On the 25-mile front, running from Monte Rombon to the sainsizza plateau, the battle between the Austro-German forces and le Italians appears to grow in intensity, with the Austro-Germans ggressors, but with the Italians stubbornly resisting everywhere.

GERMANS CLAIM VICTORY Although the German war office asserts that gains have been ade at various points along the line, the Italian official communiation does not concede losses except on the east bank of the sonzo, south of Monte Rombon. To the contrary, this communition asserts that the Bainsizza plateau, where the Germans had nnounced success, and on the west slope of Monte San Gabriele, nemy attacks were repulsed and that the Italians even took several undred prisoners. Capt. von Salzmann takes his text from the recent speech in London of Viscount Chinda, Japanese ambassador to England, in which he warned against German intrigue for the purpose of creating friction between Japan and the United States. The captain also refers to the negotiation at Washington of Viscount Ishii, head of the Japanese mission to America. He says Japan and the United States are taking a lesson from the European conflict and aparently have decided it is best to settle their problems by arbitration and friendly agreement, rather than by costly warfare, and that it looks as though these nations would come to an agreement regarding China.

Winnipeg, Oct. 25.—Hon. T. A. Crerar, minister of agriculture in the new Union government, tonight addressed the Women's Non-Partisan league. Mr. Crerar dealt first with the evils of patronage, saying that every member of the union government was determined to do away with the evil. He compared the business method of having an employe and edvancing him according to his merits, irrespective of friendship or relationship, with the costly and often corrupt methods of the patornage committee.

of the patornage committee. The minister then took up civil service reform, the importance of which he said would be realized when he mentioned that would be realized when he mentioned that prior to 1914 the civil service of Canada cost, roughly speaking, \$130,000,000 per year. Mr. Crerar then dealt with the need for economical and yet efficient administration. This was especially called for in view of what Canada's debt would be by the time the war had been brought to a successful conculsion. Canada's obxbe by the time the war had been brought to a successful conculsion. BRITISH SUCCESS IN AIR SERVICES

MAJOR-GENERAL MAURICE TELLS OF GREAT WORK THAT BRITISH AVIATORS HAVE DONE: WHAT FRENCH ADVANCE MEANS

London. Oct. 25.—In the course of service which appeals to the imagination of the general public, they are in no more Press today, Major-General Frederick dangerous or more vital work than their B. Maurice, chief director of military operations at the war office, said:

'It is no discredit to the British airmen that they did not bring down a branch of warfare. And the number of single Zeppelin, while the French air-planes brought down by our leading fightsingle Zeppelin. while the French airmen brought down five in the course of the Zeppelin visit a few days ago. No French airman would think of comparing the task which they had of attacking the Zeppelins in broad daylight, when the airships were at the end of a long flight, and partially crippled, with that of the British airmen in finding them and attacking them in the vicinity." in the night while the invaders were

"Incidentally, it may be said, the British air service, since the beginning of the war, has brought down 16 Zeppelins under conditions far more difficult than those under which the French were so successful the other day."

The Bombing Machines Discussing the work of the airplanes on the western front, he said: "During September our bombing ma chines made 226 raids, dropping on the Germans 7.886 bombs, representing 135 tons of explosives. In the same period the Germans dropped almost exactly 1,000 bombs on the British.

"During September we made 7,984 'shots' at enemy batteries and aerial observations, and silenced them in observations, and silenced them in 1.813 instances. During the same period the Germans only succeeded in ranging on 743 of our guns. "While most of the belligerent armies bear exclusively while we were getting

Great French Victory Commenting on the French victory along the Chemin-des-Dames, which he characterized as a "very brilliant and very successful piece of work," General Maurice said:

"Just as the Germans tried to create dissension or ill-feeling between the Brit-ish and the colonials by circulating reports hat the British were forcing the colonials to bear the brunt of the fighting, so they have lately been trying to create a misunderstanding between the British and French by alleging that the French were doing nothing, leaving the brunt to the British. NOTICE IS HEREBRY GIVEN that the Treasurer of the City of Calgary, at his office at the City Hall, Calgary, on and after the 21st day of November, 1917, will sell to the first applicant Certificates of Delinquency for unpaid taxes levied or assessed prior to the 1st day of January, 1916, on the land included in the list—printed copies of which may be had on personal or written application to the Treasurer or City Clerk, City Hall, Calgary—if such taxes with interest and costs are not sooner paid.

Why Tax Certificates Are An Attractive Investment They take priority as security on real estate over mortgages and

They may bear interest at 10 per centum per amoun, preference being given to the tender offering to purchase a certificate at the lowest rate of interest. They cannot be redeemed within one year unless the holder is paid the total amount thereof, plus one-tenth of such amount.

If unredeemed within three years, the holder, by simple procedure, can sell the property to recoup himself the amount thereof, with interest borne by the certificate, plus subsequent taxes paid by the purchaser or holder, with interest thereon at 10 per centum per annum, plus all costs, and if no sale, title to the property may be obtained.

They bear the guarantee of the City that, if set aside by the Court for any reason, the City will pay the holder the amount thereof, plus 5 per cenum per annum. For duller particulars, including the method of tendering, prospective purchasers are invited to obtain and read the introduction contained in the printed list.

DATED at Calgary, Alberta, the 33rd day of October, 1917.

About Cold Creams

Cold creams are splendid when used follow a hot wash, and should be in moderation. The chief trouble is, rubbed out, and be followed in turn that once a woman sees how much by an ice tub. she can improve her skin by an occa-sional use of them, she overdoes the habit, and either makes her skin too oily, or gets the reputation of con-stantly doctoring up her looks.

Cold creams should never be used in place of water as a cleaning agent, for water contains any number of min-erals that nourish and beautify the skin. Soap, of course, contains potash to dissolve the grease particles which is the dirt in the pores—and a fatty matter that mingles with these particles, carrying them off. But the water tones up the skin, nourishes it, beauti-

However, cold cream being merely a thin mixture of fats and oils, mingles with the dirt particles, is absorbed by them while it softens them, and so sinks further into the innumerable pores of the skin, than does soap or water. But being a foreign matter, the skin naturally throws it off again, merely wining a towel across the face takes off most of the cream that has penetrated, and with it an amazing amount of grime and dirt.

When the skin is rough, dry or chapped, water is often harmful. Cold here is the best substitute, Indeed, the only way to keep thoroughly clean on a train journey, is to rub the face and neck with cream. But ordinarily, cold cream should be used only twice a week. Then it should

High-class Acts Draw Large Audience; Jeff Lydiatt's Nigger Preacher and Ed-Turns

Golden smiles, coon-shouting songs, college melodies, a bit of patriotic medley and assorted vaudeville, formed the crux of the irresistible attraction offered by the Rotarians in their minstrel melange, which opened at the Grand theater last night for a three-nights' run.

The Rotary Club of Calgary was out in force to do their bit for the soldiers' kiddies and a big Christmas for the dependents and widows of the men in France. The talent of the club was behind the footlights and it was real talent, some of

the numbers being imported from as far north as Edmonton. From the general aspect of the crowd last night the onlooker would judge that the receipts at the gate will go far toward filling empty stockings. Jeff Lydiatt and his chorus of 50, camflouaged with Dixieland color, hardbolled shirts and the accourrement of the Gulf coast, went through their two acts in a work-manike manner. The laughs that they brought out from the audience had a genuine ring and their encores were demanded rather than requested. manded rather than requested.

victim of One Man Car Accident Makes Affidavit That Superintendent Mc-Cauley's Interview Was a

Miss Katherine Sullivan of New York city, victim of the one-man car accion Wednesday night when her skirt was caught in the doorway of the car and she was thrown under the moving car, informed The Albertan last night that the Far West appealed to her as a country of intense surprises, not the least being a statement pub-lished in an evening paper of Thursday in which Superintendent McCauley is uoted as follows: "Supt. McCauley said he had interviewed the young woman ater and said that a report appearing in another newspaper that the young man's skirt had been caught in the oor when the motorman closed it, was rroneous."

"I don't see how they do it." stated Miss Sullivan. "Mr. McCauley interviewed me for the first time tonight ome 24 hours after he informed the vening paper he had done so." Makes Affidavit

Miss Sullivan signed an affidavit last hight that The Albertan's report of the ccident was correct in all details. That the accident occurred through he motorman closing the door on he kirt and not by Miss Sullivan stepping Miss Sullivan in her affidavit declare

that Supt. McCauley's statement that 'I stepped on the edge of my skirt and fell to the pavement is absolutely false as I did not step on my skirt."

As a mater of fact after Miss Sullivan fell, she was dragged along the pavement until the one-man car door was opened by the motorman-conductor. In his post-dated interview with Miss Sullivan last night, Superintenden McCauley blamed the evening paper for nisquoting him as to the interview i which Miss Sullivan is credited with having stated that the accident was not caused by the operation of the one-man

appointed by the city council met yeserday and considered the report from the special committee on the price of coal. As only three or four coal companies have answered the inquiries sent out by City Clerk Miller, the comnittee decided to instruct City Solicitor Ford to compel the coal companies to supply the required information. As Ald. Marshall had to leave, the mmittee was left without a quorum and could not officially consider the milk question. Ald, McTaggart ex-pressed himself as being anxious to have the milk handled by the city as a public utility. Ald. Tallon agreed that this is the only satisfactory solution of the trouble. Ald. McTaggart intimated that he was going to bring up the question of the wisdom of making the alderman an allowance. It was pointed out that Ald. Broatch is actu-

It is believed that the terms will be definitely fixed and the the terms will be definitely fixed and the contract executed by the end of the pres-ent week, or the beginning of next. Hon. Frank Cochrane, who is to be the chairman of the directorate of the Canadian Northern Railway system, which owner-ship of the stock of the system is vested in the government, will return to the capital on Sunday and it is possible that the execution of the agreement may take place on Monday.

"The government is anxious to com-

plete the transfer without delay because snow may ere long in ervens in any ex-amination of the properties of the system, which the board of arbitrators to be appointed may wish to make. The agree-ment to be made is, in the main, based upon the legislation of last session of parliament. It provides for the transfer of the stock of the company to the gov-ernment at a price to be fixed by arbitration. A maximum figure beyond which the government will not go in buying the stock, however, has yet to be included in the agreement. There has been some speculation as to what that amount w.I be. Some persons have suggested that it will be \$10,000,009, and others \$15,009,000. it is stated that in point of fact the sum has not been agreed upon and is still the subject of negotiations.

Northcliffe Says Only About One-third of the German People Tired of War

Kansas City, Mo., Oct. 25.—Discountenancing recent reports of international disruption in Germany as signs of the weakening of that nation in the war, Lord Northkeliffe, distinguished editor and publisher, and head of the British war mission, today told 2000 ed-itors of seven of the middle western states, at a luncheon given here in his honor, that the war has just begun. "It is impossible that this should be a short war," he declared. "There are no facts which will form the bas's for such an opinion. While it is positively rue that one-third of the German population have become sickened of war, the ruling two-thirds are firm in their conviction that the war is being prose-cuted to a victorious culmination for their government."

Lord Northcliffe asserted that Amer can newspapers are presenting the news of the war in an erroneous way. He said that the fact that something was wrong with Germany was being featured when as a matter of fact the nly thing wrong with the nation was the kaiser. He told of the policy of his publication in England which, he said, was to give the same treatmen o British losses as to British gains.

Conference of Irishmen Was Opened at Dublin Yesterday; Deny That German Gold Supports the Movement in Ireland

Dublin, Oct. 25 .- The Sing Fein conerence opened today under the presilency of Arthur Griffiths, founder of the organization. There were 1,700 delegates present, including many young priests.

The secretary reported that more

than one thousand clubs had been organized, with a membership of a quarter of a million. In his opening address, Mr. Griffiths said that the Sinn Fein movement be-

gan to spread from the moment John Redmond in the house of commons in 1914 claimed that England's war was Ireland's war. But the movement would not have obtained the hold it had except for the martyrdom of the 16 men executed after the Easter uprising. He denied that the Sinn Fein movement was supported by German gold. It was carried on, he said, by thousands of persons working without fee. They had got all the gold and service they needed from their own.

CENTRAL SYSTEM OF DISTRIBUTION FOR MILK DELIVER

Witnesses Before Special Milk Committee at Ottawa Describe Heavy Cost of Present Delivery System

Ottawa, Oct. 25.-A number of milk distributors gave information to the pecial milk committee at the food conroller's office this morning when the ivestigation into the increased cost of production and distribution of this commodity was continued. It appeared to be the consensus of opinion among those examined by P. B. Tustin, chairman of the committee, that if a central or concentrated system of delivery was adopted for the distribution of milk, there would be a saving of a cent quart. This would enable the distri-butor to pay the farmer 1/2 cent per quart more, and at the same time give nsumers milk at 1/2 cents per quar

cheaper.

The loss in milk bottles was taken up by the committee with the distributors. The witnesses approximated the yearly loss at from \$1,000 to \$10,000, due chiefly to the carelessness of the consumer, but caused also by theft of bottles, weather conditions and factory breakage. A Montreal distributor said hat in the preserving season wome: ound that milk bottles could be used for other purposes than that for which they were designed. Distributors from Halifax, Moose Jaw, Montreal and Toronto gave evidence.

Started Something With the Statement That Military Service Act Was to Be Postponed

Montreal, Oct. 25.—The Herald (Lib-eral) which on Tuesday announced under an Ottawa date line that the government was to abandon conscription, today publishes the following:
"Conscription goes ahead.

"Sir Robert Borden has given an em phatic denial to the story published in the Herald Tuesday that the govern-ment intended postponing the further operation of the Military Service act. "We accept that statement unreservedly and regret if the publication of the story has in any way affected the operation of the preliminary work.
"The Herald says now and has always said that it is the duty of every man who may be affected by the Military Service act to acquaint himself with the provisions and govern himself accord-

"Whatever any individual opinion may be, selective conscription is now the law of the land and must be obeyed. "Every Canadian, worthy of the name wants to win this war. This is the method the Canadian government has chosen."

We're betting an extra inner tube that it will be impossible to find a candidate who won't smile each time a subscription Take this week's club offer mighty seriously— 95.000 extra votes is no small number. Many of the

be as easy to get the \$25 clubs as it was to get clubs in the weeks that are past. Remember that you are working for prizes worth up to \$2,000—the Chalmers car will be unending joy to the winner, and the results of a few weeks' work will give pleasure for years.

Did you ever stop to figure how long it would

candidates have a comfortable surplus, so that it may

take you to save up enough money to buy an automobile? You would be required to lay by \$101.25 a month for a whole year to buy one of the Regal touring cars. Could you do it? The Albertan contest points the way to win one of these cars for your spare time during a few short weeks. If you miss the Chalmers you have the Grant Six to fall back on, and after that the Regal district prize. For the latter you have to compete only with candidates in your own district. You won't admit for a minute that there is a better hustler in your district than yourself, will you?

Pile up all the reserve votes you can; don't tell anybody when you have a burst of good luck. Your votes won't count any more by spreading broadcast

how many you have.

By the way, it is not too late to enter the contest Mr. W. T. Moir, of Mantario, Sask, won an automobile in a contest conducted on a Saskatoon pape a little over three weeks from the close It's all in the candidate's energy—there's plenty of territory left

President of Association Is sues Manifesto on Association's Policy on

Election Ottawa, Oct. 25.—James G. Shanan, acting president of the Great V Veterans' Association of Canada in the G169-tf absence of Col. Purney overseas ha dssued a manifesto on the political situation to the members or the associ ation. The manifesto, after drawing attention to the great conflict in which the empire is engaged and the prin ciples at stake, asserts that there of be no doubt of the final outcome Canada and the empire continue stead-

fast in their determination to ga freedom for humanity. The vital importance of the coming election in its bearing on the war sit uation necessitates, says the manifest the active participation of the association in the campaign. "It will behoom us," it says, "to bring all our forces to bear and leave no stone unturned secure the defeat of any candidate wh seeks your suffrage, who is not prepared to give us the fullest guarante that he will do all in his power to cure the enforcement of conscription and aid to the fullest extent the suc cessful prosecution of the war. It must be also our earnest endeavor to imbu our fellow-citizens with the knowledge which we ourselves possess d the true state of affairs at the battlefront, and so impel them to act as we know they would did they realize how

serious the menace is that confronts The manifesto in closing, remine the members of the association this their body is an independent one and determined to remain so. That fact however, it asserts, does not remove from the association the obvious dut of supporting the principles for which its members have fought, and opposing those candidates who would permit Canada's further participation in the war to cease.

UNION LIBERALS TO MEET Toronto, Oct. 25.-Arrangements are most completed for a convention to be held in Hamilton on November 2 of conscriptionist Liberals from all parts of the province. The movement for this convention was set on foot previous to the formation of the union government by a group of some of prominent conscriptionist Liberals who thought at that time that a leader should be selected to lead the con-scription wing of the party. Now that the new government has been formed promoters of the convention intimate that there is every reason to believe will receive the endorsation of the delegates who are expected to be represented by the state of resentative of the conscription Liberals in every riding in Ontario.

THE UNION CAMPAIGN Winnipeg. Oct. 25.—The campaign the union government in Manitoba get under way tomorrow with the turn from the west of Hon. T. A. Cr rar, Hon. Arthur Meighen and Hon James A. Calder. They will at and get busy with the organization of the province for the province for the fray. The union ministers will confer wi leaders of the win-the-war movem in both parties from all over the prot

British industrial competition for the scanty arrivals of corn, whether old or new, increased from the outset the anxiety of shorts, who were endeavoring to escape further risk on outstanding contracts. No sign of hurry to sell could be discovered on the part of the farmers. At the same time pit traders seemed de-

fore becoming aggressive on the bear Persistent buying for houses with eastern connections gave firmness to Provisions averaged decidedly higher, largely owing to the corn bulge. Higher lard quotations at Liverpo and assertions that most of the lard

pag market and the undertone was much stronger.

The wheat situation is still dull with the Wheat Export Company practically the only buyer. Millers were out of the market. Barley was ½c higher for lower grades. Flax was weaker. Of serings of all grains was light. Stocks in the interior have increased nearly 1,000,000 for the week and are now over 7,000,000 bushels greater than at the orresponding date of last year. All carse grain stocks are greater than last year.

Winnipeg oats closed with October 1c higher and all other months %c higher. Barley was %c up for October and 2c for November. Flax was %c to 2c ower. The larger decline being in ecember and May.

Winnipeg, Oct. 25.—Receipts of cattle at the Union stockyards today totaled 3,700; hogs, 953. Today's cattle market was steady at unchanged prices, the demand was good for butcher cows and helfers, but very few toppers were in the offerings, the bulk of the run consisting mostly of medium stuff. Bulls and oxen were in good demand at steady to firm prices. The demand was keen for good quality breedy stockers and feeders. Prices were stronger for this class of stuff. Common and low grade stockers and feeders are hard to dispose of. Vea calves, sheep and lambs steady, a few choice lambs selling at \$18.25. Milch cows and springer trade is good. Hogs took another slump and prices declined 50 cents per hundred for selects. Market was extremely weak at \$15.00. Prospects are for lower prices.

TORONTO LIVESTOCK Toronto, Oct. 25, Union Stockyards.— Forty-two cars comprised the receipts of the market today, with 278 cattle, 14 calves, 1,406 hogs, 997 sheep and lambs.

There were still several loads of fairly good butcher cattle unsold at the close. There seemed to be an almost unlimited demand for the cheaper grades, though camers, cutters and fat cows found ready

up to \$6.90 and over for the choicest cows, and \$5.25 to \$6.50 for canners and outters. Lambs were easier, going off 50 cents and week at that price. Hogs were a shade firmer, some of the best lots being picked up at as high as \$17, fed and watered.

HANNA FARMERS ASK FOR FIXED

Resolution Sent to Premier Borden Asking for Fixed Prices on All Commodities Used in Grain Production

At a large meeting of the members of the United Farmers at Hanna, the question of fixed prices on grain and fixed prices on all commodities used in the production of that grain was thoroughly discussed. The general opin-ion seemed to be that unless the prices on machinery and other articles used by the farmer in his business were condo trolled, wheat would soon cease to be a 13 profitable article of production. After considerable discussion the following resolution was adopted, and copies of it will be sent to Premier Bor-den and other officials interested in the

production of grain. The Resolution Whereas the Canadian government as seen fit to set a certain fixed price in wheat and it is evident that the said government will in the near future

the farmer has to buy and if action is not taken at once it is but the question of a very short time until foodstuffs, very largely cut down by the western farmers on account of the high cost of machinery, labor and other inci-

dan holders, was not accompanied by dentals; and other including activity in the stock in the Mon-real market.

Business here was on small scale of Alberta, demand that the government of Alberta that and scattered over a fairly large numment at once take action and put a set price on all manufactured articles entering into the production of foodstuffs loan, which advanced 1-8 to 94 3-8, was the feature in the bond market.

The loan of the day was 2001 kinds, tractors and threshing machines; the feature in the bond market.

Total business for the day was 2,201

And further resolved that the government at once take all duty off all imported articles entering into the prochinery, vehicles, tractors, lubricating and illuminating oils, threshing ma-

chinery, etc.;

And further resolved that copies of
this resolution be sent to Fremier Borden, Hon. T. A. Crerar, minister of agriculture, to the central office of the U.F.A. the Grain Growers' Guide and other leading papers in Calgary, Saskatoon and Winneyes,

C.P.R. IN DECLINE AT TORONTO MARKET

New York Raids on Rafl Affects Local Prices

Toronto, Oct. 25.—A sharp decline in Canadian Pacific, reflecting the abrupt decrease which rails suffered in the New York trading, was the sole feature o ftoday's local market. Trading in securities has been steadily waning and today's record, when not a single issue was dealt in to the extent of a board lot, comes as the culmination of the steadily dwindling volume of busi-ness. Brazil Traction, which has been occupying the position of market lead-er, was practically neglected

Small lots of C.P.R. were turned over at 145 to 145 5-8, with the close at the lower figure for a net loss of 8 8-4.
