

The Best Criterion of the Merit of DEWAR'S WHISKY

is the ever increasing demand. The high Standard of Quality which first brought the Whisky into prominence, is rigidly maintained, and every bottle CORKED in Dewar's Distilleries is a guarantee that you got the "BEST" in "SCOTCH."

Montreal Stock Market.

STEADY INCLINING TO RECESSION EXCEPT IN WAR EAGLE AND DULUTH — R. & O. VERY ACTIVE AND STRONG—SOME VALUES LOWERED DURING THE LAST FEW MINUTES IN WALL STREET.

Montreal, April 7.

The market was steady and if it might be said to have anything to distinguish it from yesterday's sessions it was a little off on profit taking, but the pressure to sell was not particularly urgent. The New York Bank Statement was no disappointment to a certain class who held their stocks firmly after the decrease in Reserve had been announced. Mop. for instance was a good example of how this class of operator looked upon the statement. Another and very different group found intense disappointment in the statement. Selling became common and depressed prices.

War Eagle closed 4 higher at 164. A gain of $\frac{3}{4}$ was evident in the close of R. & O. which was very active. Street closed $\frac{1}{2}$ higher at 302 $\frac{1}{2}$. Depression of Virtue 1 point to 1.11 $\frac{1}{2}$ was the closing sale, which did not secure the lowest price. A considerable transaction in Duluth pd. at 16 $\frac{1}{4}$ showed $\frac{1}{4}$ gain. Twin City similarly advanced $\frac{1}{4}$ to 68.

For a Saturday session there was good sized business fairly distributed over a large number of stocks, Pacific and Street, however, being in very little demand.

MONTREAL MINING EXCHANGE.

STOCKS CLOSE FIRM — DECOA SELLING AT 9c, BUT IN GOOD DEMAND — VIRTUE QUIET AT 1.11.

Montreal, April 7.

The resumption of work on all of the Roseland properties promises to do great things for the future of the mines. The settlement with the miners is said to be on broad lines and is regarded as permanent. All the properties will now be worked to their full capacity. New machinery to the value of \$250,000 is being installed which means that upwards of twenty-five hundred miners will soon be at work. The shipments will soon average close on to 1,500 tons per diem.

War Eagle continued strong although no sales took place.

Virtue was active at 1.11 and 1.10½. The closing quotation being 1.11.

General assessment work is to be done on the properties belonging to the Gold Hills Company. It is proposed to develop one or more of the company's properties in the Lake of the Woods district. The reports received from them well warranting such action.

Fern advanced to 5 cents.

Montreal-Oregon is still in good demand at 31, 4,500 shares changing hands at that figure.

North Star sold at \$1.20.

NEW YORK EXCHANGE.

AMERICANS SHOWING GAINS FROM 1/2 TO 3/4 IN LONDON — STRONG RALLY IN SOUTHERN PACIFIC — SUGAR STOCK BEING BOUGHT UP — BANK STATEMENT NOT AS EXPECTED IN IN SOME ITEMS BUT GENERALLY SATISFACTORY.

New York, April 7.

There seemed to be a complete change in speculation sentiment in London.

Whereas yesterday's Americans showed losses as compared with our closings Thursday, and London was a heavy seller in our market, their sales being established at 50,000 to 60,000 shares. Today all transactions of the London markets are strong with Americans showing gains of from 1/2 to 3/4. The latter advance being scored by Southern Pacific. No change of securities is partly due to the increasing ease in the money market, and no doubt, speculation has been favorably affected, by the specific denial on the part of Mr. C. P. Huntington of the story that there was any friction between him and the Speyer interests.

Considering the bearish tendency of some of leading operators on Floor, the market behaved extremely well. In many cases there were notable gains. Sugar, Mop., and C. S. being very strong.

Gold brokers were heavy buyers of Mop. There was no particular news in regard to C. S., but the Room seemed to be willing to join the Bull movement on the theory that this was the only one of the Vanderbilt lines which had failed to participate in the recent advance.

As to Sugar, there seems to be a dearth of facts and a surplus of rumors. The N. Y. Sun says today that steady absorption of stock is going on. Friends of Mr. H. W. Meyer deny that the end of the war is sight. The Arbuckles maintain a correct silence. The tape says that somebody believes that the end of the war is in sight and is accumulating stock.

It seems to be fairly certain that the P. O. Co. has acquired control of the Ogden Gas Co., consequently for time being, the troubles of the former Co. may be considered as set at rest.

A good Bank Statement is expected. The banks having gained over \$4,000,000 in the current week. As to the changes which will take place in items of loans, very material difference of opinion exists.

MINING NEWS.

The following remarks re Virtue, which appeared in a recent issue of the "Mail & Empire," are as ludicrous as those of a morning contemporary which spoke of the Cumberland mine as "A Prospect."

"Virtue, which is a pooled stock, can be easily manipulated. It will be remembered that Cariboo-McKinney was similarly "pooled" that is, all but a small portion of the stock was not allowed to come on the market. It was easily manipulated to 180, but is now unsalable at 80. These pooled stocks are dangerous for the public to have anything to do with. Unusually, when the "psychological moment" comes for pulling out the plug, the public find themselves loaded up with the stock, while the manipulators make off with the money. Virtue sold from 103¾ to 107½ today."

The writer of the above whatever he may know of Cariboo-McKinney, either knows absolutely nothing of the Virtue-Collateral Co., or is guilty of a desire to mislead his readers.

In the first place the stock is not pooled all holders of the stock are at perfect liberty to sell or hold as they consider best. The recent advance in the price of the stock, has been strictly in line with improvement in the property, the result of nine or ten months development. The largest holders who are some of Montreal's best known and respected citizens bought the stock when the general public turned it down, but they were satisfied with their bargain and recent developments have demonstrated the wisdom of their choice. The fact is that the public are just beginning to realize that "Virtue" is one of the best if not the best stock in its class on the list, but the stock which is being absorbed by them is not the stock of the insiders, who bought it for investment and not for speculation. The public will never find themselves loaded up with Virtue. This stock and the men who control it are not in the same class as Cariboo-McKinney.

War Eagle sold yesterday at 165, an advance of some seventeen points caused, it is said, by the settlement of the trouble between miners and the owners in the Rossland camp. Rather a fancy price to pay for the stock of a played out mine, grossly mismanaged in the past, and whose future is decidedly cloudy. If War Eagle is worth these figures, Virtue is easily worth \$5.00. Of the two we would buy Virtue.

Two pictures—War Eagle at present figures is equal to a capitalization of something like \$3,300,000. Virtue at 1.16 is equal to a capitalization of \$2,320,000.

Ore reserve in War Eagle none. Ore reserve in the Cumberland considerably over \$1,000,000. Nine months work in War Eagle exhausted the ore reserves. Nine months work in the Cumberland increased them at about the rate of \$80,000 per month. Insiders in War Eagle when the mine was nearly depleted of ore talked about increased dividends. Insiders in Virtue, with one million dollars in sight, decline to make any statement about dividends. To the individual of average intelligence it will not be difficult to decide as to which picture it is most desirable to possess.

THE SLOCAN.

During the first 18 days of March there was more ore shipped over the K. & S. line than in many a month before. The million-pound mark was even topped. The Payne, always ahead, is resuming shipments at the old rate, and the Last Chance is steadily shipping. The detailed figures from March 1st to 18th are as follows:—

	Pounds.
Last Chance.....	280,000
Payne.....	728,000
Rambler.....	82,000
American Boy.....	42,000
Florida.....	35,000
B. N. A. Mine.....	38,000
Gibson.....	12,000

Total.....1,213,000

The International, Whitewater, is putting in a gasoline air compressor, the first of its kind in Kootenay.

Some beautiful samples of almost native copper ore were recently taken from the Copper King claim on the north fork of the Lardeau near Circle City. The samples are an excellent indication of a big body of high grade copper ore in that district—the sample shown would run about 80 per cent. copper. The Copper King was located by Lou Thompson, a well known prospector and it is now owned by H. C. Dier, who has had a fair offer of cash for this prospect.

Great improvements are being made at the Hartney, which, when completed, will have an important bearing upon the town. A new bunkhouse is being erected, along side the old one. It will be two stories high, modern in its equipment, and will accommodate 50 men. In addition to this a large ore house will be built. The force has been increased to 19 men, and this will be largely augmented when the new buildings are completed. Another tunnel will then be commenced lower down the hill, which will afford an ample test to the value of the property. The management is liberal in its views and and money, and its orders are to make the Hartney a mine as soon as possible. Its money also stands ready to begin work on the Silver Mountain wagon road so soon as the government grant is available.

CHICAGO MARKET.

CHICAGO MARKET--April 7, 1900.

From the Bartlett Frazier Co., Chicago. H. J. Coon, Manager, 39 St. Sacramento St.

STEADY MARKET FOR A SATURDAY --
WHEAT AND CORN ARE A BARGAIN
TODAY, SO ARE PROVISIONS.

Chicago, April 7.

Liverpool Wheat closed firm with smaller supplies, prices unchanged.
Corn strong, with smaller receipts. Holders able to sustain advance stock being small demand, brisk for Wheat and Corn, shipments to Liverpool very small.
Paris Wheat and Flour unchanged.
Closing May Wheat, 5-10¹/₈, July, 5-9⁵/₈.
Closing May Corn, 4-2¹/₂, July, 4-1³/₄.
New York Wheat opened dull, ¹/₄ lower.
Chicago Wheat opened unchanged in spite of strong closing in Liverpool and sold ³/₄ lower after the opening, now steady.
Would buy Wheat around these prices.
Corn opened ⁵/₈ lower and steady, now only ¹/₄ down. Would buy Corn around 40.

As situation is strong as ever and Corn in our opinion will ultimately sell much higher.

Oats in sympathy with Corn opened ¹/₄ lower and now steady.

Provisions opened unchanged, but became strong after the opening, and is now selling 10 cents higher.

We believe July Pork is a purchase on the legitimate situation.

N. W. Cars--Minn., 247.
Duluth, 214.

Last week, 437.
Last year, 395.

Car lots--Wheat receipts, 74; estimates, 65.

Corn receipts, 362; estimates, 360.
Oats receipts, 173; estimates, 175.

Hogs today, 20,000; tomorrow, 30,000.
