Kiting of Checks and Sale of
Spurious Deposit Certifi-
cates Alleged

By Canadian Press.
MEMPHIS, Mo., March 28.—A ring of bank wreckers, nation-wide in scope, is believed today by Charles J. Moore, prosecuting attorney for Scotland county, to have been uncovered. Mr. Moore said that through 49 operations the alleged ring had obtained \$1,000,000.

Banks in Missouri were hardest hit, Mr. Moore said, adding that in institutions in the state that were still operating, had been victims of the ring. He said that four banks had been closed as a result of the wreckers' operations.

LEADER ARRESTED.

Mr. Moore named J. B. McCutcheon, of St. Louis, under arrest in connection with alleged manipulations of bank paper, as head of the ring. He said that the ring operated by "kiting" checks and selling certificates of deposit. One man, alleged to have been a tool of the ring, was placed in one of the banks as cashier. The ring, Mr. Moore said, operated as far east as Pittsburg, and west to the Pacific.

Special to The Times-Star.

FREDERICTON, N. B., March 28.—The ice in the Nashwan river above Penticus ran out Friday leaving a clear way for some miles. At Nashwan Village logs were hauled across the river on the ice Thursday and the next day the river was open.

Fraser Companies Limited today received information that the Nashwan river had run for some distance at Hartland and Prince William, about 22 miles above Fredericton, reports that the ice ran for a short distance and stopped.

Below Fredericton the ice has broken at several places. The Nashwan river still is closed at its mouth but the ice is weakening fast.

SAINT JOHN FIRST

Gets Preference in Manning
Beatty and in Purchase of
Supplies.

Excellent progress toward organizing the staff for the Admiral Beatty Hotel, which is expected to open here around June 9, is being made, according to H. A. Peters, manager, this morning. The majority of the contracts have been settled and a complete announcement is expected next week.

Only very few men will be brought in from outside to man the hotel, Mr. Peters declared today as it is his aim to place the preference locally whenever possible. The men who will be brought in will be trained men, able to take charge of their particular part of the work. The same policy will hold good for daily supplies for the hotel. They will be secured in Saint John as much as possible and in this respect several local dealers already have indicated Manager Peters.

Airplane Flight, Paris To San
Francisco, Is Jubilee Plan

SAN FRANCISCO, March 28.—An airplane flight from Paris to San Francisco, crossing the Arctic near the North Pole, is being planned as a feature of the Diamond Jubilee of the state next September. The plan provides for the inauguration of a regular route, and the arrival of the pathfinding airplane in San Francisco during the week of the celebration. H. H. Hammer, associate of Captain Amundsen, in Arctic explorations, is the originator of the plan. Hammer is planning a flight this summer from London to Tokyo by way of the North Pole, and now is in San Francisco. At a meeting of the executive of the Jubilee celebration yesterday a sub-committee was appointed to study Hammer's plans.

PUTNEY, England, March 28.—
The 77th annual Oxford-
Cambridge boat race, Putney to
Mortlake, ended sensationally this
afternoon, when the Oxonians,
after rowing about two miles in
very rough water, were forced to
abandon the contest owing to the
waterlogged condition of their
boat.

Cambridge at the time the Dark
Blues collapsed, was leading by
some 120 yards. Cambridge in-
sisted, winning in 21 minutes and
51 seconds.

CAMBRIDGE WINS TOSS.

Cambridge was the toss and chose
to row on the north shore, which
furnished protection from the bling
north wind which roused the water.
Experts said this gave an advantage
to Cambridge, which even before the
toss was a general favorite.

The crews got away at 3:40 p. m.
The water was very rough, especially
on the south or Surrey side, where
Oxford jumped into the lead and
was a quarter of a length ahead at
the quarter mile. Cambridge quickly
overhauled the dark blue, and at the
mile by about three lengths.

FREE MILK FOUND IS PRAISED BY V. O. N. OFFICIAL

Miss May Stevenson Gives Talk on Situation in St. John. TRIBUTE IS PAID TO HEALTH CENTRE Lack of Cooking Knowledge Given as One Cause of Mal-Nutrition.

Miss May Stevenson, acting superintendent of the Victorian Order of Nurses in Saint John, in an interesting address before the Women's Council yesterday afternoon, spoke of the work of the council's free milk fund for babies as a tremendous help in the community welfare work.

Miss Stevenson believed that conditions of unemployment and bad housing which she found in Saint John were characteristic of all ports, but she believed there were tremendous possibilities for health work in the city. PRAISES HEALTH CENTRE The Health Centre was one of the best in Canada, she thought. She paid a tribute to the broad vision of the leaders of the Health Centre activities and said it was the intention of the Victorian Order of Nurses to take over the pre-natal clinic soon, as this work was considered part of the child welfare activities of the Order.

LACK OF KNOWLEDGE Lack of knowledge of how to make the best of what means they had at their disposal was one of the greatest contributing factors in dieting among the poor of the city, Miss Stevenson found. Lack of knowledge of how to cook, she said, was a reason for the many cases of under-nutrition.

MORE VIEWS ON WAR MEMORIAL SITE ARE HEARD

Commissioner Frink Says Market Square is Best Place. MRS. E. A. YOUNG FOR KING SQUARE PLOT There is Idea of Moving Band Stand to Give Monument Place.

Commissioner Frink said this morning that if there was any change to be made in the location of the Saint John War Memorial he was still of the opinion that the place for it was in Market Square. The triangular spot in the centre of the square would, in his opinion, make an ideal site, and would be in a place where it could be seen by every visitor to the city.

INSANITY PLEAS BECOMING FARCE

Justice Lennox Tells of Filmy Excuses Upon Which Accused Persons Are Freed.

LONDON, Ont., March 28.—"This thing of insanity pleas in murder trials is becoming a farce," declared Justice Lennox in his address to the grand jury at the opening of the Spring Assizes of the Supreme Court. There were no criminal cases before the court, and the judge felt free to speak his mind in the light of instances of insanity pleas within the past year in various parts of Ontario. He told the jurors an instance of a farmer informing his wife that a prisoner's defense proved insanity by 18 counts, to which the lady replied, "Well, Timothy, you have nine of them."

A year ago, in the Topping case, the judge recalled, he had expressed his mind to the doctors who gave evidence for the prisoner, who was subsequently convicted and hanged.

"These filmy excuses of insanity deposed to by members of the prisoner's family are a means of defrauding justice," he declared. "Well disposed citizens should be careful in this matter. The jurors of our country must find the guilty guilty and the innocent innocent." Topping, he said, had held Didsdale, another Londoner, up as a hero in Strathroy because Didsdale had killed a girl in a supposed love affair and had escaped on the plea of insanity.

AWARD NEW SUIT TO RUNAWAY HERO

Bravery of Invalid Veteran Recognized Handsomely by Triple C. Tailors.

Walter Gallagher risked his life, bruised his body and ruined his clothes dragging a hundred yards from the rear of a stampeding horse yesterday afternoon. But he saved the helpless woman in the carriage.

Unfortunately, the thanks of the rescued lady and that of the rig owner could not include a new suit, and so the returned soldier continued on his way from the County Hospital home to Sussex.

Today, however, the war-bent invalid is being notified that his extraordinary heroism is more than its own reward. The Triple C Tailors, a Saint John exponent of first prominence, have sent Mr. Gallagher their congratulations and an invitation to select any suit he likes, with their compliments. This is by no means the first time this season that these popular tailors have donated clothing to the deserving. It is understood the special circumstances of the case make their generosity most welcome.

Premier Meets N. B. Commission Members in Return From Van Buren.

BY D. LEO DOLAN
Special correspondent of The Times-Star
FREDERICTON, March 27.—Premier Veniot this afternoon held a brief conference with Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission; H. G. Acres, consulting engineer; S. R. Weston, chief engineer, and J. D. P. Lewin, solicitor of the Power Commission.

Hon. Dr. Smith and his colleagues returned here at noon from Van Buren, Me., where they were attending the hearing before the joint International Waterways Commission of the province's application respecting the proposed Grand Falls hydro development. The Premier said after the conference today that matters relating to the development and the hearing at Van Buren had been discussed at some length, but declared there was nothing further to give to the public at this time.

Winds and Complexions

How quickly the Spring winds dry up your skin and make it rough and coarse!

At no other season of the year must you be more careful if you are to preserve the beauty of your complexion.

The use of Hinds Honey and Almond Cream should become a part of your daily program. At frequent intervals during the day, rub a few drops into the skin with the tips of the fingers. The results are almost magical. Every particle of roughness and redness is removed. The bloom of glorious youth comes to your cheeks and stays. The skin is refreshed, invigorated; kept soft, smooth and clear, and protected from the scorching punishment of wind and sun.

Keep a bottle of Hinds Cream in bathroom, bedroom and kitchen. Apply it frequently during every day. It will help you retain a youthful complexion.

SAINT JOHN, N. B., MARCH 28, 1925.

BUYING ABROAD.

An investigation set on foot by the Christian Science Monitor develops the fact that many leading American bankers agree with Sir George Paish in believing that the United States, having become a great creditor nation as a result of the war, will have to change its attitude and purchase foreign products more liberally than in the past.

of the sixty-seven men indicted only thirty-seven received prison sentences and only one was executed.

CRICKET AGAIN.

Those who can remember the days when cricket flourished in Saint John, and who have often hoped for its revival here, will be interested in reading that the good old game is coming into its own again in London, Ont., and throughout the western part of that province.

Every Trade Has Its Joys. Each occupation has its ideas of humor, and its jokes which appeal especially to that form of labor.

A SPRING WARNING.

Now that the roads will soon be open for motor traffic those who own motor cars are receiving some oft-repeated but ever-recurring counsel concerning care in the operation of their cars, in order that accidents may be avoided and also that the roads may be protected from unnecessarily destructive traffic.

DISCOURAGING CRIME.

While the Montreal police system has been under severe fire of late, as it periodically is, there is at least no doubt that the courts there are handing out sentences well calculated to discourage serious crime.

"I would appeal also to every dealer in motor cars to make it a personal duty to see that no beginner drives a motor car on the highway until he is thoroughly instructed and competent to drive without endangering the safety of others."

A leader in reform work whose activities were known from one end of Canada to the other was the Rev. Dr. J. G. Shearer, general secretary of the Social Service Council of Canada, who died suddenly in Toronto last evening.

The immigration of capital to Canada is almost as important as that of people, says President Beatty, of the C. P. R., in discussing present-day conditions. He regards the future confidently in spite of present difficulties.

annual subsidy to the Peterson Company of \$1,850,000 for ten years? The Manitoba Free Press makes this answer. "None whatever under the conditions quoted. But since it has been clearly shown that there will be no subsidy paid if there are not lower rates, what is the point of the question?"

In seeking to give advice and comfort to those who are disposed to worry about anything which affords the slightest excuse for anxiety, and even about many things which do not, a contemporary digs up an old bulletin of the United States Public Health Service which contains the following: "So far as is known, no bird ever tried to build more nests than his neighbor; no fox ever fretted because he had only one hole in which to hide; no squirrel ever died of anxiety lest he should not have enough nuts for two winter months; and no dog ever lost any sleep over the fact that he did not have enough bones laid aside for his declining years."

WOMEN'S BILLS APPROVED BY LOCAL COUNCIL

Measures Before Legislature Are Endorsed at Saint John Meeting

PLAN PRESENTATION TO LADY ABERDEEN

Government Asked to Supply Copy of Report on Mothers' Allowances.

Approval for the bill now before the Provincial Legislature by which it is proposed to improve the condition of women and children was expressed at the meeting of the Saint John Women's Council at its meeting yesterday afternoon the Board of Trade rooms.

The Council decided to ask the Provincial Government for a copy of the report of the commission on Mothers' Allowances, which has been received by the Government. At the April meeting the Council will deal with the new policy of the National Council and discuss the subject of constitution. All societies and individual members wishing to make any statement regarding the constitution were asked to send it in writing before the meeting.

Other meetings. At the April meeting also Mrs. Margaret Lawrence will give her report as convener for immigration and the League of Nations will be the subject of addresses. Dr. Mabel Handington will have charge of the programme of the May meeting. The subject will be child welfare and public health.

As a vice-president for the National Council of Women the meeting nominated Mrs. Smith, retiring convener of the national committee for public health.

Mrs. Richard Hooper had been nominated but had declined nomination and had asked the National Council that in all cases of nomination those named should be informed of those standing for the office and the person or council which had nominated.

Treasurer Reports. Mrs. T. H. Carter, treasurer, re-

State Witness

ported balances of \$16.42 in the general fund and \$976.02 in the milk fund. Only 15 of the 34 affiliated societies had paid their fees.

To Honor Foundress.

Mrs. E. Atherton Smith spoke of the plan of giving a pin and illustrated address to Lady Aberdeen when she comes to Canada this year. Lady Aberdeen, president of the International Council of Women, will preside at the International Quinquennial meeting convening in Washington on May 4. She is the foundress of the Women's Council of Canada. The members were heartily in favor of co-operating in making the presentation to Lady Aberdeen and contributed \$5.

The Council members were urged to attend the public meeting on Tuesday night when the choice of the site of the civic war memorial will be discussed.

Mrs. E. A. Young gave the report of the delegates to the Social Service Council meeting and drew attention to the proposed legislation introduced by the Provincial Government for the betterment of the condition of women and children. Much gratification was expressed at the Government's action.

Act On Resolutions.

Resolutions sent from the national executive for action by the local council were dealt with. The holding of biennial instead of annual national conventions was not approved. The appointing of the recording

secretary at the place of annual meeting was approved. The forwarding of a resolution to the federal government, approving its stand on soldiers' and dependents' pensions and urging the representation of the bill passed last year, which the Senate threw out, was approved. Approval was expressed of the resolution that bonuses be given to the men of the merchant marine who suffered from war disasters.

Consider Criticisms.

The criticism of the National Council expressed by Calgary woman editor was read at the meeting. The criticism charged the National Council with being in effect a Women's Senate rather than a women's Parliament, with being in effect a close corporation directed by Ontario interests and with side-tracking important matters while devoting time to mutual admiration by the members.

Weddings

Stewart-Baxter.

The marriage of David E. Stewart, of Elmcroft, to Elizabeth G. Baxter, of Baywater, was solemnized at St. George on Wednesday, March 25, Rev. T. B. Wetmore officiating. Mr. and Mrs. Stewart have gone for a short trip through the province and will reside in St. George, where the groom is in business.

Kerstead-Thorne.

The wedding of Florence Louise Thorne, daughter of Mr. and Mrs. W. Coleman Thorne, of Havelock, and Elwell Powell Kerstead, was solemnized at the Havelock Baptist parsonage on Wednesday, March 25. Rev. A. Howard performed the ceremony. The bride was attended by Miss Catherine Thorne, her sister, and the groom by Hilary Thorne, brother of the bride. Mr. and Mrs. Kerstead will reside in Portland, Me., and carry with them to their new home the best wishes of a large circle of friends and relatives.

Mrs. Kerstead is the recipient of many lovely gifts, some of which were bestowed upon her at a shower given Monday evening at the home of Mrs. Charles Taylor, Havelock. Games and music were enjoyed and refreshments served by Mrs. Henry Fawcett, Mrs. Roland Thorne and Miss Besse MacMackin.

Martin-Macdonald.

The marriage of Miss Sarah Macdonald, only daughter of Mrs. Minnie Macdonald of Saint John to G. Ernest Martin, son of Mr. and Mrs. W. D. Martin of Moncton, was solemnized at the Germal street Baptist church this afternoon at 3 o'clock, Rev. Dr. S. S. Poole officiating. The bride was attended by her brother, J. W. Macdonald, and wore an ensemble suit of dark blue with hat to match, and silver fox fur. Edwin Kerstead and Stanley Rankin were ushers. Mr. and Mrs. Martin were to leave on the early C. P. E. express for London, Ontario, where they will reside as Mr. Martin was recently transferred to that city. Among the out-of-town guests at the wedding were Mr. and Mrs. W. D. Martin, Mr. and Mrs. Byron Martin, Clayton Martin and Mrs. Reid Keith of Moncton.

Deaths

Mrs. James O'Boyle.

HOPEWELL HILL, March 26.—Mrs. O'Boyle, wife of James O'Boyle, passed away at her home at Chemical Road Wednesday after a comparatively short illness of pneumonia. Mrs. O'Boyle had been a resident of this neighborhood for many years and enjoyed the respect of all with whom she came in contact. She was formerly Miss Mary Eyatt and was a native of Sussex. She was a devoted member of the Anglican church. Besides her husband, she leaves one son, Peter O'Boyle, of Chemical Road; and two daughters, Mrs. Maggie Milton, of Albert Mines, and Mrs. Agnes Haley, living in the United States. Two sons, James and George, died several years ago.

Mrs. T. O. Murray.

RICHIBUCTO, March 27.—Word has reached here of the death of Mrs. Thomas O. Murray at her home in Winnipeg, and many friends were sorry to learn of her passing. The late Mrs. Murray was formerly Miss Elizabeth Saunders of this town, and lived all her life until her removal to Winnipeg about eight years ago. She is survived by her husband, two sons and two daughters.

Charles H. Knox.

The death of Charles Henry Knox, son of Alexander Knox of North Forks, Queens county, occurred at the Moncton City Hospital on March 18 following an operation for appendicitis. He was only 17 years old. Besides his father, Mr. Knox left two brothers, Melvin and Anthony, and five sisters, Dora, Beulah, Martha, Alice and Jennie, all at home. The funeral was held Wednesday morning and service was conducted by Rev. Father Moon in St. Joseph's church at 11 o'clock. Interment was made in St. Joseph's cemetery. Six cousins acted as pallbearers. John J. Owens of Moncton accompanied Alexander Knox home in North Forks for the funeral.

Mrs. Frank O'Toole.

CHATHAM, March 27.—The death of Mrs. Frank O'Toole occurred very suddenly this morning at her home, South Nelson. She was formerly Miss Elizabeth Beauty of Gaspe, Que., and is survived by eight sons, James, Walter, Andrew and Thomas of South Nelson, Frank of British Columbia, John and Bert of Campbellton and William of Nova Scotia, also three daughters, Mrs. Joseph Handley, Mrs. Joseph Turner and Esther, all of South Nelson. The funeral will be held Sunday afternoon at St. Patrick's church. E. P. Wallace will conduct the services and interment will be in St. Patrick's cemetery.

Mrs. Wm. Tingley.

SACKVILLE, March 27.—The death of Mrs. Tingley, widow of William Tingley of Point de Bute, occurred Wednesday after a week's illness with pneumonia. She leaves one daughter, Mrs. D. W. Mince of

Paradise, N. S.; two step-daughters, Mrs. Hall of British Columbia and Miss Jane at home; two step-sons, Alex. of Saskatchewan and R. C. Tingley at home, also three brothers, N. D. Quigley of Amherst, Freeman Quigley of Vancouver and Fred Quigley of California.

Mrs. Deborah Miller.

NEWCASTLE CREEK, Queens Co., March 26.—Mrs. Deborah Miller, wife of the late Conrad Miller, The Range, passed away last week at the age of 89 years at the home of her niece, Mrs. John Sypher, Newcastle Creek, after an illness of six months. Mrs. Miller was born in Pennfield, Charlotte county, and at the age of nine moved to Salmon Bay. With her parents, John and Hester Munro, John Munro was a shipbuilder and carpenter. Mrs. Miller is the last of the family of six. She has been a faithful member of the United Baptist church at Newcastle Creek for 40 years. She will be much missed by her many friends.

Miss Ida Belya.

FREDERICTON, March 27.—Miss Ida Belya died this morning at the home of her mother, Mrs. Charles Belya, Devon. Surviving were her mother, seven brothers and two sisters. The brothers are Hurd H. Belya, of Fred-

ericton, Ward, of Boston, Lloyd and Frank, of Devon, Glen and Doll Belya, of Saint John, and Ernest A. Belya, of Devon. The sisters are Mrs. Fred Nicholson, of St. Stephen, and Miss Belya, of Devon.

Three Steamships In And Six Others Sail

The harbor front presented a busy scene yesterday with the arrival of three steamships and the sailing of six others. The steamer Cairnholm arrived from Oran, Algeria, and is loading refined sugar for the United Kingdom; the Jan docked at 14 berth, Sand Point, to load potatoes for Havana, and the Golden Cape reached port to load general cargo for New Zealand ports. The steamers to sail were Canadian Leader, for Glasgow, Cardiff and Swansea; Manchester Merchant, for Manchester via Philadelphia-Montclair, for Liverpool; Tels, for Cbarien, Cuba; Concordia, for Aramouth and Glasgow; and the Canadian Hunter for London and Antwerp.

BOSTON, March 27.—An increase of more than \$100,400,000 in the surplus of the Ford Motor Company in the year ending this month is shown in a statement of conditions filed by the company with the secretary of the Commonwealth of Massachusetts. The statement places the present surplus at \$27,769,839 as against \$44,041,031.21 in March, 1924.

Dead Body Found In Lachine Canal

MONTREAL, March 27.—The body of an unidentified man about 35, dressed in a blue suit, was removed this afternoon from the Lachine Canal, in which it had lain since last fall. Among the man's belongings was a Masonic pin, a tie with the initial "T," a railway ticket to New York, dated October 14, 1924, and eight bullets for a .22 rifle.

KID MCCOY GETS SIXTEEN YEARS

Former Pugilist Sentenced on Three More Counts—Now Serving 10 Years.

LOS ANGELES, March 27.—Kid McCoy, ex-pugilist, had three more penitentiary sentences added to his list in the Superior Court today. He already is under sentence of one to ten years as a result of his conviction of manslaughter in the shooting of Mrs. Theresa Mors, last August. Today he received two sentences of from one to fourteen years each on the counts of assault with intent to commit murder, and one sentence of from six months to ten years on a charge of assault with a deadly weapon.

Dakota Laborer Kills Son And Self

GRAND FORKS, N. D., March 27.—Apparently crazed by almost continuous drinking since his arrival here Wednesday and following a quarrel with

his wife Thursday night, J. P. Cole, laborer, shot and killed his four-year-old son, Robert, shortly after noon today. A half hour later he killed himself in the automobile of the chief of police while being taken to the city jail. At the time he was taken into custody it was not known that he had killed his son. "I married my first husband for money and my second for love." "Then you are very happy now, I suppose?" "No, I'm not. You see, my first husband married me for love and my second for money."

The fascination of good Teeth

Beautiful teeth—as fair and lovely as the smile that reveals them—are truly fascinating. Their whiteness heightens the charm of ruby lips, and reflects the glowing health of their owner.

But the beauty of teeth is only enamel-deep. A gritty cleanser is dangerous to their luster. Colgate's Dental Cream contains no harmful grit. It is designed like a good toilet soap—with respect for the surface it must cleanse.

Keep your fascination. Use Colgate's twice a day, and consult the Dentist twice a year.

Tenders for Vocational School.

Sealed Tenders will be received by the undersigned up to four p. m. on Monday, the 6th Day of April, 1925, for the complete work, including all labor and materials required, for the erection and completion of a Vocational School Building, to be situated on Douglas Avenue, Saint John, N. B., according to plans and specifications to be seen at the office of the Architect, Mr. F. Neil Brodie, 42 Princess street. Each tender to be accompanied by a certified cheque for five thousand dollars (\$5,000.00), which will be forfeited if the Tenderer refuses to sign the contract when called upon by the Board so to do. The successful Tenderer will require to be bonded by a reputable Bonding House for the sum of twenty-five per cent. (25 p. c.) of the amount of his contract, and his deposit cheque will then be returned. The whole of the work is to be completed on or before the 31st day of December, A. D. 1925, under the forfeit of one hundred dollars per day for every such day thereafter that the work remains unfinished. All tenders must be made out on forms furnished by the Architect, the lowest or

any tender not necessarily accepted. The Board is desirous that as far as possible, all things being equal. Each contractor will therefore attach to his tender a schedule of materials other than New Brunswick products which he intends to use.

PRISONER DIES ON LUNENBURG STREET

LUNENBURG, N.S., March 27—Edward Grotheim, aged 39, a county jail prisoner, awaiting trial on a charge of attempted murder, dropped dead on the street here this afternoon while being returned to jail from a local dentist's office, where he had been to have a tooth extracted. A coroner's inquest returned a verdict of death from natural causes.

Grotheim was a sailor on the schooner Chautauque, being one of three men awaiting trial here at the Supreme Court in May for an alleged attempt to murder Captain Colin Ritchie. He was a native of Denmark and a short time ago suffered an attack of influenza which had affected his heart.

Student in Military Science Class—"Captain, I have neither pencil nor paper."

Captain—"What would you think of a soldier who went to battle without rifle and ammunition?"

"I would think he was an officer, sir."

LOCH LOMOND.

By yon bonnie banks, and by yon bonnie braes,
Where the sun shines bright on Loch Lomond,
Where me and my true love
Were ever wont to gae,
On the bonnie, bonnie banks of Loch Lomond.

Chorus:
Oh! ye'll tak' the high road and I'll tak' the low road,
And I'll be in Scotland afore ye,
But me and my true love will never meet again
On the bonnie, bonnie banks of Loch Lomond.

"Was there that we parted in yon shady glen,
On the steep, steep side o' Ben Lomond,
Where in purple hue
The Highland hills we view,
And the moon coming up in the gloaming."

OLDEST RESIDENT IN PICTOU, 102, DIES

PICTOU, N. S., March 27—Captain Alexander MacDonald, Pictou's oldest citizen, died here yesterday at the age of 102. He was a native of Arisaig, Antigonish county.

PAIR SENT TO TRIAL ON MURDER CHARGE

VICTORIA, March 27—Owen B. (Gannonball) Baker and H. Fred Myers, alias Harr ("S") Sowash, were this afternoon committed for trial by Magistrate George Jay on the charge of murdering Captain William Gillis and his son, William, on the schooner Beryl G., at Sydney Island, last September. The case will come up at the next assizes, probably in May.

Refurnish Your Home Buy New With Old

JUST one short week left to turn in your old Furniture in part payment for new. Just one week to work the miracle, to overcome the last obstacle and transform your home into one that has sold its old stiff-back styles and acquired the lazy freedom and loveliness of modern improvements.

The Furniture of today puts all gone before it into the class of awkward antiques. Suites that fully furnish each room in one fine harmony and simple completeness. The old Sideboard is obsolete, replaced by the regal Buffet with its related China Cabinet and Serving Table. The Vanity Dresser has come into the Bedroom scheme with the precious Chiffre to round out the Dresser, Bed, Chairs and Night Table. The Chesterfield Suite sweeps out the antiquated parlor set with a grandeur of dimensions, of upholstery, line and cosy repose beyond all previous invention. A hundred classical effects cater to your taste in cleverly carved Walnut, Oaks and Mahogany.

CONQUEROR OF THE HINDENBURG LINE IS DEAD

Lord Rawlinson, Under Whom Canadians Served, Passes Away

COMMANDED FOURTH ARMY AT AMIENS

Promotion Given in Recognition of Work Against Germans.

DELHI, March 27—General Lord Rawlinson, commander in chief of the British forces in India, died tonight.

Lord Rawlinson's term in India would have expired in November. His successor, General Sir William Birdwood, who has just been promoted to be Field Marshal, was named by the British War Office on March 20.

FOLLOWS OPERATION
Lord Rawlinson's death followed an operation for appendicitis on March 25.

"DIAMOND DYE" IT A BEAUTIFUL COLOR

Perfect home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.

At first it was thought that the operation was a success, as the British commander-in-chief seemed to be recovering.

General Lord Henry Seymour Rawlinson, commander-in-chief of the British forces in India, since 1920, was one of the best known British generals during the war. He was born Feb. 20, 1864, and was educated at Sandhurst, entering the army in 1884.

He was employed in the War Office on the outbreak of the war in 1914, but was given command of the Fourth Army Corps in October, 1914. He commanded the Fourth British Army Corps during the Battle of Somme, and achieved important successes there and

GAINED AMIENS VICTORY

On Aug. 8, 1918, his troops in conjunction with the French, attacked the enemy in the region of Amiens, and they gained a signal victory which heralded a general advance of the Allies. General Rawlinson's army played a prominent part a few weeks later in the storming of the Hindenburg line and in the subsequent victorious advance eastward.

The Canadian Corps served under Lord Rawlinson on the Somme, 1916, at Flanders, Courtrai and Regina Trench, also at Amiens, August, 1918.

GREAT MILITARY CAREER

General Rawlinson had a great military career. He was affectionately known in the army as "Rawley." He did conspicuous service in the war, first in 1914, when he commanded the little British force, which covered the retreat from Antwerp, and again in 1916 when he carried out the first big offensive of the British in the Battle of the Somme. General Rawlinson also had charge of the great Allied advance in August, 1918, which culminated in the breaking of the famous Hindenburg Line.

HEALTH GOOD TUESDAY

General Rawlinson appeared to be in excellent health and spirits last Tuesday. He was making full plans for the future and looking forward eagerly to riding in the famous pig-sticking competition for the Kadir Cup, Tuesday evening, however, he was taken suddenly ill and was removed to a hospital and was operated on the following day for appendicitis. It is understood the body will be taken to England for burial.

REORGANIZED ARMY

General Rawlinson reorganized the Indian Army after the war and brought it to a high state of efficiency. At the same time he greatly reduced the military expenditure, thereby considerably benefiting Indian finances. He took a keen interest in the aspirations of political India to found a national army and encouraged as far as possible the formation of the same.

DALHOUSIE DEFEATS N. B. GIRL DEBATERS

Ladies at Capital Argue as to Logical Sphere For Women.

FREDERICTON, March 27—The ladies' debating team of Dalhousie University won the intercollegiate debate here tonight from the ladies' team of the University of New Brunswick, the three judges dividing to be one in favor of the visiting team.

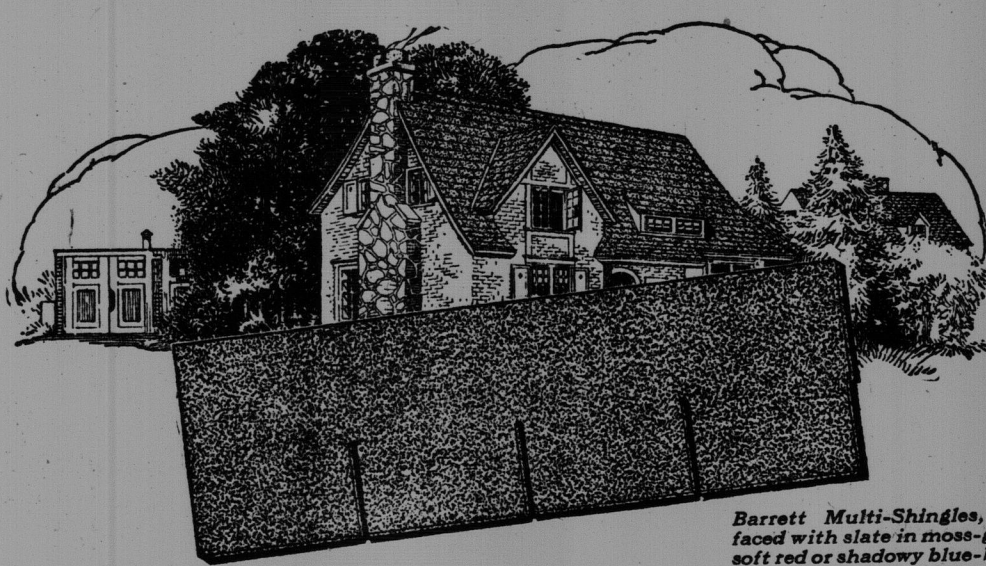

The resolution debated was "Resolved, that the increasing tendency of women to find their sphere of activity outside the home is not in the best interests of modern society."

Dalhousie supported the affirmative and U. N. B. the negative. The judges

were Miss Bessie Wilson, of Saint John; His Lordship Bishop Richardson, of Fredericton, and Professor Liddy, of Mount Allison.

The Dalhousie team was composed of Miss Crowds, leader; Miss Fitz-Randolphs and Miss Young. The U. N. B. team was Miss Margaret Wal-

lace, Fredericton, leader; Miss Dorothy Bennett, Fredericton, and Miss Katherine McNaughton, Little Branch, Northumberland county.

Barrett Multi-Shingles, surfaced with slate in moss-green, soft red or shadowy blue-black, increase the value of any home

You—Your Wife—and the Roof

Maintenance Pays!

Barrett Liquid Elastigum

A cement in liquid form composed of time-tested waterproofing bitumen and asbestos fibres. It's unequalled for keeping the surface of all roofs in water-tight condition. Low in cost and easy to apply.

Plastic Elastigum

"The waterproof cement of a hundred uses." Stops roof leaks, repairs flashings, gutters, cisterns, etc. Acid-proof and waterproof. Sticks tenaciously to any sort of surface. Low in price and comes ready for use.

Everjet Elastic Carbon Paint

A glossy, black paint for all metal or wood surfaces. It has scores of uses—for metal roofs, smoke stacks, boilers and radiators, furnaces and registers, machinery, water tanks (inside and outside), fence posts and fencing, farm implements, etc., etc. It prevents rust, has large covering power and is very durable and surprisingly inexpensive.

Made in Canada

It's important—this matter of the right roof for your home. You think first of durability and economy. Your wife considers beauty.

Barrett Multi-Shingles offer all these desirable qualities. Their base is a thick, tough felt—made to insure uniformly high quality. Their waterproofing is the highest quality of asphalt obtainable. Here are shingles that won't rot or rust—that will never need painting—that are highly fire-resistant. In brief, shingles that last!

These rugged shingles are made and laid four in a strip. This saves time, trouble and money—they can be nailed right over old wooden shingles. Finally, they're handsome. Slate-surfaced in unfading moss-green, soft red, or shadowy blue-black, they increase the value of any home.

Ask the nearest Barrett Dealer to show you Barrett Multi-Shingles. There's a Barrett Roofing that exactly meets your needs—at an extremely reasonable price.

"The World's Greatest Buy"

Everyone Says It—Sales Prove It

HUDSON

F. O. B. Windsor, Tax Extra

Hudson is not called "the World's Greatest Buy" for today alone. That is acknowledgment of ten years' constant refinement of a great car around the famous patented Super-Six principle.

The reasons for that position affect all motor car buying. They cannot be ignored.

A supreme and exclusive motor principle, added power, smoothness, performance, without added weight, cylinders or cost. The largest production of 6-cylinder closed cars in the world—and the value advantages of that position. Actual proof of greatest value—which is SALES. And now the greatest price advantage with the finest quality Hudson ever offered.

It is only as you find the real comparisons for Hudson qualities among the costliest cars that the enormous difference in price is so astonishing.

All now know that higher price can buy no smoother performance than Hudson's. It cannot buy more brilliant results in pick-

up, power or speed. It cannot buy greater reliability or endurance.

And with all this capacity and flexibility Hudson keeps the economy, simplicity and easy maintenance of the "Six."

At today's prices need you own a lesser car? Can a costlier car satisfy you more?

The World's Largest Builders of Six-Cylinder Closed Cars

MOTOR CAR & EQUIPMENT CO.,
110-112 Princess Street

All we ask is the chance to prove this statement:

"The New Studebaker models offer the greatest motor car value that Canadian dollars can buy."

We know that no other car in Canada can compare with the New Studebaker—in quality of appearance, comfort and performance—and still sell at anywhere near the low Studebaker price.

We want the public also to know that. So we invite comparisons. We are eager for the opportunity to prove our statement.

Come in. There's a Studebaker car waiting to demonstrate. You will not be urged to buy.

New models! New values!

Before you buy, see the new Studebakers; compare them in every way with any other car you may be considering; and in particular compare the prices.

U.S. ROADS PLAN TO CUT RATES ON COAL 36 CTS.

Will Make Effort to Offset Increase in Canadian Customs Tariff

MONTREAL, March 27—The Montreal Gazette, in its news columns tomorrow will carry a local news item which says the United States Railroads are planning a 36-cent drop in freight rates to nullify the Canadian budget provision increasing by 36 cents per ton the duty on American bituminous slack coal, according to a report current in Montreal coal circles.

The American roads, according to the information that has gained credence here, will shortly file at Washington an application for approval of a new tariff that would reduce the Pennsylvania-Montreal rate from \$4.40 per ton to \$4.10 on slack coal. This move is said to be inspired by a fear that the increase contained in the Canadian budget will have the effect of diverting to the Maritime Provinces of Canada many of the orders now handled by the American roads from Pennsylvania to Eastern Canada.

It is only the "St. Lawrence gateway" that is troubling the United States railroads it is said, since it is appreciated that in Ontario and other sections known as the "Buffalo gateway" the slack from the Maritimes could not compete on account of transportation costs.

To the United States roads, Montreal is the distributing centre of a district that consumes almost 1,000,000 of United States slack annually and the reported effort to keep the Eastern Canada market open to the Pennsylvania product springs from a desire on the railroads' part to hold the haulage they have hitherto enjoyed, says the Gazette.

WINNING WAR WITH THE WHITE PLAGUE

Dr. H. A. Farris Speaks of Control of Disease Gained in New York.

So intensively has anti-tuberculosis work been carried out in New York that the disease has been brought under wonderful control. The number of cases has been so far reduced that institutions for the care of tuberculosis have empty beds and arrangements are being made to use them to care for chronic heart cases.

This was the good word brought back from New York by Dr. H. A. Farris, superintendent of the County Hospital, who recently returned from a month spent in New York studying the tuberculosis work in the various hospitals there.

Dr. Farris said that he came back very well pleased with the work which

is already being done towards tuberculosis control here but seeing great possibilities for the future. The smaller number of cases of tuberculosis in New York, Dr. Farris said, was due to the remarkable organization of the work and the splendid system of publicity.

FATTY VISIONS PROSPEROUS CANADA

COMMON SENSE AND COMBINED WORK NEEDED

C. P. R. President Reviews Dominion Situation in Toronto Speech

STRESSES NEED OF MORE POPULATION

Capital, Policy and Taxation Also Find Place in Speech.

TORONTO, March 27.—"In this country, as in others, as soon as the bulk of the people realize that there is an evil to be cured and conscientiously begin the cure, their combined efforts are effective, and by the application of common sense and great effort, a nation swings back on its course towards commercial and industrial prosperity. I have no reason to suspect this will not be the course of events in Canada.

Mr. Beatty replied to the toast of Canada and directed his remarks to Canada as it and what it hoped to accomplish rather than to what had been accomplished.

Speaking for 25 years of legal and business experience that had brought him into touch with the transportation and commercial problems of the country, Mr. Beatty said he had seen some mistakes made, but that he had seen some very conspicuous achievements. Alternating periods of expansion and depression had shown that wastefulness and extravagance had ultimately to be paid for, but Canada's actual and potential wealth of great variety and the courage, vitality and self-reliance of its people left no room for misgivings as to the country's future.

OVERCOME OBSTACLES "The fact that difficulties are before us," he said, "is just another incentive to overcome them and by prudence and sanity and the support of policies designed to improve the whole of the country to bring about the object which we see to achieve."

Mr. Beatty described the national attraction as partly an unhealed wound and partly a self-inflicted wound. "We have obligations due to our participation," he said, "which constitute the most brilliant page in our history and we have obligations which are due to our own miscalculations of lack of judgment."

These must of necessity be discharged and none of them should be neglected. If business principles prevailed, the national policy would be that the discharge would be rendered as easy as is proper and possible and the reduction in obligations should be accomplished by recognition of the necessity for individual and corporate thrift.

NO APPREHENSION "The method of relieving the situation was a matter on which different opinions existed. Mr. Beatty believed, first, that there need be no apprehension of the future of Canada unless the people of Canada themselves retained that future by acting on false economic principles. He said that since Confederation Canada's population had grown from about three millions to slightly over nine million in 1910 and 1924 the country's agricultural production had increased 170.5 per cent. Between 1910 and 1922 manufactured production increased 181.2 per cent., and forestry products between 1911 and 1922 had increased 161 per cent. Canada's exports of 1910 were \$298,763,993 and in 1914 \$1,070,611,616. This indicated progress, but there were difficulties to be surmounted.

MORE PEOPLE "We need more people," said Mr. Beatty, "because we cannot realize upon our wealth without their assistance and we are not able to reduce the burden of taxation without more production and more shoulders over which to spread the burden."

"Public discussion of these problems was not for the purpose of deterring prospective immigrants but to enlist a public interest and to create public sentiment without which no government in a democratic country could be justified in moving."

"Our immigration progress has been slow and in quality has not equaled and in quantity has only slightly exceeded the emigration from Canada. There is only one way of meeting this condition, and that is by providing through the country's prosperity an opportunity for our young men better than that which presently exists in the country to which our young men are attracted."

CAPITAL "The immigration of capital to Canada," said Mr. Beatty, "was almost as important as that of people. Canada is too young to deny capital from any source but must prefer, other things being equal, the investment of British capital here, and the British investor, on national grounds, would, under present conditions, prefer this country to any other."

per conditions, prefer this country to any other. A danger to be guarded against was that we should not unconsciously or otherwise treat the impression that this is not a country in which honest investments are given their proper protection.

"The investor does not expect unjustifiable rewards. He desires permanency and security and that his prospects for success should not be interfered with by the action or attitude of those in control of the country's affairs. Having encouraged the immigration of capital to Canada we should allow it to find its own administration and not on the country's fiscal or political policies."

TAXATION Referring again to taxation and its effect upon general business, Mr. Beatty said that \$84,504,027 was collected in income taxes throughout Canada last year, and of this amount 79 per cent. was contributed by Ontario and Quebec, and of the total amount \$29,108,746, or more than 50 per cent., was collected in the districts of Toronto and Montreal. He said that a man with an income of \$10,000 paid in Canada an income tax of \$192.50. In 1924 in the U. S. he paid an income tax of \$165, and in 1925 it was anticipated he would pay even less. The fact that in the U. S. the income tax was steadily decreasing must force the conviction that efficiency and economy in public affairs was something we should advocate without ceasing.

"We are not un-Canadian in mentioning these things," said Mr. Beatty. "Because we do so with no feeling of dependency, but simply in order that they shall be presented and the necessary steps to overcome them shall be taken. We do not mention them because we are critical of those in charge of our affairs but because we desire to help them by constructive suggestion or support of constructive policies which are open to us or to them. I believe that our contribution to the country's stability would be at least partially discharged if we supplied a spirit of fellowship which permeated these men whom we have put in public places to obtain the support to which they are entitled if their very important duties are to be fulfilled with success and satisfaction to the country at large. There is a suggestion here that is perhaps more valuable to Canada in the present state of its affairs than any amount of pessimistic criticism."

DEATH THREATS FOR U. S. COAST GUARD

WASHINGTON, March 28.—Coast guardsmen, by their increased vigilance against rum runners, are incurring an unpopularity among the townsfolk at points along the Atlantic Coast that in several cases has been carried to the point of a death threat, according to reports reaching coast guard headquarters here.

SUMATRA CENTRE OF GREAT FISHERY

NEW YORK, March 28.—If you were asked: "Where is the third largest fishing centre in the world?" you would doubtless think of Newfoundland, or Cape Cod, or the banks of the Columbia, but you would be many miles away. The answer is Bagan Si Api Api, a town of about 20,000 people on the east coast of Sumatra, about 240 miles south of Medan. This equatorial town is one of the world's great fish centres.

Word comes from Rev. Clyde J. Hall, formerly of Crab Orchard, Neb., and of Baker University, Kan., and Boton University School of Theology, now a missionary of the Methodist Episcopal church in Medan, that the mission has just appointed a Chinese pastor for this fishing town. A large number of Chinese have been baptized by him.

A few months ago an anti-opium society was organized in the town and in three months' time about one hundred men were cured of the opium habit.

BABY DIES SUDDENLY. DRAGGED BY HORSE IN SAVING WOMAN Walter Gallagher, of Sussex, Invalid Returned Man, Performs Brave Act.

After being dragged 300 feet or more along the East Saint John roadway in front of the County Hospital yesterday afternoon, by a runaway horse and rig carrying a lady, Walter Gallagher of Sussex, finally managed to check its mad flight, but suffered the loss of a suit of clothes in addition to several bruises. For his efforts, he received the thanks of the rescued woman and her male escort, given in a nonchalant manner that rather irritated several spectators of Mr. Gallagher's brave deed.

ELLIS IS SECURED TO HANG WILLIAMS Sheriff Hawthorne Returns From Montreal After Making Arrangements.

FREDRICKTON, March 27.—Sheriff John B. Hawthorne returned this afternoon from Montreal, where yesterday he contracted with Arthur Ellis, official hangman, to carry out the execution of Harry D. Williams, condemned to be hanged on April 28 for the murder of his two half-nieces at Westville last November. Williams will have to be hanged here unless the Criminal Code of Canada is changed in the meanwhile to have all executions take place at Dorchester.

TELLS OF N. B. SALT EXPERT FROM MICHIGAN GIVES ADDRESS ON GATREAU DEPOSITS NEAR MONCTON. MONCTON, March 28.—The proposed development of large beds of salt at Gatreau Village, ten or twelve miles from Moncton, down the Petitcodiac River, was the subject of an interesting address this evening by George B. Willcox, salt expert, of Saginaw, Mich.

It is proposed to establish an industry that it is said should meet the demands of the fishery, dairy and ordinary commercial requirements of the Maritime Province. The proposed plant would have a daily capacity of 80 tons and would require a capitalization of \$150,000. Thirteen men would be employed.

At Gatreau Village, Mr. Willcox said, he found every factor necessary for development.

It was stated last night that he had delivered two addresses a day for six weeks and that had brought on the heart trouble. The original intention was that Brother Barnabas, lay worker of the Roman Catholic church, should accompany Dr. Shearer on the eastern convention tour, but on Brother Barnabas being taken ill, Dr. Shearer had volunteered to deliver the addresses of both.

BEAUTIFUL JAP GIRL SACRIFICE REFUSED

She Offered Herself to be Buried Alive as Shrine Safe-guard.

TOKYO, March 27.—A beautiful Japanese girl, Miss Teune Karasumoto, the daughter of a wealthy landowner in Kuchikimura, has offered herself as a sacrifice to be buried alive in order to safeguard a new shrine at Monoyama.

There is a tradition in Japan that years ago when the famous Asakusa Temple in Tokyo was being built a virgin offered her body, which was buried alive to form the foundation of the central pillar. This is the reason that the temple miraculously escaped the fire and earthquake of September, 1923.

A similar event would have taken place this year, where a new shrine is being built in the grounds of the Meiji Tenno's Mausoleum, had the offer of Miss Karasumoto, who was willing to be buried, not been refused.

POPE HEARS SINGER, LIFTS BAN ON SONG

Fair Spaniard Was Threatened With Excommunication—Vindicates Self.

ROME, March 27.—Raque Melier, the famous Spanish singer, was received in private audience by the Pope several days ago and sang her famous song "Pendant the Procession," for which she was recently threatened with excommunication.

The Pope and the cardinals heard the song and his Holiness gave the singer his benediction and permission to continue to sing it. The song deals with the story of a young girl who watches a religious procession and utters blasphemies, but afterwards, owing to the action of a priest, becomes an ardent convert.

Mlle. Melier after her visit to the Vatican said: "After the Archbishop of Paris had made a report to the Vatican on my so-called objectionable song, I had only one aim, and that was to come to Rome and see the Pope and convince him that I am always a good Catholic. His Holiness listened eagerly to each word."

6 COMING; 2 AWAY

Thousand Passengers Due to Land in Halifax Over The Week-end.

HALIFAX, N. S., March 27.—More than 1,000 passengers will be landed here over the week-end by six liners from Europe, and two liners will sail for European ports.

The Swedish-American liner Drottningholm from Gothenburg, the White Star liner Baltic, and Norwegian-American liner Bergensfjord from Bergen and Oslo, the White Star liner Ganopole from Liverpool, the Cunard liner Aurania from Liverpool, and the United American liner Mountday from Hamburg are due to arrive. The Cunard liner Antonia from New York, the Anchor-Donaldson liner Saturnia from Portland, are due to call here Monday for London and Glasgow, respectively.

A man with a big heart was found recently in Great Britain, when an autopsy was performed on his body, after a sudden death. The heart weighed nearly two pounds, instead of the usual weight of from 15 to 16 ounces.

PRESENT GIFT TO SINGER.

The members of the Victoria street Baptist church choir were entertained at the paragon last night by Rev. Mr. and Mrs. G. B. MacDonald. After practice a handsome under-arm bag was presented Mrs. Perley Farris, who is leaving next week to join her husband in Montreal and take up residence there. Mrs. Farris has been very active in church and choir work. The evening was pleasantly spent with games and music and refreshments were served.

HER NAME KEPT SECRET.

PARIS, March 27.—The identity of an American woman who, it is declared by Dudley Field Malone, her counsel here, purports to bring suit for breach of promise and defamation of character against the British Lieutenant-Colonel Ian Denistoun is being kept a secret secret for the present.

FOOTPRINT AMAZES

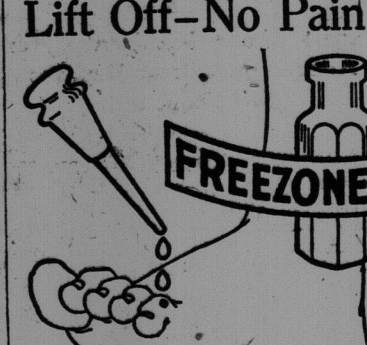

Imbedded in Granite and Indicates Man Thirty Feet Tall.

JOHANNESBURG, March 27.—Following on the discovery of the Taung skull, which is believed to provide the missing link in the evolution of mankind, interest has been aroused by the discovery of an enormous footprint imbedded in granite near Ermelo. The impression is just over four feet long, and is four inches deep in places. A man who owned a foot half size would be over thirty feet in height.

Folklore among the local natives tells of a race of giants who once inhabited their part of the country, but scientists discredit such a possibility. It is declared that possibly the "footprint" might have been carved out centuries ago by a primitive race as a religious or tribal symbol. It is considered to be too symmetrical and lifelike to have been caused by a freak of nature.

TO BE PERMANENT PASTOR.

Rev. R. W. Williamson, former pastor of the Victoria street Baptist church here, has accepted the appointment as permanent pastor of the Clarendon street church in Boston. Mr. Williamson had been pastor of the Woodstock Baptist church and resigned from the Woodstock duties last fall in order to accept the temporary charge of the Boston church. He has now been called to the permanent pastorate. Mrs. Charles Wason, of Saint John, is Mr. Williamson's daughter.

MUSIC IN SCHOOLS.

A special programme for demonstration work has been arranged by James F. Brown, music supervisor of the schools, for Monday afternoon in the High School assembly hall. Local clergymen have been invited, including Rev. James Cloran, S. B. H., rector of St. Peter's church, whose interest in music matters is well known. It is probable the matter of a musical festival, an idea on which Father Cloran advised the Rotary Club, will be broached at this meeting.

AMERICANS SMUGGLE IN FUEL, IS CHARGE

Provinces by Sea Would Be Worse Off by Secession, Commons Told.

OTTAWA, March 27.—Approval of the budget was expressed by W. F. Carroll, Liberal, Cape Breton South, who resumed the debate in the Commons this afternoon. Mr. Carroll was gratified to find that after the gloomy prophecies that had been made an actual surplus of nearly \$2,000,000 had been

established in the country's finances. IMPORTANT TO MARITIMES Of supreme importance to the Maritime Provinces was the readjustment of duties on bituminous coal announced in the budget. "The government had already done much to establish a Canadian fuel policy, and this year the duties on slack coal were levelled up to 60 cents a ton. Nova Scotia's coal sales had declined from 6,154,000 tons in 1913, to \$4,446,000 in 1924. The line of steamships developed by the Dominion Steel Corporation in 1914, had been commandeered for war service, consequently the Quebec market for Nova Scotia coal as lost to the United States and had never been recovered. COAL SMUGGLING CHARGED. Smuggling of coal had become an art in recent years, Mr. Carroll said, and United States mine operators and Canadian importers had co-operated in bringing in large quantities of run of mine coal as slack. In this way the duties on slack coal were levelled up to 53 cents, merely paying the 14 cents duty on slack coal. After the duty was paid, and the coal was safe in Can-

ARE YOU TORTURED WITH ECZEMA?

Eczeema, or Salt Rheum, as it is commonly called, is one of the most agonizing of all skin diseases. The intense burning, itching and smarting, especially at night or when the parts are exposed to heat are almost unbearable and relief is greatly welcomed. The most reliable and effective remedy for this trouble is BURDOCK BLOOD BITTERS. Mrs. J. R. Johnson, R. R. No. 1, Oshawa, Ont., writes: "For years I was troubled with eczeema, and had that terrible itching and burning sensation, and could find no relief for it, and after my second bottle I began to see a great difference, and I can now, advise anyone troubled as I was to use this wonderful remedy."

FORBIDDEN TO SELL GERMAN SECURITIES

Public Utilities Board Acts on Report From Newcastle Police Chief. A telephone message from the Newcastle chief of police was received yesterday by the Board of Public Utilities, stating that a Mr. Scott, J. B. Beck, was selling German bonds in that town and asking for instructions as to what steps to be taken. E. S. Carter, clerk of the board, informed the chief that Mr. Beck was not licensed either as a broker or agent to sell securities of any kind in the Province of New Brunswick, and pointed out that under section 22 of the Act any person selling securities without a license was liable to a penalty of not more than \$500 or to imprisonment of not more than six months. Organized Effort. It is said there is an organized effort being made by United States foreign brokers to sell a tremendous amount of German so-called securities in Canada and huge sums have been spent in glaring advertisements to entice the public to buy. J. M. Trueman, chairman of the board, after consultation with Attorney-General Rand, has announced his intention to stop the sale of securities as possible in this province and asks for the co-operation of all police and municipal officials in this effort.

FUMIGATION PLANTS AT PORTS PLANNED

Refusal of Ship Owners to Assist Likely to Change The Plans. OTTAWA, March 27.—Refusal of the ocean shipping companies to co-operate in enforcing the regulations to protect this country from foot and mouth disease may cause a change in the policy of the government where goods can be fumigated in this country. This announcement was made authoritatively this morning. Under the changed regulations the Federal Government would build fumigation stations at the principal seaports and would thoroughly disinfect all cargoes coming from countries where the disease is known to exist. The cost of constructing and operating these stations would be heavy, but in the face of the determined opposition of the shipping companies it would seem to the officials here that there is no other alternative.

PLANS OF SHRINERS

Luxor Temple to Have Ladies' Night—Many Maritime Members to Hospital Opening. A meeting of the entertainment committee of Luxor Temple was held last night in the Shrine rooms at the Masonic Temple. Pottery J. H. Crockett called the meeting to order and Noble H. Colby Smith was elected chairman. It was decided that on Wednesday, April 15, Luxor Temple would hold a ladies' night with a ball and a buffet banquet. Potentate J. H. Crockett read a letter from the recorder of Karanac Temple, Montreal, extending an invitation to the Divan of Luxor Temple to be the guests of the Montreal Temple during the dedication of the Montreal Shrine's Hospital for Crippled Children. A big Shriners' parade will be held and there will be a banquet. It is expected that a large number will attend from the Maritime Provinces. Luxor Temple members were much interested and hope to have a large representation present.

Bon-Opto Has Strengthened My Sight and Improved My Vision 50%

Oscocla, Wisconsin—I am glad to testify that the Bon-Opto has given me relief when my eyes were sore and strained. It has strengthened my eyesight a great deal and has improved my vision at least 50% during the past year. Before that time I nearly lost my sight through the influenza and infected teeth. A. P. MILLER, Sup't. Oscocla High School. Bon-Opto is prescribed by physicians for weak, work-strained eyes and is recommended by thousands who use it daily. The manufacturer guarantees it to strengthen eyesight and sharpen vision. It cleanses, soothes, and comforts the eyes, especially after motor trips. All druggists sell it under a money refund guarantee.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply you can make quickly made. Saves about \$2. You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it's pure and good. Four 2 1/2 ounces of Pinex in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup. If desired, This you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It soothes the inflamed membrane that lines the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

INDISPENSABLE

We receive letters every week from people who find Minard's indispensable. Capt. Geo. W. Dolbow, Philadelphia, Pa., writes: "While in British Columbia I used your Liniment but I cannot get it here. As there is to my knowledge no other liniment on the market like Minard's I would appreciate it if you will advise me how I can get another supply, for I do not want to be without Minard's." MINARD'S LINIMENT. They collect in large numbers only on bottoms with blue and black plates staying away from white, yellow, red and green colors.

HARMLESS LAXATIVE

All Children Love Its Pleasant Taste. Experiments have proved that barnacles do not attach themselves to ship bottoms painted certain colors.

Mother!

Hurry! Give Constipated Child "California Fig Syrup" Even a fretful, feverish, bilious or constipated child loves the pleasant taste of "California Fig Syrup." This gentle, harmless laxative never fails to sweeten the stomach and open the bowels. A teaspoonful today may prevent a sick child tomorrow. It doesn't cramp or overact. Contains no narcotics or soothing drugs. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.

The Kidneys—

and their relation to God Health You want good health. You want to enjoy life to the full, unhampered by sickness and disease. Then you must see to it that every organ of your body is working smoothly and performing its functions properly. Particularly is this true of the kidneys, the filters of your body. If the kidneys become clogged with impurities, your blood becomes poisoned, and your whole system suffers. You have headaches, pains in the back, swollen hands and joints, rheumatism. Urination is painful, scanty, or too frequent. Unless this condition is checked, serious and perhaps fatal illness will result. If you detect any of these symptoms, correct the trouble right away by taking

Gin Pitts FOR THE KIDNEYS

They will restore the kidneys to their normal action, and give you back the good health you desire so much. At all druggists—50c. a box. National Drug & Chemical Co. of Canada, Limited, Toronto, Ont. Gin Pitts in the U.S.A. are the same as Gin Pills in Canada.

SENATORS UPHELD

Quebec House Opposes Change in Upper Chamber of Canada. QUEBEC, March 27.—Without a dissenting voice, the members of the Quebec Legislative Assembly today voted against the idea of any infringement on the British North America Act through changing the character or integrity of the Canadian Senate. Both sides of the House also approved of the need of maintaining the Legislative Council of the province. Only Quebec and Nova Scotia have an Upper House. The House, however, did not agree on the motion to be adopted to show this feeling preparatory to the suggested conference of the House between the Federal Government and the various provinces. New Egg Circle Is Formed At Norton. The eighteenth egg circle to be formed in New Brunswick in connection with the New Brunswick Poultry Exchange was formed yesterday at Norton by G. R. Wilson, of the Dominion Livestock branch of the Department of Agriculture. The meeting in Norton was attended by about 25 poultrymen and it elected the following officers: President, John McIntyre, of Martin Valley Poultry Farm; vice-president, John O'Leary; secretary, Hugh Johnstone, of R. M. O'Brien, Thomas Cogger, H. M. Sherwood and Robert Chambers. The circle at Norton will commence shipping to the New Brunswick Poultry Exchange next week. Mr. Wilson next week will visit Stanley, Cross Creek, Port Egan, Woodstock and Perth, at the special request of those centres, and will undertake the organization of egg circles in each place. He said last night that the 18 circles already formed averaged about 50 in membership.

Indigestion Bilious Spells

Mr. John Hresavich, Tenby, Man., writes—"My stomach was all upset, I suffered from indigestion, biliousness and vomiting. I became so weak, I had to go to bed. I tried Dr. Chase's Kidney-Liver Pills and in three days was up and around again. I have not had an attack of this nature since."

Dr. Chase's Kidney and Liver Pills

PERHAPS it has never occurred to you that your troubles from indigestion are really caused by torpid liver action and consequent constipation of the bowels. Stomach tablets and lotions sometimes afford temporary relief but they do not get at the cause. Dr. Chase's Kidney-Liver Pills positively remove the cause of trouble by their direct and combined action on the liver, kidneys and bowels. A single box will convince you of their efficiency. 25 cts. a box all dealers or EDMANSON, BATES & CO., LTD., TORONTO.

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Verdun, Montreal, Quebec.—"I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and I have great faith in it. I can safely say it has relieved my troubles and I shall never be without a bottle of it in my house. Since my last baby was born I suffered from pains and backache and would feel so tired I could not do anything in my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine I feel so different. I recommend to all my friends and hope it will cure other women who are suffering from the troubles I had."—Mrs. IRONAS H. GARDNER, 821 Evelyn Street, Verdun, Montreal, Quebec. Lydia E. Pinkham's Vegetable Compound is a dependable medicine for the new mother. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the nursing mother. Its worth in restoring the mother to normal health and strength is told again and again in just such letters as Mrs. Gardner writes. A recent canvass of women users of the Vegetable Compound shows that 98 out of every 100 women taking the medicine are benefited by it. They write and tell us so. Such evidence entitles us to call it a dependable medicine for women. It is for sale by druggists everywhere. C

SUPPORT HOME INDUSTRIES

Bardsley Hats Saint John, N. B.

Many Local Commodities Sold Throughout Dominion—Some Nationally Known

It was only during the last year that citizens of Saint John woke up to the fact that their home city was quite a manufacturing centre.

This awakening was brought about by the activities of the "Made in Saint John" committee of the Exhibition Association, under David Magee's able chairmanship.

This committee, composed of the chairman, and W. C. Allison, H. B. Schofield, W. E. Anderson, E. Blake, F. Z. Fowler and a secretary, were responsible for the bringing to light of well over 200 local industries.

It was discovered that nearly every requirement under the sun was manufactured in Saint John, although in several instances, only on a very small scale.

It was also discovered that many of the small industries were practically unknown, owing to lack of publicity, but industries advertising extensively were well known, both at home and throughout Canada, from coast to coast, and even in other countries.

Although the national products are not numerous, they are of vital importance to the city's standing as a manufacturing centre.

Valves and brass castings made and founded in Saint John, were always known to have a wide market, but little generally did not know that they were shipped to all parts of the world, nor did they know that locomotives in other countries carried some fittings made by Saint John labor.

The same applies to brushes and brooms. Saint John made brushes and brooms find their way to all quarters of the globe. In many instances, where raw material comes here from a foreign country, it again enters its native country, from Saint John, in the form of a finished product. As an example, some brush bristles come from China and other countries, and go back in the finished article.

Another nationally known Saint John product is biscuits. This is an old time industry dating back 100 years. As a matter of fact the Saint John biscuit factory was the first to be established in Canada, according to a statement of the present management. It has been operated by four generations of the same family.

Old time men who have covered Canada from coast to coast, state that as far back as they can remember, Saint John made biscuits were to be found on all tables of western restaurants and in all leading hotels.

Although the market in the Maritime Provinces for Saint John made hats has been somewhat limited, (it is said to be increasing now, however,) they have long been known in Vancouver and other western towns and cities. They also enjoy at the present time a good market in Montreal and other Quebec cities.

One would think it almost impossible to hide an industry employing about 150 hands, but there is a clothing factory located in the heart of Saint John where this number is employed, and the owners state that it will not be long before they will be employing at least 200. This factory will very soon be the largest in Eastern Canada, and it is safe to assume that not one-half of Saint John's citizens could say offhand where it is located, although it is shipping goods to all parts of Canada.

New Industries

K—New industries mtrwyp hrdin During the last year twenty important industries have been established, namely the manufacturing of tungsten lamps and marmalades. These two industries have made a most successful start and their products promise to reflect credit upon Saint John as a manufacturing centre. Already wide markets have been secured, in addition to a strong local support. It is safe to assume that before long Saint John marmalades will be known all over Canada.

Radio sets and parts, street cars, artificial limbs and invalid chairs all are products new to Saint John, and it is understood that soon the manufacture of wire-bound boxes will be undertaken.

Other well-established industries include harness making (Saint John can boast the largest leather goods house in Eastern Canada), spices, baking powders, pie fillings, extracts, drugs and patent medicines.

Pack packing is an important Saint John industry, and the products of local packers find a ready market throughout the Maritime Provinces. The local packers also are large buyers of Maritime fed stock.

Another comparatively new industry in Saint John is the packing of sardines and clams. So far as this industry is concerned, Saint John is supplying a world market. From the local plant, one of the finest in Canada, sardines and clams are shipped to practically every country in the world.

Although Saint John has no large furniture factory, still there is a good deal of furniture made here. It is mostly made to order for citizens who fancy period furniture and desire the reproductions of the old masters, such as Hepplewhite, Sheraton, etc. Some very good work of this nature is turned out every year by cabinet makers of the city.

The local cotton mills and the sugar refinery are other plants supplying a world market. The same also applies to the local mill manufacturing plants. Saint John-made paper boxes also find their way to western points.

There are many other products that go to make Saint John famous, but too numerous to deal with here in detail. On the opposite page will be found a

McGill University Course Director Says Public Has Confidence in Protection

George H. Harris, director of the course in life insurance salesmanship at McGill University, lecturer at the University of Toronto, and head of the educational work of the field staff of the Sun Life Insurance Co., was the speaker last night at an open meeting of the Life Underwriters Association in the Board of Trade rooms.

Mr. Harris gave a talk on "Human Points in Life Insurance." The public generally had confidence in life insurance, he said, and were ready to put their trust for the protection of their families into it. This confidence was encouraged by the fact that no Canadian company had ever failed to pay in full all its obligations.

He outlined some of the obvious reasons for the buying of insurance and made a supreme appeal for the protection of widows and children. Mr. Harris emphasized the fact that insurance was so organized that protection could be given indefinitely by the undertaking of the administration of trust funds.

Mr. Harris is well known in the insurance world and is a much sought after speaker. J. J. Murray, president of the Association, was in the chair and presided at the business meeting after which followed the address.

BABE RUTH FALLS WHILE CHASING FLY BALL AND RUNNERS SCORE

KING OF SWAT'S TUMBLE PROVES COSTLY TO TEAM

Combs Saves Game For Yankees By Home Run Drive

NEW YORK, March 28.—Long range artillery in the Yankees' line-up that has been conspicuously effective on major league diamonds was silenced yesterday at Savannah, Ga., by minor league pitching in a game with the Rochester Internationals, and it fell to the lot of the newly installed regular, Earl Combs, to save the former American League champion from defeat.

His Home Run

His home run in the ninth with one on tied the score at 4-4, after his double in the third had figured in the only previous scoring success of the New York club. The game stretched fruitlessly two innings beyond the regulation period, whereupon officials called it a day. Ruth, by falling while pursuing a drive, led to two Rochester drives.

The Dodgers have left their training camp in Clearwater, Fla., to resume a series with the Yanks today at Jacksonville.

Giants Defeat Toledo

The Giants bagged their second straight game from the Toledo American Association nine, 7 to 6, in mud and rain. Pitchers Ryan and Hunsinger limited opposing batters to four hits.

The Detroit Tigers and the Toronto Maple Leafs were scheduled to meet at Winston-Salem today for the last game of their barnstorming series.

The Pittsburgh Pirates won the eighth game of their 10-game series from the Seals at San Francisco yesterday, 8 to 4.

CUBS IN HARD LUCK

Maranville Breaks Leg and Now Their Centrefielder is Badly Injured

NEW YORK, March 28.—Calamity, which struck the Chicago Cubs two weeks ago, when Maranville broke his ankle, has scored again. Denver Griggs, intended as a regular centrefielder, broke his collarbone yesterday.

The Chicago White Sox also had a casualty in their Shreveport camp. Joe J. Davenport, pitcher, strained a ligament in his left shoulder.

"C" Young Loses In Florida State Tourney

MIAMI, Fla., March 28.—Old "C" Young, big league pitching idol of a generation ago, failed as a golfer when he lost his match in the second round of the annual Florida State tournament.

Playing in the championship flight, the old-time baseball star lost to R. H. Curlette of Bar Harbor, Me., by one up, carrying the match to the last green.

Canadiens Defeat Victorias In Thrilling Match For World's Title

Along The Sport Trail

By RAY HANSEN

IF PLANS of local baseball promoters materialize then Saint John fans should have an opportunity of seeing some of the New England professional teams here this season. An announcement has been given out that Halifax will recognize a professional nine and already making plans to have visiting teams there on Fridays, Saturdays and holidays. When an effort was made to re-establish the professional ball here this season it was feared that it would be too expensive a proposition to engage visiting clubs from the New England States, but now that Halifax has come to the fore it should be a simple matter to arrange a circuit, combining Yarmouth, Halifax and this city. That would lighten the burden on all concerned and make it possible to engage some of the leading barnstorming clubs.

A FAN WRITING in the Sydney Record asks, "did it ever occur to sport followers in the Maritime Provinces that the way the Maritime hockey championship was decided was unfair?" He points out that Truro defeated Sussex 3 to 2 on the latter's ice and that the New Brunswick champions duplicated the feat in Truro; that after the two 60 minute periods were ended there was a deadlock and that 20 minutes overtime was decided on and played on Truro ice, whereas it should have been another full 60 minutes period on neutral ice. He points out that similar conditions existed in other centres, but a third game was played on neutral ice and not decided by overtime play, which is an advantage to the home club. He feels that the hockey association should take steps to prevent a re-occurrence in the future.

The fan has the right idea. This thought occurred to others, but it was felt it was better to leave the matter in abeyance as some might consider it a case of "squealing" if a protest was made after the Sussex team had been defeated.

CHARLIE GORMAN'S hopes of becoming a wild animal trainer seem to have gone a-glimmering. He was recently made the recipient of a three legged bear and had him chained in a garage in Pad-dock street. Yesterday the cub was put on the block and knocked down for \$7. Perhaps Charlie thought he could use the animal to assist him in training, but after looking him over decided he would sooner do his running without having a pet grisly nibbling at his heels.

THE REPORT THAT an indoor baseball league is to be formed and games played in the Arena has started tennis players thinking. It has been pointed out that an enclosure like the Arena would make an ideal place to play indoor tennis. The arguments advanced in its favor are logical. It is pointed out that players who are eager to get in trim for the many tournaments held during the summer months could derive benefit by working out on a fast indoor court. They could get their wrists sprained, their leg muscles hardened and their wind strengthened. Practising serving, cuts, position play etc. are essentials that go to make champions, and the sooner aspirants for title honors get down to work the better chance they will have when the big classics come around. The idea of having indoor courts should not be dropped. There is no doubt it would make a big hit with scores of enthusiasts.

GENE TUNNEY IS WINNER IN BOUT WITH H. GREB

Given Newspaper Decision as Result of Slashing Attack

ST. PAUL, Minn., March 28.—Gene Tunney of New York, American light heavyweight champion, defeated Harry Greb, of Pittsburgh, former holder of the title and present world's middleweight champion, in a 10-round no-decision contest here last night. Newspaper experts at the ringside gave Tunney six of the 10 rounds.

Slashing Body Attack. Tunney won because of his slashing body attack, forcing the Pittsburgh man to the ropes under a terrific bombardment of short rights and lefts. Greb, 15½ pounds lighter than his opponent, started out in characteristic fashion, plastering Tunney with sweeping blows to the head.

Early in the third, Tunney began to get in heavy body blows on the Pittsburgher, wearing him down. Greb was cautioned for holding in the clinches, and wrestling Tunney to the ropes to escape punishment.

Tired in Seventh. It was not until the seventh that it became apparent that the lighter man was tiring. In this round Greb landed his punches to the chest and mid-section, and he came in his opponent landed hard rights and lefts throughout the round.

The fight attracted a crowd that filled the auditorium to standing room capacity, the attendance being around 8,000 and the receipts about \$25,000. Tom Gibbons, the St. Paul heavyweight, who may be matched to Greb, Tunney in New York, June 12, occupied a ringside seat to get a close-up of his prospective opponent in action.

Gibbons also watched Greb intently, as it was his famous Pittsburgher who defeated him in a decisive contest in New York before Gibbons became a heavyweight contender.

Tunney weighed in at 181 pounds, while Greb tipped the beam at 167½ pounds.

Revel of senior amateur baseball in the East End of this city is assured, for at a meeting of the executive of the proposed league held at the Y. M. C. I. last night it was decided to call for a couple of team applicants to play in the league.

The Y. M. C. I. and East End Improvement League have teams, and it is understood there will be a team from East Saint John.

All games to be played on the home diamond, and any team desiring to enter the league will make application to East End Baseball League, care of Y. M. C. I., or R. F. Handren, 222 Waterloo street.

May Award Herring Welterweight Title. DETROIT, Mich., March 28.—Red Herring, Gulfport, Miss., may be junior welterweight champion of the United States. Pinky Mitchell was disqualified in the sixth round of a fight with Herring here last night, when he repeated warnings, he failed to fight clean in the clinches.

In the sixth, Referee "Slim" McClelland ordered the men to separate. Herring dropped his arms to his side. Mitchell caught him on the end of the "with an uppercut," "knocking him cold."

As Herring entered the ring at 139 pounds, both Referee McClelland and one of the judges gave it as their opinion he had acquired the title.

Concede Canadiens Good Chance To Win. As a result of their performance last evening the Canadiens are given an even chance of carrying the series with the Victorias to the fifth game. Monday night's game will be played under Eastern rules and if they maintain the form they showed last night, they should win it. This will put the issue up to the fifth game.

Old Pals Together Again

STEVE O'NEILL, LEFT, AND SAM JONES. ST. PETERSBURG, March 28.—Here is one of those Damon and Pythias stories.

Some years ago Sam Jones, pitcher, and Steve O'Neill, catcher, were room-mates on the Cleveland club, great pals.

When O'Neill came to Cleveland from Boston, Sam Jones was included in the trade. That separated the battery of Jones and O'Neill.

Several years ago Jones was secured by the New York Yankees from Boston and from Boston, the Yankees got him over the waiver route.

It is a rather interesting fact that the pair are now re-united. O'Neill covering the same ground as old Jones. Cleveland sent him to Boston in a trade, and from Boston, the Yankees got him over the waiver route.

You can never tell what's going to happen in baseball.

Millions of Pounds Changed Hands In Big Steeplechase. LONDON, March 28.—(Canadian Press cable) With the annual boat race classic, Oxford vs. Cambridge; the Inter-Army Rugby match at Twickenham, and the Association football cup semi-finals, the climax of one of Britain's greatest sporting weeks will be reached today. It is estimated that an aggregate of one million people will witness these events. One hundred thousand saw the grand national steeplechase at Liverpool yesterday, and it is reckoned that millions of pounds changed hands on the great race.

Breaks His Own High Jump Record. AUSTIN, Tex., March 28.—Harold Osborne, of the Illinois Athletic Club, broke his own world's record of 6 feet 8¼ inches by jumping 6 feet 8 15-16 inches in an exhibition against Shepherd, Texas University freshman, during the preliminaries yesterday.

Prizes on Display. Trophies of Inter Association Bowling League Will be Presented to Winners. Prizes won by teams and individuals in the Inter Association Bowling League are on display in Epstein's window in Union street. They include a beautiful silver trophy donated by Commissioner Wignore, as well as various other prizes, which will be awarded to the bowlers having the highest scores during the series. The players will attend a banquet to be given in the Dunlop Hotel next Tuesday evening when the prizes will be presented.

Badminton Final. A badminton tournament will be played on St. John's (Stone) church floor this evening between Trinity and Stone for the leadership of the Church League.

N.H.L. CHAMPIONS CUT DOWN LEAD OF WESTERNERS

Play Was Fast And Furious—Win In Third Period

VICTORIA, B. C., March 28.—Riding up a score of 4 goals to two here last night the Canadiens of Montreal, champions of the National Hockey League, reduced the margin against them in the five games series for the Stanley Cup and the Dominion title from two straight games to one. This evening's encounter was the third of the series, the two former ones having gone to the Victoria Cougars.

The play throughout was fast and furious and it was early seen that the Canadiens were out to cut down the Cougars' lead. Some dazzling play featured the first frame with Joliat doing some wonderful skating.

The initial score came within five minutes of the start when Joliat carried the puck down the right wing and shot over to Mores in front of the net. Mores sent it home. Play speeded up and with the speed came an element of roughness. The equalizer came when Anderson caught the Canadiens' two man rush and slipping around Joliat, scored under Vesina's arm.

The second period saw the Cougars' striving hard to break the tie but the teams were still deadlocked when the period ended.

Put Game On Ice. It was not until the third frame that both teams unleashed a burst of speed and in the general sailing up and down the rink the Quebecers proved themselves the superior team. The Cougars equalized almost immediately after the start when Hart sent in one that beat Vesina. But from then on the Canadiens took the game in hand. Joliat received one from Boucher and bulged the twine in fine style, thus putting the teams again on even terms.

Less than a couple of minutes later, Mores skated in to add the Canadiens' third counter. Play became more strenuous, but the visitors continued to assert themselves and Mores repeated to put Canadiens two up on the Cougars.

Better Late Than Never. SAYS QUEBECER LADY, WHEN SENDING US NEWS OF THE BENEFITS DERIVED FROM THE USE OF DODD'S KIDNEY PILLS.

Miss Mary Beaulieu Suffered From Backache, Neuritis and Head-aches.

ST. ANTHANASE, Que., March 27. (Special)—The sterling value of Dodd's Kidney Pills as a kidney remedy is shown by the following testimonial from Miss M. Beaulieu, of this place.

"I am a little late in sending in proof of the efficacy of your Dodd's Kidney Pills, but as the saying goes, 'Better late than never.'"

"Yes, only two boxes of your marvelous pills have sufficed to completely relieve me from a complication of kidney troubles from which I have suffered for seven years. I have decided in future not to suffer long before making a call on Dodd's Kidney Pills."

It is statements like this that have built up and maintained the reputation Dodd's Kidney Pills hold today, as the old Canadian kidney remedy.

You will find that Dodd's Kidney Pills will relieve kidney trouble, no matter where or in what form it is found.

LOIS JESSON HAD OWN COMPANY IN CHAUTAUQUE

Won Place on Circuit in Competition With 20 Other Companies

STARTED EARLY ON HER STAGE CAREER

Ingenue of Carroll Players Had Thrilling Experiences in Kentucky Hills.

To say that Lois Jesson, the little blonde lady who plays the ingenue roles for the F. James Carroll Players at the Opera House, fell from the cradle and landed upon her feet on the stage, might be considered as sheer exaggeration and yet it is not greatly at variance with the truth. A vague ambition to appear on the spoken stage was in her mind from her childhood, and this ambition was realized soon after her school education had been finished.

In the little town of Mansfield, Ohio, a few years ago—not many more than a decade, in fact—Lois, with long flaxen braids down her back was the moving spirit amongst a group of children whose favorite pastime was amateur theatricals. The most romantic of romances was their usual fare, and when the written play was not sufficient to satisfy their exacting minds, it was this little tow-headed sprite, Lois Jesson, who drew upon a vivid imagination and supplied the theme. Plumes and trains were her great attraction, and many a mother or older sister might have reached the verge of hysterics, could she have seen some pet bit of finery being paraded across a makeshift stage in the Jesson back garden or in some impromptu theatre.

Away to School

But childish ambitions must be pushed aside in the interests of education, and Lois, having completed her common school course, was sent off for finishing work. It is not surprising that, when sandwiched in between classes, there were frequent entertainments. Miss Jesson, as she was called at the time, had already taken a prominent part. And then, with the text-books finally discarded, she felt natural that she should turn her big, brown eyes towards that sometimes rocky, usually arduous, and always fascinating road that leads towards Broadway. Although her parents had visioned for her a career in commercial work, and with this end in view she had been schooled in the practical details of bookkeeping, she had no objection to the vocation which she had selected.

Chautauque First

After a finishing course in this work at the Whitney Studio of Platform Art in Boston, Lois received an engagement with the Redpath Chautauque circuit and for a couple of seasons played in practically every state of the Union east of the Mississippi and a few on the other side of that stream, varying her work in that connection between piano, songs, sketches and costume pieces. Towards the end of this engagement she had a company of her own on the circuit.

How Miss Jesson, in spite of her youth, went out in command of a company of players, offers evidence that her ability is not confined to the carrying out of others' ideas, but that she possesses both managerial and creative faculties. It is in view of her own selected company before a board of directors of the Redpath Chautauque in Washington, she has the honor of having her aggregation placed at the head of the list of 20 companies which tried out for engagement. The main item on the program which she presented was a sketch from her own pen, and she has been doing her own solo turn on the bill, she appeared in the sketch and acted as accompanist for the vocal artists and instrumental numbers.

On Stage Proper

Returning to Boston to visit school-time friends, she was afforded her first opportunity of appearing on the regular stage, and she hesitated not the least bit in plunging into the work in which she is still receiving her first part. It is in view of the dope found in "The Man Who Came Back" and although she was engaged on trial, she became a permanent member of the company and remained with it until the end of the season.

After a season in Cleveland in stock as an ingenue, Miss Jesson was given the opportunity of playing leads for a stock aggregation in Manchester, N. H., where she added to her popularity and experience. She also went on the road with a musical show, singing the leading role with success. Her varied engagements brought her frequently to New York, where her fame became known, so that when Mr. Carroll went there this winter seeking talent such as hers, he was able to get in touch with Lois. So here she is, the ingenue of the Saint John company, expected to be the life of the aggregation, and living well up to expectations.

Thrilling Times

Looking back over the myriad experiences that have been crowded into the few years since she started out on her public life, Lois recalls most vividly the quaint happenings which surrounded her trips into the comparatively wild country of the Kentucky mountains. On some of her journeys, she and the other members of the company were compelled to fall back upon the lowly mule as the only means of transportation between stands, and it was not unusual for them to arrive in a district during the height of a flurry in some bitter mountain feud, such as are frequently seen on the silver screen and in the stage drama. On such occasions, it was a common thing to face an audience, half of the male members of which had loaded rifles across their knees. It was on one of these trips that Miss Jesson received her first—and what will likely remain always—the

NECK BROKEN, TOILS

Eastney Gardner Helps The Nurses in Hospital, With Head in Plaster Cast.

PORTSMOUTH, Eng., March 28.—A broken neck in little trouble to John Harrington, of Eastney. He is in Portsmouth Hospital but hopes soon to return to his work as a gardener.

He was admitted to the hospital five months ago and his head and neck have been held rigidly together with plaster of Paris.

In spite of this he is well and active, and makes himself extremely useful to the nursing staff, pushing round the wards the trolleys of medicines for the patients and helping to serve the tea.

BUDGET ASSAILED

Quebec Manufacturers See J. A. Robb's Financing Unsatisfactory.

THREE RIVERS, Que., March 27.—At a joint meeting of the Quebec division, and of the Three Rivers section of the Canadian Manufacturers' Association, held here last night, the budget submitted by Hon. J. A. Robb, came in for strong condemnation in a motion by Neil C. Polson, of Montreal, and John T. Tebbutt, of Three Rivers.

Mr. Polson asked for a full consideration of the budget, but P. E. Joubert, president of the Chambers de Commerce, of Montreal, suggested that manufacturers should approve the idea of a board of advisers and of an amendment to the customs tariff in regard to the dumping duty. Mr. Polson modified his motion in that sense, but the budget was declared unsatisfactory to national industries. The motion was carried unanimously.

most unique proposal of her life. She had just finished a number and was bowing her way off the tent stage, when a big husky mountaineer rose from his seat, lumbered up to the footlights and drew out in a tone which filled the tent, "Say, kid, will you marry me?" Lois is not sure just now what her answer was, but she affirms that she is still single—hence it can be assumed that the surprising appeal fell on a very rocky soil.

Although she has not been in Saint John as long as the other members of the Players, Miss Jesson has already achieved considerable popularity, not only with the public, but with the other members of the company. Her associates are of very diverse character and she has a special affection for every one of them in return and she says she hopes to always be good friends to be among such good fellows.

Lois feels that she has still some distance to go before the lights of Broadway are her reward, but she is undaunted and all she needs is a strong, and those who have seen her work, and the editor of the Dramatic Company, New York, is included among that number—look for the day in the not far distant future when Miss Jesson will play a permanent leading lady. Until that time comes, she will go on laughing her way along, lighting the load for herself and others who are favored to number her among their friends.

NEW OPERA SUCCESS

Called "Married Lovers" and Evokes Enthusiasm at Venice.

ROME, March 28.—"Amanti Spesi" ("Married Lovers"), a new opera in three acts by Ermanno Wolf-Ferrari, composer of "The Jewels of Madonna," has achieved remarkable success.

It was produced at the Opera House in Venice in the presence of an enthusiastic audience containing a large number of critics from abroad. No-

"TROUBLES OF A BRIDE"

It is so full of thrills that it is hard to tell which one is productive of the greatest amount of goose flesh.

Standing out a little apart from the rest, however, is the scene of the blazing runaway train. You really fear for the life of Mildred June, who plays the part of the heroine in the film, as she clings to a bar on the rushing inferno. How she is rescued is one of the most remarkable and daring episodes ever photographed. See it and be convinced.

Robert Agnew, the hero, shows skill and daring in this scene and his death-defying actions will win for him the eternal admiration of screen fans.

PERCY HUTCHISON, THE EMPIRE-KNOWN ENGLISH ACTOR-MANAGER who is to appear in "The Luck of the Navy" is concluding his tour of Canadian cities with his Queen's Theatre Company—brought over from London. When visiting Ottawa he had the honor of being received by the Governor-General, Lord and Lady Byng, who visited the theatre there and expressed themselves as delighted with his splendidly presented patriotic play. Mr. Hutchison has also had the honor of appearing before His Majesty, the late King Edward, twice before Her Majesty, Queen Mary, Queen Alexandra and the Kings and Queens of Italy and Spain. Visiting Canada with Percy Hutchison is Lord Lyveden, a member of the British House of Lords, who plays the role of the Admiral in "The Luck of the Navy". Before coming into his title he has for many years an actor with the Bancrofts. A brilliant young actress, Miss Betty Nelson, is the leading lady with Percy Hutchison. She is still in her teens. An actress who accompanied Mr. Hutchison on his previous tour of this country, is Miss Kate Carver, an experienced London artist, playing her original part of the villainess in the piece, the role of a German social spy.

When I was out to Fort William the weather had a kick to it. I wanted my gloves that morning but some fellow in Regina is wearin' 'em. They was good gloves, too—lined with rabbit fur an' an' one work two winters. I laid 'em down somewhere in the railroad station when I was tryin' not to forget somethin' else—an' I orto hev kissed 'em good-bye. I call late Hanner won't like it, an' after this I'll hev to get along with woolen gloves of a wad of weather-faced mittens. But I started to talk about the weather. They had a snowstorm there that day that almost blinded a feller—with a wind that was wuss than a notheaster on the Marsh Road. After seein' 'em ploughin' in the Fraser Valley an' hev'n' warm weather on the prairies it made a feller think o' what a big country this is an' what a lot of different kinds o' weather you kin run into if you keep goin'. When struck Toronto I hed to shed my overcoat—an' fergit where I left it.

REV. DR. CHOWN COMES HERE TO BID FAREWELL

Speaks to Maritime Methodists Ere Retiring as Superintendent.

TO PREACH TWICE IN CITY TOMORROW

Plans to Visit Larger Centres of Maritime Before Easter.

Starting a farewell tour of the Maritime Provinces before giving up the office as general superintendent of the Canadian Methodist church, the position being abolished under the provisions of the Church Union Act, Rev. Dr. S. D. Chown, of Toronto, arrived in Saint John on the C. P. R. express today at noon. He is to preach in Portland Methodist church tomorrow morning and in Centenary in the evening. He was met at the station by Rev. R. G. Fulton.

Rev. Dr. Chown said his sole mission here was in the nature of a farewell to the Maritime people of the Maritime Provinces. He proposes to visit the larger centres of New Brunswick and Nova Scotia before returning to Toronto for Easter.

Referring to the death of Rev. Dr. J. G. Shearor, Dr. Chown said he was an energetic man and would be greatly missed.

Dr. Chown was born in Kingston, Ont., on April 11, 1883, and received his early education at Kingston Grammar School. After attending Victoria University, he was appointed secretary of the Methodist ministry in 1919 and soon showed his aptitude in and out of the pulpit. In 1920, he became field secretary for the Brockville district and was afterwards financial secretary for the Perth district and later chairman of the Toronto West district. Dr. Chown was appointed secretary of temperance, prohibition and moral reform, in 1920, being the first to be appointed by any Protestant church in Canada for special and moral reform work.

33 Years in High Office.

In 1910 he became assistant general superintendent of the Methodist church and when the vacancy for the higher office occurred in 1914, he was chosen for the responsible post he now occupies. He was active during the war, being appointed an honorary lieutenant colonel. Dr. Chown served as a member of the church union committee. In 1919, Dr. Chown married Miss Susie E. Hammond, daughter of the late Rev. and Mrs. A. M. Hammond.

MILL POND NOW IS ONLY WEST END DUMP

Others Closed by Public Works Department at Water Department Request.

One official dump for West Saint John will be in operation this summer, it was said today by the street superintendent, and with the co-operation of the police it was proposed to stop the practice of promiscuous dumping of West End refuse.

At a recent meeting of the city council Commissioners Wilmore, asked that all dumps in West Saint John be closed and the Mill Pond opened as a dump, as the material would help to fill it up and protect the new trunk sewer, which is being laid through the Mill Pond.

Commissioner Prink said he would give orders to that effect to the superintendent of streets, and has instructed that official to take this action. Up until this week there have been ten dumps in Carleton street and the other on the southern side of Queen square. Mr. Price, street superintendent, said however that other places had been used as dumps and it was now proposed to put an end to this practice and have all waste material in West End go into the Mill Pond.

FRENCH CLUB MEETS.

The French Club met yesterday afternoon at the residence of Mrs. Fred Skinner, Lenster street. Miss Edith Skinner had charge of the programme, which dealt with the "Faint Saints of France"—St. Denis, St. Martin, St. Michael and St. Genevieve. In addition to readings from the lives of these saints there was a reading about St. Joan of Arc, and special reference was made to Bernard Shaw's "Joan of Arc" having been translated into French, the French version to be staged soon. Those who gave the readings were Miss Skinner, Miss LeRoy, Mrs. George Carvill and Mrs. Corliss Robinson.

DIED IN DETROIT.

A telegram to Mrs. J. A. Smith, 211 King Street East, reported this morning that her nephew, Robert Cunningham, son of Mr. and Mrs. George Cunningham, of Sydney, Cape Breton, had died in Detroit, Mich., after an operation for appendicitis. Mr. and Mrs. Cunningham, who were called to Detroit on account of the illness of their son, were to take up work in the United States. Mrs. Smith did not know this morning whether the boy would be brought here or not. Mr. and Mrs. Cunningham formerly resided in Saint John, Mrs. Cunningham being a brother of Mrs. Smith.

ROYAL VISITOR COMES HERE ON SHIP SUNDAY

Nephew of King of Belgium Passenger on S. S. Marloch.

GOES TO WEST AND MAY BUY RANCH

Vessel Has Other Prominent Passengers and Many Immigrants.

The Duc de Nemours, a descendant of Louis Philippe of France, and a nephew of the King of the Belgians, accompanied by J. Stanley, the son of the Hon. Mrs. Alexandra Stanley, is arriving in St. John on Sunday on the Canadian Pacific liner Marloch, from Liverpool. They will proceed to Lord Rodney's farm at Fort Saskatchewan, in Alberta, where they will be the guests of Lord and Lady Rodney.

May Be Rancher.

There are many ranches in Alberta owned and operated by royalty, and it is said that the Duc's visit is his first move toward joining the royal colony and becoming a full-fledged Canadian ranch owner. Information from Paris is that he would like to purchase land in the vicinity of that owned by H. R. H., the Prince of Wales. Lord Rodney's two children, the Hon. G. W. and J. Rodney, in charge of a nurse and Mr. Vereker, Lord Rodney's farm manager, are also aboard the Marloch and are proceeding to the Rodney farm.

Others Prominent.

Other prominent passengers on the incoming Marloch are Mrs. J. N. Shiley of Montreal, who is a sister of Lord Beaverbrook, famous Canadian newspaper owner and financier; Augustus Nanton, a son of Sir Augustus Nanton of Winnipeg, and R. D. Stirling of London, manager of the Hudson's Bay Company.

Many Immigrants.

The third class accommodation of the Marloch on her present westbound voyage is nearly filled, and its occupants include a large party of immigrants who are coming out here under the government's new settlement scheme.

According to a report received at C. P. R. headquarters today the Marloch is due to arrive in port a little after noon on Sunday. She has 141 cabin and 631 third class passengers in addition to over 1,800 tons of general cargo and a large mail.

Rummage and Pantry Sales Held Today

Loyalist Chapter, I. O. O. E. held a very largely attended rummage sale this morning in the school room of the Saint John Baptist Mission church. Mrs. F. Peniston Johnston was general convener. Mrs. W. L. Caldwell, secretary, with a large committee of members of the chapter, assisted Mrs. Johnston. A good sum was realized for the benevolent work of the chapter.

Yellow and white decorations, with great bunches of pussy willows in vases, attracted many patrons to the morning, where the ladies of the St. Monica's Guild of Saint John Baptist Mission church sold delectable food of all kinds. Miss Helen Jack was in charge and was assisted by an efficient committee of ladies from the church.
