BRITISH CAPTURE SLOPES OF GREENLAND HILL

Advance is Made on Front of Mile North of River Scarpe, Taking Nearly Two Hundred Prisoners—French in Fierce Battles North of Chemin des Dames Repulse German Attacks—Anglo-Franco-Belgian Artillery Continues Heavy Bombardment on Front Between Ypres and English Channel.

FRENCH REPEL GERMANS AT LAON ROAD

Fierce Battle Proceeds North of Chemin-des-Dames.

ENTER SOME LINES

German Get Footing in Salient—Duel Takes Place in Belgium.

Paris, June 6.—The official statement issued by the war office tonight says that the German attack on the Chemin des Dames, where they attacked on the front of the Chemin des Dames, was repulsed. The enemy attack, repulsed in its entirety, was not able to reach our front except at a point south of Elain. In the neighborhood of our front, some French elements of the first line remained in the hands of the enemy, but everywhere else our assaults were driven back to their own trenches.

DISORDERS IN NORWAY OVER FOOD SHORTAGE

London, June 7.—A despatch to the Central News from Christiania says that great demonstrations against the unsatisfactory food situation were held throughout Norway Wednesday. The government, with a view to preventing rioting, prohibited the sale of alcoholic beverages for three days and as a result of this order the restaurants were closed.

RUBBER HEEL MAY AFFORD CLUE TO GUNNER PAYNE'S MURDER

London, Ont., June 6.—A half-worn rubber heel torn from a man's boot was the one clue discovered by the police today that may bring to justice the murderer of Gunner Harold Payne, of the 53rd Battery, whose body was found this morning at 8 o'clock in the lonely woods on the farm of Wesley Sheoebotham, between the sixth and seventh concessions of London township.

DAYLIGHT SAVING WILL BE IN FORCE THROUGHOUT CANADA

Federal Legislation Will Require All Clocks to Be Put Ahead One Hour on Appointed Day.

Ottawa, June 6.—The government has decided to put in force daylight saving throughout the Dominion. Sir George Foster has given notice of legislation to put all clocks ahead one hour on a day to be fixed later, and keep them so throughout the summer. Daylight saving has been adopted in previous years by municipalities in Canada, but was not so successful as it would have been had the system been general, as it will be under the government legislation.

BETTING ON HORSE RACES PROHIBITED DURING WAR

Order-in-Council is Passed By Dominion Government Which Probably Will Put an End to Racing in Canada.

Ottawa, June 6.—An order-in-council has been passed by the government forbidding public betting at Canadian race tracks during the continuance of the war. The order does not apply to spring meets which are now being held on the Canadian circuits. It is probable that the order will put an end to betting in Canada so long as the betting prohibition is effective.

GERMANS SET FIRE TO INTERNED STEAMER

Cap Vilano Was Transferred Yesterday to Brazilian Flag at Pernambuco.

Pernambuco, Brazil, June 6.—Germans last night set fire to the steamer Cap Vilano, which was transferred yesterday from the German to the Brazilian flag. The steamer is the second largest of the interned German merchantmen in this port.

ALL MUNITION WORKERS TO GO BEFORE DOCTORS

Single Ones Fit for Overseas Service Will Be Notified of Their Dismissal.

Ottawa, June 6.—Single men of military age employed in Ottawa by the imperial munitions board, with no dependents, have been requested to present themselves for medical examination at the base recruiting office here. Any physically unfit for service overseas will be retained on the staff, but the others will be notified that their services are no longer required. The board will also order 5000 out of the 6000 on its inspection staff through Canada to present themselves for examination. The other 1000 are returned soldiers. Medical examination of the staff in Ottawa began today.

STOCKHOLM MOVE DOOMED TO FAIL

Socialist Conference Will Lose Great Part of Prestige.

Paris, June 6.—The socialist conference at Stockholm, without the participation of American, Italian and French delegates, will lose a great part of its prestige, said Jules Cambon, general secretary to the ministry of foreign affairs, today.

ACTIVITY CONTINUES IN WYTSCHAETE AREA

Germans Report Situation Keeps Tense—Fighting Above Aisne.

Berlin, June 6, via London, June 7.—The German evening communication says: "The tense situation in the Wytschaete sector continues. On the Chemin des Dames infantry engagements have taken place, which were successful for us. Otherwise there is nothing new to report."

CAUCUS LIKELY TO DETERMINE UPON ELECTION

Laurier Understood to Have Definitely Refused Offer of Coalition.

LEGISLATION REQUIRED

Liberals Are Prepared to Obstruct Passage of Federal Franchise Act.

Ottawa, June 6.—It is understood that Sir Wilfrid Laurier definitely notified the prime minister today that he could not accept his invitation to join with him in forming a coalition government. Some announcement may be made to the house tomorrow afternoon. Meanwhile the formal call has been issued for a Conservative caucus to be held at ten o'clock tomorrow morning. The purpose of the caucus will be to receive the report of the prime minister upon his negotiations with Sir Wilfrid Laurier and to discuss the future line of action. There are some who think that now the big coalition has failed a little coalition may be attempted, and Hon. Geo. P. Graham, Fred Borden and A. J. Maclean, of Halifax, are mentioned as Liberals who might be willing to enter the government to help put through conscription. The British cabinet seems to be that tomorrow's caucus will discuss and perhaps decide upon an early dissolution and appeal to the people.

EIGHT HUN RAIDERS ARE BROUGHT DOWN

Four Completely Destroyed and Two Others Put Out of Commission.

HOT FIGHT OVER SEA

Naval Airmen From Dunkirk Put German Planes to Rout.

London, June 6.—Eight out of eighteen German airplanes that took part in yesterday's air raid on Essex and Kent were driven down by British fighters. Four of these were completely destroyed, while two others are believed to have been put totally out of commission.

LUXEMBURG WORKMEN GO ON GENERAL STRIKE

German Cavalry, as Result, Occupy Five Industrial Communities.

Geneva, via Paris, June 6.—The Gazette de Lausanne says it learns that a general strike has begun in the Grand Duchy of Luxembourg owing to the high cost of living and the refusal of the proprietors of factories, mostly Germans, to increase wages as a result of the insecurity of their factories from attacks by allied aircraft.

STOCKHOLM MOVE DOOMED TO FAIL

BRITISH ADVANCE ONE MILE ON GREENLAND HILL SLOPE

Successful Attack Wins Positions North of Scarpe River from Germans After Lengthy Action—Raids Against Enemy Continue North of Ypres.

London, June 6.—The British troops have captured German positions north of the Scarpe River, over a front of about a mile, according to the official report from headquarters tonight.

The text reads: "The operations commenced last night north of the Scarpe were successfully completed during the day and all our objectives gained. We have captured the enemy's positions on the western slopes of Greenland Hill on a front of about a mile and taken 162 prisoners, including four officers."

"We have also captured a few prisoners as a result of raids carried out early this morning north of Ypres. There has again been considerable artillery activity on both sides at a number of points along our front, particularly on the north bank of the Scarpe and in the neighborhood of Vimy Village, Armentieres and Ypres. Activity in the air continued yesterday. Eight German aeroplanes were brought down in the air fighting, one of which fell within our lines. Eight others were driven down out of control. Seven of our machines are missing."

EIGHTEEN VESSELS ARE SUNK IN WEEK

Fifteen Victims of Submarines Were Sixteen Hundred Tons or Over.

SHOWING FAVORABLE

Britain's New Anti-Submarine Campaign Continues to Prove Effective.

London, June 6.—The weekly report of the British admiralty concerning British shipping losses by mines or submarines, says that 15 vessels of 1,600 tons and over and three vessels under 1,600 tons and five fishing vessels were sunk last week. The summary follows:

Arrivals numbered 2,693 and callings 2,542. British merchant ships sunk by mine or submarine, of over 1,600 tons, including one previously sunk, 15; under 1,600 tons, three; British fishing vessels, five. British merchant ships unsuccessfully attacked, including four previously, 17.

The above report, compared with that of the previous week, shows a decrease of three in vessels of 1,600 tons and over sunk, but an increase of two in the category of less than 1,600 tons. The previous week's report announced the sinking of 18 vessels of 1,600 tons and over, and of one vessel of less than 1,600 tons.

GEN. GURKO GIVES UP COMMAND OF FORCES

He Reaches Decision After Having Previously Reconsidered Resignation.

Petrograd, via London, June 6.—Gen. Gurko, commanding the forces on the western (Russian) front, has again resigned.

War Minister Kerensky has directed that all officers employed with the Red Cross and other medical services behind the lines, and all rank and file under the age of 40 years in those services, be sent to the front within three weeks.

OSTEND DOCKYARD HIT HOUSES NOT DAMAGED

If Any Belgians Got Killed, They Worked on Shipping.

London, June 6.—The admiralty, in a communication alluding to the German official statement regarding the shelling of Ostend, says:

"Photographs obtained show that there was no damage to houses at all at Ostend. If Belgians were killed, as stated, they must have been employed in the dockyards."

WORKDAY SIX HOURS IN PETROGRAD PLANTS

Threatened Strike in Factories Engaged in Metal Manufactures and Other War Work Averted.

Petrograd, June 6, via London.—The threatened strike in 140 factories in Petrograd, engaged in metal manufactures and other war work, which was fixed for today, has been averted. The strikers' claims were granted, including the six-hour day.

In south Russia the employers in the factories of the Donetz district offered the men a fifty per cent. increase in wages. Representatives of the workers, however, refused to accept the offer.

BOARD TO DISCUSS AN INVESTIGATION

Mayor Calls Special Meeting Regarding School Building Department Charges.

Mayor Church wired Controller O'Neill yesterday requesting that a special meeting of the board of control be called for next Monday at 2 p.m. for the purpose of considering his recommendation that the city solicitor report on what power the city has for an investigation into the affairs of the building department at the board of education.

1. The erection of boilers in Carlton School and defects in same.
2. Technical School, building and equipment.
3. Method of call and letting tenders.
4. School officials taking part in elections.
5. Repair account for schools. Are contracts let?
6. Efficiency of building department.
7. Purchase of sites and building system and method.
8. Advisory committee and its powers. Report on the work the committee is doing.
9. Maintenance charges in schools. Why such a heavy increase?
10. Why no increased revenue from the Technical, High School of Commerce and Finance and colleges?
11. Number of provincial institutions maintained by the board at the expense of the city. Report on same.
12. Revenue from schools contributed by the government. Why so small?
13. Children from outside the city attending the schools. What do they pay?
14. Vacant seats in the schools at present. Redistribution of ward boundaries.
15. Fills and feds in the schools.
16. Legal opinion as to legal powers of board of education.
17. System and method of erecting schools.
18. Reason for low revenue in the schools.
19. Method of inspection—cost and efficiency of same.
20. Abnormal increase in school expenditure. Heavy debt and maintenance charges.
21. Reason why the report of Judge Winchester at the last investigation was not carried out.
22. Why those who were responsible and were not dismissed were retained and had their salaries raised.
23. Are special teachers. Are these legal in schools?
24. What overlapping exists?

Proclamation Regarding Confederation Jubilee

The provincial government will issue a proclamation to the people of Ontario calling on them to observe the centenary of the birth of the Dominion of Canada on Dominion Day, in Toronto a big celebration will probably be held in Queen's Park, the provincial government, city council, board of trade, and fraternal societies co-operating in the arrangements. These matters were discussed at a meeting of the select committee appointed for this purpose at the parliament buildings.

MISSIONARY RETURNS.

Rev. W. S. Mercer, superintendent of the Methodist missions on the Labrador coast for the past five years, has now returned to Toronto. He has with him an interesting collection of lantern slides of the Labrador district, and intends to give, at some near date, a series of lectures on the subject.

INDUSTRIAL SCHOOL HIT BY JUMP IN FOOD COST

Boys Have Done Good Work on Farm Which Will Relieve the Situation.

Reports submitted at the meeting of the board of management of the Victoria Industrial School, Mimico, yesterday by Superintendent C. Ferrer and Miss Lucy W. Brooking showed that during April and May 27 boys were admitted and 11 girls. Twelve boys were returned, 23 paroled and four escaped. The attendance on June 1 was 293 boys and 119 girls. Among the returned boys there were included three who had escaped, three on complaints of their parents as being beyond control, and one was committed by the court. In the girls' section there were no escapes, and no attempted escapes. The general health of the entire school is excellent. One boy died during the year from cerebral meningitis in the Hospital for Sick Children, and one girl had a touch of erysipelas and one very light case of measles.

The yearly report showed that during the year ending April 30, 144 boys were paroled, and 164 admitted. The number in attendance on April 30 was 309, and the average attendance for the year was 309. Superintendent Ferrer reported that the farming operations are progressing favorably, and there are now 16 acres of potatoes under cultivation, 12 acres of beans, two acres of beets, two acres of carrots, one acre of parsnips, one acre onions, besides a considerable quantity of other vegetables. The chairman, G. Tower Ferguson, said it was a very commendable thing to see the manner in which the boys had taken hold of the proposition, and he congratulated Mr. Ferrer.

BANS SOCIALIST MEETINGS.

President D. A. Carey, of the Labor Temple Company, has given instructions to the superintendent of the building that no more meetings of Socialists, or anyone else who desires to talk against conscription, are to be booked. In view of this fact the members of the trade union movement, soldiers and the Great War Veterans should co-operate with labor in preserving the home of the labor party especially in face of the fact that the members of the trade union movement have contributed their share of men in the fighting line.

JUDGMENTS PENDING.

Judgment will be delivered at the opening of the court on Friday, June 8 at 11 a.m., in the following cases: Angus vs. Martro; Baldwin vs. O'Brien; Cromarty vs. Cromarty; Polak vs. Stuart; Mitchell vs. Toronto and York Radial; Binchard vs. Nipissing; Smith vs. Merchants' Bank; Struthers vs. Burrows; Rex vs. Jackson and Faulkner vs. Arthur Co.

PREFERENCE FOR VETERANS AND "A.R." MEN REQUESTED

Acting Mayor O'Neill Says City Cannot Get Some Positions Filled by Veterans.

Requests for preference for returned soldiers and A. R. men in government, municipal and general business undertakings and a civic bureau to hear grievances and to adjust complaints were laid before the board of control yesterday, but no action was taken in the absence of Mayor Church and Controller Cameron.

Acting Mayor O'Neill stated that he was not in favor of another civic bureau and thought that the present system was satisfactory. He could be extended if considered necessary. The city was constantly looking for returns from the Exhibition race and \$3,000 a year but was not able to get them.

METHODIST CONFERENCE PROMISES TO BE STIRRING

Conscription Resolution Likely and Cold Storage and Race-track Debates Also.

RED CROSS REPORT.

The Toronto branch of the Canadian Red Cross, 38 West King street, reports the shipping of 197 cases of supplies for May, containing 924 amputation bandages, 230 pairs bed socks, 221 dressing gowns, 353 wash cloths, 390 hot water bags, 218 pairs slippers, 609 flannel shirts, 2318 sets pyjamas, 2109 pairs of socks, 1386 towels, 709 pillow cases, 280 gauze undergarments, 230 scrap books, also a quantity of pneumonia jackets, operating stockings, pillows and filled kit bags, making the total number of articles 11,778. This is the combined output of the 270 Red Cross circles for the month.

HEREDITARY TITLES SCORED IN SYNOD

C. G. Agar Introduced Resolution, But Chairman Ruled it Out of Order.

"One of the Scandals of the City," Said One Lay Delegate.

A resolution, embodying a notice of motion, to the effect that the practice of conferring hereditary titles in Canada should be stopped, was introduced by C. G. Agar in yesterday morning's session of the 66th conference of the Anglican Synod of the diocese of Toronto, but was not put to a vote because of the objection of the Rev. J. Sweeney, who ruled that it was out of order.

The notice, which was seconded by David Creighton, read as follows: "That in the opinion of this synod it is not advisable that further hereditary titles should be granted or conferred in Canada, and that the general synod be respectfully asked to consider this matter which may easily be fraught with far-reaching effects upon the future of this Dominion. And if in the mind of the Church of England in Canada it is found to be in sympathy with the sentiments of this resolution to use its powerful influence in the proper quarters toward having the practice discontinued."

The conference delegates resumed the discussion and adoption of the report of the executive committee clause by clause yesterday.

An interesting item in connection with the discussion yesterday was the clause affecting the appointment of a finance commissioner to visit each parish in the diocese aiding the pastor in both spiritual and financial matters. His salary will be paid under the synod expense account, the effort will be made to provide as large a part of the salary as possible thru private subscription.

It was also decided after considerable difficulty and the introduction of amendments that the various synod funds should be consolidated into five groups: (1) M.S.C.C. and missions; (2) diocesan mission fund; (3) diocesan fund for the aged, including widows' and orphans' fund, superannuation fund and general purpose fund; (4) Sunday school commission; (5) council for social service.

Unless they appear before the committee on contested seats and explain to its satisfaction the reasons, they failed to make returns to the various church collections as prescribed, 102 members of the synod will not be permitted to vote in the election to be held over this point it was explained that certain members were in khaki and that this disqualification would be applied, so it was decided to give the delinquent members another chance of explanation.

A Minister's Evidence

That Piles, or Hemorrhoids, Can Be Quickly Cured—A Justice of the Peace Cured Many Years Ago.

Toronto, Ont., June 6.—There have come to us recently these two letters from a gentleman who has been a long time suffering from piles, and whose testimony in regard to Dr. Chase's Ointment is a prompt and lasting cure for piles.

Rev. Frank N. Bowes, Methodist minister, Priceville, Ont., writes: "In the winter of 1912 I was stricken with piles, and after a snowstorm tramp one day, and sat for only a few minutes on a cold stump waiting for some comrades to catch up to me. From that time on I suffered so severely that it caused me great pain to walk. A friend recommended Dr. Chase's Ointment, and I immediately purchased a small box, which very rapidly effected a cure. I always keep a box on hand now, and it is excellent for any kind of wound or sore."

Mr. W. B. Thorne, J.P., Alderside, Alta., writes: "It was twenty-eight years ago that I became acquainted with Dr. Chase's Ointment, and from that time on, I have never been troubled with piles. I was first induced to try it by a friend who had been cured, and I have never been troubled since. That was twenty-eight years ago, so I think the cure is permanent. You can put Dr. Chase's Ointment to the test in any case of piles with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. 50 cents a box at all dealers or Edman, Bates & Co., Limited, Toronto."

TANKS ARE SEEN IN ACTUAL FIGHT

New War Film Shows Them Firing at Close Range.

CANNOT BE CHECKED

They Move Forward Over Trench and Shell Hole Without Interruption.

The feature of the official war film "The Fall of Bapaume," now being shown at the Regent Theatre, is undoubtedly the many close-up views given of the tanks actually in action. Ever since the day the world was surprised by a cabled story of their first appearance on the battlefields of France, great interest has followed their activities, and every word telling of the way in which they rolled their way across shell-torn fields, over German trenches, and right up to the gun-pits of the fleeing Huns, has been read with the most eager interest.

TWENTY-TWO VETERANS DECIDE TO BE FARMERS

Will Leave City for Training Camp at Month Next Wednesday.

The Ontario Land Settlement Board for Returned Soldiers and Sailors met at the parliament buildings yesterday and outlined the scale of pay for those who take the agricultural training course at Monteth for the purpose of later settling on the farm. The present quarters of the Owen and O'Brien. Every returned soldier will be paid \$1.10 a day and his wife will receive separation allowance as when her husband was active service, and each child under 16 years of age will be provided with at least \$8 a month. Single men with dependents will receive the same scale of wages.

Already twenty men have been selected to take the course and these will be sent to Monteth next Wednesday. There is accommodation at the training farm now for thirty men and it is hoped that an additional eight may be secured this week in order to complete the draft going north next week. The present quarters will be added to, however, so that in a short time additional men may be taken on for training.

RESERVED JUDGMENT.

Judge Contworth yesterday reserved judgment in the case of C. W. Deak, alias Oscar Kruneau, who was on trial in the criminal court on a charge of conspiracy to defraud in connection with the sale of auto knitting machines. The crown alleged misrepresentations in the advertisements as to the terms on which the machines could be secured and the amount which could be secured by knitting socks on them.

A SPECIAL SERVICE

Many men and women reluctantly assume the duties of Treasurer or Trustee of Charitable, Social, Fraternal, Educational, Religious or Civic organizations. The duties, while responsible, may not require the full time of a salaried official. There are many advantages in the employment of a Trust Company in such cases: it is permanent, experienced, and responsible; it has unusual facilities for supervision and audit and for the safeguarding of books, records, documents and funds.

FOR THE EMPIRE

... Charles May, who was killed a year ago, has been killed in action. He was 28 years of age and was a member of the Great Lakes when he was killed in Toronto shortly after the outbreak of war, with one of the contingent battalions. He is survived by his mother, who lives in Toronto.

... W. Jones, 142 Tyrrell avenue, was killed in action. It is a sad loss to the family, being the only boy. He is survived by his mother and four sisters. He enlisted March, 1916, in the Royal Canadian Regiment. His mother, Mrs. Rolfe, now lives at 680 Princess street, Kingston.

... Pte. W. R. Hughes, wounded in the recent fighting, has died of his injuries. Pte. Hughes enlisted in Toronto and went overseas a year ago, when his battalion was taken to England by Col. Babson. His next of kin, Mrs. J. D. Hughes, lives in Grimsby, Ont.

... Pte. Patrick Joseph Burns, whose relatives, according to Ottawa, live in Toronto, is reported killed. He enlisted at Valcartier with an artillery brigade of the first contingent. He had previously served in the R.C.H.A. Flight Lieut. Gordon Hanlan, son of the late Edward Hanlan, world's champion oarsman, sustained concussion of the brain and severe injuries about the face May 11 in England while trying out a new type of scouting aeroplane. He is now in hospital. Lieut. Hanlan was born in Toronto 25 years ago, and is well known here as an athlete. For some time prior to the outbreak of the war he had been in California as a mining engineer. When war was declared he returned to Toronto and joined the American Legion. He went overseas with a draft, and on arrival in England was transferred to the Royal Flying Corps.

... Second Lieut. H. R. Wilkinson, R.F.C., son of Rev. F. Wilkinson, 180 Carlton street, rector of St. Peter's Church, has been severely wounded in the head by gunshot, according to word received from the war office by his father. The young aviator was in his first year at University College when he enlisted.

CAMPAIN IN CHURCHES IN AID OF PRISONERS
Million and Half of Allied Captives in Germany Who Must Get Food.

The Prisoners of War Society, of which Principal Hutton of University College is president, are appealing for help thru the churches of Toronto to every one of which a circular explaining the sad condition of these men has been sent.

The assistance is not asked for Canadian prisoners alone but for a million and a half of allied prisoners of war in German hands. Speaking of the French prisoners the head of the prisoners of war section of the French Red Cross says, "It is difficult to give details as to the lot of our unfortunate French prisoners. All I can tell you in a few words is that Germany leaves them positively to die of hunger." There are, it is estimated, no fewer than 400,000 French prisoners of war.

Those who have the matter in hand for Toronto give the assurance that the bread for the purchase of which the appeal is being made is in no way affected by recent regulations as to the sending of parcels to prisoners. The method adopted is to have the bread made in Switzerland and sent from there by the Berna Bureau de Secours which is the accredited agent of the British and French Red Cross Societies.

The women of the emergency department of the Canadian Red Cross are co-operating in the work of the allied prisoners. Gifts of jewelry, which may be left any Tuesday or Friday at the emergency department of the Canadian Red Cross, 65 Church street, will be melted down and sold in order to assist in the work of sending bread to the prisoners of the allies.

MUNITION WORKERS BUY WAR CERTIFICATES

Russell Motor Company Encourages Employees to Lend Savings to Government.

Munition workers are helping the country in more ways than one as illustrated by the case of the Russell Motor plant, where the purchasing of war certificates by the employees is encouraged by the firm for two reasons. First, because it is helping the country, and secondly, because they are aware that money invested in certificates is a nest-egg for the future and has a beneficial effect in the matter of saving.

At the plant, corner of Duncan and King, a competition between the different departments has been established and in about two months no less than \$75,000 has been invested in this way. The competition will continue until June 16. Yesterday at the noon hour, to stimulate the work, Miss Wiseman gave an address in which she pointed out how the workers could help to win the war by lending the government the money they would place with their means of the certificates purchased. The speaker drew a graphic picture of the coming home of the men from overseas and pointed out that this coming might be quickened by everyone who purchased war certificates.

Representing the national service commission, Mr. Mousler of Ottawa also made an inspection of the Duncan street factory yesterday.

CHEQUES FORWARDED.

The Hambourg Conservatory has forwarded a substantial cheque to the Ontario Association of the Blind, being the proceeds of a concert given at the Foresters' Hall on March 23.

Mrs. Michael Hambourg has forwarded \$50 to the Canadian Red Cross Society in aid of the prisoners of war fund, as a result of the Red Cross musicales given at the Hambourg Conservatory by teachers of that institution.

WHO OWNS THIS DOG?

Yesterday a female collie was found tied to a post in the stable of the Toronto Humane Society, McCaul street, and the officials of the society are trying to locate her owner. How the dog got there is unknown. The animal is inclined to be vicious, and the inspectors have to handle her carefully.

LIBERAL CONFERENCE.

F. F. Farde, the chief Liberal whip at Ottawa, was in the city yesterday, and had interviews with N. W. Rowell, K.C., leader of the opposition in the local house, and Sir John Gibson. The result of the interviews has not been announced.

COMMITTED FOR TRIAL.

William Cummings and Fred Wilson were arraigned in the police court yesterday on a charge of stealing a ring, a gold watch and other jewelry from the home of Mabel Somerville, 77 Florence street, and were committed for trial.

According to the testimony of Miss Somerville, she met Wilson and Cummings in the Royal Cafe, where they danced and dined, then adjourned to an hotel. Here, it is alleged, Cummings made a fake hold-up of Wilson and robbed him of a dollar wrapped around a wad of paper to resemble more. Cummings relieved her of her keys and some money, previously given her by one of them. Wilson had then made a pretence of pursuing Cummings, but when she returned to her home she found the place rifled.

Wilson admitted participating in the pawing of the goods, which included a guitar, a set of Persian lamb furs and the watch. The men were arrested in Montreal.

THE FALL OF BAPAUME

ONLY TWO DAYS MORE

THE REGENT THEATRE engagement of this new war picture concludes on Saturday, June 9. There is just that much more emphasis upon the invitation today to see this wonderful record of events which have been making history in the world. What you see will give you facts the memory of which will never fade, and to miss which you will in after years regret.

- This film shows more actual fighting than the "Battle of the Somme."
- The film shows every branch of the British military service in action.
- These pictures tell in an hour what historians will take volumes to describe.
- This picture shows the Taps as no pictures yet have attempted to do.
- The film is a record of a six-months' campaign condensed into six reels.
- There is nothing gruesome in these pictures from start to finish.

THURSDAY MORNING, JUNE 7.

An Appeal to the Sovereign People.

The World believes that Canada is about to be the scene of a bitter political struggle, lasting at least until a general election can be held—probably in September.

Judging from the events of yesterday at Ottawa the issue will turn on conscription, on the offer of Sir Robert Borden to share the government of the country with Sir Wilfrid Laurier and the opposition until the war is over, and still more broadly on the war and Canada's participation in it.

Should this prove to be the probable outcome of the negotiations of the past fortnight, the government may forthwith introduce measures for conscription; for a federal franchise and votes for women; for an extension of the life of parliament; for national highways throughout the Dominion on the lines of the one defeated some years ago; for a new and greatly enlarged railway act, putting the government-owned railways under its jurisdiction; for food control and regulation of prices; further prohibition of the manufacture and sale of spirits; strict regulation of racing; perhaps the taking over of the Grand Trunk and the Canadian Northern into a national system across the continent.

Men and Leadership.

Ten million men, more or less, marched up to the registration booths in the United States yesterday and pledged themselves to fight for their country. Their country was at war. They were driven to the front by the German menace to liberty that the German menace to liberty was an intolerable evil to humanity.

The government of the United States took up the case of battle which Germany had so persistently presented. The whole strength of the government was at once exerted. No threats or suggestions, no delegations or demonstrations, swayed in the slightest degree from its aim the nation of the Washington executive. If war it was to be, it would be war to the limit. No half measures in any reasonable and civilized sense would be adopted.

From the first conception, under the name of the selective draft, was determined upon. It was the only fair and democratic measure. The aristocrats who were too proud to fight were lined up with the socialists who were too good or too lazy to fight, in opposition to the democratic justice of conscription, which relies on the men best fitted for the task to take that share of the national burden, while others do the rest of the work.

Once the people got the idea right there was little further demur. They saw that a voluntary system the very best and bravest men, without exception, were taken to the battle field, and the under-grade, the mean-spirited, the grafters and soft-spotters were left behind to reap all the benefits.

We know in Canada how it has worked out. The grafters, the soft-spotters, and the yellow-streaked are in the fair way of running the country, while the men are fighting to protect the liberties of those who know not how to appreciate it. The United States avoided this evil by making a strong stand Tuesday the registration showed what it thought of a government and a president who had backed and an unwavering policy.

Ten million men marched up to Uncle Sam's desk and signed up for whatever they were fit to do.

Canada owes a debt of gratitude to these men. There is no doubt at all of the peril in which the allied cause stands in France and Belgium today thru the collapse of the Russian offensive. Germany has been delivered for another year, and but for the United States it is possible that Germany would have achieved the peace which she is now so eagerly seeking—a peace in which to prepare for the next and early war of the world-conquest. Canada has a special reason to be grateful to the United States, for Canada is the particular prize that Germany has in view. The favorite German sentiment—or shall we say And in this "growing time" there are, and will be for several years, many more opportunities than there have been in the past. Are you prepared to avail yourself of them? If not, prepare yourself. The saving of the small sums in the creation of capital. If the United States entered the war they would take, and perhaps get, all the credit for winning it. Canadians are the last people on earth who should inhumanly anything of this kind. When our men march up and register as the men of the United States have done, and when our wind-bags are deflated with the neatness and despatch of United States methods, we shall be entitled to criticism.

Meanwhile we have to thank Uncle Sam and take heart again. Our neighbors are entitled to all the credit they can win. Great Britain is still going strong. France has done splendidly, but is far spent. Italy has made a magnificent effort, but it is a diversion only. Russia is temporarily paralyzed and with the same sort of folly that many Canadians are poisoning the atmosphere with. Hundreds of thousands of Russian soldiers, prisoners in Germany, are working overtime to help Germany win the war, and their brethren in Russia are demanding a six-hour day! Can you beat it? Why, yes. In Canada there are people who wish to stop the war altogether, stop munitions, stop all war work, stop sending reinforcements to our Canadian troops in France, and let Germany win! And the government lets them get away with it.

It is in vain that the government, Sam's ten million men, and the men proud of their flag, proud of their cause, proud of their ability to help.

Waiting for the Next Move.

That a new offensive is planned by the British command in France is no news to the Germans, at any rate, who are reported as exceedingly nervous over the apparent preparations on the Belgian coast for something novel and unexpected. They do not know where the blow will fall. Probably no one outside the very heads of the army commands the place and the time. But on the long line from the channel to Switzerland there are a dozen possibilities to wreck the Kaiser's nerves and turn Hindenburg's brain. The few certainties are the weak points in the German lines. But it does not follow that a good general will always attack weak points. Strong points are of more consequence, and, if they are carried, the weak places will go anyway. One American correspondent, who is not over-sanguine about the French and British position, thinks that the best these allies can do is to drive Germany out of France, or nearly so, without attempting to occupy Belgium, and next year make a direct drive thru Alsace-Lorraine into the heart of the German Empire.

Belgium, however, has always been the battlefield of Europe. The valleys of the German invasion are more than likely to be the channels of the German retreat. It is agreed that a retreat down these narrow valleys in the panic of defeat would be more than likely to result in a great disaster. At present our allies and we have the initiative. If our reserves are sufficient for one or two more drives into Belgium, the German line will be driven to the Rhine. At least we can hold on till the American millions are ready to take the field.

If democracy would only be true to itself, there need be no fear, but if Germany should conquer, there will be an end of democracy, and all that it stands for.

TORONTO COAL DEALERS PROFITS ARE LESSENER

Average Profit Per Ton Last Year Placed at Thirty-Five Cents.

By a Staff Reporter.

Ottawa, June 6.—The cost of coal during the year 1916 in Toronto and the profits made are the subject of a statement by W. F. O'Connor, K.C., the cost of living commissioner, which was laid on the table of the commons today. It shows that the cost of coal at the mines was \$3.53, freight \$2.35, while receiving costs, overloads and fixed charges averaged \$1.87; total, \$7.75. The average selling price was \$11.10, so that the average profit per ton was 35 cents. In 1915 it was 56 cents per ton; in 1914, 55 cents; and in 1913, 51 cents per ton.

INQUIRY CALLED FOR BY BORDEN

(Continued from Page 1).

planations of the subject covered by his telegram and answered all questions put to me. It was manifest to me that Mr. Galt's demeanor and remarks that he purposed speaking no effort and rejecting no means, however unfair, of doing me all the injury in his power. I therefore from that point forward took little or no interest in the proceedings of his commission, being absolutely certain not only that my own conduct in the premises had been straightforward and in the public interest, but that, also, it would be a waste of time to make any attempt to influence the report of the commission. I do not, however, subsequently inform Mr. Galt that I was prepared, in the event of an inquiry, to answer any summons in the same way as I did when served on me in Manitoba.

No Chance to Explain.

As regards the proceedings subsequent to the first report, reports regarding the subjects covered by the second report, in respect to which Mr. Galt is pleased to reflect on my public conduct. The I have not learned—say this knowing that you are not acquainted with Mr. Galt—that I was never informed by the commission directly or indirectly of any statements in evidence affecting me in the slightest degree, nor was I offered any opportunity whatever of making explanation or defence. It is quite true that no explanation, or however complete or however substantiated would have affected in the least Mr. Galt's determination, but this fact cannot be denied. The report on his part for abandoning and indeed prostituting the most elementary principle of British justice—that it is a fact, however, does, I think, fully establish the pre-determination and malice of the commissioner.

Calls for Tribunal.

I believe I am entitled to a full and fair investigation by a tribunal of high standing in all matters contained in these reports, reflecting in any way on my public conduct. The I have not been able to obtain a copy of the evidence, I cannot believe that any evidence could have been given substantiated directly or indirectly of any alleged breach of duty on my part. I ask that such a tribunal be appointed in order that it may be known whether or not the report is true, and if so to make full and complete enquiry and report as to whether, if any such evidence was given, the same was true.

Yours sincerely,

Robert Rogers.

Borden's Reply.

To this letter a day or two later the premier sent the following reply:

Dear Mr. Rogers, I beg to acknowledge your letter of the 28th inst. I have taken into consideration the action which you request with respect to the reflections upon your conduct as a member of the provincial executive committee, which are set forth in the reports of Commissioner Galt. I shall bring your request to the attention of council forthwith, so that your representations and the course which should be taken with regard to this matter may be considered by all the members of the government.

Yours faithfully,

Borden.

Decide on Commission. Sir Robert Borden then said that he had brought the matter of Mr. Rogers' letter before the cabinet, which in turn had referred it to the minister of justice and then to the government in council. The report of Mr. Rogers' letter and the history of the case, went on to say: "The minister being of the opinion that the situation as thus presented invites further consideration, recommends that the Hon. E. McKee, chief justice of the supreme court of New Brunswick, and the Hon. Louis Teller, a retired judge of superior court of the Province of Quebec, be appointed commissioners under part 1 of the Inquiries Act, revised statutes of Canada, 1906, chapter 104, for the purpose of reviewing and considering the evidence taken before the said Com-

HISTORICAL SOCIETY HELD ITS ANNUAL MEETING

Annual Report Will Contain Memorial Page in Honor of Late Dr. C. C. James.

The 19th annual meeting of the Ontario Historical Society, held in the normal school buildings yesterday afternoon, was well attended.

Prof. John Squair, president of the society, presided over the meeting. The council elected Col. Wm. H. Merritt a life member, Dr. Waldo G. Leland of Washington, D.C. a corresponding member, and Miss Agnes Maule Macfar of Kingston, an honorary member.

The council endorsed the application of the army and navy veterans to have the words "Canada" inscribed on the colors of the regiments which took part in the campaigns of 1914 and 1915.

The president's address was "The interesting with reminiscences of an old soldier." West Durham, just years ago, and a letter written in 1886 by Robert Squair to a friend in Scotland, describing conditions in Canada at that time. Arrangements were made for a memorial page to the late Dr. C. C. James, and for reprints of some of his historical work.

Also for a page in the annual report to mark the 50th anniversary of confederation. Votes of thanks were passed to the hon. minister of education, for continued courtesies to the society; to A. J. Clark, for a very interesting designed honor roll of members of the society who served on active service; and to Mr. Clarence M. Warner for a very liberal donation to the funds of the society.

The only change in the list of officers was the election of Dr. George H. Locke, to the Council, in place of Joseph L. Gilmour, A.M., B.D.

HONORED THE MEMORY OF GREAT CONSERVATIVE

Conservative Associations Decorated Monument of Sir John A. Macdonald.

The monument of Sir John A. Macdonald in Queen's Park was decorated yesterday in commemoration of his death on June 6, 1891. A number of palms and ferns were placed around and over the figure flanked a huge Union Jack. A laurel wreath, placed on the monument by the Centre and South Conservative Club and the Women's Conservative Association, bore a card on which was inscribed the following:

"Father of Confederation, 26th anniversary of his death, Right Hon. Sir John A. Macdonald, empire builder, 50 years of confederation of the provinces into the Dominion of Canada, 1852 to 1917."

COL. SMITH DISPUTES

"Whole Story Has Not Been Told," Says Sergeant-at-Arms.

By a Staff Reporter.

Ottawa, June 6.—Col. Henry R. Smith, sergeant-at-arms of the house of commons, denies the statement made in the house today by Hon. Albert Sevigny that he had sent the effects taken from the speaker's chambers last year to the home of Mr. Sevigny in Quebec. He states that the goods were sent by Mr. Sevigny himself.

Col. Smith said: "It is not true that I sent the articles to Quebec. I sent nothing. Mr. Sevigny sent them himself. He did not consult me at all. He ignored me entirely."

"Were the goods returned in good order, as Mr. Sevigny stated in the house?" Col. Smith was asked.

"For example, the glass of one of the pictures was smashed, and one of the Victrola records was broken in two," Col. Smith has no hesitation in stating about the matter, and he added: "The whole story has not been told. Much of what Mr. Sevigny stated in the house is absolutely false. I have had to interfere on other occasions."

Sevigny's Statement.

Mr. Sevigny, in the house today, going to a question of privilege, said he had seen in the morning papers reference to articles which had been taken from the Speaker's chambers and sent to his home in Quebec.

He read to the house a report on the subject which appeared in a Montreal newspaper.

"This article," he said, "is absolutely false. There is nothing in the papers which were submitted to the house to sustain these assertions. The facts are as follows:

"A everybody knows, the Speaker's chambers were destroyed by fire last year when I was Speaker of the house of commons, and by the way, I may be permitted to say that my monetary losses as a result of the fire amounted to about \$1200. Last year when the house prorogued I asked the officers of the house if there would be any objection to sending to Quebec certain effects which were in Ottawa at the disposal of the Speaker of the house of commons during the recess."

objection was raised at the time by any of the officers of the house, and accordingly instructions were given that certain effects be sent to Quebec. A list of these effects was made by the sergeant-at-arms. On Jan. 8 of this year I was invited to join the cabinet, and the next day I had to go to Dorchester for my re-election. I was there until the end of January. When I came back I was sick for several days, and when I came to my office in Ottawa I was very busy with my departmental duties. When I was asked for the first time by the sergeant-at-arms to send back these effects I told him in a letter, of which a copy was submitted to the house yesterday, that I would send them as soon as I could be back in Quebec. I wrote a second letter to the sergeant-at-arms, in which I repeated that I can tell you, Mr. Speaker, that my intention never was to keep those effects and that they were returned to the sergeant-at-arms in perfect order."

Economy Many women think they are saving money by buying cheap tea, forgetting that it is not the cost per pound but the cost per cup that determines a tea's economy. You may pay 5 or 10 cents more per pound for Red Rose Tea than for common tea. But because Red Rose Tea is a blend of Indian-Assam teas with Ceylons, consisting of the choice tender shoots and buds—the parts of the tea plant that yield the largest amount of liquor and the finest flavor—one-third less is required in the pot to make the same number of cups. The cost per cup between Red Rose Tea and common tea is then practically the same. But the flavor—what a difference! And this distinctive and rich strength is protected by the Red Rose sealed package. No air, odors or dust can get in to injure Red Rose Tea's splendid quality and economy. Order a package from your grocer. In sealed packages only.

The General Assembly By Dr. Quill

Special to The Toronto World. Montreal, Que., June 6.—There was the fairest of June weather for the opening of the general assembly tonight in Montreal. Many of the Presbyterian "fathers and brethren" came early in the week to attend the convocation of those pledged to continue the church if union should be consummated.

But if the atmosphere outside was supremely mild and sunny, the conditions within the general assembly foretold the breaking loose of the elements of passion. Never in the history of the Presbyterian church since the memorable union assembly in 1875 was there such a tense feeling.

After the sermon he conducted a touching memorial service for the "fathers and brethren" who had fallen in the church ranks during the year. Among others he named Dr. Harper Grey, Rev. W. B. Findlay, Thomas West and Sir Thomas W. Taylor.

Bad Day in the Majors For First Division Teams

ALEXANDER IN FORM CUBS ARE SHUT OUT

Giants Fall Before Cincinnati—Hornby's Batting Beats the Braves.

At Cincinnati (National)—Cincinnati made it two straight from New York here yesterday. Four hits, an error by Hornby and a sacrifice fly by Tony, netted Cincinnati four runs in the fourth inning. Boston was hit fresh and was relieved by Middleton in the sixth. Score: Cincinnati, 4; New York, 0.

At St. Louis—A double by Hornby and a single by Cruise in the eighth inning scored the run that gave St. Louis yesterday's game over Boston, 3 to 7. Hornby hit a home run with the bases filled in the third. Score: St. Louis, 7; Boston, 3.

At Chicago—Alexander pitched in fine form, and Philadelphia shut out Chicago, 0 to 0. The visitors bunched hits behind Boston's wildness in the fourth inning, and scored two runs. Alexander scored in the seventh on a single, and scored in the eighth on a double. Score: Philadelphia, 2; Chicago, 0.

At Pittsburgh—Pittsburgh v. Brooklyn, wet grounds. RICHMOND AGAIN WINS FROM LEAGUE LEADERS

At Baltimore (International)—With Providence having men on second and first and none out and one run behind in its half of the eighth inning of yesterday's game, a severe thunderstorm put an end to hostilities. Baltimore winning 4 to 3. Gregg pitched good ball, fanning 12 men. Score: Baltimore, 4; Providence, 3.

At Buffalo—Schaht held Buffalo to five scattered hits and would have scored a shutout but for Schepers' errors. Rochester hit Engel hard in spots. Score: Buffalo, 1; Rochester, 5.

At Richmond—Two costly errors, intermingled with a walk, two singles and Reynolds' two-base hit, netted Richmond five runs in the eighth inning and caused the defeat of Newark. Score: Richmond, 5; Newark, 0.

AMATEUR BASEBALL Several new players have been signed up by Broadview's of the Riverside National League during the past week, and Manager Hanks promises to have a new right-fielder and third-baseman in the game against Athletics at Queen Alexandra grounds on Saturday.

Chatham, June 6.—Mac Sheldon, graduate of the Royal College of Dental Surgeons and member of the world champion Dental Hockey team, and who was the prime factor in the lifting of the ban on playing, prominent part in the defeat of the Victorias of Winnipeg, has enlisted in the Canadian Army Dental Corps with rank of Lieutenant. Mac Sheldon is the son of Mr. and Mrs. W. D. Sheldon of this city.

W.C.T.U. HAVE DONE MUCH PATRIOTIC WORK

Weekly Treats Given During Summer Months to Convalescent Soldiers.

At the second day's sessions of the W.C.T.U. a report of the work of the children called the Little White Ribboners was given by Mrs. Dignam. A report of the sailors' mission, which sends out literature and comforts to sailors, was also given. The organization committee reported on a new colored branch called the Bruce Stratis. One of the most interesting of the reports was that of the patriotic work done during the year. This embraced weekly treats given during the summer months to men from the military convalescent hospitals. Also five hundred Christmas stockings at a total cost of \$735 were sent to the men in the trenches, and one hundred and fifty pairs of pyjamas were sent to the convalescent hospitals. Later another six hundred pairs of socks were sent overseas to Capt. Charles Sharpe and Capt. Archibald, both of the Y.M.C.A. for distribution. The socks were all

knitted by members. The total expenditure on all this was about \$1000. Besides this, each of the forty unions also did patriotic work independently, sending an additional 1294 pairs of socks. They also sent over 1000 parcels to soldiers, some of these parcels totaling in cost as high as \$50 to \$60, etc. The unions also gave to Red Cross, Belgian relief and other funds, a total of \$224. The utmost enthusiasm for the work had been evinced by the members.

HOST OF "NEWLY WEDS" REGISTERING AT HOTELS

Month of Roses Promises to Break All Records in Honey-moon Business.

The month of roses promises this year to break all former records in the matrimonial line. An epidemic of newly-wedded couples reached Toronto yesterday and promises to spread rapidly as the days pass by. At the Walker House last night thirty-two couples from various parts of Ontario registered, bringing the total for Tuesday and Wednesday up to fifty-five. Of course they did not divulge the information themselves as to their newly-married state, but the clerk at the desk thru long practice had no trouble in picking them out. "I can tell them," he said.

HAD FOOT INJURED.

Harry Otadczuk, 47 Brant street, had his foot injured when a shell fell on it at the John Inglis munition works yesterday afternoon. He was removed to the Western Hospital.

SOCIETY

Conducted by Mrs. Edmund Phillips

H.R.H. the Princess Patricia visited the Hampstead Garden Suburb recently and took part in a very simple, yet impressive, service at the Calvary, which has been erected outside the east end of the church in memory of the soldiers fallen in the war. The object of the princess' visit was to lay a wreath at the foot of the Saviour's Cross in the memory of the Canadians, whose parents and friends have done so much for the Garden Suburb Church. The Bishop of Willesden and the vicar officiated at the service.

Miss Church left town yesterday for Bradford to assist in organizing a Great War Veterans' Club.

Mrs. A. E. Gooderham is expected back from the west the middle of next week.

Mr. Edward Greig is expected home today from a short visit to the United States.

Mrs. William Goulding and her two young daughters are leaving shortly for their Morris, Muskoka, Tr. and Mrs. Goulding will also be there for the summer.

Mr. Donald R. Macdonald, youngest son of Mr. Frank Macdonald, who enlisted and went overseas last year, on his nineteenth birthday, been granted a commission in the 4th Motor Battalion. Macdonald's two elder brothers are in the imperial service; another brother and a brother-in-law are in training with the R.C.A.F.

A quiet wedding took place at 1 o'clock yesterday afternoon in the Bloor Street Presbyterian Church, when the marriage was solemnized by the pastor, Dr. Wallace, of Helen Stewart, daughter of Mrs. S. Mackenzie, Classic avenue, to Mr. G. Reginald Lupton, the Imperial Bank. The bride, who was attended by her brother, wore a Russian costume of white crepe de chine with sable setting, a white hat with georgette crepe, flowers and white spray, and a bouquet of pink roses and lilies. There were no attendants. After a reception at the house of the bride's mother, Mr. and Mrs. Murton left to spend their honeymoon in New York, Atlantic City and Washington, the bride traveling in a navy blue tailormade suit with hat to match. Mrs. Mackenzie wore black tulle with beaded collar, tulle hat and corsage bouquet of roses.

Lady Jellicoe, speaking at Lowestoft, Suffolk, said people might be interested to know that Lord Kitchener's last day in this world was spent with Sir John Jellicoe on board the Iron Duke, and that he talked very earnestly and freely about the future of disabled sailors and soldiers.

Miss Elaine Casgrain will arrive in town today, and will be the guest of Mrs. York Ryerson.

Sir Henry and Lady Drayton are in Victoria.

Last week, during the session of the I. O. D. E., in Victoria, Mrs. Fred Pemberton gave a garden party at her house, Mount Joy.

Prof. and Mrs. Home Cameron leave on Saturday for their island in the Pacific.

The engagement is announced of Beatrice Mary, only daughter of the late Rev. John Cavannah, R.N., Dublin, to Mr. Herbert Keith Wright, Vancouver, inspector of British Columbia, and was afterwards transferred to a lieutenant in the Royal Bank of Canada. The marriage will take place shortly.

The marriage took place on Friday, June 1, in London, of Elizabeth, daughter of Mrs. Bernice Coulthart, Toronto, to Mr. James Porgie, who went overseas with the 22nd Battalion, and was afterwards transferred to a lieutenant in the Highland battalion, and who was in England on short leave. Miss Coulthart, who is a niece of Mrs. Coulthart, is a resident in Toronto as a famous horsewoman, having won many cups at the Toronto and New York Jockey clubs. She went to England about a year ago, and has been doing V.A.D. work in the hospitals. Mrs. Coulthart is at present in England.

Mr. and Mrs. Eugene Coste of Calgary, Mrs. D. C. Coste, Niagara Falls, Misses G. and M. L. Coste, Calgary, are staying at the Empress Hotel in Victoria. Mr. Louis Coste, who is a member of the department of public works, advised in 1911 on the Victoria harbor improvement. Mr. Eugene Coste, his brother, is a mining engineer who has recently given his attention to the oil fields of Central Alberta.

A wedding took place in the Sherbourne Street Methodist Church at half-past two o'clock yesterday afternoon, when the marriage was solemnized by Olive Hazel Alben, only daughter of Mr. and Mrs. Robert Umphrey, to Dr. Andrew E. Moorhead, M.D. The service was solemnized by the pastor, the Rev. Dr. Brown, assisted by the Rev. Prof. Law of St. Andrew's. Soft music was played throughout the ceremony by Miss Vera Hagerman, L.T.C.M., and during the signing of the register Miss Gladys Wilkinson sang "Until." The chancel, decorated with palms and white peonies, formed a beautiful setting for the bridal party. The bride, who was given away by her father, wore a gown of white chiffon tulle with overspray of chanelly lace and silver. Her veil was a coronet of orange blossom, and she carried an Empire shower of sweetheart roses and lilies of the valley. The groom's gift to her was a diamond and pearl lavaler, set in platinum. The matron of honor was Mrs. Herbert Burgess, who wore a blue georgette crepe and tulle over flesh pink and gold straw director's hat with blue lace and roses, and she carried Mrs. Russell roses. Her gift was a set of pins of amethyst and pearls.

Miss Lillian Burgess and Miss Ray Macdonald were the bridesmaids, the former wearing pink and the latter, white. The bridesmaids carried silver lace and hand-embroidery, a pink georgette crepe hat with black veils, and she carried a hat with yellow satin draped with georgette crepe with lace and ribbon. The bridesmaids carried silver and gold tulle hats with sweet peas and tulips, and wore the groom's gift.

GERMANS OSTRACIZED BY SHANGHAI CLUBS

Dr. Taylor Tells Interesting Story of Feeling There After the Lusitania Crime.

In the course of his address on China at a missionary meeting in St. James' Parish Hall, Church and Adelaide streets, last night, Dr. Taylor, who recently returned from the Orient, told this story: Until the Lusitania was sunk the relations between the British, Germans and members of other nationalities of a certain club in Shanghai were fairly good. After the big steamer was torpedoed by a submarine, the British members, who were in the majority, ousted the Germans from membership, returning to them their dues and membership fees, but retaining their initiation fees. The Germans, who had won various trophies in sports events, were incensed. So to get their initiation fees they melted all the silver cups they had won and divided the proceeds when the silver was converted into money. He said the Germans in China, with the aid of the government, had built massive and valuable buildings to impress the Chinese with the importance of Germany. He also told the story

HELD UP AT BORDER.

The immigration authorities at the Union Station received 50 applications yesterday from persons who wished to enter the United States. All were able to give satisfactory answers to some foreigners, who were held up at the line because they could not give definite information as to the length of their stay. One man was sent back because he refused to give his age.

AMERICAN VISITORS INSPECT MINES

Deeply Impressed by Extent of Operations at the Hollinger.

LOOK OVER DAVIDSON

Party Enthusiastic Over Rapid Development at This Property.

From World Special Correspondent. South Porcupine, June 4.—A large party of representative business men from the City of Detroit, Mich., arrived here this morning in a special car.

At Toronto the party were joined by H. H. and F. C. Sutherland, the well known mining brokers, and several other gentlemen.

The greater part of today was spent at the Davidson mine. The showing on the different levels there was considered sufficient to be classed as wonderful.

Good Samples. Handmade specimens with much visible gold were obtained from the outcrop of the vein, as well as at depth.

After their visit to the Davidson mine they inspected the Big Dome, and then started home.

BOSTON CREEK TO GET AMPLE POWER

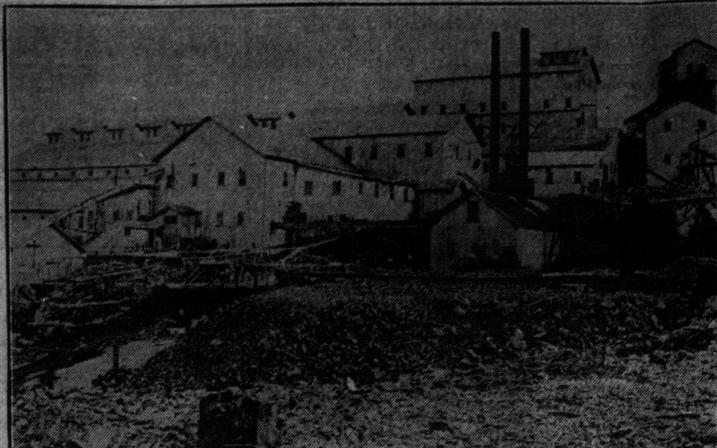

Insiders Reported to Be Holding Stock Despite Market Moves.

The Monday holiday in Toronto and the Tuesday holiday in New York somewhat interfered with the progress of the market here this morning.

Boston Creek has all railroad facilities at hand and ample power has been contracted for from the new power line, which has been completed thru from Cobalt to Kirkland Lake.

NIPISSING DIVIDEND.

The directors of Nipissing Mines met yesterday afternoon in New York, according to Hamilton E. Willis, of the Royal Bank building.

Nipissing Mine's low grade mill, capacity 300 tons per day.

DOME DECLINED UNDER LIQUIDATION

McIntyre Lost Recent Gain and Holly Turned Softer.

Despite the strength exhibited in the New York market yesterday which customarily is reflected locally in the mining market on very moderate trading was generally softer.

The selling of Dome was a feature of the market yesterday. After the first flurry which occurred in this issue on the rumors of the subsequent

Contrary to custom there appeared to be a good demand for Dome. Extension which sold at 12 1/2 despite the weakness of Dome.

Hollinger eased back to \$3.00 from the opening at \$4.00, and rallied to \$3.95. The corner pursued by McIntyre is a trifle puzzling in view of the fact that the production at the mine during the month just ended

Following a reported find at the Newray there was a firmer feeling in the issue, with an accompanying gain to \$4. Forcupine Crown went back a couple of points to \$4.

DRIVING CROSSCUT EAST ON OPHIR

Endeavor to Pick Up Vein Which Fauted in That Direction.

The development work on the Ophir contact at the 410-foot level has been driven west for a distance of about 170 feet without encountering the vein which showed at the bottom of shaft No. 2.

The conditions in the west crosscut show considerable geological disturbance and indicate that the vein in shaft No. 2 has faulted to the east.

WOMEN DEFEAT MOTION TO USE UNION LABEL

Winnipeg, Man., June 5.—A resolution calling for the union label on the printed matter of the National Council of Women was keenly debated at the bi-monthly session of the convention of that organization.

VACUUM GAS COMPANY INCREASES OUTPUT

Present Month to Be Record, is Prediction of Official of Company.

Operations at the Vacuum Gas and Oil Company's fields, after being held up by the rigors of winter, have been resumed on a larger scale than ever, and under the aggressive development policy of the management there is every possibility of the company becoming an important producer before the end of the present year.

The chief difficulty which the management has to face in the near future is the scarcity of liquid nitro-glycerine without which it was formerly believed impossible to satisfactorily shoot a well.

The management intends to concentrate its efforts during the coming months to bring in several new wells, which will be shot in the near future.

HARGRAVE OUTPUT MOST SATISFACTORY

Valuable Shipment of High Grade to Yield Good Return.

Cobalt, June 6.—News is awaited here from the smelting report on the last high-grade shipment of ore from the management's efforts are very encouraging, so much so that it has been decided to continue sinking in the No. 2 vein, until the contact of the diabase is reached.

LORRAIN AWAITING RESULTS OF CROSSCUT

Occasional flashes of activity in the market on Lorrain Consolidated are regarded as significant, as the results of crosscutting to reach the Belle Ellen vein are being anxiously awaited.

The Waspika Gold Mines Limited, has a capitalization of 1,000,000 shares, half of which is held in the treasury, the other half being expended for the properties' organization and other expenses.

TRADE INQUIRY URGED BY SENATOR NICHOLLS

Post-War Conditions Must Be Reckoned With, He Points Out.

Ottawa, June 6.—In the senate today Senator Nicholson's still requiring that railways be paid twice a month was given a second reading, and went to the railway committee.

HULL AGAINST CONSCRIPTION

Ottawa, June 5.—Hull City Council tonight unanimously adopted a resolution opposing conscription without a referendum.

SHINING TREE STOCK OFFER ANNOUNCED

Local Brokers Place Waspika Gold Mines Stock Before Public.

Isbell, Plant & Co. of Standard Bank Building, successors to the late Mark Harris & Co., who acquired the name and business of the latter, are making the first public offering of the Waspika Gold Mines Limited, at 20 cents a share.

The surface prospecting is now in full swing. The snow cleared away, and the management believes that there will be several finds made during the summer on both eastern and western halves of the property.

The properties taken over by the Waspika Gold Mines Limited, at the Ribble claims, near Waspika Lake, they consist of 80 acres and have been sampled every five feet from one end to the other.

MUCH DAMAGE AT OSTEND

London, June 6.—An official statement says: "A photographic reconnaissance over Ostend shows as a result of yesterday's bombardment from the sea that a majority of the work-shops in the dockyard were seriously damaged or totally destroyed."

THE BOSTON CREEK

Another gold development issue is Waspika of the West Shiningtree district, which is undergoing preliminary offering of treasury stock at 20c.

Prime silver speculative issues in the cents class are Hargrave and Lorrain Consolidated.

WE BELIEVE THE PURCHASE OF ANY ONE OF THESE ISSUES IS TO BE RECOMMENDED AT THIS TIME.

But we think a spread which would include all of them would prove even more satisfactory.

IN CONCLUSION, WE WISH TO POINT OUT THAT NOW IS BUYING TIME, AND OUR ADVICE IS TO BUY GOOD MINING STOCKS, THE BETTER CLASS OF DEVELOPMENT ISSUES FIRST AND THE DIVIDEND-PAYING ISSUES NEXT.

RICHEST FIND YET MADE AT NEWRAY

Strike Important as Indication of Continued Zone of Enrichment.

TO ASSAY HIGH

Surface Prospecting in Full Swing—Diamond Drills Working.

C. P. Charlebois, manager of the Newray Mines at Porcupine, is expected in Toronto today, bringing with him specimens of ore from recent strikes there. These specimens represent the richest and most sensational find ever made on the Newray property.

The surface prospecting is now in full swing. The snow cleared away, and the management believes that there will be several finds made during the summer on both eastern and western halves of the property.

Later it was operated by the Mines Finance Company, and then the Res and Mines Finance Company was absorbed by the Newray Mining Company, Limited, in 1915.

Now that the volume of trading has been restricted—due to one reason and another, all of which are easily understood—it is the time for shrewd traders and investors to stick close to the market and pick up bargains that will show large profits later.

NOW Is Buying Time

It is impossible to set a date for the revival in the mining market to make its appearance, but it is nevertheless certain that this will occur.

Stocks have sunk far below their normal levels. The market has been no respecter of shares. Investment shares, speculative shares, shares of producing companies and development companies have all been swept down in the ebb tide.

To attempt to prophesy the day and date of the upswing would be taking the part of an irresponsible prophet. But to reason of the past and to project ourselves into the future as the result of that reasoning is the part of logic and wisdom.

We know that coming events cast their shadows before, and that a market which has been oversold and overdiscounted is in technical position for a rise.

This is pre-eminently the time for the courageous and forehanded investor and trader to enter the market and buy the neglected and overdiscounted stocks. It is the time to buy the stocks of companies which are in the development stage and have not yet begun to discount their future.

The law of supply and demand asserts itself in stocks as in commodities and staples. Straw hats do not command the prices in mid-winter as in the beginning of the summer season.

Now that the volume of trading has been restricted—due to one reason and another, all of which are easily understood—it is the time for shrewd traders and investors to stick close to the market and pick up bargains that will show large profits later.

Our house has facilities for serving customers that cannot be surpassed. We pride ourselves on our organization, which is our chief asset. We have a statistical department which covers mines, railroads and industrial securities.

We invite correspondence. We are building up our business on the confidence and satisfaction we produce with customers and correspondents.

We recommend the purchase of Newray stock at present levels, being far below believing that the speculative activity in this stock is over. The management has just reported the richest and most sensational find ever made on the property.

Boston Creek has a strong management and is under aggressive development. The response made by the mine in sinking to 400 feet is one of the most gratifying ever recorded in the north country.

Another gold development issue is Waspika of the West Shiningtree district, which is undergoing preliminary offering of treasury stock at 20c.

Prime silver speculative issues in the cents class are Hargrave and Lorrain Consolidated.

We believe the purchase of any one of these issues is to be recommended at this time. But we think a spread which would include all of them would prove even more satisfactory.

In conclusion, we wish to point out that now is buying time, and our advice is to buy good mining stocks, the better class of development issues first and the dividend-paying issues next.

VITALITY INFUSED IN STOCK MARKET

Hopeful Feeling Over Russian Affairs Helps Exchange Trading.

June 6.—Absence of disturbance on registration day and a more hopeful feeling over Russian affairs, helped to infuse vitality into the market.

The Bethlehem, Lackawanna, Middvale and Guff States, as well as Republic Iron, Colorado and others of less importance, registered an advance of two to almost three points, the first named, on its rise in the market.

Alcohol was the most sensitive feature, making a steady advance to 196 1/2, and retaining 1/2 of all its advantage.

Automotive equipment was featured by the American Locomotive, New York, American Car, Pressed Steel, and National Trust Company.

ACCIDENTALLY SHOT IN LEG

Herbert Mitchell of this city was last night accidentally shot in the leg while he was riding a motorcycle on the Bay Bridge road within the city limits when a gun was fired by a boy in the swamp nearby.

INJURED IN RUNAWAY

John Tyson, 614 St. George St., was brought to the General Hospital Tuesday afternoon in a serious condition as the result of being run over by a farm roller and coming in contact with a narrow, which he was taking home, when his team ran away. The boy was terribly cut by the harrow.

CORN JUMPS HIGH THRU PRICE FIXING

Placing of Maximum Acts as Red Rag to the Bulls.

Chicago, June 6.—Sensational price advances in the corn market, with buying on a tremendous scale, resulted today from action of the board of trade directors Monday night, establishing \$1.65 a bushel as a maximum limit on quotations of corn in store, either for immediate or future delivery.

The outcome in oats was a rise of 15c to 23c, and in provisions a decline of 1c to 2c.

ITALIANS WITHDRAW SLIGHT DISTANCE

Heavy Austrian Attacks Cause Recession South of Jamiano.

Rome, June 6, via London.—Today's statement says: "Lively artillery duels continued yesterday on the front from the heights of Gorizia to the heights east of Gorizia."

"On the Carso the violent shelling of our positions from the heights of Gorizia was resumed, provoking an energetic reply from our batteries."

"South of Jamiano the fighting was less intense, after the heavy shelling yesterday. Our new line fronting Floridara, however, has been withdrawn slightly to a position which is more advantageous tactically, in including the action we took 25 prisoners, including an officer. There was intense aerial activity. One enemy machine was beaten down by gunfire near Moos, in the Sector. Valter, in the night, brought down in an airplane a pilot between the Vodic and Monte Santo."

"Last night our bombing squadrons, operating in the sector, shelling by notwithstanding the heavy shelling, dropped more than two tons of high explosives on the St. Petro station of the Trieste-Ljubiana Railway. Our machines returned safely."

FOE'S BIG CLAIMS

Vienna, June 5, via London, June 6.—Today's official statement follows: "The Austrians regained an important portion of the trenches south of Jamiano captured two weeks ago by the Italians. The enemy vainly advanced his reserves. The Austrian infantry was victorious over the whole line, and the enemy was repulsed everywhere. The number of prisoners taken yesterday near Jamiano was 171 officers and 4500 men."

THREE YOUTHS CHARGED WITH OPENING SWITCH

Chatham Lads, Alleged to Have Been Incensed, Face Serious Charge.

Special to The Toronto World. Chatham, June 6.—On a charge of opening the switch at the junction of the Grand Trunk and C. P. R. at Prairie Sliding, and causing the partial derailment of a freight train, three local youths, George Darling, William Humble and Joseph Burrows, have been arrested. They were arraigned in the county court today and remanded until Tuesday next. It is alleged that the three youths boarded a freight train Sunday, traveling as far as Tilbury, where they were ejected by the conductor, that they stole a hand car and proceeded towards Chatham, and that apparently incensed at the action of the conductor, they opened the switch at the diamond. The jigger was thrown into a ditch a short distance away. Two cars of a freight train which passed shortly after are said to have been derailed at the diamond as a result of the opening of the switch.

TREATIES WITH RUSSIA STOLEN AT PETROGRAD

Amsterdam, via London, June 6.—The Hamburger Fremdenblatt, a copy of which has been received here, publishes a Stockholm report, which is alleged to have emanated from Russian sources, that the original treaties between Russia and western powers which were concluded since 1915 have disappeared from the Petrograd foreign office.

RESTRICT JUVENILE ATTENDANCE

Special to The Toronto World. Chatham, June 6.—Acting on a resolution of city teachers, who claim that moving pictures have a bad moral effect on the pupils of the local schools, and on the report of a special committee, the board of education is planning certain restrictions which will curtail in a large measure the juvenile attendance at local moving picture theatres.
