### The Adventists' Version.

Of the Discussion at Andover.

Last week the ADVERTISER published an item relating to a discussion on the public platform between Adventist evangelists of Perth and Rev. S. B. Hillock, Episcopal clergyman at Andover. This report was ostensibly from the side of the Episcopalian, so it is only justice to the Adventists that they should be given space for their story. A letter just received says:

DEAR SIR—I noticed a clipping in your paper that is slightly misleading. Please allow me to correct it.

Speaking of the work of some Adventists in Perth, it was stated that "they had challenged discussion—that Mr. Hillock had accepted the challenge and that at a meeting arrangements were made for debate. But it seems the Adventists are withdrawing from the debate."

Allow me to state that such was, and is, not the case.

First—No challenge was given, therefore Mr. Hillock did not take up the gauntlet. He simply challenged the Adventists publicly three different times, which was taken up by the Adventists after careful consideration.

Second—No definite arrangements were made for debate.

Third—The Adventists are awaiting the further pleasure of the challenger.

Hoping this may appear in your next issue,

I am yours truly,

D. A. YORKHAM.

### Dominion Day.

A paper has been circulated among the business men of the village upon which all have agreed to close their places of business on Dominion day, which is three weeks from today. People in the surrounding districts would perhaps save disappointment by making observance of this and not come to the village expecting to make purchases on that day.

### Breach of Promise.

There is rumour of an interesting sensation up in the parish of Kent. A young woman of Bristol, for damages done her heart's ardent affections is suing a young man of Glassville. These young people had plighted their troth to each other, but an old flame reappeared and the faithless swain was not proof against her smiles and he forsook his affianced for the old love.

Now for fun in the County Court.

### Strawberries.

On Wednesday the ADVERTISER was shown a cup of ripe strawberries that had just been picked by Mrs. T. O. Boyer. Ripe strawberries were also brought into the office on May 30th, which is certainly very early.

### The Starch Factory.

Scheme Should be Kept Alive.

It is not a good thing to let the starch factory agitation die out without looking into the chances for the success of the enterprise. As has been suggested by different correspondents, it would be a good plan to call a meeting for the purpose of seeing what can be done toward the organization of a company. Then a committee should be appointed to enquire into the various details, as for instance, the cost of equipment, the capital required, the cost of material, the market for the product, etc.

There may be nothing in the venture but it won't do any harm to investigate just what there is in it.

At any time the columns of this paper are open for discussion on this matter or anything else of public interest.

### Archibald Belyea.

Archibald Belyea died on Tuesday at the residence of C. B. Snow. The remains were brought to Hartland and taken to Rockland for interment. Deceased was 73 years of age and unmarried. He had been in the employ of Mr. Snow for a long time, while the latter kept store at Rockland. He was very well known and highly respected throughout this section of country.

### Centreville Wedding.

There was a bridal party on Wednesday's southbound express, which consisted of A. A. Campbell of Bristol, and Bessie, youngest daughter of the late Charles A. West of Centreville. The young couple will visit different provincial towns and finally make their home in Woodstock.

### Want a Free Ferry.

The people at Bath are asking when steps are to be taken towards procuring a free ferry between that village and Wicklow. It is said such a thing could be maintained very cheaply and a thriving place like Bath deserves such a boon.

### A Wonderful Season.

In more than one way this is a remarkable season. April and May were exceptionally dry months, and though the snow was slow going cropping was through with early. The farmer never had a more favorable season, and rain came just at the right time and in the right manner. Grass is in exceptionally good condition.

### Horse Dropped Dead.

William Leonard of Johnville, drove to Bath on Tuesday evening with his fine driving horse. When near Phillips store the horse fell dead in the shafts from no apparent cause whatever.

**SENSE AND NONSENSE.**

The secret of success is constancy to purpose.

Bicycle Bells, Pumps, Oils, etc., at Shaw & Dibblee's.

The man who procrastinates struggles with ruin.

Black mackintosh's from \$3.00 up at Baker's.

None are rash when they are unseen by anybody.

21 lbs. granulated and 24 lbs. light refined sugar for \$1.00 at Carr's.

All that is human must retrograde if it do not advance.

Screen Doors and Windows, Wire Cloth, all widths, Spring Hinges, Ice Cream Freezers etc at Shaw & Dibblee.

Better be three hours too soon than one minute too late.

R. W. Richardson will take hay, oats, and all kinds of farm produce in exchange for goods—dry goods, clothing, and foot wear.

There is a paradox in pride—it makes some men ridiculous, but prevents others from becoming so.

WANTED.—Campbell & Nixon want to buy 500 cords summer bark, and will pay extra price; also will contract for any amount of winter bark.

The reflections on a day well spent furnish us with joys more pleasing than 10,000 triumphs.

Notice.—Should you require a suit of clothes, either ready made or made to order call on C. Humphrey Taylor. He makes a specialty of that line.

A woman is never really worked to death until she can cut patterns out of newspapers and put clean papers on the pantry shelves without stopping to read the love stories in them.

For sale.—1 first class new top buggy; 2 road wagons.—Campbell & Nixon.

If a girl has attended a boarding school one year of her life, she always refers to that school as the place where she received her education.

Ladies, do you know that we have the best value in scrub and stove brushes in Hartland. If you never knew it all you have got to do is examine to be convinced. We buy direct from the maker, and we know what we are buying too. Yours forever Shaw & Dibblee.

Time flies. Those who giggled in the back seats at church a few weeks ago are now snoring in the seats in front.

It is no use beating about the bush; If you want hardware at the right price, call on us. We have the assortment, and we make a study of the business, and try to get the best goods; and we have lots of them—the very best in their class. S. & D.

Good advice is like life insurance. If you take it when young, it becomes very valuable in old age.

We have a "Crawford" bicycle at \$37.50 and a Quickstep at \$40.00 that we will sell on reasonable terms, or will allow a liberal discount for cash. Try us when you think of bikes. Shaw & Dibblee.

If you don't like a man, his voice rasps you when he is talking pleasantly.

We bought Nails before the raise; try us on Nails before buying elsewhere—Shaw & Dibblee.

Prosperity is the touchstone of virtue; it is less difficult to bear misfortunes than to remain uncorrupted by pleasure.

It is time to paint, and the Sherwin-William Paint are good; one trial will convince you of this fact. We have it in half-pint, pint, quart, half-gallon, gallon and five-gallon cans. Do not be bothered with buying paints in one-pound tins as it costs too much. Shaw & Dibblee.

The people who have the finest homes spend the least time in them.

A new lot of Star Strainer pails and Excelsior Creamers this week—at the Hardware Store of course—S. & D.

Life is a bureau drawer which sticks, and through a crack we helplessly thrust our fingers at the things we would like to reach.

We have got two dozen more of those 25 cent hoes that sold so well a year ago. We have also got the best socket hoe that we ever saw, this year it is thin, light, and the shape is correct. Shaw & Dibblee.

Woman can't throw a stone, but when she drops a flowerpot out of a window she always hits somebody.

Received this week one car (75 casks) St. John Lime. For sale low at Carr's. Also a few tons Tobique Plaster still on hand.

The ideal woman is one whose preserved strawberries hold out until fresh strawberries get cheap.

Spring suits for men and boys at Baker's.

Three-fourths of the bread cast upon the waters returns because it has a string tied to it.

The largest assortment of carpets and oil-cloths is at Carr's. New patterns just received. Don't fail to see them when you wish to purchase.

Few women can sit through a sermon without hoping that the cook won't let the dinner burn.

Shingles, clears, 2nd clears and extra No. 1 for sale low. Shaw & Dibblee.

After a bad dinner human nature is cross; after a good dinner it is stupid.

Hoes, hoe-handles, fork-handles, a new and good lot at the Hardware Store.

"Once" answered the heathen, "but he was a near sighted tenderfoot with an out-of-date gun. He couldn't shoot worth a picayune.

You never heard tell of a hoe for 25 cents till we introduced it here. We have two dozen more. And we have another hoe that beats anything we ever had, and we think we know a good hoe when we see it. Shaw & Dibblee.

The News at Bath.

Election of Officers—Death—Hathaway's Ferry—Etc.

On Saturday evening, June 3rd, Bath Division, No. 2, A. O. H. held their annual election of officers in Phillip's Hall. The meeting was enthusiastic and competition for office was warm. However, the result proved that the efficiency of the old officers was highly appreciated as they were generally re-elected for the ensuing year and were as follows:

President—Patrick Gorey.  
Vice-Pres.—Frank Doherty.  
Fin.-Sec.—Chas. F. Gallagher.  
Rec.-Sec.—Thos. McElroy.  
Treas.—John McCready.  
Sentinel—Elias Sheppard.  
Sergeant-at-arms—John Daly.

STANDING COMMITTEE.

John Cronin, Pat. Corbett, John Bohan, Pat. McLaughlan, John Keenan.

SICK COMMITTEE.

Mike Bohan, Frank Doherty, Pat. Corbett

LITERARY COMMITTEE.

Dr. M. E. Cummins, Leo. Kearney, John Cronin, John McCready.

FINANCE COMMITTEE.

John McCullough, Matt. Bohan, Mike Crane.

After the election of officers a banquet, on a small scale, was indulged in and the meeting dispersed with a general approval of the proceedings. Two new appointments were also made during the evening. The society at present numbers about 35 members with every expectation of growing to 70 within 12 months as it is now only eight months old.

Calvin Hathaway, our ferryman, who is easily recognized by the great cranial developments, in fact, protuberances indicating caution, obliging manners and cunningness, has again returned to his old flat, house, family and his all. His return was as sudden and surprising as his departure. He will be found at all hours ready and willing to put anyone across whenever it suits himself.

Mrs. Johannah Ryan, who has been living with her daughter, Mrs. Matt. Commins, since last fall, died quite suddenly on Friday night last and was buried on Monday. She was the sister of the late Mrs. Thos. Bohan, and Simon and Walter Commins, all of whom are dead. She was 83 years old and leaves one daughter and three sons. Her brother, John Commins of St. Stephen, the only surviving member of the family, was at the funeral, which was large and represented all classes and communities.

Mrs. Mary Ryan of Fredericton, and Walter Commins of St. Stephen, are in town, having come to attend the funeral of Mrs. Johannah Ryan.

Bohan & Co. are improving the time and opportunity by building a dwelling over their large store. They also have intentions of, putting in a furnace. These facts indicate prosperity at least, and the possibility of a new firm of a domestic character, a branch of the old firm of Bohan & Co. going into business on the upper flat. Perhaps we are mistaken

John McCready, who has had a very troublesome time in getting his house moved to its present position above his blacksmith shop, has at last accomplished his task and is making a very comfortable home for himself and will be handy to his work.

[NOTE—Hereafter ADVERTISER readers may look for news from Bath pretty regularly.]

HARTLAND, N. B., JUNE 10, 1899

NEW ANNEXATION SCHEME.

A correspondent of the Montreal Witness puts forth a scheme for the annexation of Jamaica and British Honduras to Nova Scotia, in like manner as Cape Breton is. That the white people of Nova Scotia may not be over run by the blacks of the Southern isles the writer suggests the annexation of New Brunswick and P. E. Island also to Nova Scotia, thus increasing largely the per centage of white people in the big and extensive province, of which Halifax is to be the capital. This idea is given as a means to bring about free trade between Canada and the British West Indies. It is nothing if not round about.

\* \* \*

It's awful the way they quarrel at Ottawa. Not long ago Sir Chas. Tupper said to Laurier "I will be patriotic if you will withdraw the redistribution of seats but if you don't withdraw the bill, then patriotism be——!"

\* \* \*

A tradesman of the village called at the ADVERTISER office on Saturday to leave a message for Weary Walker to draw on him for \$5. and to make his house his headquarters on the occasion of his next visit to town.

Building at Florenceville.

The enterprising townsmen, D. McGaffigan, has made a large addition to the side of his store and greatly improved the front; has placed a pretty portico before the front door of his house; and has removed a large part of the foundation of the Burpee house from a lot he a short time ago purchased.

S. D. Ross has made a much better approach to his blacks mith shop.

T. McCain has made his house look attractive and bright by recently applying paint.

Dr. Ross and James McCain have each got a good start on the cellar of a new house.

The new creamery is making things hum in the dairy line, to an encouraging extent.

Tobique Pulp Mill.

There is every prospect that the N. B. Paper & Pulp Mills company will build their mill at Tobique Narrows this season. It is expected the dam and mills will be erected this summer and the machinery put in next winter.

Hay and straw has taken a sharp advance in the Boston market. Hay sells at wholesale at from \$12 to \$18 per ton. It is hoped this may have a tendency to send the price of hay a-soaring in our local markets.

Hugh Gillin was riding his wheel down street in the pitch darkness of Monday night when the storm was in progress, when he came into collision with S. Hayden Shaw who was driving in the opposite direction. Hugh got a severe cut over the eye, and it was necessary to have two or three stitches put in. The wheel was very badly broken.

Mrs. David Young of West Glassville, died very suddenly after an illness of measles.

Rev. G. W. Foster preached to a large and appreciative audience in the Free Baptist church last Sunday evening.

It is said one of Hartland's popular store clerks will wed a young lady from one of the suburban districts before the June roses cease to blush.

Guy R. Balloch, Centreville has applied at the law library, Fredericton, for admission as a law student.

Attention is directed to the change of date to which tenders for the construction of the new school house will be received.

There is renewed excitement over the Stanley gold discovery. Recent pannings have showed a value of \$50 per ton of dirt panned.

Three years ago a man from the country went into Kentville and got into a fight, in course of which one of the frolicsome chaps he encountered kicked one of his eyes out. On the Queen's Birthday the one-eyed man visited Kentville again, got into a fight again and had the other eye kicked out.—Annapolis Spectator.

The Trouble Began in the Swelling of The Big Toe Which Spread to All Parts Of the Body—Doctors Could Not Account for the Trouble, and Their Treatment Did Her No Good.

From the New Glasgow Enterprise.

Loch Broom is a picturesque farming hamlet situated about three miles from the town of Pictou, N. S. In this hamlet, in a cosy farmhouse live Mr. and Mrs. Hector McKinnon. A few years ago Mrs. McKinnon was taken with a disease that puzzled several doctors who attended her. It was generally known that Mrs. McKinnon owed her ultimate recovery to good health to the use of Dr. Williams' Pink Pills for Pale People, and a reporter of the Enterprise being in the neighborhood called upon the lady and asked her if she had any objections to relating the particulars of her illness and cure.

"Indeed I have not," replied Mrs. McKinnon, "I think that those who are cured owe it to the medicine that brings them back to health, always to say a good word for it. My trouble had apparently an insignificant starting point. It came on with a swelling in the big toe, accompanied by intense pain. Gradually the swelling extended to my limbs and then to my whole body, accompanied by pain which made my life a burden. A doctor was called in but he did not help me. Then another and another until I had four different medical men to see me, one of them the most skillful physicians in the province. Yet my case seemed to puzzle every one of them, and none of them gave me more than the merest temporary relief. One doctor said the trouble was inflammation of the bone. Another said it was aggravated sciatica and gout. The other two called it by other names, but whatever it was none of them helped me. By this time I had got so low and weak that I could not lift hand or foot if it would save my life, and no one expected to see me get better. In fact the doctor said if I sank any lower I could not live. And yet here I am today as well as ever I was in my life. While I was at the lowest a minister called to see me and asked why I did not try Dr. Williams' Pink Pills. I had tried so many remedies and had spent so many dollars in medicine that I hardly thought it worth while to experiment any more. However, I was persuaded to try them and after using a few boxes there was some improvement. By the time I had used a dozen boxes I had left my bed and was able to move around, and after a few more boxes I was again perfectly well, and able to do all the work that falls to the lot of a farmer's wife. All this I owe to Dr. Williams' Pink Pills and I think that after what they have done for me I am justified in recommending them to others."

Dr. Williams' Pink Pills give new life and richness to the blood and rebuild shattered nerves, thus driving out disease due to either of these two causes, and this means that they effect a cure in a large percentage of the

troubles which afflict mankind. Some unscrupulous dealers impose on the public imitations of this great medicine. The genuine Dr. Williams' Pink Pills are never sold in bulk or by the hundred or ounce, or in any form except in the company's boxes, the wrapper around which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." No matter what the color of any pill offered in any other shape, it is bogus. These pills cure when other medicines fail.

#### A Popular Tea.

Over one hundred Grocers in St. John and Fairville sell "RED ROSE TEA" which is blended and packed by T. H. Estabrooks the well known St. John Importer and blender. This speaks well for the popularity of RED ROSE, but it is not confined to St. John. The sales through the Provinces are very large and steadily growing.

Mr Estabrooks devotes his whole attention to the Tea trade and has three travellers on the road.

The most popular of all Mr Estabrooks Teas is RED ROSE, a blend of China, Indian, and Ceylon Teas, the result of most careful experiments. It leads all other medium priced Teas in value. Its strength and flavour are unequalled by any other Tea at the same price. It sells at 35c. per lb. in bulk or in one and one half pound lead packets. Are you drinking "RED ROSE"?

#### New Grocery Store.

D. D. Porter & Son, lately connected with the firm of Richardson, Porter & Co., have rented one of the stores in G. W. Boyer's new building and have put in a varied stock of all kinds of groceries. They have bought carefully from best wholesalers and their stock is all new and fresh. The public have only to call and see for themselves that it will be to their advantage to trade with the new firm, as the quality of the goods is away up and the prices are away down.

#### Her Turn.

Guests were expected to dinner at little Flossie's home the other evening and she was in consequence hustled off to bed and milk and bread an hour earlier than usual.

"Here you grown up folks," she sighed as she was laid away, "are going to sit up in your best clothes all evening and eat all those nice things, while I've got to go up stairs with nothing to eat but old bread and milk and go to bed early. Never mind," after a reflective pause, "after a while I'll grow up, and then I'll have all the nice things, and you'll be dead."—Kansas City Star.

#### On The Railway

The Railway News says:

One of the conductors on Northern Division of the C. P. R. is planning a fishing trip on the head waters of the Tobique River this season. He will have in company his fly, rod, rifle and a peck of lemons.

Bert Dow baggage master on the St. Stephen and Presque Isle Express says he would be satisfied with a good straw hat and call the bet of with Tiuker.

Advice on Starch Making

Cows Die at Centreville—An absconder

Mr. Editor: Our anticipated newspaper enterprise we fear will not materialize, not because we cannot find plenty who are willing to take stock, as we have plenty of money men, one of whom could purchase plant, procure an office, employ hands to take charge, and then have a surplus left. But the insurmountable trouble is the fact that such a person as an independant editor cannot be found; salary is the second consideration. But we are met on all sides with arguments that go to show a want of independence in those whose literary qualifications would fit them for the office. In some, they would suppress everything from the "Centreville Home" that would weaken the grits, while the reverse would be kept out that would injure the Tories. And even one man was found who said when dismissals from office were made by any government, they would call it appointments if it would injure one party and strengthen the other towards which they gave a preference. A sharp shrewd fellow was found, highly educated, who said the word independence was not in his dictionary, and if he was employed as editor he would advocate party in all the departments from the Ottawa representatives down to the municipal councillor. Qualification with him was the second consideration. Party was his watchword, even if his leaders proposed to appoint all the revisors he would support them. We fear with these obstacles in the way the enterprise may come to grief.

Last Saturday night a traveller asked and got permission to lay up for the night with a neighbor. At breakfast time a call was made for him to arise, and when his room door was opened, this man had taken an early start for Uncle Sam's country, and with him went nearly fifty dollars in gold of his benefactors money.

Our friends at Hartland advocate making starch as a paying speculation. We come in with advice, as on former occasions. It cannot be shipped to a British market, and made to pay to send to Uncle Sam; the duty will take all the profit from the manufacturer. Go on with the work as soon as we get the free trade so long promised by the Liberal government.

It is nothing unusual to hear of our farmers sowing over 100 bushels of oats, and one sowed 375 bushels — a true story.

R. W. Balloch lost a fine Jersey cow on Sunday last. Was well in the afternoon, was dead a few hours later. Widow Pryor lost three cows, just got sick and died without form or ceremony. We find no fault as we have plenty left and money to boot. If any is wanted on mortgage call on

Waterville News

Breezy Notes from A Prosperous Farming Section.

Perhaps your readers would not object to a few more warbling from Waterville.

The latter part of the 19th century is not disturbed by anything unusual in this vicinity. The farmers are industriously attending to their spring work, and during the very favourable weather have put in most of their crops with the exception of the future panache.

Wm. Culbertson is erecting a large barn. About sixty men assisted in the raising of it a week ago.

As usual the cheese factory has been put in operation. The amount of milk sent is as yet small, but as the season advances will increase.

The sawmill has been running until recently. The owner J. B. Getchell has been sick about two months, but is slowly recovering.

The well known horse "Administrator," formerly owned by E. M. Shaw, died of lockjaw recently. His present owner was H. M. DeWitt.

Arbor day was observed by the school, a number of trees planted and the grounds cleaned.

Ernest Plummer lat-ly imported a thoroughbred Holstein bull, very large for its age, which is only eight months.

G. S. Wiggins, manager of the grist mill has purchased the farm owned by Rev. T. S. Vanwart. The early spring work has been slack in the grist mill but of late grain has come in, in abundance.

Mr Bloodworth one of our aged and much esteemed residents has been in poor health for some time and of late quite low.

Rev Wm DeWare was in the village last week.

The farmers of this and other sections are taking a more scientific interest in thier pursuit; are waking up to the fact that scientific farming pays; are providing themselves with the best fertilizers, and seed from the experimental farms, which all speaks well for the banner agricultural county of New Brunswick.

Several students from this and adjoining sections are preparing to contest the Normal school entrance examination in July. Thus we see in the words of Tennyson "Through the ages one increasing purpose runs, And the thoughts of men are widened With the process of the sun."

OLD HEMLOCK

Big Game On Tobique

Mr. Adam Moore, the well known guide, hunter and trapper of Scotch Lake is at present visiting the hunting regions of the Tobique fixing up the camps and looking over the ground preparatory to the summer and fall sport. He writes to a friend here that one evening recently while standing in the doorway of his camp on Nepisiquit Lake he saw eight moose in a herd and at the same time one deer was in sight. The day before that while at another camp in the same region he saw four moose and two caribou at one time. This would seem to indicate that there will be an abundance of big game on the Tobique next fall.—Fred'ton Gleaner.

There was to have been a civil case on in Squire Orser's court on Tuesday, but for some reason it was postponed. The trouble was between C. Humphrey Taylor, plaintiff and Charles Lloyd, defendant. J. R. Murphy was council for the former, while D. B. Gallagher of Woodstock, was on hand to look after the interests of Mr. Loyd.

**Narrow Escape.**

Dolph Raymond, who left for Montana two weeks ago, writes as follows to the ADVERTISER: "We arrived here this afternoon; was due yesterday but had a smashup three miles out from Mandan, N. D. The diner, sleeper and day coach left the track and went down 30 feet into the river. Two men were killed and eight were wounded. I had just come out of the day coach into the smoker which did not go off."

**"Our Home."**

"Our Home; or the Emanating Influence of the Hearthstone" is a new book by Charles E Sargent, M. A., with the co-operation of several other eminent scholars. The whole work is edited by Prof. Charles G. D. Roberts, formerly of Fredericton, and one of Canada's foremost litterateurs. The book is well deserving a place in every home. The essay on "Personal Responsibility" is quite Emersonian. This chapter opens with the assertion that "Responsibility is the muse of power."

F. A. Small, a student at Mount Allison University, is taking orders for this book in Carleton County and as it is edited by our own Prof. Roberts it should have a large sale.

McFangle—Why—I—when did he—is he dead?

McFingle—Well, no, but he's married.

Brown—you only fifty? That's a good one!

White—My daughter says she is only 26 and she was born two years after I was married, and I was married at 22. Figure it out for yourself.

He—Be mine darling! You are the lamp that alone can light my existence.

She—Yes dear; but papa doesn't think you are a good match for me.
