

GREATER HAMILTON'S MOST RELIABLE NEWSPAPER

WARRANTS
ISSUED TO-DAY

For Arrest of Deputy and Poll Clerk.

Wm. Lawson Accused of Supplying Ballots Unlawfully

Is Said to be a Man With a "Past."

Disclosures made in connection with the attempt by a Tory poll clerk to sell ballots for to-day's election in Hamilton at \$100 per package of 50 have led to warrants being issued for the arrest of William Lawson, deputy returning officer at polling booth No. 37, 18 Rebecca street, and for H. Dillabaugh, who was to have been poll clerk for Deputy Returning Officer O. H. Tyler at 326 1/2 James street north, the polling booth of division 42.

When Whitney was seeking office he made great boasts about the character of the men who would hold the positions of deputy returning officer and poll clerk when he got into power. It is to be hoped he will enquire into the characters of some of those appointed in Hamilton, and ascertain what influence was brought to bear to get such men into places of trust.

Clef Smith at noon to-day admitted that he and Crown Attorney Washington had had information before Police Magistrate Jells against William Lawson and Harry H. Dillabaugh under the Ontario Elections Act. The charge against Lawson is "unlawfully supplying ballot papers for use in the Ontario elections," and against Dillabaugh "unlawfully taking and interfering with a package of ballot papers for use in the Ontario elections." The whereabouts of the two men are at present unknown, and the police do not seem to think they will make any arrests in the case for a few days yet.

This morning the police made the statement that Lawson was, some time ago, charged with obtaining money under false pretences from Kyeckman, the Macdonald street grocer, by selling some barrels he was entrusted with. On this charge he was allowed to go on suspended sentence. According to the police authorities he is also alleged to have sold a number of coins for a woman employed in the City Hall, and who has never got any money for them yet, nor has she ever got an accounting from Lawson. A few days ago Lawson was in Police Court on a charge of being drunk and he was allowed to go on condition that he kept away from his wife.

INCENDIARISM
AT BRANTFORD.

House Set on Fire While Tenants Were in Hamilton.

Store Burglarized—Ran Down an Alderman—Bill Wood.

(Special Despatch to the Times.)

Brantford, June 8.—Incendiarism was the origin of a fire this morning at 9 Main street at 3.30 this morning. The house was inhabited by foreigners, who were away in Hamilton on a visit. The department made a quick run to the scene of trouble and extinguished the blaze after the roof had been partially destroyed. The loss will be \$250. Mr. Joseph Elliott is the owner.

The store of N. D. Neill was entered early Sunday morning by marauders and a quantity of boots and shoes was stolen. The cash box was broken into and a small quantity of money secured. The firm has not been able to state just how much merchandise was taken. The police expect to make arrests in connection with the matter.

A young man named Chesney was arrested in Galt on Saturday, charged with stealing a wheel from a local bookkeeper named Townsend. He has been brought back to Brantford. The wheel was recovered.

The Street Railway has asked permission to store 35,000 ties for extension purposes on the civic property on Oxford street.

Ex-Mid Hartwell was run over on Colborne street, Saturday evening, while riding a bicycle and narrowly escaped injury.

A building permit has been issued to Jas. Hazel for the erection of a brick dwelling on Victoria street, cost \$1,500.

Brantford is elated at the success of Bill Wood, who won second in the Marathon at Toronto Saturday. He will secure a royal send off to the old country.

Brantford, June 8.—It is announced authoritatively that the long-delayed start on the improvement of the street railway system will be commenced here very shortly. President Verner has purchased the ties and rails necessary, and the money has, after a great deal of difficulty, been secured for the work.

Watch Stolen.

The house of Mrs. S. S. Benson, on Grand street, was recently entered and a valuable watch stolen, in the absence of the owner. County Constable Kerr is working on the case, and it is said strong suspicion rests on a neighboring family.

False Alarm.

The fire department was called out on Saturday night for a false alarm at Box 32. Two boys are suspected of having rung the alarm. When the department returned to the hall the lads again appeared on the scene and were just prevented from turning in a second alarm. They have been in the police court before and will be brought up again.

Dramatic Suicide

Washington, June 8.—After holding the police at bay for six hours, Dr. Joseph Pospisiel, an employee of the pension office, shot himself through the brain yesterday while insane. Laboring under a delusion that an attempt was being made to murder him, he fired at pedestrians, into the homes of his neighbors, and the police. Altogether he fired about fifty shots in this way, none of which, however, took effect.

Before arming himself, Pospisiel passed his three little children through the windows to persons in the adjoining house. His wife became alarmed when he opened fire on the policemen, and she joined the children in the neighbor's house.

When he shot himself Pospisiel was sitting in the second storey window of his home. He first rolled up his sleeve and injected cocaine into his arm, and then fired the fatal shot.

SIX MEN DEAD.

Foul Air in Colorado Mine Brings Death to Miners.

Gold King, Mine Near Silverton Took Fire Last Week.

Silverton, Colo., June 8.—Six men are dead, eight others in a critical condition from breathing foul air thirty hours are temporarily confined to their homes by gas poisoning suffered in the Gold King mine at Gladstone.

Thursday night fire destroyed the engine house of the mine, and also the shaft house. Two buildings were near the doors of the main shaft, and to prevent the spread of the flames and smoke to the workings of the mine these doors were closed temporarily. The men working the night shift in the mine were informed of the conditions on the surface, and instructed to withdraw. When the flames had been extinguished three men failed to come out of the mine. Efforts to rescue them were made. The first men to enter the mine returned in haste and informed those waiting that the mine was filled with foul air. Two rescue parties were formed and the men started into the mine in groups of five by means of the electric elevator, which was still working. The air generated by the movement of the elevator had cleared the atmosphere in the elevator shaft, so that a little discomfort was experienced there.

Soon after a score or more of rescuers had entered the mine, some of those last in appeared at the foot of the elevator shaft carrying the unconscious forms of miners who had succumbed to the noxious air. Later a party reached the surface, bringing the dead body of Victor Ericson, and the almost lifeless bodies of John Sumston and Otto Johnson, the three men whose absence caused the necessity of rescue work. The others who perished or were injured were of the rescuing parties.

MEETS THIS WEEK.

Synod of German Lutheran Church at St. Paul's.

The forty-eighth annual synod of the German Evangelical Lutheran Church will open in St. Paul's Church, Hughson and Gore streets, at noon on Wednesday. The synod includes ninety congregations, presided over by forty pastors. There are also eight missions in New Ontario. One of the features in connection with the synod will be the fact that St. Paul's Church will celebrate its fiftieth anniversary. During the week Mrs. A. Gompf will present the church with a large picture of the resurrection, the work of Miss O. Palm.

TORY MONEY

Being Freely Used in Some Parts of the City.

From what information could be gathered at the polling booths up to press time it looked as if one half of the total vote of the city had been polled by 2 o'clock. At the Liberal headquarters it was reported that a large number of people were holding back for money; also that in some parts money was being paid out freely. Not one cent of it was used by or in the interest of the Liberal candidates.

If the usual last hour rush takes place 85 per cent. of the possible vote should be polled, which is a large proportion.

Special For To-day and Tuesday.

Spring chicken, green corn on cob, fancy dark cherries, large southern water-melons, crisp butter beans, new bunch beets, Grimby tomatoes, hot house cucumbers, pineapples, grape fruit, oranges, limes and Jamaica lemons. Bain & Adams, 89-91 King street east.

Turbina Special—Every Day in June.

The Turbine Steamship Company will reduce the price of strip book tickets to \$2 for June only. Those purchased in June will be good for passage during the season. Be wise and purchase now. I have often wondered how every man loves himself more than all the rest of men—Marcus Antoninus.

GROSS ELECTION CORRUPTION
UNDER WHITNEY SYSTEM.

Ballots Offered For Sale In Hamilton by One of the Conservative Poll Clerks.

Police Given a Fine Chance to Arrest Culprit But Preferred to Tip Off the Returning Officer.

In all the 33 years of Liberal rule no such gross corruption was ever attempted in Hamilton as was the result yesterday of the doings of the Whitney Government in the very first election they undertook to run.

The boasted clean ballot and pure election which Whitney promised were thrown to the winds and ballots for to-day's elections in Hamilton were offered for sale in pads of 50 at \$100, or \$2.00 each.

The Hamilton police were notified and were told exactly how to proceed to catch the would-be seller of ballots, but instead of taking action to arrest him notified the returning officer, and the result was that there was no arrest.

The facts of the case are that on Saturday night H. Dillabaugh, a poll clerk for O. H. Tyler, deputy returning officer for polling sub-division 42, took a bunch of 50 ballots to W. S. McLaughlin, Liberal chairman of Ward No. 5, and offered them for sale for \$100. Mr. McLaughlin made an appointment to meet him at 11 o'clock Sunday morning, and at once reported the corruption to the Liberal leaders and candidates.

The chief of police was then notified and asked to have a man on hand to arrest Dillabaugh. But the police appear to have thought more of laying the facts before Lieut.-Col. Moore, returning officer, and the result was the upsetting of the plans laid.

Mr. McLaughlin makes his statement under oath, as follows:

Mr. McLaughlin's Affidavit.

"In the matter of the election for the Provincial Legislature for the electoral district of West Hamilton: I, William Stewart McLaughlin, of the City of Hamilton, in the County of Wentworth, do solemnly declare:

"Yesterday I was approached three times by a Conservative poll clerk, Harry Dillabaugh, who offered to sell me ballots for the election. He came to me at the store of Gardner & Thompson, gentlemen's furnishes, corner of James and Gore streets. The third time he came was the only one on which I was able to give him a hearing. I was pretty busy the last time he came, but I told him to come to the back of the store. We got into a little back entry, and I asked Dillabaugh to let me see the ballots. Dillabaugh pulled out of his pocket fifty ballots in book form, on which were printed the three candidates' names,

and also the stamp of the returning officer for West Hamilton, Lieut.-Col. A. H. Moore. I examined the ballots very closely, and found that they were genuine. I asked Dillabaugh how much he wanted for them, and he said \$100. I told Dillabaugh that \$100 was too much for them, and walked away from him. I went on with my business, but he came to me at the door of the store and said, 'I will see you to-morrow (Sunday) at eleven o'clock.' I informed Mr. W. H. Wardrope, K. C., the Liberal candidate for West Hamilton, and Mr. Adam Zimmerman, M. P. for West Hamilton. The police were notified on Saturday night. I notified Sergt. Finch on my way home, at about twelve o'clock, and he told me that he would see Chief of Police Smith about the matter at ten o'clock in the morning.

"When I went down this morning to the place where I was to meet Dillabaugh, at the corner of James and Gore

streets, who should I see there but Lieut.-Col. A. H. Moore, the returning officer, and his brother, Lieut.-Col. E. W. Moore. Lieut.-Col. A. H. Moore asked me if I was McLaughlin, and I said, 'Yes.' Lieut.-Col. A. H. Moore then said, 'I suppose you know what I am here for?' I opened up Gardner & Thompson's store, and we all went in and had a little talk over the matter. I told them that I saw the ballots, and they wanted to know whether I would be prepared to swear to that. I said that I was prepared to swear to it, and I explained to the returning officer what the ballots were like. Lieut.-Col. A. H. Moore, the returning officer, said that the only way Dillabaugh could have got possession of the ballots was from the ballot box, which had been entrusted to Deputy Returning Officer Horace Tyler.

"Lieut.-Col. A. H. Moore and his brother then left me, saying that they were going to see Tyler. I waited for them at the store for about fifteen minutes. Then they came back and said (Continued on page 7.)

RAILWAY AND
POWER QUESTION

TO COME BEFORE CITY COUNCIL TO-MORROW NIGHT.

Mayor Opposed to Dealing With Both at One Meeting—Wants Informal Meeting of Council.

The Council meeting to-morrow night will probably be the most important session of the year. Besides the power question, the street railway matter will be before the aldermen. The sub-committee which has been carrying on the negotiations had another meeting on Saturday, and it is expected a general meeting of the conference committee will be held to-morrow afternoon to make a recommendation to the Council. Mayor Stewart is opposed to both these questions being dealt with on the same night, because he thinks the street railway matter is too big a thing to be hurried through. His opinion is that there should be an informal meeting of the Council first to thresh it out before the Council finally acts on it.

City Engineer Barrow has heard that Edward New opened up four new gravel pits in the west end. Mr. New has made application to the city under the new by-law for permission to open two new pits. This matter will be dealt with at the next meeting of the Board of Works, and the City Solicitor will likely be given instructions as to what course he is to pursue.

F. H. Hall was granted a permit to-day for a brick house on Striton street, between King and Wilson streets.

CALL IT CRUELTY.

Police Compelled to Wear Their Winter Clothing Yet.

"It's absolute cruelty to ask a man to go out a day like this with his winter uniform on," was the doleful song of the police this morning. The summer uniforms are not all ready and the poor bobbies have to wander around with about two inches of covering. They are strenuously objecting, but the tailor is taking his time and the policemen are all losing weight wearing their winter duds.

Wigg—These trousers fit me all right when I bought them, and now they are nearly up to my knees; see how they have shrunk. Wagg—How do you know they have shrunk? Maybe you have had your leg pulled.

THE MAN
IN OVERALLS

Waiting for the verdict.

Did you vote? Well, somebody had to lose.

The battle of the ballots to-day.

Now get ready for the Dominion elections.

Harvest hands will next be needed for the Northwest.

Come around to the Times to-night and cheer anyway.

Whatever the result our men fought a clean campaign, and have nothing to regret, nothing to apologize for.

Is Peter Bertram a Tory masquerading as a Grit? I never thought that of Peter.

The sermonettes were a happy thought, and will be followed by others I have no doubt.

Hon. A. G. MacKay fought a good fight. Even his enemies admit that. He deserves whatever success he may meet with.

It's only the Herald's ignorance that makes it think that the power will be sold by the Commissioner stepped down ready for distribution. It should step down and out.

If you keep away from the water you can't be drowned. Remember that.

Poor doggie is now being blamed for a lot of things two-footed animals do.

The man who is so fond of using the lawn hose needs to be told that too much of that sort of thing keeps his house damp.

This city will be wise if it waits for the contractors' figures on the power scheme. Hamilton won't build its own distribution plant until it sees what it will cost, and it should not go blindly into the Government's end of it until it sees what it will cost. Mr. Langair, I think, will agree with me in that. What's the hurry, any way, for a month or two.

The Herald shows its independence by supporting Hendrie in the West and Mr.

Studholme in the East. No Grit need apply to it.

Come around to-night and get the earliest returns from all over the Province, and cheer every time you get a chance.

The city dock is now earning its board, and the reventment wall has made possible another splendid park for Hamilton.

If there is to be too much kicking about these street railway extensions, we may lose the whole thing.

If defeat is to be ours we will meet it with composure. If victory, we will not lose our heads.

Yes. This is nice weather for the crops.

Is Mayor Stewart a statesman? He thinks he is.

This year's horse hats are pretty much like last year's.

The workers had a hard time of it to-day.

Once more cheer for Hon. A. G. MacKay.

HAD A FIT.

Brantford Young Man Found Unconscious in Detroit.

Detroit, June 8.—Richard Mathison, 23 years old, of Brantford, Ont., was found unconscious at Chene street and Forest avenue on Saturday afternoon. The physician summoned announced that Mathison was suffering from epilepsy. He was sent in the east end ambulance to St. Mary's hospital and on the way he recovered consciousness. Late last night Mathison was reported as greatly improved.

No Doubt

Righted Wrong

New York, June 8.—Sarah Koten, the young trained nurse who lured Dr. Martin W. Auspitz to a house in Harlem last night with a false sick call by telephone, and shot him to death, after she had lain in wait for many hours, declared to-day that she had no regret for her act. "I shot him, but I did not murder him," she said in a cell in the police station as she awaited the summons to appear in court. "I killed him because he wronged me, and then refused to help me. I tried to punish him in the courts, but found myself powerless. My father and mother are dead, so I had to protect my honor myself."

There seems little doubt that when the case against the girl goes to trial a jury once more will have an opportunity to pass upon "the unwritten law," or the justification of murder under certain circumstances.

KING AND CZAR

And Members of Families to Meet In Open Sea.

Russian Imperial Yacht Arrives Off Reval Waiting For King.

Reval, June 8.—The Russian imperial yachts Polar Star, Standard and Tarevna, escorted by a fleet of torpedo boat destroyers, under command of Rear Admiral Von Essen, arrived in the Standard here early this morning. The Standard during the day will move alongside the pier, from which the Emperor and other members of the Russian Imperial family, accompanied by a numerous suite will embark from the Imperial train which is due to arrive from St. Petersburg at 7 o'clock on the morning of June 9. The Imperial train will run directly on to the pier, the approaches to which will be closed by troops.

As soon as the Imperial party has embarked the yachts will proceed to sea to meet the British royal yacht Victoria and Albert, which has King Edward, Queen Alexandra, Princess Victoria and a large suite on board. The change in the plans of the Emperor's party in giving up the trip by sea to this port and coming by rail instead was executed so quietly that the local population are in complete ignorance of the Emperor's movements. The Mayor of Reval and the marshals of nobility will together tender greetings to their Majesties to-morrow. The effects of the storm which has been prevailing in the Gulf of Finland for several days was not felt here, and the meeting of the two monarchs will not be attended by the discomforts of a rough sea.

BOTH ARRESTED,

But They Were Two Trunks, Not Two Drunks.

The police are having a laugh all around to-day. Last night rather late Constable Aiken saw two large trunks in the alley in rear of the Bank of Hamilton and he telephoned the deskman, Stewart, and told him to send the wagon up. "There are two trunks in the alley behind the Bank of Hamilton. Send up the wagon. Will you?" was the way Aiken told it to Stewart. "All right," said Tom and he turned to the private alarm system and called English at the new station. "There are two drunks in the rear of the Bank of Hamilton. Go up with the wagon," he said, and English started out. When he reached the alley Sam Aiken was sitting on the two trunks and English started to say things. The policemen could hardly lift the trunks into the wagon, but after a hard struggle loaded them on and took them to No. 3. This morning their owner, a traveller, told the police they had no right to take them and ordered them to take them back to the spot they got them from. The police gave him a few pointers on how to treat people who protect other people's property at the expense of much hard work, and, as a result, the traveller will have to go to the station, sign for the trunks and take them away himself.

STOLE DYNAMITE.

Enough Taken to Blow Up City Hall.

One of the most daring and audacious things the police have heard of in some time was reported by Armstrong brothers yesterday. They have a gravel pit near the high level bridge, and reported that some time since Saturday seventeen sticks of dynamite, a number of fuse caps and 100 feet of fuse were stolen from their shanty. Three baseballs and an alarm clock are also missing.

TRADERS BANK OF CANADA.

STRANDED IN
OLD IRELAND

Where They Went Expecting to Live Happy.

Hardships of Vent and Carney Families Abroad.

Forced to Tramp Most of Way Back From Montreal.

Leaving their families stranded in Ireland, obliged to work their way back to Canada and then tramp most of the distance from Montreal to Hamilton, such was the experience of David Vent and William Carney, who left for the old country several weeks ago, the latter expecting to begin life afresh in the little green isle. The trip was crowned with disappointment, though, for Carney is back in Hamilton, while his wife and seven children are in the poorhouse. Mrs. Vent is also still in Ireland. A letter has been received from the Superintendent of Immigration stating that the Canadian High Commissioner in London has cabled the department about the matter, with a request that enquiries be made by the authorities here.

Mrs. Vent is Mrs. Carney's mother. Neither family were in the best of circumstances and the trip to Ireland would not have been made only Carney met with an accident some months ago, while engaged by Thomas Barnes, the contractor, as a teamster. He was said to have sustained internal injuries and got judgment for an amount said to be about \$302. With this amount he purchased tickets for himself, his wife and seven children and Mr. and Mrs. Vent, to take them to Ireland.

When Carney's money gave out he and Vent decided to get back to Canada, if possible, and send for their families later. It seems evident that Mrs. Carney and her children and Mrs. Vent have become public charges since then, for the Canadian High Commissioner in his cablegram states that they are stranded, that they are supposed to have numerous relatives working in the Tuckett tobacco factory here, and requesting that they be consulted as to one about raising funds to bring the others back. The message requests that a reply be made.

Carney and Vent landed in Montreal towards the end of May, and have just arrived here, after some trying experiences. At Smith's Falls Carney telegraphed his sister, who was in a ship town hotel, to wire him transportation. She did so, but he evidently thought his relatives had gone back on him, for when the ticket did not arrive as soon as he expected he started off again on his journey on foot. At another station he wired for \$50. This was also sent, but again he became impatient and left before the money arrived. He and Vent reached Oakville last Thursday. The latter made enough money sharpening lawn mowers to ride into Hamilton on an electric car, but Carney was not so fortunate. He got in on Friday morning.

The facts of the case, as stated in the communication received here, have been related to the relatives of the parties in Hamilton, but what action they will take is not known yet.

Mrs. Carney, through no fault of hers, gained some notoriety at the time of the celebrated Barton murder mystery. The night the victim was discovered and the body brought to the morgue some of those who viewed the corpse thought they identified it as Mrs. Carney. The supposed identification was strengthened in the morning, when Mrs. Vent, Mrs. Carney's mother, a sister and a son expressed themselves as positive that the dead woman was Mrs. Carney. Mrs. Carney, however, was discovered shortly after, alive and well, at Stoney Creek.

Carney was said to have gone to the old country with Vent and his wife to secure a fortune. It was said to be awaiting the latter which was said to be Carney's, however, told a different story to-day. She said that Mrs. Vent had kept Carney at the hospital during his illness. Carney wanted to go to Ireland to start up in business there and in view of Mrs. Vent having cared for him during his illness, she insisted that he should assist him as she has relatives there. The sister said to-day that Carney, according to a letter she had received from Ireland, had been in business but a short time when the bailiffs seized his place. He told his people he had been robbed of his money at Galway.

The relatives of Mrs. Carney and Mrs. Vent have not decided yet what action is to be taken, but it is likely the Dominion Government will have to provide transportation for the party as they are public charges in the old land.

BLOCKING SUPPLY.

Sir Wilfrid Laurier Answers Borden's Complaint.

(Special Despatch to the Times.)

Ottawa, June 8.—In the House of Commons this forenoon Mr. Borden thought it a matter of regret that the civil service bill had not been introduced and that other promised Government measures were not yet before the House. Sir Wilfrid Laurier said he considered that the Opposition's plan was quite transparent, despite their attempts to belaud the issue. The Government had been told that supply would not be granted, that the business of the House would be blocked, and the Government's business would be delayed, unless clauses one and seventeen of the election bill were dropped.

A KEEN ELECTION.

Montreal, June 8.—Polling is in progress throughout the Province, of Quebec to-day for the next House of Assembly. The Liberals have an advantage at the start of four seats which went to them by acclamation, but the contest is a keen one throughout.

METHODIST CHURCH CONFERENCE SUNDAY.

Ordination Service and Love Feast In Centenary Yesterday--Five Young Men Ordained.

Special Services In Other Churches--Flower Sunday In Charlton--A Temperance Sermon.

Yesterday in Centenary Church was conducted one of the most important services of the Methodist Conference. It was begun in the morning at 9.30, when the Conference love feast was held.

At 11 o'clock the ordination services in connection with the probationers who have been accepted to the ministry, were held.

Dr. Ross, of Oakville, conducted the opening devotional exercises, and asked for the blessing of God on the lives of the young men who are entering the ministry.

The regular lesson was the 27th Psalm, and was read with the large congregation standing. It was conducted by Rev. K. J. Elliott, of Waterloo. The Scripture reading was in II. Corinthians iv. 15, and was read by Rev. Dr. A. L. Gee, of Brantford.

The ordination sermon was preached by Rev. R. P. Bowles, M. A., B. D., of Toronto. His text was in John xx. 29, "Jesus said to him, 'Because thou hast seen me, thou hast believed. Blessed are they who have not seen me and yet believed.'"

Yesterday was flower Sunday at the church, and the pulpit was beautifully decorated. The Ladies Aid Society looked after the decorating, and much credit is due them for their work and the taste they displayed.

Rev. A. A. Bowers preached in the evening. In First Methodist. Large congregations heard two of the best preachers in the conference in First Methodist yesterday. Rev. A. J. Johnston in the morning and Rev. J. R. Patterson at night.

JAMES I. BUCHANAN.

Discusses U. S. Federal Incorporation Law.

The Pittsburgh Chronicle Telegraph, in an interview with James I. Buchanan, of that city, and a former Hamiltonian, says:

James I. Buchanan, president of the Pittsburgh Trust Company, is strongly in accord with Frank A. Vanderbilt, vice-president of the National City Bank, of New York City, in his endorsement of President Roosevelt's recommendations that the Sherman anti-trust law be amended and that a federal incorporation law be passed.

Mr. Buchanan's attention was called to the interview of Mr. Vanderbilt, on this subject. He said he had already read it, and had also been impressed by the logic of President Roosevelt's message last month which dealt with the general subject.

"Although Mr. Vanderbilt always has the faculty of speaking in a very clear and concise manner," said Mr. Buchanan, "yet there is really nothing new in the statement made by him in regard to the attitude of the President. Mr. Roosevelt from the start has recognized the necessity for government regulation and inspection, and what he has said and done has always tended in that direction.

"Interstate commerce and transportation are things which from the nature of the case cannot be under the control of one state, and we have always had the anomaly of individual state undertakings to say what power shall be exercised by corporations which the logic of events has demonstrated to be so much needed, and has enabled us to do things which they would not do if they were responsible to but one general authority.

The fourth requisite—and it is equally important with the rest—is federal incorporation of our great industrial and transportation interests that transact interstate business. Such a law, as advocated by President Roosevelt, would safeguard the rights of the public and protect the corporations in the performance of their duty—in other words, would put the public and the master and the servant—between the public and the creatures created by law.

"When you consider," continued Mr. Buchanan, "our railroad interests alone represent an investment of between \$13,000,000,000 and \$14,000,000,000, and that our industrial establishments turn out annually hundreds of millions of dollars' worth of products, you begin to appreciate the magnitude of the interests involved when you stop to consider that all these transportation and manufacturing interests, besides trying to comply with the impossible provisions of the present Sherman anti-trust law, must also conform to the varying laws of 46 states, the intricacies of the situation become almost appalling to the most conscientious efforts of corporation managers. A federal charter for corporations transacting interstate business, would greatly simplify the problem."

HE WAS PLEASED.

KILL A BOY.

Lockport Lad Dies From Blow Given by Thugs.

Lockport, June 5.—Chauncey Harmon, 18 years old, died this afternoon as a result of a fractured skull produced by a club in the hands of one of two robbers who felled him in the Sharp dryhouse, one mile west of the city, at 1 o'clock Thursday morning.

YOUTH STEALS KISSES.

Young Man Fails to Prove Osculation is General Custom.

Chatham, June 7.—A unique kissing case affected the residents of the County Court Saturday morning, and Alvy Provest, 20 years old, who fished two fishes from Miss Clara Zachs, 18 years old, while out driving with her last Thursday evening, will get some "reasonable" punishment meted out to him Monday morning.

ANDERSON'S FATE.

SEVEN YEARS IN PENITENTIARY FOR BIGAMY.

Prisoner Admitted He Had Done Wrong and Asked for Leniency—Public School Inspector Who Deceived Minister's Daughter.

Renfrew, June 6.—John Anderson, the bigamist, whose wife and children live in Toronto, and who was arrested and pleaded guilty before Police Magistrate Eady here last Saturday, appeared for sentence this morning at 10 o'clock.

Anderson was quite composed in manner. Crown Attorney Metcalf, for the county, appeared as prosecutor, and immediately on his concluding the prisoner was asked if he had anything to say. He replied that he had very little he could say.

Anderson bore up well on the sentence being imposed and did not raise his eyes from the floor.

Anderson, though fifty-five years of age, married the twenty-three-year-old daughter of Rev. Mr. Jameson, the Methodist minister here. He was a public school inspector at Brockville until his arrest for bigamy.

CREIGHTON, WHO KILLED WIFE AND DAUGHTERS, SENT UP.

Prisoner Was Deeply Affected in Court at Sight of Bloodstained Evidence of His Crime—Nothing New in the Evidence.

Owen Sound, June 6.—This afternoon James F. Creighton was formally committed by Police Magistrate Creaser to stand his trial at the next court of competent jurisdiction for the murder of his wife, Lily Eliza Creighton, and her daughters, Katherine Belle Chapman and Clara Louise Chapman.

KILL A BOY.

Lockport Lad Dies From Blow Given by Thugs.

Lockport, June 5.—Chauncey Harmon, 18 years old, died this afternoon as a result of a fractured skull produced by a club in the hands of one of two robbers who felled him in the Sharp dryhouse, one mile west of the city, at 1 o'clock Thursday morning.

MONTREAL CONSTABLE KILLED.

Horse Was Frightened and Reared, Throwing Him on His Head.

Montreal, June 7.—Constable Guibeault, of the city mounted police force, was killed on Saturday afternoon. A canvas cover on a passing wagon blew off into the face of his horse, and the animal reared, throwing Guibeault, who landed on his head on the road, sustaining a fractured skull. He died a few hours later without regaining consciousness.

LIGHTNING IN BRITAIN.

Several Persons Killed During Storm Last Week.

New York, June 7.—A cable despatch to the Herald from London says: London was visited on Thursday by one of the severest thunderstorms that can be remembered in the city. For about four hours the lightning never ceased. Its flashing, but London, which is nearly always peculiarly lucky in this respect, escaped the torrential rains which flooded the Thames valley and the hail which caused so much havoc in the neighborhood of Epping.

FELL OVER FENCE.

The Peculiar Death of Montreal Man at London.

London, Ont., June 7.—While returning home at six o'clock this morning, Charles Price, a night employee of the G. T. R., discovered the body of a man lying in the grass at the corner of Egerton street and Hamilton Road. The dead man proved to be J. H. Roberts, whose home is at 39 Shuter street, Montreal, but who had been staying with an uncle for the past ten days at 463 Hamilton Road.

THE UNION OF CHURCHES.

Resolution and Amendment Before General Assembly.

New Superintendent of Missions For New Ontario.

Commissioners and Friends Visit Kildonan Church.

Winnipeg, June 7.—The preliminary guns in the contest over Church union were fired in the General Assembly yesterday, when notices of motion were given on behalf of the respective forces supporting and opposing organic union.

Principal Patrick gave notice of a resolution that the Assembly receive the report of the committee, record gratification at the progress made and learn with much satisfaction that in the judgment of the committee, so far as they have prosecuted their labors, the proposed union appears practicable; that the Assembly direct the report and a copy of the deliberation to be sent down for information and suggestions to the Presbyteries, sessions and congregations, instructing those who desire to offer suggestions to forward them to Dr. E. P. MacLaren, Secretary of the committee, by December 1, so that they may be dealt with by the committee meeting that month.

Mr. Campbell's Amendment.

Dr. Campbell, late Moderator, gave notice of an amendment that the report be received and thanks tendered to the committee, especially the Convener, for diligence in the important matter entrusted to them, and that the committee be re-appointed; that the Assembly express satisfaction at the measure of harmony of sentiment and views which has prevailed during the negotiations of the joint committee, but as there is unmistakable opposition in our Church to the further prosecution of negotiations for organic union, inasmuch as the union if brought about would add one more to the many denominations of Christendom, and break up the valuable alliances of the Church which give it a catholic character, the committee be instructed to confine their attentions during the next year to consideration of the question of co-operation, not only with the Congregational and Methodist Churches of Canada, but also with other evangelical Churches, and so prevent the overlapping and secure the greatest economy of resources possible.

These resolutions will furnish ground for what is likely to be the debate of the Assembly. The subject will probably come up to-morrow, and is sure to arouse keen interest on the part of the whole body.

Young People's Societies.

Dr. William MacLaren, in response to a unanimous request, consented to continue as Principal of Knox College until his successor is appointed by the Senate and the Board of Management.

The Committee on Young People's Societies, reporting through its Convener, Dr. W. S. McTavish of Kingston, took an optimistic attitude to the Committee on Sabbath schools on the question of amalgamation. It expressed decided opposition to amalgamation of the committees, but also said that in its opinion the time was come when a conference should be held of these committees having to do with young people and their work, with a view to framing a general co-operative plan for the future, and respectfully requested the Assembly to arrange for such a conference.

The hopeful signs of the work were noted. Almost unanimous approval for the new thing of reports of pastors who had made trial of societies, were eulogistic. Young People's Day is growing in favor. A growing interest in mission study was reported. Lectures on the work of young people's societies were given in the theological colleges. The need of a field secretary was urged, and pastors were recommended, when they discover young men and women of ability and consecrated talent, to encourage them to enter upon a ministerial or missionary career.

The receipts, including \$340.91 from the sale of literature, totalled \$907.87, and there is a balance on hand of \$59.91.

Eight important recommendations at the close of the report were carefully considered, the first and last being held over for further consideration to-morrow. The balance of the report was adopted.

Greetings From the United States.

Dr. Andrew Christie Brown, Dakota, was introduced as the official representative of the General Assembly of the Presbyterian Church in the United States, and conveyed the greetings of that body. He said that in matters of doctrine they had always on both sides of the line stood as did their ancestors, in reliance upon the scriptures as the word of God. He extended on offer of co-operation and fellowship from the Presbyterian Church of the United States.

Dr. DuVal replied briefly, thanking Dr. Brown for the messages.

New Superintendent.

Mr. E. D. McLaren, secretary, submitted the resolution of the Home Missions Committee, recommending the appointment of Rev. S. Childerhouse, Parry Sound, to succeed the late Dr. Emdin as superintendent of missions for New Ontario. The resolution was adopted, and the Presbytery authorized in the case of Mr. Childerhouse's acceptance to release him at once.

Visit to Kildonan Church.

Yesterday afternoon the commis-

sioners and friends to the number of about 700 visited Kildonan Church on the invitation of the pastor, Rev. Hugh Hamilton, and spent a most interesting time. It is the oldest Presbyterian church in Manitoba, having been established nearly sixty years ago. In the cemetery lie the remains of Black, King, Robertson, Nesbitt and many other pioneer figures in the history of western religious effort. Dr. DuVal presided at a meeting which was held, and the pastor welcomed the guests. Dr. Bryce gave a review covering the history of Kildonan church, and showing the part it had played in the early life of Presbyterianism in this part of the country.

KENNEY-BROWN.

Hamilton Young Lady Weds a Toronto Man.

A pretty wedding took place on Wednesday evening, June 3, when Millie, daughter of Mr. John Brown, 533 Barton street east, was united in marriage to Mr. Wilfrid Kenney, of Toronto, Rev. J. W. Englert officiating.

The bride, who was given away by her brother, Mr. Sam. T. Brown, of San Francisco, Cal., wore a beautiful embroidered silk and lace gown with white bra and white plume, and carried a bridal bouquet. John A. McDougall very ably supported the groom, and Miss Annie Brown, sister of the bride, acted as bridesmaid, and wore a dainty pink dress with hat to match. After the ceremony a sumptuous supper was served at the home of the bride, after which the young couple left on the 9 o'clock train on a honeymoon trip amid showers of rice and good wishes. The groom's gift to the bridesmaid was a pearl crescent, and to the gentlemen present gold crescent pins. Mr. and Mrs. Kenney will reside in Toronto.

I. O. G. T.

International Temple Had Successful Entertainment.

The weekly meeting of International Temple, I.O.G.T., was held in the C.O.O.F. hall on Saturday afternoon and was a most encouraging one. Four candidates were admitted. Mrs. D. B. Smith, superintendent, presided, and was assisted by Dean Boniface, C. T.

The P. C. T., Ruby Patterson, and the zealous chaplain, Walter Sedon, were each heartily congratulated by the temple, the former on her return to good health, and the latter on the occasion of his birthday. On the conclusion of business, the latter presented a most excellent programme, to which many members contributed in first-class style. During a short interval fruit was served and the temple's secretary, Tom Macnaughton, made a few interesting remarks, while G. Locke McCrea, of Toronto, the popular energetic Grand Secretary of Canada, made a short encouraging speech in his usual magnetic manner. The temple will hold its second annual picnic on the 11th of next month. The destination is to be station 4, Burlington Beach.

DREYFUS INCIDENT.

The excitement over the affair is fast subsiding.

Paris, June 6.—The excitement produced by the attempt to kill Major Alfred Dreyfus last Thursday by Louis Gregori, during the ceremonies attending the placing of the body of Emile Zola in the National Pantheon is subsiding. It is now apparent that the Clemenceau Government does not intend to play into the hands of the Nationalists by reviving the old issue of which the country is weary.

Wm. Maurais and Daudet of L'Action Francaise evidently are disappointed that they were not hailed up to explain their statement in their journal that a resolute patriot had visited them and offered to kill Dreyfus, but that his proposal was rejected. M. Maurais to-day publishes another violently worded editorial in L'Action Francaise, declaring that "the cause of the King" soon will overthrow the "Dreyfus Republic."

DEATH BY ACCIDENT.

Inquest of Two Men Killed by Explosion at Isle Perrot.

Montreal, June 7.—An inquest was held at the two men killed at Isle Perrot on Saturday morning. Both Robillard and Segal were killed almost instantly by an explosion which occurred in the incorporator building of the Standard Explosive Company. Information was meagre and the inquiry did not last long, the jury returning a verdict recommending the company to take the most suggested precautions, and stating that the deaths resulted from accident.

Both deceased leave families. Robillard's brother, Jean Baptiste, was one of the victims in the explosion of February last in the buildings of the same company.

Used Scissors on Boy.

Ottawa, June 6.—In the Magistrate's court to-day a woman named Jennie Hoston received a severe castigation from the Bench for an assault on a ten-year-old boy, into whose cheek she plunged a pair of scissors.

The Magistrate declared the woman deserved a sentence without a fine, but eventually fined her \$22.

How Harsh Physic Wrecks the Bowels

Irritate the skin in any spot frequently and that spot will grow calloused. So is Nature's means of protection. So with the bowels. When you irritate the lining with salts or "pills," the lining grows hard. That so retards the natural bowel action that you come to need physic constantly. And you need a constantly larger dose because of the calloused bowels. You have the "physic habit."

Calloused being the same results gently and naturally without irritation. They restore the natural bowel function, so you don't need them long. And the dose never needs increasing. Their effect is the same as the effect of laxative foods—or of exercise.

They act exactly the same as right living would. If the bowels are already calloused, you may need two tablets a day for a time. But, after that, take one at a time when you need it.

Caecarets are candy tablets. They are sold by all druggists, but never take. Be sure to get the genuine, with CCC on every tablet. The box is marked like this:

Each box contains 12 or 24 tablets. The small box contains 12 tablets. 12,000,000 sold annually.

A SMART LITTLE RUSSIAN SUIT.

No. 5899.—This smart little model is a variation of the popular Russian modes, and is to be commended for simplicity and good style. It is shown in a development of white flannel, the edges piped with bright blue. The closing in on the right side and a belt of the material is arranged around the waist, passing through straps at the sides. The sleeves are in sailor style laid in stitched pleats at the wrist. A shield and standing collar are supplied, but may be omitted for warm weather. Little trousers of the material are worn underneath. They are gathered at the knee, the fulness being held in place by an elastic. Pique, linen, gingham, cloth and velveteen are all recommended for the making. For a child of 4 years 2 yards of 44-inch material will be required.

Little Boys' Suit. No. 5899. Sizes for 2, 4 and 6 years. A pattern of the accompanying illustration will be mailed to any address on receipt of 10 cents in silver or stamps.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

Fun for Times Readers

Always the Unattainable.

Small William, whose stomach had been taking a day off, was trying to make a next morning breakfast on grapefruit.

"I wish," he said, looking enviously at the generous supply of food on his little sister's plate, "I was well enough to eat bacon and eggs, too."

"Huh!" exclaimed his little sister; "I wish I was sick enough to eat a grapefruit!"

O, No!

"Paw, what is the white slave trafficking?"

"Buying and selling baseball players, Tommy."

R-re-venge.

Chiropodist—Yes, that's a corn, all right.

Col. Gore—What is a corn, anyhow?

Chiropodist—It's a thickening of the skin, usually caused by pressure. In other words, it is nature's protest against a tight shoe.

Col. Gore (getting hot under the collar)—Blank dash the protest! I haven't worn a tight shoe for two months, and that infernal corn knows it! Yank the dash blank thing out!

Lightening Remedy for Cramps.

Some people have cramps pretty often, others only now and again. But when you do have them it's a mighty quick relief you want. Poison's Nervine is as sure as death to relieve cramps in thirty seconds—it's almost instantaneous, just a few drops in sweetened water and the pain is gone. Buy a bottle of Nervine to-day and keep it handy. Nervine is a common household necessity, because it both prevents and cures. More pain killing power in a bottle of Nervine than you can find in any other preparation. Test it to-day—all dealers sell Nervine.

ASKING TOO MUCH.

At last one of the ushers spoke to her. "Pardon me, madam," he said, "but I must ask you to comply with our rules. Everybody back of you is complaining of your hat. Will you kindly remove it?"

"I'll remove it, sir," she snapped, as she took out the hatpins, lifted the gorgeous creation from her head, and laid it in her lap; "but I want you to understand, sir, that I don't do it kindly! Not, sir, your life!"

"Thank you—sir," fervently ejaculated the man in the seat directly back of her, as the curtain went up.

BADLY RATTLED.

The timid young woman, who had letters of introduction to the great man, had ventured to call.

"You are so busy, judge," she said, "that I—I hesitated about disturbing you. How many—er—days in the week do you work?"

BANK OF HAMILTON

An Important Matter

Second only in importance to the wisdom of opening a Savings Bank Account for the deposit of any money, not immediately needed, is the exercise of care in the selection of your Bank.

In offering the accommodation of the Bank of Hamilton as a safe and convenient place of deposit for Savings, or temporarily idle money, there is placed at your service an institution with a Capital and Reserve of five million dollars, and total assets of over thirty million dollars.

The Branch Offices of the Bank are opened every Saturday Evening from Seven to Nine for the special accommodation of those employed during the day, and deposits of savings from one dollar upwards are invited.

Knowledge of Banking is unnecessary in opening a Savings Bank Account. Enquire for Manager and all requirements will receive attention. Further sums may be deposited at any time and money may be withdrawn whenever desired.

DECORATED THE GRAVES

OF BRITISH SOLDIERS WHO FELL AT STONEY CREEK.

Interesting Ceremony in Which Veterans' Associations and Wentworth Historical Society Take Part.

The Veterans' Association of Hamilton and the county and the Wentworth Historical Society proceeded yesterday afternoon to Stoney Creek battlefield to decorate the graves of the British soldiers who fell there. They were met on the battlefield by the Stoney Creek branch of the Wentworth Historical Society and 57 school children from Fruitland public school, in charge of Miss McKenzie, their teacher. There was an abundance of flowers for the decoration. The men's share of the credit went to John Heaniker, Heaton, and Mr. Stead recalling his own efforts. In 1890 he issued an appeal to the public in favor of a penny post for all English-speaking communities, and got up an address to Queen Victoria, which was signed by 15,000 persons. "Eighteen years had passed," he writes, "before the prayer expressed in our memorial had been granted."

TIGERS WON BOTH GAMES.

Good, Fast Ball Here on Saturday Afternoon.

Niagara Falls Lost Two to Hamilton—Hamilton Franchise Purchased by Local People—Fred Paige Will Likely Manage Erie, Pa., Team—Scores in the Big Leagues.

Two cracking good exhibitions of ball were given at Britannia Park on Saturday afternoon, when the Hamiltons and Niagara Falls met in a double header. There was a large crowd in attendance when the first game started, and before it was over it was swelled by several hundred. The Tigers won both games, doubling their opponents score in each. A coincidence was that both teams got twice as many runs in the second game as they did in the first.

The scores were small, however, 2-1 in the second. Long did the twirling for Hamilton in the opening game, and held the Yankees down to six hits. Muir was on the slab in the second and he, too, did well. Bates, who did the twirling for the Yankees in the second, did the start work of the afternoon, only four hits being made off him. The Yankees fielded sharply, as they generally do, and made no mistakes in the first and only two errors in the second. The Hamiltons had two double plays to their credit—both in the first game. In the second the Yankee made a double play with one down and one on bases.

Following are the scores: First game, 2 o'clock. Hamilton, A. B. R. H. P. O. A. E. Curtis, 2b, 4 0 0 1 9 1. Conroy, 3b, 4 0 1 3 4 0. Brennan, ss, 4 1 2 2 4 0. Finmore, 1b, 4 1 1 0 9 0. Bradford, cf, 4 1 1 1 9 0. Macey, rf, 4 2 0 3 9 0. Long, p, 4 0 0 1 3 0. L. R. Burns, 4 0 0 1 3 0. 35 7 24 11 4.

SECOND GAME. St. Pats. trimmed the Labels, 9 to 7 in a rather loose exhibition although some fast plays were pulled off. The Labels started scoring in the first when two hits and errors brought in two runs and one in the third on an error and a hit. Three more were added in the fourth, after two batters were out, on passes and hits. After the fourth St. Pats. settled down and the Labels did not score. St. Pats. scored three in the first on hits and errors but could not score again until the seventh when the score was tied, errors and hits being responsible. Two more were added in the eighth on hits and errors.

H.J.C. MEET STARTS TO-MORROW.

Derby day is to-morrow, the opening day of the Hamilton Jockey Club's summer meeting and the largest crowd that ever attended the races on opening day is looked for. Special trains will be run from Toronto, Buffalo and Niagara Falls, and many visitors are expected from Woodstock, Brantford, London and other neighboring places. Society, as usual, will be out in force, and the members' stand will be graced by the presence of the Lieutenant-Governor, Sir Mortimer Clarke, and the Government House party. A capital card has been prepared for

HON. WM. GIBSON, President of the Hamilton Jockey Club.

opening day, the feature being the Derby. It is expected that there will be at least eight starters in this and all of them horses of class and the race should be a good one from the spectators' as well as the speculators' point of view. The entries for to-morrow's race are on page 10.

Following are the officers of the Hamilton Jockey Club: President—Hon. Wm. Gibson. Vice-Presidents—F. C. Bruce and Judge Monck. Directors—Samuel Barker, M. P.; W. D. Long, J. J. Scott, Gordon J. Henderson, P. D. Crenar, Robt. Hobson. Secretary—Treasurer—R. Loudon. J. J. Burke, New York, will be the presiding judge, and Francis Nelson associate judge. The handicapping will be done by F. W. Gerhardt, the clerk of the scales.

All the stalls at the track, except one, were filled by noon to-day, and over 150 horses are quartered outside the track, in neighboring stables. The vacant one is the one reserved for Mr. J. E. Seagram's string. Instead of bringing the Seagram horses to Hamilton to-day, the employees were permitted to go to Waterloo to vote. The string will arrive here to-morrow. Purse will start in a stake race on Wednesday.

The meeting which starts to-morrow will run till a week from Saturday. Woodbine, June 8.—The William Hendrie Memorial Handicap, on Saturday, at one mile, had five starters and produced a stirring contest. Glimmer, the 8 to 5 choice, and Seismic alternated in the lead to the stretch, with Cape Source third and Caper Adam last. In the final sixteenth and passing his field, won by two lengths, with Glimmer second, a length in front of Caper Source. Seismic was fourth and Kelpie last.

The feature was the Waterloo Handicap, at 1 1/4 miles, with four starters. Caper Adam led to 1/2 mile, Elliott at 8 to 1, and Clell Turney at 4 to 1. Inferno took the track at the first turn and setting a fast pace led Elliott by a head at the stretch turn. Clell Turney was third, three lengths back, and Caper Adam last. In the stretch Elliott passed Inferno and won easily by two lengths, with Inferno six lengths in front of Clell Turney, who beat Caper Adam a neck. Inferno ran a great race, but his heavy impost told at the end. The winners: Please 6-5, Simcoe 9-10, Photographic 3-1, Elliott 7-1, Bound Broke 5-1, Martin 10-1.

During the thirteen days of racing of the Ontario Jockey Club's spring meeting at Woodbine Park, Toronto, which came to a close on Saturday, eighty-two races, ten of them steeplechases, were

run. The following steeplechase jockeys and gentlemen riders had mounts to the number opposite their names and finished third or better, but did not ride a winner: Jockeys. Mts. 1st. 2nd. 3rd. Unp. J. Rae 5 3 0 0 2. Dayton 3 1 1 0 0. P. Hagen 4 1 0 0 0. E. Kelly 4 0 2 0 0. A. Johnson 4 0 1 0 0. Simpson 5 2 0 0 0. Mr. Wright 1 1 0 0 0.

SIR MARTIN'S GOOD STAKE. Gravesend, June 8.—John E. Madden's Sir Martin won the Great American Stake, worth \$13,200, for 2-year-olds, at five furlongs, at Gravesend stadium, defeating a high class field of colts. Fayette, stable mate of Sir Martin and coupled in the betting, was second, with H. P. Whitney's Bobbin a close third. Sir

MR. TOWNSEND'S EXHIBITION. The performance of Mr. Townsend, for the Hamilton Cricket Club, against the Sons of England on Saturday, was noteworthy. In his hour and a half stand he put up a century—103, not out—by one of the best exhibitions of cricket ever seen in Canada. In all that time he simply did not give one chance. The popular Highfield master promises to be an acquisition to cricket, not only in Hamilton, but in Canada. The perform-

ance of W. S. Marshall was also noteworthy. At Toronto—Harry Lousbrough made his first century of the season Saturday on Varsity lawn, when Toronto defeated Grace Athletic by 214 to 79. His innings was faultless and he carried out his bat. S. R. Saunders compiled 44. The Toronto Amateur Athletic Association Cricket Club, captained by J. B. McArthur, visited Mimico Asylum on Saturday afternoon to try conclusions with the Asylum team. The Asylum won by 252 for 7 wickets to 26. Whiteaker compiled a century, making 125, which included 6 sixes and 11 fours. A. A. Beemer and F. W. Terry also played good cricket for their 35 and 40, not out, respectively.

Soccer Football. Strathconas Won From Westinghouse on Saturday. In the senior series the Strathconas defeated the Westinghouse in a tight game, the score being 2 to 1. The playing was fast and brilliant, the going being good and every player playing the game. Stoney Creek and Scots started the game of soccer football they were sched-

decided, for which there was a total disbursement of \$70,300 in stakes and purses. This money went to eighty-three owners, of whom the following won \$1,000 or more each: Owners. 1st 2nd 3rd Am't. J. E. Seagram 12 8 10 \$16,115. A. Turney 2 1 4 5,495. V. J. Madigan 5 8 3 4,910. A. Beck 4 0 0 3,790. W. Shields 5 1 1 2,870. R. L. Thomas 4 5 2 2,490. M. L. Civill 4 2 2 1,965. E. L. The percentage of winning favorites was very high, as the following exhibit demonstrates, May 23rd to June 6th: Number days 13. Winning first choices 82. Winning second choices 18. Winning outsiders 22. Winning at odds-on 19. Defeated at odds-on 12. Percentage of winning first choice 51.

C. H. Shilling scored the riding honor for the thirteen days of racing with fifteen winners and a percentage of 41. The total amount of money he won for the various owners he rode for was \$13,685. Below is a record of the jockeys riding at the meeting: Jockeys. Mts. 1st. 2nd. 3rd. Unp. C. H. Shilling 37 15 9 6 6. Nicol 29 8 6 3 12. Fairbrother 28 8 9 9 20. Liebert 32 7 3 2 29. E. Nat Ray heads the list of steeplechase jockeys with three winners and a percentage of 60. Mr. D. Kerr scored the honors among the gentlemen riders. The record of the steeplechase jockeys is as follows: Jockeys. Mts. 1st. 2nd. 3rd. Unp. Nat Ray 16 10 10 10 10. D. Kerr 16 10 10 10 10. J. E. Seagram 16 10 10 10 10. J. E. Seagram 16 10 10 10 10.

Another stride has been made toward procuring for Mexico a national Derby. The Federal Government has guaranteed \$250,000 in sums of \$25,000 annually for ten years, to begin in 1910, the date for celebrating the centennial festival, and has entered into a formal contract with the Jockey Club. Nominations for the first Derby must be made by December 1, 1908.

Toronto World: The Woodbine meeting closed on Saturday, and one of the Ontario Jockey Clubs most successful meetings passes into record. While the average of favorites to win was probably lower than usual, the races were great along this line would find the total elimination of the dead ones from every event. The work of the starter was not only honest, but capable, and this also made it possible for the best horse to always win. The work of the other officials was also to be commended. Roughly speaking, the work of the starter was over the best. Fink played his regular star game at centre and can be depended on for assistance at any time. Don Smith and Tanguay made a good pair till the unfortunate accident to Tanguay. McInnes and Heffernan showed well. The former was especially well up in the scoring and has led all through in this line. For the Indians, Joe Logan and Marten played a star game and both are heavy men. The Indians had a star home division, but their defence was all to the bad and on the defence the whole blame for the loss of the game can be laid. The goal keeper was a good man, but had little chance to keep the score down when the shots were put in at about the rate of 25 a minute. The teams lined up as follows:

Tigers. Position. Indians. A. Lalonde goal. S. D. Green. Hocking. J. Bumberry. McPhail third defence. Marten. Ratelle second defence. Skye. Regan first defence. Buck. Fink centre. Gibson. Smith first home. Thomas. Tanguay second home. Logan. Finley third home. House. McInnes outside home. General. Heffernan inside home. Green. The game was not so one-sided as the score would seem to indicate, and the ball was in Hamilton territory a

great deal of the time, but Archie Lalonde was in fine form and stopped many shots. The quarter was nearly up when Heffernan got a chance and then he placed the ball in the net three times in four minutes. Finley made the fourth one in the quarter and this ended the first chapter of the slaughter with the score four to nil. The second period was not quite so bad and the Indians got two goals, while the locals were getting five. McInnes got four of these five, while Regan got the other and Buck and Logan of Brantford, scored. Logan, of Brantford, started the scoring in the third and Heffernan got one to keep the scores in the same position. Two minutes after this Heffernan sent a hot grounder in, and Silas Green, the goalkeeper, got it on his stick, but as he attempted to throw it out he dropped it over his shoulder into the nets. Gibson and Logan each got one for Brantford and the play was all in Hamilton territory, till by a good run Fink scored just a second before the bell rang. The last quarter was called and the Indians still thought they had a chance and played a good game for a while. Bumberry managed to get the ball past Lalonde for one more, but McInnes made three and Finley one, and the game ended with the score standing 16 to 6.

The scores were made as follows: First quarter—1 Hamilton, Heffernan 14 min. 2 Hamilton, Heffernan 2 min. 3 Hamilton, Heffernan 2 min. 4 Hamilton, Finley 34 min. Second quarter—5 Hamilton, McInnes 1 min. 6 Brantford, Logan 15 min. 7 Brantford, Regan 14 min. 8 Hamilton, McInnes 1 min. 9 Hamilton, McInnes 94 min. 10 Hamilton, Regan 3 min. 11 Hamilton, McInnes 34 min. Third quarter—12 Brantford, Logan 2 min. 13 Hamilton, Heffernan 1 min. 14 Hamilton, Heffernan to S. Green 2 min. 15 Brantford, Gibson 44 min. 16 Brantford, Logan 5 min. 17 Hamilton, Fink 2 min. Last quarter—18 Hamilton, McInnes 2 min. 19 Hamilton, McInnes 1 min. 20 Brantford, A. Bumberry 14 min. 21 Hamilton, Finley 44 min. 22 Hamilton, McInnes 1 min. The officials were as follows, J. Crowley, Brantford, and R. S. Babb, Hamilton, goal umpires; H. Gillespie, Toronto, referee; W. H. Crawford, Brantford, timer.

M'LEAN'S EXPLANATION. Brantford, June 8.—(Special.)—Manager McLean, of the Senior C. L. A. team, announced to your correspondent last night the reason for the dismissal of the Brantford seniors, and their displacement by the Royal Canadian Indians on Saturday. In the scheduled league match against Hamilton, three of the former players received a weekly salary. Taylor, Hamburg and Camplin, while the home brews were out for the glory of the game. The latter got tired of their end of it, and kicked when the paid men did not appear to be delivering the goods. It began to look as if Brantford would default before the season ended, and to prevent this possibility which involved the loss of the \$200 guarantee money, the Indians were secured. They will finish the schedule, however.

Restaurant Keeper Claims Right to Sell "Indian Beer."

For years the Mulholland outfit on Liberty street and in that vicinity have been bothering the police by their drunken habits and general uselessness. The police have tried hard to put them on the right road to decency, at least, but have failed miserably, and the secret of their failure lies in a fact that was uncovered on Saturday night. Mrs. Agnes Mulholland and Mrs. Mary Midwinter, both of 57 Liberty street, and James Curran, of the mountain top, went out Saturday on a boozing expedition on the mountain, and with them was a four-year-old lad, son of Mrs. Midwinter. Starting a youngster in a life of that kind at the age of four years is just about the limit; the police intend to take steps to clean out the Mulholland ranch, and put all the children they find there in charge of the Children's Aid Society. The two women and Curran were brought into the city and locked up, and were so drunk they forgot all about the little boy wandering around the mountain. Yesterday morning Mr. Dan Cotter telephoned the police that a small boy was wandering around his back yard, and Constable Brammer was sent up by Deskman Hawkins and brought him to the city. The three boozers were each fined \$2 this morning.

It is reported that Johnny Madigan, the Buffalo horseman, took \$15,000 out of the ring at the Woodbine track on Saturday afternoon in connection with the victory of his horse Elliott. He didn't go near the ring till the horses were paraded, and he bet hundreds at 8 and 9 to 1. The public bet on Inferno and Cave Adsum.

The annual ladies' golf tournament, for the Ontario championship, started here in Hamilton yesterday under the auspices of the Hamilton Ladies' Golf Club. It will last two days.

The option on the Hamilton franchise in the International League, referred to exclusively in the Times last Thursday, was taken up on Saturday by Wm. Anderson, a mining stock broker, who is acting for a syndicate headed by Harry Bainfield. The price paid for the franchise is \$750, and the transfer is to take place on June 15. The new management will, of course, honor all season tickets sold. The sale of the club may prove a good thing for the league, as Fred Paige, the promoter, will be able to do some missionary work on the circuit. He will likely take the Erie, Pa., franchise. A meeting of the officers of the league will be held in Brantford this afternoon, when it is expected that franchises will be issued for St. Thomas and Erie, making the league a six-club affair.

Toronto, Ont., June 8.—(Special.)—At 1 o'clock Toronto had scored nine runs in its match with the University of Pennsylvania cricket club. Southam was caught before he had an opportunity to make any runs; Wright made three, and Heighton and Woods two each. There were two leg byes.

The Drug Habit. In a Massachusetts town the other day a number of youths were gathered in by the police who were having a "co-caine party." It is said that the use of this drug in saloons is becoming more and more common on the other side of the line, where it can be obtained as readily as whisky. Its use is more fatal than any alcoholic beverage, as it leaves its victim a moral as well as a physical wreck in a short time. In this country business of this kind could hardly be done openly. Nevertheless it is said that numbers of young women as well as young men are being initiated into the seductive mysteries of the syringe. The authorities should make a strenuous effort to stamp out this insidious evil and bring to book those who are promoting the traffic.—The Home Journal.

WAITING MAIDENS.

Magic Wells of England Whose Waters Are Sought by Wives.

For the enterprising tourist with an eye to out-of-the-way romance there are hundreds of magical wells scattered all over England, each possessing a picturesque story of its own and its miraculous powers, which range from curing insanity to telling the curious maiden how long she will have to wait for a husband. There are at least a hundred of these wonderful wells in Cornwall alone, many of them hidden away where even the most observant tourist may pass by without suspicion of their presence. One of them, however, Southey, has made famous the world over, and this is the Well of St. Keyne, which stands by the side of a pretty country road about an hour's walk from Looe, in Cornwall. Such is the magic of its waters that the husband or wife who is the first to drink them after leaving the altar is assured the upper hand for the rest of their joint lives. The bride of whom Southey tells us, it will be remembered, did not wait until after the marriage ceremony to pay a visit to the well, but took the precaution of taking a bottle of the water with her to church, and thus forestalled her less provident husband. "But I faith she had been far wiser than I. For she took a bottle to church." A well of peculiar fascination for unappropriated maidens is to be found at Trellack, in Monmouthshire. It is known as the "virtuous well," and for generations the local maidens have credited it with marvelous powers in forecasting their matrimonial future. All they have to do is to drop a pebble into its water and count the resultant bubbles, for each bubble represents a month of waiting for the day that is to make them brides. In order to propitiate the genius of the well it is necessary to drape the branches, which shade it with pieces of white cloth. But all Welsh wells are not quite so beneficent as this of Trellack, for at Llanelian, in Denbighshire, you will find one presided over, according to local superstition, by a very evil-minded genius. If you have any very special enemy whom you want to consign to an unhappy fate all you have to do is to go to St. Eilian's Well, scratch your enemy's initials on a smooth stone and throw the stone, together with a crook of pin, into the water, and so they say, your worst wishes for his future will be more than realized. Many of these so-called holy wells have wonderful medicinal virtues—indeed, some of them are said by doctors to be far superior to the waters of Homburg, Nauborn, Wildbad. One of them, St. Winifred's at Holywell, in Flintshire, is credited with curing that savor of the miraculous and it is the physical Mecca of hundreds of devout Catholics every year. A very romantic origin is told of the origin of this well. St. Winifred, the winsome daughter of a Welsh chief, was widow twelve long centuries ago by a young prince, Caradoc, of evil repute, who, when she persistently declined his advances, killed her in a fit of ungodly passion. From the five pictures the stream of St. Winifred's life welled out there sprang another stream of crystal water, which was for so many centuries to work miracles in her name. The wells at Tissington furnish a very pretty spectacle on a fine day every year. On this anniversary five pictures are made—one for each of the five wells—of flowers and leaves, and after a beautiful and appropriate service in the church a procession is formed and these pictures are taken to dress the wells, the remainder of the day being given up to junketing and mild revelry. There is practically no ill that flesh is heir to for which one or other of these wells does not supply a cure, according to those who believe in them. St. Ninian's well in Cornwall is said to have restored many lunatics to sanity. The process, however, cannot be commended on the ground of gentleness, for the unhappy patient was thrown bodily into the well and soured until he had scarcely any breath left in his body. But the poor madman who was taken for a cure to the Llandegwell in Wales, was even more to be pitied, for after he had been nearly drowned, he was trussed like a fowl and left all night under the communion table in the church in company with a cock or hen, with the object of driving the evil spirit. At Walsingham may still be seen a well whose waters are credited with magical powers in curing ailments of the stomach and head, and in past centuries thousands are reported to have found health there when all the resources of the medical science of the time had failed. But one of the most curious of all these wells is that of Tubber Quan, in Ireland, which is such a unique position that it will cure you of a wide range of ailments, if only you will observe the customary rites. These consist in performing penance of various kinds, such as creeping round a neighboring tree on bare knees, suspending a lock of your hair from one of its branches, and so on. If, after satisfying all the conditions of the patron saints, you see two lovely trout in the water you may leave the water and get out about, maidens will quickly take wings and leave you; but if you can see no track of fish in the water then your journey has been in vain.—Tit-Bits.

It is reported that Johnny Madigan, the Buffalo horseman, took \$15,000 out of the ring at the Woodbine track on Saturday afternoon in connection with the victory of his horse Elliott. He didn't go near the ring till the horses were paraded, and he bet hundreds at 8 and 9 to 1. The public bet on Inferno and Cave Adsum.

The annual ladies' golf tournament, for the Ontario championship, started here in Hamilton yesterday under the auspices of the Hamilton Ladies' Golf Club. It will last two days.

The option on the Hamilton franchise in the International League, referred to exclusively in the Times last Thursday, was taken up on Saturday by Wm. Anderson, a mining stock broker, who is acting for a syndicate headed by Harry Bainfield. The price paid for the franchise is \$750, and the transfer is to take place on June 15. The new management will, of course, honor all season tickets sold. The sale of the club may prove a good thing for the league, as Fred Paige, the promoter, will be able to do some missionary work on the circuit. He will likely take the Erie, Pa., franchise. A meeting of the officers of the league will be held in Brantford this afternoon, when it is expected that franchises will be issued for St. Thomas and Erie, making the league a six-club affair.

Toronto, Ont., June 8.—(Special.)—At 1 o'clock Toronto had scored nine runs in its match with the University of Pennsylvania cricket club. Southam was caught before he had an opportunity to make any runs; Wright made three, and Heighton and Woods two each. There were two leg byes.

The Drug Habit. In a Massachusetts town the other day a number of youths were gathered in by the police who were having a "co-caine party." It is said that the use of this drug in saloons is becoming more and more common on the other side of the line, where it can be obtained as readily as whisky. Its use is more fatal than any alcoholic beverage, as it leaves its victim a moral as well as a physical wreck in a short time. In this country business of this kind could hardly be done openly. Nevertheless it is said that numbers of young women as well as young men are being initiated into the seductive mysteries of the syringe. The authorities should make a strenuous effort to stamp out this insidious evil and bring to book those who are promoting the traffic.—The Home Journal.
