

DEMOCRATIC MAJORITY IS 42 HOUSE OF REPRESENTATIVES

Republican Rout in the Elections in the United States Yesterday Proved Most Complete.

REPUBLICAN SENATE MAJORITY IS AT THE VANISHING POINT

New York and Ohio Delivered Body Blows to the G. O. P. and Roosevelt—Today's Latest Figures.

THE SITUATION.
The Democrats when the newly-elected members take their seats in March next will control the House of Representatives by a majority of over 40. The present Republican majority is 43. Thus the Democrats will be able to block any legislation initiated by the Republican President, W. H. Taft, who has still two years of his term to fill. The Republicans appear tolerably assured of a majority in the Senate, although the returns which are coming in may wipe this out also.

In the United States a president is elected every four years, and members of the House of Representatives every two years. One-third of the Senate is elected every two years by state legislatures. The Republicans will control both branches of Congress until March, when the new House of Representatives meets.

[Associated Press.]

Washington, Nov. 9.—The sweep of the political tidal wave, which rolled over the United States yesterday, is further emphasized by additional returns and revised figures at hand today.

The Democratic majority in the House of Representatives will be at least 42, and possibly more, as compared with the present Republican majority of 43. Added to the reversal in the lower branch of Congress, the morning returns showed the Republican majority of 26 in the United States Senate rapidly approaching the vanishing point, although the Republicans are now reasonably assured of 48 senators, or one more than the necessary majority, with a number of states to hear from.

NOTABLE CHANGES.

The most notable changes from those presented last night are summed up as follows:

In Ohio a Democratic Legislature has been elected, insuring a Democratic successor to Senator Dick, Republican, and the plurality of Governor Harmon is increased to 60,000.

The West Virginia Legislature is Democratic, and will elect a Democratic senator to succeed Senator Scott, Republican.

In Indiana the Legislature, which chooses a successor to Senator Beveridge, is in doubt, with the Democrats claiming a majority of 12, and the Republicans maintaining that Beveridge will have a small majority.

Iowa Uncertain.

Iowa is still uncertain with both sides claiming the governorship.

The Pennsylvania Legislature is safely Republican and will elect a Republican successor to Senator Oliver. Washington has a Republican Legislature, which appears to insure the election of Miles Poindexter to the Senate.

The Utah Legislature, which elects a United States senator, is also Republican, while that of Montana is in doubt.

Indications point to the election of the Republican candidate for governor of California, Hiram Johnson, by a heavy plurality.

Incomplete returns from Oregon indicate the election of the Democratic candidate for governor, Oswald West, by a small plurality.

Dix Has 65,000.

The Missouri Legislature, which elects a United States senator, is believed to be safely Democratic.

Aside from the main developments of today, the results already announced remain practically unchanged. The plurality of John A. Dix, Democratic, in New York, is now approximately 65,000. Mr. Dix carried the entire Democratic state ticket with him to victory.

The plurality of Woodrow Wilson, Democrat, in New Jersey, is now placed at 20,000, and of Judge Baldwin, Democrat, in Connecticut, at 3,500.

Result at Frisco.

San Francisco, Nov. 9.—The Republicans won a decisive victory all along the line in California. Indications point to a heavy plurality for Hiram W. Johnson, the Republican gubernatorial candidate over Theodore Bell, Democrat.

The Panama-Pacific exposition tax and the San Francisco fair bond amendment were ratified by a heavy vote.

Oregon in Doubt.

Portland, Ore., Nov. 9.—Although hardly 10 per cent of the vote in Oregon has been counted, Oswald West, Democrat, and former railroad commissioner, is believed to have been elected governor over Jay Bowman, Republican, by a plurality of from 2,500 to 5,000.

The indications are that Oregon has gone "red."

Claim Ohio.

Columbus, Ohio, Nov. 9.—The Democrats are now claiming the election of the whole state Democratic ticket from Governor Harmon down, with the possible exception of Attorney General.

Roosevelt Silent.

Oyster Bay, Nov. 9.—Theodore Roosevelt has not a word to say today as to the results of the election. It was said at Sagamore Hill that not only did he have nothing to say, but that no statement was forthcoming for an indefinite period.

Colonel Roosevelt has shut himself off from the outside world. When an attempt was made to reach him today he sent out word that he would see no reporter at Oyster Bay.

Colonel Roosevelt said several days ago that he would stay at home to rest for some time, and that he would not go to New York until Nov. 17. During the winter he said he would probably make trips to various places about once a month to fulfill speaking engagements, and would go to his editorial office in New York twice a week.

In Wyoming.

Cheyenne, Wyo., Nov. 9.—Returns from the state are still far from complete, but there seems to be no doubt of the election of Former U. S. Senator John S. Carey, running as a Democrat, for governor.

RESULT WILL MEAN BUSINESS PEACE

Governor Dix Says Yesterday's Triumph Will Improve Conditions.

WILL TAKE A REST

Left for Adirondacks and Will Not Go to Albany for Some Time.

Thomson, N. Y., Nov. 9.—"The will of the people has been heard. The triumph of Democracy will tranquillize conditions and bring business peace."

That was what Governor-Elect Dix said he believed would be the result of the great Democratic landslide just before he left here this morning for a rest in the Adirondacks.

Governor-Elect Dix has no definite plans for the next two weeks. He does not exactly know when he will go to Albany. He admitted before he whirled away in his automobile before Saratoga Springs, where he took the train bound mountainward, that perhaps he would stay in the woods ten days or more, perhaps only a week.

Revised Returns.
Boston, Nov. 9.—Revised returns for governor from the entire state are: Eugene H. Foss, Democrat, 220,148; Eben S. Draper, Republican, 187,161; Foss' plurality 32,987.

The next legislature will stand as follows:
Senate—Republicans 25, Democrats 15.

House—Republicans 128, Democrats 111; Socialists 1.
In joint session the Republicans will have 152 to 136 votes for the Democrats to re-elect Senator Tuck.

Chancellor Day.
Syracuse, N. Y., Nov. 9.—Chancellor James R. Day today commented on the election results as follows:

"I am resigned to the defeat of Mr. Stimson, because I believe that it is the beginning of the end of that infamous democratic slander of our country which has paralyzed business and humiliated us before the civilized world for the last half dozen years."

"The people have declared that the old nationalism is good enough for them. It is not a Democratic victory. Tens of thousands of Republicans have turned to the Democratic party for refuge from the deluge of revolutionary insurrection championed by Roosevelt, which threatened the old foundations of our glorious republic."

Smallpox Claims Three Victims.
The plague continues to spread through Saginaw and other places.

Saginaw, Nov. 9.—Smallpox claimed three victims. A man, woman and young boy died yesterday. Several more cases are in quarantine.

At Chasaning.
Chasaning, Mich., Nov. 8.—The solitary case of smallpox which developed in this city last Sunday morning will not prove fatal to the victim.

Berne Jubb, say physicians who are in attendance. Although the condition of the patient is serious it is believed he will recover. Five families on the outskirts of the city, who were exposed to the plague, have been placed in quarantine, and Tuesday the health board ordered a general vaccination of all public school children.

No More Commissions.
"It is the custom at present to give societies and organizations that form excursions a commission. This will be abolished, and should prove an advantage, as it will remove all possibility of monetary returns for boosting these excursions."

As for better train connections for outlying points, our case did not appeal to the association as strongly as we had hoped. However, they state that they will look into the matter, and perhaps do something for us.

On the C. P. R.
"The C. P. R. men told us that they had run an early morning train into London from Chatham, but the volume of business did not warrant its being continued, and it was cancelled. There is a probability that it will be resumed, however. I understand the same was true with the Grand Trunk on the Sarina branch."

We do not expect a great deal for some time in the way of improved railway connection, but the association has now something to think about on these lines, and it may result eventually in much good.

We were well received, and on the whole, it was a profitable move.

THOMPSON ELECTED.
[Special to The Advertiser.]
Detroit, Nov. 9.—The election of William B. Thompson, Democratic candidate for mayor, is conceded. Figures reported to the Democratic city committee from 48 completed precincts give Thompson 11,237 and Owens 9,145, a majority of 2,092 for Thompson.

A LABOR SLATE IS LIKELY FOR MUNICIPAL ELECTIONS

Labour Bodies Throughout the City Taking a Vote On the Subject — Names of Several Prominent Union Men Mentioned as Probable Candidates.

The Trades and Labor Council will probably have a slate in the coming municipal elections.

At the last meeting of that body, the question was introduced, and the various labor organizations throughout the city are now voting on it.

Several of these bodies have already decided in favor of running a ticket. At present Ald. Rose is the only representative of labor in the council.

Many union men are of the opinion that they could elect two or three more aldermen.

Among the names of possible candidates are: Mr. H. B. Archer, Mr. Joseph L. Goodburne, Mr. Joseph T.

Marks, Mr. James E. Donnelly, Mr. John Jacobs, Mr. W. O. Rose, Ald. G. E. Rose.

Some Rumors.
It is said that an organized effort is being made amongst a number of prominent citizens to run a slate for the January poll, but it is not known just who are behind the move.

As a matter of fact, it is not the Citizens' Municipal League. It will be remembered that seven aldermen were elected last January on that ticket. Since that time there have been signs that the league representatives were not seeing eye to eye on many questions, and as a result the organization may cease to exist. Practically all the members of the league ticket in the council will run again, but their efforts will be largely along individual lines.

The Real Estate Association will not have a slate. They have been watching the situation very closely, and will support the best men available.

TRIAL FOR EDWARD JARDINE BUT CROWN FREES BROTHER

Former Will Be Tried at the Spring Assizes On Charge of Having Murdered Lizzie Anderson—No Evidence Against Thomas.

[Special to The Advertiser.]

Goderich, Nov. 9.—Thomas and Edward Jardine, accused of the murder of Lizzie Anderson, were brought up for trial before Police Magistrate John Butler this morning. The proceedings were very brief. L. E. Dancy, acting for the prisoners, addressed the court briefly, and was prepared to accept committal in the case of Edward Jar-

dine, but would proceed with the trial of Thomas, his brother, as an accessory.

Crown Attorney Seager said there was not sufficient evidence against Thomas Jardine, and on behalf of the crown withdrew the charges against him. Edward was taken back to the county jail to stand his trial at the spring assizes.

EXPERTS ARE WARMLY SCORED IN SPEECH OF JUSTICE RIDDELL

Says Kind of Testimony Often Given in Court Is a Disgrace to the Profession—Often Swear to Mere Opinions.

[Special to The Advertiser.]

Toronto, Nov. 9.—Before the Academy of Medicine last night Hon. Mr. Justice Ridgell delivered a remarkable address on the "Medical Man as a Witness." His scolding of medical expert witnesses was vigorously applauded by hundreds of students.

Among other things he said: "The old fable, that there are three kinds of liars—the liar, the d—liar, and the expert witness—had its origin, and derives its truth, from this kind of expert evidence, that is, opinion evidence. And it should be conceded that most of its vogue comes from the performance of the medical witness."

Are a Disgrace.
"It is not a low pressure. There is, there can be no doubt, that the extraordinary antics of some called as

medical experts are, in many cases, a disgrace to the profession, and that it is hard to reconcile their conduct with any other theory than that they are in the category of superlative liars—that they are worse than even detective liars."

"I have heard medical witnesses giving testimony which certainly was a tissue of lies. I do not doubt that they have been given their liberty. I have heard medical witnesses giving testimony which certainly was a tissue of lies. I do not doubt that they have been given their liberty. I have heard medical witnesses giving testimony which certainly was a tissue of lies. I do not doubt that they have been given their liberty."

BABY BOY TUMBLES INTO BOILING WATER

Was Playing About Mother Who Was Engaged Washing Clothes.

The two-year-old infant of Mr. and Mrs. Jas. Smibert, of the eighth concession London Township, was seriously injured yesterday by falling into a tub of boiling water.

He was badly scalded about the hips and back, but is expected to recover.

The child was playing in a room in which his mother was engaged in washing clothes, and in running about stumbled into the tub. Dr. McNeill, of Arva, was called.

THE ELECTION TURNOVER MAY HELP CANADA

Republicans Likely to Make Greater Concessions to Secure Reciprocity.

[Special to The Advertiser.]

Ottawa, Nov. 9.—Reciprocity between Canada and the United States is likely to benefit from the Democratic victory in the United States. The Republican party has always been the high protection party, and the Democrats for years the party of lower tariff and freer trading. The feeling here is that yesterday's turnover in the American House of Representatives and the reduction of the Republican majority in the Senate will improve the chances of any reciprocity agreement, being endorsed by Congress. It is quite possible, too, that Messrs. Hoyt, Pepper and Foster, who are representing the United States at the Ottawa negotiations may feel that the declaration of the American people yesterday will warrant their going further in making concessions to Canada than was at first intended.

Indian Listers.
The fact that they were unaware of their names being on the Indian list did not save William Adams and Joseph Bertrand from the consequences of being intoxicated. Bertrand was fined \$10 and 21 days, while Adams was soundly lectured by Magistrate Love and bailed to appear again.

MINERS ENTOMBED BY BIG EXPLOSION

A Report That Five Lost Their Lives in Colorado Coal Pit.

SEVENTY ARE MISSING

Rescue Car is Rushed to the Scene of Trinidad Catastrophe.

Trinidad, Colo., Nov. 8.—Between 50 and 70 men are entombed in mine No. 3 of the Victoria American Fuel Company at Delagua, 22 miles north-west of Trinidad, as the result of an explosion today.

Fifty men came out unharmed through mine No. 2, which is connected with mine No. 3. Reports from nine officers state these men did not know of an explosion in No. 3. If this report is true, the explosion, which saved the entrance to No. 3, did not extend far in the mine, and the men far within the workings may be unharmed.

It was at first reported that the men had caught fire and every available man was hurriedly notified to rush to No. 3 for rescue work. The normal working force of the three mines worked by the company is 275, of which a majority are employed in No. 2. On account of election day the force was much reduced.

One report is that five men were killed and four injured at the mouth of the mine when the explosion occurred.

These men, it is believed, were engaged in rebuilding the tippie, which was recently destroyed.

The disaster follows closely on a similar one in this field that cost the lives of more than 50 men.

The Government coal mine rescue car left Denver for Trinidad. The car arrived in Denver from Chicago last Sunday, and since that time has been on exhibition at Denver. Besides a crew of several men, in charge of C. J. Roberts, of the United States bureau of mines, the car is well equipped with life-saving apparatus.

BISHOP DETERMINED THAT ALL SHALL BE EDUCATED
His Lordship of London Made an Address at Sandwich Yesterday.

[Special to The Advertiser.]
Windsor, Nov. 9.—"I am determined that all the boys and young men in my diocese shall be enabled to receive an education which will fit them for success in life," said Rt. Rev. M. P. Fallon, Bishop of London, addressing the alumni of Assumption College, at the annual gathering yesterday.

It was the only remark he made that could be construed into a reference to his recent arraignment of the bilingual school system, which is now being investigated by the Ontario Government as a result of his statements.

Bishop Fallon warmly commended the staff of Assumption College, assuring them that they will at all times receive his hearty co-operation and expressing the hope that the college may grow to such an extent as to make the erection of several new buildings necessary. As a practical means of assisting the college he contributed \$1,000 to the fund for the memorial chapel erected by the alumni two years ago.

More than 100 former students were present at the annual gathering. Following high mass, which was celebrated in the morning by Rev. Peter McKeon, of London, and the alumni sermon by Rev. Albert McKeon, of St. Columban, Ont., came the annual banquet, at which Rev. Father Van Antwerp, of Detroit, presided.

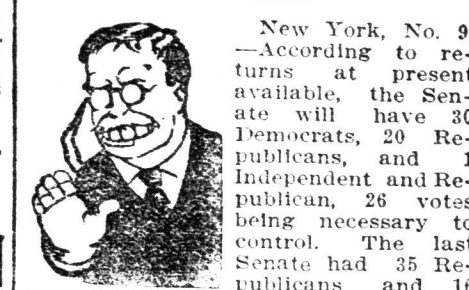

Officers elected for the next two years are: President, Rev. M. Cummingford, Pinkney, Mich.; first vice-president, Rev. D. Foster, Mount Carmel, Ont.; second vice-president, Rev. G. Maurer, St. Clair Heights, Mich.; chaplain, Rev. J. Dowdle, Grosse Pointe Farms.

Cannot Remove Priests.
By action of a recent decree of the consistorial congregation at Rome, Italy, the removing power of Roman Catholic bishops will hereafter be limited by an advisory board composed of two diocesan clergymen.

Roosevelt's Candidate Was Turned Down By Big Majority.

A BIG VOTE WAS POLLED

Herbert Parsons Was Ousted By Democrat—Roosevelt Lost on Whole State Ticket.

New York, Nov. 9.—According to returns at present available, the Senate will have 30 Democrats, 20 Republicans, and 1 Independent and Republican, 26 votes being necessary to control. The last Senate had 35 Republicans and 15 Democrats.

Dix is elected governor by a large majority.

Seventy-six members are needed to control the assembly. The Democrats elected 87, and the Republicans 63. The last assembly numbered 84 Republicans, 54 Democrats, 1 United Citizens' League member, and 1 elected by the Independence League.

New Leaders.
Thomas F. Conway, as lieutenant-governor, will preside over the Senate with indications pointing to the election of Senator Thomas F. Grady, for many years minority leader, as leader of the Democratic majority. Senator Henry W. Hill, chairman of the finance committee, and Senator Geo. A. Davis, chairman of the judiciary committee, both failed of re-election in Buffalo, while Senator Frederick M. Davenport, who was one of the foremost advocates of direct nominations in the upper House, was defeated for re-election.

The assembly will choose a new speaker to succeed James W. Wadsworth, Jun., Daniel L. Frisbie, the Democratic leader, and former lieutenant-governor. Leads S. Chanler probably will be candidates, while Edwin A. Merritt, Jun., of St. Lawrence, is likely to find himself the choice of the minority as leader, he having led the Republicans when they were in the majority.

Mr. Dix as governor will be called upon to fill vacancies in the state.

AN INNOCENT MAN HALED INTO COURT

Well-Known Athlete Promptly Acquitted of Charge of Brutal Assault.

Several days ago an intoxicated man was knocked down by a vehicle at the corner of Dundas and Richmond streets, and slightly injured. When he had revived somebody with a perverted sense of humor informed him that a Greek panpot vendor had run him down with his pushcart.

Willie Ghitigias, who was tending his uncle's gutter stand, accordingly fell a victim to the anger of the intoxicated party, the boy receiving a severe beating.

Gus Ghitigias, who controls a double corner in peanut and popcorn street, witnessed the assault on his nephew, and undertook to bring the guilty person to justice. Under a misapprehension, he lodged an information against the man, who is now being investigated by the police.

The latter was charged with the assault in the police court this morning. Foster, who was represented by Mr. Jared Vining, produced evidence which clearly showed that he was working in an East End factory at the very time the offence was committed, and Magistrate Ghitigias acquitted him. The Greeks are still on the warpath, however, and the police will endeavor to discover the real culprit, and bring him to justice.

AN ALIMONY SUIT

Lady of This City Charges Her Husband With Cruelty.

Mrs. Sarah Nelson, formerly of Wallaceburg, but recently of this city, has commenced an action through her solicitor, Mr. T. H. Lombard, for alimony, her husband, John Nelson, junior, of a bank in Wallaceburg, being the defendant in the action. It was thought that the case would be ready for the non-jury sittings which commenced on Monday next, but the matter will in all probability go over until the January assizes now. Mrs. Nelson alleges that her husband treated her in a cruel manner.

BISHOP FALLON PRAISED
Orange Chaplain Extends London Ecclesiastic for His Stand.

St. Catharines, Nov. 8.—Rev. John Colbourne, Grand Orange chaplain for Ontario West, addressing the Orangemen and Sons of England here, declared that the Ecclesiastical Conference in Montreal was the greatest influence in favor of the Protestant religion that this generation has seen.

Speaking of the bilingual schools, he said he thanked God that the Roman Catholic Church had produced a man like Bishop Fallon, who had the courage to speak out his mind against these schools because he knew it was for the good of the children of his church.

NEWS AT A GLANCE

Happenings From the Whole Country Told Briefly.

In Ottawa during October there were issued 63 building permits, representing buildings of an estimated value of \$438,925. In October, 1909, there were 72 permits, the estimated valuation being \$341,169.

John E. Brennan was given over to the custody of Jailer McDougall at Brockville, Ont., to serve one month in default of a fine of \$50 imposed by the police magistrate of Gananogue, who found him guilty of supplying liquor to a man on the prohibited list. Riding on the backs of sheep, and injuring the animals by doing so, was the charge to which three young boys pleaded guilty in the juvenile court at Ottawa. The magistrate imposed a fine of \$2 and \$2 costs, which he suspended over the would-be Buffalo Bills pending their future good behavior.

That Ottawa's milk supply is at present very good, reported by Food Inspector Hollingsworth to the board of health. Out of 361 supplies of milk collected during the summer for inspection, there were nine deficient in butter fat, and 29 in total solids. In all cases the real reason that milk was not up to the standard was that some of the dairymen do not properly stir it. There is no adulteration whatever, and the dairy farms in the district all comply with sanitary conditions.

Subscriptions to the Salvation Army building fund at Brockville now amount to \$4,019.

At Richmond, Que., work has been commenced on the roof of the new G. T. R. shops which are now under construction. It is expected that they will be ready by Feb. 1.

Dr. J. E. Macpherson, of Metcalfe, has been appointed house surgeon at the Ottawa Civic Hospital. Hospital to succeed Dr. Fenton, who has gone west. He is a graduate of Queen's.

Consumers of milk in Ottawa are criticised by Food Inspector Hollingsworth for using milk bottles for other purposes than holding milk. Some use the milk bottles for holding cold oil, in fact, anything that they can use them for. They are later returned to the dairymen, but in spite of efforts to clean the bottles the materials are fairly embedded into the glass, and it is impossible to get them absolutely clean.

There passed away at Presque Isle Point, near Brighton, Ont., a pioneer in the person of Mr. Wm. Mason. He was born in Wales. It is stated that he put the first load of gravel on the Kingston-Toronto road. He assisted also in building the Grand Trunk Railway, and served his country during the Fenian raid. About 33 years ago he settled on Presque Isle Point.

The hydro-electric power commission is endeavoring to secure power from companies in the eastern portion of Ontario for a number of municipalities which have applied for it. The following municipalities have asked for estimates of the prices they have asked for electric energy: Kingston, 2,500 horsepower; Deseronto, 300 horsepower; Belleville, 3,200 horsepower; Brockville, 500 to 1,000 horsepower; Shawan, 500 horsepower; Cobourg, 800 horsepower; Bowmanville, 600 horsepower; Picton, 500 horsepower; Durham, 2,000 horsepower.

VICTORY OF DEMOCRATS A POPULAR ONE HERE

Great Rejoicing Amongst American Visitors Over Dix's Win in New York.

There was a marked local interest taken in yesterday's American elections, especially as to New York State.

The influence of Roosevelt in the campaign was followed closely, as the voting was considered a test of his strength as a presidential possibility in 1912.

Naturally the American guests at the hotels were particularly interested in the results. Democratic supporters appeared to be in a majority, and when news of Dix's victory was received there was a great rejoicing.

"The Republicans broke faith with the people on the tariff," said one visitor. "This told against them heavily, and it undoubtedly elected the Democrats."

"In New York State, the old guard of the Republican party was intensely bitter towards Roosevelt, and voted the Democratic ticket in large numbers. They did not relish the beating he gave them at the convention, and rather than see him win, they booted the ticket. The race-track men and Wall street interests were against Stimson, and both are powerful factors. The vote shows that in the rural districts, where Governor Hughes received the bulk of his support against the race-tracks, the polling was strongly Democratic."

The re-election of Governor Harmon, the Democrats' choice, was the most-talked-of candidate for the presidency on the Democratic side, and several of the travellers declared that Ohio would add another son to the list of presidents.

One of the most interested men in the campaign in this city was Mr. Charles W. McGuire. His brother-in-law, Mr. Samuel R. Sells, was a candidate for Congress for the first electoral district of Tennessee. Word came quite early in the evening that he had been elected by a handsome majority. Mr. Sells was formerly a member of the State Legislature.

Setbacks to "T. R."

The defeat of Stimson in New York, Senator Beveridge in Indiana, and the election of Speaker Joe Cannon are considered the most vital setbacks to Roosevelt as in all these three states he worked hard for his support.

"Roosevelt has received a setback," said one admirer. "They have not got rid of him, however, and he will continue to be a force in American politics."

Londoners generally appeared pleased at the defeat of the Republicans. One of the most interested was Mr. Christopher, the well-known horseman, who is at present a resident in this city. Months ago he predicted a Democratic landslide, returning to New York Monday in order to help defeat Stimson.

HYDRO POWER ROW ON AT BROCKVILLE

Council Has Refused the Offer Made By Commission.

Toronto, Nov. 8.—A dispatch from Brockville states that the residents of that place are dissatisfied with the treatment they have received from the hydro-electric commission. At the meeting of the town council last night the commission's offer to supply power was refused.

When sent about it, Hon. Adam Beck, chairman of the commission, made the following statement:

"The commission received applications for the power to be produced from Brockville, Prescott and Morrisburg. The prices quoted to Brockville were: 1,000 horsepower, \$49.39; 2,000 horsepower, \$30.43; 3,000 horsepower, \$27.83; requiring capital investments of \$260,870, \$281,320 and \$322,530 respectively. Since those estimates were given to Brockville the commission has received an application from Kingston for 3,000 horsepower. Should the line be extended to Kingston, or other points, further reductions can be made in the price of power to Brockville."

Mr. Beck regretted that residents of Brockville felt that they had been neglected by the commission, which was always anxious to investigate thoroughly the requirements of any district applying for a supply of power.

"There is no doubt," concluded Mr. Beck, "that as soon as the building of the transmission line is decided upon, other municipalities will apply, and the price of power to Kingston, Prescott and Brockville will be materially reduced."

DYSPEPSIA Can Be Cured.

This disease is the all prevailing malady of civilized life, and one which oftentimes baffles all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and souring of food, wind in the stomach, heartburn, etc.

Nearly everything that enters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.

Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles."

"I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach troubles."

Beautiful New Winter Hats

Plume-Laden Hats---Superb!---Paris Inspirations

In all London no other such fascinating display of the rich and beautiful in Trimmed Millinery. If they are the work of our own artists, they are certainly Paris-inspired. They are typical of the winter season; delightful styles for the afternoon tea and the semi-formal hat, in beaver or velvet, heavily plume-laden or trimmed with wings, aigrettes and fancy ornaments, rich and distinguished, but strongly marked with the simplicity which gives the keynote to these hats for daytime wear.

ORDER YOUR FUR TURBANS—Mink, Ermine, Persian Lamb and Lynx are all conspicuous, and each a special favorite in some quarter this season. The Marabout Hat, too, is much fancied, a full, fluffy top piece with the jaunty air of the chancier Velvet and rich, heavy stuffs, combined with these rich furs, etc., lend a distinct charm to these becoming winter hats. Made to your order, if you choose, at moderate prices. Second Floor.

LEADER SAM LANDERS HAD NARROW ESCAPE

Frenzied Chicago Strikers Threatened Canadian Union Man.

Samuel L. Landers, the Canadian Labor leader, narrowly escaped being mobbed by striking garment workers at a meeting held in Casino Hall, Chicago, when the agreement entered into by the union organizers and a large firm was rejected by the strikers.

The Chicago Tribune has the following to say about the matter: "By practically unanimous action, 40,000 striking garment workers in a number of mass meetings yesterday repudiated an arbitration agreement signed by President Thomas A. Rickert, of their own national organization and officers of a large firm. The rejection of the agreement puts the strike back where it was before the peace negotiations were started."

"Wild demonstrations of protest greeted the announcement that the agreement was signed."

"When Rickert emerged from the hall he looked flushed and worried."

"Three people repudiated the agreement," said he.

"Then he went to several other meetings, where similar receptions were given him. At a meeting in Casino Hall, Twelfth and Union streets, Samuel L. Landers of Hamilton, Ont., a member of the international executive board, was forced back against a wall to ward off the angry strikers, who threatened to attack him after he had explained the agreement and recommended its adoption."

"The crowd was wild," said Landers.

ers. "I had all I could do to get away from them. I could do nothing with them. They simply howled me and the agreement down, and I had to get out."

MR. BEAUPARLANT ON RECENT BY-ELECTION

Says Campaign Was a Most Unscrupulous One.

Quebec, Nov. 8.—Mr. Beuparlant, M. P. for St. Hyacinthe, in an interview given on the recent Drummond-Arthabaska fight, said:

"I admit that the electorate of Drummond-Arthabaska has condemned the creation of a Canadian navy, but it has been done after the most unscrupulous campaign ever made on a question of sentiment. The rural population has been misled by the Nationalists' sophisms. We don't see why we will continue to teach the people the real bearing of the marine law, and I am sure that before two years the electors will be sufficiently taught to do away with the false appeals of Mr. Bourassa. This defeat has increased the zeal of the old defenders of the old Liberalism. When the day of vengeance will come it will be terrible."

BACK TO WARD SYSTEM.

Windsor, Nov. 8.—Windsor will revert to the ward system of choosing aldermen at the approaching municipal elections, with the four wards into which the city was divided before the general vote was adopted instead of with the six ward division planned by the city council this year. In the coming election three representatives from each of the four wards will be chosen.

chosen instead of two from each of six. From present indications it is likely that under the ward system there will be a much larger field of aldermanic candidates than last year.

DOUBLE DROWNING

Lumbermen Met Death When Their Raft Broke Up.

Halifax, N. S., Nov. 8.—A double drowning accident occurred near Port Creville last night.

George Dorsey and Everett Allen left Fraserville for Port Creville yesterday afternoon with a boat and raft of piling.

This morning the body of Dorsey was found at the mouth of Ratchford River near his overturned and broken boat. Allen's body has not been found. Piling from the raft is scattered along the shore above Fraserville, and it is supposed that when the raft broke up the men tried to reach Port Creville, and that their boat struck a sandbar near the river mouth and capsized.

Dorsey, who was a strong swimmer, evidently tried to reach the shore and nearly succeeded. Allen probably sank at once and was swept away by the strong current.

Both men were married, and Dorsey leaves a family.

TENDER FOR CANADA-AUS-TRALIA MAIL.

Ottawa, Nov. 7.—The Union Steamship Company, it is officially announced, submitted the only tender for the service on the Pacific between Canada and Australia. No contract will be awarded, however, until the Australian Government, which is a party to it, is communicated with, and cables are now being exchanged.

The Union Company at present has the contract. The tender submitted involves several proposals and the character of the service as regards size of ships and speed will depend upon which proposition is acted upon.

MAKE YOUR OWN HAIR TONIC

A Specialist's Advice.

In a recent issue the New York Herald published a special article on the care of the hair, in which was given the formula for a home-made Hair Tonic, which was highly recommended for its remarkable hair-growing properties, as well as for stopping falling hair, revitalizing the hair roots and destroying the dandruff germ.

This article was of special interest to me, as the formula was one which I myself have seen used in countless cases, and most astonishing benefit, thus confirming my belief that home-made preparations are the best. For the benefit of those who have not seen it before, I give the formula herewith:

Procure from your druggist an eight-ounce bottle containing six ounces of Bay Rum, also purchase a two-ounce sealed bottle of Lavona de Composee (Smith's) and one-half dram Menthol Crystals. Dissolve the Crystals in the Bay Rum and then add the Lavona de Composee, shake thoroughly and apply night and morning to the roots of the hair, rubbing into the scalp with the finger tips. This preparation contains no coloring matter, but restores grey hair to its natural color by its action on the hair roots. If you desire it, perfume it with one teaspoonful of To-Ka-lon Perfume, which combines perfectly with the other ingredients and imparts a most pleasing scent. Be sure to get all inclosures in the Lavona de Composee package, as they give much valuable advice on care of the hair, and besides, entitle you to a sprinkler top for your bottle, free of charge.

Do not apply where hair is not desired.

LONDON, WEDNESDAY, NOV. 9.

THE UNITED STATES ELECTIONS.

The United States was swept yesterday by a Democratic wave which submerged even Roosevelt's towering figure.

The Republican majority of 42 in the House of Representatives, the popular branch of Congress, was converted into a minority of about 40. The result will greatly stimulate Democratic hopes of a Presidential victory in 1912. Allowing for the inevitable swing of the pendulum, the decisiveness of the Democratic success is plainly a sign of widespread revolt against Republican tariff legislation. The Payne-Aldrich tariff law was so brazen a betrayal of Republican pledges that a large section of the party was in open mutiny. The impression that Congress has been dominated by selfish cliques, and by the interests represented by such men as Aldrich, has taken hold of the popular mind. Perhaps the Republican managers will try to dislodge it before the Presidential election by a more drastic tariff revision. The attempt to negotiate a reciprocity treaty with Canada has been prompted undoubtedly by this motive. The Republican party is paying the penalty of the fiscal Bourbonism against which McKinley warned it in his last speech before his death.

The Democrats have been as triumphant in the State elections as in the Congressional. The contest in New York overshadowed the others, because Roosevelt made himself the issue there by plunging headlong into the fight immediately upon his return to the country. He routed the Republican machine, captured the party convention, and named the candidate for governor. He hazarded his personal prestige as never before. The result has been a serious rebuff. It is quite likely that the state would have gone to the Democrats in any event, but Roosevelt's worshippers imagined that he was invincible, and he probably shared the delusion. If he entertained the idea of running again for the White House, he must now realize that he committed a tactical error. Many of his countrymen honestly thought there was a real danger in his ascendancy, but they can scarcely rejoice over the victory of the sinister combination of Tammany, Wall Street and the Republican Old Guard.

Other outstanding features of the day were the election of Woodrow Wilson, as governor of New Jersey; the re-election of Governor Harmon of Ohio; the capture of Massachusetts by Eugene Foss, Democrat; the humiliation of Bryan in Nebraska, and the defeat of Senator Beveridge in Indiana. Wilson resigned the presidency of Princeton University to enter politics, and his success makes him a possibility for the Democratic nomination for president. He is a mixture of scholar and publicist very rare in the United States. Harmon's second win in Ohio, Taft's own state, which is normally Republican, will bring his name also before the Democratic convention of 1912. Eugene Foss recently deserted the Republican party on the tariff issue. He is strongly in favor of reciprocity with Canada, and made it one of his chief campaign cries. Bryan's stand for local option was not approved by the Democratic machine in Nebraska, and the former idol has been taken off the party pedestal. Beveridge is one of the leaders of the Republican insurgents, a brilliant and high-minded young man, but he has gone down in the Democratic flood. Even the 'insurgents have had to suffer for the Republican sins which they rebuked.

THE FUTURE OF ONTARIO.

The bulk of the immigration into Canada is finding its way to the Northwest. All other parts of Canada are passed by. Is this in the best interest of the immigrants or the country? It is admitted that the farmers from the western prairie states carry with them experience gained in a prairie country, and readily adapt themselves to the conditions they find in our Northwest. Let us as many of them come as will. They will become the best of Canadian citizens. It is claimed, however, that the English farmer would do better if he settled in Ontario. There are said to be many sad cases of failure by Englishmen in the Northwest, not because they are not deserving, but because the country and the life they must lead are entirely new to them. The style of farming there is foreign to their experience. Ontario offers a better opportunity to the Englishmen. It is more like England. Many old countrymen would succeed here who would fail in the Northwest. Ontario has immense

areas unsettled, and immense areas also only partly settled. Many Englishmen could locate in either Old or New Ontario to their advantage, and that of the country. In Old Ontario they would find a climate and soil capable of growing the best of fruit and everything in abundance necessary for the most healthy and satisfactory life. The country can be made to yield far more than it does. Canadian Governments should direct that class of immigration to the part of Canada it is most suitable for. In New Ontario is opening up a large region which is capable of supporting millions. The land is said to be very similar to that of Western Ontario. Between the cheap lands to be had in Western Ontario and the free lands and cheaper lands to be had in the newer parts of the province, there should be no difficulty in offering to new settlers, with money very desirable locations, and to new settlers without money land equally as good that in time will be surrounded by all the desirable conditions of life existing in Western Ontario.

Here in Ontario is the land of opportunity for the poor man and his family. Here is a bracing but not too rigorous climate, an abundance of land, facilities for transportation, churches of all denominations, schools, colleges and universities, and as yet a population living on terms of equality, very rich and none very poor, as poverty is known in the old land. The picture drawn by Lloyd George in his recent speech, has no counterpart in Canada, but Canada could help, could do its part, to remedy the sad state of affairs undoubtedly existing in all old countries. Let the best means be taken to settle the incoming citizens in that part of Canada for which they are best suited, and the result will be good for them and us as well. To direct English-speaking immigrants to Ontario should be the aim of public policy.

There's "a smile on the face of the Tiger."

The high cost of living proved particularly costly for the Republican party yesterday.

It was a hard day on popular idols. Both Roosevelt and Bryan were knocked off their pedestals.

The Republican managers now wish they had kept their tariff pledges. Honesty is the best politics, after all.

Mr. George Taylor, M. P., late Conservative whip in the Commons, sent a telegram to Mr. Monk congratulating him on the result in Drummond. At any rate, Monk is as good an Imperialist as Taylor, who professes to be one.

President Schurman of Cornell denounces Rooseveltism as Caesarism. We all know what happened to Caesar. He was stabbed thirty times between Pompey's statue and 11 o'clock. Roosevelt, too, got some dagger thrusts yesterday, but were they fatal? Can he come back?

AND A WISE WOMAN TOO.

The happiest woman we know of is the one who has twenty-one Christmas gifts bought already.

HIS ONLY PROTECTION.

Stub—Who is the gentleman with the ear protectors? Is he a football player? Penn—No; complaint clerk in the gas office.

A VIGOROUS VETERAN.

A North Dakota man, aged 197, was arrested the other day for fighting. He thought he could come back.

ISN'T THIS ELEGANT?

Sir Wilfrid, you are not a bad old scout, but the bunch that you are with are rotten. You are about to pass in your checks politically. You are soon to go into the ranks of the HAS BEENS. Seeing that you are sick and dying, we must confess that you were able and obliging, and we are not alone in this. Ask the contractors who built the Grand Trunk Pacific, ask the dredge owners, they will say the same thing. Good-by, Sir Wilfrid, good-by.

A RARITY.

Boris Carman told at a dinner in New York a story about James Russell Lowell and a bad boy.
"A Boston woman," said Mr. Carman, "asked Lowell to write in her autograph album, and the poet, complying, wrote the line:
"What is so rare as a day in June?"
"Calling at this woman's house a few days later, Lowell idly turned the pages of the album until he came to his own autograph. Beneath it was written in a childish scrawl:
"A Chinaman with whiskers."

TAYLOR IS TICKLED.

Mr. George Taylor, the deposed chief whip of the Opposition in the House of Commons, has "come back," and wires to Mr. F. D. Monk his "heartiest congratulations on your great fight and suc-

cess." Perhaps he will aid Mr. Monk in introducing the new member to the House.

A SAFE OFFER.

The patent medicine man who has offered a reward of \$50,000 for the discovery of Mrs. Crippen has already become rich by advertising, and he is an expert in that art.

HOW THEY LOOK AT IT.

It is instructive to note how the various spokesmen of the Opposition take the result in Artabaska. They seem to have quite forgotten their recently advertised role of putting country before party. In brief, their appreciations are these:
R. L. Borden—Laurier beaten at his own game.
Robert Rogers—All over with Laurier.
G. E. Foster—Sees Laurier right.
Dr. Daniel, M. P.—Sees Laurier's finish.
Chief Whip Perley—Laurier has lost his grip.
Senator Landry—Laurier has lost his hold.
Toronto Mail—Quebec will slump from Laurier.
Halifax Herald—Laurier down and out.
St. John Standard—Laurier has lost control.
Charlottetown Banner—Quebec has broken from Laurier.

Of course, what is uppermost in the minds of all these is something very much above mere partisanship. After a while they will say so. But meantime they have blurted out the truth about what is, for them, the one big concern. And now everybody knows where they stand.

THE SPEED HE WANTED.

Lord Hubert (mooring)—Now there is no traffic about, get up a "fine" turn of speed for a few miles.
Chaufeur—Yes, my lord—five or ten pounds fine, my lord?

WAY HE GOT OUT OF IT.

New Orleans Pleasure.
Famous Painter (angrily)—I hear, sir, that you're boasting that you studied art under me?

Near Painter (calmly)—And so I did, sir, so I did—why I occupied a room under your studio for nearly a month.

UNSTATEDMANLIKE.

Mr. Borden's comments on the result of the Drummond-Artabaska election smack of the party politician rather than the statesman. One would suppose that a man of Mr. Borden's calibre would have had something to say that would be worth heeding about the dangerous currents of racial sentiment and political prejudice which the election returns revealed; but the vision of the Conservative leader appears to be obscured by the fact that Sir Wilfrid Laurier has suffered a defeat, and his exultation over this humiliation of the Liberal leader appears to prevent him from giving thought to the broader significance of the result.

POWER OF THE WILL.

[Louisville Courier-Journal.]
"I've just been reading about the power of the will; it's a wonderful thing."
"Yes; a millionaire friend of mine left a will that makes six children and seven grand-children be good."

ON THE SPOT.

[Lippincott's Magazine.]
"Say, Maxine, do you ever have any turtle soup?" asked a rambunctious youth of the girl beside him.
"No," admitted the maiden; "but," added she, with the conscious dignity of one who has not the least of social experience, "I've been where it was."

HAD TO DO SOMETHING.

[Washington Star.]
"Hello, Johnny," said the village blacksmith, "I hear you paw has gone into politics."
"Sure."
"How'd that happen?"
"Well, my uncle had him a silk hat and a Prince Albert coat in his will, and paw had to do something with them."

A MANY SIDED GENTLEMAN.

[New York Herald.]
Former Senator McCreary and former Senator Blackburn, both of Kentucky, had an argument on the stump in a certain campaign.
McCreary twitted Blackburn because he did not serve during the entire civil war.
"I admit it," replied Blackburn; "I admit it, and I admit my honorable opponent did not; but the advantage of social experience has been constant ever since that he contrived to stay four years on one side of any question."

AN INDISCREET PLEDGE.

[Winnipeg Free Press.]
The bachelor candidate for Governor of Wisconsin, Francis E. McGovern, has been badgered into promising in a public speech that if elected he will get a wife. He also affirms that he is not engaged, and has no young woman in prospect. It is a foolish pledge, for it called upon to redeem it, the future Mrs. McGovern will not find it easy to rid her mind of the suspicion that she was selected in response to a promise to the voters instead of for reasons that usually inspire a man in the choice of a wife. But why need a Governor be married?

service, the aggregate salaries of which amount to about \$200,000 annually.

Depew's Successor.

Albany, N. Y., Nov. 8.—On Jan. 2 next when Governor Horace White hands over the reins of government to John A. Dix, New York State will have what it has not had since the election of Roosevelt, F. Flower in 1891—a Democratic governor, the new chief executive, chosen by the voters at yesterday's election will have a Legislature safely Democratic in both branches, and Democratic associates in the various elective state offices.

One of the first and most important duties of the next Legislature will be to elect a successor to United States Senator Chauncey M. Depew, whose term expires on March 3 next. Alton B. Parker, ex-chief judge of the court of appeals, who stumped the state in behalf of the Democratic ticket, Edward M. Shepard, Thomas M. Osborne, chairman of the Democratic League, and John B. Stanchfield are among the names suggested here today as possible candidates for the coveted honors.

Dix Elected.

New York, Nov. 8.—John A. Dix, the first Democratic nominee elected in sixteen years, will be the next governor of New York State. He was chosen by the people today over Henry L. Stimson, Republican, for whom Theodore Roosevelt stumped the state, by a plurality based on nearly complete returns, of from 55,000 to 56,000. New York city gave him a plurality of more than 100,000, while Stimson came down to the Bronx with about 40,000.

Thomas F. Conway, Democratic nominee for lieutenant-governor, appears to have been swept into office, only slightly behind Dix. Returns were lacking late tonight conclusively to show who takes the lesser state

office, but indications point to a Democratic.

The normal Republican majority up-state was greatly reduced.

The inclement weather, too, cut down the rural vote, and Stimson's estimated plurality in the boroughs of New York, about 40,000, is less by 20,000 than the up-state vote polled for Hughes in 1908. The same year Greater New York gave Chanler a plurality of less than 60,000.

Democrats Strong.

Both the assembly and state returns ran strongly Democratic, and there were some notable upsets in even the congressional districts. Representative Herbert Parsons, a life-long friend and political associate of Theodore Roosevelt, and formerly chairman of the Republican county committee, was ousted by Jefferson M. Levy. Representative W. W. Cocks was tipped out by Marvin Littleton. M. Bennett was defeated for Congress by Henry George, jun., a son of the political economist.

S. Payne, father of the tariff bill, was re-elected, but his home town, Auburn, went for Dix, and Vice-President Sherman's candidate for Congress was defeated by a Democratic Representative Hamilton Fish. Republican gave ground to Richard E. Connell, a Democrat.

Not only did Col. Roosevelt lose on the state ticket and his candidate for Congress in Nassau County, but his home town went for Dix, and the Democrats jubilantly shouted that they could "beat him to a frazzle."

New York City.

In New York city, the Democrats, with one or two exceptions, held their own in assembly and state districts, and then carried the war into the city's territory. Senator George B. Agnew, joint sponsor for the Hughes anti-racing bills, was defeated by John G. Saxe. State Senator Henry H. Hill in Buffalo was retired. The fifteenth assembly district, for nineteen years Republican, was captured by Ashton Harker, a Democrat.

Albany County, of which the Republican leader is William Barnes, jun., who fought Col. Roosevelt at the state election, gave Dix a slight plurality. Other old guard strongholds were for Stimson by a reduced plurality.

Rome, N. Y., was the first up-state point which indicated the trend of the voting, giving 1,990 for Dix, as against 1,718 for Stimson. Two years ago Rome gave Hughes a plurality of 162. Buffalo, Utica, Schenectady, Troy and Auburn quickly followed with substantial majorities for Dix.

Striking Defeat.

Col. Roosevelt was defeated in his own election district by 60. In his own county of Nassau by 309, and probably in his own congressional district, Martin W. Littleton, Democratic candidate for Congress, had a plurality in the colony's county over Congressman Cocks, who was often a spokesman of Col. Roosevelt when the colonel was president. Returns at this hour indicate Mr. Littleton's election by just about the plurality he received in Col. Roosevelt's county.

Mr. Fassett's warmest personal and political friend, John Dwight, the Republican whip of the House, is re-elected.

With the exception of Iowa, the returns indicate that the Republicans were defeated in every state in which Col. Roosevelt made a fight for the Republican candidates. The defeat in New York is most striking, for it was there that the colonel exerted himself most strenuously.

LONDON ST. RAILWAY AND HYDRO OFFER

Matter To Be Considered by the Commission at Toronto Today.

A communication to the effect that the first price offered, \$31 per horsepower, on the peak load basis, was not satisfactory, has been forwarded to the hydro-electric commission by the London street railway company. It is understood that there will be a meeting of the commission today at Toronto, at which the matter will be discussed, and possibly another offer made.

DECLINES THE CALL TO ASKIN ST. CHURCH

Rev. G. W. Henderson, of Peterboro, to Remain in Present Pastorate.

Rev. G. W. Henderson, of Peterboro, has declined a call to the pastorate of the Askin Street Methodist Church. It was thought Mr. Henderson would have accepted, but yesterday Dr. S. P. Reynolds received a letter to the effect that Mr. Henderson had already promised his present congregation to remain a fourth year.

The committee on pastoral supply will probably be ready to issue another call within the next fortnight.

A NEW NEWS SERVICE FOR CANADIAN PAPERS

The "Canada Press" a Combination of Leading Journals Organized at Toronto.

[Special to The Advertiser.]

Toronto, Nov. 8.—The Canada Press, the new Canadian news service, was organized here today, and application for a Dominion charter will be made at once. The service includes practically all the leading newspapers from coast to coast, and will furnish world and Canadian news in more abundance and of greater variety than heretofore.

Mr. Melville E. Stone, general manager of the Associated Press, was present and gave some valuable hints. Secretary-treasurer—J. E. Atkinson, Toronto Star.
Directors—J. S. Brerly, J. Ross Robertson, W. J. Blackburn, M. E. Nichols, E. H. Macklin, J. H. Woods, W. F. Kerr, E. F. Shack, W. M. Southern, C. E. Crandall, J. M. Eastwood and J. A. Pearson.
Among the newspapers in the association are the Toronto Globe, Mont-

real Herald, Montreal Star, The London Advertiser, Toronto News, Halifax Chronicle, Montreal Witness, Winnipeg Telegram, Winnipeg Free Press, Nelson News, Edmonton Journal, Calgary Herald, Regina Leader, Quebec Telegraph, Woodstock Sentinel Review, Ottawa Free Press, Toronto Telegram, Montreal Gazette, Vancouver Free Press, Ottawa Citizen, London Province, Victoria Colonist, Hamilton Spectator, Hamilton Times, Peterboro Review, Mail and Empire, Toronto Star and others.

LOCAL OPTION

Perth County Temperance People Plan Vigorous Campaign.

[Special to The Advertiser.]
Stratford, Nov. 8.—A definite step towards local option campaigns in Perth County was taken this afternoon, when the Perth County Temperance Alliance was organized to formulate plans for active work in the convention were. President, Sheriff Macwood; first vice-president, Rev. D. S. Hamilton, Listowel; second vice-president, Mr. F. Duffon, Mitchell; third vice-president, Mrs. Isaac Hord, Mitchell; secretary, Rev. J. P. Gerrie, city; treasurer, Louis Pfeiffer, Milverton. Warden Turner, of Fullerton, Dr. Devlin, of this city, and D. G. Anderson, of St. Marys, were added as ex-officio.

HOME AFTER 22 YEARS.

Windsor, Nov. 9.—Gordon Wile, brother of Postmaster Wile and E. S. Wile, passed through Windsor Saturday on his way to Kingsville to visit his old home. He went to California 22 years ago and this is his first visit home since. Mr. Wile was at one time reeve of Kingsville, and owned the greater part of the property where the town of Essex is built.

Major-General Sir Frederick Benson, of the British army, was given a reception by the officers of the Nineteenth Regiment, at St. Catharines where he was born.

**BEHRING SEALERS
MADE GOOD CATCH**

The Total For This Year About
4,300 Pelts From All the
Hunting Grounds.

Victoria, Nov. 8.—Sealing schooners in from Bering Sea report a good season's take of skins. The Thomas F. Bayard brought 676 sealskins and two sea otter pelts, making a total for her of 943 sealskins for the season, and the Pesca, who came in with 561 sealskins and seven otter pelts, a total of 736 sealskins for the season. The Jessie is also in from Ahousah, where she landed her Indians, with 357 sealskins on board, a total of 1,119 for the season; the Umbria, with 317 skins for the season, and the Eva Marie with approximately 60.

The Thomas F. Bayard brought news that regulations are being issued from Washington for the purpose of hampering the sealers as much as possible. Orders were given to the United States collector of customs at Dutch Harbor that only sufficient water be permitted to sealing schooners to take them to their home port, and if any vessel remains longer than 48 hours she is to be given a clearance only for her home port, and not permitted to continue sealing.

The Bayard was permitted to take but 500 gallons of water at Dutch Harbor, and as this was being brought off to the schooner by the hunting boats in a choppy sea, the spray tainted it with salt. In consequence the schooner had to curtail her hunting season.

News was brought by the returning sealers of a tragedy in Bering Sea. The schooner Jessie, early in July, found an upturned sealing boat, with the crew killed, and to the eastward of the Pribyloffs. Investigation showed it to be from a Japanese sealing schooner. There was no trace of the four men who had formed its crew, who had evidently been lost from their schooner, and after a fight against the storm and starvation had been swamped and drowned.

The Bering Sea catch is placed at about 2,300 skins, or nearly double that of 1909. The catch from all hunting grounds, however, will be about the same as last year, or some 4,300 pelts, valued at about \$5 each.

LEAVING NOME

Figures Show That Gold Hunters Are
Not So Numerous.

Seattle, Wash., Nov. 8.—Nearly 2,000 more people left Nome than entered the Bering Sea city during the navigation season just closed, according to figures compiled by the United States customs officers there and here yesterday. The report shows that 76 vessels entered the northern port, taking in 2,154 passengers, and bringing out 2,669. The gold shipped out during the five months of open navigation amounted to \$2,467,633.54.

TWO BOATS LOST.

Portsmouth, N.H., Nov. 8.—Two vessels went ashore near here during the night and one of them, an unknown schooner, is expected to be a total loss. The unknown craft struck on Duck Island and because of the high water and heavy sea of today it was thought that the prospects of floating her were slight.

The lumber-laden schooner George W. Collins, from Machias, Maine, for Boston, ran ashore while trying to enter Portsmouth Harbor. It was believed that she would be pulled into deep water at high tide.

**HAMILTON OFFICER
SEIZED WILD DUCKS**

Places Giving Game Suppers
Must Have a License.

[Special to The Advertiser.]
Hamilton, Nov. 8.—Fishery Inspector Kerr is keeping a sharp lookout for hotel and restaurant keepers who serve wild fowl on their tables without having a license to do so. There is a clause in the fish and game laws which is seldom heard of, but which provides that there must be a license for such functions. Only last week the inspector got on the job at a duck dinner and demanded the license fee before he would allow the choice meat to be served. E. A. Truman, who keeps the Raymond House at Burlington, advertised a duck dinner at his hotel one night, and among the crowd that turned up at the appointed time was Inspector Kerr. He was not there for the same purpose as the others, however, and it cost Mr. Truman the license fee of \$1, which he immediately paid. The fee in cities is \$5, but Mr. Kerr admitted today that there was not one hotel in Hamilton that had a license, as the proprietors claimed that they did not serve wild fowl in their dining-rooms. The only places in the city that have such licenses are the Hamilton and Commercial Clubs. As this is the season for duck dinners the inspector is keeping a close watch for violations of the act.

Yesterday the inspector seized a box of partridge at the Grand Trunk station that was being shipped to the border, as he thought, to be smuggled across the line. There were twelve partridges in the box, and the inspector seized them as they were not packed, so that they could be examined, as provided by law. He saw the box in the Canadian Express Company's station office, and his suspicions were aroused owing to the fact that it was secured in every possible way. He ripped it open and then took charge of it. The box was distributed among the various charitable institutions.

**WAS AT CORONATION
OF QUEEN VICTORIA**

Veteran Who Led Band Dead at
Seattle.

[By Associated Press.]
Seattle, Wash., Nov. 8.—Thomas Cannell, who led a band at the coronation of Queen Victoria, died here yesterday in his 96th year, leaving 38 descendants, including seven great-grandchildren.

Cannell was born on the Isle of Man in 1814. He crossed the plains on foot and settled in Utah in 1850.

BANK ROBBERED.

Toledo, Ohio, Nov. 7.—Cracksmen blew the safe of the Home Savings bank at Mattamore, Ohio, 22 miles west of Toledo, early this morning and got away with \$2,000.

The explosion aroused the sheriff, who, with a posse, started after the robbers. The robbers had stolen from a farmer, and had waited outside of the building. Several shots were fired, but none took effect, as far as learned.

**MINE LIFE-SAVING
STATION INSTALLED**

Consists of Draeger Oxygen Ap-
paratus and Pulmotor
Resuscitating Device.

Victoria, B. C., Nov. 7.—Mr. R. F. Tolmie, deputy minister of mines, and Mr. F. H. Shepherd, chief mine inspector of the province, have just completed the establishment at Hosmer of the first coal mine life-saving station to be installed by the Provincial Government under the act authorizing the adoption of the system. Others will follow at Middleboro and at Nanaimo. The system consists chiefly of a Draeger oxygen apparatus for the purpose of resuscitating miners and others who may have become temporarily overcome by deadly gases in mines after explosions or other unforeseen accidents.

The station established at Hosmer consists of one of the Draeger oxygen apparatus which has a two-hour capacity, flanked by two pulmotor, resuscitating devices, with a thirty-minute capacity each. These apparatus have cylinders of 100 cubic feet of oxygen capacity and are of the 1910 model. Four electric safety lamps, one recharging device, and water apparatus for testing device valves go with each apparatus.

These Government stations are to be supplemented by stations placed at each mine, in accordance with Government requirements, by the mining companies.

The system has been installed in many places in Europe, the United States, Japan and even in Siberia, over 4,000 being now established and ready for emergency.

STOLE CURLS

Burglars Took \$7,000 Worth of Human
Hair From Store.

Detroit, Nov. 8.—Human hair, valued at from \$5,000 to \$7,000, was stolen from William A. Haines, hair goods dealer, 76 Grand River avenue, last night. Most of the hair, which weighed about a hundred pounds, was made into switches. No clue to the burglars has been discovered.

Much of the hair that was stolen was imported from France, and worth from \$3 to \$10 an ounce. It is estimated that 528 switches were taken. Many of them were valued at \$50 each.

INSURGENTS ACTIVE.

Montevideo, Nov. 8.—The insurgents have captured Nico Perez, a small town about 125 miles north of Montevideo. The Government is sending troops into the interior. Several prominent officials have been displaced from here for the purpose of acting as intermediaries between the Government and insurgents, who are opposing the candidacy of Jose Batlle Yordonez.

ROBBERY AT HESPELER.

Hesperler, Nov. 8.—A daring robbery was perpetrated early yesterday morning when the store of Thomas Traplin was entered and goods to the value of \$50 stolen. The front doors were forced wide open. The thieves got away, but the proprietor has strong suspicions as to the guilty parties, and Chief McMaster is investigating.

**COUNT ZEPPELIN
TO VISIT AMERICA**

German Dirigible Balloon Maker
May Bring Air Craft
With Him.

New York, Nov. 8.—Count Ferdinand von Zeppelin, the German airship maker, is planning a visit to America some time in the next year or two, according to his cousin, Hugo von Zeppelin, who is now in New York with his wife on the first stage of an American pleasure trip. Hugo is associated with the count in his work. "You know the count bears vivid recollections of his part in your civil war when he made his first trip in a balloon. It was with General Carl Schurz's brigade that he had his first opportunity to ascend in a captive balloon to make observations of the confederate troops. His experience helped him develop the dirigible as an implement of war."

"Motor difficulties seem to cause the greatest trouble with dirigible balloons, otherwise I believe every difficulty has been overcome. The Zeppelin VII is now under construction and I believe it will be the greatest of all."

Hugo von Zeppelin said that the count had no intention of surprising America by coming across the Atlantic in an airship, although it was not improbable that he would bring a small dirigible with him. The count, he added, regarded the Wellman attempt to cross the Atlantic as an extremely hazardous undertaking which was doomed to failure before the start. The idea of a polar expedition by balloon, however, he will launch such an expedition next summer with the approval and patronage of Prince Henry of Prussia. The count and Prince Henry spent nearly two months in Spitzbergen recently making preparations for the polar trip. They only returned a few weeks ago, declaring everything was found satisfactory.

Woman Whose Husband Was Killed
Wins Suit at Orangeville.

[G. N. W. Dispatch.]
Orangeville, Nov. 8.—The jury at the assizes here in the suit of Mrs. Margaret Marshall, widow of John Marshall, against Dr. J. G. Gowans, of Homing's Mills, for damages for the loss of her husband, killed near his home in Melancton Township on June 17 last, as a result of his horses being frightened by Dr. Gowans' automobile, returned a verdict for the plaintiff for \$2,000 this morning.

MANY INJURED

Fire Destroyed Four Big Business
Blocks at Kirkney.

Kirkney, Nov. 8.—Several firemen and a little girl were injured here today in a fire thought to have been of incendiary origin. Four business blocks were partially destroyed. A number of persons living in one of them narrowly escaped cremation. Overcome by smoke they were rescued by firemen, one of whom and an elderly girl, J. G. Gowans, were carried off from a ladder. Both were seriously injured. The total loss is estimated at about \$650,000.

President Gomez of Cuba Recommends
Important Measure for
Protection.

[Associated Press.]
Havana, Nov. 8.—President Gomez, in his annual message, recommends a general revision of the tariff, and specially looking to the protection of Cuban manufacturers of paper, soap, bottles, shoes and textiles. He had occasion to point out that the health of the island was never better.

Postmaster-General Nodarez has tendered his resignation because of the report that the president intended to appoint Brigadier Riva as secretary of government, which is equivalent to secretary of war, carrying as it does, control of all the armed forces.

NEW CANAL ROUTE

Test Holes for Enlarged Welland
Canal Are Being Drilled.

Welland, Nov. 8.—Work is about to be commenced drilling test holes on a new or enlarged Welland Canal. This route, which is known as the "Grenville" route, having been advocated by Mr. Grenville forty years ago, and is the shortest of all, leaves the present canal at Allanburg and runs in a direct line to Port Dalhousie, the course being west of the present canal and the old canal. The present canal would be utilized from Port Colborne to Allanburg, which would leave Port Colborne, Welland and Port Dalhousie on the new waterway.

NEW COAL AREAS

Claims Already Staked Cover Ninety
Square Miles.

Victoria, B. C., Nov. 8.—Coal areas eclipsing those of the Crow's Nest district, underlying Ground Hog Mountain on the Upper Skeena, have been staked for the Crow's Nest Pass Coal Company, of Vancouver, and a syndicate of Winnipeg capitalists have just been inspected by Mr. Campbell Johnson, who has just returned to Hazelton.

The staked claims, he says, cover ninety square miles, and constitute one of the largest and richest coal fields in America. A railway will be built from Hazelton into the new coal fields in the near future. A charter is being applied for at the January session of the British Columbia Parliament.

DECIDED AGAINST CLAIM.

Montreal, Que., Nov. 8.—Judge Dorion today decided against a claim for damages against the city sustained through a slippery sidewalk, because the injured party did not wear rubbers. The father of a boy named Major Davies instituted the action. The judge ruled in this climate necessary precaution against falls implies rubbers. Hence the dismissal of the action.

MISERY FROM A BAD STOMACH VANISHES**

Relief in Five Minutes Awaits
Every Man or Woman Who
Suffers from a Bad Stomach

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. It is powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now

from any stomach disorder you can get relief within five minutes.

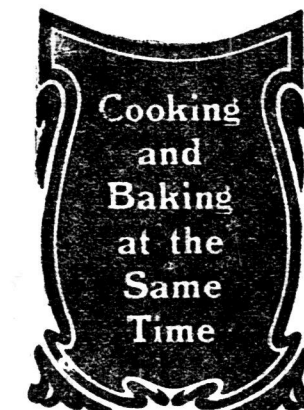

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of Indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

Two Minute Talks About PANDORA RANGE

for Coal or Wood

BRAINY stove experts designed the Pandora Range. They introduced a new system of flue construction so that the draft for cooking would also be the draft for baking. With the Pandora you can have the kettles boiling over every pot hole at the same time the oven is baking pies and roasting beef.

Just think of the time that this perfect system of flue construction will save for you when you're hurrying to get a big dinner ready. Just think how much fuel the Pandora will save for you by doing the baking and cooking at the same time. And remember, no other range has this perfect system of flue-construction. Send for the Pandora booklet. It tells of other conveniences designed by our brainy stove experts.

Training Observation Foresight Executive Ability Money Making Poor Health Comfort Judgement General Worth Responsibility

Can You Afford A Weak Link In the Life Chain?

If you are forced to admit that the Health Link is growing weaker, suppose you look carefully after the cause.

Your own well-being and comfort may suggest determined effort to correct.

Perhaps you will permit a suggestion based upon some wide experience.

There is one particular thing which directly attacks the health of one in every three of the users.

Its work is plain enough. Nerves, heart, stomach and other organs becoming more and more unbalanced, but the real cause is frequently unsuspected.

To demonstrate the real facts as applied to yourself, and for your own satisfaction, it is suggested that coffee be absolutely discontinued for 10 days and observe the results.

If you discover a stronger, better cting heart, steadier nerves and sounder sleep, it will be reasonably clear that your body is offering thanks for relief from the daily drug, caffeine—the base of coffee.

When this destructive drug is discontinued, Nature starts to repair the damage.

You will probably receive much benefit from simply leaving off coffee.

It will greatly add to your comfort

to have a good, hot cup of well-made Postum each morning, and Dame Nature will repair much more rapidly, for Postum contains some elements from the wheat which Nature uses in rebuilding nerve tissue.

You can have the scientific data on request.

AFTER THE STANLEY CUP

Plenty of Players Available, But They
Are Not All of the Right Kind.

Renfrew, Nov. 8.—With the hockey season less than a month away, and other clubs in the National Association already prepared for the coming campaign, officers of the Renfrew Hockey Club are beginning to show signs of activity.

The management will be practically identical with that of last year. Messrs. James and George Barnett, Ambrose O'Brien, Planette and others, again being interested.

Larry Gilmour will manage the team, and Alf Smith is to be re-engaged as head coach.

After Stanley Cup.

Improvements are to be made to the local rink, and Renfrew will start out with the determination of landing the Stanley cup. No action has yet been taken regarding players, but the club, it is learned, has options on the services of all the puck chasers whom it employed last year. Bert Lindsay, Bobby Rowe, and Herb Jordan are still here. Fred Taylor is within calling distance, and "Newsy" Lalonde is in business at Montreal, waiting the call of Mr. Barnett.

Hay Miller and Fred Whitcroft are in the west and the Patricks are both at the coast. There may be developments within the next few weeks, but Renfrew can have any of the above mentioned they desire. Hogan, of Quebec, and Fraser, the Arnprior boy, are not likely to be taken on again.

Try New Ones.

It is understood that the Renfrew club intend trying out Louis Imbleau, the star wing man of the Rangers. It has been rumored that the Renfrew team will include Albert Kerr and Marty Walsh, of the Ottawas. Negotiations have not yet been entered into, however, and it is not likely that the Renfrew officers would care to break the residence rule which the National Association has incorporated in its constitution.

Maynard for Captain.

[G. N. W. Dispatch.]
Toronto, Nov. 8.—The varsity team of this year's championship will graduate next year, which means that the intercollegiate champions will be only the shadow of the old guard next year. Those to go are: Gall, Dixon, Gage and Foulds of the back division; Carroll, Bell and Leonard, the three scrummers; Kingston, LeRoy, Kennedy, Murray Thompson and Frank Park, of the wing; and those who are left are Jack Maynard, the prospective captain for next season; Bob Grass, Clarke and Bert Campbell. Then, of course, there are the intermediates to draw from, with Pete Campbell sure of the quarter-back position.

PLANK FELL ON HIM

Hamilton Man Badly Injured.

Reuben Atherton, of 367 Ferguson avenue, Hamilton, an employee of the Cus Elevator Company, sustained serious injury while at work. A plank fell from a height on to his right foot, crushing it badly. He was taken home, where Zam-Buk was applied with good result.

Telling his experience of the balm, he said: "After the doctor had dressed the damaged foot with some preparation of his own, I was in great pain, and as day after day I seemed to get no relief, I left off medical treatment and tried Zam-Buk. From the very first application I traced an improvement. Zam-Buk is really a good thing, like magic cleaning all the unhealthy matter from the wounds, drawing out all discoloration, inflammation, and soreness, and started healing in quick time. In two weeks the toe and foot were well again. Zam-Buk balm is certainly a wonderful healer, and I would not care to be without a box in the house. You can use the above statement in any papers, books or publications. It may lead some other sufferer to use Zam-Buk and get relief as I did."

All workers should keep Zam-Buk handy. Applied to a cut or wound, it stops the pain, commences healing, and what is equally fine is preventing all possibility of blood poisoning. Zam-Buk is equally good for skin diseases, and cures eczema, itch, ulcers, abscesses, varicose ulcers, scalp sores, blood poisoning, etc. It heals cold cracks, chapped hands, frostbite, cures piles and all inflamed conditions of the skin and tissue. Fifty cents a box, from all druggists and stores, but avoid imitations and substitutes, some of which are highly dangerous, and none are beneficial.

ALL MY PIMPLES GONE

Girl Tells How a Blochy Skin Was
Cleansed by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard, of Altamahaw. "It was all full of pimples and scars, but after using Dr. D. D. Prescription I can say that now there is no sign of that Eczeema, and that was three years ago."

D. D. D. has become so famous as a cure and has relief in eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin trouble.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded that there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. Write the D. D. Laboratories, Dept. L.A., 49 Colborne street, Toronto, for a free trial bottle, and prove its wonderful effectiveness.

IMPORTANT WORK
FOR O. H. A. MEETING

Sutherland, of Kingston, Would
Have Junior Age Limit
Remain at 20 Years.

FIXING REFEREES' FEES

Rev. F. W. Armstrong, of Trenton,
Suggests Strong Measure in Re-
ference to Deliberate
Rough Tactics.

[G. N. W. Dispatch.]
Toronto, Nov. 9.—The O. H. A. annual convention, which will be held in the Temple Building at 9 a.m. Saturday, the 19th, will have plenty of subjects for discussion, judged by the notices of amendments issued today by Secretary W. A. Hewitt.

James T. Sutherland, of Kingston, suggests that the 20-year maximum age limit be retained in the junior series. It will be remembered that at the last annual meeting the age limit was reduced to 19 years, the same to be in effect this year. Mr. Sutherland wants the old order of things to continue, and will find many supporters throughout the province, as the junior series, under the 20-year rule, has been one of the most successful in the association.

Birth Certificates.
J. Ross Robertson has put in a useful amendment, compelling all junior players to furnish official birth certificates, instead of statutory declarations by parents. Last year's experience of the sub-committee proved the necessity for a change. Norman White, of Port Rowan, formerly of Grimsby, has a suggestion of amendments. One is to allow only one representative on the executive from any one town or city. This is aimed at the Toronto members, but the work of the association could not be done without the sub-committee. Mr. White also desires to prevent players who have signed intermediate certificates from playing any junior games, another practical suggestion. He also advocates the use of two referees in semi-final games.

Referees' Fees Fixed.
A. T. Kinder, of Preston, wants the fees for referees fixed as follows: \$5 and actual expenses for junior \$5 and actual expenses for intermediate, and \$7 and where a local man acts, when it shall be \$5 in all three series.

Conveners of Districts give notice of the meeting in calling schedule meeting to the effect that a penalty imposed on any player shall not commence until the player has reached the timekeeper's box.

Rev. F. W. Armstrong, of Trenton, has several amendments in regard to penalties for rough play.

Ruling Players Off.
One reads as follows: "In the event of a player causing an injury or hurt in any way through willful breach of the rules, the referee, after consulting the referee-in-charge, may suspend the offending player for the ice for the rest of the game, and for all subsequent games as the referee shall rule."

Howard Sloan, of Guelph, suggests that the conveners of districts give notice of the meeting in calling schedule meeting to the effect that a penalty imposed on any player shall not commence until the player has reached the timekeeper's box.

OTTAWA TEAM WILL

Will Send William in With Rus. Brit-

[G. N. W. Dispatch.]
Ottawa, Nov. 9.—The Ottawa Football Club is quite prepared to stand by Billy McMaster in any investigations or protest that may follow as the result of Saturday's football match.

Last night Dr. D. H. Baird, president of the Ottawas, announced that he would suggest as officials for Saturday's game against the Montreal Argonauts, the metropolitans, Billy McMaster and Russell Britton. McMaster is a former member of the M. A. A. team, and Dr. Baird thinks that they could not indicate their appreciation of his good work in a more striking manner.

McMaster was requested last week to referee the Montreal-Hamilton game at the Ambition City, but refused on account of having agreed to referee the Ottawa-Argo fracas. The Ottawas are ahead of both a Montreal and Argonaut in the race for the championship, and in order to do so they must beat the Montreal Argonauts.

Eddie Gerard will not be able to play, owing to the injury sustained in the game against Argonauts, so the line-up will be the same as that which finished yesterday's match, McCann playing left half.

Wolsley Men Have Reorganized and
Are Looking for a Berth in a City
League.

The Wolsley Barracks basketball team, which earned quite a reputation in Western Ontario in other years, has reorganized for the coming season, and is desirous of securing a berth in some local league.

At present a city league is being organized among a number of young fellows, and games will be played at the Jubilee rink, The East Ends, the Y. M. C. A. and a number of others have signified their willingness to enter, but whether any of these could give the barracks men a run is a matter of conjecture.

Sgt. Phillips, the secretary and treasurer of the barracks team, is anxious to hear from any person interested in a local league.

DEMOCRATIC MAJORITY

(Continued From Page One.)

[Associated Press.]

Washington, Nov. 9.—The Democrats are rejoicing in the landslide which gives them the first victory they have had since 1892. The east went very strongly Democratic, while the Republicans more than held their ground in the west. Roosevelt's candidates were defeated in practically every place he spoke, Democratic errors were elected in New York, New Jersey, Massachusetts, Connecticut and Ohio.

The importance of the elections lay not only in the trial of strength between the contending parties, but in the vital bearing they would have on the next Presidential contest, and in the spectacular attempt of Roosevelt to re-establish his position as the dominating figure in American politics. The real issue, indeed, was Rooseveltism, and instead of the personal triumph which a Republican victory would have signified, the ex-President has met with ignominious defeat. The Democrats claim that the tariff and the high cost of living played an important part in the campaign.

New York State and Ohio were two of the principal storm-centres in the gubernatorial contests, and both have delivered staggering blows to Roosevelt. Dix defeating Stimson by a plurality estimated at from 50,000 to 60,000, while Harmon has carried the Democratic colors to victory in President Taft's home state. The latter's success may mean his selection as the Democratic candidate for the Presidency in 1912. A triumph for the cause of clean government is the election of Woodrow Wilson, the former president of Princeton University, as governor of the state of New Jersey, and other significant Democratic victories are those of Foss in Massachusetts and Baldwin in Connecticut.

Among the notable results are the re-election of Speaker Cannon in Illinois, and the defeat of Parsons, one of Roosevelt's right-hand men, in the thirteenth New York district, and of Grilik in Iowa, to speak for whom the ex-President interrupted his New York campaign. Though "Uncle Joe" has come back, the Republicans will have saved the delicate task of appointing a new Speaker.

Democratic Sweep.
The Democrats carried Geneva, Hornell, Niagara Falls, Poughkeepsie, El-

mira, and many other cities of the third classes.

The Hearst vote in the state was also surprisingly small. In many of the former Hearst strongholds Hopper, candidate for governor, on the Hearst ticket, ran ahead of Hearst, who was candidate for lieutenant-governor. In Greater New York the Hearst vote does not exceed 40,000. Returns from Greater New York districts show plainly that the Hearst strength was directed in an effort to elect Stimson. In Kentucky, Caleb Powers, thrice convicted for the assassination of Goebel, and not long out of prison, was elected to Congress by 3,000, carrying every county in his district except his home county of Laurel.

Incomplete returns from Kansas indicate the defeat of Governor Stubbs and insurgent Republicans in the second, fifth and sixth districts. Chairman Martin, of the Democratic state committee, claims the election of Hodges, Democrat for governor, and three and possibly four candidates for Congress.

Speaker Elected.
Uncle Joe Cannon, Speaker of the House, is elected by the biggest majority the district has given for ten years. Sereno Payne, chairman of the ways and means committee, is elected by a plurality, but little short of normal. John Dalzell, another of Speaker Cannon's lieutenants, is re-elected in Pennsylvania. J. Sloat Fassett, a supporter of Speaker Cannon, but one of the old guard upholders of Roosevelt at Saratoga, is defeated.

Clark's View.
Bowling Green, Mo., Nov. 9.—Champ Clark, minority leader in the House of Representatives, when advised that the Democrats would control the next House of Representatives said: "The landslide is attributable directly to the tariff and the fight on the rules in the House. The rules split the Republican party, and the tariff caused of clean government is the election of Woodrow Wilson, the former president of Princeton University, as governor of the state of New Jersey, and other significant Democratic victories are those of Foss in Massachusetts and Baldwin in Connecticut."

Hearst's Statement.
New York, Nov. 9.—William R. Hearst issued this statement today. "The voters of the country have repudiated the Republican party, and undoubtedly the Republican party has amply merited the rebuke it has received. "The voters have turned to the Democratic party, and the serious question now to be determined is whether the Democratic party will deserve the confidence of the citizens, and will do more to remedy the conditions of which the people complain than the Republican party has done. "For my part, I sincerely hope that the Democratic party will fully realize

the expectations of its supporters and fully respond to the requirements of the citizens."

Wanted Hopper.
"I supported the Democratic party in many states. But in this state I felt that the Hearst strength was directed in an effort to elect Stimson. I believed him to be the most genuine Democrat in the field for governor."

As for Mr. Roosevelt he came home from his parade abroad just in time to give the tottering Republican edifice one final push, and to be buried in its ruins. "I am not disposed to mourn for Mr. Roosevelt. As a matter of fact, I am thoroughly delighted that the United States, like Portugal, has decided to be a republic, and depose and elect this royal pretender."

Harmon Elected.
Cleveland, Ohio, Nov. 9.—The Democrats yesterday swept Ohio, and in addition to electing Judson Harmon for a second term as governor, have undoubtedly elected the remainder of their state ticket, and a majority of the Legislature. In consequence, Senator Charles Dick, Republican, will be succeeded in 1911 by a Democrat.

Harmon's plurality over Warren G. Harding, Republican, is still in doubt this morning, but sufficient returns are in to show that it is the largest ever given by a small majority. The latest estimates give Harmon a margin of 60,000 over Harding. The next Ohio congressional delegation will contain 13, and possibly, 15 Democrats, out of the 21.

Beveridge Wins.
Indianapolis, Ind., Nov. 9.—That late returns from yesterday's election changed the drifts that Republicans were assured of a small majority in the Legislature, and that United States Senator Beveridge would be elected, was the claim of Chairman Lee, of the Republican state committee, at 5 o'clock this morning. Senator Beveridge said he believed he had defeated John W. Kern, Democrat, by a small margin.

Washington Firm.
Seattle, Nov. 9.—The Republicans of Washington won a sweeping victory in yesterday's election, choosing five out of seven seats in the plurality of about 50,000 and electing all three congressmen, William E. Humphries, Stanton Warburton and Wm. L. LaFollette. The Republican majority in the Legislature will be more than 100, insuring the election of Miles Poinsett as United States senator. A woman suffrage amendment to the state constitution seems to have been carried by a majority of two to one.

Utah Republican.
Salt Lake City, Utah, Nov. 9.—Utah has re-elected Joseph Howell, Republican, to Congress, and rejected state-wide prohibition as demanded by the Democratic platform.

Nothing to Say.
Washington, Nov. 9.—President Taft arrived at 8:45 a.m. from Cincinnati, where he voted yesterday, and went direct to the White House. It was announced that he had no statement to make regarding the results of yesterday's election.

Massachusetts' response to the Rooseveltian campaign for Governor Draper and Senator Lodge was the election of Congressman Foss, Democrat, by a plurality in excess of 20,000. Connecticut made the same answer by electing Judge Simeon E. Baldwin, Democrat, by a small plurality, although the Republican state chairman refuses to concede Baldwin's defeat.

In Ohio, where Col. Roosevelt wound up the campaign for the Republicans, Governor Judson E. Harmon was easily re-elected. The Democrats also carried New Jersey, electing Woodrow Wilson, former president of Princeton University, by a handsome plurality, though Col. Roosevelt did not actively oppose him.

In Nebraska.
In Nebraska, where, as in Indiana, the United States senators are practically by popular vote, Hitchcock, anti-Bryan Democrat, is elected over United States Senator Burkett, Republican, by 20,000. Mayor Dahlman, of Omaha, who led the Democratic revolt against Bryan in Nebraska, carried the city of Omaha in his campaign for governor by 8,000. But Aldrich, the railway company is building at Kelo a large freight shed, which also will have passenger accommodation, in anticipation of a great rush to the Porcupine when the roads freeze up and the winter trail is established. overwhelmingly defeated in that state is Herbert Parsons, son of John E. Parsons, of the sugar trust. Henry George, son of the theorist and single tax advocate, apparently has a small majority over Wm. S. Bennett.

Vote Fell Off.
In New York the surprising feature of the election was that the Republican vote fell off more heavily up-state than it did in Greater New York. In Greater New York the Democratic plurality was considerably exceeded in the year when the party against former Governor O'Dell. The up-state Republicans have seldom, if ever, come down with such a small majority, it being estimated that Stimson, Republican candidate for governor, has no more than 45,000 plurality in the up-state counties.

A feature of the election up-state was that the Democrats carried the small cities and industrial centres, in which the Republicans concentrated themselves in an appeal to the labor vote.

Election Echoes.
President Taft voted in Cincinnati at 11:37. Buffalo gave 4,300 majority for Dix.

Congressman Nicholas Longworth, Roosevelt's son-in-law, is re-elected on the Republican ticket in the first Ohio district.

The Democrats carried Geneva, Hornell, Niagara Falls, Poughkeepsie, Elmira and many other cities in New York State.

In Kentucky, Caleb Powers, thrice convicted for the assassination of Goebel and not long out of prison, was elected to Congress by 3,000, carrying every county in his district except his home county.

Henry L. Stimson, defeated Republican candidate in New York State, sent the following telegram to John A. Dix: "The present campaign has been your election. I congratulate you and send you my good wishes for the success of your administration."

For the first time in history, the Democrats have carried Asbury Park, the great Methodist resort on the New Jersey coast.

Speaker Cannon's manager says he has been elected by the sober common sense of good citizenship. The door has been opened for reform retrenchment and honest administration. As governor I shall adhere to the strict performance of the pledges of the party platform."

Kern Voted.
Oyster Bay, Nov. 8.—Col. Roosevelt voted at noon and his son Kermit cast his first vote. Col. Roosevelt refused to receive the returns at his home tonight, although he talked with Republican state headquarters on the phone.

President Taft.
Cincinnati, Nov. 8.—President Taft voted at 11:37 and then sent a telegram to Harding, Republican candidate for governor, wishing him well. The President received a telegram from Washington, saying that his new cow, Pauline, had given birth to a male calf, weighing 100 pounds, at 5 o'clock this morning.

PHILADELPHIA CAR MEN WON'T STRIKE

Arbitrators Reach an Agreement Satisfactory to Union Leaders.

Philadelphia, Pa., Nov. 8.—A threatened strike of the union motormen and conductors of the Philadelphia Rapid Transit Company was averted late Tuesday afternoon, when arbitrators who had been trying to adjust an issue raised by the last strike early in the present year came to a compromise agreement.

The arbitrators, Raymond Roberts, of Chicago, representing the men, and John Vogeler, of this city, the company's representative, have eliminated professional strike-breakers employed during the last strike, and who are still with the company as loyal employees. They have also ruled that men who did not go out on strike and those employed at the regular rate of wages of 22 cents an hour during the trouble shall be given preference runs over the men who quit work. No provision is made by the arbitrators for the men hired during the strike at bonus wages.

The award of the arbitrators will be accepted by the company and probably will be ratified by the employees in mass meeting. The leaders of the union express satisfaction with the decision.

CHAMBERLAIN MADE A TRADE SPEECH

Declares There Is Ample Room For Business That Is Mutually Beneficial.

CORONATION DISPLAY

King Will Follow Precedent, But Will Not Try to Outdo Others.

London, Nov. 8.—Austen Chamberlain, speaking at Wigan, said: "Our first duty is to develop and strengthen the particular industries and commonwealths to which we ourselves belong, but when that is done there is ample room for trade, which shall be mutually beneficial, which shall be an exchange between kinsmen from which both will derive advantage, which shall be a fruitful and profitable transaction, which both at the beginning and at the end will strengthen the British and the dominions under the British crown. (Cheers.) Are you going to turn your backs on the finest over ever nation had? Are you going to refuse preferential access to the best markets that ever a manufacturing community has found in which to dispose of its goods?"

Mr. Chamberlain denied absolutely that the tax of two shillings on foreign corn increased the price of the loaf. Concluding, he declared that in the policy he had tried to explain "there is no sacrifice involved, no such demand is made upon you, any more than upon our colonial kinsmen, and you may find, as they have found, that your greatest prosperity, your richest development, is in the mutual advance of the whole British realm." (Prolonged cheers.)

At the Coronation.
London, Nov. 8.—At the coronation on June 22 it is understood that as to the procedure of the ceremony the King will adhere to precedent. There will be no disposition to excel in any of the historic characteristics by adding courtly or military displays. The only possible alteration to the programme will arise from any speciality expressed desiring from the overseas dominions to be more comprehensively represented.

O'Brien on O'Connor.
London, Nov. 8.—William O'Brien, interviewee said that T. P. O'Connor, having been on Canadian ground, and being above all things, a faithful English Liberal, has hitherto stuck consistently to his instructions from the Liberal whip, but he says O'Connor does not greatly count, and will be either repudiated or will repudiate himself at the word of command.

Leave to Appeal Granted.

DISFIGURED FOR LIFE!

Mothers Should Realize What Neglect of Skin-Troubles May Mean to Children.

A lifetime of disfigurement and suffering often results from the neglect, in infancy or childhood, of a few simple skin troubles. A mother overlooks a little rash or attempts some simple treatment and in a day, perhaps, the little one is covered with severe eczema or a similar distressing eruption. Then the struggle for a cure begins.

A multitude of remedies are tried, doctor after doctor consulted and hospitals visited, but too often with no great improvement, without substantial relief, from day to day, weeks to months and months to years. Added to this the ever-present fear that the itching, burning and disfigurement will become permanent, ruining future welfare and making life miserable.

In the prevention of the simple skin troubles from which all this suffering so often arises and in establishing a permanent peace of mind, that makes erasable impressions, mothers are assured that nothing is purer, sweeter or more effective than Cuticura Soap and Cuticura Ointment. And greater still, if possible, is the success of these simple household remedies in the treatment of the severest skin affections themselves. With the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment, the itching and burning of eczema cease, the child falls into a refreshing sleep, the mother rests for the first time, possibly, in many weeks, and peace falls on a distracted household. Frequently a single cake of Cuticura Soap and box of Cuticura Ointment will cure a skin eruption.

Positive as is this statement, it is justified by more than thirty years of pronounced success. To quote: "I have used Cuticura for years. Robert Mann, of Proctor, Minnesota, says: "Our boy was born in Toronto on Oct. 13, 1898, and when three months old a slight rash appeared on his cheek. What appeared to be a water blister would form. When it broke, matter would come out, starting new blisters until his entire face, head and shoulders were a mass of sores and you could not see a particle of clear skin. We tried about every advertised remedy without avail. Indeed some of them only added to his suffering and one in particular, the Remedy, almost put the infant into convulsions. The family doctor prescribed for him and told us to bathe the baby in buttermilk. This did not do any good, so we took him to a hospital. He was treated as an out-patient twice a week. He was not worse. If anything, we decided to try Cuticura. We bought a free copy of course and so we kept him from his tearing his face. We left Toronto and shortly after our arrival in Duluth, the Cuticura Remedies were recommended. We started using them in May, 1900, and when three months old a slight rash appeared on his cheek. of a comparatively new man, Bayard Veiller, but its producers, its interpreters, and its stager are known to theatregoers the country over for the commendable work they have always done in the past. The author, Mr. Veiller, is a newspaper man of repute, in private life the husband of Margaret Wycherly, who appeared with much success in the New Theatre in Matherlinck's "The Blue Bird." His play is founded upon "That Which Never Dies," a truly novel piece of work by Jackson D. Haag. Working upon a strong dramatic idea, Mr. Veiller has called into the play a remarkable faculty of touching the human emotions, doubtless acquired in his early reportorial days. "When All Has Been Said" is said to have a human appeal that will fasten it at once upon the popular fancy. The play is one of the many strong attractions under Liebler & Co. control. Hugh Ford general stage director for that firm, staged the play. The cinematograph camera for the first time in the history of campaign, and was a pioneer of the use of the bicycle in warfare. During his talk he will display his marvelous collection of pictures taken on the field in many of the greatest battles of recent years. This collection is absolutely unrivalled, as the accumulation of a lifetime. For the first time too, Mr. Villiers will talk of the late King Edward as he knew him, and his reminiscences are said to be of great charm and interest. Seats Monday, Nov. 14.

Frederick Villiers to Lecture.

Under the auspices of Lieutenant-Col. A. A. Campbell and officers of the Seventh Regiment Fusiliers, Frederick Villiers lectures Wednesday night, Nov. 16, at the Grand Opera House. There is not a campaign since the Russo-Turkish in 1876, of which he has not been both historian and artist. Few men have seen fiercer fighting. He has been over and over again in the most marvellous escapes. In the intervals of campaigning, Mr. Villiers has done much of the work of the explorer, among his many curious experiences was a visit to King John of Abyssinia, and was also one of the first war correspondents to open the trade route from Berber to Suakin. He used the cinematograph camera for the first time in the history of campaign, and was a pioneer of the use of the bicycle in warfare. During his talk he will display his marvelous collection of pictures taken on the field in many of the greatest battles of recent years. This collection is absolutely unrivalled, as the accumulation of a lifetime. For the first time too, Mr. Villiers will talk of the late King Edward as he knew him, and his reminiscences are said to be of great charm and interest. Seats Monday, Nov. 14.

A Prize For This.

Sarah Bernhardt is coming to the Grand on Nov. 24.

When was she in London before? What did she appear in?

The first person who answers these questions correctly will be given two seats for the performance. Send your answer to Mr. Minihnick, at the Grand Opera House.

NOT GUILTY

Toronto Doctor Acquitted of Serious Charge Made by Girl.

Toronto, Nov. 9.—After a deliberation lasting little more than half an hour a jury last night acquitted Dr. Benjamin E. Hawke, the well-known bowler and curler, of the charge of performing an illegal operation on a 17-year-old Orillia girl. The case was on all day before Mr. Justice Britton. The girl said she paid the physician \$25 to perform the operation, and Dr. Hawke denied the charge.

The judge told the jury it was a question of veracity between these two, and rather favored the physician.

Clark's Pork and Beans

The bread winner, the tired mother, the hungry children, all enjoy Clark's Pork and Beans. They are inexpensive, require no troublesome cooking and certainly do taste good. Wm. Clark, Mfr., Montreal.

COURT HOUSE SCORED.

Port Arthur, Nov. 8.—"The Government that keeps a court room with an entrance like this ought to be indicted. It is a menace to the public safety," were the words of Judge O'Leary, to the grand jury at the opening of the district court this afternoon. The need of a new court

house has been the subject of grand jury presentations for years past.
