THE INTERNATIONAL ENJOYING A RUSH

Thomas Malcolm in St. John Tuesday.

The International Railway is establishing new records for a railway in the first season of its operation. There are not many lines of its size which find it necessary to run special trains almost daily in addition to their regular service, but this is the experience of the management of this road. Thomas Malcolm, the owner of the railway, who was in St. John on Tuesday, said that owing to the great rush of business the road is being kept remarkably busy and the traffic is

steadily increasing. The bulk of the business is supplied by the logging camps which, he says, have found the railway a great aid to their operations. The saving in time and expense in getting the men and supplies to the camps and getting the product out has given great stimulus to the lumber operations, and the cut in the distance served by the railway will be greater than it has ever been. One noticeable feature, he says, is the larger number of small operators engaged in the work, who were not able in the past to undertake the heavy expense of getting a crew to the woods and taking the logs out. The business promises to be profitable on account of the low expense rate and because of the way they are able to get all the possible revenue out of their cut. They are cutting not only the heavy timber but also telegraph and telephone poles, fence posts, railway ties and pulpwood. The

operators will take out 250,000 ties this winter, which is more than the whole province produced last year, and as the price has quadrupled in the last ten years, this, he declares, is a good paying business. Mr. Malcolm arrived in the city in his private car on the Fredericton train Monday morning and left for Campbellton by the Maritime express on Tuesday evening. He is accompanied by Mrs. Malcolm and Miss Ethel Malcolm and Miss Mackay of Bathurst.

CURLING CLUB WILL PLAY SCOTSMEN AT ST. JOHN

List of the Rinks for Medal Series

At a meeting of the curling club it was arranged to send a rink to St. John about 5th or 6th of January next to play the Scotchmen which will visit Canada. The members composing the rink have not yet been decided on, but we hope a strong side will be sent who will give a good account of themselves. Campbellton have also challenged for the McLennan Cup presently held by Chatham, and will contest the trophy holders with three rinks yet to be chosen.

CAR THIEVES HELD FOR BURGLARY

Wm. and Joseph Cyr Sent Down for Trial.

Two young men Joseph and Wm. Cyr were brought before Police Judge Matheson last Friday for preliminary examination on the charge of breaking into and stealing from cars in the I. C. R. freight yards. The accused it will be remembered were caught in the act of breaking in to a car by officer Dunphy of the I. C. R. police who placed them under arrest. On taking them to the station Joseph Cyr made good his escape but was later captured in his house through the instrumentality of Chief of Police Hughes and officer Savoie accompanied by officers Brown and Dunphy. On his re-capture Cyr made a statement to officer Savoie which resulted in the officers finding a quantity of the stolen goods, sugar, flour and butter in the homes of the two men. Mr. E. Rene Richard prosecuted on behalf of the Crown and evidence was led at the conclusion of which magistrate Matheson committed both men for trial at the first sitting of the high court.

HELD FOR ENQUIRY

Joseph Maguire to be Examined as to his Mental Condition.

At the inquest of Andrew Adams and William St. Onge overseers of the poor for the parish of Dalhousie, Chief of Police Hughes was granted permission to proceed to Joseph Maguire's farm at Colbrook situated about five miles from Campbellton, there to take into safe keeping Maguire who was thought to be crazy. Maguire it appears had been reported to be in destitute circumstances and was heard to make threats to take his own life while in the possession of two loaded guns. He has been a charge on the parish of Dalhousie for one month, and has lived alone for 27 years. His house was burnt last Spring and the chief found him lying on a pile of straw in the barn with no fire or food. As far as can be learned he has no relatives here. He was brought to Campbellton on Wednesday night and cared for in the lockup and on Thursday was taken to Dalhousie for examination as to his mental condition by Dr. Ferguson. The old man jealously guarded an ancient leather purse containing some old receipts one of them dating back to 1851. Some of these old manuscripts were scarcely decipherable. A subscription to the Graphic makes a very acceptable Christmas gift. \$1.00 to Canada or Great Britain and \$1.50 to United States addresses.

COUNCIL MEETING THURSDAY NIGHT

The town council met on Thursday evening under the chairmanship of His Worship Mayor McDonald. There were present at the opening of session, councillors Pinault, Mowat, Moores, Alexander and Lunan. Minutes of previous meeting read and confirmed. Communication received from Northern Electric and Manufacturing Company regarding fire alarm systems. Councillor White, entered the meeting. His Worship stated that he was endeavoring to get the Government to put in a large bell on the post office tower which we might use as a public alarm instead of the present iron whistle. Councillor Linant in a report regarding the new proposed crib wharf stated that the committee who had this matter under review had received tenders for this work amounting to \$3411 or if the town supplied the stone the wharf would cost \$2600. This would be used for a dumping ground and when filled in would give us a very valuable property right along the river front. This would give a wharf 180 feet along the river and 270 feet to the shore. It was moved and seconded and carried that this report be held (Continued on page 3.)

JACQUET RIVER

Decide Now.

What you will give him this Christmas and avoid the uncomfortable eleventh hour rush with its usual hurly burly jostling and inevitable extravagance.

Our advice is 'Give your men friends something practical.' Anything he can wear he will value.

MUFFLERS

In everyone's list of Christmas gifts mufflers are always included. They are indispensable to those who appreciate a stylish addition to their winter dress and are therefore the more appreciated when received at Xmas. Prices range from 50¢ to \$1.00 to \$3.75 the majority in fancy Christmas boxes.

Smoking Jackets and Dressing Gowns appeal to the home man. Get "Hubby" one.

If he is a shaving man a Shaving Set will surely please him. If he is not present him with one and he will get ambitious and shave himself for possibly he hesitates to "blow himself" an outfit.

Suspenders and Armet Sets are always appropriate and useful. Each set in suitable Christmas boxes, resorted prices.

MERRY CHRISTMAS

ASK ANY MAN

what he prefers in the shape of a Christmas gift, and his almost certain answer is "something to wear".

This season we are in a better position than ever to handle the coming holiday gift question as our stock has been very carefully selected and combines appearance and usefulness in every article.

Don't Puzzle.

Instead of puzzling your head as to what you should give him let us aid you with a few suggestions in appropriate yuletide gifts.

NECKWEAR

Few things "fill the bill" with so little devotion of thought as does an up-to-date tie.

We have an enormous range of this seasons very newest in Moorish and Persian designs in antique tapestry, Roman cross bars, bias stripes, diagonals etc, in both the narrow and wide shapes.

These comprise the very best and we have each in a holly wreathed box.

Leather Goods

We are showing something good in a fitted suit case, solid leather with moire silk lining.

Hand Bags in Leather

A collar bag makes a very acceptable yuletide gift. We have both leather bags and boxes for holding collars and cuffs.

SUGGESTIONS

Fancy Knit Vests

Collar Boxes

Military Brushes in Leather Case

Tie Pins and Cuff Links Neatly Boxed. Suspenders in Fancy Xmas Boxes

Neckwear

Pheonix and Silk Mufflers with box

Gent's Toilet Sets

There now remains only thirteen shopping days before Xmas, so an early thought on what would be the most suitable, means a wider assortment from which to select, and a certainty of giving him something he'll appreciate

ACTUAL STARVATION Facts About Indigestion and Its Relief That Should Interest You.

Although Indigestions and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good looking, good smelling, and good tasting food because it does not agree with them.

The best thing to do is to fit yourself to digest any good food. We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

RESTIGOUCHE HAS ONE PROGRESSIVE FARMER

R. Hicks Carries Off Prizes at Amherst Winter Fair.

It is indeed gratifying to us to learn that one farmer in this county has had the enterprise and courage to go into scientific live stock raising, and that his effort even in so short a time have been so successful is fully borne out by the fact that in competition with farmers from all over the Maritime provinces he has succeeded in winning a number of first prizes for his dairy cattle and has also earned a name for his stock all over these provinces which will mean much in dollars and cents to him. This farmer is R. Hicks of Dalhousie Junction and we are indeed happy to be able to congratulate him on his success, and trust that more of our farmers will follow his example.

B. GOODMAN

The new brick Store near Bank of Nova Scotia
Water St., Campbellton

By GEO. A. FORDEN

We're grown up now; we're getting old; we dress ourselves alone;
Our cribs are put away and we've a bedroom all our own.
It's next to Mother's room, of course, and she don't shut the door.
But if she should we wouldn't care - a great deal - any more.
We've left off curls for months and months; we just have baby plays,
And Mother says she's 'fraid that soon we'll lose our cunning ways;
But though we are so old and big, and though we always get
A lot of Christmas presents, still the thing that makes us fret

Is that, although
We've listened so
And watched and watched for Santa Claus, who brings 'em - do you know,
We've never seen him yet!

On Christmas eve, when we're in bed, 'way off alone up-stairs,
And Mother's come and tucked us in and heard us say our prayers,
And said "good night" and kissed us, and the lamp is just a spark
That makes the bureau and the chairs look knobby lumps of dark,
And great big shadows hide behind the open closet door,
And through the window-panes the moon makes patchwork on the floor,
And everything's so queer and dim and strange without the light -
Then 'twould be fun to snuggle down and shut our eyes up tight

So's not to see;
But, no street!
Old Santa's coming, and we've crossed our bodies and vowed to be
Wide, wide awake no matter what.

It's oh, so still! We try to talk, but always when we do
It sounds so loud and plain we're glad when every whisper's through.
In on the shelf of Mother's room the clock, that moves so quick
When daylight's here, now takes a week for every single tick.
The wind outside comes whirling round and whirling at the eaves,
And mocking at the shivering trees, all cold without their leaves.
We're certain sure we've laid awake, already, 'most a year.
We've 'fraid that Santa's skipped our house and isn't coming here

Then in the gloom
Of Mother's room,
That old clock whirs and starts to strike - we count, boom boom boom boom!
What's that? Oh, dear!

There never, never was a night before one half so long!
It's stiller'n ever now, the wind has hushed its crying song
And just hums soft and sleepy, and the bed feels warm and snug!
The moon's put out its lamp and there's no patchwork on the rug.
Our eyes feel sort of sticky, and we wink and wink and wink,
And we don't care to whisper now we'd rather lie and think
About old Santa, how he comes around through snow and wet,
And 'bout his reindeer team, and 'bout the things we're going... to get...!

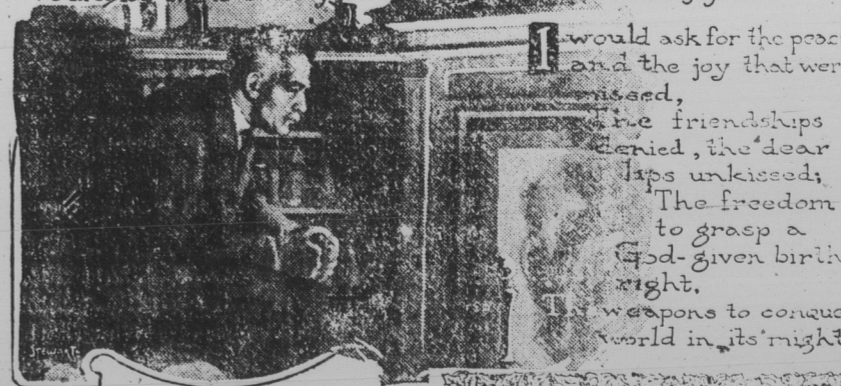

And why? well, say!
It's Christmas Day!
We fell asleep in spite of all; he's come and gone away,
And we've not seen him yet!

60 SANTA IN HEAVEN

BY FRANCES GILBREATH INGERSOLL

Could I but turn backward
old time in his flight,
And be as a child again,
just for one night,
With faith-as a child's in its
christmasy lore-
That the longest I craved
would be mine as of yore:

I would wish I might empty
the stocking of life,
Of all of its bitterness, envy,
and strife;
Heart-hunger and longing,
and sorrow and ruth;
And dreams unfulfilled of
faraway youth.

I would ask for the peace,
and the joy that were
missed,
the friendships
denied, the dear
lips un-kissed;
The freedom
to grasp a
God-given birth-
right,
weapons to conquer
world in its night.

The music and pleasure, the sunshine
and glee;
The beauty of living, the clear sight
to see
The chances of life, to few only
given:

To walk "bravely shodden" the path-
way to heaven.
When embers burn low on the hearth-
stone of fate,
And the whitening hair speaks the

flat "tis late,"
I'll pray - "Of thy 'children' tho'
poorest I be,
Dear Santa in heaven, forget not thou
me."

SEASONABLE THOUGHTS
No more chasing of rainbows, mad enough to sell her to the bees
We will cut down expenses but not
There isn't gold enough at the end to trust.
We shall decide that while we're
living in this old world we don't get
anywhere by winking at the stars and
over in the New Year, we shan't get telling them they'd suit us better.

THE CAMPBELLTON GRAPHIC

Campbellton Graphic
J. G. McCOLL, EDITOR
H. B. ANSLOW, MANAGER
Campbellton, Dec. 15th, 1911.

Our contemporary says:—
"The editor of our local contemporary seems to be determined that all temporary business buildings on Water Street be removed this month. It is quite evident he is a new arrival and lost nothing in the great conflagration here, while many of those he is after have been residents of our town for years and have in some cases lost their all. There is little likelihood that these places will be removed for the present."

We are glad to see that our remarks on this shack question are being taken to heart but these remarks were made in a broader sense than can seemingly be taken by some one-sided people. Personally it matters little to us what the council do in the matter. We only sounded a note of warning that they cannot play ducks and drakes with their bye-laws, if they do they show to the province that they are unable to govern their town when they take upon themselves the task of framing bye-laws for the benefit of the citizens and then break them themselves.

Our main contention is that all citizens are equal. The council therefore have no right to insist on one class of citizens keeping the letter and spirit of the building bye laws, and allow others to do as they please. It would be well for our friends to read this last paragraph again for in it is the crux of the whole question. We want fair play. We want the town governed in a proper business spirit and not in the tone of a Gilbertian Opera. We cannot hold the respect of the province if we so openly show that we are unable to frame workable bye-laws or if they be workable are too easy-going to enforce them.

XMAS EVE

There'll be many a black, black eye,
mother,
But none so black as mine.
You'll find me braving the hatpin
thrusts
At the head of the surging line.
I know they'll call me cruel, mother,
But I care not what they say;
For I am going shopping, mother,
The foremost in the fray.
You best wake and call me early,
Call me early, mother dear,
Tomorrow will be the busiest day
Of all this strenuous year;
Of all this strenuous year, mother,
The maddest, cruellest day,
For I am going shopping, mother,
So call me early, pray.

Taking Down The Stockings

"What did you get in yours,
Jesus—Molly?
"Look what I've got in mine,
Tom and Freddie!"
"A box of candied dates—"
"Gee whiz! A pair of skates—"
"An engine, cars, and track—"
"Oh, the poor jumping-jack,
broken already!"

"What did you get in yours,
Jesus—Molly?
"Look what I found in mine!
A talking dolly!"
"I'll show you how she cries!"
"Oh, look! She shuts her eyes!"
"Mittens—and slumber socks—"
"Tea-set—and building blocks—"
"Goody, how jolly!"

"What did you find in yours,
Grown-up brother?"
"Why not look in your own,
Little Mother?"

Too Late to Cheer.
No—leave my heart to rest, if rest it may;
When youth, and love, and hope have
passed away.
Couldst thou, when summer hours are
fled,
To some poor leaf that's fall'n and
dead,
Bring back the hue it wore, the scent
it shed?
No—leave this heart to rest, if rest it
may,
When youth, and love, and hope have
passed away.

Oh, had I met thee then, when life
was bright,
They smile might still have fed its
tranquil light;
But now thou'rt 'com't like sunny skies
Too late to cheer the seaman's eyes,
When wreck'd and lost his bark before
him lies!
No—leave this heart to rest, if rest

Since youth, and love, and hope have
passed away.

THE LOCAL NEWS

For additional local news see page 2.

A choice assortment of Confectionery, Apples, Oranges, Grapes, etc. Specially bought for Christmas trade at S. M. Moore's.

We were saddened on Wednesday evening by the appearance of our street illuminations. Doesn't an electric lamp on Water Street look swell?

CHRISTMAS DEMANDS IT

It won't seem like Xmas without Holly and Mistletoe. The Big Department Store just received a large quantity. Be first and get the choice, Marquis & Co.

A new light—A good light as well as dark colored shirts may be had at the fifty-nine cent counter. Bruce's Clothing Store.

BAPTIST CHURCH

The Rev. C. W. Townsend will preach next Sunday on the following subjects:—
Morning at 11, A precious promise. Evening at 7, A call for recruits.

The dry goods department, the largest department of the Big Department Store, has put on its Xmas appearance. Just opened up some of the swellest things and novelties for Xmas gifts ever shown. Marquis & Co.

Sloppy streets for Christmas shoppers.

In stock for Christmas trade, turkeys, Geese, chickens and ducks at very low prices. S. M. Moore's.

We understand they're selling things pretty cheap at Bruce's clothing Store.

A rare treat is in store for the literarily loving people of Campbellton, as Miss Jessie Margaret Atkinson, graduate of the Emerson School of Oratory, Boston, will again appear in the Opera House on Friday evening, Dec. 29th. Full particulars will appear later.

Men's stock of neckwear, braces and collars, especially bought for Christmas trade. S. M. Moore's.

The Graphic has received a handsome calendar from Messrs Ferguson Bros. Mens Outfitters.

Two steel lighters used in connection with the dredge St. Lawrence broke away from their moorings at the Government wharf late last week and were salvaged by the Point la Poudre men who are now after salvage for their work.

The soft weather of the past week has knocked the bottom out of the holiday trade.

Because the new electric light plant is already over added it is impossible for the electric light department to supply current for the street lights from the new plant. During the holiday shopping season the old plant will be used for street lighting. The new large engine is expected here shortly when it will immediately be installed so that many new connections ready to be connected will be able to get current.

Numerous rumors are flying around town as to the depredations of a gentleman who has earned the title of "Jack the Hugger." These rumors must have some foundation in fact as after eight o'clock very few pedestrians are found on our unpaved streets.

Do your shopping early and lighten the burden of the clerks and delivery teams during the last of the Christmas shopping.

The entire edition of the Graphic was sold early Saturday morning and a second edition of two hundred had to be run off.

PLEURO-PNEUMONIA AND BRONCHITIS

Brought Mrs. Baker to Death's Door. Father Morrirey's No. 10 Saved Her.

Of the many hundreds of cures wrought by Father Morrirey's No. 10 (Lung Tonic) few are more remarkable than the saving of the life of Mrs. John S. Baker, of 164 Rockland Road (North End), St. John, N.B. She wrote on Oct. 16, 1909:

"I wish to express my gratitude that I am living to-day, saved from the grave by Father Morrirey's No. 10 (Lung Tonic). This time last year I had pleuro-pneumonia and bronchitis, and had been given up to die, and had my lungs tapped in the City Hospital, and never expected to walk again; I was continually getting worse every day. I came home from the hospital, and everyone was watching for me to die. I tried everything but there seemed to be no cure for me.

"I began taking Father Morrirey's No. 10, and the second day I could eat without pain. I used 22 bottles of No. 10, as I was run down right into consumption, and for six months was just a shadow until I began to use it, and now I am in good health, and surprised most of my neighbors by gaining so quickly. I feel it my duty to publish it everywhere I can, as with all I can say I cannot recommend it too highly—it was a life saver to me, and I am very thankful to recommend it, as it is worth all it is said."

Father Morrirey's No. 10 is very different from the many preparations that simply relieve a cough. No. 10 relieves the cause of the cough, restores the membranes of throat and lungs to a healthy condition, and tones up the whole system, giving strength to resist future attacks.

Trial bottle 25c—regular size 50c. At your dealer's or from Father Morrirey Medicine Co., Ltd., Montreal, P.Q. 22

CHRISTMAS CAROL

W. Longfellow

I hear along our street
Pass the minstrel throng;
Hark! they play so sweet,
On their houthoys, Christmas songs!
Let us by the fire
Ever higher
Sing them till the night expire!

In December ring
Every day the chimes;
Loud the gleemen sing
In the streets their merry rhymes.
Let us by the fire
Ever higher
Sing them till the night expire.

Shepherds at the grange,
Where the Babe was born,
Sang, with many a change,
Christmas carols until morn.
Let us by the fire
Ever higher

Sing them till the night expire!
Those good people sang
Songs devout and sweet;
While the rafters rang,
There they stood with freest feet.
Let us by the fire
Ever higher
Sing them till the night expire.

Nuns in frigid cells
At this holy tide,
For want of something else,
Christmas songs at times have tried.
Let us by the fire
Ever higher
Sing them till the night expire!

Washerwomen old,
To the sound they beat,
Sing by rivers cold,
With uncovered head and feet.
Let us by the fire
Ever higher
Sing them till the night expire.

Who by the fireside stands
Stamps his feet and sings:
But he who blows his hands
Not so gay a carol brings.
Let us by the fire
Ever higher
Sing them till the night expire!

DON'T GIVE THE KIDS UGLY CHRISTMAS PRESENTS

In every human breast was implanted, with breath itself, an inspiring love of things beautiful—the beauties of nature, of art, of letters.

But this glorious gift has too often been trampled out of sight—beyond recovery—early in life by a precocious knowledge of things unreal, things abnormal, things unbecoming. This knowledge may have its beginning in babyhood days when unreal toys and hideously ugly dolls teach lessons never forgotten during a whole lifetime.

When you give a child ugly dolls such as Golliwogs and Punches, crooked men and bent women, you are robbing the child of his opportunity to see the beautiful in all humanity. You wouldn't give the baby a three-legged horse on Christmas morn, would you?

You don't want the little one to get the idea that elephants (pronounced e-felants) are without trunks?

There is no good reason for teaching baby that robin redbreast has a fierce expression—and is, perhaps, an ugly bird of prey.

So if you give picture books, see that the pictures in the books are of robin redbreast as he truly is.

Comic dolls may be all well enough. But grotesque dolls distort young minds.

If a boy, let's have a boy doll that looks like a good boy, a clean boy, a generous boy.

Let's give the kiddies a FAIR START.

Some of the little people will soon enough become pessimists or grouches without your helping the bad work along by presenting them with atrocious, impossible, repulsive, ugly replicas of human beings in the shape of doll babies.

Their Need.

"I suppose you are going to make some addresses this summer."

"Yes," replied the statesman. "I'm going to tell my constituents exactly what they need."

"And what do they need?"

"Me."

Author: "Now, I want your honest opinion. Tell me what faults you see in my book."

Friend: "Well, for one thing, I think the covers are too far apart."

"Her letter rejects me finally and forever."

"Sure it's final? Nothing between the lines?"

"There's only one line."

Nothing will cause another to lose confidence in you more readily than a broken promise. A promise should be a sacred duty just as a debt must be paid.

By STEPHEN LEACOCK, Illustrated by F. GRADRON

We live in a time when our morals sublime,
Will never allow us to sin. Sedate and austere,
We abhor Lager Beer
And start at the mention of gin—
When he who gets frisky on overproof whisky
Falls under a social indictment,
And learns to be gay in a protestant way
Without alcoholic excitement.
But oh! once a year take no thought of your soul
Here's Xmas, Old Xmas, come fill up the Bowl!

Let's drink to the Folly, the Fun and the Holly, the bright Evergreen Mistletoe
See that artful old Jade, the Ambitious old maid, as she stands with a
smile below
Come, come, be a man
Or pretend if you can
Don't dodge in the background to miss her
You're not such a very select Huckleberry, it won't hurt your morals to
kiss her!

Here's to Xmas, Merry Xmas, let's be wicked just for fun,
Let's be utterly abandoned, let's be morally undone,
Let us revel like the Devil, let's do anything that's tough
Bunt the slipper, fill the slipper, play the Wicked Blind Mans Bur
Let me hug the Beaming curate, let me kiss the maiden aunt,
Female cousins by the dozens that's the kind of thing I want.
Here's to Xmas, Rude old Xmas, with the frost upon the pane
Near the tinkle of the sleigh bells, Santa Claus has come again—

Romp them round in happy armfuls, fill them solid up with cake,
Isn't it an inspiration just to hear the noise they make
Out with care! away with worry! eat and drink your fill, oh, pahaw

Bring the presents, light the tapers, fetch the little children in
With their dancing eyes of wonder for the party to begin,
Romp them round in happy armfuls, fill them solid up with cake,

Out with care! away with worry! eat and drink your fill, oh, pahaw

COUNCIL MEETING
THURSDAY NIGHT

(Continued from page 1.)
over till next meeting until the Finance committee give their opinion on the finances of the town.

Councillor Lunan from Police and License committee recommended that the petition of John Morrisey for a restaurant license be not granted, also that the application of M. A. Allard for license for grocery store be granted on payment of license fee of \$10.00. After explanation by Councillor Lunan, report was received and adopted.

In a further report Councillor Lunan stated that the committee had several applications for police officer under consideration and recommended that if an appointment is to be made Timothy Mann, be named for the vacant post.

It was moved and seconded and carried that Timothy Mann be appointed police officer at \$50. per month, his duties to start at once.

In reply to councillor Moores councillor White stated that he did not think the policeman's wage was a very deadly one and thought that if the policeman took a hold of all the violations of the bye-laws they would soon pay their own salary. Councillor Mowat and Lunan also spoke on the protection of the town.

Councillor Mowat from the Electric Light committee submitted report recommending payment of a batch of accounts totalling about \$1200. Report received and adopted.

Councillor Alexander from Water and Sewerage committee reported that the work on the Sanson houses was being proceeded with.

Councillor Lunan moved that Mrs. Harris be paid the full month's salary of the late Police Officer Harris. Carried.

His Worship stated that he had communicated the result of last meeting to the I. C. R. which he stated was satisfactory to them.

Councillor Lunan asked if the town clerk had notified all the owners and occupiers of shacks to remove these from the Main Street by the 31st of December. The town clerk replied in the negative.

In reply to councillor White, councillor Mowat replied the street lights were not on owing to the committee having a great deal of trouble at first, and not having any one to thoroughly understand the working of the plant. The plant now was carrying the full load.

Councillor Lunan spoke of the saving to the town by trying to do without the stream plant which would mean a saving of \$15 or \$20 per night. Councillor White pointed out that this was a precarious position for the town to be in. During the last dark evenings we were saving this \$15 and laying the town open to an action for damages by some one falling and breaking a limb.

Councillor Mowat stated that the main trouble at the start was that a short circuit existed on the street lights which has now only been found.

Councillor White thanked Councillor Mowat for his explanation which was due the public. It was not generally known that to start up the old steam plant would cost about \$1000 and if this had been known by the business men of the town there would not have been the same feeling.

Council then adjourned.

DOCTORS HAD
GIVEN UP ALL HOPE

"Fruit-a-likes" saved my life

REV. J. J. PIERCE, Q., May 9, 1910.
"I look upon my recovery as nothing short of a miracle. I was for eleven years, constantly suffering from Chronic Dyspepsia and Indigestion."

I was treated by several doctors and they simply did me no good. During the latter part of my illness, I was so thin that I weighed only 90 pounds, and I vomited everything I ate.

The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. I received the Last Rites Of The Church. At this time, a lady strongly urged me to try "Fruit-a-likes". When I had taken one box, I was much better and after three boxes, I was practically well again, and had gained 20 pounds. I have taken 12 boxes in all and now weigh 150 pounds and am well.

Madame ARTHUR TOURANGEAU, "Fruit-a-likes" is the only medicine in the world made of intensified fruit juices and always cures Indigestion, gas, a box, 6 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-likes Limited, Ottawa.

We have a large shipment of No. 7 blue lined envelopes, good quality suitable for business correspondence which we are clearing out at \$2.00 per thousand, printed with your name, address, etc. Special price for larger lots. Price—Cash with order Address—The Graphic, Campbellton

BETHLEHEM TOWN

Eugene Field

As I was going to Bethlehem-town,
Upon the earth I cast me down
All underneath a little tree
That whispered in this wise to me:
"Oh, I shall stand on Calvary
And bear what burthen saveth thee!"

As up I fared to Bethlehem-town,
I met a shepherd coming down,
And thus he quoth: "A wondrous sight
Hath spread before mine eyes this
night—
An angel host most fair to see,
That sung full sweetly of a tree
That shall uplift on Calvary
What burthen saveth you and me!"

And as I got to Bethlehem-town,
Lo! wise men came that bore a crown
"Is there," cried I, "in Bethlehem
A King shall wear this diadem?"
"Good sooth," they quoth, "and it is he
That shall be lifted on the tree
And freely shed on Calvary
What blood redeemeth us and thee!"

Unto a Child in Bethlehem-town
The wise men came and brought the
crown,
And while the infant smiling slept,
Upon their knees they fell and wept.
But, with her babe upon her knee,
Naught recked that Mother of the tree,
That should uplift on Calvary
What burthen saveth all and me.

Again I walk in Bethlehem-town
And think: "on Him that wears the
crown
I may not kiss His feet again,
Nor worship Him as I did then;
My King hath died upon the tree,
And bathed in blood on Calvary
What blood redeemeth you and me!"

Five Mischievous Fairies at
the Ice Palace

No king's palace ever was so
gorgeous as the Ice Palace which is
built some winters on Dominion
square in Montreal.

No better place can be imagined
for five mischievous fairies to gather
than the great Ice Palace — to play
tricks on Lady Montague, Lord Mont
Royal and other folks who have no
titles at all.

No five fairies ever had a finer
time than Gnomie, Koboldie, Pixie,
Puck and Salamander on the night
of which we write — and we don't
know even half of the naughty things
they did.

Here's one: Gnomie pulled off
Lord Mont Royal's wig. A page at
the Mont Royal mansion on Sher-
brooke-st was blamed for this and
lost his job; but the fairies took
care of him.

Koboldie made Lady Montague's
side hair fall off her head right be-
fore the great crowd in front of the
windsor hotel — and the maid who
was discharged — was also taken care
of by the mischievous but kindly
fairies.

Pixie, Puck and Salamander ac-
tually stole the furs from the sleighs
of some very rich Canadians, as the
deaths waited around the Ice Palace.
Drivers who couldn't explain how it
happened suffered for this, but were
provided with work by the fairy
Skers.

And the five mischievous fairies
needed to have an inspiration, for
they began to take from the rich
and give to the poor.

But if they took an ermine cape
from a great lady and left it on the
porch of a washerwoman marked
"Saint Santa Claus," the ermine had
become wolf skin by the time the
washerwoman opened the package.

If braided horses' tails became un-
braided, and if unbraided names and
places became braided, woven into rich
carpets, no wonder that the fairies
were so busy.

For the fairies whenever
they were "fairly" in the ears of the
rich, they were "unfairly" in the ears
of the poor.

Of course it made big policemen
very angry, for they were sure that
the fairies were doing something
wrong.

But the police could find only one
way to explain all these strange
things — FAIRIES — but Monsieur La-
casse being a wise man, readily
understood that fairies were beyond
his ken, and the big policemen suffer-
ed no hardship, either. They couldn't
be expected to catch fairy culprits
could they?

Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality. And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions. The process of milling **PURITY** flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. **PURITY** is an ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves. Use **PURITY FLOUR** for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from **PURITY** than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR
"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a **HIGH-GRADE** flour must be. And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using **PURITY** flour. When making pastry, please remember to add more shortening than required with ordinary flour—for on account of its extra strength, **PURITY FLOUR** requires more shortening for best pastry-results. Yes, **PURITY FLOUR** costs slightly more than ordinary flour. But use it once and you'll say it's worth more—much more—than the difference. Add **PURITY FLOUR** to your grocery list right now.

CONFESSION OF J. B. MCNAMARA

Declares He Did Not Intend to Kill Anyone, But Only to Scare Owners.

Los Angeles, Dec. 5.—James B. McNamara's brief confession, penned by his own hand late yesterday, is as follows:

"I, James B. McNamara, defendant in the case of the people, having heretofore pleaded guilty to the crime of murder desire to make this statement and this is the truth.

"On the night of Sept. 30, 1910, at 5:45 p. m., I placed in ink alley, a portion of the Times building, a suit case containing 16 sticks of 80 per cent dynamite, set to explode at 1 o'clock the next morning. It was my intention to injure the building and scare the owners. I did not intend to take the life of any one. I sincerely regret that those unfortunate men lost their lives. If the giving of my life would bring them back I would gladly give it. In fact, in pleading guilty to murder in the first degree, I have placed my life in the hands of the state.

(Signed) JAMES B. MCNAMARA.

Los Angeles, Dec. 5.—J. B. McNamara gets life imprisonment, and J. J. McNamara fifteen years.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Ease Up At Weekly Papers

The postal receipts, last year, were more than a million dollars greater than the expenditure, and yet the exorbitant rate of one cent each on Canadian weekly papers sent to regular subscribers in the United States was retained. Labor Party and Lord's Day Alliance

Toronto, Ont., Dec. 4.—The independent labor party at its meeting at the labor temple, yesterday presented the action of the Lord's Day Alliance in saying that Sunday meetings for political purposes were illegal. Several of the speakers said the party was as much a religious body as any of the churches, that everything it was doing was for the uplift of humanity and the betterment of the Canadian working classes. Sunday was the only day that most of the men could gather together to discuss social and moral reform.

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria, and scarlet fever are contracted when the child has a cold. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

This Concrete Root Cellar Costs Less Than Wood and is Much More Durable

Cement is particularly adapted to the construction of Root Cellar floors and walls. Experience proves that for the farmer, Concrete is superior to wood in every point of comparison.

Concrete permits of a desirable degree of coolness without freezing. There is no question as to its durability. Concrete lasts, not for years, but for ages; and needs no repair.

Anyone who has scooped vegetables from the old plank floor will appreciate the fact that Concrete offers a smooth, continuous surface with no projecting plank ends or nails to damage the scoop or ruffle the temper of the scooper.

The various uses to which Concrete may be profitably put, on the farm, are plainly and simply in our 160-page book, "What the Farmer Can Do With Concrete."

Which shows how the following farm buildings and utilities can be constructed of concrete:

Barns, Clats, Dairies, Dipping Tanks, Feed-beds, Fences, Posts, Feeding Floors, Gutter-heads, Nests, Hitching Posts, Horse Blocks, Houses, Post-Grates, Walls, Stables, Stalls, Stalls, Steps, Tanks, Troughs, Walks, and so forth.

NO CAUSE TO DOUBT

A Statement of Facts Backed by a Strong Guarantee.

* We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Reckall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Reckall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes, 12 tablets 10 cents, 38 tablets 25 cents, and 80 tablets 50 cents. Remember, you can obtain Reckall Orderlies in Campbellton only at our store—The Reckall Store.

Mr. Gordon Dickie and Mr. Leslie Edwards were the guests of Mrs. J. Danville last week.

Mr. Calm Brown and Miss Jessie Campbell were the guests of Mrs. Clarence Edwards one evening last week.

Some of the farmers have been losing their hens lately, which were taken by a large owl. It seems too bad that this owl cannot be caught.

Mr. Wesley Edwards was the guest of Mr. Peter Wafer Sunday evening.

Mr. Guilford Pike has returned to his home in Ecuminae, and we are sorry to hear he is not well.

Miss Ruby McDonald spent a few days at her home in Nouvelle last week.

BLACK POINT

The weather for the past few days has been extremely fine and the roads are in a good condition.

Owing to the scarcity of water some of the farmers were compelled to sink their wells deeper in order to attain the necessary supply of water for their stock.

Mr. Alpheus Ward has purchased a new grain crusher and is doing excellent work with it throughout the neighborhood.

Congratulations are extended to Mr. E. McMillan of this place and Mr. Marley Kent of Bathurst, who have just returned from a hunting trip bagging with them two, five moose and one deer; the largest of the moose having a fifty-two inch spread of antlers.

Mrs. A. Ward, Miss Ida McCurdy and Miss Maggie Ward paid a visit to Campbellton on Friday.

Mr. Wm. Savage of Nainville has opened up a first class open air skating rink which is a boon to winter sports.

Mr. Edgar Black and Miss Maggie E. Ward were the guests of Mrs. A. Dickie on Wednesday evening.

NAVAL BATTLE

How 5000 Cowboys Captured the Spanish Fleet.

Proz, who was the first President of the Republic of Venezuela, was perhaps the only man who ever fought a naval battle on horseback. It is a matter of history that he, to whom more than any other man, apart from Simon Bolivar, Venezuela owes her independence, actually attacked and captured with his cavalry a fleet of ships.

Bolivar was endeavouring to cross the Apure River in the struggle for independence, but was prevented from doing so by some eight Spanish gunboats, which moved up and down the stream as he did. Bolivar was in despair for a while. To Proz, who was second in command, he appealed for counsel, saying that he could never cross the river so long as the Spanish gunboats were there. "If only I could capture them," the revolutionary leader observed, "the rest would be easy."

Proz decided that he would have these ships or die, and he accordingly told his regiment of cowboys to follow him. Proz himself had been a cowboy on the plains of the Orinoco, and was the idol of his men. So when he spurred his horse into the stream, calling on his men to follow, of the 2,000 cowboys and their mounts, which are taught to swim as well as to gallop, there was not a single man to hold out in this unique assault upon the gunboats. It being night, the Spanish fleet were taken quite unaware. The cowboys wriggled from their saddles to the decks of the vessels, letting their mounts swim back to shore. Having thus cut off their own retreat, it was a question of win or die. They fought well, and every gunboat was captured.

The Butter Trade of Canada.

In the year ending 1910 Canada shipped only 4,615,380 pounds of butter, worth \$1,610,274. Canada's imports of butter on the other hand amounted to 687,454 pounds, worth \$104,301.

Imports into Canada last year are given below, with the rate of duty that had to be paid on commodities into the country; and also with the changes in the rate which would be effected under reciprocity.

Prince Arthur as Footman.

Prince Arthur of Connaught who will probably come out to Canada with his father, or "young Arthur," as he is usually known about the Court and to his intimate friends, was once stationed at Aldershot, where some engagement had prevented him from changing into the prescribed uniform before going to a State ball.

Consequently he turned up in a suit of ordinary dress-clothes. One of the ladies—she is fairly well known in society—was departing, when she saw what she took to be one of the Court footmen, and ordered him, in none too polite terms, to find her carriage for her.

His Royal Highness fell into the spirit of the joke, and promptly did as he was told. The lady's carriage was summoned, when, to his utter astonishment, she pressed half a sovereign into his palm, remarking, "I know I am quite wrong in doing that, but don't say a word about it; I hope you will shortly improve your position!"

Very Convenient.

An enterprising builder was one day in conversation with several friends, when he was accused of using inferior materials in the construction of houses which he had recently built.

"I know I am quite wrong in doing that, but don't say a word about it; I hope you will shortly improve your position!"

"But," said one of the listeners, "by convenient day ye say."

"Oh, haud yer wheest till I explain. When first I cam' to bide in Mr. Jerry's house, I had to rise i' the middle o' the night an' open the door to let out the cat; but the cat can gang oot an' come in noo thro' the cracks, an' I've saved a lot o' bother."

When a man goes out to buy a collar he comes back with a collar, and perhaps a necktie or two. When a woman starts out to buy a collar she returns, exhausted with a new silk blouse, a pair of gloves, some shirt bindings, a cake of soap, a paper of pins, some window curtains, a sewing machine, and a mangle.

An expert states that all one needs to do to put out a gasoline or kerosene fire is to put foam on it. He does not say so, but we presume the foam means to imply that all one always well to have a mad dog around the house to supply the foam.

Winnipeg's Growth.

Winnipeg, 25 years ago a Hudson's Bay trading post, now ranks fourth in Canada's industrial centres, manufacturing output, 1906, \$1.3 millions; output, 1910, 26 millions; increase of 200 per cent. in 10 years.

THE SPIDER'S SECRET

A Great Scientist Says It Would Take Four Million Combed Threads To Make A Silk Thread The Size of A Hair.

For a long time the web of the spider was supposed to be a simple strand of wavy silk, but later it was found that such was far from being the case.

Under the microscope we can get at the secret of the spinning very nicely. We see that there are either four or six tests on the spider near the lower part of the abdomen, almost exactly similar to the tests of a cow. From these issue four or six strands as the case may be, but these strands themselves are not simple, but are composed of at least a thousand fibers each, for it has been proven that in each test there is a sieve of at least a thousand holes through which the silky matter is strained. Thus we see that fine as is a spider's web it is yet composed of front four to six thousand fibers. Leuwenhoeck states that it would take at least four million of the completed threads to make a thread as strong as a silk thread of the size of a hair.

However, there are some tropical spiders that spin threads known to be very strong; so strong, in fact, as to be able to catch and hold humming birds.

As to the color of the thread, our ordinary spiders spin one of a uniform gray color; but in the tropics there are found spiders that spin var-colored webs. One particularly produces red, yellow, and black threads, which it blends together with a pleasing color effect.

In the thread of the spider lies dormant a great industry once it is properly studied. Numerous attempts have been made to utilize the threads for cloth to make clothes, etc. All have been so far doomed to failure—anyhow, as a financial proposition. It is related that Louis XIV had a dress made from spiders' web, but which was so fragile that he became disgusted with it. The entomologist D'Orbigny had made for himself a pair of trousers from the webs of tropical spiders which lasted for a long time.

It would seem that even if the web was too fragile to make the fabric entirely from, it could be mixed with silk or something equally strong and produce a new and gorgeous material for our present-day goddesses.

A Contest of Wits.

"Goethe was so often intruded upon by the curious in his home in Weimar that one day, made impatient by the determination of an unknown Englishman to force an entrance, he suddenly ordered his servant to show him in. The Englishman entered. Goethe planted himself erect in the centre of the room, his arms crossed, his eyes on the ceiling, motionless like a statue. Surprised for the moment the stranger soon comprehended the situation being in the least disconcerted, he put on his glasses, walked slowly around Goethe, inspected him from head to foot, and went out."

The Indian.

That the Indians were more often for love than the white man; that the only difference between so-called civilized men and the so-called uncivilized was in their explanations; that Indian women as a whole are better treated than the white women; and that the wife of a college professor has a harder time than an Indian squaw; that no woman reaches the pinnacle of her art until she has married and borne a child; that to be an Indian and a teacher is better than to be a wage slave in the inferno of commercialism—these and other things are the ideas of a number of the men who have spent a number of years among the Indian Reserves in Canada.

We Eat Too Much.

Canadian men and women eat and drink too much. I see nightly men and women drinking very liquor and eating great quantities of rich food for dinner. And after the show I see them eating and drinking as heartily as if they had not eaten and drunk. Is it any wonder that stout men and women of wealth are so gross of figure and so heavy of feature?"—Mlle. Marthe Lencic, Parisian star.

Better Will Try For Diamond Sculls.

Butler, the crack Tugboat sculler, will compete in the Diamond Sculls at the Henley regatta, and so good an authority as "Joe" Wright says he has an excellent chance of winning. Butler sailed in June from Quebec. The Ottawa eight sail by the same boat.

Butler has a new cedar shell, which was built by Sims, the famous English boat builder. It weighs 24 pounds, and Butler is delighted with it. He is having another shell built by Sims, which will be ready for ash on arrival at Henley.

Sayings of Confucius.

"Study without thought is vain; thought without study is dangerous." "Love is an empty vessel and is to be filled. Could we but compare self, and turn to converse for but one day, all mankind would turn to love." "The man who seeks the truth cannot exist the truth." "To rank his effort above the truth may be called love." "A gentleman is pleasant and pleasant to others. The vulgar are pleasant to themselves and not pleasant to others." "A well-ordered man is not long and the daughter of the chief of police of a big eastern city was married. The next day it was understood that the vulgar were pleasant to themselves and not pleasant to others."

A Well-Ordered Man.

Not long ago the daughter of the chief of police of a big eastern city was married. The next day it was understood that the vulgar were pleasant to themselves and not pleasant to others."

CANADA'S CHRISTMAS STAMP

The Campaign for 1911 is on, and Needy Consumptives all over Canada are Rejoicing.

As Archbishop Cody expressed it at a meeting of the Citizens' Christmas Stamp Committee in Toronto, a few days ago, the Christmas Stamp, now issued each year in aid of the Muskoka Free Hospital for Consumptives, has become one of the institutions of the country.

Three years ago the movement was set on foot in Canada by the National Sanitarium Association, following the idea that first originated in Denmark, which was a year later taken up in the United States, and quickly spread to Canada.

The idea itself is very simple, though the results show how big it is. That "good oaks from little acorns grow," \$11,000.00 being realized from the sale of stamps in 1910, a sum sufficient to care for forty patients at the Muskoka Free Hospital for Consumptives. This year it is hoped that \$25,000.00 may be realized to assist in this great life-saving work which is ever becoming more urgent.

The out in the corner of this article shows the design of the stamp for 1911, though the original is in three colors.

This stamp does not carry any mail. One wants to remember this, though, as it has been epigrammatically expressed, any mail will carry it. The idea is for everyone to use this stamp in their correspondence between now and the end of the year. This plan will serve the two-fold purpose of helping to realize the \$25,000.00 for the aid of needy consumptives, and will besides possess an educational value that can hardly be overestimated.

The stamps are on sale to-day in book stores, drug stores, and elsewhere in almost every town and city in Canada. Clergymen, Public School teachers, Sunday School teachers, Bible Class workers, Daughters of the Empire, and organizations of many different kinds are assisting in the work of spreading the sale of this little stamp. Each stamp costs only one cent, so that it becomes possible for everyone to have some part in this great battle against consumption.

We have every pleasure in urging our readers to make much use of this little messenger of healing for the next thirty days.

HARD ON FATHER.

Croquet Season Is Opened Again and Papa Knows.

Again the croquet season is with us.

One notices it first, when papa comes home from lodge. He slips in the side gate and walks across the lawn so as not to disturb the log. He weaves his way carefully toward the door where a light is dimly burning.

There is a slight touch on his right leg about four inches above his ankle. He doesn't notice it.

The next instant he is on his face, his nose investigating the intricacies of a flower bed, while with his other hand he upsets a stand full of flower pots.

"What in the lovely, charming, pleasant and agreeable circumstances is this?" asks papa.

The dog bays a mournful answer to the moon. A window is opened and a sharp voice says:

"Come in, house, you fool, before you fall over another croquet wicket."

Then father knows the croquet season is on and he hurries to breakfast next day that if Willie forgets to bring in the wickets at night he'll burn the darned outfit.

For the next few weeks the boys and girls come over and plant their heels in the flower beds and play rove among the geraniums. In the evening, sometimes, papa will play a game with mamma just to square himself for the nights he goes to lodge.

THE KING'S THRONE.

Hard to Say Which Is the Real Throne.

The King may be said to have a suite of thrones. He shall we say a set of "occasional thrones"—on each of which he probably sits at least once. Certainly he only sits on a single occasion upon one of them—that is the Coronation Chair in Westminster Abbey—the worn-out, battered, long-footed old oak settee which contains the Stone of Destiny, and upon which all the King's predecessors since Edward I. have been crowned. That chair, might, perhaps, claim to be the throne of the Empire, as it is infinitely the most ancient, and inasmuch as the King must sit upon it to be crowned.

It is not at all likely that the King would sit upon it often, even if it were in his "ain inch-rock," because it is an extremely uncomfortable chair. It stands, year in and year out, in the chapel of Edward the Confessor, where it was first placed by Edward I., and it is only removed for the Coronation, when, covered with gold brocade, it is set under the lantern, between the choir and the altar.

Probably the throne most familiar to the public is the great creation which stands upon a dais in the House of Lords. It is often mentioned in the newspapers quite apart from the opening of Parliament—the only occasion upon which it is actually used as a seat. Often a phrase like this occurs: "Mr. John Burns, who is greatly interested in this bill, listened to the debate from the steps of the throne." A beautiful rail separates this "Royal seat of Kings" from the faithful peers.

BRITISH STANDARD BEARER.

Lieutenant Harrison, the tallest officer in the British Army, will carry the standard of the Royal Horse Guards Blue in the Coronation procession. The standard was presented to the Blues by King William on August 12th, 1831, Queen Adelaide's birthday. The last time it was carried was the first Jubilee of Queen Victoria, when the Queen went from Slough to Windsor.

AFRICANS LIKE UNIFORMS.

Much money is made out of costumes for Africans. Traders and exporters to various parts of the "Dark Continent," where they are exchanged for palm-oil, ivory, skins, and other merchandise. It is by no means an uncommon sight to see a swarthy savage dressed in the uniform of a policeman and wearing the regulation helmet of the force.

A Grand Store.

A Georgia woman who moved to Philadelphia found she could not be contented without the colored mammy who had been her servant for many years. She sent for old mammy, and the servant arrived in due season. It so happened that the Georgia woman had to leave town the very day mammy arrived. Before departing she had just time to explain to mammy the modern conveniences which the new apartment was furnished with. The new apartment was the colored woman's most interesting feature. She had lighted the oven, the water and the other burners and felt certain the old servant understood her operations, the mistress hurried for her train.

She was absent two weeks and one of her first questions to mammy was how she had worried along.

"De fimes' ever," was the reply. "And dat air gas stove—oh my! Why do you know, Miss P'ence, dat fire ain't gon out yet."

A REVIVAL.

William A. Sunday, quondam professional revivalist, closed the evangelistic season of 1910-11 the other day with \$70,697.77 to the good as a result of his year's work "winning souls to Christ."

This return for about ten months' work more than the president of the United States has drawn for the same time. It is evidence that from a monetary standpoint evangelistic work is more profitable than playing professional baseball. The Rev. Mr. Sunday recently renewed an offer to go back to the "majors" once more. The inducement was but \$500 a month.

Seven thousand a month looks better to Billy. Besides he thinks he can do more good in the world preaching than playing ball.

During the past season Billy Sunday broke all evangelistic records for money earned.

BALANCE THE WRONG WAY

United States Exports of Manufactures.

An examination of the trade statistics of the United States throws an interesting side light upon the country's present overtures for reciprocity with us. For the nine months ending September, 1910, their exports of domestic merchandise of very kind were \$1,193,321,512, of which \$210,490,966 were manufactures for further use in manufacturing, and \$401,844,594 were manufactures ready for consumption. The sum of these two, \$612,335,560, accounts for 51 per cent. of all of their exports put together. But this is not crediting the exports of manufactures with a class known as "freight," partly manufactured, which are valued at \$189,159,192. If we regard this also as legitimately forming a part of the exports of manufactured goods, it means that for every thing the United States exported for the nine months ending September last, manufactured goods amounted to over 60 per cent.

GLADSTONE'S FAVORITE

GRANDCHILD

"It Is Vain for You to Rise Up, Sir."

The announcement of the engagement of Miss Dorothy Drew to Lord Gladstone's A.D.C. recalls the fact that Mrs. Drew was the favorite grandchild and companion of the late Mr. W. G. Gladstone. She has been the subject of many pretty stories, can be taken to the effect that she once possessed the G.O.M. on a Biblical subject. The famous statesman was trying to induce her to get up earlier. "Why don't you get up, my child?" he asked. "Why, grandpa," replied Miss Dorothy, "didn't you tell me to do what the Bible says?" "Yes, certainly," said Mr. Gladstone. "The little girl then merely copied her Bible at Psalm cxxviii, and over the second verse: 'It is vain for you to rise up early.'"

RICARDO'S REPLY.

Professor Nichols, a famous physicist, during the recitation of a freshmen class in "natural philosophy," observed that the Norman French of Edward the Confessor is still, in a way, the legal voice of Parliament. When ever a Bill has passed the British Commons, the Clerk, before he forwards it to the House of Lords, writes upon it according to ancient usage: "Soit baillie aux Seigneurs" (Let it be sent to the Lords). If it is sent from the Peers to the Commons, it bears the like endorsement: "Soit baillie aux Communes" (Let it be sent to the Commons).

French Language Used in England.

Though we are, in the twentieth century, the Norman French of Edward the Confessor is still, in a way, the legal voice of Parliament. When ever a Bill has passed the British Commons, the Clerk, before he forwards it to the House of Lords, writes upon it according to ancient usage: "Soit baillie aux Seigneurs" (Let it be sent to the Lords). If it is sent from the Peers to the Commons, it bears the like endorsement: "Soit baillie aux Communes" (Let it be sent to the Commons).

SAFETY ON INDIAN RAILWAYS.

Immunity From Accidents Compare Favourably With English Railways.

Immunity from accidents is the first thing that strikes the reader of the annual statistics of Indian railways just published. They give the number of passengers killed from causes beyond their own control as 0.01 per million of passengers travelling, or an average of 1 in 4,478.23 millions of miles travelled, reassuring figures enough for even the most timid. During 1910 forty people were killed by accidents to trains, rolling-stock, or the permanent way, while 292 were injured. Accidents due to other causes such as carelessness on the part of the travellers, trespassing, or the like, swelled the totals of killed and injured to 1,857 and 1,664 respectively. The proportion of killed and injured is striking, but it is rendered more so on looking at the figures which apply to the United Kingdom, where we find that last year there were totals of 1,035 killed and 23,884 injured over a mileage of 23,380. India, with a length of track 10,000 miles more than the United Kingdom can, therefore, infinitely boast of comparative freedom from accident.

Last Call.

Professor Leacock tells the following story about a young man who sometimes drank more whiskey than was good for him:

He had been making a night of it, but had forsaken his companions. He was acquainted with an undertaker named George, and got the crazy notion of calling on him in the morning that he must see this particular man. Accordingly, he found George's undertaking establishment, over which George had his sleeping apartment.

The intoxicated young man rang and rang George's bell, and at last awoke him. The undertaker put his head out of the window, expecting to find that his funeral services were being called for. Instead, he recognized his friend Frank.

"Well, Frank," he exclaimed crossly, "what do you want?" "What do you want?" said Frank, "that you're the best man in the business with."

CAMERON MADE LONGBOAT QUIT

Amherst, Dec. 6.—Two thousand people saw the Cameron-Longboat race tonight. Longboat took the lead at the first, but Cameron passed him on the second lap, and then a dashing sprint took place between the two runners, ending in Cameron maintaining the lead for three miles.

The spectators witnessed a splendid struggle for supremacy between the two runners. Longboat at the opening of the fourth mile dashed to the front and for a time the hearts of the Cameron men sank, but the Amherst boy was there with the goods and ran the famous Indian clean off his feet, taking the lead again and kept traveling at a pace so rapidly that by the time the fifth mile was reached he had gained a full lap. The Indian then took the lead and for two miles the race was uneventful. Cameron's lap in advance trailing at Longboat's heels. The splendid running of the two men brought the crowd to their feet and it was Longboat who first slackened his gait and Cameron landed in front and began to increase the distance between him and his competitor.

Early in the tenth mile Longboat withdrew from the race and Cameron finished in great style.

The time by miles: 1st, mile, 4:35; Cameron leading; 2nd, 10:20; 3rd mile, 16:37; Cameron leading; 4th mile, 21:10; 5th mile, 26:46; 5th mile, 32:11; 7th mile, 37:55; 8th mile, 43:41; 9th, 47:30; 10th mile, 54:12.

If you are troubled with chronic constipation, the mild and gentle effect of Chamberlain's Tablets makes them especially suited to your case. For sale by all dealers.

"DADDY'S GIRL"

Are you one of the hundreds who have written to The Globe for a copy of "Daddy's Girl"? This is probably, without a single exception, the most popular picture ever published in Canada.

A few years ago The Christmas Globe published a limited number of them. The demand was so great that every copy was ordered before it was put on the market.

A sample copy of this picture, which is from a photograph of a child with the sweetest and most expressive face that can be imagined, may be seen at this office.

To see it is to want it. This beautiful picture will be given free with each new subscription or renewal sent in for the Weekly Globe and Canada Farmer before December 31, 1911.

Remember the edition of this picture is limited, and the first come the first served.

The Weekly Globe and Canada Farmer has been enlarged, staff of writers increased, and many new features have been added. Those improvements are in keeping with the progressive management that has made The Daily Globe one of the first half dozen newspapers on the continent. The Weekly Globe and Canada Farmer, with its Illustrated Magazine Section, has always held a foremost place among the metropolitan weeklies in Canada. It will now be classed with the best on the continent. When the Illustrated Magazine Section, with its forty or fifty pictures of current events every week, is taken into account, it is certainly a lot of reading to be given for only one dollar per year.

MANUAL TRAINING

FOR INDUSTRIAL HOME

At the regular meeting of the Governor's of the Boys' Industrial Home held in St. John, it was decided to secure a manual training teacher for the boys as soon as possible. This action follows out the suggestion made by the superintendent in his last annual report.

An unsuccessful attempt was made on the 6th to burglarize the New-castle freight shed.

According to Government Estimates

\$100,000,000.00

was made in Western Town Property during the year 1909

Did you participate in these huge profits or did you "pigeon hole" the propositions submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient judgment to recognize the opportunity or sufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this or that property at \$100 or \$500, and now it is worth \$10,000." The average person sneers at the person who makes such a statement and says: "I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot at Poe, Alta., at from \$50 to \$100 each, or are you going to be the man who will have from \$1,000 to \$10,000 in cash as a result of having bought property in this town in this year of grace, 1911?

POE A COMING COMMERCIAL CENTRE

Poe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Saskatoon. It is located in one of the finest farming districts in Western Canada. The surrounding country is settled by a progressive type of farmers and consequently will become the market centre for Northern Alberta. Poe district possesses rich coal mines, is close to rivers and lakes and large forests are easily accessible from this point. These natural resources insure for the residents of the town, first, low cost of living, and second, great commercial activity, two essentials in the upbuilding of a large town, thus creating valuable real estate.

POE AS A MANUFACTURING CENTRE

This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kind employing large numbers of people. The rivers and lakes furnish water, the coal fields and forests furnish fuel and, cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost.

The town is located on the main line of a transcontinental Railway, assuring the necessary transportation facilities. These combined conditions will furnish cheap labor, one of the most important features of a manufacturing centre.

Poe is a Good New Town in which to engage in Business or a Profession

Poe townsite was recently placed on the market and already over 200 lots have been sold, and many of these lots have already changed hands at a substantial increase in price. Most of these lots were purchased by representative business men throughout Canada, who are now profiting by their foresight.

The townsite is high and dry and very suitable for building purposes.

OPPORTUNITY

is useless unless you possess the courage to act. You might possess great wisdom, you might read a good deal or travel much and thus see all kinds of opportunities to make money, but unless you have the courage to act on your judgment and wisdom all of these desirable qualities are entirely useless.

Lots in Poe are a good investment at present prices. The town is bound to grow rapidly. Owing to the easy terms of payment you have the ability to buy and if you do not buy now it is because you are lacking in courage, and the chances are you will never be like the man you now admire most, rich, courageous and wise.

TORRENS TITLE

Poe townsite is held by us under the Torrens system of title. Under this system the title is guaranteed by the Government, therefore absolutely safe.

PRICES AND TERMS

Prices of lots range from \$50 to \$300 each, and they can be purchased on terms of one-tenth cash, balance in eight equal monthly payments; or quarter cash, balance in six, twelve and eighteen months.

INFORMATION

We have issued an attractive circular giving full information pertaining to the town and its prospects, together with map showing lots for sale. If you wish to receive this attractive circular, cut out and fill in the attached coupon and mail.

SOCIALISTS DEFEATED BY FUSION

Democrats Support Republicans on Second Ballot in Los Angeles.

The second ballot in Los Angeles, California, held on December 5th, between the Socialist and Republican parties only, resulted, in round numbers, in a Republican vote of 84,000 and 52,000 for the Socialists. The first ballot had resulted as follows: Socialists, 20,000; Republicans 16,000; and Democrats, 8,000. Since the first vote was taken about 85,000 women were added to the voting population. Three-quarters of these are said to have gone against Socialism.

You will find that druggists everywhere speak well of Chamberlain's Cough Remedy. They know from long experience in the sale of it that in cases of coughs and colds it can all ways be depended upon, and that it is pleasant and easy to take. For sale by all dealers.

A PROGRESSIVE CITY

The proposed new charter of the city of St. John, which has been submitted to the citizens by the committee in charge, is a good example for other towns to follow. If the draft as submitted is approved, St. John will be governed by a Mayor and four commissioners, each of whom shall be a salaried officer and shall have control of one department of affairs. The Mayor's term of office shall be two years, and that of the commissioners four, two new commissioners to be elected along with the Mayor every second year.

Any one qualified to vote is also qualified to hold any office, that is, PROPERTY QUALIFICATIONS OF CANDIDATES FOR MAYORALTY AND COMMISSIONERSHIP IS TO BE ABOLISHED.

Two elections—primary and secondary—are provided for. If there are more than two full sets of candidates in the field, all run at the primary, and if no one gets a majority of all the votes polled, a second election must be run two weeks later, between the two leading parties. Twenty per cent. of the number of voters who voted at last election may, upon petition, have any bill of their own submitted to the electorate—THE INITIATIVE. Twenty per cent. may, within ten days after the passage of any civic ordinance other than such as relates to the immediate preservation of the public health, safety or peace, demand a vote upon such legislation—THE REFERENDUM. Fifteen per cent. may demand a vote upon the RECALL of the Mayor or any commissioner.

The Council shall be the Board of Health for the city, and, subject to the Initiative, the Referendum and the Recall, shall have full powers to govern the city. Four shall form a quorum. Meetings must be weekly. St. John thus proposes to adopt the latest legislation, recently installed by Washington, Oregon and California, and other parts of the United States, who in turn copied largely from Switzerland, Australia and Europe. It is true that the other towns of New Brunswick began to adopt similar modes of democratic government. We should abolish Property Qualifications for public offices and adopt the Initiative, the Referendum and the Recall, and thus secure a more prompt, more efficient, more economical and more economical government. New castle Union Advertiser.

Canada, the pride of all,

THOUGHT IT WAS CANCER

"Fruit-a-lives" completely restored me SYDNEY MINES, N.S., Jan. 25th, 1910. "For many years, I suffered tortures from indigestion and dyspepsia. Two years ago, I was so bad that I vomited my food constantly. I also suffered with Constipation. I consulted physicians, as I was afraid the disease was cancer, but medicine gave only temporary relief.

I read in the 'Maritime Baptist' about 'Fruit-a-lives' and the cures this medicine was making and I decided to try it. After taking three boxes, I found a great change for the better and now I can say 'Fruit-a-lives' has entirely cured me when every other treatment failed, and I reverently say 'Thank God for 'Fruit-a-lives'."

Know an Auto From Hood to Tires

Expert knowledge of automobile construction is essential to car owners and drivers alike. To the owner it means certainty when judging a car, and a great saving in cost of up-keep. To the driver it means a greater demand for his services, a larger salary, and a permanency of position. To both it means knowing if a car is right, and, when not right, exactly what to do and how to do it.

All this valuable knowledge is set forth in the Automobile Course of the International Correspondence Schools—the most thorough and practical Automobile Course in the world. The subjects covered are: Gasoline Automobiles, Gasoline Automobile Engines, Automobile Carburetors, Electric Ignition, Transmission and Control Mechanisms, Bearings and Lubrication, Automobile Tires, Automobile Operation, Troubles and Repairs, Overhauling and Repairs—information that enables you to thoroughly understand any auto, from hood to tires, and how to handle it.

This Course has been prepared by recognized experts actually in the business. In other words, it is practical as well as theoretical.

To learn about it, and how you can most easily become an automobile expert, write today to

SUPREME COURT MEETS

The Northumberland Circuit Court, Hon. Justice White presiding, opened on the 5th instant.

Mr. E. P. Williston was clerk of the court and other barristers present included Attorney-General Grimmer, A. A. Davidson, T. W. Butler, R. A. Lawlor K.C., and C. J. Thomson.

The following grand jury members were subsequently sworn in:—G. Percy Burchill, foreman, D. S. Creighton, Percy Russell, R. H. Moody, Chas. Dickson, Thomas Maltby, Charles Sargeant, W. H. Belyea, John Morrissey, Jr., Dennis P. Doyle, J. J. McNeeley, J. A. Boudreau, S. D. Heckbert, Chas. Dickens and John Godfrey.

In his address to the jury, His Lordship said that it was a source of satisfaction to find that the criminal business was not of a very serious character. Two cases comprised the docket and both were relevant to the other. The case of the King on the complaint of Wm. M. Loggie, against Robert Brown, on which the grand jury was asked to deliberate, charged assault, causing actual bodily harm and assault and beating. The second case was that of the King, on the complaint of Wm. M. Loggie and Leslie Loggie, against Robert Brown. His Lordship said that the cases were of such a character that the jury might consider them together. The same witnesses in the first case were requisite in the second.

Justice White took occasion to refer to the condition of the court house, and declared himself to be ashamed of the building. It was a matter of surprise to him that in the county of the wealth and influence of Northumberland such a building was permitted to fulfill the functions of a court house. His Lordship had no hesitation in

declaring the building to be the worst in the province and said it would have a derogatory effect on the children of the school nearby as the scholars would naturally acquire a poor idea of the dignity of law. Moreover the present building was a menace to the health of those called upon to be present. When court was in session and a large number of gentlemen in attendance there was one of the greatest breathers of disease that could exist. For the credit of the country, for the best interests of the country, it would seem that an adequate structure should be erected and no time should be lost in completing the preliminary details. His Lordship said it was within the province of the grand jury to make a recommendation in the matter. He felt that the people of Northumberland when fully conversant with the prevalent condition would deem it expedient to see that the administration of justice was carried out in good healthy environments. In respect to the convenience of the date of sitting the judge also pointed out to the jury that they could bring in a recommendation re this matter. He had no doubt that a more satisfactory arrangement could not be made. The Attorney General was present and he could be made acquainted with charge desired. The grand jury then retired.

Mr. Lawlor read the naturalization papers of Louis Reubenstein, Israel D. Greenberg, Max Orlanshly and Judah P. Schacter. Mr. C. J. Thompson read the naturalization papers of Louis Rosenberg, Peter Grossman and Newton Fran.

The grand jury on retiring announced that they could find no true bill against the accused in the case of the King against Brown. R. A. Lawlor, K.C., represented the accused.

Court resumed on Wednesday morning at 10 o'clock. In the civil suit of Judson B. Hogate against Daniel Buggie and nine-

teen others. Mr. E. P. Williston appeared for the plaintiff and Messrs. Lawlor and Davidson for the defendant. Much interest centres in the case. The application of Mr. Williston to postpone the hearing until Thursday morning was granted by the court. It appears that certain parties bought a stallion from the plaintiff who is suing for payment. Mr. Gregory of Fredericton is associated with Mr. Williston for the plaintiff and the case was opened before His Honor and a jury on Thursday morning.

On Thursday evening the case was adjourned until Dec. 12th instant.

When you have a bilious attack give Chamberlain's Tablets a trial. They are excellent. For sale by all dealers.

A RIDICULOUS INJUSTICE

A Montreal despatch of the fourth instant says that on that day judgement was rendered by Mr. Justice Charbonneau to the effect that members of a religious order having taken vows of perpetual poverty and obedience, were disqualified from making use of the electoral franchise and the names of sixteen persons attached to the order of the Clerics of St. Viator, engaged in teaching at the Rigaud Roman Catholic College, must be struck from the electoral lists of that district. The court in giving its decision said that despite the qualification of the sixteen clerics to vote, owing to their culture and education the law must be maintained and they must be disqualified on the grounds of earning capacity as they had no income.

This decision is evidently in accordance with the law of the province of Quebec, where no undue hostility to the disqualified teachers would be expected because of their religious faith. But the law itself is ridiculously unjust.

Here there are sixteen well-educated persons who, while not, technically speaking, in receipt of an income, are daily pursuing a laborious occupation in the service of the people of whose children they are in charge. That they receive no salary other than what is barely necessary for their needs does not lessen the value of their work to the community. All laws imposing property qualifications for voters and officials and all other such restrictions upon citizens should be abolished. Even in Newcastle property qualification is demanded of Mayor and Aldermen and a clergyman is disqualified for both offices. This is not as it should be. Any respectable citizen, whom the majority of the voters desire to represent them, should be eligible for office. Let us take a leaf out of St. John's book and bring our municipal constitution up to date. (Newcastle Union Advocate.)
