DRY GOODS TRADE. Prices of Dress Goods and Men's Wear Advancing.

Toronto, Nov. 6.—A prominent feature of the dress goods situation is the advancing tendency that is noticeable on all lines. One of the most important advances has been on broadcloths, and while in certain directions this has restricted the sale, in others it has advanced to such an extent as to have advanced to such an extent that an advance in the manufacture of broadcloths is being made.

BACK FROM THE ARCTIC. Greenland Expedition Returns and Brings Valuable Records.

Copenhagen, Nov. 6.—Mylius Eriksen's expedition after two years and a half, exploring Greenland, returned today with valuable ethnographic and scientific records, the explorers having lived with the natives studying their language and customs.

THEY MADE WILD DASH.

Convicts in Delaware Prison Attempt to Escape and two Succeed.

Dover, Del., Nov. 7.—A number of prisoners have made a dash from the Kent county jail. The man hunt which followed dotted the roads and marshes with pursuers for the remainder of the day. The Sunday divers, generally are conducted by the warden, and at the time of the escape, the warden, accompanied by the constable, gathered about the corridor entrance. As the door was opened, to admit the students, there was a rush. Dozens of prisoners fled in all directions. They had not gone many yards before jailers and visitors were in full cry after them, the prison officials firing as they ran.

TRIAL GROWING OUT OF THE DREYFUS AFFAIR COMES TO SUDDEN END.

Paris, Nov. 7.—2.10 p. m.—The sensational trial of Colonel Dauric and Hollin and Captains Francois and Marechal, officers attached to the military information bureau, charged with appropriating funds which were used to secure evidence against Dreyfus, came to an abrupt end at noon today, when the government announced that it had abandoned its case. The result is attributed to the evidence of the Marquis de Galliffier, former war minister, exonerating the accused officer.

THE ST. JOHN EVENING TIMES, MONDAY, NOVEMBER 7, 1904.

Two Blooming Bay Trees. The Adventures of Two Criminals.

BY DOUGLAS WINTON.

"I have seen the wicked... spreading himself like a green bay-tree."—Ecc. xxxiv. v. 35.

(Continued.) "The other thieves—quite right! Well, as I say, all they left me was some stamps. Afterwards it struck me that I was an idiot not to think of clothes. There were no overcoats in the hall, of course; but very likely if I had looked carefully in the bedrooms, I might have got a regular rig-out. However, that is neither here nor there. The discovery I made and which all this yarn is only to lead up to, is this—here Jack De-me passed a moment, then bent forward in his chair, and continued impressively—"There is nothing but yards and so on between the back leads of that street of little houses and the back leads of the houses which form the east side of Vigor Square!"

out, by watching the lights and so on, which houses on the east side, of Vigor Square are unoccupied. Any one who has a country house ought to be there at this time of the year. There will probably be caretakers; however, I suppose we can't expect to have everything our own way." "Go on then," said Jack. "I'll never be very far behind you. After those three houses for caretakers," said Jack. "Excellent idea," Piggy replied, "and sounds just like chemistry. But how?" "Easy enough. I will give a run-away ring at all three houses, and you wait here and watch."

On the other side, 7 and 8 are both showing lights in the hall. So all we have to remember is to try the house just opposite, which is 6, or better still, the next one south, which is 5, and is not only empty itself, but has an empty house on each side of it." "Wait a bit; before we make our final plans, we may as well test those three houses for caretakers," said Jack. "Excellent idea," Piggy replied, "and sounds just like chemistry. But how?" "Easy enough. I will give a run-away ring at all three houses, and you wait here and watch."

or anything else that may be useful." So Jack lit a second candle and went upstairs, while Piggy began his task of overhauling the lower regions in a box-room he found enough pieces of cord to make two serviceable ropes, each of about twenty feet. Even if they were not needed for climbing on the leads, they would doubtless be useful for hauling up swags. He had much more trouble in finding tools; and after half an hour's ransacking, all he could muster were a screwdriver, a chisel without a handle, and an iron bar, which apparently had once been some part of a small bedstead, a child's cot probably. "Hot iron, and cast at that," he muttered, as he balanced it in his right hand, surveying it with dissatisfaction. "However, something in the shape of a lever we must have, and this is the best I can find. It strikes me that Jack and I—or rather I, for the blame is on me—have been a bit too precipitate. Had we only been content to wait another day we might have had a glazier's diamond, a saw to saw round locks, and a doormat. Jemmy Hullo, Jack! is that you?"

OF INTEREST TO CANADIANS. An Interesting Announcement by the Canadian Society of New York. At a recent meeting of the Executive Committee of the Canadian Society of New York, a program of entertainments for the members and their guests was arranged for the months of November and December. The evening of November 19 will be designated as "Ladies' Night," when a special dinner and entertainment will be provided for the members and their guests, including ladies. The annual dinner will be held on the evening of December 6th. Representative men of Canada and the United States will be the guests of the Society. An instructive program of speeches and music has been arranged for this occasion. The Canadian Society is composed of three hundred and forty members, all Canadians by birth, now residing and engaged in business in the City of New York and vicinity. Its objects are to foster cordial social relations among Canadians and to advance in every way possible their interests. The Society makes its entertainments during the winter months occasions of genuine hospitality to all Canadians whether members of the Society or not. All Canadians are requested to send the names and addresses of their relatives and friends who are Canadians and reside in New York City and vicinity, to Mr. J. A. Bucknell, Secretary, No. 170 Broadway, New York, so that the courtesies of the Society may be extended to them.

WOMEN AS OFFICIALS. In Germany Many of Them Hold Government Jobs. Women have become an indispensable factor in the German postal telegraph and telephone service, it seems, in spite of the conservatism which prevented the utilization of feminine activities in public work in Germany until nearly half a century later than in France and England. United States Consul Monaghan of Chemnitz, in his recent communication to the United States Commissioner of Commerce and Labor, reviews briefly the conditions and requirements which are of interest in showing the progress of women in the fatherland. It is not every woman who can obtain a position in the German postal service, so strict are the government regulations respecting age, character, education and health. A government medical examiner pronounces upon the health, which must be perfect; the age must not exceed 30 or be under 19, and a good common school education is a primary requisite. Possessing all these qualifications, the woman candidate is eligible only to a position as assistant in the post office, and the highest salary she can hope for is \$119 a year. In the telegraph and telephone service, however, all grades of positions are open to women, though the rules of admission are equally strict and no women with children are employed. Four thousand women are now engaged in the telephone service of the German Empire, it is stated, 1,000 of them being in Berlin. The hours are long, ranging from six to eight hours a day. The highest pay which a woman can draw in German telephone offices is \$257, which is said to afford a comfortable living in Germany, but it is a low wage compared to that to be obtained in England, where experienced telephone clerks get \$200 and the chief supervisors are paid as high as \$2,550. In Germany, however, it must be noted that women, on their withdrawal from active labor after the prescribed number of years of faithful work are awarded a government pension on the same plane with men.

THE WHITE PLAGUE. The statement in the board of health report that during the past year 108 persons died in this city of tuberculosis once more directs attention in the most striking manner to the terrible ravages of the "White Plague."

On an average, less than every three and a half days saw the death of a victim of the disease. Surely such a statement warrants a more thorough system of dealing with this disease. In its early stages tuberculosis is not incurable, and with proper treatment many patients would recover.

Sanitarium treatment is of course the best, and in many countries and institutions exist. But to make them available for patients among the poor, where the larger number are doubtless found, governmental action is necessary on a larger scale than hitherto.

It will be a source of satisfaction to the defeated leader of the opposition and to his friends that in all the comments made by liberal press and speakers only the most kindly words are spoken with regard to him.

REMOVAL OF GARBAGE. In Toronto the civic authorities are considering the question of the more effective destruction of garbage, and a report recommends the erection of three more "destructors."

THE ST. JAMES GAZETTE. The St. James Gazette, London, on the day of the Canadian elections, made this caustic observation relative to British feeling:—"What is wrong with this country is its influence to the interests and opinions of British overseas. To day the Canadian elections are going forward, but it is a regrettable fact that the average citizen of England is less interested in the result than he will be in the result of the Presidential elections in the United States."

MUST HAVE WHEAT. The statement that the Pillsbury mills of Minneapolis will import from a million to perhaps ten million bushels of Canadian wheat to be manufactured in bond is an interesting sign of the times. Of course the American milling interests seek to have the duty on wheat removed, and this the farmers may be expected to oppose.

QUESTIONS OF PREFERENTIAL TRADE. The questions of preferential trade, and a conference to consider the subject, are now being discussed in the parliament of Australia, on a motion in favor of a conference, and

AN ANNIVERSARY

Celebration in Centenary Orangenem at Waterloo Street—New Pastor Takes Charge—Christian Science and Other Meetings.

The anniversary celebration of Centenary Methodist church was held yesterday. Special music was provided for the occasion and Rev. Dr. Potts, one of the most prominent divines in the Methodist community and secretary of the Educational Society of the church in Canada, preached eloquent sermons to large congregations both morning and evening.

At the morning service Dr. Potts took for his text Psalm xxvii, v. 4: "One thing I have desired of the Lord all the days of my life." His sermon was an eloquent one and was given the closest attention.

There were about 200 members in the afternoon service, and in the afternoon, there was a full attendance. In addition to the usual exercises there were interesting addresses by the pastor, Rev. G. M. Campbell, and J. Hunter White. E. Appleby sang a solo and Morton J. Morrison gave selection on the violin. The collection for the anniversary fund amounted to the handsome sum of \$135.

With the Orangenem. The Orangenem of the city paraded to Waterloo street Free Baptist church yesterday afternoon where an excellent sermon was delivered by the pastor, Rev. A. J. Prosser, grand chaplain of the order.

The line of march to the church was via Germain, King, Charlotte, Union and Waterloo streets, and returned to the church via the same route.

Other Meetings. The Sunday afternoon meeting at the Home for Incurables took the form of a memorial service for three lady patients who died within one week, that ending Oct. 29th.

A New Pastor. Rev. W. S. Pritchard occupied the pulpit of the Congregational church yesterday both morning and evening for the first time as pastor.

Christian Science. In the York Theatre, on Sunday afternoon, Miss Knapp, of Boston, expounded the doctrines of Christian Science before a large gathering.

THE ST. JOHN EVENING TIMES, MONDAY, NOVEMBER 7, 1924.

BOTH ARE CONFIDENT OF VICTORY TOMORROW.

Republicans and Democrats Line Up for Battle--In Massachusetts Reciprocity With Canada is One of the Issues-- Certelyo Claims 314 Votes for Roosevelt.

New York, Nov. 6.—Geo. B. Certelyo, chairman of the republican national committee, made a brief statement tonight, reiterating his forecast of the previous night on the result of the election. He said: "As a final forecast I see no reason to change my previous statement and I adhere to that after receiving full reports from all over the United States, in the last 48 hours. I am satisfied that the republican ticket will carry every northern state, with the possible exception of Maryland and Nevada, and will have not less than 314 of the 476 votes in the electoral college."

Judge Parker, who closed his tour of speeches at Brooklyn last evening, remained in New York until 6 o'clock when he left for Esopus. Boston, Nov. 6.—One of the most active canvasses ever held in the state of Massachusetts, practically was brought to a close tonight, with the republican leaders expecting a decided victory for all their candidates, and with the democrats confident that the republican plurality of recent years will be notably reduced. If not wiped out altogether and the democratic success achieved, it seems to be generally predicted that President Roosevelt will carry Massachusetts. The interesting question is whether William L. Douglas, the democratic nominee for governor, will be elected over the present governor and nominee for re-election John L. Bates. Last year Governor Bates carried Massachusetts by a plurality of 55,384 over Col. William A. Gaston, who was the democratic candidate. The democrats have conducted an earnest campaign and have relied to a great extent upon the personality and record of their gubernatorial candidate, Mr. Douglas, assuming that the latter's position as a considerable employer of labor would be of great influence on the voter.

About the hotels where politicians usually gather and where great interest is shown in the one or an election, there was the same quiet that has marked the progress of the canvass. A few groups in the streets discussed the situation and expressed opinions on the result, but there was no excitement nor other to suggest any large sums, which has been a feature of previous elections. Some opinions were expressed by members of the different committees, their views being that the election would be a landslide for the candidate they supported. The wide difference in the estimates of the two committees and the confidence of the managers of both parties expressed, caused no little comment. There was also talk upon the newspaper polls and they were endorsed or discredited according to the party bias of the person who gave an opinion. Both committees received reports during the day from representatives in the field and both claimed that the reports bore out their predictions of success and insisted that, respectively, republican or democratic candidates to declare with increased confidence their belief in the election of the candidate they supported.

EVA BOOTH'S SUCCESSOR.

Commissioner Coombs Well Known in Canada.

Thomas Bates Coombs, Commissioner of the Salvation Army in England, has been appointed by General Booth to the command of the Canadian forces in succession to Miss Evangeline Booth. The announcement was a great surprise for Commissioner Coombs was the first territorial officer in command of the Dominion, after it became an independent charge, and commissioners are very seldom sent twice to take charge of the same territory. But the appointment will be hailed with delight by the soldiers of the Dominion everywhere, for no leader that Canada has ever had, except possibly Miss Booth, has been so beloved and revered as Commissioner Coombs. Commissioner Coombs was only about 30 years of age when, in 1884, he was commissioned by General Booth to take charge of Canada. It was his first territorial command and the work was arduous. There were less than a score of troops in the whole of the Dominion and those that had been organized were under the jurisdiction of the New York commissioner and were offered by captains sent over from the United States. Montreal, I. Corps were not formed until some time after Commissioner Coombs took charge. When he left, five years after, every city, town and village of importance had been invaded and corps or outposts had been established in them. From Canada, Commissioner Coombs was sent to Australia, where great success accompanied his ministrations. After about five years in the Antipodes he was transferred to England, where he has been ever since, succeeding Miss Booth as commissioner for the English field. There are few if any more spiritual leaders or more capable administrators in the Salvation Army than Commissioner Coombs.

DOM PAUL'S FUNERAL.

Mr. Botha has issued the program to be observed at the funeral of Paul Kruger. The remains will lie in state at Cape Town for a week, and will then be conveyed by special train to Pretoria, the final interment taking place on Dec. 16. The government has promised to facilitate the attendance of Afrikaners from all parts of the country by relaxing the stringency of the permit regulations. In Pretoria the ceremony will be of a semi-military character, and funeral orations will be delivered by Mr. Botha and other Boer leaders.

Morning News in Brief.

Local.

At the morning service in Brussels street Baptist church yesterday, the congregation decided by a unanimous vote in favor of union between the Baptists and Free Baptists. The resolution was moved by Wm. Alwood and seconded by Rev. John Hagler. A meeting of the maritime Commercial Travellers association, was held Saturday evening, in the office of the secretary, James Jack, to discuss a proposition to hold their annual reunion, in St. John, instead of Halifax, as hitherto. G. F. Atherton, senior vice-president occupied the chair. The attendance was good, and it was decided to hold the dinner in St. John on Dec. 22nd.

The following nurses, recently graduated from the General Public hospital, St. John, and were granted their diplomas: Miss Munro, Miss McKnight, Miss McGrath and Miss Graham; also Miss McNally of Fredon.

George Barryman has decided that an inquest is not necessary in the case of Peter McLaughlin who was found drowned in the McAvoy slip on Saturday. Frank Chaisson, a brother of Angus Chaisson, of the firm of Edgewood and Chaisson, arrived in the city Saturday night on the Boston express and is en route to his old home in Prince Edward Island. For the past six years Mr. Chaisson has been a resident of Leadville (Col.), where he is engaged in gold mining and has been quite successful. He will return to Leadville after spending about three months visiting relatives and friends in his native country. Eidon Howard, son of Joseph Howard, of Lunenburg, who with a companion, Eddie Lane, went gunning to Bay Shore on Friday last, and was accidentally shot through the thigh, will recover. He is being attended by Dr. F. G. Kenney and is rapidly improving.

A party of sportsmen went hunting Saturday, and were conveyed to the hunting ground by a horse attached to a double seated carriage. Yesterday afternoon the horse ran away from the carriage. There was but one man in the team at the time, and he jumped on the bridge. The runaway was captured in Douglas street by Policeman Ira Perry. The carriage contained two guns and a couple of rabbits. The policeman gave over the rig to the owner, Neil McGillivray.

Michael Horgan, of Golden Grove, who was thrown from a vehicle and rendered unconscious near the Three Mile house on Thursday, has not yet recovered consciousness and is still in the St. John hospital. He is in such the same condition as when admitted.

Mrs. Simon, wife of Dr. W. H. Simon, who has been organized in Main Street Baptist Church for over five years, has severed her connection with the north and congregation to take charge of the instrument in St. Andrew's Presbyterian Church, at which she presided most acceptably yesterday. Her husband, Dr. W. H. Simon, the English tenor, has retired from Main street church choir and is singing in German street church.

The International Library of Technology which has been placed in the new public library was purchased from the International Correspondence School of Scranton, Pa., by the purchasing committee of the library. The books will prove a very valuable addition and will be particularly sought after by all interested in technical education.

Provincial.

The farmers' institute meeting Saturday night at Lower Golden Grove was very well attended. Dr. T. Fred Johnston, president of the St. John Agricultural Society, occupied the chair. W. S. Fraser, of Ottawa, and C. F. Alward, of Havelock, spoke on subjects of much interest to those present.

James Kelly, a Logville stevedore, was accidentally drowned early last Friday morning. His body was found Saturday night on the beach. He was 55 years old and leaves a grown up family. Matthew Lynch, of Chatham, aged 35 years, has been missing since the evening of election day. Searching parties have been organized, but have yet failed to find any trace of him. He has a wife and family.

Thomas Oimo, of Chatham, fell 50 feet from the wall of the new Roman Catholic cathedral at Chatham, on Friday, and was fatally injured. He died last night. He was 30 years old and leaves an invalid wife. One hundred and fifty railway men marched in a body yesterday, at the funeral of Driver James McKnight, at Moncton.

Moncton Orangemen attended service at the First Baptist church yesterday morning. The body of John Quigley, who was drowned at Woodstock, on Friday, has been recovered.

The death occurred yesterday, at Halifax, of Mrs. Martha Logan, widow of Andrew Logan and mother of J. W. Logan, of the Halifax Academy staff. She was in her 77th year.

John Power, an old and highly respected resident of Halifax, died yesterday at the residence of his son, W. J. Power, dry goods merchant, after a long illness. He was aged 88.

It is understood that Sir Wilfrid Laurier will leave for the south, probably California, in the course of ten days for a rest. A constituency will be provided for Hon. A. B. Aylesworth. It is probable that he may run in Gaspe or Wright. The latter is held by the premier.

Hon. C. S. Eymann's majority in London, on Dec. 23, was 23. Mr. Eymann's majority in north Toronto was 112. The Ralph D. Hoagland Drug Company of Boston, has advertised with liabilities estimated at between \$115,000 and \$125,000. Nominal assets \$100,000.

C. A. Pearson proprietor of the Daily Press of London, England, and other newspapers, has authorized the anonymous donor that he had purchased the London Morning and Evening Standard. He says the purchase is purely a business and not a political transaction. A writ for \$5,000 damages for breach of promise has been issued against Geo. H. M. Manon, of St. Catharines, by Miss Agnes Reid, of Hamilton. Manon was to marry Miss Reid, but after she had been engaged to him for nine years and in that time wrote her more than 400 letters which she kept.

Huntington hall, the largest and finest public auditorium in Lowell, Mass., was burned yesterday. The loss is about \$750,000. There was a heavy fall of snow through the Catskill Mountain region Saturday night, the first general blizzard of the season. The mountains and foothills were everywhere snow covered. Inspector Duval, of the railway committee, has reported on the G.T.R. accident at Eastwood, Ontario. He finds that the accident was caused by one or two employees, a brakeman and conductor, who were continuously on duty for thirty-two hours and who forgot to turn back the switch, after letting their train on to the siding. Both were killed. There were five killed in all. The sixth annual banquet of the Canadian Club of Boston will take place on Nov. 28, in the Hotel Vendôme. A reception will be held from 6 to 7, and the banquet at 7 o'clock. Hon. Geo. E. Foster will deliver an address on Canada, Her Position and Aspirations. Hon. A. B. Aylesworth is also expected to speak. The annual graduating exercises, connected with the Framingham, Mass., hospital, was held in Gorman theatre. There were 17 in the graduating class including the following Canadians: Elizabeth Margaret Little, New Brunswick; Abbie Spicer, Nova Scotia; Lena Gertrude Wallace, Nova Scotia, and F. May Cochrane, Nova Scotia.

1,800,000 People

Have Asked Us to Buy Them a 50c. Bottle of Ligozone.

We offer to buy the first bottle of Ligozone, and give it free to each sick one who asks it. And we have spent over one million dollars to announce and fulfill this offer. Our object has been to let Ligozone itself show what it can do. A test is better than testimonials, better than argument. In one year, 1,800,000 people have accepted this offer. They have told others what Ligozone does, and the others told others. The result is that millions now use it. It is more ever was—more widely prescribed by the better physicians. And your own neighbors—wherever you are—can tell you of people whom Ligozone has cured.

Not Medicine.

Ligozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from a gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 30 years, been the constant subject of scientific and chemical research.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is Inevitable.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blank and mail it to the Liquid Oxygen Co., 406-48 Wabash Ave., Chicago.

NEWS OF SPORT.

PIGSKIN CHASERS HAD GALA DAY ON SATURDAY.

Senior Neptunes Draw With U. N. B. Junior Neptunes Defeat Fairville. Free Fight at a Chicago Game. McGovern Wants to Fight Britt.

The Neptunes and U. N. B. met on the Shamrock grounds, on Saturday afternoon, for the second time this season. A good crowd of spectators were present and they one and all, appreciated very much, the fact, of the managing committee having taken steps, by getting the kind permission of the chief of police, to allow three constables to be in attendance at the grounds, to keep out the small boys, and see that order prevailed through out the game.

At 3.30 the Neptunes kicked off against the wind, playing down the hill, when the order of the day seemed to be nothing but scrimmage, which unfortunately for those who had braved the cold weather, in the hope of witnessing some good play, continued throughout the game. Both sides did their share of attacking, but the extreme weakness of the quarters on both sides, upset all chances of either quartette, settling down to good passing, and so showing up the most pleasing feature of the game of Rugby football. When half time was called, neither side can have claimed to have had more of the game than the other.

At the re-start, U. N. B. kicked down the field, and commenced their first attack of any account, and by really hard "scrum" work, managed to get the ball within five yards of the home team's goal line, but they upset all their chances of scoring, although just on the point of it, by one of their forwards picking up the ball in the "scrum," for which offence Neptunes were awarded a free-kick. White, taking the kick, landed the ball well up the touch line, thus placing his side out of danger. It now seemed to be the Neptunes' turn to do a little attacking, and from a scrum in their opponent's twenty-five, the ball came well away to Thompson, who passed it on to Fairweather, and he in turn passed it to Emerson, but the latter hung on to it too long, instead of passing out to Burpee and thus missed an almost certain score for the home team. From now, till the call of time, it was nothing but a succession of "scrum" and when the whistle blew, for no side, neither team had scored, and the game was left drawn.

From a football standpoint, the game was distinctly disappointing, due chiefly to the weakness of both sets of quarters, as the ball was repeatedly heeled out by both packs, but the quarters, instead of watching for the ball, seemed to think that their particular game was, to watch their opposing quarter, irrespective of where the ball might be, a very great mistake, as any player, if he stops to think a moment, cannot but see, that the side doing the attacking, have no need to watch their opponents, they are the ones who need to be watched.

Both packs of forwards, played up well and were very evenly matched. Malcolm for the home team played his usual hard game, while Vince was very prominent in the following of all kicks. In the pushing department they all worked like trojans. Powers did good work in the quarters. The quarters they were most disappointing, in their attacking play, although both kept on here, and had been able to play, the game would probably have gone quite a different way, for the home team. The half-backs all did well, what little came their way, Emerson would be an excellent partner in the centre for Fairweather if he would only learn to pass the ball a little more. White played a good game at fullback kicking well, and doing all the necessary tackling, that came his way. Spectators would be better pleased if players would try, and get down to the grounds in time these cold days. (who said Harrison?)

Junior Neptunes and Fairville. Owing to the lateness of the start, of the Senior game, this match did not commence till 5 o'clock, when Neptunes kicked off, playing down the hill. They commenced pressing from the first, but were unsuccessful for some time, before their efforts were rewarded by their ring half scoring wide out. Ellis took the kick, but was unable to add the desired major points. From the drop-out Neptunes returned to the attack and had a free-kick awarded them for off-side play on the part of one of the Fairville players, right under their opponents' goal posts. Ellis decided to take a drop kick, but failed, an excellent opportunity of scoring thus being lost. Fairville touched down, and

from the kick off, rushed the ball well down the field, and made matters pretty lively for the Neptunes for some little time, but were unable to score, and half time arrived with the score standing 3 points in favor of Neptunes to Fairville's nil. As the light was beginning to fall, both teams decided to commence the second half right away, but even this, did not prevent the game from being stopped 10 minutes before the proper time. Neptunes during the 15 minutes play, managed to score a try more, thus leaving them with the score standing 6 points, (two tries) to Fairville's nil. The game was concluded before full time with the consent of both Captains. Fairville are a much improved side, and with a little more practice, next year should render an exceedingly good account of themselves in the league pictures. Malcolm one of their centre halves was the best man on the field. Dr. Curran was fagged out, after his hard game with the Senior team. All the Neptunes men played well and when they meet Carleton for the championship of the League, an exceedingly interesting game should result.

In the Intermediate league teams between the Carleton and Neptunes, both are tie for first place and another game will take place this week for the championship.

The League Standings. Played, Won, Lost, Tied, Pts. Neptunes ..... 5 3 0 2 21 Carleton ..... 5 3 0 2 21 Trinity ..... 5 1 3 1 9 Fairville ..... 5 0 4 1 3

Free Fight at Football Games. Chicago, Nov. 3.—A free fight resulted from the football game yesterday afternoon between the Fourth Chicago Clubs and the Tosetti football team. The referee was the cause of the trouble, and the victim of the outbreak. Many of the 200 spectators present, took part in the fight. Sergeant Brant and a patrol wagon filled with policemen succeeded in quelling the tumult after ten minutes of vigorous clubbing.

In the second half when a few yards might give victory to either side, Referee Hys Stevens decided that the Tosettis were guilty of an off-side play, for which the penalty was five yards. A number of bystanders vehemently objected. But the referee was obstinate. The bystanders finding arguments vain and curses unheeded, fell upon Melrose Stevenson and beat him.

A general fight at once opened. The members of the two teams plunged headlong into a pugilistic battle that was but little more sanguinary than the game itself had been. Fifty or seventy-five men were engaged, and many speedily were disabled. That part of the crowd that did not contribute to the turmoil by throwing stones and clubs at the masses of fighters. The battle raged half an hour before the police arrived and dispersed the mob.

Scores were bruised and kicked and beaten. The referee, although most badly battered, was taken to the police station along with the three principal offenders.

Yachting. Montreal, Nov. 4.—Capt. Thomas Fullerton, of Salscoats, Scotland, who used to sail sailing vessels to Canada years ago, and who, before he retired, ran liners with twin-screws to the Far East, is in Montreal.

Speaking of the Clyde Yachting Club challenging for the Seawanaka Cup, he said: "Oh yes, we'll challenge all right, but you've got to remember we do it for sport entirely. I don't know how you fellows take it. We build boats for the sea, not for fresh water sailing, but we'll make a try for the Royal St. Lawrence Yacht Club's trophy, and if we win we shall consider it a big feather in our cap. But I really don't know what may come out of it. It is popularly supposed across the Atlantic that the Royal St. Lawrence Yacht Club prefer as challengers the best drawing card, and we may, be out of the hunt. However, it seems to me that since the Clyde is the home of yacht-building in Europe, no challenge should be so readily accepted as one from there."

The Oar. London, Nov. 3.—Negotiations are proceeding for a race between Towns and Stanbury for the world's championship at Easter, and there is every indication that the contest will be arranged.

McGovern After Britt. Terry McGovern has issued a challenge to meet Jimmy Britt in a twenty-round bout at 130 pounds, ringside. McGovern says Britt promised to meet him when Britt was East last spring. McGovern's manager is bent on arranging such a fight, and announces that he will deposit \$2,500 today to bind the match.

The Ring. Chicago, Nov. 4.—On behalf of John Wille his manager, Jack Curley, is hot on the trail of Jack Root, George Gardner, Marvin Hart or Bob Fitzsimmons. Curley today posted a forfeit of \$1,000 for a fight between Wille and any of those named, the \$1,000 to go as forfeit for weight and appearance, and any terms suitable to the other parties.

Curley has Wille billed for a six-round go with Jack O'Brien before the National Club at Philadelphia next Wednesday night.

Horse Notes. Mr. Letourneau of Oakland has sold the stallion Nelson, by Nelson 2,09, out of the mare Headlight, by Hictator Chief, to Harry Hillton who has just leased the hotel at Kingsfield and taken possession. Mr. Hillton will keep the colt for breeding purposes. Out of the long string of horses that Mr. Letourneau has bred Johnny Wilkes, 2,174, is all that he has left.

Dan Patch Failed. St. Louis, Nov. 5.—Dan Patch failed at Delmar track today to equal his world's racing record of 1:56 made at Memphis two weeks ago, but succeeded in making a mile in 2:01 that, thereby breaking the state record of 2:02, which was made by his sire, Joe Patchen, in his great

race with John R. Gentry on the old St. Louis fair grounds track in 1898. Whist Tournament. A cordial invitation is extended by the members of the Neptunes Rowing Club to all friends of the club to pay them a visit tomorrow evening and incidentally to inspect the improvements which have just been completed. A duplicate whist tournament, with the Thistle Curling Club will be in progress during the next three weeks and the first trial of skill between the clubs will take place this evening in the new card room. Five teams have been selected from each club and the following members will represent the N. R. C. F. E. Hamilton and A. H. Merrill, C. Lee Day and F. R. Campbell, C. S. Everett and A. E. Everett, F. Hogan and F. Foster, G. D. Robinson and R. E. Walker.

AT THE YORK THEATRE. Tonight is the commencement of the 8th week of successful vaudeville at this popular play house, and it will prove a banner week, for it offers one of the best bills yet presented. It is a laughing show from start to finish, headed by the four Broens who are a bit everywhere, Cavanaugh and Hamilton, introduce the funniest burlesque boxing act in vaudeville. Clarke and Temple are members of the laughing trust, and will keep the audiences in the best of humor. Kimball and Donovan are exceptional banjoists and play classic as well as popular airs with a finish that is entrancing. Kittie Hoffman presents 15 minutes in merit in her monologue specialty. Bobby Fields is a comedian with a different style of work, than any yet in vaudeville. Chas. E. Edwards, the happy tramp, will do his share of fun making. He has no superior, and few equals as a tramp comedian. The whole show is bright, and well balanced. A children's matinee is on the card for Tuesday afternoon at 4 o'clock.

THE LARGE DAILY CIRCULATION OF THE TIMES MAKES IT AN EXCEPTIONALLY GOOD MEDIUM FOR UP-TO-DATE ADVERTISEMENTS.

WEST END NOTES. The members of the Presbyterian church of west end are requested to meet on Wednesday evening to extend a call to a new pastor for the church. The congregation has several ministers in mind for the call.

The Neptunes rowing club's boat house has been put into winter quarters in Gunn's slip at the head of Union street.

The C. P. R. elevator already contains several carloads of grain for the first of the winter port steamers.

The general feeling at Sand Point is that this season will be a banner one for business.

THE BATTLE LINE. Battle line steamer Pandosa, Captain J. L. Crossley, sailed from Cardiff for Rio Janeiro, last Friday. Battle line steamer Eretria, Captain Mulvey, sailed from Singapore for Port Said, last Friday. Battle line steamer Mantinea, Captain Pyc, docked at Sharpness from St. John, Saturday.

HE VOTED FOUR TIMES. Hon. Sydney Fisher's Father, Aged Eighty-Eight Years.

It is not likely, says Friday's Montreal Herald, that many voters of nearly ninety years of age had the privilege of going to the polls yesterday. Dr. Fisher Minister of Agriculture, will if he lives for another year and a half, be ninety years young, as Elbert Hubbard puts it. The Doctor has attained this ripe age with faculties unimpaired, except a waning eye sight. He recently visited Europe alone and unattended, and says if his eye sight improves his next trip will be to Australia and New Zealand.

He registered four liberal votes yesterday. In order to do so he had to stay over night at Adamsville, voting yesterday morning for his son in law. He then took a train for Montreal and voted for Peter Lyall in St. Antoine division and Ald. Gallery in St. Ann's. Taking the train for Lachine he voted in Jacques Cartier for Mr. Boyer. He was a central figure at the Herald headquarters in the St. Lawrence Hall last night long after many of the younger enthusiasts had gone home, tired and satisfied.

MARINE NOTES. Two Canadian schooners recently made quick trips to the south. The Alana, Captain Henebery, arrived at Cardenas from New Brunswick, making the run in three-and-one-half days. Schooner Prosperaro, Captain Summerville, made the trip from Mobile to Havana, in 70 hours.

The West India steamer Ayraon, Captain Seely, sailed Saturday night for the south via Halifax, with a general cargo.

Norwegian bark Dione, Captain Osen, cleared today for Buenos Ayres, with a cargo of dry lumber.

British steamship Boston City, 1483 tons, built at Sunderland, England, in 1893, now at New York, has been sold for \$36,500 at auction.

Among the arrivals of yesterday reported by the officers of the harbor office was the British schooner Pandora with a cargo of pulp wood for Yarmouth from St. John. The vessel was towed into port by the tug Casco and will be towed to Yarmouth to discharge today. Another arrival of the day was the British schooner Greta with a cargo of ear timbers from New London, Conn., to Montreal, N. B., in for a harbor, owing to lead winds outside. (Portland Argus, Nov. 6.)

THE DAILEY CO. ARRIVES.

Something About the Men and Women Who Will Entertain St. John This Winter.

The Dailey Stock Company arrived on the noon train today, and will open their winter season this evening at the Opera House. The organization is composed of some of the most prominent "stock" players in America. Albert Perry the leading man has for the past few seasons been the leading male support to Jas. K. Hackitt. Previous to that engagement he was a valued member of the Opera House. The organization is composed of some of the most prominent "stock" players in America. Albert Perry the leading man has for the past few seasons been the leading male support to Jas. K. Hackitt. Previous to that engagement he was a valued member of the Opera House. The organization is composed of some of the most prominent "stock" players in America.

Chas. Barringer is also an "old-timer" and those who witness his performance in the opening bill will testify to his ability and cleverness. George Robinson is a well-known favorite from last year's company. The comedian of the Daileys this year is Homer Mullaney, who last season was a "star" at the head of his own company. Merleth G. Brown, Richard Taber and Joe Hall finish the complement of the male members and are experienced and capable artists.

Miss Eleanor Carr also returns with this season's company. A handsome souvenir photograph of this accomplished lady will be presented to the patrons at this evening's performance. Miss Helen Ray is another beautiful member of the organization and of late years has assumed leading roles with quite a number of the principal stock companies in America. Miss Ray, like Miss Carr, is a Southerner and possesses all of the native grace and beauty that the South is noted for. Miss Florence Hartley, a diminutive soprano, is from London. Miss Hartley is a noted specialty artist. Miss Mabel Blake, who will handle the character roles, is a product of the operatic end of the theatrical performance and has only lately forsaken it to join the ranks of the Dailey Co. No doubt the company will receive a warm welcome this evening when they appear in "Whitesides" "romantic comedy drama Heart and Sword."

SANITARIUM GREATLY NEEDED.

Dr. Bayard Talks About the White Plague—Lt. Gov. McClelan Offered to Give \$2,000 Towards an Institution—The Government Took no Action.

As will be seen by the monthly reports of the Board of Health, statistics show that during the past four weeks the white-plague has in the city of St. John numbered 108 victims, according to medical experts consumption has not been properly dealt with. What is greatly required is a private consumption sanitarium, where cases in their preliminary stages can be properly dealt with. During the past few years this disease has been given considerable attention by the medical fraternity, in fact a great deal more attention than in the years gone by, because it has become generally recognized that some prompt and effective steps have to be taken to cope with the disease.

A Times reporter this morning called on Dr. Bayard who has always taken an active interest in endeavoring to prevent the spread of consumption. He asked what he thought would be the most practical and effective way of coping with the disease said: "The only practical suggestion is to have a sanitarium in the province. When I was president of the Provincial Board of Health, I urged strongly in reference to the government the absolute necessity of such an institution. When Hon. Mr. McClelan was lieutenant governor of New Brunswick, he was greatly in sympathy with the proposal. My object in appearing before the provincial government was to urge the proposal. The matter was considered and given a cold water reception, the government was simply asked to support a sanitarium and there was not the shadow of a doubt but that the general public would erect the building. Hon. Mr. McClelan agreed to contribute \$1,000 to the project and subsequently he stated that he would increase the amount to \$2,000. Many others throughout the province would willingly contribute their quota. We were willing to purchase the ground and erect the building but the government entirely ignored the proposal of maintaining the institution. The combined opinion of the medical profession is that consumptives can be better treated in a sanitarium. Under the present arrangement the afflicted people are taken into hospitals where they naturally spread the disease and where the air is not conducive to their improvement. Many lives can be saved if taken at the proper stage. There is no suggestion that might be thrown out to the hotels and that if they place carbolic acid in their cupboards it is considered a perfect killer of germs and will prevent their spread. Some steps will have to be made in connection with this disease and the sooner the better."

SALVATION ARMY ASK CITY FOR MONEY GRANT.

They Want \$1500 to Help Along the Work of the Metropole—Request is Before this Afternoon's Meeting—Thomson & Co., Write re Sand Point Berths.

The common council is in session this afternoon, and various matters are up for consideration. Col. Strange of the Salvation Army wrote in reference to the opening of the Metropole and the Seaman's Mission. The incidental expenses will reach \$1500 and the army requested the city council to give them a grant towards this object, which is a deserving one. We must respectfully protest against these lines not having been allotted a berth.

Messrs. Thomson & Co., requested the council to reconsider its decision and allot No. 1 berth to the Manchester line, with the option of putting in the Head line, Furness line, and South-African service there also and they can also get from the C. P. R. their wharf, which is useless except for vessels of the size of the Head line and Furness line. All communications were referred to their different boards.
