A long-continued drought, the secon longest on record, marked the weather of September in Ontario. There was hardly any growth during the month, and leaves were beginning to fall from the trees owing to lack of moisture. Little fall plowing has been done, and pastures are very poor. DISPLAY SEE EXHIBIT OF THE **NEW "KABO" MODELS** IN OUR DUNDAS ST. WINDOW.

The influence of fashion has made decided changes in corset models-the change from the rounding figure and curves to straight lines and the hipless form has made a great reformation in corset styles, and this window display of new "Kabo" models will convince you that the makers of this corset are wide awake to the demands of fashion.

Your tailor or dressmaker cannot give you a new fashion plate form on an oldstyle corset model.

These new "Kabo" models will be on display all this week in our Dundas street window. See them, and also examine the qualities in our Corset Department - Third Floor. Take elevator.

Every Canadian who follows public affairs knows that several of Mr. Borden's lieutenants have been discredited by "frenzied" financing in the Canadian West.

These men were members of Mr Borden's entourage during his western trip in 1904. They invited Mr. Borden to join them, and when he takes credit to himself-properly enoughfor his refusal, he virtually censures their conduct.

Presidential Candidates Clasp Populace of the Restless Isle Anti-Trust Prosecution Is Feared Hands and Drop Politics for an Evening.

Chicago, Oct. 7. - W. J. Bryan and Canea, Island of Crete, Oct. 7. - A

Mr. Taft, having delivered a speech at the opening of the deep waterways convention in the forenoon, went to Galesburg, Ill., to deliver another address during the afternoon, and returned to Chicago tonight after the banquet was well under way.

Intense interest in the meeting had been manifested since it first became known that the two candidates were to meet in public, and every seat in three banquet halls, thrown together for the occasion, was filled when the first course was served, save only a commodious chair reserved for Mr. Taft. Those at the speaker's table during the speech-making included: David R. Forgan, Mr. Taft, President Richard C. Hall, of the Chicago Association of Commerce; Mr. Bryan, Governor Dineen, of Illinois, and President Kavanaugh, of the Deep Waterways Associ-

An ear-splitting shout gave warning of the arrival of Mr. Taft. Mr. Bryan, in common with everyone else, rose and looked toward the entrance. Mr. Bryan, who ceased in the destruction of some sort of a chop suey masquerading under a French name, turned his head slowly as his political rival drew near, smiling slightly.

The dramatic moment which had been anticipated with such deep interest was soon over. Mr. Bryan's hand awaited that of Mr. Taft. A single lingering pressure, a word or so which none could overhear because of the tumult, and the Republican leader on to a chair at the right of Mr. Hall. The cheering continued for a minute or so after those at the

speakers' table had taken their seats. When talking in ordinary tones became possible the two candidates entered into an animated conversation, in which President Hall joined. The speches of both Mr. Taft and Mr. Bryan were non-partisan. This was in consonance with the wishes of the Chicago Association of Commerce, which ts a non-partisan organization.

When the last course of the dinner had been served both of the distinguished guests were kept busy signing menu cards, which were passed over the mat of orchids in front of their section of the speakers' table. in good-natured disorder. ROSS' FURS Manufacturer and Retailer

SOMETHING TO REMEMBER

Early buying of Furs has its advantages when dealing with people who manufacture and who do not require to sell at slaughter prices in the spring. It is an apparent fact that merchants who slaughter goods in the spring must overcharge in the fall in order to make up for losses. We have eliminated these methods out of our business, and only recognize straight dealing and one price based on cost of manufacture.
