WAR SPIRIT
STRONG IN JAPAN

Ultimatum Will Follow An Unsatisfactory Reply.

Report That Britain and France Would Interfere Denied by Japan Ambassador.

TOKYO, Feb. 2.—The Russian note is still undelivered and the government and the people of Japan do not possess any definite advice concerning the time of its arrival or its contents. Russia's delay, coupled with the announcement of continued movement of reinforcements into Manchuria, increase the strain of the tension, while it diminishes the already slight prospects for peace. The government has been urged to dispatch plenipotentiaries to St. Petersburg, threatening to declare war if refused immediate satisfaction in the way of a reply to its previous note, but the government is patient, although it is manifest that if the delay is much more prolonged it will act energetically. Events will move rapidly when the note is finally received, if it is materially unsatisfactory and the prospects for additional negotiations is slight, although probably Japan will dispatch an ultimatum before striking.

The Japanese show a remarkable outward calm and no scenes similar to those in Russia and England before recent wars are witnessed. There are occasional demonstrations and outcroppings of popular feeling but the casual visitor to the larger cities can see but little out of the ordinary in the disposition and behavior of the people. There is, however, a determination of desperate determination running the nation's length and breadth, more imposing in many ways than that of the strident emotion. The people have outstrated the cost and made final preparations for that. They are capable of waging and sustaining war in a manner that will surprise the world.

NEW YORK, Feb. 2.—A special to the Herald from London says: No fewer than four King's messengers have been despatched from this country to St. Petersburg within the last four days, an absolutely unprecedented occurrence. This may be taken as evidence of the influences that are being brought into play to prevent hostilities in the Far East.

NEW YORK, Feb. 2.—A despatch to the Times from Paris says: In the best informed political circles here the conviction is expressed that a peaceful solution of the Russo-Japanese conflict is especially authoritative. It is learned that a diplomatic arrangement has been reached between the French minister of foreign affairs and the British ambassador here by virtue of which it is agreed that both the French and British governments shall bring pressure to bear on Japan to induce her to accept the terms of the new Russian note. The language in which this note is to be couched has been decided upon by the French and British foreign offices, and is recognized to be most conciliatory and courteous.

Should Japan not yield to the French and British representations other European powers will add the weight of their persuasions to the same end and then, if Japan continues recalcitrant, all the responsibility for war and its consequences will rest with her and Europe will wash its hands of the business. The recent corvise between France and Great Britain has chiefly helped in permitting this understanding between the French and British diplomats as to the Russo-Japanese question to be brought about.

LONDON, Feb. 2.—Referring to the published statement that Great Britain and France are bringing pressure to bear on Japan in order to induce her to accept the terms of the new Russian note, the Japanese minister, Baron Hayashi, said today that the British government was not exerting any pressure on Japan and he thought it extremely unlikely that France would attempt any such step.

FREDERICK NEWS

Englishmen to Establish Furniture Factory There—Local Government Meeting Postponed.

FREDERICK, N. B., Feb. 2.—Messrs. C. G. Anderson and W. S. Y. Anderson of England are in the city. These gentlemen are here in relation to the establishment of a large furniture factory in or near the city. Yesterday they had a conversation with His Worship Mayor Palmer in his office at the City Hall in reference to obtaining a wharf privilege below the Ketchikan property at the lower end of town and it is understood that negotiations have been going on with property holders for the purchase of different pieces of land. The Messrs. Anderson have been in correspondence with Mayor Palmer for some time and their visit this time is the outcome.

W. J. Hogg, of the Bank of Montreal staff, Moncton, and formerly of this city, spent Sunday in the city, the guest of C. H. Allen. Mr. Hogg has been transferred to the St. John, Nfld. branch, and leaves on Wednesday to assume his duties.

The regular monthly meeting of the local government, which was to have been held here tomorrow, has been adjourned for two weeks, until after the by-election in St. John.

The trustees of Victoria Hospital held their regular monthly meeting at the office of T. C. Allen this afternoon. Only routine business was transacted.

Philip Pheneey, a well-known resident of Marysville, passed away at that place yesterday, aged 66. Mr. Pheneey for the past two years was a victim of consumption, and leaves three sons and four daughters.

The funeral of David W. White, whose death occurred at Whitehead, Kings Co., yesterday, will take place tomorrow afternoon at 2 o'clock from his late residence.

COTTON MILLS MAY CLOSE.

Unless Cost of Raw Cotton Soon Declines 500 St. John People May Lose Employment.

Unless there is a break in the cotton market within the next few weeks the Cornwall and York mills in this city will be compelled to shut down. This will mean the throwing out of employment of fully five hundred persons, as well as the temporary loss to St. John of its greatest manufacturing industry. Already the effects of the high prices have made themselves felt here but much more serious effects are feared.

Col. George West Jones said to the Star today: "Cotton mills all through the country are going through an experience the like of which has not been felt for thirty years. In New England the mills, those which are still in operation, are now at other work, for four days a week, and in England they are running forty hours instead of fifty-six. In the St. John mills we have been compelled to stop some of the work. A number of employees have been let go, and others have been put on different work. We shut down on the manufacture of several lines of the less profitable cloths and the hands who were working on it are now at other work, on which they may not make so much money. But the mills are still running full and will continue to do so as long as possible."

"We bought a supply of raw cotton in November and December, when the market price was eleven or twelve cents, and we still have enough of this stock on hand to last for a week or two. The cotton market is in the hands of the manipulators, and the general opinion is that the price will go still higher than at present. Should this occur we will, of course, be compelled to buy if we are to continue work."

"Since the manipulators of the cotton market commenced we have had to raise the price of finished goods. This has been done not only once but quite often and the total increase has been fully sixty per cent. of what the price was a year ago. We have withdrawn all quotations and our prices vary almost every week. But we have now about reached the limit and cannot demand very much more for our products. If we are compelled to buy at the present market rates, it will be impossible for us to get sufficient price for the finished goods, and this leads to but one end. It will be necessary to decide whether the mills will continue to run at big loss, or to lose money by closing down. The outlook at present is most serious."

THE KING OPENS PARLIAMENT.

Beginning of an Historic Session
Kings Speech Refers to the Alaska Verdict and the Warlike Conditions in the East.

LONDON, Feb. 2.—King Edward opened parliament today with the ceremony that has been in vogue since his majesty's accession to the throne. Early in the day occurred the time honored search of the vaults of the houses of parliament for conspirators and later came the crowds under a forest of umbrellas, but the ranks were thinned by the inclement weather. In the passage of the royal procession the monarch and his entourage were drawn by eight colored Hanoverians and bearing the king and queen. The procession was accompanied by the regiments of the guard, exorcising their ancient right to be in close attendance on the sovereign and an escort of household cavalry. The Prince and Princess of Wales had a small procession of their own, from Marlborough House.

After entering the house of lords, their majesties were robed and passed the procession to the chamber where the lords had assembled to hear the king's speech. Many persons were present and their feathers, jewels and bright dresses, with the vari-colored robes of the legislators of the upper house, and the brilliant diplomatic uniforms combined to make up an effective scene. On arrival of the members of the house the King Edward delivered the speech from the throne.

Touching on the Alaska decision the sovereign said that on some points the verdict was favorable to the British claims and on others it had been adverse. Much as this last circumstance was to be deplored it must nevertheless be a matter for congratulation that the misunderstandings in which ancient boundary treaties made in ignorance of geographical facts are so fertile have in this case been finally removed from the field of controversy.

The crisis in the Far East is touched upon briefly in the king's speech as follows: "I have watched with concern the course of the negotiations between the governments of Japan and Russia in regard to their respective interests in China and Korea, and a disturbance of the peace in those regions could not but have deleterious consequences. Any assistance which my government can usefully render towards the promotion of a pacific solution will be gladly afforded."

Another point of interest in the king's speech was a reference to cotton as follows: "The insufficiency of the supply of raw material upon which the great cotton industry of this country depends, has inspired me with deep concerns. I trust the efforts made in the various parts of my empire to increase the area of cultivation may be attended with a large measure of success."

COUNTY COURT CHAMBERS.

In the matter of the Royal Bank of Canada vs. Taylor, there was a further adjournment. An order was made for the examination of Edward S. Thurston. Mr. Taylor's clerk, Chapman & Tilly appeared for the bank and W. V. Allen for Mr. Taylor.

MONCTON'S OLDEST MAN DEAD.

Sudden Death of Andrew Anderson, Aged 90—St. John Man Coming Home.

(Special to the Star.)

FIVE CHILDREN BURN TO DEATH

A Frantic Mother Sees Her Family Perish.

Dangerously Burned in Trying to Rescue Them—House Caught Fire While She Slept.

COUNCIL BLUFFS, Iowa, Feb. 2.—Fire in a house this morning burned to death five children of Peter Christiansen, ranging in age from five months to eleven years, and probably fatally burned their mother. Mrs. Christiansen was awakened by smoke and flames, which almost filled the house. She left the baby in bed and rushed to a room where her three daughters and a son were asleep. She found the children's room full of flames and she could not enter. Mrs. Christiansen ran into the street and raised an alarm. Neighbors turned in a fire alarm and tried to enter the house, but the small wooden house burned rapidly, barring entrance. The house and the children were consumed before firemen arrived. Mrs. Christiansen is terribly burned about the face and body. When she went to bed there was a low fire in the kitchen and this was the only fire in the house.

POOR SHOOTING IN N. Y.

Revolver Battle Between 3 Policemen and 2 Hold Up-Men—Nobody Was Hurt.

NEW YORK, Feb. 2.—After a revolver battle with three policemen and two private detectives Ward Delaney, better known as "Monk" Eastman, leader of an east side gang, and a companion, Christopher Wallace, were arraigned in court today, having been apprehended last night, it is said, in an attempt to hold up in West 42nd street, a wealthy man whom the detectives were shadowing, but to whose assistance they came before he was attacked. Revolvers were used and the police attracted by the shots, joined in the fray. After the men had emptied their pistols, Eastman and his companion were captured. DR. MORISON'S CALL.
Former Pastors of St. David's Church Have Filled Prominent Pulpits.

Rev. Dr. Morison of St. David's church said last night that he received an official notice yesterday that a unanimous call had been extended to him on Wednesday evening, January 27th, to assume the pastorate of the first Presbyterian church, Chicago. When asked if he would accept the call, he said that he had nothing to say for publication about that just now. He informed his elders of having received the call.

The church, one of the most influential in Chicago, it was the first church of any Protestant denomination established in Chicago, and its history dates from 1832. It was founded in the carpenter shop of Fort Dearborn. The statement which appeared in one of the St. John papers that the salary was \$5,000 was not correct, he said. He would not say what the real salary was.

The second last pastor of the church was Dr. Burrows, organizer and president of the parliament of millions at the World's Fair in 1893. The last pastor was Dr. Chichester, who was a prominent figure in the general assembly of the American Presbyterian church (north).

It may be noted that more than one pastor of St. David's church has been called to large churches in the United States. In 1883 Rev. John Thompson, D. D., the first pastor of St. David's, was called to Grand street church, New York. In 1889 Rev. Mr. Ferris was called to Monticello, N. Y., where he labored for 23 years. The fourth pastor, Rev. David Waters, D. D., was called to Newark, N. J. And now the sixth pastor, Rev. Dr. Morison, is called to the first Presbyterian church in Chicago.

MONCTON NEWS.
MONCTON, Feb. 1.—The weather record kept by James McNeill shows eighteen days in January from zero to 30 below.

Judge Gaudet, while on his way to his home in Memramou from Moncton on Sunday night, got lost and stuck in the snow and remained out all night. Face, ears and both hands were badly frozen. It is thought he may lose both hands, and possibly his life.

Engine Driver Owen Bigelow, formerly of the I. C. R., now employed on an Illinois road, was badly injured in a collision with a switch engine at Dalton, N. B., on Sunday night. After reversing the engine and setting the brakes, he jumped, but struck on a rail and was rendered unconscious. Bigelow was an engineer of a passenger train, but no one else was seriously hurt.

Rev. Thomas Pierce has received an unanimous call from the Shediac Methodist quarterly board to return there for the third year, at which time he will be installed. He has been accepted, subject to the decision of the stationing committee.

ST. STEPHEN'S CHURCH GUILD.
A large number attended the Scotch night at St. Stephen's church last evening, which was a decided success. The room was tastefully decorated with plaid draperies, Scotch jewelry and a handsome Scotch Thistle. The ushers were four members of the Scotch Boys' Brigade dressed in full uniform, viz., Arthur Rankine, Colin and Douglas Leavitt and Roy Davidson. The following excellent programme was carried out:

Bag-pipes selection, Mr. Crutchebank; reading, J. Hastie; vocal solo, Jessie Dwyer; Miss Helen Thomson; paper, Mr. Hastie; piano solo "Scottish Airs," Mrs. Hastie; vocal solo, Miss Rankine; Range, Mrs. Worden; vocal solo, Miss Thro' the Rye, Mrs. Worden. Mr. Hastie's well prepared paper made more interesting by his having lived near the castle where Sir Walter Scott spent some years of his childhood. The musical selections were delightfully rendered and thoroughly enjoyed.

BRITISH PARLIAMENT.
LONDON, Feb. 1.—The customary dinner to their supporters were given by the parliament leaders in London tonight. The Marchioness of Lansdowne, wife of the foreign secretary, also gave a brilliant reception at Lansdowne House, where Joseph Chamberlain was prominent among the friends and supporters of her husband.

Premier Balfour, being confined to his bed with influenza, was unable to preside at his own dinner to the members and his supporters, and it is feared that he will be unable to attend the opening of parliament tomorrow. In that event parliamentary etiquette requires the chancellor of the exchequer, Austen Chamberlain, to take the premier's place in state functions.

AT SACKVILLE.
SACKVILLE, N. B., Feb. 1.—Annexed Dixon, a well known and much respected citizen of Sackville, who for thirty years has conducted a drug business at Crane's Corner, is seriously ill. Sunday afternoon while putting wood in the furnace he was seized with a severe hemorrhage of the bowels and has since been in a very critical condition, there being but a slender hope of his recovery. Much sympathy is felt for his family, particularly for Mrs. Dixon, who has been a semi-invalid since last summer.

Harvey Copp of H. Copp & Co., has been confined to the house for a few days. About this time last year Mr. Copp had a very severe illness.

Chronic Constipation surely cured or money back. LAXA-CASA-TABLETS never fail. Small chocolate coated, easy to take. Price 50 cents. All.

NATURAL HISTORY SOCIETY.
At the regular monthly meeting of the Natural History Society of New Brunswick on Archæology, by E. W. Kain; Additional Natural Curiosities said to Occur in New Brunswick, presented from Professor W. F. Ganong. A meeting of council will be held at 7:30 p. m.

EX-MAYOR DANIEL IS THE CANDIDATE.

Unanimously Nominated by an Enthusiastic Convention Last Night

The Liberal Conservative convention was held in the York Theatre last evening and Dr. John W. Daniel, ex-mayor of this city, was chosen as the candidate for the coming election. The nomination was unanimous, and most enthusiastic, and the meeting throughout was full of life.

The delegates from the different wards met downstairs, where in a brief address W. H. Thorpe proposed the name of Dr. Daniel. A. W. Macdonald moved his nomination, Dr. Daniel was seconded and the motion was carried.

On returning to the main hall the chairman, J. D. Hazen, announced the choice of the candidate, his announcement being received with loud and continued applause. Mr. Hazen said that the delegates had felt it their duty to select a man with a clean record, a man who was favorably known to all, and who had an intimate knowledge of the needs of St. John. Such a man was Dr. Daniel, whose experience as mayor and member of the common council qualified him to press the claims and look after the interests of this place. Elections were won by work and enthusiasm, and all Conservatives should see that nothing was left undone to place Dr. Daniel at the head of the poll on February 18th.

In 1900 there was a great deal said about the influence Mr. Blair as minister of railways and canals, would have in the city of St. John. That was very true, but Mr. Blair was no longer a member of the government. He had resigned, because as he told the house and again in the House of Commons, he could not sit there and endorse the action of his party in the G. T. P. railway scheme, a scheme which would do injury to the city of St. John, the province of New Brunswick and Canada as a whole.

Mr. Blair had always been an enemy to St. John, and had done all it could to build up the city of Portland. bringing one pound of freight to St. John. John Killen, president of the Ship Lark, a schooner, spoke yesterday. He told how the union had been supported by the Conservatives and opposed by the Liberals, and as turn about was fair play, the union should now vote for Dr. Daniel. Mr. Blair, who had some sense, was asked, and it would have been a \$10,000 gag in his mouth. He appealed to every laboring man to support Dr. Daniel.

George V. McInerney outlined the G. T. P. bill, showing clearly how by the proposed route the new road would haul all its freight to Portland.

Dr. Daniel showed how Hon. Wm. Mulock had introduced a bill which would prevent members of parliament from accepting offices within the gift of the government, until a year after the end of their term. What had Mr. Mulock to say now about Mr. Blair's acceptance of the most highly paid office in the gift of the government? Dr. Daniel paid a high tribute to Dr. Daniel, and beseeched for him good work on the part of all.

William Stanley was called upon to speak, but declined, promising to do so later.

J. B. Baxter spoke briefly on the Chamberlain scheme, and the effect it would have in promoting unity with the mother country. He moved the following resolution:

Resolved, that this meeting of liberal conservatives heartily endorses the programme of improvement and development by the Right Honourable Joseph Chamberlain and which has for its basis those principles of devotion to loyalty to the British crown and maintenance of British supremacy which have always been upheld by liberal conservatives in the dominion of Canada and constitute the watchwords of our party.

Nicolas Macdonald, in seconding the resolution, said that he felt proud to think that he had been one of the nominees of the Liberal Conservative party, and that the Grand Trunk Pacific scheme had not been carried. At present it was dead, and it would have to be re-revived. Many members of the government had really agreed with Mr. Blair, but had been whipped into line and forced to vote for a scheme which they knew would be ruinous to the country.

The resolution was carried unanimously. Mr. Blair expressed his pleasure at being put in the position of a party on their choice. He believed in showing what side you were on, whether the chances were good or bad. He urged the conservatives to leave nothing undone in their efforts to come victorious on Feb. 18th. Chamberlain. The meeting broke up with cheers for the King, Dr. Daniel and R. L. Borden.

Dr. J. W. Daniel, a native of St. Stephen, and a son of the late Rev. Henry Daniel, one of the best known and most highly esteemed ministers of the Methodist church, Rev. Mr. Daniel was recalled for special work in England, and there John W. Daniel served his early school training. Returning to this province he took up the study of medicine which he continued in New York city, graduating at Bellevue Hospital Medical College. The civil war was then in progress and Dr. Daniel entered the army service and was on hospital duty in New Orleans, Fort Gaines, and Mobile. Later he had charge of a hospital for officers and was connected with an Illinois regiment. After the close of the war Dr. Daniel went to England and became attached to the London hospital, served under distinguished surgeons, graduating from the Royal College of Surgeons. After a short period of practice in Nova Scotia Dr. Daniel came to St. John, where he soon acquired a large practice, which he has since maintained.

It is not necessary to say that Dr. Daniel holds high rank in his profession, and that he enjoys in a high degree the confidence of the public and of his professional brethren. He has held the highest offices in the gift of the medical society, has had long service as a member of the board of health and the hospital board. As a surgeon in the militia service he has been a lieutenant colonel. Dr. Daniel is past president of St. George's Society, the representative of St. John ought to be well acquainted with civic affairs, and especially with harbor matters. It is important to note that Dr. Daniel has served a good apprenticeship in that field. In 1894, the first year in which candidates for the city council ran for the whole city, Dr. Daniel was a candidate for the position of alderman of Queens. When the votes were counted he was almost at the head of the list of the fifteen elected aldermen of the city. In 1898 he was re-elected. He was re-elected in 1898 by a good majority over a strong candidate, and in 1899 and 1900 by acclamation. In 1898 he was an unsuccessful candidate for the mayoralty, but when he ran again in 1900 he had a majority of more than six hundred over his nearest competitor. In 1901 Dr. Daniel was re-elected mayor at the time of the return of the members of the South African contingent and that he appeared himself neither time nor trouble in connection with the arrangements for their reception and entertainment. The boys who enlisted in this service had no better friend in St. John than Mayor Daniel. All St. John doctors are friends of the poor, but this is particularly true of Dr. Daniel, who has a very large free practice, and never fails to respond to a call for help and service.

HOCKEY.
MARYSVILLE, 4; MOHAWKS, 2.
FREDERICTON, N. B., Feb. 1.—The Crescents of Marysville defeated the Mohawks tonight in the liveliest and most fiercely contested hockey game seen in this town. The Crescents scored four and the Mohawks two.

Each team scored once in the first half and at the end of the second half the teams were tied with two each. An extra five minutes' play was made necessary during which Marysville shot two goals.

Nicolas, Mooney and Inches did great work for the Mohawks and Inch and Robinson played a star game for the home team.

Neither team got much chance for good combination work, the forward line being interested most of the time. Sandy Staples, of the Trojans, refereed in an efficient manner. Eight hundred spectators witnessed the game and yelled themselves hoarse over the result.

Tonight's game puts the Crescents in second place in the provincial league, they having won three games and lost two.
