men that made the tunes

And so they ought to know

The way the music's ment to sound

And how it ought to go.

**March Weather Dangerous to Baby**

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better, brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Ever Notice this Whirligig of Time?**

The farmer boy wants to be a school teacher; the school teacher hopes to be an editor; the editor would like to be a banker; the banker would like to be a trust magnate; and a trust magnate hopes some day to own a farm and have some chickens, cows and pigs.—The Office Dog.

A safety lamp for mines using benzine for fuel without danger has been perfected in Europe.

**Cryptic Cable**

For smartness the following will be hard to beat. A well-known personage in Devonshire, England, received a cable from his soldier son in Mesopotamia containing only three words: "Two John twelve." After much puzzling the meaning dawned upon him. Taking down his Bible he turned up the Second Epistle of St. John and read the twelfth verse, which runs as follows: "Having many things to write unto you, I would not write with paper and ink, but I trust to come unto you and speak face to face, that our joy may be full." His son was on his way home to England.

**Many a Man has Solved the Problem**

of how to keep economically in the forefront of the well-dressed by ordering through us Suits designed and hand tailored to his measure by

THE product thus made available could be obtained in no other way at anything like the same moderate range of prices. Style, fit, materials, workmanship and finish combine to make Crown Suits outstanding in merit.

### Editorial Jottings

Dr. George E. Vincent, accompanied by Dr. Richard M. Pearce, will arrive in Halifax Monday afternoon, March 15th, to confer with the governing board of Dalhousie University in connection with the proposed gift of \$5,000,000, of the Rockefeller Foundation to assist medical education in Canada. While in Halifax, Dr. Vincent will also address the members of the Legislature on matters of public Health.

A very important matter will come up for consideration at the special meeting of the Council next week. The new by-law providing for a "brick area" in the town and provisions for controlling the nature of buildings to be erected will be discussed and decided. There is no doubt but that some such action is necessary. It ought to have gone into effect long ago. However, some citizens are of the opinion that the proposed law is of too drastic a nature and ought to be modified. These will have a chance of hearing the whole matter discussed on Wednesday evening and will probably also be given opportunity to express their views. There ought to be a large attendance of citizens.

At the meeting of the Council last week a petition was presented from residents of the section adjoining the town limits on the east asking that the bounds of the town be extended to include their property. The petitioners realize the advantage to be derived as citizen over their present condition and are seeking admittance to our town. No action was taken by the Council but notice was given that at the meeting next week the matter will be brought up for settlement. There is no doubt but that the limits of Wolfville should be extended both east and west. The town is altogether too cramped, and we are often placed at a disadvantage when compared with other towns of much larger area. The interests of those living in both sections mentioned are identical with those of the present town inhabitants and all would profit by the new relation.

Dr. Grant Ramsay, Principal of the Institute of Hygiene, lecturing at the Institute in London, said it would help us to understand the psychology of the times if we reversed the common conception that all but few in asylums were perfectly sane. Sanity was a question of degree, and the world had never been so insane as to-day. Young men and impressionable women were most affected. The woman's movement was marked less by emancipation than by climbing down to the level of men. Their primary duty was maternity, and if this were evaded there was an end of all things. Excitement and gaiety adversely affected the birth-rate. No young, healthy people required stimulants, which should be prohibited to all under 20. The country was an invalid requiring every care, and those who were "dancing mad" and living riotously were patients in delirium.

The Give Service Girls have charge of things for the Pie Social on St. Patrick's Eve. "Nuff sed."

Mrs. N. Evans wishes to announce that she will not be at home to callers until further notice.

Don't you let the other fellow get your girl's pie on Tuesday evening. It may come high but you must have it.

We have just received another car Coke. How about a few tons before roads get bad?

R. E. HARRIS & SONS.

If you are Irish you can feast on the Hibernia decorations on Tuesday evening; but that need not prevent you from eating pie.

General and Fruit Farms and town and village homes, for sale. Apply to Annapolis Valley Real Estate Agency, Fred E. Cox, Middleton, N. S.

Have you ever been to a pie social? If not you will have a chance to find out what you have missed next Tuesday evening, (St. Patrick's Eve) at Temperance Hall.

We can now supply our customers with pressed hay.

R. E. HARRIS & SONS.

The Senior Scout Band will meet at 7.30 this evening and the Juniors at 8.30. A full attendance is requested. The Tuxis boys will meet at the Club Room at 8.30.

Come well supplied with money on Tuesday evening. Your father will give you lots if you tell him it is for a good purpose. Tell your mother you won't need any more pie for a week.

**Wanted—To rent half of a small house or two or three unfurnished rooms. Apply at this office.**

Mr. and Mrs. Clarence Hancock wish to thank all those who so kindly assisted and sympathized with them during their recent sad bereavement in the death of their little girl, Hazel May.

There will be a meeting of the Civic Club this evening at the Council Chamber at 8 o'clock. It is hoped there may be a full attendance of the members as important matters are coming up for consideration.

There will be a meeting of the G. W. V. A. on Wednesday next at 8 p. m. in the club rooms, at which a report of the conference at Truro will be delivered; also other special business handled. A large attendance is requested.

We are now unloading a few cars best Screened Springhill Coal. How about your order?

R. E. HARRIS & SONS.

At the request of the Archbishop, a Thanksgiving Service for the success of the Forward Movement will be held in St. John's church next Sunday, March 14th, at 11 a. m. The heating of the church is now quite satisfactory, a new and capable sexton having been appointed.

We are well stocked with the following sizes Hard Coal—Egg, Stove, Nut and Pea, at lowest market prices.

R. E. HARRIS & SONS.

The confectionery store of Mr. E. C. Young was burglarized last Friday evening and about fifty dollars' worth of goods stolen. The thieves gained an entrance through a back window and helped themselves to chocolates, cigarettes, etc. The work was evidently that of boys and they will likely be apprehended and punished as they deserve.

**Personal Paragraphs.**

Miss Wineva Craig spent the week end at her home in Hantsport.

Mr. Ralph Oxner, of Chester, was a visitor to Wolfville this week.

Miss Thelma Oxner, of Chester, has been the guest this week of her friend, Miss Marie Wilson.

Mr. Harold Shaw, who has been on the staff of the Royal Bank at Middleton, has been transferred to Halifax.

Miss Helen DeWolfe, who has been spending the winter with relatives in New York, returned home recently.

Miss Alice Bligh and Miss Jean Ross, of the teaching staff of the Wolfville schools, spent the week end at the former's home at Lakeville.

Dr. Cutten, president of Acadia University, has been selected president of the Nova Scotia League for the Care of the Feeble-minded.

Mr. Sidney Saunders, of Cockshire, Quebec, arrived in Wolfville last week on a visit of a few weeks to Mrs. Saunders, who for the past two years has been residing on the old homestead.

Mr. George E. Graham, general manager of the Dominion Atlantic Railway, returned to Kentville from Montreal last week, accompanied by Mrs. Graham and daughter, Miss Helen. Mr. Graham stood the trip as well as could be expected, considering his severe injury. He was given a most cordial welcome home on his arrival.

Mr. Edson Graham left on Saturday last for Montreal, to attend the Eastern School of Professional Photography, which met for three days this week beginning on Tuesday. The course included lectures and demonstrations of latest and best in photography, and is sure to be of very great help to a man like Mr. Graham, who is bound to be up-to-the-minute in the work of his profession.

Capt. Arthur Hunt Chute, of New York, is spending a few days in town with his parents, Dr. and Mrs. A. C. Chute. Capt. Chute is one of the Wolfville boys who have made good and is now rated of some considerable note as an author and lecturer. A number of books and magazine articles have been the work of his pen and during his career as a lecturer he has addressed audiences totaling over 200,000. Since his return to

his native town, he has been called upon to address the Commercial Club at Halifax, and gatherings in various other towns both in Nova Scotia and New Brunswick. It is reported that he will, if time is available while at home, address an audience in Wolfville. Wolfville people have not yet, except in a political way, had the privilege of hearing Capt. Chute, and it is hoped that he can be prevailed upon to speak on this occasion.

We understand that Judge Ritchie, of Halifax, has purchased the Dr. Jones property on Church Hill, and is coming here to reside. Mr. Ritchie has been looking for a desirable residence in Wolfville and has succeeded in getting a very fine property. When it has undergone the changes which we understand are contemplated, the Judge will possess a property of which he may be proud.

**Wanted—**A suite of four or five rooms, unfurnished, by the middle of April. Apply to Mrs. M. P. Freeman, Gaspereau Ave. Wolfville.

The Board of Trustees of the Clarke Inter-Collegiate Football Trophy, meeting at Moncton on March 4th, after careful and prolonged consideration, decided that the cup should not be awarded for the current college year to any of the teams of the League, viz., Acadia, Mount Allison, and U. N. B. but be placed in a safety deposit vault at St. John, N. B.

Further, Captains Burden and Rogers of the U. N. B. and Acadia football teams respectively, meeting with the Board of Trustees, concurred in this decision.

Supreme Court of Canada

The first case argued before the Supreme Court of Canada at Ottawa last week was Dunn vs. Dominion Atlantic Railway Co. The narrow question raised in this case is whether or not, if a drunken man traveling by rail and being so disorderly to the annoyance and discomfort of the other passengers that the conductor would have a right to eject him from the train, the latter is justified in putting him off at an unlighted station at one o'clock in the morning. The plaintiffs appellant's husband being so ejected, was killed on the track some two hours later. The appellant claimed that he was so drunk when put off that he could not take care of himself. Defendant's theory is that from the evidence given of when he was last seen he probably walked through the town and got on a crossing.

The jury's findings were against the company, but the trial judge held that this negligence, if there

was any, did not cause the accident and he dismissed the action which the full court sustained.

The Slackers of Today

The labor slacker is as truly a slacker as was the one who was a slacker in war days. There can be no prosperity for labor except through full production. Short production and high wages and high living costs can result in nothing but disaster. Sooner or later prices go to the point where consumption is curtailed. Then the demand falls below the supply, and there comes a smash which is expressed in the term hard times or panic. In such periods labor suffers most. Prices today have been driven to heights previously unknown. Foolish men who are leaders among labor see profit if immigration to this growing country is curtailed further. They are ignorant of economic law. They are riding to a fall and do not know it.—Philadelphia Public Ledger.

Minard's Liniment Cures Distemper.

The Price of Sugar

We don't seem to be able to control the price of sugar in Canada. But in Australia they do. The price of sugar in Australia has never altered during the whole course of the war, and it is being sold today at the same price as it was in July, 1914. This is not due to any benevolence on the part of the sugar trust in Australia, nor on the part of the merchants. By an agreement between the Australian, Queensland and Federal Governments the sugar supply was effectively controlled, and the price fixed at seven cents per pound, at which it has remained during the whole course of the war and up to date.

Dr. DeVan's French Pills A reliable Regulating Pill for Women. \$5 a box. Sold at all Drug Stores, or mailed to any address on receipt of price. The Sebell Drug Co., St. Catharines, Ontario.

PHOSPHONOL FOR MEN Restores Vim and Vitality; for Nerve and Brain; increases "gray matter;" a Tonic—will build you up. \$3 a box, or two for \$5, at drug stores, or by mail on receipt of price. The Sebell Drug Co., St. Catharines, Ontario.

NEURALGIA

Dangerous drugs or tonics are of little use. They may relieve the pain but do not remove the cause. The help that counts most is nourishment.

SCOTT'S EMULSION

rich in purest medicinal cod-liver oil, feeds the weakened nerves and at the same time enriches the blood. Do not take nerve sedatives or nerve stimulants, take Scott's Emulsion. It is the standard tonic-food that puts strength in place of weakness. Be Sure It's Scott's Emulsion.

30,000 Canadians Awarded The 1914 Star.

Thirty thousand Canadians have been awarded the 1914-15 Star to date, according to the records of the Militia Department at Ottawa. Applications are still being received for them, and there are probably still some hundreds of men and many women, who are eligible for them, but have not received them yet.

The staff of the records branch has been kept busy issuing "King's certificates on discharge," and is not nearly through with the distribution of them yet. Hundreds of applications are being dealt with daily, and this entails considerable time and labor, as all records of individuals making such application must be looked into carefully.

The honors and awards section of the branch receives many requests and queries in a day. Letters from soldiers' widows are particularly numerous and they cover a wide range of subjects. The Memorial Cross to be awarded

### Favors Motion Pictures

"I should rather have boys and girls go to the movies than to sit at home twirling their thumbs in a corner, imagining discordant, unruly, abnormal thoughts and brooding over budding and badly understood sex ideas. The movies furnish a clarification of youthful home-brewed fancies," so says Dr. Percy Stickney Grant, rector of the Church of the Ascension, Fifth avenue, New York, in speaking of the problem of amusement of adolescents, in a very striking article entitled, "If Christ went to the Movies," in the March issue of Photoplay Magazine.

"There is much that bears closely upon religion and social uplift in the Freudian psychoanalytic psychology. Most people spend much time in fantasy, day-dreaming, wool-gathering. The coward paints himself in heroic scenes, the shop girl pictures herself in a beautiful dress seated in the parterre of the opera. This is the stuff that 'dreams are made of.' Ideas fall into the mind not regulated by will or checked up by reality. People not only sit in dreams, but act in dreams.

"Our motion pictures are of the sort that the individual craves. First and foremost they possess whatever reality is to be had in story, drama or educational film. The movies clear out the cobwebs of the mind, putting in carefully prepared facts. They are a tonic, a regulator, and clarifier of the inner life, of the imagination. We must think of the movies as of that wonderful clean sweep that is clearing out the unhealthful fantasies of the brain."

Dr. Grant believes that Jesus would approve of the movies. "Christ approves of anything that makes for the happiness of mankind; anything that lifts the minds of his people to a higher plane; anything that refreshes and interests them after a day's hard grind." "Christ taught his followers by pictures. Parables, we call them. He used that marvelous pictorial element which is part and parcel of human life. What is the parable of the Prodigal Son but a series of pictures divinely presented? We must think of Christ as an ideal personality having vital, ethical ideas bearing on our life today, not as the vicarious offering perpetuated in the sacrament of the church. Christ lived and walked among the men of his day. He shared in the life of the common people. He ate at the Pharisees' house. He took part in the marriage celebration at Cana of Galilee. Were the Lord to descend upon our earth today can we doubt His approval of this form of education when we consider His own method of pictorial teaching?"

A yellow sheet tells of a stylishly dressed woman being found wandering in the woods, the account ending: "She was unable to give a lurid account of herself." But isn't the yellow reporter's job to supply that?—Boston Transcript.

ed widows and mothers of deceased soldiers is the subject of comment these days. But the correspondence goes all the way to Fenian medals, several of which have been given out in the last couple of months.

There are no signs of either the Allied Medal nor British Service Medal for Canadians yet. While the Militia Department has received considerable correspondence on the subject of both awards, no word as to when the actual medals may be expected by the Government has come to Canada yet.

### GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

### GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-LIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and thirty-two cases of Influenza and 183 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain underfoot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, is only safeguard against the disease, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a blood-purifier, a body-builder, a strength-giver, like "Fruit-a-lives", the wonderful fruit medicine.

"Fruit-a-lives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-lives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-lives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-lives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-lives" today and let this fruit medicine keep you well.

"Fruit-a-lives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

About once in a thousand years there is a girl who really is surprised when a man proposes to her.

### PILES

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required, and as certainly cure you as any other medicine. Sample box free, you name on this paper and enclose 1c. stamp to pay postage.

A good many things make it pleasant to shop here; they're all included in our general principle of real service.

Its part of our service to only sell shoes of the finest quality—that's why we feature Hartt Footwear for Ladies and Gentlemen.

It's part of our service also to think more of pleasing you than of "selling" you; to see that you are properly and carefully fitted and get intelligent attention.

We always consider that any money you pay us for shoes is still your money until you've satisfied yourself that you like the shoes you've bought.

**Kentville Notes**

The resignation of Dr. R. J. Collins, assistant medical superintendent of the Nova Scotia Sanatorium, is announced. Dr. Collins has been appointed as medical superintendent of the Balfour Sanatorium, Balfour, B. C., and he expects to leave to take over his new duties within a week or ten days.

The service of song given in St. Paul's church Sunday evening was one of the finest programs ever rendered here. The Kentville talent was ably assisted by Miss Marie Wilson, of Wolfville. The entertainment was under the direction of Mrs. A. G. Embree.

**Canning Items**

At Canning Tuesday evening the local hockey team defeated a team from Bridgewater by the score of four goals to two.

Canning's new skating rink was recently opened. It is one of the largest in the province, the ice surface being 170x64 feet.

**Social Matters**

Mrs. Herbert Johnson was the hostess on Thursday evening of last week, of a very pleasant sleighing party of lady friends. The home of Mr. and Mrs. Arthur Starr, at Starr's Point, was the objective, where supper was served and a most enjoyable evening was spent, the party arriving home at about midnight. Mrs. Johnson proved herself a most accomplished hostess and left nothing undone to add to the pleasure of the occasion.

The ladies' bridge club was pleasantly entertained on Tuesday evening at the commodious home of Mr. and Mrs. Herbert Johnson, when a most enjoyable time was spent. Mr. Johnson has recently had his residence wired for electric lighting and on Tuesday evening, through the kindness of the proprietors, they enjoyed the use of the light for the first time. Those who have had the pleasure of enjoying Mrs. Johnson's hospitality realize that other than a pleasant evening was impossible.

On the same evening the gentleman members of the club were delightfully entertained at the home of Mr. and Mrs. E. H. Johnson. One of Jackson's large sleighs conveyed the whole party and the drive was a most jolly one. Mr. and Mrs. Johnson gave their guests an exceedingly pleasant evening which will not soon be forgotten.

Mr. G. H. Waterbury entertained a company of gentlemen friends on Wednesday evening at the home of his sister, Mrs. Percv Benjamin, when a very enjoyable time was had.

Mrs. J. D. Harris entertained very pleasantly at "auction" at her pretty home on Victoria avenue on Friday evening of last week. There was a goodly company of ladies invited and the affair was a most enjoyable one.

On Wednesday evening a little party of Wolfville friends were hospitably entertained at the cozy home of Mr. and Mrs. Fenton B. Harris, Lower Wolfville—one of a number of similar affairs which have been most enjoyable. A bountiful supper was served to the guests, after which the evening was sociably spent until a late hour. Mr. and Mrs. Harris both enjoy these gatherings and are certainly successful in their efforts to provide a good time.
