### CLERGYMAN TO HANG WITH HIS TWO SONS.

They and an Accomplice Sentenced to Death.

They Plotted to Murder Another Minister and His Family and Succeeded in Killing Two Children.

VALDOR, Ga., July 31.—Rev. J. C. Rawlins, early yesterday was found guilty as accessory to the murder of two children of Rev. and Mrs. W. L. Carter, and unless a higher court intervenes, Rev. Rawlins and his sons, Milton and Jesse and Alf. Moore, a negro, will have to hang. The Rawlins sons and Moore were found guilty of the murder some time ago.  
Both Rawlins and Carter were for years ministers in the Methodist Church. A feud started and Rawlins plotted to wipe out the Carter family. It was arranged that Moore and Milton, Jesse and Leonard Rawlins were to go to the Carter home and kill the parents while they sat at their supper table. When the children ran out they were to be shot down. The assassins, however, arrived after the evening meal and could not shoot through the windows at their victims. Some noise caused Willie and Fannie Belle Carter to run into the yard. Instantly the guns of the murderers spoke and the girl fell dead. The boy, shot through the body, dragged himself into the house and told who had done the thing.  
All night long Rev. and Mrs. Carter crouched in their homes. Through the cracks in the log house, the Carters could see the assassins creeping about the yard, but whether their daughter was dead or not they could not learn. Finally Rev. Mr. Carter reached his rifle and fired through a crack in the door. The shot caused the murderers to flee. Moore confessed the plot.

### GUARDING NEW YORK FROM YELLOW JACK.

NEW YORK, July 31.—The steamer Proteus, direct from fever-stricken New Orleans, was declared at quarantine station today to be absolutely free from symptoms of yellow fever. This excellent condition is largely due to the care taken by the officers of the boat at New Orleans where no members of the crew were allowed to go ashore, four cabin passengers were refused passage today to be absolutely free from symptoms of yellow fever. As an extreme precaution the Proteus was held at quarantine for three days today, when five days out of the port of New Orleans, the limit time for yellow fever cases to develop, elapsed.

### GERMANY BEATING ENGLAND.

BERLIN, July 29.—German locomotive works have received orders for at least \$5,000,000. The locomotives must be delivered before the end of the year. The trade journals at the success of the German tenders, which in each case were in competition with tenders from British firms.  
The Prussian state railways are experimenting with German built locomotives designed to maintain a speed of seventy-five miles an hour for long distances.

### SAD DEATH IN SUNBURY.

FREDERICTON, July 29.—A ten-year-old girl named Vivian Elsie Clark, daughter of Albert Clark, of Maquisit Lake, met a tragic death at Lakeville Corner, Sunbury, yesterday afternoon. She was playing with some other children at the residence of James Topley and had the misfortune to fall down a flight of stairs. Soon after the fall she complained of violent pains in the head. Everything possible was done for her but she continued to grow worse and died at 4 o'clock from internal injuries.

### INVESTIGATION BEING HELD

Into the Cause of the Collision in the Depot on Friday Noon Last -- Evidence Under Oath.

G. M. Jarvis, superintendent of the Halifax-St. John division of the I. C. R., arrived in the city this morning and is holding an investigation into the collision that occurred in the depot on Friday morning while the Point du Chene express was being made up and which resulted in injuries to fully a score of passengers.  
Supt. Jarvis held the enquiry in the office of Terminal Superintendent L. R. Ross, and all evidence was taken under oath. The witnesses examined consisted of the train crew, the men on the shunter and the yard men.  
Under the law it is necessary that such an investigation be held when any injury, no matter how slight, has been done to passengers.  
The evidence is sent to the railway commission who act on the matter.

### REV. MR. HARTLEY TESTIFIES.

He Described the Assault But Failed to Identify Man Arrested as One of His Assaulters.

(Special to the Star.)  
FREDERICTON, N. B., July 31.—The preliminary examination of Harry McHartley, charged with assaulting Rev. Mr. Hartley, was begun before police magistrate Marsh this morning.  
Rev. Mr. Hartley was on the stand up to dinner time. He described the assault as already published. He could not identify any of the men, any more than that one of them was the size of the prisoner and wore dark trousers. He wore a hat and was struck two but could not say how many kicked him when he was down.  
Dr. Vanwart, the attending physician will follow Mr. Hartley in the witness stand and give testimony as to the injuries received.

### STRIKE THREATENED ON THE I. C. R.

Some thirty men employed by the I. C. R. on road work near Quispamsis are talking of going out on strike tomorrow. Many of these men were for a time employed on the Fredericton Railway in the yard in St. John doing lasting and other work, and state that they then received the regular rate of one dollar and a half a day. They were engaged under Foreman Gallagher at Quispamsis on Tuesday last, expecting to be paid the regular rate of one dollar and a half a day. They were notified that they would receive one dollar and thirty cents per day. They held a conference, and the majority stated that they would not resume work on Tuesday unless the former rate was granted to them.  
Mr. Ross, the superintendent of terminals here, said this morning that he knew nothing of the matter, and that it was entirely out of his jurisdiction. In the St. John yard \$1.50 a day is paid for this work, but outside the rate is only \$1.30. The men were told that it was entirely in the hands of the track master of the road.

### DUTCH QUELL REBELLION; 250 REVOLTERS CAPTURED.

AMSTERDAM, July 31.—The Dutch expedition against the rebellious native state of Boni, in the island of Celebes, one of the Sunda Islands in the East Indies, inflicted severe punishment on the natives, 250 of whom were killed. The fortifications of Badjoe, one of the chief towns were razed by the guns of the warships.

### 400 MILES OF NEW TRAMWAY TO HANDLE LONDON'S TRAFFIC.

LONDON, July 29.—The Royal Commission on London street traffic has presented its report to parliament at last. The principal recommendations are:  
Better locomotion as a corollary of improved housing.  
Four hundred miles of new tramways, linking up all of the systems in the Metropolis with free passages over the Thames' bridges and along the embankment.  
The appointment of a traffic board to consider the various projects proposed.  
Tube railways and other ground lines must be encouraged.

### INTERNATIONAL CRICKET.

PHILADELPHIA, July 31.—The international cricket match between the Marylebone eleven of England and the Gentlemen of Philadelphia was resumed today on the grounds of the Marion Cricket Club. At half past 2 P. M. Stark, the not out of Saturday, and W. B. Morice opened the batting for the locals. When play began today Philadelphia led by 207 runs. Rain during the night followed by warm sun today improved the wicket.

A public temperance meeting will be held in the Church of England Institute, Orange Hall, German street this evening, at 8 o'clock. Speeches will be delivered by the Most Worthy Patriarch of the National Division Sons of Temperance, of North America, W. B. Borgey, of St. Catharines, Ont., and W. Wigham, of London, representing the Order in England. All interested in the temperance movement specially invited.

### NED EMBREE TALKS OF LOCAL PLAYERS.

Crack Moncton Player in Town Today.

The Wakefield team to visit the Province in a few weeks—Tommy Howe is doing great work.

Ned Embree, of Moncton, who has been playing splendid ball for Wakefield, arrived in the city today on the Boston express and continued on his way to Moncton, where he will play with one of the Moncton teams in the local league for the next two weeks. Mr. Embree was accompanied by his wife.  
Ned says his team has been playing great ball, and that Tommy Howe is playing the game of his life. He is batting at .365 and fielding better than ever. The Wakefield team will visit the province in a few weeks, games having already been arranged at Fredericton and Moncton. They may play in St. John, but Embree says the town has been so dead from a baseball standpoint of late that he is doubtful if it would be a paying venture. The other day the Wakefield aggregation defeated the Lowell team of the New England League 8 to 2, and should have shut them out, but for an error of judgement on a drive in the last inning. The team play in Portland on Aug. 12th, in Waterville the 14th and 15th, and in Port Fairfield the 16th and 17th.  
Ned says that he had a letter from Dick Tibbitts the other day and that Dick and Jett, of Houlton, are now playing the outlaw league, having gotten into trouble at Coatesville, where they jumped a fine. In Boston the other day Embree saw Fred Mitchell, or Yapp as he is known here. The big fellow is doing good work. Terry McGovern is still laid up in Boston, suffering from the effects of a severe illness, a case of fever. Harry Jope is doing his usual splendid work, catching every day and hitting the ball hard.  
"The star of the old bunch, however," said Ned, "is 'Tib' O'Neill. The way he is swatting the leather makes you wish you were in the league. He has the speed and is delivering the goods."

### ST. JOHN JAIL BIRDS FIGHT; ONE WAS FATALLY INJURED.

There was a big fight among the jail-birds recently and as a result one was nearly killed, while two companions were more or less injured. The terrible occurrence has so far been kept quiet.  
The three, one in brown, and the other two in blue, had been sunning themselves in the yard, and about ten o'clock, or just in the middle of the police court session a tremendous row was heard. Officers and reporters rushed to the windows and below them they saw the one in brown fighting for his life, while his two companions bit and tore at him.  
The whole trouble arose over the possession of a bit of bread—a severe commentary on the parsimony of the council in regard to jail supplies—one of the jail-birds in blue picking a quarrel with the owner of the crust and the other blue-suited one joined his side.  
When the court realized that life or death hung upon the quarrel there was a great hubbub. His worship is said to have given orders that all three fighters should be arrested and placed behind the bars, but owing to the ferocity displayed by the combatants no one made a move for the yard.  
Report says that the chief was next summoned. He ordered his horse, and called in special officers from nearby beats; then placing himself at their head he rode up the alley and into the jail yard, but too late to avert a catastrophe—the poor little brown pigeon lay seriously and perhaps fatally injured, while his two companions in blue soared over the surrounding buildings and disappeared in the direction of the King square.

### YELLOW FEVER ROBS 2000 OF EMPLOYMENT.

New Orleans, La., July 31.—Much distress is beginning to appear among the Italian population growing out of the practical expulsion of the fruit business from Louisiana on account of quarantine. While the six day detention order of the board of health lasts it is expected that all the lines which have been operating fruit steamers into New Orleans will divert their ships to Mobile, as this will have the effect of throwing at least 2,000 laborers, many of them Italians, out of employment. These Italians, who are not in the fever district, are asking that they be given employment by the health authorities in the sanitary and other work now going on in order that they, with their large families, may not come public charges.

### ROJESTVENSKY RECOVERING.

TOKIO, July 31.—Admiral Rojestyevsky's condition has made satisfactory progress since the operation was performed on his forehead. He was able to leave his bed and sit in a chair yesterday. Pains in one foot, however, prevent his walking freely but no cause for uneasiness exists. The admiral has expressed his sincere satisfaction at the treatment accorded him.

### MORE PAY FOR PRINTERS.

The New Rate Schedule Adopted by the Typographical Union Comes Into Force This Week.

The St. John Typographical Union, at a meeting held on May 18, of this year, adopted a new scale of prices to go into force this month. So far the publishing firms have not given their consent to the advance, but a decision must be reached shortly, as the men say their demands must be complied with next Saturday, which is the first pay day under the new schedule.  
A number of the employing printers say the demand is far too high, being an advance of some twenty or twenty-five per cent. Eight hours is to constitute a night's work and nine hours a day's work.  
A number of the employees were seen by the Star this morning and say that no general agreement existed among the publishers. They suggest that a meeting should be called of all the employers and some general arrangement reached.  
One at least of the employing printers intends if the new rate comes in force to displace his poorer men, as they are not worth any more to him than the present rate. A regular schedule, as is suggested, does not give the employer an opportunity to reward his best men by higher wages.  
Chas. Brittain, secretary of the union, said that if there were any dissimials the union would be forced to look into the matter and perhaps take action.  
The newspaper publishers as a rule are not inclined to oppose the rise for such men as are worth it, but do not feel that this includes all in their employ.

### 350 MEN PREVENT PEACE IN CHICAGO.

Great Strike Was to Have Ended Today.

But the Coal Drivers in Spite of Pressure From Other Unions Have Refused to Surrender.  
CHICAGO, Ill., July 31.—With the capitulation of the striking teamsters nearly complete and the release of Chicago from the oppression of the long labor war practically assured for today, a handful of coal teamsters have wrecked the well developed peace plans.  
The coal drivers, 350 strong, voted unanimously to continue the strike. As a result the employers' association, it is said, may close the doors to thousands of their former employees who were to have been re-engaged today. The strike with police guarded wagons also will continue indefinitely. All manner of protests from other teamsters' locals failed to move the coal drivers in their determination.

### LOSS FROM FLOODS WILL BE \$500,000.

BRIDGEPORT, Conn., July 31.—Estimates today of the property loss due to the flood caused by the bursting of reservoir dams after Saturday's heavy rain indicate that the total will approach half a million dollars. City property alone suffered probably to the extent of \$100,000, and large manufacturing plants and many stores are heavy losers also. Four of the city bridges were damaged and much injury was done to streets.  
The plant of the Union Metallic Cartridge Company, which was damaged to the extent of \$75,000, will remain closed for at least three days, throwing 1,000 into idleness. The American Graphophone Company's plant, employing 1,500 hands, also was crippled, but the officials expected to be able to resume operations some time today. According to the record kept by the Bridgeport Hydraulic the total rainfall in the ten hours preceding midnight Saturday was 3.13 inches.  
Plans for rebuilding the broken dams were made by the Hydraulic Company today.

Beane of Portland is expected to make some startling disclosures in regard to the wool traffic in Maine and Boston.

## IN THE CHURCHES.

**Eminent Strangers Occupy City Pulpits—  
Methodist School of Missions Opens  
This Evening in Centenary.**

Prof. Riddell, principal of the new Alberta College at Edmonton, Alberta, occupied the pulpit in Queen Square Methodist church yesterday morning. Prof. Riddell devoted some time to a talk on western Canada, its needs and possibilities.

Dr. A. O. Macrae, principal of West-ern Canada College, preached at both services in St. Stephen's Presbyterian church yesterday. In the evening he referred particularly to the needs of the west. Money spent on home missions was well invested. Such expenses give a good return when spent for patriotic motives alone. The Canadian west is a far more law-abiding country than the American west, and nothing will so much help to keep it so as church influence. He spoke of the Presbyterian mission work among the Mormons, a people who have ambition for dominion in western Canada.

Rev. Mr. Kuhring of the Stone church preached an excellent sermon yesterday afternoon to a large congregation in Renfrew chapel.

The forty-seventh anniversary of Zion Methodist church was observed yesterday. In the morning Rev. W. W. Lodge, president of the N. B. and P. E. I. conference, was the preacher, and in the evening the pastor, Rev. Theo. Pierce, occupied the pulpit. Rev. Dr. Wilson, former pastor, gave a short sketch of the history of the church.

The school of missions conducted by the Methodist church will open in Centenary school room at eight o'clock this evening, when a public meeting will be held. John E. Irvine will occupy the chair and will deliver the opening address. He will be followed by Prof. Riddell of Edmonton, whose subject is Prayer and Bible Reading, and by Dr. Henderson, who will speak on The Present Opportunity in China. A short musical programme will also be carried out. A large attendance is anticipated at the school.

A number of prominent Methodists from other parts of Canada occupied pulpits here yesterday. Rev. Dr. Stephenson, of Toronto, preached in the evening in Portland street church. Rev. James Henderson, also of Toronto, assistant secretary of the Missionary Society, spoke in the morning in Exmouth street church and in the evening in Queen Square church. Mr. Henderson is an impressive speaker and his sermons were greatly appreciated.

## THE FAMOUS FUNTERS AND LAUGH GENERATORS

that have been collected from the higher ranks of minstrelsy under the banner of Richards & Fring's famous minstrel array of Senegambian talent have this season outdone all their previous efforts and have secured nearly all the well-known favorites for their production.

Novel and elaborate stage settings and costumes, which have taxed the artists' and designers' skill and ingenuity, have been prepared to delight the eye, and the world of music has been probed to its innermost depths for the effects to charm the ear.

With Clarence Powell, clever Billy Young, Pat Bartlett, Pete Woods, Robert Williams and a score of assistant comedians, the fun department is filled to overflowing. The biggest street parade ever attempted by a like organization is one of the features.

## D. A. R. LINER ASHORE IN DENSE FOG.

BOSTON, July 30.—A dense fog and high sea put the str. Frigate George of the Dominion Atlantic railway, ashore for a short time on a sand bar in the lower bay today. No damage was done the steamer, which brought 100 passengers in a rough passage from Yarmouth, N. S., and landed them two hours late.

The fog interfered considerably with coastwise and excursion steamers, some of the latter remaining in their berths all day, the drizzling rain making excursionists scarce.

## YACHTING.

R. K. Y. CLUB RACES.  
In the yacht races at Millidgeville Saturday the Grace M. won the class A, and the Phantom the non-cruiser's event. But two of the three entries for the former class started, the Grace M. and the Robin Hood, the Privateer withdrawing on account of not being able to secure a crew.

The latter race proved by far the more interesting, or what there was of it as the Glencairn dropped out after twice fouling the Phantom and sailing but three-quarters of the race.

Geo. Holder and Horace King were the judges in the first race, which was over course of the Grand Bay course. In the second race over course D to a buoy off Sand Point on the Kennebecasis, thence to Bear's Head in Grand Bay and back to a buoy off the club house and across the line, this course twice over, making ten miles.

The Glencairn had to allow the Phantom thirteen minutes and forty-five seconds time allowance. When the Glencairn dropped out she had a lead of seven minutes.

## DISASTROUS FLOODS.

BRIDGEPORT, Conn., July 30.—A rainfall of seven inches which swept across Connecticut last night flooded out the city sewers and caused the water to overflow into cellars and houses. At Easton, north of this city, Ward's mill dam was broken down by the flood, and the water poured through the town of Trumbull. The Berkshire dam also gave way, and several farm houses were swept away, though it is thought that only one man, Michael Moran, has been drowned. The shipping in the harbor was also damaged.

At North Bridgeport the water poured over Barnum Ave., and Wm. Kowalski driver of an ice wagon was drowned.

## NEWS OF SPORT.

St. John's Defeated Portland in First of Series—Local Tennis Players Defeated at Port—Amherst Races.

### BASEBALL.

**ST. JOHN'S 5, PORTLAND 3.**  
Two hundred dollar stake games 1-2 the kind of ball the people of this city have been waiting a long time to see. Saturday's game was a fair sample of the play induced by the purse. It was by far the best of the season and of several seasons at that. Every one was satisfied that he had got the worth of his money, and the four hundred spectators will be back next Saturday with four hundred more to see the second of the series. It was undoubtedly good ball. Clean, fast and interesting, it kept enthusiasm bubbling over, and until the last man went out was there any certainty as to the game.

The two teams were after the money in earnest, all the players worked their hardest and the result has found favor with the fans. It was the game that the best imported players may be expected to put up, and there was additional interest for the spectators, as the boys are all local men, and ones in whom there is a local interest. Much baseball will soon be played in this city that will be invincible, and will bring St. John to the forefront of baseballdom. There are fielders, basemen and batteries who would do credit to any city and they show that they mean to play ball.

The St. John's won the game by a score of 5 to 3, but the Portlanders gave them the hardest kind of a run for their money. The North End boys twice tied the score and were only beaten out in the eighth inning. There were double plays, smart individual work, good hitting and fielding, and a grand exhibition of pitching abilities.

For the game to a great extent was a pitcher's battle. McEachern and Treacartin went through a hard time, and hits were made off Treacartin and four off McEachern, the latter had four strikeouts and two bases on balls, while "Tricky" let one man walk and made three fans. Their support was gilded, a total of four errors only being recorded against the pitchers, three for Portland and one for St. John's.

The double umpire system proved entirely satisfactory, and enabled the refereeing to be done far more easily. James McAllister looked after strikes and balls, while Dan Connelly followed the basemen.

**THE MERCANTILE LEAGUE.**  
The usual good sized crowd went up river Saturday to see the Peeries and the W. H. Thorne teams win further laurels at Watters' landing. The playing in the second game, that between the teams representing Emerson & Fisher and W. H. Thorne & Co., was probably the most exciting and in many ways the best of the whole series. Three double plays were made and until the final inning the issue of the game was uncertain. The scores by innings were:

### THE TURF.

#### AMHERST RACES.

AMHERST, N. S., July 29.—The second day's racing at the park today proved most interesting. The starters in the 2.30 trot and pace were Daisy Wilkes, O'Neill, Frederick; Parker L., Springfield Stables; Abbot W., Fenwick, Bathurst; May Parkside, Boutiller, Halifax; Will Be Sure, McNair, Chatham; Parker L. won in three straight heats, but was closely pressed by May Parkside, who was half a neck behind in the first and a length in the other heats.

Time—1:23; 1:20; 1:23 3/4.

The drawing of Phoebe W., who has gone to Maine and is not expected to return to this circuit, left only two to start in the free-for-all, but they made an exciting race, which required five heats. Simasie had the pole, and her companion was Carina of the Springfield Stables. The latter led the way throughout the first heat, but won it only by a head. In the second she kept the lead and finished by a length. The third was a repetition until from the flag to the wire Simasie gradually crept up and came to the wire under Boutiller's whip a half length ahead.

The fourth and fifth were easily captured by Simasie, who made the first quarter of the fourth heat in thirty-three seconds.  
Simasie . . . . . 3 1 1  
Carina . . . . . 1 2 2  
Time—2:17 1/4; 2:18 1/4; 2:20 1/2; 2:20 3/4; 2:25.

### WILL START ON A 2000 MILE MOTOR TOUR.

General Booth of Salvation Army is in Excellent Health.

LONDON, July 30.—General Booth, of the Salvation Army, returned to England today from his trip to Australia. He is in excellent health. General Booth tomorrow will start on a 2,000 mile motor tour.

### TWO SCHOONERS ASHORE AT CAPE COD.

HIGHLAND LIGHT, Mass., July 30.—Two fishing schooners, the Livonia, of Boston, and the Northern Eagle of Gloucester, ran ashore on the back of Cape Cod about the same time early today, but at points 15 miles apart. Thick weather was the cause of the accidents. Both crews reached shore without difficulty, the sea being quite smooth. The Livonia, which had a large crew of about 150 men, and which struck near the Nauset lights, will probably leave her timber on the wreck strewn beach. The Northern Eagle, however, was freed from the clutches of Peaked Hill Bar by the crew of another fisherman, and will probably reach Provincetown Harbor when the weather clears.

### FOUGHT OVER HORSE RACES; ONE GETS LEG BROKEN.

AMHERST, July 30.—An argument respecting the horse races took place in Wells' livery stable this evening between Bartlett Goodwin and the Police. The young men clinched and Goodwin was thrown upon a chair, in which one leg was caught in some man's vesting in the leg being broken in three places.

### ZIONIST CONGRESS REFUSES GREAT BRITAIN'S OFFER.

BASEL, Switzerland, July 30.—By an overwhelming majority the Zionist congress this afternoon decided not to accept the offer of Great Britain of a tract of land in East Africa for the formation of a Zionist colony. A special sitting of the congress was called at 9 o'clock last evening for the discussion of this subject, four orators supporting and four opposing Great Britain's proposition. The debate lasted for over six hours, and President Nordau eventually suspended the sitting at dawn owing to the tumultuous scenes.

### TRANSPORTATION COMMISSIONERS AT CHARLOTTETOWN.

CHARLOTTETOWN, July 30.—The Charlottetown board of trade, with representatives from other provincial boards, met the transportation commission in Charlottetown on Saturday and presented P. E. Island's grievances with regard to high freight rates and other matters of transportation. The Island men stated their case concisely and offered favorable comments from the commissioners, who promised that remedies would be recommended to the government in the commissioner's report.

### COL. MONTIZAMBERT DEAD.

TORONTO, Ont., July 30.—Kingston private message from Ovid, Michigan, announces the death there of Lieut. Col. Chas. E. Montizambert, late D. O. C. of Montreal and Kingston. He was in his sixty-fifth year.

### FRANCHISE FOR RUSSIA.

A Manchouli Suffrage Electoral System Prepared by Government for Electing the Proposed New National Assembly.

ST. PETERSBURG, July 30.—The following are the principal points of an electoral system, approved by the council of ministers for the proposed national assembly. The aim has been to elaborate a scheme eliminating as far as possible class representation. The only classes excluded from the franchise are soldiers, persons under the age of 25 years, foreigners, women, governors and vice-governors of provinces, prefects and police authorities, nomads and persons deprived of civil rights.

For St. Petersburg, Moscow and eighteen larger towns there will be a system of electoral colleges numbering 160 members. For St. Petersburg, Moscow and eighty other towns these members will be elected by electors of the first degree, comprising owners of land and house property exceeding \$200 in value, the electors in the case of St. Petersburg, Moscow and 1,500 other towns to include also the holders of industrial patents and paying specified taxes with no distinction as to religion.

For the provinces a system of colleges will be elected by voters of three categories, namely, land owners, electors of other towns than the before mentioned large towns, and cantonal representatives of peasants. Here also property qualification is required of \$750 and similar tax qualifications.

### 43rd RIFLES WILL GO TO BOSTON.

Governor of Massachusetts Has Smoothed Over All Difficulties.

OTTAWA, July 30.—A deputation of the officers of the 43rd Rifles, which has been in Boston making arrangements for the visit of the regiment to that city next Saturday and Sunday, returned to Ottawa yesterday. They state that the Lieutenant Governor of Massachusetts has done everything in his power to smooth over difficulties which have arisen out of the existence of the state law forbidding foreign regiments to carry arms, and now it is definitely settled that the regiment will make the trip. Saturday is to be spent at Providence, where the British societies of the Eastern States are to celebrate, and on Saturday evening the 43rd will go to Boston. Beyond the church parade on Sunday, on which occasion it is not customary to carry arms, there will be no further parading, as the regiment will be carried across Boston on both occasions by electric railway, and in this way trouble with the state authorities will be avoided. The anti-arms law of the State of Massachusetts was, it appears, passed to prevent the organization of illegally armed bodies. When the London Artillery Company visited Boston last year a special act of the Massachusetts legislature was passed authorizing them to carry arms while in the State, and had there been time a similar enactment would have been passed in regard to the Ottawa Rifles.

### BIG STEAMER ASHORE AT CORBETT'S POINT.

OSHAWA, July 30.—The Bay of Quinte Navigation Company's large steamer Argyle, while on her way from Toronto to this port yesterday, was an excursion party of some 350 employees of the Toronto Carpet Co., ran ashore on Corbett's Point during a thick fog. The Donnelly wrecking tug went to her assistance and brought all the passengers safely to Oshawa, and they were sent home by train. The Argyle is still hard on the rocks, with two holes in her bottom.

### DISTINGUISHED CLERGYMAN DEAD.

GODERICH, Ont., July 30.—Robert Ure, D. D., a distinguished Presbyterian minister and many years pastor of Knox church in this town, died suddenly yesterday while sitting in his garden in the presence of friends and a nurse. About two months ago Dr. Ure was stricken with paralysis, but had apparently recovered his mental and physical vigor within the past week or two. Dr. Ure took a prominent part in bringing about Presbyterian union. He was in his seventy-eighth year.

### WILL CRUISE LABRADOR COAST FOR SIX WEEKS.

ST. JOHN'S, Nfld., July 30.—Governor McGregor started this evening for a six weeks' cruise along the Labrador coast in the colonial cruiser Plover, accompanied by the British warship Scylla and the survey ship Ellinor. Dr. Grenfell in the hospital ship Strathcona, piloting the squadron. A party of English colonial scientists is aboard the squadron to conduct important scientific investigations, fixing the longitude of the principal headlands, charting the seaboard, making tidal and hydrographic surveys, and collecting mineral and forest specimens to determine the commercial possibilities of Labrador. It is expected that important results will accrue from this expedition respecting the industrial future of Labrador.

### NO FURTHER NEWS OF MCSORLEY'S WHEREABOUTS.

FREDERICTON, July 30.—The inquest on the remains of the woman found drowned at Kingscote several weeks ago was concluded before Coroner McNally yesterday afternoon. Among the witnesses examined were Deputy Sheriff Foster of Carleton county and Mr. Wells of Woodstock. The jury returned a verdict to the effect that the remains were those of Mrs. Phoebe Hussey, but whether she met death by accident or in foul play they could not determine.

Harbor fishermen and West side fishermen in general have been much interested in the inquiry and examination of the salmon in the Carleton pond. ### IN THE MARKET.

The market today exhibited little produce, but Geo. Dunham, the market clerk, says that green produce is coming in, and will soon be very extensive as all crops are coming along in a splendid condition.

Mr. Dunham by the way when on a recent trip to Montreal visited the market in that city, and even the big Bonsecours could not match our own for cleanliness and appointments. The producers there will bring their vegetables to the market without any preliminary washing, and the result is a great spreading of dirt throughout the stalls.

Market gardening is extensively followed by Arabs, Greeks and others in close proximity to Montreal, says Mr. Dunham, and acres given up exclusively to the production of lettuce, which is planted early and late, and kept in continuous growth until the frost sets in.

## IRISHMAN WOULDN'T SAIL WITH DAGOES.

Deserted From Italian Bark; Taken Back After Struggle He Jumped Overboard and Escaped.

The Italian three masted ship, Elise sailed yesterday from Pictou to the Island after a prolonged stay in the Sand Point slip, but without a seaman whom for days captain and crew had been endeavoring to keep aboard. He was a big wild Irishman, so the story goes, and though he had signed his papers and was ready to go, he had the idea of shipping with a lot of dagoes.

On Friday night as the ship was ready to sail, the captain came to the slip, when the latter suspected a ruse and was going when the officer grappled. Over they went, at some hazard to themselves, as they were near the wharf's edge; but in the end the cop proved victor and hauled his man aboard with the help of one or two bystanders.

The ship was towed to quarantine grounds, and the captain congratulated himself on keeping an able-bodied seaman. Some time in the night, however, the said A. B. slipped quietly overboard, swam to a fishing smack, and on Saturday he turned up in the city. He says he will enter an action against stevedore Geo. Carlin, for assault, as Mr. Carlin was one of those who lent assistance to Sergt. Ross.

## TO STOP SUNDAY SHINES.

Shoe Black Reported for Sabbath Desecration—Enforcement Will Close Shops Week Days as Well.

Peter Petropoulos and his powerful cohort of shoe polishers have been reported for Sabbath desecration by pursuing their business on Sunday.

Peter Petropoulos is indignant, "vy don't they report the street railway and the hotels?" he asks. "Everybody wants to have nice shiny shoes shined on Sunday, and here we have no trade in the winter, seek long months without anything at all. I have to pay \$400 rent for this little shop (Charlotte street) and \$500 for that one on King street. If they don't let us work on Sunday we will have to close all our shops. I will see my lawyer, Mr. Macrae."

And so he went.

The case will be heard in police court at 11 a. m.

Rev. C. W. Hamilton when seen by the Star said the Lord's Day Alliance was behind the movement for the closing of the shops.

"There is no doubt," said Mr. Hamilton, "that shoe shining is servile labor and these shops come under the direct prohibition of the anti-confederation Sabbath laws."

When told that the Greeks would close altogether if not allowed to keep open on Sunday he said that in their conversation with Chief Clerk the latter had said he thought he could induce the Greeks to keep shut on Sunday, if they were reported to him.

## Housefurnishing Hints

### Three Attractive Features in The Germain Street Building.

### We Have an Unusual Offering to Make in the Line of Cambric-Covered Cushions,

as you will see when you hear the prices. Summer is a cushion season, truly, with its hammocks, verandah lounging corners, outtings, yachting, etc., but cold weather finds the soft pillows quite as comforting. Therefore those who take advantage of this price-cutting will profit now and later. The cushions are filled with Silk Floss, which does not mat. They are 18, 20, 22 and 24 inches square, and now cost 30c., 40c. and 60c. each, only.

### Shirtrwaist and Skirt Boxes are Made by Us to Your Own Liking,

which is a branch of the Housefurnishing business we are steadily increasing in importance. Come to our well-stocked department, select your dainty coverings, tell our demonstrators what you want and they will make the box, all lined, upholstered, fitted with brass handles, etc.—a surprisingly pretty receptacle for the bedroom in which shoes, skirts, waists, or children's clothing may be kept. \$2.25 to \$4.00.

### These Quilts Have Come to Hand a Little Earlier Than Usual

and we will give our patrons the advantage of this little change, for it certainly is a privilege to be enabled to select such fine goods before the season during which they are used arrives. The range of price is from \$3.75 to \$20.00 and the Puffs are gorgeously made. The covers are of Satin and Sateen, plain and medallion stitched. They are absolutely downproof.
