Declaration of War on Turkey By Italy May Be Expected Soon

Actions in Turkey Leads to Belief That Government Will Take Energetic Action - Italian Troops Make Further Advances in Alps - Brilliant Bayonet Charge

Rome, via Paris, Aug. 18.—Turkey, according to a Bucharest despatch to the Giornale D'Italia, has recalled permission for the departure of Italian, a large number of whom, including 700 reservists, are waiting to sail at Jaffa, Beirut, Beirut, Alexandria and Smyrna. The Giornale says the news is confirmed in authoritative circles, and it further learns from a reliable private source, that Turkey is continuing to send arms, money and proclamations to Libya, with the object of provoking a native rebellion against Italy. The paper concludes: "The cup is full. We have serious reasons to believe the government will take energetic action toward the ports, to end these violent proceedings, which Italy cannot tolerate."

ITALIANS ADVANCING Rome, Aug. 17.—(via Paris Aug. 18).—Further Italian advances through the passes of the Alps and a brilliant bayonet charge, which captured a strong line of Austrian entrenchments, in the Toinio region, are described in the official report issued tonight at army headquarters. The statement says: "In the rugged Ortler range, between the Upper valleys of the Adige and the Adige, one of our detachments set out during the night of August 16, from Capana, Milano and divided into squads, joined by ropes, crossed the Camosol Pass, (5,500 feet high), and the Vedrette Di Damno, climbed the snow-capped summit of Turckett Spitz, (10,500 feet high) and surprised groups of the enemy. It then proceeded to Hinter Madatsch Spitz, (10,400 feet), occupied by a detachment of the enemy, which it attacked and dispersed and solidly occupied the summit.

CAPTURED SEVERAL TRENCHES "In the Monte Neve section we captured several of the enemy's trenches in the neighborhood of the Viovo Peak, a counter attack by the enemy, on our Viovo position, was vigorously repulsed.

BRITISH GAIN AT DARDANELLES London, Aug. 18.—A further advance of 500 yards by the allied troops on Gallipoli peninsula is announced in a report from General Sir Ian Hamilton, the British expeditionary commander-in-chief, given out here today. The statement follows: "Sir Ian Hamilton, reports that in the southern zone, the situation was unchanged during the 14th and 15th the Turks kept up the usual artillery fire without much effect.

VENIZELLOS IS READY London, Aug. 18.—Ex-premier Eleutherios Venizelos cabinet notified King Constantine of his readiness to form a new Grecian cabinet in succession to the Goumris ministry, which resigned at the opening of the Grecian parliament yesterday, according to a despatch to the Central News Agency from Athens.

EXPLOSION KILLS TWO Three Rivers, Que., Aug. 18.—Tuesday afternoon an explosion occurred in the match factory at St. Constant, instantly killing Nicholas Murphy, well known inventor and electrical engineer, aged twenty-three. The explosion also killed A. Leboff and seriously burned three of the men, who have been rushed to Quebec city for hospital treatment. The building is completely burned, and utterly consumed the bodies of young Murphy and Leboff.

WEATHER BULLETIN Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Important depressions cover the Gulf of St. Lawrence and Texas, while the cool wave covers the Great Lakes. Rain has been general in eastern Quebec and the maritime provinces, and a few scattered showers have occurred in Alberta and Saskatchewan.

QUEBEC BRIDGE CLAIMS ONE MORE VICTIM Quebec, Aug. 18.—Frank Mitchell, a Caughnawaga Indian, while working on the construction of the Quebec bridge over the river St. Lawrence was struck on the head by a heavy bolt, which fell from the structure above him, and died for an eight hour working day, and for increased wages in all cases where the men are being paid below the standard wage scale.

EAST END LEAGUE DIRECTORS The directors of the East End League will hold a meeting at the Boys' Club tomorrow night at eight o'clock.

GRAVE CHARGES OF GERMAN INTERLUDE STATES, FROM WHICH SOURCES

Efforts To Involve Her in the War Alleged Scores of Lives Are Lost And Damage Amounts to Millions Details of Disaster in Texas Begin to Leak Past Barrier of Interrupted Communication

Dallas, Texas, Aug. 18.—More than three score lives were lost and property worth millions of dollars was destroyed by the Gulf coast of Texas, between the Gulf and Texas, and day before, according to information that trickled through the veil that has surrounded the stricken district, because of broken wire communication. Houston, Galveston and Beaumont remained practically cut off from the outside world but wire companies expected that they would be able to communicate with all three places before night. Although rain was still falling in some districts, the heat had lessened in velocity.

MANY DEAD AND PROPERTY LOSS GREAT Houston, Texas, Aug. 18.—(via Temple and Telephone to Dallas).—The Houston Chronicle prints the following interview with J. R. Montgomery, a Houston correspondent of the Galveston News, who got out at Virginia Point, the north end of the causeway Wednesday and viewed the wrecked city of Galveston: "I am confident the number of dead in Galveston is large. I could not see an individual from the north side of the causeway, and my opinion is that the number of buildings destroyed will run into the thousands."

Washington, Aug. 17.—Samuel Gompers, president of the American Federation of Labor, issued a statement tonight expressing the opinion that a full and complete inquiry should be made into the activities in the United States, with the approval of the United States government, which have been fostering labor troubles in plants making war supplies for the allies. Mr. Gompers reiterated his recent assertion that attempts had been made to involve him in the purchase of munitions for the United States, and that he had refused to do so.

Washington, Aug. 18.—The New York Herald this morning gives prominence to a summary of German secret activities in this country, since March, as follows: "Germany's expenditures in this country since March and has used this money in an attempt to involve the United States in the European war. Germany's expenses maintaining offices in America from which its anti-British propaganda is directed, are estimated at \$16,000 a week.

Other Activities "The Providence Journal says Germany, operating through Otto Kuhn, of Kuhn, Loeb and Company, fought to have the ship purchase bill passed hoping to compel the purchase by the United States, of German merchant vessels now in New York harbor.

"The Providence Journal said before Washington officials evidence to prove that a German trade expert, while making frantic appeals to Washington to open the way for German imports, through the British blockade, secretly advised his government to discourage shipments.

"Washington officials declare citizens will be prosecuted under federal statute for intriguing in favor of German government."

BETTER CONDITIONS FOR THE MACHINISTS Washington, Aug. 17.—The Executive Board of the International Association of Machinists, in session here today, decided to begin immediately a general movement to bring about improved working conditions for machinists. It was agreed that the first movement would be directed against munition plants and other large establishments profiting from the unprecedented demand of European countries for war supplies.

In announcing the decision, President W. H. Johnston, of the International Union, said it was not the policy of the board to bring about a general strike, but to deal with the situations as they exist locally. A demand will be made for an eight hour working day, and for increased wages in all cases where the men are being paid below the standard wage scale.

Washington, Aug. 18.—Secretary of the Navy Daniels has issued a formal statement denouncing the lynching of Leo M. Frank, as the worst blot on the name of Georgia, and declaring that it would be more sincerely condemned in the South than in any other part of the republic.

FOR MACHINE GUNS A contribution of towards the machine gun fund was received this morning by Mayor Frink from Joseph W. Yall, 189 Princess street

Capture of Kovno Fortress Is Announced By Germans

City Itself, With Outlying Fortifications, Now in Hands of the Enemy - Four Hundred Cannon Captured—Regarded as Serious Blow to the Russians

Berlin, Aug. 18.—(By wireless to Seyffels).—The following announcement was made here officially today: "The fortress of Kovno, together with all the forts and an amount of war material which has not been determined, has been in German hands since last night. "More than 400 cannon were taken. The fortress was captured by storm in spite of the most tenacious resistance by the Russians."

Military experts have agreed that the loss of the fortress of Kovno would be a severe blow to the Russians. The critic of the London Times, in an article published this morning says: "If the enemy succeeds in reducing Kovno, and is thereby able to cross the Niemen, he will be in the rear of the Russian line north of the Srenta, and with the junction of the two wings of Field Marshal Von Hindenburg's army, the position of the Russian right flank will be very difficult."

The official German statement, yesterday announced the capture of the forts in the southwest front of Kovno, together with 4500 prisoners and 240 guns, this was interpreted as foreshadowing the fall of the fortress proper, but its accomplishment was hardly expected.

The famous German general, Field Marshal Von Hindenburg, personally took command of the army attacking Kovno, the selection of Germany's national hero for this task indicated the importance attached to it by the German general staff.

CHOLERA IS SPREADING Paris, Aug. 18.—A Havas despatch from Zurich says that the latest report regarding cholera, made by the Austro-Hungarian minister of interior, states that the disease is spreading in that kingdom. Six hundred and seventy new cases have been officially reported, the majority in Galicia.

CONFERENCE OF WORKMEN Paris, Aug. 18.—The general federation of labor, the French revolutionary labor body, at a conference last night adopted a resolution appealing to the international working classes to work "so that peace may represent the triumph of right over might, and that through the acceptance by all countries of obligatory arbitration, the suppression of secret diplomacy and of the burden of armaments may arise the possibility of a federation of nations, assuring to all peoples the right to dispose freely of themselves, and safeguarding the independence of all nationalities."

With the object of affirming the above point of view, the conference urgently invited all organized workmen to accept the proposal of American labor organizations to hold an international congress at the time and place fixed upon by international diplomats for the establishment of peace terms.

FRENCH KEEP TIGHT GRIP Paris, Aug. 18.—The French war office this afternoon gave out a statement on the progress of hostilities reading as follows: "Last night passed in relative quiet along the greater part of the front. There has been reported only artillery engagements in the sector to the North of Arras and between the river Somme and the river Oise, in the region of Reims and in the vicinity of Lassigny."

"There was fighting yesterday with bombs and hand grenades in the Argonne at Haute Croixvaux, at Fontaine Aux Charnes, and in the forest of Chappuy. Our bombardment yesterday of the German positions near the Ling destroyed two heavy batteries and caused the explosion of several depots of ammunition.

"On the crest of Songerauch two fresh and violent counter attacks during the night against the position taken by us yesterday were completely repulsed and we made about fifty prisoners."

A Brussels despatch to London tells of sharp fighting in the vicinity of the night approach of German cavalry and the allied armies of France and Belgium. London is advised that a big battle is imminent.

The Belgium government seat has been removed from Brussels to Antwerp, owing to the approach of German cavalry and preparations are being made to defend Brussels.

That the German advance has resulted in deplorable tactics by the Huns is the information sent from Brussels by an Eye-Witness.

Confirmation of the report of the sinking of an Austrian battleship, the Erzry, was given out at Paris and rumor was current that a German cruiser and several German merchantmen had been sunk on the high seas.

A London despatch advises that the British parliament is a unit on the war vote and that Japan has taken steps to protect her shipping interests in China Seas.

EMPEROR CELEBRATES HIS 85TH BIRTHDAY Berlin, Aug. 17.—via London, Aug. 18.—Austrians living in this city will celebrate tomorrow (Wednesday) the eighty-fifth birthday of Emperor Franz Joseph and the Germans will honor the ruler of their ally by a display of flags. Every Austrian soldier in the field will be reminded of the Emperor's birthday by receiving an individual gift. To purchase the presents the Bureau of War Support at Vienna recently appropriated several hundred thousand kronas (a krona is twenty cents) and this fund has been augmented by enormous private contributions. Thirteen freight cars loaded with gifts already are on their way to the front.

U. S. Aviator Killed. Erie, Pa., Aug. 18.—Donald Gregory, aged twenty-four, of Ann Arbor, Mich., an aviator on board the United States naval militia ship Essex of Toledo, was fatally injured yesterday when he fell 800 feet during a flight. Gregory was hurried to a hospital where he later died.

WHOLE FAMILY WAS IN COURT

Proceedings Held up Because of Separation Suit - Small Boy Charges Pleaded Guilty

The case against Lena Monohan, who was arrested yesterday with her father, Samuel Lockhart, charged with stealing her husband's furniture was taken up in the police court this morning. Urban Swamy, who appeared for the plaintiff, made application for dismissal on the grounds that the parties had entered into a separation agreement. Magistrate Ritchie said that as the value of the goods alleged to have been stolen was over \$100 it became an indictable offense and he could not dismiss it. Mr. Swamy, after consulting with Earle Logan, who appeared for the defendant, said that he would make application to the attorney general for dismissal if his honor were willing. The latter said he would place no obstacle in the way and remanded the defendants.

The scene in the court room was a pathetic one. Mrs. Lockhart, mother and wife of the defendant, was in tears and a small child, which was brought to her by her father, sobbed loudly. The defendant, Mrs. Monohan, became hysterical as her child was taken away from her.

Boys in Trouble. Ivan Watters, Murray Chase and Orval Estey, three small boys, appeared before Magistrate Ritchie in the juvenile court this morning charged with stealing a quantity of goods from the Crystal Steam Ship Company's warehouse, at Victoria street, and the Victoria Steamship Company's warehouse at Indiantown. Watters and Chase pleaded guilty of entering these places on several occasions and taking goods, and Estey pleaded guilty of accompanying them on one occasion. At the last mentioned had given the police desired information and as it was his first offence, he was allowed to go with warning. The other two have a suspended sentence hanging over them and they were remanded. Some of the goods recovered by Sergeant Smith were produced in court and identified by the owners.

In addition to the above mentioned robberies, Chase admitted taking books from the old Sorrell house, Kennedy street. Commissioner McLellan, who was present in court, explained that the house is owned by the Sorrell estate and is badly in need of repair. He said any person could enter it at will and it was nothing more or less than a source of temptation to youths. He said the department had taken up the matter with the owners in Boston and something would be done to better conditions.

Sergeant Smith deserves credit for rounding up the boys.

William Thomas, charged with criminal assault on a young girl; Mary Ronney, charged with assaulting William Hanley with a knife with intent to kill; Margaret Hazelwood and Sydney Hart, charged with bigamy, and Fred O'Dell, charged with stealing a watch, were all brought into court this morning and remanded.

One man arrested on a drunkenness charge was remanded. Special Patrolman Barrett and William Keefe, brother of the defendant, testified against him.

PREPARING FOR 64TH BATTALION

Plan Recruiting Campaign But 55th Must Be Filled First - St. John Men Among the Officers

An active recruiting campaign is to be organized for the 64th battalion, the nucleus of which, composed of a detachment from Nova Scotia, is now at Camp Sussex. If possible, however, first attempts are favored in the interests of the 55th, which it is hoped to fill before the 64th is mustered.

Research interest has been taken in recruiting locally through the lessening of requirements for volunteers, many men who were previously rejected as being below the necessary measurements or through having poor teeth, being now readily accepted owing to the change in the regulations.

Officers Gazetted The establishment of the 64th Battalion at Sussex under Lieut. Colonel Montgomery Campbell is being proceeded with deliberately and carefully, and every effort is being made to secure a representative class of men. When it was organized the intention was, or the hope of the promoters, at least, to have it garrisoned in Kent so that it would be known as a Maritime Scottish regiment, but that idea has been abandoned and the men will wear the usual khaki instead.

Several St. John men have been accepting appointments to the new unit, and have filed applications. Among those successful thus far are Lieut. Col. J. L. McAvity last night. He said field kitchen procurer here would not be accepted by the war office. His willingness will send on the money available as requested.

William M. Jones, lance sergeant, Bear River, N. S., has been slightly wounded in action in France; Corp. George W. Kane of Amherst, N. S., has been killed in action with the 16th Battalion.

Another Gun. Salisbury, N. B., is arranging to purchase a machine gun.

CAMPING TRIP Mrs. Bernard F. Ring, of 370 Main street, and party of young folks, arrived home on Monday after a delightful holiday of two weeks at Victoria wharf. The party included Misses Emily and Sarah Ring, Daisy Belva, Florence Brown, Evelyn Lawlor and Jessie Brown, Mansford Brown, Kenneth Brown, James Baur and Master Treanton Ring.

A Blot on Georgia. Washington, Aug. 18.—Secretary of the Navy Daniels has issued a formal statement denouncing the lynching of Leo M. Frank, as the worst blot on the name of Georgia, and declaring that it would be more sincerely condemned in the South than in any other part of the republic.

FOR MACHINE GUNS. A contribution of towards the machine gun fund was received this morning by Mayor Frink from Joseph W. Yall, 189 Princess street

Will Get South African Medal - General Cannon Nearly Lost An Eye - Maples For Canadian Graves

London, Aug. 18.—Lieut.-Col. Renne, of the Third Battalion (Queen's Own, Toronto), has arrived in England on a short leave of absence. One hundred and fifty Canadians who served in the First Canadian Contingent in South Africa, have been making a claim for the King's medal for the South African campaign. They reached the cape eight days after the peace treaty was signed. No word is received that the medal will be awarded.

Major-General John Gerson, of Montreal, who is in England, attached to the Canadian Record Office as the representative of the minister of militia, had a narrow escape yesterday from serious injuries to his eyes. While motoring in London he was struck in the face by a stone thrown by a small boy. The blow inflicted a cut within half an inch of the general's left eye. As the general wears glasses, he would probably have suffered the loss of his sight had the stone landed half an inch nearer his eye. The Newfoundland contingent was recently inspected at Aldershot by Lord Kitchener, who bestowed high praise on the men.

The idea of planting maple seeds on Canadian graves on the battlefield, first suggested by Fane Sewell of Toronto, is being developed by the Overseas Club. Earl Grey, who is the chairman, has announced that in the Dardanelles, Australian and New Zealand graves will be planted.

TORONTO AS CANADA'S MUNITION CENTRE Toronto, Aug. 18.—Toronto is to be Canada's munition centre, and headquarters will be established in this city, which at all times, will be in touch with the British war office. This statement was made yesterday by a leading Toronto lawyer. He had just arrived from Ottawa. D. A. Thomas, who is in Canada, on munitions business as representative of Lloyd George, is expected in Toronto today.

Must Disprove Charges Or Rest Under Stigma

Grand Templar of I. O. G. T. Puts Liquor License Charge Up to the Government --- Pledges Which Have Been Forgotten

(Special to Times) Fredericton, N. B., Aug. 18.—Grand Secretary, J. V. Jackson, in his report at the I. O. G. T. Grand Lodge here last evening showed that 893 members had been initiated during the year, making the total at present time 446. The total loss during the year 1914-15 was \$72.17, and expense, \$57.23. The Grand Chief Templar, in his report, strongly condemned political conditions in this province. He said that right thinking people had been started by the revelations, and demanded a cleaner and better state of affairs. Referring to the alleged hold-up of liquor licenses holders, he said: "A charge has been laid at the door of the present government of compounding with men engaged in the liquor traffic. The truth or falsity of this charge remains to be proved. However, we believe it is the best way to repudiate a charge is not to evade, but to invite investigation. While the investigation may be wholly innocent as to the matter referred to, if a thorough investigation is not made, they may forever rest under the stigma. Nothing should be feared by them. If any follower of the party has received the money, as charged, it must be known to the government. No evidence has been shown that any member of the present legislature has made any protest. Unless the matter is taken hold of and proof of the innocence of the party given, then before the people of this province every member of the legislature connected with the party must know that he is as culpable as the person alleged to have received the money. The Chief Templar points out that five members of the present house signed the prohibition pledge prior to the election of 1912, but had since made no effort to carry it out. This he regarded as evidence of double dealing. For Flying Corps Lieut. Purvis Loggie, son of Col. T. G. Loggie, is to leave next week for England to join the Royal Flying Corps. Word has been received here of the death of Chico, Cal., of John Lockhart, a former resident of Albert county, was ninety-one years of age, and leaves two sons and two daughters. One of the sons is Capt. L. H. Lockhart of Dorchester.

PATRIOTIC FAIR AT EAST ST. JOHN

Arrangements For Next Saturday on a Big Scale—Far Red Cross and Soldiers Comforts

Preparations are being completed for the big fair which is to be held at East St. John next Saturday for patriotic purposes, under the auspices of the Red Cross and the Soldiers' Comforts Association of East St. John. The grounds on Courtney Bay heights have been made ready to accommodate a record attendance, and an energetic corps of workers developing the last detail in entertainment for the day, is expected that the fair will prove one of the most pronounced successes of the season. The St. John Street Railway employees have practically completed the branch line to Courtney Bay and the new service will be in operation for the outing. PLAN PATRIOTIC AUCTION SALE HERE

Representations of Several Societies Recommend Acceptance of J. J. McCaffrey's Generous Offer. A united effort among representative men's societies and the Daughters of the Empire is planned for the week of October 7 when it is intended to hold in St. Andrew's rink a Patriotic auction, similar to, but more pretentious than, that conducted some weeks ago in Fredericton, under the direction of J. J. McCaffrey. The latter has offered his services to the committee for the purpose and will be able to give much valuable aid in the movement. A meeting was held this morning in the rooms of DeMonts Chapter, I. O. O. E., in the new building of the Bank of E. N. A., Market square, at which Mrs. J. Boyle Travers presided, and delegates were present from the several chapters of the Daughters of the Empire as well as from the Rotary Club, Elks, and Knights of Columbus. The matter of holding a patriotic fair was considered, but it was thought more feasible and practical to conduct the patriotic auction outlined, and recommendations to this effect were passed. Representatives present from the Daughters of the Empire were Mrs. Heber Vroom, who acted as secretary; Miss Helen Sydney Smith, treasurer; Mrs. G. K. MacLeod, Mrs. F. E. Sayre, Mrs. P. W. Thomson, Mrs.

Poor Old Folks— Looks as if they'll have to go "over the hill to the Poor-house."

Their children either can't or won't support them. Tragic! Yes! But not half so tragic as the old folks' remembrance of the fact that their present plight is due to their lack of foresight in not making provision for their declining years. Be independent in YOUR old age. A small amount invested annually for a few years in an Imperial Endowment Policy will enable you to end your days in comfortable independence instead of as a burden upon the charity of friends or in a pauper's home. May we tell you about the income you can make for yourself in your leisure hours, by making small payments now when you have the money? Don't wait—write for particulars to-day. FLORAL DONATIONS FOR DECORATION DAY

Co-operation of Citizens Asked for Annual Tribute to Former Members of Knights of Pythias. The co-operation of owners of flower gardens in both city and country is respectfully solicited by the three lodges of Pythias this city in connection with their annual decorating of graves which takes place a week from tomorrow. Close upon two thousand bouquets will be required and in the past plenty of lovely blossoms have been placed at the disposal of the Pythias. Properly printed addressing labels have been distributed among the members and the order and also at the following public places: Imperial Theatre Cigar Store, Geo. Bell and Stanley Wetmore's Drug Store, Lower Cove; Dick's drug store, Charlotte street; Lockhart & Ritchie's Infirmary office, Prince William street; Hawley's Transfer Corner, Mill street; Munro's drug store, Main street; Black's restaurant, N. & S. Indian town; Wade's drug store, Wall street; Mowatt's drug store, foot Waterloo street and Gardner's book store, opposite Victoria school. The flowers need be only the ordinary garden blossoms and not necessarily the finest growths of Moons. All donations should either be sent to McLaughlin's Carriage Works, Union street, on Wednesday, the 18th or else the secretary of the committee, H. J. Gardner, corner Duke and Duke streets, should be notified where the teams should call to take delivery. Railway suburbanites may leave their donations with the depot and river suburbanites may leave their flowers in care of F. N. S. Sons, Indian town. A SON. Congratulations are being received by Mr. and Mrs. J. Bryson Eldridge, 84 Broad street, on the arrival of a young son yesterday. (See also page 7)

THE OPENING SESSION AT SUMMERSIDE

Maritime Board of Trade Meets With No Delegates From St. John or Halifax. Summerside, P.E.I. Aug. 18.—About thirty delegates were in attendance at the annual meeting of the Maritime Board of Trade this morning. Amherst delegates were prevented from attending owing to the death of Mayor Douglas. Sackville delegates coming over in a motor boat were detained by a storm. Mayor Saunders of Summerside, in welcoming the delegates, referred first to the war. He emphasized the need of business being conducted as usual and said that the maritime provinces were less affected by the war than other parts of Canada, especially in the west where conditions should be a lesson to our young men contemplating leaving these provinces. "Young men stay east," was his advice. Mayor Saunders advocated placing the new car ferry steamer on the Summerside-Cape Torment route until the terminals at Carleton head were completed. This would take a year or two. The secretary, T. Williams, of Moncton, in his report, said that the single tax resolution passed at last year's board meeting was discussed by Williams, and no change would be made until the people ask for it. Reference was also made to the disposition of other questions taken up at that board, including the increase in freight rates. "None From St. John." The secretary also reported no delegates from St. John or Halifax this year. The former gave at the reason, business conditions, and Halifax pleaded a lack of interest and threatened to withdraw if there was not more energy shown and more real work done between board meetings. A resolution favoring more agricultural and technical education, moved by E. A. McCurdy, seconded by Rev. Father Minch, was discussed by Williams, Judge Stewart of Charlottetown; E. A. Reilly, Moncton, and D. A. Mackinnon, Charlottetown. (See also page 7)

NEW ROUTE FOR THE RAILWAY

That borings are being made in the vicinity of the possible location of a new route for the Valley Railway by the eastern side of the river, was the statement of George W. Clark, who came to the city at noon today. The government felt, he said, that this new route would be practicable. IMPORTANT NOTICE RE "DAVID HARUM" TONIGHT. The presentation of "David Harum" at the Imperial tonight with the original solo-actor, William H. Crane in the part is a photo-play of great importance. Doubtless the St. John public will not be slow to recognize this as a feature of the evening. Therefore, for after-dinner parties and others making use of the reserved seats to telephone requests early in the evening. There is already a brisk demand for box chairs for both tonight and Thursday. The "David Harum" feature will be shown these two days only. On Friday and Saturday a timely subject will be introduced in story form in "By the Kaiser's Orders," a three part British production dealing with the events of the war. The play is a story of England prior to the outbreak of hostilities and showing how the English people were endeavoring to steal a great scientific secret. The picture is full of patriotic thrills and will create a great deal of enthusiasm. THE HARVESTERS. Apparently the call of the west still proves tempting to the young men of the east. Yesterday's harvest excursion, conducted by the C. P. R., were well patronized, and more than a thousand left the city from St. John and other parts of New Brunswick, as well as Nova Scotia. It was no easy matter for the I. C. R. police to cope with the crowd, not only to bid farewell to many of the harvesters, but to handle the throngs of the westward-bound excursionists were somewhat noisy, he added. Policeman W. G. Roberts was on duty alone from six o'clock p.m. until one o'clock this morning, a busy period, and had indeed an active time to be had. He handled the crowd with credit. Policeman John Collins had his time well occupied in the afternoon, when he was in charge of the westward-bound excursionists. The friends of J. J. Bradley who was taken suddenly ill last night, will be pleased to learn that he is now very much improved. Miss Agnes Ryan has returned to her home in Boone after visiting Mr. and Mrs. O'Leary, Harding street. Kenneth L. Gordon, manager of the branch of the Bank of Nova Scotia at Victoria, P. E. Island, is visiting in the city. Mr. and Mrs. C. M. Gibbs have returned to their home in Sackville, N.B. after a few days' visit in the city. Mrs. J. H. Leary of South Boston is the guest of her brother, T. S. O'Brien, Germantown street. Mr. and Mrs. George C. Starkey of Manchester, N.H., are visiting Mr. Starkey's parents, Mr. and Mrs. E. D. Starkey, Main street. Adam McColgan, formerly of St. John and now a leading druggist of Boston, is visiting relatives in this city. His Honor Lieutenant-Governor Wood has accepted the invitation to lay the corner stone of the Central Methodist church, in Moncton, on Tuesday, Aug. 24th. Mr. and Mrs. W. A. Trenholm, formerly of Moncton, but now of Toronto, are at Point de Bute for the holidays. Mrs. J. A. Tuck of New York. Mrs. Tuck, who is a sister of Mrs. Trenholm, will also spend the holidays in New Brunswick. Miss Dodge of St. John is visiting friends in Moncton, the guest of Mr. and Mrs. F. P. Whelpley. Rev. Patrick Leonard, C.S.S.R., professor in Mount St. Ann's, the house of studies for the Redemptorist Congregation in America, which is situated in the Hudson, is in the city and a guest of the Fathers of St. Peter's rectory. He is a former St. John boy. Mr. A. Shalin of St. John, Miss P. Akery of Springfield, and Miss V. Crandall and Mr. A. Stenhouse of Moncton, spent the weekend at the "Bungalow," Holderville, as guests of L. C. Holder. The engagement is announced of Miriam S. Cambridge, daughter of T. L. Cambridge, St. John, and Wilbur D. McPherson, of Calcutta (P. E. I.).

FEAR ST. JOHN WILL BE DUMPING GROUND

Local Merchants Ask Protection Against Influx of "Bankrupt" Stocks—Council Will Consider. That bankrupt stocks of merchandise will be offered for sale in this city this fall by men who are not regularly engaged in business in St. John, was the representation made to Mayor Frink of the city hall this morning by a merchant connected with the Retail Merchants' Association. The local business man said that the goods would be put on the market to the detriment of local houses, and he was of the opinion that restrictions should be placed on the operations of outsiders. His Worship said he was not sure that the matter was within the jurisdiction of the common council, and advised that a communication be sent, addressed to the mayor and commissioners for consideration by the council. Mayor Frink referred to the representation of the merchant at the committee meeting. REPLY TO CORRESPONDENT. Oh yes the commissioner of public safety is taking an active interest at present in the police department owing to the temporary absence of the chief of police. For instance, on Monday evening at the band concert he was doing partial patrol duty by requesting the officers who blocked the sidewalks to move on. Citizens generally hope that he may be successful in breaking up the gangs of male wall-flowers who infest Charlotte street between King and Union street every evening. THEIR CHILD DEAD. The sympathy of a wide circle of friends will be extended to Mr. and Mrs. John Cummings, 287 Chesley street, whose eight months old child, Ruth, died this morning.

SEVERAL KILLED

London, Aug. 18.—The outbreaks on London were raised last night by Zepelins. Several persons were killed. The damage to property was not important. A SOLDIER'S COMPLAINT. No Boots and no Uniform Issued to Him After Five Weeks in Service—Who is Responsible? A young man enlisted in the battery at Partridge Island some five weeks ago. After he had worn out his boots, his father provided him with five dollars and a half to buy another pair. Last night he left with the detachment in the late train for Halifax without either uniform, great coat or blanket. It is said there were sixteen men who had to go without uniforms. What is the use of asking for recruits if they must buy their own boots and go without uniform for weeks, as was the case with this St. John young man? He is ready to fight and die for Canada. What is Canada doing for him? These questions are being asked by men who are urged to join the colors, and if recruiting is to be successful, the needs of the men must be promptly met by those in authority. THEY WANT THE CARS. A real tinge of autumn was in the air this morning and particularly noticeable to those obliged to cross the new bridge over the reversing falls, whose great height gives the wind special privileges. The approach of cold weather again brings to the front the question of when will the cars operate a through service. While this is impossible until the cables of the old suspension bridge are removed, Lancaster people see no reason why work has not been commenced laying rails on the approaches. The public have no definite assurance that the cars will cross the bridge this winter, but with the fine new structure completed better transportation in the cold months would seem reasonable enough.

ARREST OF BOYS MAY CLEAR UP ROBBERIES

For some time past goods have been mysteriously disappearing from the warehouses of the Crystal S. Co., the Victoria S. S. Co., and that of the steamer Kinross in Indiantown. A wide variety of articles was taken, and in large quantities. Yesterday afternoon a crate of cherries was missed. It had been in the warehouse of the Crystal S. S. Co. just a short while before. In looking for it to see if it had been removed there, Ray Colwell, agent for the company, espied a boy emerging from a nearby hidden beneath the shed, and immediately became suspicious. An investigation revealed a considerable store of different crates hidden beneath the shed, for suit cases containing clothing, two hatches, a crate of raspberries, a crate of potatoes, a crate of cherries, pair of field glasses, a coil of rope, and some other articles.

The matter was reported to the police and resulted in the arrest of Ivan Waters, aged twelve years, and Murray Chase, aged thirteen years, both of Indiantown, by Sergeant J. J. Smith.

BATTERY CHEERED AS THEY DEPART

The artillerymen who left St. John in the heavy battery last night were given a farewell long to be remembered, by crowds of citizens. When they departed from Partridge Island at Reed's Point, a hearty cheer was given, and addressed by Mayor Frank, who was accompanied by Hon. Captain, Ven. Archdeacon Raymond, chaplain to the 3rd Artillery, headed by St. Mary's, and they marched through several of the principal streets to the depot, where amid the cheers of a large gathering, they left for Halifax on the late train for further training.

While en route on the landing of the artillerymen from Partridge Island at Reed's Point last night, Jack Coram misjudged the distance between the now on which the men were being landed and the wharf. He lost his balance and went overboard. His rescue was effected by B. Quinn, B. Coram and Capt. Wheaton of the government tug "Otto."

CANADIAN NATIONAL EXHIBITION, TORONTO.

The Canadian National Exhibition, the greatest of all annual fairs, will be held this year as usual at Toronto, from August 20 to September 18th and in the splendid buildings so picturesquely grouped on the shore of Lake Ontario, surrounded by fine boulevards and inviting walks, the very best that Canada produces will be exhibited while an elaborate programme of amusements has been provided, which will include some noteworthy features.

Cheap fares to Toronto will prevail over the lines of the Canadian Government Railways for a period that will give an opportunity for a visit to the Queen City during the most delightful part of the summer. Round trip tickets will be issued from August 27th to September 6th at first class one way fare and one-third, good for return September 15th. Round trip tickets at first class one way fare will be issued September 1st good for return September 8th, on September 4th good for return September 18th and on September 7th good for return September 18th.

In addition to this there will be a special excursion fare of \$20 for the round trip issued on September 2nd good for return September 11th and on September 8th good for return September 18th. GATLIN 3-DAY LIQUOR TREATMENT IS GUARANTEED

No matter what your opinion or prejudice may be, the fact remains that the Gatlin 3-Day Drink Treatment does the work. It thoroughly eliminates every vestige of the stored up alcoholic poison from the system in just 3 days, and leaves the patient in the condition he was in before taking his first drink.

THE RESULT IS GUARANTEED AT THE END OF THREE DAYS OR NO CHARGE.

Instead of taking a four or five weeks course of hypodermic injections, the worst cases are entirely restored to normal condition by the Gatlin Treatment in exactly 3 days. If, at the end of that time the results are not entirely satisfactory to the patient, the Treatment will cost a cent. This guarantee of satisfaction is backed by a responsible concern with large capital.

The Gatlin Home Treatment is for those who cannot find it convenient to come to the Institute. Certified Nurse can be sent within a reasonable distance, without extra charge.

Until Schlitz adopted the Brown Bottle, the American public drank light bottle beer, not realizing the danger of its becoming skunky and impure.

Schlitz has shown the public the way. The Brown Bottle is the only true defense of beer purity.

The Brown Bottle is the Best Known Container for Beer

—recognized even by the light bottle brewers, who continue to follow the lines of least resistance, not realizing the inevitable elimination of the light bottle. Beer is saccharine, and the slightest taint ruins its healthfulness.

Schlitz in Brown Bottles is pure and wholesome—no better beer brewed, and it costs no more than light bottle beer.

THE WAR NEWS

There is not yet an actual state of war between Italy and Turkey, but today's cables from Rome indicate an early rupture between the two countries. Indeed, such a result would seem to be inevitable.

In the east the Russians are still being pressed back, and the Germans have captured some forts, but have not been able to overtake the Russian armies, which are retiring to new defensive positions and hiding their time for more vigorous action.

Little has been heard of late about the Belgian army, but last night's cables tell of another determined effort by the Germans to capture the famous bridgehead at Dinant, on the Yser, and of their repulse by the Belgians, whose accurate fire destroyed most of the attacking forces. In Alsace the French made a slight advance at one point, but along the whole western front there has been no important change.

THE COMPULSORY SERVICE. Col. Arthur Lee, M. P., home to England from the front on a short leave, today a meeting of his constituents yesterday that nothing short of compulsory service would solve Britain's difficulties in the matter of men, money, munitions and exports.

THE SUBMARINES. The loss of the Royal Edward will result in even greater care on the part of the Admiralty for the protection of troop ships. It has taken the Germans a year to get one troop-ship, and they may never get another.

circled around the transport while in the danger zone, and how extremely difficult it would be for an enemy submarine to make a successful attack. The utmost care has been taken to provide every Canadian transport with ample protection, and when we think of the great number of vessels that have gone from these shores with large or many detachments of troops since the war began, we realize how much is owing to that class of naval vessels which can successfully defy the submarine.

HUMOR IN A LAW COURT. Cross-Examining a Witness as to "Minute" Details. (From the Lamar Democrat) Did you ever sit and listen to a lawyer as he cross-questioned a witness of the opposition? It takes a wonderful and active mind to handle this part of the trial. It runs something like this:

THOSE "IRREGULARITIES." Before Commissioner Chandler in Fredericton yesterday evidence was submitted to the effect that a man whose name figured on the pay roll for cedar posts supplied never furnished the posts or saw the check or got the money. The check was made out in his favor, and was endorsed by his mark, with the signature of A. J. H. Stewart, M. P. P.

LIGHTER VEIN

Colorado Geyser. An irate old gentleman was eating in a Denver cafe. Near him sat a youth who was loudly "chabbling" his soup. The old gentleman, in disgust, finally turned to the noisy diner.

He Never Disappointed. The interviewer—Why did you assassinate all your wives as soon as the honey moon was over? Canada herself would have had vessels of this class to aid in the great work of protecting her transports.

Security. A citizen took his little boy for a bath in the swimming pool. Noticing a small boy using water wings, he asked, "Johnnie, where can I get some of those wings for my little boy?" "That feller over there will let you take a pair," replied the kid, "but you got to let him keep your pants for security."

PRISONERS ENJOY LIFE
Amherst News, Monday.—The German prisoners in the Internment Camp spent a very pleasant day yesterday. During the course of the afternoon and in the evening the orchestra rendered a special programme of music and the men amused themselves by different games. A large number of citizens lined the further side of the track, sitting on the grass and the lumber piles adjacent listening to the concert that was given by the prisoners.

Captain Bentley Writes of Death of His Brother — "Destiny of Canada Fought Today on Field of Flanders" — Well Known Here

It is a letter of deep interest to many in St. John, where he was located for several years and where he had many friends, appears in the Amherst Guardian from Captain Bentley, regarding the death of his brother, Lieutenant Bentley. The letter with the comment on it follows:

When Lieutenant Frederick M. Bentley was killed while fighting for the Empire, his brother, Captain Bentley, was in hospital in England owing to an injury to one of his legs. Both young men, sons of Captain T. K. Bentley and Mrs. Bentley, of Port George, had volunteered and had been accepted for active service in the cause of Freedom's cause. It would seem that the brother had done his bit and died a noble death.

It was a letter to point the present crisis as Canada's and to all British and to tell a soldier's feeling of the pride of British freedom and the freedom of the British Empire. It is a letter to inspire the people of Canada to further efforts and to tell a soldier's feeling of the pride of British freedom and the freedom of the British Empire. It is a letter to inspire the people of Canada to further efforts and to tell a soldier's feeling of the pride of British freedom and the freedom of the British Empire.

WATERY RASH ITCHED AND BURNED

On Arms. Would Tingle and Itch. In One Great Mass. Used Cuticura. Rash Disappeared.

80, Burton, Ont.—"My skin trouble started about seven years ago. My arms began to tingle and itch. A watery, itchy rash, very fine and close together, would break out every summer. It would itch and burn as the trouble progressed and it became worse when I scratched it. It is because of my skin trouble that I cannot wear short sleeves. I could not help scratching it all the time.

RECRUITING AT SEVENTY-TWO

Amherst News—Harry Hall, formerly of the Intercolonial Engineering Works, and a veteran of the Abyssinian Campaign in 1894, under Sir Charles Napier, and who also served with distinction under Sir Garnet Wolsey, Ashantee Campaign in 1873-1874, has joined the 93rd Regiment in Cumberland, taking the position of color-sergeant in connection with the recruiting staff. Col. Sgt. Hall has two sons at the front, although seventy-two years of age, himself, he is still hale and hearty and anxious to do his "bit" for the Empire. His application for a position on the recruiting staff was accepted and he is now engaged in active work getting recruits in different sections of Cumberland County.

OPERATION ON A WOUNDED HEART

A young sergeant in the French army has had the unique experience of carrying a missile about in his heart for four months, and of finally being relieved of it successfully by a surgical operation. The presence of a bullet in the heart is occasionally been revealed an autopsy, but this case leads surgeons to believe that a writer in the Revue Scientifique (Paris, July 8), was described before the Academy of Medicine in that city by Dr. Beaumont, the surgeon who performed the operation.

REV. AND MRS. LUCAS WEDDED FORTY YEARS

The London, Ont. Free Press of August 6th says:—Yesterday Rev. Aquila and Mrs. Lucas whose home is one mile from the western boundary of London, celebrated the fortieth anniversary of their marriage. Mr. Lucas was a member of the New Brunswick Methodist Conference, but during his secretaryship in the West Indies and Central America for the International Sunday School Association, moved from St. John, N. B., to London. Their five sons and six daughters from homes as far west as Idaho, and as far east as Cape Breton chose this time for a family reunion, and all were present. Three of the sons and four daughters are married and some of the grandchildren were present. The youngest son but one, Corp. Albert E. Lucas, of the A. M. C. is on the eve of departure for the front. Mrs. Lucas is superintendent of the Sunday School held in the Hutton school house and the members of that school marked this event by the presentation to her of a beautiful brooch with suitable sentiments. The family presents to their parents were practical mementoes to mark this occasion.

BUYS MORGAN'S YACHT FOR COAST PATROL

Philadelphia, Aug. 17.—Acting officials of the Canadian government, Amelius Jarvis, of Toronto, has purchased of Randall Morgan the steam yacht Waturus, said by shipping men to be one of the largest and speediest craft flying the American flag. The Waturus will be added to the Dominion coast patrol which is patrolling the mouth of the St. Lawrence River and the fishing banks off Newfoundland. She will make the voyage to Quebec under Captain Cushman, who has been the commander of the Waturus for some years. The Waturus was built in Leith, Scotland, in 1900. She is 180 feet long with a 27 1/2 foot beam and has a depth of hold of 14 1/2 feet. Her speed is rated at 20 knots and she has a registry of 600 tons net.

Dr. Beaumont in so happy a manner by Dr. Beaumont may serve as an example in the present war, if similar cases present themselves. It shows that an explorative operation on the heart may be successfully undertaken when projectiles have penetrated into its muscular wall or into the cardiac cavity."—The Literary Digest.

ELEUTHÉRIOS VENIZÉLOS

Morning War News by Cable.

Roms, Aug. 17, via Paris.—Reports received by the Italian government from Rumania and Greece show that military preparations in those countries are being carried on with intense activity. In some quarters here this is taken as an indication that these states are nearing a decision as to their policy in the war.

To Quickly Relieve Soreness And Inflammation

Rub in a few drops of Absorbine, Jr. It is surprising how promptly it penetrates and acts—how clean and pleasant it is to use and how economical, because only a few drops are required to do the work.

In addition to being a dependable liniment, Absorbine, Jr. is a safe, powerful, trustworthy antiseptic and germicide which doubles its efficiency and its uses.

When applied to cuts, bruises, and sores, it kills the germs, makes the wound septicily clean and promotes rapid, healthy healing. It relieves pain and inflammation promptly, soothes inflamed glands, painful varicose veins, warts, and bursal enlargements of joints ready to the application of Absorbine, Jr. is sold by leading druggists at \$1.00 and \$2.00 a bottle or sent direct, post paid.

BOGUS ACCOUNT IN GLOUCESTER

Witness Swears He Did Not Furnish Material or Endorse Check—Veniot Charges Supported

Fredericton, Aug. 17.—Another chapter in the sordid story of contemptible grafting in Gloucester county was written today in Royal Commissioner Chandler's court, when some of the most reluctant witnesses showed up at last and completed the evidence that was given at former sessions.

Both A. J. H. Stewart and Martin Robichaud, members for Gloucester, whose names have been linked with the disclosures in a most reprehensible way, were present.

Robichaud did not figure in the evidence today to any extent but Stewart was placed in an unfavorable position by many witnesses.

Another check for \$23 was made out to Frank Robinson in payment for stone for Newport street bridge.

Robinson's evidence more than proved the charge made by Mr. Veniot and disclosed the methods of Stewart and the bridge superintendent and foreman.

When giving evidence as to lumber sold the domain government for ferry landing at Shippegan, Pierre F. Boudreau swore that he had received \$240 in payment.

Today Resident Engineer Stead swore that the federal public works department paid Boudreau \$426 for one lot of lumber and \$294 for another lot, and that any lumber left over at the ferry landing was sold to the Caribou Creek bridge, which he and the foreman stated was taken from stuff left over from the ferry landing work.

Engineer Stead's evidence disposes of any right on Boudreau's part to sell this lumber to the Caribou Creek bridge, and the fact that the lumber was sold to the Caribou Creek bridge is also disposed of.

Another witness, Moss Couture, supported his story by giving the names of the men who cut sleepers and some idea of the quantities cut. He said he helped to load ten cars carrying from 400 to 500 sleepers one spring, and eight cars another spring, and then left lots more to load.

None of the witnesses saw the government scaler near the operation, though they frequently met him in Bellairs.

Commissioner Chandler questioned the witness closely on this point and it did not seem to anyone to inform the scaler, Hayden, that A. J. H. Stewart, M.P.P., was operating under his name.

Albert Doucette gave evidence of the same character, and both of them explained the lumber had been cut; how O'Brien had directed the trees be cut to seven and a half inches in the crown land regulation requiring the same end to be not less than nine inches.

GERMANY MAY NOT AGREE TO EXPORT Wheat or Meats in Return

Washington, July 17.—Informal negotiations were begun today by the foreign trade advisers of the state department to ascertain whether Germany will agree to the terms on which Great Britain has consented to permit exportation to the United States of 50,000 bags of German beet seed.

Germany stipulated some time ago that any such shipment must go through a German port and that in exchange an equal value of wheat, forage or meats must be given. Now Great Britain requires that the shipment be made through a neutral port and that no exchange of commodities be involved.

286 LABOR DISPUTES IN 5 MONTHS OF WAR

Great Britain Has Suffered From the Greatest Number of Strikes—Maximum Food Prices Are Fixed in Germany and Austria

War's effect on food prices and labor in Europe is studied in the first issue of The Monthly Review, a new publication issued by the United States Bureau of Labor Statistics.

Great Britain has suffered from the greatest number of strikes in four months of the present war. England had 286 labor disputes, which resulted in a loss of 702,000 working days.

Germany's 572 labor disputes during August a year ago to March were 100,000 more than in the same period of the present year. The increase of 82 per cent of the disputes were settled with the assistance of the government.

According to the Review's figures the price of food products rose sharply at the beginning of the war, dropped within a fortnight and then began another gradual rise. Meat and potatoes maintained a uniform low level.

None of the principal symptoms of all diseases is pain, and this is what the patient most often complains of. It is something to relieve his pain. If we can arrest pain promptly the patient is most likely to recover. In us for the other remedies which will give permanent cures.

I found relief in the first few days. I have used largely in my practice and have never been disappointed. These tablets are especially valuable for headaches of malarial origin, when quinine is not available, and for the relief of the bad after-effects of the ordinary anti-malarial remedies.

A Remedy For All Pain

"The efficiency of any drug," says Dr. C. F. Robinson, "is known to us by the results we obtain from its use. If we are able to compare pain and disease by means of any preparation, we certainly are warranted to use it. One of the principal symptoms of all diseases is pain, and this is what the patient most often complains of. It is something to relieve his pain. NO NEW GARAGES NEAR CHURCHES

City By-law, Adopted Yesterday, Blocks F. E. Williams' Plans—Those Tracks in Market Square

A new by-law prohibiting the erection of a garage within 150 feet of a church, was finally ordained and passed at the city council yesterday on the motion of Commissioner McLellan, arising out of the proposal by F. E. Williams to build a garage next door to the Stone church, and as the outcome of petitions of the congregations of that church and Calvin church. It contains a provision that in cases where the congregation of the church is not in session the rule may be waived. This was drawn up by Commissioner McLellan.

The city engineer, Mr. J. B. Baxter, Commissioner Potts vigorously protested against the passing of the by-law on the ground that it differentiated between the claims of the church and the individual, and Commissioner McLellan denied at some length the assumption that the by-law was intended to affect Williams only, but said that such cases could only be dealt with as they arose, and according to their merits. The city engineer's building law he described as "a joke."

A request from the street railway company that they be given an indication of what the council proposed to do at Market Square, where their material for the change in the rails had been lying for months, brought out the statement that the public works department was not able to go on with the paving of that part because it had not been possible to get the property owners to clear their property.

The request of the commissioner of water and sewerage for sanction of the work already done on Main street between Douglas avenue and Adelaide road at a cost of \$1,100, as a bond issue, was carried. He also recommended that the extension of the water service be made on Earle street, Lancaster, some 200 feet, at a cost of \$700 on condition that the owners pay 10 per cent of the amount yearly, and this was granted.

In the report of the commissioner of water and sewerage it was recommended that a renewal lease be granted to Sarah M. Carleton of 68, Greys ward at \$1250, and a lease to Bernard L. Amdur, of a block in Princess street near Crown street, at \$40 per annum with the option to purchase to take over the lot at \$800.

The commissioner recommended that the resolution of a previous meeting agreeing to do repairs to the house at Lancaster occupied by John Sims, be cancelled. This amount would have been \$1,000, but the city comptroller pointed out that there was no fund under which the money could be drawn.

An application for the erection of an electric sign on the DeForest Company's building was refused.

IT RUNS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, by itself, if you want to keep your hair looking its best. Most shampoos and prepared shampoos are too caustic and better than any other will keep the hair soft and healthy.

One or two teaspoonfuls will keep your hair soft and healthy. It makes a water and rub it in. It makes a water and rub it in. It makes a water and rub it in.

To Keep Skin White, Velvety, Wrinkle-Free

J. C. M. says: "I perceive so exactly how that powder makes my skin so soft, white and creamy. I have used it for some time and I am so pleased with the results that I have bought a box of it."

A simple way to keep your skin smooth, soft and white is to apply ordinary vasoline before retiring, and to wash your face with the powder in the morning. This keeps the skin free from the particles of dirt and grease which so often appear. The powder absorbs these particles, so the skin is always healthy and clear. An ounce of vasoline will last for a long time. Use like cold cream—Antiseptic and Wogman's Remedy.

A Logical and Sure Dyspepsia Treatment

During the past two or three years reports have frequently appeared in the Press concerning the remarkable value of bisulphated magnesia as an antacid, and its ability to promote normal, healthy digestion by preventing food fermentation and neutralizing dangerous stomach acids has often been demonstrated. Until recently druggists could supply bisulphated magnesia in powder form only, from one or two teaspoonfuls of which, taken in a little water after meals, almost instantly stops all fermentation and neutralizes acid, but suffers from stomach trouble can now obtain a grain tablet which combines the value of the antacid properties of the bisulphated magnesia in a very convenient form.

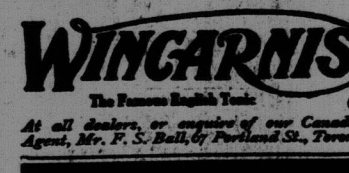

The value of bisulphated magnesia can now be had of druggists everywhere and many physicians are already prescribing them instead of the powder form.

I. O. G. T. GRAND LODGE

Fredericton, Aug. 17.—Grand Lodge of New Brunswick, International Order of Good Templars, opened its session here tonight in Oddfellows' hall. A large number of delegates from various parts of the province arrived today to attend the grand lodge.

The reports of the various officers were presented and showed the order to be in a flourishing condition. During the year there was a substantial growth in the order. Twelve new lodges were instituted, and there was an increase in membership of 468. The increase took place largely in York, Sumbury and St. John counties.

The grand lodge will continue its session tomorrow.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More

"I certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past failures. Thin people are victims of malnutrition. The food which they eat is deficient in the elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strengthening, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable.

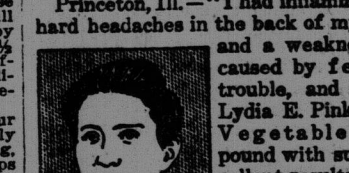

Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are already too fat, or whose weight ten pounds or more.

MARKED CHANGE IN BATTING STYLE

PRESIDENT SUSPENDER

Two Distinct Types of Batting, Modern "Side On" and Old Time "Face On"

The September issue of the Baseball Magazine calls attention to the fact that there are two distinct types of batting, one the modern or "side on" way, and the other old time or "face on" way as exemplified by Pop Anson.

When Pop Anson used to bat, he grasped the bat with his right hand, and as the ball whirled from the pitcher's hand he stepped forward to meet it.

He believed no one knows why batters stand as they do when they take their position at the plate.

He says, "By standing facing the pitcher, you can see both foul lines, and watch the pitcher's wind up motion better and follow the ball better. These things are very important. In addition by standing in that way, the batter unconsciously steps forward to meet the ball.

The Man In The Street

Brrrrh! Chilly, eh, what?
Indications are that mosquitoes will not be seeking their usual feast at suburban centres today.
At any rate the snow keeps off well.
It's a poor building act which can't be amended at a moment's notice.
Bound States.
The evidence in the Nova Scotia government horse purchases would be a strong recommendation for some of those agents with a large junk business.
Roosevelt says "I'm thinking of my country," and the White House is still in Washington.
"The big stick" was what Mr. Williams complained of a few days ago, because his permit to build a garage was delayed. Today it looks more like a steam-roller.
Really Nice Weather, Isn't It?
Ex-President Taft, touring Canada says this country's atmosphere is the greatest health-tonic that can be found. This should afford some consolation to the chap who is taking his vacation this week.
General D'Artigue is the new president of Haiti, but from the short time in which it takes to assassinate presidents in that country, we shouldn't have to struggle long with that name.
Local police complain of citizens telling the newspapers of robberies before they are notified. Naturally, for when the police learn of them first, it gives them a chance to warn the parties robbed "to say nothing to the papers."
But the censorship doesn't always recover the goods.
The New York Mail would like the views of Canadians as to the Mexican problem. The views of some Canadians on the subject would hardly look nice in print.

In Our Mail Box
To the Man in the Street:
Dear Sir—While we hear much from City Hall concerning "what must be done" (but does not, however, seem to be done) towards improving the conditions of the rails about the street car tracks in the city, it is not easy to see why a little more grease or some other lubricant cannot be employed upon those same rails? Is there another city which would stand for such unreasonably nerve-racking noises as those which shriek made by the cars when they curve because not enough grease has been applied to the rails? There is much to be done to make the street railway service more popular and—aside from those awful bumps in many sections—why not a little more of something to make running smoother, particularly near the midnight hour.
Yours,
I. KANT SLEEPEE.

Or When Trying To Read
Poor Chap—it's quite apparent he doesn't live in North Bay, or it would not be rail-roads he'd be grumbling about; he'd be only too happy to know the cars had rails as smooth as "putting the high spots" don't you sometimes wonder?

NEWS OF CANADIAN RY. CONSTRUCTION CORPS

Letter From Arthur J. Cotter Tells of Life in England—Enjoying Life, With Occasional Row Over the Menu

An interesting letter was received this week by Mrs. R. Cotter, 16 Orange street, from her son, Arthur J., a member of the Canadian Railway Construction Corps, now encamped at Longmoor, Hants county, England. He is in "Apple Pie Hut," and enjoying the life. Much news of interest to us they made while in training in this city is contained in Sapper Cotter's letter pertaining to the corps which he says is now attached to the Royal Engineers, under Colonel Sinclair.
A stiff programme of drill was daily carried on, he wrote, but there was leisure time now and again, and thus was a chance afforded of having recreation and of taking a trip to neighboring towns. Their camp is situated in the heart of a farming district and little amusement is provided aside from the camp life. Sapper Cotter wrote that he had been to Portsmouth the previous Sunday, and had gone to church in the big cathedral there. He was in hopes of soon visiting London. Regarding prices he said that the Canadians felt they were being imposed upon by restaurant keepers and hotel proprietors because of the increased charges asked of them.
General Bull-Carew, an official high up in the British militia service, made an inspection of the corps a few days before young Cotter wrote and he complimented them upon their fine appearance and efficiency, saying they were a most creditable body of men. He added that Kitchener was taking a special interest in this corps, and said he did not think they would be kept long in England, but would soon be sent to France.
For the most part the men are well treated in the camp, the writer said, but occasionally the grub was not all that might be desired. That night for supper, for instance, all that the menu contained was bread, lettuce and tea. A scene on the part of the men followed and following a complaint to the major it was expected that the future would see an improvement. Letters from home were a welcome feature of camp life and it was a keen disappointment, when the Canadian mail arrived, not to be included among those who received treasured souvenirs from relatives or friends in the home-land. Sapper Cotter asked to be remembered to his friends.

THOSE FIELD KITCHENS
Twenty-nine McClary field kitchens are in use by Canadian troops on the other side, and have been approved by Woolwich and the War Office. This fact makes it difficult to understand the new announcement that Canadian field kitchens are not wanted.

THE SEASIDE PATRIOTIC FAIR

Elaborate Plans By The Energetic Committees
TO BE HELD THURSDAY, AUG. 26

Many Organizations Co-operating to Ensure Success—Varied Attractions Ensure Entertainment on Generous Scale
The immense patriotic fair to be conducted at Seaside Park on the afternoon and evening of August 26 by Lancaster and West St. John organizations, under the general management of Glendon H. Allan, promises to be one of the largest and most successful undertakings of the nature attempted in the city or vicinity since the outbreak of the war.
Popular Seaside, always a favorite resort in the summer time because of the easy transportation, unsurpassed view and good accommodations, is to be made even more attractive by myriads of electric lights, band concerts, a bright, alluring "white way," with all the fun of the pike in complete operation: races for the kiddies, meals, both afternoon and evening, and refreshments of all kinds on hand. The various organizations have planned a really big day for everyone who attends.
Financial arrangements have been perfected in detail and the net results will go toward the patriotic fund which is reported considerably in need just at this time. The gentlemen in charge of the finances are as follows: W. E. Conner, Dr. J. V. Anglin, H. Colby Smith, Dr. F. L. Kenny and A. W. Adams.
The ground committee is composed of Frank V. Hanna (chairman), John O'Brien and Harold Mayer.
A novel idea is the souvenir ticket which the owner retains, enters his name on the registry book, and is entitled to a space on the total amount to be realized at the fair. The person guessing the nearest wins a \$10 gold piece donated by Hon. J. B. M. Baxter. The South Bay Soldiers Comforts League are selling the souvenir tickets, with Mrs. James Walker and Mrs. Emily Appleby convener of the committee.
From five to seven o'clock the Lancaster Red Cross Society will serve an old New England tea in the pavilion, while in the afternoon from three to six afternoon tea is to be provided by Brunswick Chapter, I.O.O.F., in the building formerly used by the merry-go-round. The ladies have made special preparations to cater to thousands of hungry and meal prices will be very moderate.
The West End Soldiers' Comfort League has undertaken the sale of ice cream, using the premises of Thos. J. Phillips opposite the bank stand for this purpose.
Mrs. Norman R. McLeod and a committee of ladies are making ready for a pie auction, Steve Matthews and Commissioner Potts having promised their services to this department.
Candy, fruit and cigars are to be in a booth presided over by Mrs. Alex. Donaldson, Miss Edith L. M. Allan and Mrs. Medley McKel.
Rebekah Lodge, I.O.O.F., have charge of a table set near the foot of the stairs, and Lancaster Tennis Club will sell out flowers all day long.
An up-to-the-minute fish pond in care of Mrs. J. T. Dalton and a committee of ladies promises amusement and profit, and water sports including an exciting motor boat race, are promised by Charles Driscoll, chairman of that committee.
Many prizes have already been received by the committee from citizens to be used in raising money and the winners on the pike may be assured of real prizes. Among the prizes offered with the donors, are:
Gold wrist watch, Ferguson & Page; bar pin set with amethysts, L. L. Sharpe & Son; boots and shoes, Waterbury & Rising; patriotic pictures, J. M. Roche & Co. Ltd.; case of Confectionery, Scott & Bond; cigars, Louis Green and National Drug Co.; knives, scissors, etc., T. McAvoy & Sons; other donors include Vassil & Co. cotton and bunting, and merchandise from G. E. Barbour Co. Ltd., Baird and Peters and St. John Mercantile Mercantile Co.

PATRIOTIC FUND
Contributions from the residents of Epworth Park, collected by Miss Corrie Higgins, for the Canadian patriotic fund, are:
Roy Barley, \$1; William Young, \$3; J. Emerson, \$2; C. L. Emerson, \$1; J. H. Barley, \$1; Wm. McLean, \$1; Miss Margaret McLean, \$1; Geo. E.
