ASSASSIN'S BOMB, AIMED AT ALFONSO, SLAUGHTERED SCORE AS ROYAL COUPLE WERE RETURNING FROM THEIR NUPTIALS

CABINET SHIFT TO BE THIS WEEK

Fitzpatrick to Take Taschereau's Place on the Bench

Expected to Preside at Supreme Court of Canada Monday --Aylesworth Will Succeed Him, and Lemieux to Be Postmaster General--Sifton, in the House, Defends His Land Policy in Three-hour Speech.

General View of Palace at Madrid

King Alfonso XIII at the age of eleven.

Princess Ena of Battenberg at the age of four

ELECTRIC LIGHT WIRE DEFLECTED MISSILE OR KING AND HIS BRIDE WOULD HAVE BEEN VICTIMS

Sixteen People at Least Blown to Pieces and Many Injured--Pavements and Buildings Spattered With Blood--Two Horses Attached to His Majesty's Coach Killed, as Was Their Groom--Queen Victoria Taken, Trembling, to Another Carriage by Her Husband--An Elaborate Marriage Ceremony.

Madrid, May 31--The public rejoicings over the marriage of King Alfonso and Princess Victoria had a terrible dramatic sequel at 2:30 this afternoon as a bomb thrown from an upper window exploded with deadly effect near the coach occupied by the king and queen.

The royal coach was brought to a sudden stop by the shock, officers and soldiers of the escort falling to the ground about the equerry and horses that had been killed. The screams of the terrified multitude mingled with the groans of the dying. It was immediately seen that the royal coach was intact except as it had been damaged by flying splinters.

The place from which the bomb was thrown is a boarding house. The chamber from which the missile was hurled was taken May 22 by a man from Barcelona giving the name of Moril. When the police surrounded the house the man attempted to flee, but was captured. Another man escaped over the roofs of houses.

Several of those killed were standing on the balcony of the house from which the bomb was thrown. The explosion occurred just as the royal couple were about to enter the palace. The route of the cortege had been diverted from Arsenal street to Mayor street, owing to the popular desires. The procession had just passed through Mayor street and was about to turn into the esplanade leading to the palace when the explosion shook the buildings in the vicinity, stunned a large number of people and threw the cortege into inextricable confusion.

In the meantime the scene of the tragedy presented a horrible spectacle with dead men and horses lying about, literally torn to pieces. Intense excitement prevailed, the mob invading the streets while the forces of the guards sought to maintain order and block the approaching streets. The bodies were wrapped up in blankets and removed on litters while the forces of the guards sought to maintain order and block the approaching streets.

The appearance of the princess who was about to become their queen aroused the people to the highest pitch of emotion, men and women cheered and shouted friendly salutations, while others from the balconies of the houses along the route showered flowers on the princess and let loose hundreds of pigeons carrying long bright streamers. The bride looked most charming and graciously acknowledged the continued ovations.

DEFENCE THAT WHITE WAS BUT FINANCING COMPANY'S BUSINESS

"Everybody Helping Everybody Else Out"

Mr. McKeown Makes Dramatic Address in Opening Defence in Express Company Forgery Case--Claimed His Client Has Been Sinned Against--White on the Stand.

In the county court Thursday night the crown rested its case against Harry B. White on forgery charge and the defence called two witnesses, one of whom was the defendant.

Judge Forbes announced that George E. Price, the witness for whom the court had been awaiting, had returned to the city. "He called upon me at my rooms," said his honor, "and explained why he did not reach here yesterday. He had met with an accident, which prevented him from arriving earlier."

Mr. Price then took the stand and was examined by Solicitor-General Jones. He said he was one of the branch agents of the Dominion Express Company, the agency being in his drug store. The witness was shown three orders bearing his signature. He swore that he had not written the signatures, and was of the opinion that the writing was not that of his clerk. He had authorized no one to make his signature.

Mr. McKeown's speech in opening the defence was strong and dramatic. He first told of the arrest of his client, on March 15 and his rearrest since. He said White had ever since been lying under the imputation of crime. "Now," he continued, "the proper time has come to make his defence. It will be shown that after Mr. White took charge of the cashier's box he forwarded between \$5,000 and \$8,000 of bank orders which had accumulated prior to that. We will be able to show, if we went on, that the deficiency is not now one dollar greater than when the defendant took charge."

Ottawa, May 31--Hon. Charles Fitzpatrick was in his seat in the house today. It is said that he will appear at Monday's session of the supreme court as Sir Elzear Taschereau's successor in the chief justiceship. The Quebec list of appeals, including several that stood over from last term, come up for hearing on that day.

Hon. A. B. Aylesworth will become minister of justice.

Hon. Rodolphe Lemieux will be promoted from the solicitor-generalship to that of postmaster-general. Just who will be solicitor-general has not yet been decided. Several names are mentioned.

Land Debate Continued.

Mr. Lake (of Qu'Appelle) continued the debate today on the amendment to supply in regard to dominion lands moved by Mr. Borden yesterday. Mr. Lake did not believe in comparing the record of the present government with the Conservative period. He said that the minister of the interior a year ago had promised not to sell any large quantities en bloc yet he noticed two sales one for 5,531 acres and the other 9,432 acres sold by the minister and he wanted a reply.

Sifton Defends His Policy.

Mr. Sifton in opening said he had not intruded himself on the house for some time, not having anything special to say, and believing that unnecessary verbosity did not conduce to efficient transaction of business. When the present session came around he had had under consideration private matters which if carried to a conclusion to which they had seemed to tend, would in all probability have resulted in his early retirement from political life.

VIRGINIAN BREAKS ALL RECORDS, MOVILLE TO RIMOUSKI

Made the Passage in Less Than Six Days, Being Eight Hours Faster Than Any Previous Voyage.

Montreal, May 31--The Allan line steamship Virginia has again broken the ocean record between Moville and Rimouski, making the fastest passage in the history of the St. Lawrence. The Virginia arrived at Rimouski at 8:15 a. m. today and after landing her mails and passengers, proceeded to Quebec at 9 a. m. The time of passage from Moville after adding five hours difference in time, is five days, twenty-two hours and forty minutes. This is eight hours faster than the best previous record passage between these two points made by the same steamer in June, 1905, and by the Victoria, May, 1906. The Virginia is due to arrive at Montreal at noon Friday.

WORLD'S RICHEST HEIRESS WILL WED GERMAN SECRETARY

Essen, Prussia, May 31--The engagement is announced of Bertha Krupp, owner of Krupp works, to Gustav Von Bohlen und Halbach, secretary of the Prussian legation at the Vatican.

"My policy was never to get highest price for land," said Mr. Sifton. "It was rather to settle the land, believing that was the best policy to promote prosperity of the country." (Applause).

The charge of undue secrecy in the department of the interior affairs Mr. Sifton said was a strange one. He had never during his eight or nine years in the department ever suggested to any official that a degree of secrecy appertaining to the business of the department should be increased. Nor had he withheld information in the consideration of his estimates in the house, nor in connection with inquiries before committees of the house. He had never been in the committee room with one of his officials when he was being examined, and he always told his officials to go and give all the information that was asked.

He took full responsibility for the grazing regulations. In his judgment it was a sound public policy. He believed they would save a soil unit for farming from becoming arid and useless as a large area of Montana had become. Western ranchers had invested large sums in the cattle business under grazing regulations and had increased the export trade of Canada. "I do not know what aim there is in allowing these people to buy enough land to keep their cattle from starving," said Mr. Sifton, amid applause.

Conservatives Gave Land Away.

What had been the policy of the old government? He had before him a list of grants of large areas actually given away to cold-blooded speculators, ranging in size from 1,200 to 2,000 acres. The opposition had talked about those things as if he (the speaker) were going to run away.

"I will not run away and get frightened in connection with any transaction I have ever been in." (Applause).

Mr. Oliver's statement of the Conservative policy in regard to timber limits last night had shown it to have been the most scandalous and outrageous alienation of public property that ever took place on this continent. There had been 29,000 square miles disposed of, of which 23,000 miles had been given away for nothing. That would make a strip of timber 100 miles wide from Ottawa to Toronto.

Reference had been made to Mr. Burrows securing timber limits because he was the speaker's brother-in-law and there had been a family grab. No family grab had ever taken place while he was minister of the interior (Applause).

So far as Burrows is concerned he never got one single favor that any other man could not have got under regulations of the department. (Applause).

Mr. Sifton spoke for more than three hours and a half. He was frequently cheered, and showed he was conversant with every detail of the department. His explanation of the Saskatchewan Land Company was the most complete that has yet been made. He was particularly severe upon Mr. Foster, and the way Conservative ministers managed Northwest affairs.

WELL KNOWN I. C. R. CONDUCTOR DEAD

W. J. Ross, One of the Oldest Employes of the Road, Passed Away Thursday.

Truro, N. S., May 31--The death occurred this afternoon of Conductor W. J. Ross, one of the oldest employes of the I. C. R. He was in his usual health till the first of the week. He was brought home ill and sank rapidly. He leaves a wife and family, most of the latter being in the United States. The funeral will be under the auspices of the Brotherhood of Railway Conductors on Sunday afternoon.

The deceased was among the four oldest men on the road, being in the service almost thirty-eight years. He was taken on a sick leave, leaving his home in Milford for work. Shortly after he went on the road breaking and thirty years ago was promoted to conductor when the Oxford and Picon branch was completed, and remaining on it till five years ago when he was put on the Truro-Malgrave division. He has run on the "Sydney River" since it was first put on and during its suspension ran on the fast east freight.

Greene and Gaynor Granted a Stay

Macon, Ga., May 31--The U. S. circuit court of appeals today granted a suspensio in the case of Messrs. Gaynor and Greene, convicted in Savannah of conspiring to defraud the government in connection with harbor improvement work. This has effect of staying the execution of the sentence imposed on them.

J. M. MCINTYRE PROBATE JUDGE

Fred. L. Fairweather to Be Clerk of Kings County Court

FILLING VACANCIES

Miss Mabel S. Gilbert Likely to Be Made Registrar of Probates--Had Done the Clerical Work for Her Father, the Late Judge--Not Known Who Will Be Stipendiary.

Thursday G. S. Scovil and Ora P. King, M. P. P.'s for Kings county, were in the city and had a conference with the attorney-general. From statements made by one of these gentlemen after the meeting the Telegraph learned that a decision was arrived at regarding the vacant offices of judge and registrar of probates as well as that of stipendiary magistrate of Sussex, and that the recommendations of the local members will be considered at a meeting of the government which will be held next week.

JURY DISAGREED IN C. P. R. TRAIN ROBBERS' CASE

Kamloops, B. C., May 31--(Special).--The jury failed to agree in the case of alleged C. P. R. train robbers last night and new trial started today.

Shelburne Conservative Nominations

Halifax, N. S., May 31--(Special).--Dr. T. C. Lockwood and Nelson B. Craig were nominated by the Liberal-Conservative of Shelburne county.

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON.

Fredrickton, N. B., May 30—The city council held a special meeting this evening and on recommendation of the water committee and Engineer Harbour, awarded contracts in connection with the filtration plant as follows:—

High lift pump—John McDougall, Caledonia Iron Works Company, Montreal, \$2,011.

Mechanical filter equipment—B. Mooney & Sons, and New York Continental Filtration Company, \$10,314.

Clear water work, coagulating basin and building alterations—B. Mooney & Sons and New York Continental Filtration Company, \$29,193.75.

Simonson & Burpee, of this city, were the lowest bidders for the construction work, but their figure, \$24,214.90, was considered too low by Engineer Harbour, and he recommended the committee not to accept the bid.

In other cases the lowest bids were accepted. The contract price of the proposed improvements is \$56,308.75. The committee's report was adopted by the council with a dissenting vote.

The council, by a vote of five to four, rejected the report of a special committee which recommended that M. S. L. Richey, of the Bank of Montreal, be paid \$57.50 in settlement of a claim for injuries to his horse which, while running away, collided with a barbed wire fence in the old burying ground. It was claimed by Mr. Richey that the fence was illegally erected, and therefore he was entitled to compensation. The matter will now be fought out in the courts.

Ald. Kelly was appointed chairman of the police committee in succession to Ald. McGinn, resigned. He will also succeed Ald. McGinn on the other committees.

Dr. Thomas Sprague, of Woodstock, has been appointed a member of the Provincial Board of Health in room of Dr. Hand, deceased.

Henry and William Adair, of Brighton, Charlottetown, have been assigned to Sheriff Hayswood.

Those who are interested in lumbering operations on the Lepreau will be glad to learn that there has been a good rise of water there recently, and it is now every prospect of all the lumber being brought out. Recently the water fell off very fast, and Dunn & Gregory had to leave 3,000,000 feet of logs and 1,000,000 of lumber in the water.

It is also reported that John A. Morrison's drive is coming along well. It is said that it was about at Seven Mile Hill last night and that a good deal of John Kilburn's and W. J. Nobles' logs were in with Mr. Morrison's.

Mr. Robert and Miss Carman, the celebrated Canadian poets, who are to receive the honorary degree of LL. D. at the University of Toronto, arrived here by the noon train today. Prof. Duff of the University is to deliver the alumni oration, also arrived this morning. S. W. Kain, of St. John, is here to receive the honorary degree of M. A.

John G. Vanwart, a prominent resident of Calgary, who has been visiting relatives here, went to St. John this morning.

The University of New Brunswick faculty met this morning and afterwards made the following announcements:—The Governor general's medal—W. C. R. Anderson, for ordinary and distinction in physics, senior year.

Councilor Robert Connelly, of Great Salmon River, returned from St. John on Tuesday.

David Donald, of St. John, returned home on Tuesday.

ST. MARTIN'S.

St. Martin's, May 29—Fowns & White have moved their portable mill from the Burchill side of the St. Martin's railway, and are busy cutting lumber.

It was reported that the mill is being moved to a new site on the Burchill side of the railway, and is being moved to a new site on the Burchill side of the railway.

The funeral of Charles Fleming, who died on Saturday, took place this morning. High mass was celebrated in the cathedral by Rev. Father O'Connell.

The funeral of Mrs. Mary Ann McDonald, the oldest resident at Bartouque, died May 18 after a lingering illness. She was 91 years of age.

The Chatham Oddfellows entertained about 100 of their friends at a very much enjoyed "at home" in their hall last evening.

The secretary's report showed the board's membership to be sixty-nine. President Hawke, in the course of his address, referred to the funeral of the late Rev. Father O'Connell.

Invitations are out for the marriage of Wallace R. Rodd, druggist of Sackville, formerly of Moncton, to Miss Elsie Bell, formerly of Moncton, Sackville young lady. The marriage takes place June 13.

I. C. R. trainmen report times very dull on the road. Several times they have had some fifteen days, so far, this month.

Delegates to the meeting of the International Association of Machinists here today organized a district lodge having jurisdiction over I. C. R. and P. E. Island railways.

H. G. Gantner, grand chancellor of the maritime provinces, St. John, paid an official visit to Westmorland Lodge K. O. T. tonight.

Moncton, N. B., May 29—Allan Stoddart, assistant to Rev. Geo. E. Whitehouse, pastor of the First Baptist church, has resigned to take charge of the Baptist church at St. Andrews (N. B.). He will leave for his new field of labor June 1.

Conductor William Irving received word today that his nephew, Roy Allen, formerly of Moncton, is seriously ill in a hospital in Calgary.

At a meeting of the Moncton Golf Club held on the afternoon and evening of May 28, it was decided to lease the present grounds for a further term of five years and erect a club house.

The Men's Union of St. John Presbyterian church has decided to discontinue meetings for the summer, and held a closing banquet tonight, which was largely attended.

Harcourt, May 29—Next semi-annual session of N. B. Sons of Temperance will be held here on the afternoon and evening of May 28, in the public hall.

At a meeting of the school board, Monday evening, it was decided to accept the resignation of Mr. J. H. Gantner, grand chancellor of the maritime provinces, St. John, paid an official visit to Westmorland Lodge K. O. T. tonight.

Moncton, N. B., May 29—The death of Joseph Parson, of Point de Dieu, occurred May 27 after a long illness. Deceased was a respected resident of Point de Dieu and was a worthy citizen.

MONCTON.

Moncton, May 29—The annual meeting of the board of trade was held tonight. The town of Shediac asked the board to cooperate with it in seeking the maintenance of a railway to the town.

The secretary's report showed the board's membership to be sixty-nine. President Hawke, in the course of his address, referred to the funeral of the late Rev. Father O'Connell.

Invitations are out for the marriage of Wallace R. Rodd, druggist of Sackville, formerly of Moncton, to Miss Elsie Bell, formerly of Moncton, Sackville young lady. The marriage takes place June 13.

LIVELY DEBATE ON LAND GRANTS

R. L. Borden Moves for Committee of Inquiry Into Interior Department

Mr. Oliver Replies

Minister Claims That Administration of His Office Should Be Commended and Not Censured—Contrasts the Progress Under Liberal and Conservative Rule.

Ottawa, May 30—Mr. MacKenzie (of the Agricultural Committee) presented the report of the committee today. The report contains the evidence of W. T. R. D. and his refusal to answer certain questions.

Mr. Monk moved that, as the matter was one of privilege, it be taken into consideration tomorrow.

Sir Wilfrid Laurier said that the debate was to be started today, but it was delayed through probably tomorrow. He suggested Monday or Tuesday. It was decided to take up the question on Monday.

On motion to go into supply, R. L. Borden presented his amendment in connection with the domain lands. He said that he was agreed as to the importance of the public domain.

He would take the cases showing that the domain lands have been in the hands of the minister of the interior since 1880. He said that the domain lands regulations now permitted the minister of the interior to sell lands at 81 an acre in any one tract.

The domain lands regulations now permitted the minister of the interior to sell lands at 81 an acre in any one tract. He said that the domain lands regulations now permitted the minister of the interior to sell lands at 81 an acre in any one tract.

BILL UP TO CONTROL TELEPHONE COMPANIES

Will Not Be Permitted to Run Poles and Wires at Will in Future

Government Measure Provides for Municipalities and Towns Having a Say in the Matter--Complaint About Norwegian Vessels Gobbling Canadian Coasting Trade--Niagara Falls Power Bill Withdrawn--Members Charge Americans with Being Insincere in Their Anxiety About Spoiling Scenic Beauty of the Falls.

Ottawa, May 29--Hon. Mr. Fielding introduced a bill today to carry out the tariff changes mentioned in the budget.

The bill was read a first time. Hon. Mr. Hyman presented the report of the commission appointed to investigate the fallen tower.

Mr. Foster called attention to an article in La Presse severely criticizing him as being an enemy of the French people, making gratuitous slanders and misrepresentations, etc.

Niagara Falls Legislation. Mr. Cockshutt brought up the question of electric power at Niagara Falls.

Mr. Cockshutt brought up the question of electric power at Niagara Falls. This was done on a motion of Hon. Mr. Fitzpatrick to drop the bill to regulate the exportation of electric power.

Mr. Hyman said that the question of jurisdiction was not very easily settled. The policy of the government was indicated in the withdrawal of the bill.

Mr. Hyman said that the question of jurisdiction was not very easily settled. The policy of the government was indicated in the withdrawal of the bill.

STANLEY HANGING ON AUGUST

Found Guilty of Murder of Nova Scotia Farmer at Ellershouse

A QUICK VERDICT

Jury Out Only Half an Hour--Prisoner, Before Sentence, Charged the Judge with Being Unfair, Asserted His Innocence, and Declared He Was a Victim of Perjury and Prejudice.

Windsor, N. S., May 30--George Stanley is guilty of the murder of Freeman Horvie at Ellershouse. He will pay the penalty of the law with life on the first day of August.

The jury was out about half an hour when they filed into court and took their places and gave their verdict of guilty. The judge asked the prisoner if he had anything to say before sentence should be pronounced upon him.

Stanley responded by charging the judge with not having given him a fair trial. He said that the press and all the people, including the officers of the law were prejudiced against him.

Stanley listened patiently during the speech from the prisoner which was well delivered and showed him to be a well educated man with a good command of the English language.

Before pronouncing sentence the judge said he had regretted that he could not believe his story, that he had no doubt of the guilt of the prisoner.

FOR CHILDREN OF THE EMPIRE

Catechism Which Would Become Familiar to All Britishers; 3,000,000 Celebrate Empire or Victoria Day.

London, May 19--The promoters of the Empire Day movement--and Lord Meath has been the life and soul of it from the first--have every reason to be satisfied with their efforts, for, according to their present information, Empire Day will be celebrated by 3,000,000 children in various parts of the British Empire.

Q. What is your relation to the British Empire? A. I am a subject of King Edward VII and a citizen of the British Empire.

Q. What is the extent in square miles of the British Empire? A. About twelve million square miles (12,000,000 square miles), of these only 121,000 square miles are in the United Kingdom.

Q. What proportion of the earth's surface does the British Empire cover? A. About one-fifth, or 20 per cent.

Q. How does the extent of the British Empire compare with that of other countries? A. The extent of the British Empire is greater than that of any other state.

Q. What are the principal parts of the British Empire? A. The principal parts of the British Empire are: Canada, the United States, India, Africa, the West Indies, the Pacific Islands, and the British Isles.

Q. How does the population of the British Empire compare with that of the most populated countries outside the empire? A. The population of the British Empire is about equal to that of China, and more numerous than that of any other country.

Q. What are the principal cities of the British Empire? A. The principal cities of the British Empire are: London, Calcutta, Bombay, Madras, Singapore, and Hong Kong.

Q. What are the principal religions of the British Empire? A. The principal religions of the British Empire are: Christianity, Islam, and Hinduism.

Q. What are the principal languages of the British Empire? A. The principal languages of the British Empire are: English, Hindi, Urdu, and Chinese.

Q. What are the principal occupations of the British Empire? A. The principal occupations of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal products of the British Empire? A. The principal products of the British Empire are: cotton, wool, and sugar.

Q. What are the principal exports of the British Empire? A. The principal exports of the British Empire are: cotton, wool, and sugar.

Q. What are the principal imports of the British Empire? A. The principal imports of the British Empire are: iron, steel, and machinery.

Q. What are the principal sources of wealth of the British Empire? A. The principal sources of wealth of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of power of the British Empire? A. The principal sources of power of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of knowledge of the British Empire? A. The principal sources of knowledge of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of honor of the British Empire? A. The principal sources of honor of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of glory of the British Empire? A. The principal sources of glory of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of fame of the British Empire? A. The principal sources of fame of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of reputation of the British Empire? A. The principal sources of reputation of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of respect of the British Empire? A. The principal sources of respect of the British Empire are: agriculture, commerce, and industry.

Q. What are the principal sources of admiration of the British Empire? A. The principal sources of admiration of the British Empire are: agriculture, commerce, and industry.

MARRIED AGAIN, THOUGH NOVA SCOTIA WIFE STILL LIVES

Salem, May 28--In the district court today, Avery M. Weston, blacksmith, of this city, pleaded guilty of polygamy, and was held in \$1,000 for the supreme criminal court.

Evidence submitted to the police shows that Weston was married to Miss Agnes M. Sallows at Port Maitland (N. S.), May 20, 1905, and soon after the couple came to Massachusetts and settled in Essex. They lived together for quite a while, two children being born, and one survives.

Last Tuesday evening Weston was married to Miss Eliza M. Denison of Gloucester, the ceremony being performed by Rev. Joseph B. Palmer, pastor of the Calvary Baptist church, in this city.

Some ten days ago City Marshal Field was informed by the first wife of Weston, who now lives in Roxbury, that her husband was about to marry another woman, and in case the wedding took place to secure a warrant and place him under arrest.

Weston is about 23 years old and his second wife 20.

Rev. Joseph B. Palmer and J. Clifford Entwistle express much indignation that the police who knew the intention of Weston allowed him to marry a second time. Mr. Palmer says that as the police were aware that Weston had taken out a marriage license all of the clergymen of Salem and Gloucester should have been notified not to perform the ceremony.

The police had knowledge of the issuance of the marriage certificate more than 24 hours before the wedding took place. City Clerk Entwistle says that the case was in charge of the police and that they should have acted. Otherwise he would have had Weston placed under arrest before he was married to Miss Denison.

Militia Changer. Ottawa, May 30--(Special)--The following are gazetted: 71st York Regiment--To be honorary lieutenant colonel, Lieutenant Colonel T. G. J. Loggie, reserve of officers.

SAVED FROM SAVAGE ATTACK OF DOG, BUT VERY BADLY HURT

Roy Campbell Worried and Torn Almost to Death by Brute—Provisional Arrival of Two Men as Dog Had Sunk Teeth Into Boy's Neck—Animal Hid But Was Found and Destroyed.

Freestone beneath an infuriated bull dog, bleeding from more than a score of savage bites, and with the brute's fangs tearing at his neck, Young Roy Campbell, of Carleton Place, had an experience Wednesday afternoon that will leave its marks upon him for the rest of his life.

But for the providential appearance of two men, it is probable that the lad would have been badly mangled and wounded by the brute that he would have died from the effects. As it is he may be a patient for a considerable part of the summer, and in the event of blood poisoning developing, even worse may be feared.

With difficulty was the animal dragged away from the boy. Then it ran to a near-by coal barge, where his master worked, leaped into the hold, a distance of perhaps fifteen feet, and seeming to fear the result of his attack, endeavored to elude the pursuers. But he was caught, promptly hoisted to the top weight attached to the neck and thrown overboard.

Stories Differ. Two stories are told about the case. One is to the effect that the dog had been provoked. The other is that seeing young Campbell playing with the children of a neighbor, he sprang at him, believing that the lad was harming his playmates.

The boy is seven years of age, the son of Frederick Campbell, whose home is near the Old Port on the west side. The owner of the dog is Mrs. David Robb, who resides in the first house beyond the Carleton ferry. Last evening, the little fellow was suffering so acutely that he was unable to explain his experience at any length. He lay in bed, propped up on pillows, with both legs bandaged and a bandage around his head. His face was greatly swollen.

The story told by Mrs. Campbell, as she gathered it from her son soon after he was brought home, was that he was playing with the Robb children—Stanley and Dorothy—in their home. The mother and father were not in. The children, he said, were romping about in vigorous fashion, when suddenly the dog leaped at Roy, probably believing his master was being harmed, bore him to the floor, and fastened his teeth in his leg. The boy tried desperately to fight him off, but his strength was not equal to the undertaking. The other children were so frightened that

they were of no assistance, but the screams and the general uproar attracted the attention of Shanklin Thompson and Daniel Fullerton, who were passing. They hurried up, found Roy struggling on the floor with the bull dog's jaws clinched in the flesh back of his right ear.

The story told by Mrs. Robb is that young Campbell arrived at the house, and as she wished to go to town she requested young Campbell to go away and he did so, but in a short time returned, ceased the Robb girl and eventually entered the wood house, where he found the dog, and began to tease him.

Mrs. Thompson and Fullerton did not arrive a step too soon. The boy was quite helpless. His stockings and pants were ripped, and his legs had been horribly mangled. There were deep bites and bruises around the knees, and long scratches on his thighs. But how long the animal had his deadly grip on the child's neck is hardly known, but it is thought that the object was to get the boy by the throat. Once that had been accomplished, and if the rescuers had not arrived, the boy would in all likelihood have been killed.

Tried Again to Leap at Lad. When the men finally forced his jaws apart, and were striving to put him out, the dog made a futile attempt to again leap at the lad, but he was intercepted, and driven away. The boy was so exhausted that he could barely rise. His appearance was ample proof of the savage nature of the dog's attack. Blood oozed from his torn clothing and back of the ear was a very dangerous looking laceration. A coach was hastily procured and he was taken home, when Dr. Day dressed the bites. According to Mrs. Campbell, the wounds numbered about thirty.

What caused the mother additional anxiety is the fact that her child's right ear has for a long time been in a delicate condition. Only a month or so ago an operation was performed.

The men who chased the bullock to the bottom of the dog were Police Sergeant Ross and Harz Campbell. There was not much difficulty in securing him, and his death was carried out as quickly as possible. He was not yet two years old, but was large and powerful, white in color and weighed about forty pounds.

Ottawa Woman Left Big Estate. Ottawa, May 29.—(Special)—The will of the late Mrs. Walter C. Mackay, of Ottawa, who died at Port Lynton, Costa Rica, has been entered for probate. She leaves an estate valued at \$119,565, made up for \$18,800 real estate and the balance personal.

Dr. Campbell Will Run. Halifax, May 30.—(Special)—Dr. Campbell today reconsidered his decision not to accept the nomination of the Halifax Conservative convention and will be a candidate for the ticket for the house of assembly.

Next to Great Britain Russia has the most profitable postal system, which nets over \$20,000,000 a year.

ST. MARTINS BANQUET TO FRED M. ANDERSON

Presented With Cane from Citizens and Substantial Cheque from Employers on Eve of Departure for Campbellton.

St. Martins, May 31.—On Wednesday evening the Masonic hall was the scene of a brilliant gathering for the purpose of tendering a farewell banquet to Mr. Fred M. Anderson, on the eve of his departure for Campbellton. All credit is due the committee of management, which consisted of Dr. B. C. Riddick, M. P. P.; John C. Boyer, William Walsh, E. S. Hatfield and George Patterson, for the splendid manner in which they planned and executed the programme.

Dr. Riddick ably presided throughout the evening. After ample justice had been done the excellent repast, the assembly was called to order by the chairman who in an aptly worded address in which he expressed the profound regret of all at the departure of their friends, presented, on behalf of a number of his friends, Mr. Anderson with a magnificent gold mounted cane.

Mr. Anderson very feelingly and most appropriately responded. After the singing of Auld Lang Syne, brief speeches were delivered by Rev. C. W. Townsend, James Lowell, M. P. P.; Councilor C. F. Black, Michael Kelly, A. W. Fowles, Jacob S. Titus, A. E. Bentley and E. A. Lowe. The last named speaker closed a neat speech with a brilliant peroration in the form of a \$250 cheque, presented by the O'Neal Lumber Company as a slight recognition of the excellent services rendered the company by Mr. Anderson during his term of five years' management.

The proceedings terminated with singing the national anthem. Among those present were Rev. C. W. Townsend, Rev. F. Poirer, Mr. and Mrs. F. M. Anderson, Dr. Riddick, M. P. P., and wife; James Lowell, M. P. P.; Michael Kelly, George Mosher and wife, Mr. Robert Mosher, Willard Graves, Miss Sarah Haines, Capt. Miller, jr., and wife; Mrs. Joseph Carson, Mrs. C. Miller, jr., S. J. Shanklin, George McEwen, Councilor C. F. Black, Roland Graves, Miss Louise Kane, Fred Bradshaw, Miss Beattie Davidson, Mrs. Austin Smith, B. F. Palmer and wife, J. S. Titus and wife, Miss Hattie Bradshaw, J. B. Hodenphy, Miss McIntyre and wife, A. P. Bentley and wife, A. W. Fowles and wife, M. G. Bentley and wife, the Misses Cochran, E. S. Hatfield and wife, Melvin Parks, Miss Stella Patterson, Mrs. Blair Graves, Lee Parke, George Parks and wife, Mr. Robert Henney, O. J. Welsh, J. C. Boyer and wife, Albert O. White and wife, Miss Jennie McEwen, Vernon McCumber, W. L. Barber and wife, G. R. McDonough, Allen Love, H. A. Fowles and wife, Percy Fowles, Miss Anna Belle Godard, W. Carr and wife, Manfred Schaub, R. W. Skillee.

The Wilson house, formerly the Kennedy hotel, was opened to guests on Wednesday night.

The people of St. Martins extend their hearty congratulations to William Anderson, son of F. M. Anderson, on his having won the governor-general's gold medal at the U. S. B. examinations, held recently.

QUEENS COUNTY MAN HOME FROM THE WEST

J. G. Vanwart, a former Queens county man, but now a retired merchant of Calgary, Alberta, is in the city visiting his nephew, Ald. J. W. Vanwart. Mr. Vanwart went to Alberta twenty-three years ago, and there engaged for a time in farming and cattle raising, afterwards conducting a very successful grocery business until about two years ago, when he retired. He is now renewing old acquaintances and visiting his relatives in this province.

To a reporter Mr. Vanwart talked very interestingly of the growth and development of the west and Calgary in particular. He says it is the young men's country, and opportunities are limitless.

When Mr. Vanwart first went to Calgary it was nothing more than a portion of the prairie, with only a mounted police barracks, a Hudson Bay post, a general store and a few shacks to mark it. Now it is a city of 20,000 inhabitants and still growing.

The first school was started in the fall of 1884, with a attendance of four children, of whom three were Mr. Vanwart's. There was then only one white woman in the place. They now number 100, and there are as many as any in the dominion. The first one was built of brick, at a cost of \$15,000. About eight years ago the second one was erected. The last named speaker closed a neat speech with a brilliant peroration in the form of a \$250 cheque, presented by the O'Neal Lumber Company as a slight recognition of the excellent services rendered the company by Mr. Anderson during his term of five years' management.

The proceedings terminated with singing the national anthem. Among those present were Rev. C. W. Townsend, Rev. F. Poirer, Mr. and Mrs. F. M. Anderson, Dr. Riddick, M. P. P., and wife; James Lowell, M. P. P.; Michael Kelly, George Mosher and wife, Mr. Robert Mosher, Willard Graves, Miss Sarah Haines, Capt. Miller, jr., and wife; Mrs. Joseph Carson, Mrs. C. Miller, jr., S. J. Shanklin, George McEwen, Councilor C. F. Black, Roland Graves, Miss Louise Kane, Fred Bradshaw, Miss Beattie Davidson, Mrs. Austin Smith, B. F. Palmer and wife, J. S. Titus and wife, Miss Hattie Bradshaw, J. B. Hodenphy, Miss McIntyre and wife, A. P. Bentley and wife, A. W. Fowles and wife, M. G. Bentley and wife, the Misses Cochran, E. S. Hatfield and wife, Melvin Parks, Miss Stella Patterson, Mrs. Blair Graves, Lee Parke, George Parks and wife, Mr. Robert Henney, O. J. Welsh, J. C. Boyer and wife, Albert O. White and wife, Miss Jennie McEwen, Vernon McCumber, W. L. Barber and wife, G. R. McDonough, Allen Love, H. A. Fowles and wife, Percy Fowles, Miss Anna Belle Godard, W. Carr and wife, Manfred Schaub, R. W. Skillee.

There is a greater percentage of churling people in Calgary, Mr. Vanwart says, than in any other part of Canada. The country is making rapid strides and is keeping pace with the towns; business is good, railroads are building all over and the prospects for the future are of the brightest. The majority of them being from Canada, who are returning home and taking up farms.

Mr. Vanwart will visit relatives in the city before going back to Calgary, and expects to take a trip up to the new mining country, Cobalt.

Some of the insurance has been placed through St. John and some in direct companies, so it is impossible to give a correct list of the losses. Those held in this city total \$16,000, as follows:

Table listing insurance amounts for various locations: Phoenix of Hartford, R. Walsh, Emberton's barber shop, Cogger's shop, Scottish Union and National, Loan building, Holyoke & Brown's stock, Garden Bros., Queen, Holyoke & Brown, Garden Bros., R. Walsh, Law Union and Crown, Sheargreen building, Home, Sheargreen building, Quebec, Sheargreen stock and fixtures, Ottawa, Louis E. Young building, New York Underwriters, Louis E. Young building, Sun, Sullivan Bros., groceries, Sullivan Bros., furniture, C. A. Merritt, stock, C. A. Merritt, furniture, Montreal-Canada, C. A. Merritt, stock, C. A. Merritt, furniture, Royal, Sarah Loane, stock, Western, H. N. Payson, building, H. N. Payson, building, Garden Bros., building, Estate John McAfee, building, Norwich Union, R. Young, W. H. Wilson, Chatham News, Chatham, May 30.—At a meeting of the Y. M. C. A. held last evening, it was decided that the membership fee for youths of sixteen years and under be placed at \$2. The committee intend having a meeting for men on Sunday afternoon, to which all men are invited.

PRESTON WOULD NOT ANSWER QUESTIONS Refused to Tell Who North Atlantic Company Stockholders Are, and Reported to the House—Griffiths Tells of Stolen Letters.

Ottawa, May 30.—At the Public Accounts committee this morning W. T. R. Preston said he had opened the envelope commencing in the address of the North Atlantic Trading Co. and had shown the names to no other person. He declined to state to whom he had shown the list, and answered a question concerning the Chairman Belcourt ruled that he should answer. Mr. Preston still refused. They have a copy of Preston's letter to Mr. Ennis had been handed to him by Mr. Griffiths. He consulted counsel who advised him that there was no privilege in the correspondence as against Lord Strathcona and he then handed them to the commissioner. Lord Strathcona refused to answer as against Preston's letter to Mr. Ennis and received in reply a letter of which Mr. Preston had given the substance.

In the agricultural committee Alfred Jarvis put on the stand after Mr. Monk declared he was through with Mr. Preston. Mr. Monk stated he had no question to put to Mr. Jarvis. Mr. Jarvis was then compelled to tell who was in the North Atlantic Trading Co. Mr. Fisher said this was singular. Mr. Jarvis had been called for and had given the substance of the letter to Mr. Monk, who then indicated he wanted to examine him concerning immigration matters generally.

Monk finding that Mr. Jarvis knew nothing about the North Atlantic Trading Company, did not put him on the stand. He thought the question was answered. W. L. Griffiths, secretary of the high commissioner's office, then testified. He has a copy of Preston's letter to Mr. Ennis had been handed to him by Mr. Griffiths. He consulted counsel who advised him that there was no privilege in the correspondence as against Lord Strathcona and he then handed them to the commissioner. Lord Strathcona refused to answer as against Preston's letter to Mr. Ennis and received in reply a letter of which Mr. Preston had given the substance.

In reply to Mr. Gorman the witness said that he would wait until the letter arrived before giving his contents. Lord Strathcona and he do not take cognizance of copies of letters so he (Griffiths) wrote Mr. Ennis asking for the original.

Mr. Griffiths accepted full and absolute responsibility for writing that letter. The conditions were such that there was a proposal to do something contrary to the interests of the government and something which was inimical to the interests of the government and I felt perfectly justified in taking the course which I did. For what I did I'm responsible to my chief and I may say if I had to do it again I would adopt the same course that I took.

ADVOCATES CANADIAN PROTESTANT FEDERATION

Toronto, May 30.—The formation of a Canadian Protestant Federation, to resist political Romanism, was the suggestion made at the address of Grand Master Dr. T. S. Sproule, M. P., before the Grand Orange Lodge of British North America, whose annual session commenced here today.

If the suggestion meets with the approval of the grand lodge, the grand master suggests the appointment of a committee to canvass the situation and formulate a workable plan.

MANY CONCERNS WIPED OUT IN WOODSTOCK FIRE

Whole Block Destroyed—Loss Will Be Heavy—Insurance Companies Affected.

WOODSTOCK, N. B., May 30.—(Special).—One of the most disastrous fires that has visited the town for some time took place this morning. The whole block of buildings from Payson's Corner to Noble's store has been burned with the exception of the Sheargreen Drug Company building. The upper story, occupied by C. H. Merritt & Co. as a residence and photograph studio, was, however, burned.

Shortly before three o'clock, night Watchman McIntosh noticed the blaze, but returning after ringing in the alarm, he found the back part of the whole block in flames. The firemen were promptly on the scene and did excellent work, but owing to the situation of the block, which was always considered a fire trap, the fight was a hard one, but they continued playing on the smouldering ruins all morning. It is thought the fire started in the Wilson studio in the Payson block, although Wilson was not in the building last evening. Altogether about \$20,000 insurance was carried.

The following business places were destroyed: Holyoke & Brown, grocery, insured for \$1,800, on stock; Wilson Bros. photo studio, \$800 insurance; W. J. Cogger, barber, \$300 insurance; Singer Sewing Machine Co., insured; Garden Bros. drug store and warehouse, about \$5,000 insurance; Sullivan Bros., meats and fish, no insurance; Sullivan Bros., grocery, \$1,000 insurance; A. Emberton, barber, no insurance; L. E. Young, barber, insured; Miss Turner, dressmaker, total loss, no insurance; S. Welsh, billiard parlour, insured for \$400; Mrs. John Loane, book store, loss \$8,500, insured for \$2,500; C. H. Merritt & Co., photo studio, \$1,000 insurance; Wm. Black, restaurant, insured; Sheargreen Drug Co., part of stock saved, about \$2,000 insurance; McAfee & Tate, heavy losses, \$500 insurance; Mrs. J. C. Doherty, St. John, building insured.

Some of the insurance has been placed through St. John and some in direct companies, so it is impossible to give a correct list of the losses. Those held in this city total \$16,000, as follows:

Table listing insurance amounts for various locations: Phoenix of Hartford, R. Walsh, Emberton's barber shop, Cogger's shop, Scottish Union and National, Loan building, Holyoke & Brown's stock, Garden Bros., Queen, Holyoke & Brown, Garden Bros., R. Walsh, Law Union and Crown, Sheargreen building, Home, Sheargreen building, Quebec, Sheargreen stock and fixtures, Ottawa, Louis E. Young building, New York Underwriters, Louis E. Young building, Sun, Sullivan Bros., groceries, Sullivan Bros., furniture, C. A. Merritt, stock, C. A. Merritt, furniture, Montreal-Canada, C. A. Merritt, stock, C. A. Merritt, furniture, Royal, Sarah Loane, stock, Western, H. N. Payson, building, H. N. Payson, building, Garden Bros., building, Estate John McAfee, building, Norwich Union, R. Young, W. H. Wilson, Chatham News, Chatham, May 30.—At a meeting of the Y. M. C. A. held last evening, it was decided that the membership fee for youths of sixteen years and under be placed at \$2. The committee intend having a meeting for men on Sunday afternoon, to which all men are invited.

Senator Power thought it was the duty of every senator to do what he could to discourage the violation of the marriage law. The divorce bill, as passed by parliament, did not discourage but rather put a premium on divorce. The innocent one in a married pair went to the trouble and expense of procuring divorce and when it is granted the guilty one stands in the same position as the innocent one to marry again, that did not seem right. There should be some punishment for the offence. Allowing both parties to marry encourages the committing of offences to force a divorce to obtain freedom. The adoption of the amendment would mean the end of collusion.

The senator declared the divorce committee had recommended a divorce bill that would not hang a cat in an ordinary court of justice. "I say that as a man who knows what evidence is."

Senator McSweeney was against divorce by courts. It encourages separations. Senator Power's amendment, which would be a change to Canada. Senator Percival said he had no hesitation in seconding Senator Power's amendment. Senator William Hingston said it was absurd to argue that marriage was a necessity as Senator Kirkhoff seemed to do. The lives of thousands of pure persons proved it was not. "Marriage is not a necessity. In fact I think if there was no divorce for marriage there would not be so many enter into the marriage state."

He favored discretionary power for the committee in the matter of amendment, otherwise he favored the amendment. The divorce was granted and amendment test.

ARMOUR LOSES HIS BROKER

CHICAGO, May 31.—A. I. Valentine, president of the Armour Grain Co. since its organization in 1880, yesterday announced his resignation to take effect early in July, on the return from Europe of J. Ogden Armour, head of the American interests.

Mr. Valentine declined to discuss his plans for the future, except in a general way, stating that he has under consideration a number of business propositions.

Mr. Valentine for years has been one of the largest traders on the board of trade. He has engineered several of the most important deals in the history of the exchange, and he has had a tremendous following among operators both here and in other cities.

SOUNDS THE DOOM OF ATLANTIC SHAD

U. S. Government Expert Declares They Are Rapidly Disappearing Under Rapacity of Fishermen

STATES MUST PROTECT THEM

Fish Commission Able to Send Out only 45,000,000 Fry, With Facilities for Hatching 300,000,000.

A Washington despatch to the New York Herald says: "Shad fisheries of the Atlantic coast are doomed unless the States take immediate steps to protect them from the rapacity of the fishermen," is the opinion held by John W. Titcomb, in charge of the hatching service of the United States Fish Commission.

The grand demand for shad now prevents natural spawning and perpetuation of the species. The bureau is now closing the hatchery and distribution of shad for this year, and reports from various stations give startling evidence that the supply of shad on the Atlantic seaboard is rapidly diminishing. Facilities of the bureau allow the hatching and setting free in the streams of the country of 300,000,000 shad fry annually, but this year only about 45,000,000 have been hatched. The output was 65,493,000 in 1904, and last year it was below 57,000,000.

Mr. Titcomb predicts that in ten years, without the intervention of State protective laws, shad will become so scarce in the Atlantic rivers that they will be purchasable only from the stewards of big hotels and those who supply the tables of the wealthy.

Habits of the shad lead themselves admirably to the extermination of the fish. They approach the shores in immense schools, actually crowding one another in their efforts to reach the head of the fresh water streams, where the spawn is deposited. The fishermen have learned how to intercept the run by nets in the bays and in the broad mouth of the rivers, and the marketable shad are now nearly all caught in this way.

Few shad escape the nets. The rivers are thus much depleted, the natural spawning of the fish interfered with and the supply of eggs available for the hatching bureau cut off.

In pointing out a remedy Mr. Titcomb says it is incumbent on the States to enact restrictive laws against the taking of fish in the brackish waters of the bays and at the mouths of the rivers. He believes the shad should be allowed to ascend the rivers unmolested, at least during one of the annual runs, possibly that in May, and during a considerable part of the shad season the catch should be limited to fresh water.

Streams on the Pacific coast have been stocked and the shad transplanted from its native waters in the Atlantic Ocean to the Pacific with good results. Shad are increasing in California and other Western rivers under the restrictive laws there enforced.

SENATORS' VIEWS ON DIVORCE QUESTION

Power of Halifax Objects to Granting Decrees on Flimsy Evidence—Favors Some Punishment for Guilty Party.

Ottawa, May 30.—The senate today discussed further the limitation on divorce. On motion for the third reading of the bill granting a divorce to Harriette Wesley Baker, Senator Power moved an amendment declaring that the husband and respondent, Francis Shaw Baker, may not lawfully marry again during the life of Harriette Wesley Baker.

Senator Power thought it was the duty of every senator to do what he could to discourage the violation of the marriage law. The divorce bill, as passed by parliament, did not discourage but rather put a premium on divorce. The innocent one in a married pair went to the trouble and expense of procuring divorce and when it is granted the guilty one stands in the same position as the innocent one to marry again, that did not seem right. There should be some punishment for the offence. Allowing both parties to marry encourages the committing of offences to force a divorce to obtain freedom. The adoption of the amendment would mean the end of collusion.

The senator declared the divorce committee had recommended a divorce bill that would not hang a cat in an ordinary court of justice. "I say that as a man who knows what evidence is."

Senator McSweeney was against divorce by courts. It encourages separations. Senator Power's amendment, which would be a change to Canada. Senator Percival said he had no hesitation in seconding Senator Power's amendment. Senator William Hingston said it was absurd to argue that marriage was a necessity as Senator Kirkhoff seemed to do. The lives of thousands of pure persons proved it was not. "Marriage is not a necessity. In fact I think if there was no divorce for marriage there would not be so many enter into the marriage state."

Dollar Package FREE Man Medicine Free

You can get a large dollar size free package of Man Medicine—no request. Man Medicine cures man-weakness, nervous debility, urinary troubles, indigestion, functional failure, vital weakness, brain lag, backache, prostration, kidney trouble, and nervous prostration. Man Medicine is the only medicine that cures Man Medicine.

You can get a full dollar package of Man Medicine—no request. Man Medicine cures man-weakness, nervous debility, urinary troubles, indigestion, functional failure, vital weakness, brain lag, backache, prostration, kidney trouble, and nervous prostration. Man Medicine is the only medicine that cures Man Medicine.

Your name and address will bring it all you have to do is to send and get it. We send it free to every discouraged one of the man sex. Interstate Remedy Co., 311 Lock Bldg., Detroit, Mich.

CHANGE IN DAY OF MAILBOATS' SAILING

Will Leave Quebec and Montreal Fridays, Beginning July 6—The Same to Apply to Liverpool-Departure.

A Montreal despatch says: On behalf of H. & A.-Allan, George Hannah announced on Saturday that an official communication had reached the firm that the British and Canadian authorities have mutually agreed on the sailing date under the new mail contract for which the Allans are responsible. The departure days, both from Liverpool, from Montreal and Quebec, will be on Fridays, instead of on Thursdays, as hitherto.

By friendly agreement made with the Canadian Pacific Company the new Empress will operate the service in conjunction with the turbines, and the twin screw 10,000-ton Tunisian and twin screw 9,000-ton Ionian will remain in reserve, while a still larger vessel is being built by Messrs. Barclay, Currie & Co. for the Allans.

The first departure from the Canadian side will be the turbine Virginian from Montreal on Friday, June 29, followed by the Empress of Ireland, on June 29, followed by the Victorian, on July 13, and the Virginian on July 29.

As regards the Merville call, out and home, a final decision will shortly be arrived at.

ANOTHER SEIZURE OF CIGARETTES FROM C. P. R. STEAMER

Customs Authorities Got 50,000 Yesterday at Montreal, and Arrest of One of the Crew is Likely.

Montreal, May 30.—Customs officers seized 50,000 German cigarettes of good quality on board the C. P. R. steamer Montreal today, and as a result it is expected that one of the crew will be arrested and prosecuted.

This steamer has been particularly unfortunate in this respect. She was at Antwerp, and it seems that unscrupulous jobbers there have from time to time induced members of the crew to stow away cigarettes and smuggle them into Canada. Last year, at this port, 65,000 were seized and more were taken at St. John during the winter. Confiscation was deemed sufficient to stop the practice, but it appears that no matter what other supplementary efforts the company made, similar irregularities were continued from time to time. Now the authorities will try to impose a severe penalty.

NO SUPERVISION OF OTTAWA TOWER

Structure Collapsed Because of Faulty Construction—Sweeping Report of Commission of Inquiry.

Ottawa, May 29.—The report of the commission in regard to the fallen tower shows that there was practically no supervision of the work from the time the work reached the ground floor until the tower collapsed. Mr. Taylor, of the department, was placed in charge by the minister, but made no reasonable attempt to fulfil his duty.

The cause of the tower falling, the report says, was that the walls were not built by the contractor according to specifications and that the bed character of the work was sufficient cause for the collapse of the tower. The plans and specifications were not explicit or clear, but were sufficiently so to determine the quality of work. The constructional design was faulty. It was not advisable to have done the work per portion of the work in November and December.

The contractor is held responsible for the collapse of the tower in that he did not carry out his work in a good and substantial manner in accordance with the plans and specifications or to see that the work was thoroughly well built. The department of public works is also held responsible in that it did not properly supervise the work and detect the faults of construction.

ST. JOHN DRUMMER IN HEAP OF TROUBLE

MONCTON, N. B., May 29.—(Special).—A well known drummer in St. John was arrested yesterday afternoon on a charge of being drunk and chasing a woman. The arrest was made about five o'clock by Officer Chappell. The prisoner was allowed his liberty last evening upon deposit of the usual fine for drunkenness. This morning a young lady appeared at the police station to lay information against the traveller, charging him with chasing her. It is alleged that he also chased a married woman who resides in the upper section of the town. The traveller who was arrested hailed from St. John, and is well known in this city. He has a family of five. His possession at the time of the arrest, he escaped with a fine of three dollars.

Apologia Notes.

Apologia, May 29.—W. C. McLeod has sold his farm to his brother-in-law, Edwin Gripps, of Lower Millstream.

Miss Toole, teacher in the primary department of the Superior school here, will leave in a short time for the Northwest, where she has already secured a lucrative position as teacher. Miss Toole will come tomorrow to supply her place until the end of the term. The whole community regrets Miss Toole's leaving, as she is not only a superior teacher but also has greatly assisted in the Christian and temperance work of the village.

Mr. Small, the principal, also intends to leave at the end of the term to take up advanced studies at Mount Allison. The people were surprised and deeply grieved to hear of the death of George I. McCrae, a successful medical student at McGill. Mr. McCrae was stricken down with typhoid fever several weeks ago, and although seriously ill, his friends hoped, as the crisis of the disease was passed, that he would recover. Mr. McCrae taught school here for some time, and two years ago to enter McGill. He was a most exemplary young man, and a devoted student, and his friends looked forward to a bright future for him. The relatives and friends have the deepest sympathy of the community in their sad bereavement.

Floods in Oregon. PORTLAND, Ore. May 31.—A despatch to the Oregonian from Pendleton, Ore., says that the damage in Wasatch County from the floods of the past two days may reach one million dollars.

Greatest Bargain Ever Offered in Harness OUR EXTRAORDINARY OFFER

We have forty sets of Nickel Mounted Driving Harness, which consist of some parts of the harness not being as nicely finished as we desired, we have decided to clear the lot out at a big sacrifice. We are very particular in our manufacturing, and these small blemishes is our reason for clearing the lot out at \$9.00 a set. These harnesses are worth \$18.00 and we guarantee them to wear just as well as any you could find at this price for them.

Here is the description of the different parts: BRIDLE—58 inch checks, box loop, patent leather blinds, and overalls with 1 1/2 inch buckles and billets. REINS—78 inch front pieces and 1 inch hand parts to buckle to leather, russet and black. BREAST PLATE—1 3/4 inch with 3 1/2 inch neck strap and box loop tugs. TRACES—1 1/8 inch single leather with lined butts, doubled and stitched, sewed on breast collar body. SADDLE—3 inch patent leather skirts, leather bottom with patent western tree. SLAFT TUGS—78 inch doubled and stitched with 10 inch girth. INSIDE GIRTH—1 3/8 inch single leather body 7 1/2 chaps. OUTSIDE GIRTH—7 1/2 inch single leather body, 7 1/2 inch chaps. BRIDELING—1 3/8 inch body with 1 inch tapered layer, 5 1/2 inch hip straps, 3 1/4 inch back strap and flax seed dock to buckle to back strap.

If you do not find it convenient to call, we will forward to your nearest express office on receipt of price. If not satisfied, we will refund the amount and pay express charges back. UNIVERSITY OF NEW BRUNSWICK'S MOST SUCCESSFUL YEAR

The Largest Graduating Class in Its History Turned Out Yesterday—Many Receive Engineering Degrees—Standing of the Students—Scholarly Addresses Delivered.

Frederick May 31-The library of the University of New Brunswick never held a larger or more brilliant gathering than that which assembled this afternoon to witness the annual convocation exercises.

The weather here had been cold and wet for upwards of a week previous to yesterday but the college closing always seemed to be favored by the elements and a little breeze from the west on the day of the exercises was certainly ideal and the formers Premier Tweedie Dr. Ingham, Dr. H. S. Bridges, Dr. MacLaren, Hon. G. F. Hill, B. C. Foster, Dr. Scott, Dr. Bailey, J. D. Hazen, Inspector Bridges, D. Thimney, Dr. Atherton and many others.

Three-fourths of those who composed the audience belonged to the fair sex and the pretty summer costumes lent a dash of color to the scene.

While all the addresses were of a high order that of Prof. Duff both in matter and delivery perhaps exceeded the others and called forth most favorable comment.

The graduating class this year numbers thirty, which is the largest in the history of the institution. Fourteen of the number took the degree of Bachelor of Engineering, while three of the graduates in arts are young women.

Chancellor Harrison conferred the degrees and when he had finished the pleas-ant task he briefly addressed the class, expressing the hope that they would walk in the way of the Lord and strive to live honorable and useful lives.

While all the addresses were of a high order that of Prof. Duff both in matter and delivery perhaps exceeded the others and called forth most favorable comment.

The intellectual Epicurean justifies his attitude by a perversion of the half-truth that knowledge is an end in itself, the fitted end for a nation being the good of the whole.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Ayer & Co. Lowell, Mass. U.S.A. In Use For Over Thirty Years

St. John's held but one eighth of the national wealth, while not one per cent of the remaining families hold more than the remaining 99 per cent.

"It is time to speak out. I have been in many ways closer to the sheer devilry of the thing than even yourself, and I can bear testimony to the truth of your portrayal. Men who deny it are liars. Men who do not know should keep their mouths shut."

"I am not surprised that the president's commissioners were shocked at what they found in this city. Speaking as one who knows the secrets of the packing business, there is no great difference between the conditions here and those in 'Packing Town.' Boiled hams are injected with chemical preservatives just as they are in Chicago, Formalddehyde and all the rest of the embalming fluids are used. Meat that cannot be used for any other purpose is put into sausage."

"The veterinary address was then read by Edmund H. Colclough, M.D., who has been in the city for some time. Dr. A. W. Duff of the Worcester Polytechnic Institute, then read the Alumni oration. Dr. Duff was complimented on his excellent oration."

Prof. McDonald's Address. The address in praise of the founders was delivered by Prof. Stewart McDonald, Ph.D., who took as his theme The Political Responsibilities of Educated Men.

Dr. A. W. Duff of the Worcester Polytechnic Institute, then read the Alumni oration. Dr. Duff was complimented on his excellent oration."

White said he had known before taking charge that something was wrong but he had no idea of the huge mountain of indebtedness in the office.

White on the Stand

The defendant was then called to the stand. He said he had been about six years in the company's office. He described his duties and other hours. When he took over the duties of cashier from S. A. Payne, he gave him a transfer sheet. He did not examine the sheet nor had he seen it since.

The defendant was aware there were back reports in the office, but did not know how many nor for what amount. When Payne went away he left about \$100 in bills and \$200 in silver in the office.

A bundle of reports sent by the defendant to the head office of the company were produced. The first of these was dated Jan. 9. The first item was \$135.40 credited to H. Horton & Sons.

The witness produced a check for this amount, which he had procured from Mr. Horton. This check was endorsed by S. A. Payne. There was another amount of \$18.13. There was a check for this amount also produced, endorsed by S. A. Payne. In the same report \$22.04 is credited to H. Hammond. This money, the witness said, he had himself received and given to Payne.

On Jan. 10 a report was sent in on which the following sums appear: McRobbie Shoe Company, \$183.32; W. F. Hathaway, \$125.75; W. T. Tupper, \$337.01; McLoughlin Carriage Company, \$14.64; and Louis Green, \$191.13. It was shown from the collector's books that these sums had been landed in to Mr. Payne between Dec. 22 and Jan. 3.

As it was 10 o'clock the court adjourned till 9.30 this morning.

The United Irishman, published in Dublin, split up and died some weeks ago.

ST. JOHN GIRL TO WED THE RECTOR OF PARRSBORO

Marriage of Rev. Herbert J. Johnston and Miss Bessie Upham Next Tuesday—Shipping News.

Parrsboro, May 31.—The Battle line steamer Mantine, Capt. McKinnon, arrived from Baltimore at West Bay this morning to load 400 tons of coal for the West Bay. This makes three dead steamers in West Bay.

Capt. David S. Howard has sold his term of office to R. B. Howard, of St. John, and Clarence Langille and others. The Aberdeen is a fine vessel of 410 tons and was built at this port, twelve years ago.

Rev. Herbert J. Johnston, rector of this parish, and Miss Bessie Upham, of this parish, formerly of Parrsboro, are to be married in St. John next Tuesday.

The news of Rev. Dr. Foley's appointment to the archbishopric was received here with mixed feelings. While his phenomenal record at the high honor he has received will deeply regret his removal from among them.

MT. ALLISON UNIVERSITY CLOSING EXERCISES

Sackville, N. B., May 29—The convocation exercises in connection with the University of Mt. Allison were held this afternoon and, as usual, were very largely attended.

LOCAL NEWS

The Church of England Synod will meet in Fredericton July 10. On St. John's Day, June 24th, the Mass of the Holy Trinity will be celebrated at the residence of Mr. Allison.

On Monday last Wm. Waters, of Westfield, was found with a bullet wound in the mouth of the Nerepis. The bullet was found caught in a shad net.

OBITUARY

George A. Stephenson, Westfield. George A. Stephenson, at one time engineer of The Daily Telegraph building, died Tuesday at Westfield after illness of more than a year with heart trouble.

ST. JOHN MARKETS

During the last week sugar went up ten cents per 100 pounds all round. With this exception the local markets have been quiet and steady. The following were the principal wholesale quotations yesterday:

COUNTRY MARKET. Beef, western, per lb., 0.08 to 0.09. Beef, butchers, per lb., 0.07 to 0.08. Beef, country, per lb., 0.06 to 0.07.

JAMES BELVEA, RESPECTED CARLETON RESIDENT, DEAD

James Belvea, one of the wealthiest and best known residents of the west side, died Tuesday aged seventy-nine years.

MR. BELVEA AND HIS WIFE AT THE TIME OF THEIR 50TH WEDDING ANNIVERSARY.

Mr. Belvea was of loyalist descent, and was made a freeman of the city, and one of the old gentlemen's most cherished possessions was the certificate.
