## LABOR'S GOAL OPENS HERE TO-DAY

Big Men of American Federation Gather for What is Expected to be Notable Convention—Feeble Opposition to Gompers.

**To-Day's Program**  
9.30—Delegates assemble at Prince George Hotel and parade to Massey Hall.  
10.00—Provincial and civic welcome in Massey Hall to International delegates by Sir James Whitney, Mayor Oliver and Hon. W. L. Mackenzie King.  
2.00—Opening convention in Massey Hall.

Toronto for the next two weeks will be the centre of labor union activity. At Massey Hall the big convention of the American Federation of Labor will open at 10 a.m. to-day. It is the first time such a massive labor conference has been held in Canada, and for many reasons it may be the most noted convention of the A. F. of L.

**Gompers All the Way.**  
There has been considerable comment in various newspapers and among different labor men as to whether Samuel Gompers, who has practically been the big boss of the A. F. of L. since 1882, will have any opposition this year. J. L. Lewis, president of the miners, James Lynch, president of the printers, James H. Hayes of the Illinois miners, have been mentioned as possible candidates against Gompers, but most significant statement was made by the World by President Geo. L. Berry of the International Pressmen Union as to the strength of Gompers.

**Federation Back of Them.**  
That the American Federation of Labor will endorse the stand taken by President Gompers, Vice-President Altheim and Secretary Morrison in the Buck Stove and Range Company case is quite evident, and a resolution will be passed declaring that the sentence of imprisonment of those officers was unjust and that they had not violated their constitutional rights.

**Leaders Arrive.**  
Samuel Gompers arrived in the city Saturday morning with Vice-President James Duncan and John Mitchell, and Secretary Frank Morrison, and when seen by The World's staff last night Mr. Gompers was said to be eyes on selecting the fifteen committees, each of which will be composed of fifteen of the best men chosen from the various organizations.

**Other Issues.**  
The other issues that will likely be discussed at length will be the internal struggle among the electrical workers, the question of independent political action, Gompers' report on European conditions, jurisdiction controversy between various international unions and probable contests for office.

**Political Questions.**  
As in previous conventions, the political question is sure to be an active part. Up to two years ago the

## FIVE MILLIONS FOR THE C.N.R.

Wm. Mackenzie is Reported to Have Met With Success in the London Market.

**MONTREAL, Nov. 7.—(Special.)**—A cablegram has just been received from London stating that bonds to the amount of five million dollars have been placed in London by William Mackenzie, president of the Canadian Northern Railway, and that this latest success of the president who is now in England will enable the Mackenzie and Mann interests to build at least 500 miles of road yearly from this out.

## 3 UNKNOWN MEN KILLED BY TRAIN

Stepped Out of Way of One in Front of Another Near St. Catharines—No Clue to Identities.

**ST. CATHARINES, Nov. 7.—(Special.)**—Grand Trunk Express No. 19, westbound, struck and killed three men, about a mile and a half from the Great Western Station, just outside of the city boundaries, in the Township of Grantham, to-night. All efforts to reveal the identity of the men have so far proved unavailing.

VICTORIA, B.C., Nov. 7.—Pursued by bears in the Rockies, F. R. Blockberger, a brakeman of the train, at Roundlake, Wis. The robbers drove up in two automobiles and cut off the last five cars of the train, which was on a siding at Roundlake.

## REGRETTABLE DISORDER AT THE PRESENTATION OF DYNAMITE KING

**Where Dynamite King.**  
One year ago The World recorded the progress of a representative over many miles thru the silence of the northern forests to a lake with a name that seemed as mythical as the Indian legends of the country. The journey that has just ended in this quaint little settlement was marked almost step by step with the detonation of explosions which told as loudly as things could better the progress of the battle for nature's buried treasures across a country one hundred miles from Lake Umbagog.

**Unemployed Soldiers To Be Sent Here**  
LONDON, Nov. 7.—(C.A.P. Cable.)—Major Arthur Brodick has just returned from Canada, and with a view to helping the unemployed, proposes to organize a scheme whereby territorial (militiamen) who are unemployed can find employment in Canada and be transferred to a similar Canadian force.

**A FEW MORE DAYS.**  
Things are straightening out in The World's new building. The big new press and two electric drives are about completed; the new stereotype outfit is running; our composing-room is in shape; the business office will have been completed in a few days.

**NOISELESS ELECTRIC CANNON.**  
PITTSBURGH, Nov. 7.—Alexander F. Humphrey of No. 36 Federal-street is the inventor of an electric gun which, he says, is noiseless and smokeless and without recoil. He has built a field-piece to test his theory, and says he can successfully throw a shell with more velocity than one fired by powder.

**TRAVELERS NOMINATE ASSOCIATION OFFICERS**

Name Fenwick For Presidency—Rugby Players Feeling All Right.

HAMILTON, Nov. 7.—(Special.)—The Hamilton branch of the Commercial Travelers' Association met at the Hotel Royal Saturday night to nominate officers and directors of the provincial association. Those nominated were: E. J. Fenwick, president; Col. John Stone- man, vice-president; directors, A. F. Hatch, C. C. Smye, William Bremner, W. H. Dean, G. M. McGregor, P. A. Somerville, H. G. Wright and W. J. Dore.

The Tigers came out of their grueling game Saturday in good shape. Except Sen Simpson, on whom a dead seal was made, was none the worse. Gerald Wigie, the big inside wing, had one of his ears badly torn.

The regular meeting of the council will be held Monday evening and the Calatrax clique will make another attempt to block the election.

The first patient was admitted to the Southern Home for incurable consumption Saturday evening.

Rev. Walter B. Sloan, director of Inland Missions, and Rev. Geo. Litch, pastor of South St. England, preached sermons in the churches to-day. Mr. Sloan spoke at St. John Presbyterian and Central Churches and Rev. Mr. Litchfield at St. George's and the Church of the Ascension.

William Mackie, the young man who was arrested for the murder of Minnie O'Connor, Friday night, and on whom was found a bottle of strychnine and several letters addressed to his relatives, intimating that he was about to end his life, pleaded guilty Saturday morning in police court to threatening and trespass and was remanded for a week for examination as to his sanity.

**Chronic Insomnia And Indigestion**

The One Is Almost Always Associated With And Caused by the Other.

Sleep has been fittingly called "life's sweetest rest." It is a condition in which the voluntary functions such as nutrition, circulation, respiration, etc., go on as usual, while the voluntary powers are in repose, and "the system undergoes a complete rest." No one has ever been known to live longer than three weeks without sleep. It is as necessary in physical economy as food and drink.

Insomnia or chronic sleeplessness is a symptom with which nearly every sufferer from "dyspepsia" is annoyed, either constantly or at frequent and irregular intervals. This inability to sleep normally is a very prominent manifestation of indigestion, and exhibits itself in different forms. In some cases sleep may come at its accustomed time, but it does not bring repose, and the person awakens entirely to soon, and is unable to fall asleep again. In others, the victim lies awake practically all night, tossing and rolling, and finally drops into a troubled and unrefreshing slumber at daybreak. Still others, though they may apparently sleep soundly, are annoyed with the incubus, or nightmare, with its horrors of overwhelming waves, falls from precipitous heights and attacks by infuriated and implacable monsters.

All of these distressing symptoms are traceable to an irritated and enfeebled stomach, and the same is true of grinding, itching and twitching and jerking of the muscles during sleep.

Insomnia is rarely a disease by itself, but is nearly always a symptom of another disease, such as dyspepsia, and in treating this complaint, many persons in their efforts to "woo the god of sleep" resort to the use of such hypnotic, sedative, soporific and narcotic as the bromides, chloral hydrate, Dover powders and even morphia.

No greater mistake than this could well be made, and the reckless use of such drugs has caused many a sudden death, while in other cases, even moderate use has set up an incurable drug-using habit among those who resorted to the use of "sleeping powders."

To cure insomnia or sleeplessness the object should be to remove the cause, and as dyspepsia is the underlying cause in large percentage of cases, no better or safer remedy can be employed than STUART'S DYSPEPSIA TABLETS. By digesting every particle of food in the stomach, the active and exciting cause of insomnia is out short at its source and removed.

These tablets contain only wholesome ingredients, and there is no danger of falling into drug-using habits, from their use. Every sufferer from insomnia should avoid the egregious error of using hypnotic drugs, as they increase the trouble, but only make matters worse in the end.

Begin taking Stuart's Dyspepsia Tablets at once, and take one or two after each meal, and the same number at bed time. It is also well to have a box of these powerful digestives close at hand during the night, so that in case you are troubled with dyspeptic insomnia, uneasiness in the stomach, or any other symptom of indigestion, quick relief may be obtained.

Purchase a package from your druggist at once for 50 cents, and get rid of your insomnia and indigestion, and send your name and address for sample package. Address F. A. Stuart Co., 180 Stuart Building, Marshall, Mich.

**"The Barrier"** Klaw & Erlanger's production of Rex Beach's famous narrative will be presented at the Princess Theatre, this week. The scene of "The Barrier" is laid in Alaska; "The last frontier," as one character in the play is called. The play comes from Flambeau on the Yukon. There are many players involved in the play's unfolding, but the main romance centers in Ned, the daughter of old man Gale, the trader of Klutchan; also Captain Burrell, the Klutchan sent to the United States government to maintain order in the wilds of the falls, and finally drops into a troubled and unrefreshing slumber at daybreak.

**"The Prince of To-night"** makes his initial bow at the Grand Union Hotel, and will also be seen for the first time here in musical comedy. The play comes stamped with the approval of over three hundred nights at the Princess Theatre, Chicago, Messrs. Adams, Hodge and Howard have outdone themselves in this latest production, and have secured a production has been offered anywhere at less than dollar fifty prices.

**Majestic Music Hall.**

Arthur Prince, the English entertainer, and Hetty Urmia, another London favorite, who is said to be a second Vesta Tilley, will dispute the honors of being the headliner at the Majestic Music Hall this week. With a uniformly good bill in the rest of the show they should pick the house all week.

Why Should You Buy Imported Lager

When You Can Get O'Keefe's?

Imported lagers cost more than O'Keefe's "Pilsener" - NOT because they are as good, but because of the duty paid on them.

The Canadian laws are very strict in this respect, although O'KEEFE'S was brewed of these choice materials long before the pure food laws were passed.

The same thing cannot be said of American lagers. "No folks like home folks".

No lager like O'Keefe's "Pilsener" - brewed at home, under home laws, for home use.

Why should you pay more for imported lager - when less money buys such a pure, old, delicious lager as O'Keefe's?

For the first three-quarters it was anybody's game, but in the last quarter the Tigers made a runaway of it.

It was no parlor game, Ottawa lay for Ben Simpson, the mainstay of the Tigers' back division, and the old war horse was laid out once by Stronach, and later by Doc Sherriff.

Near the end of the game he was laid out by Ferguson. He finished the game, however, and covered himself with glory.

It was principally his punting ability that saved the Tigers in the early part of the game and helped them to pile up their big score at the end.

UP TO THE LORDS.

During the debate on the third reading of Mr. Lloyd George's budget bill no vindication seems to have been afforded regarding its fate in the upper house. It left the house of commons with the imprimatur of an unimpaired majority for the government, only two Liberal members declining to take part in the division on hostile grounds. The most noticeable feature of the discussion was the prime minister's insistence that tariff reform was the only alternative to his invitation to Mr. A. J. Balfour to declare himself upon that point. The opposition leader, however, does not appear to have responded, although in his Birmingham speech he committed himself more specifically than ever before to an alteration in the fiscal system of the country.

Pending consideration of the bill by the house of lords, his majesty's faithful counsellors will take a well-earned adjournment for a fortnight. The debate on the second reading will, it is reported, be commenced by the peers on Nov. 22, and will rank among the most momentous in their history and that irrespective of its issue. For if they yield, it commits the country to an entire reevaluation of the land and the preparation of a second domestic tax preparatory to taxation on its true value. If they rejected the bill or require the judgment of the electorate before passing it—virtual rejection for the time being—it may result in far-reaching constitutional amendment. On the other hand approval of their action by the country will radically modify the hitherto accepted practice governing the treatment of money bills and the power of a virtual referendum to compel a virtual referendum. It may also involve a more impartial attitude on their part to all measures coming before them irrespective of the political complexion of the government with whom these originate.

ONTARIO UNIVERSITIES.

While a number of students appear to be deserting the University of Toronto and Queen's University, Kingston, for the Western University, London, it does not by any means follow that this is a reflection on either Toronto or Kingston. The standard is constantly being raised in Toronto, and those who are unable to attain it naturally gravitate towards institutions which afford them another chance. It remains to be seen whether the standard at London will command respect by its severity. The attendance of students is in itself nothing if it is not accompanied by a reputation for scholarship. We believe it is the desire of the Western University to maintain in every particular the high level of Ontario scholastic attainment.

SOME FICTIONAL CLASSICS.

Amid the constant efflux of cheap but admirable reprints of literary treasures many readers have looked in vain for two of the greatest works of fiction that the world has seen. They are Hans Christian Andersen's "Improvvisatore," published in 1835, and Alessandro Manzoni's "I Promessi Sposi," known in

English as "The Betrothed Lovers," published in 1827. Admirable translations of both books exist, but they are not sufficiently known. Manzoni's book is probably the greatest historical novel ever written. It deals with Lombardy about the year 1630.

Italy has been the occasion of three other great novels which may be mentioned in this connection. Of these George Elliot's "Romola" is the best known. John H. Shorthouse's "John Inglesant" is based on the career of the cavalier poet, Richard Crashaw. The third is Edith Wharton's masterly work, "The Valley of Decision."

SPANISH JUSTICE.

More detailed reports of the proceedings at the trial by court-martial of Professor Francisco Ferrer, unfortunately for the Spanish authorities, fully justify the charge that a grave miscarriage of justice occurred. No witnesses appeared in person, only their depositions were submitted. No opportunity was afforded the accused to test the trustworthiness of the depositions, or to cross-examine them, and there is no means of knowing how the depositions were obtained. Even these were not explicit, were largely repetitions of hearsay obtained from unnamed persons and the greatest doubt exists concerning the authenticity of the documents with which Ferrer was sought to be personally associated. All this coupled with the previous attempt made to have Ferrer tried outside the regular process of civil law throws serious doubt on the good faith of the Spanish government.

Contrariwise Professor Ferrer gave distinct and circumstantial explanations of his movements during the rioting at Barcelona, and explicitly denied all personal knowledge of the crime then committed. He expressed his own aversion to the use of violence, and affirmed that it was wholly repugnant to his own convictions, and to the spirit of his teachings. But he was given no chance to produce exculpatory evidence, though there is good reason to believe that had this elementary privilege been accorded, such could have been obtained. In these circumstances the condemnation and execution of Professor Ferrer must be pronounced an outrage deserving of the severest censure. However abhorrent the secular aspect of his educational system may have been it was due, in part at least, to the special form clericalism has assumed in Spain. But at the worst it offered no justification for the failure to extend to him the consideration which modern civilization requires in the case of every prisoner, whatever the crimes of which he stands accused.

SOME MEN AND WOMEN SUFFRAGE.

Careful observation is said to have resulted in the discovery that many men who object to woman suffrage, belong to two classes—those who bully their wives, and those who are henpecked. Men who find themselves equally mated, with intelligent and reasonable women, have not the slightest hesitation about placing their wives on an equal footing politically with themselves. When men fulminate against female franchise, attention is necessarily directed to their domestic conditions in the absence of more reasonable explanation.

ALCOHOL UNNECESSARY DANGEROUS TO LIFE

Findings of the Twelfth International Congress at London—Two Auxiliaries Organized.

WASHINGTON, Nov. 7.—Alcohol and alcoholism are two of the real and substantial enemies of moral, artistic and commercial progress of the human race, according to the report of the Twelfth International Congress on Alcoholism, made public by the state department today. The congress was held last July in London, England, and twenty-five governments were represented, the delegates of each concurring in the general finding that alcohol not only was unnecessary to human life and comfort, but was inimical to both. Three departments of the United States government were represented by the twelve delegates, the state, navy and treasury.

While the congress urged the necessity of imposing the most rigorous restrictions on the sale and traffic in alcoholic liquors, it regarded as equally important the need of educating the younger generation to a true knowledge of what alcohol is and what its effects upon the human system are. Mrs. Edith Smith Davis of Milwaukee, Wis., superintendent of the World's and National Christian Temperance Union, and one of the American delegates, urged the necessity of getting to the root of the matter by compelling the curricula of normal schools and universities to include such education. The chief justice of England, Lord Alverstone, announced that in his belief 90 per cent. of the crimes passing under his observation were due to drink.

Judge Pollard of St. Louis, Mo., won the support of the delegates from twenty-three countries for the adoption of his plan, involving first offenders signing a pledge to abstain for one year. If the probationers fail to live up to their pledge they may be arrested and summarily sentenced. The knowledge that one drink may mean a prison sentence kept many a man straight until he had time to collect himself. The principle of the plan was regarded as admirable, and 400 delegates urged its adoption by the various governments of the world. The meeting resulted in the organization of two new auxiliaries. One is the international prohibition federation, which proposes to wage an educational campaign among adults, and the international abstaining teachers' union, a society composed of teachers in the public schools and universities.

PRESENTATION TO M. E. ZEPP.

A pleasant function occurred Saturday afternoon in The World office, when Maynard E. Zepp, circulation manager, was presented with a congratulatory address and a smoker's chair by the staff, to celebrate the occasion of his marriage to Unda Olive Snarr, at the home of the bride's mother, 33 Dundonald street, and to express the esteem in which he is held by his colleagues. The presentation was made in felicitous terms by J. S. Crate of the editorial staff, and Mr. Zepp made a happy reply.

AT OSGOOD HALL.

ANNOUNCEMENTS.

Motions set down for single court for Monday, 8th inst., at 11 a.m.: 1. Ideal v. Ray. 2. Rev. Dr. Wilson v. Board of Trustees of Sturgeon Falls, for divisional court for Monday, 8th inst., at 11 a.m.: 1. Dominion Express v. Maughan (2). 2. Mandley v. Monck (9). 3. Robinson v. Robinson (10). 4. Graham v. Laird (21). 5. Affleck v. Haisted (42).

Master's Chambers.

Before Cartwright, K.C. Master. Toronto General Trusts Corporation v. Robins, G. Carr & Co., for plaintiff, moved to strike out statement of defence of the Robins for default in making production. D. O. Cameron, for the Robins, contra. On affidavit being filed in two weeks motion dismissed with costs to plaintiff in any event. Defendants to take one week's notice of trial. Moore v. City of Toronto—H. T. Beck, for plaintiffs, moved to amend statement of claim. C. M. Colquhoun, for defendants. Order made. Costs lost or occasioned by this order to be to defendants in the cause unless the trial judge otherwise orders. Defendants to have a week to plead as they may be advised.

Judge's Chambers.

Before Riddell, J. McCull v. Carr & Co.—W. Laidlaw, K.C., for defendants, on appeal from master-in-chambers, dismissing motion for particulars. W. E. Middleton, K.C., for plaintiff. Judgment: I agree with the result arrived at by the master. The appeal will be dismissed. Costs to the plaintiff in any event. Kelly v. Ross—H. M. Mowat, K.C., for defendants, on appeal by defendants from order of the master in chambers in a libel action holding that the trial must be confined to those accusations of which plaintiff complains and his whole conduct for years past cannot be scrutinized and called in question. W. R. Wadsworth for plaintiff. Judgment: It may be that the defendant is entitled at the trial to have the whole of the publication read, if so, he does not need the pleading. I do not need to pass upon the somewhat perplexing question whether general evidence of the plaintiff's bad character or rather reputation could be given in evidence in mitigation, nor need I enquire whether in order to mitigate damages particular facts may be given in evidence tending to show the character and disposition of the plaintiff. Apparently such evidence cannot be given, as it stands the plaintiff is left to fight out the facts which the defendant desire to prove as detrimental to his reputation. The pleading is bad and the order appealed from is right. The appeal is dismissed with costs to the plaintiff in any event.

Single Court.

Before Teetzel, J. Board of Public School Trustees for S.S. No. 1, Sturgeon Falls v. Town of Sturgeon Falls—J. A. Paterson, K.C., for plaintiffs, moved ex parte for an injunction. Injunction restraining defendants from paying over to the board of separate school trustees for S.S. No. 1 of Sturgeon Falls, the amount of Judge Vallin's award being \$1197.67, or any part thereof until Thursday, 11th inst.

Before Riddell, J.

Wilson v. Sons of England Benefit Society—W. A. Henderson, for plaintiff. S. W. Burns, for defendants. Judgment: One Wilson became in 1905 a member of defendant society in its beneficiary department, receiving a beneficiary certificate which directed the payment of \$1000, in case of his death to plaintiff, his wife. He was at the time a carter, but later became a brakeman of freight trains without notice to defendants of this more dangerous occupation. He was killed in a collision. This is a case stated under O.R. 372 for the opinion of the court whether the defendants are liable to pay the amount or any part of the amount secured by the beneficiary certificate. Wilson agreed that compliance on his part with all the laws, regulations and requirements which are or may hereafter be enacted by the society, is the express condition upon which he is to be entitled to participate in the beneficiary fund, etc. The answer to the question must be that the defendants are not liable at all. The plaintiff will pay the costs.

Firebug Pleads Guilty.

BARRIE, Nov. 7.—Richard Henry Price, who has pleaded guilty to setting fire to the saw-mill of Hamilton Bros., at Glen Huron, on Thanksgiving Day, causing a \$10,000 fire, wants to appear before the county judge for sentence, although he made his plea of guilty before Justice of the Peace Smith of Glen Huron. Price was raised in the Township of Melancthon, the place that became famous for its fire-bugs a few years ago.

Contract for Stonework.

T. V. Gearing and the firm of Nicholson & Curtis have formed a joint partnership for the purpose of completing the stonework in the walls of the ruined portion of the parliament buildings. The World understands that an open contract has been given to them, and the profits are payable on a 10 per cent. basis. No limit stipulated.

NORTH TORONTO ELECTS JAS. PEARS TO COUNCIL

Big Vote in Saturday's Contest—George H. Reed is New Inspector—County News.

NORTH TORONTO, Nov. 7.—(Special.)—One of the hottest contests in the history of the Town of North Toronto resulted in the return on Saturday of James Pears over J. W. Brownlow by a majority of 127 in a total vote of 621.

Among the supporters of Mr. Pears the idea that a vote for Mr. Brownlow meant the immediate installation of the sewerage was sedulously cultivated, while a great deal of the former's strength was admittedly obtained from the small holders who have always been opposed in an event to the putting down of a sewerage plant.

What the incoming council will do is largely a matter for speculation. Mr. Pears at the nomination meeting emphasized the need for sewerage and stated his intention, if elected, to secure the services of expert engineers to examine into the whole matter.

The election of Mr. Pears breaks the deadlock which had existed since the passage of the bylaw and constitutes a majority in the council of those opposed to the general rate as against the local improvement. The whole matter will now be reopened. What action will be taken by Councillors Burnaby, Howe and Ford, who a short time ago tendered their resignations, is not known.

Church, Spadina-avenue, have been presented to the Church of St. Michael and All Angels, for use in their church. This valuable gift on the part of Rev. R. J. Moore, and the wardens in Margaret, is deeply appreciated by the Wynchwood congregation and adds very considerably to the furnishing of their church. A number of smaller articles were included with the above.

EAST TORONTO. Big Questions Will Be Discussed at To-night's Meeting in Y.M.C.A.

EAST TORONTO, Nov. 7.—The ratepayers of East Toronto will meet to-morrow (Monday) evening at the East Toronto Y.M.C.A., corner Main and Gerrard-streets, to discuss improvements of which the town stand badly in need at present.

Mail boxes, single fare, the Bloor-street viaduct, and the improvement of Danforth-avenue will come up. The first of the hunters has returned from Nogoosh, and from reports which have been brought in it may be expected that a large bag will be in evidence at the game supper to be held on the 23rd of the month.

It is hoped that the authorities will endeavor to put a stop to such tricks. Wm. Anderson returned yesterday from a week's visit at Niagara Falls.

WEST TORONTO. WEST TORONTO, Nov. 7.—The inter-church athletic meet held at the Uttery grounds on Saturday, was a new idea which turned out most successfully.

On Saturday about 2:30 p.m., a ten-year-old boy named Fred, Gracey sent in a false fire alarm from box 10. He was arrested and taken to the Children's Shelter. This is the same lad who on Aug. 6, 1908, accidentally shot and killed his little playmate Howard Sharpe of Marie-street, while the two youngsters were amusing themselves with an old rifle.

There was a large attendance at the commission service this morning in High Park-avenue Methodist Church. The sermon was preached by the pastor.

GEORGE H. REED GETS IT.

Warden Henry on Saturday officially confirmed the appointment of George H. Reed, principal of Markham High School, to the position of inspector of public schools in South York in succession to the late Mr. Foxborough.

"Bronchitis"

is generally the result of a cold caused by exposure to wet and inclement weather and may be recognized by a tightness across the chest, sharp pains and a difficulty in breathing, a secretion of thick phlegm, at first white, but later of a greenish or yellowish color coming from the bronchial tubes when coughing, especially the first thing in the morning.

Miss Martha Bourget, Little Pabos, Que., writes: "Last spring I was very poorly, had a cough, was very sick, headache, could not sleep, and was tired all the time. I consulted two doctors, and both told me I had bronchitis, and advised me to give up teaching. I tried almost everything but none of the medicines gave me any relief. One of my friends advised me to try Dr. Wood's Norway Pine Syrup. I had scarcely taken the first bottle when I began to get better and when I had taken the fourth bottle I felt as well as ever, my cough had left me and I could sleep well."

The Sign of the SLATE

THERE are now four different kinds of Shoes made or sold by people whose names are "Slater."

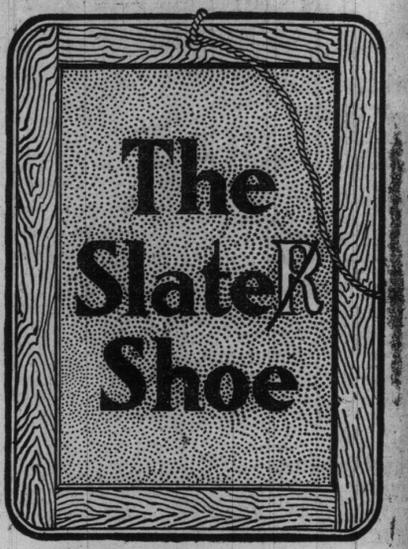

Some of these are good Shoes, some are different—and some are very indifferent. None of them is the genuine 1869 "Slater Shoe" which has the Slate mark and the makers' price stamped on the soles or linings to prevent overcharge.

Many Shoe Retailers now buy a few dozen pairs of these "near-Slater" Shoes so as to be able to answer (when asked for "The Slater Shoe") as follows: "Oh, yes, we have Slater's make of Shoes" or "Slater's Shoes."

Now, the Courts have ruled that we (The Slater Shoe Co., Limited) have sole and exclusive right to use "The Slater Shoe" as a brand established by our factories through years of use.

And, we don't waive a single point upon that right. But, to protect the public against deception and fraud, we henceforth accent the Slate in our brand.

When you want the original 1869 "Slater Shoe," with the makers' fixed price stamped on it and the makers' guarantee behind it, that is made of the best materials throughout, by the Goodyear Welt process which insures comfort and durability, look for the Slate mark on the sole or lining of a genuine

Markets Will Be Nervous Till Confidence is Restored

Latest Break in La Rose Induces Further Lack of Confidence in Cobalt Securities.

World Office, Saturday Evening, Nov. 6. With the official announcement on Tuesday that the La Rose dividend would be cut in two to make provision for the development of the Lawson, Violet, Bopitt and other claims held by the company, the cloud which has been hanging over the stock for some time burst. Rumors have been rife for some weeks past that the company was making shipments which are being made from this mine could not be kept up for any length of time, and it must be admitted that these were a plausible appearance. In addition to this, certain New York brokerage houses, whose plan of campaign seems to be the promotion of Cobalt, and sounding of coppers, sent circulars broadcast thru the country, with statements detrimental to the La Rose Company's operations. These were undoubtedly taken with a grain of salt by mining followers in general, and it is only natural that a certain amount of doubt and suspicion should have been aroused.

Meanwhile the street was in a quandary as to what the immediate future of the security might be, but with the developments early in the week, this was dispelled. While the report of the new directors came as a shock to market followers, it was generally everywhere accepted as an action which is altogether in the interests of the shareholders and no doubt is expressed but that, with active operations upon the several properties, which up to the present have only been scratched, La Rose will be in a better condition from every standpoint, both to the investor and the speculator.

With the opening of the market on Wednesday, liquidation of La Rose stock was very pronounced, the shares being realized on even more largely than during the last week. It is being generally held that the stock is being sold at a rapid rate since the decline of last month, was thrown in to the market in great volume and was disposed of at a scale downward, but for every speculator who was unloaded, there appeared an investor ready to buy, and with the absorbing power about equal to the offerings, the decline was checked and a rally ensued. The opening of the market, irregularity has marked operations during the balance of the week and a new tendency is looked for by traders until confidence is once more restored.

It is quite clear that the La Rose Company will be run on conservative lines in the future. The properties are to be developed with all possible speed and the La Rose mine proper relieved from the unreasonable burden of paying dividends and development costs for the other claims at the same time. There is considerable feeling that the former New York management for its methods of handling the property, while the action of the stock when the recent drive was on, is taken to indicate that some one had received inside information and did not hesitate to take advantage of it. The immediate reduction of the dividend by the incoming Montreal directors was the only proper step under the circumstances, is generally believed and Mr. McPherson and his associates are praised for their courage in so doing, despite the inevitable desire of those who had been caught in the break which followed, to blame somebody.

Local brokers are undecided as to what figure the stock will be held at by the supporting interests, but that it will be maintained at or close to a fixed price, all are agreed. Manipulation may temporarily put quotations in any other manner which but the consensus of opinion is that it will be held around par. Meanwhile many weak accounts have been disposed of during the recent shake-up, and the stock is now probably more strongly held than for some time.

The break in La Rose has, to use a colloquialism, given the market a black eye. Confidence in the Cobalt securities has not tended to be increased by the severe slumps, the contrary considerable disgust has been expressed at the recent actions of the market. While an ever more heartened interest has been shown in the worst it is out, however, it will be natural for a slight improvement to occur and the any upward movement will probably be very slow, should any change for the better be in evidence the speculative demand will be materially bettered.

There have been no developments of much interest in the general list during the past week, trading has been conducted in a rather haphazard way at times, while the outstanding prices have been slightly lower. The higher prices realized in certain sections of the list have been more due to manipulation than to any other cause, and it is not generally believed that these can be maintained.

In the natural order of things, the general tendency of the market was to ease off after the extent of the movement in La Rose was observed, and Nipissing being in close affiliation with the latter sold off in sympathy with it, while Kerr Lake and Trethewey were also quoted lower, though in no way the loss of such moment. The lower priced issues were generally dull and fluctuations were too narrow to call for much comment.

The immediate future of the market promises to be of an irregular nature. The past week's developments have been of the most encouraging nature to those interests which had been somewhat enthusiastic over the winter prospecting for this fall and winter. While now that the spark of confidence has been kindled, speculation will probably be of a none too bright character. In this absence of some development of sufficient importance, market-wise to stimulate the speculative desire in all classes of Cobalt securities, trading in these issues is likely to be of a hesitating character, without pronounced movement of any account. Meanwhile a moderate upward movement is looked for in most of the speculative issues, provided no material liquidation comes into play.

Taxicabs and --- A BIG FEATURE

Some Serious Talk

The great majority of human beings pass through this world leaving the bulk of their work half done.

They are good starters---but---they never finish. Many an opportunity presents itself, which they let pass by---and forget.

Until---some day they meet the person, who grasped the opportunity they neglected, wearing that satisfied look and general air of prosperity which goes with success.

And then---they can say with the Judge, "It might have been."

Opportunities Pass They Win --- Who Act

The opportunity that is here--- To have the courage of your convictions is to do that which reason---common sense --- logic and past precedent teach you to be for the best.

Grasp it while you may. Taxicab \$6.00 per share is the opportunity which someone else will take if you do not, for it has big earning power.

In the short space of seven months, with only a partial equipment, Toronto's taxicabs have proven their earning ability to the point of justifying the declaration of a dividend of 2 1/2 per cent. quarterly, or 10 per cent. per annum, beginning January 1st, 1910.

With a larger equipment of Taxicabs, and the further development of the commercial motor side of the business, you can figure out for yourself the great possibilities of the Taxicab Stock at \$6.00 per share, par value \$5.00.

Your Opportunity is Here

The limited amount remaining of our offering of Stock of Berna Motors & Taxicabs, Limited, is being rapidly taken up.

If you are lucky---and want to make your money earn money---you will secure some of the shares before they are gone.

The one bright feature of Prospectors' Exploration & Development Co. is that while the company already owns fourteen properties on which fifteen men are at present engaged in stripping the veins, they will again next spring send out more prospecting parties in search of claims for their shareholders. So that next year, the Company, with the same capitalization of \$350,000 will likely secure as many additional claims as they now hold, at no further cost than the services of the prospectors who secure them. In the meantime companies will be formed to buy the present holdings of the Company, the receipts from such sales going to this Company. The total capital is \$150,000, of which only \$20,000 has already been issued. The price of the present issue is 20 cents per share. Within the next few weeks the superintendent in charge of the properties will arrive in Toronto with samples of ore and a full description of the work done, which we have already been informed is highly satisfactory.

Compared with companies capitalized at \$1,500,000, with only one claim, and selling at 35 cents per share, this Company's stock should be worth at least \$1.50 per share.

We can prove our contention if you care to discuss the proposition with us. We consider it the best offering on the market.

7% Cumulative Preferred and Profit-Sharing Stock, in Shares of \$100 each, in the SIEMON COMPANY LIMITED

Authorized Capital, \$1,000,000. Divided as Follows: 5,000 Shares of \$100 each Cumulative Preferred and Profit-Sharing Stock \$500,000.

Directors: J. C. SIEMON, Toronto, President. W. R. TUDDHOPE, Toronto, Vice-President.

J. L. SIEMON, Warton, President The Siemon Bros. Limited. E. R. TATE, Lakefield, The Lillierap-Tate Lumber Co. Secretary.

Head Office: Toronto. Plants: Warton, Lakefield and Parry Sound. The Preference Stock is preferred as to Assets and Dividends, and will share equally with the Common in any dividend in excess of 7 per cent, if the Common Dividend is 7 per cent or more.

Why I recommend the purchase of the Siemon Company, Limited, Stock. The Siemon Company, Limited, was formed under the laws of the Province of Ontario to acquire several successful manufacturing plants and sawmills that have been long established, and several extensive timber limits to assure the supply of raw materials for the next fifty years, and to further develop the important hardwood flooring business, which will employ small capitalists to utilize what cannot be used for flooring constitute the Company's output.

There will be no bonded indebtedness whatever. A conservative valuation of the timber to be cut on the limits in excess of \$1,000,000, covers the entire capital stock of the Company.

Dividends will be payable on Preferred Stock half-yearly, on the 1st of June and 1st of December of each year. Subscriptions will be received by The National Securities Corporation, Limited, The Empire Securities, Limited, Benjamin Burland, Broker, The National Securities Corporation, Limited.

\$5 Silk Moirette Petticoats \$2.49

THESE Skirts are "fitted" skirts—the hips fit very smoothly close.

As you, of course, know, as well as we do, the styles this winter will continue to call for the least possible fullness around the hips.

100 Ladies Petticoats, of finest quality silk moirettes, sky, rose, wisteria, reseda, Alice, brown, navy and black; made in various new and attractive designs; mostly imported models; deep flounces of accordion pleating, tucking and fancy stitching; others with the new yoke effect at hips. Lengths 35, 40 and 42 inches. Regular value \$5.00. Tuesday \$2.49.

Suits, Coats, Skirts

EVERY woman should have her winter wardrobe complete by now. But has she? Have you? Remember that our Cloak Department stands aye ready—it is your wardrobe in common with thousands of other fashionable women just as soon as you choose to call its services into requisition.

LADIES' SUITS AT \$25.00. Two styles Ladies' Suits, of imported broadcloth; colors are rose, black, navy, green, brown and purple; coats are 36 or 40 inches in length, semi-fitting, lined with silk serge; new flat collars, trimmed with buttons or braids; smart stylish suits, \$25.00.

LADIES' WINTER COATS. Smart Winter Coats, of fine quality kersey cloth, in navy, black and green, long semi-fitting back, shaped side gorges giving panel effect, high military collar, trimmed with velvet and jet buttons, \$18.75.

BLACK WOOL SKIRTS. Handsome Skirts, of good crisp quality black wool, full flare gore style, trimmed with satin strappings, buttons and loops, \$10.00.

Sample Net Waists

We are clearing on Tuesday 150 Sample Net Waists, in white, coral and colors, also a few blacks, all sizes in the lot up to 42 inches, fifteen distinct styles, comprising a choice for everybody. They are all lined silk, and have been selling regularly at \$2.98, \$3.98, and a few at \$5.00. Tuesday, to clear, \$2.50.

Special Sale of High-Class Suitings

A special purchase of 5000 yards Fine Imported Broadcloths, Wide Wale English Worsted and Diagonal Weaves, English Serges and Cheviots, in medium and wide wale weaves; weight in each line suitable for suits and lounge coats. The color range is almost complete; the newest shades and lots of black are shown. Qualities are guaranteed first class; nice tailoring materials; thoroughly sponged and shrunk; 52 and 54 inches wide; regularly selling in this store at \$1.00, \$1.25 and \$1.50. Monday, special, per yard, 85c.

The Little Folks' Wardrobe

WE have one of the best appointed departments for babies anywhere. We are going to hold a Babies' Day on Tuesday. If you want anything for the baby, here's the place. Let us mention a few things which it would be to your profit to procure here:

Flannellette Slips, fine soft white flannellette, well made, trimmed and finished. Special values, 50c and 65c.

Long Skirts and Narrow Coats, made of fine white flannellette or all-wool cream French flannel, cambric and quilted waist, some are silk faced. Special values, 35c, 75c, \$1.25 and \$1.50.

Morning Jackets and Wrappers, white flannellette or fancy velours flannellette, shawl stitched edges, ribbon ties. Special values, 25c, 65c, 75c.

Coats, several warm materials, in light and dark cardinal, navy and green, pretty styles, beautifully made and finished. This lot was late in being delivered. You can save one-third of their real value. Marked at \$2.00, \$2.50, \$3.00 and \$4.50.

A range of Knitted Novelties and Playthings, including dolls, animals, rattles and several others. Priced from 25c to \$5.00.

In the Curtain and Interior Decorating Dept.

A TOUR OF INSPECTION

THE Drapery Department occupies practically the entire fourth floor of the New Building, the Carpet Department taking up the old part.

First the Silkoline Section

At 15c a yard. For screen filling. Small Curtains. Secondary Bedroom Curtains. Dressing Tables. These goods will wash. The designs may be just as good as in higher-priced fabrics, but, the material being of a light transparent cotton, you obtain a very nice effect at trifling expense.

Designs include Japanese, English and American designs (including some of the famous Colonial Fabrics).

People buy these goods 50 and 60 yards at a time to decorate entire rooms. In two or three months they change the scheme of decoration, and silkoline is so inexpensive it does not work out as an extravagant idea at all.

We have patterns, a really wonderful choice, at 15c a yard, 36 inches wide.

Art Sateen is Close By

A little heavier than silkoline, and not transparent. 15c to 35c a yard. 32 to 36 inches wide. Sateen is useful for bed comforters, being down-proof. For cushions, bedroom boxes, etc.

Cretannes Will be Always Popular

Hard open meshed effect, 40 inches wide; we sell them plain for stencilling or already printed in stencilling designs, or we'll do the stencilling here in the store to your own or our own design. In Colonial Serges alone we show 400 variations of design or coloring.

Madras for Curtains

A lacy sort of transparency in colors. 35c to \$1.00 per yard. 36 inches wide. We have plenty of choice.

Denims—Good Serviceable Denims

If you want wear buy Denim. Plain, 25c yard. Figured, 40c yard. Greens, browns, blues, tans and red. For furniture covering, curtains, portieres, cushioned seats—anything to stand the wear. Dyed burial a little coarser, 18c a yard, 35 in. wide.

Screens for Stencilling

Hard open meshed effect, 40 inches wide; we sell them plain for stencilling or already printed in stencilling designs, or we'll do the stencilling here in the store to your own or our own design. In Colonial Serges alone we show 400 variations of design or coloring.

Silk Draperies for Drawing Rooms

Tapestry, Velours, Molts Silks. \$1.50 to \$2.50 per yard. Rich, subdued colors—French woven and dyed for lining window curtains and portieres. 4 Greens, 2 Champagnes. Many different designs in each color scheme.

Satin de Jean, \$1.35

A soft, satiny fabric for delicate effects. A plain cloth for stencil or applique work. Greens, terra cotta, red, fawns and blues.

For Side Curtains

Velours, \$1.50 to \$5.00. Monk Cloth, \$1.25 to \$1.50. Serges, 65c to \$1.25; Velours, \$1.50; Damasks, \$1; Repps, \$1.25; Cotton Repps, 60c. Some really stupendous effects are shown in this section.

Tapestries for Wall Panelling and Upholstering

Nottingham, 50c to \$4.00, 100 patterns. Swiss Appliques, 200 patterns, \$4.00 to \$10.00. Paisley, 100 patterns, \$5.00 to \$10.00. Rattensburg, 150 patterns, \$4.00 to \$10.00. Paisley, 100 patterns, \$5.00 to \$10.00. Marie Antoinette, \$8.00 to \$12.00.

Shades and Fixtures

We have a section devoted to all the window accessories, curtain poles, brasses, rings, rods, extension rods, shade cloths for blinds and so forth. Come to us when you want curtain stretchers, or anything else in connection with your windows.

When You Need an Overcoat

THE Men's Store stock means that an expert has picked over all the different lines the manufacturers turn out, and selected those that appealed to his experienced judgment the very best value for the money, in each different style and grade.

Stores which confine themselves to their own or to some one factory or other cannot offer their customers this inestimable advantage—their pick of the choicest all-Canada production.

We can, and we do.

Here are the best overcoats we can procure in this country:

Men's Chesterfield Overcoats, black, heavy, soft finished chevots; newest style of coat; velvet collar, centre vent in back. Very special value, \$15.00. Men's Black English Melton Overcoats, made with raised seams, broad nicely moulded shoulders, cut and tailored in plain Chesterfield style, dressy, \$12.00.

Dollar Per Garment

We mention two splendid lines out of an overflowing stock.

Stanfield's "Red Label" Extra Heavy Ribbed Underwear, for men and women, of the best Nova Scotia wool with a lock-stitch which prevents raveling, and rendered absolutely unshrinkable by a secret process; sizes 32 to 42. Per garment, \$1.00. "St. George" Heavy Wool and Camel-hair Undergarments, natural shades, a new production of unshrinkable winter wear, with a double breast; sizes 34 to 48. Per garment, \$1.00.

Indian Grass-Trimmed Buckskin Moccasin Slippers

120 pairs Buckskin Moccasin Slippers, trimmed with Indian colored grass, cuff top, for house wear, etc.—Men's, regular price \$1.50. Tuesday 50c. Women's, regular price \$1.25. Tuesday, 45c. Misses', regular price \$1.00. Tuesday 35c. Child's, regular price 75c. Tuesday 25c.

LADIES' PATENT COLT BOOTS AT \$2.29.

1000 pairs of Ladies' Patent Colt Boots, creased vamp, dull matt Blucher tops, flexible soles, Cuban heels, all sizes, 2-1/2 to 7, regular value \$3.75. A special purchase from Montreal, selling Tuesday at \$2.29.

A Wealth of Winter Muslins

WE HAVE built an aisle of Beauty on the Second Floor. It is bounded on either side by a brilliant display of muslins for evening wear. It is a spot suggestive of a whole campaign of evening triumphs. To give things a decidedly practical turn to-morrow, we are going to make some special prices, prices that will be bound to interest you. Cotton has just simply jumped lately, and no wonder there is a shortage. In many respects cotton is the most popular material of to-day. On the Second Floor, Queen and Yonge Streets sides.

Best German Velours, large check designs, special for gents' dressing gowns, smoking jackets, etc. Regular price 35c, for 25c.

Cashmerettes of all kinds, fine twills for all the best patterns, such as dots, stripes, and fancies; the largest collection in Canada, 12, 12-1/2 and 14c.

Serpentine Crepe, the leading cloth for kimonos, dressing jackets, etc., dainty floral and Japanese designs, also plain colors, white, cream, black, green, fawn, wisteria, mulberry, etc. Regular 25c, for 23c.
