PROBS—Moderate to fresh westerly to southerly winds; fine; little higher temperature.

INSANE WOMAN BROKE HER ARM ESCAPING FROM ASYLUM WINDOW BY KNOTTED BEDSHEET ROUTE

Mrs. Goodwin Fell Ten Feet to Ground, Then With Her Arm Fractured Climbed High Asylum Wall—Constable Found Her Wandering on Queen Street Yesterday.

By clambering hand-over-hand down an improvised ladder, made of five knotted bed sheets, 25 feet in length, Mrs. Goodwin, an inmate of the Hospital for the Insane on West Queen street, made her escape early yesterday morning, and was free for several hours.

Every detail of the escape must have been cunningly planned days ahead, and worked out by careful observation of the movements of the keepers of the institution and the change from the day to night shift of nurses. At the midnight call of the nurse everything was in order in the room, and at the next call early in the morning the room was vacant.

With the ends of the sheets knotted to a bar in the window the woman swung into space and commenced her perilous descent. When within ten feet of the ground, the window screen to which her ladder was attached gave way and she fell to the ground, fracturing her right arm.

Undaunted by the agony caused by her injury, the insane woman made her escape over the brick wall surrounding the grounds and was picked up hours afterwards by a police constable, wandering on West Queen street, nursing her broken arm, and in a very weak condition.

Altho the officer thought she was acting strangely, he did not recognize her as an escaped lunatic and called the police ambulance, which took her to the General Hospital, where she was given medical care. At the hospital the woman admitted her escape.

WANT MORE KNOWLEDGE OF RAILWAY PURCHASE

High Park Ratepayers Will Ask Mayor Hocken to Address Them.

High Park ratepayers will make an early visit to the city hall to place the various requirements of the district before the board of control. The association met last night at Howard Park Avenue School and elected the following representative staff of officers:

President, A. D. Ellis; vice-president, Albert Chambliss; John Bird, secretary; J. H. King, treasurer; E. E. Argus, directors; A. Shaw, J. J. Nolan, W. T. Biber, W. H. Reid, A. A. Egan, Paul Von Seckel, Paul Hahn and W. H. Price. The association decided to invite Mayor Hocken to address the December meeting on the street railway purchase question.

Taft Will Speak To Empire Club

Word was received by the president of the Empire Club last night from William H. Taft, ex-President of the United States, that he would give an address before the club during his visit to Toronto, on Jan. 29, 1914. His speech to the Empire Club will be his first in Canada, as he will address the University Club the same evening.

CONSPIRACY TO OUST LAURIER?

Hon. Mackenzie King and Hon. Rodolphe Lemieux Accused of Carrying on Joint Campaign.

The trouble developing in the Liberal party, which appears to be reaching a head, is apparently due to Hon. W. L. Mackenzie King and Hon. Rodolphe Lemieux carrying on a joint campaign to secure the Liberal leadership. It seems that they perfected their plans some time ago to divide between themselves the leadership of the Liberal party, after Sir Wilfrid Laurier, for one reason or another, should have finished with it.

In Quebec and Ontario each attempted to obtain possession and control of as much political machinery as possible, and each insisted upon being given a conspicuous place in all the proceedings of the party.

There are a good many men in the Liberal party, it is stated, who believe that Mr. Lemieux, Mr. King and Mr. Fisher are the greatest burdens the Liberal party has to carry. It is certain that their presence as the chief Liberal lieutenants has kept many prominent Liberals from giving active service to the party.

The conspiracy to seize the opposition leadership will be one of the things which the Reform Association will discuss at its annual meeting here next Friday.

DANCE AND SOCIAL

The Young Ladies' Sodality of the Parish of the Holy Family, Parkdale, held a very pleasant dance and social last evening. There was a large attendance. W. J. Ryan was master of ceremonies.

U. S. BATTLESHIP NOW ON WAY TO TAMPICO

Admiral Fletcher Leaves Vera Cruz for Scene of Reported Disorders and is Empowered to Land Marines if Situation Makes Step Advisable.

WASHINGTON, Nov. 24.—(Can. Press.)—In spite of recent reassuring reports from the oil fields on the east coast of Mexico, foreigners in that section are still very apprehensive, appeals to Washington indicating that they believe not only their property, but their lives are in danger. Renewed private requests for protection, following closely upon a cablegram from Charge O'Shaughnessy at Mexico City saying it was rumored there that the United States was about to land marines, caused Secretary Daniels today to instruct Rear Admiral Fletcher, commanding the American fleet, to proceed personally to Tampico and Tuxpan and investigate conditions there.

The admiral sailed late today from Vera Cruz on his temporary flagship, the battleship Rhode Island, for Tampico.

Admiral Given Free Hand. Much has been left to his discretion and he himself will decide whether it is necessary for him to go ashore for conferences with the constitutional leaders who have occupied the oil territory and are threatening the ports of Tampico and Tuxpan.

The admiral was assured a few days ago by Gen. Aguilar, chief of the revolutionists, that there would be no interference with American or other foreign affairs.

Charge O'Shaughnessy's query concerning the landing of marines brought a prompt and emphatic denial that the United States had ordered such a step. There were no developments in the diplomatic phase of the Mexican situation today.

The Washington administration had settled down to await patiently what it regards as the inevitable retirement of Gen. Huerta.

Congress Doesn't Hold Key. A high government official pointed out that the so-called Mexican congress, just assembled, does not hold the key to the situation nor will its proceedings affect the attitude of the United States, which already in advance has placed upon the body the stamp of illegality. Of this purpose of the American Government, to decline to recognize any liability on the part of the permanent government of Mexico which shall follow the present administration of Gen. Huerta, all interested foreign nations have been fully advised through their diplomatic representatives here or their foreign offices abroad.

Secretary Bryan said today he had had several conferences with Sir Wm. Tyrrell, secretary to Sir Edward Grey, the British foreign minister, supplementing those which Sir William has had with President Wilson.

Marines for Pensacola. Much interest attaches to the plans for sending 750 marines to Pensacola the latter part of this week to set up there a sort of an advanced base. The navy department planned some time ago to utilize existing government buildings at Pensacola and relieve the government of the necessity of spending money in the construction of new barracks at the northern navy yard, but it is pointed out that the presence of the marines at the southern port at this time will make them much more available to guard the Mexican oil fields than if they were several days' journey farther north.

PRESENTED SUITCASE TO FATHER CASTER

Dean Hand Made Presentation to Retiring Priest at St. Paul's.

The young people of St. Paul's parish met last evening for the purpose of presenting Rev. Father Castex with a testimonial on the eve of his departure from the parish to take up his new duties at St. Augustine Seminary.

V. Rev. Dean Hand presided, and presented Father Castex with a handsome suitcase.

Dineen's Hats Reduced to Clear

The high standard of Dineen hats is generally recognized, and the announcement of drastic reductions, such as are being made now is of deep interest to the men of Toronto. Hats are valued up to \$3.50, in broken lines, but sizes that make it easy for you to find a perfect fit in a style you like, at the exceptionally low figure of \$1.55. A visit will convince you of the pronounced values offered.

Parcel Post May Be Delayed

OTTAWA, Nov. 24.—(Special.)—It is possible that the new parcel delivery system may not start at the beginning of the year as expected, but no extended delay is anticipated. The department is handling the innumerable details incident to the establishment of the system as speedily as possible, but there is much to be arranged yet.

REFUSED TO GO ON WITH PLAY

McGill Students Spoiled Their Theatre Night and Broke Up a Theatre Party.

MONTREAL, Nov. 24.—(Can. Press.)—After two years non-observance, the McGill theatre night was resurrected tonight, but came to an inglorious end when midway thru the second act the Glad Eye Co. refused to go on with their play and the curtain was rung down. The students went back to Molson's Hall, where the faculty had prepared a supper for them, but here again pandemonium broke loose and after a short scrap between the sophomores and freshmen, the body broke up into little parties, who continued the celebration in the streets.

BIG INCREASE IN SOIL PRODUCTS UNDER EXPORT TO UNITED STATES

(Special to The Toronto World). OTTAWA, Nov. 24.—The Wilson-Underwood tariff bill, so far as the product of soil is concerned, is beginning to make its effects very manifest in Canadian exports to the United States. Exports of Canadian products, natural and manufactured, to that country alone have increased for the month of October by nearly two million dollars over the same month last year.

The figures are: Canadian exports to United States in October, 1912, \$13,902,501; in October, 1913, \$15,832,280. Foreign products passing thru Canada to the United States in October, 1912, amounted to \$1,974,719; in October, 1913, \$1,515,653, thus showing a decrease in this traffic.

STORM SIGNALS ARE NOT SO RELIABLE AS BAROMETERS

ST. MARY'S BYLAW FAILS ON NECESSARY MAJORITY

Vote for Guaranteeing Bonds of Carter Milling Co. Falls Short by Fifty-Five.

(Special to The Toronto World). ST. MARY'S, Nov. 24.—The voting on the Carter Milling Co. bonds to guarantee the extent of \$50,000 took place today, with the following result: North Ward, for 104, against 90; South Ward, for 85, against 54; East Ward, for 109, against 84; West Ward, for 114, against 50. Total, for 412, against 288. As the necessary vote to carry the bylaw was 467, it was defeated by 55 votes.

FLYER DERAILED—NO ONE INJURED

G. T. R. Train From Detroit to Toronto, Barely Escaped Disaster Fifteen Miles From Windsor.

CHATHAM, Nov. 24.—(Can. Press.)—The G. T. R. eastern flyer, Detroit to Toronto, was wrecked at 4:40 this afternoon, between Chatham and River, about 15 miles out of Windsor. No. 19 was behind time at Windsor, which is quite unusual, and is reported to have been making between 60 and 70 miles an hour. Most of the cars remained upright, and to this can be ascribed the fact that none of the passengers or crew received serious injury. All suffered a good shaking up and many were severely bruised.

A broken or spread rail is blamed for the derailment, the cause is not yet officially stated. The train carried two or three day coaches, a diner and Pullmans, with baggage and express car, and all were thrown from the track. The locomotive remained on the rails, but the first passenger car broke away from the others and rolled 150 feet. The remainder of the coaches stayed on their tracks.

Ties are torn up for a considerable distance and both east and west-bound tracks were blocked. Wrecking crews were sent out from London and Windsor to clear the right of way.

GENERAL BATTLE RAGING NEAR JUAREZ

Federal Troops Are Driving All Before Them According to Reports, and Cavalry is Being Rushed to the Rebels' Assistance—United States Troops in Readiness.

EL PASO, Texas, Nov. 24.—(Can. Press.)—The federal artillery is driving Gen. Francisco Villa's forces back into Juarez. A desperate battle has raged for an hour opposite Belen, Texas.

Fighting started ten miles south of Juarez. West of Juarez another federal force is moving on Juarez. The telephone girl at Yuleta, Texas, a border town a few miles east of here, stated that a fierce battle was in progress between Villa's rebel band and federals at that point, and that the rebels were retreating toward Juarez.

All available cavalry in Juarez is being sent to the southeast to reinforce the rebels there. Wounded men from the battle opposite Belen, Texas, are crossing the border to the Texas side. One has reached El Paso, Jose Gonzales being the first to arrive. He said a general battle was in progress southeast of Juarez.

All American troops at Fort Bliss are being held in readiness for immediate action, and additional troops, troop C, 13th Cavalry, and a machine gun platoon and troop L, 13th Cavalry, are now moving to El Paso to reinforce the patrol. The battle opposite Belen appeared to be general, and artillery was being used by the federals.

MACDONALD AND SOUTH LANARK ELECTIONS TO BE HELD DEC. 13 INTEREST IN CONTESTS INTENSE

Nominations Will Be Held Week Earlier and Owing to Unusual Situation in Both Ridings, Outcome is Eagerly Awaited—Triangular Fight in Lanark.

(Special to The Toronto World). OTTAWA, Nov. 24.—At a meeting of the cabinet this evening the dates of the Macdonald and South Lanark by-elections were set. Nominations take place Dec. 6 and the elections on Dec. 13. Immense interest is being taken in both elections.

Macdonald is vacant thru the unseating of Alex. Morrison, who was elected in the Conservative interest at a by-election, and he will run again. South Lanark is vacant thru the death of Hon. J. G. Haggart.

Interest in this election has been quickened because of the entry into the contest of an Independent Conservative candidate, Col. Balderson, and Arthur Hawkes, of "British-born" fame. Dr. Hanna is the official Conservative candidate.

HIGHER WESTERN RATES MAY NOT BE UNFAIR SAYS EXPERT IN A REPORT TO GOVERNMENT

(Special to The Toronto World). OTTAWA, Nov. 24.—The railway commission today set to hear the western freight rates case, in which it is charged that the west is discriminated against by the railways. J. P. Muller, the American rate expert, was not present and the commission adjourned until tomorrow.

Mr. Muller submitted to the members of the commission and placed in the hands of counsel today an important exhibit, which is confined largely to answering a series of questions submitted to counsel by Chairman Drayton at the last sitting of the enquiry.

In the same exhibit, however, he deals with the question of railway capitalization as an element in fixing reasonable freight rates. All such special inducements as (a) land grants for other than right of way purposes; (b) land grants for rights of way purposes; (c) grant contributions or subsidies; (d) guarantee of interest on securities, are not to be included in the capitalization on which the rates are to be based. The principle laid down is "that it was the intent of the framers of the Canadian law to limit capital returns to that portion of the capital actually contributed by the shareholders of the railway company."

The exhibit also states that "the great differences in time and conditions under which three railways were constructed, and the vital differences in the character of original construction, preclude the possibility of using capital expenditure alone as the basis of a rate structure for all three lines."

To indicate the discrepancy the total capital expenditure and the expenditure per mile is shown as follows: Canadian Pacific, total \$865,274,900; per mile, \$5,128.07. Canadian Northern, total \$170,411,188; per mile, \$45,669.50. Grand Trunk Pacific, total \$110,612,588; per mile \$57,537.66.

BANK RESERVES ALL IN NEW YORK

Loaned for Speculation on Stock Exchange, Says Senator Owen.

(Special to The Toronto World). WASHINGTON, Nov. 24.—(Can. Press.)—Under the present system the bank reserves of the country are concentrated largely in New York, where they are loaned in speculative accounts on the New York Stock Exchange. Senator Owen asserted today in opening the debate on the administration currency bill in the senate. He declared that the administration bill as reported by the Democratic committee, would remedy this condition.

Senator Owen reviewed the details of the bill, and urged that, by the creation of a market for discounted commercial paper, and by mobilizing the reserves in public utility regional banks, the measure would remove the great dangers of the present financial system.

The senator said that at present New York bankers, who hold a large percentage of the country's reserves, are forced to place those reserves in call loans on the stock exchange.

EXECUTIVE MET. A meeting of the union executive of the Holy Name Society was held last evening at De La Salle Institute.

May Be Another Maude Adams. Miss Dana, the poor little rich girl in the play of that name at the Princess Theatre this week, is a decidedly clever youngster. One critic was heard to remark that the little Miss would develop into another Maude Adams.

WHITE HOUSE IN A HAPPY FLUTTER

Wedding of President's Daughter Today Will Be Brilliant Function.

GLITTER OF UNIFORMS

Diplomats Will Pay Honor—Stream of Gifts is Unchecked.

WASHINGTON, Nov. 24.—(Can. Press.)—The flutter of happy anticipation of tomorrow's wedding of Miss Jessie Woodrow Wilson and Francis Bowes Sayre reigned supreme at the White House today.

Through the twilight hours in the softly diffused light of the east room the entire bridal party rehearsed in detail the ceremony of tomorrow. Later the young folks were entertained at a dinner and dance by the officers of the U. S. Mayflower, the president's yacht, aboard that vessel, anchored at the navy yard.

Wedding gifts continued to arrive in boxes and packages innumerable today. Over the presents a guard stood all day and night. It was learned that the gift of the president and Mrs. Wilson is a dining room set of furniture.

PARTIAL BAN ON TANGO UPSETS GERMAN OFFICERS

BERLIN, Nov. 24.—(Can. Press.)—Emperor William's edict forbidding German army and navy officers to dance the tango and other steps while in uniform, has been taken to heart in diplomatic circles here, where the same rule has been introduced.

DO BABIES ASSIST IN TOY-MAKING?

Mrs. Kelly at Margaret Eaton School Scores Conditions in Germany.

Margaret Eaton School was filled to repletion, even the stairs being taken into service, to accommodate the large number of women who turned out yesterday afternoon to hear Mrs. Florence Kelly.

The past year had been one of the most encouraging for the work of the Consumers' League, said Mrs. Kelly. The present administration in the United States were giving countenance to their work in many directions.

Under the present administration much has been done on the other side of the line in the work of examining the weight of foods and to ensure that goods are what they are labeled.

A verdict of accidental death was returned last night by Coroner Clumour, which required into the death of Arthur Ludbrook, who was instantly killed at the factory of the Aluminum and Crown Stopper Company, when over 1000 pounds of tin fell upon him, on Nov. 16.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Turkey Sauces

ONE of the best measures of a woman's ability as a cook is her ingenuity in serving the food she has prepared. It is a praiseworthy achievement to always be able to send the proper sauce with various foods.

You will want cranberry sauce with the turkey, but some other as well will add zest and relish to the too dry meat of this fowl. One of the most appropriate sauces is made from the giblets: the neck, heart, liver and gizzard are boiled with a pint of water until they become quite tender.

If any turkey remains after the big dinner, it is very good reheated in sauce. One for dark meat is called Macedoine sauce. Melt two tablespoons of butter and add one tablespoon of flour. Brown this, but do not let it scorch.

What is the finest sauce or soup without its seasoning? Alas! nothing but an insipid preparation, unfit to tickle the palate or satisfy the most unexacting gourmand. Every housekeeper knows the peculiarity of delightful feeling of superiority that comes over her when she is able to go out into her own "savory corner" tucked away behind some hidden but sunny spot of the garden.

THE GARDEN NURSERY

CONDUCTED BY RACHEL R. TODD, M.D.

The "Savory" Corner. Children's Story Books.

Children are not all creatures of poetry and imagination. They are very much interested in the familiar objects of their small every day world. The familiar flowers and familiar animals are never failing objects of interest for stories. When I speak of nature, animal stories, I do not mean studies in anatomy. A child is not interested in how many toes or how many teeth a dog should have.

There are no "savory" like those taken fresh and dewy from one's own carefully-tended herb garden. They are one and all so much more savory when gathered a few minutes before they are needed. Under such conditions they do not lose any flavor, not the least whiff of their aromatic pungency. Nor can there be any mixture with foreign substances.

Now let us see! Parsley should be sown in the spring. These conditions are unusually favorable the plants will not be very large the first year, although it will be quite possible to gather some very tasty sprigs for occasional use. If the plants are covered during the winter with some light straw or grass cuttings it will be no task for our housekeeper to avail herself of the fresh leaves all thru the winter.

LIGHTING FIXTURES

LESS 60%

WE are selling out our Entire Stock, comprising a varied and complete assortment of beautiful designs in Portables, Pendants, Brackets and Glassware. All are reduced to less than half-price.

We are now prepared to offer a discount of 10% in addition to the 50% announced last week.

WHY? Because we are moving into our New Premises which are now in course of erection in West Toronto, and in which we are making no provision for carrying on a retail business.

We are concentrating our efforts on the contracting end of our business, embracing Plumbing, Heating, Ventilating, Wiring, Refrigeration and Sprinkler Systems.

You will save half the cost of your lighting fixtures if you take immediate advantage of this unique offer. How about Xmas Gifts?

By GELETT BURGESS

WILLIAM WING To keep a promise is a thing. You don't expect from Willie Wing: You know he will forget about it. He always does—why should you doubt it? He says he's sorry he's to blame, But he's a Goop, though, just the same!

Don't Be A Goop!

CANADIAN COMPOSER ON MUSICAL PROGRAM

Clarence, Lucas' Works Will Be Played at Foresters' Hall Saturday.

Canada has not had many composers who have gained any recognition from the public of other countries, or from eminent musicians abroad. Clarence Lucas, without publicly performing his own works, has gained this distinction, and he is regarded everywhere as a music creator who has something to say.

Reserved seat plan opens this morning at Massey Hall and the Stanley Play Co., 14 Temperance St., for the Big Bow Wow Musical Concert, Dec. 1, 2 and 3.

BODYGUARD FORMED TO PROTECT MRS. PANKHURST

Police Warned Not to Try to Arrest Leader on Return From U. S.

LONDON, Nov. 24.—(Can. Press.)—In a fighting speech delivered at the weekly meeting today of the Women's Social and Political Union the Militant Suffragette Society, Mrs. Dacre-Fox warned the government that if the police attempted to arrest Mrs. Emmeline Pankhurst when she landed in England on her arrival from the United States they would have their hands full.

The arrest of the militant leader, the speaker declared, would not be allowed. She said a bodyguard had been formed already for Mrs. Pankhurst with "General" Mrs. Flora Drummond at its head, and its force would be sufficiently effective to oppose any physical violence attempted by the police. If bodyguards were used, she concluded, the bodyguard would have means to defend itself.

ACTOR KNIGHT'S SISTER IS A TOO ARDENT SUFF.

BIRMINGHAM, Eng., Nov. 24.—(Can. Press.)—Miss Florence Robertson, a sister of Sir Johnston Forbes Robertson, the actor-manager, was sentenced today at the sessions here to a fortnight's imprisonment on a charge of smashing a window on the occasion of Premier Asquith's visit to Birmingham in July. The judge ordered the defendant the alternative of a fine but she declined to pay.

FIRST NIGHTS AT TORONTO THEATRES

ART OF DANCING AT ITS HIGHEST **FANCIFUL PLAY OF CHILD LIFE** **COMFORT ENJOYED BY ARENA PATRONS** **"MAN FROM HOME" A BRIGHT COMEDY**

Lady Constance Stewart Richardson Given Fine Reception at Alexandra

MADAME POLAIRE'S ACT

Le Visiteur is Vivid Little Drama of French Apaches

Those votaries of the art terpsichorean who boast a temperament and imaginative insight into the strange poetry of dancing will have opportunity at the Royal Alexandra this week to test their faculties. Lady Constance Stewart Richardson in a series known as "dancer dances," presents a somewhat novel study of life. The idea of the dance originates in that presuming psychological moment shortly before dawn, when man and the rest of the animal creation, waking too soon, yawn, and go to sleep again. It is the pretty legend that the sprites and fancy folk of the wild went onto a sort of morning-worship ecstasy; at this hour.

This is supposedly the source of the poetry in Lady Richardson's interpretation. Unfortunately the advent of the milkman and the alarm clock divests these precious moments of any poetic influence they might have in this modern day, and this leaves the artist with too heavy a task. Lady Richardson, however, can be said to have no pains.

Her attire, we may well believe, as nearly approaches that of the legendary nymphs as tender imaginations would care to go. Her deportment exhibits a splendid suppleness of limbs and into the supple movements she throws an appreciable emotion. The appeal of her features, moreover, is distinguished for the most part by a tenacity of passion and rarely gives way to the joyous abandon one might expect from a little young spirit, clad in nebulous attire and capering barefoot upon the grassy floor of the forest.

"Le Visiteur," the one-act drama of Madame Polaire, is something of a grotesque. It is a vivid little French nightmare of a drama. A dashing French actress invites a man thru the window in the thought that he is an ardent lover fired to abandon on his admiration. But he is a Paris Apache with the burlesque stride and ready knife in his hand. Her dance disarms him and she cannot get to the accompaniment of hysterical laughter. It is a thrill couched in rapidly spoken French from beginning to end and in that way perhaps losing little of its dramatic effect upon a largely provincial audience.

There are six vaudeville selections on the bill. Three of these, the first, are distinctly commonplace as vaudeville goes. The others are more entertaining and tend to cater to the lighter humor of "Perchance, the tired business man," who always begins the week with a taste of things theatrical.

STARS OF BURLESQUE ALSO BILLY SPENCER

Are Putting on a Clever Show at the Star Theatre This Week.

"Two Old Fools" and "A Day at the Seashore" are the titles of the two burlesques presented by the Stars of Burlesque at the Star Theatre this week.

Will Neil Lavender, the leading lady, Billy Spencer and Arthur Mayer, Irish and German comedians, respectively, proved their right to be the week's headliners, while a big, heavy chorus gave them excellent support.

Arthur Mayer, Will Neil Lavender and Jack Howard created much merriment in their musical sketch "Miss Green From Paterson." Babe Mills, a fairly southerly singer, and dances well, and Lew Hoffman, novelty singer, introduces a number of new stunts.

GREEN WATERS OF THE RIVER NILE

Early in Each Spring This Singular Phenomenon Shows Itself.

Early each spring—about April 15, the river Nile begins its annual rise and a curious phenomenon accompanies this increase of water. The Nile then takes on a deep green hue. For a long time it was believed that the color came from the swamps of the upper Nile lying isolated and stagnant under the tropical sun and polluting the water with decaying vegetable matter.

With the spring rise, this fetid water was supposed to be swept into the streams to clear the Nile of its presence in Egypt. Within recent times, however, says the Scientific American, this theory has been abandoned.

Now, it is claimed, the green water is caused by the presence of innumerable numbers of microscopic algae, offensive to the taste and smell. They originate away up in the tributaries, and are carried to the Nile where under the hot sun and in the clear water they increase with amazing rapidity, forming columns from 250 miles to 500 miles in length.

These weevil continue to grow, die and decay until the turbid flood waters put them to an end. For they cannot exist except in clear water. Offensive as, in some respects, the green water is, it is halted with delight by the Egyptians since the clear water is a sign of the real flood time and the close of the water famine.

Reserved seat plan opens this morning at Massey Hall and the Stanley Place Co. 44 Temple Street, Dec. 1, 2 and 3.

"The Poor Little Rich Girl" Ranks With the Very Best.

VIOLA DANA'S ACTING

Excellent Portrayal of the Title Role by Talented Actress.

As pretty and as fanciful as "The Blue Bird" and "Snow White," but with a more practical application to every day life, seemed the unanimous verdict accorded the appearance of the "Poor Little Rich Girl" at the Princess Theatre last night. What it would be without Viola Dana's exquisite portrayal of the title role we do not know, for it is that poor little rich girl's personality that dominates the whole play.

The play is divided into three acts. The first is Bitter Fate, the second Dearest Fancy and the third Dearest in her home on her birthday and see her a tortured, little heart-sick girl longing for mud to scuffle in and real delights are denied poor little rich girls, and she must be content with "two-faced" servants, motor cars, expensive toys and busy parents.

In the second act we follow her thru a delirium brought about by a sleeping medicine given by the "two-faced" nurse and the "two-faced" doctor, we see folks as they are. It is a delightful bit of stage work that makes it possible for the onlooker to be with Gwendolyn thru her terrible illness, see her as she is and yet follow the conversation of mother, father and doctor as they fight to save her life.

In the third act she is back in her nursery, safely on the way to recovery, not only of health, but of all happiness, for her experience has saved her father from her social craze and father from his financial frenzy. Harry Browne as the Doctor who rides the hobbles is very fine, and Frank Currier as the Organ Grinder, Harry Cowan as Pa, Virginia Norden as Mother, Gladys Flebank as Jane, Viola Polaire as the Governess, fill their roles most acceptably. Al Grady as Puffy Bear is funny in the forest scenes.

That little children should be really homeless even in the midst of luxury seems almost incredible; and if it is a fact, that some mothers do not know Jane's last name, and some fathers have never taken a good square look at their children, we cannot have too much of such a play as the "Poor Little Rich Girl."

THIS WEEK AT RIVERDALE RINK

Popular Block Party and Diamond Ring Waltzing Contest.

On Wednesday evening, at the Riverdale Rink there will be a revival of the old-time popular "Block Party," at which two handsome prizes will be awarded the winning couple.

On Friday night, the 28th, the rink will have something entirely new, viz., a roller skating waltzing contest. This contest will bring out in competition some of the world's very best roller skaters, who can actually excel in waltzing on the little rollers. As the prize is extra valuable, it is a real treat to those who enjoy dancing to see waltzing on roller skates where the couples glide and whirl with a grace that can only be imagined. There is no charm about waltzing on roller skates not possible to be had without them. As the prize is extra valuable, diamond ring to the lady, and admittance to rink is free to all ladies, the management is preparing to care for one of the best skating parties of the season. This popular rink is now having a very large attendance.

"FANNY'S FIRST PLAY"

Seats will go on sale tomorrow for George Bernard Shaw's successful comedy, "Fanny's First Play," at the Royal Alexandra Theatre. "Fanny's First Play" will open a week's engagement next Monday evening under the management of the Messrs. Shubert and the renowned English producer, Granville Barker, after a run of two years at the Kingsway Theatre, London, and a run of one year at the Comedians Theatre, New York. To miss this masterpiece of Shaw, author of the triumphant "Man and Superman," is to miss a treat really worth while, as "Fanny's First Play" is a beautiful comedy and wit such as the brilliant Irish playwright never before produced.

"Fanny's First Play" is Granville Barker's original English comedy, which has been produced at the Alexandra Theatre, and will include Eva Leonard Byrne, Kate Carlyon, Dulce Musgrave, Katharine Poole, Jean Striving, C. H. Croker-Kingsley, Walter Kingsford, Spencer Geach, Ivor Trenchard, Arthur Lucy, Lewis Sealy, Gordon Ash, Vane Sutton, Vane, and George Carr.

"YEARS OF DISCRETION"

In "Years of Discretion," which will make a visit to Toronto next week at the Princess Theatre, the stage wizardry of that master producer, David Belasco, has been used in the creation of a new set of situations and characters that form one of the most delightful comedy productions ever given to the stage. Mr. Belasco is sending the Hatton comedy on tour after its half year at the Belasco Theatre, New York, where it has been a tremendous success of late season. The distinguished Belasco Theatre company that Mr. Belasco announces for the presentation of the play includes Eric Shannon, Alvan Putnam, Herbert Kelcey, John Flood, Louis Massen, Robert McWade Jr., E. Holland, Grant Mitchell, Camilla Dalbert and Grace Moore.

No Need to Fear That Back of Seats Will Collapse.

THE MODERN CIRCUS

Is Not an Affair of Sticky Peanuts—Many Thrilling Acts.

The first performance of Frank B. Spellman's indoor circus at the Arena yesterday was witnessed by a good crowd, who thoroughly enjoyed the exhibitions of skill and daring presented by the various artists, of whom there are many. Despite the fact that preparations for the performance had not been quite completed, there was not a hitch in the entire bill.

The coming of an indoor circus to the Arena, is in itself a novelty for Toronto, and that fact alone should ensure a large attendance. The only difference between this circus and those we are accustomed to lies in the fact that instead of being crowded into uncomfortable seats without backs the patrons are able to enjoy themselves thoroughly without discomfort. Safe in seats which they know will not give way the audience settles back to watch "the antics of the funny clowns, the daring gymnasts in their death-defying flights in midair, and the graceful feats of the accomplished bareback riders," which take place in two large rings and on an elevated stage.

The headliners on the excellent bill presented are the Schiavoni Troupe of acrobats, who keep the nerves of the audience on edge by their daring turns and feats of strength. The Stegrist-Silbon company of ten acrobats also produce some stunts in midair that fairly make the spectators gasp. The Lunette Sisters, the human butterflies, have a fine act and they produce a full matinee show.

The Sticker Sisters and the Ledgets delight the audience by their graceful and accomplished equestrianism. The "back riders" they are surpassed by few who ever appeared in Toronto. Delmore and Onedia, swaying polo artists, received hearty applause for their act. Cor Dorcy and Dolly Julia are doing splendid acrobatic stunts, while the Gerue Sisters have a similar act which is well executed. The show, as mentioned artists there are several others of no mean ability, who help to make the entire show the success that it is bound to be. Ten clowns keep the audience in the best of spirits thru the performance.

Spelman's silver cornet band, which supplies the music, is an excellent one in every way to the usual circus band. Taken as a whole Toronto's first indoor circus is well worth seeing, and the two performances at the Arena, the remainder of the week should be well attended.

ARTISTS CHILDREN NERVOUS AND STRONG

Three Fine Acts at Shea's This Week—Goldberg's an Attraction.

This week's show at Shea's includes a side-splitting catch song, a mammoth acrobatic act and a miniature circus. Every act deserves favorable mention, and three of them are top-notch. The show pleased two delighted audiences yesterday.

W. Lessem's acrobatic sketch featuring "Artists Children," is wonderful and the troupe kept the audience wide-eyed with their daring and clever feats of strength and balancing. Only one member of the company, a full-matured adult, while the rest do not look more than their teens. Two boys do marvelous stunts, which require both nerve and strength in the most perfect manner. Ethel Green sang some very pleasing songs, and made quite a hit with one called "A Little Bit of Green." Her dresses were very interesting. Lulu McConnell and Grant Simpson made their appearance again after a season's absence in a roaring farce called "Right, Right, Right." Simpson is still as clever an ingenue as ever and her infectious laugh and antics were too much for even the most sober-faced spectators.

R. L. Goldberg, the famous creator of such cartoons as "I'm the Guy," "Football Questions," etc., draws well, and features a series named "Boobs Abroad." He tries to break the monotony while drawing his pictures by having humorous descriptions of an imaginary trip displayed on a screen. Hines and Fox sing their own songs, which are rather catchy, but they burlesque their act so much that they lose their audience. Mr. and Mrs. Stuart Darrow exhibit their skill in novelty portraiture of pictures in sand and with shadows.

Bisset and Scott are clever dancers, and exhibited some new steps. Apple's Zoological Circus, which includes an ant-eater as a special feature, and the kinetograph conclude a first-class bill.

MME. BONCELL AT WILLIAMS' MUSICALS TUESDAY.

Mme. Bessie Boncell, mezzo-soprano, will be the soloist at the Williams' musicals to be held Tuesday next at 3 p.m. in the retail hall of The R. S. Williams & Sons Co., Limited, at 245 Yonge street.

Mme. Boncell will sing two special numbers accompanied on the new scale Williams' player-piano, to demonstrate the scope of this instrument's utility. The program will also include selections on the victrola, Edison's new disc phonograph, and the wonderful Apollo solo-electric player-piano, which is, in itself worth much to hear. The public is cordially invited.

Good Company and Production at the Grand Opera House.

W. MARSHALL AS "PIKE"

Title Role in the Hands of a Capable Actor With Strong Company.

"The Man From Home," the offering at the Grand Opera House, is a delightful comedy and is presented by an exceptionally competent company. There is a homeliness and a genuine spirit about it which appeals to the patriotic; a fine sense of humor, a refinement of construction which recommends itself to one interested in high-class theatricals; a genuine comedy element which makes the play acceptable to those who cannot stand heavy pabulum; and in the third act a melodramatic situation which makes the lovers of excitement sit up in their seats. In fact, it is so difficult to think of a person who would not like this play that such a one must be classed in a category all by himself.

William T. Hodge, whose playing of the title part was his masterpiece, long ago made this play a part of the greatest theatrical history. The appearance of the present company and the success they have in proof positive, however, that it was not alone his talent which made the comedy one of the stage's big triumphs. It is by no means actor-proof, however, and locally it has not been put to that test.

The story is of one Daniel Voorhees Pike, the name character, who goes to Europe to look after a young society girl over whom he is legally guardian. He is not well received by the aristocracy, but he succeeds all rather than in showing up their failings, and at the end winning the sympathies of the girl.

Walter Marshall is making a strong portrayal out of the Pike person. He has a general drawl and a generally easy air which makes him fit into this rather difficult part most agreeably. Anna Fennedy as the girl, Miss Anne, whom Mr. Pike addresses as the aristocrat who bids everyone to mumble their words, Richardson Cotterill as the duke, whom Mr. Pike addresses as "Duc," O'Reilly serves to make an effeminate remnant of the aristocracy, and Harry Marshall, sufficiently to make the doubtful royalty of peers, who are by no means peerless and several others take smaller parts effectively.

Altogether it is a splendid company and production and those who never saw Mr. Hodge and his company can rest assured that seeing the comedy in "The Man From Home" should prove a strong attraction at the Grand all week especially at the matinees on Wednesday and Saturday.

ONLY DUDE JANITOR ON BURLESQUE STAGE

Ed Lee Wrothe is Headliner at the Gayety This Week.

Ed Lee Wrothe, best described as the corkscrew dude, provided unusual merriment at the Gayety Theatre yesterday when he appeared in the role of Janitor Higgins. Those who have seen Ed Lee Wrothe before know that he is a red-headed roughneck, thick-skulled individual. Lee Wrothe is a red-headed roughneck, dressed and looks good. But he certainly makes a big hit with the Gingers Girls Show.

MAN'S EVOLUTION AFFECTED BY FOOD

Remarkable Results Due to Dietary Causes, Argues Prof. Reed.

Tracing the evolution of man from the anthropoid, Prof. Carver Reed, in his British Association paper, showed that the prominent differences all arose from a change of food. When some, or even one, of the fruit-eating apes of the forest acquired a taste for animal food sufficiently strong to lead to persistent seeking for it, then a new habit was formed and it brought remarkable results.

The best of prey would be able to live on the ground and to go beyond the forest. He would join other animals in hunting—especially in hunting for game—and from this cooperation would arise communication leading to articulate speech. The food supply would increase thru the year, the reasonable marriage and birth time would cease.

The new life would require great increase of knowledge and intelligence, for a higher skill was required to catch a rabbit than to pluck a banana, and he would have to learn the habits of the various animals and how to track them. He would evolve the use of tools and the best hunting method on foot, and the erect gait would be formed, the legs becoming lengthened and the hands freed from the feet specialized, and the hands developed.

The flesh diet would bring shortening of the alimentary canal, great variability in stature, size of brain and shape of skull would result. This, she declared, is laid for them, "Carnibalism may have been simply the inclusion of foes in the game eaten, and is a mark of the experimental stage of human development, instead of being a general practice of true carnivores."

NEW COLUMBIA Double-Disc RECORDS FOR DECEMBER ON SALE TO-DAY

You ought to hear these new Columbia Records— if only so you may learn that I should have said some successes are better than you can buy. For your own satisfaction you cannot learn this fact too soon.

Two New Melodious Selections by BONCI

10-in. Double-Disc No. 4523 Price \$2.00
Manon Lescaut (Puccini). "Donna non vidi mai" (So fair a maiden ne'er I've seen). In Italian, with orchestra.
Mignon (Thomas). "La tua bella Alma." In Italian, with orchestra.

Hear These Two by DAVID BISPHAM

Two of the most notable songs in his entire repertoire—"Down Among the Dead Men" being the most popular of his selections during his recent engagement at Shea's Theatre.

12-in. Double-Disc No. 4523 Price \$1.50
Der Wanderer (Schubert). Orchestra accompanied.
Down Among the Dead Men (Old English). Orchestra accompanied.

CHAUNCEY OLCOTT'S Newest Song Hits Price, \$1.00 Each

A1410—(Too-Ra-Loo-Ra-Loo-Ra) (Shannon). In English, with orchestra.
A1411—(Peggy Darlin' (Stewart). In English, with orchestra.
My Little Duden (Ball).

The Very Latest POPULAR SONG and DANCE HITS

12-inch No. 4522 Price \$1.25
Mammy Jany's Jubilee Medley (Gilbert and Sauter). Prince's Orchestra.
Trail of the Lonesome Pine Medley (Correll). Prince's Orchestra.
What Do You Mean? You Lost Your Dog? (Daly). Ed. Norton.
Baritone, orchestra accompanied.
10-inch No. A1418 Price 85c.
On the Old Fall River Line. H. Von Tilzer. Arthur Collins, Baritone and Byron G. Harlan, Tenor, orchestra accompanied.

And a Dozen Others. Better Hear Them!

Hear them at any of these Columbia dealers:

It is important to remember that Columbia Records can be heard and purchased only at Columbia Dealers. It is equally important to know that Columbia Records can be played on BOTH Columbia and Victor talking machines. The superior durability and supreme naturalness of tone which distinguish Columbia Records will be immediately evident to anyone interested enough to make a comparison.

ADAMS FURNITURE COMPANY, Limited, City Hall Square.
BURNETT GRAPONOLA CO., 4 Queen Street East.
C. CLAXTON, Limited, 303 Yonge Street.
G. HULLING, 841 Dundas Street.
GLENDY PIANO COMPANY, 245 Yonge Street.
H. V. WADE, 235 Queen Street East.
TORONTO GRAPONOLA COMPANY (one flight up stairs), 141 Yonge Street.

TO PIANO DEALERS, etc., OUTSIDE TORONTO: The Columbia is the fastest growing business of its kind in Canada to-day. Dealer-agents are wanted where not already represented. Write for catalogue, terms and samples to the Sole Wholesale Selling Agents, MUSIC SUPPLY CO., 38 West Wellington Street, Toronto.

WE HAVE BEEN HERE BEFORE AND SHALL RETURN MANY TIMES

Occultist, Credited With Power to Converse With the Dead, Speaks of Reincarnation Theory—Future Lives Are as We Make Them Now.

MRS. MARIE RUSSAK.

"Theosophy is making marked progress in India," declares Marie Bernard Russak, daughter of Judge Bernard of California, and head of the Krotova Institute in Los Angeles, the chief Theosophical college in America, who has just returned from India, in an interview with The World at the Queen's hotel last night. With Mrs. Russak are Mrs. Grace Shaw Duff, daughter of "Josh Billings," the celebrated American humorist, and Henry Hotchner, who has been in India the Theosophical Society has for the past six months been gaining more than a hundred members a month. This is held to be the result of a suit started against Mrs. Besant, the president of the society, for libel, which brought the subject before the public. Mrs. Russak, "We have been on earth to birth many more times in the past. We shall store up capacity in each life thru experience and attain to better lives and more perfect character each time. This law explains the mystery of a savage and a Newton being on earth at the same time. Our thoughts, emotions and acts are real potentials in our environment and influence to a great degree all with whom we come in contact. We are either a curse or a blessing, according to the quality and intensity of our potentials. Personal magnetism reflects what a person is, thru what is called his aura. Scientists are demonstrating that the mystery of magnetism reflects what a person is, thru what is called his aura. This, she declared, is laid for them, "Carnibalism may have been simply the inclusion of foes in the game eaten, and is a mark of the experimental stage of human development, instead of being a general practice of true carnivores."

stopping out into one of these subtle bodies of the aura, and there, because he has trained himself before death, he feels perfectly at home. Our future lives on earth are such as we make them, a harvest of flowers or thorns. After her lecture tonight, Mrs. Russak leaves for Chicago, where she will address the theosophists of that city and from there proceeds on to the Pacific coast.

SUPER-LOYALTY OF JAPANESE SERVANT

Unselfish Devotion Equaled Only by That of Southern Black.

"There is certainly one trait that the Japanese inherit almost without exception and to a greater degree than almost any other nation," remarks a writer in The National Magazine. "That is loyalty. I could give a hundred instances of unselfish devotion and loyalty of Japanese servants that could be equaled only by the splendid record of the older generation of black servants in the south. One cannot treat them as one would an English Swedish or German servant. There is still a great deal of the child about five people. Certainly, there is a great deal of the child about George, and he must be treated accordingly. "But, child or man, one side or both, there is no question of George's loyalty and devotion to us. Moreover, he is scrupulously honest. He tells small fibs occasionally, but never lies. As a servant he has many faults, but he is not one of those who know nothing about cooking until he came to this country, and then he learned to cook restaurant fashion. Most of the things he knows to do, I thought him. He rises to the occasion beautifully, but has to be watched between times. And he argues things with me until I sometimes almost explode. But he loves us as an old-time man would. He thinks we are the most wonderful family in the city or state, and that everything we have is very much finer and better than anything anybody else has. "I know he is a careless cleaner and will leave the plate rail undusted unless watched, and that his kitchen won't always bear inspection. I know that if we were ill or in trouble or unhappy there is nothing he would do to help us so far as he was able. I know that he would never let me know he had heard of my illness, and that he would try to help me in any way he could. I know that he would never let me know he had heard of my illness, and that he would try to help me in any way he could. I know that he would never let me know he had heard of my illness, and that he would try to help me in any way he could."

The Toronto World
FOUNDED 1880.
A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

WORLD BUILDING, TORONTO, NO. 40 WEST RICHMOND STREET.
Telephone Calls: Main 5400—Private Exchange connecting all departments \$2.00

will pay for The World for one year, delivered in the City of Toronto or by mail to any address in Canada, Great Britain or United States, \$2.00

will pay for The Sunday World for one year by mail to any address in Canada or Great Britain. Delivered in Toronto or for sale by all newsdealers and newsboys at five cents per copy. Postage extra to United States and all other foreign countries.

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

TUESDAY MORNING, NOV. 25.

WITCH FINDING.

The Telegram maintains its impudent assumption that it can flim-flam the people over its attitude on the Humber valley's survey, or persuade anybody that The World has not proved its case on The Telegram by the suggestion that The World, which has supported every movement for a greater and better Toronto, must explain why The Telegram is against every movement for a greater and better Toronto, save one. "Evasion is obsolete, silence is superseded," declares the witch-finder of Bay Street. The humor of the situation is rich to those who are aware of the circumstances. In Africa, when the witch-doctor has a private grudge against anyone, he announces that all the evils that befall the community are attributable to a witch or witches, and it is necessary for him to smell them out. Citizens with bad consciences or with other aims immediately endeavor to appease the witch-doctor with gifts. He smells in other directions, after these conciliatory measures.

The Telegram poses as the great and only witch-doctor of the place. It starts off constantly smelling witches. The city council is quite a hunting ground for it. Some aldermen are afraid they may be smelled and denounced. They fear the magic of the awful voice and the weeks of yelling shrieking of which a genuine witch-doctor is capable. They were smelling around Controller O'Neill's quarters last night. If he votes for the people he will be denounced as a witch, and the clamor will be frightful. Mayor Hocken was smelled out years ago, and should have been destroyed long since, but somehow the witch-doctor's power is not what it used to be. Timid young creatures like Ald. McBrien have been smelled, and such victims are afraid of the tom-tom and the four-column yell. It is certainly very grievous, but not mortal, as many staunch aldermen who have been smelled can attest. The witch-doctor is constantly smelling The World, but the charms are not sufficiently potent to injure us, and the people know they can rely on what we say, but that they can't rely on the Bay Street oracle. We advised public ownership of the street railway in 1891, and we advise it now. The Telegram is against it now and it was against it then. It was smelling and witching there as it is today. It smelled E. F. Clarke as the worst witch then. It has Mayor Hocken in his pocket today. It then smelled Ald. McDougall, and all the other aldermen who voted for public ownership as enemies of the community and supported the aldermen who were against public ownership, and those who were brought up and had to leave Toronto. It preferred that class of aldermen to E. F. Clarke or Mayor Hocken. Its policy has cost the city millions in money and uncountable convenience. Does it regret that? It says it regrets it associated with anyone else in its victory, and we believe that about represents the truth. It would sell out the people again and glory in doing it single-handed. It would defame and destroy Mayor Hocken, Controller McCarthy and every other decent and honorable member of the city council who refused to yield to its big stick and its witch-smelling, and it would care absolutely nothing for the mass of the people as long as it got its pound of flesh out of the downtown real estate men and the Humber valley. It deceived the people in 1884, in 1889, and in year after year since. It postponed the Bloor street viaduct when it could have been built for a third of the present estimate, and it delayed the development of the city accordingly. It refused to widen Yonge street twenty years ago when it would have cost a trifle. It would have sold out Ashbridge's marsh for forty years for a nominal sum and made the harbor improvement impossible. The only thing it ever got right upon was the hydro-electric policy, and it adopted that not to benefit the people, but to embarrass a political party. Today it would wreck the hydro system and ruin everyone belonging to it in order to destroy Mayor Hocken. It is now smelling out Engineer Couzens as a witch, and Actuary John MacKay as another. It alone is the true witch-doctor and none others are genuine. Fortunately we live in Toronto and not in the Congo.

POPULATION ESTIMATES.

The Globe's estimate of the population of Toronto for the next eight

years does not agree with that of any of the experts. Prof. Mackenzie figures 800,000 for 1921. Mr. Arnold figures 650,000. Our own estimate, made a number of years ago, tallies with the latter. The Globe does not expect that Toronto will progress in the future even half as fast as in the last ten years. The Telegram during last summer estimated 1,000,000 of a population in 1923. Nothing has occurred to change the situation. Mr. Arnold's figures are conservative and can easily be substantiated. The question does not depend upon the census returns, however, but on the number of people using the cars between now and 1921. The more cars the more people, both inside and outside the city.

TRIPPING UP THE PROGRESSIVES.

Saskatchewan prides itself upon being progressive and the people of that province were unanimous a year ago in demanding the initiative and referendum. At the general elections of 1912 both parties were pledged to bring in the necessary legislation if returned to power. Premier Scott won, but shirked the issue to some extent, because the bill passed by the legislature to implement his pledge was not to become effective unless ratified by a plebiscite in which at least thirty per cent of the electors on the voters' list should participate.

That plebiscite is to be taken next Thursday, but the vote may be light or may fall altogether, in view of an opinion handed out by Hon. Mr. Doherty, minister of justice, which is being given wide publicity by the socialist government. That opinion is to the effect that the legislature of a province cannot establish the initiative and referendum. Or, if the opinion does not go quite that far, it does hold, in effect, that the provision for direct legislation would not survive the legislative which granted it. The provincial act is not disallowed, indeed, it could not be disallowed, not having yet been ratified, but the suggestion is thrown out that the matter should be taken to the courts, and the intimation is plain that in Mr. Doherty's opinion the act is unconstitutional.

The minister's opinion will come as a surprise to many who flatter themselves that the rule of the people in the United States, by rigid constitutional restraints. Section 21 of the B. N. A. Act confers exclusive jurisdiction upon the provincial legislature respecting:

The amendment from time to time, notwithstanding anything in this act, of the constitution of the province, except as regards the office of lieutenant-governor.

One would therefore assume that a Canadian province could have any kind of a constitution it wanted, so long as it preserved the monarchical form of government, just as the states of the American Union are free to govern themselves in any manner they please, so long as they preserve a republican form of government. It is true, no doubt, that the legislature, having complete power to amend the constitution of the province, might hereafter repeal the initiative and referendum, but the same power would exist in respect to other legislation.

It will surprise the people of Saskatchewan to learn that they cannot establish direct legislation for their own government, even though they may be unanimous in desiring it, unless and until remedial legislation is obtained at Westminster. They have been deprived of their natural resources; they have had a school system imposed upon them by the Laurier government, and now when they propose for their own local affairs to establish the initiative and referendum, they are told it is unconstitutional.

Those who favor direct legislation, direct primaries, the recall of members, and other progressive policies will find the party politicians on both sides against them. Sir R. P. Roblin, Conservative prime minister of Manitoba, has already denounced those who favor such policies as anarchists. Hon. Walter Scott, the Liberal prime minister of Saskatchewan, is too polite to say this, but he, no doubt, heartily agrees with Sir Edmund. The people once get a taste of real power, they will insist upon ruling themselves, and the politicians will become, in fact as well as in name, public servants. Hence the politicians flee for refuge to the constitution. Hon. Mr. Doherty's opinion, which may be good law, for all we know to the contrary, will greatly encourage them.

TO SAVE THE MAPLE INDUSTRY.

The department of inland revenue, thru its inspectors, recently took up 128 samples of maple syrup. Of these 37 were found to be adulterated according to the standard of the department. Very few samples probably were pure maple syrup; some of those condemned by the department were only five per cent genuine. The record is no worse this year than usual. The adulteration of certain foods has for so many years been practised in Canada that the public take it as a matter of course. It is the maple growers rather than the consumers who are now protesting against the impudent frauds of the maple sugar adulterators.

The characteristic reaction by which the chemist determines the purity of maple syrup is the lead precipitate obtained in the case of any refined sugar. But it is possible to adulterate high-grade maple syrup with thirty per cent cane sugar and yet reach the standard established by the chemist. The maple sugar men say that this is all wrong and

THREE MORE EXPERT OPINIONS FAVORABLE TO MAYOR'S PLAN

Prof. M. A. Mackenzie of Toronto University Says Population in 1921 Will Be 800,000—George E. Bell and W. M. Douglas, K.C., Report Litigation Imminent if T. E. L. is Not Bought Now.

Further expert opinions have been submitted, which to no small extent strengthen the feeling that the City of Toronto should purchase the Toronto Electric Light Company had secured from the corporation of Toronto in 1889 for a period of 30 years. This franchise would expire in 1919, when the city would be free to purchase the property of the company. At that time valuations would have to be appointed by the purchase price, but not be agreed upon. If the city did not take advantage of this they could do so at each succeeding period of twenty years. The opinion was advanced that the purchase under this agreement would not extinguish the franchise, but would transfer the franchise to the city in the price of the purchase.

According to Mr. Douglas, three valuations of the franchise, which include the entire business and undertaking as a going concern, considering the overhead and underground system which would be in use. As to the mode of valuation, Mr. Douglas says:

"The mode of its complete undertaking to be purchased would be a question to be determined by the arbitrators. They should, and no doubt would, in my opinion, arriving at the total purchase price to be paid, ascertain the value of the net earning capacity of the undertaking after making all proper deductions and add thereto the proper value of the physical assets. The arbitrators should be empowered to dispute the findings of the arbitrators. I may say that I have no doubt they would have this right, and they could contest the valuation of the arbitrators in the courts, both in respect of the principles of such valuation and in respect of the facts. Similar cases have frequently gone to the privy council, and to my mind there is no doubt that the arbitrators would be able to set aside the valuation of the arbitrators in either party would be satisfied with any decision except that of the privy council."

and the Hamburg corn exchange is a unit in expressing its complete satisfaction with the existing government system of inspection as represented by the "Dominion certificate."

The commissioner in this connection notes that Hamburg grain merchants have no opinion of the so-called "sea-board inspection," i.e., the Boston certificates frequently attached to shipments of Canadian grain companies by way of that port. Many dealers indeed decline altogether to buy Canadian wheat under that inspection but insist every time upon "Dominion certificates." Mr. Just also took occasion to refer to the desirability of Canadian shippers of linseed cultivating the Hamburg market, easily the first port in Europe for transactions in that product. The oil-crushing mills in and around Hamburg are the largest in Europe, and shipments are at once taken off and market and disappear as a market factor. This result differs from that in a speculative market such as Antwerp, where linseed becomes a gambling counter, creating fictitious values and unsetting business. Germany imported 276,343 tons of foreign linseed in 1912 and now that the United States is no longer a considerable factor, Canada is stepping into the vacant place.

BAD WEATHER HOLDS UP DIVING OPERATIONS

Men Are on Hand at Port Huron Prepared to Examine Wreck of Prince.

(Special to The Toronto World).
SARNIA, Nov. 24.—Samuel Hogar, an experienced diver from the Soo, is in Port Huron, having been brought by the underwriters who carry the insurance on the steamer Prince, to make an examination of the wreck. The diver was taken to the scene of the wreck, but owing to the condition of the lake no attempt was made at a descent. There is no chance to send divers down under the present weather conditions, and until the surface of the lake is absolutely smooth no attempt will be made.

The fields have announced that, as soon as the weather improves, just as when Louis Myers, one of the best divers on the lakes, arrives in the city they will make an examination of the wreck on their own account.

TWO ITALIANS KILLED RESULT OF DETROIT FEUD

Brothers Shot Down by Assassin Using Sawed-Off Shotgun.

Detroit, Nov. 24.—(Can. Press).—Vito and Salvatore Adamo, brothers, were shot to death today, the assassin using a sawed-off shotgun. The two men were found lying in a street in the Italian colony, but residents of the vicinity declared to the police they heard no shots fired. The weapon was found nearby.

This is the fourth shooting of a similar nature in Detroit's "Little Italy" in two weeks, to the victims of the previous assaults were not fatally injured and are attributed by the police to a feud of Vito Adamo, who was a banker and leader among local Italians, recently was accused of murdering another of his fellow-countrymen.

In each case a sawed-off shotgun was the weapon used.

AT OSGOOD HALL

ANNOUNCEMENTS
Judge's chambers will be held on Tuesday, 25th inst., at 11 a.m.

Peremptory list for appellate division for Tuesday, 25th inst., at 11 a.m.:
1. Sanderson v. Gillespie.
2. Niagara Navigation Co. v. Niagara.
3. Kowalewski v. Hamilton Radial.
4. Dwell v. Toronto Railway Co.
5. Brown v. Thompson.
6. Dardach v. Fauquier.

Master's Chambers.
Before George S. Holmstedt, K.C., Registrar.
Morrison v. Toronto Furnace—J. F. Boland, for defendant, moved for particulars of injury complained of in statement of claim. Coffey for plaintiff. Order made that particulars be given of injury and suffering, date of loss of time and particulars also of how much claimed for board and how much for clothing. Costs in cause to defendant. On defendant's motion to strike out amended statement of claim, order made giving plaintiff leave to amend pleadings in accordance with order of Oct. 24 by substituting Piper as next defendant and striking out claim of Mary Morrison, it being admitted that she has failed to give security. Costs in cause.

Love v. Love—J. I. Grover, for plaintiff, moved for interim alimony. G. R. Roach, for defendant, objects that plaintiff has not been declared bankrupt and ordered and directed that plaintiff be ordered and directed to file affidavit in answer. Enlarged for one week. Plaintiff's particulars delivered.

Slavert v. Holdcroft—J. F. Boland, for plaintiff, moved for order of examination of Holdcroft as a judgment debtor. J. G. Smith, for defendant, asked enlargement to file affidavit in answer. Enlarged for one week.

Smith v. Canada Foundry Co.—G. F. McFarland, for defendant, moved for order for Security Transfer and statement of claim. S. C. Wood for plaintiff. Defendant undertakes to admit Lyon as defendant's foreman, for examination for discovery in Toronto on 48 hours' notice, and order made that particulars be delivered within 10 days after such examination. Costs of motion in the cause.

Kates v. Ratleiman—L. Davis, for plaintiff, for substitutional service of defendant. Elisonson, by serving an adult person at her residence, McCaul street, Toronto.

Before George M. Lee, Registrar.
Vivian v. Singer—McLean (Clarke) & Co. for plaintiff, obtained order to registrar of deeds for County of Lincoln to produce deed and mortgage at the trial here on Tuesday, Dec. 2.

Single Court.
Before Kelly, J.
Mr. Rudolph Phillips, for Mr. H. R. Moses presented their certificates of fitness and were, on the fiat of the registrar, in and enrolled as solicitors of the supreme court of Ontario.

Nairn v. City of Toronto—W. A. Lauder, for plaintiff, on motion for injunction. G. R. Gray, K.C., for defendant. As proceedings have now been set down to quash bylaw in question, motion stands sine die at request of parties.

National Advertiser Co. v. Welch—G. G. Plaxton, for plaintiff, on motion for injunction, asked enlargement to file affidavit for defendant. Motion for one week peremptorily.

All matters at hand sides to be completed meantime.
Re Mallouk Estate (Gouin); re Mallouk Estate—L. E. Cuddeback, for two petitioners, daughters of Hypollite Mallouk, asked court to sanction sale of lands settled upon the estate of W. C. G. G. for infants. Sales authorized if terms satisfactory to official guardian are obtained by purchase money to be paid into court.

Heron v. Wiggins—T. P. Galt, K.C., for plaintiff, moved for judgment for specific performance of agreement whereby defendant agreed to sell to plaintiff 200 shares of Trust and Guarantee Co. stock for \$1000. Judgment for plaintiff for specific performance and defendant ordered to deliver the stock within one month on payment of costs. Judgment for defendant for costs sustained by plaintiff by reason of non-delivery. Defendant to pay plaintiff's costs down to judgment. Costs of defence reserved.

Re Powell and Reynolds—H. M. Moraw, K.C., for vendor, moved under Vendors and Purchasers' Act for order declaring that vendor has shown good title and that purchaser's objections are not valid. J. C. White for purchaser. Reserved.

Appellate Division.
Before Mulock, C.J.; Maclean, J.A.; Riddell, J.; Letch, J.
Byrton v. Sherwood—L. F. Heyd, K.C., for plaintiff, and Hamilton, E. E. Singer for defendant. Appeal by plaintiff and by defendant Hamilton, from the judgment of Meredith, C.J., of May 28, 1913. Pending negotiations for settlement case adjourned until Dec. 2.

Whiteley v. Livingston—J. B. McColl (Cobour) for defendant; F. M. Frenkel, K.C., for plaintiff. Appeal by defendant from the judgment of Roger, J., of Northumberland and Durham, of Sept. 15, 1913. Action to recover \$151.8 and balance alleged to be due plaintiff for goods supplied to defendant. At trial judgment was given plaintiff for \$127.65 and two years' interest, with costs. Appeal argued and dismissed with costs.

Before Mulock, C.J.; Riddell, J.; Sutherland, J.; Letch, J.
Cotton v. Stinson—F. M. Field, K.C., for plaintiff; J. B. McColl (Cobour) for defendant, for plaintiff. Judgment of Roger, J., of Northumberland and Durham, of June 25, 1913. Plaintiff, a Toronto physician, brought action to recover \$188 and interest from defendant, a Cobour physician, for aid and expenses in connection with trial of defendant under sec. 309, C.C. At trial judgment was given

plaintiff for \$84.94, with costs fixed at 37, and subject to set-off of costs in favor of defendant, which were fixed at \$30. Appeal argued and dismissed with costs.

Re Standard Cobalt Mines—J. G. Smith for Bailey Cobalt Mines; W. R. Smythe, K.C., for liquidator; H. E. Rose, K.C., and J. A. McEvoy for Security Transfer and Register Co. S. S. Mills for H. H. Hitchings. Appeal by Bailey Cobalt Mines from order of Falconbridge, C.J., of Oct. 19, 1913, whereby he dismissed appeal of the company from the order of the official referee, placing the Security Transfer and Register Co. upon the dividend list as creditor for \$17,864.98, and deducting \$1928.92 from dividend payable to Bailey Cobalt Co., and ordering same to be paid to Security Transfer and Register Co. Appeal argued and dismissed with costs.

Rainy River v. Ontario and Minnesota Power Co.—E. C. Cattinach for plaintiff; S. S. Mills for defendant. Appeal by plaintiff from judgment of Britton, J., of July 16, 1913. Counsel not being ready appeared in person until leave to apply this week to restore.

Rainy River v. Watrous Island—E. C. Cattinach for plaintiff; S. S. Mills for defendant. Appeal by plaintiffs from the judgment of Britton, J., of July 16, 1913. Counsel not being ready appeared in person until leave to apply this week to restore.

U. S. IS URGED TO LIFT IRISH TOBACCO EMBARGO

Scale Disease No Real Menace, Plea of Agricultural Envoy.

WASHINGTON, Nov. 24.—(Can. Press).—T. P. Gill, secretary of the board of agriculture of Ireland, appeared today before the federal horticulture committee to protest against the embargo prohibiting the shipment of potatoes into the United States from Ireland.

The board barred potatoes from Ireland on account of a scale disease which, it was feared, would spread here. Mr. Gill submitted that the United States need have no danger to fear from the alleged infection, and urged that the big potato crop of Ireland this year would help to reduce the cost of living in the United States.

The board will have another meeting tomorrow, but it was said that it was doubtful whether final decision would be reached so soon.

When Going to Ottawa or Montreal Travel Via Canadian Pacific

Excellent service from North Toronto and Union Station, as follows:
Leave North Toronto 10 p.m. arrive Ottawa 7:30 a.m., Montreal 7:25 a.m. Electric-lighted standard sleepers to Ottawa and Montreal. Standard electric-lighted compartment cars to Montreal.

Leave Union Station at 10:50 p.m. and arrive Montreal 8:05 a.m. Standard electric-lighted standard sleepers to Ottawa and Montreal. Standard electric-lighted compartment cars to Montreal.

Fast express leaves Toronto Union Station 9 a.m., arriving at Ottawa 5:45 p.m., and Montreal 7:05 p.m. Dining car to Montreal, or to Ottawa. All above trains run daily. Full information from any C.P.R. agent. Toronto office, corner King and Yonge streets.

LECTURES ON THE CANAL

Prof. Gause, Superintendent of Schools on the Canal Zone, Addressed Many Educational Bodies.

By Willis J. Abbot, Author of "Panama and the Canal in Picture and Prose." Copyright, 1913, Syndicate Publishing Co., New York. All rights reserved.

Prof. Frank A. Gause, the superintendent of schools in the Panama Canal Zone, was in the United States on his annual vacation, and employed by the canal zone in lecturing before universities and educational societies.

Prof. Gause, "is naturally of the first to feel the approaching reduction in the population of the canal zone. Of course there is always a falling off in the number of registered pupils as the summer approaches, but this year it exceeded ten per cent, and so great a number of the pupils asked for transcripts that might be of use at home that we were able to see that the movement away from the zone had already begun."

"I have been much interested," continued Prof. Gause, "in observing what variety of the canal proposition most interest my hearers. After my talks I always invite questions, and it seems to me that the greatest number of inquiries relate to what might be called the 'socialistic' features of the canal organization. Of course they are admirably adapted to the people of the remote. The government of the zone is a model for efficiency, but it does not stand as any argument for socialism. It is simply an unarmy camp ruled wholly by military officers and regulated so as to secure the utmost efficient labor from those who live there. It may be an ideal form of government, but there is no room under it for socialism or even for democracy. It serves its purpose admirably in Panama, but is hardly applicable to a community at home."

The school system of which Prof. Gause is the head, covers all of the customary 12 grades of public education, including the four years' high weekly reports of the state of the curriculum to the superintendent. The building was planned for tropical service, equipped with modern sanitary steel furniture, and the children are furnished with free text books, free sta-

tionery, free medical treatment, and free transportation when a necessary to use the railroad to the town where the school is situated. "No textbooks are used in the United States," Prof. Gause, "can hope to get a position on the canal zone who has not had four years' high school training, at least two years' university or normal school training and two years' successful teaching experience. It will thus be seen that the qualifications required are much above those of the average American city system. Politicians have no place in the administration of the canal zone schools."

Part of the curriculum of the zone schools includes horticulture and gardening. The school garden at Empire has made a notable showing of the variety of the zone is capable of supporting. The list affords some striking contrasts. Bananas and beans, papayas and peas, okra and onions, coconuts and cabbage, pears, turnips and tomatoes, are grown successfully. This work is the more important for that the native Panamanians are careless of market gardening, leaving that work to the Chinese. The children who have been taught in the zone schools, many of whom are likely to stay in Panama, will be equipped to correct this neglect of the country's natural opportunity.

"The head gardener in one of the school gardens was a Jamaica negro," said Prof. Gause, "and the men of that race are much given to the employment of high-sounding language. It was part of his duty to make weekly reports of the state of the garden. One of his reports contained this sentence: 'Tomatoes are fruitifying prodigiously, but the beans are attacked by a malicious verminous pest.' Another Jamaica negro teacher reported the stoppage of the clock in the class room thus: 'The pendulum of the clock has stopped.' When this report was received it was transmitted to the superintendent, and it finally reached the chief authority with the formal report, 'She oscillates.'"

Higher Western Rates Not Unfair
(Continued From Page 1)
Questions answered by the government expert is: "Generally on what principles should the freight rates be considered?"

The value of the service to the public should also be considered from the point of view of maximum national utility...

Also it might discourage the construction of lines to open up virgin territory.

The question: "Should stations be placed on the same rate basis in so far as general merchandise rates are concerned, irrespective of density?"

He also suggests the possibility of creating three cost groups and making a distinction: (1) Between stations in Ontario, Quebec, and the Maritime Provinces...

Should distributing points, irrespective of population or business, be entitled to similar commodity rates, i.e., in respect of distance of rates, i.e., in respect of distance of rates?

Not Sufficient Mileage

Real Warmth in Men's Chammois-Lined Overcoats

THE CHAMOIS lining keeps out the cold, biting wind, and makes the coat snug close to give real warmth in the weather that penetrates ordinary wraps. Doesn't add particularly to the weight of the coat, either. These two are featured at EATON'S.

Black Melton Cloth Coat, double-breasted, with barrel and loop fastenings.

Black Beaver Cloth Coat, with otter collar, or melton cloth with collar of Persian lamb—both collars in notch style.

ONTARIO TEAM IS READY FOR SEASON

Jimmy Murphy Has Good Squad Signed Up—Clubs Organize—Gossip.

Jimmy Murphy has his Ontario pro-
team just about complete, with the Mc-
Namara brothers and Fred Lake as de-
fence men, Benedict and Reg. Rankin to
share the attack, and Jack McDonald and
a couple of fast youngsters to look after
the forward line. All that Jimmy wants
is a couple of fast relief men who can
get a fast clip for fifteen-minute peri-
ods.

Art Throop, the speedy Tecumseh play-
er of last season, left for the States to
join the New Westminster team, yester-
day.

Jimmy Murphy has sent Steve Vair, the
Barrie boy, a contract.

Bellefleur will have an intermediate
hockey team this season, composed of
first-class players. At a meeting held
there the players were selected and the
following officers elected: President, J. E.
Carmen; secretary, O. D. Shaffer; man-
agement committee, B. K. Allen, O.
D. Shaffer and Dr. Chapin.

Aberdeens and Britannias were the two
new clubs admitted to the Interprovincial
Amateur Hockey Union at the meeting
held Saturday night, they being given a
franchise in the Ottawa section. The
Central, or Montreal, section, owing to
the withdrawal of the Victoria, Ottawa,
of Laval and McGill, were turned down.
With only McGill, Laval, and perhaps St.
Catharics, the executive of the league
could not see their way to retaining a
central section this season. M.A.A.A. and
Victoria were allowed to retain their
franchise in the union.

The N.H.A. schedule is as follows:—
Saturday, Dec. 27—Toronto at Wander-
ers, Canadiens at Ontario, Quebec at
Ottawa.

Tuesday, Dec. 30—Ottawa at Wander-
ers, Canadiens at Toronto, Ontario at
Quebec.

Saturday, Jan. 3—Ontario at Cana-
diens, Wanderers at Toronto, Ottawa at
Quebec.

Wednesday, Jan. 7—Quebec at Cana-
diens, Wanderers at Ontario, Toronto at
Ottawa.

Saturday, Jan. 10—Quebec at Wander-
ers, Ontario at Toronto, Canadiens at
Ottawa.

Wednesday, Jan. 14—Toronto at On-
tario, Ottawa at Canadiens, Wanderers
at Quebec.

AMERICAN COLLEGE
RUGBY'S AWFUL TOLL.
CHICAGO, Nov. 24.—Fourteen players
were killed and 115 injured in football
games in the season which virtually clos-
ed Saturday. This record of casualties is
only slightly below that of 1912, when
13 players met death and 183 were in-
jured.

These figures were compiled from
news reports and published here today.
The injured include only those who suf-
fered broken bones, torn ligaments, se-
vere strains and sprains and internal in-
juries.

Of the 14 deaths, 13 succumbed to in-
juries occurring this year. Charles
Switzer, formerly a Hamlin University
player, died Nov. 17, at St. Paul, follow-
ing a commotion of disease resulting
from injuries sustained several years
ago. Other fatalities resulted, with few
exceptions, from fractured skulls, broken
necks or spinal injuries. Only two uni-
versity players were killed.

SATURDAY GAMES IN OLD COUNTRY

Many Important Contests Scheduled in Soccer and Rugby Leagues.

Saturday's football games in Britain
are as follows:

MEETS OF THE HOUNDS.
The hounds will meet today (Tuesday)
at Mr. Robert Davies' Farm, Thorncliffe,
at 2:30 p.m.

CHICK GANDIL IS DOUBLE PLAY HERO

Took Part in More Dual Slaughters Than Any Other American Leaguer.

The American Leaguer of 1913 who
took part in the greatest number of
double-plays was Arnold Gandil, Wash-
ington's first-baseman. He cut into 59,
thus equalling the mark made by Jack
McInnis, the 1912 leader. McInnis forced
his way into 85 dual slaughters last sea-
son, Johnson of Cleveland was in 80,
Weaver of Chicago in 73, Chase of Chi-
cago in 70, Pratt of St. Louis in 66, Bush
of Detroit in 63, Barry of Philadelphia in
63, McBride of Washington in 62, Collins
of Philadelphia in 59, Chapman of Cleve-
land in 59, Lajoie of Cleveland in 56,
Dingle of Boston in 56, and Galner of De-
troit in 54.

The players who took the initiative
oftenest in double-plays were Bush of
Detroit and Chapman of Cleveland. Each
sporter started 30. Eddie Collins of the
White Sox made the first move in 28,
and Jack Barry, another of Mack's
Mastodons, inaugurated 25.

Two unassisted double-plays were made
by outfielders, the men who turned this
seemingly trick being Graney of Cleve-
land against St. Louis on June 1, and
helped in:

Kuntz's OLD GERMAN LAGER

As a thirst-quencher what
compares with Kuntz's Old
German Lager! Brewed by the
costly "Old German" process, it
has more life, snap, vigor—and
an "Old German" flavor that
far surpasses the flavor of ordi-
nary lagers.

Be sure the "Old German" scene is on
the label, and the bottle is Peacock
Green—to prevent the lager from
deteriorating when exposed to light.

All dealers have or can get Kuntz's Old German Lager. If your dealer
cannot supply you, phone J. D. Todd, Toronto agent. Phone College 3475.

ANOTHER INQUIRY INTO BEEF TRUST

U. S. Navy Contract With Australia Puts Congressman Britten on Trial.

WHY DEBAR PUBLIC?

Benefits of Cheap Foreign Meats Should Not Be Monopolized.

WASHINGTON, Nov. 24.—(Can. Press.)—Another federal investigation into the high cost of living, promising criminal prosecutions, if attorney-general McKehey can find an alleged cold storage conspiracy, got under way today and a congressional investigation of a different phase of the cost of living problem was threatened. While special agents of the department of justice are sifting charges that eggs, poultry and dairy products are being piled up in cold storage to maintain high prices and even force them higher, Representative Britten of Illinois is preparing to ask for a congressional investigation into the price of meat.

The proposal for a meat investigation was prompted by an announcement that the navy had bought nearly 200,000 pounds of Australian fresh beef at a half cent a pound lower than the best prices of American packers, and 120,000 pounds of canned corned beef from the Australian packers at eight cents a pound cheaper than the lowest price in the United States. The price paid was 11.90 cents a pound for the fresh beef and 15.37 cents for the corned beef.

Why Not Public Also? Announcing his intention to ask for a congressional investigation of the navy's beef contract, Congressman Britten declared he wanted to develop why the public could not benefit by the advantage of buying from Australia if the navy could do so.

Representative McKelher of Tennessee has pending in the house a bill to prohibit interstate transportation of any food products kept in cold storage more than 90 days. He contends its enactment into law would go far toward solving the cold storage question.

Agents of the department of justice took up their work today in all the principal cities. They will report particularly on eggs and dairy products and will attempt to make an estimate of the quantities in cold storage and how long they have been there.

Prices Ever Soaring. Statistics systematically gathered by agents of the department of labor and made public here from month to month show that in all the principal industrial centres of the United States the prices of goods needed by the average workingman's family have steadily been soaring for the last 23 years and in a great many instances have passed the high price marks of 1907, which were then unprecedented. Sugar, according to these statistics, is the only commodity showing a reduction.

Any congressional investigation will be separate from that of the department of justice.

FIVE MEXICANS GOING TO JAPAN

Commission's Ostensible Purpose is Merely to Convey Mexico's Thanks.

SAN FRANCISCO, Nov. 24.—(Can. Press.)—Once more Mexico will attempt to thank Japan for her participation in the Mexican centennial in 1910. This time it will be thru a commission of five, headed by Francisco de la Barra, now in Paris. The four other members of the commission, who will join de la Barra when they reach Tokyo, arrived here today from Manila on the liner Peru.

The four men appointed by Huerta to carry out the diplomatic commission are Norberto Dominguez, Rodolfo Nervo, Manuel Guasque and Luis G. Galvan. Each denies emphatically any further purpose in the official visit to Japan than to convey the delayed centennial thanks. These diplomats would say nothing of political conditions in their country further than that Mexico was sick and tired of war.

GUELPH JUNCTION RY. PAYS GOOD DIVIDEND

Nearly Twelve Thousand Dollars for Past Quarter—Increase Over Previous Period.

(Special to The Toronto World.) GUELPH, Nov. 24.—At a meeting of the Guelph Junction Railway Board this morning, a dividend amounting to \$11,900 on the capital stock of the company was declared. The amount is slightly above that of the previous quarter which was \$10,200, making a total for the past year of \$41,225 paid over to the city. It does not include some expenses, such as salary, taxes and other incidentals, which would bring the grand total to about \$43,900, or 24-1-2 per cent on the capital stock of the company owned by the city. This is from the fifteen miles built by the city from Guelph to Guelph Junction and operated by the C.P.R. on a basis of 60 per cent to the railway and 40 per cent to the city.

PASTOR ACCEPTS CALL.

GUELPH, Nov. 24.—(Special.)—Rev. W. H. Seyfert, Niagara Falls, N.Y., who was recently called to the pastorate of St. Paul's Lutheran congregation, has accepted the call, but is unable to enter upon his work here till Jan. 1. During the interim the congregation will be supplied by Rev. Dr. Snyder, Niagara Falls, N.Y., and Rev. M. J. Bieder, the Canada field missionary.

The Double Track Way to Montreal is via the Grand Trunk Railway System. This, however, is but one of the many attractions of the Grand Trunk route, as the modern Pullmans and "club compartment cars," electric-lighted, excellent dining car service, parlor-library cars and comfortable vestibule coaches well deserve your patronage. Three fast trains leave Toronto daily at 9:00 a.m., 8:30 p.m., 10:45 p.m. Remember the Grand Trunk is the only double track line and makes fast time. Berth reservations and full particulars at city ticket office, northwest corner King and Yonge streets. Phone Main 4209.

The most important of these were: Canadian Dredging Company—Number five section of the new Welland Canal, \$1,945,788. This is the fourth section let. Maritime Dredging and Construction Co.—Wharf extension and dredging at Chocolate Cove, \$28,579. C. Webb and Son—Addition and alterations to Orillia public buildings, \$31,485. Maritime Dredging and Construction Co.—Breakwater at Little Dipper Harbor, N.B., \$10,592.

JUDGMENT TODAY IN BOSWORTH CASE

Evidence of Denison Was Strongly Against Manager of Rosedale Hotel. After hearing evidence yesterday afternoon in the case of William Bosworth, manager of the Rosedale Hotel, charged with engaging in the business of wagering and betting, Magistrate Kingsford reserved judgment until today. T. Herbert Lennox, K.C., appearing for Bosworth, contended that it was simply a case of Bosworth's word against that of Denison, the main witnesses to the penalty for stealing large sums of money from the Massey-Harris Company. Much character evidence was adduced by Mr. Lennox on behalf of Bosworth, but Denison stubbornly maintained that the notes which passed from Bosworth to himself were all for bets and wagers on the race.

DEATH OF REV. JACOB WALTER.

LISTOWEL, Ont., Nov. 24.—(Special.)—Rev. Jacob Walter, a well-known and highly respected resident of Listowel for the past twenty years, passed away Sunday morning following a lengthy illness. Deceased had been living retired in Listowel. He leaves a widow, five sons and five daughters.

20 TONS OF DYNAMITE WENT OFF

A few weeks ago the last big barrier at the Panama Canal was blasted with 20 tons of dynamite, and now the work of removing the remaining millions of cubic yards of debris goes speedily on—and will so continue until the dyke at Gamboa is removed next October. Then will be seen the beginning of the end of the mighty task—the culmination of the most wonderful achievement in the world's history. What do YOU know about Panama and the Canal?

PANAMA And The Canal. In Picture and Prose. By William Abbott. THE TORONTO WORLD is offering its readers a COMPLETE education on this subject by distributing almost free this beautiful big book, which covers the entire history of the great waterway from beginning to end. MAGNIFICENT COLOR PAGES. About Throughout The Large Volume.

Panama and the Canal in Picture and Prose. Takes you back 400 years, and then brings you down through the centuries of revolution—stopping to call on the pirates of olden days—on down to the time of intrigue and war—to the golden days of promise when the great canal was planned—and on through to its complete history. All in one volume, which will not only entertain but educate every man, woman and child who reads or thinks.

How to Get It. As explained in the Certificate printed daily in these columns, this handsome volume is distributed at \$1.18 for the \$4 style (see illustration) and 48 cents for the \$2 book. YOU MUST KNOW ABOUT PANAMA AND THE CANAL. CLIP CERTIFICATE ON ANOTHER PAGE and present them at The World Office, 40 Richmond Street West, Toronto, and 15 Main Street East, Hamilton.

RAILWAYS PLEAD FOR HIGHER RATES

Earnings Not Keeping Pace With Increased Expenses, It is Contended.

PROTEST BY SHIPPERS

Struggle for Five Per Cent. Advance Likely to Be Prolonged.

WASHINGTON, Nov. 24.—(Can. Press.)—That railroad earnings are not commensurate with the increased cost of operation, higher taxes and wages and additions to equipment necessary to meet commercial demands of the country, was submitted today to the interstate commerce commission by representatives of the railroads, arguing for a general increase of five per cent. in freight rates.

The claim filed by railroads operating in the territory east of the Mississippi and north of the Ohio and Potomac Rivers, was upheld in a preliminary outline of the railroad situation by Daniel Willard, president of the Baltimore and Ohio Railroad, representing for the occasion the eastern roads, and Frederick A. Delano, president of the Western Railroad, on behalf of the Central Traffic Association. Statistics tending to show the curtailment of earnings as compared with increased costs were submitted by an accounting committee composed of C. M. Bunting, comptroller of the Pennsylvania Railroad; W. C. Wishart, statistician of the New York Central line; W. H. Williams, third vice-president of the Delaware and Hudson Co.; C. P. Crawford, comptroller of the Erie Railroad; and George H. Shriver, second vice-president of the Baltimore and Ohio Railroad.

President Willard asserted that railroads in the territory concerned had expended in property investments in the last three years \$1,000,000,000, and that in the year 1913 the earnings were \$16,811,321, less than for the year 1910. He argued that the five per cent. increase applied for was not as much as the railroads were entitled to and in this he was supported by President Delano, who argued for the railroads in central territory.

Protests against the proposed increases in rates were formally filed today in behalf of the Pittsburgh Coal Co. and the New Pittsburgh Coal Co. of Pittsburgh, Pa., and Columbus, O., by Charles M. Johnston, E. C. Morton and Frank Lyon, who later will argue against the increase.

Tomorrow the railroad companies will continue to present in testimony, and when this is all in, by Wednesday at the latest, the commission will adjourn the hearing until the middle of December or early in January.

TRACED HISTORY OF VIOLIN MUSIC

Edwin Cahn Gave Brilliant Recital at Association Hall Last Night.

Association Hall last night was the scene of an illustrated musical recital. It was held in behalf of the Queen Street East Day Nursery. Edwin Cahn, who is regarded by many as one of the violinists' most brilliant pupils, played a series of violin solos, accompanied by a development of the violin from its earliest views of travel. The pictures traced the character of the instrument, while the pictures were reflected on the screen.

The entertainment committee are to be congratulated upon the large attendance the hall being thronged. The lecturer-violinist was heartily applauded.

RADIO PHONE OFFICIALS ARE NOW FACING TRIAL

Charged With Using Mails to Defraud Investors in Stock.

NEW YORK, Nov. 24.—(Can. Press.)—A jury was selected in the federal court today to try James Dunlop Smith, Leo de Forest, Elmer E. Burlingame and Samuel E. Darby, former officers, directors and agents of the Radio Telephone Co. of New Jersey, on the charge of using the mails to defraud investors in the stock of the wireless telephone company. The trial was held today on Wednesday, when the first of the witnesses summoned from all parts of the country will be examined.

UNIQUE GIFT FROM FIVE HUNDRED GIRLS

White House Bride-to-Be Appreciated for Social Interest in Women Operatives.

NEW YORK, Nov. 24.—(Can. Press.)—A delegation representing 500 girls employed at a white goods factory left today for Washington to present Miss Jessie Wilson, the president's daughter, a hand-embroidered linen pillowcase as a wedding gift.

PRICE IN DOLLARS OF TAMMANY'S DEFEAT

NEW YORK, Nov. 24.—(Can. Press.)—The final cost of the fusion campaign that resulted in the election of John Perroy Mitchell as mayor of New York City was \$128,519, according to the report of Charles L. Bernheimer, treasurer of the citizens' municipal committee, made public this morning.

RECORD CONSIGNMENT OF COFFEE.

NEW YORK, Nov. 24.—(Can. Press.)—The steamer Santa Lucia reached New York this afternoon from South American ports with a cargo of 78,630 bags of coffee. This is said to be the largest single shipment of coffee that ever came to New York.

FIFTY AMERICANS FLED FOR LIVES

Mexican Rebels Behaved Like Bandits on Capturing Town of Monterey.

ARMORED TRAIN CONTAINING REFUGEES WAS FIRED UPON REPEATEDLY.

NEW YORK, Nov. 24.—(Can. Press.)—Fifty American refugees from Monterey and Vera Cruz reached New York aboard steamer Segurana today, with unpatched tales of a reign of terror in the rebellion sections of Mexico.

James Doyle, a clerk employed by the American Smelting and Refining Company, Monterey, and Virginia Lee, his 83-year-old mother-in-law, two of the passengers, escaped from Monterey by jumping from their homes in the suburbs notwithstanding Mrs. Lee's refusal to leave her home a few hours before the rebels captured the city. The train they boarded was the last to leave Monterey prior to the rebel occupation.

They rode in an armored train, preceded by a military train, equipped with Gatling guns, Mr. Doyle said. "From every rock we were greeted by shots. We seldom saw our assailants, but dozens of bullets were flung against the sides of the train as it riddled during the fighting around Monterey. It looked like a sieve when we left."

WAS THREE DECADES WITHIN ST. JOSEPH'S

Sister Mary Ethelburg Died Yesterday After Four Months' Illness.

Sister Mary Ethelburg, one of the best known members of St. Joseph's community, died yesterday afternoon, after an illness of four months at St. Joseph's Convent, St. Alban's street. The deceased was 31 years in the order and principal vocal teacher of the college. She was a great favorite and had many friends all over the diocese.

FORMER EDITOR DIES SUDDENLY AT LISTOWEL

R. W. Ferguson, Once Connected With The Banner Passes Away in Eightieth Year.

(Special to The Toronto World.) LISTOWEL, Nov. 24.—Heart trouble caused the death at noon today of Robert W. Ferguson, one of Listowel's leading residents, in his 80th year. Mr. Ferguson was a former editor of the Listowel Banner, a former councillor and member of the high school board, and a man of great literary ability. He was especially known as a checker player, and was held by very few equals in Ontario.

ANNOUNCED CHANGES IN QUEBEC CABINET

MONTREAL, Nov. 24.—(Canadian Press.)—The following appointments to the Quebec Provincial Cabinet were announced today:

TWO AVIATORS IN PLUNGE TO DEATH

SAN DIEGO, Cal., Nov. 24.—(Can. Press.)—Lewis, Eric Ellington, and High Kelly, First Division Army Aviators, were killed today in a fall about 80 feet into the sea.

NEEDED BRUTALITY, TOOK UP WITH HORSETRAINER

NEW YORK, Nov. 24.—On the strength of a written confession that she had taken up with an Italian horse-trainer because "she needed brutality to make her happy," Charles Dwight Folson, a well-known lawyer, today granted an interlocutory degree of divorce from his wife in the supreme court here today.

RECORD CONSIGNMENT OF COFFEE.

NEW YORK, Nov. 24.—(Can. Press.)—The final cost of the fusion campaign that resulted in the election of John Perroy Mitchell as mayor of New York City was \$128,519, according to the report of Charles L. Bernheimer, treasurer of the citizens' municipal committee, made public this morning.

RECORD CONSIGNMENT OF COFFEE.

NEW YORK, Nov. 24.—(Can. Press.)—The steamer Santa Lucia reached New York this afternoon from South American ports with a cargo of 78,630 bags of coffee. This is said to be the largest single shipment of coffee that ever came to New York.

Real Estate News

TRAINING SCHOOLS FOR IMMIGRANT BOYS

Alberta Government Will Give Instruction in Farming to Old Country Arrivals.

EDMONTON, Alta., Nov. 24.—(Can. Press.)—A plan is being arranged with the approval of the minister of agriculture and Premier Sifton whereby the Alberta schools of agriculture are to be used for training boys from the old country who are desirous of immigrating to Canada for the purpose of taking up farming, but who have no knowledge of farming or of western conditions.

A different course from that adopted for the sons of Alberta farmers will be necessary. The regular courses will run during the winter, and in summer when the farmers' sons are at work on the farms, the sons of the old country will be instructed in the principles of agriculture and will have an opportunity of watching the progress of the work on demonstration farms.

The plan has been suggested by John A. Reid, agent-general for Alberta in London, who states that he finds many old countrymen of means who are willing to give their sons a start in life and would like to see them take up farming in Canada.

BOOTHS MEET AGAIN IN BROTHERLY LOVE

NEW YORK, Nov. 24.—(Can. Press.)—After an estrangement of seventeen years Bramwell Booth and Ballington Booth shook hands today as the luncheon guests of Rev. Alden L. Bennett, a mutual friend. The meeting was private and according to an announcement was "a brotherly one entirely concerned with personal matters." Presumably the suggested amalgamation of the Salvation Army and the Volunteers of America, of which the brothers are the respective heads, was not broached.

LINER ADS

Properties For Sale

Should the City Buy Them?

A GOOD HOUSE, with about one acre of land, fit for building lots, in east end of Dundas. Apply A. Dearsley, Dundas & Co., Ont. ed-7

\$4 PER FOOT, 300 feet deep, close to Yonge street and Metropolitan cars, only a few minutes from city limits. Buy these lots now and sell at a big profit when the city buys the Toronto street railway. ed-7

NUMBER THIRTEEN HAS NO TERRORS FOR FOOT

Theory of This Unlucky Numeral Exploded in Hamonic's Last Trip.

(Special to The Toronto World.) SARNA, Nov. 24.—The last trip down of the steamer Hamonic shows that Captain Foot's theory that the number 13 is not at all superstitious regarding the number 13. Captain Foot left Port Arthur on Nov. 13, 1913, having on board the Hamonic thirteen first-class passengers, thirteen second-class passengers and thirteen tons of flour. The steamer owned Lake Superior from Port Arthur to the 800 in 13 hours and 15 minutes. Captain Foot's theory: number seems to be 13.

MOTOR CAR INSURANCE CHEAPER

NEW YORK, Nov. 24.—(Can. Press.)—Automobile insurance rates were reduced fifteen per cent. today by the General Conference of Insurance Companies, representing nearly every fire insurance company in the United States. This reduction, it was said, would apply to rates fitted with proper protective equipment. One million five hundred thousand cars in the United States are affected, it was said.

DEARTH OF ORDERS ON TORONTO MART

Quotations Were Too Wide Apart to Promote Much Business.

C. P. R. GETS INACTIVE

Premier Canadian Issue Has Only One Sale on New York Exchange.

There was an absolute dearth of both orders and developments on the Toronto Stock Exchange yesterday. Without encouragement from other markets, there was not the slightest enthusiasm among brokers, and the total absence of clients left no assistance from that quarter. Holders of most issues were tenacious, and there was, therefore, little liquidation. In most stocks the spread between bid and asked prices was unusually wide, and this in itself precluded dealings.

As an indication of the absence of speculation on this and other markets, it is only necessary to cite the fact that C. P. R. was only dealt in once on Wall Street yesterday. Brazilian, usually so active in Toronto, was without a solitary transaction during the morning session.

The local market could not be called weak, but might be classified as a thoroughly devoid of speculative business. Consumers' Gas was offered down three points, owing to the new issue of stock, and matters in connection with future earnings of the company.

There was a good demand for some of the bank shares, and Dominion advanced to 220. Barcelona and Mexican issues were easier, but sufficiently inactive to avoid special comment. Steel Corporation declined nearly a point, to 29 1/2, and Russell Motor preferred sold at 25 1/2, a new low record.

At the close it was evident that holders in most instances will have to await a more favorable time, if they desire to realize, for if sales are now forced buyers will take an advantage of the recession.

BRITISH RAILS LONDON FEATURE Market More Cheerful and Much Stronger—Americans Steady With Slight Advances.

LONDON, Nov. 24.—Money was in good demand and discount rates were easier today.

The mining markets received the most attention on the stock exchange, but the markets were cheerful and strong with home rails the feature on the better outlook. Mexican rails, diamonds and stocks improved on bear covering, but Brazilian rails were weak.

American securities opened steady. Trading was quiet during the forenoon, but prices advanced on light covering. Later New York buying helped to make the closing steady.

BULLION SHIPMENTS ARRIVE AT MONTREAL MONTREAL, Nov. 24.—Approximately four and one-half tons of gold—two million dollars worth in all—arrived at the Royal Bank here on Saturday from London and New York.

The London shipment was the second consignment of bullion to come direct from the current via a Canadian line. The first was made in 1906 on the maiden trip of the Empress of Britain, the same steamer which brought over yesterday's shipment.

On the morning train from New York arrived one million dollars in American gold. Meanwhile the Empress arrived in Quebec and the second million from London was rushed to the boat special, and in special car, guarded by "gunmen," reached Montreal at 4:30 p.m.

Outside the bank, as the bullion was being unloaded and taken to the vault, men with Winchester stood ready to silent guardians over the coveted gold.

EUROPEAN BOURSES. BERLIN, Nov. 24.—Trading was quiet and prices improved slightly on the hours today. Exchange on London, 20 marks, 10 1/2 pence for cheques. Money, 3 per cent. Private rate of discount, 4 1/2 per cent.

PARIS, Nov. 24.—Prices were steady on the bourse today. Three per cent. rentes, 86 francs, 87 1/2 centimes for the account. Exchange on London, 25 francs 31 centimes for cheques. Private rate of discount, 3 1/2 per cent.

MONEY AND EXCHANGE. Sterling, 60 days, \$480.95. Sterling, demand, \$483.45. Cable transfers, \$485.95. Marie demand, 24 1/2-25. France demand, 52 1/4-53. Bank of England rate, 5 plus 1/2. Open market discount rate for short bills, 5 per cent. Next steamer leaves New York Wednesday. New York funds, 5-64 discount.

DOMINION STEEL ISSUE LONDON, Nov. 24.—(C.A.P.)—The C.A.P. learns that Saskatchewan City is about to float a five per cent. loan of \$1,000,000, at 9 1/2. This was subscribed about a month ago, and rose to two per cent. premium, at which price it dropped to the present price of 97.

Fifty-two per cent. of the Dominion Steel new six per cent. issue has been left with the underwriters.

BANKERS BOND COMPANY LIMITED TORONTO CANADA

DULLEST MARKET IN MANY YEARS

Transactions at New York Yesterday Smallest in Quarter of a Century.

MORE EVIL TIDINGS

But Stocks Showed Little Effect—Money in Scant Demand.

NEW YORK, Nov. 24.—Trading all but ceased today on the stock exchange. It is necessary to go back a quarter of a century to find a duller market than today's. Most of the time the ticker was silent. Not one of the favorite stocks moved up or down as much as a point. When the five dreary hours of trading had come to an end, it was found that the total business was only 57,300 shares. Brokers, with nothing else to do, went back into musty records to find a day as dull, and learned that there had not been one since the blizzard of 1888, when trading on the exchange was practically stopped. On March 23 of that year the best that could be said of today's market was that the undertone was firm. At the start there was some irregularity, with evidences of renewed heaviness among the metal stocks, but the small amount of business was soon recovered and in most cases the leaders made fractional advances.

More Adverse News Holders of long stock derived some encouragement from the market's firmness in the face of the discouraging news. A fortnightly report of the Bureau of Mines showed a large increase in idle freight cars. The significant feature was a surplus of nearly 8000 box cars, as compared with a shortage of over 8000 in the last report, which was practically indistinguishable from a slump in railroad traffic.

News from the steel and copper trade was of much the same pessimistic nature as that of recent weeks, relating to falling prices and slow business. It was reported that some sales of copper had been made at 1 1/2 cents.

Stagnation in the stock market was reflected in a falling off in demand for money. There was an easier tone in the call money market, and commercial paper rates were lower. The gold movement, Canada was continued, which is probably not at an end, and the necessary preparations for December interest and dividend payments may effect loaning rates temporarily, but the outlook is for easy money.

BONDS DEVELOPED AN EASIER TENDENCY. Commerce—201 1/2 201 1/2 201 1/2 201 1/2

MONTREAL MARKET NEARLY NEGLECTED Leading Stocks Barely Moved and Volume of Business Absurdly Small.

MONTREAL, Nov. 24.—Business in local stocks today was confined almost entirely to investment buying of an odd lot description, and transactions footed up the smallest aggregate of a full day in the current period of dullness. Including mining shares the turnover amounted to less than 1500 shares, while bond transactions aggregated \$14,500, par value.

Price movements in a market of this kind were virtually negligible, and the only slightest of changes among leaders was quoted 1/4 higher, and entirely inactive. Outside the bank, as the bullion was being unloaded and taken to the vault, men with Winchester stood ready to silent guardians over the coveted gold.

EUROPEAN BOURSES. BERLIN, Nov. 24.—Trading was quiet and prices improved slightly on the hours today. Exchange on London, 20 marks, 10 1/2 pence for cheques. Money, 3 per cent. Private rate of discount, 4 1/2 per cent.

PARIS, Nov. 24.—Prices were steady on the bourse today. Three per cent. rentes, 86 francs, 87 1/2 centimes for the account. Exchange on London, 25 francs 31 centimes for cheques. Private rate of discount, 3 1/2 per cent.

MONEY AND EXCHANGE. Sterling, 60 days, \$480.95. Sterling, demand, \$483.45. Cable transfers, \$485.95. Marie demand, 24 1/2-25. France demand, 52 1/4-53. Bank of England rate, 5 plus 1/2. Open market discount rate for short bills, 5 per cent. Next steamer leaves New York Wednesday. New York funds, 5-64 discount.

DOMINION STEEL ISSUE LONDON, Nov. 24.—(C.A.P.)—The C.A.P. learns that Saskatchewan City is about to float a five per cent. loan of \$1,000,000, at 9 1/2. This was subscribed about a month ago, and rose to two per cent. premium, at which price it dropped to the present price of 97.

THE ACTIVITY IN MINING ISSUES

One of the Smallest Days in Months on the Standard Exchange Yesterday.

There was very little activity in mining issues on the Standard Stock Exchange yesterday, in fact, it was one of the smallest days for a trading standpoint for some months. Few of the higher-priced stocks were dealt in, and the total sales on the day were under 25,000 shares.

Dome Lake was strong, and some brokers have been known to be granted that the deal for the financial assistance of the Standard for operation extensions has actually gone thru.

Pearl Lake has a big short interest in Toronto. The stock seems to be in very few hands, one broker alone now carrying 60,000 shares. An order broker put it: "No matter what happens to Pearl Lake as a mining proposition, it would not be surprising to see at least a temporary advance on price."

500 Boxes of Apples on Sale Tomorrow

been attained. The fruit is packed in boxes and banded high against the walls. The Northumberland and Durham exhibit was awarded first prize, and the honor was a well-merited one, for the apples shown are as close to perfection as it is possible to get. Their coloring is excellent, while the packing could not easily be improved upon, each of the 300 boxes containing 100 uniformly perfect apples. Those who arranged the exhibit deserve the highest congratulations. The Halton County display was close second.

Including the Northumberland Exhibit. On sale Wednesday, Grocery Department.

Tomorrow's List is Generous

Is it the same old story with your Christmas list, the usual things do the usual people? Well, here's an invitation to break the monotony by giving bright, novel things without running up the cost a penny. Look over this forecast and come down at the first opportunity for a look.
