CITY MAY EXPROPRIATE PLANT OF ELECTRIC LIGHT COMPANY IN SPITE OF BOGEY CRIES

Private Bills Committee Agree Toronto's Bill — Premier Gives Assurance That No Injustice Can Be Done as Any one—Byron E. Walker's Three Objections to Municipal Ownership.

JUSTICE TO ALL.

With reference to the city's application yesterday Mayor Coatsworth last night made the following statement: "The city is willing to take over the present distributing plant of the company at reasonable figures and save the loss which would be occasioned to the shareholders by a competition which would be ruinous to them. There is no thought whatever of confiscation or anything of that kind. This is considered to be the desire of our citizens.

C.N.R. CANNOT HANDLE INFLOW FROM THE SOUTH

Owing to the Traffic Blockade, Influx of Immigrants to Canadian West Are Held in Check.

Minneapolis, Minn., April 9.—(Special.)—Twin City railroads handling the immigration movement towards Canada are up in the air to-day over a refusal on the part of the Canadian Northern to receive any further shipments of settlers' effects.

Winnipeg Business Men Ask Federal Interference

Winnipeg, April 9.—(Special.)—The matter of the tie-up of freight on the Canadian Northern Railway was considered at a meeting of the railway and freight rates committee of the Winnipeg board of trade to-day, and after consideration of statements delivered by the members it was decided to send the following telegram:

Thought to Be in Germany But Laying Dead in Shack

Regina, Sask., April 9.—(Special.)—Adolph Stadel, a farmer from Bethune, has been found dead in his shack. Stadel was supposed to have left for Germany last December. It now appears that he went to a farm in his shack and was frozen to death.

CONDEMNATION OF THE BONUS SYSTEM OF IMMIGRATION

Lavergne Scores Point by Forcing Oliver to Quibble in His Statements of Two Years Ago—Dangers of Foreign Settlement.

Ottawa, April 9.—(Special.)—In anticipation of Mr. Foster's promised deliverance upon the insurance commission's report, the galleries of the house were crowded at both afternoon and evening sittings to-day. Mr. Foster's event was, however, sidetracked by a discussion upon immigration, brought on by a resolution introduced by Hon. Lavergne, concerning the bonus system. A certain piquancy was imparted by the fact that the resolution was framed by a committee of senators from speeches delivered in the house by Mr. Oliver three or four years ago, when he condemned the quality of immigration being brought into the Northwest under the bonus system, and as Mr. Lavergne's resolution was moved as an amendment to the motion to go into supply, Mr. Oliver, as minister of the interior, was bound to oppose it.

THE WAY THE MONEY GOES \$500,000 MORE IS ASKED

But Items Included in the Supplementary Estimates Are of a Desirable Nature.

The supplementary estimates, amounting to \$516,201, were brought down in the legislature yesterday afternoon. The main estimates amounted to \$6,519,131, making a grand total of \$7,035,332. Last year the total was \$6,720,179, so that the increase for the year is \$315,153. It should be remembered in comparison with earlier years that well on to \$1,000,000 of this consists of cross-interests on the part of the public institutions of the province.

DOCTOR IS ASSAULTED BY BEREAVED FATHER

While Bicycling, Dr. Eadie is Attacked and Seriously Injured by Nicholas Noble.

Dr. A. Eadie of 889 West Queen-street was assaulted yesterday by Nicholas Noble, fruiter, 319 Queen-street. Dr. Eadie was wheeling along Queen-street about noon yesterday, when Noble ran out of his store and hit him several times with the butt of a whip, knocking him off his bicycle and stunning him. A long cut on the temple and severe bruises were the result of the punishment.

PENSION BILL PASSES.

Senator Ferguson Falls in Effort to Regulate G. T. R. Fund. Ottawa, April 9. (Special.)-In the Senate today Sir Mackenzie Bowell resumed the debate on Senator Ferguson's motion to amend the Grand Trunk pension bill by providing that the company cannot ask employees to waive rights to damages for injury or death the company's services. Sir Mackenzie said the Grand Trunk was going to furnish all the money and should be given the right to make regulations. Senator G. W. Ross stated that apparently the Grand Trunk wanted to be able to do something generous for its employees. If hardly seemed necessary to charge them with a sinister purpose. Senator Loughheed said the employees of the Grand Trunk had apparently not asked for the amendment. Senator Sullivan thought there was no harm in making assurance doubly sure. The bill proposed to give the company power to make rules, regulations and by-laws, and this power might easily be used by some future management of the company to the disadvantage of the employees. Senator McMillen said no reason to doubt the good intention of the Grand Trunk. Senator Bernier offered an amendment to provide that nothing in the bill should take away any right the employees had at the present time. Senator Ferguson's amendment was declared lost on division. The bill was given its third reading and passed. The Hamilton radical bill was read the third time.

Looks Like a Strike.

The Leather and Horse Goods Workers Local Union decided last night to give the employers until Wednesday next to settle the question of increased wages and the signing of an agreement.

BLOOD TROUBLES

Cured Through the Rich Red Blood Dr. Williams' Pink Pills. My Make. Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head and another for their stomach, a third for their nerves. And yet all the while it is simply their blood that is the cause of all their trouble. Dr. Williams' Pink Pills cure all these and other blood troubles because they actually make new, rich, red blood. Mrs. J. H. McArthur of St. Thomas, Ont., says: 'Dr. Williams' Pink Pills have done me a world of good. For about eighteen months I was a constant sufferer. I was terribly run down and the least exertion left me fagged and exhausted. I could not sleep, and I was unable to do any household work. I took doctor's medicine, but it was of little or no benefit. One day a neighbor told me how much benefit she had derived from Dr. Williams' Pink Pills and advised me to try them. I sent and got three boxes and by the time I had used them I could feel a change for the better. Then I got four boxes more, and before they were all gone my health was fully restored. To see me now one would not think I had ever been sick for a day, and I honestly say I owe my renewed health to Dr. Williams' Pink Pills. Dr. Williams' Pink Pills are the greatest cure there is for the weakness and backaches of anemia; all the distress of indigestion; all the pains and aches of rheumatism, sciatic, neuralgia, and the weakness and ill-health that follows blood disturbance of regularity in the system, or by any means in the medicine boxes for \$3.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

No Wedding Bells for Northwest Farmer and Ferrie St. Maid - Happenings.

Hamilton, April 9. (Special.)-A fashionable wedding took place this evening at 6.30 when James A. Thompson, son of James Thompson of the Galtshore, Thompson Company, and Miss Marion Fred. War, 72 South Bay-street, were married by Rev. Dr. R. Drummond. Miss Adeline Olmstead was the bridesmaid, and John Galtshore was the best man. The 21st annual meeting of the Niagara diocesan branch of Women's Auxiliaries opened this evening in the schoolroom of Christ Church Cathedral. Mrs. E. F. Glasco, the superintendent, presided, and gave a very encouraging report. Bishop DuMoulin also gave an address. Smith H. German, Southey, Sask., an old man of 80 years, who got into a correspondence with a young lady on Ferrie-street thru an ad for a wife, came to the city to claim his bride. She turned him down, and he left for Toronto today, \$400 poorer for this trip. Harry Stock was arrested this evening on the charge of kicking in the windows of the Salvation Army barracks. Thomas Honeysett, Sophia-street, was taken in, charged with non-support and committed to jail.

Conference With Catechet.

Some of the aldermen are in favor of another conference with the Catechetical Society. It is understood that the amount of mileage and percentage the city now pays from the street railway is not to be interfered with. N. Teerault, Jun., Montreal, is the guest of John Lennox. Chief Smith has given up his plans of dividing the city into two police districts for this year.

Hotel Cecl. Excellent cuisine. Popular prices. Free accommodation for travellers. C. A. Herman, proprietor. Frank H. Butler, the London stock broker, was released this morning on \$3000 bail for the unpaid trial which he was sending on the script. The Meadows firm sold the stock, and the money to buy back again, as the script did not arrive, and they were out \$4700 on the transaction.

Lookout.

New selections each week (25) are now on view at the one cent vaudeville from 8 a.m. to 11 p.m. Fortune tellers, lung testers, etc. The sign of the disadvantage of the employees. Senator McMillen said no reason to doubt the good intention of the Grand Trunk. Senator Bernier offered an amendment to provide that nothing in the bill should take away any right the employees had at the present time. Senator Ferguson's amendment was declared lost on division. The bill was given its third reading and passed.

PRECEDENCE IN BUSINESS.

One Company Gives Thanks for the Hammer of Eavous Rival.

The business that is not progressive is sowing the seeds of dissolution. New methods, new inspiration and new men must be seized upon and introduced into the business which shall keep the lead.

If the men who evolved the great content with the first production they would not have attained the success achieved. Out came the hammer of the old-time fellows when the least were first conceived and presented. Looking forward, the present Semirady company can join in the avowed chorus, for they are not in 1907 proud of that which they were deservedly proud of in 1902. And they hope to be a proud of books from the Semirady product of 1907 when five years more have passed away. The little hammer helps to be held by learning in business can only be held by learning of one's own faults from plain-speaking critics.

WOMAN'S WORLD.

THE RADIANT CHRIST.

The new religion lies in being kind. Faith works for men where once it meant to pray. Faith knows but hope where once it knew despair. Faith counts its gain where once it reckoned loss. Ascending paths its patient feet have trod. Man looks within and finds salvation there. Release the suffering Saviour from the cross. And amidst the waiting world its radiant God!

—Ella Wheeler Wilcox in The Deliberator for April.

A Sense of Preparation.
Starting in business life, a girl needs to have her sense of value particularly well developed if she wishes to maintain her dignity and her place in the estimation of her companions as a girl who is not easily duped or deceived. It will keep her from gush and sentimentality on her own part, and it will teach her to be suspicious of the person who attempts to "size up" the person who cultivates her society with a palpable view to gain as well as to avoid the person who seeks to lavish indiscriminate favors on her.

A great many girls who are beginning their business career are so overcome by having money of their "very own" that they begin to spend it recklessly, give extravagant presents and fail to make any provision for the "rainy days" that is bound to come. It never pays to be too good to people. You invariably find that "gratitude is merely a lively sense of favors to come," and that, as soon as you cease to be "easy money" as soon as you are no longer willing to give or lend everything you have; as soon, in short, as you begin to wake up, just so soon does your sympathetic friend desert you.

Things where your sense of proportion comes in. If you have lost it, you are apt to grow morbidly suspicious of everyone, to cynically shrug your shoulders at the very thought of disinterested friendship, quite forgetting that the companionship which is on a fair and square basis is a gift and a treasure, and that it is the only thing that is worth while and lasting.

Don't get into a habit of borrowing your girl friend's hat, gloves, veil, fur, jewelry, postage stamps or car tickets. Have your own hairpins, your own powder, and don't lend your personal belongings any more readily than you would borrow.

A business woman, too, cannot afford to devote too much attention to social pleasures. To dance till 3 o'clock and be at the office at 8 next morning is too big a strain on any girl, mentally and physically. And the sense of proportion will teach her to appreciate a few friends of the right sort, rather than to endeavor to keep up a host of entertainments and friends who really mean nothing to her.

It is a melancholy thing to lose friendships that you discover too late meet a great deal to you, and to have the sad realization that you invited your own punishment by overrating matters not worth while and undervaluing those of real importance.

Miss Jean Moore of the senior artistic class will give an interpretative recital in the Margaret Eaton School, on Thursday night, at 8 o'clock.

The Easter number of The St. Margaret's Chronicle contains some bright articles and is altogether a very creditable production.

Dr. and Mrs. Cecil Trotter of West Bloor-street have just returned from

1851-Ladies' Tucked Dressing-Sack.
With Dutch Neck and Three-Quarter Length Sleeves.
Paris Pattern No. 1851.
All Seams Allowed.

It would seem that there could not be too many new designs for the negligees for wearing as coming jackets, or for other informal use in the morning at home, as this pretty model of pink silk gingham, with Venise banding, bears witness. Its Dutch neck and three-quarter-length sleeves are features which add attractiveness to the whole. This useful garment would be fitted, enveloped in Japanese crepe cloth, in any of the Scotch or French flannels, or in white lawn.

The pattern is in seven sizes—32 to 44 inches bust measure. For 36 bust, the dressing sacque needs 3-3/4 yards of material 20 inches wide, or 2-1/2 yards 36 inches wide, or 2-1/4 yards 42 inches wide. An illustrated 12 yard all-over lace 18 inches wide is needed for yoke and 1 yard of insertion to trim cuffs.

Price of pattern, 10 cents.

BAPTIST HOME MISSIONS.
Semi-Annual Meeting of the Board— 250 Preaching Stations.
The half-yearly meeting of the Baptist Home Mission Society was held yesterday, representatives being present from different points in Ontario and Quebec. Appropriations were made for the ensuing six months to the 100 missionaries and the 50 students, the latter being sent out by McMaster University. Two evangelists, Rev. Mr. Torrie and Rev. Mr. Vanickle, who have been engaged in mission fields during the past year, are 250 preaching stations have been supplied. The treasurer's report showed receipts some \$3500 in advance of 1905.

KILLED BY HER DEATH NOTICE
Indiana Woman Cries "I Am Dead" and Dies in Hysterics.
Evanville, April 9.—Thrown into a state of nervous prostration by reading an account published in a newspaper of her supposed death, Mrs. Louisa Duley, aged 49 years, expired last night. Through an error the death of a woman of the same name, who had just been reported, occurred in Mrs. Duley's home. She rang the bell and cried, "I am dead, I am dead; I saw it in the paper," dying in hysterics.

OWES CURE TO ZAM-BUK.
Prominent Manager's Testimony.
Mr. D. R. Gourlay, advertising manager for the well-known piano firm of Gourlay, Winter & Leeming, Toronto and Winnipeg, is amongst the prominent men and women who testify to Zam-Buk's great curative power. He writes to the company as follows: "Gentlemen,—I have pleasure in stating that upon the recommendation of a relative I purchased a box of your remedy (Zam-Buk) and by a few applications entirely cured a very severe sprain of the back. While not given to indiscriminate use, or belief in, patent medicines, I am conscientiously recommending Zam-Buk."

"Sincerely yours,
(Signed) D. R. Gourlay."

That is just where Zam-Buk proves its superiority! It is treated by men and women who have tried it, as altogether different to ordinary preparations. Doctors, hospital nurses, trainers, matrons of convalescent homes—all give Zam-Buk a good word; and better still, they use it. Zam-Buk is as good for muscular stiffness, sprains, rheumatism, and sciatica, as it is for skin troubles. Baseball players and athletes in general find it invaluable. For spring eruptions, pustules, scaly sores, rich eczema, ulcers, boils, abscesses, blood poison, cuts, burns, bruises, and abrasions, it is a speedy cure. It takes the soreness out of warts and corns, and it kills all disease germs, thus preventing festering and inflammation. All drug stores and stores sell at 50c a box, or post free by mail Zam-Buk Co. Toronto, for price. Six boxes for \$2.50. Send 10c stamp for trial box.

KING VICTOR IN ATHENS.
Athens, April 9.—King Victor Emanuel of Italy, accompanied by Foreign Minister Tittoni, Minister Rich, Miraballo and a number of court dignitaries, has arrived here on a visit to King George of Greece. His majesty gave a most enthusiastic welcome by the populace.

STAGE NOTES.
The Keith Vaudeville Syndicate yesterday leased a large theatre in St. John, N. B., for a term of years.

Wm. Faverham, in the "Squaw Man," will be the Princess attraction week of April 22.

Otis Skinner, in "The Duel," a powerful French drama, will be next week's attraction at the Princess.

"The Royal Catch," a musical comedy, now here, is billed for the Grand next week.

Pat Kelly will head the next burlesque attraction at the Star.

The new sensational melodrama, of New York life called "The Burglar's Daughter," written by Owen Davis, will be offered to the patrons of the Majestic Theatre next week.

The subscribers' plans of seats for the production of "The Pirates of Penzance" at the Massey Music Hall the latter half of next week will be open at Massey Hall on Saturday morning at 10 o'clock. The general sale will begin on Monday morning, and the demand that has already set in indicates that the production will prove a great popular success.

Five hundred rush seats will be available for the Toronto Conservatory Symphony Orchestra concert for Thursday night, April 11, at 5c each. Rev. Prof. Bowles addressed the Canadian Household Economic Association yesterday on "Why We Should Love Things Beautiful."

Toronto will be host to a grand opera organization to-morrow for Henry W. Savage's opera will journey direct to this city immediately after the final performance in Detroit to-night. The company numbers more than 150 members. Miss Florence Easton, a Toronto girl, will sing the role of Madame Butterfly. Francis MacLennan is another Canadian singer with the company. The advance reservation of seats has been extraordinary.

Teach the Girls.
Mothers make a great mistake if they do not insist that their girls learn to make their own dresses. Dressing is one of the necessities of the age. How to cut out and make an ordinary dress is easily learned in six lessons. See advertisement of the Canadian School of Dress Cutting, 444 Bathurst-street, Toronto.

WOOD FAMINE IN WINNIPEG.
Fuel is impossible to get—Snow in Bush to Blame.
Winnipeg, April 9.—(Special)—Winnipeggers are confronted with just as great a shortage of fuel wood as at any time during the serious shortage which prevailed during the winter.

The supply of cordwood in Winnipeg today is practically nil, and those who are in need of this commodity will have to wait until next week.

One of the principal causes of the present famine has been the abnormal depth of snow in the bush all winter, preventing operations of any kind. Coupled with this is the partially crippled condition of the railroads.

NEW LAW "UNWORKABLE."
C.P.R. at Winnipeg is Finding Trouble Handling Sunday Traffic.
Winnipeg, April 9.—(Special)—It is stated that the Canadian Pacific Railway has found that some of the provisions of the new Lord's Day Act are unworkable.

When the act came into effect orders were given that no work should be done on Sunday, except that incidental to the handling of thru passenger trains. No trains were to leave the yard between Saturday night and Sunday midnight.

The employees are said to have defied the law, and to have done so work which had to be done under these conditions.

OBITUARY.
John Tinning.
In the death of John Tinning yesterday, the mainstay of the city lost an old and greatly respected friend. Born in Toronto 75 years ago, he was for many years wharfmaster at the old York-street wharf. A splendid sculler in his youth, he was one of the famous four-oar crew which won the Canadian and Great States championship several times. It had been his walk from his home at 59 St. Mary-street to Akroyd's boathouse. Last week he contracted a cold, which, owing to the fact that he was a sculler, was added in the critical condition from the same disease of Mrs. Tinning, who had been informed of her husband's death. A daughter, Mrs. F. W. Rose, and one son, John P. R. Atlantic steamship service survive.

David Roberts.
After a short illness of a few months David Roberts, architect, died yesterday at his residence, 480 Huron-street. He was a long-time resident, being born in Toronto 62 years ago. Mr. Roberts was a man of retiring disposition, nevertheless, made many friends. In his profession he was held in highest esteem, some of the principal residences of Toronto being his work, among which were the residence of the late George Gooderham on Bloor and St. George-streets, the late J. G. Blackstock on St. George-street, and the residence of the late George Gooderham on Bloor and St. George-streets, the residence and many others of like standing. Mr. Roberts was also a leading member of the Granite and other Toronto clubs.

Who is the Most Beautiful Woman in Toronto?
Beautiful Women are common in Canada.
THE SUNDAY WORLD wants to find the QUEEN of them all. There's an honorarium of \$25.00 for the one who sends in the photograph that wins the prize. Do you know her?

Are You Dying With Heart Disease?
Sometimes you wake up, heart throbbing like a steam engine. Your breathing is short and irregular; pains shoot through the chest and abdomen and cause horrible agony. Your trouble isn't with the heart at all. These sensations are the outcome of indigestion, which has caused gas to form on the stomach and press against the heart.

But how long can your heart stand this? You know well enough it will soon play out.

Then remove the cause. It can be done with Dr. Hamilton's Pills: they correct digestion, tone up the liver and kidneys, guarantee you freedom from further attacks.

Is it not your plain duty to get this grand remedy to-day?

Just read what happens to Isaac Maxwell of Belle River, Ont. He used Dr. Hamilton's Pills—they made a new man of him.

Three months ago I was a weak, sickly man. My appetite was poor, food fermented in my stomach, and I had sores on my back. At night I would often wake with gas in the stomach and heart palpitation. I consulted my doctor and used remedies, but my friends advised. No thing helped.

"One day I received a sample of Dr. Hamilton's Pills and my cure commenced. To-day I have a vigorous appetite, strong heart action and no sign of indigestion. I feel younger and healthier than ever before."

Your dealer sells Dr. Hamilton's Pills, 25c per box, or five boxes for \$1.

A BEAUTIFUL FACE
All the old methods of securing a beautiful face and a perfect complexion are out of date. The new method is the RUBBER COMPLEXION BULB.

It prevents and removes wrinkles, pimples, blackheads, freckles, and all the little annoyances that mar the skin. It makes the skin soft, clear, smooth and white. It is a simple and safe method. It is applied in a few minutes. The speed with which it produces results in many cases are remarkable. Blackheads and pimples are banished in a few minutes. The speed with which it produces results in many cases are remarkable. Blackheads and pimples are banished in a few minutes. The speed with which it produces results in many cases are remarkable.

THE RADIANT CHRIST.
The new religion lies in being kind. Faith works for men where once it meant to pray. Faith knows but hope where once it knew despair. Faith counts its gain where once it reckoned loss. Ascending paths its patient feet have trod. Man looks within and finds salvation there. Release the suffering Saviour from the cross. And amidst the waiting world its radiant God!

A GOOD SPRING TONIC.
At this time of year, says a well-known authority, the kidneys become weak, clogged and inactive, failing to filter out the poisons and acids, which sour the blood, causing not only facial and bodily eruptions, but the worst forms of rheumatism, nervous and stomach troubles, and painful, annoying urinary affections.

It is worth anyone's time now to get from any good prescription draught the following ingredients:

One ounce Fluid Extract Danielson.
One ounce Compound Sarsaparilla.
Four ounces Compound Syrup Sarsaparilla.

Mix by shaking well in a bottle and take a teaspoonful after each meal and at bedtime.

This simple, home-made mixture will force the kidneys to normal healthy action, so they will filter and strain all poisonous waste matter from the blood, and expel this in the urine. At the same time restoring the "full blood" count, thus, 85 per cent. repleted corpuscles, which is absolutely indispensable to perfect health.

Buchanan's Wife
The Story of a Woman Who Dared to Defy Her Love and Happiness That Were Dealt Her by Great Circumstances.
By Dumas Miles Forman and Published by Permission of Harper & Bros., New York and London.

"Only a touch of fever," he said, and the woman thought that his voice went with his altered face; that it was tired and slack. "I had a fairly bad time of couple of months ago," he said, "just as we were finishing, luckily, but the sea voyage across from Buenos Ayres set me almost right again. I shall be fit as ever in a few weeks. You are looking amazingly well," he said, conventionally. "I've never seen you look so well."

"Oh, I!" she said, in the same tone of polite unconcern. "I'm well, of course. I'm positively sleek. I'm growing fat and matronly. It's quite ridiculous. You see—I've had such a quiet, lazy peaceful life of it. I just like a cow at pasture, I might say, if that weren't quite too insulting to my friends. I don't know that Allanor Trevor was here with me? And Stanbol is here a great deal, and heaps of others who've taken us under their wings."

"Yes, yes," he said, looking down between his clasped hands at the pattern of the rug. "Yes, I well know."

"Are you going to stay abroad another year?" he asked, presently, when she did not speak.

"Oh, I don't know," she said. "I suppose so. There's nothing really to take me back to America. I've so few friends there. I've a sister and a brother, but they're so far away. I'm the only one who truly counts. Dear old Aunt Arabella! She writes to me so regularly once every fortnight and tells me all the news. I want to see her, of course; but there's almost no one else. And," she said, after a moment, looking away to the window. "Yes, I know," said Faring.

"Then those blinding groping hands of hers did at last pass off one of the things on the tea-table—a silver strainer. It was so that it dropped to the floor. Beatrice and Faring stooped for it at the same instant, and on the floor their hands touched. It was like an electrical contact between two charged wires. The woman began to tremble, and for a moment she had not the strength to raise herself."

"Harry, Harry, Harry!" she said, in a shaking whisper. "Faring drew a swift gasp which was like a sob, and his face went white."

"What might have come of their sudden loss of control, no one can say, but at that moment Allanor Trevor came into the room, and almost immediately after Stanbol was announced."

ARABELLA SUMMONS.
The correlation of striking events in the life of any individual is too familiar and too widely recognized to excite amazement. There is some mysterious law by which his works come in groups instead of singly, and we all recognize this law and express our criticism upon it. It is only when we come upon its workings in the life of a great actor or in the drama that we are a scornful head and talk wisely about it. In the case of a woman, it is not so familiar and too widely recognized to excite amazement. In the case of a woman, it is not so familiar and too widely recognized to excite amazement. There is some mysterious law by which his works come in groups instead of singly, and we all recognize this law and express our criticism upon it. It is only when we come upon its workings in the life of a great actor or in the drama that we are a scornful head and talk wisely about it. In the case of a woman, it is not so

HARNESS HORSE GOSSIP THE GOLD CUP VERDICT

Lou Dillon Won Race on Square as Almost Everyone Believes—Johnny in the M. & M.

The decision of the court in the celebrated Gold Cup scandal has been given, and it is in accord with that of the board of review, the highest tribunal of the harness horsemen.

If a poll were taken amongst the horsemen who follow the grand circuit, and who race took place, there would not be one in fifty who would say that Lou Dillon had been tampered with.

Lou Dillon, while she possesses extreme speed, never showed that she was a great race mare, as she was always known to be somewhat vindictive. On the other hand, Major Delmar was not a two-dollar horse by any means, but demonstrated by his races the grand circuit before he became the property of Mr. Smathers.

The combination that gave evidence to the effect that Lou Dillon had been tampered with, is a fact that has been ruled out of the turf at one time in his career for pulling the horse "Pumpkin" at Cleveland, and Millard Sanders, brother of the other principal witness, by his own mouth, proved that his word was not to be relied on.

Unfortunately, Johnny was injured himself in the first heat of this race that he had to draw, and, although subsequent attempts have been made to get him to the race, it was not until this winter that he got to the track, all without losing a cent of his value.

TO THE WEAK

There is Happiness in Vigorous Manhood. Don't You Want It? If I Say I Can Cure You I Am Ready to Prove it at My Expense.

To Those Who Have Drugged in Vain; To Those Who Have Been Robbed by Quacks; To Those Who Have Lost Faith in Everything; To you who are weak and debilitated, not only from the effects of a drain upon the vitality, but from excessive drugging, from ruining the organs of the body with poisonous chemicals, and whose faith in doctors and remedies of all kinds has been destroyed by the failure of every remedy that has been tried—to all who are sick of medicine, which never cures, I say:— STOP DRUGGING—STOP DOSING YOURSELF.

COME, BRACE UP!

MR. WILLIAM BOWERS, Box 196, Brantford, Ont., says:—"I can certainly recommend your Belt to all men suffering as I did with Nervous Debility and General Weakness. It cured me."

PAY WHEN CURED.

If I don't cure you my Belt comes back to me, and we quit friends. You are out the time you spend on it—wearing it while you sleep—nothing more. If you will come and see me I'll explain it to you. I am the only man in the world who has confidence enough in his remedy to wait for his pay until you are cured.

FREE BOOK. If you cannot call then fill out this coupon, mail to me, and I will mail you free, sealed, in plain envelope, my Book, which contains many things you should know, besides describing and giving the price of the appliance and numerous testimonials. Business transacted by mail or otherwise only. No agents.

Now if you suffer do not pay this aside and say you will try it later. Act to-day—NOW.

PEOPLE'S CHORAL UNION.

A Splendid Program to a Large Audience in Massey Hall.

The People's Choral Union gave their tenth concert last night at Massey Hall before a large and exceptionally appreciative audience.

The chorus was composed of 101 soprano, 33 alto, 15 tenor, 52 basses, and the assisting artists, Madame Le Grand Reed, soprano; Watkin Mills, the great English basso; W. F. Robertson, tenor; and pupil of H. M. Fletcher, conductor of the choral union; Mrs. H. M. Blight, Miss Jessie Perry, with grand piano accompaniments by Mrs. F. Edna Fletcher. The program was one well chosen to show to advantage the fine voice, culture and excellent part singing of those engaged in its various numbers, and it was a veritable feast of melody throughout.

DIED IN A FIT.

Richard Smith, aged 42, a painter, employed at J. & J. Taylor's, rooming at 432 Parliament-street, took suddenly ill Monday night and retired to his room. Toward noon yesterday, a brother heard a heavy fall. Smith was found prostrate on the floor, dead.

Deceased was for some years employed at watchman at the Grand Trunk. Chief Coroner Johnson issued a certificate that death was due to some kind of a fit.

The funeral will be held Thursday afternoon at 2:30.

THE POWER QUESTION

Premier Whitney did right to brush aside, with something closely akin to contempt, the preposterous nonsense, which did duty for argument, advanced on behalf of the Toronto Electric Light Company, against the city's request for power of expropriation.

LET TEACHERS UNIONIZE. Rightly thinking that the salaries are not large enough, the teachers of the Province of Ontario are contemplating forming a union to increase them.

SUPPORT PUBLIC OWNERSHIP. If anything were needed to demonstrate the value of organized public opinion, it would be afforded by the report of the discussion in the private bills committee of the legislature yesterday.

SAFETY OR DIVIDENDS. An open letter to Mr. R. J. Fleming, manager Toronto Street Railway: Dear Sir,—In view of the numbers of lives that have been crushed out under the wheels and trucks of Toronto street cars during the past year, I would like to ask which you consider of greater importance.

THE PAYING OF DIVIDENDS ON STREET RAILWAY STOCK. Are you aware that in Liverpool (under municipal operation), for the past five years they have been using a tender which absolutely prevents any person, small or large, from getting under the wheels or trucks of a street car.

Do you know from the official record that not one life has been lost during all that time in that manner? If you have known the facts as above stated and have not tried this tender on any of the city cars, are you not responsible for every life lost under the wheels or trucks of Toronto street cars since the time you acquired that knowledge?

ably be accepted as a good authority; certainly, from his character and training, he is a better authority on the actual working of public ownership in Great Britain than any casual critic can be.

"The question of immense importance, which has arisen, is whether public utilities should be operated by joint stock corporations or by publicly owned boards. The supply of water is a monopoly. We cannot have a number of companies supplying water to citizens any more than we can have rival street car companies laying rails in the same streets.

"It is urged," he continued, "on behalf of the city governments that a joint stock corporation, holding a monopoly, may become too great a power; it may deal harshly with the citizens, and that it may, through its employees, control too much voting power, or in other ways, exert a baneful influence. It may charge too high fares, or with impunity give a service not so good as the citizens require."

That this latter contention is true in the case of the public services of Toronto every citizen knows from his own experience. Dealing later with the danger of a city abusing the power it would have, or that the municipal administrators might draw private profit out of their functions, Professor Bryce paid a tribute to British city governments. These, he said, are pure. No cases of either abuse of patronage or stealing by municipal officials have ever been proved.

Rightly thinking that the salaries are not large enough, the teachers of the Province of Ontario are contemplating forming a union to increase them. Their salaries are not in any great measure commensurate with the services they render the public, but to arbitrarily raise the scale by combining themselves into a union will force upon them the moral obligation to see to it that every unionist is not only qualified by scholarship and training, but also by character and personality to teach.

SUPPORT PUBLIC OWNERSHIP. If anything were needed to demonstrate the value of organized public opinion, it would be afforded by the report of the discussion in the private bills committee of the legislature yesterday.

Do you think that the people of Toronto would object to a trial of this tender on the lines in this city? Yours respectfully, Milton Kerr, 212 Robert-street.

THE REIGN OF THE PEOPLE BASED ON GOLDEN RULE

Rev. D. C. Hossack Speaks Before Progressive Club on Public Ownership.

The Progressive Club, a new organization for the discussion of questions of public interest, held its first weekly supper at Williams' Cafe last night. The room was crowded. Ald. J. W. Benough presided.

Rev. D. C. Hossack addressed the club on "The Reign of the People," referring to the tariff, patents, taxation and public ownership.

All the trouble that we have had, he declared, had been about the land—the right to own and control the land. From the days of the feudal system the old problems had taken on new forms and there had been a constant struggle for reforms.

Some of the objections to public ownership were mentioned, and it was pointed out that the public interest would be served by the organization of a public utility.

Col. Denison Says It Should Be a School Study. The thirteenth annual dinner of Commercial Lodge No. 200, Sons of England Benevolent Society at the St. Charles Hotel, Toronto, was a most successful affair.

Dr. J. J. Gardiner, W.P., presided. He made a most interesting address on the subject of public ownership.

SCHOOL EXAMINATIONS. Editor World: In my letter of Thursday last, I did not intend "waiting for another chance" to apply to the entrance examination at St. George's school.

LAYMEN SHOULD ASSIST IN MISSION MOVEMENT

Great Field to Be Covered in Foreign Lands Impressed on Big Gathering of Sympathizers.

"Is there any cure for corruption, graft and misfeasance in politics other than the coming into public life of men who will not lie or steal or play the fool?"

This was the timely query addressed last night by Rev. J. A. Macdonald to those present at the banquet in the Toronto Building that concluded a day of earnest work in organizing the Canadian branch of the Laymen's Missionary Movement, begun in the United States last year.

The attendance at the dinner numbered several hundred, and there was evinced an enthusiasm for the undertaking that augurs well for its complete success.

Over 200 prominent laymen and clergymen assembled in the afternoon to hear addresses by J. Campbell White and Robert E. Spier of New York City, upon how to make the laymen's missionary movement effective in Canada. Both of the speakers were fresh from a similar conference held in Chicago the night before, and both advanced the confident view that the evangelization of the whole heathen world would be consummated in one generation, and that it was a cooperative movement of laymen which should bring this great salvation about.

J. W. Flavelle was chairman for the evening, and with him there were seated at the head table, Mayor Leitch, W. K. McNaught, M.L.A.; E. J. B. Fense, M.L.A.; J. Campbell White, New York, secretary of the movement in America; Robert E. Spier, New York, secretary of the Presbyterian foreign missions; Rev. J. A. Macdonald, Toronto; W. T. Gunn, J. S. Williams, Judge McLaren, Rev. F. H. Perry, Elias Rogers, and N. W. Rowell, K.C.

The chairman in his introductory remarks voiced the optimistic belief that never before in the history of the world had the teachings of the Great Master been given such earnest heed as at the present time.

Mr. Rowell, K.C., speaking of the origin and aim of the movement, said that it had been successful in arousing greater interest in foreign missions. In America the idea of immigration had brought the church face to face with a most serious problem, one whose solution would solve the type of religious life and Christian character. In view of these circumstances, it behooved the laymen of the church to exhibit an active interest in the work.

Foreign Missions Neglected.
 "Reasonable Ratio in Religious Investment," as explained by Mr. White, with the aid of charts, proved highly convincing. He calculated that if 21 millions of people should each contribute \$2 in a year, the total would be \$42,000,000, or almost two-thirds of the entire number. He thought that America should contribute one-half of the total fund required.

For every dollar now being devoted to the foreign missions, \$25 was being given to the work of the home missions.

The missionary movement required that 20,000 people should devote themselves to the work of the home missions.

Robert E. Spier and Rev. W. T. Gunn, secretary of the Congregational Union, also spoke.

The following motion was then moved by Mr. McNaught, with Elias Rogers as seconder:

"Resolved, that this gathering of laymen most heartily approve the objects for which the laymen's missionary movement stands, and heartily commend their movement. We the thoughtful consideration and practicality of the laymen of this country, believing it to be a movement among the men of the churches that will greatly assist in meeting the immediate and imperative demands of our growing Dominion, and the unprecedented opportunities for evangelizing foreign lands."

At the afternoon proceedings, N. W. Rowell, K.C., introduced the speakers, J. Campbell White, and Robert E. Spier of New York City. Mr. White explained that the object of the movement was not to send out missionaries, but to minister missionary funds, but to seek to cooperate with the regularly established agencies of the church in the extension of their work, and to

CHANGES AT ASYLUM AT COST OF \$100,000

Government Decide on New Method of Treatment for Acute Mental Troubles.

In spite of the depressing influence overhauling the legislature yesterday a day of very close work was put in by the members, a very large number of bills being advanced by one or two stages, and the night session being given to the supplementary estimates. Among these are items for \$100,000 for changes in the Toronto Asylum of direct local interest. It was expected that the provincial secretary would make a statement in this connection, but this was deferred. The government, it is understood, has decided to make a radical departure in the treatment of cases of acute mental disease, and the establishment of a clinic in psychiatry in connection with the new General Hospital will follow. A separate building will be equipped in the most modern way for this purpose, to some extent of the new system, a very successful hospital for the insane at Munich in Germany. The asylum as at present understood will disappear under the new system. Patients will receive hospital treatment from the first, and if they recover will be returned to their homes without the usual unfortunate stigma. In chronic cases Mimico and other asylums where the cottage system is in force, will be adapted for their reception. Bulletins of the work done in special cases will be issued for the benefit of medical staffs throughout the province, and the first of these was in circulation yesterday. These include a record of the patient's family history as well as the personal features of the case.

RABBIT MOUNTAIN

THE BEST SILVER PROPOSITION IN CANADA.

The Rabbit Mountain group of mines are located in the centre of a mineral belt almost as large in area as the whole of England. The Thunder Bay district near Port Arthur has been famous as a silver section for over 50 years, with a vast amount of development work done, in spite of the fact that the means of communication were very poor. One mine in that region was sunk to a depth of 1,230 feet, one vein yielding over \$2,000,000. The mineral deposits include gold, silver, copper, iron, lead, zinc and nickel in paying quantities, and all that was needed to stimulate the greatest kind of activity was direct railroad connections, which are now available.

Strong, conservative business men are taking advantage of the improved conditions, and have planned for the development of the Rabbit Mountain properties in a manner never before attempted. In addition to the new railroad, the recent improvements in mining machinery open out big possibilities, and the treatment of low grade ore represents an element of considerable profit. No pains or expense are to be spared in pushing development work at all the mines, and judging from past experience the dividends earned will be vastly greater than those paid by banks or railroads, in proportion to the money invested.

The official Government report speaks of "the great richness of ore found at the Rabbit Mountain mine," and tells of "a stamp mill with a capacity of 15 tons per diem, which has been erected on the property for the treatment of the low grade ore, after selecting that which is rich enough to be barrelled up and sent direct to the smelters. Capt. McComber, the Manager, claimed that these concentrates ran as high as \$4,000 to the ton, and averaged \$1,500."

Up till now the richness of the Rabbit Mountain mines has been only half appreciated, because without adequate transportation. The building of a railroad through the property has opened the eyes of business men to the enormous possibilities of profit, and those who are included in the new company have invested considerable of their own money before offering shares to the public. Every director has bought and paid for his stock on the basis of a good, sound, solid investment, and this offer of

is intended to provide funds for aggressive development. If mining did not pay, it would not continue, and the fact of mining operations being conducted to-day on a larger scale than ever before tells better than anything else where the money is. Those who invest in a mining property offered and promoted by reputable business men have every assurance of success—provided always that they buy at the beginning.

Identify the layman with a united effort to enable the church to fulfill the great mission, "Preach the Gospel to every creature." The Canadian Council and endorsed by executive to be entrusted with the responsibility of arousing their fellow-laymen to a lively missionary interest in Toronto, and suggested, further, that instead of working up to one great international conference, at the end of each year, a campaign should be instituted to secure a regular weekly subscription.

Robert E. Spier referred to what the movement would accomplish thus as being the different denominations among missionary lines, by the organization of a laymen's movement to each church. The aim was not to have distinct movements, but to have a unifying act of interesting other men in daily, social, professional and commercial contact, into forming a missionary propaganda.

PLAYED GAME TOO ROUGHLY.

 London, April 8.—The Express says of the visit of the Capitals: "If we have not 'cottoned' so well to the finer points of lacrosse, at all events we do not need to be introduced to that roughness which exists in so many Canadian teams. Toronto men, when their vigor, it is expected the Capitals will give away nothing on the score of 'playing the game.' They are not likely to have so many runaway successes as their predecessors."

Smallpox Claims.

C. N. Smith commented on three items of allowances for smallpox claims, which the provincial secretary said represented 85 or 90 per cent. of the expenditure, the townships being very poor. Mr. Smith thought the whole cost should be paid by the province, where disease resulted from an infectious infection.

Hon. Dr. Reaume pleaded that the bureaux of labor were not in their infancy. In reply to Mr. Graham, he said, so far, they were serving the public interest.

Sam Clarke and Allan Studholme spoke on the salaries paid, which the latter thought adequate. A good man could do much good in a case where disease resulted from an infectious infection.

Repeating to Hon. Mr. Graham Mr. Hanna explained an item of \$1000 for unworkable and defective instruments. Every person of this class sent away saved, the province at least \$1000. It was estimated at \$2000. Some 20 persons had been sent out of the country during the past year.

Mr. Graham thought the Dominion ought to take the responsibility of the expense. He had spent an interesting day at Leitch's New York, and described the inspection work there. He would not think of criticizing the Dominion government, but he repeated that they should take the responsibility of deportation.

Allan Studholme was of the same opinion. The Dominion should be handled at the landing station, and not after they had come into the interior.

Three Objections.

In the first place there wasn't money enough in the world to buy up the public utilities. In the second place it was impossible for any city to find money enough for the purpose. The money to be borrowed would be so great as to upset the theory that municipal securities were good. In the third place, extreme distrust had arisen in the mind of all investors in municipal securities. No one believed for a moment that a bylaw would be passed by the city to permit the borrowing of the millions required to buy the plant, and if it were passed the money could not be borrowed by the city. Mr. Walker asserted that municipal ownership had been an absolute failure. He was perfectly aware his objections to the bill, and Premier Whitney declared the general question had nothing to do with the bill, nor had municipal ownership, as he proposed to show. Mr. White would not for a moment expect that any British legislature would do anything to injure such interests as he represented.

Mr. White recognized that the right of expropriation undoubtedly existed, but every single right should be observed and contract cared for. The bill provided for the expropriation of the physical assets of the company only, and nothing for the good will

CITY MAY EXPROPRIATE

Continued From Page 1.

the earning power, or the franchise. Were they to be scripped in that fashion?

Mr. Hanna thought that would be considered by the arbitrators.

Mr. White considered it should be valued as a running concern. The bill made absolutely no provision for the company's obligations.

Premier Whitney's Statement.

Premier Whitney was received with applause. He had heard any amount of exaggeration, or reckless statement and misstatement handed about by the two parties to the bill, and he said it with grief. The question should be dealt with in a common-sense way, and they might look for the truth midway between the rival assertions. They would deal with the question of public ownership when they came to it.

Assuming that expropriation was to be allowed, a tribunal of arbitration would decide what was to be given. Who would expect them to do anything unfair? If they added a percentage over actual value for good will, who should complain? He was not going to assume there would be highway robbery, although they had been called buccaneers and pirates.

They had been told their policy would be a failure, continued the prime minister.

"Let it be so. I am prepared to take the consequences," he declared, amid applause. He was glad to hear Mr. Duvernay repeat what Mr. Johnson had said previously, that there should be a general law of expropriation. The whole case was admitted in these words.

Court to Protect.

Was there any reason why a special case calling for immediate action should not be provided for? The Premier offered £200,000 for the property. The courts in England had not hesitated to act in such cases, and Canada would not be behind. A time limit for the expropriation would be an elemental matter. If the city chose to say so by vote, the bill would put the burden where it ought to be, on the shoulders of the people. This was all that was asked, or that ought to be done to correct any injustice. The government were not prepared to say, Do this or do that. The private bills committee should take account of the nature of the case, and be in favor of expropriation, but they would avoid as a penalty anything that would have some clause in regard to the details of the transaction. They had had it dinned into their heads, had listened in their sleep, and heard it in their dreams, that the province

was going to desolation because of the government's policy on electric power. Nine-tenths of the scars was created by the men who protested against the power bill. Unheard-of efforts had been made to discredit the bill, and these things that were heard in England and the States. The bill never would have been noticed but for the fat-witted men who thought they were doing their company a service. The delirium of the province plunging into the United States was full of the terrible in the idea of expropriation, but enthusiasts had to have their plan to become a pile of bones.

Public utility ownership was older than most of the men and all of the ladies present. For 50 years it was an old and well-worn story on the statute books of Ontario. What reason was there, then, for hysteria? It was not a new patent medicine to remedy any ill. The question was whether the people should be allowed to say whether they would take over some property at a price a willing seller would give, with enough added to cover contingencies.

With regard to municipal ownership in England, where all the ruin was to be brought about that they had been told of, and where the remains of this country were to be hung up as a warning for future generations, he wished to point out that, in the last few months, a new precedent had been set. A town in Yorkshire, called Pomfret, wished to expropriate a gas company, which, for years, had been paying dividends as high as the law would permit. The town was empowered by parliament to purchase the whole property, and what was done was to be done. The town was empowered by parliament to purchase the whole property, and what was done was to be done. The town was empowered by parliament to purchase the whole property, and what was done was to be done.

No Injustice.

He did not wish to avoid responsibility for the government, but, speaking as a private member, he would say that no man will go further than himself to prevent injustice. His own opinion was that the existing law would prevent anything of the kind. The private bills committee should take account of the nature of the case, and be in favor of expropriation, but they would avoid as a penalty anything that would have some clause in regard to the details of the transaction. They had had it dinned into their heads, had listened in their sleep, and heard it in their dreams, that the province

jections. Hon. G. P. Graham addressed the committee.

If he voted on the bill as it stood, he would vote against it, he said. The city rarely asked what it expected to get, but a great deal more. The word expropriation seemed to have a frost on it, and any other word might be more acceptable. The committee and the legislature would not permit a line to go through contrary to the interests of the greatest number of the people. The bill must provide for the financial interests of every man, woman and child concerned.

The private bills committee will meet this morning at 10.30 in the public accounts committee-room, on the top floor of the buildings, for the further consideration of the city bill.

PREFERENCE WITH AUSTRALIA

London, April 9.—The Morning Post regrets the circulation of sensational rumors regarding the colonial conference of certain sections of the Unionist press, and suggests that informal conference of premiers, announced by The Express, as cabined, is probably founded on an old report, which may well be true, that the premiers of Canada and Australia intend to take advantage of the occasion to devise a system of preference, such as has been arranged between the Commonwealth and South Africa.

The Standard says that one of the most prominent of the colonial visitors states that the announcement of holding an informal conference of colonial premiers, if the home government meet demands for preference with a non-possessum, is undoubtedly correct, and is in no way a threat. The principle has been long ago accepted, but there are vast numbers of details to be examined, and whatever scheme is arranged, it will be devised to allow the mother country to enter when she deems fit.

TO OPERATE TRUNK LINE MUNICIPAL BRANCHES

Hon. W. H. Cushing of Alberta Announces Government Telephone Policy.

Calgary, Alta., April 9.—At the luncheon of the Canadian Club yesterday Hon. W. H. Cushing, minister of public works for the Alberta government, was the speaker on the subject of "The Telephone Systems of Alberta."

Mr. Cushing said in part: "As to the subject, the telephone systems of Alberta, I may say that the program has not been entirely worked out yet. The policy as I intimated in the house recently, to own and operate a complete trunk line or long distance system, for the province; to allow towns, cities and villages to own and operate their own systems if they desire to do so or if they wished it the government to put in the exchange and operate it for them; also give rural districts the benefit of telephone service."

DR. WOOD'S NORWAY PINE SYRUP

Always Stops the Cough

It combines the potent healing virtues of the pine tree with other absorbent, expectorant and soothing medicines of recognized worth, is absolutely harmless, prompt and safe.

A cough is caused by the presence of phlegm in the throat and lungs, and continued coughing is liable to distend the bronchial tubes, congest the lungs and produce inflammation or hemorrhage.

A neglected cough can have but one result. It leaves either the throat or lungs, or both, affected.

A single dose of Dr. Wood's Norway Pine Syrup

will stop the cough, soothe the throat and heal the lungs.

Read what Miss Nettie A. Sooley, Ashland, N.B., says: "I take much pleasure in recommending Dr. Wood's Norway Pine Syrup, for I have found it a very valuable remedy for coughs. My mother has used it on our family for a long time and whenever any of them get a cough, mother will say 'I will have to get some Dr. Wood's Norway Pine Syrup for I know it is good, and always stops the Cough when nothing else works.'"

ARCHBISHOP MAULED.

Head of Greek Church Thrown Into Mud by Galicians.

Brandon, Man., April 9.—A ludicrous incident occurred here, when Archbishop Seraphin, the eccentric ecclesiastic of Winnipeg, who claims to be head of the Greek Church in Canada, and religious dictator of the Ruthenians, attempted to hold service in the Galician Catholic Church here.

They refused to permit him to even enter the sacred building, and when he attempted to force his way in he was picked up bodily and carried to the street and thrown in the mud.

A MISSION CAMPAIGN.

Methodists to Inaugurate an Extensive Movement in the Fall.

The Methodist Ministerial Association have decided on a simultaneous missionary campaign from Nov. 10 to Dec. 1, to include the whole of the three Toronto districts, dividing them into two sections, taking Avenue-road and Queen's Park as the dividing line.

Three consecutive Sundays will be given to the campaign in all the churches, the first three Sundays to be taken by the east and the second, third, and fourth Sundays by the west section.

A general mass meeting will be held at some central place at which some distinguished speaker from abroad will give an address.

FIRE ON STRIKEBREAKERS.

Longshoremen Have Stopped Work on 300 Vessels.

Hamburg, April 9.—Imported laborers, who were unloading the steamer Louisa, on returning from supper last night, found the way blocked by a cordon of strike-breakers, who drove the strike-breakers off with sticks and stones. One striker fired a pistol at the fleeing Englishmen, wounding one of them in the thigh.

The cargo congestion of the harbor continues. Nearly 300 steamers and over 10 sailing vessels are awaiting to discharge or take on cargoes.

PRESENTATION OF ADDRESS TO PRIMATE.

A deputation from the parish of Grace Church, Elm-street, consisting of the rector, wardens and lay representatives, waited upon His Grace Archbishop Sweatman at the synod office yesterday morning, and presented him, on behalf of the congregation, with an address congratulating him upon his elevation to the primacy of all Canada.

The address was signed, on behalf of the congregation, by Rev. A. J. Fidler, rector; John W. Congdon, and W. F. Elliott, wardens.

His grace warmly thanked the deputation for thus remembering him and sincerely wished the congregation of Grace Church, under their new rector, a career of uninterrupted usefulness and prosperity.

INSPECTOR CUDDY RESIGNS.

But the Commissioners Will Take No Action Until Next Meeting.

The resignation of Inspector Cuddy of No. 2 division was received by the board of police commissioners yesterday afternoon. Action was deferred until a subsequent meeting.

The caretaker of the National Yacht Club at the Queen's Wharf was sworn in as a special constable to look after that district.

The resignations of Constables Smyth and Daynes were accepted. Two officers were dismissed for drunkenness.

At a special meeting to be held next Tuesday the board will consider candidates for the force. It has been the rule to take on ten men annually. There have been many applications filed.

HILL'S LINES IN CANADA.

Mileage Will Equal That of Great Northern in States.

Winnipeg, April 9.—President Louis Hill of the Great Northern Railway Co. says: "The Great Northern system is endeavoring to secure mammoth terminals in Chicago, Minneapolis and Winnipeg. We have already secured all the land necessary for handling business for years to come in Portland and Seattle. If our Canadian plans do not miscarry I expect, within the next ten years, to have a railroad system there which will be almost an equivalent of the Great Northern system, as it is today in the United States."

Further, he said the Great Northern will touch Winnipeg, Brandon, Regina, Calgary, Edmonton, and the Peace River country with a line several hundred miles further north than any Canadian line.

A FREAK CALF.

Alliston, April 9.—This morning Robert Braden, a farmer of this place, on entering his barn was surprised to find a curiosity in the shape of a newly born calf, with two heads, four eyes, two ears and a perfect body.

The calf is living, and seems likely to continue in health.

Suggestions When Buying a Piano. Buying a trinket is not buying a piano. One will probably find the other runs into hundreds. One may last a week-it matters little. The other should last for years. There is no use to buy of a firm with a known and favorable record behind it. Surely that is wise. For more than fifty years the old firm of Heintzman & Co., 115-117 West King-street, Toronto, has been manufacturing a high-class piano—one that has won the praises of the world's greatest artists. Convicted that this is the best piano, one cannot go wrong in buying a Heintzman & Co. piano. True, it costs more than the average instrument, but the value is in it.

TO STOP INDIAN DANCES.

Why the "Potlash" Feast is Objected to by Ministers.

At Ottawa yesterday a joint committee from the Presbyterian, Methodist and Anglican mission boards conferred with the minister of the interior and members of the Indian department in an endeavor to obtain amended legislation for an improved system of educating the native Indians of the Northwest.

The committee is armed with a carefully drawn up policy which was originally drawn up at a joint conference in Winnipeg last December, but which has undergone some slight amendments. For instance, prohibition of the war dance, sun dance, ghost dance and potlash dance among treaty Indians will not be asked as not coming under the heading of education.

Rev. Thompson Ferrier of Brandon, who will represent the Methodist Church at the conference, was in the city Monday for exhibits intended in the near future to insist on legislation prohibiting these dances.

Taking the potlash dance for example, which occurs annually for the purpose of deciding who shall be the "big chief" of the tribe for the succeeding year, he said it excited the Indians to all sorts of crimes. The richest man is acclaimed the greatest man, so on the day of the potlash feast, one and all will come forward and smash a gun. The next man will possibly smash two guns, the third man will perhaps smash a dozen guns and kill a cow and so they continue to destroy articles of sundry value. Pigs, cattle, furniture alike are sacrificed unthinkingly. The man who can spare the most is the man elected.

The destruction is enormous, but is nothing to the thieving crimes which are committed for a whole year in preparation.

The Methodist mission board will also endeavor to prevent Indians dancing during the winter at fall fairs and public gatherings.

Unique and Effective Methods of Cincinnatian Firm.

The hold advertising has gained on the business community is well illustrated in the number of firms that nowadays make a specialty of this branch of business. A business to-day is being run simply and solely through advertising methods. The salesmen are form follow-up letters, the goods are delivered by rail; the payment comes by post.

The most ingenious advertising experts in the United States and Canada are at work showing firms how their business can be developed and expanded by means of "delivering the goods."

One of these firms, the Blair-Thompson Co. Advertising Service of Cincinnati, Ohio, has just issued a booklet which, in quality of paper, types, illustrations and ornament, is a model.

It tells the story of the firm, in type and features, tersely. The firm writes tersely because it's the short ad that "pulls," and the fewer words the less cost of "space."

The Blair-Thompson views show members of the firm, Mr. Blair, Mr. Thompson, Mr. Shives and Mr. Mulford, hard at work in light, airy, Mission-furnished offices. We club with them with one of the mottoes of the firm. Think that expression over.

AGRARIANS DEFEAT CZAR.

Sole Salvation of Peasantry Speakers Say—Premier Creates Anger.

St. Petersburg, April 9.—The whole session in the lower house of parliament was given up agrarian debates. In spite of the threats of the official Russia that the advocacy of compulsory appropriation of lands might result in the dismissal of the lower house for disorderly conduct.

Every speaker, except the Conservatives, urged this as the sole salvation of the peasantry.

The relations between the lower house of parliament and the administration are daily becoming more acute on account of Premier Stolypin's repeated rebukes of the lower house for overstepping its competence.

To-day the premier addressed three new letters to Stolypin, calling upon the lower house to account for further alleged illegal acts and demanding that steps be taken to prevent their repetition.

THE SOULS OF SAILORS.

The annual meeting of the Upper Canada Tract Society is to be held in the Central Methodist Church, East Bloor-street, next Monday evening, April 15, at 8 o'clock, when an interesting review of the past year's work will be presented.

Some idea of the extent of the work of this society may be gathered from the fact that last year its sailors' missionaries made over 2500 visits to vessels, circulated over 20,000 books and booklets, and over 28,000 tracts among the men on these vessels. Besides this, a great many more men were reached at the 84th St. Snug Harbor, Kingston, an institution which is becoming more and more popular with the men every year.

The explorers also covered a large amount of ground, men having been at work in Lennox and Addington, Peterboro, Victoria, Lambton, Bruce, Muskoka, Parry Sound, Temiskaming, including the Cobalt, Algoma, and even as far as British Columbia and the far-off Yukon. These men traveled nearly 10,000 miles and sold 2336 copies of the Bible and over 20,000 books. The meeting will be presided over by Mr. J. K. Macdonald, the president.

Sunday School Lectures. T. Yellowlees of the Ontario Sunday School Association leaves to-morrow on a tour of the work, and accompanied by Rev. B. W. Merrill of the Baptist Association, will hold meetings in 15 places along the line of the G. T. R. to North Bay, and C.P.R. to Dryden.

Mr. Yellowlees will also direct a house visitation in Hamilton on the 12th inst., and will then proceed to Winnipeg to initiate a similar movement there.

To Jail for Theft. Walter Whittemore was sent to jail for 30 days for stealing a bicycle from Walter Watson. On the way to the police station he tried to drop the wad, but the officer was sure he had his man and picked it up before anyone else might see it.

The Empire Club. The regular weekly luncheon will be held to-day, when the guest of the club will be the Right Rev. William Lennox Mills, D.D., LL.D., D.C.L., Bishop of Ontario, Kingston, who will address the members on "Our Country and Its Responsibilities."

The World's Baseball Contest Can you figure how the Toronto Baseball Club will stand on May 25th? Gentleman's Coupon No. 3. I figure that the Toronto Baseball Team's percentage in the baseball race, after the games played on Victoria Day, May 24, 1907, will be as follows: NAME ADDRESS DATE. The Toronto World will give two season tickets, one for a lady and one for a gentleman, to the first person of each sex, who can figure out the Toronto Baseball Club's average as it will appear after the "double-header" is played on Victoria Day, May 24, 1907. In the event of no person figuring the exact percentage, the closest guess will be considered the winner. The games to be played by the Toronto Baseball Team at home and abroad will be as follows: Rochester, April 24, 25, 26 and 27. Buffalo, April 29, 30, May 1 and 2. At Toronto: With Rochester, May 3, 4, 6 and 7. With Buffalo, May 8, 9, 10 and 11. With Newark, May 13, 14 and 15. With Jersey City, May 16, 17 and 18. With Baltimore, May 20, 21 and 22. With Providence, May 24 (twice). To figure out the percentage of a baseball team in a league race, it is necessary to take the number of games won and add the number of games lost and divide the result into the number of games won. Ladies' and gentlemen's coupons will be issued alternately in The Daily and Sunday World. Only one coupon will be accepted from any one person on any one date. Address all coupons and communications to the Baseball Editor of The Toronto World.

Killed by Falling Wall. Amsterdam, N.Y., April 9.—The plant of the Amsterdam Broom Co., the largest independent brush and broom concern in the country, was completely destroyed by fire early to-day. William Sullivan, aged 27, a member of the paid fire department, was instantly killed by a falling wall. He was to have been promoted to captain.

CREATORE DIVORCED. New York, April 9.—In the supreme court yesterday Anna Creatore was granted an absolute divorce from her husband, Joseph Creatore, the bandmaster. Mrs. Creatore testified that her husband abandoned her soon after their arrival here six years ago.

York Springs Water will do your wife more good than medicine—and yet there is nothing medicinal about it. Few women drink enough pure water—the body needs ten glasses a day—less will not cleanse the system of its waste. Too little water causes indigestion, constipation, bad blood, nervousness—common ills with women. Needless ills, because drinking pure water will mostly prevent them. Women like York Springs Water because it is crisp and zestful to the palate, and entirely without the salty taste common to most bottled waters. Any dealer who discriminates can supply you with York Springs Water. Wholesome — Limpid — Refreshing. Ideally Pure York Springs Water is the basis of these beverages: York Springs Water (natural), York Sparks (York Springs Water charged with purified carbonic gas), York Ginger Ale, York Sarsaparilla, York Soda, York Potash Water, York Aperientis (the perfect laxative). YORK COUNTY AND SUBURBS SCHOOLS CLOSED TO-DAY FOR ST. JOHN FUNERAL

Junction School Board So Decided Last Night—Estimates for the Year.

Toronto Junction, April 9.—The business meeting of the Junior City League Shamrock III lacrosse team will be held in the Ranger's Club room on Monday evening.

Thos. Henry Roberts was brought before Magistrate Gilles this morning charged with stealing about \$50 worth of copper and brass. He was sentenced to two years in the Central Jail. S. Lawrence, who was arrested on a \$500 warrant, dated the 5th of September last, for unlawfully forcing an entrance into the Hotel, was fined \$5 and costs or 15 days. He went down.

C. F. Wright let a contract to-day for a two-story brick dwelling on Louisa-street to cost \$2800.

The Consumers' Gas Company continue to treat their Toronto Junction patrons with scant courtesy. The bills for the quarter never arrive in town until within two or three days of the 15th of the month, the last day of grace. The bills have been delivered in the city for several days.

L.O.L. 909 will attend the funeral of the late Hon. J. W. St. John.

The public school board received the report of the principals re attendance as follows:

On Roll	Attendance
Annette-street	497
Western-avenue	395
Carleton	488
St. Clair-avenue	184
Miss F. Walker was granted leave of absence for two months, and the resignation of Miss E. Brown was accepted. The supervisor complained of the irregularity of attendance of teachers during the past month. The estimates for next year were passed as follows: For the use of the property committee amounting to \$13,000. This includes \$4500 for new clothes for Annette-street school, and for the management committee is \$36,550, making a total of \$49,550, this being \$2700 more than last year. There was a supplementary estimate of \$14,000 to add another school or such accommodation as required. A committee was appointed by the chairman of the board, Wm. Harris was recommended to the town council as trustee officer. A resolution of condolence with the family of the late Hon. J. W. St. John was passed. The board will attend the funeral to-morrow in a body, and the schools will be closed.	

Riverdale

Broadview and Riverdale Oddfellows are congratulating themselves on the arrival of a sister Rebecca lodge, which was instituted Tuesday night. And in Dingman's Hall, corner of Queen and Broadview-avenue. The newcomers name is Leona Rebekah Lodge No. 83. I.O.O.F. Much interest was shown by the members of Viola Rebekah lodge who in the amanner in organizing a lodge with 50 members in commencing with. The lodge is in the instituting were: Worthy Bro. W. S. Johnston, grand master; J. B. King, grand secretary; A. H. Blackaby, F. G. R., also sister Mrs. Sarah Smith, vice-president; Sister Mrs. M. A. Pearee, secretary; Sister Assembly of Ontario. A hearty vote of thanks was extended to the members of Viola Rebekah Degree team for the beautiful work done by them. They certainly are a lot of workers. The objects and purposes of Rebekah lodges are to visit and care for the sick, to relieve the distressed, to bury the dead and in every way to assist subordinate and sister Rebekah lodges in kindly ministrations to the families of their fellows. Every true brother is proud of this splendid auxiliary to our order. There is every indication that Leona Lodge will in very short time be one of the strongest lodges in this jurisdiction. The officers for the current term are:

Mrs. Jessie Thompson, N.G.
Mrs. Mary Dudley, V.G.
Mrs. Annie E. Reimold, treasurer.
Mrs. A. Booth, recording secretary.
Miss Hattie Howell, financial secretary.

They will meet the first and third Friday of each month in Dingman's Hall.

North Toronto.
An evening paper Monday announced the sudden death of A. E. Doig of Victoria-avenue, the funeral to be held yesterday afternoon. It was known that Mr. Doig attended divine service on Sunday evening, and the announcement came as a surprise to Mr. Doig's host of friends. However, Mr. Doig assured The World yesterday that he is yet very

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overlook the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morgantown, Ont., writes of her experience with them: "It is with the greatest pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart. I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 60 cents per box or 3 boxes for \$1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

much alive and would like to make the acquaintance of the practical joker who had 50 cents to spare to announce the "death."

The Sunday school anniversary entertainment of the Eglinton Methodist Church, held on Monday evening, was a decided success. The chorus, with the Sunday School orchestral accompaniment, rendered nine selections. Recitations were given by Amy Quinton, Jack Tanner, Sarah Muloney, Margaret Armstrong, Edwin Barnes, Lavinia Hooley, Vivian Black, Mary Karline, Mary Wilshire, Bruce Toy, Margaret Edeand, Harold Warrington, Gladys O'Leary, Elvina Wellwood, Goodless Kirby, Margaret McKendry, Clarence Foster, Margaret Lamb, Irene Stanton, Jack McKendry, Walter Collett, Tommy Munny Bealag Lamb, Jessie Douglas, Lilla Lawrence; solos by Kate Collett, Winnie Lawrence, Estelle Pugsley and Grace Wilshire; The Eglinton Quartet, consisting of: duets by Jack Wilshire and Austin Douglas; mouth organ chorus by several young men; song by the Kindergarten Buttercups and Daisies; also broom drill by the Kindergarten; scarf drill by the young ladies of the school. These last three were exceptionally well rendered and reflected much credit on Miss Nixon, the instructor.

The proposed scheme for the alteration of Avenue and Oriole-roads to run them parallel to College-street received a setback last night, when the committee appointed to handle the matter held a conference with Lawrence Baldwin of the Baldwin estate. Mr. Baldwin declined to concede the land required for the alterations, but made an offer to the committee to sell for \$2500. The committee will suggest that the cost of acquiring the portion of the Baldwin estate should be borne by the property owners who will immediately benefit by the scheme.

East Toronto

East Toronto, April 9.—Residents of the east end of the city and the southern end of the Town of East Toronto are gratified at the announcement by the chairman of the license board of East Toronto that no permit will this year be granted for an hotel on Queen-street facing Munro Park. April 1 was the last day on which application could be made for a license, and none has yet been filed. Petitions for and against had been in circulation for some time. A general meeting of the Halcyon Beach Club has been called for Thursday evening.

All arrangements for the opening of the new septic tank system along the front are completed except for the furnishing of power, and the delay from this quarter is due to the fact that the Electric Light Co. are unable to put down their feed wires. Pending this the city engineer's department will put in a local plant as a temporary expedient.

The G. T. R. are greatly enlarging their yard room and switching grounds. The property committee are considering an application from a city firm for the establishment of a cold storage plant and a hay warehouse. The company want 300 by 100 feet along the G.T.R. Mayor Ross is a warm advocate of tree planting, and at last night's council meeting an order was given for the purchase of 200 more for spring planting.

It is proposed to hold an informal smoker, under the auspices of the East Toronto Conservative Club, at the close of the Dominion and provincial sessions.

Contractor Joseph Hinds has received from J. Enoch Thompson a contract for the erection of a dozen dwellings for the use of the workmen employed in the Toronto Type Foundry Co. The houses will be located near the corner of Isabella and Lansdowne-streets. Sixty members were initiated into the local lodge of the I. O. F. in St. James' Hall. Bro. Nimmo occupied the chair. Another meeting will be held April 23.

Chester

An adjourned meeting of the vestry of St. Barnabas was held on Monday, to consider a report from the committee on the provision of a residence for the rector, pending the erection of a rectory. The idea of the vestry, as expressed in a resolution some months since, is to procure further and adjacent present site, in order that there will be room for rectory, Sunday school and new church later on. If unable to secure the land sought, a suitable permanent site for church and rectory will be sought nearer the main road. Last night the committee reported progress in the advance work taken of the location to present A. E. Hewitson, organist and choir-master, with leather seated weathered oak armchair and oak parish stand.

Scarboro

The report of the rector of the parish of Chester of the work at St. Andrew's Mission during the nine months of its existence shows a continual gradual growth. The average attendance at the morning services was 50, and at the evening services 40, at the Sunday school 65, with 74 on the roll. Being a chapel, St. Andrew's is not organized as an autonomous parish. The pay officials as arranged last week, consisted of an acting warden, approved by the rector, and an advisory committee of eight. Meetings of the committee were held on Monday night, by the Women's Guild last night, with a view to making arrangements for commemorating the centenary of St. Andrew's on St. Barnabas' day, June 11.

Deer Park

The funeral of the late Alfred Hoskin, K.C. took place from his residence, Heath-street, yesterday afternoon, to St. James' Cemetery, and was largely attended by the legal fraternity. The chief mourners were, Mrs. Hoskin, the widow; D. T. Hoskin, brother; Erskine, the son; and Justice Ooster. The Rev. T. W. Paterson, rector of Christ Church, officiated. CHILDREN IN MOURNING FOR BELOVED LEADER

Thousands Pass Casket After Memorial Service in Parkdale Methodist Church.

An audience which filled Parkdale Methodist Church to overflowing gathered last night to do honor to the memory of the late Hon. J. W. St. John. The children from the Sunday school were there in large numbers, with their teachers and adults from the congregation. The children's choir, which was draped with black, and immediately in front of the pulpit, in the body of the church, the casket and remains reposed. The floral tributes over the large audience, under the generalship of Rev. Mr. Hinks, formed into a procession, and with order and quietude filed past the body. Over 2000 were counted.

Rev. W. H. Hinks presided at the service, which was almost entirely carried out by the children of the various church activities with which Mr. St. John had been associated.

Rev. J. A. Rankin read the lesson, after which a quartet sang "Crossing the Bar."

W. F. Mountain, George Blackall, Ivor E. Threlk and Dr. Gilmore were the speakers and all bore loving testimonies to those traits of character which had won for the deceased such high esteem.

At the services in the Speaker's chambers to-morrow the church will have 30 representatives. At 9 o'clock this morning the public will be admitted at the Speaker's entrance at the northwest angle of the parliament building to view the remains of the late Speaker. The body was conveyed, at 10.30 last night, to the reception room, where it lies in a massive mahogany casket. The floral tributes that fill the room are very numerous and handsome.

Among them are elaborate emblems and wreaths from His Honour the lieutenant-governor and Mrs. Clark; members of the legislative assembly (this large wreath overhangs the casket); the Ontario Club; the York and West End Club; the Upper Canada College; Albany Club; provincial secretary's department; Weston municipality; Barrie municipal; members of the Press Gallery; page boys of the house; members of the house; Borden Club; the Speaker and Mrs. Crawford; Hon. Adam Lewis; Hon. A. M. Baneses; Hon. Smith; Dr. and Mrs. G. Sterling; Rev. J. O'Connell; Mr. and Mrs. W. F. Mountain; Mr. and Mrs. Miller; Mr. and Mrs. C. B. Corbin; Mr. and Mrs. D. P. Tolchard; Mr. and Mrs. E. Welsh; Mrs. H. H. Cook; Mr. and Mrs. Arthur Poole; Mr. and Mrs. Edward Lewis; Mr. and Mrs. C. B. Corbin; Dr. and Mrs. Acland Oronyatek; Mr. and Mrs. D. Grant Kirk, Antigonish, N.S.; Mr. and Mrs. Warren; Mr. and Mrs. J. W. Cook; Mr. and Mrs. Joseph Oliver; Mr. and Mrs. George Ross; Mr. and Mrs. Percival Leadley; Mrs. Fish and family, etc.

A deputation of West York voters waited upon Estlin Williams of Lambton Mills, requesting him to accept the nomination for West York for the local house as an independent candidate.

Scarboro

Editor World: I notice a communication from the secretary of the Scarboro Old Boys' Association, published in the paper of the 7th inst. I am the original of the word Scarboro. Now, what has that to do with naming the park? I suppose the manager has decided upon the name as "Rome Beach," does that imply that the property must be of necessity be in or near Italy? Non-sense, dear secretary; be liberal in your views. And, further, you have every reason to feel proud that the enterprising manager has conferred such a tribute upon the old historic town.

ONE OF CRAWFORD'S STORES.

"You can say there isn't any doubt about it at all," remarked J. Crawford, jr., of Crawford Bros., when asked if it was true that his firm had acquired 211 Yonge-street for their tailoring business, but he intimated that his intention was to secure other premises not far away and use 211 exclusively for men's tailoring, while the other store will be devoted to the ladies' tailoring. He said he had got to do that as at present it is impossible to get a place spacious enough to accommodate the business in both branches. The store at present occupied by Crawford at Yonge and Shuter-streets embraces an immense area of floor space. Asked why he had disposed of it, Mr. Crawford said they had received what they considered a good offer and at the same time they had a very promising chance of getting into some premises as suitable as those they arranged to vacate. There had been a lot of keen competition for Yonge-street stores, particularly since the sale of the Crawford store, about six months ago.
